Significant/Systemic Findings and Deficiencies

Historical Summary

The fire station was originally constructed in the 1990's. It has not been renovated in the recent years.

Architectural

The building consists of masonry bearing walls with wood-framed roofs. The windows are all single-pane and they are in fair condition. Exterior doors consist of fully-glazed entry doors and metal overhead roll-up doors at the apparatus bay. The roofs consist of a modified bituminous finish for the main building and metal roof finish for the vehicle hangers. The acoustic ceiling tile in the fireman dorm is stained and worn. Typical lifecycle-based interior and exterior finish replacements are budgeted and anticipated.

Mechanical, Electrical, Plumbing and Fire (MEPF)

The building is heated and cooled by five roof mounted packaged units located at the main building roof. The units were installed in 2007 or 2009.

The plumbing systems are adequate for the facility and no major piping issues were found. Domestic hot water is provided by a gas-fired water heater. There was no evidence suggesting any problems with the general plumbing and sewage systems.

The building is served by a main switchboard, original to the building's construction, located in the vehicle hanger area. The building has an emergency diesel generator installed in 2008 and it is in fair condition. Electrical service equipment and systems are anticipated for lifecycle replacement.

The building is not protected by a fire alarm system or a sprinkler suppression system.

Site

The site consists of concrete and asphalt parking lot and driveway. Limited landscaping is located throughout the front entrance and west elevation. The exterior stairs at the front of the building has broken sections and require repairs.

Recommended Additional Studies

The front building sidewalk shows large crack and signs of movement, this crack runs through the building to the east parking lot. A professional structural engineer must be retained to analyze the existing condition, provide recommendations and, if necessary, estimate the scope and cost of any required repairs. The cost of this study is included in the cost tables. Due to the ambiguity of the required repair scope at the time of this assessment, the cost for any possible subsequent repairs is not included.

Some areas of the facility were identified as having major or moderate accessibility issues. Bureau Veritas recommends a study be performed to take measurements, provide additional itemized details, research local requirements, and, if necessary, estimate the scope and cost of any required improvements. The cost of this study is included in the cost tables. Due to the lack of measurements and itemized findings at this point in time, the costs for any possible subsequent repairs or improvements are not currently included.

Facility Condition Index (FCI)

One of the major goals of the FCA is to calculate each building's Facility Condition Index (FCI), which provides a theoretical objective indication of a building's overall condition. By definition, the FCI is defined as the ratio of the cost of current needs divided by current replacement value (CRV) of the facility. The chart below presents the industry standard ranges and cut-off points.

FCI Ranges and Description	
0 – 5%	In new or well-maintained condition, with little or no visual evidence of wear or deficiencies.
5 – 10%	Subjected to wear but is still in a serviceable and functioning condition.
10 – 30%	Subjected to hard or long-term wear. Nearing the end of its useful or serviceable life.
30% and above	Has reached the end of its useful or serviceable life. Renewal is now necessary.

The deficiencies and lifecycle needs identified in this assessment provide the basis for a portfolio-wide capital improvement funding strategy. In addition to the current FCI, extended FCI's have been developed to provide owners the intelligence needed to plan and budget for the "keep-up costs" for their facilities. As such the 3-year, 5-year, and 10-year FCI's are calculated by dividing the anticipated needs of those respective time periods by current replacement value. As a final point, the FCI's ultimately provide more value when used to relatively compare facilities across a portfolio instead of being over-analyzed and scrutinized as stand-alone values. The table below summarizes the individual findings for this FCA:

FCI Analysis | Fire Station Montebello Blvd		
Replacement Value *$ 2,964,000*	*Total SF* *9,120*	*Cost/SF* *$ 325*
Current FCI	$ 25,400	0.9 %
3-Year	$ 64,700	2.2 %
5-Year	$ 272,200	9.2 %
10-Year	$ 668,700	22.6 %

The orange line in the graph below forecasts what would happen to the FCI (left Y axis) over time, assuming zero capital expenditures. The capital expenditures allocated for each year (blue bars) are associated with the dollar amounts along the right Y axis.

Plan Types

Each line item in the cost database is assigned a Plan Type, which is the primary reason or rationale for the recommended replacement, repair, or other corrective action. This is the "why" part of the equation. A cost or line item may commonly have more than one applicable Plan Type; however, only one Plan Type will be assigned based on the "best" fit, typically the one with the greatest significance.

Plan Type Descriptions		
Safety	■	An observed or reported unsafe condition that if left unaddressed could result in injury; a system or component that presents potential liability risk.
Performance/Integrity	■	Component or system has failed, is almost failing, performs unreliably, does not perform as intended, and/or poses risk to overall system stability.
Accessibility	■	Does not meet ADA, UFAS, and/or other handicap accessibility requirements.
Environmental	■	Improvements to air or water quality, including removal of hazardous materials from the building or site.
Retrofit/Adaptation	■	Components, systems, or spaces recommended for upgrades in in order to meet current standards, facility usage, or client/occupant needs.
Lifecycle/Renewal	■	Any component or system that is not currently deficient or problematic but for which future replacement or repair is anticipated and budgeted.

Plan Type Distribution (by Cost)

3. Property Space Use and Observed Areas

Unit Allocation

All 9,120 square feet of the property are occupied by Montebello Fire Station. The spaces are a combination of offices, dorms, living spaces, an apparatus bay with supporting restrooms and mechanical and other utility spaces.

Areas Observed

The interior spaces were observed in order to gain a clear understanding of the property's overall condition. Other areas accessed included the site within the property boundaries, the exterior of the property, and the roofs.

Key Spaces Not Observed

All key areas of the property were accessible and observed.

4. ADA Accessibility

Generally, Title II of the Americans with Disabilities Act (ADA) prohibits discrimination by entities to access and use of "areas of public accommodations" and "public facilities" on the basis of disability. Regardless of their age, these areas and facilities must be maintained and operated to comply with the Americans with Disabilities Act Accessibility Guidelines (ADAAG).

A public entity (i.e. city governments) shall operate each service, program, or activity so that the service, program, or activity, when viewed in its entirety, is readily accessible to and usable by individuals with disabilities.

However, this does not:

1. Necessarily require a public entity to make each of its existing facilities accessible to and usable by individuals with disabilities.
2. Require a public entity to take any action that would threaten or destroy the historic significance of an historic property; or
3. Require a public entity to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. In those circumstances where personnel of the public entity believe that the proposed action would fundamentally alter the service, program, or activity or would result in undue financial and administrative burdens, a public entity has the burden of proving that compliance with 35.150(a) of this part would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the head of a public entity or his or her designee after considering all resources available for use in the funding and operation of the service, program, or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, a public entity shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with disabilities receive the benefits or services provided by the public entity.

During the FCA, Bureau Veritas performed a limited high-level accessibility review of the facility non-specific to any local regulations or codes. The scope of the visual observation was limited to those areas and categories set forth in the tables throughout this report. It is understood by the Client that the limited observations described herein do not comprise a full ADA Compliance Survey, and that such a survey is beyond the scope of Bureau Veritas's undertaking. Only a representative sample of areas was observed, and actual measurements were not taken to verify compliance.

The facility was originally constructed in 1990's. The facility was not subsequently renovated. Complaints about accessibility issues have not been received by the property management. The property does not have associated prior litigation related to existing barriers or previously removed barriers.

An accessibility study has not been performed at the site. A comprehensive ADA Compliance Survey will reveal specific aspects of the property that are not in compliance. Since some areas or categories above were identified as having major or moderate associated issues, Bureau Veritas recommends such a study be performed to take measurements, provide additional itemized details, research local requirements, and, if necessary, estimate the scope and cost of any required improvements. The cost of this study is included in the cost tables. Due to the lack of measurements and itemized findings at this point in time, the costs for any possible subsequent repairs or improvements are not currently included.

Removal of barriers to accessibility should be addressed from a liability standpoint in order to comply with federal law, but the barriers may or may not be building code violations. The Americans with Disabilities Act Accessibility Guidelines are part of the ADA federal civil rights law pertaining to the disabled and are not a construction code. State and local jurisdictions have adopted the ADA Guidelines or have adopted other standards for accessibility as part of their construction codes.

The table below is intended to be used as a general reference guide to help differentiate the orders of magnitude between some of the more commonly observed accessibility issues. The table is not intended to be all-inclusive, and boxes checked in the tables above do not necessarily mean those specific problems or shortcomings cited as examples below exist at the subject buildings and sites. Reference the photos above and/or *Key Findings* section for visuals and/or more specifics about the subject site conditions.

Reference Guide

	Major Issues *(ADA study recommended)*	Moderate Issues *(ADA study recommended)*	Minor/No Issues
Parking	- Needs full reconstruction - Excessive slopes over 3% require major re-grading - No level locations to add required spaces	- No or non-compliant curb cuts - Moderate difficulty to add required accessible spaces - Slopes close to compliant	- Painting of markings needed - Signage height non-compliant - Signage missing
Exterior Path of Travel	- Large areas of sidewalks with excessive slopes - No ramp when needed - Ramps with excessive slopes	- Ramps need rails - Ramps need rail extensions - Need significant # of lever handles - All or most entrance door exterior maneuvering clearance areas with excessive slopes	- One entrance door exterior maneuvering clearance area with excessive slope - A few doorknobs instead of lever handles - Non-compliant signage
Interior Path of Travel	- All or most interior doors appear less than 32” wide - Corridors less than 36” wide - No ramp when needed - Ramps with excessive slopes - Non-compliant treads/risers at means of egress stairways	- Single height drinking fountains - Drinking fountain too high or protrudes into accessible route - Ramps need rails - Ramps need rail extensions - Need significant # of lever handles - Non-compliant rail extensions at egress stairways - All/most door thresholds high	- One door threshold too high - A few doorknobs instead of lever handles - Non-compliant door pressures - Non-compliant signage - Switches not within reach range
Public Use Restrooms	- No ADA RR on each accessible floor - Restroom(s) too small - Entire restroom(s) requires renovation - Water closet clearance requires moving walls	- Interior doors appear less than 32” wide - Missing or non-compliant grab bars - Easily fixable clearance issues	- Minor height adjustments required - Non-compliant door pressures - Missing a visual strobe (only required if audible fire alarm already present) - Missing lavatory pipe wraps - Signage not compliant
Elevators	- No elevator present when required - Elevator cab too small	- Panel control buttons not at compliant height - No hands-free emergency communication system - Elevator only has mechanical stops	- Audible/visual signals at every floor may be lacking - Minor signage / Braille issues
Kitchens/Kitchenettes	- Clear space for each appliance not present - Clearance between opposing counters too narrow	- Sink and counter too high - Sink knee and toe clearance not provided where required (built-in) - Less than 50% of cabinetry within reach range	- Dispensers not within reach range - Switches not within reach range - Missing sink pipe wraps if knee and toe clearance required

5. Purpose and Scope

Purpose

Bureau Veritas was retained by the client to render an opinion as to the Property's current general physical condition on the day of the site visit.

Based on the observations, interviews and document review outlined below, this report identifies significant deferred maintenance issues, existing deficiencies, and material code violations of record, which affect the Property's use. Opinions are rendered as to its structural integrity, building system condition and the Property's overall condition. The report also notes building systems or components that have realized or exceeded their typical expected useful lives.

The physical condition of building systems and related components are typically defined as being in one of five condition ratings. For the purposes of this report, the following definitions are used:

Condition Ratings	
Excellent	New or very close to new; component or system typically has been installed within the past year, sound and performing its function. Eventual repair or replacement will be required when the component or system either reaches the end of its useful life or fails in service.
Good	Satisfactory as-is. Component or system is sound and performing its function, typically within the first third of its lifecycle. However, it may show minor signs of normal wear and tear. Repair or replacement will be required when the component or system either reaches the end of its useful life or fails in service.
Fair	Showing signs of wear and use but still satisfactory as-is, typically near the median of its estimated useful life. Component or system is performing adequately at this time but may exhibit some signs of wear, deferred maintenance, or evidence of previous repairs. Repair or replacement will be required due to the component or system's condition and/or its estimated remaining useful life.
Poor	Component or system is significantly aged, flawed, functioning intermittently or unreliably; displays obvious signs of deferred maintenance; shows evidence of previous repair or workmanship not in compliance with commonly accepted standards; has become obsolete; or exhibits an inherent deficiency. The present condition could contribute to or cause the deterioration of contiguous elements or systems. Either full component replacement is needed or repairs are required to restore to good condition, prevent premature failure, and/or prolong useful life.
Failed	Component or system has ceased functioning or performing as intended. Replacement, repair, or other significant corrective action is recommended or required.
Not Applicable	Assigning a condition does not apply or make logical sense, most commonly due to the item in question not being present.

Scope

The standard scope of the Facility Condition Assessment includes the following:

- Visit the Property to evaluate the general condition of the building and site improvements, review available construction documents in order to familiarize ourselves with, and be able to comment on, the in-place construction systems, life safety, mechanical, electrical, and plumbing systems, and the general built environment.
- Identify those components that are exhibiting deferred maintenance issues and provide cost estimates for Immediate Costs and Replacement Reserves based on observed conditions, maintenance history and industry standard useful life estimates. This will include the review of documented capital improvements completed within the last five-year period and work currently contracted for, if applicable.
- Provide a full description of the Property with descriptions of in-place systems and commentary on observed conditions.
- Provide a high-level categorical general statement regarding the subject Property's compliance to Title III of the Americans with Disabilities Act. This will not constitute a full ADA survey, but will help identify exposure to issues and the need for further review.
- Obtain background and historical information about the facility from a building engineer, property manager, maintenance staff, or other knowledgeable source. The preferred methodology is to have the client representative or building occupant complete a Pre-Survey Questionnaire (PSQ) in advance of the site visit. Common alternatives include a verbal interview just prior to or during the walk-through portion of the assessment.
- Review maintenance records and procedures with the in-place maintenance personnel.
- Observe a representative sample of the interior spaces/units, including vacant spaces/units, to gain a clear understanding of the property's overall condition. Other areas to be observed include the exterior of the property, the roofs, interior common areas, and the significant mechanical, electrical and elevator equipment rooms.
- Provide recommendations for additional studies, if required, with related budgetary information.
- Provide an Executive Summary at the beginning of this report, which highlights key findings and includes a Facility Condition Index as a basis for comparing the relative conditions of the buildings within the portfolio.

6. Opinions of Probable Costs

Cost estimates are attached throughout this report, with the Replacement Reserves in the appendix.

These estimates are based on Invoice or Bid Document/s provided either by the Owner/facility and construction costs developed by construction resources such as *R.S. Means, CBRE Whitestone,* and *Marshall & Swift,* Bureau Veritas's experience with past costs for similar properties, city cost indexes, and assumptions regarding future economic conditions.

Opinions of probable costs should only be construed as preliminary, order of magnitude budgets. Actual costs most probably will vary from the consultant's opinions of probable costs depending on such matters as type and design of suggested remedy, quality of materials and installation, manufacturer and type of equipment or system selected, field conditions, whether a physical deficiency is repaired or replaced in whole, phasing or bundling of the work (if applicable), quality of contractor, quality of project management exercised, market conditions, use of subcontractors, and whether competitive pricing is solicited, etc. Certain opinions of probable costs cannot be developed within the scope of this guide without further study. Opinions of probable cost for further study should be included in the FCA.

Methodology

Based upon site observations, research, and judgment, along with referencing Expected Useful Life (EUL) tables from various industry sources, Bureau Veritas opines as to when a system or component will most probably necessitate replacement. Accurate historical replacement records, if provided, are typically the best source of information. Exposure to the elements, initial quality and installation, extent of use, the quality and amount of preventive maintenance exercised, etc., are all factors that impact the effective age of a system or component. As a result, a system or component may have an effective age that is greater or less than its actual chronological age. The Remaining Useful Life (RUL) of a component or system equals the EUL less its *effective age*, whether explicitly or implicitly stated. Projections of Remaining Useful Life (RUL) are based primarily on age and condition with the presumption of continued use and maintenance of the Property similar to the observed and reported past use and maintenance practices, in conjunction with the professional judgment of Bureau Veritas's assessors. Significant changes in occupants and/or usage may affect the service life of some systems or components.

Where quantities could not be or were not derived from an actual construction document take-off or facility walk-through, and/or where systemic costs are more applicable or provide more intrinsic value, budgetary square foot and gross square foot costs are used. Estimated costs are based on professional judgment and the probable or actual extent of the observed defect, inclusive of the cost to design, procure, construct and manage the corrections.

Definitions

Immediate Needs

Immediate Needs are line items that require immediate action as a result of: (1) material existing or potential unsafe conditions, (2) failed or imminent failure of mission critical building systems or components, or (3) conditions that, if not addressed, have the potential to result in, or contribute to, critical element or system failure within one year or will most probably result in a significant escalation of its remedial cost.

For database and reporting purposes the line items with RUL=0, and commonly associated with *Safety* or *Performance/Integrity* Plan Types, are considered Immediate Needs.

Replacement Reserves

Cost line items traditionally called Replacement Reserves (equivalently referred to as Lifecycle/Renewals) are for recurring probable renewals or expenditures, which are not classified as operation or maintenance expenses. The replacement reserves should be budgeted for in advance on an annual basis. Replacement Reserves are reasonably predictable both in terms of frequency and cost. However, Replacement Reserves may also include components or systems that have an indeterminable life but, nonetheless, have a potential for failure within an estimated time period.

Replacement Reserves generally exclude systems or components that are estimated to expire after the reserve term and are not considered material to the structural and mechanical integrity of the subject property. Furthermore, systems and components that are not deemed to have a material effect on the use of the Property are also excluded. Costs that are caused by acts of God, accidents, or other occurrences that are typically covered by insurance, rather than reserved for, are also excluded.

Replacement costs are solicited from ownership/property management, Bureau Veritas's discussions with service companies, manufacturers' representatives, and previous experience in preparing such schedules for other similar facilities. Costs for work performed by the ownership's or property management's maintenance staff are also considered.

Bureau Veritas's reserve methodology involves identification and quantification of those systems or components requiring capital reserve funds within the assessment period. The assessment period is defined as the effective age plus the reserve term. Additional information concerning system's or component's respective replacement costs (in today's dollars), typical expected useful lives, and remaining useful lives were estimated so that a funding schedule could be prepared. The Replacement Reserves Schedule presupposes that all required remedial work has been performed or that monies for remediation have been budgeted for items defined as Immediate Needs.

For the purposes of 'bucketizing' the System Expenditure Forecasts in this report, the Replacement Reserves have been subdivided and grouped as follows: Short Term (years 1-3), Near Term (years 4-5), Medium Term (years 6-10), and Long Term (years 11-20).

Key Findings

In an effort to highlight the most significant cost items and not be overwhelmed by the Replacement Reserves report in its totality, a subsection of Key Findings is included within the Executive Summary section of this report. Key Findings typically include repairs or replacements of deficient items within the first five-year window, as well as the most significant high-dollar line items that fall anywhere within the ten-year term. Note that while there is some subjectivity associated with identifying the Key Findings, the Immediate Needs are always included as a subset.

Exceedingly Aged

A fairly common scenario encountered during the assessment process, and a frequent source of debate, occurs when classifying and describing "very old" systems or components that are still functioning adequately and do not appear nor were reported to be in any way deficient. To help provide some additional intelligence on these items, such components will be tagged in the database as Exceedingly Aged. This designation will be reserved for mechanical or electrical systems or components that have aged well beyond their industry standard lifecycles, typically at least 15 years beyond and/or twice their Estimated Useful Life (EUL). In tandem with this designation, these items will be assigned a Remaining Useful Life (RUL) not less than two years but not greater than 1/3 of their standard EUL. As such the recommended replacement time for these components will reside outside the typical Short Term window but will not be pushed 'irresponsibly' (too far) into the future.

7. Certification

The City of Montebello (the Client) retained Bureau Veritas to perform this Facility Condition Assessment in connection with its continued operation of Fire Station Montebello Boulevard, 600 North Montebello Boulevard, Montebello, California 90640, the "Property". It is our understanding that the primary interest of the Client is to locate and evaluate materials and building system defects that might significantly affect the value of the property and to determine if the present Property has conditions that will have a significant impact on its continued operations.

The conclusions and recommendations presented in this report are based on the brief review of the plans and records made available to our Project Manager during the site visit, interviews of available property management personnel and maintenance contractors familiar with the Property, appropriate inquiry of municipal authorities, our Project Manager's walk-through observations during the site visit, and our experience with similar properties.

No testing, exploratory probing, dismantling or operating of equipment or in-depth studies were performed unless specifically required under the *Purpose and Scope* section of this report. This assessment did not include engineering calculations to determine the adequacy of the Property's original design or existing systems. Although walk-through observations were performed, not all areas may have been observed (see Section 1 for specific details). There may be defects in the Property, which were in areas not observed or readily accessible, may not have been visible, or were not disclosed by management personnel when questioned. The report describes property conditions at the time that the observations and research were conducted.

This report has been prepared on behalf of and exclusively for the use of the Client for the purpose stated within the *Purpose and Scope* section of this report. The report, or any excerpt thereof, shall not be used by any party other than the Client or for any other purpose than that specifically stated in our agreement or within the *Purpose and Scope* section of this report without the express written consent of Bureau Veritas.

Any reuse or distribution of this report without such consent shall be at the Client and the recipient's sole risk, without liability to Bureau Veritas.

Significant/Systemic Findings and Deficiencies

Historical Summary

The fire station was constructed in 1991. It is single story with no basement and is occupied by Fire Station 56.

Architectural

The building consists of masonry bearing walls with wood-framed roofs. The exterior façade consists of exposed concrete masonry unit and brick veneer with storefront windows. There is a crack in the brick veneer on the north side of the hose tower. The windows are all single-pane and should be replaced for energy efficiency modernization. Exterior doors consist of fully-glazed entry doors and overhead roll-up doors for the apparatus bay. The roof consists of a shed construction with concrete tiles as well as flat, built-up roofing. Roof leaks have been reported in the past. The acoustic ceiling tile in the fireman dorm is stained, worn, and some of the tiles are broken. There gypsum board ceiling in the apparatus bay has holes in it. It was also noticed and reported by the firemen that some of the interior door handles fall off when being used. Typical lifecycle-based interior and exterior finish replacements are budgeted and anticipated.

Mechanical, Electrical, Plumbing and Fire (MEPF)

The building is heated and cooled by five roof mounted packaged heat pumps. The units vary in age, some are original and are approaching the end of their useful life. Supplemental heating is provided to the apparatus bay by four ceiling mounted suspended unit heaters. The unit closest to the front near the double overhead doors has a burnt power cord due to the positioning of the unit and its outlet. The unit or outlet should be repositioned to avoid this issue in the future. The ductwork for the vehicle exhaust fan leaks when it rains.

The plumbing systems are adequate for the facility and no major piping issues were found. Domestic hot water is provided by a gas-fired water heater located in the water heater room. There was no evidence suggesting any problems with the general plumbing and sewage systems. However, the sink faucet in the mechanic shop leaks.

The building is served by a main switchboard, original to the building's construction, located in the electrical room. An LED upgrade for the interior lighting system began in 2016 but was never completed. Roughly 50% of the building's interior lighting system remains original and is outdated and many of the fixtures are broken. The building has an emergency diesel generator that is original and smokes excessively when running. Electrical service equipment and systems are anticipated for lifecycle replacement.

The building is protected by a fire alarm and sprinkler suppression system. The fire alarm system is outdated and should be upgraded for safety systems modernization. The fire alarm control panel is original and inoperable due to constant error codes.

Site

The site consists of the fire station, an outdoor patio area, and a concrete parking lot. There is also a small radio control building located in the parking lot. It is owned and maintained by the communications company and therefore out of scope of the assessment. The basketball backboard in the parking lot is rotting and layers are peeling off. Drainage issues were reported in the parking lot as well as the building due to water accumulating underneath it. Site lighting consists of building mounted fixtures and an LED pole light in the parking lot.

Recommended Additional Studies

The property drainage is in poor condition. Drainage issues were reported in the parking lot as well as the building due to water accumulating underneath it. A professional engineer must be retained to analyze the existing condition, provide recommendations and, if necessary, estimate the scope and cost of any required repairs. The cost of this study is included in the cost tables. Due to the ambiguity of the required repair scope at the time of this assessment, the cost for any possible subsequent repairs is not included

Facility Condition Index (FCI)

One of the major goals of the FCA is to calculate each building's Facility Condition Index (FCI), which provides a theoretical objective indication of a building's overall condition. By definition, the FCI is defined as the ratio of the cost of current needs divided by current replacement value (CRV) of the facility. The chart below presents the industry standard ranges and cut-off points.

FCI Ranges and Description	
0 – 5%	In new or well-maintained condition, with little or no visual evidence of wear or deficiencies.
5 – 10%	Subjected to wear but is still in a serviceable and functioning condition.
10 – 30%	Subjected to hard or long-term wear. Nearing the end of its useful or serviceable life.
30% and above	Has reached the end of its useful or serviceable life. Renewal is now necessary.

The deficiencies and lifecycle needs identified in this assessment provide the basis for a portfolio-wide capital improvement funding strategy. In addition to the current FCI, extended FCI's have been developed to provide owners the intelligence needed to plan and budget for the "keep-up costs" for their facilities. As such the 3-year, 5-year, and 10-year FCI's are calculated by dividing the anticipated needs of those respective time periods by current replacement value. As a final point, the FCI's ultimately provide more value when used to relatively compare facilities across a portfolio instead of being over-analyzed and scrutinized as stand-alone values. The table below summarizes the individual findings for this FCA:

FCI Analysis | Fire Station 56		
Replacement Value *$ 3,250,000*	*Total SF* *10,000*	*Cost/SF* *$ 325*
Current FCI	$ 91,900	2.8 %
3-Year	$ 319,500	9.8 %
5-Year	$ 689,300	21.2 %
10-Year	$ 1,025,000	31.5 %

The orange line in the graph below forecasts what would happen to the FCI (left Y axis) over time, assuming zero capital expenditures. The capital expenditures allocated for each year (blue bars) are associated with the dollar amounts along the right Y axis.

Plan Types

Each line item in the cost database is assigned a Plan Type, which is the primary reason or rationale for the recommended replacement, repair, or other corrective action. This is the "why" part of the equation. A cost or line item may commonly have more than one applicable Plan Type; however, only one Plan Type will be assigned based on the "best" fit, typically the one with the greatest significance.

Plan Type Descriptions		
Safety		An observed or reported unsafe condition that if left unaddressed could result in injury; a system or component that presents potential liability risk.
Performance/Integrity		Component or system has failed, is almost failing, performs unreliably, does not perform as intended, and/or poses risk to overall system stability.
Accessibility		Does not meet ADA, UFAS, and/or other handicap accessibility requirements.
Environmental		Improvements to air or water quality, including removal of hazardous materials from the building or site.
Retrofit/Adaptation		Components, systems, or spaces recommended for upgrades in in order to meet current standards, facility usage, or client/occupant needs.
Lifecycle/Renewal		Any component or system that is not currently deficient or problematic but for which future replacement or repair is anticipated and budgeted.

3. Property Space Use and Observed Areas

Unit Allocation

All 10,000 square feet of the property are occupied by Fire Station 56. The spaces are a combination of offices, dorms, living spaces, an apparatus bay with supporting restrooms and mechanical and other utility spaces.

Areas Observed

The interior spaces were observed in order to gain a clear understanding of the property's overall condition. Other areas accessed included the site within the property boundaries, the exterior of the property, and the roofs.

Key Spaces Not Observed

Areas of note that were either inaccessible or not observed for other reasons are listed here:

- Sub-roofs, Lack of ladder or other means of egress

4. ADA Accessibility

Generally, Title II of the Americans with Disabilities Act (ADA) prohibits discrimination by entities to access and use of "areas of public accommodations" and "public facilities" on the basis of disability. Regardless of their age, these areas and facilities must be maintained and operated to comply with the Americans with Disabilities Act Accessibility Guidelines (ADAAG).

A public entity (i.e. city governments) shall operate each service, program, or activity so that the service, program, or activity, when viewed in its entirety, is readily accessible to and usable by individuals with disabilities.

However, this does not:

1. Necessarily require a public entity to make each of its existing facilities accessible to and usable by individuals with disabilities.
2. Require a public entity to take any action that would threaten or destroy the historic significance of an historic property; or
3. Require a public entity to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. In those circumstances where personnel of the public entity believe that the proposed action would fundamentally alter the service, program, or activity or would result in undue financial and administrative burdens, a public entity has the burden of proving that compliance with 35.150(a) of this part would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the head of a public entity or his or her designee after considering all resources available for use in the funding and operation of the service, program, or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, a public entity shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with disabilities receive the benefits or services provided by the public entity.

During the FCA, Bureau Veritas performed a limited high-level accessibility review of the facility non-specific to any local regulations or codes. The scope of the visual observation was limited to those areas and categories set forth in the tables throughout this report. It is understood by the Client that the limited observations described herein do not comprise a full ADA Compliance Survey, and that such a survey is beyond the scope of Bureau Veritas's undertaking. Only a representative sample of areas was observed, and actual measurements were not taken to verify compliance.

The facility was originally constructed in 1991. The facility was not subsequently renovated. Complaints about accessibility issues have not been received by the property management. The property does not have associated prior litigation related to existing barriers or previously removed barriers.

An accessibility study has not been performed at the site. Although no significant issues were identified, a comprehensive ADA Compliance Survey may reveal specific aspects of the property that are not in full compliance.

Removal of barriers to accessibility should be addressed from a liability standpoint in order to comply with federal law, but the barriers may or may not be building code violations. The Americans with Disabilities Act Accessibility Guidelines are part of the ADA federal civil rights law pertaining to the disabled and are not a construction code. State and local jurisdictions have adopted the ADA Guidelines or have adopted other standards for accessibility as part of their construction codes.

The table below is intended to be used as a general reference guide to help differentiate the orders of magnitude between some of the more commonly observed accessibility issues. The table is not intended to be all-inclusive, and boxes checked in the tables above do not necessarily mean those specific problems or shortcomings cited as examples below exist at the subject buildings and sites. Reference the photos above and/or *Key Findings* section for visuals and/or more specifics about the subject site conditions.

Reference Guide

	Major Issues *(ADA study recommended)*	Moderate Issues *(ADA study recommended)*	Minor/No Issues
Parking	- Needs full reconstruction - Excessive slopes over 3% require major re-grading - No level locations to add required spaces	- No or non-compliant curb cuts - Moderate difficulty to add required accessible spaces - Slopes close to compliant	- Painting of markings needed - Signage height non-compliant - Signage missing
Exterior Path of Travel	- Large areas of sidewalks with excessive slopes - No ramp when needed - Ramps with excessive slopes	- Ramps need rails - Ramps need rail extensions - Need significant # of lever handles - All or most entrance door exterior maneuvering clearance areas with excessive slopes	- One entrance door exterior maneuvering clearance area with excessive slope - A few doorknobs instead of lever handles - Non-compliant signage
Interior Path of Travel	- All or most interior doors appear less than 32” wide - Corridors less than 36” wide - No ramp when needed - Ramps with excessive slopes - Non-compliant treads/risers at means of egress stairways	- Single height drinking fountains - Drinking fountain too high or protrudes into accessible route - Ramps need rails - Ramps need rail extensions - Need significant # of lever handles - Non-compliant rail extensions at egress stairways - All/most door thresholds high	- One door threshold too high - A few doorknobs instead of lever handles - Non-compliant door pressures - Non-compliant signage - Switches not within reach range
Public Use Restrooms	- No ADA RR on each accessible floor - Restroom(s) too small - Entire restroom(s) requires renovation - Water closet clearance requires moving walls	- Interior doors appear less than 32” wide - Missing or non-compliant grab bars - Easily fixable clearance issues	- Minor height adjustments required - Non-compliant door pressures - Missing a visual strobe (only required if audible fire alarm already present) - Missing lavatory pipe wraps - Signage not compliant
Elevators	- No elevator present when required - Elevator cab too small	- Panel control buttons not at compliant height - No hands-free emergency communication system - Elevator only has mechanical stops	- Audible/visual signals at every floor may be lacking - Minor signage / Braille issues
Kitchens/Kitchenettes	- Clear space for each appliance not present - Clearance between opposing counters too narrow	- Sink and counter too high - Sink knee and toe clearance not provided where required (built-in) - Less than 50% of cabinetry within reach range	- Dispensers not within reach range - Switches not within reach range - Missing sink pipe wraps if knee and toe clearance required

5. Purpose and Scope

Purpose

Bureau Veritas was retained by the client to render an opinion as to the Property's current general physical condition on the day of the site visit.

Based on the observations, interviews and document review outlined below, this report identifies significant deferred maintenance issues, existing deficiencies, and material code violations of record, which affect the Property's use. Opinions are rendered as to its structural integrity, building system condition and the Property's overall condition. The report also notes building systems or components that have realized or exceeded their typical expected useful lives.

The physical condition of building systems and related components are typically defined as being in one of five condition ratings. For the purposes of this report, the following definitions are used:

Condition Ratings	
Excellent	New or very close to new; component or system typically has been installed within the past year, sound and performing its function. Eventual repair or replacement will be required when the component or system either reaches the end of its useful life or fails in service.
Good	Satisfactory as-is. Component or system is sound and performing its function, typically within the first third of its lifecycle. However, it may show minor signs of normal wear and tear. Repair or replacement will be required when the component or system either reaches the end of its useful life or fails in service.
Fair	Showing signs of wear and use but still satisfactory as-is, typically near the median of its estimated useful life. Component or system is performing adequately at this time but may exhibit some signs of wear, deferred maintenance, or evidence of previous repairs. Repair or replacement will be required due to the component or system's condition and/or its estimated remaining useful life.
Poor	Component or system is significantly aged, flawed, functioning intermittently or unreliably; displays obvious signs of deferred maintenance; shows evidence of previous repair or workmanship not in compliance with commonly accepted standards; has become obsolete; or exhibits an inherent deficiency. The present condition could contribute to or cause the deterioration of contiguous elements or systems. Either full component replacement is needed or repairs are required to restore to good condition, prevent premature failure, and/or prolong useful life.
Failed	Component or system has ceased functioning or performing as intended. Replacement, repair, or other significant corrective action is recommended or required.
Not Applicable	Assigning a condition does not apply or make logical sense, most commonly due to the item in question not being present.

Scope

The standard scope of the Facility Condition Assessment includes the following:

- Visit the Property to evaluate the general condition of the building and site improvements, review available construction documents in order to familiarize ourselves with, and be able to comment on, the in-place construction systems, life safety, mechanical, electrical, and plumbing systems, and the general built environment.
- Identify those components that are exhibiting deferred maintenance issues and provide cost estimates for Immediate Costs and Replacement Reserves based on observed conditions, maintenance history and industry standard useful life estimates. This will include the review of documented capital improvements completed within the last five-year period and work currently contracted for, if applicable.
- Provide a full description of the Property with descriptions of in-place systems and commentary on observed conditions.
- Provide a high-level categorical general statement regarding the subject Property's compliance to Title III of the Americans with Disabilities Act. This will not constitute a full ADA survey, but will help identify exposure to issues and the need for further review.
- Obtain background and historical information about the facility from a building engineer, property manager, maintenance staff, or other knowledgeable source. The preferred methodology is to have the client representative or building occupant complete a Pre-Survey Questionnaire (PSQ) in advance of the site visit. Common alternatives include a verbal interview just prior to or during the walk-through portion of the assessment.
- Review maintenance records and procedures with the in-place maintenance personnel.
- Observe a representative sample of the interior spaces/units, including vacant spaces/units, to gain a clear understanding of the property's overall condition. Other areas to be observed include the exterior of the property, the roofs, interior common areas, and the significant mechanical, electrical and elevator equipment rooms.
- Provide recommendations for additional studies, if required, with related budgetary information.
- Provide an Executive Summary at the beginning of this report, which highlights key findings and includes a Facility Condition Index as a basis for comparing the relative conditions of the buildings within the portfolio.

6. Opinions of Probable Costs

Cost estimates are attached throughout this report, with the Replacement Reserves in the appendix.

These estimates are based on Invoice or Bid Document/s provided either by the Owner/facility and construction costs developed by construction resources such as *R.S. Means, CBRE Whitestone,* and *Marshall & Swift,* Bureau Veritas's experience with past costs for similar properties, city cost indexes, and assumptions regarding future economic conditions.

Opinions of probable costs should only be construed as preliminary, order of magnitude budgets. Actual costs most probably will vary from the consultant's opinions of probable costs depending on such matters as type and design of suggested remedy, quality of materials and installation, manufacturer and type of equipment or system selected, field conditions, whether a physical deficiency is repaired or replaced in whole, phasing or bundling of the work (if applicable), quality of contractor, quality of project management exercised, market conditions, use of subcontractors, and whether competitive pricing is solicited, etc. Certain opinions of probable costs cannot be developed within the scope of this guide without further study. Opinions of probable cost for further study should be included in the FCA.

Methodology

Based upon site observations, research, and judgment, along with referencing Expected Useful Life (EUL) tables from various industry sources, Bureau Veritas opines as to when a system or component will most probably necessitate replacement. Accurate historical replacement records, if provided, are typically the best source of information. Exposure to the elements, initial quality and installation, extent of use, the quality and amount of preventive maintenance exercised, etc., are all factors that impact the effective age of a system or component. As a result, a system or component may have an effective age that is greater or less than its actual chronological age. The Remaining Useful Life (RUL) of a component or system equals the EUL less its *effective age*, whether explicitly or implicitly stated. Projections of Remaining Useful Life (RUL) are based primarily on age and condition with the presumption of continued use and maintenance of the Property similar to the observed and reported past use and maintenance practices, in conjunction with the professional judgment of Bureau Veritas's assessors. Significant changes in occupants and/or usage may affect the service life of some systems or components.

Where quantities could not be or were not derived from an actual construction document take-off or facility walk-through, and/or where systemic costs are more applicable or provide more intrinsic value, budgetary square foot and gross square foot costs are used. Estimated costs are based on professional judgment and the probable or actual extent of the observed defect, inclusive of the cost to design, procure, construct and manage the corrections.

Definitions

Immediate Needs

Immediate Needs are line items that require immediate action as a result of: (1) material existing or potential unsafe conditions, (2) failed or imminent failure of mission critical building systems or components, or (3) conditions that, if not addressed, have the potential to result in, or contribute to, critical element or system failure within one year or will most probably result in a significant escalation of its remedial cost.

For database and reporting purposes the line items with RUL=0, and commonly associated with *Safety* or *Performance/Integrity* Plan Types, are considered Immediate Needs.

Replacement Reserves

Cost line items traditionally called Replacement Reserves (equivalently referred to as Lifecycle/Renewals) are for recurring probable renewals or expenditures, which are not classified as operation or maintenance expenses. The replacement reserves should be budgeted for in advance on an annual basis. Replacement Reserves are reasonably predictable both in terms of frequency and cost. However, Replacement Reserves may also include components or systems that have an indeterminable life but, nonetheless, have a potential for failure within an estimated time period.

Replacement Reserves generally exclude systems or components that are estimated to expire after the reserve term and are not considered material to the structural and mechanical integrity of the subject property. Furthermore, systems and components that are not deemed to have a material effect on the use of the Property are also excluded. Costs that are caused by acts of God, accidents, or other occurrences that are typically covered by insurance, rather than reserved for, are also excluded.

Replacement costs are solicited from ownership/property management, Bureau Veritas's discussions with service companies, manufacturers' representatives, and previous experience in preparing such schedules for other similar facilities. Costs for work performed by the ownership's or property management's maintenance staff are also considered.

Bureau Veritas's reserve methodology involves identification and quantification of those systems or components requiring capital reserve funds within the assessment period. The assessment period is defined as the effective age plus the reserve term. Additional information concerning system's or component's respective replacement costs (in today's dollars), typical expected useful lives, and remaining useful lives were estimated so that a funding schedule could be prepared. The Replacement Reserves Schedule presupposes that all required remedial work has been performed or that monies for remediation have been budgeted for items defined as Immediate Needs.

For the purposes of 'bucketizing' the System Expenditure Forecasts in this report, the Replacement Reserves have been subdivided and grouped as follows: Short Term (years 1-3), Near Term (years 4-5), Medium Term (years 6-10), and Long Term (years 11-20).

Key Findings

In an effort to highlight the most significant cost items and not be overwhelmed by the Replacement Reserves report in its totality, a subsection of Key Findings is included within the Executive Summary section of this report. Key Findings typically include repairs or replacements of deficient items within the first five-year window, as well as the most significant high-dollar line items that fall anywhere within the ten-year term. Note that while there is some subjectivity associated with identifying the Key Findings, the Immediate Needs are always included as a subset.

Exceedingly Aged

A fairly common scenario encountered during the assessment process, and a frequent source of debate, occurs when classifying and describing "very old" systems or components that are still functioning adequately and do not appear nor were reported to be in any way deficient. To help provide some additional intelligence on these items, such components will be tagged in the database as Exceedingly Aged. This designation will be reserved for mechanical or electrical systems or components that have aged well beyond their industry standard lifecycles, typically at least 15 years beyond and/or twice their Estimated Useful Life (EUL). In tandem with this designation, these items will be assigned a Remaining Useful Life (RUL) not less than two years but not greater than 1/3 of their standard EUL. As such the recommended replacement time for these components will reside outside the typical Short Term window but will not be pushed 'irresponsibly' (too far) into the future.

7. Certification

The City of Montebello (the Client) retained Bureau Veritas to perform this Facility Condition Assessment in connection with its continued operation of Fire Station 56, 1166 South Greenwood Avenue, Montebello, California 90640, the "Property". It is our understanding that the primary interest of the Client is to locate and evaluate materials and building system defects that might significantly affect the value of the property and to determine if the present Property has conditions that will have a significant impact on its continued operations.

The conclusions and recommendations presented in this report are based on the brief review of the plans and records made available to our Project Manager during the site visit, interviews of available property management personnel and maintenance contractors familiar with the Property, appropriate inquiry of municipal authorities, our Project Manager's walk-through observations during the site visit, and our experience with similar properties.

No testing, exploratory probing, dismantling or operating of equipment or in-depth studies were performed unless specifically required under the *Purpose and Scope* section of this report. This assessment did not include engineering calculations to determine the adequacy of the Property's original design or existing systems. Although walk-through observations were performed, not all areas may have been observed (see Section 1 for specific details). There may be defects in the Property, which were in areas not observed or readily accessible, may not have been visible, or were not disclosed by management personnel when questioned. The report describes property conditions at the time that the observations and research were conducted.

This report has been prepared on behalf of and exclusively for the use of the Client for the purpose stated within the *Purpose and Scope* section of this report. The report, or any excerpt thereof, shall not be used by any party other than the Client or for any other purpose than that specifically stated in our agreement or within the *Purpose and Scope* section of this report without the express written consent of Bureau Veritas.

Any reuse or distribution of this report without such consent shall be at the Client and the recipient's sole risk, without liability to Bureau Veritas.

Significant/Systemic Findings and Deficiencies

Historical Summary

The fire station is believed to have been constructed some time circa 1989. It is single story with no basement and is occupied by Fire Station 57.

Architectural

The building consists of masonry bearing walls with wood-framed roofs. It was reported by the fire captain that the building is experiencing foundational problems. The exterior façade consists of brick and concrete masonry unit with aluminum windows. There is also some wood siding in the rear of the building that is deteriorating. Exterior doors consist of fully-glazed entry doors, a metal service door, and an overhead roll-up door for the apparatus bay. The roof consists of a shed construction with clay tiles and flat, modified bituminous roofing. Birds are getting in and nesting in between the roof tiles. There are areas of cracked concrete flooring in the apparatus bay. Typical lifecycle-based interior and exterior finish replacements are budgeted and anticipated.

Mechanical, Electrical, Plumbing and Fire (MEPF)

The building is heated and cooled by a roof mounted packaged unit and a split-system. The exact age and condition of these components could not be observed as they were inaccessible during the assessment. Based on the information provided by onsite personnel, it is estimated that the units are approaching the end of their useful life.

The plumbing systems are adequate for the facility and no major piping issues were found. Domestic hot water is provided by a gas-fired water heater replaced in 2018 located in the parking lot. There was no evidence suggesting any problems with the general plumbing and sewage systems.

The building is served by a main electrical panel located in the Fire Captain's room. Interior lighting primarily consists of linear fluorescent fixtures. The building has an emergency diesel generator located in the generator room. Electrical service equipment and systems are anticipated for lifecycle replacement.

The building is not protected by a fire alarm nor sprinkler suppression system. It is recommended such systems be installed/retrofit for safety systems modernization.

Site

The site consists of the fire station and a concrete parking lot. Site lighting consists of building mounted fixtures.

Recommended Additional Studies

It was reported that the building was experiencing foundational issues. A professional engineer must be retained to analyze the existing condition, provide recommendations and, if necessary, estimate the scope and cost of any required repairs. The cost of this study is included in the cost tables. Due to the ambiguity of the required repair scope at the time of this assessment, the cost for any possible subsequent repairs is not included

Some areas of the facility were identified as having major or moderate accessibility issues. Bureau Veritas recommends a study be performed to take measurements, provide additional itemized details, research local requirements, and, if necessary, estimate the scope and cost of any required improvements. The cost of this study is included in the cost tables. Due to the lack of measurements and itemized findings at this point in time, the costs for any possible subsequent repairs or improvements are not currently included.

Facility Condition Index (FCI)

One of the major goals of the FCA is to calculate each building's Facility Condition Index (FCI), which provides a theoretical objective indication of a building's overall condition. By definition, the FCI is defined as the ratio of the cost of current needs divided by current replacement value (CRV) of the facility. The chart below presents the industry standard ranges and cut-off points.

FCI Ranges and Description	
0 – 5%	In new or well-maintained condition, with little or no visual evidence of wear or deficiencies.
5 – 10%	Subjected to wear but is still in a serviceable and functioning condition.
10 – 30%	Subjected to hard or long-term wear. Nearing the end of its useful or serviceable life.
30% and above	Has reached the end of its useful or serviceable life. Renewal is now necessary.

The deficiencies and lifecycle needs identified in this assessment provide the basis for a portfolio-wide capital improvement funding strategy. In addition to the current FCI, extended FCI's have been developed to provide owners the intelligence needed to plan and budget for the "keep-up costs" for their facilities. As such the 3-year, 5-year, and 10-year FCI's are calculated by dividing the anticipated needs of those respective time periods by current replacement value. As a final point, the FCI's ultimately provide more value when used to relatively compare facilities across a portfolio instead of being over-analyzed and scrutinized as stand-alone values. The table below summarizes the individual findings for this FCA:

FCI Analysis | Fire Station 57		
Replacement Value *$ 1,137,500*	*Total SF* *3,500*	*Cost/SF* *$ 325*
Current FCI	$ 23,500	**2.1 %**
3-Year	$ 66,200	5.8 %
5-Year	$ 270,700	23.8 %
10-Year	$ 594,100	52.2 %

The orange line in the graph below forecasts what would happen to the FCI (left Y axis) over time, assuming zero capital expenditures. The capital expenditures allocated for each year (blue bars) are associated with the dollar amounts along the right Y axis.

Plan Types

Each line item in the cost database is assigned a Plan Type, which is the primary reason or rationale for the recommended replacement, repair, or other corrective action. This is the "why" part of the equation. A cost or line item may commonly have more than one applicable Plan Type; however, only one Plan Type will be assigned based on the "best" fit, typically the one with the greatest significance.

Plan Type Descriptions		
Safety		An observed or reported unsafe condition that if left unaddressed could result in injury; a system or component that presents potential liability risk.
Performance/Integrity		Component or system has failed, is almost failing, performs unreliably, does not perform as intended, and/or poses risk to overall system stability.
Accessibility		Does not meet ADA, UFAS, and/or other handicap accessibility requirements.
Environmental		Improvements to air or water quality, including removal of hazardous materials from the building or site.
Retrofit/Adaptation		Components, systems, or spaces recommended for upgrades in in order to meet current standards, facility usage, or client/occupant needs.
Lifecycle/Renewal		Any component or system that is not currently deficient or problematic but for which future replacement or repair is anticipated and budgeted.

3. Property Space Use and Observed Areas

Unit Allocation

All 3,500 square feet of the property are occupied by Fire Station 57. The spaces are a combination of living areas, dorms, an office, and an apparatus bay with supporting restrooms and mechanical and other utility spaces.

Areas Observed

The interior spaces were observed in order to gain a clear understanding of the property's overall condition. Other areas accessed included the site within the property boundaries and the exterior of the property.

Key Spaces Not Observed

Areas of note that were either inaccessible or not observed for other reasons are listed here:

- Flat Roofs, Lack of ladder or other means of egress

4. ADA Accessibility

Generally, Title II of the Americans with Disabilities Act (ADA) prohibits discrimination by entities to access and use of "areas of public accommodations" and "public facilities" on the basis of disability. Regardless of their age, these areas and facilities must be maintained and operated to comply with the Americans with Disabilities Act Accessibility Guidelines (ADAAG).

A public entity (i.e. city governments) shall operate each service, program, or activity so that the service, program, or activity, when viewed in its entirety, is readily accessible to and usable by individuals with disabilities.

However, this does not:

1. Necessarily require a public entity to make each of its existing facilities accessible to and usable by individuals with disabilities;
2. Require a public entity to take any action that would threaten or destroy the historic significance of an historic property; or
3. Require a public entity to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. In those circumstances where personnel of the public entity believe that the proposed action would fundamentally alter the service, program, or activity or would result in undue financial and administrative burdens, a public entity has the burden of proving that compliance with 35.150(a) of this part would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the head of a public entity or his or her designee after considering all resources available for use in the funding and operation of the service, program, or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, a public entity shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with disabilities receive the benefits or services provided by the public entity.

During the FCA, Bureau Veritas performed a limited high-level accessibility review of the facility non-specific to any local regulations or codes. The scope of the visual observation was limited to those areas and categories set forth in the tables throughout this report. It is understood by the Client that the limited observations described herein do not comprise a full ADA Compliance Survey, and that such a survey is beyond the scope of Bureau Veritas's undertaking. Only a representative sample of areas was observed and actual measurements were not taken to verify compliance.

The facility is believed to have been originally constructed circa 1989. The facility was not subsequently renovated. Complaints about accessibility issues have not been received by the property management. The property does not have associated prior litigation related to existing barriers or previously removed barriers.

An accessibility study has not been performed at the site. A comprehensive ADA Compliance Survey will reveal specific aspects of the property that are not in compliance. Since some areas or categories above were identified as having major or moderate associated issues, Bureau Veritas recommends such a study be performed to take measurements, provide additional itemized details, research local requirements, and, if necessary, estimate the scope and cost of any required improvements. The cost of this study is included in the cost tables. Due to the lack of measurements and itemized findings at this point in time, the costs for any possible subsequent repairs or improvements are not currently included.

Removal of barriers to accessibility should be addressed from a liability standpoint in order to comply with federal law, but the barriers may or may not be building code violations. The Americans with Disabilities Act Accessibility Guidelines are part of the ADA federal civil rights law pertaining to the disabled and are not a construction code. State and local jurisdictions have adopted the ADA Guidelines or have adopted other standards for accessibility as part of their construction codes.

The table below is intended to be used as a general reference guide to help differentiate the orders of magnitude between some of the more commonly observed accessibility issues. The table is not intended to be all-inclusive, and boxes checked in the tables above do not necessarily mean those specific problems or shortcomings cited as examples below exist at the subject buildings and sites. Reference the photos above and/or *Key Findings* section for visuals and/or more specifics about the subject site conditions.

Reference Guide

	Major Issues *(ADA study recommended)*	Moderate Issues *(ADA study recommended)*	Minor/No Issues
Parking	- Needs full reconstruction - Excessive slopes over 3% require major re-grading - No level locations to add required spaces	- No or non-compliant curb cuts - Moderate difficulty to add required accessible spaces - Slopes close to compliant	- Painting of markings needed - Signage height non-compliant - Signage missing
Exterior Path of Travel	- Large areas of sidewalks with excessive slopes - No ramp when needed - Ramps with excessive slopes	- Ramps need rails - Ramps need rail extensions - Need significant # of lever handles - All or most entrance door exterior maneuvering clearance areas with excessive slopes	- One entrance door exterior maneuvering clearance area with excessive slope - A few doorknobs instead of lever handles - Non-compliant signage
Interior Path of Travel	- All or most interior doors appear less than 32” wide - Corridors less than 36” wide - No ramp when needed - Ramps with excessive slopes - Non-compliant treads/risers at means of egress stairways	- Single height drinking fountains - Drinking fountain too high or protrudes into accessible route - Ramps need rails - Ramps need rail extensions - Need significant # of lever handles - Non-compliant rail extensions at egress stairways - All/most door thresholds high	- One door threshold too high - A few doorknobs instead of lever handles - Non-compliant door pressures - Non-compliant signage - Switches not within reach range
Public Use Restrooms	- No ADA RR on each accessible floor - Restroom(s) too small - Entire restroom(s) requires renovation - Water closet clearance requires moving walls	- Interior doors appear less than 32” wide - Missing or non-compliant grab bars - Easily fixable clearance issues	- Minor height adjustments required - Non-compliant door pressures - Missing a visual strobe (only required if audible fire alarm already present) - Missing lavatory pipe wraps - Signage not compliant
Elevators	- No elevator present when required - Elevator cab too small	- Panel control buttons not at compliant height - No hands-free emergency communication system - Elevator only has mechanical stops	- Audible/visual signals at every floor may be lacking - Minor signage / Braille issues
Kitchens/Kitchenettes	- Clear space for each appliance not present - Clearance between opposing counters too narrow	- Sink and counter too high - Sink knee and toe clearance not provided where required (built-in) - Less than 50% of cabinetry within reach range	- Dispensers not within reach range - Switches not within reach range - Missing sink pipe wraps if knee and toe clearance required

5. Purpose and Scope

Purpose

Bureau Veritas was retained by the client to render an opinion as to the Property's current general physical condition on the day of the site visit.

Based on the observations, interviews and document review outlined below, this report identifies significant deferred maintenance issues, existing deficiencies, and material code violations of record, which affect the Property's use. Opinions are rendered as to its structural integrity, building system condition and the Property's overall condition. The report also notes building systems or components that have realized or exceeded their typical expected useful lives.

The physical condition of building systems and related components are typically defined as being in one of five condition ratings. For the purposes of this report, the following definitions are used:

Condition Ratings	
Excellent	New or very close to new; component or system typically has been installed within the past year, sound and performing its function. Eventual repair or replacement will be required when the component or system either reaches the end of its useful life or fails in service.
Good	Satisfactory as-is. Component or system is sound and performing its function, typically within the first third of its lifecycle. However, it may show minor signs of normal wear and tear. Repair or replacement will be required when the component or system either reaches the end of its useful life or fails in service.
Fair	Showing signs of wear and use but still satisfactory as-is, typically near the median of its estimated useful life. Component or system is performing adequately at this time but may exhibit some signs of wear, deferred maintenance, or evidence of previous repairs. Repair or replacement will be required due to the component or system's condition and/or its estimated remaining useful life.
Poor	Component or system is significantly aged, flawed, functioning intermittently or unreliably; displays obvious signs of deferred maintenance; shows evidence of previous repair or workmanship not in compliance with commonly accepted standards; has become obsolete; or exhibits an inherent deficiency. The present condition could contribute to or cause the deterioration of contiguous elements or systems. Either full component replacement is needed, or repairs are required to restore to good condition, prevent premature failure, and/or prolong useful life.
Failed	Component or system has ceased functioning or performing as intended. Replacement, repair, or other significant corrective action is recommended or required.
Not Applicable	Assigning a condition does not apply or make logical sense, most commonly due to the item in question not being present.

Scope

The standard scope of the Facility Condition Assessment includes the following:

- Visit the Property to evaluate the general condition of the building and site improvements, review available construction documents in order to familiarize ourselves with, and be able to comment on, the in-place construction systems, life safety, mechanical, electrical, and plumbing systems, and the general built environment.
- Identify those components that are exhibiting deferred maintenance issues and provide cost estimates for Immediate Costs and Replacement Reserves based on observed conditions, maintenance history and industry standard useful life estimates. This will include the review of documented capital improvements completed within the last five-year period and work currently contracted for, if applicable.
- Provide a full description of the Property with descriptions of in-place systems and commentary on observed conditions.
- Provide a high-level categorical general statement regarding the subject Property's compliance to Title III of the Americans with Disabilities Act. This will not constitute a full ADA survey, but will help identify exposure to issues and the need for further review.
- Obtain background and historical information about the facility from a building engineer, property manager, maintenance staff, or other knowledgeable source. The preferred methodology is to have the client representative or building occupant complete a Pre-Survey Questionnaire (PSQ) in advance of the site visit. Common alternatives include a verbal interview just prior to or during the walk-through portion of the assessment.
- Review maintenance records and procedures with the in-place maintenance personnel.
- Observe a representative sample of the interior spaces/units, including vacant spaces/units, to gain a clear understanding of the property's overall condition. Other areas to be observed include the exterior of the property, the roofs, interior common areas, and the significant mechanical, electrical and elevator equipment rooms.
- Provide recommendations for additional studies, if required, with related budgetary information.
- Provide an Executive Summary at the beginning of this report, which highlights key findings and includes a Facility Condition Index as a basis for comparing the relative conditions of the buildings within the portfolio.

6. Opinions of Probable Costs

Cost estimates are attached throughout this report, with the Replacement Reserves in the appendix.

These estimates are based on Invoice or Bid Document/s provided either by the Owner/facility and construction costs developed by construction resources such as *R.S. Means, CBRE Whitestone,* and *Marshall & Swift,* Bureau Veritas's experience with past costs for similar properties, city cost indexes, and assumptions regarding future economic conditions.

Opinions of probable costs should only be construed as preliminary, order of magnitude budgets. Actual costs most probably will vary from the consultant's opinions of probable costs depending on such matters as type and design of suggested remedy, quality of materials and installation, manufacturer and type of equipment or system selected, field conditions, whether a physical deficiency is repaired or replaced in whole, phasing or bundling of the work (if applicable), quality of contractor, quality of project management exercised, market conditions, use of subcontractors, and whether competitive pricing is solicited, etc. Certain opinions of probable costs cannot be developed within the scope of this guide without further study. Opinions of probable cost for further study should be included in the FCA.

Methodology

Based upon site observations, research, and judgment, along with referencing Expected Useful Life (EUL) tables from various industry sources, Bureau Veritas opines as to when a system or component will most probably necessitate replacement. Accurate historical replacement records, if provided, are typically the best source of information. Exposure to the elements, initial quality and installation, extent of use, the quality and amount of preventive maintenance exercised, etc., are all factors that impact the effective age of a system or component. As a result, a system or component may have an effective age that is greater or less than its actual chronological age. The Remaining Useful Life (RUL) of a component or system equals the EUL less its *effective age*, whether explicitly or implicitly stated. Projections of Remaining Useful Life (RUL) are based primarily on age and condition with the presumption of continued use and maintenance of the Property similar to the observed and reported past use and maintenance practices, in conjunction with the professional judgment of Bureau Veritas's assessors. Significant changes in occupants and/or usage may affect the service life of some systems or components.

Where quantities could not be or were not derived from an actual construction document take-off or facility walk-through, and/or where systemic costs are more applicable or provide more intrinsic value, budgetary square foot and gross square foot costs are used. Estimated costs are based on professional judgment and the probable or actual extent of the observed defect, inclusive of the cost to design, procure, construct and manage the corrections.

Definitions

Immediate Needs

Immediate Needs are line items that require immediate action as a result of: (1) material existing or potential unsafe conditions, (2) failed or imminent failure of mission critical building systems or components, or (3) conditions that, if not addressed, have the potential to result in, or contribute to, critical element or system failure within one year or will most probably result in a significant escalation of its remedial cost.

For database and reporting purposes the line items with RUL=0, and commonly associated with *Safety* or *Performance/Integrity* Plan Types, are considered Immediate Needs.

Replacement Reserves

Cost line items traditionally called Replacement Reserves (equivalently referred to as Lifecycle/Renewals) are for recurring probable renewals or expenditures, which are not classified as operation or maintenance expenses. The replacement reserves should be budgeted for in advance on an annual basis. Replacement Reserves are reasonably predictable both in terms of frequency and cost. However, Replacement Reserves may also include components or systems that have an indeterminable life but, nonetheless, have a potential for failure within an estimated time period.

Replacement Reserves generally exclude systems or components that are estimated to expire after the reserve term and are not considered material to the structural and mechanical integrity of the subject property. Furthermore, systems and components that are not deemed to have a material effect on the use of the Property are also excluded. Costs that are caused by acts of God, accidents, or other occurrences that are typically covered by insurance, rather than reserved for, are also excluded.

Replacement costs are solicited from ownership/property management, Bureau Veritas's discussions with service companies, manufacturers' representatives, and previous experience in preparing such schedules for other similar facilities. Costs for work performed by the ownership's or property management's maintenance staff are also considered.

Bureau Veritas's reserve methodology involves identification and quantification of those systems or components requiring capital reserve funds within the assessment period. The assessment period is defined as the effective age plus the reserve term. Additional information concerning system's or component's respective replacement costs (in today's dollars), typical expected useful lives, and remaining useful lives were estimated so that a funding schedule could be prepared. The Replacement Reserves Schedule presupposes that all required remedial work has been performed or that monies for remediation have been budgeted for items defined as Immediate Needs.

For the purposes of 'bucketizing' the System Expenditure Forecasts in this report, the Replacement Reserves have been subdivided and grouped as follows: Short Term (years 1-3), Near Term (years 4-5), Medium Term (years 6-10), and Long Term (years 11-20).

Key Findings

In an effort to highlight the most significant cost items and not be overwhelmed by the Replacement Reserves report in its totality, a subsection of Key Findings is included within the Executive Summary section of this report. Key Findings typically include repairs or replacements of deficient items within the first five-year window, as well as the most significant high-dollar line items that fall anywhere within the ten-year term. Note that while there is some subjectivity associated with identifying the Key Findings, the Immediate Needs are always included as a subset.

Exceedingly Aged

A fairly common scenario encountered during the assessment process, and a frequent source of debate, occurs when classifying and describing "very old" systems or components that are still functioning adequately and do not appear nor were reported to be in any way deficient. To help provide some additional intelligence on these items, such components will be tagged in the database as Exceedingly Aged. This designation will be reserved for mechanical or electrical systems or components that have aged well beyond their industry standard lifecycles, typically at least 15 years beyond and/or twice their Estimated Useful Life (EUL). In tandem with this designation, these items will be assigned a Remaining Useful Life (RUL) not less than two years but not greater than 1/3 of their standard EUL. As such the recommended replacement time for these components will reside outside the typical Short Term window but will not be pushed 'irresponsibly' (too far) into the future.

7. Certification

The City of Montebello (the Client) retained Bureau Veritas to perform this Facility Condition Assessment in connection with its continued operation of Fire Station 57, 2950 Via Acosta, Montebello, California 90640, the "Property". It is our understanding that the primary interest of the Client is to locate and evaluate materials and building system defects that might significantly affect the value of the property and to determine if the present Property has conditions that will have a significant impact on its continued operations.

The conclusions and recommendations presented in this report are based on the brief review of the plans and records made available to our Project Manager during the site visit, interviews of available property management personnel and maintenance contractors familiar with the Property, appropriate inquiry of municipal authorities, our Project Manager's walk-through observations during the site visit, and our experience with similar properties.

No testing, exploratory probing, dismantling or operating of equipment or in-depth studies were performed unless specifically required under the *Purpose and Scope* section of this report. This assessment did not include engineering calculations to determine the adequacy of the Property's original design or existing systems. Although walk-through observations were performed, not all areas may have been observed (see Section 1 for specific details). There may be defects in the Property, which were in areas not observed or readily accessible, may not have been visible, or were not disclosed by management personnel when questioned. The report describes property conditions at the time that the observations and research were conducted.

This report has been prepared on behalf of and exclusively for the use of the Client for the purpose stated within the *Purpose and Scope* section of this report. The report, or any excerpt thereof, shall not be used by any party other than the Client or for any other purpose than that specifically stated in our agreement or within the *Purpose and Scope* section of this report without the express written consent of Bureau Veritas.

Any reuse or distribution of this report without such consent shall be at the Client and the recipient's sole risk, without liability to Bureau Veritas.

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and Members of the City Council

FROM: René Bobadilla, City Manager

BY: James Enriquez, P.E., Director of Public Works / City Engineer

SUBJECT: **Public Hearing to consider adoption of Resolution No. 21-56 confirming the FY 2021–2022 Engineer's Report for the Annual Natasha Lane Landscape Assessment District No. 2005-1 and Levying such Assessments**

DATE: July 28, 2021

RECOMMENDATIONS (S):

It is recommended that the City Council:

1) Conduct a Public Hearing and consider adopting Resolution No. 21-56 (Attachment A) confirming the FY 2021-2022 Engineer's Report (Attachment B) for the Annual Natasha Lane Landscape Assessment District No. 2005-1; and

2) Authorize the Levying of the FY 2021-2022 Assessments; and

3) Take such additional, related action that may be desirable.

FISCAL IMPACTS

The cost for the maintenance and operation of the Natasha Lane landscaping, including administration, is estimated to be $14,500 for FY 2021-22. Since the District Reserve Fund Balance has grown to $59,610, the recommended annual assessment for FY 2021- 22 is $1,200 and covers only the processing costs with the Los Angeles County Assessor's Office. All other costs associated with the maintenance and operation of the landscaping for FY 2021-22 will be paid from the District Reserve Balance.

The total cost of $1,200 is prorated to the properties within the district based on the lineal footage of the property frontage on Natasha Lane. The amount assessed to each property is listed in the Engineer's Report and ranges from $55.35 to $75.27 for the year, with an average annual assessment of $60.00 per parcel.

BACKGROUND

The properties on Natasha Lane benefiting from the landscaping are required to be assessed to fund the maintenance and operation in Fiscal Year 2021-22. The special assessment district was initially established in 2005 when the development was constructed. This special assessment is added to the Los Angeles County Tax Roll annually. On June 23, 2021, the City Council approved Resolution No. 21-49 initiating proceedings for the FY 2021-2022 levy of annual special assessment.

Natasha Lane is a twenty-unit housing development, extending to the south from Whittier Boulevard and to the east of Bluff Road. As part of the development, new landscaping was installed within a storm drain easement at the southerly terminus, along frontage of the property facing Whittier Boulevard and at the end of the cul-de-sac. The City is responsible for the maintenance of landscaping in these areas.

The recommended Resolution establishes approval and confirmation of the Engineer's Report for Natasha Lane Landscape Assessment District No. 2005-1 (Attachment B) and authorizes the levying of such assessments. These actions are required for Staff to complete the direct assessment process with Los Angeles County and place the appropriate parcel assessments on the annual tax roll.

SUMMARY

The City Council will consider the adoption of a Resolution confirming the Engineer's Report for the FY 2021-22 Annual Natasha Lane Landscape Assessment District No. 2005-1 and authorize the levying of such assessments. Notices advising residents in the affected area of the consideration of the Final Engineer's Report and the Public Hearing on July 28, 2021 were mailed on July 12, 2021. The Proof of Publication is also included in Attachment C.

RESOLUTION NO. 21-56

RESOLUTION OF THE CITY OF MONTEBELLO CONFIRMING THE ENGINEER'S ESTIMATE FOR THE FISCAL YEAR 2021-2022 LEVY OF ANNUAL ASSESSMENTS FOR LANDSCAPE MAINTENANCE FOR THE PROPERTIES LOCATED ALONG NATASHA LANE AND LEVYING ASSESSMENTS ON ASSESSABLE LOTS AND PARCELS OF LAND IN SAID DISTRICT FOR FISCAL YEAR 2021-2022

RECITALS

WHEREAS, the City Council ("City Council") of the City of Montebello ("City") has by Resolution No. 21-51, adopted and approved the Engineer's Annual Levy Report ("Report") for the District known and designated as the Natasha Lane Landscape Assessment District No. 2005-01 of the City of Montebello ("District"), pursuant to the Landscaping and Lighting Act of 1972, Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code ("Act"), for the installation, operation, maintenance and servicing of street lights, traffic signals, street trees, parkways, median islands, landscaping, parks, and any appurtenant improvements as set forth in Section 22525 of the California Streets and Highways Code ("Improvements"); and

WHEREAS, as ordered by the City Council, the City Engineer has filed with the City Clerk a report regarding the assessments to be levied and collected from the owners of assessable property within the District to pay the costs of the installation, operation, maintenance and servicing of street trees and landscaping, and any appurtenant improvements, and that report has been presented to and considered by the City Council; and

WHEREAS, on June 23, 2021, the City Council approved Resolution No. 21-51 adopting and approving the Report, declaring its intention to levy and collect the assessment for the District for Fiscal Year 2021-2022, and scheduling a public hearing thereon has been held; and

WHEREAS, the City Council may proceed, pursuant to Section 22631 of the Streets and Highways Code, to adopt a resolution confirming the levy of the assessments on the assessable parcels of properties in the District, and the adoption of such a resolution shall constitute the levy of assessments on all assessable lots and parcels of property within the District for Fiscal Year 2021-2022.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY RESOLVES, FINDS, AND DECLARES AS FOLLOWS:

SECTION 1. Findings. The City Council of the City of Montebello finds that:

(a) The foregoing recitals are true and correct;

(b) The Engineer's Report (the "Report") contains all matters required by Sections 22565 through 22574 of the Streets and Highways Code and may therefore be approved by the City Council;

(c) The assessments which are proposed to be levied on all parcels of assessable land within Natasha Lane Landscape Assessment District are based on special benefit conferred upon each such parcel from the payment of the cost of the installation, operation, maintenance, irrigation and servicing of street trees and parkways, landscaping, and appurtenant improvements;

(d) The proportionate special benefit derived by each such parcel has been determined in relationship to the entirety of the capital cost of the installation, operation, maintenance, irrigation and servicing of street trees and landscaping, and appurtenant improvements; and

(e) The amount of the assessment which is proposed to be assessed on each such parcel is based upon and will not exceed the reasonable cost of the proportional special benefit conferred on that parcel and will remain the same amount as assessed in FY 2021-2022.

SECTION 2. Intention. The City Council declares that it intends to levy assessments on all lots and parcels of assessable land proposed to be included in Natasha Lane Landscape District of the City of Montebello, as set forth in the Report. Those assessments will be collected at the same time and in the same manner as the County taxes are collected, and all laws providing for the collection and enforcement of County taxes shall apply to the collection and enforcement of the assessments.

SECTION 3. Improvements. The Improvements shall include the maintenance of the following:

(a) The maintenance of landscaping, including, but not limited to, street trees;

(b) The installation of construction of any facilities which are appurtenant to any improvements listed in subsection (a) which are necessary or convenient for the maintenance or servicing thereof including, but not limited to, irrigation, planting, and electrical facilities;

SECTION 4. Formation of Assessment District. The distinctive designation of the proposed district is Natasha Lane Landscape District in the City of Montebello. The boundaries of the territory to be included in the District are described and shown in the Report. The general location of the territory to be included in the District is Natasha Lane in the City of Montebello.

SECTION 5. Report and Assessments. The Report, which is on file with the City Clerk, and which has been presented to the City Council at the meeting at which this resolution is adopted, is approved. Reference is made to the Report for a full and detailed description of the Improvements specified in Section 3, the boundaries of

Natasha Lane Landscape District and the proposed assessments upon assessable lots and parcels of land therein.

SECTION 6. Duration of Assessments and Inflation Increases and Election Thereon. The assessments shall be levied on all parcels of assessable property within Natasha Lane Landscape District as identified in the Report, so long as the assessments are necessary to finance the Improvements specified in Section 3 and the maintenance and servicing thereof. The annual amount of the assessment to be levied on each parcel of assessable property in the District in each fiscal year may be increased by the percentage increase in the Consumer Price Index – All Urban Consumers for the Los Angeles – Anaheim – Riverside Area; provided, however, that the amount of the assessment to be levied on any assessable parcel in any fiscal year shall not be increased by more than seven and one-half percent (7.5%), and the amount of the assessment to be levied on any parcel in any fiscal year shall not in any event exceed the actual total cost of the proportional special benefit conferred on that parcel.

SECTION 7. For any and all information relating to the Procedures, protest procedures, documentation and/or information of procedure or technical nature, your attention is directed to the office listed below as designated:

CITY OF MONTEBELLO
ENGINEER'S REPORT
FOR
NATASHA LANE LANDSCAPE
ASSESSMENT DISTRICT NO. 2005-1
(FISCAL YEAR 2021-22)

SECTION I: AUTHORITY FOR REPORT

This report is prepared pursuant to the provisions of the Landscape and Lighting Act of 1972 (commencing with Section 22500) of Division 15 the Street and Highway Code for the maintenance of Public Landscaping that benefits only the properties on Natasha Lane. The report covers the period from July 1, 2021 through June 30, 2022.

SECTION II: PLANS

The Plans showing extent and location of landscape are illustrated herein by Exhibit A.

All of above mentioned items are on file in the Office of the City Clerk.

SECTION III: SPECIFICATIONS FOR MAINTENANCE

Landscaping maintenance shall consist of installing, cutting, pruning, trimming, fertilizing, irrigating and treating plants, shrubs, trees, ground cover and soil to provide a pleasing and attractive landscape within the public right-of-way and publicly-owned grounds. Dead plants, shrubs, trees and ground cover shall be replaced with new items as soon as practical. The irrigation system shall be operated and maintained to provide adequate watering for all plants, shrubs, trees and ground cover. Irrigation systems shall be installed as deemed appropriate by the City Engineer.

SECTION V: DIAGRAM

A Diagram showing the Assessor's parcel number and the dimensions of each lot or parcel of land within the District is on file in the Office of the City Clerk.

SECTION VI: ASSESSMENT

The improvements are to be funded by the levying of assessments on the benefiting properties. The "Municipal Improvement Act of 1913" and Article XIIID of the State Constitution require that assessments must be based on the estimated special benefit for the properties from the improvements. In addition, Article XIIID, Section 4, of the State Constitution requires that a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred in the parcel. It also requires that publicly owned property, (which benefit from the improvements) are to be assessed. Neither the Act nor the State Constitution specifies the method or formula that should be used to apportion the costs to properties in any special assessment district proceedings. The responsibility for recommending the assessments per panel is an Apportionment Engineer, who is appointed for the purpose of making an analysis of the facts and determining the correct apportionment of the assessment obligation The City Engineer is hereby appointed as the Apportionment Engineer.

The district reserve balance has increased over recent years. Therefore, the recommended total assessment for FY 2021-22 is $1,200 and covers only the processing costs with the Los Angeles County Assessor's Office. All other costs associated with the maintenance and operation of the landscaping for FY 2021-22 will be paid from the district reserve balance.

All properties are assessed based on the Engineer's Estimate, as described above. This estimate includes associated costs for each property based on property frontage along the street (Natasha Lane).

In order to apportion the assessment to each parcel in direct proportion with the special and direct benefit which it will receive from the improvements, an analysis has been completed and the respective street frontage of each benefiting parcel is used as the basis for apportioning costs to each property within the Assessment District as follows:

CITY OF MONTEBELLO
PUBLIC HEARING NOTICE

NOTICE IS HEREBY GIVEN that the City Council of the City of Montebello will hold a Public Hearing in the Council Chamber of the Montebello City Hall, 1600 West Beverly Boulevard, Montebello, California and via telephonically and/or electronically, on **Wednesday, July 28, 2021, at 6:30 p.m.**, or as soon as possible thereafter as the matter can be heard, to consider the following:

Levying the proposed assessments for the City's Natasha Lane Landscaping Assessment District 2005-1 for Fiscal Year 2021-22:

Natasha Lane is a twenty-unit housing development, extending to the south from Whittier Boulevard and to the east of Bluff Road. As part of the development, new landscaping was installed within a storm drain easement at the southerly terminus, along frontage of the property facing Whittier Boulevard and at the end of the cul-de-sac. The City is responsible for the maintenance of landscaping in these areas. The special assessment district was initially established in 2005 when the development was constructed. This special assessment is added to the Los Angeles County Tax Roll annually. On June 23, 2021, the City Council approved Resolution No. 21-51 initiating proceedings for the FY 2021-2022 levy of annual special assessment and residents were notified on July 12, 2021.

All interested persons have the right to appear and be heard pursuant to Governor Newsom's Executive Orders N-25-20 and N-29-20. For those interested in making public comments, the City will receive your comments by contacting the City Clerk's office **on or before Wednesday, July 28, 2021 between 9:00 a.m. – 3:30 p.m. at (323) 887-1359**. Staff will complete the speaker cards and the public will be called during the City Council meeting – Closed Session begins at 5:30 p.m. and Regular Session begins at 6:30 p.m. The exact call back time is not predictable due to the nature of the City Council agenda. As a result, you must be available until the end of the meeting to receive a live call from staff during the meeting. The City has created an email address ccpubliccomment@cityofmontebello.com where the public can submit public comments from **9:00 a.m. – 3:30 p.m. on Wednesday, July 28, 2021**. These questions will be read out loud and submitted for the record. The email address for City Council meetings can be located on the City's webpage under the City Clerk tab, https://www.cityofmontebello.com/department/administration/city-clerk-s-office.html.

If you challenge the subject matter in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City Council, at, or prior to, the public hearing.

More information about the assessment district is available by contacting the Public Works Department at 323-887-1460:

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and Members of the City Council

FROM: René Bobadilla, City Manager

BY: James Enriquez, P.E., Director of Public Works / City Engineer

SUBJECT: **Public Hearing to consider adoption of Resolution No. 21-57 confirming the FY 2021–2022 Engineer's Report for the Annual Natasha Lane Sewer and Storm Water Pump Station Assessment District No. 2005-2 and Levying such Assessments**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Conduct a Public Hearing and consider adopting Resolution No. 21-57 (Attachment A) confirming the FY 2021-2022 Engineer's Report (Attachment B) for the Annual Natasha Lane Sewer and Storm Water Pump Assessment District No. 2005-2; and

2) Authorize the Levying of the FY 2021-2022 Assessments; and

3) Take such additional, related action that may be desirable.

FISCAL IMPACTS

The cost for the maintenance and operation of the Natasha Lane sewer and storm drain systems, including administration, is estimated at $15,825 for FY 2021-2022. This total is prorated to the properties within the District based on the lineal footage of the property frontage on Natasha Lane. The amount assessed to each property is listed in the Engineer's Report and ranges from $729.97 to $992.64 for the year, with an average annual assessment of $791.25 per parcel.

BACKGROUND

The properties on Natasha Lane benefiting from the sewer and storm drain systems, including pump stations, are required to be assessed to fund the maintenance and operation in Fiscal Year 2021-2022. The special assessment district was initially

established in 2005 when the development was constructed. This special assessment is added to the Los Angeles County Tax Roll annually. On June 23, 2021, the City Council approved Resolution No. 21-51 initiating proceedings for the FY 2021-2022 levy of the annual special assessment.

Natasha Lane is a twenty-unit single family housing development, located south of Whittier Boulevard and east of Bluff Road. As part of the development, sewer and storm systems, including pump stations for both, were installed to accommodate the operation of the sewer lines and storm water systems. The City is responsible for the operation and maintenance of these pumps stations.

The recommended Resolution establishes approval and confirmation of the Engineer's Report for Natasha Lane Sewer and Storm Water Pump Station Assessment District No. 2005-2 (Attachment B) and authorizes the levying of such assessments. These actions are required for Staff to complete the direct assessment process with Los Angeles County and place the appropriate parcel assessments on the annual tax roll.

SUMMARY

The City Council will consider the adoption of a Resolution confirming the Engineer's Report for the FY 2021-22 Annual Natasha Lane Sewer and Storm Water Pump Station Assessment District No. 2005-2 and authorize the levying of such assessments. Notices advising residents in the affected area of the consideration of the Final Engineer's Report and the Public Hearing on July 28, 2021 were mailed on July 12, 2021. Proof of Publication is also included in Attachment C.

RESOLUTION NO. 21-57

RESOLUTION OF THE CITY OF MONTEBELLO CONFIRMING THE ENGINEER'S ESTIMATE FOR THE FISCAL YEAR 2021-2022 LEVY OF ANNUAL ASSESSMENTS FOR SEWER AND STORM PUMPSTATION MAINTENANCE AND OPERATIONS FOR THE PROPERTIES LOCATED ALONG NATASHA LANE AND LEVYING ASSESSMENTS ON ASSESSABLE LOTS AND PARCELS OF LAND IN SAID DISTRICT FOR FISCAL YEAR 2021-2022

RECITALS

WHEREAS, the City Council ("City Council") of the City of Montebello ("City") has by Resolution No. 19-49 adopted and approved the Engineer's Report ("Report") for the District known and designated as the Natasha Lane Sewer Pump Station and Storm Water Pump Station Assessment District No. 2005-2 of the City of Montebello ("District"), pursuant to the Landscaping and Lighting Act of 1972, Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code ("Act"), for the installation, operation, maintenance and servicing of sewer and storm drain pump stations and any appurtenant improvements as set forth in Section 22525 of the California Streets and Highways Code ("Improvements"); and

WHEREAS, as ordered by the City Council, the City Engineer has filed with the City Clerk a report regarding the assessments to be levied and collected from the owners of assessable property within the District to pay the costs of the installation, operation, maintenance and servicing of the sewer pump station and the storm drain pump station, and any appurtenant improvements, and that report has been presented to and considered by the City Council; and

WHEREAS, on June 23, 2021, the City Council approved Resolution No. 21-49 adopting and approving the Report, declaring its intention to levy and collect the assessment for the District for Fiscal Year 2021-2022, and scheduling a public hearing thereon has been held; and

WHEREAS, the City Council may proceed, pursuant to Section 22631 of the Streets and Highways Code, to adopt a resolution confirming the levy of the assessments on the assessable parcels of properties in the District, and the adoption of such a resolution shall constitute the levy of assessments on all assessable lots and parcels of property within the District for Fiscal Year 2021-2022.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY RESOLVES, FINDS, AND DECLARES AS FOLLOWS:

SECTION 1. Findings. The City Council of the City of Montebello finds that:

(a) The foregoing recitals are true and correct;

(b) The Engineer's Report contains all matters required by Sections 22565 through 22574 of the Streets and Highways Code and may therefore be approved by the City Council;

(c) The assessments which are proposed to be levied on all parcels of assessable land within the Natasha Lane Sewer Pump Station and Storm Water Pump Station Assessment District are based on special benefits conferred upon each such parcel from the payment of the cost of the installation, operation, maintenance and servicing of the sewer and storm water pump station, and associated improvements;

(d) The proportionate special benefit derived by each such parcel has been determined in relationship to the entirety of the capital cost of the installation, operation, maintenance, irrigation and servicing of street trees and landscaping, and appurtenant improvements; and

(e) The amount of the assessment which is proposed to be assessed on each such parcel is based upon and will not exceed the reasonable cost of the proportional special benefit conferred on that parcel and will remain the same amount as assessed in FY 2021-2022.

SECTION 2. Intention. The City Council declares that it intends to levy assessments on all lots and parcels of assessable land proposed to be included in the Natasha Lane Sewer Pump Station and Storm Water Pump Station Assessment District of the City of Montebello, as set forth in the Report. Those assessments will be collected at the same time and in the same manner as the County taxes are collected, and all laws providing for the collection and enforcement of County taxes shall apply to the collection and enforcement of the assessments.

SECTION 3. Improvements. The Improvements shall include the maintenance of the following:

(a) The maintenance of sewer and storm water pump stations and appurtenant improvements;

(b) The installation of construction of any facilities which are appurtenant to any improvements listed in subsection (a) which are necessary or convenient for the maintenance or servicing thereof including, but not limited to, pump equipment, piping, hoists and electrical facilities.

SECTION 4. Formation of Assessment District. The distinctive designation of the proposed district is the Natasha Lane Sewer Pump Station and Storm Water Pump Station Assessment District of the City of Montebello. The boundaries of the territory included in the District are described and shown in the Report and the attached Exhibit. The general location of the territory to be included in the District is Natasha Lane in the City of Montebello.

SECTION 5. Report and Assessments. The Report, which is on file with the City Clerk, and which has been presented to the City Council at the meeting at

which this resolution is adopted, is approved. Reference is made to the Report for a full and detailed description of the Improvements, the boundaries of Natasha Lane Sewer Pump Station and Storm Water Pump Station Assessment District and the proposed assessments upon assessable lots and parcels of land therein.

SECTION 6. Duration of Assessments and Inflation Increases and Election Thereon. The assessments shall be levied on all parcels of assessable property within Natasha Lane Sewer Pump Station and Storm Water Pump Station Assessment District, as identified in the Report, so long as the assessments are necessary to finance the Improvements specified in Section 3 and the maintenance and servicing thereof and replacement costs at some future date. The annual amount of the assessment to be levied on each parcel of assessable property in the District in each fiscal year may be increased by the percentage increase in the Consumer Price Index – All Urban Consumers for the Los Angeles – Anaheim – Riverside Area; provided, however, that the amount of the assessment to be levied on any assessable parcel in any fiscal year shall not be increased by more than seven and one-half percent (7.5%), and the amount of the assessment to be levied on any parcel in any fiscal year shall not in any event exceed the actual total cost of the proportional special benefit conferred on that parcel.

SECTION 7. For any and all information relating to the Procedures, protest procedures, documentation and/or information of procedure or technical nature, your attention is directed to the office listed below as designated:

(FISCAL YEAR 2021-22)

SECTION I: AUTHORITY FOR REPORT

This report is prepared pursuant to the provision of the Benefits Assessment Act of 1982. Chapter 6.4 (commencing with Section 54703) of Part 1 of Division of Title 5 of the Government Code. The report for the maintenance and operation of the sewer pump station and storm water pump station benefits only the properties on Natasha Lane and covers the period July 1, 2021 thru June 30, 2022.

SECTION II: PLANS

The Plans showing the boundary of the District and locations of the sewer and storm water pump stations are illustrated herein as Exhibit A.

All of above mentioned items are on file in the Office of the City Clerk.

SECTION III: SPECIFICATIONS FOR MAINTENANCE

The sewer and storm drain systems, including pump stations, shall be maintained in such a manner as to keep the systems in good working condition at all times. This includes flushing of pipes and debris removal from the pump wells on an as-needed basis. The equipment in the pump stations is checked regularly and repaired and or replaced as needed. The installation or construction of any facilities parts, or systems associated to any improvements which are necessary or convenient for maintenance shall be initiated as required in a timely manner.

SECTION V: DIAGRAM

A Diagram showing the Assessor's parcel number and the dimensions of each lot or parcel of land within the District is on file in the Office of the City Clerk.

SECTION VI: ASSESSMENT

The improvements are to be funded by the levying of assessments on the benefiting properties. The "Municipal Improvement Act of 1913" and Article XIIID of the State Constitution require that assessments must be based on the estimated special benefit for the properties from the improvements. In addition, Article XIIID, Section 4, of the State Constitution requires that a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred in the parcel. It also requires that publicly owned property, (which benefit from the improvements) are to be assessed. Neither the Act nor the State Constitution specifies the method or formula that should be used to apportion the costs to properties in any special assessment district proceedings. The responsibility for recommending the assessments per panel is an Apportionment Engineer, who is appointed for the purpose of making an analysis of the facts and determining the correct apportionment of the assessment obligation. The City Engineer is hereby appointed as the Assessment Engineer.

All properties are assessed based on the Engineer's Estimate. This estimate includes associated costs for each property based on property frontage along the street (Natasha Lane).

In order to apportion the assessment to each parcel in direct proportion with the special and direct benefit which it will receive from the improvements, an analysis has been completed and the respective street frontage of each benefiting parcel is used as the basis for apportioning costs to each property within the Assessment District as follows:

CITY OF MONTEBELLO
PUBLIC HEARING NOTICE

NOTICE IS HEREBY GIVEN that the City Council of the City of Montebello will hold a Public Hearing in the Council Chamber of the Montebello City Hall, 1600 West Beverly Boulevard, Montebello, California and via telephonically and/or electronically, on **Wednesday, July 28, 2021, at 6:30 p.m.**, or as soon as possible thereafter as the matter can be heard, to consider the following:

Levying the proposed assessments for the City's Natasha Lane Sewer and Storm Water Pump Station Assessment District 2005-2 for Fiscal Year 2021-22:

Natasha Lane is a twenty-unit single family housing development, located south of Whittier Boulevard and east of Bluff Road. As part of the development, sewer and storm systems, including pump stations for both systems, were installed to accommodate the operation of the sewer lines and storm water systems. The City is responsible for the operation and maintenance of these pumps stations. The special assessment district was initially established in 2005 when the development was constructed. This special assessment is added to the L.A. County Tax Roll annually. On June 23, 2021, the City Council approved Resolution No. 21-49 initiating proceedings for the FY 2021-2022 levy of the annual special assessment and residents were notified on July 12, 2021.

All interested persons have the right to appear and be heard pursuant to Governor Newsom's Executive Orders N-25-20 and N-29-20. For those interested in making public comments, the City will receive your comments by contacting the City Clerk's office **on or before Wednesday, July 28, 2021 between 9:00 a.m. – 3:30 p.m. at (323) 887-1359.** Staff will complete the speaker cards and the public will be called during the City Council meeting – Closed Session begins at 5:30 p.m. and Regular Session begins at 6:30 p.m. The exact call back time is not predictable due to the nature of the City Council agenda. As a result, you must be available until the end of the meeting to receive a live call from staff during the meeting. The City has created an email address ccpubliccomment@cityofmontebello.com where the public can submit public comments from **9:00 a.m. – 3:30 p.m. on Wednesday, July 28, 2021.** These questions will be read out loud and submitted for the record. The email address for City Council meetings can be located on the City's webpage under the City Clerk tab, https://www.cityofmontebello.com/department/administration/city-clerk-s-office.html.

If you challenge the subject matter in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City Council, at, or prior to, the public hearing.

More information about the assessment district is available by contacting the Public Works Department at 323-887-1460:

7) Approve Resolution No. 21-68 adopting a Comprehensive Memorandum of Understanding between the City and the Montebello Firefighters' Association.

FISCAL IMPACT

There is no fiscal impact to the approval of Comprehensive Memoranda of Understanding (MOU) between the City and the represented employee groups. These Comprehensive MOU memorialize salary, benefits and related items already included in the various MOU and side letters currently in effect for these groups. No provision changes are being made which would have a fiscal impact.

BACKGROUND

In 2004, non-safety supervisors in the City petitioned for recognition. At the time of recognition the Montebello Mid-Management Association (MMMA) represented all non-safety, mid-management through-out the City, however, the unit has since splintered into two separate mid-management associations. Presently, the MMMA represents the mid-management level employees of the Transportation Department. In 2011, the Montebello Supervisors' Association (MSA) was formed and formally recognized by the City as the bargaining group for mid-management level positions not in the Transportation Department. Prior to this formation the positions in the MSA were part of the Montebello Mid-Management Association.

In 2004, the non-supervisory employees that make-up a large portion of the City's workforce petitioned the City for recognition. In April of 2004, the Montebello City Council adopted the first MOU for the Montebello City Employees' Association (MCEA).

In 2008, the Police Captains and Police Lieutenants petitioned the City through the Employee-Employer Relations Resolution process for representation separate from the Montebello Police Officers' Association. The City conducted a vote through the State of California Department of Industrial Relations in May of 2008 and the Montebello Police Management Association (MPMA) was formally recognized thereafter.

In 2010, the Fire Battalion Chiefs and Fire Marshal were designated non-represented. At that time the individuals in those positions petitioned the City for recognition and subsequently the Montebello Fire Management Association (MFMA) was formed.

The Montebello Police Officers' Association (MPOA) and the Montebello Firefighters' Associations (MFA) have been recognized labor groups in the City of Montebello since the 1960's. MPOA has more than seventy-four (74) separate documents spanning five decades and MFA has over eighty (80) separate documents that, at this time, must be taken into account each time there is a labor issue or new negotiations.

Respectively, in 2004, 2008, 2010 and 2011, the MMMA, MCEA, MPMA, MFMA and MSA aligned with the City of Montebello's practice of only identifying new or changed benefits and/or management rights with each new MOU. For over 60 years, the original labor groups in the City, such as the MPOA and the MFA, functioned with labor contracts that required both the unit and management to reference MOU language going back years if that provision had not been addressed in a subsequent MOU.

The "Comprehensive Memorandum of Understanding" is a best-practice model used in most public agencies with represented employees. A Comprehensive MOU consolidates all previous provisions, which have not been altered or expired, into one document for ease of understanding and administration. The City of Montebello's eight (8) bargaining units have formally requested, through negotiations, that the City work towards a comprehensive document since 2007.

It has been a priority of the current Administration and Human Resources to establish a Comprehensive MOU for each of the City's eight bargaining units. To start this process the Human Resources Department, along with consultant Phillip Gallegos, began gathering and analyzing all adopted MOU, side letters and agreements, as well as City administrative policies, identifying each provision that has been carried forward to date. The intent of these inaugural Comprehensive MOU was not to agree to any new benefit or provision, nor was the intent to rewrite the existing provisions. After adopting the Comprehensive MOU, the Human Resources Department will begin negotiations for the next contract, during which vague or oddly structured provisions can be clarified and expanded upon. The current MOUs for all eight bargaining groups expire December 31, 2021.

In addition, there were similar provisions identified within the MOU of multiple bargaining units that we have moved from the units' MOU to administrative policy. The rationale behind moving these provisions to policy is to ease the administration of the benefits or guidelines and to further enhance transparency surrounding the City's salary and benefit administration. Having a clear policy ensures that the benefit or guideline is not overlooked within a MOU. The provisions identified that have been converted to policy include:

- Bilingual Pay
- Bereavement Leave
- Annual Leave
- Longevity Pay
- Education Reimbursement Programs
- Employee Compensation and Benefits
- Education Incentive Pay (safety only)

In February 2021, the Human Resources team began to meet with MPMA Board President Lieutenant David Kim, MFMA Board President Fire Battalion Chief Charles Wells, MMMA Board President Ruth Garcia, MSA Board President Vanessa Padilla Nava, MPOA Board President Sergeant Omar Rodriguez, then MCEA President Patricia Aguilera, and MFA President Craig Barker to present and discuss the first draft of their comprehensive MOUs and the proposed policies. The Associations were given time to review the draft and identify provisions that were not consistent with their records. We came back to the table with each group with revised Comprehensive MOUs that the groups then took back to their membership for review and endorsement.

At this time, the MPMA, MFMA, MMMA, MSA, MPOA, MCEA, and MFA have tentatively agreed that the comprehensive MOU being presented for adoption and the attached draft administrative policies accurately identify all current and active provisions from preceding MOU, side letters and agreements between the City and the MPMA, between the City and the MFMA, between the City and the MMMA, between the City and the MSA, between the City and the MPOA, between the City and the MCEA, and between the City and the MFA. The effective date and term of the proposed Comprehensive MOUs mirror the effective dates and terms of the MPMA's, MFMA's, MMMA's, MSA's, MPOA's MCEA's, and MFA's current MOU which is January 1, 2019 through December 31, 2021. The remaining group that we are currently meeting and conferring with is SMART-TD.

SUMMARY

The inaugural Comprehensive MOU for the MPMA, MFMA, MMMA, MSA, MPOA, MCEA, and MFA will begin to align the City of Montebello with best practices in public employment labor relations. Furthermore, having comprehensive MOU benefits both the City and its employees by enhancing transparency and ease of administration of employee salary, benefits and related provisions. The ability for employees and management to access one document fosters open communication and early dispute resolution. The inaugural Comprehensive MOU also provide a framework and baseline for future discussions and development. It should be noted that while it is the intent of the City and the various employee groups that all benefits and related compensation provisions currently in effect be incorporated and expressly stated into these comprehensive MOUs, in the event, upon further review, that any current benefits or compensation components have been overlooked or are not included in these comprehensive MOUs a side letter between the City and the various employee groups will be drafted and presented to the City Council at a future date. By approving the comprehensive MOUs, the City Council is also committing that any inadvertent omission of benefits or compensation language will be honored and incorporated into the future side letters. In addition no benefits will be removed or reduced if the employee group(s) are receiving such benefits.

It is being requested that the City Council approve a Resolution to adopt a Comprehensive MOU between the City and the MPMA, a Resolution to adopt a Comprehensive MOU between the City and the MFMA, a Resolution to adopt a Comprehensive MOU between the City and the MMMA, a Resolution to adopt a Comprehensive MOU between the City and the MSA, Resolution to adopt a Comprehensive MOU between the City and the MPOA, Resolution to adopt a Comprehensive MOU between the City and the MCEA, and Resolution to adopt a Comprehensive MOU between the City and the MFA.

THE CITY OF MONTEBELLO POLICE MANAGEMENT ASSOCIATION

PREAMBLE

Pursuant to Government Code Section 3500 *et seq.,* representatives of the City of Montebello ("City") have met and conferred in good faith with representatives of the **Montebello Police Management Association (MPMA)**, and have reached an agreement to recommend that the City Council take the actions identified in this comprehensive Memorandum of Understanding (hereafter either "Memorandum," "MOU" or "Agreement"). Upon ratification of this Comprehensive MOU by majority vote of the bargaining unit membership as well as adoption by the City Council, all terms and conditions set forth herein shall become binding. This Comprehensive MOU supersedes Resolution 19-75 adopted by the City Council on June 26, 2019, as well as all prior MOUs, side letters and agreements between the City and the MPMA.

ARTICLE I - IMPLEMENTATION

SECTION A TERM

Period Covered. 3 Years. From 1/1/2019 To 12/31/2021.

SECTION B RECOGNITION

The **Montebello Police Management Association (MPMA)**, is the exclusive representative of the employees of the Police Captains and Police Lieutenants bargaining unit for the purpose of meeting and conferring over wages, hours, and terms and conditions of employment.

SECTION C PROVISIONS OF LAW AND SEVERABILITY CLAUSE

Except as modified herein, all relevant federal, state, and local laws apply. Should any provisions of this MOU be found to be in violation of any law, rule or regulation, the remaining provisions will remain in full force and effect for the duration of this MOU.

SECTION D INCORPORATION OF CITY CODE, RULES, AND POLICIES

This MOU memorializes changes in terms and conditions for members of the bargaining unit as well as modifications of existing City codes, rules, and policies.

Incorporation of prior MOU's references to City code, rules, and policies have been adopted during ***"Meet and Confer"*** sessions and shall be considered adopted by reference in this MOU and include the following specific City policies:

a. 2.060.590 Bilingual Pay
b. 2.060.565 Bereavement Leave
c. 2.060.226 Annual Leave
d. 2.060.227 Longevity Pay
e. 2.060.517 Educational Reimbursement Programs
f. 2.060.504 Employee Compensation and Benefits
g. 2.060.528 Education Incentive Pay

Unless the parties mutually and voluntarily agree to do so, neither party shall be obligated to negotiate over matters covered by, or within the scope of, this Agreement, during the term of this Agreement.

SECTION E CITY DEDUCTIONS AND DUES

The City agrees to conduct dues deductions.

ARTICLE I - IMPLEMENTATION

SECTION A SALARY INCREASES

City employees covered under this MOU shall receive:

The City shall increase the base salary of all MPMA unit members (whether Classic CalPERS members or CalPERS PEPRA members) as follows:

1). 6% on -schedule base salary increase effective first pay period after MPMA ratification and City Council approval of this Memorandum of Understanding (MOU) no retroactivity);

2). 6% on -schedule base salary increase effective first pay period after January 1, 2020;

3). 6% on -schedule base salary increase effective first pay period after January 1, 2021.

SECTION B ANNUAL LEAVE BANK AND CASH OUT

Effective the first pay period after MPMA ratification and City Council approval of this MOU, the Annual Leave Bank shall be increased to a maximum accrual of 700 hours, up from 520 hours. However, the annual leave cash out shall remain at 40 hours maximum once per year.

[Res19-75; 2019 – 2021]

SECTION C PAID OVERTIME FOR SPECIAL ASSIGNMENTS

Effective the first pay period after MPMA ratification and City Council approval of this MOU, all MPMA unit members shall be eligible for paid overtime at a rate of up to 1. 5 times their base salary, limited to special assignments where the overtime is fully reimbursable to the City through local, state, or federal grants, or private/ other external funding sources. The rate of overtime (up to 1. 5 times the unit member's base salary) shall be determined by written agreement with the external funding source, who shall timely reimburse the City for overtime costs expended by the City for such special assignments. All MPMA unit members receive 1.0 rate overtime for covering watch commander shifts, court appearances, internal investigations, training, and for emergency call outs.

DRAFT

[Res19-75; 2019 – 2021]

SECTION D PAYMENT UPON SEPARATION

The City shall calculate the pay rate if eligible Association members for purposes of fulfilling its obligations under Civil Service Rules and Regulations Section 227(H) by including the following "incentive pays":

a) Educational incentive including supplemental incentive pay for Supervisory and Management Certificate(s)
b) Longevity incentive
c) Bilingual incentive

[2017 side letter]

SECTION E POLICE LIEUTENANT PAY

The City agrees to compensate Police Lieutenants at the rate of straight time for the following activities;

- To cover the Patrol Watch Commander position in the event of a vacancy or to cover for sick leave; annual leave; injured on duty (IOD), when a qualified sergeant is not available to move-up as described below.
- For training; critical incidents or for call outs for homicides or major incidents.

a) A "qualified sergeant' is defined as a sergeant who is not on probation, has completed the 40 hour POST supervisor training course and has attended Title 15 training (jail operations).
b) A watch commander "vacancy" is defined as: when there is not a lieutenant or above on duty and no qualified sergeant is available to move-up to cover the watch commander position.
c) The City agrees that if overtime is required to fill the watch commander position, or a subordinate position through the move-up process, the first priority will go to the rank of Lieutenant.
d) With prior approval of the Chief of Police or Bureau Commander, Lieutenants will be compensated at the rate of straight time when assigned internal affairs investigations that require working beyond their normal working hours.

[Agreement 3027, 2014 Side letter]

SECTION F ADMINISTRATIVE LEAVE CASH OUT OR CONVERSION

Each January, employees will have the option to either cash out up to 40 hours of administrative leave or to convert up to 40 hours of administrative leave to the City's Deferred Compensation 457 Plan.

DRAFT

[Agreement 3027, 2014 Side letter]

SECTION G UNIFORM ALLOWANCE

Uniform allowance will be $950 per fiscal year.

[Res. 13-67; 2013 – 2014 MOU]

SECTION H SICK LEAVE BANK PAY OUT

Upon separation from the City, any remaining members of the Montebello Police Management Association who currently have a "pre-annual leave system" sick leave bank balance will be paid off at the rate of half of the current rate of pay.

[Res. 09-07; 2009 MOU]

ARTICLE III - RETIREMENT

SECTION A CALPERS RETIREMENT TIERS

The City offers a defined retirement benefit plan through the California Public Employees' Retirement System ("CalPERS"). There are two (2) tiers of the retirement benefit plan depending on date of hire and/or status as "new member", which define the employee contribution/cost sharing as follows:

Retirement Tier 1: Employees hired prior to January 1, 2013 or who are not "new members" under the California Public Employees' Pension Reform Act of 2013 ("PEPRA"), Gov. Code § § 7533, et seq.

Retirement Tier 2: Employees Hired on or after January 1, 2013 and who are defined by the Public Employees' Pension Reform Act (PEPRA) as "new members"

SECTION B EMPLOYEE CalPERS CONTRIBUTION

A. Classic CalPERS Members: The City agrees to pay a portion of the Classic Ca1PERS MPMA unit member's employee contribution as follows:

1). Effective July 1, 2019 and after MPMA ratification and City Council adoption of this MOU through December 31, 2019: The City shall pay a portion of the employee member contribution to CalPERS in an amount equal to 5% of pensionable income for all Classic CalPERS MPMA unit members. All such contributions shall be paid solely from funds from the Retirement Special Revenue Fund, as codified by Montebello Municipal Code section 3. 28. 020. The parties agree that in no event shall General Fund revenues be obligated to pay the employee member contribution to CalPERS. During this period, the value of the employer -paid member

contribution equal to 5% of pensionable income shall continue to be reported to CalPERS as compensation earnable pursuant to Government Code section 20636(c)(4). Each Classic CalPERS MPMA unit member shall contribute 4% of the employee member contribution of pensionable income to Ca1PERS for a total obligation by each individual Classic CalPERS MPMA unit member of 4%.

2). Effective the first Pay period after January 1 2020 through December 31 2020: The City shall pay a portion of the employee member contribution to CalPERS in an amount equal to 1% of pensionable income for all Classic CalPERS MPMA unit members. All such contributions shall be paid solely from funds from the Retirement Special Revenue Fund, as codified by Montebello Municipal Code section 3.28.020. The parties agree that in no event shall General Fund revenues be obligated to pay the employee member contribution to CalPERS. During this period, the value of the employer -paid member contribution equal to 1% of pensionable income shall continue to be reported to CalPERS as compensation earnable pursuant to Government Code section 20636(c)(4). Each Classic CalPERS MPMA unit member shall contribute an additional 4% of the employee member contribution of pensionable income to CalPERS for a total obligation by each Classic CalPERS MPMA unit member of 8%.

3). Effective the first pay period after January 1. 2021: The City shall no longer make contributions towards the employee member contribution to CalPERS for any Classic CalPERS MPOA unit members. Each Classic CalPERS MPMA unit member shall contribute an additional 4% of the employee member contribution of pensionable income to CalPERS for a total obligation by each Classic CalPERS MPMA unit member of 12%.

B. CalPERS PEPRA Members (as defined by CalPERS): CalPERS PEPRA MPMA unit members shall continue to pay their obligatory "half the actuarial normal cost of their pension benefit (as determined and regularly adjusted by CalPERS). The current one- half obligation for each PEPRA unit member is 11.25% but will increase effective July 2019 to 12.25%, with potential mandated upward adjustments thereafter (which shall be the full responsibility of the PEPRA MPMA unit member. The City is prohibited by laws governing PEPRAs from paying any portion of the member contribution for PEPRA members.

ARTICLE IV - POST-RETIREMENT BENEFITS

SECTION A RETIREE HEALTH BENEFITS

Full-time active MPMA safety unit members hired prior to the date this Tentative Agreement is approved by the City Council (after MPMA ratification) or who immediately prior to joining the MPMA unit served as full- time active MPOA safety unit members;

The City agrees to continue to provide the Retiree Health Benefit, with qualifying prerequisites, terms and provisions as previously agreed to in the Memorandum of Understanding between the City and MPMA for the 2003- 2004 negotiations to all full-time MPMA or MPOA members hired prior to the date this Tentative Agreement is approved by the City Council (following ratification by MPMA). The terms and eligibility requirements remain and are clarified as follows:

1) The Retiree Health Benefit will be paid to eligible members throughout the employee's lifetime. Currently, continuation of benefits after a unit member's eligibility for Medicare is paid for the employee only (not to survivors) through a Trust Account to which the City currently contributes 1% of a unit member's salary. Should the Trust assets, at any fiscal year end, be less than three times the current annualized benefits due, the City and MPMA shall meet and confer.

2) The Retiree Health Benefit will not apply to the employee's survivors.

3) To be eligible, the unit member:

a). Must currently be employed as an active full-time safety unit member of the MPMA;

b) Must be at least 50 years of age (no minimum age requirement for disability retirement);

c) Must retire directly from the City of Montebello;

d) Must have at least 15 full- time years of active City service at the time of service retirement the 15 years does not have to be the result of contiguous employment however, the employee's last five years of employment immediately prior to retirement must be as an active, full-time safety unit employee of the City), or at least 10 full years of active City service at the time of disability retirement. To be eligible for lifetime retiree medical benefits, all 15 years of service (10 years for disability retirement) must be within the City of Montebello. Prior lateral service does not count toward retiree health benefits.

4) The monthly retiree benefit for MPMA unit members with less than 25 years of fulltime active service will be determined by the number of full years of City service multiplied by $25.00. Examples of calculations are as follows: 15 years of City service multiplied by $25.00 = $375 per month; 24 years of City service multiplied by 25.00 = $ 600 per month, The monthly retiree benefit only for MPMA unit members with 25 full years or more of active City service shall not be determined by the number of full years of City service multiplied by $ 25.00, rather all MPMA unit members who retire with 25 years or more of active full-time City service shall receive a flat rate equal to the value of the City's medical allowance for current MPMA unit members (currently $1,090). The retiree benefit for qualified disability retirement will be calculated in the same manner as for service retirements.

DRAFT

5) The monthly amount payable will be reduced by any amount paid by the City on the retiree' s behalf toward medical insurance or any amount required to be paid by the City for any local, state, or deferral government retirement or medical plan or law.

6) The City will issue a warrant to the retired employee on a monthly basis for the amount of retiree benefit paid to the employee. These amounts will be considered taxable to the retiree. Retired employees may enroll in any health plan of their choice or may choose not to enroll in a health plan at their discretion.

B. Full- time unit members hired after the date this Tentative Agreement is approved by the City Council:

All full- time unit members hired after the date this Tentative Agreement is approved by the City Council shall only, commencing the month following one full month of retirement and continuing through the period prescribed by law, receive the minimum employer health premium contribution as prescribed by Government Code section 22892 of the Public Employees' Medical and Hospital Care Act (PEMHCA). The retiree must be and remain enrolled in an eligible health benefit plan in order for the City to be obligated to pay the prescribed premium.

2.060.226 Annual Leave Benefits

Purpose

The purpose of this policy is to provide comprehensive guide for City employees on earning, accruing, and utilizing their annual leave benefits.

Policy

It is the policy of the City to provide qualifying employees with annual leave benefits. Annual leave shall be earned and accrued as outlined in the schedules listed in the procedures:

Procedure

A. ANNUAL LEAVE EARNED: Employees shall be credited with annual leave from the start of their employment. Absence without pay shall cause said pay period's accrual of leave to be reduced on a prorated basis. Annual leave accrual amounts shall be based on classification and bi-weekly accrual rates shall be based on shifts:

ANNUAL LEAVE ACCRUAL (IN WORK HOURS)

YEARS OF COMPLETED SERVICE	Police Officer, Sergeant, Lieutenant	Fire Shift Personnel	All Other Personnel
Less than 5	240 hours	348 hours	232 hours*
5 but less than 10	280 hours	403 hours	272 hours*
10 but less than 15	280 hours	414 hours	280 hours*
15	288 hours	425 hours	288 hours*

16	296 hours	436 hours	296 hours*
17	304 hours	447 hours	304 hours*
18	312 hours	458 hours	312 hours*
19	320 hours	458 hours	312 hours*

B. ANNUAL LEAVE ACCRUAL CAPS: Employees shall accrue annual leave from the start of their employment. Accrued annual leave may be carried over from year-to-year based on classification, maximum allowed leave accrual, and prior employee MOU agreements described below:

Bargaining Unit	**Less than 5 years**	**5 but less than 15**	**15 or more**
Montebello Fire Management Association	590	645	700
• Fire Marshal	440	480	520
Montebello Police Officers' Association	440	480	700

DRAFT

Association			
Un-represented full-time employees	480	520	560

a. The annual leave accrual includes hours for holidays declared pursuant to Montebello Municipal Code Section 2.60.340. Those employees whose regular work schedule permits the observance of holidays established pursuant to Montebello Municipal Code Section 2.60.340 shall report available annual leave use for the holiday time.

b. During the probationary period of employment, employees except those who do not receive paid holidays, including designated positions in the Police Department, are not authorized to use annual leave except for absences due to illness, disability, or injury. After the first year of employment, employees shall be required to use not less than ten (10) days of annual leave in each year of employment.

C. USING ANNUAL LEAVE:

1. Each appointing authority shall be responsible for scheduling the annual leave periods of employees in such a manner as to achieve the most efficient functioning of the department or agency and of the City service. Annual leave shall be scheduled respecting the wishes of the employee so far as such are compatible with the needs of the service as determined by the appointing authority.
2. Employees claiming illness or injury as grounds for unscheduled usage of annual leave, or for any use of remaining sick leave balances, may be required to furnish a certificate issued by a licensed physician or other satisfactory evidence of illness or injury. Any person absent from work due to illness or injury shall notify his or her supervisor on the first day of such leave and as often thereafter as directed by his or her supervisor. The form and time of notice by the employee of such absences shall be determined by the appointing authority.

3. An employee absent due to his/her illness or injury for more than five (5) consecutive days may use remaining sick leave balances for such illness or injury prior to using further annual leave.
4. An employee absent due to his/her illness or injury for more than five (5) cumulative days during any calendar year may, with the approval of the appointing authority, use remaining sick leave balance for absences due to further illness or injuries prior to using further annual leave.
5. Pregnancy necessitating medical leave is considered and treated like all disabilities of a non-industrial nature and remaining sick leave balances may be utilized on the same terms and conditions specified herein.
6. Any employee absent for a period of five (5) consecutive work days due to illness or injury may, at the discretion of his appointing authority or the Director of Human Resources, be required to take a physical and/or psychological examination before returning to active duty. Such examination shall be performed by a qualified medical professional designated by the Director of Human Resources, shall be at City expense, and shall be required solely to determine whether the employee continues to possess the required physical and/or psychological fitness and ability to perform the essential functions of the job.
7. Illness or Injury While on Annual Leave: Remaining sick leave balances may be used in the event of illness or injury while an employee is on authorized annual leave, provided that such illness or injury would otherwise be an authorized use, under the section of such sick leave balances.
8. In the event of severe illness in the immediate family, up to three (3) days of leave for each such instance may be used in the same manner as actual illness or injury to the employee under this section. "Severe illness" is defined as a life-threatening condition requiring hospitalization. "Immediate family" shall mean the employee's father, mother, brother, sister, mother-in-law, father-in-law, spouse, or child of the employee.

DRAFT

D. PAYMENT UPON SEPARATION: Any employee who terminates employment with the City shall be paid at the then prevailing hourly rate of pay for each hour of earned annual leave based on the pay rate in effect for such employee on the last day actually worked, spent on authorized leave, or spent on authorized time off as compensation for working overtime.

E. RATE OF PAY WHILE ON ANNUAL LEAVE: While on annual leave officers and employees shall be compensated at the same salary rate they would have received if they had been on the job.

F. ANNUAL LEAVE ACCRUAL WHILE ON TEMPORARY DISABILITY: An officer or employee who is entitled to temporary disability indemnity under Division 4 or Division 4.5 of the Labor Code, other than an officer or employee entitled to benefits under Section 4850 of the Labor Code, shall not accrue annual leave during the period for which temporary disability indemnity is received; provided however, that such accrual shall be provided for the first thirty (30) days of such temporary disability.

G. ANNUAL LEAVE ACCRUAL WHEN PERMANENTLY DISABLED: Annual leave shall not be used to continue the salary of any employee after it has been determined that such employee is unable to perform the essential functions of the position held by such employee, with or without reasonable accommodation, due to a permanent disability, or that such employee, by similar reason, presents a significant risk of substantial harm to the health or safety of himself or others, and is eligible for retirement.

DRAFT

2.060.517 Education Reimbursement Program

Purpose:

To define who and under what circumstances City employees may receive education reimbursement and to outline the procedure by which reimbursement may be obtained.

Policy:

A. Applications for education reimbursement must be from full-time, non-temporary, employees of the City. (Probationary employees will be considered eligible.)

B. Course(s) selected must be of such a nature that it benefits the City and better enables the employee to carry out present duties and will prepare the employee for increased responsibilities and/or promotion. **(An employee seeking a college degree will be eligible for reimbursement for those courses that qualify them for such degree. However, the declared major must have reasonable relevance to the job.)**

C. Courses other than those qualifying for reimbursement under paragraph B may be approved for reimbursement under this policy with the prior approval of the Director of Human Resources and the City Administrator upon submission of justification by the Appointing Authority. However, costs associated with non-classroom thesis production courses are not subject to reimbursement.

D. Employees desiring reimbursement must attend such courses on their own time after work hours and must complete the course with a passing grade of at least "C" or equivalent.

E. Reimbursement will be made for tuition at rates specified in H below, books, fire certification, lab fees, and all other fees required to take a class or classes. **Student body fees will be included; however, parking fees are excluded from reimbursement.**

F. Should an employee separate from the City's service within one year after beginning any course reimbursed by the City, the cost of such course will be

deducted from the employee's last paycheck. The Director of Human Resources shall be responsible for informing the Finance Department of any such amounts to be deducted.

G. Approval will be limited to courses taken at accredited universities, state colleges and community colleges, approved correspondence courses, high school and adult education, technical and vocational schools.

H. Employees may attend any accredited or other institution approved by the City Manager or designee. **However, education reimbursement rates are based on current California State University rates. A cap of $1,500 per fiscal year will be granted to each eligible employee, with the exception of members of the Montebello Police Officers' Association who's members have an annual maximum of $2,000.**

I. Employees scheduled by the City to take specialized courses or special seminars on work time will not be subject to the requirements of this policy.

Procedure:

A. In order for an employee to be eligible to receive reimbursement for tuition, fees and books, or fire certification by the State Fire Marshal, he/she must acquire prior approval of the course(s) from the Department Head, the Director of Human Resources and City Manager by submitting the Course Approval Form. This form shall be returned to the Department Head upon approval by the Director of Human Resources and the City Manager.

B. Upon receiving verification of enrollment and grade or certification, with receipts for tuition and books or for fire certification, the Department Head will submit the Educational Reimbursement Application to the Director of Human Resources with the approved Course Approval Form and a Request to Issue a Warrant made out to the employee receiving the reimbursement. **Documentation must be submitted within two months of class completion.**

C. Upon timely receipt of these materials, the Director of Human Resources shall have the responsibility for processing the claim for reimbursement.

2.060.504 Employee Compensation and Benefits

Purpose

Is to provide a description of the City's employee compensation and benefits packages.

Policy

It is the policy of the City to recognize the significant role that its workforce plays in fulfilling its public service mission. The City recognizes that maintaining a competitive compensation system is critical to its goal of delivering public services to its citizens. Therefore, the City strives to provide compensation for its employees to attract qualified applicants, retain employees who are equally committed to public service, and motivate employees to maintain the highest standards of performance.

A. With this goal in mind, the City shall compensate employees in accordance with decisions made by Council as budgets are set. Pay for positions are subject to the annual budgetary process and current employee organization MOU's; and as such, may be subject to increase, reduction, or status quo maintenance for fixed time periods.

B. ***TOTAL COMPENSATION PHILOSOPHY:*** The City is committed to providing a range of public services to its citizens by fostering an environment that embraces respect for the worth of each employee and to pursue the same towards its total compensation package that includes salary and benefits. The City's philosophy is consistent across units with practices that may differ to meet the unique needs of division, department, employee classifications and performance. The City's total compensation package is guided by the following principles:

1. The City's total compensation package shall be reviewed against appropriately defined labor markets.
2. The City's total compensation package shall comply with all applicable state and federal laws.

DRAFT

3. Salaries are managed through a simple, clear program that is consistent with the City's strategic and organizational objectives.

C. The Council reserves the right to make budget adjustments, and consequently direct pay adjustments during the budget year in order to manage their fiscal responsibilities or deal with unforeseen circumstances that justify or require changes to City expenditures.

Procedure

A. ***Compensation (Salary) Schedules:*** All employee classifications shall receive a salary that is approved by City Council resolution each fiscal year.

B. ***Benefits:*** In coordination with employee organizations MOU's, funding abilities, state and federal laws, and the City's total compensation philosophy, the following benefits are afforded to the full-time employees of the City of Montebello:

C. HEALTH INSURANCE THROUGH PEMHCA

a. The City and the Association agree to contract for health benefits coverage through the Public Employees' Retirement System under the Public Employees' Medical Health Care Act (PEMHCA) Section 22751 et seq. of the Government Code. [MPOA 1985 MOU]

D. HEALTH INSURANCE CITY CONTRIBUTION

a. Effective March 27, 2008, the City will contribute the following amounts toward full-time employees' medical, dental & vision insurance:

COVERAGE	TOTAL CITY CONTRIBUTION)
1 Party	Full coverage
2 Party	$840.00
3 Party	$1,090.00

[2008 reopener]

b. Part-time employees who have become eligible for CalPERS membership and have worked 1000 hours in a fiscal year:
    i. The contribution toward hourly EE's insurance who were eligible before 7/1/92 will be at the rate needed to fully pay 1 party coverage in the plan selected by the EE. For hourly EE who became eligible for insurance on or after 7/1/92 the City contribution toward the insurance package will be at the rate needed to pay 50% of one party coverage in the plan selected by the employee. [Res. 97-109]

E. Medical Insurance Opt-out Incentive

a. An opt-out incentive is afforded to full-time and those hourly employees, who have benefits and were hired prior to 8/11/92, who decline the City's medical, dental and vision insurance package.
b. Proof of medical coverage elsewhere will be required annually to continue participation in the cash incentive program.
c. The monthly Medical Insurance Opt-Out incentive is $350.00
d. The monthly Medical Insurance Opt-Out incentive shall be computed when calculating overtime as applicable.
e. The monthly Medical Insurance Opt-Out incentive shall be reported as Special Compensation to CalPERS as applicable.
f. Employees who have an alternative source of health insurance must provide minimum essential health coverage pursuant to the U. S. Patient Protection and Affordable Care Act (ACA), and cover both the employee and all individuals in the employee' s expected tax family, if any. During open enrollment or as otherwise required by the City, the employee must each year provide the City with an attestation or other reasonable documentation, subject to the City' s approval confirming such alternate coverage. According to the ACA, the City must not make payment if the

[Res. 10-23, 2010]

ARTICLE III - RETIREMENT PROVISIONS

SECTION A CALPERS RETIREMENT TIERS

The City offers a defined retirement benefit plan through the California Public Employees' Retirement System ("CalPERS"). There are two (2) tiers of the retirement benefit plan depending on date of hire and/or status as "new member", which define the employee contribution/cost sharing as follows:

Retirement Tier 1: Employees hired prior to January 1, 2013 or who are not "new members" under the California Public Employees' Pension Reform Act of 2013 ("PEPRA"), Gov. Code § § 7533, et seq.

Retirement Tier 2: Employees Hired on or after January 1, 2013 and who are defined by the Public Employees' Pension Reform Act (PEPRA) as "new members".

SECTION B EMPLOYEE CALPERS CONTRIBUTION

Classic CalPERS Members: The City agrees to pay a portion of the Classic CalPERS unit member's employee contribution as follows:

1). Effective July 1, 2019 and after MFMA ratification and City Council adoption of this MOU through December 31, 2019: The City shall pay a portion of the employee member contribution to CalPERS in an amount equal to (5%) of pensionable income for all Classic CalPERS unit members. All such contributions shall be paid solely from funds from the Retirement Special Revenue Fund, as codified by Montebello Municipal Code section 3. 28. 020. The parties agree that in no event shall General Fund revenues be obligated to pay the employee member contribution to CalPERS. Each Classic CalPERS unit member shall contribute 4% of the employee member contribution of pensionable income to CalPERS for a total obligation by each individual Classic CalPERS unit member of (4%).

2). Effective the first pay period after January 1, 2020 through December 31, 2020: The City shall pay a portion of the employee member contribution to CalPERS in an amount equal to (1%) of pensionable income for all Classic CalPERS unit members. All such contributions shall be paid solely from funds from the Retirement Special Revenue Fund, as codified by Montebello Municipal Code section 3. 28. 020. The parties agree that in no event shall General Fund revenues be obligated to pay the employee member contribution to CalPERS. Each Classic CalPERS unit member shall contribute an additional (4%) of the employee member contribution of pensionable income to Ca1PERS for a total obligation by each Classic CalPERS unit member of 8%.

3). Effective the first pay period after January 1, 2021: The City shall no longer make contributions towards the employee member contribution to CalPERS for any Classic CalPERS unit members. Each Classic CalPERS unit member shall contribute an additional (4%) of the employee member contribution of pensionable income to CalPERS for a total obligation by each Classic CalPERS unit member of (12%).

ARTICLE IV - POST RETIREMENT BENEFITS

SECTION A RETIREE HEALTH BENEFITS

A. Full- time unit members hired prior to the date of a new MOU is adopted by the City Council:

The City agrees to continue to provide the Retiree Health Benefit, with qualifying prerequisites, terms and provisions as previously agreed to in the Memorandum of Understanding between the City and MFMA for the 2008 Re -Opener negotiations, to all full- time unit members hired prior to the date a new MOU is adopted by the City Council.

The terms and eligibility requirements remain as follows:
1) The Retiree Health Benefit will be paid to eligible members throughout the employee's lifetime or until the employee qualifies for Medicare under the federal Social Security Act.

2) The Retiree Health Benefit will not apply to the employee's survivors.

3) To be eligible, the unit member:
a). Must currently be employed as an active full- time safety unit member of the MFMA;
b) Must be at least 50 years of age (no minimum age requirement for disability retirement);
c) Must retire directly from the City of Montebello;
d) Must have at least (15) full- time years of active City service at the time of service retirement (the 15 years does not have to be the result of contiguous employment however, the employee's last five years of employment immediately prior to retirement must be as an active, full-time employee of the City), or at least (10) full years of active City service at the time of disability retirement.

4) The monthly retiree benefit will be determined by the number of full years of City service multiplied by $ 25. 00. The maximum benefit allowable will be calculated at 25 years of active City service. The retiree benefit for qualified disability retirement will be calculated in the same manner as for service retirements. Examples of calculations are as follows: 15 years of City service multiplied by $ 25. 00 = $ 375 per month; 25 years of City service multiplied by $ 25. 00 = $ 625 per month, which is the maximum benefit allowable.

5) The monthly amount payable will be reduced by any amount paid by the City on the retiree's behalf toward medical insurance or any amount required to be paid by the City for any local, state, or deferral government retirement or medical plan or law.

6) The retiree will begin receiving the monthly retiree benefit beginning the month following one full month of retirement. The retiree benefit will be paid throughout the retired employee's lifetime or until the employee qualified for Medicare under the federal Social Security Act.

7) The City will issue a warrant to the retired employee on a monthly basis for the amount of retiree benefit paid to the employee. These amounts will be considered taxable to the retiree. Retired employees may enroll in any health plan of their choice or may choose not to enroll in a health plan at their discretion.

B. Full- time unit members hired after the date of a new MOU is adopted by the City Council:

All full- time unit members hired after the date a new MOU is adopted by the City Council shall only, commencing the month following one full month of retirement, receive the minimum employer health premium contribution as prescribed by Government Code section 22892 of the Public Employees' Medical and Hospital

Care Act (PEMHCA). The retiree must be and remain enrolled in an eligible health benefit plan in order for the City to be obligated to pay the prescribed premium.

[Res. 19-73, 2019 – 2021 MOU]

ARTICLE V - EFFECTIVE DATE AND TERM OF AGREEMENT

This MOU shall be of no force and effect unless or until adopted by City Council. If adopted, the term of this MOU shall be for **3** Years. **From 1/1/2019 To 12/31/2021.**

DRAFT

2.060.226 Annual Leave Benefits

Purpose

The purpose of this policy is to provide comprehensive guide for City employees on earning, accruing, and utilizing their annual leave benefits.

Policy

It is the policy of the City to provide qualifying employees with annual leave benefits. Annual leave shall be earned and accrued as outlined in the schedules listed in the procedures:

Procedure

A. ANNUAL LEAVE EARNED: Employees shall be credited with annual leave from the start of their employment. Absence without pay shall cause said pay period's accrual of leave to be reduced on a prorated basis. Annual leave accrual amounts shall be based on classification and bi-weekly accrual rates shall be based on shifts:

ANNUAL LEAVE ACCRUAL (IN WORK HOURS)

YEARS OF COMPLETED SERVICE	Police Officer, Sergeant, Lieutenant	Fire Shift Personnel	All Other Personnel
Less than 5	240 hours	348 hours	232 hours*
5 but less than 10	280 hours	403 hours	272 hours*
10 but less than 15	280 hours	414 hours	280 hours*
15	288 hours	425 hours	288 hours*

Montebello Mid-Management	480	520	560

DRAFT

Association			
Un-represented full-time employees	480	520	560

a. The annual leave accrual includes hours for holidays declared pursuant to Montebello Municipal Code Section 2.60.340. Those employees whose regular work schedule permits the observance of holidays established pursuant to Montebello Municipal Code Section 2.60.340 shall report available annual leave use for the holiday time.

b. During the probationary period of employment, employees except those who do not receive paid holidays, including designated positions in the Police Department, are not authorized to use annual leave except for absences due to illness, disability, or injury. After the first year of employment, employees shall be required to use not less than ten (10) days of annual leave in each year of employment.

C. USING ANNUAL LEAVE:

1. Each appointing authority shall be responsible for scheduling the annual leave periods of employees in such a manner as to achieve the most efficient functioning of the department or agency and of the City service. Annual leave shall be scheduled respecting the wishes of the employee so far as such are compatible with the needs of the service as determined by the appointing authority.
2. Employees claiming illness or injury as grounds for unscheduled usage of annual leave, or for any use of remaining sick leave balances, may be required to furnish a certificate issued by a licensed physician or other satisfactory evidence of illness or injury. Any person absent from work due to illness or injury shall notify his or her supervisor on the first day of such leave and as often thereafter as directed by his or her supervisor. The form and time of notice by the employee of such absences shall be determined by the appointing authority.

DRAFT

3. An employee absent due to his/her illness or injury for more than five (5) consecutive days may use remaining sick leave balances for such illness or injury prior to using further annual leave.
4. An employee absent due to his/her illness or injury for more than five (5) cumulative days during any calendar year may, with the approval of the appointing authority, use remaining sick leave balance for absences due to further illness or injuries prior to using further annual leave.
5. Pregnancy necessitating medical leave is considered and treated like all disabilities of a non-industrial nature and remaining sick leave balances may be utilized on the same terms and conditions specified herein.
6. Any employee absent for a period of five (5) consecutive work days due to illness or injury may, at the discretion of his appointing authority or the Director of Human Resources, be required to take a physical and/or psychological examination before returning to active duty. Such examination shall be performed by a qualified medical professional designated by the Director of Human Resources, shall be at City expense, and shall be required solely to determine whether the employee continues to possess the required physical and/or psychological fitness and ability to perform the essential functions of the job.
7. Illness or Injury While on Annual Leave: Remaining sick leave balances may be used in the event of illness or injury while an employee is on authorized annual leave, provided that such illness or injury would otherwise be an authorized use, under the section of such sick leave balances.
8. In the event of severe illness in the immediate family, up to three (3) days of leave for each such instance may be used in the same manner as actual illness or injury to the employee under this section. "Severe illness" is defined as a life-threatening condition requiring hospitalization. "Immediate family" shall mean the employee's father, mother, brother, sister, mother-in-law, father-in-law, spouse, or child of the employee.

DRAFT

D. PAYMENT UPON SEPARATION: Any employee who terminates employment with the City shall be paid at the then prevailing hourly rate of pay for each hour of earned annual leave based on the pay rate in effect for such employee on the last day actually worked, spent on authorized leave, or spent on authorized time off as compensation for working overtime.

E. RATE OF PAY WHILE ON ANNUAL LEAVE: While on annual leave officers and employees shall be compensated at the same salary rate they would have received if they had been on the job.

F. ANNUAL LEAVE ACCRUAL WHILE ON TEMPORARY DISABILITY: An officer or employee who is entitled to temporary disability indemnity under Division 4 or Division 4.5 of the Labor Code, other than an officer or employee entitled to benefits under Section 4850 of the Labor Code, shall not accrue annual leave during the period for which temporary disability indemnity is received; provided however, that such accrual shall be provided for the first thirty (30) days of such temporary disability.

G. ANNUAL LEAVE ACCRUAL WHEN PERMANENTLY DISABLED: Annual leave shall not be used to continue the salary of any employee after it has been determined that such employee is unable to perform the essential functions of the position held by such employee, with or without reasonable accommodation, due to a permanent disability, or that such employee, by similar reason, presents a significant risk of substantial harm to the health or safety of himself or others, and is eligible for retirement.

2.060.517 Education Reimbursement Program

Purpose:

To define who and under what circumstances City employees may receive education reimbursement and to outline the procedure by which reimbursement may be obtained.

Policy:

A. Applications for education reimbursement must be from full-time, non-temporary, employees of the City. (Probationary employees will be considered eligible.)

B. Course(s) selected must be of such a nature that it benefits the City and better enables the employee to carry out present duties and will prepare the employee for increased responsibilities and/or promotion. **(An employee seeking a college degree will be eligible for reimbursement for those courses that qualify them for such degree. However, the declared major must have reasonable relevance to the job.)**

C. Courses other than those qualifying for reimbursement under paragraph B may be approved for reimbursement under this policy with the prior approval of the Director of Human Resources and the City Administrator upon submission of justification by the Appointing Authority. However, costs associated with non-classroom thesis production courses are not subject to reimbursement.

D. Employees desiring reimbursement must attend such courses on their own time after work hours and must complete the course with a passing grade of at least "C" or equivalent.

E. Reimbursement will be made for tuition at rates specified in H below, books, fire certification, lab fees, and all other fees required to take a class or classes. **Student body fees will be included; however, parking fees are excluded from reimbursement.**

F. Should an employee separate from the City's service within one year after beginning any course reimbursed by the City, the cost of such course will be

DRAFT

deducted from the employee's last paycheck. The Director of Human Resources shall be responsible for informing the Finance Department of any such amounts to be deducted.

G. Approval will be limited to courses taken at accredited universities, state colleges and community colleges, approved correspondence courses, high school and adult education, technical and vocational schools.

H. Employees may attend any accredited or other institution approved by the City Manager or designee. **However, education reimbursement rates are based on current California State University rates. A cap of $1,500 per fiscal year will be granted to each eligible employee, with the exception of members of the Montebello Police Officers' Association who's members have an annual maximum of $2,000.**

I. Employees scheduled by the City to take specialized courses or special seminars on work time will not be subject to the requirements of this policy.

Procedure:

A. In order for an employee to be eligible to receive reimbursement for tuition, fees and books, or fire certification by the State Fire Marshal, he/she must acquire prior approval of the course(s) from the Department Head, the Director of Human Resources and City Manager by submitting the Course Approval Form. This form shall be returned to the Department Head upon approval by the Director of Human Resources and the City Manager.

B. Upon receiving verification of enrollment and grade or certification, with receipts for tuition and books or for fire certification, the Department Head will submit the Educational Reimbursement Application to the Director of Human Resources with the approved Course Approval Form and a Request to Issue a Warrant made out to the employee receiving the reimbursement. **Documentation must be submitted within two months of class completion.**

DRAFT

C. Upon timely receipt of these materials, the Director of Human Resources shall have the responsibility for processing the claim for reimbursement.

DRAFT

2.060.504 Employee Compensation and Benefits

Purpose

Is to provide a description of the City's employee compensation and benefits packages.

Policy

It is the policy of the City to recognize the significant role that its workforce plays in fulfilling its public service mission. The City recognizes that maintaining a competitive compensation system is critical to its goal of delivering public services to its citizens. Therefore, the City strives to provide compensation for its employees to attract qualified applicants, retain employees who are equally committed to public service, and motivate employees to maintain the highest standards of performance.

A. With this goal in mind, the City shall compensate employees in accordance with decisions made by Council as budgets are set. Pay for positions are subject to the annual budgetary process and current employee organization MOU's; and as such, may be subject to increase, reduction, or status quo maintenance for fixed time periods.

B. ***TOTAL COMPENSATION PHILOSOPHY:*** The City is committed to providing a range of public services to its citizens by fostering an environment that embraces respect for the worth of each employee and to pursue the same towards its total compensation package that includes salary and benefits. The City's philosophy is consistent across units with practices that may differ to meet the unique needs of division, department, employee classifications and performance. The City's total compensation package is guided by the following principles:

1. The City's total compensation package shall be reviewed against appropriately defined labor markets.
2. The City's total compensation package shall comply with all applicable state and federal laws.
3. Salaries are managed through a simple, clear program that is consistent with the City's strategic and organizational objectives.

DRAFT

C. The Council reserves the right to make budget adjustments, and consequently direct pay adjustments during the budget year in order to manage their fiscal responsibilities or deal with unforeseen circumstances that justify or require changes to City expenditures.

Procedure

A. ***Compensation (Salary) Schedules:*** All employee classifications shall receive a salary that is approved by City Council resolution each fiscal year.

B. ***Benefits:*** In coordination with employee organizations MOU's, funding abilities, state and federal laws, and the City's total compensation philosophy, the following benefits are afforded to the full-time employees of the City of Montebello:

C. HEALTH INSURANCE THROUGH PEMHCA

a. The City and the Association agree to contract for health benefits coverage through the Public Employees' Retirement System under the Public Employees' Medical Health Care Act (PEMHCA) Section 22751 et seq. of the Government Code. [MPOA 1985 MOU]

D. HEALTH INSURANCE CITY CONTRIBUTION

a. Effective March 27, 2008, the City will contribute the following amounts toward full-time employees' medical, dental & vision insurance:

COVERAGE	TOTAL CITY CONTRIBUTION)
1 Party	Full coverage
2 Party	$840.00
3 Party	$1,090.00

[2008 reopener]

b. Part-time employees who have become eligible for CalPERS membership and have worked 1000 hours in a fiscal year:
    i. The contribution toward hourly EE's insurance who were eligible before 7/1/92 will be at the rate needed to fully pay 1 party coverage in the plan selected by the EE. For hourly EE who became eligible for insurance on or after 7/1/92 the City contribution toward the insurance package will be at the rate needed to pay 50% of one party coverage in the plan selected by the employee. [Res. 97-109]

E. Medical Insurance Opt-out Incentive

a. An opt-out incentive is afforded to full-time and those hourly employees, who have benefits and were hired prior to 8/11/92, who decline the City's medical, dental and vision insurance package.
b. Proof of medical coverage elsewhere will be required annually to continue participation in the cash incentive program.
c. The monthly Medical Insurance Opt-Out incentive is $350.00
d. The monthly Medical Insurance Opt-Out incentive shall be computed when calculating overtime as applicable.
e. The monthly Medical Insurance Opt-Out incentive shall be reported as Special Compensation to CalPERS as applicable.
f. Employees who have an alternative source of health insurance must provide minimum essential health coverage pursuant to the U. S. Patient Protection and Affordable Care Act (ACA), and cover both the employee and all individuals in the employee' s expected tax family, if any. During open enrollment or as otherwise required by the City, the employee must each year provide the City with an attestation or other reasonable documentation, subject to the City' s approval confirming such alternate coverage. According to the ACA, the City must not make payment if the City knows that the employee or family member does not have the alternative coverage.

2.060.528 Education Incentive Pay

Purpose

The Education Incentive Pay program rewards employees who take the initiative to increase their job worth by gaining job-related knowledge, behaviors, and personal and professional skills to significantly enhance their value to their department and the City.

Policy

The City will pay the agreed upon amount for education as agreed upon by City Council resolution.

Procedure

Each department will keep track of their employees' education and training. The department will issue a personnel action form to the Human Resources Department to reflect the start of eligibility and the monthly amount based on the employees' collective bargaining agreement.

MONTEBELLO POLICE MANAGEMENT ASSOCIATION

The City agrees to provide education incentive pay as follows:

Degree or Certificate	Compensation
A.A. or Intermediate POST	$250/month
B.A./B.S. or Advanced POST	$400/month

The above education incentive pay shall not be compounded if an employee holds more than one of the above qualifying degrees or POST (Peace Officer Standards and Training) certificates. Instead, the total amount of educational incentive pay for possessing any of the above qualifying degrees or certificates shall be capped at the amount associated with the highest qualifying degree or certificate possessed.

DRAFT

The City also agrees to establish a supplemental educational incentive pay for those employees that possess a supervisory or management POST certificate as follows:

Supervisory Certificate	$150/month
Management Certificate	$150/month

This supplemental educational incentive pay for possessing a supervisory and/or management POST certificate shall be in addition to any educational incentive pay earned for possessing one of the qualifying degrees or POST certificates as set forth above.

[Res. 15-89, 2015 – 2017 MOU]

MONTEBELLO FIRE MANAGEMENT ASSOCIATION

Effective the first pay period after MFMA ratification and City Council adoption of this MOU, the City agrees to provide an education incentive to unit members as follows and such incentives shall supersede and replace previous education incentives provided to unit members:

A. $ 250/ month for Firefighter 1 Certificate or AA/AS or 60 units
B. $ 400/ month for Firefighter II Certificate or BA/ BS or 120 units
C. $ 600/ month for Company Officer Certificate

The aforementioned education incentives shall not be stackable or cumulative. The unit MFMA member is entitled to a maximum of one education incentive at a time.

[Res. 19-73, 2019 – 2021 MOU]

MONTEBELLO POLICE OFFICERS' ASSOCIATION

The City agrees to increase education incentive pay as follows:

DEGREE OR CERTIFICATE	INCREASE FROM	INCREASE TO
A.A. or Intermediate POST	$150/month	$250/month
B.A./B.S. or Advanced POST	$300/month	$400/month
Supervisory	$150/month	

The above educational incentive pay shall not be compounded if an employee holds more than one of the above qualifying degrees or POST (Peace Officer Standards and Training) certificate. Instead, the total the total amount of educational incentive pay for possessing any of the above qualifying degrees or certificates shall be capped at the amount associated with the highest qualifying degree or certificate possessed.

The City also agrees to establish a supplemental educational incentive pay for those employees that possess a supervisory POST certificate in the amount of $150/month. This supplemental educational incentive pay for possessing a supervisory POST certificate shall be in addition to any educational incentive pay earned for possessing one of the qualifying degrees or certificates as set forth above.

The **Montebello Mid-Management Association (MMMA)**, is the exclusive representative of the employees of the LISTED IN EXHIBIT 1, a bargaining unit for the purpose of meeting and conferring over wages, hours, and terms and conditions of employment.

SECTION C PROVISIONS OF LAW AND SEVERABILITY CLAUSE

Except as modified herein, all relevant federal, state, and local laws apply. Should any provisions of this MOU be found to be in violation of any law, rule or regulation, the remaining provisions will remain in full force and effect for the duration of this MOU.

SECTION D INCORPORATION OF CITY CODE, RULES, AND POLICIES

This MOU memorializes changes in terms and conditions for members of the bargaining unit as well as modifications of existing City codes, rules, and policies.

Incorporation of prior MOU's references to City code, rules, and policies have been adopted during ***"Meet and Confer"*** sessions and shall be considered adopted by reference in this MOU and include the following specific City policies:

a. 2.060.590 Bilingual Pay
b. 2.060.565 Bereavement Leave
c. 2.060.226 Annual Leave
d. 2.060.227 Longevity Pay

e. 2.060.517 Educational Reimbursement Programs
f. 2.060.504 Employee Compensation and Benefits

Unless the parties mutually and voluntarily agree to do so, neither party shall be obligated to negotiate over matters covered by, or within the scope of, this Agreement, during the term of this Agreement.

SECTION E CITY DEDUCTIONS AND DUES

The City agrees to conduct dues deductions.

ARTICLE II - COMPENSATION

SECTION A SALARY INCREASES

a. Classic CalPERS members
   i. Three percent (3%) base salary increase effective first pay period after City Council adoption of this MOU [JUNE 26, 2019]
   ii. Four percent (4%) base salary increase effective first pay period after January 1, 2020
   iii. Four percent (4%) base salary increase effective first pay period after January 1, 2021

b. New Ca1PERS members ("PEPRA members")
   i. Three percent (3%) base salary increase effective first pay period after City Council adoption of this MOU [JUNE 26, 2019]
   ii. Four percent (4%) base salary increase effective first pay period after January 1, 2020.
   iii. Four percent (4%) base salary increase effective first pay period after January 1, 2021.

SECTION B ANNUAL LEAVE CASH OUT

The City agrees to increase the Annual Leave Cash out maximum amount from 50 hours annually to 75 hours annually and increase the Annual Leave bank balance minimum requirement from 120 hours to 280 hours in order to participate in the cash out, so long as sufficient funding is available in the City's Transit Enterprise Fund. If an employee desires to cash out his or her annual leave in an amount of 75 or less, the employee must maintain a minimum of 280 hours of annual leave, meaning any cash out cannot reduce the employee's annual leave bank below 280 hours. The cash out will occur only once annually. Employees must submit requests for cash out during the first two weeks of October of each year. The first paycheck received in November of each year will reflect the cash out of annual leave.

[Res. 17-85, 2017-2020 MOU]

SECTION C ANNUAL LEAVE ACCRUAL CAP

The caps for the maximum of all tiers of annual leave accruals shall be increased by 80 hours. The new cap for each tier shall now be 480, 520 and 560 respectively.

[Res. 17-85, 2017-2020 MOU]

SECTION D ADMINISTRATIVE LEAVE PAY OUT

In January, upon posting of administrative leave hours, any unused administrative leave hours remaining from the previous calendar year will be automatically paid off at the current rate of pay.

[Res. 17-85, 2017-2020 MOU]

SECTION E NIGHT SHIFT DIFFERENTIAL

Bargaining members will be eligible to receive night shift differential of 5%. An employee shall qualify for night shift differential for any regularly assigned hours that are worked between 5:00 p.m. and 6:00 a.m.

[Res. 17-85, 2017-2020 MOU]

SECTION F UNIFORM ALLOWANCE

The City agrees to increase the uniform allowance for Transit Dispatcher from $250 to $350 per fiscal year. The uniform allowance for Shop Maintenance Supervisor and Maintenance Service Supervisor will increase from $550 to $650 per fiscal year. The uniform allowance for Transit Stores & Facility Supervisor will increase from $525 to $625 per fiscal year.

[Res. 17-85, 2017-2020 MOU]

SECTION G TOOL ALLOWANCE

The City agrees to increase the tool allowance for Shop Maintenance Supervisor from $475 to $600 per fiscal year. The Maintenance Service Supervisor shall be entitled to tool allowance of $600 per fiscal year providing that the City determines that he/she has sufficient mechanic skills or a mechanic license.

[Res. 17-85, 2017-2020 MOU]

SECTION H ADMINISTRATIVE LEAVE

DRAFT

The City agrees to increase Administrative Leave hours for all members of the bargaining unit who are currently 40 hours to 50 hours per calendar year when the hours are posted each January.

[Res. 17-85, 2017-2020 MOU]

SECTION I OVERTIME COMPENSATION

The City agrees to compensate Transit Operations Supervisor at the rate of time-and-one-half for the following activities:

- To cover the duties of a Transit Dispatch Supervisor and I or Bus Operator in the event of a staffing shortage; and to cover for urgent and / or emergency related staffing needs.

Overtime compensate does not extend to those instances when Transit Operations Supervisors perform those duties described above within their regular work schedule.

[Res 14-07]

SECTION J TRANSIT DISPATCHER INCENTIVE PROGRAM

Transit management agrees to implement a Transit Dispatcher Incentive Program. The first six-month evaluation period upon which the Incentive Program will be based is designated as September 1, 2007 through February 29, 2008. The qualifying eligibility factors for the program will include, in part:

- A minimum of six months employment with the City in the position of Transit Dispatch Supervisor prior to the start of the evaluation period;
- No more than 3 unscheduled absences during the 6-month evaluation period;
- An excellent safety record, including no preventable/chargeable accidents during the 6-month evaluation period;
- No disciplinary action issued during the 6-month evaluation period

The Transit Dispatch Incentive Program will not include a team incentive component. Transit Administration will review the proposal submitted by Transit Dispatchers, with the above-listed modifications concerning eligibility, and meet with the Transit Dispatch Supervisors to discuss the details of implementation by September 30, 2007.

ARTICLE III - RETIREMENT

SECTION A CALPERS RETIREMENT TIERS

The City offers a defined retirement benefit plan through the California Public Employees' Retirement System ("CalPERS"). There are two (2) tiers of the retirement benefit plan depending on date of hire and/or status as "new member", which define the employee contribution/cost sharing as follows:

Retirement Tier 1: Employees hired prior to January 1, 2013 or who are not "new members" under the California Public Employees' Pension Reform Act of 2013 ("PEPRA"), Gov. Code § § 7533, et seq.

Retirement Tier 2: Employees Hired on or after January 1, 2013 and who are defined by the Public Employees' Pension Reform Act (PEPRA) as "new members"

SECTION B EMPLOYEE CALPERS CONTRIBUTION

a. The City agrees to contribute the entire employee member contribution equal to (8%) of pensionable income to CalPERS for all classic members in the bargaining unit from July 1, 2018 to the first pay period after January 1, 2020. All such contributions shall be paid solely from funds from the Transportation Enterprise Fund. The parties agree that in no event shall General Fund revenues be obligated to pay the employee member contribution to CalPERS.

b. Effective first pay period after January 1, 2020, the City agrees to pay a portion of the employee member contribution to CalPERS in the amount equal to (4%) of pensionable income for all classic members in the bargaining unit. All such contributions shall be paid solely from funds from the Transportation Enterprise Fund. The parties agree that in no event shall General Fund revenues be obligated to pay the employee member contribution to CalPERS. Effective the first pay period after January 1, 2020, the classic members shall contribute the remaining amount of the employee member contribution, which is equal to (4%) of pensionable income.

c. Effective the first pay period after January 1, 2021, all classic members in the bargaining unit shall pay the entire amount of the employee member contribution equal to (8%) of pensionable income to CalPERS. Effective the first pay period after January 1, 2021, the City will no longer make any contributions towards the employee member contribution to CalPERS, unless mutually agreed upon by the parties.

d. Any new members in the bargaining unit considered "New Ca1PERS members" under the Public Employees' Pension Reform Act (PEPRA), shall continue to pay their obligatory "half the normal cost." The City is prohibited by PEPRA from paying any portion of the member contribution for New Ca1PERS members.

DRAFT

e. This agreement shall supersede and entirely replace any and all effective side letter agreements between the City and MMMA regarding the payment of the employee member contributions.

ARTICLE IV - POST-RETIREMENT BENEFITS

SECTION A CONTINUANCE OF 401 (A) (H) PLAN

In lieu of the Retiree Health Benefit, the City agrees to continue the 401 (a) (h) Plan, as outlined in Resolution 99-99.

[2004-2007 MOU

ARTICLE V - MISCELLANEOUS PROVISIONS

SECTION A RECLASSIFICATIONS

CHIEF MANAGEMENT ANALYST SALARY
The City agrees to realign the salary for the Chief Management Analyst to correct the current compaction as there is current an insufficient salary distinction among levels of classifications and supervisory levels. The recommended monthly salary will be $5,447 - $6,622. The incumbent of this position will work the 9/80 work schedule.

SENIOR MANAGEMENT ANALYST
The City agrees to implement the reclassification recommendation for the Management Analyst position which has the responsibilities to maintain the financial and budgetary obligations for the Transportation Department. This Management Analyst position will be recommended to City Council to be reclassified to the title of Senior Management Analyst with the monthly salary range of $4, 939 - $ 6, 005. The incumbent of this position will work the 9/80 work schedule.

[Res13-119, 2012-2015 MOU amendment]

SECTION B WORK SCHEDULE CHANGE

a. All MMMA employees shall work a 9/80 work schedule, except those MMMA employees currently on a 36-hour work week schedule shall have a one-time option of remaining in their current 36-hour work week schedule by so notifying their supervisors in writing within 30 days after the effective date of this side letter.

b. MMMA employees currently on a traditional 40-hour work week schedule shall transition to a 9/80 work schedule no later than January 1, 2013. City management staff shall establish the specific 9/80 work schedule with each MMMA employee.

c. MMMA employees on a 9/80 work schedule shall take a 1/2 hour unpaid lunch period per work day unless otherwise pre-authorized by the employee's supervisor. Any employee currently working a 36-hour work week schedule who changes to a 9/80 work schedule shall receive, in lieu of their current paid meal period, an 11.11% base salary increase to be paid solely from the City's Transit Enterprise Fund.

d. Upon expiration of the 30-day period discussed in subparagraph (a), above, the City shall, without undue delay, adopt the required City Council resolutions necessary to amend Resolution 08-37 (City of Montebello's Compensation Plan for Non-classified Management Positions).

e. The Parties agree that the 11.11% salary increase, for the MMMA members currently working a 36-hour work week schedule who decide to work a 9/80 work schedule, will be implemented retroactive to the date the employee's work schedule was changed to a 9/80 work schedule.

[Res. 12-78, 2012-2015 MOU]

SECTION C FREE TRANSPORTATION

All MMMA employees, their spouses, and eligible dependent children are eligible to ride all Montebello Bus Lines buses free of charge.

[Res. 12-78, 2012-2015 MOU]

SECTION D GRIEVANCE PROCEDURE

The City agrees to amend the grievance procedure to allow for 15 days between steps in the process. The employee filing the grievance may have a representative present at any step in the grievance process.

[Res 07-68, 2007-2009 MOU]

SECTION E DISCIPLINARY APPEAL PROCEDURE

Members of the MMMA bargaining unit who elect to appeal major discipline, not to include minor discipline, verbal or written reprimands, will be entitled to a full evidentiary hearing before the City Administrator, his/her designee or an impartial third party. If an impartial third party is chosen, the hearing officer shall be mutually agreed upon from a list provided by the State Mediation Service. The cost of the hearing shall be borne by the "non-prevailing" party. If there is no clear "non-prevailing" party, the cost of the hearing shall be shared. The finding of the City Administrator, his/her designee, or the impartial third party shall be binding.

The parties shall meet no later than September 30, 2007 to discuss specific provisions applying to the conduct of full evidentiary hearings.

The City agrees to optional, non-binding mediation for disciplinary appeals.

Minor disciplinary appeals may be addressed through the City's existing grievance policy, Administrative Policy V-B-40 which pertains to full-time unclassified employees.

[Res 07-68, 2007-2009 MOU]

SECTION F TRANSIT DISPATCHER BIDDING PROCEDURE

Transit management agrees to draft an internal policy outlining the current Transit Dispatcher bidding procedure. Transit management will consider written proposals submitted by the Transit Dispatch Supervisors prior to implementation of the policy.

[Res 07-68, 2007-2009 MOU]

SECTION G FEDERAL HOLIDAYS

The City agrees to include all federally recognized holidays on the annual holiday resolution recommended to the City Council for approval.

[Res 07-68, 2007-2009 MOU]

SECTION H SOCIAL SECURITY

The City and the members of the MMMA bargaining unit will each contribute 7.65% to Social Security.

ARTICLE VI - EFFECTIVE DATE AND TERM OF AGREEMENT

This MOU shall be of no force and effect unless or until adopted by City Council. If adopted, the term of this MOU shall be for **3** Years. **From 1/1/2019 To 12/31/2021.**

2.060.226 Annual Leave Benefits

Purpose

The purpose of this policy is to provide comprehensive guide for City employees on earning, accruing, and utilizing their annual leave benefits.

Policy

It is the policy of the City to provide qualifying employees with annual leave benefits. Annual leave shall be earned and accrued as outlined in the schedules listed in the procedures:

Procedure

A. ANNUAL LEAVE EARNED: Employees shall be credited with annual leave from the start of their employment. Absence without pay shall cause said pay period's accrual of leave to be reduced on a prorated basis. Annual leave accrual amounts shall be based on classification and bi-weekly accrual rates shall be based on shifts:

ANNUAL LEAVE ACCRUAL (IN WORK HOURS)

YEARS OF COMPLETED SERVICE	Police Officer, Sergeant, Lieutenant	Fire Shift Personnel	All Other Personnel
Less than 5	240 hours	348 hours	232 hours*
5 but less than 10	280 hours	403 hours	272 hours*

a. The annual leave accrual includes hours for holidays declared pursuant to Montebello Municipal Code Section 2.60.340. Those employees whose regular work schedule permits the observance of holidays established pursuant to Montebello Municipal Code Section 2.60.340 shall report available annual leave use for the holiday time.

b. During the probationary period of employment, employees except those who do not receive paid holidays, including designated positions in the Police Department, are not authorized to use annual leave except for absences due to illness, disability, or injury. After the first year of employment, employees shall be required to use not less than ten (10) days of annual leave in each year of employment.

C. USING ANNUAL LEAVE:

1. Each appointing authority shall be responsible for scheduling the annual leave periods of employees in such a manner as to achieve the most efficient functioning of the department or agency and of the City service. Annual leave shall be scheduled respecting the wishes of the employee so far as such are compatible with the needs of the service as determined by the appointing authority.

2. Employees claiming illness or injury as grounds for unscheduled usage of annual leave, or for any use of remaining sick leave balances, may be required to furnish a certificate issued by a licensed physician or other satisfactory evidence of illness or injury. Any person absent from work due to illness or injury shall notify his or her supervisor on the first day of such leave and as often thereafter as directed by his or her supervisor. The form and time of notice by the employee of such absences shall be determined by the appointing authority.

3. An employee absent due to his/her illness or injury for more than five (5) consecutive days may use remaining sick leave balances for such illness or injury prior to using further annual leave.
4. An employee absent due to his/her illness or injury for more than five (5) cumulative days during any calendar year may, with the approval of the appointing authority, use remaining sick leave balance for absences due to further illness or injuries prior to using further annual leave.
5. Pregnancy necessitating medical leave is considered and treated like all disabilities of a non-industrial nature and remaining sick leave balances may be utilized on the same terms and conditions specified herein.
6. Any employee absent for a period of five (5) consecutive work days due to illness or injury may, at the discretion of his appointing authority or the Director of Human Resources, be required to take a physical and/or psychological examination before returning to active duty. Such examination shall be performed by a qualified medical professional designated by the Director of Human Resources, shall be at City expense, and shall be required solely to determine whether the employee continues to possess the required physical and/or psychological fitness and ability to perform the essential functions of the job.
7. Illness or Injury While on Annual Leave: Remaining sick leave balances may be used in the event of illness or injury while an employee is on authorized annual leave, provided that such illness or injury would otherwise be an authorized use, under the section of such sick leave balances.
8. In the event of severe illness in the immediate family, up to three (3) days of leave for each such instance may be used in the same manner as actual illness or injury to the employee under this section. "Severe illness" is defined as a life-threatening condition requiring hospitalization. "Immediate family" shall mean the employee's father, mother, brother, sister, mother-in-law, father-in-law, spouse, or child of the employee.

DRAFT

D. PAYMENT UPON SEPARATION: Any employee who terminates employment with the City shall be paid at the then prevailing hourly rate of pay for each hour of earned annual leave based on the pay rate in effect for such employee on the last day actually worked, spent on authorized leave, or spent on authorized time off as compensation for working overtime.

E. RATE OF PAY WHILE ON ANNUAL LEAVE: While on annual leave officers and employees shall be compensated at the same salary rate they would have received if they had been on the job.

F. ANNUAL LEAVE ACCRUAL WHILE ON TEMPORARY DISABILITY: An officer or employee who is entitled to temporary disability indemnity under Division 4 or Division 4.5 of the Labor Code, other than an officer or employee entitled to benefits under Section 4850 of the Labor Code, shall not accrue annual leave during the period for which temporary disability indemnity is received; provided however, that such accrual shall be provided for the first thirty (30) days of such temporary disability.

G. ANNUAL LEAVE ACCRUAL WHEN PERMANENTLY DISABLED: Annual leave shall not be used to continue the salary of any employee after it has been determined that such employee is unable to perform the essential functions of the position held by such employee, with or without reasonable accommodation, due to a permanent disability, or that such employee, by similar reason, presents a significant risk of substantial harm to the health or safety of himself or others, and is eligible for retirement.

[Res. 19-46, 2019-2021 MOU]

MONTEBELLO POLICE OFFICERS' ASSOCIATION

Current longevity rates, and definitions of qualifying law enforcement service for purpose of longevity, shall be modified as follows, effective the first pay period after MPOA ratification and City Council approval of this MOU (no retroactivity):

A. For longevity purposes only, the following shall count as LAW ENFORCEMENT SERVICE:

DRAFT

a. For full- time City of Montebello employees who are in the MPOA unit as of July 1, 2019, all continuous service as an active, full- time City of Montebello law enforcement department member, whether sworn or unsworn, plus any verifiable prior lateral continuous service as an active, full-time sworn police, police supervisory, or police management unit member, shall count toward years of longevity.

b. For MPOA unit members who join the MPOA unit on or after July 1, 2019 without prior continuous service as an active, full-time City of Montebello law enforcement department member, only verifiable prior lateral continuous service as a full- time sworn police, police supervisory, or police management unit member shall count toward years of longevity.

B. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4. A. beginning with the first pay period of the seventh (7th) year of continuous, aggregate active LAW ENFORCEMENT SERVICE, and continuing through the completion of the unit member's I1th year of continuous, aggregate active LAW ENFORCEMENT SERVICE, an MPOA unit member shall receive 4% of his/her Base Salary as Longevity Pay (which shall be reported to Ca1PERS as special pay) in addition to the unit member' s Base Salary. Aggregate active service time shall not include any overlapping service time (i. e. service time cannot count twice for overlapping time periods).

C. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4. A., beginning with the first pay period of the twelfth (12th) year of continuous, aggregate active LAW ENFORCEMENT SERVICE, and continuing through the completion of the unit member’s 19th year of continuous, aggregate active LAW ENFORCEMENT SERVICE, an MPOA unit member shall receive 7% of his/ her Base Salary as Longevity Pay (which shall be reported to CaIPERS as special pay) in addition to the unit member' s Base Salary. Aggregate active service time shall not include any overlapping service time (i.e. service time cannot count twice for overlapping time periods).

D. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4.A, beginning with the first pay period of the twentieth (20th) year of continuous, aggregate active LAW ENFORCEMENT SERVICE, and continuing through the completion of the unit member's 25th year of continuous, aggregate active LAW ENFORCEMENT SERVICE, an MPOA unit member shall receive 10% of his/ her Base Salary as Longevity Pay (which shall be reported to Ca1PERS as special pay) in addition to the unit member' s Base Salary. Aggregate active service time shall not include any overlapping service time i.e. service time cannot count twice for overlapping time periods).

E. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4.A, beginning with the first pay period of the twenty sixth (26th) year of continuous, aggregate active LAW ENFORCEMENT SERVICE, and continuing through the unit member's remaining years of full-time City MPOA unit service, an MPOA unit member shall receive 13% of his/her Base Salary as Longevity Pay (which shall be reported to CalPERS as special pay) in addition to the unit member's Base Salary. Aggregate active service time shall not include any overlapping service time (i.e. service time cannot count twice for overlapping time periods).

FULL-TIME NON-REPRESENTED EMPLOYEES

A. Effective April 28, 2019, each non-represented full-time employee with ten (10) years of aggregate full-time City service shall be eligible for longevity pay. Longevity pay shall consist of a base salary pay increase at the following eligibility benchmarks and shall not be cumulative:

After 10 years of full- time service 1. 5 % base salary increase

After 15 years of full- time service	2. 5 % base salary increase
After 20 years of full- time service	3. 5 % base salary increase
After 25 years of full-time service	5. 0 % base salary increase

B. A one and half (1. 5%) percent base salary increase at the completion of ten (10) years of aggregate full-time City service which the unit member shall continue to receive through the completion of the unit member's 14th year.

C. A two and a half (2. 5%) percent base salary increase at fifteen (15) years of aggregate full-time City service which the unit member shall continue to receive through the completion of the unit member' s 19th year.

D. A three and a half (3. 5%) percent base salary increase at twenty (20) years of aggregate fulltime City service which the unit member shall continue to receive through the completion of the unit member' s 24th year.

E. A five (5.0%) percent base salary increase at twenty five (25) years of aggregate full-time City service and the unit member shall continue to receive thereafter.

DRAFT

2.060.517 Education Reimbursement Program

Purpose:

To define who and under what circumstances City employees may receive education reimbursement and to outline the procedure by which reimbursement may be obtained.

Policy:

A. Applications for education reimbursement must be from full-time, non-temporary, employees of the City. (Probationary employees will be considered eligible.)

B. Course(s) selected must be of such a nature that it benefits the City and better enables the employee to carry out present duties and will prepare the employee for increased responsibilities and/or promotion. **(An employee seeking a college degree will be eligible for reimbursement for those courses that qualify them for such degree. However, the declared major must have reasonable relevance to the job.)**

C. Courses other than those qualifying for reimbursement under paragraph B may be approved for reimbursement under this policy with the prior approval of the Director of Human Resources and the City Administrator upon submission of justification by the Appointing Authority. However, costs associated with non-classroom thesis production courses are not subject to reimbursement.

D. Employees desiring reimbursement must attend such courses on their own time after work hours and must complete the course with a passing grade of at least "C" or equivalent.

E. Reimbursement will be made for tuition at rates specified in H below, books, fire certification, lab fees, and all other fees required to take a class or classes. **Student body fees will be included; however, parking fees are excluded from reimbursement.**

F. Should an employee separate from the City's service within one year after beginning any course reimbursed by the City, the cost of such course will be

DRAFT

deducted from the employee's last paycheck. The Director of Human Resources shall be responsible for informing the Finance Department of any such amounts to be deducted.

G. Approval will be limited to courses taken at accredited universities, state colleges and community colleges, approved correspondence courses, high school and adult education, technical and vocational schools.

H. Employees may attend any accredited or other institution approved by the City Manager or designee. **However, education reimbursement rates are based on current California State University rates. A cap of $1,500 per fiscal year will be granted to each eligible employee, with the exception of members of the Montebello Police Officers' Association who's members have an annual maximum of $2,000.**

I. Employees scheduled by the City to take specialized courses or special seminars on work time will not be subject to the requirements of this policy.

Procedure:

A. In order for an employee to be eligible to receive reimbursement for tuition, fees and books, or fire certification by the State Fire Marshal, he/she must acquire prior approval of the course(s) from the Department Head, the Director of Human Resources and City Manager by submitting the Course Approval Form. This form shall be returned to the Department Head upon approval by the Director of Human Resources and the City Manager.

B. Upon receiving verification of enrollment and grade or certification, with receipts for tuition and books or for fire certification, the Department Head will submit the Educational Reimbursement Application to the Director of Human Resources with the approved Course Approval Form and a Request to Issue a Warrant made out to the employee receiving the reimbursement. **Documentation must be submitted within two months of class completion.**

C. Upon timely receipt of these materials, the Director of Human Resources shall have the responsibility for processing the claim for reimbursement.

DRAFT

2.060.504 Employee Compensation and Benefits

Purpose

Is to provide a description of the City's employee compensation and benefits packages.

Policy

It is the policy of the City to recognize the significant role that its workforce plays in fulfilling its public service mission. The City recognizes that maintaining a competitive compensation system is critical to its goal of delivering public services to its citizens. Therefore, the City strives to provide compensation for its employees to attract qualified applicants, retain employees who are equally committed to public service, and motivate employees to maintain the highest standards of performance.

A. With this goal in mind, the City shall compensate employees in accordance with decisions made by Council as budgets are set. Pay for positions are subject to the annual budgetary process and current employee organization MOU's; and as such, may be subject to increase, reduction, or status quo maintenance for fixed time periods.

B. ***TOTAL COMPENSATION PHILOSOPHY:*** The City is committed to providing a range of public services to its citizens by fostering an environment that embraces respect for the worth of each employee and to pursue the same towards its total compensation package that includes salary and benefits. The City's philosophy is consistent across units with practices that may differ to meet the unique needs of division, department, employee classifications and performance. The City's total compensation package is guided by the following principles:

1. The City's total compensation package shall be reviewed against appropriately defined labor markets.

2. The City's total compensation package shall comply with all applicable state and federal laws.

DRAFT

3. Salaries are managed through a simple, clear program that is consistent with the City's strategic and organizational objectives.

C. The Council reserves the right to make budget adjustments, and consequently direct pay adjustments during the budget year in order to manage their fiscal responsibilities or deal with unforeseen circumstances that justify or require changes to City expenditures.

Procedure

A. ***Compensation (Salary) Schedules:*** All employee classifications shall receive a salary that is approved by City Council resolution each fiscal year.

B. ***Benefits:*** In coordination with employee organizations MOU's, funding abilities, state and federal laws, and the City's total compensation philosophy, the following benefits are afforded to the full-time employees of the City of Montebello:

C. HEALTH INSURANCE THROUGH PEMHCA

a. The City and the Association agree to contract for health benefits coverage through the Public Employees' Retirement System under the Public Employees' Medical Health Care Act (PEMHCA) Section 22751 et seq. of the Government Code. [MPOA 1985 MOU]

D. HEALTH INSURANCE CITY CONTRIBUTION

a. Effective March 27, 2008, the City will contribute the following amounts toward full-time employees' medical, dental & vision insurance:

COVERAGE	TOTAL CITY CONTRIBUTION)
1 Party	Full coverage
2 Party	$840.00
3 Party	$1,090.00

[2008 reopener]

b. Part-time employees who have become eligible for CalPERS membership and have worked 1000 hours in a fiscal year:
    i. The contribution toward hourly EE's insurance who were eligible before 7/1/92 will be at the rate needed to fully pay 1 party coverage in the plan selected by the EE. For hourly EE who became eligible for insurance on or after 7/1/92 the City contribution toward the insurance package will be at the rate needed to pay 50% of one party coverage in the plan selected by the employee. [Res. 97-109]

E. Medical Insurance Opt-out Incentive

a. An opt-out incentive is afforded to full-time and those hourly employees, who have benefits and were hired prior to 8/11/92, who decline the City's medical, dental and vision insurance package.
b. Proof of medical coverage elsewhere will be required annually to continue participation in the cash incentive program.
c. The monthly Medical Insurance Opt-Out incentive is $350.00
d. The monthly Medical Insurance Opt-Out incentive shall be computed when calculating overtime as applicable.
e. The monthly Medical Insurance Opt-Out incentive shall be reported as Special Compensation to CalPERS as applicable.
f. Employees who have an alternative source of health insurance must provide minimum essential health coverage pursuant to the U. S. Patient Protection and Affordable Care Act (ACA), and cover both the employee and all individuals in the employee' s expected tax family, if any. During open enrollment or as otherwise required by the City, the employee must each year provide the City with an attestation or other reasonable documentation, subject to the City' s approval confirming such alternate coverage. According to the ACA, the City must not make payment if the

DRAFT

City knows that the employee or family member does not have the alternative coverage.

THE CITY OF MONTEBELLO SUPEVISORS' ASSOCIATION

PREAMBLE

Pursuant to Government Code Section 3500 *et seq.,* representatives of the City of Montebello ("City") have met and conferred in good faith with representatives of the Montebello Supervisors' Association (MSA), and have reached an agreement to recommend that the City Council take the actions identified in this successor Memorandum of Understanding (hereafter either "Memorandum," "MOU" or "Agreement"). Upon adoption of this Comprehensive MOU by majority vote of the bargaining unit membership as well as adoption by the City Council, all terms and conditions set forth herein shall become binding. This Comprehensive MOU supersedes Resolution 19-76 adopted by the City Council on May 15, 2019, as well as all prior MOUs, side letters and agreements between the City and the Montebello Supervisors' Association (MSA).

ARTICLE I - IMPLEMENTATION

SECTION A TERM

Period Covered 3 years from 1/1/2019 to 12/31/2021.

SECTION B RECOGNITION

The **Montebello Supervisors' Association (MSA)**, is the exclusive representative of the employees of the classifications listed in Appendix A, a bargaining unit for the purpose of meeting and conferring over wages, hours, and terms and conditions of employment.

SECTION C PROVISIONS OF LAW AND SEVERABILITY CLAUSE

Except as modified herein, all relevant federal, state, and local laws apply. Should any provisions of this MOU be found to be in violation of any law, rule or regulation, the remaining provisions will remain in full force and effect for the duration of this MOU.

SECTION D INCORPORATION OF CITY CODE, RULES, AND POLICIES

This MOU memorializes changes in terms and conditions for members of the bargaining unit as well as modifications of existing City codes, rules, and policies.

Incorporation of prior MOU's references to City code, rules, and policies have been adopted during ***"Meet and Confer"*** sessions and shall be considered adopted by reference in this MOU and include the following specific City policies:

a. 2.060.590 Bilingual Pay
b. 2.060.565 Bereavement Leave
c. 2.060.226 Annual Leave
d. 2.060.227 Longevity Pay

DRAFT

e. 2.060.517 Educational Reimbursement Programs
f. 2.060.504 Employee Compensation and Benefits

SECTION E CITY DEDUCTIONS AND DUES

The City agrees to conduct dues deductions.

ARTICLE II - COMPENSATION

Section A SALARY INCREASES

Classic CalPERS members

i. Three percent (3%) base salary increase effective first pay period after City Council adoption of this MOU
ii. Four percent (4%) base salary increase effective first pay period after January 1, 2020
iii. Four percent (4%) base salary increase effective first pay period after January 1, 2021

New Ca1PERS members (" PEPRA members")

i. Three percent (3%) base salary increase effective first pay period after City Council adoption of this MOU.
ii. Four percent (4%) base salary increase effective first pay period after January 1, 2020.
iii. Four percent (4%) base salary increase effective first pay period after January 1, 2021.

Section B ANNUAL LEAVE CASH OUT

The City agrees to change the minimum requirement of 400 hours of accrued annual leave on the books to 280 hours for those bargaining unit members who may elect to cash out up to 75 hours so long as sufficient funding is available in the City's General Fund. The cash out will occur only once annually. Employees must submit requests for cash out during the first two weeks of October of each year. The first paycheck received in November of each year will reflect the cash out of annual leave.

[Res.17-57; 2017 – 2018 MOU]

Section C ADMINISTRATIVE LEAVE

Effective July 1, 2012 the annual allotment of administrative leave shall be increased from 25 hours to 40 hours per calendar year for all exempt-level MSA employees.

[Res. 12-91; 2012 – 2014 MOU]

Section D **ADMINISTRATIVE LEAVE PAY OUT**

In January, upon posting of administrative leave hours, any unused administrative leave hours remaining from the previous year will be automatically paid off at the current rate of pay.

[Res. 13-123; 2012 – 2014 MOU]

ARTICLE III -RETIREMENT PROVISIONS

Section A **CALPERS RETIREMENT TIERS**

The City offers a defined retirement benefit plan through the California Public Employees' Retirement System ("CalPERS"). There are two (2) tiers of the retirement benefit plan depending on date of hire and/or status as "new member", which define the employee contribution/cost sharing as follows:

Retirement Tier 1: Employees hired prior to January 1, 2013 or who are not "new members" under the California Public Employees' Pension Reform Act of 2013 ("PEPRA"), Gov. Code § § 7533, et seq.

Retirement Tier 2: Employees Hired on or after January 1, 2013 and who are defined by the Public Employees' Pension Reform Act (PEPRA) as "new members"

Section B **EMLOYEE CALPERS CONTRIBUTIONS TO CALPERS**

Effective the first pay period after January 1, 2021, all classic members in the bargaining unit shall pay the entire amount of the employee member contribution equal to (8%) of pensionable income to CalPERS. Effective the first pay period after January 1, 2021, the City will no longer make any contributions towards the employee member contribution to CalPERS, unless mutually agreed upon by the parties.

Any new members in the bargaining unit considered "New CalPERS members" under the Public Employees' Pension Reform Act (PEPRA), shall continue to pay their obligatory half the normal cost." The City is prohibited by PEPRA from paying any portion of the member contribution for New CalPERS members.

[Res. 19-46, 2019-2021 MOU]

ANNUAL LEAVE ACCRUAL (IN WORK HOURS)

YEARS OF COMPLETED SERVICE	Police Officer, Sergeant, Lieutenant	Fire Shift Personnel	All Other Personnel
Less than 5	240 hours	348 hours	232 hours*
5 but less than 10	280 hours	403 hours	272 hours*
10 but less than 15	280 hours	414 hours	280 hours*
15	288 hours	425 hours	288 hours*

16	296 hours	436 hours	296 hours*
17	304 hours	447 hours	304 hours*
18	312 hours	458 hours	312 hours*
19	320 hours	458 hours	312 hours*

B. ANNUAL LEAVE ACCRUAL CAPS: Employees shall accrue annual leave from the start of their employment. Accrued annual leave may be carried over from year-to-year based on classification, maximum allowed leave accrual, and prior employee MOU agreements described below:

Bargaining Unit	**Less than 5 years**	**5 but less than 15**	**15 or more**
Montebello Fire Management Association	590	645	700
• Fire Marshal	440	480	520
Montebello Police Officers' Association	440	480	700
Montebello Police Management Association	440	480	700
Montebello Supervisors' Association	480	520	560

DRAFT

Montebello Mid-Management Association	480	520	560
Un-represented full-time employees	480	520	560

a. The annual leave accrual includes hours for holidays declared pursuant to Montebello Municipal Code Section 2.60.340. Those employees whose regular work schedule permits the observance of holidays established pursuant to Montebello Municipal Code Section 2.60.340 shall report available annual leave use for the holiday time.

b. During the probationary period of employment, employees except those who do not receive paid holidays, including designated positions in the Police Department, are not authorized to use annual leave except for absences due to illness, disability, or injury. After the first year of employment, employees shall be required to use not less than ten (10) days of annual leave in each year of employment.

C. USING ANNUAL LEAVE:

1. Each appointing authority shall be responsible for scheduling the annual leave periods of employees in such a manner as to achieve the most efficient functioning of the department or agency and of the City service. Annual leave shall be scheduled respecting the wishes of the employee so far as such are compatible with the needs of the service as determined by the appointing authority.

2. Employees claiming illness or injury as grounds for unscheduled usage of annual leave, or for any use of remaining sick leave balances, may be required to furnish a certificate issued by a licensed physician or other satisfactory evidence of illness or injury. Any person absent from work due to illness or injury shall notify his or her supervisor on the first day of such leave and as often thereafter as directed by his or

her supervisor. The form and time of notice by the employee of such absences shall be determined by the appointing authority.

3. An employee absent due to his/her illness or injury for more than five (5) consecutive days may use remaining sick leave balances for such illness or injury prior to using further annual leave.
4. An employee absent due to his/her illness or injury for more than five (5) cumulative days during any calendar year may, with the approval of the appointing authority, use remaining sick leave balance for absences due to further illness or injuries prior to using further annual leave.
5. Pregnancy necessitating medical leave is considered and treated like all disabilities of a non-industrial nature and remaining sick leave balances may be utilized on the same terms and conditions specified herein.
6. Any employee absent for a period of five (5) consecutive work days due to illness or injury may, at the discretion of his appointing authority or the Director of Human Resources, be required to take a physical and/or psychological examination before returning to active duty. Such examination shall be performed by a qualified medical professional designated by the Director of Human Resources, shall be at City expense, and shall be required solely to determine whether the employee continues to possess the required physical and/or psychological fitness and ability to perform the essential functions of the job.
7. Illness or Injury While on Annual Leave: Remaining sick leave balances may be used in the event of illness or injury while an employee is on authorized annual leave, provided that such illness or injury would otherwise be an authorized use, under the section of such sick leave balances.
8. In the event of severe illness in the immediate family, up to three (3) days of leave for each such instance may be used in the same manner as actual illness or injury to the employee under this section. "Severe illness" is defined as a life-threatening condition requiring hospitalization. "Immediate family" shall mean the employee's father, mother, brother, sister, mother-in-law, father-in-law, spouse, or child of the employee.

DRAFT

D. PAYMENT UPON SEPARATION: Any employee who terminates employment with the City shall be paid at the then prevailing hourly rate of pay for each hour of earned annual leave based on the pay rate in effect for such employee on the last day actually worked, spent on authorized leave, or spent on authorized time off as compensation for working overtime.

E. RATE OF PAY WHILE ON ANNUAL LEAVE: While on annual leave officers and employees shall be compensated at the same salary rate they would have received if they had been on the job.

F. ANNUAL LEAVE ACCRUAL WHILE ON TEMPORARY DISABILITY: An officer or employee who is entitled to temporary disability indemnity under Division 4 or Division 4.5 of the Labor Code, other than an officer or employee entitled to benefits under Section 4850 of the Labor Code, shall not accrue annual leave during the period for which temporary disability indemnity is received; provided however, that such accrual shall be provided for the first thirty (30) days of such temporary disability.

G. ANNUAL LEAVE ACCRUAL WHEN PERMANENTLY DISABLED: Annual leave shall not be used to continue the salary of any employee after it has been determined that such employee is unable to perform the essential functions of the position held by such employee, with or without reasonable accommodation, due to a permanent disability, or that such employee, by similar reason, presents a significant risk of substantial harm to the health or safety of himself or others, and is eligible for retirement.

2.060.227 Longevity Pay

Purpose

The purpose for longevity pay is to recognize long-term service employees that work for the City of Montebello.

Policy

The City will pay the agreed upon amount for longevity pay as adopted by City Council.

Procedure

Each department will keep track of their employees' dates of service and eligibility for longevity pay. The department will issue a personnel action form to the Human Resources Department to reflect the start of eligibility and each increase to the longevity pay tier based on the employees' collective bargaining agreement.

MONTEBELLO POLICE MANAGEMENT ASSOCIATION

A. For longevity purposes only, the following shall count as LAW ENFORCEMENT SERVICE:

a. For full- time City of Montebello employees who are in either the MPMA unit or the MPOA unit as of July 1, 2019, all continuous service as an active, full-time City of Montebello law enforcement department member, whether sworn or unsworn, plus any verifiable prior lateral s continuous service as an active, full-time sworn police, police supervisory, or police management unit member, shall count toward years of longevity.

b. For MPMA unit members who join the MPMA unit on or after July 1, 2019 without prior continuous service as an active, full-time City of Montebello law enforcement department member, only verifiable prior lateral continuous service as a full- time sworn

police, police supervisory, or police management unit member shall count toward years of longevity.

B. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4. A., beginning with the first pay period of the seventh (7th) year of continuous, aggregate active LAW ENFORCEMENT SERVICE, and continuing through the completion of the unit member's 11th year of continuous, aggregate active LAW ENFORCEMENT SERVICE, an MPMA unit member shall receive 4% of his/her Base Salary as Longevity Pay (which shall be reported to CalPERS as special pay) in addition to the unit member's Base Salary. Aggregate active service time shall not include any overlapping service time (i.e. service time cannot count twice for overlapping time periods).

C. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4.A., beginning with the first pay period of the twelfth (12th) year of continuous, aggregate active LAW ENFORCEMENT SERVICE, and continuing through the completion of the unit member' s 19th year of continuous, aggregate active LAW ENFORCEMENT SERVICE, an MPMA unit member shall receive 7% of his/her Base Salary as Longevity Pay (which shall be reported to CalPERS as special pay) in addition to the unit member' s Base Salary. Aggregate active service time shall not include any overlapping service time (i.e. service time cannot count twice for overlapping time periods).

D. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4.A, beginning with the first pay period of the twentieth (20th) year of continuous, aggregate active LAW ENFORCEMENT SERVICE, and continuing through the completion of the unit member' s 25th year of continuous, aggregate active LAW ENFORCEMENT SERVICE, an MPMA unit member shall receive 10% of his/ her Base Salary as Longevity Pay (which shall be reported to CalPERS as special pay) in addition to the unit member' s Base Salary. Aggregate active service time shall not include any overlapping service time i.e. service time cannot count twice for overlapping time periods).

E. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4.A, beginning with the first pay period of the twenty sixth (26th) year of continuous, aggregate active LAW ENFORCEMENT SERVICE, and continuing through the MPMA unit member's remaining years of full- time City MPMA unit service, an MPMA unit member shall receive 13% of his/ her Base Salary as Longevity Pay (which shall be reported to Ca1PERS as special pay) in addition to the unit member's Base Salary. City of Montebello, California
Policy & Procedures Manual

2.060.517 Education Reimbursement Program

Purpose:

To define who and under what circumstances City employees may receive education reimbursement and to outline the procedure by which reimbursement may be obtained.

Policy:

A. Applications for education reimbursement must be from full-time, non-temporary, employees of the City. (Probationary employees will be considered eligible.)

B. Course(s) selected must be of such a nature that it benefits the City and better enables the employee to carry out present duties and will prepare the employee for increased responsibilities and/or promotion. **(An employee seeking a college degree will be eligible for reimbursement for those courses that qualify them for such degree. However, the declared major must have reasonable relevance to the job.)**

C. Courses other than those qualifying for reimbursement under paragraph B may be approved for reimbursement under this policy with the prior approval of the Director of Human Resources and the City Administrator upon submission of justification by the Appointing Authority. However, costs associated with non-classroom thesis production courses are not subject to reimbursement.

D. Employees desiring reimbursement must attend such courses on their own time after work hours and must complete the course with a passing grade of at least "C" or equivalent.

E. Reimbursement will be made for tuition at rates specified in H below, books, fire certification, lab fees, and all other fees required to take a class or classes. **Student body fees will be included; however, parking fees are excluded from reimbursement.**

F. Should an employee separate from the City's service within one year after beginning any course reimbursed by the City, the cost of such course will be deducted from the employee's last paycheck. The Director of Human Resources shall be responsible for informing the Finance Department of any such amounts to be deducted.

DRAFT

G. Approval will be limited to courses taken at accredited universities, state colleges and community colleges, approved correspondence courses, high school and adult education, technical and vocational schools.

H. Employees may attend any accredited or other institution approved by the City Manager or designee. **However, education reimbursement rates are based on current California State University rates. A cap of $1,500 per fiscal year will be granted to each eligible employee, with the exception of members of the Montebello Police Officers' Association who's members have an annual maximum of $2,000.**

I. Employees scheduled by the City to take specialized courses or special seminars on work time will not be subject to the requirements of this policy.

Procedure:

A. In order for an employee to be eligible to receive reimbursement for tuition, fees and books, or fire certification by the State Fire Marshal, he/she must acquire prior approval of the course(s) from the Department Head, the Director of Human Resources and City Manager by submitting the Course Approval Form. This form shall be returned to the Department Head upon approval by the Director of Human Resources and the City Manager.

B. Upon receiving verification of enrollment and grade or certification, with receipts for tuition and books or for fire certification, the Department Head will submit the Educational Reimbursement Application to the Director of Human Resources with the approved Course Approval Form and a Request to Issue a Warrant made out to the employee receiving the reimbursement. **Documentation must be submitted within two months of class completion.**

C. Upon timely receipt of these materials, the Director of Human Resources shall have the responsibility for processing the claim for reimbursement.

APPENDIX G

DRAFT

2.060.504 Employee Compensation and Benefits

Purpose

Is to provide a description of the City's employee compensation and benefits packages.

Policy

It is the policy of the City to recognize the significant role that its workforce plays in fulfilling its public service mission. The City recognizes that maintaining a competitive compensation system is critical to its goal of delivering public services to its citizens. Therefore, the City strives to provide compensation for its employees to attract qualified applicants, retain employees who are equally committed to public service, and motivate employees to maintain the highest standards of performance.

A. With this goal in mind, the City shall compensate employees in accordance with decisions made by Council as budgets are set. Pay for positions are subject to the annual budgetary process and current employee organization MOU's; and as such, may be subject to increase, reduction, or status quo maintenance for fixed time periods.

B. ***TOTAL COMPENSATION PHILOSOPHY:*** The City is committed to providing a range of public services to its citizens by fostering an environment that embraces respect for the worth of each employee and to pursue the same towards its total compensation package that includes salary and benefits. The City's philosophy is consistent across units with practices that may differ to meet the unique needs of division, department, employee classifications and performance. The City's total compensation package is guided by the following principles:

1. The City's total compensation package shall be reviewed against appropriately defined labor markets.
2. The City's total compensation package shall comply with all applicable state and federal laws.

DRAFT

3. Salaries are managed through a simple, clear program that is consistent with the City's strategic and organizational objectives.

C. The Council reserves the right to make budget adjustments, and consequently direct pay adjustments during the budget year in order to manage their fiscal responsibilities or deal with unforeseen circumstances that justify or require changes to City expenditures.

Procedure

A. ***Compensation (Salary) Schedules:*** All employee classifications shall receive a salary that is approved by City Council resolution each fiscal year.

B. ***Benefits:*** In coordination with employee organizations MOU's, funding abilities, state and federal laws, and the City's total compensation philosophy, the following benefits are afforded to the full-time employees of the City of Montebello:

C. HEALTH INSURANCE THROUGH PEMHCA

a. The City and the Association agree to contract for health benefits coverage through the Public Employees' Retirement System under the Public Employees' Medical Health Care Act (PEMHCA) Section 22751 et seq. of the Government Code. [MPOA 1985 MOU]

D. HEALTH INSURANCE CITY CONTRIBUTION

a. Effective March 27, 2008, the City will contribute the following amounts toward full-time employees' medical, dental & vision insurance:

COVERAGE	TOTAL CITY CONTRIBUTION)
1 Party	Full coverage
2 Party	$840.00
3 Party	$1,090.00

[2008 reopener]

b. Part-time employees who have become eligible for CalPERS membership and have worked 1000 hours in a fiscal year:
    i. The contribution toward hourly EE's insurance who were eligible before 7/1/92 will be at the rate needed to fully pay 1 party coverage in the plan selected by the EE. For hourly EE who became eligible for insurance on or after 7/1/92 the City contribution toward the insurance package will be at the rate needed to pay 50% of one party coverage in the plan selected by the employee. [Res. 97-109]

E. Medical Insurance Opt-out Incentive

a. An opt-out incentive is afforded to full-time and those hourly employees, who have benefits and were hired prior to 8/11/92, who decline the City's medical, dental and vision insurance package.
b. Proof of medical coverage elsewhere will be required annually to continue participation in the cash incentive program.
c. The monthly Medical Insurance Opt-Out incentive is $350.00
d. The monthly Medical Insurance Opt-Out incentive shall be computed when calculating overtime as applicable.
e. The monthly Medical Insurance Opt-Out incentive shall be reported as Special Compensation to CalPERS as applicable.
f. Employees who have an alternative source of health insurance must provide minimum essential health coverage pursuant to the U. S. Patient Protection and Affordable Care Act (ACA), and cover both the employee and all individuals in the employee' s expected tax family, if any. During open enrollment or as otherwise required by the City, the employee must each year provide the City with an attestation or other reasonable documentation, subject to the City' s approval confirming such alternate coverage. According to the ACA, the City must not make payment if the City knows that the employee or family member does not have the alternative coverage.

THE CITY OF MONTEBELLO POLICE OFFICERS' ASSOCIATION

PREAMBLE

Pursuant to Government Code Section 3500 *et seq.,* representatives of the City of Montebello ("City") have met and conferred in good faith with representatives of the **Montebello Police Officer's Association (MPOA)**, and have reached an agreement to recommend that the City Council take the actions identified in this comprehensive Memorandum of Understanding (hereafter either "Memorandum," "MOU" or "Agreement"). Upon ratification of this Comprehensive MOU by majority vote of the bargaining unit membership as well as adoption by the City Council, all terms and conditions set forth herein shall become binding. This Comprehensive MOU supersedes Resolution 19-76 adopted by the City Council on June 26, 2019, as well as all prior MOUs, side letters and agreements between the City and the MPOA.

ARTICLE I - IMPLEMENTATION

SECTION A TERM

Period Covered. 3 Years. From 1/1/2019 To 12/31/2021.

The existing four-hour minimum for court appearances on an employee's regular day off remains in effect. Employees shall not be eligible for reimbursement for mileage incurred traveling to and from court in a personal vehicle related to reporting to subpoenas and court appearances.

[Res. 15-04, 2015 MOU]

ARTICLE III – RETIREMENT PROVISIONS

SECTION A CALPERS RETIREMENT TIES

The City offers a defined retirement benefit plan through the California Public Employees' Retirement System ("CalPERS"). There are two (2) tiers of the retirement benefit plan depending on date of hire and/or status as "new member", which define the employee contribution/cost sharing as follows:

Retirement Tier 1: Employees hired prior to January 1, 2013 or who are not "new members" under the California Public Employees' Pension Reform Act of 2013 ("PEPRA"), Gov. Code § § 7533, et seq.

Retirement Tier 2: Employees Hired on or after January 1, 2013 and who are defined by the Public Employees' Pension Reform Act (PEPRA) as "new members"

SECTION B EMPLOYEE CalPERS CONTRIBUTIONS TO CALPERS

A. Classic CalPERS Members: The City agrees to pay a portion of the Classic CalPERS MPOA unit member's employee contribution as follows:

1). Effective July 1, 2019 and after MPOA ratification and City Council adoption of this MOU through December 31, 2019: The City shall pay a portion of the employee member contribution to CalPERS in an amount equal to 5% of pensionable income for all Classic CalPERS MPOA unit members. All such contributions shall be paid solely from funds from the Retirement Special Revenue Fund, as codified by Montebello Municipal Code section 3.28.020. The parties agree that in no event shall General Fund revenues be obligated to pay the employee member contribution to CalPERS. During this period, the value of the employer-paid member contribution equal to 5% of pensionable income shall continue to be reported to CalPERS as compensation earnable pursuant to Government Code section 20636(c)(4). Each Classic CalPERS MPOA unit member shall contribute 4% of the employee member contribution of pensionable income to CalPERS for a total obligation by each individual Classic CalPERS MPOA unit member of 4%.

DRAFT

2). Effective the first Pay period after January 1 2020 through December 31, 2020: The City shall pay a portion of the employee member contribution to CalPERS in an amount equal to 1% of pensionable income for all Classic CalPERS MPOA unit members. All such contributions shall be paid solely from funds from the Retirement Special Revenue Fund, as codified by Montebello Municipal Code section 3.28.020. The parties agree that in no event shall General Fund revenues be obligated to pay the employee member contribution to CalPERS. During this period, the value of the employer-paid member contribution equal to 1% of pensionable income shall continue to be reported to CalPERS as compensation earnable pursuant to Government Code section 20636(c)(4). Each Classic CalPERS MPOA unit member shall contribute an additional 4% of the employee member contribution of pensionable income to CalPERS for a total obligation by each Classic CalPERS MPOA unit member of 8%.

3). Effective the first pay period after January 1, 2021: The City shall no longer make contributions towards the employee member contribution to CalPERS for any Classic CalPERS MPOA unit members. Each Classic CalPERS MPOA unit member shall contribute an additional 4% of the employee member contribution of pensionable income to CalPERS for a total obligation by each Classic CalPERS MPOA unit member of 12%.

B. CalPERS PEPRA Members (as defined by CalPERS): CalPERS PEPRA MPOA unit members shall continue to pay their obligatory "half the actuarial normal cost of their pension benefit (as determined and regularly adjusted by CalPERS). The current one- half obligation for each PEPRA unit member is 11.25% but will increase effective July 2019 to 12.25%, with potential mandated upward adjustments thereafter (which shall be the full responsibility of the PEPRA MPOA unit member. The City is prohibited by laws governing PEPRAs from paying any portion of the member contribution for PEPRA members.

ARTICLE IV – POST-RETIREMENT BENEFIT PROVISIONS

SECTION A RETIREE HEALTH BENEFITS

A. Full-time active MPOA safety unit members hired prior to the date this ~~Tentative~~ Agreement is approved by the City Council (after MPOA ratification):

The City agrees to continue to provide the Retiree Health Benefit, with qualifying prerequisites, terms and provisions as previously agreed to in the Memorandum of Understanding between the City and MPOA for the 2003-2004 negotiations to all full-time MPOA members hired prior to the date this Tentative Agreement is approved by the City Council (following ratification by MPOA). The terms and eligibility requirements remain as follows:

1) The Retiree Health Benefit will be paid to eligible members throughout the employee's lifetime. Currently, continuation of benefits after a unit member's eligibility for Medicare is paid for the employee only (not to survivors) through a Trust Account to which the City currently contributes 1% of the unit member's salary. Should the Trust assets, at any fiscal year end, be less than three times the current annualized benefits due, the City and MPOA shall meet and confer.

2) The Retiree Health Benefit will not apply to the employee's survivors.

3) To be eligible, the unit member:

a) Must currently be employed as an active full- time safety unit member of the MPOA;

b) Must be at least 50 years of age (no minimum age requirement for disability retirement);

c) Must retire directly from the City of Montebello;

d) Must have at least 15 full- time years of active City service at the time of service retirement (the 15 years does not have to be the result of contiguous employment however, the employee's last five years of employment immediately prior to retirement must be as an active, full- time employee of the City), or at least 10 full years of active City service at the time of disability retirement. To be eligible for lifetime retiree medical benefits, all 15 years of service (10 years for disability retirement) must be within the City of Montebello. Prior lateral service does not count toward retiree health benefits.

4) The monthly retiree benefit will be determined by the number of full years of City service multiplied by $25.00. The maximum benefit allowable will be calculated at 25 years of active City service. The retiree benefit for qualified disability retirement will be calculated in the same manner as for service retirements. Examples of calculations are as follows: 15 years of City service multiplied by $ 25.00 = $375 per month; 25 years of City service multiplied by $25.00 = $ 625 per month, which is the maximum benefit allowable.

5) The monthly amount payable will be reduced by any amount paid by the City on the retiree' s behalf toward medical insurance or any amount required to be paid by the City for any local, state, or deferral government retirement or medical plan or law.

6) The retiree will begin receiving the monthly retiree benefit beginning the month following one full month of retirement. The retiree benefit will be paid throughout the retired employee's lifetime or until the employee qualified for Medicare under the federal Social Security Act.

7) The City will issue a warrant to the retired employee on a monthly basis for the amount of retiree benefit paid to the employee. These amounts will be considered taxable to the retiree. Retired employees may enroll in any health plan of their choice or may choose not to enroll in a health plan at their discretion.

DRAFT

B. Full- time unit members hired after the date this Tentative Agreement is approved by the City Council:

All full-time unit members hired after the date this Tentative Agreement is approved by the City Council shall only, commencing the month following one full month of retirement and continuing through the period prescribed by law, receive the minimum employer health premium contribution as prescribed by Government Code section 22892 of the Public Employees' Medical and Hospital Care Act (PEMHCA). The retiree must be and remain enrolled in an eligible health benefit plan in order for the City to be obligated to pay the prescribed premium.

[Res 11-76; 2019-2021 MOU]

SECTION B TRUST ACCOUNT

Effective February 22, 2004, it is recommended that the City establish a trust account to be used toward the cost of healthcare coverage for eligible retired members after qualification for Medicare. The trust account will consist of a contribution of 1% of regular salaries, not including overtime, to be deposited per payroll cycle. Benefits will continue after Medicare eligibility at the same level as pre Medicare eligibility. The benefit will be paid throughout the employee's lifetime and will not apply to the employee's survivors. The 1% salary contribution will be counted toward total compensation for purposes of salary survey comparisons.

If trust assets, at any fiscal year end, are less than 3 times the current annualized benefits due, the City will meet and confer with the Police Association.

ARTICLE V - MISCELLANEOUS PROVISIONS

SECTION A MONTEBELLO POLICE DEPARTMENT SWORN PERSONNEL ROTATION POLICY

September 2020 signed Rotation Agreement attached as APPENDIX A

SECTION B CHANGE IN SCHEDULE & BEAT MINIMUMS

It is recommended that the City adopt the patrol schedule that was developed as a collaborative effort between the Montebello Police officer's Association and the Police Administration to meet the City's budgetary reduction requirements. The aforementioned patrol schedule is intended to reduce mandatory beat minimums and provide the optimum coverage possible with the current Table of Organization. The City and the Montebello Police Officer's Association agree to meet to discuss the schedule, at the request of either party, within 6 months of implementation.

[2004-2005 MOU]

2016 Staffing Levels attached as APPENDIX B

SECTION C MILITARY SERVICE CREDIT AS PUBLIC SERVICE

It is recommended that the City's contract with the Public Employee's Retirement System be amended to add Section 21024 – Military Service Credit as Public Service.

[Res. 04-13; 2003-2004 MOU]

SECTION D LEVEL THREE SURVIVOR BENEFIT

It is recommended that beginning fiscal year 2000-01 the City will pay employee monthly cost of the Level Three Survivor Benefit.

[2000-2003 MOU]

SECTION E FINANCIAL DISCLOSURE

It is recommended that the financial disclosure provisions under Government Code Section 3308 be implemented for those assignments in which there is the propensity for bribes or other improper inducements to be offered. Accordingly, those individuals who are now or in the future assigned to Detectives both Adult and Juvenile, Narcotics, and Intelligence shall be subject to financial disclosure.

[1997 MOU]

SECTION F MODIFIED WORK PLAN

It is recommended that effective January 1, 1995 or as soon as practicable thereafter, a modified work schedule (example attached)be implemented that provides for at least three consecutive days off during one week and four consecutive days off during the other week in the two week pay period. This schedule will be implemented for all Police Sergeants and Lieutenants except those assigned to the training, detectives, traffic, or risk management units, who will work a 4/10 schedule. The 4/10 work schedule will consist of four ten hour days with three consecutive days off.

The modified work schedule will be evaluated by June 1, 1996 and every year thereafter for five years. The evaluation standards will be developed by the Police Chief, who will meet to discuss standards and their annual evaluation with the President of the Montebello Police Association. Issues to be evaluated and measured may include, but are not limited to, productivity, injuries, accidents, fatigue, all level usage, overtime, community policing, volunteerism priorities, and cost savings as a result of the schedule change. At the end of each evaluation period, if the standards

DRAFT

and issues to be defined and measured do not meet with a satisfactory rating, scheduling will revert to the traditional 5/8 plan.

Those Police Sergeants and Lieutenants, who at the time of the signing of this agreement receive an additional two weeks' vacation annually as a result of implementing the 5/8 Plan in 1981, will no longer be granted this vacation effective January 1, 1995. If the City again reverts to a 5/8 Plan, those employees still eligible to receive two weeks' vacation per the stipulations of the MOUs dated August 19, 1981 and January 25, 1982, would again receive two weeks additional vacation annually.

[1994 MOU]

SECTION G WORK PERIOD AND OVERTIME

The City of Montebello has exercised its ability to take a statutory "7K" exemption for sworn police personnel. It is recommended that the work period for such employees shall be 14 days in length commencing on January 8, 1995 at 12:01 a.m. Effective July 1, 1996 in determining an employee's eligibility for overtime compensation in a work period, sick leave absences and unpaid leaves of absences shall be excluded from the total hours worked. Although the Fair Labor Standards Act dictates overtime compensation for all hours worked over 86 in a 14 day work period, the City will provide overtime compensation for all hours worked over 80 in the work period.

[1994 MOU]

SECTION H DETECTIVE CALL OUT

It is recommended that police officers designated as detectives who are called on their day off shall be guaranteed a minimum of four (4) hours compensation regardless of the actual number of hours called out effective July 2, 1989.
[1989 MOU]

SECTION I RANDOM TESTING

It is recommended that a program of random drug, including alcohol, testing be developed and implemented for Police Sergeants and Lieutenants. The parties have agreed in concept and will work together to define the details of the program prior to implementation.

Testing Process

The Employee Relation Department from the City of Montebello shall administer the testing process. The Corporal test shall be administered on an as needed basis. The process shall be divided into parts, a written and oral examination.

APPENDIX A

Montebello Police Department

Rotation Agreement

The Written Test

The written promotional examination shall be selected and administered by the City Personnel Department. The content shall be relative to the Corporal position.

The Oral Examination

Only those Officers who pass the written test will be allowed to proceed to the oral examination phase. The oral interview shall be conducted and scored by raters from law enforcement agencies other than Montebello.

Selection Process

The Corporal selection shall utilize the same civil services rules that apply to the ranks of Sergeant, Lieutenant and Captain. The eligibility list shall be established based on an average of the applicant's scores in both examinations. A certified eligibility list shall be provided to the Chief of Police. The Chief of police can promote any Officer from the eligibility list.

Corporal Supervision

The Corporal Program shall be supervised and managed by the Sergeant or Lieutenant assigned that collateral duty by the Chief of Police. Direct supervision of and performance evaluations for each Corporal shall be the responsibility of the Corporal's immediate supervisor.

Corporal Expectation

Regardless of assignment, Corporals will be required to take on a leadership role. They will be expected to lead by example, to develop, train and motivate the other Officers they work with. Corporals will learn to be innovative problem solvers and excellent communicators. They shall understand, practice and support the organizational mission and values of the Montebello Police Department. They shall accept responsibility for a wide range of duties and strive to be advocates for both the department and the community.

Corporal Duties and Responsibilities

In addition to all general law enforcement duties and responsibilities required of a Police Officer, all Corporals shall also be required to perform the following duties delegated to them by a supervisor:

DRAFT

Rotation Agreement

1. Field Training Officer (FTO)
2. Acting Sergeant
3. Direct and/or supervise the work of other police personnel
4. Conduct use of force investigations
5. Crime scene preservation and processing
6. Direct or facilitate in-service training for their unit or team
7. In the absence of a supervisor, take charge of incidents that require supervision
8. Organize and participate in neighborhood watch and community problem solving meetings
9. Develop, implement and direct problem solving strategies geared towards addressing crime problems and quality of life issues

The senior Corporal on each patrol shift may assume the role of the Field supervisor in the absence of a shift Sergeant. The senior Corporal in specialized units, General Detectives, Narcotic Bureau and traffic Bureau shall assume the role of unit supervisor in the absence of a regular supervisor.

Eligibility for Transfer

Corporals requesting transfers to a specialized unit shall have successfully passed his/her probation period of six months as a Corporal.

Corporals/Officers shall be eligible and considered for transfer to other Bureaus or specialized units within the Department, with the exception of designated positions in the table of organization that allows Officers to be assigned to Bureaus of Specialized positions. The general commitment period for a Corporal in a specialized unit is five (5) years and Officers one (1) year. The Chief of Police may, at his/her discretion, extend the commitment one additional year depending on the needs of the Department. The Chief of Police may transfer a Corporal/Officer prior to the end of their term. The Chief of Police on a case-by-case basis shall examine the commitment by Corporals committed to outside agencies and task forces if the assignment extends past the Corporals past 5-year assignment.

DRAFT

APPENDIX A

Montebello Police Department

Rotation Agreement

Once a Corporal/Officer has completed his/her term he/she must have completed one full year of patrol service before appointment to a specialized unit.

A Corporal/Officer that is currently in a specialized unit may transfer to another specialized unit within his or her rotation. Upon transferring to another specialized unit the Corporal's /Officer's rotation time continues, until the end of his or her rotation period.

Transfer Positions

1. Narcotics Unit
2. General Detectives
3. Motor Officer
4. Traffic Officer
5. Mental Health Evaluation Team
6. K-9 Unit
7. Community Relations Unit
8. Other specialized positions as determined by the Chief of Police

On/Off-Duty Injuries

While in a specialized unit and a Corporal/Officer is injured while on duty, or suffers a work related illness his/her rotation time ceases. Once the Corporal/Officer returns to full or light duty his/her rotation time resumes to the completion of their five (5) year/one (1) year rotation time, however six months shall be maximum extension period for the combined on duty injury or job related illness/injury (5 ½ years maximum time in the assignment regardless of the number of injuries/illness).

Officers/Corporals on FLSA leave will have a one year maximum extension period per event necessitating the leave.

Officers who are assigned to specialized units who are off on Military leave will return back to their assignment. During that Military leave period, the Chief of Police may designate an Officer to fill the vacant position on a temporary basis.

APPENDIX B

DRAFT

The following directive will be effective August 21, 2016. Any previous memo, directive, or order issued by any member of this department (past or present) on the topic of "beat minimums, staffing levels, or otherwise pertaining to the amount of patrol personnel on-duty" is hereby countermanded.

This memo supersedes any previous memo, directive or order that addressed or addresses "beat minimums, staffing levels, or otherwise pertaining to the amount of patrol personnel on-duty" and will remain in force until such time the chief of police determines otherwise.

Purpose:

The purpose of this directive is to establish a guideline in determining desired and mandatory staffing allocation in patrol to meet the needs of the community and the department.

Ultimately the long-term goal is to implement policy to address our staffing needs not only in patrol but throughout the department (see strategic goals below).

Background:

Traditionally our department has not used the extensive data available to determine appropriate staffing levels or deployment needs.

As we move forward it is the goal of the Department to formalize staffing levels based on workload-based models including peak workload data that has been studied and proven to be the best approach to make staffing decisions.

We are in the process of analyzing our department's data in order to effectively deploy personnel. This is the first step in formalizing our staffing needs by issuing this directive for short term staffing needs.

The below test model with the addition of SPU and other adjustments to special unit assignments will help us better determine our patrol staffing needs in the future.

Additionally the manner in which calls for service (CFS) are assigned and when they are assigned needs to be examined. For this purpose this directive will address the watch commander's responsibility when determining when discretionary self-initiated activity should be limited to emergency observations only with the emphasis of patrol personnel remaining available for emergency calls for service.

DRAFT

Strategic Goals:

The goal of implementing the peak workload staffing approach and specialized unit staffing is to provide the most effective possible response to law enforcement emergencies, neighborhood problems and traffic enforcement. This approach to calls for service facilitates problem solving, provides a concentration of personnel in neighborhoods experiencing higher crime levels, and allows significant flexibility in deploying available resources to address emerging crime trends. The five strategic goals listed are the framework for this plan and future direction of the department.

- Reduce Residential and Commercial Burglaries
- Reduce Grand Theft Auto
- Reduce Violent Crime
- Decrease Traffic Collisions
- Decrease Calls for Service related to the Mentally Ill and Homeless

Short term staffing directive:

As we continue to study and analyze information it is the direction of the Chief of Police to establish two methods of determining the staffing levels in patrol for the short term. These staffing levels are determined by information available to us now and will more likely change as we move forward.

Both methods have been determined by a number of factors including but not limited to; days and times of the week/month/year that through preliminary research and analysis show an increase or decrease in field activity; anticipated increase in field activity due to special events; certain holidays, or other activity that one can reasonably anticipate an increase in field activity may occur; [and] the amount of sworn able bodied personnel on-duty and in the City at any given time.

The two levels are desired “soft” staffing levels and mandatory “hard” staffing levels.

Desired “soft” staffing levels:

Desired “soft” staffing levels are the optimal amount of personnel deemed appropriate but not necessarily deemed mandatory to meet the needs of the community and the department.

As one will notice at any given time there is the potential to have anywhere from a minimum of eight patrol personnel, including field supervisor and watch commander, to fourteen field

DRAFT

personnel including the above and special assignments not including detectives, narcotics and other sworn personnel on-duty at any given time.

The desired "soft" staffing levels are described as follows:

- Team One - six (6) patrol personnel not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic);
- Team Two - six (6) patrol personnel not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic);
- Team Three - six (6) patrol personnel not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic);
- Team Four - seven (7) patrol personnel on Thursdays and eight (8) on Fridays and Saturdays not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic).

The watch commander shall have the discretion, based on the needs of the community and the department, to increase staffing levels on a case by case basis. This could include ordering in additional personnel if necessary. The watch commander should determine if the augmentation of on-duty special assignment personnel is sufficient personnel for emergency use.

Using special units to supplant patrol to meet soft staffing levels is not permitted unless approved by the duty chief.

Mandatory "Hard" staffing levels:

Mandatory "hard" staffing levels are the amount of patrol personnel deemed appropriate and necessary to meet the needs of the community and the department.

The Mandatory "hard" staffing levels for patrol personnel are described as follows:

Team One

- Monday - Wednesday four (4) patrol personnel not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic)
  - If no special assignment personnel are on-duty this number increases to five (5)
- Sunday five (5) patrol personnel, not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic)

DRAFT

Team Two

- Monday - Wednesday four (4) patrol personnel not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic)
    - If no special assignment personnel are on-duty this number increases to five (5)
- Sunday five (5) patrol personnel, not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic)

Team Three

- Wednesday - Friday four (4) patrol personnel not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic)
    - If no special assignment personnel are on-duty this number increases to five (5)

- Saturday five (5) patrol personnel, not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic)

Team Four

- Thursday five (5) patrol personnel not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic)
    - If no special assignment personnel are on-duty this number increases to six (6) until 0200 hours
- Friday - Saturday six (6) patrol personnel not including field supervisors, watch commanders, and special assignments (SPU, Mental Illness Officer, Traffic)
    - If no special assignment personnel are on-duty this number increases to seven (7) until 0400 hours

When four patrol personnel are deployed on these teams the call signs and geographical coverage will change from beat assignments (A through F) to district assignments (1 through 4) based on our district Policing Model.

To distinguish from beat assignment to district assignments the call signs for each district will be designated by team (Team 1,2,3, or 4) the letter Z-Zebra and the applicable district (1,2,3,or 4). For example; team 1 district 1 call sign will be 1Z1, team 1 district 2 call sign will be 1Z2 and so on.

The watch commander shall have the discretion, based on the needs of the community and the department, to increase staffing levels on a case by case basis. This could include ordering in additional personnel if necessary. The watch commander should determine if the

DRAFT

augmentation of on-duty special assignment personnel is sufficient personnel for emergency use.

In the event the "hard" minimums indicated above are not met due to unanticipated vacancies the watch commander shall order other available patrol personnel to work to meet the hard minimums.

Special unit personnel shall not be used to supplant patrol personnel to meet hard minimums unless approved by the duty chief.

Maximum staffing and tactical deployments:

The following holidays and events are considered maximum staffing days with no time off guaranteed for on-duty personnel and all off duty patrol personnel are subject to working mandatory overtime based on departmental staffing needs (this list does not exclude other days being identified as maximum staffing days based on departmental needs):

- New Year's Eve
- Armenian Commemoration Events typically April 22, 23, and 24th.
- July 4th
- City 5K and Parade typically in the month of October.
- Hearts of Compassion Food Distribution (one Saturday in November and one Saturday in December)
- Christmas at the Cannon, December 24th

Each maximum staffing day will be identified on the bid list for the shift affected. When bidding for a team staff should consider the above and plan appropriately.

Requesting time off:

It is the goal of this department to afford time off to those requesting with notice.

Notice will be defined as follows: Time off request should be submitted no later than 72 hours prior to the requested day(s) off. Request within less than 72 hour notice will be determined on a case by case basis by the on-duty watch commander.

Overtime to cover requests within less than 72 hour notice will not be permitted unless approved by the duty-chief.

Extended time off, three or more consecutive days, should be submitted at least one month in advance. In most instances vacation time will be granted excluding those requests falling on, near, or during maximum staffing events described above.

DRAFT

Calls for Service:

The watch commander has the discretion to determine when any call for service should be held until sufficient patrol personnel are available. Likewise the watch commander may determine that self-initiated discretionary activity be reserved for emergency action only when staffing levels do not permit for such discretionary activity.

Response time to the highest priority call must still remain as rapid as possible, which include those that pose danger to the lives of citizens and/or police officers and present the opportunity to arrest an alleged offender.

Response times are not exclusively staffing driven. Balancing patrol district to minimize travel distances, and hence response times, allows for maximizing rapid response while controlling staffing.

Call prioritization is crucial in achieving response time goals. The proper priority classification and assignment of calls can eliminate unnecessary high speed responses. The goal is to provide the quickest and safest response time to all calls for service, providing the service excellence for the safety of our community.

When the watch commander determines there are not sufficient units available for self-initiated discretionary activity he or she should notify communications to inform patrol staff of such. Communications should notify patrol personnel to remain 10-8 until further notice.

When patrol personnel are informed to remain 10-8 no unit should commit themselves to any activity unless it is an emergency. This includes going out of service for breaks.

Special Problems Unit:

The Special Problems Unit's (SPU) focus is on crime prevention and control. Their duties range from assisting the community with on-going concerns, proactive enforcement, assisting detectives and special projects. Officers utilize a variety of enforcement strategies including marked and unmarked vehicles, bicycles, foot patrols, plainclothes and uniform assignments. Four officers are assigned to the SPU. Their days and hours are determined by the Detective Lieutenant. The SPU is not included in "hard" staffing levels.

Mental Evaluation Unit

The Mental Evaluation Team (MET) consists of a sworn officer who is partnered with a clinician from the Los Angeles County Department of Mental Health (DMH). The MET provides additional resources to patrol by responding to and handling calls involving the mentally ill and homeless. The partnership with Department of Mental Health affords the Police Department

DRAFT

the ability to offer increased service to those individuals who need access to mental health services in an efficient manner. The MET should be on-duty 0800-1800 hours Monday – Thursday. The MET is not included in "hard" staffing levels. The call sign for the MET will be MET One.

Apprehension canine teams:

The apprehension canine teams consists of two K9 teams. The K9 teams provide patrol officers with assistance ranging from tracking of and search for suspects, article searches, and assist with high-risk situations such as high-risk traffic stops. K9 teams should function primarily as cover units and when available be assigned as the backup unit for most calls for service requiring two units. They may be assigned by the Watch Commander to other functions based on the needs of the watch at the time.

K9 teams should not be assigned to handle matters that will take them out of service for extended periods of time unless absolutely necessary and only with the approval of the Watch Commander. K9 teams can be assigned report calls that do not require an extended time out of service.

An apprehension K9 team should be on-duty 1600-0400 hours Sunday, Monday, Tuesday, Thursday, Friday, and Saturday. Canine Officers are included in "hard" staffing levels when on-duty and not in training.

Narcotic detection canine:

The narcotic detection canine (K9) team consists of one team. This team is trained to search for and detect the presence of narcotics. This team will bid for a shift pursuant to policy and be counted as part of the hard staffing levels in patrol.

Traffic Enforcement Response Officer:

The Traffic Enforcement Response (TER) Officer targets speeding and other traffic enforcement issues in the city. The TER Officer works primarily day shift and focuses his or her efforts on traffic accident reduction at intersections with the highest traffic accident rates and by rotating enforcement in school zones in the morning and afternoon high activity times.

The TER Officer also handles traffic complaints from citizens regarding on-going traffic concerns in neighborhoods. The TER Officer is not assigned to investigate traffic collisions unless otherwise assigned. The TER officer will be designated as such by the scheduling watch commander when staffing levels permit. His or her call sign will be T-2 (Tom 2).

DRAFT

Traffic Bureau:

Traffic Bureau Officers are responsible for investigating traffic collisions, hit and run investigations and all fatal vehicle accidents. They also conduct DUI and special enforcement details. Traffic Bureau Officers are not included in "hard" staffing levels.

Note: All special unit supervisors, with the exception of K9, shall submit a weekly schedule to all supervisors and command staff prior to the start of the work week.

Summary and conclusion:

It has become necessary to examine our approach to patrol functions in order to best determine when patrol personnel are deployed and how many patrol personnel are deployed at any given time. The concept of "beat minimums" is outdated and not the best approach to provide superior service to the community we serve.

The concept of peak work load staffing is well studied and proven to work throughout the country. As we continue to analyze data we will modify this plan to meet our needs as a department and for the community, using the peak work load staffing approach.

The peak work load staffing approach may include adjusting start and end times for patrol personnel. Everyone starting at the same time and ending their watch at the same time is an outdated model, not to mention there is no overlap. In order to accomplish briefing and briefing training we will explore the option of one day a week standard start times for patrol teams. With the briefing book being readily available via MDC briefing items of concern should not be an issue.

District policing is another concept that has been well studied and proven to work. The data will be analyzed to determine the appropriate district boundaries based on several factors such as response time, number of calls for service and call type.

It is no secret that crime is increasing throughout the country, Montebello is no different. Increases in crime can be attributed to a number of factors which most recently can be attributed to new legislation. In November it is expected that recreational marijuana use in California will be legal. Other states with legal recreational marijuana use have experienced an increase in calls for service and crime in general particularly DUI, petty theft and traffic collisions.

As laws change, so must the approach to enforcing those laws, which is the intent here. It is the desire of this administration that our staff will embrace and contribute to the changes set forth here and in the future.

2.060.226 Annual Leave Benefits

Purpose

The purpose of this policy is to provide comprehensive guide for City employees on earning, accruing, and utilizing their annual leave benefits.

Policy

It is the policy of the City to provide qualifying employees with annual leave benefits. Annual leave shall be earned and accrued as outlined in the schedules listed in the procedures:

Procedure

A. ANNUAL LEAVE EARNED: Employees shall be credited with annual leave from the start of their employment. Absence without pay shall cause said pay period's accrual of leave to be reduced on a prorated basis. Annual leave accrual amounts shall be based on classification and bi-weekly accrual rates shall be based on shifts:

ANNUAL LEAVE ACCRUAL (IN WORK HOURS)

YEARS OF COMPLETED SERVICE	Police Officer, Sergeant, Lieutenant	Fire Shift Personnel	All Other Personnel
Less than 5	240 hours	348 hours	232 hours*
5 but less than 10	280 hours	403 hours	272 hours*
10 but less than 15	280 hours	414 hours	280 hours*

15	288 hours	425 hours	288 hours*
16	296 hours	436 hours	296 hours*
17	304 hours	447 hours	304 hours*
18	312 hours	458 hours	312 hours*
19	320 hours	458 hours	312 hours*

B. ANNUAL LEAVE ACCRUAL CAPS: Employees shall accrue annual leave from the start of their employment. Accrued annual leave may be carried over from year-to-year based on classification, maximum allowed leave accrual, and prior employee MOU agreements described below:

Bargaining Unit	**Less than 5 years**	**5 but less than 15**	**15 or more**
Montebello Fire Management Association	590	645	700
• Fire Marshal	440	480	520
Montebello Police Officers' Association	440	480	700
Montebello Police Management Association	440	480	700
Montebello Supervisors' Association	480	520	560
Montebello Mid-	480	520	560

DRAFT

Management Association			
Un-represented full-time employees	480	520	560

a. The annual leave accrual includes hours for holidays declared pursuant to Montebello Municipal Code Section 2.60.340. Those employees whose regular work schedule permits the observance of holidays established pursuant to Montebello Municipal Code Section 2.60.340 shall report available annual leave use for the holiday time.

b. During the probationary period of employment, employees except those who do not receive paid holidays, including designated positions in the Police Department, are not authorized to use annual leave except for absences due to illness, disability, or injury. After the first year of employment, employees shall be required to use not less than ten (10) days of annual leave in each year of employment.

C. USING ANNUAL LEAVE:

1. Each appointing authority shall be responsible for scheduling the annual leave periods of employees in such a manner as to achieve the most efficient functioning of the department or agency and of the City service. Annual leave shall be scheduled respecting the wishes of the employee so far as such are compatible with the needs of the service as determined by the appointing authority.
2. Employees claiming illness or injury as grounds for unscheduled usage of annual leave, or for any use of remaining sick leave balances, may be required to furnish a certificate issued by a licensed physician or other satisfactory evidence of illness or injury. Any person absent from work due to illness or injury shall notify his or her supervisor on the first day of such leave and as often thereafter as directed by his or her supervisor. The form and time of notice by the employee of such absences shall be determined by the appointing authority.

3. An employee absent due to his/her illness or injury for more than five (5) consecutive days may use remaining sick leave balances for such illness or injury prior to using further annual leave.
4. An employee absent due to his/her illness or injury for more than five (5) cumulative days during any calendar year may, with the approval of the appointing authority, use remaining sick leave balance for absences due to further illness or injuries prior to using further annual leave.
5. Pregnancy necessitating medical leave is considered and treated like all disabilities of a non-industrial nature and remaining sick leave balances may be utilized on the same terms and conditions specified herein.
6. Any employee absent for a period of five (5) consecutive work days due to illness or injury may, at the discretion of his appointing authority or the Director of Human Resources, be required to take a physical and/or psychological examination before returning to active duty. Such examination shall be performed by a qualified medical professional designated by the Director of Human Resources, shall be at City expense, and shall be required solely to determine whether the employee continues to possess the required physical and/or psychological fitness and ability to perform the essential functions of the job.
7. Illness or Injury While on Annual Leave: Remaining sick leave balances may be used in the event of illness or injury while an employee is on authorized annual leave, provided that such illness or injury would otherwise be an authorized use, under the section of such sick leave balances.
8. In the event of severe illness in the immediate family, up to three (3) days of leave for each such instance may be used in the same manner as actual illness or injury to the employee under this section. "Severe illness" is defined as a life-threatening condition requiring hospitalization. "Immediate family" shall mean the employee's father, mother, brother, sister, mother-in-law, father-in-law, spouse, or child of the employee.

DRAFT

D. PAYMENT UPON SEPARATION: Any employee who terminates employment with the City shall be paid at the then prevailing hourly rate of pay for each hour of earned annual leave based on the pay rate in effect for such employee on the last day actually worked, spent on authorized leave, or spent on authorized time off as compensation for working overtime.

E. RATE OF PAY WHILE ON ANNUAL LEAVE: While on annual leave officers and employees shall be compensated at the same salary rate they would have received if they had been on the job.

F. ANNUAL LEAVE ACCRUAL WHILE ON TEMPORARY DISABILITY: An officer or employee who is entitled to temporary disability indemnity under Division 4 or Division 4.5 of the Labor Code, other than an officer or employee entitled to benefits under Section 4850 of the Labor Code, shall not accrue annual leave during the period for which temporary disability indemnity is received; provided however, that such accrual shall be provided for the first thirty (30) days of such temporary disability.

G. ANNUAL LEAVE ACCRUAL WHEN PERMANENTLY DISABLED: Annual leave shall not be used to continue the salary of any employee after it has been determined that such employee is unable to perform the essential functions of the position held by such employee, with or without reasonable accommodation, due to a permanent disability, or that such employee, by similar reason, presents a significant risk of substantial harm to the health or safety of himself or others, and is eligible for retirement.

[Res. 19-46, 2019-2021 MOU]

MONTEBELLO POLICE OFFICERS' ASSOCIATION

Current longevity rates, and definitions of qualifying law enforcement service for purpose of longevity, shall be modified as follows, effective the first pay period after MPOA ratification and City Council approval of this MOU (no retroactivity):

A. For longevity purposes only, the following shall count as LAW ENFORCEMENT SERVICE:

a. For full- time City of Montebello employees who are in the MPOA unit as of July 1, 2019, all continuous service as an active, full- time City of Montebello law enforcement department member, whether sworn or unsworn, plus any verifiable prior lateral continuous service as an active, full-time sworn police, police supervisory, or police management unit member, shall count toward years of longevity.

b. For MPOA unit members who join the MPOA unit on or after July 1, 2019 without prior continuous service as an active, full-time City of Montebello law enforcement department member, only verifiable prior lateral continuous service as a full- time sworn police, police supervisory, or police management unit member shall count toward years of longevity.

B. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4. APPENDIX G

DRAFT

2.060.517 Education Reimbursement Program

Purpose:

To define who and under what circumstances City employees may receive education reimbursement and to outline the procedure by which reimbursement may be obtained.

Policy:

A. Applications for education reimbursement must be from full-time, non-temporary, employees of the City. (Probationary employees will be considered eligible.)

B. Course(s) selected must be of such a nature that it benefits the City and better enables the employee to carry out present duties and will prepare the employee for increased responsibilities and/or promotion. **(An employee seeking a college degree will be eligible for reimbursement for those courses that qualify them for such degree. However, the declared major must have reasonable relevance to the job.)**

C. Courses other than those qualifying for reimbursement under paragraph B may be approved for reimbursement under this policy with the prior approval of the Director of Human Resources and the City Administrator upon submission of justification by the Appointing Authority. However, costs associated with non-classroom thesis production courses are not subject to reimbursement.

D. Employees desiring reimbursement must attend such courses on their own time after work hours and must complete the course with a passing grade of at least "C" or equivalent.

E. Reimbursement will be made for tuition at rates specified in H below, books, fire certification, lab fees, and all other fees required to take a class or classes. **Student body fees will be included; however, parking fees are excluded from reimbursement.**

F. Should an employee separate from the City's service within one year after beginning any course reimbursed by the City, the cost of such course will be

DRAFT

deducted from the employee's last paycheck. The Director of Human Resources shall be responsible for informing the Finance Department of any such amounts to be deducted.

G. Approval will be limited to courses taken at accredited universities, state colleges and community colleges, approved correspondence courses, high school and adult education, technical and vocational schools.

H. Employees may attend any accredited or other institution approved by the City Manager or designee. **However, education reimbursement rates are based on current California State University rates. A cap of $1,500 per fiscal year will be granted to each eligible employee, with the exception of members of the Montebello Police Officers' Association who's members have an annual maximum of $2,000.**

I. Employees scheduled by the City to take specialized courses or special seminars on work time will not be subject to the requirements of this policy.

Procedure:

A. In order for an employee to be eligible to receive reimbursement for tuition, fees and books, or fire certification by the State Fire Marshal, he/she must acquire prior approval of the course(s) from the Department Head, the Director of Human Resources and City Manager by submitting the Course Approval Form. This form shall be returned to the Department Head upon approval by the Director of Human Resources and the City Manager.

B. Upon receiving verification of enrollment and grade or certification, with receipts for tuition and books or for fire certification, the Department Head will submit the Educational Reimbursement Application to the Director of Human Resources with the approved Course Approval Form and a Request to Issue a Warrant made out to the employee receiving the reimbursement. **Documentation must be submitted within two months of class completion.**

C. Upon timely receipt of these materials, the Director of Human Resources shall have the responsibility for processing the claim for reimbursement.

APPENDIX H

DRAFT

2.060.504 Employee Compensation and Benefits

Purpose

Is to provide a description of the City's employee compensation and benefits packages.

Policy

It is the policy of the City to recognize the significant role that its workforce plays in fulfilling its public service mission. The City recognizes that maintaining a competitive compensation system is critical to its goal of delivering public services to its citizens. Therefore, the City strives to provide compensation for its employees to attract qualified applicants, retain employees who are equally committed to public service, and motivate employees to maintain the highest standards of performance.

A. With this goal in mind, the City shall compensate employees in accordance with decisions made by Council as budgets are set. Pay for positions are subject to the annual budgetary process and current employee organization MOU's; and as such, may be subject to increase, reduction, or status quo maintenance for fixed time periods.

B. ***TOTAL COMPENSATION PHILOSOPHY:*** The City is committed to providing a range of public services to its citizens by fostering an environment that embraces respect for the worth of each employee and to pursue the same towards its total compensation package that includes salary and benefits. The City's philosophy is consistent across units with practices that may differ to meet the unique needs of division, department, employee classifications and performance. The City's total compensation package is guided by the following principles:

1. The City's total compensation package shall be reviewed against appropriately defined labor markets.

2. The City's total compensation package shall comply with all applicable state and federal laws.

DRAFT

3. Salaries are managed through a simple, clear program that is consistent with the City's strategic and organizational objectives.

C. The Council reserves the right to make budget adjustments, and consequently direct pay adjustments during the budget year in order to manage their fiscal responsibilities or deal with unforeseen circumstances that justify or require changes to City expenditures.

Procedure

A. ***Compensation (Salary) Schedules:*** All employee classifications shall receive a salary that is approved by City Council resolution each fiscal year.

B. ***Benefits:*** In coordination with employee organizations MOU's, funding abilities, state and federal laws, and the City's total compensation philosophy, the following benefits are afforded to the full-time employees of the City of Montebello:

C. HEALTH INSURANCE THROUGH PEMHCA

a. The City and the Association agree to contract for health benefits coverage through the Public Employees' Retirement System under the Public Employees' Medical Health Care Act (PEMHCA) Section 22751 et seq. of the Government Code. [MPOA 1985 MOU]

D. HEALTH INSURANCE CITY CONTRIBUTION

a. Effective March 27, 2008, the City will contribute the following amounts toward full-time employees' medical, dental & vision insurance:

COVERAGE	TOTAL CITY CONTRIBUTION)
1 Party	Full coverage
2 Party	$840.00
3 Party	$1,090.00

[2008 reopener]

b. Part-time employees who have become eligible for CalPERS membership and have worked 1000 hours in a fiscal year:
    i. The contribution toward hourly EE's insurance who were eligible before 7/1/92 will be at the rate needed to fully pay 1 party coverage in the plan selected by the EE. For hourly EE who became eligible for insurance on or after 7/1/92 the City contribution toward the insurance package will be at the rate needed to pay 50% of one party coverage in the plan selected by the employee. [Res. 97-109]

E. Medical Insurance Opt-out Incentive

a. An opt-out incentive is afforded to full-time and those hourly employees, who have benefits and were hired prior to 8/11/92, who decline the City's medical, dental and vision insurance package.
b. Proof of medical coverage elsewhere will be required annually to continue participation in the cash incentive program.
c. The monthly Medical Insurance Opt-Out incentive is $350.00
d. The monthly Medical Insurance Opt-Out incentive shall be computed when calculating overtime as applicable.
e. The monthly Medical Insurance Opt-Out incentive shall be reported as Special Compensation to CalPERS as applicable.
f. Employees who have an alternative source of health insurance must provide minimum essential health coverage pursuant to the U. S. Patient Protection and Affordable Care Act (ACA), and cover both the employee and all individuals in the employee' s expected tax family, if any. During open enrollment or as otherwise required by the City, the employee must each year provide the City with an attestation or other reasonable documentation, subject to the City' s approval confirming such alternate coverage. According to the ACA, the City must not make payment if the

DRAFT

City knows that the employee or family member does not have the alternative coverage.

The cash out or conversion period will occur only once annually. Employees must submit requests for cash out or conversion during the first two weeks of October of each year. The first paycheck received in November of each year will reflect the cash out of conversion of annual leave. The member of the bargaining unit must have 380 hours of annual leave at the time the request for cash out or conversion to the Deferred Compensation Plan is submitted.

[Res 07-66, 2007-2009 MOU; Res 15-59, 2015 – 2016 MOU]

ARTICLE III - RETIREMENT

SECTION A CALPERS RETIREMENT TIERS

The City offers a defined retirement benefit plan through the California Public Employees' Retirement System ("CalPERS"). There are two (2) tiers of the retirement benefit plan depending on date of hire and/or status as "new member", which define the employee contribution/cost sharing as follows:

1. **Retirement Tier 1:** Employees hired prior to January 1, 2013 or who are not "new members" under the California Public Employees' Pension Reform Act of 2013 ("PEPRA"), Gov. Code § § 7533, et seq.

    a. CalPERS retirement formula is 2.7% @ 55

2. **Retirement Tier 2:** Employees Hired on or after January 1, 2013 and who

are defined by the Public Employees' Pension Reform Act (PEPRA) as "new members"

a. CalPERS retirement formula is 2.0% @ 62

SECTION B EMPLOYEE CALPERS CONTRIBUTION

1. The City agrees to contribute the entire employee member contribution equal to (8%) of pensionable income to CalPERS for all classic members in the bargaining unit from July 1, 2018 to the first pay period after January 1, 2020 All such contributions shall be paid solely from funds from the Retirement Special Revenue Fund, as codified in Montebello Municipal Code Section 3. 28. 020, and the Transportation Enterprise Fund where applicable. The parties agree that in no event shall General Fund revenues be obligated to pay the employee member contribution to CalPERS.

2. Effective first pay period after January 1, 2020, the City agrees to pay a portion of the employee member contribution to CalPERS in the amount equal to (4%) of pensionable income for all classic members in the bargaining unit. All such contributions shall be paid solely from funds from the Retirement Special Revenue Fund, as codified in Montebello Municipal Code Section 3. 28.020, and the Transportation Enterprise Fund where applicable. The parties agree that in no event shall General Fund revenues be obligated to pay the employee member contribution to CalPERS. Effective the first pay period after January 1, 2020, the classic members shall contribute the remaining amount of the employee member contribution, which is equal to 4% of pensionable income.

3. Effective the first pay period after January 1, 2021, all classic members in the bargaining unit shall pay the entire amount of the employee member contribution equal to (8%) of pensionable income to Ca1PERS. Effective the first pay period after January 1, 2021, the City will no longer make any contributions towards the employee member contribution to CalPERS, unless mutually agreed upon by the parties.

4. Any new members in the bargaining unit considered "New Ca1PERS members" under the Public Employees' Pension Reform Act (PEPRA), shall continue to pay their obligatory half the normal cost." The City is prohibited by PEPRA from paying any portion of the member contribution for New CalPERS members.

This agreement shall supersede and entirely replace any and all effective side letter agreements between the City and MCEA regarding the payment of the employee member contribution.

ARTICLE IV – POST RETIREMENT BENEFIT PROVISIONS

SECTION A RETIREE HEALTH BENEFITS

DRAFT

The City agrees to continue to provide the Retiree Health Benefit, with qualifying prerequisites, terms and provisions as outlined in Resolution 04-08A (APPENDIX I), to all full-time members in the bargaining unit that are currently employed by the City as of the date that the MOU is adopted. Eligible members of the bargaining unit must have completed a minimum of (15) years of service as a full-time employee to receive the Retiree Health Benefit. Years of City service in a part- time position do not count toward the prerequisite years of service or eligibility and will not be considered as qualifying. Upon implementation of the Retiree Health Benefit, the City ceased all contributions to the 401(a)(h) Plan for all members in the bargaining unit.

All part-time employees in the bargaining unit that are currently employed by the City as of the date that the MOU is adopted shall be eligible to receive the Retiree Health Benefit, with qualifying prerequisites, terms and provisions as outlined in Resolution 04-08A, in the event that they become full- time employees in the future without a break in service. Those eligible part-time employees in the bargaining unit must have completed a minimum of (15) years of service as a full-time employee to receive the Retiree Health Benefit. Years of City service in a part-time position do not count toward the prerequisite years of service or eligibility and will not be considered as qualifying. All full-time employees in the bargaining unit that are hired after the date that this MOU is adopted shall only receive the minimum health premium contribution as set forth in Government Code section 22892.

[Res. 19-42, 2019-2021 MOU]

ARICLE V - MISCELLANEOUS PROVISIONS

SECTION A PROTECTIVE EQUIPMENT

Property & Evidence Technicians in the Police Department shall be provided body armor at their request subject to their compliance with the Department's written policy on use of body armor.

[Res. 14-36, 2014 – 2015 MOU]

SECTION B PERSONAL LEAVE

Those MCEA members who worked 20 hours or more on or before July 1, 2012 and subsequently had their hours reduced to below 20 hours will be .eligible to accrue personal leave time at the rate of nine (9) hours per month, irrespective of eligibility for enrollment in the City's health insurance package. This change shall be retroactively applied to July 1, 2012. Personal leave may be used for vacation, sick or other personal reasons. Personal leave time may be accumulated up to a maximum of 80 hours.

[Res 13-02, 2012-14 MOU]

SECTION C EMPLOYEE STATUS

Full-time employees are defined as employees who are regularly scheduled and expected to work 80 hours or more in a bi-weekly pay period. Part-time employees are defined as employees who are regularly scheduled and expected to work less than 80 hours in a bi-weekly pay period. All references to limited hourly and regular hourly, for purposes of MCEA employees, shall be replaced with part-time.

[Res 13-02, 2012-14 MOU]

SECTION D WORK SCHEDULE

The City has exercised its discretion and determined that as soon as is practicable, on or after July 1, 2010, City Hall and City Hall-related satellite office(s) shall be closed each Friday. Concurrent with such closure(s) the work schedule of unit members shall be modified to a 4/10 schedule. However, neither the closure(s) or the 4/10 work schedule shall be applicable to unit members assigned to public safety operations (for example, only dispatchers) or to other personnel assigned to other City functions which operate in addition to and/or other than a Monday through Friday schedule.

The City Council is vested with the rights to exercise its discretion by reinstating the work schedule and City Hall hours of operation which existed immediately prior to implementation of the changes described in this Section 5.

[Res 10-42, 2010 – 2011 MOU]

SECTION E CTO BANK CAP

The CTO bank cap will be increased from the maximum allowable of 80 hours to a maximum allowable of 120 hours.

[Res 07-66; 2007-2009 MOU]

SECTION F DISCIPLINARY APPEAL PROCEDURE

Members of the MCEA bargaining unit who elect to appeal major discipline, not to include minor discipline, verbal or written reprimands, will be entitled to a full evidentiary hearing before the City Administrator, his/her designee or an impartial third party. If an impartial third party is chosen, the hearing officer shall be mutually agreed upon from a list provided by the State Mediation Service. The cost of the hearing shall be born by the "non-prevailing" party. If there is no clear "non-prevailing" party, the cost of the hearing shall be shared. The finding of the City Administrator, his/her designee, or the impartial third party shall be binding.

Parties will meet to discuss provisions for the full hearing process no later than September 30th, 2007.

The City agrees to optional, non-binding mediation for disciplinary appeals.

Minor disciplinary appeals may be addressed through the City's existing grievance policy, Administrative Policy V-B-40, which pertains to full-time unclassified employees.

[Res 07-66, 2007-2009 MOU]

2.060.226 Annual Leave Benefits

Purpose

The purpose of this policy is to provide comprehensive guide for City employees on earning, accruing, and utilizing their annual leave benefits.

Policy

It is the policy of the City to provide qualifying employees with annual leave benefits. Annual leave shall be earned and accrued as outlined in the schedules listed in the procedures:

Procedure

A. ANNUAL LEAVE EARNED: Employees shall be credited with annual leave from the start of their employment. Absence without pay shall cause said pay period's accrual of leave to be reduced on a prorated basis. Annual leave accrual amounts shall be based on classification and bi-weekly accrual rates shall be based on shifts:

ANNUAL LEAVE ACCRUAL (IN WORK HOURS)

YEARS OF COMPLETED SERVICE	Police Officer, Sergeant, Lieutenant	Fire Shift Personnel	All Other Personnel
Less than 5	240 hours	348 hours	232 hours*
5 but less than 10	280 hours	403 hours	272 hours*
10 but less than 15	280 hours	414 hours	280 hours*
15	288 hours	425 hours	288 hours*
16	296 hours	436 hours	296 hours*
17	304 hours	447 hours	304 hours*
18	312 hours	458 hours	312 hours*
19	320 hours	458 hours	312 hours*

B. ANNUAL LEAVE ACCRUAL CAPS: Employees shall accrue annual leave from the start of their employment. Accrued annual leave may be carried over from year-to-year based on classification, maximum allowed leave accrual, and prior employee MOU agreements described below:

Bargaining Unit	Less than 5 years	5 but less than 15	15 or more
Montebello Firefighters' Association	440	480	520
Montebello Fire Management Association	590	645	700
• Fire Marshal	440	480	520
Montebello Police Officers' Association	440	480	700
Montebello Police Management Association	440	480	700
Montebello City Employees' Association	480	520	560
Montebello Supervisors' Association	480	520	560
Montebello Mid-Management Association	480	520	560
Un-represented full-time employees	480	520	560

a. The annual leave accrual includes hours for holidays declared pursuant to Montebello Municipal Code Section 2.60.340. Those employees whose regular work schedule permits the observance of holidays established pursuant to Montebello Municipal Code Section 2.60.340 shall report available annual leave use for the holiday time.

b. During the probationary period of employment, employees except those who do not receive paid holidays, including designated positions in the Police Department, are not authorized to use annual leave except for absences due to illness, disability, or injury. After the first year of employment, employees shall be required to use not less than ten (10) days of annual leave in each year of employment.

C. MONTEBELLO FIREFIGHTERS' ASSOCIATION

All Fire Safety new hires will be implemented into the City's Annual Leave System. The accrual rates for the Annual Leave System will be as follows:

Years of Service	Hours per pay period	Annual Allotted Hours
0-4 years	13.38	348
5-9 years	15.50	403
10-14 years	15.92	414
15 years	16.35	425
16 years	16.77	436
17 years	17.19	447
18+ years	17.62	458

The maximum number of hours that may be accrued will be as follows:

Years of Service		Maximum Allowable Accrued Hours
0-4 years		440 hours
5-14 years		480 hours
15 years + 1 month		520 hours

All members of the Montebello Firefighters' Association employed on the date of ratification of the provision will remain on the vacation/holiday/sick bank system.

[2008 reopener, correction letter dated 6/30/2008]

D. USING ANNUAL LEAVE:

1. Each appointing authority shall be responsible for scheduling the annual leave periods of employees in such a manner as to achieve the most efficient functioning of the department or agency and of the City service. Annual leave shall be scheduled respecting the wishes of the employee so far as such are compatible with the needs of the service as determined by the appointing authority.

2. Employees claiming illness or injury as grounds for unscheduled usage of annual leave, or for any use of remaining sick leave balances, may be required to furnish a certificate issued by a licensed physician or other satisfactory evidence of illness or injury. Any person absent from work due to illness or injury shall notify his or her supervisor on the first day of such leave and as often thereafter as directed by his or her supervisor. The form and time of notice by the employee of such absences shall be determined by the appointing authority.
3. An employee absent due to his/her illness or injury for more than five (5) consecutive days may use remaining sick leave balances for such illness or injury prior to using further annual leave.
4. An employee absent due to his/her illness or injury for more than five (5) cumulative days during any calendar year may, with the approval of the appointing authority, use remaining sick leave balance for absences due to further illness or injuries prior to using further annual leave.
5. Pregnancy necessitating medical leave is considered and treated like all disabilities of a non-industrial nature and remaining sick leave balances may be utilized on the same terms and conditions specified herein.
6. Any employee absent for a period of five (5) consecutive work days due to illness or injury may, at the discretion of his appointing authority or the Director of Human Resources, be required to take a physical and/or psychological examination before returning to active duty. Such examination shall be performed by a qualified medical professional designated by the Director of Human Resources, shall be at City expense, and shall be required solely to determine whether the employee continues

to possess the required physical and/or psychological fitness and ability to perform the essential functions of the job.

7. Illness or Injury While on Annual Leave: Remaining sick leave balances may be used in the event of illness or injury while an employee is on authorized annual leave, provided that such illness or injury would otherwise be an authorized use, under the section of such sick leave balances.
8. In the event of severe illness in the immediate family, up to three (3) days of leave for each such instance may be used in the same manner as actual illness or injury to the employee under this section. "Severe illness" is defined as a life-threatening condition requiring hospitalization. "Immediate family" shall mean the employee's father, mother, brother, sister, mother-in-law, father-in-law, spouse, or child of the employee.

E. PAYMENT UPON SEPARATION: Any employee who terminates employment with the City shall be paid at the then prevailing hourly rate of pay for each hour of earned annual leave based on the pay rate in effect for such employee on the last day actually worked, spent on authorized leave, or spent on authorized time off as compensation for working overtime.

F. RATE OF PAY WHILE ON ANNUAL LEAVE: While on annual leave officers and employees shall be compensated at the same salary rate they would have received if they had been on the job.

G. ANNUAL LEAVE ACCRUAL WHILE ON TEMPORARY DISABILITY: An officer or employee who is entitled to temporary disability indemnity under Division 4 or Division 4.5 of the Labor Code, other than an officer or employee entitled to benefits under Section 4850 of the Labor Code, shall not accrue annual leave during the period for which temporary disability indemnity is received; provided however, that such accrual shall be provided for the first thirty (30) days of such temporary disability.

H. ANNUAL LEAVE ACCRUAL WHEN PERMANENTLY DISABLED: Annual leave shall not be used to continue the salary of any employee after it has been determined that such employee is unable to perform the essential functions of the position held by such employee, with or without reasonable accommodation, due to a permanent disability, or that such employee, by similar reason, presents a significant risk of substantial harm to the health or safety of himself or others, and is eligible for retirement.

2.060.517 Education Reimbursement Program

Purpose:

To define who and under what circumstances City employees may receive education reimbursement and to outline the procedure by which reimbursement may be obtained.

Policy:

A. Applications for education reimbursement must be from full-time, non-temporary, employees of the City. (Probationary employees will be considered eligible.)

B. Course(s) selected must be of such a nature that it benefits the City and better enables the employee to carry out present duties and will prepare the employee for increased responsibilities and/or promotion. **(An employee seeking a college degree will be eligible for reimbursement for those courses that qualify them for such degree. However, the declared major must have reasonable relevance to the job.)**

C. Courses other than those qualifying for reimbursement under paragraph B may be approved for reimbursement under this policy with the prior approval of the Director of Human Resources and the City Administrator upon submission of justification by the Appointing Authority. However, costs associated with non-classroom thesis production courses are not subject to reimbursement.

D. Employees desiring reimbursement must attend such courses on their own time after work hours and must complete the course with a passing grade of at least "C" or equivalent.

E. Reimbursement will be made for tuition at rates specified in H below, books, fire certification, lab fees, and all other fees required to take a class or classes. **Student body fees will be included; however, parking fees are excluded from reimbursement.**

F. Should an employee separate from the City's service within one year after beginning any course reimbursed by the City, the cost of such course will be

DRAFT

deducted from the employee's last paycheck. The Director of Human Resources shall be responsible for informing the Finance Department of any such amounts to be deducted.

G. Approval will be limited to courses taken at accredited universities, state colleges and community colleges, approved correspondence courses, high school and adult education, technical and vocational schools.

H. Employees may attend any accredited or other institution approved by the City Manager or designee. **However, education reimbursement rates are based on current California State University rates. A cap of $1,500 per fiscal year will be granted to each eligible employee, with the exception of members of the Montebello Police Officers' Association who's members have an annual maximum of $2,000.**

I. Employees scheduled by the City to take specialized courses or special seminars on work time will not be subject to the requirements of this policy.

Procedure:

A. In order for an employee to be eligible to receive reimbursement for tuition, fees and books, or fire certification by the State Fire Marshal, he/she must acquire prior approval of the course(s) from the Department Head, the Director of Human Resources and City Manager by submitting the Course Approval Form. This form shall be returned to the Department Head upon approval by the Director of Human Resources and the City Manager.

B. Upon receiving verification of enrollment and grade or certification, with receipts for tuition and books or for fire certification, the Department Head will submit the Educational Reimbursement Application to the Director of Human Resources with the approved Course Approval Form and a Request to Issue a Warrant made out to the employee receiving the reimbursement. **Documentation must be submitted within two months of class completion.**

DRAFT

C. Upon timely receipt of these materials, the Director of Human Resources shall have the responsibility for processing the claim for reimbursement.

2.060.504 Employee Compensation and Benefits

Purpose

Is to provide a description of the City's employee compensation and benefits packages.

Policy

It is the policy of the City to recognize the significant role that its workforce plays in fulfilling its public service mission. The City recognizes that maintaining a competitive compensation system is critical to its goal of delivering public services to its citizens. Therefore, the City strives to provide compensation for its employees to attract qualified applicants, retain employees who are equally committed to public service, and motivate employees to maintain the highest standards of performance.

A. With this goal in mind, the City shall compensate employees in accordance with decisions made by Council as budgets are set. Pay for positions are subject to the annual budgetary process and current employee organization MOU's; and as such, may be subject to increase, reduction, or status quo maintenance for fixed time periods.

B. ***TOTAL COMPENSATION PHILOSOPHY:*** The City is committed to providing a range of public services to its citizens by fostering an environment that embraces respect for the worth of each employee and to pursue the same towards its total compensation package that includes salary and benefits. The City's philosophy is consistent across units with practices that may differ to meet the unique needs of division, department, employee classifications and performance. The City's total compensation package is guided by the following principles:

1. The City's total compensation package shall be reviewed against appropriately defined labor markets.
2. The City's total compensation package shall comply with all applicable state and federal laws.
3. Salaries are managed through a simple, clear program that is consistent with the City's strategic and organizational objectives.

DRAFT

C. The Council reserves the right to make budget adjustments, and consequently direct pay adjustments during the budget year in order to manage their fiscal responsibilities or deal with unforeseen circumstances that justify or require changes to City expenditures.

Procedure

A. ***Compensation (Salary) Schedules:*** All employee classifications shall receive a salary that is approved by City Council resolution each fiscal year.

B. ***Benefits:*** In coordination with employee organizations MOU's, funding abilities, state and federal laws, and the City's total compensation philosophy, the following benefits are afforded to the full-time employees of the City of Montebello:

C. HEALTH INSURANCE THROUGH PEMHCA

a. The City and the Association agree to contract for health benefits coverage through the Public Employees' Retirement System under the Public Employees' Medical Health Care Act (PEMHCA) Section 22751 et seq. of the Government Code. [MPOA 1985 MOU]

D. HEALTH INSURANCE CITY CONTRIBUTION

a. Effective March 27, 2008, the City will contribute the following amounts toward full-time employees' medical, dental & vision insurance:

COVERAGE	TOTAL CITY CONTRIBUTION)
1 Party	Full coverage
2 Party	$840.00
3 Party	$1,090.00

[2008 reopener]

DRAFT

b. Part-time employees who have become eligible for CalPERS membership and have worked 1000 hours in a fiscal year:
    i. The contribution toward hourly EE's insurance who were eligible before 7/1/92 will be at the rate needed to fully pay 1 party coverage in the plan selected by the EE. For hourly EE who became eligible for insurance on or after 7/1/92 the City contribution toward the insurance package will be at the rate needed to pay 50% of one party coverage in the plan selected by the employee. [Res. 97-109]

E. Medical Insurance Opt-out Incentive

a. An opt-out incentive is afforded to full-time and those hourly employees, who have benefits and were hired prior to 8/11/92, who decline the City's medical, dental and vision insurance package.
b. Proof of medical coverage elsewhere will be required annually to continue participation in the cash incentive program.
c. The monthly Medical Insurance Opt-Out incentive is $350.00
d. The monthly Medical Insurance Opt-Out incentive shall be computed when calculating overtime as applicable.
e. The monthly Medical Insurance Opt-Out incentive shall be reported as Special Compensation to CalPERS as applicable.
f. Employees who have an alternative source of health insurance must provide minimum essential health coverage pursuant to the U. S. Patient Protection and Affordable Care Act (ACA), and cover both the employee and all individuals in the employee' s expected tax family, if any. During open enrollment or as otherwise required by the City, the employee must each year provide the City with an attestation or other reasonable documentation, subject to the City' s approval confirming such alternate coverage. According to the ACA, the City must not make payment if the City knows that the employee or family member does not have the alternative coverage.

2.060.516 Jury Duty Compensation

Purpose

To establish a policy and define the procedure to be utilized concerning jury duty.

Policy

A. An employee of the City, who is in receipt of a juror summons and is required to serve, shall be paid up to 10 days of regular salary and benefits during each fiscal year while engaged in such activity on his or her regularly scheduled work days.

B. Compensation shall extend beyond the 10 days of salary and benefits only if the employee presents to the City a certified court document showing that a trial counsel and/or an official of the court estimated that the trial for which the employee was selected as a juror had been estimated to be concluded within the number of days remaining on the employee-juror's service period, not exceeding a maximum of 10 days. Under such circumstances, the employee shall receive his/her regular salary, minus any payments or fees received as a juror. The employee must remit any court or jury duty payments, excluding mileage reimbursement, to the City of Montebello.

Procedure

A. Upon receipt of a jury summons, the employee is to notify his/her immediate supervisor, providing a copy of the summons, and follow all court-required procedures.

B. At the first available opportunity after reporting to the court for service, the employee should notify the jury supervisor or appropriate court official that he or she is limited to 10 days of paid service.

C. Many courts utilize a system requiring jurors to call in daily to receive assignment. The employee must notify his or her supervisor of the "call in"

status. Unless ordered to report to court for service, the employee must report to work, if it is a regular workday. If ordered to report to court for active service, the employee must immediately notify his or her supervisor of the court assignment.

D. Upon being released from jury service, the employee must present proof of service from the court to his or her immediate supervisor on the next working day following the conclusion of service.

E. Any jury duty payment received from the court, minus mileage payment, which may be retained by the employee, shall be forwarded to the Payroll Division of the Finance Department upon return to work.

(Revised: 07/09/82, 09/90, 09/96, 12/13/96; 12/05; DTBD)

RESOLUTION NO. 04-08A

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO SPECIFYING CERTAIN EMPLOYEE BENEFITS AND EMPLOYMENT CONDITIONS FOR DESIGNATED NON-REPRESENTED EMPLOYEES.

SECTION 1. That effective January 1, 2004, the City's maximum contribution to the existing health, dental, life and vision insurance coverage shall be increased by $40.00 for 2-party coverage and by $50.00 for 3-party coverage as follows:

COVERAGE	REQUIRED PERS	ADMIN FEE	FLEXIBLE BENEFIT CONTRIBUTION	TOTAL CITY CONTRIBUTION
1 Party	$32.20	$ 5.00	Varies	Fully Paid
2 Party	$32.20	$ 9.00	$695.65	$736.85
3 Party	$32.20	$12.00	$918.99	$963.14

SECTION 2. That effective January 1, 2005, the City will provide a benefit to qualified retired employees for the purpose of providing eligible retirees with funds to be applied toward health insurance coverage.

Eligibility for the retiree benefit is as follows:

- Must be employed as an active full time employee on January 1, 2005
- Must be at least 50 years of age
- Must retire directly from the City of Montebello
- Must have at least 15 full years of active City service as a full-time employee at the time of service retirement or at least 10 full years of active full-time City service at the time of disability retirement

  The required years of City service does not have to be the result of contiguous employment, however the employee's last 5 years of employment prior to retirement must be as an active full-time employee of the City of Montebello

- The retiree benefit for qualified disability retirements will be calculated in the same manner as for service retirements

The monthly benefit will be determined by the number of full years of City service multiplied by $25.00. The maximum benefit allowable will be calculated at 25 years of City service. Examples of the calculations are as follows:

- 15 years of City service multiplied by $25.00 = $375 per month
- 25 years of City service multiplied by $25.00 = $625 per month, which is the maximum benefit allowable.

The monthly amount payable to the retired employee will be reduced by any amount paid by the City on the retiree's behalf toward medical insurance or any amount required to be paid by the City of Montebello for any local, state or federal government retirement or medical plan or law.

The retiree will begin receiving the benefit beginning the month following one full month of retirement. The retiree benefit will be paid throughout the retired employee's lifetime or until the employee qualifies for Medicare under the Federal Social Security Act.

The City of Montebello will issue a warrant to the retired employee on a monthly basis for the amount for which the employee qualifies under the plan. These amounts will be considered taxable to the retiree. Retired employees may enroll in any health plan of their choice or may choose not to enroll in a health plan at their discretion with no effect on the benefit.

The City will establish a notification procedure to determine continued eligibility.
The City of Montebello has the right to recover any overpayments issued in administering the plan.

SECTION 3: That effective January 1, 2005, designated non-represented employees shall be ineligible to participate in the City's 401 (a) (h) Supplemental Retirement Program.

SECTION 4: That the City Clerk shall certify to the adoption of this resolution and distribute copies to the Director of Administrative Services and Controller, and that the same shall be in full force and effect.

APPROVED AND ADOPTED this 11TH day of February 2004.

PREAMBLE

Pursuant to Government Code Section 3500 *et seq.,* representatives of the City of Montebello ("City") have met and conferred in good faith with representatives of the **Montebello Firefighters' Association (MFA)**, and have reached an agreement to recommend that the City Council take the actions identified in this comprehensive Memorandum of Understanding (hereafter either "Memorandum," "MOU" or "Agreement"). Upon ratification of this Comprehensive MOU by majority vote of the bargaining unit membership as well as adoption by the City Council, all terms and conditions set forth herein shall become binding. This Comprehensive MOU supersedes Resolution 19-43 adopted by the City Council on April 22, 2019, as well as all prior MOUs, side letters and agreements between the City and the Montebello Firefighters' Association (MFA).

ARTICLE I - IMPLEMENTATION

SECTION A TERM

Period Covered. 3 Years. **From 1/1/2019 To 12/31/2021.**

SECTION B RECOGNITION

The **Montebello Firefighters' Association (MFA)** is the exclusive representative of the employees within the classifications of Fire Captain, Fire Engineer, and Firefighter for the purpose of meeting and conferring over wages, hours, and terms and conditions of employment.

SECTION C PROVISIONS OF LAW AND SEVERABILITY CLAUSE

Except as modified herein, all relevant federal, state, and local laws apply. Should any provisions of this MOU be found to be in violation of any law, rule or regulation, the remaining provisions will remain in full force and effect for the duration of this MOU.

SECTION D INCORPORATION OF CITY CODE, RULES, AND POLICIES

This MOU memorializes changes in terms and conditions for members of the bargaining unit as well as modifications of existing City codes, rules, and policies.

Incorporation of prior MOU's references to City code, rules, and policies have been adopted during ***"Meet and Confer"*** sessions and shall be considered adopted by reference in this MOU and include the following specific City policies:

a. 2.060.590 Bilingual Pay
b. 2.060.565 Bereavement Leave
c. 2.060.226 Annual Leave
g. 2.060.227 Longevity Pay

h. 2.060.517 Educational Reimbursement Programs
i. 2.060.504 Employee Compensation and Benefits
k. 2.060.xxx Education Incentive Pay

Unless the parties mutually and voluntarily agree to do so, neither party shall be obligated to negotiate over matters covered by, or within the scope of, this Agreement, during the term of this Agreement.

SECTION E CITY DEDUCTIONS AND DUES

The City agrees to conduct dues deductions.

ARTICLE II - COMPENSATION

SECTION A SALARY PROVISIONS

City employees covered under this MOU shall receive:

Classic CalPERS Members:

(1) 4% on-schedule base salary increase effective first pay period after MFA ratification and City Council adoption of this Memorandum of Understanding (MOU) [APRIL 22, 2019];

(2) Under this MOU amendment, an additional 4% base salary increase effective first pay period after October 1, 2019.

(3) 4% on-schedule base salary increase effective first pay period after January 1, 2020;

(4) 4% on-schedule base salary increase effective first pay period after January 1, 2021.

(5) Under this MOU amendment, an additional 2% base salary increase will apply to the above-mentioned Section 2 Compensation, (A) (4), which will result in an aggregate (6%) on-schedule base salary increase effective first pay period after January 1, 2021.

New CalPERS (PEPRA) Members (as defined by CalPERS):

(1) 4% on-schedule base salary increase effective first pay period after MFA ratification and City Council adoption of this Memorandum of Understanding (MOU) [APRIL 22, 2019];

(2) Under this MOU amendment, an additional 4% base salary increase effective first pay period after October 1, 2019.

(3) 4% on-schedule base salary increase effective first pay period after January 1, 2020;

DRAFT

(4) 4% on-schedule base salary increase effective first pay period after January 1, 2021.

(5) Under this MOU amendment, an additional 2% base salary increase will apply to the above-mentioned Section 2 Compensation, (B) (4), which will result in an aggregate (6%) on-schedule base salary increase effective first pay period after January 1, 2021.

SECTION B SICK LEAVE PAY-OUT AT SEPARATION

The City will contribute upon separation 100% of the unused Sick Leave balance to a 401(a) plan at the normal age of retirement and at the maximum contribution limit amount set by the IRS. Upon reaching the maximum amount set by the IRS for the calendar year the City will pay out the remaining to the employee at current base rate of pay.

[Agreement #3845]

SECTION C PARAMEDIC LICENSE RECERTIFICATION (Fire Captain & Fire Engineer)

The City has agreed to reimburse any Fire Captain or Fire Engineer who chooses to renew his/her State of California Paramedic License. The Montebello Firefighters' Association member would complete the requisite 48 hours of education through the State of California every two years. The $200 application fee paid to the State of California EMS Authority would be reimbursed to the member through the Education Reimbursement Program. The MFA member would be responsible for following the procedures in Administrative Policy V-B-27 – Education Reimbursement Program when requesting reimbursement.

[Res 14-53, 2014-2015 MOU]

SECTION D ASSIGNED SHIFT OFF

As a result of averaging time worked on an MFA member's timesheet, the City agrees to compensate any MFA employee at the end of the calendar year using compensatory time for any hours actually worked that was not paid during that calendar year pursuant to any state or federal laws. At the same time, any MFA employee who was over compensated in a calendar year due to the averaging of their work time shall be required to have an equal number of hours deducted from their compensatory time, vacation or annual leave.

[Res 12-106, 2012-2013 MOU]

SECTION E ANNUAL SICK LEAVE PAY-OFF

Annually, during the first pay period ending after January 1st, all sick leave hours over the threshold of 2,160 hours will be paid off at the rate of half of the current rate of pay.

[2008 reopener]

SECTION F UNUSED HOLIDAY PAY OFF

In January, upon the posting of holiday leave hours, any unused holiday leave hours remaining from the previous year will be automatically paid off at the current rate of pay.

[2008 reopener]

SECTION G MOVE-UP PAY

The City will provide an increase in move-up pay from 5% to 10%.

[2004-2006 MOU]

SECTION H PARAMEDIC BONUS

Paramedic Bonus is 15% above firefighter pay upon accreditation by the Los Angeles Department of Health Services. Upon promotion to the position of Fire Engineer, a Firefighter who is receiving a paramedic bonus will be appointed at the salary step in the Fire Engineer range which is one step below the step held in the Firefighter range. To ensure no loss in pay, the difference between the salary step in the Engineer's range and his/her previous Firefighter base pay plus paramedic bonus will continue to be provided as a bonus until a salary step increase is granted, i.e. at least 18 months.

[2002 – 2003 MOU]

SECTION I LEAVE CONVERSION

The following represents the maximum limit imposed on hours that may be converted:

Years of completed service	Eligible vacation hours for conversion
0 – 5	24 shift hours

DRAFT

6 - 10	48 shift hours
11 – 20	96 shift hours
21 – 30	144 shift hours
31 and more	192 shift hours

[12/1999 MOU]

SECTION J VACATION CARRY-OVER

Members are allowed to accumulate up to 360 vacation hours. In January when vacation hours are posted, all vacation hours exceeding 360 will be automatically paid to the member at the current rate of pay.

[1994- 1996 MOU]

SECTION K PARAMEDIC RECERTIFICATION PROGRAM

$200.00 Paramedic recertification bonus to be paid every two years upon successful completion of the recertification process.

[1993 MOU]

SECTION L UNIFORM/EQUIPMENT ALLOWANCE

The City agrees to provide a total uniform/equipment allowance to unit members of $750/year.

ARTICLE III - RETIREMENT

SECTION A CALPERS RETIREMENT TIERS

The City offers a defined retirement benefit plan through the California Public Employees' Retirement System ("CalPERS"). There are two (2) tiers of the retirement benefit plan depending on date of hire and/or status as "new member", which define the employee contribution/cost sharing as follows:

1. **Retirement Tier 1:** Employees hired prior to January 1, 2013 or who are not "new members" under the California Public Employees' Pension Reform Act of 2013 ("PEPRA"), Gov. Code § § 7533, et seq.

2. **Retirement Tier 2:** Employees Hired on or after January 1, 2013 and who are defined by the Public Employees' Pension Reform Act (PEPRA) as "new members"

SECTION B EMPLOYEE CONTRIBUTIONS TO CALPERS

A. Classic CalPERS Members: Effective the first pay period after January 1 2021: The City shall no longer make contributions towards the employee member contribution to CalPERS for any Classic CalPERS unit members. Each Classic CalPERS unit member shall contribute an additional 4% of the employee member contribution of pensionable income to CalPERS for a total obligation by each Classic CalPERS unit member of 12%.

B. New CalPERS (PEPRA) Members (as defined by CalPERS): New CalPERS (PEPRA) unit members, including each newly hired unit member, shall continue to pay their obligatory "half the actuarial normal cost" of their pension benefit (as determined and regularly adjusted by CalPERS). The current one-half obligation for each PEPRA unit member is 11.25% but will increase effective July 2019 to 12.25%, with potential mandated upward adjustments thereafter. The City is prohibited by PEPRA from paying any portion of the member contribution for PEPRA members.

ARTICLE IV- POST RETIREMENT BENEFIT PROVISIONS

SECTION A RETIREE HEALTH BENEFITS

Full-time unit members hired prior to the date this Tentative Agreement is adopted by the City Council:

The City agrees to continue to provide the Retiree Health Benefit, with qualifying prerequisites, terms and provisions as previously agreed to in the Memorandum of Understanding between the City and MFA for the 2008 Re-Opener

DRAFT

negotiations, to all full-time unit members hired prior to the date this Tentative Agreement is adopted by the City Council. The terms and eligibility requirements remain as follows:

a. The Retiree Health Benefit will be paid to eligible members throughout the employee's lifetime or until the employee qualifies for Medicare under the federal Social Security Act.

b. The Retiree Health Benefit will not apply to the employee's survivors.

c. To be eligible, the unit member:
   i. Must currently be employed as an active full-time safety unit member of the MFA;
   ii. Must be at least 50 years of age (no minimum age requirement for disability retirement);
   iii. Must retire directly from the City of Montebello;
   iv. Must have at least 15 full-time years of active City service at the time of service retirement (the 15 years does not have to be the result of contiguous employment however, the employee's last five years of employment immediately prior to retirement must be as an active, full-time employee of the City), or at least 10 full years of active City service at the time of disability retirement.

d. The monthly retiree benefit will be determined by the number of full years of City service multiplied by $25.00. The maximum benefit allowable will be calculated at 25 years of active City service. The retiree benefit for qualified disability retirement will be calculated in the same manner as for service retirements.

   Examples of calculations are as follows: 15 years of City service multiplied by $25.00 = $375 per month; 25 years of City service multiplied by $25.00 = $625 per month, which is the maximum benefit allowable.

e. The monthly amount payable will be reduced by any amount paid by the City on the retiree's behalf toward medical insurance or any amount required to be paid by the City for any local, state, or deferral government retirement or medical plan or law.

f. The retiree will begin receiving the monthly retiree benefit beginning the month following one full month of retirement. The retiree benefit will be paid throughout the retired employee's lifetime or until the employee qualified for Medicare under the federal Social Security Act.

g. The City will issue a warrant to the retired employee on a monthly basis for the amount of retiree benefit paid to the employee. These amounts will be considered taxable to the retiree. Retired employees may enroll in any health

DRAFT

plan of their choice or may choose not to enroll in a health plan at their discretion.

Full-time unit members hired after the date this Tentative Agreement is adopted by the City Council:

All full-time unit members hired after the date this Tentative Agreement is adopted by the City Council shall only, commencing the month following one full month of retirement, receive the minimum employer health premium contribution as prescribed by Government Code section 22892 of the Public Employees' Medical and Hospital Care Act (PEMHCA). The retiree must be and remain enrolled in an eligible health benefit plan in order for the City to be obligated to pay the prescribed premium.

[Res 19-43, 2019 -2021 MOU]

SECTION B TRUST ACCOUNT

The City agrees to establish a trust account to be used toward the cost of healthcare coverage for eligible retired members after qualification of Medicare. The trust account will consist of a contribution of 1% of regular salaries, not including overtime, to be deposited per payroll cycle. The Retiree Health Benefit will continue after Medicare eligibility at the same level as pre-Medicare eligibility. The benefit will be paid throughout the employee's lifetime and will not apply to the employees' survivors. The 1% salary contribution will be counted toward compensation for purposes of salary survey comparisons.

If trust assets, at any fiscal year end, are less than 3 times the current annualized benefits due, the City will meet and confer with the Fire Association.

[2008 reopener]

SECTION C LEVEL 3 SURVISOR BENEFIT

The City agrees to pay the cost of the CalPERS Level 3 Survivor benefit.

[2000-2001 MOU]

ARTICLE V - MISCELLANEOUS PROVISIONS

SECTION A GYM MEMBERSHIP

The City agrees to provide access to a gym facility at no cost to MFA members. It shall be mandatory for all MFA members to attend the provided gym facility at least once during each shift for a minimum of one hour unless there are mitigating or unforeseen circumstances that prevent such attendance. MFA members are required to submit a gym usage report on a quarterly basis to the Fire Chief.

[Res 15-101A, 2015 – 2018 MOU]

SECTION B CONFERENCE ATTENDANCE

The City shall provide the Association a total of no more than 50 paid leave hours per fiscal year and with a cost not to exceed $7,000 dollars per fiscal year for identified Association members to attend any of the conferences identified below. The $7,000 includes the cost of backfilling for any conference attendee without regard to classification. Any attendance at a conference pursuant to this provision must be requested at least 30 days in advance and approved by the Fire Chief. The City retains the right to deny approval for a member to attend a conference if it is in the best interest of the City and/or Fire Department, including the need to address staffing and scheduling issues. The Parties agree that an Association member's attendance at a conference pursuant to this provision is strictly for the benefit of the member and the Association, and is not for the benefit of the City. Any paid leave hours to attend a conference under this provision shall not be subject to the payment of overtime compensation, not shall such leave time contribute towards hours worked for purposes of the calculation of overtime.

Eligible conferences: International Affiliate Leadership Training, California Professional Firefighters Leadership Training, Biennial convention, District Meetings, Legislative Conference, California State Firefighter Association Annual Conference, and County Federation Monthly meeting.

[Res 15-101A, 2015 – 2018 MOU]

SECTION C MINIMUM OPERATING STATIONS, APPARATUS AND RELATED STAFFING

Article 1, Minimum Manning, in the 2008-2009 MOU between parties is hereby eliminated. There shall be no contractual or other obligation by the City to staff or operate any particular number of fire stations and/or to operate any number of apparatus in any fire station. Additionally, there shall be no contractual or other obligation providing for a minimum number of employees/staff being assigned to staff fire stations and/or apparatus within an operating station. Thus, there shall be no contractual or other obligation regarding what is commonly referred to as "minimum staffing" or "minimum manning".

[Res. – 10-63]

SECTION D PROMOTIONAL EXAMS

The City agrees to give 90 days prior notice to the Montebello Firefighters' Association before conducting promotional exams for Fire Safety positions.

[2008 reopener]

DRAFT

SECTION E TIME WORKED

Sick leave hours used per 14 day pay period cycle will not be counted as time worked toward the calculation of overtime.

[2008 reopener]

SECTION F 48/96 WORK SCHEDULE

The City agrees to maintain the current 48/96 work schedule through June 30, 2009.

[2008 reopener]

SECTION G ASSOCIATION MEETINGS

City agrees to allow Association Board Members to conduct their business meetings as long as there is no interruption to Department operations. The Fire Chief as the authority to "fill behind" the Association President when necessary. Both the City and the Association will comply with Administrative Policy V-B-6, which outlines the Employer-Employee Relations Rules.

[03/1999 MOU]

SECTION H RECALL

The minimum number of hours for recall time shall be increased by 2 hours for a total of 4 hours.

[Res. 93-06, 1991 MOU]

SECTION I OSHA REGUALATIONS

City recognizes Federal and State OSHA regulations regarding the "two-in, two-out" rule and the City is working toward compliance.

[1999 MOU]

SECTION J DAILY FOOD SUPPLIES

It is recommended that the amount allocated for food supplies be increased by $1.00 per person to a total of $6.00 per person per day.

2.060.226 Annual Leave Benefits

Purpose

The purpose of this policy is to provide comprehensive guide for City employees on earning, accruing, and utilizing their annual leave benefits.

Policy

It is the policy of the City to provide qualifying employees with annual leave benefits. Annual leave shall be earned and accrued as outlined in the schedules listed in the procedures:

Procedure

A. ANNUAL LEAVE EARNED: Employees shall be credited with annual leave from the start of their employment. Absence without pay shall cause said pay period's accrual of leave to be reduced on a prorated basis. Annual leave accrual amounts shall be based on classification and bi-weekly accrual rates shall be based on shifts:

ANNUAL LEAVE ACCRUAL (IN WORK HOURS)

YEARS OF COMPLETED SERVICE	Police Officer, Sergeant, Lieutenant	Fire Shift Personnel	All Other Personnel
Less than 5	240 hours	348 hours	232 hours*
5 but less than 10	280 hours	403 hours	272 hours*
10 but less than 15	280 hours	414 hours	280 hours*
15	288 hours	425 hours	288 hours*
16	296 hours	436 hours	296 hours*
17	304 hours	447 hours	304 hours*
18	312 hours	458 hours	312 hours*
19	320 hours	458 hours	312 hours*

B. ANNUAL LEAVE ACCRUAL CAPS: Employees shall accrue annual leave from the start of their employment. Accrued annual leave may be carried over from year-to-year based on classification, maximum allowed leave accrual, and prior employee MOU agreements described below:

Bargaining Unit	Less than 5 years	5 but less than 15	15 or more
Montebello Firefighters' Association	440	480	520
Montebello Fire Management Association	590	645	700
• Fire Marshal	440	480	520
Montebello Police Officers' Association	440	480	700
Montebello Police Management Association	440	480	700
Montebello City Employees' Association	480	520	560
Montebello Supervisors' Association	480	520	560
Montebello Mid-Management Association	480	520	560
Un-represented full-time employees	480	520	560

a. The annual leave accrual includes hours for holidays declared pursuant to Montebello Municipal Code Section 2.60.340. Those employees whose regular work schedule permits the observance of holidays established pursuant to Montebello Municipal Code Section 2.60.340 shall report available annual leave use for the holiday time.

b. During the probationary period of employment, employees except those who do not receive paid holidays, including designated positions in the Police Department, are not authorized to use annual leave except for absences due to illness, disability, or injury. After the first year of employment, employees shall be required to use not less than ten (10) days of annual leave in each year of employment.

C. MONTEBELLO FIREFIGHTERS' ASSOCIATION

All Fire Safety new hires will be implemented into the City's Annual Leave System. The accrual rates for the Annual Leave System will be as follows:

Years of Service	Hours per pay period	Annual Allotted Hours
0-4 years	13.38	348
5-9 years	15.50	403
10-14 years	15.92	414
15 years	16.35	425
16 years	16.77	436
17 years	17.19	447
18+ years	17.62	458

The maximum number of hours that may be accrued will be as follows:

Years of Service		Maximum Allowable Accrued Hours
0-4 years		440 hours
5-14 years		480 hours
15 years + 1 month		520 hours

All members of the Montebello Firefighters' Association employed on the date of ratification of the provision will remain on the vacation/holiday/sick bank system.

[2008 reopener, correction letter dated 6/30/2008]

D. USING ANNUAL LEAVE:

1. Each appointing authority shall be responsible for scheduling the annual leave periods of employees in such a manner as to achieve the most efficient functioning of the department or agency and of the City service. Annual leave shall be scheduled respecting the wishes of the employee so far as such are compatible with the needs of the service as determined by the appointing authority.

2. Employees claiming illness or injury as grounds for unscheduled usage of annual leave, or for any use of remaining sick leave balances, may be required to furnish a certificate issued by a licensed physician or other satisfactory evidence of illness or injury. Any person absent from work due to illness or injury shall notify his or her supervisor on the first day of such leave and as often thereafter as directed by his or her supervisor. The form and time of notice by the employee of such absences shall be determined by the appointing authority.
3. An employee absent due to his/her illness or injury for more than five (5) consecutive days may use remaining sick leave balances for such illness or injury prior to using further annual leave.
4. An employee absent due to his/her illness or injury for more than five (5) cumulative days during any calendar year may, with the approval of the appointing authority, use remaining sick leave balance for absences due to further illness or injuries prior to using further annual leave.
5. Pregnancy necessitating medical leave is considered and treated like all disabilities of a non-industrial nature and remaining sick leave balances may be utilized on the same terms and conditions specified herein.
6. Any employee absent for a period of five (5) consecutive work days due to illness or injury may, at the discretion of his appointing authority or the Director of Human Resources, be required to take a physical and/or psychological examination before returning to active duty. Such examination shall be performed by a qualified medical professional designated by the Director of Human Resources, shall be at City expense, and shall be required solely to determine whether the employee continues

to possess the required physical and/or psychological fitness and ability to perform the essential functions of the job.

7. Illness or Injury While on Annual Leave: Remaining sick leave balances may be used in the event of illness or injury while an employee is on authorized annual leave, provided that such illness or injury would otherwise be an authorized use, under the section of such sick leave balances.
8. In the event of severe illness in the immediate family, up to three (3) days of leave for each such instance may be used in the same manner as actual illness or injury to the employee under this section. "Severe illness" is defined as a life-threatening condition requiring hospitalization. "Immediate family" shall mean the employee's father, mother, brother, sister, mother-in-law, father-in-law, spouse, or child of the employee.

E. PAYMENT UPON SEPARATION: Any employee who terminates employment with the City shall be paid at the then prevailing hourly rate of pay for each hour of earned annual leave based on the pay rate in effect for such employee on the last day actually worked, spent on authorized leave, or spent on authorized time off as compensation for working overtime.

F. RATE OF PAY WHILE ON ANNUAL LEAVE: While on annual leave officers and employees shall be compensated at the same salary rate they would have received if they had been on the job.

G. ANNUAL LEAVE ACCRUAL WHILE ON TEMPORARY DISABILITY: An officer or employee who is entitled to temporary disability indemnity under Division 4 or Division 4.5 of the Labor Code, other than an officer or employee entitled to benefits under Section 4850 of the Labor Code, shall not accrue annual leave during the period for which temporary disability indemnity is received; provided however, that such accrual shall be provided for the first thirty (30) days of such temporary disability.

H. ANNUAL LEAVE ACCRUAL WHEN PERMANENTLY DISABLED: Annual leave shall not be used to continue the salary of any employee after it has been determined that such employee is unable to perform the essential functions of the position held by such employee, with or without reasonable accommodation, due to a permanent disability, or that such employee, by similar reason, presents a significant risk of substantial harm to the health or safety of himself or others, and is eligible for retirement.

[Res. 19-42, 2019-2021 MOU]

MONTEBELLO FIREFIGHTERS' ASSOCIATION

A. Upon the adoption of this MOU amendment, for longevity purposes only, the following shall count as LATERAL SWORN FIRE SERVCE:

DRAFT

For full-time City of Montebello employees who are in the MFA unit as of October 1, 2019, all continuous service as an active, full-time City of Montebello fire service sworn, plus any verifiable prior Lateral continuous service with another fire service agency as an active, full-time sworn firefighter, firefighter paramedic, fire engineer, or fire captain shall count toward years of longevity.

Each unit member with ten (10) years aggregate service as a full-time sworn Fire Service unit member shall be eligible for longevity pay. Thereafter, each unit member who attains ten (10) years aggregate service as a full-time firefighter shall be eligible for longevity pay. Longevity pay shall consist of:

B. Beginning with the first pay period after completion of ten (10) years aggregate active service as a full-time City firefighter unit member and continuing through the completion of the unit member's 15th year of full-time City firefighter unit member service, the unit member shall receive 3% of his/her Base Salary (which shall be reported to CalPERS as special pay) in addition to the unit member's Base Salary.

C. Beginning with the first pay period after completion of fifteen (15) years aggregate active
service as a full-time City firefighter unit member and continuing through the completion of the unit member's 20th year of full-time City firefighter unit member service, the unit member shall receive 4½% of his/her Base Salary (which shall be reported to CalPERS as special pay) in addition to the unit member's Base Salary.

D. Beginning with the first pay period after completion of twenty (20) years aggregate active service as a full-time City firefighter unit member and continuing through the completion of the unit member's 25th year of full-time City firefighter unit member service, the unit member shall receive 6% of his/her Base Salary (which shall be reported to CalPERS as special pay) in addition to the unit member's Base Salary.

E. Beginning with the first pay period after completion of twenty-five (25) years aggregate active service as a full-time City firefighter unit member and continuing for the unit member's remaining years of full-time City firefighter unit member service, the unit member shall receive 7.5% of his/her Base Salary (which shall be reported to CalPERS as special pay) in addition to the unit member's Base Salary.

[Agreement 3581, 2019 -2021 MOU Amendment]

MONTEBELLO POLICE OFFICERS' ASSOCIATION

Current longevity rates, and definitions of qualifying law enforcement service for purpose of longevity, shall be modified as follows, effective the first pay period after MPOA ratification and City Council approval of this MOU (no retroactivity):

A. For longevity purposes only, the following shall count as LAW ENFORCEMENT SERVICE:

a. For full- time City of Montebello employees who are in the MPOA unit as of July 1, 2019, all continuous service as an active, full- time City of Montebello law enforcement department member, whether sworn or unsworn, plus any verifiable prior lateral continuous service as an active, full-time sworn police, police supervisory, or police management unit member, shall count toward years of longevity.

b. For MPOA unit members who join the MPOA unit on or after July 1, 2019 without prior continuous service as an active, full-time City of Montebello law enforcement department member, only verifiable prior lateral continuous service as a full- time sworn police, police supervisory, or police management unit member shall count toward years of longevity.

B. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4. A. beginning with the first pay period of the seventh (7th) year of continuous, aggregate active LAW ENFORCEMENT SERVICE, and continuing through the completion of the unit member's I1th year of continuous, aggregate active LAW ENFORCEMENT SERVICE, an MPOA unit member shall receive 4% of his/her Base Salary as Longevity Pay (which shall be reported to Ca1PERS as special pay) in addition to the unit member' s Base Salary. Aggregate active service time shall not include any overlapping service time (i. e. service time cannot count twice for overlapping time periods).

C. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4. A., beginning with the first pay period of the twelfth (12th) year of continuous, aggregate active LAW ENFORCEMENT SERVICE, and continuing through the completion of the unit member's 19th year of continuous, aggregate active LAW ENFORCEMENT SERVICE, an MPOA unit member shall receive 7% of his/ her Base Salary as Longevity Pay (which shall be reported to CaIPERS as special pay) in addition to the unit member' s Base Salary. Aggregate active service time shall not include any overlapping service time (i.e. service time cannot count twice for overlapping time periods).

D. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4.A, beginning with the first pay period of the twentieth (20th) year of continuous, aggregate active LAW ENFORCEMENT SERVICE, and continuing through the completion of the unit member's 25th year of continuous, aggregate active LAW ENFORCEMENT SERVICE, an MPOA unit member shall receive 10% of his/ her Base Salary as Longevity Pay (which shall be reported to Ca1PERS as special pay) in addition to the unit member' s Base Salary. Aggregate active service time shall not include any overlapping service time i.e. service time cannot count twice for overlapping time periods).

E. Considering the definition of LAW ENFORCEMENT SERVICE in paragraph 4.A, beginning with the first pay period of the twenty sixth (26th) year of continuous,

aggregate active LAW ENFORCEMENT SERVICE, and continuing through the unit member's remaining years of full-time City MPOA unit service, an MPOA unit member shall receive 13% of his/her Base Salary as Longevity Pay (which shall be reported to CalPERS as special pay) in addition to the unit member's Base Salary. Aggregate active service time shall not include any overlapping service time (i.e. service time cannot count twice for overlapping time periods).

2.060.517 Education Reimbursement Program

Purpose:

To define who and under what circumstances City employees may receive education reimbursement and to outline the procedure by which reimbursement may be obtained.

Policy:

A. Applications for education reimbursement must be from full-time, non-temporary, employees of the City. (Probationary employees will be considered eligible.)

B. Course(s) selected must be of such a nature that it benefits the City and better enables the employee to carry out present duties and will prepare the employee for increased responsibilities and/or promotion. **(An employee seeking a college degree will be eligible for reimbursement for those courses that qualify them for such degree. However, the declared major must have reasonable relevance to the job.)**

C. Courses other than those qualifying for reimbursement under paragraph B may be approved for reimbursement under this policy with the prior approval of the Director of Human Resources and the City Administrator upon submission of justification by the Appointing Authority. However, costs associated with non-classroom thesis production courses are not subject to reimbursement.

D. Employees desiring reimbursement must attend such courses on their own time after work hours and must complete the course with a passing grade of at least "C" or equivalent.

E. Reimbursement will be made for tuition at rates specified in H below, books, fire certification, lab fees, and all other fees required to take a class or classes. **Student body fees will be included; however, parking fees are excluded from reimbursement.**

F. Should an employee separate from the City's service within one year after beginning any course reimbursed by the City, the cost of such course will be

DRAFT

deducted from the employee's last paycheck. The Director of Human Resources shall be responsible for informing the Finance Department of any such amounts to be deducted.

G. Approval will be limited to courses taken at accredited universities, state colleges and community colleges, approved correspondence courses, high school and adult education, technical and vocational schools.

H. Employees may attend any accredited or other institution approved by the City Manager or designee. **However, education reimbursement rates are based on current California State University rates. A cap of $1,500 per fiscal year will be granted to each eligible employee, with the exception of members of the Montebello Police Officers' Association who's members have an annual maximum of $2,000.**

I. Employees scheduled by the City to take specialized courses or special seminars on work time will not be subject to the requirements of this policy.

Procedure:

A. In order for an employee to be eligible to receive reimbursement for tuition, fees and books, or fire certification by the State Fire Marshal, he/she must acquire prior approval of the course(s) from the Department Head, the Director of Human Resources and City Manager by submitting the Course Approval Form. This form shall be returned to the Department Head upon approval by the Director of Human Resources and the City Manager.

B. Upon receiving verification of enrollment and grade or certification, with receipts for tuition and books or for fire certification, the Department Head will submit the Educational Reimbursement Application to the Director of Human Resources with the approved Course Approval Form and a Request to Issue a Warrant made out to the employee receiving the reimbursement. **Documentation must be submitted within two months of class completion.**

DRAFT

C. Upon timely receipt of these materials, the Director of Human Resources shall have the responsibility for processing the claim for reimbursement.

2.060.504 Employee Compensation and Benefits

Purpose

Is to provide a description of the City's employee compensation and benefits packages.

Policy

It is the policy of the City to recognize the significant role that its workforce plays in fulfilling its public service mission. The City recognizes that maintaining a competitive compensation system is critical to its goal of delivering public services to its citizens. Therefore, the City strives to provide compensation for its employees to attract qualified applicants, retain employees who are equally committed to public service, and motivate employees to maintain the highest standards of performance.

A. With this goal in mind, the City shall compensate employees in accordance with decisions made by Council as budgets are set. Pay for positions are subject to the annual budgetary process and current employee organization MOU's; and as such, may be subject to increase, reduction, or status quo maintenance for fixed time periods.

B. ***TOTAL COMPENSATION PHILOSOPHY:*** The City is committed to providing a range of public services to its citizens by fostering an environment that embraces respect for the worth of each employee and to pursue the same towards its total compensation package that includes salary and benefits. The City's philosophy is consistent across units with practices that may differ to meet the unique needs of division, department, employee classifications and performance. The City's total compensation package is guided by the following principles:

1. The City's total compensation package shall be reviewed against appropriately defined labor markets.
2. The City's total compensation package shall comply with all applicable state and federal laws.
3. Salaries are managed through a simple, clear program that is consistent with the City's strategic and organizational objectives.

DRAFT

C. The Council reserves the right to make budget adjustments, and consequently direct pay adjustments during the budget year in order to manage their fiscal responsibilities or deal with unforeseen circumstances that justify or require changes to City expenditures.

Procedure

A. ***Compensation (Salary) Schedules:*** All employee classifications shall receive a salary that is approved by City Council resolution each fiscal year.

B. ***Benefits:*** In coordination with employee organizations MOU's, funding abilities, state and federal laws, and the City's total compensation philosophy, the following benefits are afforded to the full-time employees of the City of Montebello:

C. HEALTH INSURANCE THROUGH PEMHCA

a. The City and the Association agree to contract for health benefits coverage through the Public Employees' Retirement System under the Public Employees' Medical Health Care Act (PEMHCA) Section 22751 et seq. of the Government Code. [MPOA 1985 MOU]

D. HEALTH INSURANCE CITY CONTRIBUTION

a. Effective March 27, 2008, the City will contribute the following amounts toward full-time employees' medical, dental & vision insurance:

COVERAGE	TOTAL CITY CONTRIBUTION)
1 Party	Full coverage
2 Party	$840.00
3 Party	$1,090.00

[2008 reopener]

DRAFT

b. Part-time employees who have become eligible for CalPERS membership and have worked 1000 hours in a fiscal year:
    i. The contribution toward hourly EE's insurance who were eligible before 7/1/92 will be at the rate needed to fully pay 1 party coverage in the plan selected by the EE. For hourly EE who became eligible for insurance on or after 7/1/92 the City contribution toward the insurance package will be at the rate needed to pay 50% of one party coverage in the plan selected by the employee. [Res. 97-109]

E. Medical Insurance Opt-out Incentive

a. An opt-out incentive is afforded to full-time and those hourly employees, who have benefits and were hired prior to 8/11/92, who decline the City's medical, dental and vision insurance package.
b. Proof of medical coverage elsewhere will be required annually to continue participation in the cash incentive program.
c. The monthly Medical Insurance Opt-Out incentive is $350.00
d. The monthly Medical Insurance Opt-Out incentive shall be computed when calculating overtime as applicable.
e. The monthly Medical Insurance Opt-Out incentive shall be reported as Special Compensation to CalPERS as applicable.
f. Employees who have an alternative source of health insurance must provide minimum essential health coverage pursuant to the U. S. Patient Protection and Affordable Care Act (ACA), and cover both the employee and all individuals in the employee' s expected tax family, if any. During open enrollment or as otherwise required by the City, the employee must each year provide the City with an attestation or other reasonable documentation, subject to the City' s approval confirming such alternate coverage. According to the ACA, the City must not make payment if the City knows that the employee or family member does not have the alternative coverage.

ITEM #15

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: James Enriquez, Director of Public Works / City Engineer

SUBJECT: **Approve Execution of a City Services Request with the Los Angeles County Department of Public Works for Annual Sewer Maintenance Services (Fiscal Year 2021-22) provided by the Los Angeles County Consolidated Sewer Maintenance District**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Authorize the City Manager to execute a City Service Request with the Los Angeles County Department of Public Works' Consolidated Sewer Maintenance District (CSMD) in an amount not-to-exceed $600,000 for annual sewer system maintenance services for Fiscal Year 2021-22; and,

2) Amend, the Fiscal Year 2021-22 budget by increasing appropriations by $600,000 in Account No. 100-30-340-6040.10, General Fund, Public Works, Sewer Operations, Other Contract Services; and,

3) Take such additional, related, action that may be desirable.

FISCAL IMPACT

The City lacks a dedicated revenue source to fund sewer maintenance, repairs and infrastructure investment capital projects. Because of this lack of a dedicated "sewer maintenance and capital" fee, other sources of funding must be identified to pay for both ongoing maintenance and infrastructure capital projects. The passage of the American Rescue Plan Act (ARPA) made funding available directly to States and local governments. A portion of the $1.9 trillion aid and relief package was dedicated to the Coronavirus State and Local Fiscal Recovery Funds (CSLFRF) program. The City of Montebello will receive $16.59 million in CSLFR funds between May 2021 and May 2022.

Previous study sessions and discussion surrounding the Fiscal Year 2021-22 budget identified early priorities for spending the $16.59 million in relief funds. One major area identified was repairs and capital projects to support the City's 100 year old sewer system. CSLFR funds can be used for various priorities to support recovery from the pandemic. Water and sewer infrastructure is one of the identified priorities (Sections 602(c)(1(D) and 603(c)(1)(D) of ARPA). The Interim Final Rule states that "…Congress recognized the critical role that clean drinking water and services for the collection and treatment of wastewater and stormwater play in protecting public health." To this end, the Interim Final Rule (IFR) provides for wide latitude in identifying needed investments in water and sewer infrastructure.

The IFR aligns the eligible use of fiscal recovery funds with the wide range of projects which would be eligible to receive funding through the Environmental Protection Agency's (EPA) Clean Water State Revolving Fund (CWSRF) or Drinking Water State Revolving Fund (DWSRF). Therefore, the types of projects, maintenance work, studies and related fiscal recovery funds eligible are defined in the EPA regulations. In general, CWSRF eligible projects include those aimed at repairing, constructing or improving wastewater treatment plants, controlling non-point sources of pollution, improving resilience of facilities to severe weather, provide green infrastructure and protect bodies of water from pollution (i.e., run-off).

Therefore, Staff is recommending the use of a portion ($600,000) of the $16.59 million of fiscal recovery funds for the proposed contracted services with CSMD of Los Angeles County. The various studies, repair and maintenance projects, and related monitoring tasks are CSLFRF eligible, through the nexus of EPA's CWSRF and DWSRF programs. The use of fiscal recovery funds for the annual contract will be in addition to the previously identified sewer capital projects. The preliminary cost estimate of the infrastructure and capital projects is more than $4.0 million.

City Council action approving the City Service Request will also amend the Fiscal Year 2021-22 budget, increasing appropriations to the General Fund, Account No. 100-30-340-6040.10 (Public Works, Sewer Operations, Other Contract Services). Subsequent budgets (i.e., FY 2022-23 and beyond) will make use of remaining fiscal recovery funds, while Staff studies the imposition of a dedicated sewer maintenance and capital projects fee.

BACKGROUND

The Consolidated Sewer Maintenance District (CSMD) of Los Angeles County, administered by the Los Angeles County Department of Public Works (LACDPW), provides maintenance and operations for sewer systems within unincorporated areas and 39 member cities within the County. Most member cities are full service cities that includes

all routine inspection and preventative maintenance services, emergency response services, long term capital improvement planning and implementation, and regulatory compliance and reporting.

On June 24, 2020, the City Council authorized a City Service Request with the CSMD for sewer system regulatory compliance assessment services. Staff has been working with CSMD staff and their expert consultant to develop a plan for ensuring the City meets all California State Water Resources Control Board (SWRCB) regulatory compliance requirements for sewer systems. This included consultation with SWRCB staff to develop a plan to move the City toward full compliance. In addition to deficiencies in meeting reporting requirements, SWRCB identified the City's lack of a preventative sewer maintenance program as a key deficiency in meeting regulatory requirements.

DISCUSSION

The recommended services are covered under the General Services Agreement with Los Angeles County, Agreement No. 3246 (Attachment A). In accordance with the terms and conditions of the Agreement, services are requested via the County's online City Service Request Tracking System (CSRTS).

The City does not currently have a preventative maintenance program for its sewer system. Maintenance has been limited to emergency response to clogging and sewer overflow events utilizing the contracted services provided by Mr. Rooter. Mr. Rooter's services have primarily included containment and cleanup of sewage spills, unclogging of sewer pipes that caused the backup, and needed emergency repairs billed at the contractual hourly rates for labor, equipment and materials. Mr. Rooter's contract (Agreement No. 3356) was approved by the City Council on February 14, 2018 for a term of 3 years at an annual cost of $240,000. The actual cost has averaged $350,000 annually during the term of the contract due to the added cost of emergency repairs required to mitigate sewer spills.

CSMD has proposed a complete maintenance and operation program at an annual cost not-to-exceed $600,000. The following services are included:

- Visual inspection of all 2,000 manholes - $40,000
- Video inspection of pipes (20% of system based on 5-year cycle) - $130,000
- Preventative pipe cleaning (20% of system based on 5-year cycle) - $65,000
- As-needed pipe cleaning (Budget for city-requested cleaning) - $100,000
- Sewer Remediation (Point repair budget) - $105,000
- Sewer Remediation (Pipe lining budget) - $160,000

State regulations require the City to implement an annual preventative maintenance program in order to prevent accidental sewer spills. The program must be documented in the City's Sewer System Management Plan (SSMP), which must be updated and submitted to the SWRCB every 5 years. CSMD is assisting the City with the update to the SSMP that is currently due. During the recent consultation with the SWRCB regarding the SSMP, SWRCB staff stressed the importance of dedicated funding for an annual maintenance program (i.e., a sewer maintenance and capital projects fee). At a minimum, the City will need to include this amount in the annual operating budget in the future. Since the City does not currently collect any fees specifically for sewer services, this amount will need to be included in the General Fund budget in the future. It is anticipated that regularly scheduled maintenance, cleaning, and video inspection of the system will eventually result in a decrease in the frequency and cost of emergency repairs. As discussed above, CSLFRF appropriations will be used for the first few years of this program, until a dedicated sewer fee can be established.

The proposed services by the CSMD are the most economical option for establishing the State-mandated sewer maintenance program. The CSMD is well-equipped to provide the recommended services immediately and offers an economy-of-scale savings with their large and well-established operation. The City would require a significant capital investment for equipment purchases, well over $1.5 million, in order to establish an internal sewer maintenance division. Additionally, a sewer maintenance division would require 3 to 4 new full time staff at an annual cost of approximately $250,000 to complete routine preventative maintenance, in addition to contracted services for video inspection and remediation/repairs.

Many small cities in Los Angeles County are unable to operate a sewer maintenance division that can compete with the lower cost of the CSMD. This is demonstrated in a comparison of the annual assessment per household for CSMD member cities, currently set at $50.50. Annual assessments for cities similar to Montebello that operate their own sewer maintenance division vary from $84 to more than $100 per household.

SUMMARY

Upon approval by the City Council of the recommended actions, staff will submit a City Service Request on the County's online system and coordinate with CSMD staff the recommended services for Fiscal Year 2021-22. In addition, City Council action will amend the FY 2021-22 budget, increasing appropriations to Account No. 100-30-340-6040.10 by $600,000.

ATTACHMENT (S):

A. Attachment A – Agreement No. 3246

AGREEMENT NO. 3246

GENERAL SERVICES AGREEMENT

THIS GENERAL SERVICES AGREEMENT ("Agreement"), dated for purposes of reference only, June 1, 2017, is made by and between the County of Los Angeles, hereinafter referred to as the "County", and the City of Montebello, hereinafter referred to as the "City."

RECITALS:

(a) The City is desirous of contracting with the County for the performance by its appropriate officers and employees of City functions.

(b) The County is agreeable to performing such services on the terms and conditions hereinafter set forth.

(c) Such contracts are authorized and provided for by the provisions of Section 56½ of the Charter of the County of Los Angeles and Section 51300, *et seq.*, of the Government Code.

THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. The County agrees, through its officers, agents and employees, to perform those City functions, which are hereinafter provided for.

2. The City shall pay for such services as are provided under this Agreement at rates to be determined by the County Auditor-Controller in accordance with the policies and procedures established by the Board of Supervisors.

These rates shall be readjusted by the County Auditor-Controller annually effective the first day of July of each year to reflect the cost of such service in accordance with the policies and procedures for the determination of such rates as adopted by the Board of Supervisors of County.

3. No County agent, officer or department shall perform for said City any function not coming within the scope of the duties of such officer or department in performing services for the County.

4. No service shall be performed hereunder unless the City shall have available funds previously appropriated to cover the cost thereof.

5. No function or service shall be performed hereunder by any County agent, officer or department unless such function or service shall have been requested in writing by the City on order of the City Council thereof or such officer as it may designate and approved by the Board of Supervisors of the County, or such officer as it may designate, and each such service or function shall be performed at the times and under circumstances which do not interfere with the performance of regular County operations.

6. Whenever the County and City mutually agree as to the necessity for any such County officer or department to maintain administrative headquarters in the City, the City shall furnish at its own cost and expense all necessary office space, furniture, and furnishings, office supplies, janitorial service, telephone, light, water, and other utilities. In all instances where special supplies, stationery, notices, forms and the like must be issued in the name of the City, the same shall be supplied by the City at its expense.

It is expressly understood that in the event a local administrative office is maintained in the City for any such County officer or department, such quarters may be used by the County officer or department in connection with the performance of its duties in territory outside the City and adjacent thereto provided, however, that the performance of such outside duties shall not be at any additional cost to the City.

7. All persons employed in the performance of such services and functions for the City shall be County agent, officer or employee, and no City employee as such shall be taken over by the County, and no person employed hereunder shall have any City pension, civil service, or other status or right.

For the purpose of performing such services and functions, and for the purpose of giving official status to the performance hereof, every County agent, officer and employee engaged in performing any such service or function shall be deemed to be an agent, officer or employee of said City while performing service for the City within the scope of this agreement.

8. The City shall not be called upon to assume any liability for the direct payment of any salary, wages or other compensation to any County personnel performing services hereunder for the City, or any liability other than that provided for in this agreement.

Except as herein otherwise specified, the City shall not be liable for compensation or indemnity to any County employee for injury or sickness arising out of his or her employment.

9. The parties hereto have executed an Assumption of Liability Agreement approved by the Board of Supervisors on December 27, 1977 and/or a Joint Indemnity Agreement approved by the Board of Supervisors on October 8, 1991. Whichever of these documents the City has signed later in time is currently in effect and hereby made a part of and incorporated into this agreement as set out in full herein. In the event that the Board of Supervisors later approves a revised Joint Indemnity Agreement and the City executes the revised agreement, the subsequent agreement as of its effective date shall supersede the agreement previously in effect between the parties hereto.

10. Each County agent, officer or department performing any service for the City provided for herein shall keep reasonably itemized and in detail work or job records covering the cost of all services performed, including salary, wages and other compensation for labor; supervision and planning, plus overhead, the reasonable rental value of all County-owned machinery and equipment, rental paid for all rented machinery or equipment, together with the cost of an operator thereof when furnished with said machinery or equipment, the cost of all machinery and supplies furnished by the County, reasonable handling charges, and all additional items of expense incidental to the performance of such function or service.

11. All work done hereunder is subject to the limitations of the provisions of Section 23008 of the Government Code, and in accordance therewith, before any work is done or services rendered pursuant hereto, an amount equal to the cost or an amount 10% in excess of the estimated cost must be reserved by the City from its funds to insure payment for work, services or materials provided hereunder.

12. The County shall render to the City at the close of each calendar month an itemized invoice which covers all services performed during said month, and the City shall pay County therefore within thirty (30) days after date of said invoice.

If such payment is not delivered to the County office which is described on said invoice within thirty (30) days after the date of the invoice, the County is entitled to recover interest thereon. Said interest shall be at the rate of seven (7) percent per annum or any portion thereof calculated from the last day of the month in which the services were performed.

13. Notwithstanding the provisions of Government Code Section 907, if such payment is not delivered to the County office which is described on said invoice within

thirty (30) days after the date of the invoice, the County may satisfy such indebtedness, including interest thereon, from any funds of any such City on deposit with the County without giving further notice to said City of County's intention to do so.

14. This Agreement shall become effective on the date herein-above first mentioned and shall run for a period ending June 30, 2022, and at the option of the City Council of the City, with the consent of the Board of Supervisors of County, shall be renewable thereafter for an additional period of not to exceed five (5) years.

15. In the event the City desires to renew this Agreement for said five-year period, the City Council shall not later than the last day of May 2022, notify the Board of Supervisors of County that it wishes to renew the same, whereupon the Board of Supervisors, not later than the last day of June 2022, shall notify the City Council in writing of its willingness to accept such renewal. Otherwise such Agreement shall finally terminate at the end of the aforedescribed period.

Notwithstanding the provisions of this paragraph herein-above set forth, the County may terminate this Agreement at any time by giving thirty (30) days' prior written notice to the City. The City may terminate this Agreement as of the first day of July of any year upon thirty (30) days' prior written notice to the County.

16. This Agreement is designed to cover miscellaneous and sundry services which may be supplied by the County of Los Angeles and the various departments thereof. In the event there now exists or there is hereafter adopted a specific contract between the City and the County with respect to specific services, such contract with respect to specific services shall be controlling as to the duties and obligations of the parties anything herein to the contrary notwithstanding, unless such special contract adopts the provisions hereof by reference.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their duly authorized officers.

Executed this 22 day of March 2017.

ITEM # 16

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Arnold M. Alvarez-Glasman, City Attorney

SUBJECT: **Consider adopting an Ordinance Setting Campaign Contribution Limits to Candidates for Elective City Office in Compliance with AB 571**

DATE: July 28, 2021

RECOMMENDATION(S):

It is recommended that the City Council proceed with one of the following options:

1) Adopt an ordinance establishing a "no limit" campaign contribution limit for candidates for elective City office; or

2) Adopt an ordinance establishing a maximum campaign contribution limit of $5,000 or other amount per year for candidates for elective City office; or

3) Take no action and allow the State default campaign contribution limits to apply to elections for elective City office.

FISCAL IMPACT

None. However, if the City establishes its own campaign contribution limits, there will be additional costs associated with the enforcement of those limits.

BACKGROUND

Assembly Bill No. 571 ("AB 571") was adopted on October 8, 2019 and sets forth default limits for campaign contributions. As it relates to local City or County elective office, AB 571 amends California Government Code ("Gov. Code") Section 85301 to establish a default limit that a person may make to a candidate for city elective office, or that a candidate for city elective office may receive from a person. The limit for city elective office is set at the same amount as a candidate for statewide elective office, other than

the Governor, and the amount increases every odd numbered year. These default limits took effect on January 1, 2021 unless the city or county had adopted their own campaign contribution limits. Gov. Code Section 85702.5 allows City's to adopt their own campaign contribution limits after January 1, 2021, which may be higher or lower than the default limits, including adopting a "no limit" campaign contribution limit. The City does not currently have an Ordinance in place that sets a limit to the amount of campaign contributions for elective City office; therefore, the limit defaults to the state's contribution limit of $4,900 per election term.

ANALYSIS

In addition to the campaign contribution limits set forth in Gov. Code Section 58301, if the City does not elect to establish its own campaign contribution limits under Gov. Code Section 85702.5 the following default provisions under AB 571 will apply:

- A candidate, nor a committee controlled by the candidate, may make a contribution to another candidate in excess of the limits provided for in AB 571.

- A candidate for City elective office may transfer campaign funds from one candidate-controlled committee to another committee for elective state, county or City office controlled by the same candidate. Such contributions must be transferred utilizing the "last in, first out" or "first in, first out" accounting method and are subject to the applicable contribution limits per contributor.

- A candidate for City elective office may not make a personal loan to their campaign which exceeds an outstanding balance of $100,000, and the candidate may not charge interest on any such loan.

- A candidate for City elective office may establish a committee to oppose the qualification of a recall measure and the recall.

- Contributions after the date of the election may be accepted to the extent contributions do not exceed net debts outstanding from the election, and contributions do not otherwise exceed applicable contribution limits for that election.

- Contributions may be carried over from one election to pay for campaign expenditures for a subsequent election for the same office.

- Candidates may raise contributions for a general election before the primary election (or special general election and special primary election) and establish separate campaign contribution accounts for both elections. The general or special general election contributions may only be used for the general or special general election. If the candidate is defeated in the primary election, the general

or special general election contributions must be refunded to the contributors on a prorated basis minus any expenses associated with the raising and administration of the general election contributions.

DISCUSSION

The default amounts are currently set at $4,900 for 2021-2022. These limits will apply unless local jurisdictions adopt their own campaign contribution limits under Gov. Code Section 85702.5. The City may adopt limits that are either higher or lower than the default limits and may also adopt a "no limit" campaign contribution limit. However, if a city adopts its own contribution limits, the Fair Political Practices Commission ("FPPC") will not be responsible for the administration or enforcement of the campaign contribution limits. Gov. Code Section 85702.5 also permits a City to adopt its own enforcement standards for a violation of the campaign contribution limits, which may include administrative, civil, or criminal penalties.

If the City desires to adopt a limit that is higher or lower than the default limits, it will need to consider what regulations it would like to implement such as limiting personal loans to a candidate's own campaign, or whether any funds will allowed to roll over from primary to general elections, and any other provisions similar to the default provisions discussed above. The City would also need to consider what administrative, civil, or criminal penalties it should implement for any violations. There would also be additional costs to the City associated with the investigation and enforcement of these regulations. In accordance with Gov. Code Section 85702.5, the limits on campaign contributions may be adopted by ordinance or resolution, or by voter initiative.

Unless there are any ancillary restrictions on campaign contributions, if the City desires to adopt a "no limit" campaign contribution limit, the City will not need to adopt any corresponding standards for violations or penalties associated with a "no limit" campaign contribution limit. Per the AB 571 Fact Sheet, in order to adopt a "no limit" contribution limit, the City will need to adopt an ordinance that explicitly states that "there are no limits on contributions."

If the City considers the default limits and regulations to be adequate, the City will not incur any additional costs associated with enforcement of those provisions as that will be the responsibility of the FPPC.

SUMMARY

Under AB 571, the City may elect to establish its own campaign contribution limits, which may be higher or lower than the default limits included under Gov. Code Section 85301, including a "no limit" campaign contribution limit. If the City elects to adopt its own limits, the City will be responsible for the administration and enforcement associated with those

limits. If the City elects to accept the State's default limits and regulations, then no further action is required.

Assembly Bill No. 571

CHAPTER 556

An act to amend and repeal Sections 10003 and 10202 of the Elections Code, and to amend Section 85301 of, to amend, repeal, and add Sections 85305, 85306, 85307, 85315, 85316, 85317, and 85318 of, and to add Section 85702.5 to, the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor October 08, 2019. Filed with Secretary of State October 08, 2019.]

LEGISLATIVE COUNSEL'S DIGEST

AB 571, Mullin. Political Reform Act of 1974: contribution limits.

The Political Reform Act of 1974 prohibits a person, other than a small contributor committee or political party committee, from making to a candidate for elective state office, for statewide elective office, or for the office of Governor, and prohibits those candidates from accepting from a person, a contribution totaling more than a specified amount per election. For a candidate for elective state office other than a candidate for statewide elective office, the limitation on contributions is $3,000 per election, as that amount is adjusted by the Fair Political Practices Commission in January of every odd-numbered year.

Existing law authorizes a county, city, or district to limit campaign contributions in local elections. Existing law authorizes the governing board of a school district or of a community college district to limit campaign expenditures or contributions in elections to district offices. The act specifies that it does not prevent the Legislature or any other state or local agency from imposing additional requirements on a person if the requirements do not prevent the person from complying with the act, and that the act does not nullify contribution limitations or prohibitions by any local jurisdiction that apply to elections for local elective office, as specified.

This bill, commencing January 1, 2021, instead would prohibit a person from making to a candidate for elective county or city office, and would prohibit a candidate for elective county or city office from accepting from a person, a contribution totaling more than the amount set forth in the act for limitations on contributions to a candidate for elective state office. This bill would also authorize a county or city to impose a limitation that is different from the limitation imposed by this bill. This bill would make specified provisions of the act relating to contribution limitations applicable to a candidate for a elective county or city office, except as specified.

The act makes a violation of its provisions punishable as a misdemeanor and subject to specified penalties.

This bill would add the contribution limitation imposed by the bill to the act's provisions, thereby making a violation of the limitation punishable as a misdemeanor and subject to specified penalties. However, the bill would specify that a violation of a limitation imposed by a local government is not subject to the act's enforcement provisions. The bill would authorize a local government that imposes a limitation that is different from the limitation imposed by this bill to adopt enforcement standards for a violation of the limitation imposed

by the local government agency, including administrative, civil, or criminal penalties. By expanding the scope of an existing crime with regard to a violation of a contribution limitation imposed by the bill, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes upon a $^{2}/_{3}$ vote of each house of the Legislature and compliance with specified procedural requirements.

This bill would declare that it furthers the purposes of the act.

Vote: 2/3 Appropriation: no Fiscal Committee: yes Local Program: yes

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. The Legislature finds and declares all of the following:

(a) Most states impose limitations on contributions to candidates for elective county and city offices. California is among the minority of states without these contribution limitations.

(b) Most counties and cities in this state have not independently imposed limitations on contributions to candidates for elective offices in those jurisdictions.

(c) In counties and cities in this state that have not imposed limitations on contributions, candidates for elective offices in those jurisdictions often receive contributions that would exceed the limitations for a state Senate campaign, even though most counties and cities contain far fewer people than the average state Senate district.

(d) In counties and cities in this state that have not imposed limitations on contributions, candidates for elective office in those jurisdictions sometimes raise 40 percent or more of their total campaign funds from a single contributor.

(e) A system allowing unlimited contributions to a candidate for elective county or city office creates the risk and the perception that elected officials in those jurisdictions are beholden to their contributors and will act in the best interest of those contributors at the expense of the people.

(f) This state has a statewide interest in preventing actual corruption and the appearance of corruption at all levels of government.

(g) This act establishes a limitation on contributions to a candidate for elective office in a city or county in which the local government has not established a limitation. However, a local government may establish a different limitation that is more precisely tailored to the needs of its communities.

SEC. 2. Section 10003 of the Elections Code is amended to read:

10003. (a) A county may by ordinance or resolution limit campaign contributions in county elections.

(b) This section shall remain in effect only until January 1, 2021, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2021, deletes or extends that date.

SEC. 3. Section 10202 of the Elections Code is amended to read:

10202. (a) A city may, by ordinance or resolution, limit campaign contributions in municipal elections.

(b) This section shall remain in effect only until January 1, 2021, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2021, deletes or extends that date.

SEC. 4. Section 85301 of the Government Code is amended to read:

85301. (a) A person, other than a small contributor committee or political party committee, shall not make to a candidate for elective state office other than a candidate for statewide elective office, and a candidate for elective

state office other than a candidate for statewide elective office shall not accept from a person, a contribution totaling more than three thousand dollars ($3,000) per election.

(b) Except to a candidate for Governor, a person, other than a small contributor committee or political party committee, shall not make to a candidate for statewide elective office, and except a candidate for Governor, a candidate for statewide elective office shall not accept from a person other than a small contributor committee or a political party committee, a contribution totaling more than five thousand dollars ($5,000) per election.

(c) A person, other than a small contributor committee or political party committee, shall not make to a candidate for Governor, and a candidate for Governor shall not accept from any person other than a small contributor committee or political party committee, a contribution totaling more than twenty thousand dollars ($20,000) per election.

(d) (1) A person shall not make to a candidate for elective county or city office, and a candidate for elective county or city office shall not accept from a person, a contribution totaling more than the amount set forth in subdivision (a) per election, as that amount is adjusted by the Commission pursuant to Section 83124. This subdivision does not apply in a jurisdiction in which the county or city imposes a limit on contributions pursuant to Section 85702.5.

(2) This subdivision shall become operative on January 1, 2021.

(e) The provisions of this section do not apply to a candidate’s contributions of the candidate’s personal funds to the candidates own campaign.

SEC. 5. Section 85305 of the Government Code is amended to read:

85305. (a) A candidate for elective state office or committee controlled by that candidate shall not make any contribution to any other candidate for elective state office in excess of the limits set forth in subdivision (a) of Section 85301.

(b) This section shall remain in effect only until January 1, 2021, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2021, deletes or extends that date.

SEC. 6. Section 85305 is added to the Government Code, to read:

85305. (a) A candidate for elective state, county, or city office or committee controlled by that candidate shall not make a contribution to any other candidate for elective state, county, or city office in excess of the limits set forth in subdivision (a) of Section 85301. This section does not apply in a jurisdiction in which the county or city imposes a limit on contributions pursuant to Section 85702.5.

(b) This section shall become operative on January 1, 2021.

SEC. 7. Section 85306 of the Government Code is amended to read:

85306. (a) A candidate may transfer campaign funds from one controlled committee to a controlled committee for elective state office of the same candidate. Contributions transferred shall be attributed to specific contributors using a “last in, first out” or “first in, first out” accounting method, and these attributed contributions when aggregated with all other contributions from the same contributor may not exceed the limits set forth in Section 85301 or 85302.

(b) Notwithstanding subdivision (a), a candidate for elective state office, other than a candidate for statewide elective office, who possesses campaign funds on January 1, 2001, may use those funds to seek elective office without attributing the funds to specific contributors.

(c) Notwithstanding subdivision (a), a candidate for statewide elective office who possesses campaign funds on November 6, 2002, may use those funds to seek elective office without attributing the funds to specific contributors.

(d) This section shall remain in effect only until January 1, 2021, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2021, deletes or extends that date.

SEC. 8. Section 85306 is added to the Government Code, to read:

85306. (a) A candidate may transfer campaign funds from one controlled committee to a controlled committee for elective state, county, or city office of the same candidate. Contributions transferred shall be attributed to specific contributors using a "last in, first out" or "first in, first out" accounting method, and these attributed contributions when aggregated with all other contributions from the same contributor shall not exceed the limits set forth in Section 85301 or 85302.

(b) Notwithstanding subdivision (a), a candidate for elective state office, other than a candidate for statewide elective office, who possesses campaign funds on January 1, 2001, may use those funds to seek elective office without attributing the funds to specific contributors.

(c) Notwithstanding subdivision (a), a candidate for statewide elective office who possesses campaign funds on November 6, 2002, may use those funds to seek elective office without attributing the funds to specific contributors.

(d) This section does not apply in a jurisdiction in which the county or city imposes a limit on contributions pursuant to Section 85702.5.

(e) This section shall become operative on January 1, 2021.

SEC. 9. Section 85307 of the Government Code is amended to read:

85307. (a) The provisions of this article regarding loans apply to extensions of credit, but do not apply to loans made to a candidate by a commercial lending institution in the lender's regular course of business on terms available to members of the general public for which the candidate is personally liable.

(b) Notwithstanding subdivision (a), a candidate for elective state office shall not personally loan to the candidate's campaign, including the proceeds of a loan obtained by the candidate from a commercial lending institution, an amount, the outstanding balance of which exceeds one hundred thousand dollars ($100,000). A candidate shall not charge interest on any loan the candidate made to the candidate's campaign.

(c) This section shall remain in effect only until January 1, 2021, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2021, deletes or extends that date.

SEC. 10. Section 85307 is added to the Government Code, to read:

85307. (a) The provisions of this article regarding loans apply to extensions of credit, but do not apply to loans made to a candidate by a commercial lending institution in the lender's regular course of business on terms available to members of the general public for which the candidate is personally liable.

(b) Notwithstanding subdivision (a), a candidate for elective state, county, or city office shall not personally loan to the candidate's campaign, including the proceeds of a loan obtained by the candidate from a commercial lending institution, an amount, the outstanding balance of which exceeds one hundred thousand dollars ($100,000). A candidate shall not charge interest on any loan the candidate made to the candidate's campaign. This subdivision does not apply to a jurisdiction in which the county or city imposes a limit on contributions pursuant to Section 85702.5.

(c) This section shall become operative on January 1, 2021.

SEC. 11. Section 85315 of the Government Code is amended to read:

85315. (a) Notwithstanding any other provision of this chapter, an elected state officer may establish a committee to oppose the qualification of a recall measure, and the recall election. This committee may be established when the elected state officer receives a notice of intent to recall pursuant to Section 11021 of the Elections Code. An elected state officer may accept campaign contributions to oppose the qualification of a recall measure, and if qualification is successful, the recall election, without regard to the campaign contributions limits set forth in this chapter. The voluntary expenditure limits do not apply to expenditures made to oppose the qualification of a recall measure or to oppose the recall election.

(b) After the failure of a recall petition or after the recall election, the committee formed by the elected state officer shall wind down its activities and dissolve. Any remaining funds shall be treated as surplus funds and shall be expended within 30 days after the failure of the recall petition or after the recall election for a purpose specified in subdivision (b) of Section 89519.

(c) This section shall remain in effect only until January 1, 2021, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2021, deletes or extends that date.

SEC. 12. Section 85315 is added to the Government Code, to read:

85315. (a) Notwithstanding any other provision of this chapter, an elected state, county, or city officer may establish a committee to oppose the qualification of a recall measure, and the recall election. This committee may be established when the elected state, county, or city officer receives a notice of intent to recall pursuant to Section 11021 of the Elections Code. An elected state, county, or city officer may accept campaign contributions to oppose the qualification of a recall measure, and if qualification is successful, the recall election, without regard to the campaign contribution limits set forth in this chapter. The voluntary expenditure limits do not apply to expenditures made to oppose the qualification of a recall measure or to oppose the recall election.

(b) After the failure of a recall petition or after the recall election, the committee formed by the elected state, county, or city officer shall wind down its activities and dissolve. Any remaining funds shall be treated as surplus funds and shall be expended within 30 days after the failure of the recall petition or after the recall election for a purpose specified in subdivision (b) of Section 89519.

(c) This section does not apply in a jurisdiction in which the county or city imposes a limit on contributions pursuant to Section 85702.5.

(d) This section shall become operative on January 1, 2021.

SEC. 13. Section 85316 of the Government Code is amended to read:

85316. (a) Except as provided in subdivision (b), a contribution for an election may be accepted by a candidate for elective state office after the date of the election only to the extent that the contribution does not exceed net debts outstanding from the election, and the contribution does not otherwise exceed the applicable contribution limit for that election.

(b) Notwithstanding subdivision (a), an elected state officer may accept contributions after the date of the election for the purpose of paying expenses associated with holding the office provided that the contributions are not expended for any contribution to any state or local committee. Contributions received pursuant to this subdivision shall be deposited into a bank account established solely for the purposes specified in this subdivision.

(1) A person shall not make, and an elected state officer shall not receive from a person, a contribution pursuant to this subdivision totaling more than the following amounts per calendar year:

(A) Three thousand dollars ($3,000) in the case of an elected state officer of the Assembly or Senate.

(B) Five thousand dollars ($5,000) in the case of a statewide elected state officer other than the Governor.

(C) Twenty thousand dollars ($20,000) in the case of the Governor.

(2) An elected state officer shall not receive contributions pursuant to paragraph (1) that, in the aggregate, total more than the following amounts per calendar year:

(A) Fifty thousand dollars ($50,000) in the case of an elected state officer of the Assembly or Senate.

(B) One hundred thousand dollars ($100,000) in the case of a statewide elected state officer other than the Governor.

(C) Two hundred thousand dollars ($200,000) in the case of the Governor.

(3) Any contribution received pursuant to this subdivision shall be deemed to be a contribution to that candidate for election to any state office that the candidate may seek during the term of office to which the candidate is currently elected, including, but not limited to, reelection to the office the candidate currently holds, and shall be subject to any applicable contribution limit provided in this title. If a contribution received pursuant to this subdivision exceeds the allowable contribution limit for the office sought, the candidate shall return the amount exceeding the limit to the contributor on a basis to be determined by the Commission. None of the expenditures made by elected state officers pursuant to this subdivision shall be subject to the voluntary expenditure limitations in Section 85400.

(4) The Commission shall adjust the calendar year contribution limitations and aggregate contribution limitations set forth in this subdivision in January of every odd-numbered year to reflect any increase or decrease in the Consumer Price Index. Those adjustments shall be rounded to the nearest one hundred dollars ($100).

(c) This section shall remain in effect only until January 1, 2021, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2021, deletes or extends that date.

SEC. 14. Section 85316 is added to the Government Code, to read:

85316. (a) Except as provided in subdivision (b), a contribution for an election may be accepted by a candidate for elective state, county, or city office after the date of the election only to the extent that the contribution does not exceed net debts outstanding from the election, and the contribution does not otherwise exceed the applicable contribution limit for that election.

(b) Notwithstanding subdivision (a), an elected state officer may accept contributions after the date of the election for the purpose of paying expenses associated with holding the office provided that the contributions are not expended for any contribution to any state or local committee. Contributions received pursuant to this subdivision shall be deposited into a bank account established solely for the purposes specified in this subdivision.

(1) A person shall not make, and an elected state officer shall not receive from a person, a contribution pursuant to this subdivision totaling more than the following amounts per calendar year:

(A) Three thousand dollars ($3,000) in the case of an elected state officer of the Assembly or Senate.

(B) Five thousand dollars ($5,000) in the case of a statewide elected state officer other than the Governor.

(C) Twenty thousand dollars ($20,000) in the case of the Governor.

(2) An elected state officer shall not receive contributions pursuant to paragraph (1) that, in the aggregate, total more than the following amounts per calendar year:

(A) Fifty thousand dollars ($50,000) in the case of an elected state officer of the Assembly or Senate.

(B) One hundred thousand dollars ($100,000) in the case of a statewide elected state officer other than the Governor.

(C) Two hundred thousand dollars ($200,000) in the case of the Governor.

(3) Any contribution received pursuant to this subdivision shall be deemed to be a contribution to that candidate for election to any state office that the candidate may seek during the term of office to which the candidate is currently elected, including, but not limited to, reelection to the office the candidate currently holds, and shall be subject to any applicable contribution limit provided in this title. If a contribution received pursuant to this subdivision exceeds the allowable contribution limit for the office sought, the candidate shall return the amount exceeding the limit to the contributor on a basis to be determined by the Commission. The expenditures made by elected state officers pursuant to this subdivision shall not be subject to the voluntary expenditure limitations in Section 85400.

(4) The Commission shall adjust the calendar year contribution limitations and aggregate contribution limitations set forth in this subdivision in January of every odd-numbered year to reflect any increase or decrease in the Consumer Price Index. Those adjustments shall be rounded to the nearest one hundred dollars ($100).

(c) This section does not apply in a jurisdiction in which the county or city imposes a limit on contributions pursuant to Section 85702.5.

(d) This section shall become operative on January 1, 2021.

SEC. 15. Section 85317 of the Government Code is amended to read:

85317. (a) Notwithstanding subdivision (a) of Section 85306, a candidate for elective state office may carry over contributions raised in connection with one election for elective state office to pay campaign expenditures incurred in connection with a subsequent election for the same elective state office.

(b) This section shall remain in effect only until January 1, 2021, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2021, deletes or extends that date.

SEC. 16. Section 85317 is added to the Government Code, to read:

85317. (a) Notwithstanding subdivision (a) of Section 85306, a candidate for elective state, county, or city office may carry over contributions raised in connection with one election for elective state, county, or city office to pay campaign expenditures incurred in connection with a subsequent election for the same elective state, county, or city office. This section does not apply in a jurisdiction in which the county or city imposes a limit on contributions pursuant to Section 85702.5.

(b) This section shall become operative on January 1, 2021.

SEC. 17. Section 85318 of the Government Code is amended to read:

85318. (a) A candidate for elective state office may raise contributions for a general election before the primary election, and for a special general election before a special primary election, for the same elective state office if the candidate sets aside these contributions and uses these contributions for the general election or special general election. If the candidate for elective state office is defeated in the primary election or special primary election, or otherwise withdraws from the general election or special general election, the general election or special general election funds shall be refunded to the contributors on a pro rata basis less any expenses associated with the raising and administration of general election or special general election contributions. Notwithstanding Section 85201, candidates for elective state office may establish separate campaign contribution accounts for the primary and general elections or special primary and special general elections.

(b) This section shall remain in effect only until January 1, 2021, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2021, deletes or extends that date.

SEC. 18. Section 85318 is added to the Government Code, to read:

85318. (a) A candidate for elective state, county, or city office may raise contributions for a general election before the primary election, and for a special general election before a special primary election, for the same elective state, county, or city office if the candidate sets aside these contributions and uses these contributions for the general election or special general election. If the candidate for elective state, county, or city office is defeated in the primary election or special primary election, or otherwise withdraws from the general election or special general election, the general election or special general election funds shall be refunded to the contributors on a pro rata basis less any expenses associated with the raising and administration of general election or special general election contributions. Notwithstanding Section 85201, candidates for elective state, county, or city office may establish separate campaign contribution accounts for the primary and general elections or special primary and special general elections.

(b) This section does not apply in a jurisdiction in which the county or city imposes a limit on contributions pursuant to Section 85702.5.

(c) This section shall become operative on January 1, 2021.

SEC. 19. Section 85702.5 is added to the Government Code, to read:

85702.5. (a) A county or city may, by ordinance or resolution, impose a limit on contributions to a candidate for elective county or city office that is different from the limit set forth in subdivision (d) of Section 85301. The limitation may also be imposed by means of a county or city initiative measure.

(b) A county or city that establishes a contribution limit pursuant to subdivision (a) may adopt enforcement standards for a violation of that limit, which may include administrative, civil, or criminal penalties.

(c) The Commission is not responsible for the administration or enforcement of a contribution limit adopted pursuant to subdivision (a).

(d) This section shall become operative on January 1, 2021. A county or city's limit on contributions to a candidate for elective county or city office that is in effect on the operative date of this section shall be deemed to be a limit imposed pursuant to subdivision (a).

SEC. 20. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Fair Political Practices Commission
Contribution Limits: City and County Candidates[1]

Introduction

Pursuant to Assembly Bill 571 (Stats. 2019, Ch. 556, AB 571 Mullin), beginning January 1, 2021 a state campaign contribution limit will by default apply to city and county candidates when the city or county has not already enacted a contribution limit on such candidates. Along with the new campaign contribution limit, there are also other related provisions that formerly applied only to state level candidates that will now apply to city and county candidates. Please note that none of the provisions of AB 571 discussed in this fact sheet apply to candidates in cities or counties for which the city or county has enacted campaign contribution limits.

Current State Contribution Limit

The contribution limit that will now apply to city and county candidates pursuant to AB 571 is updated biennially for inflation. Contribution limits can be found in Regulation 18545(a)[2] and on the FPPC website here. The default limit for contributions to city and county candidates subject to AB 571 for 2021-2022 is set at $4,900 per election.

Other Amended Provisions Affecting City and County Candidates

Several other provisions will now apply to city and county candidates in jurisdictions that have not enacted campaign contribution limits, including the following:

- A candidate may not make a contribution over the AB 571 limit to another candidate in jurisdictions subject to the AB 571 limit.

- Candidates may transfer campaign funds from one candidate-controlled committee to another committee controlled by the same candidate if the committee receiving the transfer is for an elective state, county or city office. However, contributions transferred must be transferred using the “last in, first out” or “first in, first out” accounting method and shall not exceed the applicable contribution limit per contributor.

[1] This fact sheet is informational only and contains only highlights of selected provisions of the law. It does not carry the weight of the law. For further information, consult the Political Reform Act and its corresponding regulations, advice letters, and opinions.

[2] The Political Reform Act is contained in Government Code Sections 81000 through 91014. All statutory references are to the Government Code, unless otherwise indicated. The regulations of the Fair Political Practices Commission are contained in Sections 18110 through 18997 of Title 2 of the California Code of Regulations. All regulatory references are to Title 2, Division 6 of the California Code of Regulations, unless otherwise indicated.

- Candidates may not personally loan to a candidate's campaign an amount for which the outstanding balance exceeds $100,000. A candidate may not charge interest on any such loan the candidate made to the candidate's campaign.

- Candidates may establish a committee to oppose the qualification of a recall measure and the recall election when the candidate receives a notice of intent to recall. Campaign funds raised to oppose the qualification of a recall measure and/or the recall election would not be subject to any campaign contribution limit under the Act.

- Contributions after the date of the election may be accepted to the extent contributions do not exceed net debts outstanding from the election, and contributions do not otherwise exceed applicable contribution limits for that election.

- Candidates may carry over contributions raised in connection with one election to pay for campaign expenditures incurred in connection with a subsequent election for the same office.

- Candidates are permitted to raise contributions for a general election before the primary election and may establish separate campaign contribution accounts for the primary and general so long as candidates set aside contributions and use them for the general or special general election as raised. If the candidate is defeated in the primary election or otherwise withdraws from the general election, the general election funds must be refunded to contributors on a pro rata basis less any expenses associated with the raising and administration of the general election contributions.

- Candidates that are currently in office that are running for reelection to the same seat in an election after January 1, 2021 may carry over campaign funds without attribution. Candidates running for a different office also do not need to do LIFO FIFO or attribution.

FAQs

A. If a city or county does not currently have contribution limits set within their ordinance would the state contribution limit be the default?

Yes. The state contribution limit stated above would be the default contribution limit if the city or county ordinance is silent on whether there are contribution limits within that jurisdiction or if there is no city or county ordinance in place.

B. Is there a way for a city or county to adopt "no" contribution limits for city or county elective city and county offices?

Yes. A city or county may elect to have "no" contribution limits. To do so, it must explicitly state in the city or county ordinance that there are no limits on contributions. If it is explicit that the city or county has implemented "no" contribution limits, the state contribution limit will not apply as a default for that jurisdiction.

C. Can a city or county ordinance be less restrictive than the AB 571 limit (e.g., the city or county limit is set higher than the state limit)?

Yes. A city or county can set contribution limits higher than the default state limit.

D. If a city or county imposes contribution limits, is the Commission responsible for enforcing those limits?

No. The Commission will not regulate the administration or enforcement of the penalties. Cities or counties with existing limits or that adopt their own limits are not subject to the state limit and may impose their own penalties for violations.

E. If a city or county has voluntary contribution limits, but no mandatory contribution limits will the state limit be applicable?

Yes. A city or county must enact mandatory contribution limits to avoid the state limit applying to elective city and county offices.

F. Does the default contribution limit also include judicial candidates?

No. Elective city and county offices do not include judicial offices.

G. If a city or county has imposed contribution limits for particular city or county offices (e.g., Board of Supervisors), do those limits also apply to other positions such as the District Attorney or would the default state limit apply if a particular position is not specifically addressed by the city or county?

The default state limit would apply to other positions for which the city or county has not set contribution limits. A city or county ordinance must explicitly state the city or county contribution limits and for which elective offices those limits will apply. A city or county may adopt a general provision implementing a contribution limit for all elective city and county offices in that jurisdiction. As noted above, a city or county may also adopt an ordinance that states the city or county is adopting no contribution limits for any offices to avoid the default state limit applying.

H. Does AB 571 apply to special district or school district elections?

No. AB 571 applies only to city and county elections for offices that a city or county has not implemented its own contribution limit.

I. Can candidates that are subject to the AB 571 contribution limit open an officeholder committee?

No. Officeholder committees are not permitted for candidates subject to the AB 571 contribution limit. However, a candidate may use a committee for the officeholder's future election for officeholder expenses. A candidate may also use existing funds in the election committee for current office for officeholder expenses.

J. Does the AB 571 contribution limit apply to debt retirement for the 2020 election?

No. For purposes of retiring debt, the contribution limit is the one that was applicable to that election. The Act did not impose a contribution limit on city and county candidates in 2020.

K. If a contribution was received for an election occurring after January 1, 2021, PRIOR to January 1, 2021, does this contribution count towards the new AB 571 contribution limit after January 1, 2021?

Yes. There was no contribution limit imposed on city and county candidates under the Act prior to January 1, 2021; however, if someone has already contributed up to or above the limit for a given election occurring after January 1, 2021, they will not be able to further contribute after January 1, 2021 to the same candidate for the same election.

L. If a contributor gave $10,000 in 2020 (prior to the AB 571 limit going into effect) to committee for a 2022 primary election, what happens?

The AB 571 contribution limit does not apply to contributions made prior to January 1, 2021 so a contribution of this amount is permissible. However, the prior contribution would limit subsequent contributions for the same election (see last question).

M. Does the AB 571 contribution limit apply to political party committees and small contributor committees making contributions to candidates subject to the AB 571 limit?

Yes. Political parties and small contributor committees are only permitted to give contributions to candidates subject to the AB 571 in amounts up to the applicable AB 571 contribution limit for that candidate.

N. Does the AB 571 limit apply to county central committee candidates?

No. AB 571 imposes a contribution limit on city and county elective offices when a local jurisdiction has not already done so. Local jurisdictions are prohibited from placing contribution limits on county central committee candidates; therefore, AB 571 is not applicable to those offices.

O. If an election was held in November 2020, but resulted in the need for a run-off election to be held in February 2021, how would the contributions be treated under AB 571?

The run-off election is considered a new election. If a contributor gave any amount to an AB 571 candidate for the November 2020 election, the same contributor would still be permitted to contribute up to $4,900 (the AB 571 limit) to the same candidate for the February 2021 run-off election.

ORDINANCE NO. 2440-A

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO ADDING CHAPTER 2.10 TO THE MONTEBELLO MUNICIPAL CODE ESTABLISHING CAMPAIGN CONTRIBUTION LIMITS FOR CITY ELECTIVE OFFICE

WHEREAS, the City of Montebello ("City") does not currently limit the amounts persons may contribute to a candidate's campaign for City elective office; and

WHEREAS, in 2019, Assembly Bill 571 ("AB 571") was enacted establishing default limits and regulations for cities and counties that have not established their own campaign contribution limits, and such default limits became effective as of January 1, 2021;

WHEREAS, AB 571 allows cities to establish their own campaign contribution limits for city elective office by ordinance or resolution, which may be higher or lower than the default limits pursuant to California Government Code ("Gov. Code") Section 85702.5;

WHEREAS, the California Fair Political Practices Commission's AB 571 Fact Sheet also advises that a city or county may elect to have no contribution limits if explicitly stated in an ordinance that there are no limits on contributions;

WHEREAS, the City desires to amend the Montebello Municipal Code to establish the following campaign contribution limits pursuant to Gov. Code Section 85702; and

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY ORDAINS AS FOLLOWS:

SECTION 1. **RECITALS.** The above recitals are true and correct and made part of this Ordinance.

SECTION 2. AMENDMENT; ADDITIONS. Chapter 2.10 Campaign Contribution Limits, including Sections 2.10.010 through 2.10.040 are hereby added to the Montebello Municipal Code to read as follows.

Chapter 2.10 – CAMPAIGN CONTRIBUTION LIMITS

2.10.010 - Purpose

The purpose of this Chapter is to establish campaign contribution limits for elective city office to combat and prevent corruption, and the potential for corruption, due to

disproportionately large donations from single contributions that create the appearance of a conflict of interest. In proposing the limits included in this Chapter, the City has considered a balance between the dual objectives of preventing corruption and abridging the freedom of contributors to provide support for their preferred candidates. This Chapter also seeks to establish enforcement mechanisms to allow the City to effectively pursue these objectives.

2.10.020 - Definitions

The terms included in this Chapter shall have the same definitions as provided for in the California Political Reform Act of 1974 (Gov. Code Section 8100, *et. seq.* as amended) unless otherwise provided for in this Chapter. "City" shall refer to the City of Montebello.

2.10.030 – Campaign Contribution Limits

A. No person shall make any contribution to the campaign or committee controlled by a candidate for elective City office, in the aggregate, in excess of Five Thousand Dollars ($5,000.00) per year, per candidate. This amount shall increase every odd-numbered year to reflect any changes in the Consumer Price Index for the Los Angeles-Riverside-Orange County Area as released by the U.S. Department of Labor, Bureau of Statistics.
B. No candidate for elective City office, nor the committee controlled by candidate shall accept any contributions, in the aggregate, in excess of the amount specified in subsection A, per year from any person or committee.
C. No candidate for elective City office or a committee controlled by the candidate, shall make any contribution to another candidate for elective City office or a committee controlled by the other candidate, in the aggregate, in excess of the amount specified in subsection A, per year, per candidate.
D. A candidate for elective City office may transfer campaign funds from one committee controlled by the candidate to another committee controlled by the candidate. The contribution transferred shall be attributed to specific contributors using a "last in, first out" or "first in, first out" accounting method. The aggregate amount of contribution from the same contributor shall not exceed the amount specified in subsection A, per year.
E. A candidate for elective City office shall not personally loan to the candidate's campaign, including the proceeds from a loan made to the candidate by a commercial lending institution, an amount, the outstanding balance of which exceeds One Hundred Thousand Dollars ($100,000.00). A candidate shall not charge interest on any loan made to the candidate's campaign.

F. A contribution to a candidate for elective City office after the date of the election may only be accepted if the amount does not exceed the net debts outstanding from the election, and does not exceed the limit set forth in subsection A.
G. A candidate for elective City office may carry over contributions raised in an election to pay for campaign expenditures in a subsequent election for the same elective City office.
H. A candidate for elective City office may raise contributions for a general election before the primary election (or special general election before the special primary election) and establish separate campaign contribution accounts for both elections. The general or special general election contributions must be set aside and used for the general or special general election. If the candidate is defeated in the primary or special primary election, the general or special general election contributions shall be refunded to the contributors on a prorated basis, minus any expenses associated with the raising and administration of the general election or special general contributions.

2.10.040 – Violation

Any violation of any provision of this Chapter, is subject to prosecution under Chapter 1.12 of the Montebello Municipal Code, as well as any other administrative, civil, or criminal penalties, including injunctive relief available under any applicable law.

SECTION 3. **SEVERABILITY.** If any action, subsection, line, sentence, clause, phrase, or word of this Ordinance is for any reason held to be invalid or unconstitutional, either facially or as applied, by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance, and each and every individual section, subsection, line, sentence, clause, phrase, or word without regard to any such decision.

SECTION 4. **EFFECTIVE DATE.** This Ordinance shall become effective thirty (30) days after approval by the City Council.

SECTION 5. **PUBLICATION.** The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published or posted according to law.

ITEM #17

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Alicia Fernandez, Deputy City Clerk

SUBJECT: **Proposed Ordinance Amending and Restating the Rules of Order and Procedure for the Conduct of all City Council and Successor Agency Meetings, Proceedings, and Business**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Review and discuss rescinding Resolution Nos. 89-70, 06-22, 11-89, and 19-124 and adopting the proposed Ordinance amending the Rules of Order and Procedure for the Conduct of City Council Meetings at the next regularly scheduled City Council meeting; and

2) Take such additional, related, action that may be desirable.

FISCAL IMPACT

No direct financial impacts are foreseen as a consequence of updating the Council Rules of Order and Procedure.

BACKGROUND

The rules establishing procedures to address the City Council and standards of decorum were approved in 1989 by adoption of Resolution No. 89-70. Subsequently, Resolution No. 06-22 was adopted to amend the rules addressing the procedures for addressing the City Council and standards of decorum, and to include additional rules such as the order of business, public participation, and City Council oral reports. In 2011, the rules were amended once again to clarify City Council oral communications.

DISCUSSION

After a thorough review of the current Rules of Order and Procedures, and review of several cities, a number of updates are being proposed which would enhance the clarity of the rules, incorporate existing practices, and address questions of process which have arisen in recent months. Some of the cities that Staff reviewed included but are not limited to: Pasadena, Newport Beach, Manhattan Beach, Eastvale, Los Altos, Menlo Park, Aurora, and Palo Alto.

The proposed rule changes are intended to maximize the efficiency of City Council meetings and provide general policies and rules pertaining to the operations of the City Council. The most significant changes being proposed are establishing a new meeting start time, amending the dark meetings, establishing general meeting requirements, establishing procedures for the conduct of meetings and a proposed meeting length.

SUMMARY

Staff constantly strives to makes meetings as productive, inclusive, and efficient as possible. From time-to-time, there is a need to update and restate the Rules of Order and Procedure, whether as a result of subsequent updates or to ensure the orderly conduct of City business. Staff is recommending that the City Council review and discuss rescinding Resolution Nos. 89-70, 06-22, 11-89, and 19-124; and adopting the proposed Ordinance at the next regularly scheduled City Council meeting. Once the proposed Ordinance is adopted, Staff will work towards creating a comprehensive handbook that will serve as a reference guide for current City Council and future members. Staff will also begin to work on Rules of Order and Procedure for the conduct of all Commission and Committee meetings, proceedings, and business.

RESOLUTION NO. 89-70

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO PROVIDING RULES FOR THE CONDUCT OF AUDIENCE PARTICIPATION

THE CITY COUNCIL OF THE CITY OF MONTEBELLO DOES RESOLVE AS FOLLOWS:

SECTION 1. **Procedure for addressing Council.**

(a) Each person wishing to address the council on an item not listed as a public hearing shall complete a card provided by the City Clerk for that purpose. Once the card is completed, it shall be returned to the City Clerk prior to 8 p.m. Upon receipt of the card, the city clerk shall deliver it to the presiding officer.

(b) Information to be provided on such card by each person wishing to address the council shall include the person's name and address; whether he or she is speaking for himself or herself, an organization or another party; the agenda item he or she wishes to address; and/or a brief description of the subject matter he or she wishes to present.

(c) The maximum time for addressing the council shall be limited to five minutes; however, the presiding officer may either extend or reduce the maximum time to such period of time as the council may determine.

(e) When called upon by the presiding officer, each person addressing the council shall step up to the microphone in front of the rail, shall give his or her name, address and organization or other party he or she represents, if any, in an audible tone of voice for the record, and limit his or her address to five minutes. All remarks shall be addressed to the presiding officer and not to any one member. No person, other than the council and the person having the floor, shall be permitted to enter into any discussion, either directly or through a member of the council, without the permission of the presiding officer. No question shall be asked a councilmember or staff member except through the presiding officer.

(f) In order to expedite council business and to avoid repetitious presentations, whenever any organization or group of persons wishes to address the council on the same subject matter, it shall be proper for the presiding officer to inquire whether the organization or group has a spokesperson. If so, the spokesperson shall limit his or her address to five minutes; and, once he or she is heard, following speakers from the organization or group shall be limited to facts not already presented by the spokesperson.

Section 2. **Standards of decorum.**

(a) The Mayor or presiding officer shall have the right to terminate any oral communication where such is not of interest to the public or within the subject matter jurisdiction of the City Council or is redundant or repetitious. Debates between individual members of the Council and audience should be discouraged.

(b) Speakers shall not present the same or substantially same items or arguments to the council repeatedly or be repetitious or dilatory in presenting their ~~oral~~ comments. If a matter has been presented orally before the Council, whether the Council has taken action, or determined to take no action, the same or substantially same matter may not be presented orally by the same person more than once in any four month period. Nothing in the foregoing precludes submission of comments to the City Council in writing regarding such action or non-action.

(c) Any person who becomes boisterous while addressing the council or who otherwise disrupts the orderly conduct of the Council's business shall be barred after being admonished from addressing the Council further.

Section 3. Enforcement of Decorum.

The chief of police, or such member, or members, of the police department or police reserve as he may designate, shall be sergeant-at-arms of the council meetings. He, or they, shall carry out all orders and instructions given by the presiding officer for the purpose of maintaining order and decorum at council meetings. Upon instructions of the presiding officer, it shall be the duty of the sergeant-at-arms to place any person who violates the order and decorum of the meeting under arrest.

Section 4. That the City Clerk shall certify to the adoption of this resolution and shall cause the same to be published in the manner prescribed by the law.

PASSED AND APPROVED THIS 22 DAY OF May 1989.

RESOLUTION NO.06-22

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO AMENDING AND RESTATING RESOLUTION NO. 89-70 CONCERNING RULES FOR THE CONDUCT OF CITY COUNCIL MEETINGS

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Montebello and the Redevelopment Agency of the City of Montebello:

SECTION 1. **Meetings Open to the Public.**

The City Council and Agency are subject to the Brown Act Open Meetings Law. (Government Code 54950 et seq). All meetings of the City Council and Agency are open to the public, except for closed sessions which are authorized to be held in accordance with the applicable provisions of the Brown Act.

SECTION 2. **Time and Place of City Agency/Council Meetings.**

Regular meetings of the City Council and Agency shall be held at the City Hall Council Chambers at 1600 West Beverly Boulevard, Montebello, California, except as otherwise provided from time-to-time and authorized by the Brown Act. The regular meetings of the City Council and Agency shall be held on the second and fourth Wednesdays of each month. The Redevelopment Agency meeting will start at 6:30 p.m. The City Council Closed Session will start at 6:30 p.m. or at the conclusion of the Agency meeting. The Agency Chairman may recess the Agency meeting to take up City Council closed session items. Discussion on all closed session items shall end promptly at 7:30 p.m. or be recessed until the conclusion of the regular City Council meeting. The regular City Council meeting will start at 7:30 p.m.

SECTION 3. **Order of Business.**

The business of the Agency and City Council at regularly scheduled meetings shall be disposed of in the following order:

SECTION 4. **Statement of Oral Communications.**

Every Agency and City Council Agenda shall contain a Statement of Oral Communications in substantially the following form:

"Statement of Oral Communications: Thank you for participating in tonight's meeting. Individuals interested in addressing the City Council [Redevelopment Agency] on any agenda item or topic must fill out a form provided at the door, and turn it in to the City Clerk prior to 7:30 p.m. A form does not need to be submitted for public hearing items. Forms turned in after 7:30 p.m. may be held until the next regular meeting.

At this time speakers wishing to address the City Council [Redevelopment Agency] on an item that is not on the agenda will be called upon in the order that their speaker card was received. Those persons not accommodated during this thirty (30) minute period will have an opportunity to speak under "Oral Communications – Continued" after all scheduled matters have been considered.

Please be aware that the maximum time allotted for individuals to speak shall not exceed three (3) minutes per speaker. Please be as specific as possible about the topic on which you wish to speak. Further, in accordance with state law, the City Council [Redevelopment Agency] may not take action or entertain extended discussion on a topic not listed on the agenda. Please show courtesy to others and direct all of your comments to the Mayor [Chairman] and not to the audience or staff members. "

SECTION 5. **Procedure for Addressing the Agency/City Council.**

A. Each person wishing to address the Agency or City Council on an item not listed as a public hearing item shall complete a card provided by the City Clerk for that purpose. Once the card is completed, it shall be returned to the City Clerk prior to 7:30 p.m that night. Upon receipt of the card, the City Clerk shall deliver it to the presiding

officer. Request to speak cards submitted after 7:30 p.m. may be called on at the next regular meeting of the City Council or Agency.

Once a speaker completes all of their comments, Agency/Council members may ask brief questions concerning such comments and inquiries. However, the Agency/Council should not engage in discussion or take action in connection with such comments. Once the speaker is seated, the presiding officer may refer an issue or public inquiry to the City Administrator for a brief response, further review and/or further action, if appropriate. Alternatively, the Agency/Council may request the issue be agendized for discussion at a future Agency/Council meeting.

B. Each person wishing to address the Agency or City Council on a scheduled matter shall complete a card provided by the City Clerk for that purpose. Once the card is completed, it shall be returned to the City Clerk prior to 7:30 p.m. that night. Upon receipt of the card, the City Clerk shall deliver it to the presiding officer. Speakers will be heard when the item is up for discussion, following the staff report, Agency/Council questions and Applicant presentation, if any. All speakers wishing to speak on scheduled matters shall be heard. Speakers wishing to address the Agency/Council on public hearing items shall not be required to fill-out a speaker card in order to be called on to speak. Speakers addressing the Agency/Council on a public hearing item shall be heard after the public hearing is opened by the presiding officer.

C. The maximum time for addressing the Agency/Council on any item shall be limited to three (3) minutes per speaker. For land use public hearings, the Applicant presentation shall be limited to ten (10) minutes. For appeal hearings, the Appellant presentation shall be limited to fifteen (15) minutes. However, the presiding officer may extend the maximum time allotted to any speaker with the concurrence of a majority of the Agency/Council. Extensions of time shall be granted in minute increments.

D. Speakers will be called in the order that their request to speak card is recorded by the City Clerk. Speakers will be permitted to complete their comments without interruption and no speaker may yield their allotted time to other speakers. When called upon by the presiding officer, each person addressing the Agency/Council shall step up to the microphone in front of the rail, give their name, address and organization or other party represented, if any, and in an audible tone of voice, address the Agency/Council for no more than three (3) minutes. All comments shall be addressed to the presiding officer and not to any single Council or Agency member. No person, other than the person having the floor, shall be permitted to enter into any discussion, either directly or indirectly or through a member of the Council or Agency, without the permission of the presiding officer. No questions shall be asked a Council or Agency or staff member except through the presiding officer.

E. In order to expedite Agency/Council business and to avoid repetitious presentations, whenever an organization or group of persons wishes to address the Council or Agency on the same subject matter, it shall be proper for the presiding officer to inquire whether the organization or group has a spokesperson. If so, the spokesperson shall limit his or her address to three (3) minutes and once the spokesperson is heard, additional speakers from the organization or group shall be limited to addressing facts not already presented by the spokesperson.

SECTION 6. **Agency/Council Oral Reports and Action Items.**

A. Agency/Council members shall comply with the requirements of Resolution No. 06-22 ("Administrative Policy for Placement of Action Items on City Council Agendas by Councilmembers").

B. In accordance with subsection (E) of Resolution No06-22 requests for Agency/Council action items and oral reports shall be introduced and explained by the Agency/Council member that placed the item on the Agenda. Agency/Council members should endeavor to complete their presentations in five (5) minutes or less. Agency/Council members may request additional time to complete their presentations from the presiding officer. Such requests for additional time shall not be unreasonably denied. After the introduction and presentation of the item, each Agency/Council member shall be provided an opportunity to ask questions and comment on the request.

SECTION 7. **Standards of Decorum.**

A. The Mayor shall be the presiding officer at City Council meetings. The Chairperson shall be the presiding officer at Agency meetings. In the absence of the Mayor/Chairperson, the Mayor Pro Tem/Vice Chairperson shall be presiding officer.

B. The presiding officer shall have the right to terminate any oral communication where such is not within the subject matter jurisdiction of the Agency/Council or is redundant or repetitious. Debates between Agency/Council members and the public should be discouraged.

C. Any person who becomes boisterous while addressing the Agency/Council or who otherwise disrupts the orderly conduct of the Agency's/Council's business shall be subject to removal from the Chambers after being admonished by the presiding officer.

D. The chief of police, or such other member or members of the police department or police reserve as may be designated, shall be sergeant-at-arms of the Agency/Council meetings. The sergeant at arms shall carry out all orders and instructions given by the presiding officer for the purpose of maintaining order and decorum at Agency/Council meetings. Upon instructions of the presiding officer, it shall be the duty of the sergeant-at-arms to place any person who violates the order and decorum of the meeting under arrest.

SECTION 8. This Resolution shall be effective within one (1) day of its adoption.

RESOLUTION NO. 11-89

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO AMENDING AND RESTATING RESOLUTION NO. 06-22 CONCERNING RULES FOR THE CONDUCT OF CITY COUNCIL MEETINGS

WHEREAS, on February 22, 2006 the City Council of the City of Montebello defined certain rules for the conduct of City Council meetings; and

WHEREAS, the City Council has determined the need to formalize the placement of Council Oral Communications on City Council Agendas consistent with the requirements of the Brown Act; and

WHEREAS, Government Code Section 54954.2(a) requires that an agenda item must contain a brief, general description of each item of business to be transacted or discussed which generally need not exceed 20 words; and

WHEREAS, currently, the City Council has been listing City Council Oral Communications in broad generalities and often times using no more than a few words which fails to adequately inform members of the public and provide a clear description of the intent of the Council Oral and the topic or topics to be discussed.

NOW, THEREFORE, BE IT RESOLVED by the City of Montebello as follows.

SECTION 1. An amendment to Montebello City Council Resolution No 06-22 is adopted and adds a new Section C, which reads as follows:

C All City Council Oral Communications shall be expressed in complete sentences and shall provide sufficient information to be in compliance with the Brown Act. All City Council Oral Communications shall provide a brief, general description of each item of business to be transacted or discussed at the meeting and need not exceed 20 words.

In all other respects, Resolution No 06-22 shall remain in full force and effect, and is hereby restated.

SECTION 2. If the City Council Oral Communication offered fails to comply with the policy expressed in Resolution 06-22, as amended, the City Administrator shall not place the item of the agenda and shall request a complete sentence to be stated prior to the item being listed on the City Council agenda.

SECTION 3. The City Clerk shall certify to the adoption of this Resolution, which shall become effective upon its approval by the City Council.

ORDINANCE NO. 21-__

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO, CALIFORNIA, AMENDING AND RESTATING RULES OF ORDER FOR THE CONDUCT OF ALL CITY COUNCIL AND SUCCESSOR AGENCY MEETINGS, PROCEEDINGS, BUSINESS, AND RESCINDING RESOLUTION NO. 89-70, 06-22, 11-89, AND 19-124

RECITALS

WHEREAS, the City Council has, by prior Resolutions, the last of which was Resolution No. 89-70, 06-22, and 11-89, adopted rules for the conduct of its City Council ("Council") and Successor Agency ("Agency") meetings.; and

WHEREAS, the City Council has, by prior Resolutions, the last of which was Resolution No. 19-124, canceled on an annual basis City Council meetings on the First week of July and the second meetings of November and December to honor future summer vacations and holiday schedules; and

WHEREAS, from time-to-time there is a need to update and restate such rules, whether as a result of subsequent policy decisions and to ensure the orderly conduct of City business; and

WHEREAS, so that there is consistency across the conduct of all City-related business, certain such rules should apply city-wide to the Council/Agency.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY ORDAINS AS FOLLOWS:

SECTION 1. The City Council of the City of Montebello does hereby rescind Resolution No.'s 89-70, 06-22, and 11-89 and establish the following rules for the conduct of its meetings, proceedings, and business.

SECTION 2. The City Council of the City of Montebello does hereby rescind Resolution No.19-124, and establishes the following rules for Dark Meetings as stated in Section 4.D "City Council/Agency Meetings**".**

SECTION 3. Meetings Open to the Public.

The Council and Agency are subject to the Brown Act Open Meetings Law. (Government Code 54950 et seq). All meetings of the Council and Agency are open to the public, except for closed sessions which are authorized to be held in accordance with the applicable provisions of the Brown Act.

DRAFT

SECTION 4. City Council/Agency Meetings and Agenda Materials.

A. Regular Meetings. Regular meetings of the City Council and Agency shall be held at the City Hall Council Chambers at 1600 West Beverly Boulevard, Montebello, California, except as otherwise provided from time-to-time and authorized by the Brown Act. The regular meetings of the City Council and Agency shall be held on the second and fourth Wednesdays of each month. Regular meeting agendas shall be posted on the City's website and at City Hall no later than 72 hours prior to the meeting. The City Council Closed Session will start at 5:00 p.m. The Agency Chairperson may recess the Agency meeting to take up City Council closed session items. The regular City Council/Successor Agency meeting will start immediately following the discussion of Closed Session items. Closed Session shall not exceed 1.5 hours. Whenever the day for holding any of the meetings falls on a holiday, the meeting shall be held on the next business day unless otherwise ordered by the City Council/Agency at a prior meeting.

B. Special Meetings. Special meetings are "Special" because the presiding officer or majority of the legislative body can call them on a minimum of 24 hours' notice, as authorized by the Brown Act. Special meetings need not be held at City Hall, as long as the alternate location is within the City. Special meeting agendas shall be posted on the City's website and at the meeting location, if located away from City Hall in a place to which the public has unrestricted access and where the notice and agenda are not likely to be removed or obscured by other posted materials. The Council/Agency makes every effort to provide notice well in advance of 24 hours, especially when the special meeting is for the purpose of conducting a Study Session.

1. Study Sessions are meetings during which the Council/Agency receives information about Council/Agency business in an informal setting. The informal study session setting is intended to encourage in-depth discussion and detailed questioning and brainstorming by Council/Agency on issues of significant interest, including but not limited to City/Agency policy matters, budget and financial matters zoning applications, major public works projects and other related topics. The Council/Agency may discuss the material freely without following formal rules of parliamentary procedure. Staff may be directed to bring matters back for future Council/Agency consideration as no action can be taken at a study session. The Decorum rules still apply to the behavior of the Council/Agency and public.

C. Broadcasting of Meetings. All regular Council/Agency meetings shall be live streamed on the City's website and broadcasted on the City's Government Access Channel (Channel 3) and will be video-recorded, unless the City/Agency is unable to do so due to unforeseen technical circumstances or circumstances beyond the City's/Agency's control.

D. Dark Meetings. The City Council/Agency regular meetings shall go dark four (4) times throughout the year. The regular meetings that will not be held are the first and second meetings of July, and the second meetings of November and December.

DRAFT

E. Agenda Materials. The City Clerk office shall post the agenda materials and supplemental agenda materials on the City's agenda website. The agenda packets are available for public inspection at the City's website. The agenda cover sheets may also be emailed upon written request.

SECTION 5. Order of Business.

The business of the City Council and Agency at regularly scheduled meetings shall be disposed of in the following order:

City Council & Successor Agency - 5:00 p.m. Closed Session
Call to Order
Roll Call
Announcement of Closed Session Items
Public Comments
Closed Session

City Council & Successor Agency – Starts immediately following Closed Session
Closed Session Report (If there is no Closed Session, the meeting will start at 5:00 p.m.)Invocation
Pledge of Allegiance
Corrections to the Agenda
Ceremonial Items/ Presentations
Public Comments on Non-Agenda Items (Limited to 30 minutes)
Staff Communications on Items of Community Interest
Public Hearing
Public Comments on Old Business/Regular Business/Consent Calendar (Limited to 30 minutes and each speaker will have 3 minutes total for all items requested to speak on by each speaker. All other comments which exceed the 30 minutes will be entered into the record and distributed to the City Council.)
Old Business
Regular Business
Consent Calendar (Routine Matters)
Council/Agency Orals
Adjournment

SECTION 6. General Requirements.

A. Attendance. Council/Agency Members, the City Clerk, City Attorney, and City Manager, along with any other city officers and department heads that have been requested to be present, shall take their regular stations in the Council chamber prior to the start of any meeting, except during recognized absences. The Council/Agency expects its members to attend regularly and notify the City Clerk, Deputy City Clerk, Assistant City Manager, or City Manager of any planned absences at least two (2) hours prior to the start of any meeting. Notification shall be made via formal written and/or email notice, or confirmed verbally.

DRAFT

B. Quorum. Three (3) members of the Council/Agency shall constitute a quorum and shall be sufficient to transact business. If less than three Council/Agency members appear at a regular meeting, the Mayor/Chairperson, Mayor Pro Tem/Vice Chairperson in the absence of the Mayor/Chairperson, any Council/Agency member in the absence of the Mayor/Chairperson and Mayor Pro Tem/Vice Chairperson, or in the absence of all Council/Agency members, the City Clerk or Deputy City Clerk, shall adjourn the meeting to a stated day and hour.

Business of the Council/Agency may be conducted with a minimum of three members being present; however, pursuant to the California Government Code, matters requiring the expenditure of City funds and all Resolutions and non-urgency Ordinances must receive three (3) affirmative votes for approval (see Section 6.H. "Voting Procedures").

C. Teleconference Attendance of Council/Agency Members at Meetings. The Council/Agency complies with the specific requirements relating to teleconferencing provisions per the Brown Act and shall apply to Council/Agency members. "Teleconference" is defined as a "meeting of a legislative body, the members of which are in different locations, connected by electronic means, through either audio or video, or both". Requests by Council/Agency members to attend a meeting via telephonic appearance are actively discouraged. In addition, at least a quorum of the Council/Agency must participate from a location within the City (Government Code Section 54953(b)(3)).

If these two threshold requirements are met, the Council/Agency member who will be appearing telephonically must ensure that:

1. The meeting agenda identifies the teleconference location and is posted at that location in an area that is accessible and visible 24 hours a day for at least 72 hours prior to the meeting.

2. The teleconference location is open and fully accessible to the public, and fully accessible under the Americans with Disabilities Act, throughout the entire meeting. These requirements apply to private residences, hotel rooms, and similar facilities, all of which must remain fully open and accessible throughout the meeting, without requiring identification or registration.

3. The teleconference technology used is open and fully accessible to all members of the public to participate, including those with disabilities.

4. Members of the public who attend the meeting at the teleconference location have the same opportunity to address the Council/Agency from the remote location that they would if they were present in Council Chambers.

DRAFT

5. The teleconference location must not require an admission fee or any payment for attendance.

6. All votes must be by roll call.

7. If the meeting will include a closed session, the Council/Agency member must also ensure that there is a private location available for that portion of the meeting.

D. Approved Teleconference Guidelines for Council/Agency Members Include:

1. Three days written notice in advance of the publication of the agenda must be given by the Council/Agency member to the City Clerk's office; the notice must include the address at which the teleconferenced meeting will occur, the address the Council/Agency packet should be mailed to, who is to initiate the phone call to establish the teleconference connection, and the phone number of the teleconference location. If cellular telephones are used to participate in teleconferenced meetings, Council/Agency members need to ensure the speaker phone option is functioning.

2. The Council/Agency member is responsible for posting the Council/Agency agenda in the remote location, or having the agenda posted by somebody at the location and confirming that posting has occurred. The City Clerk will assist, if necessary, by emailing, faxing or mailing the agenda to whatever address or fax number the Council/Agency member requests; however, it is the Council/Agency member's responsibility to ensure that the agenda arrives and is posted. If the Council/Agency member will need the assistance of the City Clerk in delivery of the agenda, the fax number or address must be included in the five-day advance written notice above.

3. The Council/Agency member must ensure that the location will be publicly accessible while the meeting is in progress.

4. The Council/Agency member must state at the beginning of the meeting that the posting requirement was met at the location and that the location is publicly accessible and must describe the location.

E. Closed Sessions. Closed sessions are the only type of agenda item that the public cannot observe, however, public comment is permitted prior to the City Council recessing into closed session. State law allows closed sessions to discuss pending litigation, employment matters, real estate negotiations, and certain other matters as authorized by the Brown Act. To the greatest extent possible, the City Attorney and City Clerk shall use standardized agenda descriptions that are consistent with Government Code Section 54954.5. Closed sessions will be scheduled at the beginning of Council/Agency meetings to the extent possible and appropriate.

DRAFT

1. State law requires the Council/Agency to make a public report after a closed session when certain kinds of actions are taken.

2. The City Manager and City Attorney, and/or their designees, shall attend closed sessions unless it is necessary to excuse them. Only such additional staff shall attend as are necessary and then only if the legal privileges of confidentiality obtained in an executive session are not waived.

3. No minutes of closed sessions shall be kept. The City Attorney shall record the information necessary to comply with state law.

4. No person in attendance at a closed session may disclose the substance or effect (e.g., statements, discussions, etc.) of any matter discussed during the session; all matters are strictly confidential.

5. No person in attendance at a closed session may disclose or share any documents/materials used during the session, printed or digital materials. Documents/materials may include, but are not limited to: reports; memos/letters; any information related to employee matters or litigations.

6. Council/Agency may be asked to return all written materials distributed during closed session.

7. Any breach of releasing confidential information by any Council/Agency member may result in revoking or suspending the member's right to receive further confidential information or other remedies as authorized by law.

F. Ceremonial Items/Presentation: Items presented during this item are limited to: community and Council/Agency presentations, proclamations, certificates of recognition, awards, and guest introductions. "Ceremonial Items/Presentations" shall be limited to 20 minutes. All presentations and exhibits are encouraged to be submitted in advance.

Nationally Recognized Health and Heritage months will also be acknowledged during this item. The list of approved nationally recognized health and heritage months are hereby attached as "Exhibit A".

Proclamations are issued for matters of local, regional, or national concern and are generally issued to organizations or events residing in, or occurring within the greater Montebello City area. Proclamations are ceremonial and do not carry any legislative or legal value. The Mayor/Chairperson, without formal action of the Council/Agency, may issue proclamations (requests must be made on an annual basis). A Proclamation/Certificate Form, attached as "Exhibit B", must be completed and submitted to the City Clerk's office by the Mayor/Chairperson for all Proclamation requests *at least two weeks in advance*. This allows the Public Affairs office to process based on eligibility

DRAFT

requirements. Proclamations must also be formally accepted by a recipient of the non-profit organization. The primary reasons for issuance include:

1. Recognition of an organization's event or special action.
2. Recognition of a national or state non-profit event that coincides with a local event.
3. Significant historical commemorations.
4. Recognition of extraordinary achievement for which formal language is provided.

Proclamations will not be issued for:

1. Events or organization with no direct relationship to the City of Montebello.
2. Campaigns or events contrary to city policies.
3. The request is for commercial/for-profit purposes.
4. The request conflicts with federally recognized months, weeks or days of observance.

Certificate of Recognition (COR) are issued to recognize special events, significant achievements, organizations, businesses, or individuals residing and/or located within the Montebello City area. The Mayor/Chairperson, Council/Agency members, City Staff, may issue Certificates of Recognition. A Proclamation/Certificate Request Form, attached as "Exhibit B", must be completed and submitted to the City Clerk's office by the Mayor/Chairperson or Council/Agency member for all COR requests *at least two weeks in advance*. The primary reasons for issuance include:

1. Retirement – the person must have been employed with their current employer for 25 years or more.
2. Birthday – the person must be at least 80 years of age.
3. Wedding, church, or pastoral anniversary – 25 years or more.
4. Significant education/life achievement.
5. Exemplary service or significant contributions by an organization, business, or individual to the City.
6. New business openings *only* at the request of the City of Montebello Chamber's Office.
7. Approved Nationally Recognized Health & Heritage months.

Additional Details:

1. City Clerk staff shall distribute proclamations/certificates of recognition in between each presentation, at the end of the presentations, or can be picked up the next business day.
2. The Council/Agency will be available for pictures.

G. Preparation of Minutes. City Clerk staff shall prepare "Action Minutes" of all public meetings of the City Council/Successor Agency. Action Minutes include very little

DRAFT

narrative, if any, only motions and votes shown in the record. Staff shall prepare Summary Minutes for Public Hearing items.

H. Voting Procedures. On the consideration of every motion, the vote shall be taken by consensus vote ("all those in favor signify by saying 'aye' those opposed say 'no', any abstentions.) or roll call or electronic device and entered in full upon the record. A simple majority vote of those in attendance, unless a full majority of the entire body is otherwise required by law (i.e. ordinances or resolutions), is needed to pass a motion as per Rosenberg's Rules (e.g., in a five-member body, if the vote is three in favor and two opposed, the motion passes). As per Rosenberg's Rules or as required by law, a super majority (two-thirds majority) vote is needed when applicable.

Every non-urgency Ordinance and any Resolution or order for franchises or payments of money shall require three (3) affirmative votes. An urgency Ordinance and certain resolutions shall require four (4) affirmative votes (e.g., adding matters to the agenda, Resolution of Necessity). A roll call vote shall be used in these cases with the Mayor/Chairperson called last.

Unless a Council/Agency member audibly votes in the affirmative, disqualifies himself or herself, or expressly declines to vote, his or her silence or any abstention shall be recorded as a vote in concurrence with the majority vote of those voting on the matter before the Council/Agency.

Council/Agency members may change their votes before the next item on the agenda is called or before adjournment of the meeting in which the vote is cast. It is the responsibility of every Council/Agency member to vote unless disqualified for cause accepted by the Council/Agency or by opinion of the City Attorney. No Council/Agency member can be compelled to vote.

Council/Agency members should only abstain if they are not sufficiently informed about an item, e.g. when there was a prior hearing and they were unable to view the prior meeting before the current meeting.

A Council/Agency Member who disqualifies him or herself pursuant to the Political Reform Act of 1974 because of any financial interest and/or conflict of interest shall disclose the nature of the conflict and may not participate in the discussion or the vote. A Council/Agency Member may otherwise disqualify him or herself due to personal bias or the appearance of impropriety. A Council/Agency member who is disqualified by reason of a conflict of interest in any matter shall not remain in his or her seat during the debate and vote on such matter, but shall request and be given the permission of the Presiding Officer to step down from the dais. A Council/Agency member stating such disqualification shall not be counted as part of a quorum and shall be considered absent for the purpose of determining the outcome of any vote on such matter.

In the event of a tie, the motion always fails since an affirmative vote is required to pass any motion (e.g., in a five-member body, if the vote is two in favor and two opposed, with one member absent, the motion is defeated). Before a motion is made on the next item

DRAFT

on the agenda, any member of the Council/Agency may make a motion to continue the matter to another date. Any continuance hereunder shall suspend the running or calculation of any time in which action of the Council/Agency is required by law. Nothing herein shall be construed to prevent any Council/Agency member from agendizing a matter that resulted in a tie vote for a subsequent meeting.

I. One-Hour Rule. Respect the "One Hour" Rule for Staff Work. Requests for staff support should be made to the City Manager, according to the protocol for channeling communications. Any request, which would require more than one hour of staff time to research a problem or prepare a response and/or will cost $1,000 or more, will need to be approved in advance by the full Council/Agency to ensure that staff resources are allocated in accordance with overall Council/Agency priorities. Once notified that a request for information or staff support would require more than one hour and/or will cost $1,000 or more, the Council/Agency member may request that the City Manager place the request on an upcoming Council/Agency agenda.

J. Confidentiality. No Council/Agency member or public employee shall, except as required in the performance of his duties, or in the course of any conduct reasonably believed to be in the performance of his duties, disclose confidential information gained by reason of his official position, nor shall he otherwise use the information for his personal interest. Confidential information shall include any information/materials declared as confidential by City Attorney and/or City Staff.

SECTION 7. Public Comments.

Every City Council and Agency Agenda shall contain Public Comments on Non-Agenda Items and Agenda Items in substantially the following form:

A. Non-Agenda Items. Public comment for matters *not* on the agenda (non-agenda items) shall be limited to matters within the subject matter jurisdiction of the body (at regular meetings only). Anyone wishing to address the City Council/Successor Agency on an item *not* listed on the Agenda may do so during the "Public Comments" period.

B. Agenda Items. Public comment on matters *on* the agenda will be allowed only for items of business to be discussed by the body. Those wishing to address the City Council/ Agency on an item listed on the agenda may do so at the time the item is up for discussion/consideration, following the staff report, Council/Agency questions and Applicant presentation, if any. A Consent Calendar item may be pulled by the Mayor/Chairperson or Council/Agency member.

C. Speaker Cards. Members of the public that are interested in making public comments on both Non-Agenda and Agenda Items, must complete a Speaker Card and submit it to City Clerk staff prior to the beginning of the meeting of 5:00 p.m. for live meetings, *or* 3:00 p.m. for video/audio meetings. Upon receipt of the card, the City Clerk shall deliver it to the presiding officer. The public will be called upon during the Council/Agency meeting – Closed Session begins at 5:00 p.m. and Regular Session

DRAFT

begins immediately following Closed Session. If there is no Closed Session, the meeting will start at 5:00 p.m. Members of the public must be present until the item for consideration is heard. Any requests to provide public comment which are submitted after the deadlines indicated above will not be addressed at the Council/Agency meeting, with the exception of non-agenda item comments which will be held over to the next regularly scheduled meeting.

D. Time Limits. "Public Comments" is limited to 30-minutes. State Law prohibits the Council/Agency from taking action or entertaining extended discussion on a topic not listed on the agenda. In order to conduct a timely meeting, the maximum time allotted for members of the public to speak on both Non-Agenda and Agenda Items shall not exceed three (3) minutes per person. The Mayor/Chairperson, in his/her discretion, and/or in consultation with the body, may reduce, limit or extend time for public comment as he/she may find reasonable under the circumstances. Speakers may not cede their time to other speakers.

SECTION 8. Procedure for the Conduct of City Council/Agency Meetings.

A. Role of Mayor/Chairperson. The Mayor/Chairperson shall be the Presiding Officer at all meetings of the Council/Agency, and be responsible for maintaining the order and decorum of meetings. It shall be the duty and responsibility of the Mayor/Chairperson to ensure that the rules of operation and decorum contained herein are observed. The Mayor/Chairperson shall maintain control of communication between Council/Agency members and among staff and public.

B. Communication with Council/Agency Members. Council/Agency members shall request the floor from the Mayor/Chairperson before speaking. When one member of the Council/Agency has the floor and is speaking, other Council/Agency members shall not interrupt or otherwise disturb the speaker.

C. Communication with Members of the Public Addressing the Council/Agency. The Mayor/Chairperson shall open the floor for public comment/inquiries as appropriate. Council/Agency members may question a person addressing the Council/Agency at the conclusion of the person's comments or upon expiration of the person's time to speak. However, the Council/Agency should not engage in discussion or take action in connection with such comments. Once the speaker is seated, the presiding officer may refer an issue or public inquiry to the City Manager or staff for a brief response, further review and/ or further action, if appropriate. Alternatively, the Council/Agency may request the issue be agendized for discussion at a future Council/Agency meeting.

D. Members of the Audience. No member of the audience shall willfully interrupt the orderly conduct at the meeting. All comments from the audience during Public Comments must be addressed to Mayor/Chairperson. The presiding officer shall direct the removal of any individual whose willful interruption or who fails to adhere to the Council meeting rules and who renders infeasible the orderly conduct of the meeting. In the event the removal of the individual or individuals willfully interrupting the meeting does

DRAFT

not restore order, the president officer may order the meeting room cleared and continue in session. Media representatives shall be allowed to remain at the meeting except those representatives of whose willful conduct interrupted the meeting.

E. Rules of Procedure**.** In all matters not otherwise provided for herein the proceedings for the body shall be governed under "Rosenberg's Rules of Order", the most current edition.

SECTION 9. Procedure for Addressing the City Council/Agency.

A. Specific Speaker Requirements. When a speaker is called, the speaker shall promptly approach the audience microphone and give his/her name in an audible tone of voice for the records. Failure to approach the audience microphone when called may preclude an opportunity to speak during that subject public comment period. A member of the public shall only address the body from the audience microphone, unless authorized by the Mayor/Chairperson to speak from another location. Members of the public shall direct all comments to the Mayor/Chairperson, and not to staff, individual members of the body, or the public. No questions shall be asked a Council or Agency or staff member except through the presiding officer. Speakers will be permitted to complete their comments without interruption and no speaker may yield their allotted time to other speakers. No person shall be permitted to interrupt members of the body, staff presentations; or members of the public who are at the microphone during a meeting. Courtesy must be shown to others at all times.

The public does not need to be given an opportunity to speak on an item that has already been considered by a legislative body at a public meeting, if all interested members of the public had the opportunity to speak on the item before or during its consideration, and if the item has not been substantially changed.

There shall be only one (1) opportunity for each individual for public comment on the entire consent calendar. There shall be only one (1) opportunity for each individual for public comment on multiple items of business on the agenda. There shall be only one (1) opportunity for public comment on items that are taken up for consideration together. This excludes Public Hearings.

Any person making personal, impertinent or slanderous remarks about members of the body, staff, or the public, or who shall become boisterous or threatening or personally abusive of the body, staff or members of the public shall be asked by the Mayor/Chairperson to cease and desist such activity, and may be requested or required to leave the meeting in the event the behavior continues to disrupt the meeting proceedings (see Section 11. "Standards of Decorum").

B. Spokesperson for a Group. In order to expedite Council/Agency business and to avoid repetitious presentations, whenever an organization or group of persons wishes to address the Council or Agency on the same subject matter, it shall be proper

DRAFT

for the presiding officer to inquire whether the organization or group has a spokesperson. If so, spokespersons are subject to the same limits as other speakers.

C. Technology. Use of technology in the meeting room (such as Power Points and overhead displays) is restricted to staff, City consultants, applicants for a quasi-judicial approval, and appellant's quasi-judicial approval.

D. Recording. Any person may record a meeting unless the body finds that the recording cannot continue without noise, illumination, or obstruction of view that constitutes, or would constitute, a persistent disruption of the proceedings.

E. Public Hearings. Speakers wishing to address the Council/Agency on public hearing items shall not be required to fill-out a speaker card in order to be called on to speak. Speakers addressing the Council/Agency on a public hearing item shall be heard after the public hearing is opened by the presiding officer, following the Staff report presentation.

1. Call for Ex Parte Contacts. The presiding officer shall inquire whether any member of the Council/Agency has had ex parte contacts with regard to the proceeding at the commencement of any quasi-judicial land use proceeding. Any member of the Council/Agency announcing an ex parte contact shall state for the record the nature and content of the contact. If such contact impairs the member's impartiality, the member shall state this fact and abstain from participation in the matter.

2. Call for Abstentions. The presiding officer shall inquire whether any member of the Council/Agency must abstain from participating in the hearing due to a conflict of interest. Any member of the Council/Agency announcing a conflict of interest shall state the nature of the conflict, and shall not participate in the proceeding, unless the person's vote is necessary to meet a requirement of a minimum number of votes necessary to take official action; provided, however, that the member shall not participate in any discussion or debate on the issue of which the conflict arises.

3. Time Limits. Speakers at hearings on legislative or administrative matters, other than legislative land use matters, will be limited to three (3) minutes. Speakers at a hearing on a quasi-judicial matter, other than a quasi-judicial land use matter, shall be subject to the following time limits:

    a. Staff Presentation (15 minutes maximum)
    b. Applicant or affected party (7 minutes maximum)
    c. Those in support of Appellant's position (3 minutes per person,not to exceed 30 minutes
    d. Those in opposition to Appellant's position or other interested persons (3 minutes per person, not to exceed 30 minutes)

DRAFT

e. Questions of Council/Agency members (No time limit)
f. Rebuttal by applicant or affected party. The scope of rebuttal is limited to matters which were introduced during the hearing (5 minutes maximum)
g. The presiding officer may extend the maximum time allotted to any speaker with the concurrence of a majority of the Council/Agency. Extensions of time shall be granted in one (1) minute increments.

4. Limitations. The presiding officer may exclude or limit cumulative, repetitious, or immaterial matter. The presiding officer may order the testimony, alternating those speaking in favor and those in opposition, or have all speaking in favor testify, followed by all those in opposition. The presiding officer, with the approval of the Council/Agency, may further limit the time and/or number of speakers at any public hearing; provided that the presiding officer shall announce any such restrictions *prior* to the commencement of the testimony.

5. Deliberations. At the end of public testimony and questions, the Council/Agency shall initiate deliberations by introducing a motion on the matter; continue the hearing; or keep the record open for additional written testimony. During deliberations, each member of the Council/Agency shall have the opportunity to comment on or discuss testimony given during the public hearing.

6. Public Documents. Documents submitted to the City as evidence or written testimony during a public hearing are public records. If such a document contains the name, address, including email address, and telephone number of the person, then it will be included in the record of the proceeding. Because the name, address, including email address, and telephone number are part of a public record, this information will be generally disseminated to the public, and must be disclosed if a public records request is submitted for the documents.

SECTION 10. Council/Agency Orals and Action Items.

A. The purpose of Council/Agency Orals is to allow Council/Agency to make general comments as a reference to staff on factual matters of community concern; and provide updates or make brief announcements in a manner consistent with Government Code Section 54952.2.

B. All City Council/Agency requests for oral communications to be placed on an agenda shall be expressed in complete sentences and shall provide sufficient information to be in compliance with the Brown Act. All oral communications shall provide

DRAFT

a brief, general description of each item of business to be transacted or discussed at the meeting and need not exceed 20 words.

C. Each Council/Agency Orals will generally be limited to a total of 10 minutes in length.

D. Commission/Committee appointment recommendations shall also be made during Council/Agency Orals. Considering background check approval, all appointments will be made at a future meeting as a Consent Calendar action item.

E. No action may be taken on Council/Agency Oral items without being placed on a subsequent agenda. Any requests to be considered and/or major policy issues to be approved must have a Simple Majority roll call vote of the Council/Agency. To the extent possible, Council/Agency will confer with staff before raising matters under this agenda item. Any request for a Council action item shall be referred back to staff to address program concepts, staffing needs, fiscal impact and implementation timelines. The City Manager shall identify a reasonable timeline to have the item return to the City Council for full consideration.

F. Requests for Council/Agency action items shall be introduced and explained by the Council/Agency member that placed the item on the Agenda. Council/Agency members should endeavor to complete their presentations in three (3) minutes or less. Council/Agency members may request additional time to complete their presentations from the presiding officer. Such requests for additional time shall not be unreasonably denied. After the introduction and presentation of the item, each Council/Agency member shall be provided an opportunity to ask questions and comment on the request.

G. An item may be placed on a future agenda of the City Council/Agency by any of the following methods:

1. By the Mayor/Chairperson, City Manager, City Attorney, or City Clerk.
2. By a Simple Majority roll call vote of the Council/Agency (see Section 6.H. “Voting Procedures”)

All agenda items shall be placed on the agenda, and all agendas shall be prepared pursuant to the requirement of the Ralph M. Brown Act (California Government Code Section 54950 et seq.).

SECTION 11. Standards of Decorum.

A. The Mayor/Chairperson shall be the presiding officer at Council/Agency meetings. The Chairperson shall be the presiding officer at Agency meetings. In the absence of the Mayor/Chairperson, the Mayor Pro Tem/Vice Chairperson shall be presiding officer.

DRAFT

B. The presiding officer shall have the right to terminate any oral communication where such is not within the subject matter jurisdiction of the Council/Agency or is redundant or repetitious. Debates between Council/Agency members and the public should be discouraged.

C. Speakers shall not engage in willful conduct which interrupts the meeting or interferes with the orderly conduct of the meeting. Any person who becomes boisterous while addressing the Council/Agency or who otherwise disrupts the orderly conduct of the Council's/Agency's business shall be subject to removal from the Chambers after being admonished by the presiding officer.

D. Signs, placards, banners, horns, noise-making devices, or other similar items shall not be permitted in the audience during a Public Meeting if the presence of such item disturbs, disrupts or otherwise impedes the orderly conduct of the meeting. All persons attending a public meeting shall remain seated in the seats provided, unless addressing the body at the podium or entering or leaving the meeting. No member of the audience shall willfully interrupt the orderly conduct at the meeting. The presiding officer shall direct the removal of any individual whose willful interruption renders infeasible the orderly conduct of the meeting. In the event the removal of the individual or individuals willfully interrupting the meeting does not restore order, the presiding officer may order the meeting room cleared and continue in session.

E. The Chief of Police, or such other member or members of the police department or police reserve as may be designated, shall be sergeant-at-arms of the Council/Agency meetings. The sergeant-at-arms shall carry out all orders and instructions given by the presiding officer for the purpose of maintaining order and decorum at Council/Agency meetings. Upon instructions of the presiding officer, it shall be the duty of the sergeant-at-arms to remove and/or place any person who violates the order and decorum of the meeting under arrest, if necessary.

SECTION 12. Council/Agency Meeting Length.

A. It is the intent of the Council/Agency that no item will be introduced or addressed on a Council/Agency agenda after the hour of 11:00 p.m. Furthermore, it is the Council's/Agency's intent that if the item introduced and being discussed by 11:00 p.m. is not concluded by 12:00 a.m., the Council/Agency should adjourn the meeting to another date. The intent and purpose of this policy is to encourage a reasonable hour in which the Council/Agency business is discussed and to protect against fatigue in discussing and deciding important City issues.

SECTION 13. Council/Agency and City Staff Conduct.

Governance of a City relies on the cooperative efforts of elected officials, who set policy, and City Staff, which analyze problems and issues, make recommendations, and implement and administer the Council's/Agency's policies. Therefore, every effort should be made to be cooperative and show mutual respect for the contributions made by each individual for the good of the community.

DRAFT

A. It is important for the Staff to demonstrate respect for the Council/Agency, and vice versa, at all times. All Council/Agency members should be treated equally.

B. Council/Agency and Staff should treat one another as professionals. Clear, honest communication that respects the abilities, experience, and dignity of each individual is expected. Practice civility and decorum in all interactions with Council/Agency and City staff.

C. Never publicly criticize an individual employee, including Council/Agency appointed officers. All critical comments about staff performance should only be made to the City Manager through private correspondence or conversation.

D. Council/Agency members shall deal with the administrative service solely through the City Manager, and neither the Council/Agency nor any member thereof shall give orders to any of the subordinates of the City Manager, either publicly or privately. Council/Agency members shall recognize and follow the appropriate chain of command for the entire City organization and each City Department.

E. Request for information by any Council/Agency member shall be provided to all members of the Council/Agency.

SECTION 14. Effective Date. This Ordinance shall become effective thirty (30) days after approval by the Council.

SECTION 15. Publication. The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published or posted according to law.

ITEM # 18

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Alicia Fernandez, Deputy City Clerk

SUBJECT: **Consideration of Appointment for Two (2) Vacant Seats on the Traffic Committee**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Discuss and make appointments to the Traffic Committee; and

2) Take such additional, related, action that may be desirable.

FISCAL IMPACT

No direct financial impacts are foreseen related to these proposed appointments.

BACKGROUND

As directed by the City Council at a Special Study Session held on September 11, 2020, Staff was directed to bring back a structure for the formation of a Traffic Committee. The structure for the formation of the committee was approved on January 13, 2021 by adoption of Ordinance 2432, amending Chapters 2.44 of the Montebello Municipal Code (MMC).

In accordance with Section 2.44 of the MMC, the Traffic Committee shall be composed of four (4) designated officers and employees of the City and two (2) resident members of the City who will be selected by the entire City Council by a four-fifths (4/5) vote. Each member serves a term of four (4) years, commencing on the date of appointment.

Due to the pandemic and County of Los Angeles Department of Public Health "Safer at Home Order," this Committee has not met and Staff anticipates holding a meeting sometime in September 2021.

DISCUSSION

Due to the re-structuring of the Committee, the term for two (2) seats on the Traffic Committee are vacant. To fill the vacancies, the City Clerk's office advertised the vacancies on the City's website and social media accounts on June 22, 2021 and July 1, 2021, inviting applications for the open seats. Applications for said committee were submitted by the following persons:

- Mike Torres
- Frederick Klemundt
- Alexander M. Hilke
- Lawrence Salazar
- Osvaldo (Ozzy) Lirav
- Raphael A. Osorio
- Kenneth Canchola
- Lorraine Morales De La O
- Grace R. Herrera

Their applications were distributed to the City Council for their review and are on file at the City Clerk's office.

SUMMARY

Staff is recommending that the City Council discuss and appoint, by a 4/5 vote, two (2) seats on the Traffic Committee.

ATTACHMENT:

A. Attachment A – Ordinance 2432

ORDINANCE NO. 2432

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO, CALIFORNIA, AMENDING CHAPTERS 2.30, AND 2.44 OF THE CITY OF MONTEBELLO MUNICIPAL CODE PERTAINING TO ADVISORY COMMISSIONS AND THE TRAFFIC COMMITTEE

WHEREAS, the City of Montebello ("City") is a general law city, incorporated under the laws of the State of California, with the power to make and enforce within its jurisdictional limits all local, police, sanitary, land use, and other ordinances and regulations not in conflict with general laws of the state;

WHEREAS, Ordinance No. 2322 was passed and approved by the City Council of the City of Montebello ("City Council") in 2008, and amended the Montebello Municipal Code requiring that the City Council establish various Commissions to help advise the City;

WHEREAS, the current City Commissions consist of, in part, the Traffic and Safety Commission;

WHEREAS, the City Council desires to amend the Montebello Municipal Code to change the Traffic and Safety Commission to a Traffic and Safety Committee structure.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. Incorporation of Recitals

The City Council finds and declares that the foregoing recitals are true and correct and incorporates said recitals fully into this Ordinance as findings.

SECTION 2. Chapter 2.30 of the Montebello Municipal Code is hereby amended as follows:

2.30.010 - Advisory commissions or committees established.

A. The city council establishes the following commissions or committees to serve the city, identified as follows and collectively referred herein as the "commissions" or "committees":

1. Personnel advisory commission;
2. Parks and Recreation commission;
3. Planning commission;
4. Traffic committee;

B. Nothing in this chapter shall be construed as restricting or curtailing any of the powers of the city council, or as a delegation to the commissions, of any authority or discretionary powers vested and imposed by law in the city council. The city council declares that the public interest, convenience, welfare and necessity require the establishment of the commissions to act in a purely advisory capacity, for the purposes set forth herein this chapter.

SECTION 3. Chapter 2.44 of the Montebello Municipal Code is hereby amended as follows:

Chapter 2.44 – TRAFFIC COMMITTEE

2.44.010 – Created.

There is created a Traffic Committee for the city as follows.

2.44.020 – Members.

The Traffic Committee shall consist of the following designated officers and employees of the City, or their duly authorized deputies or assistants, who are hereby

appointed and directed to serve thereon without additional compensation therefor during their respective terms of office or employment:

(A) The City Manager;

(B) The Police Chief;

(C) The City Engineer;

(D) The City Attorney; and

(E) Two (2) resident members of the City who will be selected by the entire City Council by a four-fifths (4/5) vote of the then seated members of the City Council.

2.44.030 - Meetings.

The meetings of this committee shall be:

A. Notices. Meetings of the Traffic Committee shall be held whenever necessary to properly and expeditiously carry out the powers and duties delegated to the Traffic Committee. At least three (3) members collectively of the Traffic Committee shall have the power to call a meeting thereof, and each member shall receive a notice of every such meeting.

B. Quorum. Three (3) members shall constitute a quorum for the conduct of any business of the Traffic Committee. All actions or recommendations of the Traffic Committee which are consistent with the powers and duties delegated by the provisions of this chapter or otherwise shall be presumed valid if such actions or recommendations are approved or ratified by any three (3) members thereof.

C. Time of Meetings. Unless otherwise needed to conduct the business of the Traffic Committee, all meetings shall be conducted during regular city business hours.

D. Minutes. The Traffic Committee shall maintain a minute record of its proceedings in which shall be recorded the date, time, and place of each meeting, the name of each member present, and the action, if any, taken on each item of request or referral. A copy of such record shall be filed with the City Clerk.

2.44.040 – Powers and Duties.

In addition to such powers as may be otherwise specified by the provisions of this chapter or any applicable law, ordinance, or resolution, the Traffic Committee shall serve as the hearing body for appeals filed by applicants whose request for a traffic control device, traffic calming device, parking restriction, or painted curb has been denied by the Director of Public Works in accordance with adopted policy.

2.44.050 – Standards for exercising powers and duties.

The powers, functions, and duties set forth in this chapter shall be exercised or performed only after the Traffic Committee has determined that such exercise or performance is necessary to prevent or relieve traffic congestion, to insure the orderly and safe movement of vehicular or pedestrian traffic, or to insure public safety and convenience. In each instance, such determination shall consider the professional opinion of the City Traffic Engineer based upon one or more of the following:

(A) Available traffic information or studies;

(B) Field observations;

(C) Vehicular traffic or pedestrian counts;

(D) Established traffic engineering principles, standards, and practices; and

(E) Traffic engineering surveys or studies.

2.44.060 – Appeals.

(A) Filing. Any person aggrieved by any decision or action of the Traffic Committee or of any person charged with carrying out the orders of the Traffic Committee may appeal such decision or action by filing a written protest with the City Clerk who shall submit such protest to the Council at its next regular meeting.

(B) Council action. Upon the receipt of any protest, or upon its own motion, the Council may take such action regarding any decision, recommendation, or action of the Traffic Committee or concerning any matter referred to it as the Council may determine to be in the best public interest. The decision of the Council concerning any action,

decision, or recommendation of the Traffic Committee shall be final and determinative of the issues. If any specific action, decision, or recommendation of the Traffic Committee, or any person charged by the provisions of this article with carrying out its orders, is subsequently reviewed and set aside by the Council, no further action shall be taken thereon except upon a direct order of the Council.

2.44.070 - Hearings—Form.

Neither the city Traffic Committee nor the council shall be required to hold formal noticed public hearings upon matters referred to in this chapter or Title 10 of this code. The city traffic and safety commission and the council shall hear any relevant evidence offered by any interested person, and shall consider the files and any staff report therein included.

2.44.080 – Temporary powers and duties of the Police Chief

Notwithstanding any other provisions of this chapter, the Police Chief shall have the power and authority to temporarily exercise any powers delegated by the provisions of this chapter to the Traffic Committee when such temporary action shall be necessary to provide for an emergency or for the orderly movement and control of pedestrian or vehicular traffic or vehicle parking or whenever such action is deemed by him or her to be necessary for the protection of life or property or the public safety. All such actions by the Police Chief shall be deemed lawful unless and until superseded by further action of the Traffic Committee or the Council.

SECTION 8. If any action, subsection, line, sentence, clause, phrase, or word of this Ordinance is for any reason held to be invalid or unconstitutional, either facially or as applied, by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance, and each and every individual section, subsection, line, sentence, clause, phrase, or word without regard to any such decision.

SECTION 9. This Ordinance shall become effective thirty (30) days after approval by the City Council.

SECTION 10. The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published as required by law.

ITEM # 19

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Alicia Fernandez, Deputy City Clerk

SUBJECT: **Consideration of Appointment for Two (2) Vacant Seats on the Fiscal Accountability and Investment Committee**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Discuss and make appointments to the Fiscal Accountability and Investment Committee; and

2) Take such additional, related, action that may be desirable.

FISCAL IMPACT

No direct financial impacts are foreseen related to these proposed appointments.

BACKGROUND

As directed by the City Council at a Special Study Session held on September 11, 2020, Staff was instructed to update the guiding purpose and mission of the Investment Advisory Committee. The recently implemented voter approved Measure H transaction and use tax ordinance contains a clause pertaining to review of the revenue received form this new source of revenue. Staff recommended, and the City Council agreed to, expanding and renaming the Investment Advisory Committee. These changes were incorporated in Resolution 20-90, approved on October 28, 2020.

In accordance with Section 19 of the City's Investment Policy, the Fiscal Accountability and Investment Committee shall be composed of seven (7) members, appointed by the City Council. Five (5) of the seven (7) members shall be appointed by each of the Councilmembers and the two (2) additional members shall be appointed by majority vote

of the entire City Council. Each member serves a term of four years, commencing on the date of appointment.

Due to the pandemic and the County of Los Angeles Department of Public Health "Safer at Home Order," this committee has not met since its creation per Resolution 20-90. Staff anticipates holding the first meeting of the Fiscal Accountability and Investment Committee sometime in September, 2021, once all seven (7) members are appointed.

DISCUSSION

At this time, the term for two (2) seats on the Fiscal Accountability and Investment Committee are vacant (the two "at-large" seats). To fill the vacancies, the City Clerk's office advertised the vacancies on the City's website and social media accounts on June 22, 2021 and July 1, 2021, inviting applications for the open seats. Applications for said committee were submitted by the following persons:

- Eduardo Garfias
- Raphael A. Osorio
- Kenneth Canchola
- Lorraine Morales De La O
- Grace R. Herrera

Their applications were distributed to the City Council for their review and are on file at the City Clerk's office.

SUMMARY

Staff is recommending that the City Council discuss and appoint, by majority vote, two (2) seats on the Fiscal Accountability and Investment Committee, as required by Section 19 of the City's Investment Policy.

1. INTRODUCTION

This Statement of Investment Policy ("Investment Policy" or "Policy") is intended to provide specific criteria for the prudent investment of City and Successor Agency funds. The ultimate investment goal is to enhance the economic status of the City while protecting funds under management and meeting the daily cash flow demands of the City and Successor Agency. This investment policy has been prepared in conformance with all pertinent existing laws of the State of California including California Government Code Sections 53600, et seq. (NOTE: throughout this Policy, it is understood that any reference to "City" is inclusive of the "Successor Agency.")

2. SCOPE

This investment policy applies to all of the City's idle cash invested in various vehicles and encompasses all monies under the direct oversight of the City Treasurer and Director of Finance and include the General Fund, Reserve Funds, Special Revenue Funds, Debt Service Funds, Capital Project Funds, Permanent Fund, Proprietary Funds, Trust and Agency Funds, including the Successor Agency to the Dissolved Montebello Redevelopment Agency, and any other funds that may be created. These funds are accounted for in the City of Montebello's Comprehensive Annual Financial Report (CAFR).

3. DELEGATION OF AUTHORITY

Authority to manage the City of Montebello's investment program is derived from California Government Code Section 53601 et al. The authority of the City Council to invest or reinvest monies of the City has been delegated by the City Council to the City Treasurer and Director of Finance until such time the delegation is revoked. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Director of Finance.

4. ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall refrain from personal business activity that conflicts with proper execution of the investment program or that impairs their ability to make impartial investment decisions. Employees and investment officials shall disclose any material financial interests that could be related to the performance of the City's investment policy annually with the California Fair Political Practices Commission or as necessary under the Political Reform Act and Government Code Section 1090 et seq.

5. PRUDENCE/PRUDENT INVESTOR STANDARD

The City's pooled investment program operates under the Prudent Investor Standard, Government Code Section 53600.3, and applicable State laws. When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing public funds, responsible/delegated officials shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the City, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the City.

Within the limitations of this section and considering individual investments as part of an overall strategy, investments may be acquired and sold as authorized by law. This affords a broad spectrum of investment opportunities so long as the investment is deemed prudent and permissible by the State of California, various bond indentures and this policy. It is the goal of officials so authorized under this Policy to strive to invest 100 percent of idle funds.

6. INTERNAL CONTROLS

The Director of Finance and/or his/her designee shall establish procedures that separate the internal responsibility for management and accounting of the investment portfolios. An analysis by an external independent auditor shall be conducted annually to review internal controls, account activity and compliance with policies and procedures.

7. INVESTMENT OBJECTIVES

The City's cash management system is designed to accurately monitor and forecast revenues and expenditures, thus enabling funds to be invested to the fullest extent possible. A diversified portfolio is maintained to accomplish the primary objectives in the order of safety, liquidity, and yield.

Safety: The safety/risk associated with an investment refers to the potential loss of principal, accrued interest or a combination of these. Credit risk is mitigated by monitoring financial institutions with which he/she will do business, and by careful scrutiny of the credit worthiness of the investment instruments as well as the institutions. Such resources as nationally recognized statistical-rating organization (NRSRO) services are utilized for this review. Mitigation of interest rate risk is sought through diversification of instruments as well as maturities.

Liquidity: The portfolio will be structured with sufficient liquidity to allow the City to meet anticipated cash requirements. This will be accomplished through the purchase of a diversity of instruments to include those with active secondary markets, those that can match maturities to expected cash needs, and the State Local Agency Investment Fund (LAIF) with immediate withdrawal provisions.

Yield: A competitive market rate of return is the third objective of the investment program after the fundamental requirements of safety and liquidity have been met. The portfolio shall be managed to consistently attain a market rate of return throughout budgetary and economic cycles. Whenever possible, and consistent with risk limitations and prudent investment management, the City will seek to augment returns above the market average rate of return through the implementation of active portfolio management strategies.

8. PERFORMANCE EVALUATION

Investment performance is continually monitored and evaluated by the City. Investment portfolio reports are generated on a monthly and quarterly basis and submitted to the City Council, City Manager, and Investment Committee. A quarterly Treasurer’s report is also presented to the City Council and Investment Committee.

9. DIVERSIFICATION

The City will diversify use of investment instruments to avoid unreasonable risks inherent in over-investing in specific instruments, individual financial institutions, or maturities.

Market price volatility shall be controlled through maturity diversification, as well as ensuring adequate liquidity is available to meet cash flow requirements, thereby precluding the need to sell instruments at a market loss.

Risk of default will be controlled by acquiring instruments such as Government Securities, or by diversifying the portfolio within the constraints and parameters of Section 17 of this Policy, Authorized and Suitable Investments.

10. PORTFOLIO SEGREGATION

Within the overall funds managed, bond proceeds held by fiscal agents or trustees shall also be segregated and invested in accordance with each indenture.

The primary purpose of any separately managed bond proceeds is to structure investment maturities to meet current and future liabilities. The preservation of principal and the maintenance of liquidity are the most important factors regarding the investment of bond proceeds. Portfolio yield is not a primary factor since the portfolio structure, eligible investment assets and maturity restrictions are governed by draws and expenditure schedules of the issues. Performance will be based upon maximizing permitted positive arbitrage within the context of principal preservation as a first priority (pre-1986 Tax Reform Act issuances) or minimizing or eliminating negative arbitrage (yield-restricted issues).

11. BOND ISSUANCE ARBITRAGE REBATE

The U.S. Tax Reform Act of 1986 requires the City to perform annual arbitrage calculations and rebate excess earnings to the U.S. Treasury for investment returns that exceed the allowable interest earnings limit of each bond issue. The arbitrage calculation process must be conducted for the investment of proceeds of bond issues sold after the effective date of this law. This arbitrage calculation will be contracted out to provide the necessary technical expertise to comply with this regulation. The City's investment position relative to the interest rate arbitrage restrictions is to have safety and the highest permitted return the law allows as the highest priority while ensuring the preservation of principal and liquidity.

12. QUALIFIED DEALERS

The City shall transact business only with Registered Investment Advisors, national or state-chartered banks, savings and loans, and broker dealers. The dealers should be primary dealers regularly reporting to the New York Federal Reserve Bank, or approved regional or secondary market dealers that qualify under the Securities and Exchange Commission Rule 15C3-1 (uniform net capital rule).

Authorized officials of the City may direct a fiscal agent or trustee to execute investment transactions on behalf of the City for funds held by that fiscal agent or trustee.

The City will monitor broker/dealers and their firms to ensure they are in good standing with the appropriate regulatory agencies.

13. SAFEKEEPING OF SECURITIES

To protect against losses caused by the collapse of individual securities dealers, all securities owned by the City, including collateral for repurchase agreements, shall be held in safekeeping by a third party bank trust department acting as agent for the City under the terms of a custody agreement or, in the case of funds held by the fiscal agent or trustee, the fiscal agent or trustee shall segregate and report securities held on the City's behalf. Any trade executed by a dealer is required to settle on a delivery versus payment basis with the City's safekeeping agent.

Fiscal agents or trustees in receipt of City of Montebello bond proceeds will settle security transactions on a delivery versus payment method based upon instructions provided by the authorized City official or the City's investment advisor. The fiscal agents or trustees will issue monthly custodian statements evidencing securities held in safekeeping, including the receipt of interest and maturity proceeds, the disbursement of funds for the purchase of securities, and the receipt of any sale proceeds.

14. COLLATERALIZATION

All demand deposits, time deposits and repurchase agreements are to be fully collateralized with securities authorized by the California Government Code and the City.

- The cost value (book value) of collateral pledged for demand deposits must at all times be equal to or greater than the amount on deposit, plus accrued interest, in accordance with the following ratio:
    - U.S. Treasury Securities: 110%

- The cost value (book value) of collateral pledged for repurchase agreements must at all times be equal to or greater than the par amount, plus accrued interest, with the following ratios:
    - U.S. Treasury Securities: 102%
    - U.S. Government Agencies: 102%

- It is the policy of the City to require reports at least on a quarterly basis from institutions with which the City has pledged security interest. The adequacy of collateralization shall be monitored to ensure that balances are collateralized in accordance with the ratios approved herein.

- With regard to repurchase agreements, it is the policy of the City to initiate a margin call in the event pledged collateral falls below the appropriate ratio.

- Collateralized investments and deposits often require substitution of collateral. Any broker or financial institution requesting substitution must contact the City for approval in the event the counterparty to the transaction is not authorized under agreement with the City to make substitutions.

15. MAXIMUM MATURITIES

In accordance to California Government Code Section 53601, The City will not invest in any securities maturing more than five (5) years from the settlement date of purchase. If there is a desire to make investments longer than five years, express authority to make those investments, either specifically or as part of an investment program, must be approved by the City Council no less than three months prior to the investment.

16. INVESTMENT POOLS/MONEY MARKET MUTUAL FUNDS

A thorough investigation of any government sponsored pool and/or mutual fund is required prior to investing and on a continual basis. There shall be a questionnaire completed which will provide the following information:

- A description of eligible investment securities, and a written statement of investment policy and objectives.
- A description of interest calculations and how it is distributed, and how gains and losses are treated.
- A description of how the securities are safeguarded (including the settlement processes), and how often the securities are priced and the program audited.
- A description of who may invest in the program, how often and what size of deposits and withdrawals are allowed.
- A schedule for receiving statements and portfolio listings.

- A description of how the pool/fund utilizes reserves, retained earnings, etc.
- A fee schedule, including when and how fees are assessed.
- The eligibility of the pool/fund to invest in bond proceeds and special district funds, and a description of its practices.

17. AUTHORIZED AND SUITABLE INVESTMENTS

The City is governed by the California Government Code, Sections 53600 et seq. Within the context of these limitations and based on the cost at the time of purchase, the following investments are authorized:

A. United States Treasury Obligations: Bills, Bonds, and Notes, or those for which the full faith and credit of the United States are pledged for payment of principal and interest. There is no limitation as to the percentage of the portfolio that can be invested in this category.

B. United States Agency Obligations: Issued by United States Federal agencies or government-sponsored enterprise obligations, or other instruments, including those issued by or fully guaranteed as to principal and interest by Federal agencies or United States government-sponsored enterprises. Although there is no percentage limitation on these issues, the "prudent investor" standard shall apply to investments from a single agency.

C. State Obligations (California/Other States) and California Local Agency Obligations: Registered state warrants or treasury notes or bonds of the State of California or any of the other 49 states and bonds, notes, warrants or other evidences of indebtedness of any local agency within California, including bonds payable solely out of the revenues from a revenue producing property owned, controlled or operated by the state or local agency or by a department, board, agency or authority of the state or local agency.

D. Local Agency Bonds: Includes bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency rated "A" or better by a NRSRO.

E. Bankers' Acceptances: If purchased may not exceed 180 days to maturity or 40 percent of the cost (book) value of the portfolio. No more than 5 percent of the cost (book) value of the portfolio may be invested in Bankers' Acceptances issued by any one bank. Prior to the purchase of any Banker's Acceptance, the portfolio manager shall review the rating of the issuing bank. Bankers' Acceptances of issuing financial institutions shall have both a short and long term rating in the highest category by at least one nationally recognized rating agency at the time of purchase.

F. Commercial paper (Pooled and Non-Pooled Funds): Ranked of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by NRSRO and issued by a domestic corporation having assets in excess of $500 million. The commercial paper must also have an "A" or better rating for the issuer's debt, other than commercial paper, if any, as

provided by a NRSRO. Purchase of commercial paper from corporations on negative credit watch by a major rating agency shall be prohibited. Purchases of eligible commercial paper may not exceed 270 days to maturity.

G. Negotiable and Non-Negotiable Certificates of Deposit (including Placement Service Deposits/Certificates of Deposit): Negotiable Certificates of Deposit are limited to 30% of the City's monies which may be invested, with no maximum limit for Non-Negotiable Certificates of Deposit. Placement Service Deposits/Certifications of Deposit have a limit of 50% of the portfolio.

H. Repurchase agreements: The City may invest in repurchase agreements with banks and primary dealers with whom the City has entered into a master repurchase agreement that specifies terms and conditions of repurchase agreements. The maturity of repurchase agreements shall not exceed 365 days. In order to conform with provisions of the Federal Bankruptcy Code which provides for the liquidation of securities held as collateral for repurchase agreements, the only securities acceptable as collateral shall be securities that are direct obligations of, or that are fully guaranteed as to principal and interest by, the United States Government such as Treasury bills, Treasury notes or Treasury bonds with less than a five year maturity.

I. Reverse repurchase agreements/Securities Lending Agreements: The City may invest in reverse repurchase agreements only with those banks and primary dealers with whom the City has entered into a master repurchase agreement outlining terms and conditions of repurchase and reverse repurchase agreements.

J. Corporate medium term notes: Issued by a domestic corporation having an "A" or better rating criteria at time of purchase on its long-term debentures as provided by a NRSRO. The aggregate total of all purchased medium term notes may not exceed 30 percent of the cost value of the portfolio. No more than 5 percent of the cost value of the portfolio may be invested in corporate medium term notes issued by any one corporation. Commercial paper and bankers' acceptance holdings shall be considered when calculating the maximum percentage in any issuer name.

K. Mutual Funds/Money market mutual funds: Having a rating of "AAA" or an equivalent by no less than two NRSRO with no load and maintained at $1 par value. No more than 20 percent of the cost value of portfolio value at time of purchase should be invested in this category, and the City's investment in any specific mutual fund will not exceed 10 percent of that mutual fund's total assets.

L. Mortgage Pass-through and Asset Backed Securities: A mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable pass-through certificate, or consumer receivable-backed bond. Securities eligible for investment under this subdivision shall be rated in a rating category of "AA" or its equivalent or better by an NRSRO and have a maximum remaining maturity of five years or less. Purchase of securities authorized by this subdivision shall not exceed 20 percent of the agency's surplus moneys that may be invested pursuant to this section.

M. County Pooled and/or Joint Powers Authority Investment Funds: The city may invest in a joint powers authority organized pool that invests in the securities and obligations authorized in 53601(a) to (q) inclusive. There is no limitation as to the percentage of monies that can be invested in either a County or Joint Powers Authority pool

N. Local Agency Investment Fund: The City may invest in the LAIF established by the State Treasurer for the benefit of local agencies up to the maximum permitted by State law.

O. Supranational Obligations: Securities of United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank, with a maximum remaining maturity of five years or less, and eligible for purchase and sale within the United States. Investments under this subdivision shall be rated "AA" or better by an NRSRO and shall not exceed 30 percent of the agency's moneys that may be invested pursuant to this section.

18. INELIGIBLE INVESTMENTS

Investments not described herein including, but not limited to, equity securities such as common stocks, preferred stocks, convertibles, inverse floaters, range notes and interest-only strips that are derived from a pool of mortgages are prohibited from use in this portfolio. The City is prohibited from entering into a margin agreement and/or borrowing on margin.

19. IFISCAL ACCOUNTABILITY AND NVESTMENT COMMITTEE

The City Council will appoint a Fiscal Accountability and Investment Committee composed of seven (7) City of Montebello residents, with the City Treasurer and Director of Finance (or his/her designee) serving as ex officio members.

Each City Councilmember will appoint one person to the committee, making up five (5) of the seven (7) total members. The terms of Committee members chosen in this manner will coincide with that of the appointing City Councilmember or at such time the appointing City Councilmember makes a subsequent appointment.

The additional two (2) members will be appointed by majority vote of the entire City Council. The terms of Committee members chosen in this manner will be four (4) years with the term commencing on the date the appointment is approved by a majority of the City Council and ending four (4) years from that date or at such time a majority of City Councilmembers make a subsequent appointment.

All members, regardless of the method of appointment, may serve multiple, consecutive terms.

The committee will meet at a minimum quarterly to review, monitor and make recommendations with respect to the City's investment program, as well as meet the requirements of the Measure H Transaction and Use Tax Ordinance, Section 19, Accountability which requires an annual review of the expenditure of the proceeds of Measure H. A registered investment advisor may be appointed by the City Council to serve as advisor to the Committee and the City Council.

20. PORTFOLIO REPORTING

In accordance with California Government Code, Sections 53607 and 53646(b), the Director of Finance shall provide on a monthly and quarterly basis an investment portfolio report to the City Council. The report shall include a listing of each of the City's investments (a description that adequately describes the security), the purchase date, maturity date, cost basis, current cost value (book value), interest rate, weighted average maturity, current unrealized loss or gain and a listing of investment transactions that includes purchase/deposit and sale/withdrawal activity. Various investment types will be categorized and grouped in the same structure as the qualified investment categories identified in this policy. The

portfolio report shall include a statement certifying the ability of the City to meet its expenditure requirements for the next six months, or provide an explanation as to why sufficient money shall, or may, not be available.

The investment portfolio report shall include market value information for all investments. A monthly market value will be obtained for each security owned by the City. For purposes of reporting, the market value of each security may be obtained from the City's custodian bank or other pricing source(s) utilized by the City's designated investment management firm (registered investment advisor).

The City shall record interest revenue on a modified accrual basis of accounting that is typical for reporting and recording of interest earnings. Securities held by a fiscal agent or trustee shall also be recorded on a modified accrual basis of accounting. The Director of Finance will report year-end investments in conformance with Governmental Accounting Standards Board Statement Nos. 31, 40, and 72.

21. REVIEW OF INVESTMENT PORTFOLIO

The securities held by the City must be in compliance with Section 17, Authorized and Suitable Investments, at the time of purchase. A quarterly review of investments will be done to identify any securities that are no longer in compliance.

22. INVESTMENT POLICY ADOPTION

The City Council shall review and adopt this Investment Policy by resolution annually.

GLOSSARY

AGENCIES – Agencies of the Federal government set up to supply credit to various classes of institutions (e.g., S&L's, small business firms, students, farmers, housing agencies, etc.) Examples include Federal Home Loan Mortgage Corporation (FHLMC), Federal National Mortgage Association (FNMA), Federal Home Loan Bank (FHLB), and Federal Farm Credit Bank (FFCB).

DEBENTURE - A bond secured only by the general credit of the issuer.

DELIVERY VS PAYMENT - Delivery of securities with a simultaneous exchange of money.

DEMAND ACCOUNT – An account with a commercial bank from which check withdrawals may be made at any time.

DERIVATIVES – Financial products that are dependent for their value on (or derived from) an underlying financial instrument, a commodity, or an index representing values of groups of such instruments or assets.

DISCOUNT – The difference between the cost price of a security and its par value when the cost is lower than par. A security selling below original offering price shortly after sale also is considered to be at a discount.

DIVERSIFICATION – Dividing investment funds among a variety of securities offering independent returns.

FEDERAL FUNDS RATE – Interest rate charged by one institution lending federal funds to another.

FEDERAL OPEN MARKET COMMITTEE (FOMC) – Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member, while the other presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of Government Securities in the open market as a means of influencing the volume of bank credit and money.

FINANCIAL ADVISOR – A firm or bank that acts in a financial advisory capacity with respect to a new issue of municipal securities pursuant to a written contract.

FISCAL AGENT – A financial institution which performs payment of principal and interest to bondholders, and certain administrative duties on the bond issuer's behalf.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD – The independent organization that establishes and improves standards of accounting and financial reporting for U.S. state and local governments.

INTERNAL RATE OF RETURN – Rate of return over the life of a security on variables.

LOCAL AGENCY INVESTMENT FUND (LAIF) – The aggregate of all funds from political subdivisions that are placed in the custody of the State Treasurer for investment and reinvestment.

MARKET VALUE – The price at which a security is trading, usually the liquidation value.

MASTER REPURCHASE AGREEEMENT – A written contract covering all future transactions between the parties to repurchase-reverse repurchase agreements that establishes each party's rights in the

transactions. A master agreement will often specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller borrower.

MONEY MARKET MUTUAL FUNDS – Open-ended mutual fund that invests in commercial paper, banker's acceptances, repurchase agreements, government securities, certificates of deposit and other highly liquid and safe securities, and pays money market rates of interest. The fund's net asset value remains a constant $1 a share, with the interest rate increasing or decreasing.

MORTGAGE PASS-THROUGH SECURITIES – A securitized participation in the interest and principal cash flows from a specified pool of mortgages. Principal and interest payments made on the mortgages are passed through to the holder of the security.

NATIONALLY RECOGNIZED STATISTICAL RATING ORGANIZATION (NRSRO) – A rating organization designated by the SEC as being nationally recognized.

OFFER PRICE – The price at which a broker/dealer will offer securities to an investor.

OPEN MARKET OPERATIONS – Federal Reserve activity. Under the Federal Reserve Act, the Fed uses purchases and sales of Government and Federal Agency securities to add to or subtract from commercial bank reserves. Goals are to sustain economic growth, high employment and reasonable price stability.

PAPER GAIN OR LOSS – Term used for unrealized gain or loss on securities being held in a portfolio based on comparison of current market quotes and their original cost. This situation exists as long as the security is held while there is a difference between cost value (book value) and the market value.

PORTFOLIO – Collection of securities held by an investor.

PREMIUM – The difference between the cost price of a security and its par value, when the cost is higher than par.

PRIMARY DEALER – A group of government securities dealers that serve as trading counterparties of the New York Fed in its implementation of monetary policy. This role includes the obligations to: (i) participate consistently in open market operations to carry out U.S. monetary policy pursuant to the direction of the Federal Open Market Committee (FOMC); and (ii) provide the New York Fed's trading desk with market information and analysis helpful in the formulation and implementation of monetary policy. Primary dealers are also required to participate in all auctions of U.S. government debt and to make reasonable markets for the New York Fed when it transacts on behalf of its foreign official account-holders.

RATE OF RETURN – The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity; on a bond, the current income return.

REPURCHASE AGREEMENT (REPO) – A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date. The security "buyer" in effect lends the "seller" money for the period of the agreement, and the terms of the agreement are structured to compensate them for this.

REVERSE REPURCHASE AGREEMENT (REVERSE REPO) – A reverse-repurchase agreement (reverse repo) involves an investor borrowing cash from a financial institution in exchange for securities. The investor agrees to repurchase the securities at a specific date for the same cash value plus an agreed upon interest rate. Although the transaction is similar to repo, the purpose of entering

into a reverse repo is quite different. While a repo is a straightforward investment of public funds, the reverse repo is a borrowing.

SAFEKEEPING – The service provided by banks and trust companies for clients when the bank or trust company stores the securities, takes in coupon payments, and redeems issues at maturity.

SECURITIES & EXCHANGE COMMISSION (SEC) - Agency created by Congress to protect investors in securities transactions by administering securities legislation.

SEC RULE 15(C) 3-1 – See Uniform Net Capital Rule.

SPREAD – a) The yield or price difference between the bid and offer on an issue; b) the yield or price difference between different issues.

SUPRANATIONALS – International institutions formed by two or more governments that transcend boundaries to pursue mutually beneficial economic or social goals. There are three supranational institutions that issue obligations that are eligible investments for California local agencies: the International Bank for Reconstruction and Development (IBRD), International Finance Corporation (IFC), and Inter-American Development Bank (IADB).

SWAP – The sale of one issue and the simultaneous purchase of another for some perceived advantage.

TREASURY BILLS – A non-interest bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months or one year.

TREASURY BONDS – U.S. Treasury securities that have initial maturities of more than 10 years.

TREASURY NOTES – Intermediate-term coupon bearing U.S. Treasury securities having initial maturities from one year to ten years.

TRUSTEE – A financial institution with trust powers that acts in a fiduciary capacity for the benefit of the bondholders in enforcing the terms of the bond contract.

UNIFORM NET CAPITAL RULE – Securities and Exchange Commission requirement that member firms as well as nonmember broker-dealers in securities maintain a maximum ratio of indebtedness to liquid capital of 15 to 1; also called net capital rule and net capital ratio. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities. Liquid capital includes cash and assets easily converted into cash.

WHEN ISSUED BASIS (WI) – A term applied to securities that are traded before they are actually issued with the stipulation that transactions are null and void if securities are not issued.

YIELD CURVE – Yield calculations of various maturities at a given time to observe spread difference.

YIELD TO MATURITY – The current coupon yield minus any premium above par, or plus any discount from par in the purchase price with the adjustment spread over the period from date of purchase to maturity.

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, City Manager

SUBJECT: **FUTURE MEETING CANCELLATION**

DATE: July 28, 2021

RECOMMENDATION

It is recommended that the City Council cancel the regularly scheduled City Council meeting on September 22, 2021.

BACKGROUND / ANALYSIS

During the week of September 20 – 24, 2021 members of the City Council, the City Clerk, Assistant City Manager and Deputy City Clerk will be attending the annual League of California Cities Annual Conference in Sacramento. During this week, City Council will participate in the Conference and in legislative meetings with State representatives to discuss local issues. Staff recommends canceling the meeting of September 22, 2021 to give public notification in a timely matter.

For the month of September, the City Council will convene for a special City Council Study Session scheduled for September 1, 2021, approved at February 21, 2021 City Council meeting, and the regularly scheduled meeting of September 8, 2021.

FISCAL IMPACT

There is no fiscal impact directly associated with the recommended action.

SUMMARY

That the City Council cancel the regularly scheduled City Council meeting on September 22, 2021 to allow for the City Council to participate in the Conference and legislative meetings.

July 19, 2021

RE: Resolution in Support of City of South Gate Annual Conference Resolution

President Walker:

The City of Montebello (City) supports the City of South Gate's effort to submit a resolution for consideration by the General Assembly at the League's 2021 Annual Conference in Sacramento. Attached is the Resolution to be considered for adoption by the City Council of the City of Montebello at our July 28, 2021, City Council meeting.

The City's resolution seeks to address a critical issue within communities, especially those of economic disadvantage and disadvantage communities of color that are home to the State's freight rail lines. While supportive of the economic base the industry serves to the State, their rail lines have often become places where illegal dumping is a constant problem and our growing homeless population call home. The impact of these activities further erodes the quality of life for our communities, increase blight, increase unhealthy sanitation issues and negatively impact our ability to meet State water quality standards under the MS4 permits.

As members of the League, our City values the policy development process provided to the General Assembly. We appreciate your time on this issue. Please feel free to contact our City Manager, René Bobadilla, at 323-887-1200, if you have any questions.

Sincerely,

Kimberly Cobos Cawthorne

RESOLUTION NO. 21-70

A RESOLUTION CALLING UPON THE GOVERNOR AND THE LEGISLATURE TO PROVIDE NECCESARY FUNDING FOR CUPC TO FUFILL ITS OBLIGATION TO INSPECT RAILROAD LINES TO ENSURE THAT OPERATORS ARE REMOVING ILLEGAL DUMPING, GRAFFITI AND HOMELESS ENCAMPMENTS THAT DEGRADE THE QUALITY OF LIFE AND RESULTS IN INCREASED PUBLIC SAFETLY CONCERNS FOR COMMUNITIES AND NEIGHBORHOODS THAT ABUTT THE RAILROAD RIGHT-OF-WAY

WHEREAS, ensuring the quality of life for communities falls upon every local government including that blight and other health impacting activities are addressed in a timely manner by private property owners within its jurisdictional boundaries for their citizens, businesses and institutions; and

WHEREAS, Railroad Operators own nearly 6,000 miles of rail right-of-way throughout the State of California which is regulated by the Federal Railroad Administration and/or the California Public Utilities Commission for operational safety and maintenance; and

WHEREAS, the California Public Utilities Commission (CPUC) is the enforcing agency for railroad safety in the State of California and has 41 inspectors assigned throughout the entire State to inspect and enforce regulatory compliance over thousands of miles of rail line; and

WHEREAS, areas with rail line right-of-way within cities and unincorporated areas are generally located in economically disadvantaged zones and/or disadvantaged communities of color where the impact of blight further lowers property values and increases the likelihood of unsound sanitary conditions and environmental impacts upon them; and

WHEREAS, many communities are seeing an increase in illegal dumping, graffiti upon infrastructure and homeless encampments due to the lax and inadequate oversight by regulatory agencies; and

WHEREAS, local governments have no oversight or regulatory authority to require operators to better maintain and clean their properties as it would with any other private property owner within its jurisdictional boundaries. Thus such local communities often resort to spending their local tax dollars on cleanup activities or are forced to accept the delayed and untimely response by operators to cleaning up specific sites, and;

WHEREAS, that railroad operators should be able to provide local communities with a fixed schedule in which their property will be inspected and cleaned up on a reasonable and regular schedule or provide for a mechanism where they partner with and reimburse local governments for an agreed upon work program where the local government is enabled to remove items like illegal dumping, graffiti and encampments; and

WHEREAS, the State has made it a priority to deal with homeless individuals and the impacts illegal encampments have upon those communities and has a budgetary surplus that can help fund the CPUC in better dealing with this situation in both a humane manner as well a betterment to rail safety.

NOW THEREFORE, BE IT RESOLVED, at the League of California Cities, General Assembly, assembled at the League Annual Conference on September 24, 2021, in Sacramento, that the League calls for the Governor and the Legislature to work with the League and other stakeholders to provide adequate regulatory authority and necessary funding to assist cities with these railroad right-of-way areas so as to adequately deal with illegal dumping, graffiti and homeless encampments that proliferate along the rail lines and result in public safety issues. The League will work with its member cities to educate federal and state officials to the quality of life and health impacts this challenge has upon local communities, especially those of color and/or environmental and economic hardships.

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: James Enriquez, Director of Public Works / City Engineer

SUBJECT: **Report of Emergency Sewer Repair at Taylor Ranch Park by the Los Angeles County Consolidated Sewer Maintenance District**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Receive and file the City Manager's report of an emergency sewer repair at Taylor Ranch Park by the Los Angeles County Consolidated Sewer Maintenance District pursuant to Montebello Municipal Code Section 3.20.140 and Public Contracts Code Section 22050; and

2) Take such additional, related, action that may be desirable.

FISCAL IMPACT

The cost of the recommended repair in the amount of $160,000 will be paid from 2009 Excess Bond Proceeds, the same funds used to pay for the construction of the Park.

BACKGROUND

On June 8, 2021, the new restrooms at Taylor Ranch Park overflowed and spilled raw sewage into the street. The city's on-call plumbing contractor was dispatched to clear the sewer lateral and complete a video inspection. The results of the video inspection indicated that the existing sewer lateral to which the new restrooms were connected during the recent construction project does not have sufficient slope for the flow produced by the new restrooms. It appeared to be sufficient when the restrooms were closed to the public and were restricted to employee use due to COVID. During this time use of the restrooms was relatively infrequent. Once the restroom were opened to the public, the increased use and our inability to monitor what is flushed by the general public have

resulted in overflow of sewage. The restrooms have been closed since the initial sewer overflow event and temporary portable toilets remain in place at the Park.

The solution to this problem is to replace the sewer lateral with a new lateral connected to the sewer main on Lincoln Ave, since the downward grade provides additional slope for the sewer.

Staff contacted the City's on-call plumbing contractor for a quote for the installation of the new sewer lateral. The on-call contractor declined to quote the portion within Lincoln Avenue, where the connection to the public sewer main is located, stating they were not equipped for deep excavations. Since bidding of the work by the City would take 2 to 3 months during which time the restrooms would remain inoperable, staff requested the assistance of the Los Angeles County Consolidated Sewer Maintenance District (CSMD) utilizing their on-call contractor list. CSMD's contractor quoted $70,000 for the portion within Lincoln Avenue.

The City's on-call contractor provided a quote of $105,000 for the portion of the sewer lateral within the Park property. The CSMD contractor quoted $85,000 for this portion. City Service Requests for this work were submitted to CSMD in the total amount of $160,000 ($70,000 + $85,000 + $5,000 insurance).

In order to prevent any additional sewer spills and to get the restrooms operational as soon as possible, CSMD recommended issuing a Notice to Proceed (NTP) to their contractor on July 7, 2021 since the contractor was available to start the work. Any delay in issuing the NTP could not guarantee the contractor would be readily available. The contractor started the work on July 8, 2021 and should complete the work in 2 to 3 weeks.

DISCUSSION

The services rendered are covered under the General Services Agreement with Los Angeles County, Agreement No. 3246 (Attachment A). In accordance with the terms and conditions of the Agreement, services are requested via the County's online City Service Request Tracking System (CSRTS). The City will receive an invoice from the County after the repairs are completed.

Due to the liability of further sewage spills and the increased use of Taylor Ranch Park with the recent reopening from COVID closure, the Notice to Proceed was issued under the City Manager's authority in accordance Section 3.20.140 of the Montebello Municipal Code. Pursuant to MMC Section 3.20.140, the City Manager has the vested authority in cases of emergency "to order any direct and immediate action necessary to repair or replace a public facility, procure the necessary equipment, services and supplies for the purposes of addressing the emergency, without giving notice for bids to let contracts…." Upon taking such action, the City Manager is required to provide a report to City Council of such action at the next regular City Council meeting. This report provides such notice.

SUMMARY

The emergency sewer repair is scheduled for completion by the end of July. The restrooms at Taylor Ranch Park will be returned to full operation following the completion of the sewer repair. The Los Angeles County will invoice the City of the cost of the repair in an amount not-to-exceed $160,000 which will be paid from 2009 Excess Bond Proceed.

A. Attachment A – Agreement No. 3246

AGREEMENT NO. 3246

GENERAL SERVICES AGREEMENT

THIS GENERAL SERVICES AGREEMENT ("Agreement"), dated for purposes of reference only, June 1, 2017, is made by and between the County of Los Angeles, hereinafter referred to as the "County", and the City of Montebello, hereinafter referred to as the "City."

RECITALS:

(a) The City is desirous of contracting with the County for the performance by its appropriate officers and employees of City functions.

(b) The County is agreeable to performing such services on the terms and conditions hereinafter set forth.

(c) Such contracts are authorized and provided for by the provisions of Section 56½ of the Charter of the County of Los Angeles and Section 51300, *et seq.*, of the Government Code.

THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. The County agrees, through its officers, agents and employees, to perform those City functions, which are hereinafter provided for.

2. The City shall pay for such services as are provided under this Agreement at rates to be determined by the County Auditor-Controller in accordance with the policies and procedures established by the Board of Supervisors.

These rates shall be readjusted by the County Auditor-Controller annually effective the first day of July of each year to reflect the cost of such service in accordance with the policies and procedures for the determination of such rates as adopted by the Board of Supervisors of County.

3. No County agent, officer or department shall perform for said City any function not coming within the scope of the duties of such officer or department in performing services for the County.

4. No service shall be performed hereunder unless the City shall have available funds previously appropriated to cover the cost thereof.

5. No function or service shall be performed hereunder by any County agent, officer or department unless such function or service shall have been requested in writing by the City on order of the City Council thereof or such officer as it may designate and approved by the Board of Supervisors of the County, or such officer as it may designate, and each such service or function shall be performed at the times and under circumstances which do not interfere with the performance of regular County operations.

6. Whenever the County and City mutually agree as to the necessity for any such County officer or department to maintain administrative headquarters in the City, the City shall furnish at its own cost and expense all necessary office space, furniture, and furnishings, office supplies, janitorial service, telephone, light, water, and other utilities. In all instances where special supplies, stationery, notices, forms and the like must be issued in the name of the City, the same shall be supplied by the City at its expense.

It is expressly understood that in the event a local administrative office is maintained in the City for any such County officer or department, such quarters may be used by the County officer or department in connection with the performance of its duties in territory outside the City and adjacent thereto provided, however, that the performance of such outside duties shall not be at any additional cost to the City.

7. All persons employed in the performance of such services and functions for the City shall be County agent, officer or employee, and no City employee as such shall be taken over by the County, and no person employed hereunder shall have any City pension, civil service, or other status or right.

For the purpose of performing such services and functions, and for the purpose of giving official status to the performance hereof, every County agent, officer and employee engaged in performing any such service or function shall be deemed to be an agent, officer or employee of said City while performing service for the City within the scope of this agreement.

8. The City shall not be called upon to assume any liability for the direct payment of any salary, wages or other compensation to any County personnel performing services hereunder for the City, or any liability other than that provided for in this agreement.

Except as herein otherwise specified, the City shall not be liable for compensation or indemnity to any County employee for injury or sickness arising out of his or her employment.

9. The parties hereto have executed an Assumption of Liability Agreement approved by the Board of Supervisors on December 27, 1977 and/or a Joint Indemnity Agreement approved by the Board of Supervisors on October 8, 1991. Whichever of these documents the City has signed later in time is currently in effect and hereby made a part of and incorporated into this agreement as set out in full herein. In the event that the Board of Supervisors later approves a revised Joint Indemnity Agreement and the City executes the revised agreement, the subsequent agreement as of its effective date shall supersede the agreement previously in effect between the parties hereto.

10. Each County agent, officer or department performing any service for the City provided for herein shall keep reasonably itemized and in detail work or job records covering the cost of all services performed, including salary, wages and other compensation for labor; supervision and planning, plus overhead, the reasonable rental value of all County-owned machinery and equipment, rental paid for all rented machinery or equipment, together with the cost of an operator thereof when furnished with said machinery or equipment, the cost of all machinery and supplies furnished by the County, reasonable handling charges, and all additional items of expense incidental to the performance of such function or service.

11. All work done hereunder is subject to the limitations of the provisions of Section 23008 of the Government Code, and in accordance therewith, before any work is done or services rendered pursuant hereto, an amount equal to the cost or an amount 10% in excess of the estimated cost must be reserved by the City from its funds to insure payment for work, services or materials provided hereunder.

12. The County shall render to the City at the close of each calendar month an itemized invoice which covers all services performed during said month, and the City shall pay County therefore within thirty (30) days after date of said invoice.

If such payment is not delivered to the County office which is described on said invoice within thirty (30) days after the date of the invoice, the County is entitled to recover interest thereon. Said interest shall be at the rate of seven (7) percent per annum or any portion thereof calculated from the last day of the month in which the services were performed.

13. Notwithstanding the provisions of Government Code Section 907, if such payment is not delivered to the County office which is described on said invoice within

thirty (30) days after the date of the invoice, the County may satisfy such indebtedness, including interest thereon, from any funds of any such City on deposit with the County without giving further notice to said City of County's intention to do so.

14. This Agreement shall become effective on the date herein-above first mentioned and shall run for a period ending June 30, 2022, and at the option of the City Council of the City, with the consent of the Board of Supervisors of County, shall be renewable thereafter for an additional period of not to exceed five (5) years.

15. In the event the City desires to renew this Agreement for said five-year period, the City Council shall not later than the last day of May 2022, notify the Board of Supervisors of County that it wishes to renew the same, whereupon the Board of Supervisors, not later than the last day of June 2022, shall notify the City Council in writing of its willingness to accept such renewal. Otherwise such Agreement shall finally terminate at the end of the aforedescribed period.

Notwithstanding the provisions of this paragraph herein-above set forth, the County may terminate this Agreement at any time by giving thirty (30) days' prior written notice to the City. The City may terminate this Agreement as of the first day of July of any year upon thirty (30) days' prior written notice to the County.

16. This Agreement is designed to cover miscellaneous and sundry services which may be supplied by the County of Los Angeles and the various departments thereof. In the event there now exists or there is hereafter adopted a specific contract between the City and the County with respect to specific services, such contract with respect to specific services shall be controlling as to the duties and obligations of the parties anything herein to the contrary notwithstanding, unless such special contract adopts the provisions hereof by reference.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their duly authorized officers.

Executed this 22 day of March 2017.

ITEM # 23

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: James Enriquez, P.E., Director of Public Works / City Engineer

SUBJECT: **Citywide Catch Basin Connector Pipe Screen (CPS) Inserts Installation Project (CP No. 877) - Authorization to Advertise for Construction**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Approve the Plans, Specifications, and Estimate (PS&E) for the Citywide Catch Basin Connector Pipe Screen (CPS) Inserts Installation Project (CP No. 877); and

2) Authorize the City Clerk to publish the Notice Inviting Bids (Attachment A); and

3) Approve the Notice of Exemption (Attachment B) for the subject project and authorize the City Clerk to file the Notice of Exemption with Los Angeles County Registrar-Recorder; and

4) Approve the Total Project Budget (Attachment C).

FISCAL IMPACTS

As shown in the Total Project Budget (Attachment C), the project is fully funded at this time and no additional appropriations are recommended. This project was included in the CIP budget, presented to and approved by City Council at the June 23, 2021 meeting. Total funding for the project is included in the Measure W Fund (Account No. 229-99-6040.10) and is appropriated for FY 2021-22, no budget adjustment is needed. The funding is a carryover from the FY 2020-21 Measure W allotment received from the County.

BACKGROUND

The Citywide Catch Basin Connector Pipe Screen (CPS) Inserts Installation Project will retrofit existing catch basins with screens and filters to help eliminate storm water

pollution. As part of this Citywide Project, one hundred and sixty five (165) catch basins will be retrofitted with CPS units to prevent trash from entering the storm drain system during dry weather and moderate storm flows by keeping the trash and debris inside the catch basin. Out of the total catch basins being retrofitted, 78 are City-owned and 87 are County-owned. This project will help the City meet pollution reduction requirements as detailed in the State's National Pollutant Discharge Elimination System (NPDES) permit.

Infrastructure Engineers developed the specifications and contract documents that are available for review in the Public Works Department. The project is ready for construction. Approval from the City Council is required to advertise the project for construction bids.

The Engineer's Estimate for construction for this project is $200,000.

The anticipated project schedule is as follows:

- Advertise for Construction Bids — August 5, 2021
- Bid Opening — August 25, 2021
- Award of Contract — September 2021
- Start Construction — October 2021
- Complete Construction — January 2022

The Notice Inviting Bids will be published on August 5, 2021, in the local newspaper and the Green Sheet. The notice, plans and specifications will be posted on PlanetBids thru the City of Montebello's Website.

ENVIRONMENTAL

Pursuant to the guidelines of the California Environmental Quality Act (CEQA), the Annual Concrete Repair Program is categorically exempt under Class 1(c) for existing facilities. Under CEQA, a project is exempt if the scope of work is limited to the repair, maintenance, and minor alterations of an existing facility.

SUMMARY

Upon the approval of the City Council of the recommended action, staff will coordinate the advertisement of the project for construction bids. Following the opening of sealed bids, staff will review the bids and recommend award of the construction contract to the lowest responsive bidder at a subsequent City Council meeting.

Subsequently, City Clerk's staff will make a public announcement of the bids received shortly after, at the West Entrance of City Hall located at 1600 West Beverly Boulevard, Montebello, California 90640.**

SCOPE OF WORK: The work to be performed or executed under these specifications consists of furnishing all materials, equipment, tools, labor, and incidentals as required by the contract documents to construct the above stated project. It is the intent of this contract to have the contractor perform the "Project", and other appurtenances in accordance with the 2012 Standard Plans for Public Works Construction (SPPWC), 2018 Standard Specifications for Public Works Construction "Greenbook" and Los Angeles County Standard Plans and Specifications Latest Editions unless otherwise shown.

Copies of the contract documents are available on the City's website at https://www.cityofmontebello.com/rfp-bids/bid-opportunities.html.

To comply with SB 854, beginning January 1, 2015 the following applies:

1. No contractor or subcontractor may be listed on a bid proposal for public works project (submitted on or after March 1, 2015) unless registered with the Department of Industrial Relations (DIR) pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

2. No contractor or subcontractor may be awarded a contract for public works on a public works project awarded on or after April 1, 2015, unless registered with the DIR.

3. The project is subject to compliance monitoring and enforcement by the DIR.

4. Require the prime contractor to post job site notices prescribed by regulation (regulation not created yet) or the City must post the notices itself.

The Contractor shall fill in the Department of Industrial Relations (DIR) Contractor Registration Number Form provided in Appendix "B" and submit it with the sealed Bid.

The AGENCY hereby affirmatively ensures that minority business enterprises will be afforded full opportunity to submit bids in response to this notice and will not be discriminated against on the basis of race, color, national origin, ancestry, sex, marital status or religion in any consideration leading to the award of contract.

In entering into a public works contract, or subcontract, to supply goods, services, or materials pursuant to a public works contract, the Contractor, or the Subcontractors, offers and agrees to assign to the awarding body all rights, title and interest in, and to, all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) of under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to the public work contract or the subcontract. This assignment shall be made and become effective as the time the awarding body tenders final payment to the Contractor, without further acknowledgement by the parties.

Bids must be prepared on the approved Proposal forms in conformance with the "Instructions to Bidders" and submitted electronically. The bid must be accompanied by certified or cashier's check, or bidder's bond, made payable to the AGENCY for an amount no less than ten percent of the amount bid.

Bidders must hold a valid California Class A Contractor's License.

No bid will be accepted from a Contractor who has not been licensed in accordance with provisions of the Business and Professions Code. The successful Contractor and his subcontractors will be required to possess business licenses from the City.

The AGENCY will deduct **five percent (5%)** retention from all progress payments as specified in Section 7-3.2 of these Specifications. The Contractor may substitute an escrow holder surety of equal value to the retention and the Contractor shall be beneficial owner of the surety and shall receive any interest thereon.

The AGENCY reserves the right to reject any or all bids, to waive any irregularity and to take all bids, under advisement for a period of sixty (60) days.

The contract period for this project is **Ninety (90) working days** from the effective date of the Notice-to-Proceed to be issued by the City, which includes 60 days for Los Angeles County Flood Control District (LACFCD) Permit and Material Procurement. A separate Notice-to-Proceed will be issued for the remaining 30 days for installation of CPS devices.

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: James Enriquez, P.E., Director of Public Works / City Engineer

SUBJECT: **Various Street Improvements Project, CP 872 – Notice of Completion**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Accept the Various Street Improvements Project, (CP 872) – FY 2018-2019 as completed by Sequel Contractors, Inc.; and

2) Approve the final contract amount for Sequel Contractors, Inc. in the amount of $503,967, including change orders; and

3) Authorize the City Clerk to execute, verify and file the Notice of Completion with the Los Angeles County Registrar-Recorder; and

4) Authorize the City Manager to release the retention payment due to Sequel Contractors, Inc. following the mandatory waiting period from the date the Notice of Completion is recorded; and

5) Take such additional, related, action that may be desirable.

FISCAL IMPACTS

The approved budget for the Various Street Improvements Project, CP 872 totaled $664,084 and was funded with Measure M ($240,672), Measure R ($284,370), and Prop C ($139,042) Local Return funds. The Project was completed at a total cost of $627,257, $36,827 under budget and this amount will be made available for reprogramming for other projects.

BACKGROUND

The Various Street Improvements Project, CP 872, was included in the FY 2018-19 Capital Improvement Program adopted by the City Council. The project included improvements to the following streets:

- Weimer Way from Avenida de La Merced to Los Amigos Avenue
- Holger Drive from Victoria Avenue to Forbes Avenue
- Madison Avenue from Taylor Avenue to 12th Street
- Repaving the intersection of Via Campo and Vail Avenue

The project improvements included the removal and reconstruction of existing damaged sidewalks, curb and gutters, driveway approaches, curb ramps, cold milling and repaving existing streets, adjustments of utility covers, installation of pavement markings and striping, curb painting, installation of traffic detection loops and tree planting.

The City Council, at its meeting of August 28, 2019, awarded a contract to Sequel Contractors, Inc. in the amount of $473,347 to construct the project and authorized the City Manager to execute the contract.

ANALYSIS

The Contractor completed construction of this project on March 27, 2020. The City Engineer has reviewed the daily inspection reports and determined that the project was completed satisfactorily and in accordance with the project plans and contract specifications. The contractor's final accounting was reviewed and approved by the City Engineer.

A summary of the final project expenditures is as follows:

$ 45,486	Design
$ 77,804	Construction Management and Inspection
$ 473,347	Construction Contract Amount
$ 30,620	Construction Change Orders (6.5% Increase)
$ 627,257	**TOTAL PROJECT COST**

The Total Project Budget approved by the City Council on August 28, 2019 totaled $664,084 as follows: 1) $240,672 Measure M; 2) $284,370 Measure R; and 3) $139,042 Proposition C. The project was completed at a total cost of $627,257, $36,827 under budget and this amount will be made available for reprogramming for other projects.

NOTICE OF COMPLETION

Pursuant to Civil Code Section 3093, when a Capital Improvement Project is completed, a Notice of Completion must be prepared and filed with the County Recorder's Office for recordation within 10 days after completion of the improvement. In compliance with this section of the Civil Code, the City Engineer has prepared the required Notice of Completion for the City Council to accept the project as completed; and to authorize the City Clerk to execute, verify and file the Notice of Completion for recordation with the County Recorder's Office.

Concurrent with the preparation of the Notice of Completion, the City Engineer approved the final progress payment based on the agreed upon scope of work; with a five (5%) percent retention being withheld from the progress payments. The final retention payment will be released to the contractor forty-five (45) days after recordation of the Notice of Completion with the Los Angeles County Registrar-Recorder.

SUMMARY

Staff is recommending that the City Council to accept the Project as completed, approve the final contract amount for Sequel Contractors, Inc. in the amount of $503,967 including change orders, authorize the City Clerk to execute, verify and file the Notice of Completion with the Los Angeles County Registrar-Recorder and authorize the City Manager to release the retention payment due to Sequel Contractors, Inc. following the mandatory waiting period from the date the Notice of Completion is recorded.

DO NOT RECORD

REQUIREMENTS AS TO NOTICE OF COMPLETION

A notice of completion must be filed for record WITHIN 10 DAYS after completion of the work of improvement (to be computed exclusive of the day of completion), as provided in Civil Code Section 3093.

The "owner" who must file for record a notice of completion of a building or other work of improvement means the owner (or his successor in-interest at the date the notice is filed) on whose behalf the work was done, though his ownership is less than the fee title. For example, if A is the owner in fee, and B, lessee under a lease, causes a building to be constructed, then B, or whoever has succeeded to his interest at the date the notice is filed, must file the notice.

If the ownership is in two or more persons as joint tenants or tenants is common, the notice may be signed by any one of the co-owners (in fact, the foregoing form is designed for giving of the notice by only one cotenant), but the names and addresses of the other co-owners must be stated in paragraph 5 of the form.

Note that any Notice of Completion signed by a successor in interest shall recite the names and addresses of his transferor or transferors.

In paragraphs 3, 5 and 6, the full address called for should include street number, city, county and state.

As to paragraphs 7 and 8, this form should be used only where the notice of completion covers the work of improvement as a whole. If the notice is to be given only of completion of a particular contract, where the work of improvement is made pursuant to two or more original contracts, then this form must be modified as follows: (1) Strike the words "A work of improvement" from paragraph 6 and insert a general statement of the kind of work done or materials furnished pursuant to such contract (e.g., "The foundations for the improvements"); (2) Insert the name of the contractor under the particular contract in paragraph 7.

In paragraph 8 of the notice, insert the name of the contractor for the work of improvement as a whole. No contractor's name need be given if there is no general contractor, e.g., on so-called "owner-builder jobs."

In paragraph 9, insert the full, legal description, not merely a street address or tax description. Refer to deed or policy of title insurance. If the space provided for description is not sufficient, a rider may be attached.

In paragraph 10, show the street address, if any, assigned to the property by any competent public or governmental authority.

This standard form covers most usual problems in the field indicated. Before you sign, read it, fill in all blanks, and make changes proper to your transaction. Consult a lawyer if you doubt the form's fitness for your purpose.

SUBJECT: **Various Street Improvements Project, CP 873 – Notice of Completion**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Accept the Various Street Improvements Project, (CP 873) – FY 2018-2019 as completed by Sequel Contractors, Inc.; and

2) Approve the final contract amount for Sequel Contractors, Inc. in the amount of $759,441; and

3) Authorize the City Clerk to execute, verify and file the Notice of Completion with the Los Angeles Registrar-Recorder; and

4) Authorize the City Manager to release the retention payment due to Sequel Contractors, Inc. following the mandatory waiting period from the date the Notice of Completion is recorded; and

5) Take such additional, related, action that may be desirable.

FISCAL IMPACTS

The approved budget for the Various Street Improvements Project, CP 873, totals $925,400 consisting of Measure M ($555,361), Measure R ($211,824), TDA-3 ($38,215) and Prop. A ($120,000) Exchange funds. Overall, there was a savings of $53,590 or 6% of the total allotted budget and therefore, there were no impacts to the General Fund. The remaining funds will be available for re-programming.

BACKGROUND

The Various Street Improvements Project, CP 873, was included in the FY 2018-19 Capital Improvement Program adopted by the City Council.. The project included the improvements to the following streets:

- Beverly Terrace from Maple Avenue to Park Avenue
- Hay Street from Garfield Avenue to the Southerly City Limit
- Los Amigos Avenue from Weimer Way to La Flores Avenue
- Oakwood Street from Montebello Boulevard to Spruce Street

The project improvements included the removal and reconstruction of existing damaged sidewalks, curb and gutters, driveway approaches, curb ramps, cold milling and repaving existing AC pavement streets, adjustments of utility covers, installation of pavement markings and striping, curb painting, installation of traffic detection loops and tree planting.

The City Council, at its meeting of August 28, 2019, awarded a contract to Sequel Contractors, Inc. in the amount of $774,896 to construct the project and authorized the City Manager to execute the contract.

ANALYSIS

The Contractor completed construction of this project on March 27, 2020. The City Engineer has reviewed the daily inspection reports and determined that the project was completed satisfactorily and in accordance with the project plans and contract specifications. The contractor's final accounting was reviewed and approved by the City Engineer.

A summary of the final project expenditures is as follows:

$ 50,570	Design
$ 61,980	Construction Management and Inspection
$ 774,896	Construction Contract Amount
($ 15,455)	Construction Credit (Quantity Reduction)
$ 871,991	**TOTAL PROJECT COST**

The Total Project Budget approved by the City Council on August 28, 2019, when the construction contract was awarded to Sequel, totaled $777,137 as follows: 1) $496,518 Measure M; 2) $183,561 Measure R; 3) $38,215 TDA-3; and 4) $58,843 Measure M.

Additionally, in separate actions, the City Council approved the allocation of $28,263 of Measure R funds (FY 2019/20 funds) and the allocation of $120,000 of Prop A Exchange funds (FY 2019/20 funds), for a Total Project Budget of $925,400.

The project was completed at a total cost of $871,991, $53,590 under budget and this amount will be made available for reprogramming for other projects.

The final contract amount for Sequel Contractors, Inc. is $759,441, including a deductive change order of $15,455 for a reduction in the scope of the work and/or reduction in the actual quantities of work items in comparison to the estimated values.

NOTICE OF COMPLETION

Pursuant to Civil Code Section 3093, when a Capital Improvement Project is completed, a Notice of Completion must be prepared and filed with the County Recorder's Office for recordation within 10 days after completion of the improvement. In compliance with this section of the Civil Code, the City Engineer has prepared the required Notice of Completion for the City Council to accept the project as completed; and to authorize the City Clerk to file the Notice of Completion for recordation with the County Recorder's Office.

Concurrent with the preparation of the Notice of Completion, the City Engineer approved the final progress payment based on the agreed upon scope of work; with a five (5%) percent retention being withheld from the progress payments. The final retention payment is released to the contractor forty-five (45) days after recordation of the Notice of Completion with the Los Angeles County Registrar-Recorder.

SUMMARY

Staff is recommending that the City Council accept the Project as completed, approve the final contract amount for Sequel Contractors, Inc. in the amount of $759,441 including deductive change orders, authorize the City Clerk to execute, verify and file the Notice of Completion, and authorize the City Manager to release the retention payment following the mandatory waiting period from the date the Notice of Completion is recorded.

ITEM # 26

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: James Enriquez, P.E., Director of Public Works / City Engineer

SUBJECT: **Approval of the Fiscal Year 2021-22 Annual Plan for the Los Angeles Region Measure W (Safe, Clean Water Program) Expenditures**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Approve the Fiscal Year 2021-22 Annual Plan for Los Angeles Region Measure W (Attachment A) that programs expenditures for the fiscal year; and

FISCAL IMPACT

The Safe, Clean Water Program (SCWP) is estimated to generate up to $285 million in annual revenue for the entire County of Los Angeles. The FY 2021-21 local return allocation for Montebello is estimated at approximately $893,255. The Fiscal Year 2021-22 Annual Plan provides an expenditure plan for this allotment.

Staff anticipated receipt and expenditure of these funds and included appropriations in the adopted FY 2021-22 budget. Fund 229 (Measure W) includes $900,000 in revenue/expenditures, no budget amendments are necessary at this point in time. Subsequent budgets will include these appropriations from Measure W assessments, allocated to the approved projects and programs per the Annual Plan.

BACKGROUND

On November 6, 2018, Los Angeles County voters successfully passed Measure W. Measure W established a parcel tax to fund projects and programs throughout the County to improve the quality of storm water runoff. The first annual parcel tax was collected on the tax bills for Fiscal Year 2019-20.

Following the tax collection, SCWP revenues will be allocated as follows: 1) Ten (10) percent to the Los Angeles County Flood Control District (LACFCD); 2) Forty (40) percent to the municipalities within the District; and 3) Fifty (50) percent to the nine watershed areas to fund regional watershed-based multi-benefit projects to be implemented by project developers, and to provide technical resources, and conduct scientific studies.

The transfer agreement ("Agreement") for the Municipal Program required by the LACFCD in order to disburse funds to the municipalities on an annual basis was approved by the City Council on August 26, 2020. The Agreement for the Municipal Program will expire every four years, and funds received are to be used for implementation, operations and maintenance, and administration of eligible storm water quality improvement projects and programs as defined in the Agreement. The Agreement requires submittal of an Annual Plan that lists and describes the projects and programs the City plans to fund each year using Measure W funds.

On February 26, 2020, the City Council approved a Partnership Agreement with Los Angeles County for the East Los Angeles Sustainable Median Stormwater Capture Project. Construction of this $32 million project is currently underway. The City's original contribution was $5,080,000; however, this contribution has been reduced to $4,463,375 due to a recently awarded $7.0 million grant to the Project from the Safe, Clean Water Program funds thru the Los Angeles County Regional fund. In addition to construction, the City will contribute approximately $36,000 annually for operation and maintenance once the project is completed.

Both the construction payments and the annual maintenance cost will be programmed from the Measure W fund (Fund 229) and, therefore, will not impact the General Fund. The payment schedule per the terms of the agreement is as follows:

Invoice No.	Amount	Payment Date
1	$700,000	Paid, June 10, 2021
2	$752,655	12/30/2021
3	$752,655	12/30/2022
4	$752,655	12/30/2023
5	$752,655	12/30/2024
6	$752,655	12/30/2025
Total:	**$ 4,463,275**	

The Annual Plan Program for FY 2021-22 includes the continued contribution to the East Los Angeles Sustainable Median Stormwater Capture Project. In addition, it includes a combined amount of $140,600 for project planning, reporting and storm drain cleaning operations. These two expenses ($752,655 + $140,600) total $893,255 for FY 2021-22.

Subsequent budgets will include sufficient appropriations for these and related Annual Plan costs.

SUMMARY

Upon the approval by the City Council of the recommended action, staff will transmit the Annual Plan to Los Angeles County, coordinate receipt of the annual funding allotment, and coordinate the completion of the projects listed as planned expenditures.

A-1. Anticipated Projects

The City of Montebello plans to continue to use their municipal funds from the Safe, Clean Water Program towards its on-going East LA Sustainable Median project for fiscal year 2021-2022.

East Los Angeles Sustainable Median Stormwater Capture Project

The City of Montebello has partnered up with Los Angeles County, Los Angeles County Flood Control District, and the City of Monterey Park to develop a sustainable median stormwater capture project that will capture and infiltrate approximately 232 acre-feet of urban and stormwater runoff from a 3,000-acre tributary area on an annual basis.

The project is comprised of five project areas with the two major portions located at the intersections of Garfield Avenue and Northside Drive as well as Garfield Avenue and Southside Drive in East Los Angeles. The project will divert runoff into drywells within the existing roadway medians where the water will be captured and treated before slowly percolating into the subsoil to recharge the groundwater basin.

The scope of work for the project also includes above ground improvements such as drought tolerant landscaping, planting of over 300 native tree species, picnic tables and benches, permeable walking paths, exercise equipment and educational signage. The project will also feature a water-efficient irrigation system to service the palette of drought tolerant, California native plant species throughout the project areas.

The East LA Sustainable Median stormwater Capture Project strongly aligns with the mission and goals of the Safe, Clean Water Program and puts the health of the environment and surrounding community at the forefront of its design. The project will improve water quality, increase water supply and groundwater recharge, provide aesthetic beautification, and create enhanced recreational benefits through urban greening.

Each of the six Safe, Clean Water Program goals are achieved through the installation of this project from the capture, treatment, and infiltration of over 323 acre-feet of water per year to the conversion of impermeable medians to permeable recreational areas this project will truly benefit the surrounding communities through a variety of avenues.

The project will protect coastal waters from contaminants in stormwater and urban runoff by diverting surface flows to the infiltration wells for treatment before it is infiltrated. The project will also help modernize the areas water system infrastructure by reconstructing how water is captured and utilized to help sustainably maintain the project along with the provided benefits of supplying the water-efficient irrigation systems throughout the various project areas.

To add to the project elements that help achieve the goals of the safe, Clean Water Program the project will help protect public health by installing recreational areas that had not previously existed, which will encourage physical activity and help improve the quality of life for residents. These upgraded

medians will help introduce more urban greening to the local communities which will in turn help purify the air, sequester carbon, and reduce the urban heat island effect. These benefits will also prepare the region for the effects of climate change by installing native, drought tolerant plants as well as alleviate flooding through an increase of areas with permeable surfaces.

The project is currently in construction. The project broke ground in August of 2020 and is expected to be completed by the end of 2021. Other sources of funding such as Prop 1 Stormwater Implementation Grant Program and the California Natural Resource Agency Urban Greening Grant program have been secured to bring the project to fruition.

A-2. Anticipated Programs

The City of Montebello will be utilizing Safe, Clean Water Program funding towards three programs during the 2021-2022 fiscal year to help the City achieve its stormwater quality goals.

Municipal Separate Storm Sewer System (MS4) City Program

The first anticipated program that the City of Montebello plans to fund with the municipal funds from the Safe, Clean Water Program is essentially an extension of the City's existing MS4 Program. Majority of the efforts for this program will be directed at developing a wide array of new projects around the City that will align with the Safe, Clean Water Program guidelines and goals. The potential projects will be developed in coordination with the City's NPDES consultants to ensure each project is centered around stormwater capture or infiltration, whether it be within the City's open park space or creating more green streets, as well as installing stormwater BMPs throughout the City, where possible. These are just a few possibilities for the project types that will be considered under this program.

The City staff and NPDES consultants will work together to review the different MS4 Programs that operate under the NPDES permit and analyze their effectiveness, looking for opportunity areas to focus potential project development. All projects will be centered around volume capture of wet and dry weather flows throughout the City. Standard parameters for designing the amount of volume capture will differ from project to project, due to a myriad of factors.

Another large component of this program will be the process of securing supplemental funding opportunities for the projects that are developed under this program. The City is always looking for additional funding sources to help offset costs as well as contribute matching funds to the various granting opportunities and will continue to do so with the municipal funding from the Safe, Clean Water Program. This program will seek additional funding through state and federal granting agencies.

The MS4 Program will achieve five of the six Safe, Clean Water Program goals though its multi-pronged approach to develop and construct various water and nature-based projects throughout the City. The program will achieve the first goal of implementing a new plan for local water to capture a portion of the water that is lost annually by implementing guidelines that require projects to be developed with water capture as the forefront of the design. This will also carry over to the other four goals of protecting coastal waters from contaminants, modernizing the regions water system though nature and new technology, protecting public health through greener, more livable spaces for all, and lastly by preparing the region for the devastating effects of climate change. The projects developed by this program will capture and infiltrate water thus preventing polluted waters from reaching coastal waters. The projects will have the potential to include new technology and opportunity for implementing water treatment and infiltration units which satisfies the goal to modernize the city's water system though nature, science, and technology since this methodology can be applied to city parks and open spaces, green streets as well as residential areas.

Capital Improvements Plan (CIP) Re-Evaluation for Stormwater Improvements Program

For its second program, the City will use a portion of the Safe, Clean Water Program funding to carry out duties related to the city's newly developed Capital Improvements Plan (CIP) Re-Evaluation for Stormwater Improvements Program. The CIP Re-Evaluation Program will analyze the CIP list that is developed each year by City Council to determine if and where the opportunity to include stormwater elements into the CIP projects is possible. The program will have the city's National Pollutant Discharge Elimination Systems (NPDES) team evaluate each project on the CIP individually to determine where the opportunity areas are. From there, they will coordinate with the City Engineer to discuss ideas and feasibility.

The CIP Re-Evaluation Program will allow the City to further enrich their already environmentally conscious practices and program elements by developing more structural BMP's throughout the City in instances where the City could not come up with an entirely new stormwater project, whether the constraints be related to funding or just simply because they weren't aware that the opportunity to include pollution reduction measures existed in the project area.

Within the program, all types of stormwater infrastructure and nature based solutions will be considered to ensure that no matter the scenario, a stormwater BMP of any magnitude, structural or nonstructural, will be implemented to work towards the goal of improving water quality for the region.

This CIP Re-Evaluation Program will achieve the first goal of the Safe, Clean Water Program of capturing billions of gallons of water that is lost each year by expanding the CIP projects to include infrastructure to capture and infiltrate all flows that will occur in the area. Structural and large-scale projects will remain at the forefront when designing these projects to ensure a greater impact when it comes to stormwater capture. Capturing larger portions of the city's stormwater flows will thus reduce the trash and pollutant load that makes it into the storm drain system that leads to the coastal waters and beaches, achieving goal two of the Safe, Clean Water program.

Minimum Frequency of Assessment and Collection (MFAC) Program

For its third and final program, the City plans to implement a Minimum Frequency of Assessment and Collection Program to supplement its regional Trash Monitoring and Reporting Program (TMRP) to comply with the Regional Water Quality Control Board Trash TMDL requirements and deadlines for compliance. In 2015, the Los Angeles River Trash TMDL was revised by adding controls and enhancing best management practices (BMPs) to non-point sources of trash, specifically as it relates to parks near the Los Angeles River and its tributaries. In 2016 the MS4 NPDES permit incorporated these changes into its requirements as well. Since the City of Montebello owns and operates parks along the Los Angeles River and its tributaries, the City must establish and implement a Minimum Frequency of Assessment and Collection Program to comply with the 2015 revised Los Angeles River Trash TMDL.

Montebello maintains its Grant Rea and Rodriquez Parks located adjacent to the Los Angeles river channel and will be required to develop and implement a TMRP as well as produce MFAC Annual Reports to demonstrate that the program is being successfully executed and that the amount of fugitive trash is steadily decreasing.

Due to the nature of this program requiring staff to visibly conduct inspections of the park and to collect and weigh all trash, the City will need to coordinate trainings and schedules for monitoring. Additional materials will need to be produced such as trash surveys and responsible staff members will need to monitor storm patterns to adjust monitoring schedules and incorporate the City's public events calendar into their schedule as each park will need to be inspected following these events.

The development and implementation of the Trash Monitoring and Reporting Program for the two Parks will help achieve the Safe, Clean Water programs second goal of protecting coastal water bodies from trash and contaminants in stormwater by dramatically reducing the amount of trash that has the potential to make its way into the nearby LA River. Each subsequent year the amount of trash observed at the park will be reduced as part of the program requirements with the end goal of eliminating all trash completely from ever reaching the river. This program will dramatically enhance the efforts of the City to ensure that the health of the coastal waters and beaches is safe and clean for its people and all marine life.

A-3. Operation and Maintenance Activities

The City of Montebello will utilize a portion of the Safe, Clean Water Program funding to carry out operations and maintenance activities related to stormwater mitigation under the city's MS4 Program as listed below.

Localized Enhanced Monitoring and Cleaning for the City's Catch Basins

The City of Montebello recognizes that maintaining the city's catch basins is one of the most important stormwater source control measures they can pursue to do their part in preventing trash and pollutants from entering local waterways. Under the MS4 NPDES permit, the City implements a catch basin inspection and cleaning program to comply with the current trash TMDL. Currently, the program cleans each of the city's catch basins on a quarterly basis and increases the frequency in the wet weather months, as deemed necessary.

With the additional funding opportunity from the Safe, Clean Water Program municipal fund, the City plans to utilize a portion of the funds to carry out enhanced monitoring and cleaning of the catch basins that need it most. Under this program, catch basin cleaning results are monitored to identify hot spots or localized areas that experience a build up of trash and debris. The hot spots will be mapped out and provided to the catch basin cleaning crew. The identified hot spots will be monitored on a more frequent basis to determine if additional cleaning will be required to supplement to the quarterly cleaning schedule. Additionally, this program will implement catch basin cleaning immediately after rain events and any type of social gathering or event to further prevent any trash or debris build up.

Operation and maintenance activities related to enhanced monitoring and cleaning of the city's catch basins will achieve two of the Safe, Clean Water Program's goals. The first goal that will be achieved is that of protecting coastal waters and beaches from trash and contaminants in stormwater that make people sick and threaten marine life. This goal will be achieved by an increased cleaning schedule that targets problem areas to remove trash and other contaminants found in the catch basins to prevent them from entering the storm drain and eventually reaching the ocean. Marine animals too often suffer from harmful, and sometimes deadly consequences from being exposed to human waste. Extra cleaning measures will ensure that the possibility of these sensitive marine species coming into contact with the city's trash and other constituents is greatly reduced. The pumping during flooding will also help to reduce the amount of trash and pollutants that will be mobilized from excess water, further protecting marine life and coastal waters.

The enhanced catch basin monitoring and cleaning will achieve a second goal from the Safe, Clean Water Program in that it will help prepare the region for the effects of climate change, specifically flooding, by ensuring that catch basins are clean and no trash is clogging the pipes and the CPS & ARS devices. By ensuring that the catch basins are clean, it will prevent clogging during wet weather events/flows and will help alleviate flooding and prevent it from happening.

A-4. Stakeholder and Community Outreach

The City of Montebello will not be utilizing any portion of Safe, Clean Water Program funding towards stakeholder and community outreach for the 2021-2022 fiscal year.

A-5. Post-Construction Monitoring for Completed Projects

There are currently no projects for the reporting year 2021-2022 that will require post-construction monitoring since there will not be any projects completed using the Safe, Clean Water Program payment in that time frame.

A-6. Institute for Sustainable Infrastructure (ISI) Verification

The City of Montebello does not have any projects that have been awarded or seeking award of Institute for Sustainable Infrastructure verification for the 2021-2022 fiscal year.

A-7. Budget for Program Activities for FY 2021-22

Project/Program	Percentage of Funding (%)	Dollar Amount ($)
1. East LA Sustainable Median Stormwater Capture Project	84%	$752,655
2.1 Municipal Separate Storm Sewer System (MS4) City Program	4%	$35,000
2.2 CIP Re-Evaluation Stormwater Improvements Program	1%	$5,600
2.3 Minimum Frequency of Assessment and Collection (MFAC)	5.5%	$50,000
3. Localized Enhanced Monitoring and Cleaning of Catch Basins	5.5%	$50,000
4. Stakeholder and Community Outreach	0%	$0
5. Post Construction Monitoring	0%	$0

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: James Enriquez, P.E., Director of Public Works / City Engineer

SUBJECT: **Adopt Resolution No. 21-58 Approving the List of Projects for Fiscal Year 2021-22 Funded by Senate Bill 1 – The Road Repair and Accountability Act of 2017**

DATE: July 28, 2021

RECOMMENDATION:

It is recommended that the City Council:

1) Adopt Resolution No. 21-58 Approving the List of Projects for Fiscal Year 2021-22 Funded by Senate Bill 1 – The Road Repair and Accountability Act of 2017.

FISCAL IMPACT

For FY 2021-22, the City will receive an estimated $1,220,699 from the Road Maintenance and Repair Accountability Act (RMRA) Funds. The proposed project list will be funded with RMRA Funds. At this time, no budget amendment is required. The proposed CIP projects for this Fiscal Year are carry-over projects and were approved as part of the FY 2021-22 Capital Improvement Program at the June 23, 2021, City Council Meeting. Budget amendments will be recommended, as needed, at the various phases of project development when City Council action is required and the project budget is updated.

BACKGROUND

On April 28, 2017 Governor Jerry Brown signed Senate Bill 1 (SB-1) (Beall, Chapter 5, Statures of 2017) which is known as the Road Maintenance and Repair Accountability Act ("RMRA") of 2017. The purpose of the RMRA is to address road maintenance rehabilitation and critical safety needs for state highway, local streets and road systems using funds from increases in fuel excise taxes, diesel fuel sales taxes, and vehicle registration fee increases.

SB-1 has a Maintenance of Effort (MOE) requirement to ensure that these new roads funds do not supplant existing levels of city general revenue spending on streets and roads. In order for cities to receive RMRA funds, the City must maintain General Fund spending for street, road, and highway purposes at no less than the average expenditures from Fiscal Years 2009–10, 2010–11, and 2011–12. The required MOE for Montebello is $2,438,124, which the City has met.

The use of RMRA local streets and roads funds is similar but, not identical, to Highway Users Tax Account (HUTA/Gas Tax) use rules. Pursuant to Streets and Highways Code Section 2030, RMRA local streets and roads allocations must be used for projects "that include, but are not limited to," the following: road maintenance and rehabilitation, safety projects, railroad grade separations, traffic control devices, complete street components, "including active transportation purposes, pedestrian and bicycle safety projects, transit facilities, and drainage and storm-water capture projects in conjunction with any other allowable project."

ANALYSIS

In order for a project to be considered for SB-1 funding, it must be listed and approved through adoption of a Resolution by the City Council. In addition to the adoption of the recommended Resolution, the projects listed must be included in the City's adopted budget and updated every year. As part of the approved Fiscal Year 2021-2022 Capital Improvement Program (CIP) Budget, the following new and carry-over projects are recommended for SB-1 Funds:

1. Beach Street Pavement Rehabilitation, Phase 1 (Carry-Over)
2. Beach Street Pavement and Storm Dain Rehabilitation Project, Phase 2 (New)
3. Concourse Avenue Street Improvements (New)
4. Various Street Improvements (New)
5. Montebello Boulevard Bike and Sidewalk Improvements, ATP Project (Carry-Over)

SUMMARY

Staff is recommending that the City Council adopt a Resolution approving the list of FY 2021-22 CIP Projects for SB-1 funding. Upon adoption of the resolution, staff will submit the project list to the California Transportation Commission.

RESOLUTION NO. 22-58

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO ADOPTING A LIST OF PROJECTS FOR FY 2021-22 FUNDED BY SB-1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017

RECITALS

WHEREAS, Senate Bill 1 (SB-1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and Signed into law by the Governor in April 2017 in order to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB-1 includes accountability and transparency provisions that will ensure the residents of the City of Montebello are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the City of Montebello ("City") must adopt by resolution a list of all projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB-1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the City will receive an estimated one million two hundred twenty thousand six hundred ninety-nine dollars and zero cents ($1,220,699) in RMRA funding in Fiscal Year 2021-22 from SB-1; and

WHEREAS, this is the fifth year in which the City is receiving SB-1 funding and will enable the City to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB-1; and

WHEREAS, the City has undergone a robust public process to ensure public input is included in the community's transportation priorities/the project list; and

WHEREAS, the City used a Pavement Management System to develop the SB-1 project list to ensure revenues are being used on the most high-priority and cost effective projects that also meet the community's priorities for transportation investment; and

WHEREAS, the funding from SB-1 will help the City to maintain and rehabilitate many streets and roads, and add active transportation infrastructure throughout the City this year and similar projects into the future: and

WHEREAS, the 2018 California Statewide Local Streets and Roads Needs Assessment found that City streets and roads are in poor condition and this revenue will

DRAFT

help us increase the overall quality of the City's road system and over the next decade will bring our streets and roads into a good condition; and

WHEREAS, the City is afforded flexibility within the projects listed in a given year to make any necessary changes as priorities and needs may require, the City will make note of any changes to the proposed project list priorities in the annual Expenditure Report to the California Transportation Commission, and

WHEREAS, the SB-1 project list and overall investment in local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive co-benefits statewide.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY RESOLVES, FINDS, AND DECLARES AS FOLLOWS:

SECTION 1. The City Council of the City of Montebello finds that:

(a) The foregoing recitals are true and correct.

SECTION 2. The City Council hereby adopts the following list of proposed projects to be funded in part or solely with Fiscal Year 2021-22 Road Maintenance and Rehabilitation Account Revenues:

1. Project Title: Beach Street and Storm Drain Rehabilitation, Phase 2
   Project Description: Storm drain improvements, pavement resurfacing; repairs to sidewalks, drive approaches, curb & gutter; ADA curb ramps, pavement striping; etc.
   Project Location: Beach St. from 5th Street to Bluff Road
   Estimated Project Schedule:
   - Design: Start (08/2021) – Completion (12/2021)
   - Construction: Start (03/2022) – Completion (09/2022)

   Estimated Useful Life: 10 to 20 years.

2. Project Title: Concourse Avenue Street Improvements
   Project Description: Pavement resurfacing; repairs to sidewalks, drive approaches, curb & gutter; ADA curb ramps, pavement striping; etc.
   Project Location: Concourse Av. from Madison St. to Beverly Blvd.
   Estimated Project Schedule:
   - Construction: Start (09/2021) – Completion (02/2022)

   Estimated Useful Life: 10 to 20 years.

3. Project Title: Various Street Improvements Project
   Project Description: Pavement resurfacing; repairs to sidewalks, drive approaches, curb & gutter; ADA curb ramps, pavement striping; etc.
   Project Location:

- Minson Way from Sycamore Street to the Cul-de-Sac
- Allston Street from West City Limit to Olympic Boulevard
- Medford Street from Allston Street to 18th Street
- Millis Street from Kensington Way to Medford Street
- Kensington Way from Olympic Boulevard to Allston Street

Estimated Project Schedule:

- Construction: Start (09/2021) – Completion (02/2022)

Estimated Useful Life: 10 to 20 years.

SECTION 3. The following previously proposed and adopted projects may also utilize Fiscal Year 2021-22 Road Maintenance and Rehabilitation Account revenues in their delivery. With the relisting of these projects in the adopted fiscal year resolution, the City of Montebello is reaffirming to the public and the State our intent to fund these projects with Road Maintenance and Rehabilitation Account revenues:

1. Project Title: Beach Street Pavement Rehabilitation, Phase 1
   Project Description: Pavement resurfacing; repairs to sidewalks, drive approaches, curb & gutter; ADA curb ramps, pavement striping; etc.
   Project Location: Beach St. from Vail Ave. to 5th Street
   Estimated Project Schedule:
   - Design: Start (09/2020) – Completion (07/2021)
   - Construction: Start (09/2021) – Completion (06/2022)

   Estimated Useful Life: 10 to 20 years.

2. Project Title: Montebello Blvd. Bike and Sidewalk Improvements Project, ATP Project
   Project Description: Pavement resurfacing; new and repairs to sidewalk, curb & gutter; new/upgrades to traffic signals and street lights; new landscaped medians and irrigation; tree planting; storm drain improvements; new dedicated bike lanes; pavement striping; etc.
   Project Location: Montebello Blvd. from Lincoln Av.to Paramount Blvd.
   Estimated Project Schedule: Start (10/2017) – Completion (08/2021)
   Estimated Useful Life: 10 to 20 years.

SECTION 4. That the City Clerk shall certify to the adoption of this Resolution by the City Council, and shall thereupon be in full force and effect upon it execution.

APPROVED AND ADOPTED this 28th day of July 2021.

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Joseph Palombi, Director of Planning and Community Development

SUBJECT: **Second Reading of Ordinance No. 2439 for the Amended and Restated Statutory Development Agreement with M&M at Montebello, LLC, a California limited liability company for the Property Located at 1345 N. Montebello Boulevard to Allow the Existing Warehouse Structure (Former Costco Building) to be Used as a "Last-Mile Delivery Facility" (such as Amazon) and Reserving the Remainder of the Property (Comprised of Approximately 3.63 Acres) for a Future Mixed-Use Retail and/or Residential Development with Parking Facilities that will be Subject to and Conditioned Upon Future Environmental Analyses and Discretionary Land Use Approvals by the City**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council conduct a public hearing and consider the following:

1) Hold the second reading of Ordinance No. 2439 approving an Amended and Restated Statutory Development Agreement by and between the City of Montebello ("City") and M&M at Montebello, LLC, a California limited liability company to allow the existing warehouse structure (former Costco building) to be used as a "Last-Mile Delivery Facility" (such as Amazon) and reserving the remainder of the subject property for a future mixed-use retail and/or residential development with parking facilities that will be subject to and conditioned upon future environmental analyses and discretionary land use approvals by the City; and

2) Take such other additional, related, action that may be desirable.

FISCAL IMPACT

Pursuant to the Amended Development Agreement (please see Attachment B), M&M at Montebello, LLC, a California limited liability company (the "Developer") will pay the City the following public benefit and developer fees:

a) Annual in-lieu sales tax revenue to the City in the amount of $150,000 upon commencing operations, and continuing so long as the warehouse is utilized for the Last-Mile Delivery Station or as a substantially similar last mile shipping facility. The in-lieu sales tax revenue will be collected by the City in annual payments that are due on or before July 1st. This revenue would be suspended upon completion of Phase II, or alternatively reduced by 50% after year seven (7) if Developer has applied for but not received approval from the City for development of Phase II. It is anticipated that the first payment will be received in Fiscal Year 2021-22, and projected revenue has been included in the proposed budget.

b) The Developer has expressed interest in a mixed-use project that would include between 250-350 luxury apartments. Phase II will be subject to future discretionary approvals and environmental review by the City and City Council. In the event the Phase II project is approved by the City Council and includes market rate residential units (e.g. non-affordable), this Agreement would memorialize the in-lieu affordable housing fees to be paid by developer as equal to $2,500 (two thousand five hundred dollars and 0/100 cents) per unit.

BACKGROUND

The former Costco site located at 1345 N. Montebello Blvd. within the City of Montebello is comprised of two adjacent parcels (Los Angeles County Assessor Parcel Numbers: 5293-001-022 and 5293-001-023) totaling approximately 18.4 acres (801,730 square feet) of combined lot area (the "Property"). The Property is currently unutilized with a vacant building that was previously used as a warehouse facility for Costco. The Developer seeks to transform the existing vacant warehouse building (totaling approximately 137,688 square feet) into a last mile shipping facility for commercial retailers.

In 1989, the Property was purchased by the former Community Redevelopment Agency of the City of Montebello ("RDA") and in 1993, was leased to Costco Wholesale Corporation (then known as "Price Club") for development and operation of their well-known retail warehouse ("Costco"). The lease provided for an initial term of 10-years, with four (4) optional 5-year extensions. It also provided Costco the right to purchase the

Project Site at any time during the term of the lease.

Concurrent with the lease, the City Council for the City of Montebello ("City Council") amended the zoning designation of the Property from "General Commercial" (C-2) to "General Commercial – Planned Development District" (C-2-PD), and approved an accompanying "Precise Plan of Development," which authorized the construction and operation of the improvements on the Property.
In April 2017, Costco provided notice to exercise its option to purchase a site located in the City of Monterey Park. Costco and the City worked cooperatively to identify beneficial alternative uses for the Property that reflect the commercial-tenant market's current demands, preserve the City's sales tax base, and provide residents with close and convenient access to desirable businesses and amenities. At the time the City explored the prospect of gaining site control and installing a range of land uses at the site, ranging between auto sales, replacement big box tenants, and similar retail and commercial uses. However, the financial risk to the City would have been significant, and the layout and location of the Property made identifying a desirable and financially viable long-term use difficult.

Following Costco's purchase of the Property, on February 27, 2019, the City Council approved a statutory Development Agreement and an Amendment to the Precise Plan of Development for the Property. The proposed DA and Amendment consisted of repurposing the improvements, including the 138,000 square-foot box structure and constructing up to four (4) new outlying building pads. The pads would total a maximum of 31,000 square feet, for a total project gross leasable area not to exceed 155,000 square feet to be occupied by retail and commercial land uses consistent with General Plan and zoning regulations for the Property.

Costco subsequently sold the Property and assigned the Development Agreement and Amended Precise Plan to M&M Reality Partners (DBA M&M at Montebello, LLC, a California limited liability company); a transaction that was considered and approved by the City. Since that time, Developer and the City have cooperatively explored options for long-term development and use of the Property that further their mutual goals and objectives for the Property.

On March 8, 2021, the Developer submitted an application to modify DA No. 3567 and replace the Amended Precise Plan of Development with a two (2) phased project (Phase I and Phase II). The first phase would allow the entire existing warehouse structure (former Costco building) and portions of the immediately surrounding parking areas to be used as a "last-mile delivery facility." The second phase of the proposed project would reserve the remainder of the Property (comprised of approximately 3.63 acres) for a future

mixed-use retail or residential development with parking facilities, with the second phase to be specifically defined and approved in future discretionary land use approvals from by City and subject to environmental studies and analyses (cumulatively the "Project").

It should be noted that the original Development Agreement permits Developer to utilize a portion of the existing warehouse structure for a "last mile shipping facility" as an incidental or accessory use to an overall retail / commercial mixed use project, with the mixed-use project anticipated to further various plans and objectives of the Land Use Element of the General Plan, including that: Commercial development in the City should be sited in appropriate locations according to need; the City should contain ample commercial facilities to meet the needs of its residents as well as provide taxable revenues to the City; frontage areas along the Pomona Freeway (State Route 60) with good accessibility should be preserved for further commercial and industrial development. The proposed Amended Development Agreement would permit the Developer to utilize the entire Warehouse Structure for the last mile delivery station project, subject to Developer's subsequent obligations thereafter to: make the developer payments to the City pursuant to the Amended Development Agreement; and proceed with development of the Phase II project on the Phase II property subject to separate discretionary actions and environmental analysis.

On April 6, 2021, the Planning Commission conducted a duly noticed public hearing and unanimously approved Resolution No. 08-21 recommending the City Council adopt an ordinance approving an Amended and Restated Development Agreement with the Developer to allow the existing warehouse structure (at the former Costco site) and portion of the immediate surrounding parking area s to be used as a "Last-Mile Delivery Facility" (such as Amazon) and reserving the remainder of the property (comprised of approximately 3.63 acres) for a future mixed-use retail and/or residential development with parking facilities that would be subject to and conditioned upon future environmental analyses and discretionary land use approvals by the City.

On June 10, 2021, the Public Hearing Notice for the City Council meeting was delivered to owners/occupants within the required radius via U.S. Mail.

In addition, the Notice of Public Hearing for the City Council meeting was published in the Whittier Daily News on June 10, 2021.

On June 23, 2021, the City Council conducted a duly noticed public hearing and approved the Amended and Restated Statutory Development Agreement by and between the City of Montebello ("City") and M&M at Montebello, LLC, a California limited liability company to allow the existing warehouse structure (former Costco building) to be used as a "Last-

Mile Delivery Facility" (such as Amazon) and reserving the remainder of the subject property for a future mixed-use retail and/or residential development with parking facilities that will be subject to and conditioned upon future environmental analyses and discretionary land use approvals by the City.

ANALYSIS

The General Plan Land Use Designation for the Property is Commercial, and the underlying zone is C-2-PD (General Commercial – Planned Development District). Pursuant to Government Code Section 65867.5, the provisions of the Amended Development Agreement (please see Attachment B) are consistent with the City's General Plan and any applicable zoning regulations established for the Property, the findings of which are incorporated in this report.

The proposed amendment to the Development Agreement conforms with the Montebello General Plan (including the Land Use Element) as well as the Montebello Zoning Code. The proposed project will transform an underutilized vacant property with improvements that include, among other things, a cohesive development that will increase the revenue from these properties to the City in the form of increased property tax and sales tax revenue (or sales tax in lieu payments approved by the City Council). Though the proposed project is not a "traditional" commercial land use, it will generate significant local job opportunities in response to the retail and commercial needs of local residents and businesses in the "post" COVID-19 economy. In context of the irregular shape and configuration of the Property, together with the changed retail economic markets, the project is a productive land use that is materially consistent with applicable land use regulations. The proposed Project also incentivizes the Developer to expeditiously proceed with planning and development of Phase II, and conditions that phase upon future discretionary actions, thereby both protecting against long term underutilization of the subject site and ensuring the future development is consistent with land uses in the vicinity and applicable regulations.

The goals and objectives of the City's General Plan most applicable to the project include (as discussed further in the attached proposed Ordinance):

- Goal #1: Formulate a plan which is responsive to the needs of the community and which permits the orderly arrangement of land uses, permitting sufficient areas for reasonable development.
- Goal 3 is to provide for the development and location of commercial shopping areas within the community in a manner compatible with other land uses.

- Objective 3 notes that "'cluster' type commercial development is preferential to the proliferation of strip commercial.
- Policy Commercial 2 states that the "City should contain a variety of types of commercial development, including regional and community shopping facilities, local neighborhood convenience centers, highway-oriented development and professional office-type areas."

A proposed Ordinance is attached for City Council consideration, finding that the proposed Project is consistent with land use goals and regulations, recommending the City Council find the proposal is exempt from the California Environmental Quality Act ("CEQA"), and approving the Amended Development Agreement consistent with the recommendation from the Planning Commission.

ENVIRONMENTAL

The proposed Amended Development Agreement is a discretionary action of the City and is considered a "project", per the California Environmental Quality Act (CEQA). The project is categorically exempt under CEQA as a "Class 1 exemption" per Section §15301 (Existing Facilities). Class 1 consists of the operation repair, maintenance, permitting, leasing, licensing, or minor alterations of existing private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. Under Section §15301, Existing Facilities include, but are not limited to, the following:

1. The project consists of interior or exterior alterations involving interior partitions, plumbing, and electrical conveyances;

2. Existing facilities of both investor and publicly-owned utilities used to provide electrical power, natural gas, sewage, or other public utility services; and

3. None of the limitations set forth in CEQA Guidelines 15300.2 apply.

The proposed amendment would allow the minor alternation of an existing private structure, facilities, mechanical equipment, or topographical features, and involves negligible expansion of the land uses currently permitted on the Property given the conditions of approval.

SUMMARY

Staff is requesting this City Council conduct a public hearing to consider the following:

(1) The introduction and the waiving of first reading of Ordinance No. 2439 approving an Amended Development Agreement by and between the City of Montebello ("City") and M&M at Montebello, LLC, a California limited liability company to allow the existing warehouse structure (former Costco building) to be used as a "Last-Mile Delivery Facility" (such as Amazon) and reserving the remainder of the subject property for a future mixed-use retail and/or residential development with parking facilities that will be subject to and conditioned upon future environmental analyses and discretionary land use approvals by the City.

ORDINANCE NO. 2439

AN ORDINANCE OF THE CITY COUNCIL FOR THE CITY OF MONTEBELLO, CALIFORNIA APPROVING AN AMENDED DEVELOPMENT AGREEMENT (DA ___) FOR THE PROPERTY LOCATED AT 1345 NORTH MONTEBELLO BOULEVARD

WHEREAS, in 1989, the property located at 1345 N. Montebello Boulevard ("Property") was purchased by the former Community Redevelopment Agency ("RDA") of the City of Montebello ("City") for an unknown sum, and in 1993 was leased to Costco Wholesale Corporation (then known as "Price Club") for development and operation of their well-known retail warehouse ("Costco")

WHEREAS, the lease provided for an initial term of 10-years with four (4) optional extensions of five (5) years each, and provided Costco the right to purchase the Project Site at any time during the term of the lease;

WHEREAS, concurrently with the lease, the City Council of the City of Montebello ("City Council") amended the zoning designation of the property from "General Commercial" (C-2) to "General Commercial – Planned Development District" (C-2-PD), and approved an accompanying "Precise Plan of Development" which authorized the construction and operation of a retail warehouse structure and associated parking on the Property;

WHEREAS, in April 2017 Costco provided notice that it was exercising its option to purchase the Property in connection with vacating its Montebello location and relocating to the City of Monterey Park, and Costco and the City subsequently worked cooperatively to identify beneficial alternative uses for the Property to advance their mutual goals and objectives, reflect market demands of the retail / commercial relator industry, preserve or increase the City's tax revenue base, and provide residents with close and convenient access to desirable businesses and amenities;

WHEREAS, on February 27, 2019, the City Council approved a statutory Development Agreement with Costco and an Amendment to the Precise Plan of Development for the Property (hereinafter "DA No. 3567" and the "Amended PPD" respectively) permitting and authorizing the repurposing of the existing improvements, including the 138,000 square-foot warehouse structure, and constructing up to four (4) new outlying pads totaling a maximum of 31,000 square feet, for a mixed use retail / commercial project with a gross leasable area not to exceed 155,000 square feet ("Original Project");

WHEREAS, with the City's acknowledgement and consent, DA No. 3567 and Amended PPD were subsequently transferred or assigned to M&M Realty Partners (the "Developer") in connection with its purchase of the Property from Costco, and since that time Developer and the City have worked together cooperatively and in good faith towards identifying potential tenants and occupants for the Original Project and

exploring alternative design and use concepts for the Property that reflect changing market demands and community needs;

WHEREAS, on March 8, 2021, Developer submitted an application to modify DA No. 3567 and replace the Amended PPD (Case No. DA01-21) with an Amended Development Agreement to allow the Property to be used and developed with a two (2) phase project, with the first phase consisting of the reuse and redevelopment of the existing warehouse structure (former Costco building) and portions of the immediately surrounding parking areas with a "last-mile delivery facility," and reserve the remainder of the Property (comprised of approximately 3.63 acres) for a future second phase project to be comprised of mixed-use retail and/or residential uses with parking facilities, with the second phase of the project subject to and conditioned upon any necessary environmental review under the California Environmental Quality Act ("CEQA") and future discretionary land use approvals by the City (cumulatively the "Project");

WHEREAS, the City, as lead agency for the Project under the California Environmental Quality Act ("CEQA"), has evaluated potential environmental effects of the Project and has concluded that the Project is categorically exempt under CEQA as a "Class 1 exemption" per Section §15301 of CEQA's Guidelines (Existing Facilities);

WHEREAS, on April 6, 2021, the Planning Commission held a duly noticed public hearing, and after consideration of the materials presented at the same, adopted a Resolution recommending that the City Council adopt an ordinance approving Amended Development Agreement No. ____;

WHEREAS, the City Council has held a duly notice public hearing to consideration the Project, and has heard and considered staff presentations and reports, and all public comments submitted on the Project;

WHEREAS, all other legal prerequisites to the adoption of this Ordinance have occurred.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. RECITALS. Based on the staff reports, presentations, public testimony, comments, and other evidence presented at the duly noticed public hearing in this matter, the City Council finds and declares that the Recitals set forth above are true and correct, and therefore adopts and incorporates such as a material part hereof, and further, and based upon such evidence, makes the additional findings set forth below in this Ordinance.

SECTION 2. CEQA FINDINGS. The City Council, in light of the whole record before it, finds and declares that adoption of this Ordinance and approval of the Amended Development Agreement is categorically exempt under CEQA as a "Class 1 exemption" per Section §15301 (Existing Facilities). The Class 1 consists of the operation repair, maintenance, permitting, leasing, licensing, or minor alterations of

existing private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The proposed Project would allow the minor alternation of an existing private structure, facilities, mechanical equipment, or topographical features, and involves negligible expansion of the land uses currently permitted on the property given the conditions of approval.

SECTION 3. DEVELOPMENT AGREEMENT. This Ordinance incorporates, and by this reference makes a part hereof, the Amended Development Agreement attached hereto as Exhibit A, which will supersede and replace the DA 3567 and the Amended PPD subject to and conditioned on the terms and conditions set forth in the Amended Development Agreement, and the City Council hereby approves and adopts the Development Agreement based upon the following findings:

A. General Plan Consistency.

The City Council hereby finds that Amended Development Agreement, substantially in the form submitted herewith, is consistent with the goals, policies and implementation measures set forth in the General Plan, in that it advances:

1) Goal 1: "formulate a plan which is responsive to the needs of the community and which permits the orderly arrangement of land uses, permitting sufficient areas for reasonable development." The proposed Project is a productive land use for the Property given the unique layout and topographical features of the site, which make visibility and access to the Property difficult from the perspective of traditional commercial / retail land uses, and given the changing landscape of the retail / commercial industry; particularly following the COVID-19 pandemic. The proposed Project has convenient access to area freeway corridors and will generate local jobs, increase property tax base, and generate sales tax in lieu revenues to the City's general fund.

2) Goal 3 is to provide for the development and location of commercial shopping areas within the community in a manner compatible with other land uses. The proposed Project is a productive land use for the Property given the unique layout and topographical features of the site, and given the changing landscape of the retail / commercial industry following the COVID-19 pandemic. The proposed use of the Property as a distribution facility is consistent with convenient access to main freeway corridors in the region and local trucking routes.

3) Objective 3 notes that "'cluster' type commercial development is preferential to the proliferation of strip commercial. The proposed Project contemplates the repurposing of existing structures on the site, which are "box" or "clustered" in design as opposed to a strip mall configuration.

4) Policy Commercial 2 states that the "City should contain a variety of types of commercial development, including regional and community shopping facilities, local neighborhood convenience centers, highway-oriented development and professional office-type areas." The proposed Project is a productive land use for the Property and

addresses the changing landscape of the retail / commercial industry following the COVID-19 pandemic. The proposed use of the Property will provide local jobs for residents and provide fast and convenient access to goods procured from online retailers; a practice which has become increasing popular among residents following the COVID-19 pandemic. The proposed use of the Property as a distribution facility is consistent with convenient access to main freeway corridors in the region and local trucking routes

B. Zoning Code Consistency.

The City Council hereby finds that the Amended Development Agreement is consistent with the Montebello Zoning Code, in that it authorizes and restricts use of the Property to land uses of a commercial or retail nature that are either permitted-by-right, or conditionally-permitted through issuance of a conditional use permit, in the General-Commercial zoning district.

SECTION 4. Subject to the conditions of approval in Section 5 below, the City Council for the City of Montebello adopts and approves the Amended Development Agreement to permit the Property to be utilized and developed consistent with the proposed Project.

SECTION 5. The City Council finds and determines that the following "conditions of approval" are necessary and appropriate for the Project, and the City Council adopts an the same as conditions of approval for this Ordinance and the Amended Development Agreement:

General

1. Developer and the City shall respectively defend, indemnify, and hold harmless the other party from and against any claim, litigation, action, or proceeding arising from or relating to the negligent or unlawful act or omission of their respective officials, agents, officers, or employees arising out of, or which are related to the Developer's Project or application. Should any claim, litigation, action, or proceeding be brought by a third-party challenging Developer's Project, application, or implementation of the same, the Developer shall defend (with counsel of the City's choice), hold harmless, and indemnity the City and its officials, agents, officers, or employees from and against claim, litigation, action, or proceeding at the sole and exclusive expense of Developer; provided that the parties shall work together cooperatively and in good faith in defense of any such action through the provision of documents, information, and related support reasonably requested or required by a party defending such action.

2. The development and utilization of the Property shall substantially conform to the Amended Development Agreement, except as provided for herein and by

subsequent “minor changes” found by the Director of Planning and Community Development (“Director”) to be in substantial compliance with the provisions hereof and the Amended Development Agreement (as “minor changes” are defined therein). Major changes to the Amended Development Agreement may be approved by the approved by the Planning Commission and City Council pursuant to procedures for amended statutory development agreements.

3. The effectiveness of the Amended Development Agreement and Developer’s use of the Property for the proposed Project shall be conditioned upon and subject to Developer’s provision of documentary and verifiable evidence that Developer has secured a tenant for the phase one portion of the Project (last mile delivery), and that the tenant is either Amazon or an similar tenant as may be approved in the exercise of reasonable discretion by the Director of Community Development.

4. All parking areas shall be sufficiently lit and managed to discourage loitering and/or late-night activity.

5. All outdoor utilities, machinery, and equipment, including roof-mounted equipment, shall be appropriately screened or camouflaged when viewed from the public right-of-way, in a manner that is compatible with the structure, the Amended Development Agreement and any minor changes approved by the Director.

6. The Developer’s exercise of rights under this approval shall be subject to compliance with all applicable federal, state and local laws, including but not limited to applicable building, plumbing, mechanical, fire, and electrical codes.

7. Subject to the terms and conditions of the Amended Development Agreement, including but not limited to the construction schedule or phased construction provisions thereof, this approval shall expire if the rights granted are not exercised within two (2) years from the effective date of City Council approval. The Developer’s “exercise of rights” for purposes of this condition shall mean and refer to the issuance of building permits for the proposed Project.

8. This approval may be extended on the same terms and conditions as those applicable to and set forth specifically in the Amended Development Agreement.

9. In the event of a violation of the Amended Development Agreement or these conditions of approval, no further permits, licenses, approvals or certificates of occupancy shall be issued until such violation has been fully remedied.

10. Design, Development, and Maintenance.

a. The property owner shall expeditiously initiate and complete the removal of all graffiti on-site promptly following its appearance or notice of its appearance from the City.

b. No pay telephone(s) on the exterior of the premises.

c. Storage shall be limited to accessory storage of commodities sold at retail or utilized in the conduct of a permitted use which is located on the premises. Storage must be within a completely enclosed building, except that vehicles and equipment used in the operation of a permitted use may be stored outdoors on the property.

d. All improvements shall substantially conform to the Amended Development Agreement.

e. Construction may occur in phases, provided that each phase includes a description of location, structures, infrastructure and the timing for completion of all phases does not exceed the time limits established herein.

f. Any trash, debris, or overgrown vegetation shall be expeditiously removed from the property, and the project site shall be kept clean to prevent any trash, debris, or overgrown vegetation onto neighboring properties or onto the public right-of-way.

g. If, at any time, a trash, debris, or overgrown vegetation problem arises, the Director may require a clean-up plan to be submitted and reviewed. The clean-up plan shall include a schedule of time and frequency of clean-up activities. Upon approval of the plan by the Director, the measures of the plan shall be implemented.

h. All signage shall comply with Chapter 17.62 of the Montebello Municipal Code, except as otherwise may be approved the Amended Development Agreement No. 3567 or by the Director as a “minor change” to the Amended Precise Plan of Development.

Public Works

11. Any damaged curb and gutter resulting from construction activities and located in any public street fronting the Project shall be replaced.

12. Grading plans for onsite improvements and street improvement plans for all offsite improvements shall be prepared by a California Registered Civil Engineer and submitted to the Engineering Division for reviewed with no further comment prior to issuance of any Building permits.

13. A permit from the Public Works/Engineering Department is required for all onsite grading and offsite improvements.

14. Prior to issuance of a building permit, the following additional requirements shall be satisfied:

    a. Submittal of a Soils/Geology Report prepared by a registered Geotechnical Engineer/Geologist. The report shall provide soil permeability indexes for all soil types found within the project limits.

    b. Submittal of a Hydraulic/Hydrology Report prepared by a Registered Civil Engineer for review and approval by the City Engineer, which includes calculations for any drainage device and which confirms the capacity and condition of the existing drainage system to accept flow from proposed development.

    c. Submittal of a NPDES Project Evaluation Form and a Storm Water Pollution Prevention Plan (SWPPP). A sample SWPPP for all projects greater than one acre can be obtained from the following internet site: www.cabmphandbooks.com/Documents/Construction/Appendix_B.pdf)

    d. Submittal of an Urban Storm Water Mitigation Plan (USWMP) per City Ordinance No. 732.

    e. Submittal of a Utility Plan for review and approval by the City Engineer and Building & Safety Department for the construction of any proposed offsite or private onsite sanitary sewer and water systems. Show all proposed underground utilities that would service the proposed development.

    f. A Sewer Study is required. The limits of the study will be provided under separate cover after the City has seen Preliminary Plumbing Plans. The Developer will provide a video record of all sewers within the study area to determine their existing condition. Sewers will be monitored for a 14-day period to determine existing flow rates. The study will provide calculations for pre-project and post-project flows. Sewer improvements will be

determined after the sewer study is reviewed. The study will be signed and stamped by a registered California Civil Engineer.

g. Submittal and approval by the Director of Community Development, City Engineer, and Director of Public Works of a vehicle and traffic circulation plan for the proposed Property and traffic / truck circulation patterns both on the Property and proximately located public right of ways.

SECTION 6. SEVERABILITY. If any section, subsection, sentence, clause, or phrase of this ordinance is for any reason held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Resolution. The City Council hereby declares that it would have passed this ordinance, and each and every section, subsection, sentence, clause, or phrase not declared invalid or unconstitutional without regard to whether any portion of the ordinance would be subsequently declared invalid or unconstitutional.

SECTION 7. EFFECTIVE DATE. The City Clerk shall certify to the adoption of this Ordinance, and publish as required by law. This Ordinance shall become effective 30 days after its adoption.

APPROVED AND ADOPTED 28th day of July 2021.

AMENDED DEVELOPMENT AGREEMENT

by and between

THE CITY OF MONTEBELLO, a

California municipal corporation and

M&M at Montebello, LLC , a California limited liability company

THIS AGREEMENT SHALL BE RECORDED WITHIN TEN DAYS OF EXECUTION BY ALL PARTIES HERETO PURSUANT TO THE REQUIREMENTS OF GOVERNMENT CODE 565868.5

CITY OF MONTEBELLO

AMENDMENT NO. 1
TO DEVELOPMENT AGREEMENT NO. 3567
WITH M&M AT MONTEBELLO, LLC

This Amended Development Agreement (the "Amendment") is entered into this ___ day of 2021, by and between the CITY OF MONTEBELLO, a California municipal corporation, organized and existing under the general laws of the State of California (the "City"), and M&M at Montebello, LLC, a California limited liability company ("Developer"). City and Developer are hereinafter sometimes jointly referred to as the "Parties" and individually as a "Party."

RECITALS

A. Pursuant to Section 65864 et seq. of the California Government Code (the "Government Code"), the City is authorized to enter into binding development agreements with persons having legal or equitable interests in real property for the development of such real property.

B. The City previously entered into Development Agreement No. 3567 with Costco Wholesale Corporation ("Costco") dated as of February 27, 2018 (the "Original Agreement") concerning the property located at 1345 N. Montebello Blvd., in the City of Montebello, County of Los Angeles, State of California, as such parcels are legally described in Exhibit "A" (Legal Description) and further depicted in Exhibit "B" ("Site Plan") to this Agreement; together with the rights under that certain Joint Driveway Agreement specifically described in Exhibit "C" (the "Property"). The Original Agreement was recorded on the Property as of June 4, 2019 as Instrument No. 20190516606 in the Official Records of the County of Los Angeles.

C. The Property is a former Costco location that become vacant in or about July 2017 but remains improved with a warehouse building of approximately 137,000 square feet ("Warehouse Structure") and associated ground-level parking. The Original Agreement (together with the amended precise plan of development contemporaneously approved therewith by City Council Resolution No. 19-13, hereinafter the "Precise Plan") authorized the redevelopment of the Property and Warehouse Structure with a commercial mixed-use project that was intended to, among other things: be economically viable and profitable for Developer (and Developer's successors-in-interest); generate sales tax and other revenues benefiting the City's General Fund; create well-paying jobs for the local population; and be compatible with the "General Commercial" zoning designation for the Property and land uses planned for the vicinity of the Property in the future ("Mixed-Use Project").

D. On or about October 27, 2020, Developer acquired the Property from Costco and the Development Agreement was assigned to Developer, such that as of the date hereof Developer is the owner of the Property and the Developer under the Original Agreement. Developer and City

have a mutual desire to facilitate the development and/or redevelopment of the Property with a project and attendant land uses that satisfy their respective goals and objectives.

E. Developer has submitted and the City has accepted an application to modify the Mixed-Use Project authorized by the Original Agreement in light of existing trends in the commercial retail industry, with Developer proposing an alternative mixed use project to consist of two (2) phases: (1) the first being the improvement and reuse of the Warehouse Structure and immediately adjacent areas as a last mile shipping facility for commercial retailers ("Delivery Station" or "Delivery Station Project"); and (2) the second consisting of the development of the remainder of the Property with a yet-undefined project that: is consistent with applicable land use regulations, policies, and objectives of the City; and (b) will be subject to and is conditioned upon future discretionary approvals by the City and compliance with applicable requirements of the California Environmental Quality Act ("CEQA") ("Phase II" or "Phase II Project"), as the cumulative "Project" is further defined in this Agreement.

F. In furtherance of their mutual interests and to avoid future uncertainties as to the nature and scope of projects, improvements, and/or land uses to be constructed and operated on the Property, the Developer and City desire to enter into this Agreement pursuant to Government Code Section 65864 et seq. granting Developer certain vested rights to develop or use the Property as set forth herein.

G. Developer will bear all applications and fees associated with this Agreement.

H. The environmental impact of this Amendment and the development rights granted Developer hereunder were previously analyzed pursuant to CEQA. An Initial Study and Negative Declaration analyzing the reasonably foreseeable environmental impact(s) of the Mixed-Use Project was prepared and circulated for public review and comment as required by law, and concluded that the Mixed-Use Project would not result in any significant negative impacts on the environment (the "ND"). Moreover, it can be seen with certainty that the Project permitted by this Amendment, which as of the date of this Amendment is limited to the improvement and redevelopment and reuse of the Warehouse Structure , is less likely to result in negative impacts on the environment when compared to the Mixed-Use Project and the ND; and accordingly, this Amendment is exempt by CEQA's "common sense" exemption in Section 15061(b)(3) of CEQA's Guidelines. Additionally, the Delivery Station Project contemplates only minor modifications to the existing improvements on the Property, and the Delivery Station Project represents a minor or negligible expansion or modification to land uses now permitted on the Property, and is therefore categorically exempt from CEQA pursuant to Section 15301 of the CEQA Guidelines.

I. The Planning Commission and the City Council of the City have heretofore expressed their intention to consider this Amendment and the Project by publishing public hearing notices, and each have conducted such public hearing, and based on the evidence before them, the Planning Commission and the City Council have found that this Amendment and the developer rights granted hereunder are: (i) consistent with the General Plan, adopted plans, codes, ordinances and policies of the City; (ii) consistent with all other ordinances, resolutions, rules, regulations, laws, plans and policies applicable to the Project; (iii) in the best interest of the health, safety and general welfare of the City, its residents, and the general public; and (iv) in compliance with the conditions, requirements, restrictions, and terms of Government Code Section 65865.2.

J. On December 27, 2018, pursuant to the requirements of the Development Agreement Act and the Montebello Municipal Code, the Planning Commission of the City conducted a public meeting and adopted resolutions recommending that the City Council adopt an ordinance approving this Amendment and contemporaneously rescinding and superseding the Original Agreement and Precise Plan.

K. On January 27 2019, the City Council held a public hearing and after making appropriate findings adopted and approved the first reading of Ordinance No. ___ approving this Amendment, and on February 27, 2019, the City Council approved second reading and enacted Ordinance No. ___ at a duly noticed regular meeting.

NOW, THEREFORE, with reference to the above Recitals, and in consideration of the mutual covenants and agreements contained in this Amendment and other valuable consideration, the receipt and adequacy of which are hereby acknowledged, the City and Developer agree to amend the Original Agreement as set forth herein:

Agreement

l. Definitions. Unless the contrary is stated or clearly appears from the context, the following definitions govern the construction of the words and phrases used in this Agreement. Words and phrases not defined by this Agreement shall have the meanings stated in the Montebello Municipal Code and any successor statutes or regulations.

(a) "Applicable Rules" means the City's rules, regulations, ordinances, resolutions, codes, guidelines, and officially adopted procedures and official policies governing the use and development of real property, including, but not limited to, the City's Zoning Code and building regulations, adopted and in effect as of the Effective Date. Among other matters, and except as specified in this Agreement, the Applicable Rules set forth and govern the permitted uses of land, the density or intensity of use, subdivision requirements, the maximum height and size of the proposed buildings, parking requirements, setbacks, and development standards, the provisions for reservation or dedication of land for public purposes, and the design, improvement and construction guidelines, standards and specifications applicable to the development of the Property.

(b) "CEQA" means the California Environmental Quality Act (California Public Resources Code Section 21000 et seq.), and the CEQA Guidelines (14 California Code of Regulations Section 15000 et seq.), as they now exist or as may be subsequently amended.

(c) "Developer Fees" means fees established and adopted by City pursuant to Section 66000 et seq. of the Government Code (the Mitigation Fee Act) to offset the impact of development on the City's capital facilities, including, without limitation, parking impact fees, affordable housing fees, traffic fees, infrastructure fees, exactions, assessments or fair share charges or other similar impact fees imposed on or in connection with new development by the City. Developer Fees do not mean or include Processing Fees. The Developer Fees to be paid for the Project shall be as set forth in the City's Comprehensive Schedule of Fees and Charges as of the Effective Date; provided that Developer Fees shall apply only to the extent of any net increase in the building footprint area existing on the date hereof.

(d) "Delivery Station" or "Delivery Station Project" refers to Developer's development and operation of the last mile shipping facility for commercial retailers in the Warehouse Structure on the Warehouse Parcel, together with any Minor Changes.

(e) "Developer Payment" is defined in Section 3.5.2.

(f) "Development Agreement Act" means Article 2.5 of Chapter 4 of Division I of Title 7 (Sections 65864 through 65869.5) of the Government Code, as amended.

(g) "Development Rights" are defined in Section 2.2.6

(h) "Discretionary Action(s)" or "Discretionary Approval(s)" means a City action requiring the exercise of judgment, deliberation or discretion on the part of the City, including any board, agency, commission or department and any officer or employee thereof, in the process of approving or disapproving a particular activity, as distinguished from an activity which merely requires the City, including any board, commission or department or any officer or employee thereof, to determine whether there has been compliance with statutes, ordinances or regulations.

(i) "Effective Date" means thirty (30) days after the ordinance authorizing this Amendment is adopted by the City Council.

(j) "Excusable Delay" is defined in Section 26.

(k) "Future Warehouse Use" is defined in Section 3.5.4, and refers cumulatively to the Permitted Retail Uses, Permitted Restaurant Uses, Permitted Office Uses, and Permitted Alternative Uses that may be operated in the Warehouse Structure after the Triggering Date and following termination or abandonment of the Delivery Station Project, but subject to Developer first completing the Phase II Project.

(l) "General Plan" means the General Plan of the City, as it exists as of the Effective Date.

(m) "Government Requirements" mean and refer to the City's General Plan, Zoning Regulations, building and land use regulations (whether contained in ordinances, the City's municipal code, conditions of approval, policies, practice or elsewhere), together with county, state, or federal laws or regulations applicable to the use and development of the Property for the Project.

(n) "Minor Change" means changes, modifications or adjustments to the Site Plan which are consistent with the overall intent of this Amendment, provided that any changes, modifications, or adjustments do not: (a) materially alter the overall nature, scope, or design of the Site Plan individually, including, without limitation, minor changes in locations of infrastructure, the construction or provision of additional parking spaces within the envelope of any Parking Areas, and/or the configuration of internal circulation elements; or (b) result in any new or increases to existing significant environmental impacts not considered in the ND; or (c) changes, modifications or adjustments to the specific nature or intensity of the Delivery Station which are consistent with the general nature, intensity, and scope of that approved in this Amendment, provided that any such

changes, modifications, or adjustments do not increase the square footage of the Warehouse Structure existing as of the date of the Effective Date.

(o) "Mixed Use Project" means and refers to the development and use of the Property as permitted in the Original Agreement and described in the above recitals.

(p) "Mortgage" means any mortgage, deed of trust, encumbrance, sale leaseback or other security interest encumbering all or any portion of the Property, given by Developer for the purpose of securing funds to be used for financing the Project or any portion thereof, the construction of improvements thereon and/or any other expenditures reasonably necessary and appropriate to develop and/or operate the Property.

(q) "Mortgagee" means the holder of the beneficial interest under any Mortgage.

(r) "Parking Areas" are the areas designated for parking on the Site Plan.

(s) "Permitted Use" is defined in Section 3.5.

(t) "Phase II Project" means Developer's development and use of the Phase II Parcel consistent with the Government Requirements, subject to further Discretionary Action by the City and compliance with CEQA.

(u) "Phase II Parcel" is identified on the Site Plan, is comprised of approximately 3.63 acres and represents that portion of the Property that is contemplated for the Phase II Project and, until the issuance of building permits for the Phase II Project may be used to for staging and support (but not to expand) operation of the Delivery Station Project on the Warehouse Parcel.

(v) "Processing Fees" means all processing fees and charges required by the City that are applied uniformly to all construction or development related activity, including, but not limited to, fees for land use applications, building permit applications, building permits, grading permits, shoring and excavation permits, hauling permits, encroachment permits, demolition permits, subdivision or parcel maps, lot line adjustments, street vacations, inspections, certificates of occupancy and plan check. Processing Fees shall not mean or include Developer Fees.

(w) "Project" means and refers to Developer's development and use of the Property for the Delivery Station and Phase II Project as contemplated in this Agreement.

(x) "Project Buildings" means all the buildings identified on the Site Plan.

(y) "Project Facilities and Infrastructure" means the existing public and semi-public facilities and infrastructure (including associated grading, engineering, design, construction and supervision) and such additional on-site facilities and infrastructure needed to serve the Property and Project.

(z) "Property" means that real property legal described in Exhibit "A" to this Agreement and any appurtenant easement rights, and includes both the Warehouse Parcel and the Phase II Parcel.

(aa) "Reserved Powers" means the specific City police powers excepted from this Agreement and which are instead reserved to the City. Reserved Powers include the powers to enact regulations or take future Discretionary Actions after the Effective Date that may be in conflict with the Applicable Rules, but either pertain to the Phase II Parcel / Phase II Project or: (1) are necessary to protect the public health and safety, and are generally applicable on a Citywide basis; (2) are regulations solely applicable to the Development Rights, and Developer's development and use of the Property consistent therewith, and are necessary to protect persons or property from dangerous or hazardous conditions which create a threat to the public health or safety or create a physical risk, based on findings by the City Council identifying the dangerous or hazardous conditions requiring such changes in the law, why there are no commercially or economically reasonable alternatives to the imposition of such changes, and how such changes would alleviate the dangerous or hazardous condition; (3) are amendments to Title 15 of the Montebello Municipal Code (Building and Construction) regarding the construction, engineering and design standards for private and public improvements to be constructed on the Property; (4) are necessary to comply with state or federal laws and regulations (whether enacted previous or subsequent to the Effective Date); or (5) constitute generally applicable Processing Fees and changes imposed on Developer's development and use of the Property unless otherwise waived by the City.

(bb) "Site Plan" refers to the development plan for the Delivery Station Project, and indicating the portion of the Property contemplated for the Phase II Project, attached to this Agreement as Exhibit "B."

(cc) "Term" refers to the duration of this Amendment, and is defined in Section 4.3.

(dd) "Triggering Date" shall mean the date upon which, at any point during the term of this Amendment, Developer is issued a building permit for development or construction of the Delivery Station, after which Developer's rights and obligations relative to the Project as set forth in this Amendment shall prevail and supersede and replace those in the Agreement.

(ee) "Warehouse Parcel" is identified on the Site Plan and is comprised of approximately acres and represents that portion of the Property that is permitted to be developed and utilized for the Delivery Station Project.

(ff) "Warehouse Structure" shall mean and refer to the former Costco warehouse building existing on the Warehouse Parcel as of the Effective Date.

(gg) "Zoning Regulations" means the zoning regulations of the City in effect as of the Effective Date of this Amendment, including but not limited to Title 17 of the Montebello Municipal Code.

2. Purpose and Intent.

2.1 Relationship to Original Agreement. This Amendment shall not replace or supersede the Original Agreement unless and until the Triggering Date occurs during the term hereof. Unless and until the Triggering Date, the Original Agreement shall remain in full force and effect being unchanged and unmodified by this Amendment, and Developer shall have the right to develop and

use the Project with the Mixed Used Project as defined therein. In the event Developer, it its discretion, proceeds with development of the Delivery Station Project as contemplated and permitted by this Amendment, and except as provided in Section 3.5.4 - 5, this Amendment and Developer's rights and obligations hereunder shall replace and supersede the Original Agreement and Mixed Use Project in its entirely as of the Triggering Date.

2.2 Applicability of this Agreement. This Amendment does not: (l) grant density or intensity exceeding that otherwise established in the Zoning Regulations or General Plan; (2) eliminate future Discretionary Actions relating to the Phase II Project if applications requiring Discretionary Action are initiated and submitted by Developer after the Effective Date, although the same shall be limited in discretion as to Minor Changes; (3) guarantee that Developer will receive any profits from the Project; (4) prohibit the Project's or Property's participation in any benefit assessment district that is generally applicable to the surrounding properties; or (5) amend the General Plan or Zoning Code. The Amendment has a fixed term. Furthermore, in any subsequent actions applicable to the Property, the City may apply the new rules, regulations and official policies contained in its Reserved Powers. The Amendment places additional limitations on the land uses permitted under the Zoning Regulations or General Plan.

2.3 Interest of Developer. Developer represents to the City that, as of the Effective Date of this Amendment, Developer has a legal interest in the Property, subject only to encumbrances, easements, covenants, conditions, restrictions, and other matters of record.

3. Development of the Project.

3.1 Applicable Rules. Except for such changes as may in the future be mutually agreed upon between the City and Developer or as specified in Section 3.2, Developer shall have a vested right to develop the Project in accordance with this Amendment, the Zoning Regulations, and the Government Requirements. Subject to the City's exercise of its Reserved Powers, for the term of this Amendment the maximum height and size of the proposed buildings, parking requirements, setbacks, development standards, provisions for reservation or dedication of land for public purposes and location of public improvements, and the design, improvement, construction and other guidelines, standards and specifications applicable to the development and use of the Property shall be those set forth in the Development Rights and this Amendment. In the event of any conflict between any of the foregoing the provisions of this Amendment, except for the exercise of the Reserved Powers, shall control.

3.2 Administrative Changes and Amendments. The Parties acknowledge that further planning and development of the Project may demonstrate that refinements and changes are appropriate with respect to the Project. The Parties desire to retain a certain degree of flexibility with respect to the details of the development of the Project and with respect to those items covered in general terms under this Amendment. If and when the Parties find that Minor Changes are necessary or appropriate, they may, unless otherwise required by law, effectuate such changes or adjustments through administrative amendments executed by Developer and the City Manager, or his or her designee, and may be further changed and amended from time to time as necessary, with approval by the City Manager and Developer. Minor Changes shall not be deemed to be an amendment to this Amendment under Government Code Section 65868, and unless otherwise

required by law or as otherwise stated in this Section 3.2, no such administrative amendments shall require prior notice or hearing by the Planning Commission and City Council. Although not an exhaustive list, the following matters shall not be considered Minor Changes, but shall be considered substantive amendments which shall be reviewed by the Planning Commission and approved by the City Council:

3.2.1 Any development or use of the Phase II Parcel for the Phase II Project or otherwise.

3.2.2 Any expansion of the Permitted Use from the square footage approved in the Site Plan.

3.2.3 Any increase in the maximum height of any permitted Project Buildings from that approved by this Agreement.

3.2.4 Any amendment or change requiring additional environmental review pursuant to CEQA.

3.2.5 Approving Non-Minor Changes. Any amendments to this Amendment or the Site Plan that do not involve Minor Changes to the Project shall be approved by City Council in its sole, absolute and unfettered discretion. Any administrative amendment permitted pursuant to this Section 3.2 shall otherwise comply with the terms of this Amendment.

3.2.6 Development Rights. Developer shall have and is vested with the right, during the term of this Amendment, including any extensions, to develop the Project as set forth in this Amendment (the "Development Rights").

3.2 Material Project Modifications. Developer reserves the right to apply to the City for permits, variances or other approvals to develop portions of the Property in a manner which may be materially inconsistent with this Amendment. In such event, such portions of the Project shall be reviewed and approved pursuant to the rules, regulations, and procedures of the City in effect at the time Developer makes application to the City for such development, and to the extent any such application is inconsistent with this Amendment such application shall include an application to amend this Amendment.

3.3 Changes in Applicable Rules.

3.3.1 Non-Application of Changes in Applicable Rules. The adoption of any subsequent applicable general or specific plan, zoning, subdivision, or building regulation after the Effective Date of this Amendment, or any change in, or addition to, the Applicable Rules (other than changes in Processing Fees as provided in this Amendment), including, without limitation, any changes in the General Plan or Zoning Regulations (including any regulation relating to the timing, sequencing, or phasing of the Project or construction of all or any part of the Project), adopted after the Effective Date of this Amendment, including, without limitation, any such change by means of ordinance, initiative, resolution, motion, policy, order or moratorium, initiated or instituted for any reason whatsoever and adopted by any board, agency, commission or department of the City, or by

the electorate, as the case may be, which would, absent this Amendment, otherwise be applicable to the Project and which would conflict in any way with or be more restrictive than the Applicable Rules or the Development Rights under this Amendment, shall not be applied to the Project during the term of this Amendment unless such changes represent an exercise of the City's Reserved Powers.

3.3.2 Subsequent "Slow/No Growth" Measures. To the fullest extent legally permissible, any subsequently enacted initiatives, referenda, moratoria or amendments to the General Plan and/or ordinances which contain "slow/no growth" measures, or which by their terms are intended to or by operation have such effect, shall not apply to the Project, unless such changes represent an exercise of the City's Reserved Powers.

3.3.3 Changes in Uniform Codes. Notwithstanding any provision of this Amendment to the contrary, development of the Project shall be subject to changes occurring from time to time in the provisions of the City's building, fire, mechanical, plumbing and electrical regulations which become applicable throughout the City, including, but not limited to, the California Building Code, and other similar or related uniform codes.

3.3.4 Changes Mandated by Federal or California Laws or Regulations. Changes in, or additions to, the Applicable Rules adopted or made operative on or after the Effective Date shall apply to the Project if such changes or additions are specifically mandated to be applied to developments such as the Project by applicable California or federal laws or regulations. If the City or Developer believes that such a change or addition required by California or federal law or regulation exists, then that Party shall provide the other Party hereto with a copy of such California or federal law or regulation and a statement of the nature of its conflict with the provisions of the Applicable Rules and/or of this Amendment.

3.3.5 Changes in Processing Fees Under Applicable Rules. The Project shall be subject to any increase in Processing Fees imposed by the City, provided that such a change is applied on a Citywide basis.

3.3.6 Discretionary Approvals. The City shall not require Developer to obtain any approvals or permits for the development of the Project in accordance with this Amendment other than those permits or approvals that are required by the Applicable Rules or Reserved Powers. However, any subsequent Discretionary Approval initiated by Developer that is not permitted by this Amendment or Applicable Rules, which changes the uses, intensity, density, or building height, or decreases the lot area, setbacks, yards, parking or other entitlements permitted on the Property, or which pertains to the Phase II Project, shall be subject to the rules, regulations, ordinances and official policies of the City then in effect.

3.4 Timing of Development.

3.4.1 Project Timing. The Parties acknowledge that Developer cannot at this time predict when or the rate at which the Project would be developed. Developer may, in Developer's sole discretion, build the Project in phases, provided doing so is consistent with this Amendment and Government Requirements. These decisions depend upon numerous factors that are not all within the control of Developer, such as market orientation and demand, availability of financing

and competition. Because the California Supreme Court held in Pardee Construction Co. v. City of Camarillo, 37 Cal.3d 465 (1984), that the failure of the Parties therein to provide for the timing of development permitted a later adopted initiative restricting the timing of development and controlling the Parties' agreement, Developer and the City acknowledge and provide for the right of Developer to develop the Project in an order and at a rate and times as Developer deems appropriate within the exercise of its sole and subjective business judgment, subject to any restrictions that may exist in this Amendment or any other agreements between the City and Developer. The City acknowledges this right is consistent with the intent, purpose and understanding of the Parties to this Amendment. Developer will use its best efforts, in accordance with its own business judgment and taking into consideration market conditions and other economic factors influencing its business decision, to commence or to continue development, and to develop the Project in accordance with the provisions and conditions of this Amendment and with the Applicable Rules.

3.4.2 Construction of Project Facilities. Developer shall be required to construct or cause to be constructed all required facilities and infrastructure for the Project concurrently with the portions of the Project requiring the same.

3.5 Permitted Use. Permitted use of the Property, the density and intensity of such uses, the maximum heights and sizes of the Project Buildings and improvements to be constructed on the Property in connection with the development of the Property, shall be as set forth in and consistent with this Amendment.

3.5.1 Mixed Use Project. Pending and subject to occurrence of the Triggering Date: Developer may proceed with development and use of the Property for the Mixed Use Project as defined in the Original Agreement; and Developer shall retain all rights, privileges, and obligations as set forth in the Original Agreement. Except as provided in Section 3.5.4 - 5, upon the occurrence of the Triggering Event, the Mixed-Use Project and Original Agreement shall be replaced and superseded by the Project and this Amendment.

3.5.2 Delivery Station. The Parties recognize that the Original Agreement permits Developer to utilize a portion of the Warehouse Structure for a "last mile shipping facility" as an incidental or accessory use to overall retail / commercial Mixed Use Project, with the Mixed-Use Project anticipated to further various plans and objectives of the Land Use Element of the General Plan, including that: Commercial development in the City should be sited in appropriate locations according to need; the City should contain ample commercial facilities to meet the needs of its residents as well as provide taxable revenues to the City; frontage areas along the Pomona Freeway with good accessibility should be preserved for further commercial and industrial development. Upon the Triggering Date, this Amendment shall permit Developer to utilize the entire Warehouse Structure for the Delivery Station Project, subject to Developer's subsequent obligations thereafter to: make the Developer Payments to the City as described below; and proceed with development of the Phase II Project on the Phase II Property.

(a) Developer Payments to City. To ensure the Delivery Station Project is consistent with and advances these goals and objectives, the Parties agree that it is necessary and appropriate for Developer to make the Developer Payments to the City required below. Commencing on the date the City issues a Certificate of Occupancy for the Delivery Station

permitting the commencing of operations, and continuing so long as the Warehouse Parcel is utilized for the Delivery Station (or as substantially similar a last mile shipping facility) or the expiration of the Term, whichever first occurs, Developer shall make annual payments to the City in the amount of ONE HUNDRED AND FIFTY THOUSAND DOLLARS and 0/100 CENTS ($150,000.00) ("Developer Payment"). Developer Payments shall be made on or before July 1 of each calendar year, with each payment being consideration for sales tax revenues that would have been generated by a traditional commercial use on the Warehouse Parcel in the prior year. The first and last such Developer Payment made shall be prorated based on a twelve (12) month calendar year.

(b) Incentive to Proceed with Phase II. The Parties recognize and agree that the general purposes and objectives of the General Plan and Zoning Regulations would be frustrated should the Phase II Parcel remain vacant and underutilized for an extended period of time, such that the Parties desire and intend for the Phase II Parcel to be expeditiously designed, developed and utilized with a productive land use and in a manner that is compatible with the Delivery Station, land uses in the vicinity, and the long term land use goals and objective of the City. Accordingly, conditioned upon issuance of a Certificate of Occupancy for the Phase II Project from the City, the Developer Payment described in this section shall be terminated in recognition of the local revenues and public benefits anticipated to be generated by the Phase II Project. Moreover, and notwithstanding contrary provisions in subsection (a), if Developer has submitted a complete application for a Phase II project that is both financially viable and consistent with land uses and developments in the vicinity (not including industrial or shipping uses), and the City denies said application, then each Developer Payment that is made after the date of the City's final denial, and provided Developer has first made seven (7) annual Developer Payments under this Agreement, shall be reduced by fifty percent (50%) and total SEVENTY FIVE THOUSAND DOLLARS ($75,000.00) per year.

3.5.3 Phase II Project. Developer shall not utilize the Phase II Parcel except for the planning, development and subsequent operation of the Phase II Project, or pending the issuance of building permits for the Phase II Project, for staging or to support operations of the Delivery Station Project on the Warehouse Parcel; provided that the nature and scope of operations for the Delivery Station Project pending the Phase II Project shall be no greater or broader in scope then will be operated on the Warehouse Parcel following completion of the Phase II Project. The Parties recognize and agree that the specific nature and the Phase II Project is undefined as of the Effective Date, and the Phase II Project will be subject to future Discretionary Approvals by the City the nature and type of which will depend on the proposed development and land use. As a condition to proceeding with the Phase II Project, Developer shall be required to apply for and obtain approval of a modification or amendment to this Amendment in the manner required by the Development Agreement Act, together with any additional Discretionary Approvals that may be required by the City to proceed with the proposed Phase II Project, including but not limited to a General Plan amendment, a Zoning Amendment, and any evaluation required by CEQA. Without limiting the Parties' respective discretion with respect to the Phase II Project, as of the Effective Date of this Amendment the principal land use objectives of the City are to: protect, increase, and enhance the local revenue base; and protect and increase the supply of residential dwelling units in the City, including units that are affordable to low-and-moderate income persons and households, whether constructed onsite or by payment of an "in lieu" fee. Subject to and conditioned upon the

foregoing, as of the date of this Amendment Developer has expressed an interest for Phased II to be comprised of a mixed-use project with between 250-350 luxury apartments. In the event the Phase II Project includes market rate residential units (e.g. non-affordable), Developer shall pay to the City a one-time affordable housing in lieu fee affordable housing fee in an lump sum that is equal to TWO THOUSAND FIVE HUNDRED DOLLARS and 0/100 CENTS per unit. Nothing in the foregoing section shall be considered or interpreted as the City's commitment or approval (preliminary or otherwise) of any Phase II project.

3.5.4 Future Use of Warehouse Parcel. If, following the Triggering Date, the Warehouse Parcel ceases to be used and operated for the Delivery Station Project, then permitted uses for the Warehouse Structure shall include the Permitted Retail Uses, Permitted Restaurant Uses, Permitted Office Uses, and Permitted Alternative Uses ("Future Warehouse Use") as each are defined in the Original Agreement; provided that Developer's use of the Warehouse Structure for last mile shipping uses shall be subject to and governed by this Amendment. Prior to implementing a Future Warehouse Use in the Warehouse Structure under this Amendment, Developer shall have first developed and been issued a final certificate of occupancy for the Phase II Project.

3.5.5 Reversion to Mixed Use Project. If, following the Triggering Date, but before building permits are issued by the City for the Phase II Project, the Warehouse Parcel ceases to be used and operated for the Delivery Station Project, then Developer shall have the right to develop and use the Property in accordance with the Mixed Use Project defined in the Original Agreement.

3.7 Covenants Running with the Land. As of the Effective Date and continuing for the Terms provided in this Amendment, the terms and provisions of this Amendment are enforceable by the Parties as equitable servitudes affecting the Property, and the whole thereof, constituting covenants running with such Property pursuant to California law including, without limitation, Civil Code Section 1468. Each covenant herein to act or refrain from acting is for the benefit of or a burden upon the Property, and the whole thereof, run with such Property, and shall be binding upon Developer and the successors and assigns of Developer during their respective ownerships of the Property, or any portion thereof.

3.8 Architectural Quality. Developer shall develop the Project by means of materials, workmanship and overall design that will result in a product that is of a first-class commercial development. The building materials, elevations, surfaces, design, and architectural styling of the Project shall be consistent with that of the area, this Amendment, and the Applicable Rules. All architectural plans are subject to the City's Design Review process, including Section 17.22.105 of the Montebello Municipal Code, consistent with the regulations and restrictions provided in this Section. Notwithstanding the reference to the Design Review Board in Section 17.22.105, which as of the Effective Date is inoperative, the review, processing, and approval of the Design Review shall be administratively completed by the planning division, with any appeals to be heard by the City Council.

4. Cooperation and Implementation by the City and Developer.

4.1 Processing. The City agrees that it is bound to permit the use, intensity of use and density on the Property which are permitted by this Agreement, insofar as this Agreement so provides or as otherwise set forth in the Applicable Rules or Reserved Powers. The City hereby agrees that it will not unreasonably delay, withhold or unreasonably condition any Discretionary Action or Discretionary Approval which may be issued by the City in order for the Project to proceed, provided that Developer reasonably and satisfactorily complies with all preliminary procedures, actions, payments of Processing Fees, and criteria generally required of developers by the City for processing applications for developments and consistent with this Amendment.

4.2 Other Governmental Permits. The City agrees to cooperate with Developer in Developer's endeavors to obtain permits and approvals as may be required from other governmental or quasi-governmental agencies having jurisdiction over the Property or portions thereof (such as, for example, without limitation, public utilities or utility districts and agencies having jurisdiction over transportation facilities and air quality issues), so long as the cooperation by City will not require City to incur any cost, liability or expense without adequate indemnity against or right of reimbursement therefor from Developer.

4.3 Term / Duration of Amendment. This Amendment shall be become effective upon the Effective Date, and shall remain in effect until June 4, 2034; a date which is fifteen (15) years from the effective date of the Original Agreement (June 4, 2019) (the "Term"). Expiration or termination of this Amendment shall not invalidate any prior permits or approvals on the Property issued by the City prior to such expiration or termination. Until the Triggering Date, the Original Agreement and Precise Plan shall be unaffected by this Amendment; provided that, subject to Section 3.5.4 - 5, this Amendment shall supersede and replace the former upon the Triggering Date.

4.4 Construction and Funding of Project Facilities and Infrastructure. Developer shall construct or fund the construction of any facilities and or infrastructure required for the Project at the time the same are needed to satisfy the requirements of the Government Requirements. Except as otherwise specifically set forth herein, Developer has no responsibility for the operation, maintenance, repair or replacement of Project Facilities and Infrastructure.

5. Public Benefits. The Parties acknowledge and agree that Developer's agreement to perform and abide by the covenants and obligations of Developer set forth herein is material consideration for City's agreement to perform and abide by the covenants and obligations of City set forth herein.

6. Review of Compliance.

6.1 Annual Reviews. The City shall conduct annual reviews to determine whether Developer is acting in good faith compliance with the provisions of this Amendment, pursuant to Government Code Section 65865.1. The costs and expenses of each annual review conducted during the Term shall be borne by the Party incurring the cost.

6.2 Special Reviews. In addition, the City Council of the City may order a special periodic review of Developer's compliance with this Amendment at any time. The cost of such special reviews shall be borne by the City, unless as a result of such special review demonstrates the City determines that Developer is in default under the provisions of this Agreement after any notice

and cure period hereunder. In such cases, Developer shall reimburse the City for all out of pocket third party costs incurred in conjunction with the special review.

6.3 Procedure for Review. The City Manager, or his or her designee, shall conduct the review contemplated by this Section 6 to ascertain whether Developer has reasonably complied in good faith with the material terms and conditions of this Amendment during the period for which the review is conducted. The City Manager, or his or her designee, shall give Developer notice that any such review has been commenced, and shall give Developer at least twenty (20) days after Developer's receipt of such notice to provide the City Manager such information as Developer deems relevant to such review. In addition, upon the written request of the City Manager, Developer shall furnish such documents or other information as reasonably requested by the City Manager.

6.4 Result of Review.

6.4.1 Compliance. If, following such a review, the City Manager, or his or her designee, finds good faith compliance by Developer with the terms and conditions of this Amendment, the City Manager, or his or her designee, shall issue to Developer an executed certificate of compliance, certifying Developer's good faith compliance with the terms and conditions of this Amendment through the period of such review.

6.4.2 Noncompliance. If, following such a review, the City Manager, or his or her designee, finds that Developer has not complied in good faith with the terms and conditions of the Amendment, the City Manager, or his or her designee, shall provide notice to Developer detailing such non-compliance. Upon receipt of such notice, Developer may commence to cure the stated non-compliance in accordance with the terms of this Amendment. If Developer fails to cure the non-compliance within thirty (30) days after receipt of such written notice (or such longer commercially reasonable period provided that Developer has commenced the cure and diligently pursues such cure to completion) pursuant to the terms of this Amendment, the City Manager, or his or her designee, shall notify the City Planning Commission, which may recommend to City Council that the Amendment be terminated pursuant to the terms hereof. Developer shall have the ability to dispute any such claim of non-compliance or failure to cure at a public hearing prior to such termination.

6.4.3 Effect on Default Procedures. Nothing in this Section shall be interpreted to prevent the City from providing Developer with a notice of default hereunder at any time, including any time other than during a periodic review under this Section.

7. Mortgages.

7.1 Mortgagee Protection. No breach of this Amendment shall defeat, render invalid, diminish or impair the lien of any Mortgage and any acquisition or acceptance of title or any right or interest in or with respect to the Property or any portion thereof pursuant to a Mortgage, foreclosure, trustee's sale, deed in lieu of foreclosure or otherwise shall be subject to all of the terms and conditions contained in this Amendment and entitled to all of its benefits. The City acknowledges that Mortgagees may require certain interpretations and modifications of this Amendment and agrees upon request, from time to time, to meet with Developer and representatives of such Mortgagees to negotiate in good faith any such request for interpretation and modification. CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Joseph Palombi, Director of Planning and Community Development

SUBJECT: **Second Reading of Ordinance No. 2439 for the Amended and Restated Statutory Development Agreement with M&M at Montebello, LLC, a California limited liability company for the Property Located at 1345 N. Montebello Boulevard to Allow the Existing Warehouse Structure (Former Costco Building) to be Used as a "Last-Mile Delivery Facility" (such as Amazon) and Reserving the Remainder of the Property (Comprised of Approximately 3.63 Acres) for a Future Mixed-Use Retail and/or Residential Development with Parking Facilities that will be Subject to and Conditioned Upon Future Environmental Analyses and Discretionary Land Use Approvals by the City**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council conduct a public hearing and consider the following:

1) Hold the second reading of Ordinance No. 2439 approving an Amended and Restated Statutory Development Agreement by and between the City of Montebello ("City") and M&M at Montebello, LLC, a California limited liability company to allow the existing warehouse structure (former Costco building) to be used as a "Last-Mile Delivery Facility" (such as Amazon) and reserving the remainder of the subject property for a future mixed-use retail and/or residential development with parking facilities that will be subject to and conditioned upon future environmental analyses and discretionary land use approvals by the City; and

2) Take such other additional, related, action that may be desirable.

FISCAL IMPACT

Pursuant to the Amended Development Agreement (please see Attachment B), M&M at Montebello, LLC, a California limited liability company (the "Developer") will pay the City the following public benefit and developer fees:

a) Annual in-lieu sales tax revenue to the City in the amount of $150,000 upon commencing operations, and continuing so long as the warehouse is utilized for the Last-Mile Delivery Station or as a substantially similar last mile shipping facility. The in-lieu sales tax revenue will be collected by the City in annual payments that are due on or before July 1st. This revenue would be suspended upon completion of Phase II, or alternatively reduced by 50% after year seven (7) if Developer has applied for but not received approval from the City for development of Phase II. It is anticipated that the first payment will be received in Fiscal Year 2021-22, and projected revenue has been included in the proposed budget.

b) The Developer has expressed interest in a mixed-use project that would include between 250-350 luxury apartments. Phase II will be subject to future discretionary approvals and environmental review by the City and City Council. In the event the Phase II project is approved by the City Council and includes market rate residential units (e.g. non-affordable), this Agreement would memorialize the in-lieu affordable housing fees to be paid by developer as equal to $2,500 (two thousand five hundred dollars and 0/100 cents) per unit.

BACKGROUND

The former Costco site located at 1345 N. Montebello Blvd. within the City of Montebello is comprised of two adjacent parcels (Los Angeles County Assessor Parcel Numbers: 5293-001-022 and 5293-001-023) totaling approximately 18.4 acres (801,730 square feet) of combined lot area (the "Property"). The Property is currently unutilized with a vacant building that was previously used as a warehouse facility for Costco. The Developer seeks to transform the existing vacant warehouse building (totaling approximately 137,688 square feet) into a last mile shipping facility for commercial retailers.

In 1989, the Property was purchased by the former Community Redevelopment Agency of the City of Montebello ("RDA") and in 1993, was leased to Costco Wholesale Corporation (then known as "Price Club") for development and operation of their well-known retail warehouse ("Costco"). The lease provided for an initial term of 10-years, with four (4) optional 5-year extensions. It also provided Costco the right to purchase the

Project Site at any time during the term of the lease.

Concurrent with the lease, the City Council for the City of Montebello ("City Council") amended the zoning designation of the Property from "General Commercial" (C-2) to "General Commercial – Planned Development District" (C-2-PD), and approved an accompanying "Precise Plan of Development," which authorized the construction and operation of the improvements on the Property.
In April 2017, Costco provided notice to exercise its option to purchase a site located in the City of Monterey Park. Costco and the City worked cooperatively to identify beneficial alternative uses for the Property that reflect the commercial-tenant market's current demands, preserve the City's sales tax base, and provide residents with close and convenient access to desirable businesses and amenities. At the time the City explored the prospect of gaining site control and installing a range of land uses at the site, ranging between auto sales, replacement big box tenants, and similar retail and commercial uses. However, the financial risk to the City would have been significant, and the layout and location of the Property made identifying a desirable and financially viable long-term use difficult.

Following Costco's purchase of the Property, on February 27, 2019, the City Council approved a statutory Development Agreement and an Amendment to the Precise Plan of Development for the Property. The proposed DA and Amendment consisted of repurposing the improvements, including the 138,000 square-foot box structure and constructing up to four (4) new outlying building pads. The pads would total a maximum of 31,000 square feet, for a total project gross leasable area not to exceed 155,000 square feet to be occupied by retail and commercial land uses consistent with General Plan and zoning regulations for the Property.

Costco subsequently sold the Property and assigned the Development Agreement and Amended Precise Plan to M&M Reality Partners (DBA M&M at Montebello, LLC, a California limited liability company); a transaction that was considered and approved by the City. Since that time, Developer and the City have cooperatively explored options for long-term development and use of the Property that further their mutual goals and objectives for the Property.

On March 8, 2021, the Developer submitted an application to modify DA No. 3567 and replace the Amended Precise Plan of Development with a two (2) phased project (Phase I and Phase II). The first phase would allow the entire existing warehouse structure (former Costco building) and portions of the immediately surrounding parking areas to be used as a "last-mile delivery facility." The second phase of the proposed project would reserve the remainder of the Property (comprised of approximately 3.63 acres) for a future

mixed-use retail or residential development with parking facilities, with the second phase to be specifically defined and approved in future discretionary land use approvals from by City and subject to environmental studies and analyses (cumulatively the "Project").

It should be noted that the original Development Agreement permits Developer to utilize a portion of the existing warehouse structure for a "last mile shipping facility" as an incidental or accessory use to an overall retail / commercial mixed use project, with the mixed-use project anticipated to further various plans and objectives of the Land Use Element of the General Plan, including that: Commercial development in the City should be sited in appropriate locations according to need; the City should contain ample commercial facilities to meet the needs of its residents as well as provide taxable revenues to the City; frontage areas along the Pomona Freeway (State Route 60) with good accessibility should be preserved for further commercial and industrial development. The proposed Amended Development Agreement would permit the Developer to utilize the entire Warehouse Structure for the last mile delivery station project, subject to Developer's subsequent obligations thereafter to: make the developer payments to the City pursuant to the Amended Development Agreement; and proceed with development of the Phase II project on the Phase II property subject to separate discretionary actions and environmental analysis.

On April 6, 2021, the Planning Commission conducted a duly noticed public hearing and unanimously approved Resolution No. 08-21 recommending the City Council adopt an ordinance approving an Amended and Restated Development Agreement with the Developer to allow the existing warehouse structure (at the former Costco site) and portion of the immediate surrounding parking area s to be used as a "Last-Mile Delivery Facility" (such as Amazon) and reserving the remainder of the property (comprised of approximately 3.63 acres) for a future mixed-use retail and/or residential development with parking facilities that would be subject to and conditioned upon future environmental analyses and discretionary land use approvals by the City.

On June 10, 2021, the Public Hearing Notice for the City Council meeting was delivered to owners/occupants within the required radius via U.S. Mail.

In addition, the Notice of Public Hearing for the City Council meeting was published in the Whittier Daily News on June 10, 2021.

On June 23, 2021, the City Council conducted a duly noticed public hearing and approved the Amended and Restated Statutory Development Agreement by and between the City of Montebello ("City") and M&M at Montebello, LLC, a California limited liability company to allow the existing warehouse structure (former Costco building) to be used as a "Last-

Mile Delivery Facility" (such as Amazon) and reserving the remainder of the subject property for a future mixed-use retail and/or residential development with parking facilities that will be subject to and conditioned upon future environmental analyses and discretionary land use approvals by the City.

ANALYSIS

The General Plan Land Use Designation for the Property is Commercial, and the underlying zone is C-2-PD (General Commercial – Planned Development District). Pursuant to Government Code Section 65867.5, the provisions of the Amended Development Agreement (please see Attachment B) are consistent with the City's General Plan and any applicable zoning regulations established for the Property, the findings of which are incorporated in this report.

The proposed amendment to the Development Agreement conforms with the Montebello General Plan (including the Land Use Element) as well as the Montebello Zoning Code. The proposed project will transform an underutilized vacant property with improvements that include, among other things, a cohesive development that will increase the revenue from these properties to the City in the form of increased property tax and sales tax revenue (or sales tax in lieu payments approved by the City Council). Though the proposed project is not a "traditional" commercial land use, it will generate significant local job opportunities in response to the retail and commercial needs of local residents and businesses in the "post" COVID-19 economy. In context of the irregular shape and configuration of the Property, together with the changed retail economic markets, the project is a productive land use that is materially consistent with applicable land use regulations. The proposed Project also incentivizes the Developer to expeditiously proceed with planning and development of Phase II, and conditions that phase upon future discretionary actions, thereby both protecting against long term underutilization of the subject site and ensuring the future development is consistent with land uses in the vicinity and applicable regulations.

The goals and objectives of the City's General Plan most applicable to the project include (as discussed further in the attached proposed Ordinance):

- Goal #1: Formulate a plan which is responsive to the needs of the community and which permits the orderly arrangement of land uses, permitting sufficient areas for reasonable development.
- Goal 3 is to provide for the development and location of commercial shopping areas within the community in a manner compatible with other land uses.

- Objective 3 notes that "'cluster' type commercial development is preferential to the proliferation of strip commercial.
- Policy Commercial 2 states that the "City should contain a variety of types of commercial development, including regional and community shopping facilities, local neighborhood convenience centers, highway-oriented development and professional office-type areas."

A proposed Ordinance is attached for City Council consideration, finding that the proposed Project is consistent with land use goals and regulations, recommending the City Council find the proposal is exempt from the California Environmental Quality Act ("CEQA"), and approving the Amended Development Agreement consistent with the recommendation from the Planning Commission.

ENVIRONMENTAL

The proposed Amended Development Agreement is a discretionary action of the City and is considered a "project", per the California Environmental Quality Act (CEQA). The project is categorically exempt under CEQA as a "Class 1 exemption" per Section §15301 (Existing Facilities). Class 1 consists of the operation repair, maintenance, permitting, leasing, licensing, or minor alterations of existing private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. Under Section §15301, Existing Facilities include, but are not limited to, the following:

1. The project consists of interior or exterior alterations involving interior partitions, plumbing, and electrical conveyances;

2. Existing facilities of both investor and publicly-owned utilities used to provide electrical power, natural gas, sewage, or other public utility services; and

3. None of the limitations set forth in CEQA Guidelines 15300.2 apply.

The proposed amendment would allow the minor alternation of an existing private structure, facilities, mechanical equipment, or topographical features, and involves negligible expansion of the land uses currently permitted on the Property given the conditions of approval.

SUMMARY

Staff is requesting this City Council conduct a public hearing to consider the following:

(1) The introduction and the waiving of first reading of Ordinance No. 2439 approving an Amended Development Agreement by and between the City of Montebello ("City") and M&M at Montebello, LLC, a California limited liability company to allow the existing warehouse structure (former Costco building) to be used as a "Last-Mile Delivery Facility" (such as Amazon) and reserving the remainder of the subject property for a future mixed-use retail and/or residential development with parking facilities that will be subject to and conditioned upon future environmental analyses and discretionary land use approvals by the City.

ATTACHMENT (S):

A. Attachment A – Ordinance No. 2439
B. Attachment B – Amended Development Agreement
C. Attachment C – Notice of Exemption

shall not unreasonably withhold its consent to any such requested interpretation or modification provided such interpretation or modification is consistent with the intent and purposes of this Agreement and does not, in the City's sole determination, diminish the City's benefits from this Amendment or the security for those benefits.

7.2 Notice of Default to Mortgagee: Right of Mortgagee to Cure. If the City receives notice from a Mortgagee requesting a copy of any notice of default given hereunder and specifying the address for service thereof, and the said Mortgagee has recorded a copy of such request in the official records of Los Angeles County in the manner required under Califronia Civil Code Section 2924b with respect to Requests for Notices of Default, then the City shall deliver to such Mortgagee, concurrently with service thereon to the applicable Party, any notice given to the applicable Party with respect to any claim by such Party that it has not complied in good faith with the terms of this Amendment or has committed an event of default. Each Mortgagee shall have the right (but not the obligation) for a period of ninety (90) days after the receipt of such notice from such Party to cure or remedy, or to commence to cure or remedy, the claimed default or act of noncompliance set forth in such Party's notice. If the default is of a nature which can only be remedied or cured by such Mortgagee upon obtaining possession, such Mortgagee may (but is not obligated to) seek to obtain possession with diligence and continuity through foreclosure, a receiver or otherwise, and may (but is not obligated to) thereafter remedy or cure the default or noncompliance within thirty (30) days after obtaining possession. If any such default or noncompliance cannot, with diligence, be remedied or cured within such thirty (30) day period, then such Mortgagee shall have such additional time as may be reasonably necessary to remedy or cure such default or noncompliance if such Mortgagee commences cure during such thirty (30) day period, and thereafter diligently pursues and completes such cure.

7.3 Liability for Past Defaults and Obligations. Subject to the foregoing, any Mortgagee, including the successful bidder at a foreclosure sale, who comes into possession of the Project or the Property or any part thereof pursuant to foreclosure, eviction or otherwise, shall take such property subject to the terms of this Amendment and in no event shall any such property be released from any obligations associated with its use and development under the provisions of this Amendment. Nothing in this Section shall prevent the City from exercising any remedy it may have for a default under this Amendment.

7.4 Bankruptcy. Notwithstanding the foregoing provisions of this Section, if any Mortgagee is prohibited from commencing or prosecuting foreclosure, or other appropriate proceedings in the nature thereof, by any injunction issued by any court or by reason of any action by any court having jurisdiction of any bankruptcy or insolvency proceeding involving Developer, the times specified in this Amendment for commencing or prosecuting foreclosure or other proceedings shall be extended for the period of the prohibition.

8. Default and Remedies.

8.1 Notice and Cure.

8.1.1 In the event of failure by either party hereto substantially to perform any terms, covenant or condition of this Amendment which is required on its part to be performed, the

non-defaulting party shall send a notice , identifying with specificity the nature of the alleged default. In the event of a failure by Developer, the notice shall also be provided to any Mortgagee of Developer which has delivered a request for such notice to the City in accordance with this Amendment.

8.1.2 In the case of a monetary failure by Developer, Developer shall promptly commence to cure the identified failure and shall complete the cure of such failure within twenty (20) business days after receipt by Developer of the notice of failure. In the case of a non-monetary failure by either Party, the alleged defaulting party shall promptly commence to cure the identified failure and shall complete the cure within sixty (60) days after receipt of the notice of failure. The sixty (60) day cure period for a non-monetary failure shall be extended as is reasonably necessary to remedy such failure, provided that the alleged defaulting party commences such cure promptly after receiving the notice of failure and continuously and diligently pursues such remedy at all times until such failure is cured.

8.2 Remedies for Monetary Default. In the event of failure by Developer in the performance of any of its monetary obligations under this Amendment which remains uncured (i) twenty (20) business days after receipt by Developer of a notice of failure from the City and (ii) after expiration of Mortgagee's cure period (if a Mortgagee of Developer has delivered a Request for Notice to the City), the Developer shall be deemed to be in default hereunder and the City shall have available any right or remedy provided in this Amendment, at law or in equity. All of said remedies shall be cumulative and not exclusive of one another, and the exercise of any one or more of said remedies shall not constitute a waiver or election in respect to any other available remedy.

8.3 Remedies for Non-Monetary Default. In the event of non-monetary failure by either party hereunder which remains uncured (i) after expiration of all applicable notice, cure periods and other conditions contained herein, and (ii) in the case of a failure by Developer, in addition to the foregoing and after the expiration of Mortgagee's cure period (if a Mortgagee of Developer has delivered a Request for Notice to the City), the non-defaulting party shall have available any right or remedy provided in this Amendment, at law or in equity except as prohibited by this Amendment. All of said remedies shall be cumulative and not exclusive of one another, and the exercise of any one or more of said remedies shall not constitute a waiver or election in respect to any other available remedy.

8.3.1 The City and Developer acknowledge that monetary damages and remedies at law generally are inadequate and that specific performance is an appropriate remedy for the enforcement of this Amendment. Therefore, the remedy of specific performance shall be available to both the City and Developer under this Agreement in the event of a non-monetary Default.

8.3.2 The City shall not have the right to sue for monetary damages as a result of a non-monetary default under this Amendment. The Developer shall not have the right to sue for monetary damages for any default under this Amendment.

8.4 Termination of Agreement by City. In the event that (a) the City finds and determines, on the basis of substantial evidence, that Developer has not been in good faith compliance with the terms and conditions of this Amendment, or [[too vague and ambiguous &

ignores notice and cure requirements]] the City finds and determines that there has been a default by Developer of its obligations under this Agreement; and (b) the City provided the notice required and Developer has not cured such default within the applicable cure period, , the City may commence proceedings to terminate this Amendment pursuant to this Section.

8.4.1 The procedures for termination of this Amendment by the City for the grounds set forth in Section 8.4, are as follows:

(a) The City shall provide notice to Developer (and to any Mortgagee of Developer which has delivered a Request for Notice to the City) of its intention to this Amendment. The notice shall contain the time and place of a public hearing to be held by the City Council on the determination of the City to proceed with termination or modification of this Amendment. The public hearing shall not be held earlier than: (i) thirty-one (31) days after delivery of the notice to Developer, or (ii) if a Mortgagee has delivered a Request for Notice, the day following the expiration of the Mortgagee's cure period;

(b) If, following the conclusion of the public hearing, the City Council: (i) determines that Developer is in default of its obligations under this Agreement beyond the applicable rights, remedies and cure periods set forth in this Amendment or has not been in good faith compliance with this Agreement pursuant to Section 8, as applicable, beyond the applicable rights, remedies and cure periods set forth therein; and (ii) further determines that Developer (or the Mortgagee, if applicable) has not cured the acts or omissions that constitute the basis of the determination under subsection (i) or, if those acts or omissions could not be reasonably remedied prior to the public hearing, that Developer (or the Mortgagee) has not in good faith commenced to cure or correct such acts or omissions prior to the public hearing or is not diligently and continuously proceeding therewith to completion, the City Council may terminate this Agreement.

8.5 Termination of Agreement by Developer. In the event that (i) the City breaches this Amendment and has not cured such default within the applicable cure period, or (ii) as otherwise permitted under this Agreement, Developer may terminate this Amendment by providing notice to the City or, after notice, may sue for specific performance. Termination shall be effective upon the City's receipt of Developer's notice.

9 Required Actions of Parties: Further Assurances.

The City and Developer shall execute all such instruments and documents and take in good faith all actions necessary or convenient to consummate the transactions herein contemplated.

10 Assignment.

10.1 The City shall not unreasonably withhold approval of any proposed assignment of the Property or a portion thereof by Developer, provided that the proposed assignee demonstrates to the reasonable satisfaction of the City that (i) the assignee or its parent company has a net worth of $10,000,000 or more, and (ii) the assignee, its contract manager or the individual within the contract management entity directly responsible for management of the Project has at least ten (10) years recent experience developing substantially similar projects in type, size and scale. Prior City approval shall not be required if a particular Project Building is conveyed to a proposed end-user or

its affiliate, or to a Developer controlled entity. The terms, covenants and conditions of this Amendment shall be binding upon any assignee, whether or not the assignee signs an assignment and assumption agreement.

11. Negation of Agency. Each Party is an independent contracting entity with respect to the terms, covenants and conditions contained in this Amendment. No partnership, joint venture or other association of any kind is formed by this Amendment. The only relationship between the City and Developer is that of a government entity regulating the development of private property by the owner of such property.

12. Consideration. The City and Developer acknowledge and agree that there is good, sufficient and valuable consideration flowing to the City and to Developer pursuant to this Amendment and more particularly set forth in the Recitals of this Amendment. The Parties further acknowledge and agree that the exchanged consideration hereunder is fair, just and reasonable.

13. Recordation. The City Clerk shall record a copy of this Amendment with the Registrar-Recorder of the County of Los Angeles within ten (10) days following notice from the Director of Community Development that the conditions of approval for the Effective Date of this Amendment have been satisfied, which shall signify the date of the City entering into this Amendment for purposes of Government Code Section 65868.5. Developer shall reimburse the City for all costs of such recording, if any.

14. Notices. All notices under this Amendment shall be in writing and shall be effective when personally delivered or upon receipt after deposit in the United States mail as registered or certified mail, postage prepaid, return receipt requested, to the following representatives of the Parties at the addresses indicated below or to such other addresses as one Party may provide to the other from time to time:

15. Amendment or Cancellation. Subject to meeting the notice and hearing requirements of Section 65867 of the Government Code, this Amendment may be amended from time to time, or canceled in whole or in part, by mutual consent of the City and Developer, or their respective successors in interest in accordance with the provisions of Section 65868 of the California Government Code. No alteration, amendment or modification of this Amendment shall be valid unless evidenced by a written instrument executed by the Parties hereto with the same formality as this Amendment and made in the manner required by the Development Agreement Act.

16. Waiver. No waiver of any provision of this Amendment shall be effective unless in writing and signed by a duly authorized representative of the party against whom enforcement of a waiver is sought and reference is made expressly to this Section 18. No waiver of any right or remedy in respect of any occurrence or event shall be deemed a waiver of any right or remedy in respect of any other occurrence of event.

17. Successor and Assigns. The provisions of this Amendment shall be binding upon and inure to the benefit of the Parties, and any subsequent owners of all or any portion of the Property and their respective successors and assigns. Any successors in interest to the City shall be subject to the provisions set forth in Sections 65865.4 and 65868.5 of the Government Code.

18. Interpretation and Governing State Law. This Amendment and any dispute arising hereunder shall be governed and interpreted in accordance with the laws of the State of California. This Amendment shall be construed as a whole according to its fair language and common meaning to achieve the objective and purposes of the Parties hereto, and the rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be employed in interpreting this Amendment, both Parties having been represented by counsel in the negotiation and preparation hereof. All legal actions brought to enforce the terms of this Amendment shall be brought and heard in the Superior Court of the State of California, County of Los Angeles.

19. Constructive Notice and Acceptance. Every person who, now or hereafter, owns or acquires any right, title or interest in or to any portion of the Property is, and shall be, conclusively deemed to have consented and agreed to every provision contained herein, whether or not any reference to

this Amendment is contained in the instrument by which such person acquired an interest in the Property.

20. No Third-Party Beneficiaries. This Amendment is made and entered into for the sole protection and benefit of the Parties and their mortgagee(s), successors and assigns. No other person or entity shall have any right of action based upon any provision of this Amendment.

21. Counterparts. This Amendment may be executed in two or more identical counterparts, each of which shall be deemed to be an original and each of which shall be deemed to be one and the same instrument when each Party signs each such counterpart.

22. Incorporation of Attachments. All recitals and attachments to this Amendment, including all Exhibits referenced herein, and all subparts thereto, are incorporated herein by this reference.

23. Determinations. Whenever in this Amendment the consent or approval of any Party to this Amendment is required, such consent or approval shall not be unreasonably withheld, conditioned, or delayed. In addition, unless a contrary standard or right is set forth herein, whenever any party hereto is granted a right to take action, exercise discretion, or make an allocation, judgment or other determination, each party hereto shall act reasonably, in good faith and in accordance with the requirements of this Amendment.

24. Defense of Actions.

a Developer shall indemnify, hold harmless, and defend, the City and its respective officers, officials, members, agents, employees, and representatives, from liability or claims for death or personal injury and claims for property damage which may arise from the acts, errors, and/or omissions of Developer or its officers, contractors, subcontractors, agents, employees or other persons acting on its behalf in relation to the Project and/or in any manner arising from this Amendment. The foregoing indemnity applies to all deaths, injuries, and damages, and claims therefor, suffered or alleged to have been suffered by reason of the acts, errors, and/or omissions referred to in this Section 26, regardless of whether or not the City prepared, supplied, or approved plans or specifications, or both, but specifically excludes any claims arising from the City's negligence or willful actions or omissions and any claims arising from the sole negligence or willful actions or omissions of the current owner of the Property, related to existing and ongoing environmental remediation of the Property or actions taken to maintain and keep safe the Property until such time as Developer takes possession or control of all or a portion of the Property.

i Prior to the commencement of work by Developer on the Property, this indemnification, hold harmless and defense requirement shall survive for twelve (12) months following the earlier of the termination of this Amendment or the date this Amendment expires or is terminated (including any extensions mutually agreed upon by the parties).

ii Upon the commencement of work by Developer on the Property, this indemnification, hold harmless and defense requirement shall survive for twelve (12) months following the date this Amendment expires or is terminated (including any extensions mutually agreed upon by the parties).

iii For purposes of this Section 26.1, the term "work" shall mean physical disturbance of the Property, including but not limited to construction, rough grading, fine grading, and preconstruction activities including excavation, surveying, boring, drilling, environmental remediation performed by Developer, or other actions taken to comply with this Amendment.

iv The City reserves the right, in cases subject to this indemnity, to reasonably approve the attorney selected by Developer to defend Developer and the City in any such action provided that any insurance company or surety that is providing such coverage shall have the final approval of the attorney selected by Developer.

b In the event of any court action or proceeding challenging the validity of this Amendment or any action taken pursuant hereto, each Party may, at the sole cost and expense of the subject Party, including but not limited to their own respective court costs and attorneys, defend or otherwise participate in such action or proceeding. Each Party shall cooperate with the other Party in any such defense as a Party may reasonably request and may not resolve such challenge without the Amendment of the other Party. Additionally, in the event of any litigation or referendum initiated by third parties to attack, set aside, modify, void or annul this Amendment, the term of the Amendment shall be tolled for the period during which such Challenge is proceeding until fully and finally resolved.

c The filing of any lawsuit(s) by a third party (not a party to this Amendment) after the Effective Date against the City and/or Developer relating to this Amendment or to other development issues affecting the Project shall not, absent a court order, delay or stop the processing or issuance of any permit or authorization necessary for development of the Project, unless the City in good faith determines that such delay is legally required or could potentially subject the City to monetary damages.

25. Estoppel Certificate. Either Party may, at any time, and from time to time, (but no more frequently than two (2) times in any calendar year) deliver notice to the other Party requesting such party to certify in writing that, to the knowledge of the certifying Party, (i) this Amendment is in full force and effect and a binding obligation of the Parties, (ii) this Amendment has not been amended or modified either orally or in or if so amended, identifying the amendments, and (iii) the requesting Party is not in default in the performance of its obligations under this Amendment, or if in default, to describe therein the nature and amount of any such defaults. A Party receiving a request hereunder shall execute and return such certificate or give a written detailed response explaining why it will not do so within thirty (30) days following the receipt thereof. Each Party acknowledges that such a certificate may be relied upon by third parties acting in good faith. A certificate provided by City establishing the status of this Amendment with respect to the Property shall be in recordable forth and may be recorded with respect to the affected parcels at the expense of the recording Party. Failure to deliver such a certificate or a written denial within the time specified above shall constitute a rebuttable presumption against the Party failing to provide the certificate that this Amendment is in full force and effect, without modification, except as may be represented by the requesting Party; and that there are no uncured defaults in the performance of the requesting Party except as may be so represented. All costs incurred in providing the notice(s) anticipated by this Section including reasonable attorney's fees shall be borne by the requesting Party.

26. Authorized Delays. Performance by any Party of its obligations hereunder shall be excused during any period of Excusable Delay, as hereinafter defined, provided that the Party claiming the delay gives notice of the delay to the other Parties within thirty (30) days after the commencement of same has been ascertained. For purposes hereof, "Excusable Delay" shall mean delay that directly affects, and is beyond the reasonable control of, the Party claiming the delay, including, without limitation: (a) act of God; (b) civil commotion or act(s) of terrorism; (c) riot; (d) strike, picketing or other labor dispute; (e) shortage of materials or supplies; (f) damage to work in progress by reason of fire, flood, earthquake or other casualty; (g) failure, delay or inability of City to provide adequate levels of public services, facilities or infrastructure to the Property including, by way of example only, the lack of water to serve any portion of the Property due to drought; (h) delay caused by governmental entities other than City; or (i) litigation brought by a third party attacking the validity of this Amendment, or any other action necessary for development of the Project; or (j) adverse economic conditions, including as a result of a pandemic. Except for an Excusable Delay under clause (i) above, the payment of fees or monies by Developer under this Amendment shall not be excused or delayed during any period of Excusable Delay.

27. Administration of Amendment. Any decision by City staff concerning the interpretation and administration of this Amendment and development of the Property in accordance herewith may be appealed by Developer to the Planning Commission in accordance with the Montebello Municipal Code and Zoning Code. Developer shall not seek judicial review of any staff decision without first having exhausted its remedies pursuant to this Section.

28. Severability. If any article, section, subsection, term or provision of this Amendment, or the application thereof to any party or circumstance, shall, to any extent, be invalid or unenforceable, the remainder of the article, section, subsection, term or provision of this Amendment, or the application of the same to Parties or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby, and each remaining article, section, subsection, term or provision of this Amendment shall be valid and enforceable to the fullest extent permitted by law.

29. Entire Agreement. This Amendment supersedes any prior understanding or written or oral agreements between the Parties hereto respecting the within subject matter and contains the entire understanding between the Parties with respect thereto. Prior to the Triggering Date, this Amendment preserves and incorporates the Original Agreement, and upon but subject to the Triggering Date and Section 3.5.4 - 5, this Amendment shall replace and supersedes the Original Agreement in its entirety, as well as the Precise Plan of the Development.

30. Authorization. Each person executing this Amendment represents and warrants that he or she is authorized and has the legal capacity to execute and deliver this Amendment on behalf of the Party for which execution has been made.

Description of Nature, Purpose, and Beneficiaries of Project: The Applicant (M&M at Montebello, LLC) seeks approval of an amended and restated statutory development agreement for the property located at 1345 N. Montebello Boulevard, City of Montebello, California 90640. The proposed project would allow the entire existing warehouse structure (formerly used by Costco) to be used for a "last-mile delivery facility" (such as Amazon), and reserving the remainder of the property (comprised of approximately 3.63 acres) for a future mixed-use retail and/or residential development with parking facilities, subject to future discretionary land use approvals by the City of Montebello and subject to and contingent upon satisfying the requirements of the California Environmental Quality Act ("CEQA").

Name of the Public Agency Approving the Project: City of Montebello
Name of Person or Agency Carrying Out the Project: M&M at Montebello, LLC ("M&M Realty Partners")

Exempt Status (*check one*)
☐ Ministerial (Sec. 21080(b)(1); 15268(b)(3))
☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
☒ Categorical Exemption. Class 1 (Existing Facilities), CEQA Guidelines Section 15301
☐ Statutory Exemptions.

Justification for Project Exemption:
The proposed Amended and Restated Development Agreement (Case No. DA 01-21) is a discretionary action of the City and is considered a "project", per the California Environmental Quality Act (CEQA). The project is categorically exempt under CEQA as a "Class 1 exemption" per §15301 (Existing Facilities). Class 1 consists of the operation repair, maintenance, permitting, leasing, licensing, or minor alterations of existing private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. Under Section §15301, Existing Facilities include, but are not limited to, the following:

1. The project consists of interior or exterior alterations involving interior partitions, plumbing, and electrical conveyances;
2. Existing facilities of both investor and publicly-owned utilities used to provide electrical power, natural gas, sewage, or other public utility services; and
3. None of the limitations set forth in CEQA Guidelines 15300.2 apply.

The proposed amendment would allow the minor alternation of an existing private structure, facilities, mechanical equipment, or topographical features, and involves negligible expansion of the land uses currently permitted on the Property given the conditions of approval.

CITY OF MONTEBELLO

CITY COUNCIL/MONTEBELLO SUCCESSOR AGENCY AGENDA STAFF REPORT

TO: Honorable Mayor/Chairman and City Council/Board Members

FROM: René Bobadilla, P.E., City Manager/Executive Director of Montebello Successor Agency

BY: Joseph Palombi, Director of Planning and Community Development

SUBJECT: **Adopt Resolution No. 21-62 Approving the Purchase and Sale Agreement for the Proposed Disposition of Real Property Located at 310 W. Whittier Boulevard and Authorizing the City Manager to execute the Purchase and Sale Agreement on Behalf of the City of Montebello; Adopt Resolution No. 21-63 Pursuant to Surplus Land Act**

DATE: July 28, 2021

RECOMMENDATIONS:

Staff recommends that the City Council/Successor Agency to the former Community Redevelopment Agency of the City of Montebello adopt Resolution No. 21-62:

1) Approving the Successor Agency's disposition of the real property located at 310 W. Whittier Boulevard in the City of Montebello, California identified as Los Angeles County Assessor's Parcel Nos. 6346-022-900, 6346-022-901, 6346-023-900, and 6346-023-901 for $8,300,000; and

2) Approving the form and material terms of the Purchase and Sale Agreement, and authorize the Executive Director (i.e. City Manager) and Agency Counsel (i.e. City Attorney) to finalize negotiations and the agreement (provided that no material changes to the purchase price or property are made); and

3) Authorize the Executive Director to execute the final Purchase and Sale Agreement between the Successor Agency to the Redevelopment Agency of the City of Montebello and Sonic Vet LLC, and any related documents necessary to reasonably complete the proposed disposition in accordance with the final agreement; and

4) Take such additional, related, action that may be necessary to implement the approved transaction.

Staff also recommends that the City Council/Successor Agency to the former Community Redevelopment Agency of the City of Montebello adopt Resolution No. 21-63 to Declare the Property "Surplus" Under and Certify Compliance with the Surplus Land Act.

FISCAL IMPACT

The Successor Agency is proposing to sell the Property to Sonic Vet LLC for the appraised market value of $8,300,000, including the termination of any existing subleases, and approximately $2,200,000 of these proceeds will be used to retire an existing "enforceable obligation" associated with the Property. The proposed disposition is consistent with the Successor Agency's Long-Range Property Management Plan ("LRPMP"), which was previously approved by the Montebello Oversight Board ("Oversight Board") and California Department of Finance. Any revenues generated from the proposed disposition of the Property (identified as Property #4 in the LRPMP) would be used to pay an existing enforceable obligation associated with the Property and otherwise allocated to area taxing entities as property tax revenues pursuant to State Dissolution Law (Health & Safety Code § 31470 *et seq*.).

BACKGROUND

A. The Property

The real property asset listed as Property #4 in the Successor Agency's LRPMP is located at 310 W. Whittier Boulevard in the City of Montebello, California identified as Los Angeles County Assessor's Parcel Nos. 6346-022-900, 6346-022-901, 6346-023-900, and 6346-023-901 (the "Property"). The Property is comprised of approximately 2.7 acres located in the C-2 (General Commercial) Zone, and is currently improved with commercial structure of an approximately 42,737 square feet that was built in 2003. The Property also is also improved with a parking structure and surface parking to serve the existing automotive commercial use.

B. The Former RDA's Purchase and the Deed of Trust

The Former RDA purchased the Property from the then-owner (Mr. Ara Sevacherian) in March 2009 for $12,000,000. A portion of this purchase price was financed by a promissory note issued by the Former RDA to Mr. Sevacherian in the amount of $4,200,000. The promissory note is secured by a deed of trust that was recorded on the Property and carries a five (5) percent interest with a 20-year term. The first ten (10) years were interest-only payments, and the principle and interest payments are made from years ten (10) and twenty (20) until retired in 2030.

The promissory note remains outstanding and is listed on the Successor Agency's Recognized Obligation Payment Schedule ("ROPS") with approximately $2,200,000 remaining due, and debt payments totaling approximately $337,800 annually.

C. The Retail Lease and Sublease

Concurrently with its purchase of the Property, the Former RDA entered into a Retail Lease Agreement with Arsev, Inc., dba Ostrom Chevrolet ("Ostrom Chevrolet") for continued operations of the car dealership that had long-been operated on the property (the "Retail Lease"). The initial term of the Retail Lease was five (5) years, with five (5) successive options extensions of five (5) years each (at Ostrom's option) through December 31, 2039. Rent escalators are built into each extension term.

Subsequently in April 2010, Ostrom Chevrolet "subleased" the Property to the Montebello Auto Group, LLC ("Montebello Auto") which holds the franchise and operates the Montebello Chevrolet that is now operated on the Property ("Sublease"). The term of the Sublease runs contemporaneous with the Retail Lease, with the same optional extensions of five (5) years each and expiring on December 31, 2039.

D. The Redevelopment Dissolution Law and LRPMP

In February 2012, by virtue of the Redevelopment Dissolution Law (Health & Safety Code § 31470 *et seq*.) ownership of the Property, the Retail Lease, and amounts owed under the Promissory Note all passed to the control and responsibility of the Successor Agency. The Dissolution Law requires the Successor Agency to dispose of real property assets in accordance with its LRPMP, and directs the proceeds resulting from any sale to be used for paying approved "enforceable obligations" or otherwise allocated to area taxing entities as property tax revenues. (H&S Code §§ 34177(e), 34177.3(c).)

Because of the long-term leases on the Property (described above), the Successor Agency did not anticipate that sale of the Property would be a viable option until closer to the lease expiration dates. For this reason, the Successor Agency's LRPMP recommended that the Property be used to satisfy the Retail Lease, and upon expiration of the Lease in the year 2030, that the Property be sold by auction or negotiated sale for an "automotive commercial" use.

DISUCSSION

In late 2020, Montebello Auto inquired with the Successor Agency as to the prospect of purchasing the Property with the goal of continuing operation of the existing car dealership, with purchase being made through an affiliated corporation - Sonic Vet LLC ("Sonic Vet").

Before engaging in negotiations, an Appraisal Report was prepared for the Property on January 24, 2021 (please see Attachment D). The Appraisal Report contained hypothetical scenarios based on assumptions, taking into consideration the Retail Lease and market projections but concluded that the Property was valued at $8,300,000 considering the projected buyout of the Lease with Ostrom Chevrolet valued at approximately $1,130,000.

Before engaging in negotiations with Sonic Vet, as required by the Surplus Lands Act (as recently amended by the California legislature, the Successor Agency sent a "Notice of Availability/Offer to Sell Surplus Property" to all required entities and/or affordable housing developers, including the California Department of Housing and Community Development ("HCD"), regarding its intent to sell the Property.

As prescribed by HCD, the Notice of Availability was transmitted to HCD, local public entities, developers who have notified HCD of their interest in developing affordable housing on surplus local public land. The Notice of Availability was also posted on the City's website: https://www.cityofmontebello.com/notice-of-availability-noa.html

Pursuant to the Surplus Land Act, the Notice of Availability was circulated for 60 days beginning March 29, 2021 through May 28, 2021. The City did not receive any letters of interest or communications from affordable housing developers regarding the Property. As a result, the City subsequently commenced negotiations with Sonic Vet, and have confirmed the other interested-parties willingness to participate in the transaction. Specifically: the Successor Agency confirmed Ostrom Chevrolet's willingness to terminate the Retail Lease to facilitate the transaction; and Ostrom Chevrolet and Montebello Auto have agreed to terminate their Sublease in the event of the transaction.

ANALYSIS

Sale of the Property to Sonic Vet is consistent with and expedites administration of the Successor Agency's LRPMP. The transaction provides an opportunity to extinguish long-lease management obligations of the Successor Agency related to the Property, and to convert an existing non-property-tax bearing asset into a renewed property tax producing asset. The Successor Agency will also be able to utilize a portion of the proceeds to retire debt associated with the Property, thereby saving on future interest payments and administrative costs associated with the Property. Moreover, the Property will continue to be utilized as an automotive commercial/retail use for the foreseeable future, and thereby preserving both the property tax and sales-tax generating value of the site to the community. The fair market sale price will also result in property tax revenues being allocated to area taxing entities.

If the Successor Agency adopts the Resolution approving the transaction, the Oversight Board (which is also required to approve the transaction) is scheduled to consider the

matter in September 2021. Contemporaneously, staff would complete reporting requirements to HCD associated with the disposition of a surplus property. Baring objection from the Oversight Board or HCD, staff anticipates the transaction closing in sixty (60) to ninety (90) days.

ENVIRONMENTAL

The adoption of the proposed Resolutions are not subject to California Environmental Quality Act (CEQA) because CEQA Guidelines section 15060(c)(2) states that a project is not subject to CEQA review where the activity will not result in a direct or reasonably foreseeable indirect physical change to the environment and is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3) which states that a project is exempt from CEQA "where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment." The Successor Agency's proposed disposition of the Property will not result in a direct or reasonably foreseeable indirect physical change to the environment and there is no possibility that the disposition of the Property will have a significant effect on the environment because the Property will continue to be used as an automotive commercial/retail use with ancillary parking areas/structures and related amenities and any future changes to the Property shall comply with CEQA at that time.

NEXT STEPS/RECOMMENDATIONS

It is recommended that the City Council/Successor Agency to the former Community Redevelopment Agency of the City of Montebello approve and adopt the attached Resolution approving the proposed disposition of the Property for $8,300,000 and authorize the City Manager, acting as the Executive Director of the Montebello Successor Agency, to execute the Purchase and Sale Agreement between the Successor Agency to the Redevelopment Agency of the City of Montebello and Sonic Vet LLC, and any related documents necessary to reasonably complete the proposed disposition in accordance with the final agreement and consistent with State law. It is also recommended that the Successor Agency adopt the second Resolution pursuant to the Surplus Lands Act.

A RESOLUTION OF THE MONTEBELLO SUCCESSOR AGENCY APPROVING THE SALE OF CERTAIN REAL PROPERTY LOCATED AT 310 W.WHITTIER BOULEVARD, CITY OF MONTEBELLO, PURSUANT TO A PURCHASE AND SALE AGREEMENT BY AND BETWEEN THE SUCCESSOR AGENCY AND SONIC VET, LLC

RECITALS

WHEREAS, the Montebello Successor Agency is owner of that certain real property located at 310 W. Whittier Boulevard, City of Montebello, California, identified as Los Angeles County Assessor's Parcel Nos. 6346-022-900, 6346-022-901, 6346-023-900, and 6346-023-901 (the "Property");

WHEREAS, the Property is listed as Property # 4 in the Successor Agency's Long Range Property Management Plan ("LRPMP") prepared pursuant to the Redevelopment Dissolution Act (Health & Safety Code § 34170 *et seq*.), which contemplates the Property's sale following expiration of long-term leases governing the site;

WHEREAS, Sonic Vet, LLC ("Buyer"), an affiliated corporation of the current sublease and party in possession of the Property, has offered to purchase the Property for the sum of Eight Million Three Hundred Thousand Dollars ($8,300,000), an amount equal to the fair market value therefor determined in an appraisal obtained by the Successor Agency, and after such purchase Buyer intends to utilize the Property for purposes consistent with City and Successor Agency's land use plans;

WHEREAS, the Successor Agency has duly considered the proposed Purchase and Sale Agreement attached hereto as Exhibit "A," and subject to satisfaction of the conditions of closing escrow set forth therein, including but not limited to approval of the transaction by the Successor Agency's Oversight Board under the Dissolution Law, the Successor Agency finds that sale of the Property to Buyer is consistent with the Long Range Property Management Plan, and furthers the interests of the area taxing entities, as proceeds of the sale will be used to retire enforceable obligations of the Successor Agency and otherwise distributed to taxing entities, and the City of Montebello and Successor Agency will be relieved of the cost and responsibility for maintaining the Property and administering related leases and agreements; and

WHEREAS, all legal prerequisites to the adoption of this Resolution have been duly performed.

NOW THEREFORE, THE MONTEBELLO SUCCESSOR AGENCY HEREBY FINDS, DECLARES AND RESOLVES AS FOLLOWS:

SECTION 1. The foregoing recitals are true and correct and incorporated into this Resolution by this reference and constitute a material part hereof.

SECTION 2. The Successor Agency hereby approves sale of the Property to Sonic Vet LLC, in the amount of Eight Million and Three Hundred Thousand Dollars and 0/100 Cents ($8,300,000), and authorizes and approves the Purchase and Sale Agreement substantially in the form attached hereto as Exhibit A, subject to final non-monetary revisions and changes approved by the Executive Director and Agency Counsel that are consistent with this Resolution, and thereafter authorizes and directs the Executive Director to execute the Agreement in the form approved by Agency Counsel. The Executive Director is further authorized and directed on the Successor Agency's behalf and to take such further action(s) as is reasonably necessary to effectuate the purpose of this Resolution.

SECTION 3. The City Council / Successor Agency hereby authorizes the City Manager/Executive Director to execute the agreement along with all documents reasonably necessary to effectuate the intent of this Resolution.

SECTION 4. The City Clerk shall certify to the passage and adoption of this resolution, which shall become effective immediately upon adoption.

A RESOLUTION OF THE MONTEBELLO SUCCESSOR AGENCY DECLARING CERTAIN REAL PROPERTY LOCATED AT 310 W. WHITTIER BOULEVARD, CITY OF MONTEBELLO, TO BE "SURPLUS" LAND PURSUANT TO AND CERTIFYING COMPLIANCE WITH THE SURPLUS LAND ACT

RECITALS

WHEREAS, the Successor Agency is the owner in fee simple of that certain parcel of real property located at 310 W. Whittier Boulevard in the City of Montebello, California, specifically identified as Los Angeles County Assessor's Parcel Nos. 6346-022-900, 6346-022-901, 6346-023-900, and 6346-023-901, and listed as "Property #4" in the Successor Agency's Long Range Property Management Plan (the "Property"); and

WHEREAS, given existing improvements and long-term contractual commitments burdening the Property, as detailed in the staff report and materials presented to the Successor Agency in connection with this matter, the Property is not necessary or suitable for the "Agency's use" within the meaning of the Surplus Lands Act (as amended by Assembly Bill 1486 and codified in Government Code sections 51036 *et seq*., at times simply the "Act"); and

WHEREAS, as required by the Act, the Successor Agency has heretofore issued a written notice of availability for the Property pursuant to Section 54222, and the Successor Agency did not receive any notices of interest to purchase or lease the Property during the statutory noticing period; and

WHEREAS, having now satisfied the procedural and noticing requirements of the Surplus Land Act, the Successor Agency now desires to formally declare the Property to be "surplus" as required by the Act as a condition precedent to selling the Property.

NOW, THEREFORE, THE MONTEBELLO SUCCESSOR AGENCY HEREBY FINDS, DECLARES AND RESOLVES AS FOLLOWS:

SECTION 1. Based upon staff reports, presentations, public testimony, and other matters presented to the Successor Agency during the public meeting at which this item was considered, the Successor Agency finds and declares that the foregoing recitals are true and correct and incorporated into this Resolution by this reference as a material part hereof; and based upon such information, makes the additional factual findings and declarations set forth below.

SECTION 2. The Successor Agency hereby declares that the Property is "surplus" land within the meaning of the Surplus Land Act, and that the Successor Agency has

complied with all procedural and substantive requirements of the Act associated with the disposition of the Property, including but not limited to issuing the notices of availability for the Property required by the Act prior to commencing negotiations for its disposition.

SECTION 3. The Successor Agency authorizes and directs the Executive Director to provide the notices of this Resolution required by law, and to take such further actions as are reasonably necessary to effectuate the purpose of this Resolution and satisfy the requirements of the Surplus Land Act relating to the disposition of the Property.

SECTION 4. This Resolution has been reviewed with respect to the applicability of the California Environmental Quality Act (Public Resources Code Section 21000 *et seq.)* ("CEQA"). The designation of this Property as surplus does not have the potential for creating a significant effect on the environment and is therefore exempt from further review under CEQA pursuant to State CEQA Guidelines Section 15060(c)(3) because it is not a project as defined by the CEQA Guidelines Section 15378. Adoption of the Resolution does not have the potential for resulting in either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment.

SECTION 5: That the City Clerk shall certify to the passage and adoption of this Resolution and that the same shall be in full force and effect immediately upon adoption.

PURCHASE AND SALE AGREEMENT AND ESCROW INSTRUCTIONS

THIS PURCHASE AND SALE AGREEMENT AND ESCROW INSTRUCTIONS (this "Agreement"), is dated July __, 2021 ("Effective Date") and is entered into by and between THE SUCCESSOR AGENCY TO THE REDEVELOPMENT AGENCY OF THE CITY OF MONTEBELLO, a public entity established and existing pursuant to California Health and Safety Code section 34170 *et. seq*. ("Seller"), and SONIC VET LLC, a California limited liability company ("Buyer"), with reference to the following facts:

RECITALS

A. This Agreement concerns that certain parcel(s) of real property and associated improvements located at 310 W. Whittier Blvd., City of Montebello, California, 90640, consisting of 45,211 square feet on approximately 2.7 acres of land, and particularly identified in the Official Records of the County of Los Angeles as Assessor's Parcel Numbers 6346-022-900; 6346-022-901; 6346-023-900; 6346-023-901, and legally described in Exhibit A attached hereto, together with all rights, title and interest in and to all appurtenances, leases (if any), service contracts (if any), personal property (tangible and intangible) owned by Seller and used exclusively for the real property (if any), and improvements located thereon (including but not limited to a commercial building currently used as a car dealership as further described in this Agreement) (collectively, the "Property").

B. Buyer desires to purchase the Property from Seller, and Seller – as successor to the former Community Redevelopment Agency of the City of Montebello's ("Former Agency") rights and interests relating to the Property pursuant to California Health & Safety Code sections 34170 *et seq*. (the "Dissolution Law") – desires to sell the Property to Buyer, subject to and conditioned upon the terms and conditions set forth in this Agreement.

C. All legal prerequisites to the Parties' approval of this Agreement have occurred.

NOW THEREFORE, in consideration of the mutual covenants, agreements, and representations contained in this Agreement, the Parties hereto agree as follows:

ARTICLE I

INCORPORATION OF RECITALS

The foregoing recitals are deemed true and correct by the Parities and are incorporated as a material part of this Agreement.

ARTICLE II

PURCHASE AND SALE

2.1 Purchase and Sale. Pursuant to the terms and conditions contained in this Agreement, Seller hereby agrees to sell the Property to Buyer and Buyer hereby agrees to purchase the Property from Seller.

2.2 Purchase Price. The purchase price ("Purchase Price") to be paid by Buyer to Seller in consideration for the Property shall be EIGHT MILLION AND THREE HUNDRED THOUSAND DOLLARS and 0/100 CENTS ($8,300,000.00), which shall be payable by Buyer to Seller through Escrow (as hereinafter defined) at the Closing (as hereinafter defined) as described further below; provided that Buyer may elect to pay the Purchase Price in cash at any time prior to the Closing.

2.3 **Property and Improvements.** The Property includes, at no additional cost to Buyer, the permanent improvements existing thereon as of the date of this Agreement, including those items which pursuant to applicable law are part of the real property, as well as the following items, if any, presently located on the Property: electrical distribution systems (power panel, bus ducting, conduits, disconnects, lighting fixtures); telephone distribution systems (lines, jacks and connections only); space heaters; heating, ventilating, air conditioning equipment ("HVAC"); air lines; fire sprinkler systems; security and fire direction systems; carpets; window coverings; wall coverings; and all other property owned by Seller or Tenant and located at the Property, if any (collectively, the "Improvements").

ARTICLE III
PURCHASE PRICE AND DEPOSITS

3.1 Opening of Escrow. Within ten (10) business days after this Agreement is executed by the Parties, this Agreement is approved by the Oversight Board (as described below), or expiration of applicable time periods under the Surplus Land Act (as described below), whichever of the foregoing last occurs, Seller and Buyer shall open an escrow ("Escrow") through First American Title Insurance Company ("Escrow Holder"), Attention: TBD ("Escrow Agent"), by delivering an executed copy of this Agreement to Escrow Agent ("Opening of Escrow"). The opening date of Escrow ("Opening Date") shall be the date on which Escrow Holder receives a fully executed copy of this Agreement. Escrow Holder shall notify the Parties in writing of the Opening Date when established.

3.2 Deposit. Within five (5) business days after the Opening of Escrow, Buyer shall deliver a deposit (the "Deposit") in the amount of TWO HUNDRED AND FIFTY THOUSAND DOLLARS and No/Cents ($250,000.00) to the Escrow Holder The Escrow Agent shall place the Deposit into a federally insured interest-bearing account designated by Buyer. If said the Deposit is not received by Escrow Holder within the time required by this section, then Seller may elect to unilaterally terminate this transaction by giving written notice of such election to Escrow Holder. In such event, neither Party shall have any further liability to the other under this Agreement, and Buyer shall be entitled to the prompt return of any funds deposited into Escrow, plus any interest earned thereon, less only Escrow Holder and Title Company cancellation fees and costs, which Buyer shall pay in full from amounts in Escrow or by direct payment of other funds to Escrow.

3.3 Closing of Escrow. The closing of the Escrow ("Close of Escrow" or "Closing") shall be in accordance with Article IV of this Agreement.

3.4 Balance of Purchase Price. Upon the Close of Escrow, the amount of the Deposit shall be credited toward the Purchase Price. Buyer shall deposit with the Escrow Agent the Purchase Funds in accordance with Section 3.7, in sufficient time such that the Escrow Agent will be able to disburse the proceeds as directed at the Close of Escrow.

3.5 Escrow Instructions. This Agreement shall constitute joint primary escrow instructions to the Escrow Agent; provided, however, the Parties shall execute such additional instructions as requested by the Escrow Holder not inconsistent with the provisions hereof. This Agreement and any such escrow instructions executed by the Parties shall constitute the "Escrow Instructions" for the transaction described in this Agreement. In the event of any inconsistency between the Escrow Instructions and this Agreement, this Agreement shall control the rights and obligations of the parties.

3.6 Liquidated Damages. IF THE TRANSACTION CONTEMPLATED UNDER THIS AGREEMENT IS NOT CONSUMMATED DUE TO A BREACH OR DEFAULT OF BUYER THAT IS NOT CURED IN ACCORDANCE WITH THIS AGREEMENT, THEN SELLER SHALL HAVE THE RIGHT TO RECEIVE AND RETAIN THE DEPOSIT AS LIQUIDATED DAMAGES AS SELLER'S SOLE AND EXCLUSIVE REMEDY, EXCEPT THIS SECTION SHALL NOT LIMIT SELLER'S CLAIMS FOR ATTORNEYS' FEES UNDER THIS AGREEMENT. THE RETENTION OF THE DEPOSIT AS LIQUIDATED DAMAGES IS NOT INTENDED AS A FORFEITURE OR PENALTY WITHIN THE MEANING OF THE CALIFORNIA CIVIL CODE, BUT IS INTENDED TO CONSTITUTE LIQUIDATED DAMAGES TO SELLER PURSUANT TO THE CALIFORNIA CIVIL CODE. BUYER AND SELLER AGREE THAT (I) THE AMOUNT OF LIQUIDATED DAMAGES IS REASONABLE CONSIDERING ALL OF THE CIRCUMSTANCES EXISTING AS OF THE DATE OF THIS AGREEMENT, INCLUDING THAT ASCERTAINING THE AMOUNT OF SELLER'S ACTUAL DAMAGES WOULD BE COSTLY AND INCONVENIENT; AND (II) THE AMOUNT OF THE LIQUIDATED DAMAGES CONSTITUTE A REASONABLE ESTIMATE OF THE DAMAGES TO SELLER, INCLUDING THE COST OF NEGOTIATING AND DRAFTING THIS AGREEMENT, COSTS OF COOPERATING IN SATISFYING CONDITIONS TO CLOSING, COSTS OF SEEKING ANOTHER BUYER, OPPORTUNITY COSTS IN KEEPING THE PROPERTY OUT OF THE MARKETPLACE AND OTHER COSTS INCURRED IN CONNECTION WITH THIS AGREEMENT. BUYER HAS REVIEWED THE EFFECT OF THIS PROVISION WITH LEGAL COUNSEL AND HAS AGREED THAT SUCH DAMAGES ARE A REASONABLE AND FAIR ESTIMATE OF THE DAMAGES SELLER WILL SUSTAIN IF AN EVENT OF DEFAULT BY BUYER OCCURS. UPON ANY BREACH OR DEFAULT BY BUYER UNDER THIS AGREEMENT THAT HAS NOT BEEN CURED IN ACCORDANCE WITH THE TERMS HEREOF, THIS AGREEMENT SHALL BE TERMINATED AND NEITHER PARTY SHALL HAVE ANY FURTHER RIGHTS OR OBLIGATIONS HEREUNDER, EXCEPT FOR THE RIGHT OF SELLER TO RECEIVE AND RETAIN THE DEPOSIT AS LIQUIDATED DAMAGES IN ACCORDANCE WITH THIS SECTION. BY INITIALING THIS SECTION IMMEDIATELY BELOW, SELLER AND BUYER ACKNOWLEDGE THEIR APPROVAL OF THIS LIQUIDATED DAMAGES PROVISION AND AFFIRM THEIR RESPECTIVE AGREEMENTS CONTAINED IN THIS SECTION.

Buyer's Initials Seller's Initials

3.7 Form of Payment. All money payable under this Agreement, for the Deposit, the Purchase Funds or otherwise, shall be paid in cash, by wire transfer, or by a cashier's check or certified check of immediately available Federal funds of the United States.

ARTICLE IV
CONDITIONS PRECEDENT

The purchase and sale under this Agreement shall be subject to the satisfaction of the conditions precedent set forth in this Article IV (unless waived in writing by the Party to whom the benefit of such condition runs) on or before the Closing Date, or such earlier date as is specified in this Agreement, each of which conditions shall be a covenant of the Party required to perform such condition.

4.1 Conditions to Buyer's Obligations and Due Diligence Period.

A. Financing Contingency. Buyer's obligation to purchase the Property from Seller is contingent upon Buyer obtaining, from an insurance company, financial institution or other lender, a commitment to lend to Buyer a sum equal to at least seventy five percent (75%) of the Purchase Price, on commercial reasonable terms acceptable to Buyer ("Purchase Mortgage"). Such Purchase Mortgage shall be secured by a first deed or trust or mortgage on the Property. Buyer shall provide Seller with a copy of the commitment for any proposed Purchase Mortgage. **If Buyer fails to notify its Broker, Escrow Holder and Seller, in writing within one hundred and twenty days (120) following the Effective Date, that the Purchase Mortgage has not been obtained, it shall be conclusively presumed that Buyer has either obtained said Purchase Loan or has waived this contingency.** If Buyer shall notify its Broker, Escrow Holder and Seller, in writing, within the time specified in this section, that Buyer has not obtained said Purchase Mortgage, then this Agreement shall be terminated, and Buyer shall be entitled to the prompt return of the Deposit, plus any interest earned thereon, less only Escrow Holder and Title Company cancellation fees and costs, which Buyer shall pay in full.

B. Termination of Sublease. Prior to Buyer's obligation to purchase the Property from Seller, that certain Dealership Sublease for the Property by and between Arsev, Inc., dba Ostrom Chevrolet, as sublandlord ("Arsev"), and Montebello Auto Group, LLC, as subtenant ("Buyer's Affiliate") dated April 27, 2010 (together with that certain Memorandum of Sublease recorded on the Property on September 3, 2010 as Instrument No. 20101246760 in Los Angeles County Official Records, collectively, the "Sublease"), shall be terminated by and among the parties thereto. As a condition precedent to Buyer's obligation to purchase the Property and the Closing, Arsev and Buyer's Affiliate shall have delivered to Escrow Holder (with a copy to Seller and Buyer) a countersigned Notice of Sublease Termination in a form reasonably acceptable to Buyer and Seller ("Sublease Termination"), the effectiveness of which shall be contingent on and even with the Closing. Prior to the Closing, Escrow Holder shall ensure that the Sublease is removed from Title and will be of no further force and effect following the Closing.

C. Termination of Retail Lease. Prior to Buyer's obligation to purchase the Property from Seller, that certain Retail Lease for the Property by and between the Former Agency and Arsev dated February 18, 2009, as such was subsequently amended by way of that First Amendment to Retail Lease dated October 28, 2009 (collectively, the "Retail Lease"), shall be terminated by and among the parties thereto. As a condition precedent to Buyer's obligation to purchase the Property and the Closing, Arsev and Seller (as successor in interest to the Former Agency under the Retail Lease) shall have delivered to Escrow Holder (with a copy to Buyer) a countersigned Notice of Retail Lease Termination in a form reasonably acceptable to Buyer ("Retail Lease Termination"), the effectiveness of which shall be contingent on and even with the Closing. Prior to the Closing, Escrow Holder shall ensure that the Retail Lease is removed from Title and will be of no further force and effect following the Closing.

D. Delivery of Title Report; Seller's Cure. Seller shall cause First American Title Insurance Company ("Title Insurer") to deliver to Buyer a current preliminary title report for the Property ("Title Report") within ten (10) business days following the Opening of Escrow, together with copies of any exceptions referred to in Schedule B of the Title Report. **EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT, THE PROPERTY IS TO BE SOLD "AS-IS," WITH NO CONDITIONS AND THE BUYER SHALL ACQUIRE THE PROPERTY SUBJECT TO ALL EXCEPTIONS DESCRIBED IN THE TITLE REPORT THAT ARE APPROVED BY BUYER IN ACCORDANCE WITH THE TERMS OF THIS AGREEMENT** (collectively, "Approved Exceptions"). Notwithstanding the foregoing, Seller shall be obligated to take such actions as may be reasonably required by Title Insurer so that Title Insurer is willing to issue title insurance to Buyer without exception for any monetary liens, including, without limitation, any mechanic's liens or liens securing any mortgage, deed of trust or other financing. At the Closing, Seller shall deliver title to the Property to Buyer subject only to the Approved Exceptions.

(i) Cell Tower Lease and Tenant an Approved Exception. As of the Effective Date, a ground lease exists for a portion of the Property by and between the Former Agency (as successor in interest to Ara Sevacherian) and Omnipoint Communications Inc., a subsidiary of T-Mobile USA Inc., a Delaware corporation ("T-Mobile"), dated March 26, 2008 (the "Cell Tower Lease"), that allows for the installation and operation of a telecommunications facility by T-Mobile and its successors or assigns, as expressly provided in the Cell Tower Lease. Seller discloses and Buyer acknowledges, that as of the Effective Date, the term of the Cell Tower Lease has expired but the T-Mobile remains in possession thereunder on a month-to-month basis and is continuing to pay rent in accordance with the terms of the Cell Tower Lease. At the Closing, the Cell Tower Lease shall be considered an Approved Exception and shall be expressly assigned by Seller to Buyer and assumed by Buyer upon the purchase of the Property under this Agreement pursuant to a written assignment and assumption of lease in form reasonably acceptable to Buyer and Seller that shall be executed by the parties and delivered to Escrow Holder on or before the Closing Date.

(ii) Repayment and Reconveyance of Deed of Trust. As of the Effective Date, a deed of trust and security agreement dated April 2, 2009, is recorded on the Property as of April 17, 2009 as Instrument No. 20090560054 in Los Angeles County Official Records (the "Deed of Trust"), securing that certain promissory note dated April 2, 2009, executed and delivered by the Former Agency in favor of Ara Sevacherian in the original

principal amount of $4,265,165.00 (the "Promissory Note"). Seller discloses and Buyer acknowledges that, as of the Effective Date, amounts remain due and owing by the Former Agency under said Deed of Trust and Promissory Note. The Parties agree and direct Escrow Holder that, as a condition of the Closing, amounts due and owing by the Former Agency under the Promissory Note shall be paid in full from the proceeds of the Purchase Price deposited by Buyer into Escrow, and prior to the Closing, Seller and Escrow Holder shall cause to be recorded a full release and reconveyance of the Deed of Trust executed by the beneficiary thereunder (the "Deed of Trust Release") such that Title to the Property is conveyed to Buyer at the Closing free and clear of the Deed of Trust.

(iii) Buyer's Notice of Objection. If the Title Report contains exceptions which are not acceptable to Buyer (other than the Lease, Sublease, and Deed of Trust that will be removed prior to Closing as described above) ("Unpermitted Exceptions"), Buyer shall, within fifteen (15) business days after receipt of the updated Title Report, deliver to Seller written notice of Buyer's objections (a "Notice of Objection"), if any, to such exceptions. If Buyer fails to deliver a Notice of Objection in accordance with the foregoing sentence, Buyer shall be deemed to have waived its right to object to any exceptions which would otherwise be Unpermitted Exceptions, and such exceptions shall thereafter be deemed Permitted Exceptions (as defined below).

(iv) Seller's Response Notice. Within ten (10) days following the date of receipt of a Notice of Objection (the "Seller Notice Period") from Buyer, Seller shall give notice (a "Response Notice") advising Buyer whether Seller will cause any of the Unpermitted Exceptions to be removed from the Title Report at or prior to Closing. If Seller fails to give the Response Notice during the Seller Notice Period, Seller shall be deemed to have determined that it will not cause any Unpermitted Exceptions to be removed from the Title Report or otherwise addressed to the satisfaction of Buyer prior to Closing.

(v) Title Termination Notice. Unless Seller agrees to cause all of the Unpermitted Exceptions to be removed from the Title Report or otherwise addressed to the satisfaction of Buyer, Buyer may terminate this Agreement by giving notice in writing to Seller (the "Title Termination Notice") within ten (10) business days following Buyer's receipt of the Response Notice or the date the Response Notice is deemed given. If Buyer gives a Title Termination Notice: (a) the Deposit shall be returned to Buyer, and; (b) this Agreement shall become null and void and of no further force or effect, except for those provisions that survive the early termination of this Agreement.

(vi) Specific Exclusions. Notwithstanding anything to the contrary set forth in this Article IV, any title matter arising after the date of the Title Report and added to the Title Report after its original issuance or any survey matter arising after the Due Diligence Period may be a Permitted Exception but first shall be subject to the same procedures set forth in this Section 4.1.D. (provided, however, that Buyer agrees to deliver a Notice of Objection no later than ten (10) business days following receipt of an update to the Title Report or Survey; and Seller shall have ten (10) business days to deliver a Response Notice). To the extent necessary the Closing shall be extended to accommodate such matters.

E. Delivery of Title and Title Insurance. Seller shall convey title to the Property to Buyer at the Closing (defined in Section 4.1 of this Article), subject only to the Permitted Exceptions. The term "Permitted Exceptions" shall mean: (i) liens for real property

taxes shown as exceptions in the Title Report provided that the taxes are not delinquent; (ii) the standard exclusions to coverage under Title Insurer's Owner's Policy of Title Insurance ("Title Policy"); and (iii) any other lien, encumbrance, title exception or defect that appears in the Title Report, which Buyer has approved or which is caused by Buyer prior to the Closing. Notwithstanding the foregoing or anything in this Agreement, in no event shall any of the following be considered Permitted Exceptions: deeds of trust or mortgages; lease agreements, judgments; mechanics' and materialmen's liens; tax liens; or liens, encumbrances or other title matters created by Seller after the date of this Agreement, other than those created with the prior written consent of Buyer. Buyer agrees that Seller's obligation to convey title to Buyer shall be deemed satisfied upon Title Insurer's willingness to issue the Title Policy subject only to the Permitted Exceptions.

F. Inspection. Buyer shall conduct or review such surveys, investigations, studies and inspections and make or review such geologic, environmental and soils tests and other studies of the Property as Buyer, in Buyer's discretion, deems necessary to determine the physical and land use characteristics of the Property (including its subsurface) and the Property's suitability for Buyer's anticipated use.

G. Review of Documents. Buyer has possession of copies of the documents, if any, listed on Exhibit B, and shall review the same. Seller represents that the documents listed on Exhibit B represent all documents which Seller has known possession.

H. Representations and Warranties. Each of the representations and warranties by Seller contained in Section 9.1 was true and correct in all material respects as of the date made and continues to be true and correct in all material respects as of the Closing.

I. Delivery of Closing Documents. Execution, delivery and acknowledgement as appropriate by Seller, Buyer's Affiliate, and/or Tenant, as applicable of the closing documents set forth in Section 5.1B(i) and other necessary closing documents as may be reasonably requested by Buyer or Escrow Agent.

J. Due Diligence Period. Buyer shall have sixty (60) calendar days after the Opening of Escrow (the "Due Diligence Period") to: (i) review the exceptions, legal descriptions and other matters contained in the Title Report; (ii) conduct or review such surveys, investigations, studies and inspections and make or review such geologic, environmental and soils tests and other studies of the Property; (iii) review the documents listed on Exhibit B, if any, and; (iv) review all other applicable due diligence materials respecting the Property (collectively, the "Due Diligence Items"). If Buyer, in its sole and absolute discretion, determines that the results of any information, inspection, test, examination or any investigation provided under this Agreement or performed or obtained during the Due Diligence Period fails to meet Buyer's criteria (established in Buyer's sole and absolute discretion) for the purchase and use of the Property in the manner contemplated by Buyer, or Buyer deems the Property to be unsuitable for Buyer's purposes for any reason, then Buyer shall have the option to terminate this Agreement and shall so advise Seller by written notice (the "Disapproval Notice"), with a copy to Escrow Agent, given no later than 5:00 p.m. (Pacific Standard Time) on or before the last day of the Due Diligence Period. In the event Buyer provides the Disapproval Notice to Seller on or before the expiration of the Due Diligence Period, then this Agreement shall be deemed

terminated, in which event: (i) Buyer shall be entitled to receive a refund of any funds placed in Escrow (including the Deposit); (ii) Buyer and Seller shall each pay one-half of Escrow expenses, excepting an ALTA survey, incurred to date of termination; and (iii) neither party shall have any right against the other arising out of such termination. If Buyer fails to timely deliver the Disapproval Notice on or before the expiration of the Due Diligence Period, this Agreement shall remain in full force and effect. Upon the written request of the Buyer, the Executive Director of the Successor Agency shall have the discretion to extend the Due Diligence Period for up to an additional sixty (60) calendar days.

K. Access to Property. Buyer acknowledges and agrees that as of the date of this Agreement it is in possession of the Property under the Sublease, and at all times during the term of the Escrow will remain in possession of the Property. Buyer, its agents, contractors and subcontractors, shall have the right to enter upon the Property thereon to make any and all inspections and tests as Buyer deems desirable in its sole discretion. Buyer shall provide Seller with a copy of the results, reports or findings ("Results") from such testing within ten (10) business days of Buyer's receipt of the same. Buyer further agrees to use the Results solely in connection with its review of the Property, and not to disclose, communicate or publish the nature or content of the Results to any person or entity, except to its personnel, representatives, consultants, directly involved in its review of the Property, or as otherwise required by law, regulation, legal process or regulatory authority.

For any entry to the Property by Buyer for such purposes, Buyer's agents, Buyer's consultants or Buyer's contractors, Buyer shall leave the Property in substantially similar condition after entry as Property or equipment upon Property was found, and Buyer expressly waives, and shall indemnify, defend and hold harmless Seller from and against, any liabilities, claims, damages (including injury or damage to person or property), losses, costs and expenses to the extent resulting from the entry, inspections and studies conducted by Buyer and or its agents, consultants and contractors on, under, or about the Property, including equipment on the Property.

L. No Material Change. No material change in the status of the use, title, occupancy or physical condition of the Property, unless caused by Buyer or its agents, shall have occurred with respect to the Property prior to Close of Escrow that has not been approved in writing by Buyer, which approval can be withheld in Buyer's sole discretion. Additionally, Seller shall: (i) maintain its existing insurance policies in full force and effect (Buyer acknowledges that Seller may be insured through the City of Montebello, a self-insured public agency and may not have specific policies in place applicable to the Property); (ii) provide prompt written notice to Buyer of any casualty or condemnation affecting any portion of the Property after the date of this Agreement, or any matter relating to zoning changes, rent control or increase in tax assessments; (iii) deliver to Buyer, promptly after receipt by Seller, copies of all notices of violation issued by any governmental authority with respect to the Property received by Seller after the date of this Agreement; (iv) advise Buyer promptly of any litigation, arbitration or other judicial or administrative proceeding which concerns or affects the Property; and (v) comply in material respects with the requirements of all contracts, licenses, permits, approvals, guaranties and warranties.

M. Seller Performance. Seller shall have delivered all documents listed on Exhibit B attached hereto, if any, and duly performed each and every undertaking, covenant and agreement required to be performed by Seller under this Agreement prior to or at the Close of Escrow.

4.2 Conditions to Seller's Obligations.

Close of Escrow and Seller's obligation to sell the Property to Buyer pursuant to this Agreement, are subject to the satisfaction of the following conditions at or prior to Closing.

A. Compliance with Applicable Laws.

(i) Dissolution Law. Prior to the effective date of this Agreement, Seller shall have obtained all authorizations and approvals necessary to sell the Property pursuant to the Dissolution Law.

(ii) Surplus Lands Act. Prior to the effective date of this Agreement, Seller shall have received all authorizations or approvals, or alternatively failed to receive any objections within the time provided, from California's Department of Housing and Community Development ("HCD") under Surplus Lands Act and implementing HCD Guidelines dated April 1, 2021.

B. Termination of Sublease. Prior to Seller's obligation to sell the Property to Buyer, Arsev and Buyer's Affiliate shall have delivered to Escrow Holder a countersigned ("Sublease Termination") which will be effective at the Closing.

C. Termination of Retail Lease. Prior to Seller's obligation to sell the Property to Buyer, Arsev shall have delivered to Escrow Holder a countersigned Retail Lease Termination in a form reasonably acceptable to Seller and the effectiveness of which shall be contingent on and even with the Closing.

D. Deed of Trust Release. Prior to Seller's obligation to sell the Property to Buyer, the beneficiary under the Deed of Trust shall have delivered to Escrow Holder and Seller a countersigned copy of the Deed of Trust Release.

E. No Default. Buyer shall not be in material default of Buyer's obligations under this Agreement, including, but not limited to, Buyer's obligation to deliver the Purchase Price into escrow on or before the Closing Date unless and until Seller has satisfied each of the foregoing conditions to close. If the conditions above have not been satisfied or waived by Seller at or before the Closing Date through no fault of Seller, then Seller may, upon written notice to Buyer, cancel the Escrow, terminate this Agreement, and recover any documents delivered to the Escrow Holder pursuant to this Agreement

F. Delivery of Purchase Price. The Purchase Funds shall be delivered by or on behalf of Buyer to Escrow Agent as described in Section 3.4, in sufficient time such that the Escrow Agent will be able to disburse the cash proceeds accruing to Seller and beneficiary under the Deed of Trust on the Close of Escrow.

G. Representations and Warranties. Each of the representations and warranties by Buyer contained in Section 8.4A and Section 9.2 below shall be determined to have been true and correct in all material respects as of the date made and shall continue to be true and correct in all material respects as of the Closing.

H. Delivery of Closing Documents. Execution, delivery and acknowledgement as appropriate by Buyer or Tenant of the closing documents set forth in Section 5.1B(ii) and other necessary closing documents as may be reasonably requested by Buyer or Escrow Agent.

4.3 Failure of Conditions. If any of the conditions precedent contained in this Article IV are not satisfied within the time periods specified in this Agreement (or waived or the time for satisfaction extended by the party to whose benefit the condition runs), the party to whose benefit the condition runs shall have the right to terminate this Agreement by delivering written notice to the other party and Escrow Agent within the time period specified by this Agreement. If Seller terminates this Agreement due to a failure of any condition to be performed by Buyer, Seller shall have the right to retain the Deposit plus any accrued interest thereon and exercise its rights under Article VI only if such failure also amounts to a default by Buyer under this Agreement; provided, however, if such failure does not amount to a default by Buyer under this Agreement, then Seller shall return the Deposit plus any accrued interest thereon to Buyer, less one-half (½) of Escrow Agent's and Title Insurer's normal escrow and title insurance cancellation fees. If Buyer terminates this Agreement due to a failure of the conditions to be performed by Seller, Seller shall return the Deposit plus any accrued interest thereon to Buyer, less one-half (½) of Escrow Agent's and Title Insurer's normal escrow and title insurance cancellation fees and exercise its rights under Article VI. Nothing contained in this Agreement is intended nor shall permit any party in default to terminate this Agreement or the Escrow provided for in this Agreement as a result of such default.

ARTICLE V
CLOSING

5.1 Closing. The purchase and sale of the Property shall be consummated at the Closing in accordance with the following:

A. Closing Date. The closing date shall occur on the date which is thirty (30) calendar days after the expiration of the Due Diligence Period, except as may be extended by the Executive Director (the "Closing Date"), at the office of the Escrow Agent or such other location as is acceptable to the parties to this Agreement. Except as provided otherwise in Article VI, if the Escrow for the Property has not closed on or before the Closing Date, either party shall have the right to terminate the Escrow unless such party is in default of its obligations under this Agreement. Except as otherwise provided in Section 4.3, if the Escrow is so terminated as a result of a failure of a condition other than as a result of Buyer's default under this Agreement, the Deposit, less Buyer's share, if any, of the Escrow Agent's and Title Insurer's escrow and title cancellation fees and expenses, will be refunded to Buyer.

B. Closing Documents.

At or prior to Closing, Seller shall deposit into Escrow a Grant Deed in substantially the form attached hereto as Exhibit C, properly executed and acknowledged by Seller, in favor of Buyer, containing the legal description of the Property and subject only to the Approved Exceptions. At or prior to Closing, Buyer and Seller shall have each deposited into Escrow any supplemental escrow instructions necessary to close this Escrow.

(i) Seller. No later than the day prior to the Closing Date, Seller shall duly execute and acknowledge as appropriate and deliver to Escrow Agent the following:

(a) A grant deed ("Deed") conveying the Property to Buyer in substantially the form attached to this Agreement as Exhibit C; and

(b) A bill of sale ("Bill of Sale"), in a form reasonably acceptable to Buyer and Seller, signed by Seller; and

(c) An assignment and assumption of lease ("Assignment of Lease"), in a form reasonably acceptable to Buyer and Seller, signed by Seller; and

(d) An assignment and assumption of service contracts ("Assignment of Service Contracts"), in a form reasonably acceptable to Buyer and Seller, signed by Seller; and

(e) A signed copy of the Retail Lease Termination Notice; and

(f) Such documents other and instruments as Escrow Agent or Title Insurer may reasonably require to evidence the due authorization and execution of the documents and instruments to be delivered by Seller under this Agreement and to issue the Title Policy.

The obligations of Seller to deliver documents and instruments into Escrow in accordance with this Section 5.1.B(i) are separate, independent covenants of Seller and shall not be conditioned upon Buyer's deliveries in accordance with Section 5.1B(ii).

(ii) Buyer. No later than the day prior to the Closing Date, Buyer shall duly execute and acknowledge as appropriate and deliver to the Escrow Agent the following:

(a) The amount of the Purchase Funds, along with Buyer's share of any costs and expenses to be paid to or through Escrow Agent, less the Deposit; and

(b) A Change of Ownership Statement, as required by Title Insurer or Escrow Agent; and

(c) A "Declaration of Restrictions and Covenants" in substantially the form attached as Exhibit D; and

(d) The Assignment of Lease, signed by Buyer; and

(e) The Assignment of Service Contracts, signed by Buyer; and

(f) A copy of the Sublease Termination Notice signed by Buyer's Affiliate; and

(g) Such documents and instruments as Escrow Agent or Title Insurer may reasonably require to evidence the due authorization and execution of the documents and instruments to be delivered by Buyer under this Agreement and to issue the Title Policy.

The obligations of Buyer to deliver funds, documents and instruments into Escrow under this Section 5.1.B(ii) shall be separate, independent covenants of Buyer and shall not be conditioned upon Seller's deliveries in accordance with Section 5.1.B(i).

C. Closing Procedure. At such time as the Escrow Agent has received all of the items specified in Section 5.1.B, and at such time as Title Insurer is prepared to issue the Title Policy in accordance with Section 4.1.B, Buyer and Seller hereby authorize and instruct Escrow Agent to: (i) deduct and pay the balance due on the Promissory Note from the Purchase Price proceeds and cause the Deed of Trust Release to be recorded at the Closing; (ii) cause Title Insurer to record the Grant Deed and Declaration of Restrictions and Covenants, and issue the Title Policy to Buyer; (ii) pay to the authorities lawfully entitled thereto any recordation fees and transfer taxes in connection with this Agreement; (iii) compute pro-rations relating to the Property for the accounts of Seller and Buyer; (iv) pay to Seller an amount equal to the Purchase Price (including the Deposit), less amounts needed to retire and repay the Promissory Note and cause a reconveyance and release of the Deed of Trust, and less any pro-rations chargeable to Seller including real estate brokerage commissions and any amounts payable by Seller to Escrow Agent for its services and expenditures in connection with this Agreement; (v) pay to Buyer the balance of the funds then held by Escrow Agent, less any pro-rations chargeable to Buyer and any amounts payable by Buyer to Escrow Agent for its services and expenditures in connection with this Agreement; and (vi) deliver to Buyer and Seller a conformed copy of the Grant Deed showing the recording information.

5.2 Fees; Expenses; Prorations.

A. Fees, Expenses, Transfer Taxes.

(i) Seller. Seller shall pay or satisfy, as applicable: (a) all documentary transfer taxes imposed in connection with the recording of the Deed; (b) one-half (½) of the Escrow Holder's charges; (c) the premium for a standard coverage owner's or joint protection Title Policy in favor of Buyer; and (d) any other customary fees and charges and expenditures authorized by Seller. The parties agree that the amount of documentary transfer taxes will not be referred to in the Deed unless required by law or to be accepted for recording.

(ii) Buyer. Buyer shall pay: (a) one-half (½) of the Escrow Holder's charges; (b) the cost of recording the Deed and all other documents recorded at the Closing; and (c) any other customary fees and charges and expenditures authorized by Buyer. Buyer shall have the right to procure an ALTA Extended Coverage Owner's Policy of Title Insurance ("ALTA Policy") and Buyer shall pay for the increased cost of such ALTA Policy above the cost of the Title Policy, the cost of any survey that the Title Insurer requires for issuance of an ALTA

Policy (other than the cost of the survey of the Property previously obtained by Seller, and a copy of which has been delivered to Buyer) and for the cost of any other increase in the amount or scope of title insurance if Buyer elects to increase the amount or scope of title insurance coverage or to obtain endorsements to the Title Policy or ALTA Policy. All other costs, if any, shall be apportioned between Buyer and Seller in the customary manner for real estate transactions in the County of Los Angeles, State of California.

B. Real Property Taxes, Assessments and Rents. All real property taxes and assessments for the fiscal years of the taxing and assessing authorities in which the Closing occurs shall be prorated on the basis of a three hundred sixty-five (365) day year at the Closing with appropriate debits and credits to the accounts of Buyer so that Buyer shall be responsible for paying all of the same to the extent duly allocable to the period commencing upon the Closing Date. Seller is a governmental entity exempt from local or state taxation. In addition, all rents, incomes and profits, if any, derived from the Property or attributable to the Property shall be prorated at the Closing with appropriate debits and credits to the accounts of Buyer and Seller so that Buyer shall pay and receive, as appropriate, all of the same to the extent duly allocable to the period commencing upon the Closing Date.

C. Commissions. The Parties represent and warrant that no real estate brokers or agents were utilized in connection with this transaction, and no such party may claim or is entitled to a real estate commission, finder's fees or any similar payments with respect to this Agreement or the sale of the Property. The Parties shall each shall protect, defend, indemnify and hold the other party harmless from and against all such claims for real estate commissions, finder's fees or any similar payments with respect to the purchase of the Property in accordance with this Agreement.

D. Rentals, Interest and Expenses. Scheduled rentals, utilities, and operating expenses shall be prorated as of the date of Closing. The Parties agree to promptly adjust between themselves outside of Escrow any rents received after the Closing.

ARTICLE VI
BREACH

6.1 General. If either Party breaches its obligations under this Agreement prior to the Closing, then the other party may, without terminating this Agreement, suspend performance by giving written notice to the other party until such breach is cured by the other party. Except for Seller's and Buyer's respective delivery obligations under Article V, including, without limitation, Buyer's delivery to the Escrow Agent of any portion of the Deposit or the Purchase Funds, neither party shall be in default under this Agreement unless it fails to cure a breach of such Party's obligations under this Agreement within twenty-four (24) hours after receipt of written notice of such breach from the non-breaching party. Nothing contained in this Agreement is intended nor shall permit any Party in default to terminate this Agreement or the Escrow provided for in this Agreement as a result of such default.

6.2 Buyer's Breach.

A. Buyer's Pre-Closing Breach. Except as expressly provided otherwise in Section 6.1, if Buyer breaches any of its obligations under this Agreement prior to the Closing

and Buyer fails to cure such breach within ten (10) calendar days after Buyer's receipt of written notice from Seller, then Seller may terminate this Agreement and retain the Deposit as liquidated damages in accordance with Section 3.6 as Seller's sole remedy. Notwithstanding the foregoing, Seller's right to recover attorneys' fees pursuant to Section 11.3 shall survive any termination of this Agreement pursuant to this Section. Buyer hereby acknowledges and agrees that in no event shall the notice and cure rights set forth in Section 6.1 apply to Buyer's failure to deliver any of the items into Escrow in accordance with Section 3.2 and Article V, including, without limitation, any portion of the Deposit or the Purchase Funds.

B. Buyer's Post-Closing Breach. If after the Closing, Buyer breaches any of its post-Closing obligations under this Agreement and Buyer fails to cure such breach within ten (10) calendar days after Buyer's receipt of written notice from Seller, then Seller shall have the right to pursue any and all remedies available to Seller at law or in equity, including the specific performance of this Agreement. Buyer hereby acknowledges that Seller's right to recover attorneys' fees pursuant to Section 11.3 shall survive the Close of Escrow and the recordation of the Deed.

6.3 Seller's Breach.

A. Seller's Pre-Closing Breach. Except as expressly provided otherwise in Sections 4.3 and 6.1, if Seller breaches its obligations under this Agreement and Seller fails to cure such breach within ten (10) calendar days after Seller's receipt of written notice from Buyer or such other time before Closing if the cure cannot reasonably be obtained within such twenty-four-hour period, Buyer shall have the right to elect one, but not both, of the remedies set forth in this Section 6.3.

(i) Termination. Buyer shall have the right to terminate this Agreement and receive a refund of the Deposit.

(ii) Specific Performance. Buyer shall have the right to obtain specific performance by Seller provided Buyer is not in breach of its obligations under this Agreement.

B. Seller's Post-Closing Breach. If after the Closing, Seller breaches any of its post-Closing obligations under this Agreement and Seller fails to cure such breach within ten (10) calendar days after Seller's receipt of written notice from Buyer, then Buyer shall have the right to pursue any and all remedies available to Buyer at law or in equity, including the specific performance of this Agreement. Seller hereby acknowledges that Buyer's right to recover attorneys' fees pursuant to Section 11.3 shall survive the Close of Escrow and the recordation of the Deed.

ARTICLE VII
CONDITION OF PROPERTY

7.1 Condition of Property.

A. General. Buyer, as specified in Section 4.1C, has or shall have inspected and conducted tests, inspections, investigations and studies of the Property as Buyer, in Buyer's

discretion, deems necessary. Buyer understands and acknowledges that the Property may be subject to earthquake, fire, floods, erosion, high water table, dangerous underground soil conditions, unavailability or shortages of water and other utilities and similar occurrences that may alter its condition or affect its suitability for any proposed use, including Buyer's anticipated use, if any. Except to the extent expressly represented by Seller in this Agreement, Seller shall have no responsibility or liability with respect to any such condition or occurrence. Buyer represents that it is acting and will act only upon information obtained by it from its own inspection and investigation of the Property and upon the express representations of Seller contained in this Agreement. Except as provided otherwise in this Agreement, the suitability or lack of suitability of the Property for any proposed use, or availability or lack of availability of permits or approvals of governmental or regulatory authorities with respect to any proposed or intended use of the Property, shall not affect the rights or obligations of the Seller under this Agreement.

B. Environmental Condition. In connection with or on account of the construction, operation, maintenance and demolition of the buildings, fixtures, machinery and equipment located on the Property, certain substances classified as hazardous (collectively, "Hazardous Substances") may have been released or may be present on the Property. For these purposes, "Hazardous Substances" includes "hazardous substances" as defined in CERCLA (defined below); "pollutants", "contaminants" and "Toxic Substances" as defined in the Toxic Substances Control Act; "Hazardous Materials" as defined in the Hazardous Materials Transportation Act; and other substances deemed or determined to be harmful, injurious, noxious, hazardous, nuisance causing or toxic under any Environmental Law (defined below), and including "Petroleum" as defined in RCRA (defined below). The documents listed on Exhibit B, if any, set forth in more detail the environmental condition of the Property. Buyer acknowledges receipt of the documents listed on Exhibit B, if any, relating to the environmental condition of the Property.

For purposes of this Agreement, the term "Hazardous Materials" shall mean any and all (a) substances, products, by-products, waste, or other materials of any nature or kind whatsoever which is or becomes listed, regulated or addressed under any Environmental Laws (defined below), and (b) any materials, substances, products, by-products, waste, or other materials of any nature or kind whatsoever whose presence in and of itself or in combination with other materials, substances, products, by-products, or waste may give rise to liability under any Environmental Laws or any statutory or common law theory based on negligence, trespass, intentional tort, nuisance, strict or absolute liability or under any reported decisions of any state or federal court; and (c) any substance, product, by-product, waste or any other material which may be hazardous or harmful to the air, water, soil, environment or affect industrial hygiene, occupational, health, safety and/or general welfare conditions, including without limitation, petroleum and/or asbestos materials, products, byproducts, or waste. The term "Environmental Laws" shall mean and include all federal, state, and local laws, statutes, ordinances, regulations, resolutions, decrees, and/or rules now or hereinafter in effect, as may be amended from time to time, and all implementing regulations, directives, orders, guidelines, and federal or state court decisions, interpreting, relating to, regulating or imposing liability (including, but not limited to, response, removal, remediation and damage costs) or standards of conduct or performance relating to industrial hygiene, occupational, health, and/or safety conditions, environmental conditions, or

exposure to, contamination by, or clean-up of, any and all Hazardous Materials, including without limitation, all federal or state, or environmental clean-up statutes.

C. Seller hereby represents and warrants to Buyer that: there are no leases, options to purchase, rights of first refusal or contracts for lease or sale of the Property except as disclosed above; and there are no liens or claims against the Property other than those disclosed herein and the Approved Exceptions. Seller specifically agrees to indemnify, defend and hold harmless Buyer, its directors, officers, members, agents and employees (collectively "Buyer Indemnitees") from and against any and all actions, claims, demands, losses, cost and expenses, including reasonable attorneys' fees and cost, damages and liabilities arising out of or in any way connected with any claim by a third party with regarding any lease, option to purchase, right of first refusal or contracts for lease or sale of the Property.

D. **No Warranties**. EXCEPT AS EXPRESSLY SET FORTH IN SECTION 8.1 OF THIS AGREEMENT, IT IS UNDERSTOOD AND AGREED THAT SELLER IS NOT MAKING AND HAS NOT AT ANY TIME MADE ANY WARRANTIES OR REPRESENTATIONS OF ANY KIND OR CHARACTER, EXPRESS OR IMPLIED, WITH RESPECT TO THE PROPERTY, INCLUDING BUT NOT LIMITED TO THE SUITABILITY OR DEVELOPABILITY OF THE PROPERTY FOR BUYER'S PARTICULAR PURPOSES. BUYER ACKNOWLEDGES AND AGREES THAT UPON CLOSING SELLER SHALL SELL AND CONVEY TO BUYER AND BUYER SHALL ACCEPT THE PROPERTY "IN ITS THEN EXISTING CONDITION **AS IS, WHERE IS, WITH ALL FAULTS**," EXCEPT TO THE EXTENT EXPRESSLY PROVIDED OTHERWISE IN THIS AGREEMENT. BUYER HAS NOT RELIED AND WILL NOT RELY ON, AND SELLER IS NOT LIABLE FOR OR BOUND BY, ANY EXPRESS OR IMPLIED WARRANTIES, GUARANTIES, STATEMENTS, REPRESENTATIONS OR INFORMATION PERTAINING TO THE PROPERTY OR RELATING THERETO MADE OR FURNISHED BY SELLER OR ANY AGENT PURPORTING TO REPRESENT SELLER, UNLESS SPECIFICALLY SET FORTH IN THIS AGREEMENT. BUYER REPRESENTS TO SELLER THAT BUYER HAS CONDUCTED, OR WILL CONDUCT PRIOR TO CLOSING, SUCH INVESTIGATIONS OF THE PROPERTY, INCLUDING BUT NOT LIMITED TO, THE PHYSICAL AND ENVIRONMENTAL CONDITIONS THEREOF, AS BUYER DEEMS NECESSARY OR DESIRABLE TO SATISFY ITSELF AS TO THE CONDITION OF THE PROPERTY AND THE EXISTENCE OR NONEXISTENCE OR CURATIVE ACTION TO BE TAKEN WITH RESPECT TO ANY HAZARDOUS MATERIALS ON OR DISCHARGED FROM THE PROPERTY, AND WILL RELY SOLELY UPON SAME AND NOT UPON ANY INFORMATION PROVIDED BY OR ON BEHALF OF SELLER OR ITS AGENTS, OTHER THAN SUCH REPRESENTATIONS AND WARRANTIES OF SELLER AS ARE EXPRESSLY SET FORTH IN THIS AGREEMENT. UPON CLOSING, SUBJECT TO SUCH REPRESENTATIONS AND WARRANTIES OF SELLER AS ARE EXPRESSLY SET FORTH IN THIS AGREEMENT, BUYER SHALL ASSUME THE RISK THAT ADVERSE MATTERS, INCLUDING BUT NOT LIMITED TO, ADVERSE PHYSICAL AND ENVIRONMENTAL CONDITIONS, MAY NOT HAVE BEEN REVEALED BY BUYER'S INVESTIGATIONS, AND BUYER, UPON CLOSING, SHALL BE DEEMED TO HAVE WAIVED, RELINQUISHED AND RELEASED SELLER, AND THE CITY OF MONTEBELLO (AND THEIR OFFICERS, DIRECTORS, COMMISSIONS, AFFILIATED AGENCIES, EMPLOYEES AND AGENTS) FROM AND AGAINST ANY AND ALL

CLAIMS, DEMANDS, CAUSES OF ACTION (INCLUDING CAUSES OF ACTION IN TORT), LOSSES, DAMAGES, LIABILITIES, COSTS AND EXPENSES (INCLUDING REASONABLE ATTORNEYS' FEES) OF ANY AND EVERY KIND OR CHARACTER, KNOWN OR UNKNOWN, WHICH BUYER MIGHT HAVE ASSERTED OR ALLEGED AGAINST SELLER OR CITY (AND THEIR OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS) AT ANY TIME BY REASON OF OR ARISING OUT OF ANY LATENT OR PATENT CONSTRUCTION DEFECTS OR PHYSICAL CONDITIONS, VIOLATIONS OF ANY APPLICABLE LAWS AND ANY AND ALL OTHER ACTS, OMISSIONS, EVENTS, CIRCUMSTANCES OR MATTERS REGARDING THE PROPERTY EXISTING AT OR OCCURRING PRIOR TO CLOSING.

IN CONNECTION THEREWITH, BUYER ACKNOLWEDGES, UNDERSTANDS, AND HAS READ THE CONTENTS OF CALIFORNIA CIVIL CODE SECTION 1542, AND EXPRESSLY WAIVES ALL RIGHTS BUYER HAS, OR AT SOME TIME IN THE FUTURE MAY HAVE, UNDER CALIFORNIA CIVIL CODE SECTION 1542, WHICH PROVIDES THAT:

> **"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."**

THE COVENANTS SET FORTH IN THIS SECTION SHALL SURVIVE CLOSE OF ESCROW AND DELIVERY OF THE GRANT DEED. NOTWITHSTANDING THE FOREGOING OR ANYTHING EXPRESSLY PROVIDED IN THIS AGREEMENT, NOTHING IN THIS ARTICLE SHALL CONSTITUTE A WAIVER BY BUYER WITH RESPECT TO A BREACH BY SELLER UNDER THIS AGREEMENT OR WITH RESPECT TO ANY FRAUD BY SELLER.

BUYER INITIALS: _____

7.2 The Purchase Price and the terms and conditions set forth in this Agreement are the result of arm's-length bargaining between entities familiar with transactions of this kind and the price, terms and conditions reflect the fact that Buyer shall not have the benefit of, and, except as represented and warranted by Seller in this Agreement, is not relying upon, any statements, representations or warranties whatsoever made by or enforceable against Seller relating to the condition, operations, dimensions, descriptions, soil condition, other environmental condition, suitability, availability of utilities, compliance or lack of compliance with any Environmental Law (defined in Section 7.3A) or other state, federal, county or local law, ordinance, order, permit or regulation or any other attribute or matter of or relating to the Property. Buyer represents, warrants and covenants to Seller that, except for Seller's express representations and warranties specified in Section 8.1, Buyer is relying solely upon its own inspection and investigation of the Property. If Seller obtains or has obtained in connection with this Agreement the services, opinions or work product of surveyors, architects, engineers, attorneys, Escrow Agent, Title Insurer, governmental authorities or any other person or entity

with respect to the Property, Buyer and Seller agree that Seller shall do so only for the convenience of both parties and the reliance by Buyer upon any such services, opinions or work product shall not create or give rise to any liability of or against Seller.

7.3 Environmental Matters.

A. Buyer's Representations and Release of Seller. Except for the express representations and warranties of Seller set forth in this Agreement, Buyer shall rely solely upon its own inspection of the Property in determining the Property's physical and environmental condition, and the Property's suitability for Buyer's particular purpose(s), and shall have the right to review all reports, documents and studies described in Sections 4.1.C and 4.1.D. Except for damages arising from the express representations and warranties of Seller set forth in this Agreement, Buyer waives its right to recover, and hereby releases, Seller, its officers, affiliated agencies, employees, agents and affiliates of any of them (collectively, "Seller's Related Parties") from any and all damages, losses, liabilities, costs or expenses whatsoever (including reasonable attorneys' fees and costs) and claims therefor, whether direct or indirect, known or unknown or foreseen or unforeseen, which may arise from or be related to: (i) the physical condition of the Property; (ii) the Property's suitability, usability, or developability for Buyer's particular purpose(s); and (iii) the Property's compliance or lack of compliance with and remediation or "clean-up" liabilities arising under any law including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. Sections 9601 et seq.), ("CERCLA") the Resources Conservation and Recovery Act of 1976 (42 U.S.C. Sections 6901 et seq.), ("RCRA") the Clean Water Act (33 U.S.C. Sections 466 et seq.), the Safe Drinking Water Act (14 U.S.C. Sections 1401-1450), the Hazardous Materials Transportation Act (49 U.S.C. Sections 1801 et seq.), the Toxic Substance Control Act (15 U.S.C. Sections 2601-2629), the California Hazardous Substances Act (Health & Safety Code Sections 25100-25600), the California Porter-Cologne Water Quality Control Act (Water Code Sections 13000 et seq.) and all regulations, rulings and orders promulgated or adopted pursuant thereto (collectively, "Environmental Laws"). Buyer acknowledges, understands, and has read the contents of Section 1542 of the California Civil Code, and expressly waives the benefits of Section 1542 of the California Civil Code, which provides as follows:

> **"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM, MUST HAVE MATERIALLY AFFECTED THIS SETTLEMENT WITH THE DEBTOR."**

B. Drainage, Erosion Control and Storm Water Pollution Prevention Plans. Buyer shall be responsible for compliance with all state, local and federal governmental and regulatory requirements with respect to drainage, erosion control, the National Pollution Discharge Elimination System ("NPDES") or Storm Water Pollution Prevention Plans ("SWPPP's") on or relating to the Property to the extent such compliance requirements arise after the Close of Escrow.

ARTICLE VIII
REPRESENTATIONS AND WARRANTIES

8.1 Seller's Representations and Warranties. In consideration of Buyer's entering into this Agreement and as an inducement to Buyer to purchase the Property, Seller makes the following covenants, representations and warranties, each of which is material and is being relied upon by Buyer (and the continued truth and accuracy of which shall constitute a condition precedent to Buyer's obligations hereunder, all of which shall below shall survive the Close of Escrow):

A. Authority. Seller has the legal power, right and authority to enter into this Agreement and the instruments referenced herein, and to consummate the transactions contemplated hereby; requisite action has been taken by Seller in connection with the entering into of this Agreement and the instruments referenced herein, and the consummation of the transactions contemplated hereby; and no consent of any other party is required.

B. Encumbrances. Seller is the owner of the fee interest in the Property free and clear of all liens, encumbrances and other matters other than those set forth in the Title Policy and the Property is not subject to any outstanding contract of sale, right of first refusal or purchase option, in favor of any person or entity, except Buyer. Seller will not sell, lease, sublease, assign, mortgage or otherwise encumber the Property without Buyer's prior written approval, which may be withheld in Buyer's sole discretion.

C. Representations. All representations and warranties of Seller set forth in this Agreement shall be true on and as of the Close of Escrow as if those representations and warranties were made on and as of such time.

D. Legal Power. The individuals executing this Agreement and the instruments referenced herein on behalf of Seller, have the legal power, right and actual authority to bind Seller to the terms and conditions hereof and thereof.

E. No Breach. There are no contracts or agreements relating to the leasing, operation and maintenance of the Property which will be effective as to the Property following the Closing. There are no agreements, rights or agreements under which any third person or party has any right or option to purchase the Property. This Agreement and all documents required hereby to be executed by Seller are and shall be valid, legally binding obligations of and enforceable against Seller in accordance with their terms, subject only to the applicable bankruptcy, insolvency, reorganization, moratorium laws or similar laws or equitable principles effecting or limiting the rights of contracting parties generally. To Seller's knowledge, neither the execution and delivery of this Agreement and the documents referenced herein, nor the incurrence of the obligations set forth herein, nor the consummation of the transactions herein contemplated, nor compliance with the terms of this Agreement and the documents reference herein, result in the breach of any terms, conditions or provisions of, or constitute a default under, any bond, note, or other evidence of indebtedness or any contract, indenture, mortgage, deed of trust, loan, partnership agreement, lease, or other agreements or instruments to which Seller is a party or effecting the Property.

F. Litigation. There are no suits, claims, foreclosure proceedings, property tax protests, zoning or other administrative proceedings that are pending or, to the best of Seller's knowledge, threatened with respect to or in any manner affecting the Property.

G. Condemnation; Eminent Domain. Seller has neither received any written notice from a governmental authority, nor has any knowledge of any action regarding eminent domain proceedings for the condemnation of all or any portion of the Property. To Seller's knowledge, Seller has not received any written notices of violations, including, without limitation, any environmental law violations, that still exist from any municipal or governmental bodies regarding the Property.

H. Due Diligence. Seller has delivered to Buyer complete legible copies of the items listed on Exhibit B, if any, attached hereto. The documents delivered by Seller to Buyer are all the material documents concerning the Property that, to Seller's knowledge, are in Seller's possession or under its control.

I. Environmental Laws. Except as disclosed on Exhibit B, to Seller's knowledge, Seller has not received written notice from any governmental authority that the Property or the use or operation thereof are in violation of any Environmental Laws, and to Seller's knowledge, no such written notice has been issued and, to Seller's knowledge, no violation of any Environmental Laws has occurred. Except as disclosed on Exhibit B, to Seller's knowledge, no part of the Property has ever been used by any person or entity to refine, produce, use, store, handle, transfer, process, transport or dispose of any Hazardous Substances.

J. Seller's Exemption from Certain Disclosures. Seller hereby notifies Buyer, and Buyer hereby acknowledges and accepts, that Seller, a governmental entity, is exempt from the disclosure requirements generally applicable to transfers of residential property codified in Article 1.5 (commencing with Section 1102) of Chapter 2, of Title 4, of Part 4, of Division 2, of the California Civil Code. Buyer hereby expressly assumes all risks associated with or arising from the Seller's exemption from such disclosure requirements.

8.2 Buyer's Representations, Warranties and Covenants. In consideration of Seller entering into this Agreement, and as an inducement to Seller to sell the Property to Buyer, Buyer makes the following representations, warranties and covenants, each of which is material and is being relied upon by Seller (the continued truth and accuracy of which shall constitute a condition precedent to Seller's obligations hereunder and in the case of C. and D., below, ongoing obligations of Buyer which shall survive the Close of Escrow):

A. Authority. Buyer has the legal power, right and authority to enter into this Agreement and the instruments referenced herein, and to consummate the transactions contemplated hereby; all requisite action (corporate, trust, partnership or otherwise) has been taken by Buyer in connection with the entering into of this Agreement and the instruments referenced herein, and the consummation of the transactions contemplated hereby; and no consent of any other party is required.

B. Representations. All representations and warranties of Buyer set forth in this Agreement shall be true on and as of the Close of Escrow as if those representations and warranties were made on and as of such time.

C. Development Requirements. Buyer acknowledges and agrees that Seller executes this Agreement solely in Seller's capacity as property owner, and not in its capacity as municipal body. Nothing contained herein is intended to grant Buyer any entitlements, development approvals, or permits. Buyer shall comply with all applicable building, rehabilitation and development processes and conditions, including without limitation certain obligations to construct and pay for certain public improvements on property located adjacent to the Property.

D. Use Covenant. Buyer warranties, covenants, and agrees that use of the Property shall be governed by a "Declaration of Restrictions and Covenants" in substantially the form attached as Exhibit D, which shall be recorded on the Property as a condition of Closing.

ARTICLE IX
CONDEMNATION, DAMAGE AND DESTRUCTION

9.1 Condemnation. If, between the date of this Agreement and the Closing Date, condemnation or eminent domain proceedings affecting any portions of the Property are initiated or are threatened to be initiated by any entity other than Buyer to such extent that it would prevent Buyer's anticipated use of the Property, then, Buyer shall have the right to either: (i) affirm this Agreement, which shall remain in full force and effect without any diminution of the Purchase Price and Seller shall assign to Buyer upon the Closing Date all of Seller's rights to any condemnation awards by depositing an assignment of said award with the Escrow Agent; or (ii) subject to and conditioned on Buyer's compliance with the remaining provisions of this Section 10.1, terminate this Agreement and Escrow Agent or Seller, as applicable, shall return the Deposit to Buyer, less one-half (½) of Escrow Agent's and Title Insurer's normal escrow and title insurance cancellation fees; and neither party shall have any further obligations or liabilities to each other, except that Buyer's indemnity obligations under this Agreement shall survive any such termination. Buyer shall not propose, institute, cooperate with or permit any condemnation of all or any part of the Property prior to the Close of Escrow.

9.2 Damage and Destruction. If, between the date of this Agreement and the Closing Date, any portion of the Property is materially damaged or destroyed to such an extent that it would prevent Buyer's anticipated use of the Property, then Buyer shall have the option by written notice to Seller to: (i) terminate this Agreement and Buyer shall have no obligation to purchase the Property and Seller shall have no obligation to sell the Property to Buyer and Escrow Agent or Seller, as applicable, shall return to Buyer the Deposit, less one-half (½) of Escrow Agent's and Title Insurer's normal escrow and title insurance cancellation fees; or (ii) affirm this Agreement, which shall remain in full force and effect without delaying the Closing and without diminution of the Purchase Price.

ARTICLE X
MISCELLANEOUS

10.1 Assignment. Buyer shall have the right to assign its rights under this Agreement, in whole or in part, without the Seller's prior written consent; provided that Buyer's proposed assignee shall execute a written assignment and assumption agreement in a form reasonably acceptable to Seller, in which such assignee assumes of all of Buyer's obligations under this Agreement. In no event shall any such assignment release Buyer from any obligations or liability under this Agreement.

10.2 No Foreign Investors. Seller warrants and represents to Buyer that Seller is not a foreign individual, foreign corporation, foreign partnership, foreign trust, or foreign estate (as those terms are defined in the Internal Revenue Code and Income Tax Regulations). Seller shall execute and deliver to Buyer at the Closing the Affidavit substantially in the form of Exhibit D, certifying the representations and warranties made pursuant to this Section.

10.3 Attorneys' Fees. If any action, proceeding or arbitration is brought to interpret or enforce the terms of this Agreement, the prevailing party shall be entitled to recover from the other party, in addition to all other damages, all costs and expenses of such action, proceeding or arbitration, including but not limited to actual attorneys' fees (including the allocated costs of in-house counsel), witness fees' and court costs. The phrase "prevailing party" as used in this Section shall mean the party who receives substantially the relief desired whether by dismissal, summary judgment or otherwise. The terms of this Section shall survive the Close of Escrow and shall not be merged with the Deed.

10.4 Notices. All notices and requests under this Agreement shall be in writing and shall be sent by personal delivery, facsimile or e-mail (with hard copy to follow the next business day by overnight mail), by nationally recognized overnight mail carrier such as FedEx or delivered in person to the following street addresses:

Escrow Agent and Title Insurer:	First American Title Insurance Company

All notices shall be effective upon the earlier of personal delivery or receipt of a facsimile confirmation statement, if sent by facsimile, or receipt of confirmation of delivery, if delivered by e-mail or a nationally recognized overnight mail carrier; provided, however, receipt of the Purchase Price shall only be effective upon actual receipt in the form required under Section 3.4. Either Party may change its address or designate a new street address for notices under this Agreement by notice complying with the terms of this Section.

10.5 Cooperation. Buyer and Seller acknowledge that it may be necessary to execute documents other than those specifically referred to in this Agreement to complete the acquisition of the Property. Each party shall reasonably cooperate with the other in connection with the requirements imposed by this Agreement upon the other, to the end that neither party shall act in any manner to impede the other in performing its obligations under this Agreement. Buyer and Seller hereby agree to cooperate with each other by executing such other documents or taking such other action as may be reasonably necessary in accordance with the intent of the parties as evidenced by this Agreement, provided such documents do not create any additional liability or expense for such party not contemplated by this Agreement.

10.6 Survival. Buyer's and Seller's representations, warranties and obligations under this Agreement shall survive the Close of Escrow and shall not be merged into or defeated by the execution, delivery or recordation of the Deed given in connection with this Agreement. By consummating the transaction contemplated by this Agreement, Buyer waives its rights under any written disclosures made to Buyer by Seller or any other entity prior to the Closing. If prior to the Closing, Buyer receives notice of any information which indicates that any of Seller's representations and warranties are untrue, Buyer shall promptly notify Seller in writing of such information. If Buyer waives any representation or warranty, then Seller shall have no liability under this Agreement for such representation or warranty to the extent waived. If this Agreement is terminated because of a failure of conditions in Article IV or pursuant to Article X, then neither Buyer nor Seller shall have any liability if any of Buyer's or Seller's representations or warranties are inaccurate, except as set forth in Article VI.

10.7 Interpretation. This Agreement shall be construed and enforced in accordance with the laws of the State of California as applicable to contracts entered into in California among parties doing business therein. This Agreement contains the entire agreement between the Parties respecting the purchase and sale of the Property and supersedes all prior negotiations, discussions, understandings and agreements, both oral and written, between the parties with respect to such matters. This Agreement shall not be effective between the parties until the date this Agreement is executed and delivered into Escrow by both Seller and Buyer. This Agreement may not be modified or amended in any way except by a writing executed by both Buyer and Seller. All Exhibits referenced herein are incorporated by this reference in this Agreement. The section headings of this Agreement are for convenience only and are not to be construed as part of this Agreement and do not in any way amplify or define the terms, conditions, and covenants of this Agreement and shall not be used in construction or interpretation of this Agreement. There are no third-party beneficiaries to this Agreement. Unless the context otherwise indicates, whenever used in this Agreement, the word "party" or "parties" means Buyer or Seller or both, as the context may require. Time is of the essence in the performance of each term of this Agreement.

10.8 Successors and Assigns. Subject to the restrictions set forth in Section 10.1, this Agreement shall be binding upon and inure to the benefits of the successors and assigns of the parties to this Agreement.

10.9 Severability. If any term or provision of this Agreement is determined to be invalid or unenforceable, the remaining terms and provisions shall not be affected thereby and shall remain in full force and effect to the maximum extent permitted by law.

10.10 Dates. Whenever any determination is to be made or action is to be taken on a date specified in this Agreement, if such date shall fall on Saturday, Sunday or legal holiday under the laws of the State of California, then in such event said date shall be extended to the next day which is not a Saturday, Sunday or legal holiday.

10.11 Counterparts; Telefacsimile Execution. This Agreement may be executed in counterparts, all of which shall constitute the same Agreement, notwithstanding that all parties to this Agreement are not signatory to the same or original counterpart. Delivery of an executed counterpart of this Agreement by telefacsimile shall be equally as effective as delivery of an original executed counterpart. Any party delivering an executed counterpart of this Agreement by telefacsimile also shall deliver an original executed counterpart of this Agreement, but the failure to deliver an original executed counterpart shall not affect the validity, enforceability and binding effect of this Agreement. Signature and acknowledgement pages may be detached from the counterparts and attached to a single copy of this Agreement to physically form one (1) document.

10.12 No Assumption of Seller's Liabilities. Buyer is acquiring only the Property from Seller and is not the successor of Seller. Except only for the obligations accruing after the Closing Date or assumed in writing by Buyer, Buyer does not assume or agree to pay, or indemnify Seller or any person or entity against any liability, obligation or expense of Seller or relating to the Property.

10.13 Limitation of Liability. No advisor, trustee, director, officer, partner, member, employee, beneficiary, shareholder, participant or agent of or in Seller or Buyer shall have any personal liability, directly or indirectly, under or in connection with this Agreement or any agreement made or entered into under or pursuant to the provisions of this Agreement, or any amendment or amendments to any of the foregoing made at any time or times, heretofore or hereafter. The terms of this Section survive the Closing or termination of this Agreement.

DECLARATION OF COVENANTS, CONDITIONS, AND RESTRICTIONS AFFECTING REAL PROPERTY

(USE RESTRICTIONS)

THIS DECLARATION OF COVENANTS, CONDITIONS, AND RESTRICTIONS AFFECTING REAL PROPERTY (this "Declaration") is entered into this _____day of _____, 2021 ("Effective Date"), by and between the SUCCESSOR AGENCY TO THE REDEVELOPMENT AGENCY OF THE CITY OF MONTEBELLO, a public entity established and existing pursuant to California Health and Safety Code section 34170 *et seq.* (the "Agency"), and SONIC VET LLC, a California limited liability company (the "DECLARANT"):

1. PURPOSE

This Agreement is entered into with reference to the following facts and circumstances:

A. Agency is the owner of certain real property located at 310 W. Whittier Blvd., Montebello, California 90640, and more particularly described in the "Legal Description of the Property" attached hereto as Exhibit A, and incorporated herein by this reference ("Property").

B. The Property was purchased by the Declarant from the Agency pursuant to that certain Purchase and Sale Agreement between the Agency and Declarant dated _____, 2021, and this Declaration is entered into to comply with applicable provisions of California law relating to the private purchase of government-owned property, and as additional consideration for the Agency's agreement to sell the Property to Declarant.

C. This Declaration of covenants, conditions and restrictions are to run with the land and shall be binding on all parties and all persons claiming under them. The Property and all

parts or parcels of the Property shall be subject to these restrictions which are hereby declared to be for the benefit of all property within Agency's jurisdiction, the Agency, Declarant, and the City of Montebello, and shall pass with the Property and shall bind the respective successors in interest of the Declarant pursuant to the terms hereof.

2. COVENANTS

A. Operating Covenant. From the Effective Date until 12:00 a.m. on [DATE RETIAL LEASE IS SCHEDUELD TO EXPIRE] _____, 20__, Declarant shall use the Property only for new and used motor vehicle sales and leasing, together with related and incidental rentals of motor vehicles, serving, body work, storage, and sale of parts and accessories, and for no other purpose. The foregoing use and operating covenant shall expire on the date set forth in this subsection and thereafter shall be of no further force and effect.

B. Non-Discrimination Covenants.

The Declarant covenants by and for itself, its successors and assigns, and all persons claiming under or through them that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, religion, sex, disability, age, marital status, national origin or ancestry in the sale, transfer, use, occupancy or enjoyment of the Property.

Declarant, its successors and assigns, shall refrain from restricting the sale or transfer of the Property on the basis of race, color, religion, sex, disability, age, marital status, national origin or ancestry of any person. All such deeds or contracts shall contain or be subject to substantially the following non-discrimination or non-segregation clauses:

> In deeds: "The owner herein covenants by and for himself or herself, his or her heirs, executors, administrators and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, religion, sex, disability, age, marital status, national origin or ancestry in the sale, transfer, use, occupancy or enjoyment of the land herein conveyed. The foregoing covenants shall run with the land."
>
> In leases: (b) In leases: "The lessee herein covenants by and for himself, his heirs, executors, administrators and assigns, and all persons claiming under or through him, and this lease is made and accepted upon and subject to the following conditions: There shall be no discrimination against or segregation of, any person, or group of persons on account of race, color, creed, religion, sex, marital status, ancestry or national origin in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of the land herein leased nor shall the lessee himself, or any person claiming under or through him, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, sublessees, subtenants or vendees in the premises herein leased."

In contracts: "There shall be no discrimination against or segregation or, any person or group of person on account of race, color, religion, sex, sexual orientation, creed, ancestry, national or ethnic origin, age, family or marital status, handicap or disability, in the sale, transfer, use, occupancy, tenure or enjoyment of the premises, nor shall the transferor himself or herself of any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use of occupancy of tenants, subtenants, or vendees of the premises."

The covenants in this subsection shall run with the land in perpetuity.

C. Surplus Land Residential Covenants (Per California Government Code § 54233). If ten (10) or more residential units are developed on the Property, not less than fifteen precent (15%) of the total number of residential units developed on the Property shall be sold or rented at affordable housing cost, as defined in Section 50052.5 of the California Health and Safety Code. Rental units shall remain affordable to and occupied by lower income households for a period of fifty-five (55) years for rental housing and forty-five (45) years for ownership housing from the effective date hereof. The initial occupants of all ownership units shall be lower income households, and the units shall be subject to an equity sharing agreement consistent with the provisions of paragraph (2) of subdivision (c) of65915 of the California Government Code. These requirements in this subsection shall be covenants or restrictions running with the land and shall be enforceable against any owner who violates a covenant or restriction and each successor-in-interest who continues the violation by any of the entities described in subdivisions (a) to (f), inclusive, of Section 54222.5 of the California Government Code.

3. ENFORCEMENT

A. Remedies. Breach of the covenants contained in this Declaration may be abated or remedied by the appropriate legal proceeding as determined by the Agency and /or the City of Montebello available under this Declaration or under the law.

B. Rights of the Agency. As a party to this Declaration, the Agency is entitled to the following rights:

1. The Agency has the right, but not the obligation, to enforce this Declaration in its entirety.

2. Any amendment to the Declaration shall be evidenced in writing and signed by the Agency.

3. The Agency hereby authorizes and assigns rights of enforcement of this Declaration to the City of Montebello, which is deemed to be a beneficiary hereof.

C. Beneficiary. The Agency and City are deemed beneficiaries of the terms and provisions of this Declaration and the covenants herein, both for and in its own right and for the purposes of protecting the interests of the community and other parties, public or private, for whose benefit this Declaration and the covenants running with the land have been provided. The Agency and /or City shall have the right if the covenants are breached, to exercise all rights and remedies, and to maintain any action or suits at law or in equity or other property proceedings to enforce the curing of such breaches.

D. Cumulative Remedies. The remedies herein provided for breach of the covenants contained in this Declaration shall be deemed cumulative, and none of such remedies shall be deemed exclusive. In the event of any breach of the covenants, conditions and restrictions contained in this Declaration, the Agency and/or City, in addition to any other remedies available to the Agency, may institute or prosecute any suit which such Agency or City may consider advisable in order to compel and obtain a decree for specific performance of any obligation under this Declaration.

E. Failure to Enforce. The failure to enforce any of the covenants contained in this Declaration shall not constitute a waiver of the right to enforce the same thereafter.

4. GENERAL PROVISIONS

A. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provisions, which shall remain in all force and effect.

B. Construction. The provisions of this Declaration shall be liberally construed. The article and section headings have been inserted for convenience only, and shall not be considered or referred to in resolving questions of interpretation or construction.

C. Amendments. This Declaration may only be amended by the written instrument signed by the Agency and shall be recorded.

D. Notice. Any notice permitted or required to be delivered as provided herein shall be in writing and may be delivered either personally or by first-class or registered mail. If delivery is made by mail, it shall be deemed to have been delivered seventy-two (72) hours after a copy of same has been deposited in the United States Mail, postage prepaid, addressed as following:

To the Agency: SUCCESSOR AGENCY TO THE REDEVELOPMENT AGENCY OF THE CITY OF MONTEBELLO and CITY OF MONTEBELLO
ATTN: CITY MANAGER
1600 West Beverly Boulevard,
Montebello, California 90640

To Owner:

E. In the event of a conveyance of the Property, by foreclosure or deed in lieu of foreclosure, to a superior lienholder, or to such lienholder's proper assignee; or in the event of an assignment of the mortgage, said covenants, conditions and restrictions set forth in Section 2 (B) of this Declarant shall continue in full force and effect; but those in Section 2(A) shall terminate and expire.

The Agency and Declarant have caused this instrument to be duly authorized, this _____ day of _____, 2021.

Our Job No: File 2020-293

Dear Mr. Teague:

Pursuant to your request and authorization, I/we have conducted the investigations and analyses necessary to form an opinion of the market value of the above-referenced property. The purpose of this Appraisal Report, is to set forth the data, analyses and conclusions relative to our opinion of the following: **Premise No. 1 reflects the As-Is Market Value of the Leased Fee Estate representing the buyout of the Master Lease with Ostrom Chevrolet** & **Premise No. 2 reflects the As-Is Market Value of the Fee Simple Estate representing the buyout of the property from the Redevelopment Agency from the City of Montebello (Fee Owner) after the Master Lease has been assigned from Ostrom Chevrolet to the client, Montebello Chevrolet. This is based on a Hypothetical Condition.**

The intended user is Chevrolet of Montebello & Chris Teague. The intended use is to establish market value for a possible preliminary acquisition. Parties that may receive a copy of the appraisal report do not become intended users unless specified by the Chevrolet of Montebello & Chris Teague at the time of engagement. Any unauthorized use of this report without written permission of the appraiser and any copies of the report without the written permission of the appraiser are unauthorized and the appraiser is not responsible for the use. A true and original copy of the report has the appraiser's logo in color next to his name and signature. The original reports also have a Corporate Embossed Stamp next to the appraiser's name and no copies of this report are permitted without this color emblem and an original embossed stamp. In addition, if the report is sent by e-mail no e-mail copies of the appraisal are to be sent to other parties.

The following Appraisal Report is intended to comply with the reporting requirements as set forth under standards rule 2-2 (a) of the 2020-2021 Uniform Standards of Professional Appraisal Practice (USPAP). It contains detailed discussion of the data, reasoning, and analyses that were used to develop the opinions of value. I/we have completed all three classical approaches to value which are the Cost, Income and the Sales Comparison Approaches.

My/our opinion of the real property value represents cash or cash equivalent terms and addresses real property only. Based on conversations with brokers, a reasonable marketing time for this property is estimated to be 6 to 12 months based on current market conditions and presuming diligent marketing efforts. Our opinion is based on information available as of December 21, 2020 the current date of value. Should significant changes occur, our opinion may be subject to change.

The valuation of the subject property is intended to be a reasonable professional estimate of value based on known data and information as of a specific date in time. It is not intended to represent a guarantee of future resale value or a guarantee of a specific cash flow. The future value of the subject property is expected to fluctuate due to varied, real estate related investment risk factors. These factors may include but are not limited to; project management, changes in competition, general area employment base changes, population changes, inflation and deflation, changes in entitlement, changes in material and labor costs and their availability, etc.

This Appraisal is prepared in accordance with the standards and reporting requirements of the Appraisal Institute, and is subject to the regulated institutions under FIRREA. Furthermore, it conforms to the current Uniform Standards of Professional Appraisal Practice (USPAP) as adopted by the Appraisal Standards Board of the Appraisal Foundation.

Premise No. 1 reflects the As-Is Market Value of the Leased Fee Estate representing the buyout of the Master Lease with Ostrom Chevrolet. Based upon the analysis and investigations conducted, and our experience as real estate appraisers and analysts, we have formed the opinion that as of December 21, 2020, and subject to the Assumptions and Limiting Conditions set forth in the report, the subject has a cash-equivalent Market Value of the following:

ASSUMPTIONS & LIMITING CONDITIONS

The Analyses and opinions set forth in this Appraisal are subject to the following assumptions and limiting conditions:

1. No responsibility is assumed by us for matters which are legal in nature. A title report was requested from the lender, Chevrolet of Montebello but was not received. No opinion of title is rendered, and the property is appraised as though free of all liens, easements, encroachments and encumbrances, and the title is assumed to be marketable. No survey of the boundaries of the property was undertaken by us. All areas and dimensions furnished are presumed to be correct.

2. An on-site inspection indicates that the subject appears to have normal utility easements.

3. I/we assume that there are no adverse liens, easements or encroachments or other items affecting the value of the property. None were noted at the time of inspection. Furthermore, no responsibility is assumed by us for matters which are legal in nature. No opinion of title is rendered, and the property is appraised as though free of all encumbrances, liens, encroachments, and easements and the title is assumed to be marketable. No survey of the boundaries of the property was undertaken by us. All areas and dimensions furnished to us are presumed to be correct.

4. No soils report was provided for our review. We assume that there are no soils conditions that adversely affect the value of the subject. None were observed upon inspection.

5. Information contained in this Appraisal has been gathered from sources that are believed to be reliable, and, where feasible, has been verified. No responsibility is assumed for the accuracy of information supplied by others.

6. I/we assume no responsibility for economic or physical factors occurring subsequent to the date of value that affect the opinions stated herein.

7. I/we reserve the right to make such adjustments to the valuation herein reported as may be required by the consideration of additional data or more credible data that may become available.

8. Forecasts of future events that influence the valuation process are predicated on the continuation of historic and current trends in the market.

9. The property is appraised assuming it to be under responsible ownership and competent management and available for its highest and best use.

10. No engineering survey has been made. Except as specifically stated, data relative to sizes, square footage, and areas were taken from onsite measurements by the appraisers and from sources considered reliable. Should a future engineering study reveal sizes substantially different from those used herein, we reserve the right to adjust our opinion of value accordingly.

11. Maps, plats and exhibits included herein are for illustration only, as an aid in visualizing matters discussed within the appraisal. They should not be considered as surveys nor relied upon for any other purpose, nor should they be removed from, reproduced, or used apart from this report.

12. No opinion is expressed as to the value of sub-surface oil, gas, or mineral rights, or whether the property is subject to surface entry for the exploration or removal of such materials except as is expressly stated.

13. No opinion is intended to be expressed on matters which require legal expertise or specialized investigation or knowledge beyond that customarily employed by real estate appraisers.

14. Your appraisers have inspected, as far as possible, by observation the land and improvements thereon; however, it was impossible to personally inspect all of the improvements or hidden structural and mechanical components within the improvements; therefore, no representations are made as to these matters unless specifically considered in the appraisal.

15. I/we shall not be required, by reason of this appraisal, to give testimony or to be in attendance in court or any governmental or other hearing in reference to the subject property without prior arrangements having first been made with the appraiser relative to such additional employment.

16. The Bylaws and Regulations of the Appraisal Institute require each member and or candidate to control the use and distribution of each appraisal by such member or candidate. Therefore, except as may hereinafter be provided, the party for whom this appraisal was prepared may distribute copies of this appraisal, in its entirety, to such third parties as may be selected by the party for whom this Appraisal was prepared; however, selected portions of this Appraisal shall not be given to third parties without the prior written consent of the signatories of this appraisal.

17. Neither all nor any part of the contents of this report shall be conveyed to any person or entity, other than the appraisers' or firm's client, through advertising, solicitation materials, public relations, news, sales, or other media for public or private communication without the written consent and approval of the signatories of this appraisal, particularly as to valuation conclusions, the identity of the appraiser or firm with which the appraisers is connected, or

any reference to the Appraisal Institute, and the MAI, SRA, or AI-GRS designation. Furthermore, this report is for the sole use of our client. Further, the appraisers or firm assumes no obligation, liability, or accountability to any third party. If this report is placed in the hands of anyone but the client, client shall make such party aware of all the assumptions and limiting condition of the assignment.

18. It is assumed that there are no deed restrictions to a single use of the subject. The presence of such restrictions could adversely impact site value.

19. Consideration has not been given in this Appraisal to personal property (if any) located on the site; this has been separated from the real estate in our analysis. This Appraisal excludes the value of any items of an historical, archaeological or biological nature.

20. This property does not appear to be in a wetlands area. If this should be found to be untrue or different at a later date, we reserve the right to change our report accordingly.

21. The Americans with Disabilities Act ("ADA") became effective January 26, 1992. Considering the subject property was built in 1957 it is assumed that the subject will be conforming in certain aspects of the ADA requirements. We have not made a specific compliance survey and analysis of the plans to determine whether or not it is in conformity with the various detailed requirements of the ADA. It is possible that the compliance survey of the plans, together with a detailed analysis of the requirements of the ADA, could reveal that the property is not in compliance with one or more of the requirements of the Act. If so, this fact could have a negative effect upon the value of the property. Since we have no direct evidence relating to this issue, we did not consider possible non-compliance with the requirements of ADA in estimating the value of the property. Should the subject be later found to require work to bring it in conformity with ADA, we reserve the right to adjust our estimated values stated herein for the subject property accordingly.

22. It is assumed that there are no hidden or unapparent conditions or substances in the structure, soil or subsoil that may be hazardous or toxic, including, but not limited to, asbestos. We are not qualified to detect substances such as asbestos, P.C.B.'s, radon, ground contamination, etc. Further, we are not responsible for arranging any engineering or research studies that may be necessary to detect such conditions or substances.

23. In accordance with the Fair Housing Amendments Act, it is illegal for an appraiser(s) to discriminate against any person because of race, religion, sex, hardship, family status, or national origin. This Appraisal complies with all rules and regulations prohibiting discrimination on the basis of race, color, religion, sex, nation origin, and marital status.

24. The Appraisal report was prepared in conformance with the Graham, Leech, Bliley Act.

EXTRAORDINARY ASSUMPTIONS

Any portions of the property we were not able to inspect are assumed to be in similar condition to those areas of the property, which were inspected.

The appraiser has made an extraordinary assumption that the items above are correct. If they are found to be different, the appraiser reserves the right to alter his opinion of value.

HYPOTHETICAL CONDITIONS

A hypothetical condition, which is defined in the Dictionary of Real Estate Appraisal as "That which is contrary to what exists but is supposed for the purpose of analysis. Hypothetical conditions assume conditions contrary to known facts about physical, legal, or economic characteristics of the subject property; or about conditions external to the property, such as market conditions or trends; or about the integrity of data used in an analysis. A hypothetical condition may be used in an assignment only if: use of the hypothetical condition is clearly required for legal purposes, for purposes of reasonable analysis, or for purposes of comparison; use of the hypothetical condition results in a credible analysis; and the appraiser complies with the disclosure requirements set forth in USPAP for hypothetical conditions.

Premise No. 2 reflects the As-Is Market Value of the Fee Simple Estate representing the buyout of the property from the Redevelopment Agency from the City of Montebello (Fee Owner) after the Master Lease has been assigned from Ostrom Chevrolet to the client, Montebello Chevrolet. This is based on a Hypothetical Condition.

Note: The Sales Comparison and Cost Approach were utilized in the forthcoming report The concluded values in these approaches represent the As-Is Fee Simple Market Value based on the subject being unencumbered by a lease. These values were utilized in the forthcoming Income Approach as support for the reversionary value in Premise No. 2. This value is based on a Hypothetical Condition that the property is not encumbered by any leases.

In addition, if the report is sent by e-mail no e-mail copies of the appraisal are to be sent to other parties.

Date of Valuation/Date of Report/Date of Inspection

The opinion expressed in this report is stated as of December 21, 2020. The date of property inspection was December 21, 2020. The date of this report is January 24, 2021. The date of signature is January 24, 2021.

Interest Appraised

The real estate portion of this report pertains to a valuation of the Leased Fee Estate (Premise No.1) and Fee Simple (Premise No. 2). Only the real estate interest is appraised herein. The valuations presented are based on and explicitly assume a total transfer of these interest of the real estate described. A full transfer of these interests would not necessarily be a direct multiple in value of a fractional transfer.

Leased Fee Estate Defined

The term "Leased Fee"[1] is defined as:

> "A property held in fee with the right of use and occupancy conveyed by lease to others. A property consisting of the right to receive ground rentals over a period of time, plus the right of ultimate repossession at the termination of the lease."

Market Value Defined

The term "market value"[2] is defined as follows:

> *The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently and knowledgeable, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of specified date and the passing of title from seller to buyer under conditions whereby:*
>
> *a. buyer and seller are typically motivated;*
>
> *b. both parties are well informed or well advised, and each acting in what they consider their own best interest;*
>
> *c. a reasonable time is allowed for exposure in the open market;*
>
> *d. payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and*
>
> *e. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.*

The market value estimate in this appraisal is based on all cash to the seller transaction.

Prospective Market Value

Prospective market value is "a forecast of the value expected at a specified date. A prospective value estimate is most frequently sought in connection with real estate projects that are proposed, under construction, or under conversion to a new use, or those that have not achieved sellout or a stabilized level of long-term occupancy at the time the appraisal report is written."[3]

Highest and Best Use Defined

"Highest and Best Use"[4] is an appraisal concept which has been defined as follows:

> *That reasonable and probable use that will support the highest present value, as defined, as of the effective date of the appraisal. Alternatively, that use, from among reasonably probable and legal alternative uses, found to be physically possible, appropriately supported, financially feasible, and which results in highest land value.*

Trade Fixtures & Fixtures

According to the *Dictionary of Real Estate Appraisal*, a trade fixture, also called a chattel fixture, is "an article that is owned and attached to a rented space or building by a tenant and utilized in conducting business. Trade fixtures are not real estate endowed with the rights of real property ownership. They are personal property regardless of how they are affixed. Some examples of trade fixtures are restaurant booths, gasoline station pumps, and storage tanks. A trade fixture can sometimes be removed by the tenant when the lease expires. To decide whether an item is personal property or a fixture, and therefore part of the real estate, courts often use the following criteria:

1. *Manner item is affixed. Generally, an item is considered personal property if it can be removed without serious injury to the real estate itself.*

2. *The character of the item and it's adaption to the real estate. Items that are not specifically constructed for use in a particular building or installed to carry out the purpose for which the building was erected are generally considered permanent parts of the building.*

3. *The intention of the party who attached the item. Frequently, the terms of the lease reveal whether the item is permanent or is to be removed at some future time."*

A fixture, according to the *Dictionary of Real Estate Appraisal*, "is an article that was once personal property, but has since been installed or attached to the land or building in a rather permanent

nature; it is regarded in law as part of the real estate."

Real Estate vs. Real Property

Real Estate is defined in the *Dictionary of Real Estate Appraisal* as "the physical land and appurtenances affixed to the land, e.g. structures." This includes land, site, trees, and structures. Real Property is defined as "all interests, benefits, and rights inherited in the ownership of physical real estate.

A.P.N. 6346-022-030

Owner

Redevelopment Agency of Montebello City

Subject Property History

No sales within the previous 3-year history. Subject is not currently listed or for sale. The property is currently 100% occupied by Montebello Auto Group (dba Chevrolet of Montebello). As noted, this tenant is the sub-tenant to the underlying master ground lease with the City. The Master tenant is Ostrom Chevrolet. There is also a T-Mobile cell tower lease, the rent to which ultimately goes

back to the landlord i.e., the Redevelopment Agency of the City of Montebello. See Valuation section for greater detail.

Scope of the Appraisal

The appraisal process is a systematic procedure employed to provide the answer to a client's question about real property value. The professional typically employs one or more of three generally accepted appraisal techniques. These approaches to value are commonly known as the Cost Approach, the Income Approach, and the Direct Sales Comparison Approach. In undertaking the three approaches to value, the appraiser collects and carefully verifies details of comparable market data, which include land sales, building costs, rental rates, operating expenses, comparable improved sales, and supply and demand factors. Conclusions derived from the analysis are intended to reflect the perspective of a disinterested third party. The data presented in the report were collected from the following sources:

Land sales from multiple listing service data, agents, Costar, the County Assessor Records and DataQuick were researched for two years prior to the date of appraisal, with the most recent sales given the most weight.

Improved sales from agents in the area, multiple listing services, County Assessor Records, and DataQuick were researched for two years prior to the date of appraisal, with the most recent improved sales given the most weight.

Subject property data from Axiom/Dataquick Information Services and from the Multiple Listing Service. In addition, data were provided by the client and the owner/user/tenant of the property.

General market data were derived from the City Chamber of Commerce, the Greater Chamber of Commerce, the City Planning Departments, as well as from in-depth discussions with local commercial real estate brokers.

I/we personally confirmed all of the data used in the comparable sales presented in the following sections of this report. In those instances where we were unable to confirm the data with either the parties to the transaction (buyer, seller, or broker) we have noted this in the appraisal. In researching the market, we a minimum of three comparable sales within the local competitive area.

Mr. Noble R. Tucker Jr., MAI, SRA, AI-GRS conducted an onsite visual inspection (interior and exterior) of the property and Noble William Tucker conducted an on-site interior and exterior inspection on the date of appraisal inspection. The size of the building was determined by tape measuring the property & building floorplans. I/we were unable to find the boundary beacons for the subject site. Therefore, we were not able to measure the extent of the subject land and have relied on public records and data provided to us by the client in determining the overall site

dimensions.

The following Appraisal Report is intended to comply with the reporting requirements as set forth under standards rule 2-2 (a) of the 2020-2021 Uniform Standards of Professional Appraisal Practice (USPAP). It contains detailed discussion of the data, reasoning, and analyses that were used to develop the opinions of value. I/we have completed all three classical approaches to value which are the Cost, Income and the Sales Comparison Approaches.

The forthcoming outlines the steps in our appraisal process.

Receipt of the appraisal engagement letter from the client.

Defined the appraisal problem - step 1

Contacted the property representative and arranged for an inspection

The site inspection was conducted with an interior & exterior inspection

I/we took the site area from plat maps and maps submitted by the client.

I/we took photographs of the interior and the interior and exterior of the subject property.

Obtained the data submitted by the owner and Realquest, City and County offices

Requested and did not receive a title report.

Requested historical operating income and expense statements and received them.

Drove the subject site and surrounding neighborhood

Reviewed development trends and new projects in the area.

Contacted the planning department regarding the current zoning, land use, flood maps, earthquake maps, etc. and any zone changes in process. In addition, we contacted other departments at the city or county.

Researched sale and listing data in the area. Database searches included Costar, Costar Properties, Loopnet, Dataquick, multiple listing services, Interflood, as well as broker interviews in the market.

Researched the sales and listings in the subject market, pulled aerial photographs, plat maps, and then drove the comparable sales transactions.

Pulled improved sales, rental data, sales and lease trends, and cap rate data in the area of commercial and income producing product and retained full data sheets in our files.

Some of the comparable photographs utilized are maintained in my/our files and database and I/we have copyrights to these photographs.

Some photos of comparable sales or rentals were from Costar or Costar properties and we are a licensed copyright user. These were utilized as people may have been in the photographs which we took and some lenders do not allow people in the photographs.

Documented the findings in this appraisal report.

Reviewed the appraisal report

Reviewed the approaches utilized and concluded the appraisal with an "opinion of value"

Printed hard-copies of the appraisal report and a PDF copy of the appraisal report

Competency and Compliance Provision

I/we are aware of the compliance and competency provisions of USPAP, and within my/our understanding of those provisions, the author of this report complies with all mandatory requirements. Noble R. Tucker Jr., MAI, SRA, AI-GRS, Certified General Appraiser, conducted the primary research, analysis, and writing of this appraisal report. Noble William Tucker, Appraiser Trainee, provided professional assistance in all aspects of the appraisal report under the supervision of Noble R. Tucker Jr., MAI, SRA, AI-GRS.

Noble R. Tucker Jr., MAI, SRA, AI-GRS has appraised numerous properties of this type and is competent to perform an assignment of this nature.

LOS ANGELES COUNTY

This section of the report will examine the regional trends that influence value, which are manifested in the similar characteristics of properties in a region, are summarized in the forthcoming analysis. The four forces are Social, Economic, Governmental, and Environmental.

SOCIAL FORCES

The subject property is located within Los Angeles County and is part of a larger five county Los Angeles Metropolitan Area (L.A.M.A.), which in addition to Los Angeles County includes the counties of Orange, Riverside, San Bernardino, and Ventura. One of the most notable features of the Los Angeles Metropolitan Area is the size of its 4th largest economy. L.A.M.A.'s immense regional economy, characterized by its dynamism, diversity and strength, serves and is in turn powered by the second largest population in the United States of America.

Population

As of 2020, the County of Los Angeles (metropolitan area) had a population of approximately 10,173,432 residents. This information was obtained from the Site to do Business. The county grew from 9,818,605 in 2010 and is expected to grow to 10,311,054 in 2025. Please see the table below.

Education

Within Los Angeles County there are a host of local school districts. Some local districts have very good results with SAT scores well above the California average. There are also innovations being tried to improve the quality of education, including "Charter Schools".

In higher and special education, the county area excels. There are campuses of the University of California; the California State system, and a myriad of private institutions such as Cal Tech, The

Claremont Colleges, Loyola Marymount University, The University of Southern California, and a vast community college network.

In addition, there are many other educational specialty schools including a hotel school at Cal Poly Pomona, the Hose Ear Institute, the Art Center College of Design in Pasadena, the Fashion Institute of Design and Merchandising, and the Los Angeles Technical Trade Institute to name a few.

One of the unrecognized assets of the five-county area is the creative and technical training available in a variety of disciplines.

Cost of Living

The Los Angeles area has the reputation of being a high cost place in which to live. However, the ACCRA "Comparative Cost of Living Survey" indicates that for a large urban area, Los Angeles is a bargain. In the latest survey, Los Angeles ranks seventh in the nation. Another measure of cost is home prices, and according to data gathered by the *National Association of Realtors*, Los Angeles ranks sixth in this measure.

Public Safety

Another issue is public safety and media coverage might unfortunately convey the message that the Los Angeles area is unsafe. However, according to the Uniform Crime Report, published annually by the Federal Bureau of Investigation (FBI), the city of Los Angeles ranks 23rd on the national crime index.

Culture

Within the county area there is a wide array of fine and performing arts such as the Getty Museum in West Los Angeles, the Los Angeles County Museum of Contemporary Art, the Huntington Library, the Norton Simon Museum, and the Long Beach Museum of Art.

There are also numerous performing arts centers within the county and expanded region with the well-known Music Center complex in downtown Los Angeles-home to the Oscars. In addition, performing arts centers in Thousand Oaks (Ventura County), Ontario (San Bernardino County), the Orange County Performing Arts Center in Costa Mesa, and smaller centers in the region.

Recreation and Sports

Given the area's geography, there are many things to do in Southern California. There are approximately 117 golf courses in Los Angeles County. In addition, there are miles of beaches, fishing, surfing, sailing, mountain sports, hiking, camping, skiing, and biking are available.

There are professional sports in the area including two basketball teams (The Clippers and the Lakers), a baseball team (the Dodgers), an ice hockey team (the Los Angeles Kings), and soccer (LA Galaxy). There are also other professional major and minor league teams in the county and outlying areas. Currently there is no professional football in the area, other than the LA Rams and Chargers, however the football programs at USC and UCLA provide a lot of excitement and color.

Healthcare

The healthcare services sector should hold its own this year. The new 600-bed L.A. County- USC hospital is finally open for patients. Other area hospitals are engaged in building programs to meet stricter earthquake standards and to accommodate new patient handling techniques. Good hospitals attract excellent physicians, and L.A. County has some of the best. This industry reliably generates jobs year in and year out.

Along with a stronger employment outlook, total personal income and per capita income are expected to post stronger gains this year and next. Consumer spending as measured by total taxable sales is also on the rise. This means local governments will see an increase in sales and use tax revenues.

Population growth is expected to slow this year and next. Most of the recent population growth in Los Angeles County has been the result of natural increase (births outnumbering deaths). A lack of affordable housing units for low and middle-income households is one factor holding population growth in check.

Although still not fully recovered, the housing market in Los Angeles has improved – median prices have risen on a year-over-year basis since the third quarter of 2015 and new home construction has picked up, most notably in the multi-family and rental sector. As with the rest of Southern California, the return to "normal" for the region's housing market will take a number of years.

The entertainment industry is a cornerstone of the Los Angeles economy. At its core is motion picture and video production. The ripple effects of activity in the entertainment sector are wide ranging. When a movie is filmed, actors, costume designers and special effects creators are employed, but so are persons working in industries as dissimilar as catering, security and transportation. The entertainment industry also has strong linkages to other local industries. Examples include licensing agreements with local toy companies and video game developers; the showcasing of L.A.'s fashion designers at Hollywood red carpet events; and collaboration with the

region's technology innovators - most famously JPL, the originator of computer generated imagery (CGI).

During the first seven months of 2014, employment in the motion picture and sound recording industry (the largest component of the entertainment sector) averaged 128,000 workers, which was up by 7.2% (nearly 8,600 jobs) over the same period last year, bucking the national trend of job losses. More substantial jobs gains over the coming years may be realized from the expansion of the California Film Tax Credit. There has been a steady rise in local production since the end of the recession. In 2013, total production days (including film, TV, commercials and other categories of video) increased by 11.7% to 51,670 days. Over the first half of 2014, permitted production days were up by 7.5% compared with the same period in 2013.

As America's gateway to Asia, international trade plays an important role in the Los Angeles economy. Thousands of jobs in the region depend on the flow of goods in and out of the San Pedro Bay ports. Two-way trade through the Los Angeles Customs District hit a record-setting volume of $414.5 billion in 2013 and is forecast to reach $423.4 billion this year and $442.2 billion in 2015. The increase in two- way trade will bring additional jobs in logistics, goods movement, wholesaling and distribution. The long-term prospects for international trade are promising. The region's major trading partners are growing and domestic demand is on the rise; public and private entities are investing heavily in trade-related infrastructure and important new trade agreements in place or currently being negotiated, have the potential to increase employment in the region and generate new wealth.

In terms of employment, the professional services super-sector is the second largest in Los Angeles County with over 590,000 workers in 2013. It is also one of the fastest growing, offering jobs across a wide range of skill and income levels. There are three major subsectors in this group: professional, scientific and technical services; management of enterprises; and administrative, support and waste services. All three have posted significant year-to-date (through July) employment gains.

Professional, scientific and technical services include legal, accounting, architecture, computer systems design, consulting, research and advertising. Over the first seven months of this year, employment averaged 282,200 workers, an increase of 3.3% over the same period a year ago. Management of enterprises, which encompasses corporate headquarters, experienced a 3.8% jump in employment (to 59,600 workers) over the same period.

The largest increase in job counts was in the administrative, support and waste services sector. Average monthly employment during the first seven months of 2014 was 265,700 workers, an increase of 6.0% compared with the same period in 2013. Most of the growth in this subsector was attributable to a 7.5% increase in jobs at employment services firms (temporary agencies), which accounts for nearly 40% of total job counts in administrative, support and waste services. The continuing growth of temporary jobs is an indication that some employers are still reluctant to take on full time employees. In other cases, employers have found that for certain positions, there is more flexibility and lower costs associated with taking on a "temp".

Housing

The average home price in Los Angeles County is $777,612 with a median home value of $635,043. There are 42.0% owner occupied units, 51.4% renter occupied units, and 6.5% vacant.

ENVIRONMENTAL FORCES

Infrastructure

Infrastructure is classified as a man-made environmental force. One of the greatest challenges facing the Southern California area is its increasingly overburdened and deteriorating infrastructure. Water resources, waste management, and sewage treatment all have reached critically high levels of use. Several transportation areas are being addressed, including the Metro line and Metro Link rail systems, Interstate 5 expansion, the metro-rail expansion, and the construction of the Century Freeway. Although these projects and others are helping to alleviate some of the congestion in the region, maintenance of existing roads and highways, as well as more commuter rail systems, are in

high demand. The future prosperity of the region depends to a great extent on the ability of the region to address these salient issues, and to ensure that future industry and commerce will have the necessary supporting infrastructure.

Transportation

Transportation is also classified as a man-made environmental force. The Los Angeles Metropolitan Area is a classic example of the multiple nuclei theory of urbanization. Its formation into an urban conglomerate of multiple centers was facilitated by the proliferation of automobiles and the construction of numerous highways and interstate freeways. The basin is crisscrossed by numerous highways, connecting it to all other areas of Southern California and the southwest. In addition, there is a large network of highways and thoroughfares providing road transport throughout the basin. In addition to heavy automobile transportation, the Los Angeles area is currently in the process of constructing and operating a network of commuter rail systems. The Metro Blue Line and the Metro Link Rail Line both went into operation in 1993 and 1994, respectively. Construction of the Metro Red Line into the North Hollywood extension opened in 2000.

Climate

With a normal daily temperature of 63.0 degrees Fahrenheit, normal maximum daily temperature of 70.4 degrees, annual precipitation of 14.8 inches per year.

GOVERNMENTAL FORCES

Los Angeles County-Government

There are many governmental, political, and legal factors which may influence property values. The action of government and its ability to mandate zoning and building codes, as well as supply the necessary public services such as fire, policing and utility services greatly affect property values.

The county of Los Angeles is regulated by the County of Los Angeles. The departments having the greatest impact on real property in the community are considered to be the County Planning, Zoning, and County Building Departments. It is the responsibility of these departments to approve any new development or land changes in the county.

CONCLUSION

Regional Data-Summary

Los Angeles County is recognized as the largest regional economy on the west coast of the United States. Its diversity and strength has acted as a magnet in attracting immigration which, coupled with a steady natural increase, has created the largest population center along the Pacific coast. A major weakness in this economy and possible impediment to future growth, other than the current soft economic conditions, is the limited capacity of the infrastructure, which has been stretched close to its limits by the continued population growth.

The transportation system, the water supply, and the sewer system are now at or near capacity, causing a substantial strain on the infrastructure, which in turn causes severe social frictions. Despite these limitations, when the economy improves, the county should have the momentum to effectively deal with the above limitations. This current stabilization and expected future growth will be the driving force that not only provides the resolution to the infrastructure problems, but also that which generates the continued and expanding needs for existing and new housing of all types, which should in turn create increased demand for real estate.

The overall market has started to recover with vacancy rate decreasing year to year and rents having risen over the past year.

MONTEBELLO OVERVIEW

SOCIAL FORCES

Montebello (Spanish and Italian for "beautiful mountain") is a city in Los Angeles County, California, United States, located in the southwestern area of the San Gabriel Valley on 8.4 sq mi (22 km²) 8 mi (13 km) east of downtown Los Angeles. It is considered part of the Gateway Cities, and is a member of the Gateway Cities Council of Governments. In the early 20th century, Montebello was a well-known source for oil reserves. At the 2010 census, the population was 62,500. The estimated population as of 2020 was 63,734.

HISTORY

Before the arrival of the Spaniards in the area known today as Montebello, the land along the Rio Hondo River was populated by the Tongva (Gabrielino) portion of the Uto-Aztecan family of Native Americans. The Tongva occupied much of the Los Angeles basin and the southern Channel Islands - Santa Catalina, San Nicolas, San Clemente and Santa Barbara; when Spanish explorer Juan Rodrigues Cabrillo arrived off the shores of Santa Catalina in 1542, he was met by the

Tongva people. Because the language of the Tongva was different from the neighboring tribes it was called "Gabrielino" by the Spanish. As more non-natives arrived and settlements were established, illness and disease came with them. By 1870, the area had few remaining indigenous inhabitants as disease brought by the Europeans killed many of the Tongva.

Father Angel Somera and Father Pedro Cambon, both Franciscan missionaries, founded the original Mission San Gabriel Arcangel, called Mission Vieja on September 8, 1771; the location is today near the intersection of San Gabriel Boulevard and the Rio Hondo River. The establishment of the mission marked the beginning of the Los Angeles region's settlement by Spaniards and the fourth of twenty-one missions ultimately established along California's El Camino Real. The mission did well initially as a farm and cattle ranch. Six years after its founding, however, a destructive flood led the mission fathers to relocate the establishment farther north, to its current location in what is the present day city of San Gabriel. The original mission site is now memorialized as California Historical Landmark #161.

During the early years of the mission's existence, the region operated under a "Rancho" land grant system. The current city of Montebello consists of land from Rancho San Antonio, Rancho La Merced, and Rancho Paso de Bartolo. The Juan Matias Sanchez Adobe, built in 1844, still stands at the center of old Rancho la Merced in East Montebello. Recently restored, Rancho la Merced is the city's oldest standing structure.

On January 8, 1847, the Battle of Rio San Gabriel took place in what are today parts of the cities of Whittier, Pico Rivera and Montebello. The battle was a decisive victory for the U.S. Army, giving control of Los Angeles and Alta California to the United States, and is viewed by historians as a critical juncture in the Mexican-American war. Today the site is California State Historical Landmark #385; and there are two cannons and a plaque commemorating the battle that overlook the river on Bluff Road and Washington Boulevard.

Following the American Civil War, some 5,000 acres (2,000 ha) of the East Los Angeles area was owned by Alessandro Repetto, an Italian immigrant settler from Genoa, Italy. Following Repetto's death in 1885, his brother sold his rancho to a consortium of five Los Angeles businessmen including banker Isaias Hellman and wholesale grocer/historian Harris Newmark for $60,000, approximately $12 per acre. The land was later divided among the partners, one large parcel of approximately 2,000 acres (810 ha) going to a partnership of Newmark and his nephew, banker Kaspare Cohn. It was out of the Newmark and Cohn share of 1,200 acres (490 ha) that city Montebello had its beginnings in May 1899. After receiving the advice of hydraulic engineer William Mulholland for the drafting and building of the town's water system, the land was subdivided. In 1900 the completed water system was incorporated as the Montebello Land and Water Company.

An area of 200 acres (81 ha) adjacent to the tracks of what was formerly the San Pedro, Los Angeles & Salt Lake Railroad was developed into a townsite called Newmark, bounded by Los Angeles Avenue on the south, 1st Street on the east, Cleveland Avenue on the north, & 5th Street on the west. The remainder of the land was subdivided into 5 acres (2.0 ha) lots suitable for small-scale agriculture. On Mulholland's suggestion, Montebello was adopted as the city's name, replacing the original name Newmark.

Originally an agricultural community, Montebello was formerly known for its prolific production of flowers, berries, fruits, and vegetables. The first public flower show was sponsored by the Montebello Women's Club and held in the Montebello High School auditorium on Whittier Boulevard in 1912. The Montebello - El Carmel (South Montebello) Improvement Association, the predecessor of the Montebello Chamber of Commerce, operated from September 1907 to April 1912. with its stated purpose "to improve and beautify the community." Some of its early achievements included: seeing Whittier Boulevard paved, trees planted along the streets, establishment of the city's first high school, working to drop the name of "Newmark" and having the entire area incorporated as "The City of Montebello". On October 19, 1920, the city was incorporated and its name officially changed to "Montebello". In honor of Montebello's agricultural roots, the city's official seal contains a red poinsettia in the center. Much of south Montebello, was populated by Japanese American farmers who would lose their property during the WW II internment of US citizens. many of the displaced residents were unable to return to their homes. Citation Executive Order 1066. The Family of M's Flowers can trace their history and participation in the growth of the all flower industry, largely through their efforts. The Standard Oil Company discovered oil in the Montebello hills in 1917 on the Baldwin and Temple properties; this discovery changed the face of Montebello. What were formerly hills full of agriculture became oil fields. Eventually, the oil taken from the soil in Montebello would produce one-eighth of the crude-oil in California. Over the course of sixty years, the Montebello hills were filled with producing oil wells.

GOVERNMENT & INFRASTRUCTURE

In the California State Legislature, Montebello is in the 32nd Senate District, represented by Democrat Bob Archuleta, and is split between the 58th Assembly District, represented by Democrat Cristina Garcia, and the 49th Assembly District, represented by Democrat Ed Chau. In the United States House of Representatives, Montebello is in California's 38th congressional district, represented by Democrat Linda Sánchez.

Montebello utilizes a city council/city administrator form of government. The city council provides political leadership and policy direction. Montebello's current elected City Treasurer is Rafael Gutierrez. and the current elected City Clerk is Irma-Bernal Barajas. The city administrator works under the direction of the City Council, and functions as the manager of city employees and the department heads. Montebello has six department heads and some oversee more than one division. Previous Mayor Vanessa Delgado resigned from the Montebello City Council on August 13, 2018 so she could be sworn as a California State Senator.

The City Council is composed of five members elected at large by the citizens of Montebello to serve for four-year overlapping terms Council meetings are held on the second and fourth Wednesday of each month beginning at 5:30 p.m. at Montebello City Hall, Council Chamber, 1600 W. Beverly Blvd., Montebello, CA 90640.

The City Council is responsible for appointing residents to several commissions:

- Civil Service
- Culture & Recreation
- Golf
- Planning
- Traffic & Safety
- Youth

The Montebello Redevelopment Agency has three project areas:

The United States Postal Service operates the Montebello Post Office at 145 North 5th Street and the Montebello Hills Post Office at 2547 Via Campo.

EMERGENCY SERVICES

Law Enforcement

Montebello has its own police department consisting of 74 sworn officers, which includes the Chief of Police, two captains, five lieutenants and ten sergeants. The department also employs 24 civilian personnel organized into three divisions: Field Services, Investigative Services, and Support Services. The Chief of Police is Brad Keller who started his law enforcement career with Montebello in 1991. Chief Keller is the tenth police chief of Montebello Police Department since 1920. Augmenting the department are a Reserve Officer Corps, a Police Explorer Program, a Police Chaplain Corps and a civilian "Citizens on Patrol" program. The department provides a variety of services to citizens including Neighborhood Watch, the Citizen's Academy and a child seat loan program. The Crime prevention Bureau provides free security inspections to local businesses and residents.

Fire Department

The Montebello Fire Department is divided into five divisions: Fire Administration, Operations, Communications, Fire Prevention, and Emergency Preparedness. Fire Chief Dominic Hebert oversees the Montebello Fire Department. The Fire Administration division has control over the fire department's functions ranging from the budget to policy and personnel. The operations division oversees emergency response teams including emergency medical services, fire and rescue, and special operation groups such as Urban Search and Rescue and water rescue. The Operations Division is composed of response personnel from three fire stations, staffing three paramedic engine companies, and one truck company. The shift Battalion Chief oversees the activities of the three fire stations on their respective shift. The communications division oversees communications for all city operations including fire and police dispatch. The Fire Prevention Division oversees fire and safety inspections, including maintenance of fire protection systems and equipment, and fire and building code enforcement for all public buildings, as well as businesses within the city of Montebello. Fire prevention is also responsible for fire and arson investigation. The Emergency Preparedness Division is responsible for the coordination and training of public safety employees in the event of all major disasters. The Fire Marshal, Kurt Johnson, oversees the Fire Prevention Division and the Emergency Preparedness Division

EDUCATION

Public

The city is served by the Montebello Unified School District. M.U.S.D. serves the city of Montebello, portions of the cities of Bell Gardens, Commerce, Downey, Rosemead, Pico Rivera, and Monterey Park, as well as the unincorporated community of South San Gabriel, and a part of the unincorporated community of East Los Angeles. The District is one of the largest and most diverse in Los Angeles County with an enrollment of more than 35,000 K-12 students and 30,000 adults enrolled in adult education.

There are eighteen elementary schools, six intermediate schools, five high schools, and four adult schools. The five high schools are: Montebello High School, founded in 1909; Bell Gardens High School; Schurr High School; Vail High School, an alternative high school for grades 10-12;

Applied Technology Center, a $30 million facility opened in the fall of 2011, is a vocational high school with state-of-the-art technical training capable of accommodating up to 750 students. Students wishing to attend ATC are required to apply for admission. Board of education President Edwin Chau stated that ATC offers students a "rigorous academic curriculum and career technical education within a full-day schedule." Montebello Unified, has made it their goal to ensure students graduate ready and college prepared." The project was paid for with a $98 million Measure M bond, which voters passed in November 2004.

Private

Saint Benedict School, a private parochial grammar school, K-8, is operated on Saint Benedict Church property. It opened in September 1941 and was formally dedicated on Pearl Harbor Day, December 7, 1941.

Our Lady of Miraculous Medal Parish School. The school first opened in 1954 through the leadership of the Daughters of Charity of St. Vincent De Paul.

A private parochial high school, Cantwell-Sacred Heart of Mary High School, is also located in Montebello. Originally two separate gender-segregated High Schools, they merged in the 1991, the Sacred Heart of Mary campus moving to the Cantwell campus.

St. John's Lutheran Church has a Kindergarten-8th school on a site adjoining the church.

TRANSPORTATION

Buses

Public transportation is provided by the city-owned Montebello Bus Lines; the service is the sixth largest public transit agency in Los Angeles County with an annual ridership of over 8.2 million. Starting in 1931 with a fleet of four buses, the agency now has a fleet of 66 buses, including five hybrid gasoline-electric buses and serves 14 communities.

Other public transportation

Montebello LINK is a transportation shuttle offering curb-to-curb service to and from the Montebello/Commerce Metrolink station. Montebello also operates Montebello Dial-a-Taxi, a program offering transportation for senior residents and qualified disabled persons of any age. 15,000 residents utilize this service.

SUMMARY

Montebello is experiencing a stable expansion of its population and economic base precipitated by its built-up atmosphere, and room for expansion is available. The city a good mixture of single-family, multi-family, retail, commercial, office, & industrial uses. New commercial and industrial businesses are also attracted to the area by a well-established and available labor pool, relatively close proximity to major metropolitan areas and the city nature of the area. In summary, this combination of social and economic forces will continue to generate demand for real estate

Real Estate Cycle

The successive periods of expansion, peak, contraction, and through that characterize the activity of the real estate market. Business and real estate cycles do not generally move in tandem. Since real estate development and sales activity are especially responsive to the downward movement in interest rates, increased activity in real estate markets often heralds an economic recovery. See also business cycle. The four stages of neighborhood life cycles are as follows:

> *Urban renewal-The controlled process of redevelopment in urban areas; often used to refer to public projects, but also includes private redevelopment efforts. See also redevelopment; redevelopment agency.*

Growth- A stage in a market area's life cycle in which the market area gains public favor and acceptance.

Revitalization -"A stage in a market area life cycle characterized by renewal, modernization, and increasing demand."

Stability-A stage in a market area life cycle in which the market area experiences equilibrium without marked gains or losses.

The subject's neighborhood can be characterized as being in the stability stage of a neighborhood's life cycle.

Summary

The neighborhood and the surrounding areas have exhibited a moderate growth in population over the last decade due to the location within the Los Angeles County. The social environment of the area, in general, may be characterized as a good mixture of young and old as the rate of population has continued to increase bringing young families and retirees in the area. General amenities are well served in the city of Montebello by newspaper, cable outlets, theaters, boutiques, retail services, churches, community service groups, organized youth activities, financial institutions, libraries and restaurants. The residents also enjoy the full scope of California's lifestyle, living within one hour's drive or less of the widest variety of recreation, cultural and sports activities in the world.

Trend

The outlook for the subject's neighborhood is considered very good with the area benefitting by manufacturers and distribution companies which have and continue to move southward from the

Los Angeles & Ventura counties, & west from San Bernardino areas & north from Orange & San Diego County. More importantly, the subject neighborhood is located in the city area where zoning restrictions are well defined and allow users flexibility. The subject has a good location with good access to the freeway system (605-freeway & 5-freeway). There is a large semi-skilled population base within a 30-minute driving time from this area that supports both local and regional businesses. In My judgment, the subject's neighborhood should continue to expand and develop into the foreseeable future.

IBIS WORLD - NEW CAR DEALERS IN CALIFORNIA

Executive Summary

Slamming the breaks: Rising interest rates and falling consumer confidence are expected to prevent industry growth

The New Car Dealers industry in California has experienced steady, moderate revenue growth over the five years to 2019, increasing an annualized 2.9% due to robust demand growth. Consumer income and confidence have increased strongly during the period, which led consumers to purchase new durable goods, such as vehicles. New car sales have been increasing an annualized 0.7% during the period as a result. However, a decrease in the consumer confidence index in 2019 alone is expected to lead to a 3.7% decrease in revenue that same year to reach $124.0 billion.

Despite revenue growth, profit has been very low for industry operators, averaging only 0.4% of revenue in 2019. This is due to the high cost of purchases; new vehicles cost dealers an average of over 85.0% of their revenue to keep inventory. In addition, competition between industry operators is fierce and increasing and the lack of effective economies of scale prevent companies from accumulating significant market shares. As a result of slim profit and intense competition, the number of industry operators is anticipated to remain stagnant over the five years to 2019 and reach 1,555 companies. Even so, total wages have been increasing at an annualized rate of 3.8% to $8.3 billion as operators continue to hire highly skilled and knowledgeable employees to differentiate from the competition and increase overall sales.

Demand for industry services is expected to decrease over the five years to 2024 as consumer confidence falls slowly. As consumers lose confidence in the economy, they will reduce their purchases of new vehicles. However, new car sales are anticipated to continue to marginally increase an annualized 0.4%. At the same time, interest rates are expected to increase, causing the effective price of new vehicles to increase since most vehicles are bought on credit. As a result, revenue growth for industry players will remain relatively stagnant, increasing at a slow annualized rate of 0.1% over the five years to 2024 to reach $124.7 billion. The number of industry operators is also anticipated to continue to increase at a slow pace, rising an annualized 0.3% to 1,575 companies in 2024. During the outlook period, operators will likely try to implement cost-saving measures to boost profit. As a result, the number of employees and industry wages are anticipated to increase, albeit at a slower annualized rate than the previous period. Over the five years to 2024, the number of employees is anticipated to increase at an annualized rate of 0.6% to 132,278 employees.

Key External Drivers

Average age of vehicle fleet

As the average age of all vehicles on the road increases, buyers are more likely to trade in their older cars for new models. Conversely, demand for new cars declines when the average age of the fleet is lower. The average age has steadily increased in recent years, as improving manufacturing methods have led to longer-lasting vehicles and consumer struggles during and after the recession have caused them to put off vehicle purchases. The average age of vehicle fleet is expected to increase in 2019.

CA - Per Capita Disposable Income in California

Per capita personal income represents how much the average consumer in California makes in one year. As incomes increase, consumers are more willing to purchase new cars. When incomes contract, consumers are less likely to purchase new cars. Per capita personal income in California expected to grow in 2019, representing a potential opportunity for the industry.

Consumer Confidence Index

The consumer confidence index measures consumers' optimism in their economic futures. When confidence increases, consumers are more likely to purchase expensive, durable goods such as vehicles. When confidence declines, consumers put off expensive purchases. Consumer confidence is expected to decline in 2019, posing a potential threat to the industry.

Yield on 10-year Treasury note

An interest rate increase represents an increase in the cost of borrowing money. Since most vehicle purchases are made on credit, interest rate increases cause the effective price of vehicles to grow, discouraging demand. When interest rates fall, the effective price of vehicles fall, causing demand to increase. The yield on the 10-year note is expected to decrease in 2019.

State vs. National Comparison

The New Car Dealers industry in California experienced healthy growth over the five years to 2019, but has experienced a low to moderate level of revenue volatility.

The industry's share of the national industry has slightly increased during the period. In 2019, the industry in California is expected to account for 13.0% of the national industry, an increase from 12.5% in 2014, suggesting that there is higher demand for industry services in California than in the nation as a whole. Additionally, since the average household income in California is higher than the national average, the price of the products and services offered at the state level are probably higher than that on the national level. Even so, new vehicles make up the largest share of revenue at the national level and the state level. Also, used vehicle sales also make up a smaller share of revenue for operators in the state, with more consumers opting for financing and leasing options.

At both the national and state level, the New Car Dealers industry exhibits a low level of market share concentration, as the industry is highly fragmented and largely made up of smaller operators servicing a specific area or county. Both at the national and state levels, the largest four players are estimated to account for an estimated 5.0% of the market share. However, the average operator in California brings in more revenue per location than at the national level. Additionally, while the average operator in California employs more workers than the national industry, who also receive higher average wages than their US counterparts, wages still account for a higher share of revenue for the national industry. Wages are growing at a much faster pace at the national level over the five past years, which increases their share of revenue. As a result, operators in California employ more workers and experience higher returns per employee, while still having higher wages than the national average.

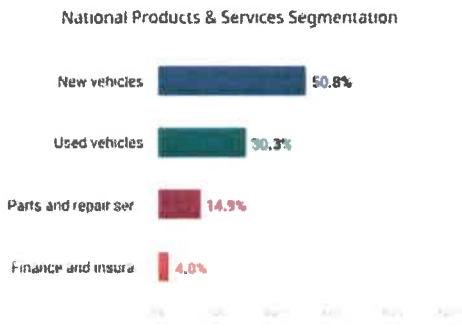
2019 INDUSTRY REVENUE

$124.0bn



2019 NATIONAL REVENUE

$883.0bn

New car dealers sell new cars and light trucks as their main operations, but also sell used vehicles, provide parts and repair services and financing and insurance for their vehicles.

New car sales generate the lower profit margins than used car and parts and repair sales, which is why new car dealers devote a significant chunk of their operations to these activities. Providing in-house financing and insurance, meanwhile, eases the purchasing process and generates further profit.

NEW VEHICLES

New vehicles account for more than half of new car dealer revenue in California.

According to the California New Car Dealer Association (CNCDA), about 55.0% of new vehicles sold in 2016 were cars, down from 59.3% in 2015, and about 45.0% of new vehicles sold in 2016 were light trucks, up from 40.7% in 2015 (latest available data). Vehicles made in Japan account for almost half of all sales in California, followed by vehicles made in the US, Europe and Korea. Hybrid vehicles represented 4.7% of new vehicles sold in 2016, down from 5.8% the year before, while plug-in hybrids and electric vehicles each accounted for less than 2.0% of total sales (latest available data). New vehicles have grown slightly as a share of revenue over the past five years due to the increase in price of used vehicles.

USED VEHICLES

Used vehicle sales account for 21.7% of total revenue for industry operators.

According to the CNCDA, almost half of used vehicles sold in 2016 were over ten years old. In the same year, cars accounted for 60.3% of used vehicles sold, a greater share than of new vehicle sales, and light trucks accounted for 39.7% (latest available data). Used vehicle sales generate higher profit margins for players than new car sales. However, the share of revenue generated by used vehicle sales has declined over the past five years because a low supply of used cars has driven up prices, encouraging more buyers to look to new vehicles instead.

PARTS AND REPAIR SERVICES

Almost all new vehicles sold in California come with a manufacturer warranty that only permit franchise dealers to perform repair services while the vehicle is under warranty.

As a result, dealers have a competitive advantage over independent repair shops, which allows them to generate about 13.1% of their revenue through parts and repair services sales.

FINANCING AND INSURANCE

New car dealers provide customers with financing and insurance services on their vehicles.

Revenue from this segment accounts for 2.9% of total sales for the average dealer. Nonetheless, it is an important product segment which helps streamline the buying process and often provides financing for customers which would not be able to secure a loan from a mainstream financial institution.

Business Locations

The New Car Dealers industry in California is most heavily concentrated in regions of high population density and economic activity. Most industry operators are in line with the state's population distribution to have close proximity to potential customers. Accordingly, the region with the highest share of industry establishments is Los Angeles County (23.4%). Industry operators also tend to place themselves near high levels of economic activity so that consumers can afford new vehicles and repair services. Operators also need to be close to suppliers so that transportation costs are not as costly. For example, Los Angeles County has an expanding mass transit system and the highest population in the state, which makes it more attractive to operators.

Furthermore, industry operators typically locate themselves in regions with cities at a higher rate than other regions to attract foot traffic and reach a larger audience. The regions in the New Car Dealers industry in California that have the highest share of establishments include Los Angeles County and Orange County. Also, these regions include Metropolitan Statistical Areas (MSA), which are areas of economic significance as defined by the US Census Bureau. For example, the Los Angeles MSA provides areas of high economic activity that attract industry operators. Due to this, these regions, and cities, tend to have a high share of industry establishments.

Market Share Concentration

Concentration in this industry is ⊘ **Low**

Concentration in the US is ⊘ **Low**

• The New Car Dealers industry in California exhibits a low level of market share concentration and no vendor controls 5.0% or more of the industry.

• In fact, the top four vendors combine to control an estimated 5.0% of the market, indicating a highly decentralized market.

• Economies of scale are only achievable to a limited degree due to the large, expensive inventory that is difficult to ship.

• While national dealer networks exist and are the largest single players in the industry, they are unable to consolidate significant market share.

• The industry is primarily composed of single-location dealers affiliated with a single manufacturer.

Key Success Factors

IBISWorld identifies 250 Key Success Factors for a business. The most important for this industry are:

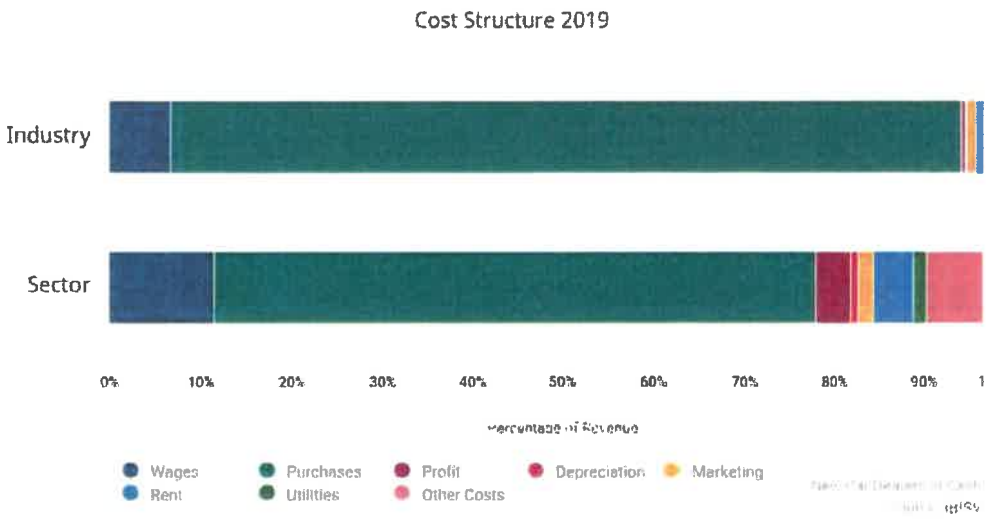
Provision of superior after sales service:
Providing parts, repair services and vehicle trade-ins enhances revenue and profitability. Since these services are more expensive at a new car dealership than at an independent shop, high service standards will be key to a dealer's success.

Use of high volume/low margin strategy:
Consumers are taking progressively longer to purchase a new car, spending a significant amount of time comparing prices. Dealerships that provide low prices will increase traffic and volume sales.

Internet presence:
Car buyers increasingly turn to the internet for research and pricing information. A study by internet research company Compete found that 53.0% of automotive consumers want to purchase their parts and accessories online.

Superior financial management and debt management:
New car dealers are extensive users of debt capital, exposing them to considerable risk when the economy suddenly weakens. Even as new car sales drop off, dealers must still pay interest on their debt-purchased inventory.

Cost Structure Benchmarks



Profit

New Car Dealers industry operators in California are expected to generate a very slim average profit margin of 0.4% in 2019 because most of their revenue tends to go to purchases.

Wages

The labor force for car dealers comprises primarily salespeople, office workers and repair technicians, and in 2019 wages to these workers account for an average of 6.7% of revenue.

Purchases

Purchases are by far the largest component of the average car dealer's cost structure, comprising 87.6% of revenue and primarily represent new and used vehicle inventories in addition to auto parts and related goods for use in their parts and repair services.

Other Costs

The remaining costs are devoted to marketing, rent and utilities and other small costs.

Major Players

AutoNation Inc.

Market Share: 0.0%-5.0%

AutoNation Inc. is the largest auto retailer in the country and in California. The company operates 254 stores nationwide and 41 in California alone, which generated 18.0% of the company's total revenue. The company leverages its large size to secure efficiency gains through economies of scale. Despite this, the decentralized nature of the New Car Dealers industry means that the company controls well less than 5.0% of the total market. Nonetheless, the company has experienced steady sales growth in recent years and is expected to continue growing in coming years.

Penske Automotive Group Inc.

Market Share: 0.0%-5.0%

The Penske Automotive Group Inc. (Penske) is the second-largest dealership group in the US and California. The company operates 30 franchises in California, where it generated 12.0% of its total revenue for the year and close to 20.0% of its US revenue. Like AutoNation Inc., it leverages its size to reduce inventory costs and maintain a competitive advantage. Penske has also experienced steady growth in recent years that is expected to continue in the near future, though it will still not approach a significant market share, remaining under 5.0% of the market.

Norm Reeves Superstores

Market Share: 0.0%-5.0%

The Norm Reeves Superstores operates 10 locations in Southern California, where it is a regional leader. The dealers sell a variety of makes of autos, but focus primarily on Hondas. It has locations in most auto malls and auto rows in Los Angeles and Orange counties. The company is privately owned and therefore does not release the financial details of its operations. Even so, the company is estimated to generate under 5.0% of industry revenue in 2019.

Longo Toyota/Scion

Market Share: 0.0%-5.0%

Longo Toyota/Scion, founded in 1967, is the largest Toyota dealership in the United States by volume. The retailer spans over 50 acres in the city of El Monte. It sells new and used cars and light trucks from Toyota and associated brands. The company is privately owned and does not release financial information on its operations. IBISWorld estimates the company will account for under 5.0% of the market.

Regulation of the New Car Dealers industry in California is heavy and steady.

The Department of Motor Vehicles (DMV) sells annual licenses that dealers must hold to operate. Acquiring a license involves submitting to a background and credit check, attending a six-hour long class and passing a 40-question test. In addition, a dealer's salespeople must each hold a Vehicle Salesperson License, also sold by the DMV. Finally, if a vehicle purchased by a consumer has ongoing mechanical issues, the dealer can be held liable following federal Lemon Laws. These regulations are not expected to change significantly in the near future.

The California New Car Dealers Association provides education, services and lobbying for its members. In addition, it has partnerships with local dealer associations which further provide for members on that level. These dealer associations also help with negotiations with manufacturers, allowing dealers to pool resources when dealing with the much larger auto manufacturers. No other significant assistance is available to industry operators, and this is not expected to change significantly over the five years to 2024.

Glossary

BARRIERS TO ENTRY
High barriers to entry mean that new companies struggle to enter an industry, while low barriers mean it is easy for new companies to enter an industry.

CAPITAL INTENSITY
Compares the amount of money spent on capital (plant, machinery and equipment) with that spent on labor. IBISWorld uses the ratio of depreciation to wages as a proxy for capital intensity. High capital intensity is more than $0.333 of capital to $1 of labor; medium is $0.125 to $0.333 of capital to $1 of labor; low is less than $0.125 of capital for every $1 of labor.

CONSTANT PRICES
The dollar figures in the Key Statistics table, including forecasts, are adjusted for inflation using the current year (i.e., year published) as the base year. This removes the impact of changes in the purchasing power of the dollar, leaving only the "real" growth or decline in industry metrics. The inflation adjustments in IBISWorld's reports are made using the US Bureau of Economic Analysis' implicit GDP price deflator.

DOMESTIC DEMAND
Spending on industry goods and services within the United States, regardless of their

country of origin. It is derived by adding imports to industry revenue, and then subtracting exports.

EMPLOYMENT
The number of permanent, part-time, temporary and seasonal employees, working proprietors, partners, managers and executives within the industry.

ENTERPRISE
A division that is separately managed and keeps management accounts. Each enterprise consists of one or more establishments that are under common ownership or control.

ESTABLISHMENT
The smallest type of accounting unit within an enterprise, an establishment is a single physical location where business is conducted or where services or industrial operations are performed. Multiple establishments under common control make up an enterprise.

EXPORTS
Total value of industry goods and services sold by US companies to customers abroad.

IMPORTS
Total value of industry goods and services brought in from foreign countries to be sold in the United States.

INDUSTRY CONCENTRATION
An indicator of the dominance of the top four players in an industry. Concentration is considered high if the top players account for more than 70% of industry revenue. Medium is 40% to 70% of industry revenue. Low is less than 40%.

INDUSTRY REVENUE
The total sales of industry goods and services (exclusive of excise and sales tax); subsidies on production; all other operating income from outside the firm (such as commission income, repair and service income, and rent, leasing and hiring income); and capital work done by rental or lease. Receipts from interest royalties, dividends and the sale of fixed tangible assets are excluded.

INDUSTRY VALUE ADDED (IVA)
The market value of goods and services produced by the industry minus the cost of goods and services used in production. IVA is also described as the industry's contribution to GDP, or profit plus wages and depreciation.

INTERNATIONAL TRADE
The level of international trade is determined by ratios of exports to revenue and imports to domestic demand. For exports/revenue: low is less than 5%, medium is 5% to 20%, and high is more than 20%. Imports/domestic demand: low is less than 5%, medium is 5% to 35%, and high is more than 35%.

LIFE CYCLE
All industries go through periods of growth, maturity and decline. IBISWorld determines an industry's life cycle by considering its growth rate (measured by IVA) compared with GDP; the growth rate of the number of establishments; the amount of change the industry's products are undergoing; the rate of technological change; and the level of customer acceptance of industry products and services.

NONEMPLOYING ESTABLISHMENT
Businesses with no paid employment or payroll, also known as nonemployers. These are mostly set up by self-employed individuals.

PROFIT
IBISWorld uses earnings before interest and tax (EBIT) as an indicator of a company's profitability. It is calculated as revenue minus expenses, excluding interest and tax.

VOLATILITY
The level of volatility is determined by averaging the absolute change in revenue in each of the past five years. Volatility levels: very high is more than ±20%; high volatility is ±10% to ±20%; moderate volatility is ±3% to ±10%; and low volatility is less than ±3%.

WAGES
The gross total wages and salaries of all employees in the industry. The cost of benefits is also included in this figure.

Topography and Drainage
The subject land is primarily level.

Earthquake Hazard
The subject is not located within an Alquist-Priolo Special Studies Zone according to the City's engineering department.

Soils Report
I have not been provided with a soils report. This appraisal assumes that the soil is of adequate load-bearing capacity to support the improvements. One important factor is that the subject property is within an area classified as moderate liquefaction. In addition, the subject is in an area with soils subsidence active.

Utilities
All the necessary utilities reportedly exist to the site. These utilities include public telephone, public electricity, public gas, and public water and sewer.

Easements and Restrictions
A current title report was not provided for our review. No opinion of title is rendered by us, and I assume that there are no easements, liens, encroachments, encumbrances or other property restrictions which would adversely affect the value of the subject property as estimated herein. No survey of the boundaries of the property was undertaken by us. All areas and dimensions furnished are presumed to be correct.

Nuisances and Hazards
During my inspection, I did not note any nuisances or hazards affecting the subject property. I was not provided with an Environmental Site Assessment for the subject property but did request one. I assume there are no hidden or non-apparent conditions nor substances in the soil or sub-soil which may be hazardous or toxic. Based on a visual inspection of the subject site and the surrounding areas, the subject site does not appear to be impacted with hazards or nuisances.

Environmental Factors
The clients are advised to obtain a phase 1 or phase 2 environmental report, if desired. I am not qualified to evaluate any conditions regarding hazardous waste materials.

Soil Conditions
No soil survey was available, but this site has been stable for a number of years with no obvious evidence of problems. This soil appears to be a slightly sandy loam.

Anticipated Public or Private Improvements
No unique public improvements are anticipated in the near future.

Natural, Cultural, recreational, and Scientific Resources
None apparent

Restrictions on use and Development
No restrictions other than those imposed by the zoning ordinances.

Covenants, Conditions, and Restrictions
None.

Functional Adequacy and Conclusion
The subject site is adequate for the subject property.

Photographs
Photographs of the subject property were taken on the date of the appraisal inspection. Please see the photographs forthcoming.

Streets and Access
The subject is on the northern side of W. Whittier Blvd, a two lane each side in an east/west direction asphalt-paved arterial street. Traffic counts are 25,073 vehicles per 24-hour period as shown below per 24-hour period per STDB. Please see the forthcoming traffic map and counts.

Zoning and Planning

Chapter 17.28 - C-2 GENERAL COMMERCIAL ZONE
17.28.010 - Purpose.

The C-2 zone is established to provide for business centers in areas where a wide range of retail sales and service establishments are needed to accommodate the surrounding community.

(Prior code § 9240.1)

17.28.020 - Permitted uses.

Uses permitted in the general commercial (C-2) zone shall generally be those with higher traffic and longer hours such as retail sales, medical and professional offices, general office, as well as service stations and automobile sales yards subject to conditional use permits:

A. Principal uses:
   1. See Appendix A, Index of Primary Uses, for specific uses allowed in the C-2 zone;

B. Accessory uses:
   1. All accessory uses and structures incidental to the permitted primary use,
   2. Automobile service and garages when repair is incidental to the operation of a permitted automobile service station or auto sale use and; provided, that all repair work is conducted within an enclosed building,
   3. Outdoor vending subject to a conditional use permit and the following limitations:
      a. Primary business must have at least thirty thousand square feet of floor area,
      b. Primary business must be located at least eighty feet from a public street,
      c. Vending operations must be located immediately adjacent to the primary business' building,
      d. Vending operations may be conducted only during hours in which the primary business is in operation,
      e. The primary business to which the vending operations are accessory must be at least one thousand feet away from any other business which has outdoor vending operation(s);
   4. Dancing, pool and billiard tables and amusement games machines which are accessory to restaurants, cafes, bars and cocktail lounges; provided, that the accessory uses are limited to a maximum usage of twenty-five percent of the total floor area used by the primary use,
   5. Dry cleaning plants accessory to a retail dry cleaning agency located on the same premises, excluding carpet cleaning,
   6. Retail sale of used articles taken as trade-in on the sale of new articles when such new articles are sold from the premises,

7. Dwellings; provided, that only those portions of a building located above the ground floor may be used for dwelling purposes, and that the dwellings are occupied only by persons employed on the premises or by the owner of the property. Front and side yard requirements are not applicable to these dwellings.

DESCRIPTION OF SUBJECT IMPROVEMENTS

The construction, quality, functional utility and other features described as follows are based upon an inspection of the subject property. We relied on the measurements and areas that were given to the appraisers. A copy of this floor plan is included in this section of the report. Should a future engineering study be conducted which results in measurements different from those reported herein, we reserve the right to adjust our opinions of value accordingly. This is a condition of this report.

Property Type and Location:
The subject property consists of Automotive Dealership located at 310 W. Whittier Boulevard, Montebello, Los Angeles County, CA 90640-5324. The property is Identified by Assessor Parcel Numbers 6346-022-900, 6346-022-901, 6346-023-900, & 6346-023-901. The entire building is 45,211 square feet per building floorplans, was constructed in 2003/2012 per Costar, and the lot size is 2.70 acres or 117,504 Square Feet per Costar.

The subject is an auto dealership and auto repair property with one building containing 45,211 square feet. There are 8,377 square-feet (excluded from GBA) of various ancillary covered display areas, canopies, overhangs, car ramp, and stairs. There are parking areas throughout the site. The building also features roof-top parking accessible by a large vehicle ramp on the west side of the building. There is internal building access to the roof-top parking lot via a pedestrian elevator and stairwell.

The building features a showroom area with a waiting area, perimeter private offices, sales offices, and a set of men's and women's restrooms. There is also service garage area with 36 service stations, floor drains and good clear height. The rear portion of the building is service area with good utility. There is a dedicated parts area utilized for parts storage. The design is considered overall functional. Please, refer the attached site plan and subject photographs for the layout of the building improvements on the site.

Gross Building Area
The building is 45,211square feet +/- according to building floorplans submitted to the appraiser.

ASSESSED VALUATION AND TAXES

Real property taxes in California are limited to one percent of market value of the property, as of a specified base year plus bonded indebtedness/special assessments. The base year valuation is the 1975 Assessor's market value estimate, or market value indicated by a sale, or market value based upon reassessment of the property which is triggered by new construction or leasing of the property on a long-term basis.

To provide for inflation, if there is no sale, lease, or new construction, there is a maximum two percent per year increase allowed in the assessed values assigned to land and improvements.

Assessed Value 2020

I/we were provided with a copy of the 2019 tax year tax bills (current). The client is advised to check with the title company for the exact status of the property taxes. According to the Tax Collector's office, if the subject property is sold, taxes will be based upon the market value of the property at the time of transfer. The taxes will increase based upon the new market value of the property reflecting the reassessed value of the improvements and land.

TAX BILL

The subject parcel is located in Tax Rate Area 06-311 with a 2019-20 tax rate of 1.321605% plus direct assessments. The subject's assessed value and taxes for the 2019-20 tax year follows:

Assessor Parcel Number	Land Value	Improvement Value	Total Value	Base Taxes	Special Assessments	Total Taxes
6346-022-900	$519,020	$0	$519,020	$6,859.39	See Below	See Below
6346-023-900	$537,852	$0	$537,852	$7,108.28	See Below	See Below
6346-023-901	$234,891	$0	$234,891	$3,104.33	See Below	See Below
6346-022-901	$147,880	$0	$147,880	$1,954.39	See Below	See Below
Total	$1,439,643	$0	$1,439,643	$19,026.39	$483.61	$19,510.00

They have not assessed values to the building improvements presumably due to the city-owned status of the property. The existing subtenant reportedly does pay property taxes based on the assessed land value plus special assessments and had a 2019 tax bill of $19,510.

Assuming re-assessment to our estimated fee simple market value without consideration for the existing leases, at $11,700,000, the new annual taxes based on the 2019-2020 base tax rate of 1.321605% plus current direct assessments will be $155,111.

HIGHEST AND BEST USE

According to the **Dictionary of Real Estate Appraisal** a publication of The Appraisal Institute, highest and best use is defined as:

1. The reasonable and probable use that supports the highest present value of vacant land or improved property, as defined, as of the date of the appraisal;

2. The reasonably probable and legal use of land or sites as though vacant, found to be physically possible, appropriately supported, financially feasible, and that result in the highest present land value; and

1.The most profitable use.

I have evaluated the site's highest and best use as if vacant as well as its highest and best use as improved.

In each case the use must be (1) physically possible, (2) legally permissible, (3) financially feasible, and (4) maximally productive.

"AS IF" VACANT

Highest and Best Use of Property - As if Vacant is described as "Among all reasonable, alternative uses, the use that yields the highest present land value, after payments are made for labor, capital, and coordination. The use of a property based on the assumption that the parcel of land is vacant or can be made vacant by demolishing any improvements."[1]

Legally Permissible

The subject is zoned C-2 (GENERAL COMMERCIAL ZONE). The purpose of the commercial (C-2) zone is to allow for the establishment and operation of retail and business uses in conveniently located areas of the city. These uses are intended to provide a variety of goods and services necessary to meet the needs of the resident and business populations. Development intensity is restricted in the commercial (C-2) zone to protect adjacent residential areas from unnecessary disruptions. Uses allowed in the C-2 zone include, but are not limited to, retail businesses, restaurants, personal services, offices, repair shops and parking.

[1] The Dictionary of Real Estate Appraisal, Third Edition (1993), p. 171.

Physically Possible

The pertinent physical factors affecting the highest and best use of the subject property fall under two categories: site characteristics and location characteristics. Site characteristics include: size, dimensions, topography, soil conditions, and the availability of adequate utilities. Location characteristics include: access to transportation modes, availability of labor and materials, proximity to markets, and the impact of the surrounding neighborhood.

The subject site is generally level and if vacant could accommodate nearly most multi-family uses. The subject has adequate frontage, good ingress and egress, adequate coverage ratio, and adequate parking capabilities.

The site has good accessibility, facilitating the availability of the diverse labor pool from other areas, materials and products to and from the location. These features are beneficial for most commercial uses and enhance the desirability of the subject property for such uses.

As discussed in the area analysis section, the subject is located in an area comprised of commercial and mixed uses. The predominant use along the subject street is commercial properties. This enhances the value of the site for this use. The positive influences of the subject's physical site characteristics and desirable commercial building location support the development of the subject parcel with a commercial property.

Financially Feasible

The third test is what uses are financially feasible. That is, will the use return a value to the land which is above the cost of the development. In general, a commercial development appears to be financially feasible in the current market and is well supported by the building activity taking place in the area. Based on preliminary analysis of land values and costs, a commercial building development on the subject site will currently return a higher profit to the land.

Therefore, it is my opinion that as of the date of value the most feasible use of the land, if it were vacant, would be for commercial building development. Commercial development would generate significantly higher net income than an alternative use and after considering the cost to construct each type of property, a commercial use would be the highest and best use. This is also well supported by the surrounding uses in the existing area with similar zoning.

Maximally Productive

The fourth and final test is what use will produce the highest net return. This analysis has indicated that commercial use that would be financially feasible for the subject site if it were vacant as of the date of value, since the rent levels have returned to the levels required to support new development.

Conclusion of Highest and Best Use - As Vacant

Zoning regulations dictate that the most probable use of the site is some type of commercial use. It is my opinion that, due to current economic conditions, as of the date of value it is most financially feasible for commercial development of the site.

Conclusion of Highest and Best Use - As Improved

The subject improvements are designed in a cosmetic quality exterior fashion such that, in my opinion, conform to the immediate area. Furthermore, a comparison of the value conclusions reached in the valuation analysis which follows, indicates that the improvements have a contributory value to the land. No alternative use that would be more productive or more financially rewarding was noted and therefore, after having applied the tests of availability, adaptability, and demand, I have concluded that the Highest and Best Use "As improved" of the subject site is the existing commercial building automotive dealership. The most likely user would be an investor looking for a passive income stream within the next 3 to 6-month period.

VALUATION METHODOLOGY

Basis of Valuation

Valuation is based upon general and specific background experience, opinions of qualified informed persons, consideration of all data gathered during the investigative phase of the appraisal, and analysis of all market data available to us.

Valuation Approaches

The three basic approaches to value are: The Cost Approach, the Income Approach, and the Sales Comparison Approach.

COST APPROACH

This approach entails the preparation of the replacement or reproduction cost estimate of the subject property improvements new (maintaining comparable quality and utility) and then deducting for losses in value sustained through age, wear and tear, functionally obsolescent features, and economic factors affecting the property. The contributory land value is then added to the depreciated cost and an entrepreneurial profit to arrive at a value estimate.

INCOME APPROACH

This approach is based upon the theory that the value of property tends to be set by the expected net income to the owner. It is in effect the capitalization of expected future income into present worth. This approach requires an estimate of net income, an analysis of all expense items, the selection of a capitalization rate, and the processing of the net income stream into a value estimate.

SALES COMPARISON

This approach is based upon the principle that the value of a property tends to be set by the price at which comparable properties have recently been sold or for which they can be acquired. This approach requires a detailed comparison of sales of comparable properties with the subject property. One of the main requisites, therefore, is that sufficient transactions of comparable properties be available to provide an accurate indication of value and that accurate information regarding price, terms, property description and use be obtained through interview and observation.

The following Appraisal Report is intended to comply with the reporting requirements as set forth under standards rule 2-2 (a) of the 2020-2021 Uniform Standards of Professional Appraisal Practice (USPAP). It contains detailed discussion of the data, reasoning, and analyses that were used to develop the opinions of value. I/we have completed all three classical approaches to value which are the Cost, Income and the Sales Comparison Approaches.

THE COST APPROACH

General

The Cost Approach to value is one of the three methods used in the valuation process. Its basic premise is that the value of the land, as if vacant, plus the depreciated cost of the improvements, represents the estimated cost (not value) of the property. The addition of an entrepreneurial profit, or margin of return for undertaking the development project, is necessary to equate the estimated cost to an indication of value. The Cost Approach involves these steps:

1. Valuation of the land as if vacant.

2. Estimating the current replacement cost new of the improvements.

3. Estimating the entrepreneurial profit.

4. Estimating the amount of accrued depreciation.

5. The land value is added to the depreciated replacement cost of all improvements plus any entrepreneurial profit.

In estimating the construction costs of the subject improvements, I/we have relied on Marshall Valuation Service and on data from our files on similar properties. I consulted the Marshall Valuation Service in arriving at an estimated total physical life.

LAND VALUATION

Depending on a specific appraisal assignment, any of the following six methods may be used to value land or a site.

The First is the Sales Comparison Approach section of a report. It is a process of analyzing sales of similar, recently sold sites in order to derive an indication of the most probable sales price (or Value) of the property being appraised. The reliability of this approach is dependent upon, 1) the availability of comparable sales data, 2) the verification of the sales data, 3) the degree of comparability or extent of adjustment necessary for differences, and 4) the absence of non-typical conditions affecting sales price.

Second, the Land Residual Technique of the Income Approach is a valuation technique used to estimate land value when sales data on similar parcels of vacant land are not available. The land residual technique can be used to estimate land value when 1) building value is known or can be accurately estimated, 2) stabilized, annual net operating income to the property is known or can be estimated, 3) both building and land capitalization rates can be extracted from the market. Building value can be estimated for new or proposed buildings that represent the highest and best use of the property and have not yet incurred physical deterioration or functional obsolescence. To apply the land residual technique, an appraiser first determines what actual or hypothetical improvements represent the highest and best use of the site. Then the stabilized, annual net operating income to the property is estimated from market rents and operating expenses as of the date of the appraisal. Next, the appraiser calculates how much of the income is attributable to the building and subtracts this amount from the total net operating income. The remainder is the residual income to the land. There are several variations of the land residual technique. In one variation, the property is valued as improved and the cost of the improvements and any profit are deducted. The sum remaining is the residual value of the land.

The Third procedure, the Subdivision Development Method or Developmental Analysis, is used to value land when subdivision and development represent the highest and best use of the appraised parcel. Subdivision development analysis may involve industrial, commercial, residential, or recreational land. The subdivision of land is the normal pattern of real estate development. A planned subdivision can create a higher, better, and more intense property use when zoning, available utilities, community conditions, access, and other influential elements are favorably combined. Traditionally subdivision developers divide large tracts into smaller plots and create roads, drainage systems, public utilities, and other improvements that are required by local law and zoning ordinances. An appraiser begins to analyze a subdivision development by determining the number and size of the lots that can be created from the appraised land physically, legally, and economically. A sales comparison analysis of finished lots/buildings is then undertaken. After adjusting the comparable sales for differences, the appraiser estimates the most likely retail sale prices of the lots/buildings, the probable development period, and the absorption rate. All direct and indirect costs associated with development and marketing the lots/buildings must be deducted

from the sum of their projected sale prices. Carrying costs such as taxes, insurance premiums, and, overhead expenses must be considered along with marketing costs for sales commissions and advertising. Further deductions must be made to provide an appropriate return on the total investment during the development period and an entrepreneurial profit of the developer Development and marketing costs and entrepreneurial profit are deducted from the projected gross sale price to arrive at the net sales proceeds. The periodic net sales proceeds are then discounted to present value at an appropriate yield rate over the estimated period required for project development and market absorption. The result is an indication of the value of the raw land or finished lot value.

The fourth procedure is known as Abstraction. Allocation by abstraction is defined in the Dictionary of Real Estate Appraisal as "A method of separating a whole property value into land and improvement components. The appraiser estimates replacement cost, subtracts an appropriate amount for depreciation, and subtracts the remainder from the whole property value to estimate the land value. (IAAO)."

The fifth procedure is known as Extraction. Extraction is defined in the Dictionary of Real Estate Appraisal as "A method of estimating land value in which the depreciated cost of the improvements on the improved property is estimated and deducted from the total sale price to arrive at an estimated sale price for the land; most effective when the improvements contribute little to the total sale price of the property."

The sixth procedure is ground rent capitalization which is a method of estimating land value; applied by capitalizing ground rent at a market-derived rate. This method is useful when comparable rents, rates, and factors can be developed from an analysis of sales of leased land or other market sources. Source: Appraisal Institute, *the Dictionary of Real Estate Appraisal,* 5th ed. (Chicago: Appraisal Institute, 2010).

In this appraisal, I have utilized the Direct Sales Comparison Approach to value the land.

Qualitative Analysis

In my analysis, I searched for land sales in the area which are portrayed on the preceding data sheets. These five (5) transactions sold from $47.43 to $80.54 per square foot with sale dates from April of 2018 to August of 2019. The parcels ranged in size from 26,075 square feet to 79,715 square feet (subject is 117,504 square feet) with sale prices from $2,100,000 to $3,957,500 prior to ranking.

In the sale comparison approach, the process of making numerical adjustments to the sale prices of comparable properties, including data analysis techniques (paired data analysis, grouped data analysis, and secondary data analysis), statistical analysis, graphic analysis, trend analysis, cost analysis (cost-to-cure, depreciated cost), and capitalization of rent differences; usually precedes qualitative analysis. I considered adjustments in the forthcoming order.

Real property rights conveyed -An element of comparison in the sales comparison approach; comparable properties can be adjusted for differences in the real property rights involved in a transaction. No adjustments for property rights were applied.

Financing terms-n element of comparison in the sales comparison approach; comparable properties can be adjusted for differences in the financing terms of a transaction. Also called cash equivalency adjustment. No adjustments for financing were applied.

Conditions of sale -an element of comparison in the sales comparison approach; comparable properties can be adjusted for differences in the motivations of either the buyer or a seller in a transaction, e.g., when the comparable transaction is not an arm's-length sale.

Expenditures made immediately after purchase- an element of comparison in the sales comparison approach; comparable properties can be adjusted for any additional, atypical investment (e.g., curing deferred maintenance) required to make a property salable. No adjustments for expenditures immediately after purchase were applied.

Market conditions- an element of comparison in the sales comparison approach; comparable properties can be adjusted for differences in the points in the real estate cycle at which the transactions occur. Also, called a time adjustment because the differences in dates of sale are often compared. I considered time adjustments and lacked support for time adjustments and did not apply an adjustment.

Other adjustments are summarized on the land grid.

In my analysis, I searched for land sales in the area which are portrayed on the preceding data sheets. These five (5) transactions sold from $47.43 to $80.54 per square foot with sale dates from April of 2018 to August of 2019. The parcels ranged in size from 26,075 square feet to 79,715 square feet (subject is 117,504 square feet) with sale prices from $2,100,000 to $3,957,500 prior to ranking. After ranking the parcels ranged from $45.16 to $ per square foot and I/we have concluded at $65 per square foot. Per Costar & Datatree, and the lot size is 2.70 acres or 117,504 Square Feet and therefore 117,504 x $50 per square foot = $5,875,200 rounded to $5,875,000.

Based upon the analysis and investigations conducted, and our experience as real estate appraisers and analysts, we have formed the opinion that as of December 21, 2020, and subject to the Assumptions and Limiting Conditions set forth in the report, the subject has a cash-equivalent Market Value of the following:

AS-IS MARKET VALUE OF THE FEE SIMPLE ESTATE – LAND VALUE
AS OF APRIL 30, 2019
$ 5,875,000
FIVE MILLION EIGHT HUNDRED SEVENTY FIVE THOUSAND DOLLARS

Replacement Cost Valuation

In the Cost Approach to value, the value of the land, as if unimproved, is added to the depreciated replacement cost of the improvements to arrive at a total property value estimate. The replacement cost is the cost of constructing an improvement with utility equivalent to the subject using modern materials and according to current standards. The use of the replacement cost presumably eliminates most functional obsolescence, and the remaining depreciation to be measured is physical deterioration and additional functional and external obsolescence. The Cost Approach Summary, tabulated at the end of this section, is discussed in the impending analysis.

Direct Costs

Please see the table below with the costs utilized.

Subtotal		$202.32
Add for Rooftop Parking		$6.51
Add For Sprinklers		$2.50

Indirect Costs

In the calculator cost method, which I have utilized in the preceding analysis, architect and engineer's fees are included in the indirect cost. The architectural and engineering fees were provided by Marshall and Swift (can be found in Marshall and Swift Sec 99 Page 2). Other items such as plan check, building permit fees, surveys are all included.

Indirect costs, typical for this type of development but not included in the Marshall and Swift basic cost factors, include land taxes during the construction period, construction loan fees, advertising and promotion, and legal and administrative fees. The total indirect costs were estimated at 5.0%.

Entrepreneurial (Developer's) Profit

The "entrepreneurial profit is a market-derived figure that represents the amount an entrepreneur receives for his or her contribution to a project and risk; the difference between the total cost of a

property (cost of development) and its market value (property value after completion), which represents the entrepreneur's compensation for the risk and expertise associated with development. An entrepreneur is motivated by the prospect of future value enhancement (i.e., the entrepreneurial incentive). An entrepreneur who successfully creates value through new development, expansion, renovation, or an innovative change of use is rewarded by entrepreneurial profit. Entrepreneurs may also fail and suffer losses.

2. In economics, the actual return on successful management practices, often identified with coordination, the fourth factor of production following land, labor, and capital; also, called entrepreneurial return or entrepreneurial reward. ."[1]

Entrepreneurial incentive is "The amount an entrepreneur expects to receive for his or her contribution to a project. Entrepreneurial incentive may be distinguished from entrepreneurial profit (often called developer's profit) in that it is the expectation of future profit as opposed to the profit actually earned on a development or improvement."

The replacement cost estimates above do not include the developer's profit. This cost is the return required by the developer for assuming the risks involved in a development such as the subject. Developers typically target for a 3 to 15 percent profit, varying with the type and nature of the development to be undertaken and with the conditions prevailing in the construction industry in general and in the developer's company in particular.

I have interviewed several builders who construct manufactured home projects and all indicated that there are developers profit in the process. Given the subject's type of product, its location and size, I/we believe a 5% developer's profit is appropriate.

Depreciation

Depreciation defined in the 6th Edition of the Dictionary of Real Estate Appraisal as "In appraisal, a loss in property value from any cause; the difference between the cost of an improvement on the effective date of the appraisal and the market value of the improvement on the same date.

Physical Depreciation - Incurable

Physical depreciation incurable items are those items which in terms of market conditions as of the date of the appraisal are not economically justified to correct. That is, the cost of correcting the condition is estimated to be greater than the anticipated increase in utility and, ultimately, value that would result from curing the condition.

The most common of the methods used to estimate the physical depreciation incurable, and the one used here, is the straight-line method, which is the estimation of the periodic amount of capital

recapture or depreciation. This is also commonly known as the economic age-life method of estimating accrued depreciation. It is applied to the current cost new of the improvements as a percentage based on the effective age divided by the total economic life.

Year Built:	The subject property was built in 2003/2012 per Datatree and Costar
Effective Age:	25 Years
Remaining Economic Life:	15 Years

The effective age of the improvements is 15 years with 25 years remaining economic life and therefore a deprecation figure of 55.56% was utilized.

Physical Depreciation - Curable

To estimate the physical depreciation curable requires an estimate of deferred maintenance or items now requiring correction. This includes all items of rehabilitation if, by their completion, the structure would be brought to optimum condition.

Cost of repairs is defined as "Expenditures made or required to cure deterioration caused by decay, wear and tear, or partial destruction." Source: Appraisal Institute, the Dictionary of Real Estate Appraisal, 5th ed. (Chicago: Appraisal Institute, 2010).

External obsolescence was not noted.

Functional Obsolescence

Functional obsolescence has been defined as a loss of value due to characteristics inherent to the structure itself. It results in a decreased capacity of the improvement to perform the function for which it is intended. Functional obsolescence consists of curable and incurable items.

Functional obsolescence - incurable, is defined as an item caused either by a deficiency or an excess, which if cured, would not warrant the expenditure. In other words, the owner/purchaser would not be justified in replacing, adding or removing the item due to the cost to cure exceeding the anticipated crease in value. If caused by a deficiency, the measure of obsolescence is the capitalized value of the rent loss due to the condition. An excess is measured by the reproduction cost of the item, less physical deterioration already charged, plus the present worth of the added cost of ownership due to the presence of the condition. No functional incurable obsolescence was noted.

The concluded value represents the As-Is Fee Simple Market Value based on the subject being unencumbered by a lease. This value was utilized in the forthcoming Income Approach as support for the reversionary value in Premise No. 2. This value is based on a Hypothetical Condition that the property is not encumbered by any leases. Based upon the analysis and investigations conducted, and our experience as real estate appraisers and analysts, we have formed the opinion that as of December 21, 2020, and subject to the Assumptions and Limiting Conditions set forth in the report, the subject has a cash-equivalent Market Value of the following:

AS-IS MARKET VALUE OF THE FEE SIMPLE ESTATE
AS OF DECEMBER 21, 2020
$ 10,840,000
TEN MILLION EIGHT HUNDRED FORTY THOUSAND DOLLARS

THE SALES COMPARISON APPROACH

In this approach, a comparison is made between the subject property and similarly improved properties that have sold. Basic to this approach is the Principle of Substitution, which states that "when a property is replaceable in the market its value tends to be set by the price of an equally desirable substitute property". The procedures of this approach are as follows:

1. Obtain recent sales; inspect the properties; verify the factual data and qualify the sale as an open market or "arm's length" transaction.

2. Determine the units of comparison. In the valuation of these properties, common units of comparison in this market include price per square foot.

3. Analyze the comparable in relation to the subject and adjust the comparable sale prices for any physical, functional or location differences. The effects of financing must also be considered.

4. Reconcile the value indications for the subject property developed from the sales and estimate a value indication for the subject property.

In the valuation of this type of property of any type and size, a number of indicators are typically used to develop an estimate of value by the Sales Comparison Approach. Among these are: (1) Sales Price per Square Foot. Each of these indicators can provide an estimate of value and each has inherent strengths and weaknesses depending on the types of properties being compared. In addition, economic indicators can be used to provide a value estimate. Usually it is the composite picture that points to a logical and reasonable value for the subject. For the following analysis, our market data search uncovered sales occurring in the immediate and expanded area. The sales uncovered in these areas were considered most applicable to this appraisal report of those we uncovered. Data on these comparable is presented on the forthcoming map and in the sale grids. I calculated their sales prices per square foot of gross building area as well as their capitalization rates, and Gross Income Multipliers based on income and expense estimates at the time of sale -- if the income data was readily available which many times it was not. In some instances, were able only to extract an overall rate from the verification process. Adjustments to the sale prices of the comparable were based on a comparison with the subject (where applicable) for cash equivalency, market conditions, location, unit composition, age, amenities, overall property condition, and locale. All sales were reported as cash or cash equivalent. The results of this analysis are presented on the following pages.

Sales Comparison Approach Comments

In my/our analysis I/we utilized a qualitative analysis-The process of accounting for differences (such as between comparable properties and the subject property) that are not quantified; may be combined with quantitative analysis. (Source: Appraisal Institute, *The Dictionary of Real Estate Appraisal*, 5th ed. (Chicago: Appraisal Institute, 2010).)

All of the parcels utilized were Fee Simple or Leased Fee. If they were Leased Fee Estates at market rent levels no adjustments for property rights conveyed was necessary.

Cash Equivalence (Financing) was the next adjustment considered in our analysis. Most all of the sold parcels involved either large down payments or were all cash transactions, and thus no adjustments for financing terms/cash equivalency were warranted. All of the transactions were similar in this respect.

Conditions of sale were also a primary consideration as unusual terms can cause a property to sell at a price which does not reflect its value. The motivations of buyer and seller are important conditions of sale. Market exposure is another important condition of sale. To qualify as an open market transaction, the property should have received adequate exposure to the marketplace. No transaction is perfect; appraisers must often utilize sales which do not precisely reflect open-market, arm's length transaction.

Expenditure After sale was also analyzed as this was a primary factor in our adjustment grid. No adjustments were applied.

Time adjustments were made to the sales data based on our discussions with local property brokers and investors who stated that property values within the area have generally started to level out.

Other adjustments such as Location, Size, Coverage Ratio, Physical Characteristics, Year Built, Repair Facilities, and other are portrayed on the Relative Comparison Grid.

CONCLUSION OF SALES COMPARISON APPROACH

After comparison, the six auto dealership sales ranged from a low of $269.86 to a high of $452.56 per square foot with a mean of $347.38 per square foot and a mode of $336.01 per square foot.

The concluded value represents the As-Is Fee Simple Market Value based on the subject being unencumbered by a lease. This value was utilized in the forthcoming Income Approach as support for the reversionary value in Premise No. 2. This value is based on a Hypothetical Condition that the property is not encumbered by any leases. Based upon the analysis and investigations conducted, and our experience as real estate appraisers and analysts, we have formed the opinion that as of December 21, 2020, and subject to the Assumptions and Limiting Conditions set forth in the report, the subject has a cash-equivalent Market Value of the following:

AS-IS MARKET VALUE OF THE FEE SIMPLE ESTATE
AS OF DECEMBER 21, 2020
$ 11,300,000
ELEVEN MILLION THREE HUNDRED THOUSAND DOLLARS

ELEVEN MILLION DOLLARS

INCOME APPROACH

The INCOME CAPITALIZATION APPROACH to value is defined as: "A set of procedures in which an appraiser derives a value indication for income-producing property by converting anticipated benefits (cash flows and reversion) into property value. This conversion can be accomplished in two ways. One year's income expectancy can be capitalized at a market derived capitalization rate or at a capitalization rate that reflects a specified income pattern, return on investment, and change in the value of the investment. Alternatively, the annual cash flows for the holding period and the reversion can be discounted at a specified yield rate."[5]

The first method is a Direct Capitalization, or overall capitalization (OAR), technique while the second method is a yield capitalization technique commonly termed a discounted cash flow (DCF) analysis.

This represents the second step of Valuation Scenario 2. With the fee simple value estimated at $11,000,000, that value becomes the basis of value at the end of the current ground lease term on December 31, 2024. In other words, we run out the contracted rental payments through December 31, 2024 and use the fee simple value of $11,000,000 increased at 2.0% to $11,906,754 less cost of sale of 5.0% for a net reversion of $11,311,416 as the reversion value at the end.

The Income Approach is a method of converting the anticipated economic benefits of owning property into a value estimate through capitalization. The principle of "anticipation" underlies this approach in that investors recognize the relationship between an asset's income and its value. In order to value the anticipated economic benefits of a particular property, potential income and expense must be estimated, and the most appropriate discount rate must be selected.

In my/our opinion, the discounted cash flow (DCF) method would be used by the typical investor. This analysis applies the DCF method but also considers the implied overall rate (OAR) that results from the analysis as a check on reasonableness.

The following analysis contains the following sections:

- Net Operating Income Estimate
- Discount Rate Estimate
- Indicated Value from the Income Approach

In determining Discount Rates, I/we looked at Overall Cap Rates from California which ranged from approximately 6.0% to 8.0%. Typically, the formula (Ro + CR) = Yo is utilized where Ro represents overall rates, CR – the change rate, and Yo – Yield Rate. With a 2.0% growth rate utilized the Yield Rate selected would be in the 9.0% to 10% range and I/we have utilized a 10.0% discount

5 *The Dictionary of Real Estate Appraisal*, Third Edition (Chicago: Appraisal Institute, 1993), p.178.

rate. We also looked at Realty Rates which indicated overall rates from 5.59% to 17.76% with an average of 11.85% for special purpose properties which would include automotive dealerships. We felt a 10.0% discount rate was appropriate.

Landlord: Redevelopment Agency of the City of Montebello

Master Tenant: Ostrom Chevrolet (Scenario 2)

Pays Landlord $47,900 / Quarter in total rent which includes cell tower income (not allocated) & 40% profits from the sublease described below.

Recently executed a 5-year extension: January 1, 2020 - December 31, 2024.

The "as is" fee value of $11,000,000 is grown at 3.0% per year over the course of the 48 months remaining in the lease as part of the DCF, at which point it has increased to $11,906,754, rounded.

All expenses are grown at the same 3.0%, except for Ad Valorem taxes grown at 2.0% in keeping with Proposition 13. We apply a market-derived discount rate of 8.0% per year and 3.0% costs of sale in the reversion year to indicate a net present value or NPV. This NPV represents the value of buying out the Master Lease.

Subtenant: Montebello Auto Group dba Chevrolet of Montebello (Scenario 1)

Pays Master Tenant $96,000 / Quarter plus NNN's with 2019 taxes reported at $19,510.

Recently executed a 5-year extension: January 1, 2020 - December 31, 2024.

The subtenant's intent is to buy out to master lease in order to negotiate directly with the Redevelopment agency of the City of Montebello in an effort to purchase the property in fee.

The above value considers the discounted cash flows of the contract rent for the remaining contracted term of the Master Tenant, Ostrom Chevrolet, plus the future market value of the reversion at the end of the contracted term, including a discount factor. The indicated value of the Landlord's (Redevelopment Agency of the City of Montebello) position is $ 8,300,000 rounded. This represents the buyout of the property from the Redevelopment Agency of the City of Montebello (Fee Owner) after the Master Lease has been assigned from Ostrom Chevrolet to our client, Montebello Auto Group (dba Chevrolet of Montebello). We define it as Scenario 2 in this report. Note that this value is based on the hypothetical condition that the subtenant has bought out the master lease.

The above value considers the discounted cash flows of the contract rent for the remaining contracted term of the sublease tenant Montebello Auto Group (dba Chevrolet of Montebello) due to the Master Tenant (Ostrom Chevrolet) including a discount factor. The indicated value of the Master Tenant's (Ostrom Chevrolet) position is $1,160,000 rounded. This represents the buyout of the Master Lease with Ostrom Chevrolet. We define it as Scenario 1 in this report.

RECONCILIATION

The appraiser has employed the following approaches and arrived at the following conclusions:

Approach	Premise No. 1 reflects the As-Is Market Value of the Leased Fee Estate representing the buyout of the Master Lease with Ostrom Chevrolet	Premise No. 2 reflects the As-Is Market Value of the Fee Simple Estate representing the buyout of the property from the Redevelopment Agency from the City of Montebello (Fee Owner) after the Master Lease has been assigned from Ostrom Chevrolet to the client, Montebello Chevrolet. The following Appraisal Report is intended to comply with the reporting requirements as set forth under standards rule 2-2 (a) of the 2018-2019 Uniform Standards of Professional Appraisal Practice (USPAP). It contains detailed discussion of the data, reasoning, and analyses that were used to develop the opinions of value. I/we have completed all three classical approaches to value which are the Cost, Sales and the Income Approaches.

On special purpose properties such as auto dealerships, the Cost Approach is an excellent indicator of value. This was utilized to determine the As-Is Market Value of the property unencumbered by any leases and is based on a Hypothetical Condition.

In the Sales Comparison Approach, comparable properties were utilized and I/we had closed sales of auto dealerships from the Southern California region. This was utilized to determine the As-Is Market Value of the property unencumbered by any leases and is based on a Hypothetical Condition.

Both the Cost and Sales Comparison Approach served as support for determining the as-is market value and then to increase the reconciled value from these 2 approaches to estimate the reversion in the Income Approach for the Premise No. 2 value conclusion.

In Income property building appraisals, the Income Approach is a method of valuation from the viewpoint of an investor. Investment properties such as the subject are sometimes purchased by investors on the basis of a careful analysis of the probable net income to be derived from the operation of the property. This approach is typically a reliable indicator of value when sufficient market rental rate and expense data can be accumulated. Only a Yield Capitalization was completed.

VALUATION

Premise No. 1 reflects the As-Is Market Value of the Leased Fee Estate representing the buyout of the Master Lease with Ostrom Chevrolet. Based upon the analysis and investigations conducted, and our experience as real estate appraisers and analysts, we have formed the opinion that as of December 21, 2020, and subject to the Assumptions and Limiting Conditions set forth in the report, the subject has a cash-equivalent Market Value of the following:

	"As-Is Market Value of the Leased Fee Estate as of December 21, 2020.
Premise No. 1 As-Is Market Value of the Leased Fee Estate- This represents the buyout of the Master Lease with Ostrom Chevrolet	$ 1,130,000 One Million One Hundred Thirty Thousand Dollars

Premise No. 2 reflects the As-Is Market Value of the Fee Simple Estate representing the buyout of the property from the Redevelopment Agency from the City of Montebello (Fee Owner) after the Master Lease has been assigned from Ostrom Chevrolet to the client, Montebello Chevrolet. This is based on a Hypothetical Condition. Marketing Time: an opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value level during the period immediately after the effective date of an appraisal. Marketing time differs from exposure time, which is always presumed to precede the effective date of an appraisal. (Advisory Opinion 7 of the Appraisal Standards Board of The Appraisal Foundation and Statement on Appraisal Standards No. 6, "Reasonable Exposure Time in Real Property and Personal Property Market Value Opinions" address the determination of reasonable exposure and marketing time.) Estimated at 6 to 12 Months assuming diligent marketing efforts and at a market derived asking price.

Exposure Period:
1.The time a property remains on the market.
2. The estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective estimate based on an analysis of past events assuming a competitive and open market. Estimated at 6 to 12 Months.

DEALERSHIP SUBLEASE

between

ARSEV, INC.,
a California Corporation,

as Landlord

and

MONTEBELLO AUTO GROUP, LLC
a California limited liability company

as Tenant

April 27, 2010

Pertaining to the Premises
Located at 310 W. Whittier Blvd.,
Montebello, California 90640

DEALERSHIP SUBLEASE

THIS DEALERSHIP SUBLEASE ("Lease"), dated April 27, 2010, is entered into by and between **ARSEV, INC.**, a California corporation, dba OSTROM **CHEVROLET** ("Landlord"), and **MONTEBELLO AUTO GROUP, LLC** a California limited liability company ("Tenant").

Recitals

A. Pursuant to the terms of that certain Retail Lease, dated February 18, 2009, as amended by the First Amendment to Retail Lease dated October 28,2009 ("First Amendment") (the "Prime Lease"), Landlord is currently leasing the real property and improvements situated in the City of Montebello, County of Los Angeles, State of California, which is commonly known as "310 W. Whittier Blvd., Montebello, California 90640" as more particularly described in the Prime Lease (the "Premises"), from the Redevelopment Agency of the City of Montebello, a public body, corporate and politic ("Prime Landlord"). A copy of the Prime Lease is attached hereto as Exhibit "A".

B. Tenant desires to sublease the Premises from Landlord, and Landlord is willing to sublease the Premises to Tenant, on the terms and conditions contained in this Lease.

Terms and Conditions

NOW, THEREFORE, Landlord and Tenant hereby covenant and agree as follows:

1. DEMISE.

1.1. Demise. Subject to the provisions of the Prime Lease and this Lease, Landlord leases to Tenant, and Tenant leases from Landlord, the Premises for the Term. The Premises leased, however, do not include that portion of the Premises described in that certain Site Lease With Option between Omnipoint Communications, Ind., a subsidiary of T-Mobile USA Inc. and Ara Sevacherian signed by Omnipoint on March 26, 2006, a copy of which is attached hereto as Exhibit "B" ("T-Mobile Lease"). This Lease is subject to all rights of the Tenant under the T-Mobile Lease. The "Term" means the duration of this Lease, which duration shall be (unless terminated earlier as provided in this Lease) the period commencing on the Closing Date of that certain Asset Purchase Agreement ("APA") between Arsev, Inc. and Montebello Auto Group, LLC, dated December 28, 2009 ("Effective Date") and ending on the later of 11:59 p.m. on December 31, 2014, or the end of First or Second Extended Term if so extended. Any termination of the Prime Lease shall result in a simultaneous termination of this Lease. This Lease is intended to be and shall be construed as a sublease of the Premises rather than as an assignment of the Prime Lease. Tenant hereby expressly acknowledges that Landlord has retained a reversionary interest and a right of re-entry upon Tenant's failure to comply with Tenant's obligations and conditions under this Lease. This Lease is subject and subordinate to the Prime Lease and any termination of the Prime Lease. This Lease will not be effective until the closing of the APA, and if the APA does not close, this Lease will have no force or effect.

1.2. Quiet Enjoyment. Landlord covenants that, during the Term, Tenant shall have quiet and peaceful possession of the Premises, subject only to (a) the provisions of the Prime Lease and this Lease, (b) all easements, rights of way, covenants, conditions and restrictions and other matters which are public record as of the Effective Date or which are created or consented

to by Tenant (the "Permitted Exceptions"), (c) applicable "Laws" (as hereinafter defined), and (d) any other matter created or consented to by Tenant.

1.3. Option to Extend the Term. Tenant hereby acknowledges that pursuant to Section 1 of the First Amendment of the Prime Lease, Landlord has been granted the right to extend the term of the Prime Lease for up to five (5) additional successive terms of five (5) years each, namely, the First Extended Term, Second Extended Term, Third Extended Term, Fourth Extended Term, and Fifth Extended Term. Landlord hereby agrees that Landlord shall timely exercise an "Extension Option" for the First, Second, Third, Fourth, and Fifth Extended Terms (as defined in Section 2 of the First Amendment of the Prime Lease amending Section 2.3 of the Prime Lease), subject to and conditioned upon the satisfaction of each and every one of the following conditions:

(a) Tenant's Request for Extension. At least one year (but in no event more than twenty-four (24) months) prior to the expiration of the then current term of the Prime Lease, Landlord shall have received from Tenant a written notice from Tenant exercising its option for an extended term and a request by Tenant that Landlord exercise the relevant Extension Option ("Tenant's Request for Extension"). Notwithstanding the preceding sentence, Landlord shall give Tenant at least 30 days prior written notice of the date when the Tenant's right to exercise any Extension Option will expire (a "Reminder Notice"). Tenant's period to exercise any Extension Option shall automatically be extended until the date 30 days after Tenant has received Landlord's Reminder Notice.

(b) No Event of Default. On the date Landlord receives Tenant's Request for Extension of the term of the Prime Lease, and during the period from that date to the date Landlord exercises the relevant Extension Option, no Event of Default shall have occurred and be continuing and no act, event or omission shall have occurred and be continuing which, with notice or the passage of time or both, will result in an Event of Default.

(c) Tenant's Financial Condition. Tenant shall have delivered to Landlord, with Tenant's Request for Extension, written evidence reasonably satisfactory to Landlord that Tenant is then in compliance (and as of the commencement of the extension period will be in compliance) with all financial requirements and standards (including, without limitation, all net working capital requirements) contained in Tenant's "Dealer Agreement" (as hereinafter defined).

1.4. Extension of Prime Lease Without Extension of this Lease. Landlord and Tenant hereby agree that in the event Tenant shall deliver a Tenant's Request for Extension pursuant to Section 1.3(a) above with respect to an Extension Option, but the condition contained in Section 1.3(b) or 1.3(c) above has not been satisfied, and Landlord desires to exercise Landlord's Extension Option, then Landlord shall have the right, but not the obligation, upon the delivery of written notice thereof to Tenant (an "Election Not to Extend Dealership Sublease") to extend the term of the Prime Lease, but not extend the Term of this Lease. In the event that Landlord shall deliver the Election Not to Extend Dealership Sublease to Tenant, then this Lease shall terminate and Tenant shall surrender possession of the Premises to Landlord in accordance with Section 12 below on the last day of the Term hereof.

1.5. Condition. EXCEPT AS OTHERWISE SET FORTH IN THIS LEASE OR IN THE AGREEMENT FOR SALE OF ASSETS DATED DECEMBER 28, 2009, BETWEEN LANDLORD AND TENANT, LANDLORD LEASES AND TENANT TAKES THE PREMISES IN THEIR "AS IS" CONDITION "WITH ALL FAULTS." TENANT

ACKNOWLEDGES THAT LANDLORD HAS NOT MADE ANY WARRANTY OR REPRESENTATION, EXPRESS OR IMPLIED, WITH RESPECT TO ANY OF THE PREMISES, INCLUDING ANY WARRANTY OR REPRESENTATION AS TO (i) ITS FITNESS, SUITABILITY, DESIGN OR CONDITION FOR ANY PARTICULAR USE OR PURPOSE, (ii) THE QUALITY OF THE MATERIAL OR WORKMANSHIP THEREIN, (iii) THE EXISTENCE OF ANY DEFECT , LATENT OR PATENT, (iv) VALUE, (v) COMPLIANCE WITH LAWS, (vi) LOCATION, (vii) USE, (viii) CONDITION, (ix) MERCHANTABILITY, (x) QUALITY, (xi) DESCRIPTION, (xii) DURABILITY, (xiii) OPERATION, (xiv) THE EXISTENCE OF ANY HAZARDOUS SUBSTANCE, (xv) STATE OF REPAIR OR LACK OF REPAIR, (xvi) THE ADEQUACY OR DEFICIENCY OF DRAINAGE OR UNDERSHORING, (xvii) THE LOCATION OF THE PREMISES ON OR NEAR AN EARTHQUAKE FAULT OR IN OR NEAR AN AREA OF KNOWN OR UNKNOWN SEISMIC ACTIVITY, OR (xviii) THE EXISTENCE OF ANY VESTED PREMISES USE, ZONING, BUILDING, DEVELOPMENT OR USE ENTITLEMENTS; AND ALL RISKS INCIDENT THERETO ARE TO BE BORNE BY TENANT. TENANT ACKNOWLEDGES THAT THE PREMISES HAVE BEEN INVESTIGATED AND INSPECTED BY TENANT AND ARE SATISFACTORY TO TENANT. IN THE EVENT OF ANY DEFECT OR DEFICIENCY IN ANY OF THE PREMISES OF ANY NATURE, WHETHER LATENT OR PATENT, LANDLORD SHALL NOT HAVE ANY RESPONSIBILITY OR LIABILITY FOR DAMAGES, INCLUDING INCIDENTAL OR CONSEQUENTIAL DAMAGES. TENANT EXPRESSLY WAIVES ANY RIGHT OF RESCISSION HEREUNDER AND RELEASES AND DISCHARGES LANDLORD FROM ANY AND ALL CLAIMS AND CAUSES OF ACTION THAT TENANT MAY NOW HAVE OR HEREAFTER HAVE AGAINST LANDLORD, AND TENANT SHALL INDEMNIFY, DEFEND AND HOLD LANDLORD HARMLESS FROM AND AGAINST ALL COSTS, CLAIMS, AND CAUSES OF ACTION ARISING IN CONNECTION WITH OR OUT OF THE CONDITION OF THE PREMISES. TENANT'S WAIVERS AND INDEMNIFICATION OBLIGATIONS HEREUNDER SHALL SURVIVE THE EXPIRATION OR EARLIER TERMINATION OF THIS LEASE. TENANT'S RELEASE OF LANDLORD HEREBY INCLUDES CLAIMS OF WHICH TENANT IS PRESENTLY UNAWARE OR WHICH TENANT DOES NOT PRESENTLY SUSPECT TO EXIST, WHICH IF KNOWN BY TENANT WOULD MATERIALLY AFFECT TENANT'S RELEASE OF LANDLORD. TENANT HEREBY EXPRESSLY ASSUMES THE RISK THAT FACTS MAY BE DISCOVERED IN THE FUTURE WHICH ARE DIFFERENT FROM THE FACTS WHICH TENANT BELIEVES EXIST ON THE DATE HEREOF. TENANT HEREBY EXPRESSLY WAIVES THE BENEFITS, IF ANY, OF SECTION 1542 OF THE CALIFORNIA CIVIL CODE, WHICH PRESENTLY PROVIDES AS FOLLOWS:

> "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN TO HIM, MUST HAVE MATERIALLY AFFECTED THE SETTLEMENT WITH THE DEBTOR."

2. RENT.

2.1. Basic Rent. Commencing on the Effective Date, Tenant shall pay "Basic Rent" to Landlord on a quarterly basis. Basic Rent shall be paid, in advance, on the first day of each calendar quarter of the Term, without setoff, counterclaim, or deduction of any kind. If the Effective Date is other than the first day of a calendar quarter, Tenant shall pay a prorated portion of Basic Rent for such quarter on the Effective Date.

(a) The Basic Rent from the period of the Effective Date to December 31, 2014 at 11:59 p.m. of this Lease will be $57,150 per calendar quarter.

(b) The Basic Rent for the First Extended Term of this Lease will be $81,000 per calendar quarter.

(c) The Basic Rent for the Second Extended Term of this Lease will be $96,000 per calendar quarter.

(d) The Basic Rent for the Third Extended Term will be the amount determined for the Prime Lease, plus 20% of that amount ("Third Extended Term Basic Rent"). If Tenant is not satisfied with the rent determined for the Third Extended Term, then upon notice of such dissatisfaction by Tenant to Landlord within ten (10) days after being notified of the rent, Tenant's exercise of its Extension Option will be deemed null and void, and will have no effect.

(e) The Basic Rent for the Fourth Extended Term ("Fourth Extended Term Basic Rent") will be the Third Extended Term Rent, plus the CPI adjustment set forth in Section 1.(d) of the First Amendment, so that the CPI adjustment will be on the full amount of the Third Extended Term Basic Rent .

(f) The Basic Rent for the Fifth Extended Term will be the amount of Basic Rent for the Fourth Extended Term ("Fifth Extended Term Rent"), plus the CPI adjustment set forth in Section 1.(e) of the First Amendment, so that the CPI adjustment will be on the full amount of the Fourth Extended Term Basic Rent.

2.2. True Net Lease; Additional Rent. Tenant shall pay, in addition to Basic Rent, all other amounts payable by the tenant under the Prime Lease in the manner provided in the Prime Lease, and all other amounts payable by Tenant pursuant to this Lease or which are otherwise related to the ownership, use, occupancy or enjoyment of the Premises or any portion thereof (hereinafter collectively referred to as "Additional Rent"). As further Additional Rent hereunder, Tenant shall pay any rent tax, and any transfer, conveyance or recordation taxes, assessments or fees (including those related to recordation of the Prime Lease or a memorandum or short form thereof) imposed upon Landlord in connection with the Prime Lease or this Lease. All Basic Rent, Additional Rent and all other amounts payable by Tenant under this Lease is hereinafter referred to as "Rent."

2.3. Late Charge. Tenant hereby acknowledges that late payment to Landlord of Rent and other sums due hereunder will cause Landlord to incur costs not contemplated by this Lease, the exact amount of which will be extremely difficult to ascertain. Such sums include, but are not limited to, processing and accounting charges. Accordingly; if any installment of Rent or any other amount due from Tenant hereunder shall not be received by Landlord within five (5) calendar days after the due date therefore, then, without the requirement for any notice to Tenant, Tenant shall pay to Landlord, on demand, a late charge equal to five percent (5 %) of the overdue amount. Acceptance of such late charge by Landlord shall in no event constitute a waiver of any default by Tenant with respect to such overdue amount or prevent Landlord from exercising any of the rights, powers and remedies available to Landlord hereunder, or at law or in equity, by reason of any uncured default of Tenant hereunder.

2.4. Default Interest. Tenant shall pay to Landlord interest at the "Default Rate" (as hereinafter defined) on the following sums until paid in full: (a) all installments of Basic Rent

from the respective due dates thereof if the same are not paid within five (5) days following the date when due; and (b) all overdue amounts of Additional Rent relating to obligations that Landlord shall have paid on behalf of Tenant, from the date of payment thereof by Landlord. Notwithstanding the grace periods provided under Section 3.3 and this Section 2.4, to the extent that Landlord is obligated to pay a late charge or default interest under the Prime Lease due to a late payment by Tenant, Tenant shall be obligated to reimburse Landlord on demand for such charges (together with interest at the Default Rate from the date of demand) and the same shall be deemed Additional Rent. For purposes of this Lease, the term "Default Rate" shall mean interest at the rate of ten percent (10%) per annum; provided, however, if such rate of interest shall exceed the maximum non-usurious rate of interest then permitted by applicable Laws, the Default Rate shall be automatically reduced to a rate of interest which is equal to the maximum non-usurious rate of interest then permitted by applicable Laws.

2.5. Mode of Payment. Tenant shall pay Basic Rent and Additional Rent to Landlord in lawful money of the United States of America at the following address ("Landlord's Address"):

Arsev , Inc.
c/o Ara Sevacherian
P.O. Box 309
Montebello, CA 90640

or to such other individual, partnership, limited liability company, association, corporation or other entity (each, a "Person"), or at such other place, as Landlord may from time to time designate by written notice to Tenant.

Notwithstanding anything to the contrary herein, by the Effective Date the parties will have entered into a rent escrow arrangement with Wilshire Escrow ("Rent Escrow") which will, among other matters, provide that Tenant will pay Basic Rent to Wilshire Escrow, which will in turn pay the rent owed by Landlord under the Prime Lease to the Redevelopment Agency of the City of Montebello and pay the balance of the Basic Rent to Landlord. During the term of the Rent Escrow, Basic Rent will be paid by Tenant pursuant to the provisions of the Rent Escrow.

3. PRIME LEASE.

3.1. Performance of Covenants. In addition to its obligations under this Lease, Tenant shall at its sole cost, promptly perform and observe all the duties and obligations of Landlord, as tenant under the Prime Lease (collectively, the "Covenants") as fully as if it were the tenant under the Prime Lease irrespective of whether such obligations are more stringent than those herein imposed upon Tenant; and Tenant shall not do or cause to be done, nor omit to be done, any act or thing whereby a "default" shall occur under the Prime Lease, or which would, after the giving of notice or a lapse of time, or both, constitute a "default" under the Prime Lease. Without limiting the foregoing, Tenant hereby expressly agrees that Tenant has assumed the responsibility for compliance with all existing and future "Laws" (as hereinafter defined) which affect the use, occupancy and enjoyment of the Premises, regardless of when such Laws became effective, the fact that the burden of compliance is disproportionate to the Rent payable hereunder, or that the value or benefit of compliance will extend beyond the Term of this Lease.

3.2. No Rights Under Prime Lease. Nothing contained in this Lease shall be construed as granting to Tenant any rights or privileges under the Prime Lease; all of Tenant's rights and privileges are as specified herein.

3.3. Grace Periods. In any case where a period of grace is granted to Landlord as tenant under the Prime Lease with respect to the performance or observance of any Covenant, an "Event of Default" (as hereinafter defined) shall be deemed to have occurred under this Lease if Tenant shall not have performed or observed such Covenant within one-half the grace period allowed under the Prime Lease; and in any case where no grace period is granted under the Prime Lease for the performance or observance of any Covenant, Tenant shall perform or observe such Covenant not less than five (5) days prior to the date when such Covenant is to be performed pursuant to the Prime Lease.

3.4. No Warranties. Landlord does not make, and hereby expressly disclaims, any representations or warranties of the Prime Landlord under the Prime Lease and does not undertake to perform or observe any of the obligations of Prime Landlord to be performed or observed under the Prime Lease.

3.5 Landlord's Rights and Remedies. Landlord shall have under this Lease, as against Tenant, all rights and remedies that Prime Landlord has against Landlord as tenant under the Prime Lease, including: (a) all rights of Prime Landlord set forth in the Prime Lease to approve or consent to actions by Landlord, as tenant; (b) the right of Prime Landlord to exercise all remedies set forth in the Prime Lease for breach by Landlord, as tenant, of any of the terms thereof; (c) the right to be named as an insured or additional insured on any policy of insurance required under the Prime Lease; (d) all rights to indemnification binding Landlord, as tenant, under the Prime Lease; (e) the benefit of all waivers of rights or claims binding Landlord, as tenant, under the Prime Lease; (f) all rights to receive certifications or assurances binding Landlord, as tenant, under the Prime Lease; and (g) all rights provided Prime Landlord to receive from Landlord, as tenant under the Prime Lease, security against any liens, claims, actions, or liabilities.

4. ALTERATIONS AND TENANT EQUIPMENT.

4.1. Alterations. Except for the obligations of maintenance and repair set forth in the Prime Lease, Tenant shall make no changes, additions, alterations or improvements of any nature whatsoever in or to any of the Premises (collectively, "Alterations"), without Landlord's prior written consent (which shall not be unreasonably withheld, but which may be conditioned upon Tenant's receipt of the written consent of Prime Landlord), and if required under the Prime Lease, the prior written consent of Prime Landlord, and shall not demolish or destroy any of the Premises. Landlord shall be deemed to have consented to any Alteration if Landlord shall fail to disapprove thereof in writing on or before thirty (30) days after the later of: (a) delivery of Tenant's written request for approval of such Alteration, or (b) delivery of all documents and information reasonably requested by Landlord in connection with the matter for which Landlord's consent has been solicited. All Alterations made by Tenant shall revert to the Landlord upon the expiration or earlier termination of this Lease. Any Alterations made by Tenant without Landlord's consent shall be removed by Tenant upon notice by Landlord to Tenant.

4.2. Tenant Equipment and Permitted Alterations. Subject to the provisions of the Prime Lease, Tenant, at its sole cost, may install and remove trade fixtures and equipment (collectively, "Tenant Equipment"). Such installation and removal, and the making of any permitted Alterations, shall be subject to the applicable provisions of the Prime Lease, and for such purposes, Tenant shall have the obligations to Landlord hereunder that Landlord has to Prime Landlord under the Prime Lease. Tenant shall not nse, install or operate any underground storage tank or underground hydraulic lift or associated reservoir at or on the Premises.

4.3. Signage. Tenant shall neither erect nor modify any sign on the Premises without the prior written consent of Landlord, which consent may be granted or withheld in Landlord's sole discretion and, if required under the Prime Lease, the prior written consent of Prime Landlord; *provided however* Landlord hereby prospectively consents to any signage erected by Tenant which is leased by Tenant from, and erected in full compliance with the requirements of, GM-DI Leasing Corporation, and for which any required consent of Prime Landlord has been obtained by Tenant.

5. USE AND OCCUPANCY.

5.1. Use. Tenant shall, at all times during the Term, actively and continuously conduct "Dealership Operations" (as defined in the "Dealer Agreements" (as hereinafter defined) on the Premises for the sale and service of Chevrolet motor vehicles (the "Existing Model Line"), in accordance with terms of the Dealer Sales and Service Agreement (as the same may be amended, modified, extended renewed or replaced, the "Dealer Agreement") by and between Tenant and the applicable division of General Motors Company for the Existing Model Line, or for any other new motor vehicle dealer business in which the owners of Tenant have a controlling interest. During the Term, in the absence of written consent of Landlord, the Premises may not be used for any purpose other than Dealership Operations for the Existing Model Line (including the sale, display, storage and/or service of motor vehicles not covered by the Dealer Agreement, other than is specifically contemplated by the term Dealership Operations in the Dealer Agreement), or for any other new motor vehicle dealer business in which the owners of Tenant have a controlling interest.

5.2. Compliance. Tenant shall comply with all Laws applicable to Tenant's use and occupancy of the Premises and shall keep and maintain the Premises in compliance with all Permitted Exceptions and applicable Laws, including, Subchapter III of the Americans With Disabilities Act (42 U.S.C. §§12101 et seq.) and all regulations promulgated pursuant thereto. "Laws" means any and all present or future federal, state or local laws (including common law), statutes, ordinances, rules, regulations, orders, decrees or requirements of any and all governmental or quasi-governmental authorities having jurisdiction. Tenant's obligations hereunder shall include the making at Tenant's sole cost and expense of all Alterations required to be made to the Premises as a result of a change in applicable Laws during the Term, regardless of whether: (i) such Alterations or change in applicable Laws was contemplated by Landlord and Tenant; (ii) the cost of making such Alterations is disproportionate to the Rent payable by Tenant hereunder; and (iii) the benefit of such Alterations will extend beyond the expiration of the Term; as Landlord and Tenant intend that the burden of compliance with applicable Laws throughout the Term be borne solely by Tenant.

5.3. Environmental Matters. Tenant shall not cause, permit or permit any "Hazardous Substance" (as hereinafter defined) to be brought upon, kept, used, or released in or about the Premises in violation of any "Environmental Laws" (as hereinafter defined). If (a) Tenant breaches the obligations stated in the preceding sentence, or (b) if the presence of any Hazardous Substance on the Premises from whatever cause or nature, including actions of third parties taken with or without the permission or knowledge of Tenant, results in contamination of any of the Premises, in violation of any Environmental Laws, or (c) if contamination of the Premises by any Hazardous Substance otherwise occurs in violation of any Environmental Laws, then Tenant shall indemnify, protect, defend and hold Landlord harmless from any and all claims, judgments, damages, penalties, fines, costs, expenses, liabilities, or losses (including diminution in value of the Premises, damages for the loss or restriction on use of the Premises, and sums paid in settlement of claims, reasonable attorneys' fees, consultant fees and expert fees) that arise

during or after the Term as a result thereof. The foregoing indemnification by Tenant includes costs incurred in connection with any investigation of site conditions or any cleanup, remedial, removal or restoration work required by any federal, State, or local governmental agency or political subdivision because of any Hazardous Substance present in violation of any Environmental Laws in or about the Premises, or the soil or ground water on or under the Land. Without limiting the foregoing, if the presence of any Hazardous Substance on or about the Premises caused, permitted or allowed by Tenant results in any contamination of any portion thereof in violation of any Environmental Laws, Tenant shall promptly take all actions at its sole cost as are necessary to return the Premises to the condition existing prior to the introduction of any such Hazardous Substance, subject to obtaining Landlord's prior written consent to the actions to be taken by Tenant. Landlord may require its prior written consent to the selection of the contractors and other experts involved in the inspection, testing and removal or abatement activities, the scope of activities to be performed, the manner and method for performance of such activities, and such other matters as may be required or requested by Landlord for the continued use of the Premises and the safety of the Premises and all occupants thereof. Tenant shall provide Landlord with such documentation and information requested by Landlord with respect to any inspection, testing, remediation, removal, abatement, or other activities undertaken by or on behalf of Tenant under this Section 5.3. The obligations and liabilities of Tenant in this Section 5.3 shall survive expiration or earlier termination of this Lease. Furthermore, if any such activities extend beyond the Term, Tenant shall pay to Landlord Rent for the Premises during such period in an amount equal to the amount which could have been received by Landlord for the use of the Premises during such period in the absence of contamination by such Hazardons Substance. Prime Landlord shall be an intended third-party beneficiary of the provisions of this Section 5.3. In addition to the foregoing, Tenant shall comply strictly with the provisions of Section 4.5 of the Prime Lease in respect of any "Hazardous Materials" (within the meaning of the Prime Lease) which may be brought upon, kept or used in or about the Premises by Tenant, its agents, employees, contractors or invitees.

(a) Environmental Laws. "Environmental Laws" means all federal, State and local laws, whether common laws, court or administrative decisions, statutes, rules, regulations, ordinances, court orders and decrees, and administrative orders and all administrative policies and guidelines concerning action levels of a governmental authority (federal, State or local) now or hereafter in effect relating to the environment, public health, occupational safety, industrial hygiene, any Hazardous Substance (including, without limitation, the disposal, generation, manufacture, presence, processing, production, release, storage, transportation, treatment or use thereof), or the environmental conditions on, under or about the Premises, as amended and as in effect from time to time (including, without limitation, the following statutes and all regulations thereunder as amended and in effect from time to time: the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. §§ 9601, et seq.; the Superfund Amendments and Reauthorization Act of 1986, Title III, 42 U.S.C. §§ 11001, et seq.; the Clean Air Act, 42 U.S.C.. §§ 7401 et seq.; the Safe Drinking Water Act, 42 U.S.C. §§ 3OO(f),et seq.; the Solid Waste Disposal Act, 42 U.S.C. §§ 6901, et seq.; the Hazardous Materials Transportation Act, as amended, 49 U.S.C.. §§ 1801, et seq.; the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §§ 6901, et seq.; the Federal Water Pollution Control Act, as amended, 33 U.S.C. §§ 1251, et seq.; the Toxic Substances Control Act of 1976, 15 U.S.C. §§ 2601, et seq.; and the Occupational Safety and Health Act, 29 U.S.C. §§ 651, et seq.; and any successor statutes and regulations to the foregoing).

(b) Hazardous Substances. "Hazardous Substances" means (i) all chemicals, materials and substances defined as or included in the definition of "hazardous snbstances," "hazardous wastes," "hazardous materials," "extremely hazardous wastes," "restricted hazardous

wastes," "toxic substances," "toxic pollutants," "contaminants" or "pollutants," or words of similar import, under any applicable Environmental Law; and (ii) all other chemicals, materials and substances, exposure to which is prohibited, limited or regulated by any governmental authority, including, without limitation, asbestos and asbestos-containing materials in any form, lead-based paint, radioactive materials, polychlorinated biphenyls ("PCB's"), and substances and compounds containing PCB's. Hazardous Substances shall also include all "Hazardous Materials" within the meaning of the Prime Lease.

5.4. Environmental Site Assessment. During each 60 month term of this Lease, Landlord may, at its option, perform one Phase I preliminary environmental site assessment of the Premises upon 20 days prior notice to Tenant to evaluate Tenant's compliance with the terms of this Lease and applicable Laws. Landlord shall chose the consultant and contract for all work related to and necessary to complete same. In the event the Phase I discloses a material breach of this Lease or applicable Laws, Tenant shall: (i) reimburse Landlord for the cost of the Phase I report, and (ii) promptly remediate same. In the event any Report of Release is required as set out in section 5.7, then notwithstanding the limitation on Phase I testing set forth in the first sentence hereof, Landlord may, at its option, conduct a Phase I assessment as set forth above and Tenant shall reimburse Landlord for the cost thereof if a material breach of this Lease is disclosed in the report. In the event that any Phase I report: (iii) indicates the likely presence of a material violation of Laws which (iv) is the subject of a recognized environmental condition, Landlord may, at his option, undertake a Phase II environmental assessment. If any such Phase II assessment discloses a material violation of the Laws which is not a preexisting environmental condition as set out in section 5.8 hereof, Tenant shall: (v) reimburse Landlord for the cost of the Phase II report, and (vi) promptly remediate same. The obligations and liabilities of Tenant in this Section 5.4 shall survive the expiration or earlier termination of this Lease.

5.5. Notice of Environmental Actions. Tenant shall promptly notify Landlord of any (a) enforcement, clean-up, removal or other governmental or regulatory action concerning the Premises instituted, completed or threatened pursuant to any Environmental Law; (b) any claim made or threatened by any Person against Landlord and/or Tenant, or the Premises, relating to damage, contribution, cost recovery, compensation, loss or injury resulting from or claimed to result from any Hazardous Substances; (c) reports made to any environmental agency arising out of or in connection with any Hazardous Substance in, on or about the Premises or with respect to any Hazardous Substance in, on or about the Premises or with respect to any Hazardous Substance removed from the Premises including any complaints, notices, warnings, reports or asserted violations in connection therewith; and (d) Hazardous Substance that Tenant knows has been, or will come to be, released or located within, under or about the Premises.

5.6. Inspection. During each 60 month term of this Lease, Landlord may, at its sole option, perform an inspection ("Inspection") of the Premises to evaluate Tenant's compliance with the terms of this Lease and applicable Laws. Without limiting the generality of the foregoing, the Inspection may include: (a) inspection of the structural and non-structural components of the Improvements, including the roof and exterior walls, to determine areas or locations of excessive wear or deterioration in the materials, insulation, joints, flashings, mastics, caulkings, sealers, fasteners and wall systems; and (b) inspection and testing of fire protection, smoke detection, gas detection, smoke, exhaust, emergency lighting, and other extinguishing systems and equipment, and all elevators and escalators on or in the Premises. Landlord may, at its sole option, hire any consultants, engineers or other professionals, reasonably necessary or desirable, in Landlord's sole opinion, to complete the Inspection. If any Inspection identifies a material breach of Tenant's obligations herein or discloses a material violation of the Laws, Tenant shall promptly pay to Landlord the cost of the inspections and, at its sole cost, take all necessary steps in accordance

with this Lease to remedy such breach of any such obligation or such violation. In addition, Tenant hereby acknowledges the inspection rights of Prime Landlord under the Prime Lease, including, without limitation, the inspection rights under Section 9.7 of the Prime Lease and agrees to comply fully therewith.

5.7. **Report of Release.** Tenant hereby acknowledges that Tenant is aware of the requirements of California Health and Safety Code Section 25359.7 which requires any lessee of real property who knows or has reasonable cause to believe that any release of a hazardous substance has come or will come to be located on or beneath that real property shall, within a reasonable period of time, either prior to the release or following discovery by such lessee of the presence or believed presence of the hazardous substance release, give written notice of that condition to the owner or lessor of the real property. Landlord and Tenant hereby agree that for purposes of Tenant's compliance with such statute, a "reasonable period of time" shall be six (6) business days.

5.8 **Environmental Assessment and Release.** Within 30 days after termination of the Lease, Landlord will obtain and provide to Tenant a written environmental assessment of the Premises. If the Environmental Assessment shows that Tenant has not violated any of its environmental obligations herein, then Tenant is released from any future environmental claims by Landlord against Tenant.

5.8 **Pre-Existing Hazardous Materials.** Notwithstanding anything contained in this Lease to the contrary, Tenant shall have no obligation to indemnify, defend, or hold Landlord, its agents or contractors harmless from claims for violations of Environmental Laws which arise from Hazardous Materials which are (a) present on the Premises prior to the Lease Term, or (b) bronght upon, kept or used in or about the Premises by Landlord, its agents, employees, contractors, or invitees. Landlord shall protect, indemnify, defend and hold Tenant harmless from any such claims of violations of Environmental Laws.

6. **INSURANCE.**

6.1 **Maintenance of Policies.** Tenant shall obtain and maintain all of the insurance required to be obtained and maintained by Landlord under the Prime Lease, in coverage amounts and with minimum limits on liability not less than those provided for in the Prime Lease. All rights and benefits with respect to insurance coverage, which are specified for the "Landlord" in the Prime Lease, shall apply to and inure to the benefit of both Landlord and Prime Landlord. Tenant shall have no right to self-insure any of the risks or coverage described in the Prime Lease.

6.2 **Insurance Providers.** The insurance required by Section 6.1 shall be written by companies, which comply with the provisions of Section 10.3 of the Prime Lease. The insurance policies (a) shall be for such terms as Landlord may reasonably approve, (b) shall be in amounts sufficient at all times to satisfy any coinsurance requirements thereof and (c) shall name Prime Landlord, Landlord and Tenant as insured parties, as their respective interests may appear, and (d) shall name Landlord as the sole loss payee on all policies of casualty insurance. If any such insurance shall expire, be withdrawn, become void, void able or unreliable for any reason, including a breach of any condition thereof by Tenant or the failure or impairment of the capital of any insurer, or if for any other reason whatsoever such insurance shall become reasonably unsatisfactory to Landlord, Tenant shall immediately obtain new or additional insurance reasonably satisfactory to Landlord.

6.3 **Premiums.** Tenant shall pay as they become due all premiums for the insurance required by Section 6.1, shall renew or replace each policy and deliver to Landlord evidence of the payment of the full premium therefore or installment then due at least thirty (30) days prior to the expiration date of such policy, and shall promptly deliver to Landlord certificates evidencing the existence of all policies, together with copies thereof.

6.4 **Insurable Value.** Tenant shall have the replacement cost and insurable value of the improvements constructed on the Premises and Tenant Equipment determined from time to time as required by the replacement cost and agreed amount endorsements and shall deliver to Landlord the new replacement cost and agreed amount endorsement or certificate evidencing such endorsement promptly upon Tenant's receipt thereof.

6.5 **Compliance with Policy Terms.** Tenant shall promptly comply with and conform to (a) all provisions of each insurance policy required by this Section 6 and (b) all requirements of the insurers thereunder.

6.6 **No Additional Policies.** Neither Landlord nor Tenant shall carry separate insurance concurrent in form or contributing, in the event of a "Casualty" (as hereinafter defined) or in the event of injury to or death of any person, with that required in this Section 6 unless (a) Landlord or Tenant, as the case may be, is included therein as a named insured, with loss payable as provided herein, and (b) such separate insurance complies with the other provisions of this Section 6. Landlord and Tenant each shall immediately notify the other party of such separate insurance and shall deliver to the other party the original certificates and copies of the policies therefore.

6.7 **Waivers.** All policies shall contain full waivers of subrogation against Landlord.

7. **TAXES AND UTILITIES.**

7.1. **Payment of Taxes.** During the Term, within thirty (30) days of Tenant's receipt of an invoice therefore, Tenant shall pay to Landlord, if any, all real and personal property taxes, assessments, special assessments and charges levied upon or with respect to the Premises, the Tenant Equipment, or the personal property used in operating the Premises, and all taxes, levies and charges which may be assessed, levied or imposed in replacement of all or any part of real and personal property taxes, assessments, or special assessments as revenue sources, and which in whole or in part are measured or calculated by or based upon the Premises, the leasehold estate of Landlord or Tenant, the rents and other charges payable by Tenant, or the Tenant Equipment or personal property used in operating the Premises (the "Taxes"). In no event, however, shall Tenant be required to pay any franchise, income, inheritance, estate, succession, transfer or gift taxes that are or may be imposed upon Prime Landlord, or its successors or assigns.

7.2. **Prorating at Commencement and End of Term.** If the commencement or end of the Term does not coincide with the commencement or end of a twelve (12) month period for which Taxes are assessed (a "Tax Year"), Taxes for the Tax Year in which the Term commences or ends shall be prorated between Landlord and Tenant, based on the most recent levy and most recent assessment. Such prorating shall be subsequently adjusted when the actual bills for Taxes become available. The covenants set forth in this Section 7.2 shall survive the termination of this Lease.

7.3. **Special Assessments.** Tenant shall pay all special assessments and other like impositions levied or imposed for improvements installed and assessed either prior to or during the Term; provided, however, that Tenant shall only be required to pay those installments of any such assessments or impositions that become due and payable during the Term. If the Term commences or expires on other than the first or last days, respectively, of a twelve (12) month period for which such assessments and other impositions are payable, such assessments and other impositions shall be prorated between Landlord and Tenant. During the Term, Landlord shall not agree voluntarily to the imposition of any special assessment or other imposition levied against the Premises, unless Landlord shall have first received Tenant's writ.

7.4. **Furnishing of Utilities.** Tenant shall arrange and pay for the furnishing gas, water, sewer, drainage, electrical and telephone, and all refuge collection, all other utilities and services as may be required by Tenant in the use of the Premises, including the placement in connection of any necessary utility meters. Tenant shall directly pay for such services, in the inability of Tenant to obtain and continue to receive such services for any reason shall not relieve Tenant of any of its obligations under this Lease.

8. WAIVERS AND INDEMNITIES.

8.1. **Tenant's Waiver and Indemnification.** Tenant hereby waives all claims against Landlord for damages to any property or injury to or death of any person in, upon or about the Premises arising at any time and from any cause other than solely by reason of the sole, active, willful misconduct of Landlord, and Tenant shall indemnify, defend and hold Landlord, its officers, directors, shareholders, agents, and employees ("Landlord Indemnitees") harmless from and against any loss, damage, claim, liability, and cost (including reasonable attorneys' fees) arising from (a) any default, breach or violation by Tenant under this Lease, or (b) any damage to any property or injury to or death of any person arising from the use of the Premises by Tenant, except such as is caused by the sole, active, willful misconduct of Landlord. If Landlord recovers under the liability insurance carried pursuant to the requirements of this Lease, Tenant is hereby released from this indemnification with respect to such party to the extent of such proceeds.

8.2. **Landlord's Waiver and Indemnification.** Landlord hereby waives all claims against Tenant for damages to any property or injury to or death of any person in, upon or about the Premises arising at any time by reason of the sole, active, willful misconduct of Landlord, its employees or contractors, and Landlord shall indemnify, defend and hold Tenant, its officers, directors, shareholders, agents, and employees ("Landlord Indemnitees") harmless from and against any loss, damage, claim, liability, and cost (including reasonable attorneys' fees) arising from (a) any default, breach or violation by Landlord under this Lease, or (b) the sole, active, willful misconduct of Landlord. If Tenant recovers under the liability insurance carried pursuant to the requirements of this Lease, Landlord is hereby released from this indemnification with respect to such party to the extent of such proceeds.

8.3 **Survival.** The provisions of this Section 8 shall survive the expiration or earlier termination of this Lease.

9. DAMAGE OR DESTRUCTION.

9.1. **Effect of Damage or Destruction.** Except as expressly provided herein, neither this Lease nor the Rent payable by Tenant hereunder will be affected by any loss of or damage to any property included within or related to the Premises (a "Casualty"). Upon the occurrence of any Casualty, Tenant shall repair and restore the Premises upon agreement by the Prime Landlord

to pay the costs of repair to the extent of insurance proceeds received or to be received by the Prime Landlord.

9.2. Notice of Casualty. If any Casualty occurs, Tenant shall give Landlord immediate notice thereof.

9.3. Settlement. Prime Landlord shall have the right to adjust, collect and compromise all claims under any casualty insurance policies required by this Lease and the Prime Lease and execute and deliver all necessary proofs of loss, receipts, vouchers, and releases required by the insurers. Each insurer is hereby authorized and directed to make payment under such policies directly to Prime Landlord, and Tenant and Landlord hereby appoint Prime Landlord as their attorney-in-fact to endorse any draft therefor.

9.4. Waiver of Statutes. Landlord and Tenant hereby agree that the terms of this Lease shall govern the effects of any damage to or destruction of the Premises with respect to the termination of this Lease and hereby waive the provisions and benefits, if any, of any present or future statute to the extent such statute is inconsistent with the terms of this Lease pertaining to the effects of damage to or destruction of the Premises. Without limiting the generality of the foregoing, Tenant hereby expressly waives the provisions of California Civil Code Sections 1932(2) and 1933(4).

10. CONDEMNATION.

10.1. Notice. If either Landlord or Tenant learns that any of the Premises has been or is proposed to be subjected to a "Taking" (as hereinafter defined), such party shall immediately notify the other of such Taking. "Taking" means the taking of any of the Premises as a result of the exercise of the power of eminent domain or condemnation for public or quasi-public use or the sale or conveyance of any of the Premises under the threat of condemnation.

10.2. Entire Premises. In the event of a Taking of the entire Premises, this Lease shall terminate and expire as of the date possession is delivered to the condemning authority. Rent for the last month of Tenant's occupancy shall be prorated and Landlord shall refund to Tenant any Rent paid in advance.

10.3. Partial Taking. In the case of any partial Taking so that the Premises are unsuitable for the conduct of Tenant's Business, then Tenant may terminate this Lease as of the date Tenant is required to vacate a portion of the Premises by giving Landlord Notice of the termination within 30 days after Tenant receives notice of the Taking. In case of any partial Taking of the Premises for which Tenant is not entitled to terminate the Lease or elects not to terminate, the Rent payable under this Lease shall as of the date of the Taking, be reduced in the same proportion that the value of the Premises taken by eminent domain bears to the full value of the Premises at that time. In the event of a partial Taking in which the Lease does not terminate, all compensation and damages payable for that Taking shall be made available to and used, to the extent reasonably needed, by Tenant to repair or replace any parking areas or improvements taken with other new parking areas or improvements on the portion of the Premises not taken, provided that replacement is then permitted by existing law. The remainder of any award in the event of a partially taking shall be paid according to paragraph 10.4.

10.4. Rent Reduction. If Tenant elects not to terminate this Lease after a partial Taking (or have no right to so terminate) then as soon as reasonably possible the award shall be used to restore improvements located on the remaining Premises to a complete unit of like quality and character as existed prior to the Taking or partial Taking and, thereafter, Basic Rent shall be reduced on an equitable basis, taking into account the relative value of the portion of the Premises taken as compared to the portion remaining.

10.5. Awards. Landlord shall be entitled to receive, and Tenant assigns to Landlord, the total award, compensation, damages or consideration paid or payable as a result of or in connection with any Taking (such total, an "Award"); provided that Landlord assigns to Tenant, all of Landlord's right, title, and interest in any portion of such Award that is attributable to the goodwill of Tenant's business, the value of any Tenant Equipment, or to moving expenses, business relocation expenses or damages to Tenant's business incurred as a result of such Taking.

10.6. Waiver of Statute. Landlord and Tenant hereby agree that the terms of this Lease shall govern the effects of any Taking with respect to the termination of this Lease and hereby waive the provisions and benefits, if any, of any present or future statute to the extent such statute is inconsistent with the terms of this Lease pertaining to the effects of a Taking. Without limiting the generality of the foregoing, Tenant hereby expressly waives the provisions of California Code of Civil Procedure 1265.130.

11. ASSIGNMENT, SUBLETTING AND FINANCING.

11.1. Assignment and Subletting. Tenant shall not sell, assign or transfer this Lease or any interest herein, sublet or permit the occupancy or use by others of the Premises or any part thereof, or allow any transfer hereof by operation of law or otherwise (collectively, a "Subtenant Transfer") without the Landlord's consent which shall not be unreasonably withheld, and without the Prime Landlord's consent.

11.2. Tenant Liability. If Tenant should be permitted by Landlord and Prime Landlord to assign this Lease or sublet the Premises or any part thereof, Tenant shall be responsible for all actions and neglect of the assignee or subtenant and its officers, partners, employees, agents, guests and invitees. Nothing contained in this Section 11.2 shall be construed as a waiver of or limitation on the absolute prohibition against Subtenant Transfers set forth in Section 11.1.

11.3 No Release. Any consent which may be given by Landlord to any Subtenant Transfer (although it is understood and agreed that Landlord shall be under no obligation to consider any proposed Subtenant Transfer) shall not be construed as a waiver or release of Tenant from liability for the performance of all covenants and obligations to be performed by Tenant under this Lease, and Tenant shall remain liable therefore; nor shall the collection or acceptance of Rent from any assignee, subtenant or occupant constitute a waiver or release of Tenant from any of its obligations or liabilities under this Lease. Any such consent given by Landlord pursuant to this Section 11 shall not be construed as eliminating, waiving or amending the absolute prohibition against Subtenant Transfers which is set forth in Section 11.1.

11.4. Equity Transfers. If Tenant is a partnership, limited liability company, or unincorporated association, a withdrawal or change, whether voluntary, involuntary or by operation of law or in one or more transactions, of partners, members, or equity holders owning a controlling interest in Tenant shall be deemed a voluntary assignment of this Lease and subject to

the provisions of this Section 11. If Tenant is a corporation, any dissolution, merger, consolidation or other reorganization of Tenant, or the sale, transfer or redemption of a controlling interest of the capital stock of Tenant in one or more transactions shall be deemed a voluntary assignment of this Lease and subject to the provisions of this Section 11. Neither this Lease nor any interest therein nor any estate created thereby shall pass by operation of law or otherwise to any trustee, custodian or receiver in bankruptcy of Tenant or any assignee for the assignment of the benefit of creditors of Tenant. Any event which is deemed to constitute an assignment under Section 8 of the Prime Lease, as amended by the First Amendment, shall be deemed conclusively to constitute a Subtenant Transfer hereunder.

11.5. Financing. Tenant shall not, without Landlord's prior written consent, which consent may be granted or withheld in Landlord' s sole discretion, and the prior written consent of Prime Landlord, if required under the Prime Lease, execute or deliver any mortgage, deed of trust, assignment of rents, assignment of leases, security agreement or other hypothecating instrument encumbering Tenant's interest under this Lease, the leasehold estate in the Premises created hereby, or the Land, Improvements or other property constituting any of the Premises (a "Leasehold Mortgage").

12. END OF TERM.

12.1. Surrender. Upon the expiration or earlier termination of this Lease, Tenant shall surrender the Premises to Landlord in the same condition in which the Premises were at the commencement of this Lease, except as repaired, rebuilt, restored, altered, replaced or added to as permitted or required by any provision of this Lease, and except for ordinary wear and tear, and otherwise in compliance with the provisions of Section 13 of the Prime Lease. Upon the expiration or earlier termination of this Lease, Tenant shall (a) remove from the Premises all property which is owned by Tenant or parties other than Landlord and (b) repair any damage caused by such removal. Property not so removed shall become the property of Landlord, and Landlord may thereafter cause such property to be removed from the Premises. Tenant shall pay to Landlord on demand the cost of removing and disposing of such property and repairing any damage to any of the Premises caused by such removal (together with interest at the Default Rate from the date of demand). The covenants set forth in this Section 12.1 shall survive the expiration or termination of the Term.

12.2 Holding Over. Tenant shall have no right to hold over following the expiration of the Term of this Lease.

13. DEFAULTS AND REMEDIES.

13.1 Defaults by Tenant. Each of the following events shall constitute an "Event of Default" under this Lease:

(a) Failure to Pay Rent. Tenant fails to pay any Rent payable by Tenant under the provisions of this Lease.

(b) Failure to Perform Other Obligations. Tenant breaches or violates any provision of this Lease applicable to Tenant other than a covenant to pay Rent, and such breach or violation continues for a period of fifteen (15) days after notice thereof from Landlord to Tenant; or, if such breach or violation cannot be reasonably cured within such fifteen (15)-day period, Tenant does not commence to cure such breach or violation within such fifteen (15)-day period or does not thereafter pursue such cure in good faith to completion. Notwithstanding the foregoing

to the contrary, the terms of this Section 13.1 (b) shall not apply with respect to any breach or violation for which a cure period is specifically set forth in this Lease or for which an Event of Default is otherwise provided under Section 13.

(c) Execution and Attachment Against Tenant. Any of Tenant's interest under this Lease or in the Premises is taken upon execution or by other process of law directed against Tenant, or is subject to any attachment by any creditor or claimant against Tenant and such attachment is not discharged or disposed of within fifteen (15) days after levy.

(d) Bankruptcy or Related Proceedings. Tenant files a petition in bankruptcy or insolvency, or for reorganization or arrangement under any bankruptcy or insolvency Laws, or voluntarily takes advantage of any such Laws by answer or otherwise, or dissolves or makes a general assignment for the benefit of creditors, or involuntary proceedings under any such Laws or for the dissolution of Tenant are instituted against Tenant, or a receiver or trustee is appointed for the Premises or for all or substantially all of Tenant's property, and such involuntary proceedings are not dismissed or such receivership or trusteeship vacated within fifteen (15) days after such institution or appointment.

(e) Abandonment or Cessation of Operations. The Premises are vacated or abandoned or Tenant fails to conduct at the Premises customary Dealership Operations during customary business hours for any of Tenant's Existing Model Lines, or any other new motor vehicle dealer business in which the owners of Tenant have a controlling interest, for a period of at least (7) consecutive business days.

(f) Dissolution. Tenant is liquidated or dissolved or begins proceedings towards its liquidation or dissolution.

(g) Leasehold Mortgages. A failure by Tenant to perform or observe, or a violation or breach of, or a misrepresentation in, any provision of any Leasehold Mortgage or any other document between Tenant and the holder of the Leasehold Mortgage, if such failure, violation, breach or misrepresentation gives rise to a default beyond any applicable cure period.

(h) Licenses and Permits. A failure by Tenant to maintain in effect any material license or permit necessary for the use, occupancy or operation of the Premises in accordance with this Lease.

(i) Unpermitted Subtenant Transfer. Tenant breaches or violates any provision of Section 11 of this Lease.

(j) Use. Tenant breaches or violates of any provision of Section 5.1 of this Lease.

(k) Prime Lease. There occurs any default in any covenant or obligation set forth in the Prime Lease beyond one-half the grace period allowed under the Prime Lease for the performance or observance of such covenant or obligation.

13.2. Landlord's Remedies. If any Event of Default occurs, Landlord shall have the right, at Landlord's election, at any time, to exercise anyone or more of the remedies described below.

(a) Cure by Landlord. Landlord may, at Landlord's option but without obligation to do so, and without releasing Tenant from any obligations under this Lease, make any payment or take any action as Landlord deems necessary or desirable to cure any Event of

Default in such manner and to such extent as Landlord deems necessary or desirable, provided that, prior to making any such payment or taking any such action, Landlord notifies Tenant of Landlord's intention to do so and affords Tenant at least five (5) days in which to make such payment or take such action. Tenant shall pay Landlord, upon demand, all advances and costs of Landlord in connection with making any such payment or taking any such action, including reasonable attorneys' fees, together with interest at the Default Rate from the date of payment of any such advances and costs by Landlord.

(b) Termination of Lease and Damages. Landlord may terminate Tenant's right to possession of the Premises by any lawful means, in which case this Lease shall terminate (except for the obligations of Tenant which are expressly stated to survive such termination) and Tenant shall immediately surrender possession of the Premises to Landlord. In such event, Landlord shall be entitled to recover from Tenant: (i) the worth at the time of award of the unpaid Rent which had been earned at the time of termination; (ii) The worth at the time of award of the amount by which the unpaid Rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; (iii) The worth at the time of award of the amount by which the unpaid Rent for the balance of the Term after the time of award exceeds the amount of such rental loss that Tenant proves would be reasonably avoided; and (iv) Any other amount necessary to compensate Landlord for all the detriment proximately caused by Tenant's failure to perform Tenant's obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including, but not limited to, the cost of recovering possession of the Premises, expenses of reletting (including necessary renovation and alteration of the Premises), reasonable attorneys' fees and that portion of the leasing commission, if any, paid by Landlord which is applicable to the unexpired portion of the Term. The "worth at the time of award" of the amounts referred to in clauses (i) and (ii) above shall be computed by allowing interest thereon at the Default Rate (or, if the Default Rate shall then exceed the maximum rate of interest permitted by law, the maximum rate of interest permitted by law). The "worth at the time of award" of the amount referred to in clause (iii) above shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of the award plus one percent (1.0 %). Nothing herein shall affect the right of Landlord to obtain indemnification from Tenant when required under this Lease. Efforts by Landlord to mitigate damages caused by an Event of Default shall not waive Landlord's right to recover damages under this section. If termination of this Lease is obtained through the provisional remedy of unlawful detainer, Landlord shall have the right to recover in such proceeding the unpaid Rent and damages as are recoverable therein, or Landlord may reserve therein the right to recover all or any part thereof in a separate suit for such Rent and/or damages. If a notice of default required by this Lease was not previously given by Landlord, a notice to pay rent or quit, or to perform or quit, as the case may be, given to Tenant under any statute pertaining to unlawful detainer shall also constitute the applicable notice of default for any grace period hereunder. In such case, the applicable grace period hereunder and under the unlawful detainer statute shall run concurrently after one such statutory notice, and the failure of Tenant to cure the Event of Default within the greater of the two grace periods shall constitute both an unlawful detainer and a breach of this Lease entitling Landlord to the remedies provided for in this Lease and/or by said statute.

(c) Continuation of Lease in Effect. Landlord shall have the remedy described in California Civil Code Section 1951.4, which permits Landlord to continue this Lease in effect after Tenant's breach and abandonment and recover Rent as it becomes due, if Tenant has the right to sublet or assign, subject only to reasonable limitations.

(d) Remedies Not Exclusive. In lieu of or in addition to any of the foregoing remedies and damages, Landlord may exercise any remedies and collect any damages available to it at law or in equity. All remedies are cumulative and concurrent and no remedy is exclusive of any other remedy. Each remedy may be exercised at any time an Event of Default has occurred and is continuing and may be exercised from time to time. No remedy shall be exhausted by any exercise thereof.

(e) No Mitigation. Landlord shall not be required to mitigate any of its damages hereunder unless required to by applicable Law.

(f) No Waiver. No failure of Landlord (i) to insist at any time upon the strict performance of any provision of this Lease or (ii) to exercise any option, right, power or remedy contained in this Lease shall be construed as a waiver, modification or relinquishment thereof. A receipt by Landlord of any sum in satisfaction of any obligation with knowledge of the breach of any provision hereof shall not be deemed a waiver of such breach, and no waiver by Landlord of any provision hereof shall be deemed to have been made unless expressed in a writing signed by Landlord.

(g) Recovery of Enforcement Costs. All costs, including reasonable attorney, accountant, expert witness, and paralegal fees and disbursements together with attorney fees and court cost incurred in and enforcing any judgment, incurred by Landlord in connection with the exercise of any permitted remedy for an Event of Default, or the enforcement of the provisions of this Lease, together with interest thereon at the Default Rate from the date incurred, shall be paid by Tenant to Landlord upon demand.

14. TERMINATION OF DEALER AGREEMENT.

14.1. Dealer Agreement. Tenant represents and warrants to Landlord that Tenant is, or that not later than the Effective Date Tenant shall be, the holder of the Dealer Agreement under which Tenant is or shall be established as an authorized dealer for the sale and service of Existing Model Line at the Premises.

14.2. Expiration or Termination. If, at any time during the Term, Tenant is not the Dealer under the Dealer Agreement or the Dealer Agreement terminates, (a) Tenant shall so notify Landlord in writing not later than three (3) days following the date on which Tenant ceases to be the Dealer under the Dealer Agreement.

15. RIGHT OF ENTRY.

15.1. Exercise of Remedies. Landlord and its authorized representatives shall have the right to enter the Premises at all times for the purpose of (a) exercising any right, power or remedy reserved to Landlord in this Lease, or (b) after not less than two (2) prior telephonic notice to Tenant, performing any obligation of Tenant with respect to which Tenant is in default under the Lease.

15.2. Inspection. Landlord and its authorized representatives shall have the right to enter the Premises, at all reasonable times during normal business hours, after not less than two (2) days' prior telephonic notice to Tenant for the purpose of (a) examining or inspecting the Premises or (b) showing the Premises to prospective tenants.

15.3. **Costs.** All payments made by Landlord and all costs (including reasonable fees and costs) incurred by Landlord in connection with the exercise of its rights under Section 15.1, together with interest at the Default Rate from the respective dates of Landlord's making of such payments or paying such costs and expenses, shall constitute Additional Rent and shall be payable to Landlord by Tenant on demand.

15.4. **No Eviction.** The exercise of any right reserved to Landlord or its authorized representatives in Section 15.1 or 15.2 shall not constitute an actual or constructive eviction, in whole or in part, or entitle Tenant to any abatement or diminution of Basic Rent or Additional Rent or relieve Tenant from any of its obligations under this Lease or impose any liability on Landlord or its authorized representatives by reason of inconvenience or annoyance to Tenant or injury to or interruption of Tenant's business or otherwise.

15.5. **No Interference.** In any case in which Landlord or its authorized representative enters the Premises for any of the purposes set forth in this Section 15, or Prime Landlord or its authorized representative enters the Premises in accordance with the provisions of the Prime Lease, Tenant shall not interfere, directly or in any manner or form with, the conduct of any work being performed by or for Landlord or Prime Landlord. Tenant hereby releases Landlord from any damages or claims of damages arising from any loss of business or from any increase in operating costs of Tenant's business, resulting directly or indirectly from the conduct of any such work, whether or not due to Landlord's negligence.

16. (Intentionally left blank)

17. **ESTOPPEL CERTIFICATES.** Tenant shall execute, acknowledge, and deliver to Landlord, upon Landlord's written request, a written statement that this Lease is unmodified (or, if modified, stating the modifications) and in full force and effect, certifying and stating, (a) the dates to which rent has been paid and (b) whether or not Landlord is in default under this Lease (and, if so, specifying the default). The statement may be delivered to and relied upon by any existing or prospective mortgagee or purchaser of the Premises. A failure to deliver such a statement within 10 days after written request from Landlord shall be conclusive upon Tenant that (a) this Lease is in full force and effect without modification except as may be represented by Landlord, (b) there are no uncured defaults by Landlord under this Lease, and (c) any representation by Landlord with respect to the rent payments are true.

18. **RIGHT OF TENANT TO TERMINATE LEASE.** Notwithstanding anything to the contrary herein, Tenant will have the right to terminate this Lease upon the delivery of notice of termination to Landlord of 120 days advance notice if Tenant's Chevrolet dealer franchise terminates and there is no successor motor vehicle dealer in which the owners of Tenant have a controlling interest and which will occupy the Premises at the time of the termination of Tenant's Chevrolet dealership franchise, Tenant has ceased operations on the Premises by the date of termination, and has otherwise complied with all its obligations under this Lease applicable upon termination. Termination of the Lease under this section will not relieve Tenant of any of its obligations herein that survive termination of the Lease.

Tenant shall, at all times during the Term, actively and continuously conduct "Dealership Operations" (as defined in the "Dealer Agreements" (as hereinafter defined) on the Premises for the sale and service of Chevrolet motor vehicles (the "Existing Model Line"), in accordance with terms of the Dealer Sales and Service Agreement (as the same may be amended, modified, extended renewed or replaced, the "Dealer Agreement") by and between Tenant and the

applicable division of General Motors Company for the Existing Model Line, or for any other new motor vehicle dealer business in which the owners of Tenant have a controlling interest.

19. MISCELLANEOUS.

19.1. Construction. This Lease shall be construed as a whole in accordance with its fair meaning and shall be construed as if jointly drafted by both Landlord and Tenant. Captions are convenience only and shall not be used in construing meaning. As used in this Lease, the masculine, feminine or neuter gender, and the singular or plural, shall be deemed to include the other whenever the context or particular circumstances so indicate or require.

19.2. Brokers. Landlord and Tenant each hereby represent and warrant to the other that their sole contact with the other or with the Premises has been made without the assistance of any broker or other third party. Tenant shall indemnify, defend and hold harmless Landlord, and Landlord shall indemnify, defend and hold harmless Tenant from and against any and all claims, judgments, damages, penalties, fines, costs, liabilities, or losses (including reasonable attorneys' fees) resulting from the breach by the indemnifying party of the representation and warranty set forth in the preceding sentence.

19.3. Performance by Landlord. Any act which Landlord is permitted to perform under this Lease may be performed at any time and from time to time by Landlord or any Person designated by Landlord. Each appointment of Landlord as attorney-in-fact for Tenant hereunder is irrevocable and coupled with an interest. Landlord shall have no obligation to perform any act required hereunder if an Event of Default has occurred and is then existing.

19.4. Integration and Interpretation. This Lease and any documents which may be executed by Tenant on or about the Effective Date hereof at Landlord's request constitute the entire agreement between the parties and supersede all prior understandings and agreements, whether written or oral, between the parties relating to the Premises and the transactions provided for herein. Landlord and Tenant are business entities having substantial experience with the subject matter of this Lease and have each fully participated in the negotiation and drafting of this Lease. Accordingly, this Lease shall be construed without regard to the rule providing that ambiguities in a document are to be construed against the drafter. All covenants and agreements of Tenant contained herein are intended to be conditions to this Lease and the leasehold estate created hereby.

19.5. Notices. (a) Every notice, demand, consent, approval, or request (collectively, Notice) required or permitted under this Agreement or by law to be given by any party to the other must be in writing. Notices will be deemed to have been sufficiently given:

(i) When personally delivered to the recipient;

(ii) On receipt when mailed by United States certified mail to the recipient with postage prepaid, return receipt requested, if receipt is confirmed by a return receipt;

(iii) On receipt when delivered by a reputable overnight courier service to the recipient with charges prepaid or charged to the sender's account, if delivery is confirmed by the courier service;

(iv) On receipt when delivered by facsimile to the recipient provided that the sender (A) promptly transmits a duplicate copy of the Notice to the recipient in the manner set forth in either (i), (ii), or (iii) in this section; and (B) receives written confirmation from the sender's facsimile device that the Notice was successfully transmitted to the recipient; or

(v) On receipt when delivered by e-mail transmission to the recipient, provided that the sender (A) promptly transmits a duplicate copy of the Notice to the recipient in the manner set forth in either (i), (ii), or (iii) in this section; and (B) receives written confirmation from the recipient that the Notice was successfully received by the recipient.

(vi) When delivered to the recipient in any manner if the recipient signs and delivers a written acknowledgement of receipt to the sender.

Any Notice given by facsimile or e-mail transmission otherwise transmitted in accordance with this section will be deemed to have been received on the next business day if it is received on a day other than a business day or after 5 p.m. (recipient's time) on a business day.

(b) Any correctly addressed Notice that is refused, unclaimed, or undeliverable because of an act or omission of the party to be notified will be deemed to have been given as of the first day that the Notice was refused, unclaimed, or considered undeliverable by the applicable messenger or courier, postal authority, or overnight courier service.

(c) The addresses, facsimile numbers, and e-mail addresses to which Notices will be transmitted are set forth below. Any party may from time to time, and pursuant to a notice to the other party delivered in accordance with this section, change its address, facsimile number, or e-mail addresses to which Notices will be transmitted. Copies of any Notice will be sent concurrently to the addresses, facsimile numbers, and e-mail addresses set forth below, if any, that are designated for service of copies of Notices, but copies of Notices shall not be deemed notice and failure to send a copy will not invalidate proper notice given to a party.

Notice shall be given as follows:

If to Landlord:	Ara Sevacherian Arsev, Inc. P.O. Box 309 Montebello, CA 90640 Fax: 562.902.3948 Email: arasev@gmail.com

If to Tenant:	Christian D. Teague Montebello Auto Group 310 W. Whittier Blvd. Montebello, CA 90640 Fax: 323.721.2356 Email: montebelloautogroup@gmail.com
With a copy to:	James P. Barone, Esq. Feruzzo & Feruzzo, LLP 3737 Birch St. Newport Beach, CA 92660 Fax: 949.608.6988 Email: jbarone@feruzzo.com

19.6. Survival. All of Tenant's obligations established by and arising under this Lease shall survive the termination of this Lease.

19.7. Binding Effect. Each of the provisions of this Lease shall extend to, bind or inure to the benefit of, as the case may be, Landlord and Tenant, and their respective successors and assigns, provided this clause shall not permit any Subtenant Transfer contrary to the provisions of Section 11.

19.8. Modification. No modification, waiver or amendment of this Lease or of any of its conditions or provisions shall be binding upon a party unless in writing signed by such party.

19.9. No Waiver. No waiver of any provision of this Lease shall be implied by any failure of either party to enforce any remedy upon the violation of such provision, even if such violation is continued or repeated subsequently. No express waiver shall affect any provision other than the one specified in such waiver, and that only for the time and in the manner specifically stated.

19.10. Short Form Lease. If permitted by the Prime Lease, upon the request of either party, Landlord and Tenant shall cause to be prepared and will execute, acknowledge and deliver a short form memorandum of this Lease in recordable form which either party may record in the appropriate real property records for the Premises to evidence and represent the provisions of this Lease. Upon the termination of this Lease, Landlord and Tenant shall immediately cause to be prepared and shall execute, acknowledge and deliver a termination of such short form memorandum in recordable form which shall be recorded in such real property records. The covenants set forth in this Section 19.10 shall survive the expiration or any earlier termination of the Term.

19.11. Severability. If any provision of this Lease is deemed or held to be illegal, invalid or unenforceable, this Lease shall be considered divisible and inoperative as to such provision to the extent it is deemed to be illegal, invalid or unenforceable, and in all other respects this Lease shall remain in full force and effect; provided, however, that if any provision of this Lease is deemed or held to be illegal, invalid or unenforceable there shall be added hereto automatically a provision as similar as possible to such illegal, invalid or unenforceable provision, which shall be legal, valid and enforceable. Further, should any provision contained in this Lease ever be reformed or rewritten by any judicial body of competent jurisdiction, such provision as so reformed or rewritten shall be binding upon all parties hereto.

19.12. Jury Trial Waiver. IF ALLOWED BY LAW AT THE TIME OF TRIAL, LANDLORD AND TENANT HEREBY WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM BROUGHT BY LANDLORD OR TENANT AGAINST THE OTHER WITH RESPECT TO ANY MATTER ARISING OUT OF OR IN CONNECTION WITH THIS LEASE, TENANT'S USE AND OCCUPANCY OR THE PREMISES OR THE RELATIONSHIP LANDLORD AND TENANT.

19.13. Authority to Bind. The individuals signing this Lease on behalf of Landlord and Tenant represent and warrant that they are empowered and duly authorized to bind Landlord or Tenant, as the case may be, to this Lease according to its terms.

19.14. Only Landlord/Tenant Relationship. Landlord and Tenant agree that neither any provision of this Lease nor any act of the parties shall be deemed to create any relationship between Landlord and Tenant other than the relationship of Landlord and tenant.

19.15 Time of Essence. Time is of the essence of each provisions of this Lease.

19.16. Counterparts. This Lease may be executed in counterparts, and executed counterparts bearing signatures of Landlord and Tenant shall constitute a fully executed original of this Lease, which shall be binding upon Landlord and Tenant notwithstanding that Landlord and Tenant may not be signatories to the same counterpart or counterparts. The delivery of a copy of a party's signature by facsimile or email transmission will have the same effect as the delivery of the original signature.

19.17. Attorneys' Fees and Other Expenses. If either party commences an action to enforce the terms of, or resolve a dispute concerning this Lease the prevailing party in such action shall be entitled to recover all costs and expenses incurred by such party in connection therewith, including reasonable attorney, accountant, expert witness, appraiser, and paralegal fees, together with attorney fees and court cost incurred in enforcing any judgment.

19.18. Governing Law. This Lease shall be governed by and construed in accordance with the Laws of the State of California, without reference to conflict of law principles.

RETAIL LEASE

This Lease is dated for reference purposes as of the 18th day of February, 2009, and is being entered into by and between the Redevelopment Agency of the City of Montebello, a public body, corporate and politic ("Landlord"), whose address is 1600 West Beverly Boulevard, Montebello, California 90640, and the tenant ("Tenant") identified on the Summary Page.

1. CERTAIN GUIDELINES FOR INTERPRETATION OF THIS LEASE. When used in this Lease:

1.1. At a party's expense means at that party's sole cost and expense, without contribution by the other party. Whenever a party is obligated under this Lease to perform any act and no mention is made of cost sharing or reimbursement with respect to that act, then the party obligated to perform the act shall do so at its expense.

1.2. In the context of any party giving approval (or disapproval) or consent to any action, the term "consent" or "approval" means prior written approval, signed by the party giving the approval. Any approval may be given, withheld completely or given upon specified conditions, all in the sole and absolute discretion of the party having the right of approval, except as maybe otherwise expressly provided herein with respect to any specific approval right.

1.3. The term "City" means the City of Montebello, California.

1.4. The term "shall" means "must" or "is required to."

1.5. The term "including" means "including but not limited to."

1.6. The term "Law" means any statute, regulation, rule, ordinance, decision or order of any federal, state, regional, county, city, municipal or other governmental or quasi-governmental entity or authority of any kind having jurisdiction.

1.7. Any reference to a Section, Subsection, Paragraph, Subparagraph or clause refers to the same within this Lease.

2. DEMISE OF PREMISES; ACKNOWLEDGEMENT OF TERMINATION OF PRIOR LEASE. Landlord hereby agrees to lease to Tenant, and Tenant hereby agrees to lease from Landlord, the Premises, for the Lease Term, subject to existing covenants, conditions, restrictions, easements and encumbrances. The "Premises" means all of the real property and improvements located at the address of the Premises set forth on the Summary Page, and more particularly described in the legal description attached hereto as Exhibit "A." Tenant hereby acknowledges that its prior lease of the Premises from Ara Sevacherian, the prior fee owner, has terminated or will terminate on the Commencement Date, that Tenant has no rights therein, and Tenant waives and releases Landlord from any claims arising out of said prior lease.

2.1. Covenant of Quiet Enjoyment. Provided Tenant is not in default and keeps and performs the covenants and agreements of Tenant contained in this Lease, Tenant shall have

quiet and peaceable possession of the Premises, which shall not be unreasonably disturbed or interfered with by Landlord.

2.2. Condition of Premises. The parties acknowledge that Tenant has leased and been in possession of the Premises for a number of years prior to the Commencement Date. Accordingly, Tenant shall be deemed to have accepted the Premises in an "as is" physical and environmental condition. Tenant shall be deemed to have waived any warranty of condition or habitability, suitability for occupancy, use or habitation, fitness for a particular purpose or merchantability, express or implied relating to the Premises. Landlord shall have no obligation to make any repairs or improvements to the Premises.

2.3. Lease Term; Holdover Tenancy. "Lease Term" means the period commencing on the Commencement Date and expiring nine (9) months after the Commencement Date. In the event Tenant holds over after expiration of the Lease Term, this Lease automatically shall revert to a month-to-month lease subject to all of the same terms and conditions set forth herein, excepting only that (a) Landlord shall have the right to terminate said holdover tenancy sixty (60) days after delivery of written notice of termination to Tenant and (b) Tenant shall have the right to terminate said holdover tenancy sixty (60) days after delivery of written notice of termination to Landlord. The Lease Term shall include, upon any extension of this Lease, the period of the Extension Term or Terms.

3. RENT AND OTHER PAYMENTS.

3.1. Rent. Tenant shall pay to Landlord, without offset, deduction or abatement, rent for the full Lease Term in the amount specified as Quarterly Rent in the Summary Page. Rent shall be payable quarterly in advance, without notice ("Quarterly Rent"), commencing on the Commencement Date and continuing on the first day of each calendar quarter thereafter for the balance of the Lease Term; provided, however, that the Quarterly Rent for any partial calendar quarter shall be prorated on a per diem basis.

4. USE OF THE PREMISES.

4.1. Limitation on Use by Tenant. Tenant shall use the Premises only for new and used motor vehicle sales, leasing, rental, service, body work, storage and sale of parts and for no other purpose (the "Permitted Use").

4.2. Limitation on Trade Name. The only trade name that Tenant shall use on the Premises is the Trade Name shown on the Summary Page.

4.3. Compliance with Laws. Nothing shall be done or kept on the Premises in violation of any Law. The Premises shall be used and maintained in compliance with all Laws and with the certificates of occupancy issued for all buildings on the Premises.

4.4. Waste or Impairment of Value. Nothing shall be done or kept in the Premises which might impair the value of the Premises, or which would constitute waste.

4.5. Hazardous Use. Landlord and Tenant agree as follows with respect to the existence or use of "Hazardous Material" on the Premises:

A. Prohibition of Hazardous Material. After the Commencement Date, Tenant shall not cause or permit any Hazardous Material to be brought upon, kept, created or used in or about the Premises by Tenant or its agents, employees, contractors or invitees other than as is reasonably necessary in the conduct of the Permitted Use. If the presence of Hazardous Materials on or about the Premises caused or permitted by Tenant after the Commencement Date results in contamination of the Premises or any portion of the property surrounding the Premises (the "Adjacent Property"), or if contamination of the Premises by Hazardous Material after the Commencement Date otherwise occurs for which Tenant is legally liable to Landlord, then Tenant shall protect, indemnify, defend and hold Landlord, its agents and contractors harmless from any and all claims, judgments, damages, penalties, fines, costs, liabilities or loss (including without limitation diminution in the value of the Premises or any portion of the Adjacent Property, damages for the loss or restriction on use of space or of any amenity of the Premises or the Adjacent Property, damages arising from any adverse impact on marketing of space within the Premises or the Adjacent Property and sums paid in settlement of claims, attorneys' fees, consultant fees and expert fees which arise during or after the Lease Term as the result of such contamination (hereafter collectively the "Contamination Costs"). This indemnification of Landlord by Tenant includes, without limitation, costs incurred in connection with any investigation of site conditions or any cleanup, remedial, removal, or restoration work required by any federal, state or local governmental agency or political subdivision because of Hazardous Material present on or under the Premises or the Adjacent Property. Without limiting the foregoing, Tenant shall promptly take all actions at its sole expense as are necessary to return the Premises and the Adjacent Property to substantially the same condition as existed upon the Commencement Date of the Lease Term, provided that Tenant shall obtain Landlord's prior approval of such action, which approval shall not be unreasonably withheld if Tenant's actions will not have any material adverse effect on the Premises or the Adjacent Property.

B. Definition of "Hazardous Material". As used herein, the term "Hazardous Material" means any hazardous or toxic substance, growth or waste which is or becomes identified or regulated as such by any local or regional governmental authority, the State of California, the United States Government or any other governmental subdivision or entity with authority including, without limitation, any material or substance which is defined or identified in the California Health and Safety Code, California Administrative Code, Federal Water Pollution Control Act, Federal Resource Conservation and Recovery Act, Comprehensive Environmental Response Compensation and Liability Act, Clean. Water Act, or the Superfund Amendments and Reauthorizations Act. Landlord acknowledges and accepts that Tenant may keep and use in the Premises general office supplies typically used in the ordinary course of business (such as copier toner, liquid paper, glue, ink and cleaning solvents), but only if such materials are used in the manner for which they were designed, in accordance with all Laws relating to Hazardous Materials, and in accordance with the highest standards prevailing in the industry for such use, and then only in such amounts as may be normal for use in the Premises.

C. Pre-existing Hazardous Materials. Notwithstanding anything contained in this Lease to the contrary, Tenant shall have no obligation to indemnify, defend or hold Landlord, its agents or contractors harmless from any Contamination Costs which arise from Hazardous Materials which are (a) present on the Premises prior to the Lease Term, or (b) brought upon, kept or used in or about the Premises by Landlord, its agents, employees,

contractors or invitees. Landlord shall protect, indemnify, defend and hold Tenant harmless from any such Contamination Costs.

D. Waste Discharge Permits. Tenant hereby acknowledges that certain products used in Tenant's business may be considered industrial waste in accordance with local ordinances and may require a Waste Discharge Permit ("Permit") from a utility or government agency or district. Tenant confirms its obligation to comply with any such Permit, including but not limited to such requirements as (a) waste water discharge monitoring and reporting by a consultant, and (b) payment of all costs associated with the Permit issuance and compliance, including any costs Landlord may incur to insure Tenant's compliance with the Permit. Tenant shall reimburse Landlord for all such costs advanced on behalf of Tenant by Landlord, within 15 days from the date of Landlord's invoice for advanced costs. Payment of such costs shall be considered additional rent subject to all terms and conditions relating to payments under this Lease.

4.6. Nuisance, Noxious or Offensive Activity. No noxious or offensive activity shall be carried on at the Premises nor shall anything be done or kept at the Premises which may be a public or private nuisance. No light shall be emitted from the Premises which is unreasonably bright or causes unreasonable glare; no sound shall be emitted from the Premises which is unreasonably loud or annoying; and no odor shall be emitted from the Premises which is noxious or offensive to others on adjacent property.

4.7. Unsightliness. All unsightly equipment, objects and conditions shall be kept enclosed within buildings on the Premises; no debris, bulk materials or trash shall be kept or allowed to accumulate, except as may be enclosed within buildings on the Premises; and all pipes, wires, poles, antennas and other facilities for utilities or for the transmission or reception of audio or visual signals shall be enclosed within buildings on the Premises. Tenant shall be solely responsible for the removal of all debris or trash from the Premises.

4.8. Animals. No animals shall be permitted or kept on the Premises.

4.9. Structural, Electrical or Other Overloading. Nothing shall be done or kept on the Premises and no alterations, maintenance or repairs shall be made to the Premises which might impair the structural soundness of any building, result in an overload of utilities serving any building on the Premises, or interfere with electronic or other equipment on any nearby property. In the event of violation hereof, Tenant shall immediately remedy the violation at Tenant's expense and in compliance with all requirements of governmental authorities and insurance underwriters.

4.10. Restrictions on Exterior Signs and Exterior Lighting. Tenant shall erect, maintain, repair and replace at Tenant's expense, such exterior signs as may be permitted by Landlord. No exterior signs shall be erected by Tenant without the approval of Landlord and any required approval of the City. Approval shall include approval of location, size, style of lettering, design, copy, materials, installation details, color, and logo design. No exterior lighting shall be permitted on the Premises except as approved in writing by Landlord. Any non-approved exterior signs or exterior lighting must be removed at Tenant's expense or brought into compliance at Tenant's expense.

5. FURNISHING OF UTILITIES. Tenant shall arrange and pay for the furnishing of gas, water, sewer, drainage, electrical and telephone, and all refuse collection, and other utilities and services as may be required by Tenant in the use of the Premises, including the placement and connection of any necessary utility meters. Tenant shall directly pay for such services, and the inability of Tenant to obtain or to continue to receive such services for any reason shall not relieve Tenant of any of its obligations under this Lease.

6. MAINTENANCE AND REPAIR. Tenant shall perform and pay for the maintenance, repair, and replacement when necessary (collectively, "Maintenance"), of the improvements on the Premises, which shall include, but not be limited to: (a) the floors, walls, ceilings, roofs, parking structures, and all structural components of all buildings and other improvements on the Premises; (b) capital improvements and structural modifications required by any change in Law, (c) landscaping, replanting when necessary, and keeping paved areas free from litter, dirt, debris, or other obstructions; (d) all sprinkler systems, utility pipes, conduits, meters, panels or lines serving the Premises; (e) the heating, ventilating and air conditioning system, interior and exterior lighting, and plumbing fixtures. In addition, Tenant shall initiate and carry out a program of regular Maintenance, so as to impede, to the extent possible, deterioration by ordinary wear and tear. All Maintenance shall be completed in a good and workmanlike fashion and in compliance with all conditions imposed by Landlord and all applicable Law. Tenant shall be solely responsible for any and all costs and expense associated with the Maintenance. Tenant shall not offset rent, reduce rent payments, or claim any credit against rent for Tenant's actual or imputed costs in connection with performing the Maintenance. If Tenant fails to perform Maintenance, Landlord shall have the right, but not the obligation, upon reasonable notice to Tenant, to enter the Premises to perform such Maintenance on Tenant's behalf. Expenses incurred by Landlord for any Maintenance required as a result of a failure of Tenant to perform such Maintenance as required herein, plus 10% of such expenses for overhead, shall be reimbursed to Landlord upon Landlord's written demand. Tenant acknowledges that in no event shall Landlord provide cleaning or other janitorial services to the Premises.

7. ALTERATIONS OF THE PREMISES. Tenant shall not alter, add to, remove or demolish any improvements on the Premises ("Changes") without (a) consent of Landlord, which consent shall be given or withheld in Landlord's reasonable discretion; (b) complying with all conditions which may be imposed by Landlord; and (c) paying to Landlord the reasonable expenses of Landlord for architectural, engineering or other consultants which may be incurred by Landlord in determining whether to approve any Changes. Notwithstanding the foregoing, Changes which cost less than $5,000, which do not reduce the value of the Premises, and which will not affect the structural integrity of any building may be made without the consent of Landlord, provided that Tenant furnishes to Landlord a copy of the plans for the Changes prior to making the Changes. Tenant shall obtain all necessary permits and authorizations from any governmental authorities having jurisdiction. Tenant shall obtain and maintain workers' compensation insurance covering all persons employed in connection with the Changes, liability insurance covering any loss or damage to persons or property arising in connection with the Changes, and such other insurance or bonds as Landlord may reasonably require and shall deliver a certificate of such coverages to Landlord prior to commencement of work. Changes shall be completed with due diligence and in good and workmanlike fashion and in compliance with all applicable Law. All Changes shall become the property of Landlord at expiration of the Lease Term.

8. ASSIGNMENT OR SUBLETTING. Tenant shall not make or permit a Transfer by Tenant without Landlord's consent, which shall not be unreasonably withheld or delayed. A "Transfer by Tenant" includes an assignment of this Lease, a sublease of all or any part of the Premises or any assignment, sublease, transfer, mortgage, pledge or encumbrance of all or any part of Tenant's interest under this Lease or in the Premises, by operation of Law or otherwise, or the use or occupancy of all or any part of the Premises by anyone other than Tenant. A Transfer by Tenant also includes any transfer of voting control of Tenant or of 50% or more of the equity interest or profits interest in Tenant, including transfer by merger, consolidation, liquidation or other change in ownership. Any Transfer by Tenant without Landlord's consent shall be void and shall constitute a default under this Lease. In the event Landlord consents to any Transfer by Tenant, Tenant shall not be relieved of its obligations under this Lease and shall remain liable under this Lease, jointly and severally as a principal, and not as a surety, to the same extent as though no Transfer by Tenant had been made, unless specifically provided to the contrary in Landlord's consent. Landlord shall have the right to require Tenant to pay Landlord 50% of the amount of the consideration given by such transferee to Tenant for the Transfer by Tenant (excluding any consideration given by the transferee to Tenant for the transfer of outstanding voting, equity or profits interest in Tenant) and 50% of the amount by which the rent paid to Tenant by the transferee exceeds the rent paid by Tenant to Landlord for the transferred portion of the Premises. The acceptance of rent by Landlord from any person other than Tenant shall not be deemed to be a waiver by Landlord of the provisions of this Section or of any other provision of this Lease and any consent by Landlord to a Transfer by Tenant shall not be deemed to be a consent to any subsequent Transfer by Tenant.

A. Notwithstanding the foregoing, Landlord shall have the right, in lieu of consenting to a Transfer by Tenant, to terminate this Lease as to the portion of the Premises subject to the proposed Transfer by Tenant and to enter into a new lease with the proposed transferee and receive directly from the proposed transferee the consideration agreed to be given by such transferee to Tenant for the Transfer by Tenant.

B. Tenant shall pay to Landlord, within 10 days after demand by Landlord, the expenses of Landlord in connection with any request by Tenant for consent to a Transfer by Tenant, including reasonable attorneys' fees, whether or not consent of Landlord is given to the Transfer by Tenant. Such expenses shall not exceed $1,000, as adjusted pro rata in accordance with increases in the Monthly Rent.

9. OTHER COVENANTS OF TENANT.

9.1. Notice of Nonlienability. Tenant shall deliver to Landlord, for Landlord's approval, prior to performing any Maintenance or the making of any Changes, a list of all contractors, subcontractors, materialmen and suppliers who shall perform any work or provide any materials or supplies (collectively, "Contractors") in connection with Maintenance or Changes. Landlord shall have the right to disapprove of any Contractor and, if Landlord shall disapprove, Tenant shall replace the disapproved Contractor with a Contractor acceptable to Landlord. Tenant shall permit Landlord to post a notice of non-responsibility on the Premises and take all such other action as Landlord may require for protection of Landlord's interest from mechanics' or other liens.

9.2. No Mechanics' Liens. Tenant shall not permit, and shall cause to be removed, any mechanics', materialmen's or other lien in connection with any construction or work at the Premises. Tenant shall have the right to contest, in good faith and with diligence, the validity of any such lien or claimed lien, provided that Tenant shall give to Landlord such security as may be reasonably requested by Landlord to insure the payment of any amounts claimed, and to prevent any sale, foreclosure or forfeiture of any interest in the Premises on account of any such lien, and provided that, on final determination of the lien, Tenant shall immediately cause the lien to be released and any judgment to be satisfied. If Tenant fails to immediately cause the lien to be released and/or satisfy any judgment pursuant to this Section, Landlord may immediately take all action necessary to release and remove the lien, without any duty to investigate the validity of the lien at issue. All expenses, including reasonable attorney's fees, incurred by Landlord in connection with the lien shall be considered additional rent under this Lease and be immediately due and payable by Tenant.

9.3. Other Encumbrances. Tenant shall not obtain any financing secured by Tenant's interest in the Premises and shall not encumber the Premises or Tenant's interest therein, without the consent of Landlord. Tenant shall keep the Premises free from all liens and encumbrances except liens and encumbrances created by Landlord.

9.4. Landlord Ownership of Improvements; No Landlord Right, Title, or Interest in or to Furnishings, Fixtures, Equipment, and Personal Property of Tenant. All permanent improvements situated on or permanently affixed to the Premises as of the Commencement Date, including buildings, permanent structures (e.g., trash enclosures), driveways, parking lot improvements, exterior hardscape improvements, exterior landscaping and irrigation system improvements, and plumbing, heating, lighting, electrical, and air conditioning fixtures and equipment shall be and remain the property of Landlord upon expiration of the Lease Term. All other furnishings, fixtures, equipment, and personal property now or hereafter located upon the Premises at any time during the Lease Term (collectively, the "Tenant's Property") shall be and remain the property of Tenant and Tenant retains the right to remove the same at any time as long as it repairs any damages to the improvements on the Premises. Not by way of limitation of the foregoing, the parties agree that the "Non-Exclusive List of Seller's Fixtures and Personal Property" set forth in Exhibit "B" to the Agreement for Purchase and Sale and Escrow Instructions dated as of February 11, 2009, and entered into by and between Landlord and Ara Sevacherian shall constitute Tenant's Property for purposes of this Lease.

9.5. Payment of Income and Other Taxes. Tenant shall pay when due all taxes on the Tenant's Property and all federal, state and local income taxes, sales taxes, use taxes, Social Security taxes, unemployment taxes and taxes withheld from wages or salaries paid to Tenant's employees, the nonpayment of which might give rise to a lien on the Premises or Tenant's interest therein, and shall furnish, if requested by Landlord, evidence of such payments.

9.6. Estoppel Certificates. Tenant shall execute, acknowledge and deliver to Landlord, upon Landlord's written request, a written statement that this Lease is unmodified (or, if modified, stating the modifications) and in full force and effect, certifying and stating, (a) the dates to which rent has been paid and (b) whether or not Landlord is in default under this Lease (and, if so, specifying the default). The statement may be delivered to and relied upon by any existing or prospective mortgagee or purchaser of the Premises. A failure to deliver such a

statement within 10 days after written request from Landlord shall be conclusive upon Tenant that (a) this Lease is in full force and effect without modification except as may be represented by Landlord, (b) there are no uncured defaults by Landlord under this Lease, and (c) any representation by Landlord with respect to the Rent payments is true.

9.7. Landlord Right to Inspect and Show Premises and to Install "For Sale" Signs. Landlord's authorized representatives shall have the right to enter the Premises at any reasonable time during ordinary business hours for the purposes of inspecting the Premises or showing the Premises to any prospective mortgagee, purchaser or lessee. Landlord may from time to time place on the Premises a sign advertising the Premises for sale or for lease.

9.8. Tenant Indemnification of Landlord. Tenant covenants and agrees to protect, defend, indemnify and hold Landlord and its agents and employees (the "Indemnified Parties") harmless from and against all liability, obligations, claims, damages, penalties, causes of action, costs and expenses, including attorneys' fees (collectively the "Costs"), imposed upon, incurred by or asserted against any of the Indemnified Parties by reason of (a) any accident, injury to or death of any person or loss of or damage to any property occurring on the Premises; (b) any act or omission of, or injury to or death of, Tenant or anyone claiming by, through or under Tenant; (c) any use which may be made of, or condition existing upon, the Premises; (d) any improvements, fixtures or equipment on the Premises; (e) any failure on the part of Tenant to perform or comply with this Lease; (f) any violation of any Law by Tenant or by anyone claiming by, through or under Tenant; and (g) any Maintenance or Changes to the Premises. Notwithstanding the foregoing, Tenant shall not be required to indemnify Landlord against any Costs arising out of or resulting from the gross negligence or willful misconduct of Landlord or Landlord's agents or employees nor from any act or occurrence arising prior to the Commencement Date or after the Lease Term and Tenant vacates the Premises.

9.9. Waiver by Tenant. Tenant waives and releases any claims Tenant may have against the Indemnified Parties for loss, damage or injury to person or property sustained by Tenant or anyone claiming by, through or under Tenant resulting from any cause whatsoever other than Landlord's gross negligence or willful misconduct, including without limitation any claim arising out of fire, explosion, collapse, steam, gas, electricity, leaking water, or sewer system blockages.

9.10. Release upon Transfer by Landlord. In the event of a transfer of the Premises by Landlord, Landlord's successor or assign shall take subject to and be bound by this Lease and Landlord shall be released from all obligations of Landlord under this Lease. Upon demand by Landlord or Landlord's successor or assign, Tenant shall attorn to such successor or assign.

9.11. Landlord's Reserved Rights. Landlord reserves the right from time to time to grant or create easements in, over, under, through or across the Premises or, any portion thereof, so long as such easements do not interfere with Tenant's use and enjoyment of the Premises.

10. TENANT'S INSURANCE. Tenant shall obtain and keep in force during the Lease Term, at its expense, the following insurance:

10.1. Casualty Insurance. "Casualty Insurance", meaning commercial property insurance which covers, at a minimum, the perils insured under the ISO special causes of loss form (CP 10 30) (including sprinkler leakage when applicable) with respect to the Premises, in an amount not less than the full replacement cost thereof and with an agreed amount endorsement if coinsurance applies. In the event that there is a dispute as to the amount which constitutes full replacement cost, the decision of the Landlord or the mortgagees of the Landlord shall be conclusive. The insurance policy shall contain a rental loss endorsement insuring against Landlord's loss of rentals in an amount not less than Monthly Rent for one year.

10.2. Liability Insurance. "Liability Insurance", meaning a Commercial General Liability policy of insurance protecting Tenant and Landlord (as an additional insured) against claims for bodily injury, personal injury and property damage based upon, involving or arising out of the ownership, use, occupancy or maintenance of the Premises and all areas appurtenant thereto. Such insurance shall be on an occurrence basis providing single limit coverage in an amount not less than $3,000,000 per occurrence. The policy shall not contain any intra-insured exclusions as between insured persons or organizations, but shall include coverage for liability assumed under this Lease as an "insured contract" for the performance of Tenant's indemnity obligations under this Lease. The limits of said insurance required by this Lease or as carried by Tenant shall not, however, limit the liability of Tenant nor relieve Tenant of any obligation hereunder. Tenant may, alternatively, have primary coverage in an amount not less than $1,000,000 and excess or umbrella coverage in an amount equal to the difference between$ 3,000,000 and the amount of the primary coverage.

10.3. General Insurance Provisions. All insurance obtained by Tenant shall be with California admitted insurers with a rating in "Best's Insurance Guide" of at least "A-"; shall name Landlord and the holder of any mortgage or deed of trust encumbering the Premises as insured parties, as their interests may appear; and Tenant shall provide, by certificate of insurance or otherwise, that the insurance coverage shall not be canceled or altered except upon thirty 30 days' prior written notice to Landlord and the holder of any such mortgage or deed of trust.

Without affecting any other rights or remedies, Tenant and Landlord each hereby waive all rights of recovery against the other and against the officers, employees, agents and representatives of the other, on account of loss by or damage to the waiving party of its property or the property of others under its control, to the extent that such loss or damage is insured against under any insurance policy which either may have in force at the time of the loss or damage. Landlord and Tenant agree to have their respective insurance companies issuing property damage insurance waive any right to subrogation that such companies may have against Landlord or Tenant, as the case may be, so long as the insurance is not invalidated thereby.

10.4. Insurance Proceeds. The proceeds of any Casualty Insurance, other than casualty insurance maintained by Tenant on Tenant's Property, shall be paid to and become the property of Landlord, subject to any obligation of Landlord to repair and restore the Premises: Landlord and Tenant shall cooperate with each other in the collection of any insurance proceeds which may be payable in the event of loss, including the execution and delivery of proof of loss, declarations and other actions required to effect recovery.

11. DEFAULTS BY TENANT. Each of the following shall constitute a "Default by Tenant":

11.1. Failure to Pay Rent or Other Amounts. Tenant fails to pay when due, Quarterly Rent, or any other amounts payable by Tenant under this Lease, and such failure continues for 3 days after notice of such failure from Landlord.

11.2. Violation of Lease Terms. Tenant fails to comply with any other term in this Lease applicable to Tenant, and such failure to comply continues for a period of 30 days after notice thereof by Landlord or, if such failure to comply cannot be diligently cured within 30 days, if Tenant does not in good faith commence to cure such failure to comply within 30 days or does not diligently proceed therewith to completion.

11.3. Execution and Attachment Against Tenant. Tenant's interest under this Lease or in the Premises is taken upon execution or by other process of Law directed against Tenant, or becomes subject to any attachment at the instance of any creditor or claimant against Tenant and said attachment is not discharged or disposed of within 60 days after levy.

11.4. Bankruptcy or Related Proceedings. Tenant (a) files a petition in bankruptcy or insolvency or for reorganization or arrangement under the bankruptcy Laws of the United States or under any similar act of any state, (b) voluntarily takes advantage of any such Law or act by answer or otherwise, (c) is dissolved or makes an assignment for the benefit of creditors, (d) becomes subject to involuntary proceedings under any such bankruptcy or insolvency Law or for the dissolution of Tenant, or (e) a receiver or trustee is appointed for the Premises or for all or substantially all of the property of Tenant, and such proceedings are not dismissed or such receivership or trusteeship vacated within 60 days.

12. LANDLORD'S REMEDIES Upon the occurrence of any Default by Tenant, Landlord shall have the right, at Landlord's election, then or at any time thereafter, to exercise any one or more of the following remedies:

12.1. Cure by Landlord. Landlord may, at Landlord's option but without obligation to do so, and without releasing Tenant from any obligations under this Lease, make any payment or otherwise take action to cure the any such Default by Tenant in such manner and to such extent as Landlord deems necessary or desirable, including maintaining the Premises in accordance with the provisions of the Section of this Lease entitled "Maintenance and Repair." Landlord may do so without demand on, or notice to, Tenant and without giving Tenant an opportunity to cure the Default by Tenant. Tenant shall pay to Landlord, within 15 days after demand, all advances, costs and expenses of Landlord in connection with the cure of Tenant's Default, including reasonable attorneys' fees, together with interest as provided herein. Action taken by Landlord may include commencing, appearing in, defending or otherwise participating in any action or proceeding and paying, purchasing, contesting or compromising any claim, right, encumbrance, charge or lien with respect to the Premises which Landlord, in its discretion, deems necessary or desirable to protect its interest in the Premises and under this Lease.

12.2. Termination of Lease and Damages. Landlord may terminate this Lease, effective at such time as may be specified by written notice to Tenant, and demand (and recover)

possession of the Premises from Tenant. Tenant shall remain liable to Landlord for the following:

A. The worth, at the time of the award, of the unpaid rent that had been earned at the time of termination of this Lease;

B. The worth, at the time of the award, of the amount by which the unpaid rent that would have been earned after the date of termination of this Lease until the time of award exceeds the amount of the loss of rent that Tenant proves could have been reasonably avoided;

C. The worth, at the time of the award, of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of the loss of rent that Tenant proves could have been reasonably avoided; and

D. Any other amount, and court costs, necessary to compensate Landlord for all detriment proximately caused by Tenant's default.

"The worth, at the time of the award" is to be computed by allowing interest at an annual rate equal to three percent (3%) plus the discount rate charged member banks by the Federal Reserve Bank of San Francisco, as of the twenty-fifth (25th) day of the calendar month immediately preceding the Default by Tenant.

12.3. Repossession and Reletting. Landlord may reenter and take possession of the Premises or any part thereof, without notice, and repossess the same and expel Tenant and any party claiming by, under or through Tenant, and remove the effects of both, without being liable for prosecution on account thereof or being deemed guilty of any manner of trespass, and without prejudice to any remedies for collection of rent or for other breaches of this Lease. No such reentry or taking possession of the Premises by Landlord shall be construed as an election by Landlord to terminate this Lease unless a written notice of such intention is given to Tenant. No notice from Landlord hereunder or under a forcible entry and detainer statute or similar Law shall constitute an election by Landlord to terminate this Lease unless such notice specifically so states. Landlord reserves the right, following any reentry or reletting, to exercise its right to terminate this Lease upon notice to Tenant. After recovering possession of the Premises, Landlord may, from time to time, but shall not be obligated to, relet the Premises, or any part thereof, for the account of Tenant, upon such terms as Landlord, in its sole discretion, may determine. Landlord may make repairs, alterations or improvements that Landlord considers appropriate to accomplish such reletting, and Tenant shall reimburse Landlord on demand for all costs and expenses, including attorneys' fees, which Landlord incurs in connection with such reletting. Landlord shall in no way be responsible or liable for any failure to relet the Premises or for any failure to collect any rent due upon such reletting. Notwithstanding Landlord's recovery of possession of the Premises, Tenant shall continue to pay on the dates herein specified the Monthly Rent and other amounts which would be payable if such repossession had not occurred. Upon the expiration or earlier termination of this Lease, Landlord shall refund to Tenant any amount, without interest, by which the amounts paid by Tenant, when added to the net amount, if any, recovered by Landlord through any reletting of the Premises, exceeds the amounts payable by Tenant under this Lease. If, in connection with any reletting, the new lease

term extends beyond the existing term, or the premises covered thereby include other premises not part of the Premises, a fair apportionment of the rent received from such reletting and the expenses incurred in connection therewith will be made by Landlord in determining the net amount recovered from such reletting.

12.4. Remedies Cumulative; Time for Action. Exercise of any of the remedies of Landlord under this Lease shall not prevent the concurrent or subsequent exercise of any other remedy provided for in this Lease or otherwise available to Landlord at law or in equity. Actions or suits for the recovery of amounts and damages payable under this Lease may be brought by Landlord from time to time, at Landlord's election, and Landlord shall not be required to await the date upon which the Lease Term would have expired to bring any such action or suit.

12.5. Recovery of Enforcement Costs. All expenses incurred by Landlord in connection with collecting any amounts and damages owing by Tenant pursuant to the provisions of this Lease or to enforce any provision of this Lease, including reasonable attorneys' fees, whether or not any action is commenced by Landlord, shall be paid by Tenant to Landlord within 15 days after receipt of Landlord's demand.

13. SURRENDER OF PREMISES. Upon the expiration or earlier termination of this Lease, or on the date specified in any demand for possession by Landlord after any Default by Tenant, Tenant covenants and agrees to surrender possession of the Premises to Landlord, in broom clean condition, as nearly as practicable to the condition existing on the Commencement Date of this Lease, excepting only (a) ordinary wear and tear, (b) any Changes permitted hereunder, and (c) the removal of Tenant's Property.

14. MISCELLANEOUS

14.1. Relationship of Landlord and Tenant. Nothing contained herein shall be deemed or construed as creating the relationship of principal and agent or of partnership or of joint venture by the parties hereto, it being understood and agreed that no provision contained in this Lease nor any acts of the parties hereto shall be deemed to create any relationship other than the relationship of landlord and tenant.

14.2. Covenants Independent. This Lease shall be construed as if the covenants herein between Landlord and Tenant are independent, and not dependent, and Tenant shall not be entitled to any offset against Landlord if Landlord fails to perform its obligations under this Lease.

14.3. Notices and Demands. All notices, demands, billings, consents and other communications provided for in this Lease shall be in writing and shall be deemed properly given and received when actually given and received or three business days after mailing, if sent by registered or certified mail, postage prepaid, addressed to the party to receive the notice at the address used for such party in the first paragraph of this Lease or at such other address as such party may notify the other of in writing.

14.4. No Implied Waiver. No failure by Landlord to insist upon the strict performance of any term contained in this Lease, no failure by Landlord to exercise any right or remedy under this Lease, and no acceptance of full or partial payment during the continuance of any Default by

Tenant, shall constitute a waiver of any such term, right or remedy, a waiver of any such Default by Tenant, or a waiver of any right Landlord may have to recover possession of the Premises.

14.5. Entire Agreement. Each party agrees that it has not relied upon or regarded as binding any prior or contemporaneous agreements, negotiations, representations, or understandings, whether oral or written, except as expressly set forth herein. This Lease, together with the documents and exhibits referred to herein, embodies the entire understanding among the parties, merges all prior discussions or communications among them and constitutes the final, complete and exclusive statement of the terms of the parties' agreement. No party shall be bound by any covenants, conditions, representations or warranties other than as expressly stated in this Lease.

14.6. Modifications in Writing. No amendment or modification of this Lease, and no approvals, consents or waivers by Landlord under this Lease, shall be valid or binding unless in writing and executed by the party to be bound.

14.7. Binding Effect. Subject to the provisions herein restricting transfers and assignments, this Lease shall run with the Premises, and shall be binding upon and inure to the benefit of all of the parties and their executors, administrators, devisees, heirs, representatives, permitted assigns and other successors.

14.8. No Third Party Beneficiaries. The parties to this Lease intend that nothing contained in this Lease shall create or vest any rights in any individuals or entities who are not directly parties to this Lease unless they are approved assignees. Any agreement herein to pay any amount of money or to assume any liability, whether expressed or implied, shall be only for the benefit of the parties to this Lease and their approved assignees, and such agreements and assumptions shall not enure to the benefit of any obligee of any indebtedness of a party to this Lease, nor to any other party.

14.9. Interpretation. This Lease shall be construed as a whole in accordance with its fair meaning and shall be construed as if jointly drafted by both Landlord and Tenant. Captions are for convenience only and shall not be used in construing meaning. As used in this Lease, the masculine, feminine or neuter gender, and the singular or plural number, shall be deemed to include the other whenever the context or particular circumstances so indicate or require. This Lease and all the schedules or exhibits incorporated herein by reference shall be interpreted in accordance with the Laws of the State of California in effect at the time of execution of this Lease, irrespective of its conflicts of Laws rules. The Summary Page attached to this Lease and the Exhibits and Addenda attached to this Lease shall be deemed incorporated in this Lease by this reference. In the event of any inconsistency between such Summary Page and the terms and provisions of this Lease, the terms and provisions of the Summary Page shall control.

14.10. All Terms Material. The parties hereby expressly acknowledge and agree that each and every term and condition of this Lease is of the essence of this Lease, constitutes a material part of the bargained-for consideration without which this Lease would not have been executed, and is a material part of the Lease.

14.11. Severability. Notwithstanding the Section entitled "All Terms Material" above, in the event that any provision or any part of any provision of this Lease as applied to any party or to any circumstance shall be adjudged by a court of competent jurisdiction to be void or unenforceable for any reason whatsoever, then such provision shall in no way affect (a) any other provisions of this Lease, which shall be modified, if necessary, to the minimum extent necessary to preserve their validity, (b) the application of any such provision under circumstances different from those adjudicated as unenforceable by the court, or (c) the validity or enforceability of the Lease as a whole.

14.12. Independent Advice of Counsel. The parties hereto, and each of them, represent that in negotiating and executing this Lease they have relied solely upon their own judgment, belief and knowledge, and the advice and recommendations of their own consultants and independently selected legal counsel, concerning the nature, extent and duration of their rights and obligations under this Lease, and that they have not been influenced by any representations or statements made by any other parties or their representatives, except as otherwise expressly set forth in this Lease.

14.13. Authority. Each of the parties represents and warrants that it has all authority necessary to execute this Lease and no consents or approvals of any other parties are necessary for this Lease to be binding.

14.14. Attorneys' and Experts' Fees. Should any party hereto retain counsel or other experts in connection with matters arising out of or related to this Lease, including the institution of any action or proceeding concerning the negotiation, interpretation, validity, performance or breach of any provision hereof, for any legal or equitable remedy, then, if said matter is settled by dismissal or final judicial determination (which term includes arbitration), the prevailing party or parties (whether at trial or on appeal) shall be entitled, in addition to such other relief as may be granted, to be reimbursed by the losing party or parties for all costs and expenses incurred thereby, including court costs and attorneys' and experts' fees and costs for the services rendered to such prevailing party by accountants, appraisers and other service providers.

14.15. Time of the Essence. The parties to this Lease acknowledge and agree that the times specified herein have been selected because prompt performance of all obligations is a material part of the bargained-for consideration underlying this Lease, and without which this Lease would not have been executed. Time is of the essence.

14.16. Brokers. Each party shall pay the commission or other compensation of any real estate broker, finder or other agent which such party has retained. Each party shall defend, indemnify and hold the other party harmless from and against all costs, liabilities, losses, damages, claims, causes of action or proceedings which may result from any broker, agent or finder, licensed or otherwise, claiming through, under or by reason of the conduct of the indemnifying party in connection with the transactions contemplated in this Lease.

14.17. Survival of Provisions. Notwithstanding termination of this Lease, any provisions hereof which require observance or performance by Landlord or Tenant subsequent to termination shall survive termination.

14.18. No Recordation. This Lease shall not be recorded.

15. FORCE MAJEURE. The time for performance of any act required to be performed under this Lease shall be extended as a result of delays not exceeding 90 days in the aggregate that are caused by strikes, lockouts, natural disasters, wars, acts of God, fire or other casualty, inability to obtain labor or materials, or any other reason or cause not within the performing party's reasonable control. This Section does not apply to the payment of rent and any other amounts payable by Tenant under this Lease.

IN WITNESS WHEREOF, the parties hereto have caused this Lease to be executed on the day and year first above written.

AGREEMENT 2516

FIRST AMENDMENT TO RETAIL LEASE

This First Amendment to Retail Lease (the "First Amendment") is dated for reference purposes as of the 28th day of October, 2009, and is being entered into by and between the Redevelopment Agency of the City of Montebello, a public agency, corporate and politic ("Landlord"), whose address is 1600 W. Beverly Boulevard, Montebello, California 90640, and Arsev, Inc., a California corporation dba Ostrom Chevrolet ("Tenant"), whose address is 310 W. Whittier Boulevard, Montebello, California 90640.

RECITALS:

A. On or about February 18, 2009, Landlord and Tenant entered into that certain Retail Lease (the "Original Lease") pursuant to which Landlord leased to Tenant the real property located at 310 W. Whittier Boulevard, Montebello, California, and more particularly described in Exhibit "A" to the Original Lease (the "Premises").

B. The Lease Term set forth in the Original Lease is scheduled to expire on December 31, 2009.

C. Landlord and Tenant desire to extend the Lease Term set forth in the Original Lease and amend the Original Lease as set forth in this First Amendment.

COVENANTS:

Based on the foregoing Recitals, which are incorporated into this First Amendment by this reference, and for good and valuable consideration, the receipt and sufficiency of which is acknowledged by both parties, Landlord and Tenant agree as follows:

1. Summary Page. The Quarterly Rent figure of $24,000 set forth on the Summary Page of the Original Lease shall remain in effect until December 31, 2009 (the end of the term of the Original Lease). Thereafter, said $24,000 figure shall be replaced with the following: for the balance of the Initial Term referred to in Section 2.3 (i.e., the period from January 1, 2010, through December 31, 2014): $24,300 ("Quarterly Rent"). The Quarterly Rent shall be subject to the following adjustments:

(a) On the first day of the First Extension Period referred to in Section 2.3 (i.e., January 1, 2015), if applicable, the Quarterly Rent shall be adjusted (either increased or decreased) to the amount determined by multiplying the Quarterly Rent in effect immediately prior to the First Rent Adjustment Date by a fraction, the numerator of which is the All Items Consumer Price Index in the Los Angeles-Riverside-Orange County, California Area as published by the United States Department of Labor's Bureau of Labor Statistics (base year 1982-1984=100) ("CPI Index") for October 2014 and the denominator of which is the CPI Index figure for October 2009; provided, however, that in no event shall any increase in the Quarterly Rent as a result of said CPI Index adjustment exceed a total of twenty percent (20%) for said five-year period.

(b) On the first day of the Second Extension Period referred to in Section 2.3 (i.e., January 1, 2020), if applicable, the Quarterly Rent shall be adjusted (either increased or decreased) to the amount determined by multiplying the Quarterly Rent in effect for the First Extension Period by a

fraction, the numerator of which is the CPI Index figure for October 2019 and the denominator of which is the CPI Index figure for October 2014; provided, however, that in no event shall any increase in the Quarterly Rent as a result of said CPI Index adjustment exceed a total of twenty percent (20%) for said five-year period.

(c) On the first day of the Third Extension Period referred to in Section 2.3 (i.e., January 1, 2025), if applicable, the Quarterly Rent shall be adjusted (either increased or decreased) to an amount equal to the fair market rental value of the Premises at that time, based on the then-existing and permitted uses of the Premises set forth in the Lease, the then-remaining number of years left in the Lease term (including the options to extend referred to in Section 2.3 of the Lease), the other rights and obligations of the Parties as set forth in the Lease, and all other facts and circumstances existing at that time. In this regard, if subsequent to the Commencement Date of the Original Lease and prior to commencement of the Third Extension Period Tenant has constructed or installed any improvements or fixtures and equipment on the Premises, the value of said improvements or fixtures and equipment as of the first day of the Third Extension Period shall be excluded from consideration in establishing the fair market rental value for the Premises for the Third Extension Period.

The fair market rental value applicable to the Third Extension Period shall be established as follows:

(i) The Parties to the Lease shall meet and confer in good faith in an effort to negotiate the fair market rental value on or before September 1, 2024. If the Parties agree in writing on the fair market rental value at that time or at any time prior to determination of said amount by the appraisal process referred to below, said agreement shall be final and binding.

(ii) If the Parties are unable to reach agreement on or before September 1, 2024, on the fair market rental value for the Premises, Landlord and Tenant shall each, on or before October 1, 2024, attempt in good faith to agree upon and appoint a single real estate appraiser to determine the fair market rental value of the Premises, which single appraiser shall then be instructed to determine the fair market rental value within sixty (60) days after the date of his/her appointment. Said appraiser's determination shall be final and binding on both Parties.

(iii) If the Parties are unable to reach agreement on or before September 1, 2024, on the identity of a single real estate appraiser to determine the fair market rental value of the Premises applicable to the Third Extension Period, on or before said date Landlord and Tenant shall each appoint its own real estate appraiser and deliver written notice of the name and address of such appraiser to the other Party to this Lease. The two appraisers thus appointed shall be instructed to meet and confer and attempt to agree on the fair market rental value applicable to the Third Extension Period within sixty (60) days after the date of the appointment of the latter of the two appraisers to be so appointed. If the two appraisers concur as to the fair market rental of the Premises, their joint determination shall be final and binding on both Parties. If the two appraisers do not concur but the difference between the respective higher and lower determinations of fair market rent is an amount less than ten percent (10%) of the amount of the higher determination of fair market rent, the mean average of the two determinations shall be the fair market rent for the Third Extension Period. If either Party fails to timely deliver notice to the other Party regarding the identity of its appointed appraiser and said failure continues for five (5) business days after the other Party delivers a notice of default under this Lease

with respect to such failure, the other Party's appointed appraiser shall have the right to determine the fair market rental value applicable to the Third Extension Period, which determination shall be final and binding on both Parties.

(iv) If the difference between the fair market rent determinations of the two appraisers referred to in clause (iii) above is greater than ten percent (10%) of the amount of the higher determination of the fair market rental value of the Premises, the two appraisers shall jointly select a third appraiser within fifteen (15) days after their appraisals are completed and delivered or, if they are unable to agree upon the third appraiser within said time period (and the Parties themselves do no so agree), either Party may apply to the Superior Court of Lo Angeles County to appoint a third appraiser. Within thirty (30) days after the selection or appointment of the third appraiser, all three appraisers shall meet and the first two appraisers shall present to the third appraiser all of their findings, data, and conclusions as to the fair market rental value of the Premises applicable to the Third Extension Period. The third appraiser shall review all such findings, data, and conclusions and shall determine which of the first two appraisers' respective determinations of fair market rental value is the most reasonable determination. The third appraiser shall not be permitted to make any other independent determination of the fair market rental value. The third appraiser's determination shall be final and binding on the Parties.

(v) All appraisers selected or appointed under this Section shall be, at the time of their appointment, MAI certified appraisers or members in good standing with the American Institute of Real Estate Appraisers. No appraiser selected or appointed pursuant to this Lease shall have any familial relationship with any official, officer, director, or management level employee of either Party and no such appraiser shall have received or been promised any income from either Party or any official, officer, director, or management level employee of either Party for a minimum period of five (5) years prior to such selection or appointment.

(vi) Each Party shall pay one hundred percent (100%) of its own costs and expenses incurred in conducting the appraisal process provided for in this paragraph (c), including the costs and expenses of its own appointed appraiser, and the Parties shall each pay fifty percent (50%) of the costs and expenses of the third appraiser, if applicable.

(vii) If for any reason the fair market rental value for the Premises has not been established as of the first day of the Third Extension Period, Tenant shall continue to pay the Quarterly Rent in effect immediately prior to the first day of the Third Extension Period and, when the fair market rental value figure has been determined, an adjustment in the next Quarterly Rent payment shall be made (either an additional payment by Tenant if the Quarterly Rent increases or a credit against the next Quarterly Rent payment if the Quarterly Rent decreases).

(d) On the first day of the Fourth Extension Period referred to in Section 2.3 (i.e., January 1, 2030), if applicable, the Quarterly Rent shall be adjusted (either increased or decreased) to the amount determined by multiplying the Quarterly Rent in effect for the Third Extension Period by a fraction, the numerator of which is the CPI Index figure for October 2029 and the denominator of which is the CPI Index figure for October 2024; provided, however, that in no event shall any increase in the Quarterly Rent as a result of said CPI Index adjustment exceed a total of twenty percent (20%) for said five-year period.

(e) On the first day of the Fifth Extension Period referred to in Section 2.3 (i.e., January 1, 2035), if applicable, the Quarterly Rent shall be adjusted (either increased or decreased) to the amount determined by multiplying the Quarterly Rent in effect for the Fourth Extension Period by a fraction, the numerator of which is the CPI Index figure for October 2034 and the denominator of which is the CPI Index figure for October 2029; provided, however, that in no event shall any increase in the Quarterly Rent as a result of said CPI adjustment exceed a total of twenty percent (20%) for said five-year period.

2. Extension of Lease Term. Section 2.3 of the Original Lease, entitled "Lease Term; Holdover Tenancy," is hereby amended to read in its entirety as follows:

> Lease Term" means the period commencing on the Commencement Date and expiring at 11:59 PM on the termination date of this Lease, as hereinafter described. The initial term of this Lease shall commence on the Commencement Date and shall terminate on the date that is five (5) years and nine (9) months after the Commencement Date, which date the parties agree is December 31, 2014 (the "Initial Term"). In addition, Tenant shall have the option to extend the Initial Term for up to five (5) successive periods of five (5) years each (the "First Extension Period," "Second Extension Period," "Third Extension Period," "Fourth Extension Period," and "Fifth Extension Period," respectively) such that, if Tenant exercises all of its options to extend the Lease Term, the Lease Term shall expire on December 31, 2039. Tenant's exercise of each option to extend is subject to the following conditions: (i) the extension option may be exercised only by written notice delivered by Tenant to Landlord not later than ninety (90) days prior to the expiration of the Lease Term or Extension Period, if applicable, and (ii) only if, as of the date of delivery of the notice, Tenant is not in default under the Original Lease and any amendments thereto. In the event of a sublease, as distinguished from an assignment of the Lease, the option(s) to extend the Term must be exercised by Tenant, not by Tenant's sublessee.
>
> Notwithstanding the foregoing, Tenant shall have the right to terminate this Lease at any time upon delivery of sixty (60) days written notice to Landlord if Tenant determines in its sole and absolute discretion that it is unable to continue operating its business on the Premises consistent with the Permitted Use referred to in Section 4.1. In the event Tenant holds over after expiration of the Lease Term, this Lease automatically shall revert to a month-to-month lease subject to all of the same terms and conditions set forth herein (including without limitation Tenant's obligation to pay rent based on the rent then in effect), excepting only that (a) Landlord shall have the right to terminate said holdover tenancy sixty (60) days after delivery of written notice of termination to Tenant and (b) Tenant shall have the right to terminate said holdover tenancy thirty (30) days after delivery of written notice of termination to Landlord.

3. Section 8 of the Original Lease, entitled "Assignment or Subletting," is hereby amended to read in its entirety as follows:

> Tenant shall have the right to assign this Lease and to Sublet (as more specifically defined below) all or any portion of the Premises to any person or entity intending to use

the Premises or portion thereof consistent with the terms and conditions set forth herein, including without limitation the "Permitted Use" authorized in Section 4.1, without obtaining Landlord's approval to such assignment or subletting. As used in this Section, the terms "Sublet" and "Sublease" includes the grant or conveyance of a lesser property interest than Tenant's interest under the Lease, or the grant of a privilege or right to occupy, use or possess the Premises.

If Tenant assigns this Lease during the Initial Term, Tenant shall not be required to pay any "Transfer Premium" (as more specifically defined below) to Landlord (including without limitation for the remaining portion of the Initial Term and any applicable Extension Period after the end of the Initial Term). In addition, if Tenant sublets the Premises during the Initial Term, Tenant shall not be required to pay any Transfer Premium to Landlord based upon the difference, if any, between the amount of the rent payable by Tenant to Landlord during the Initial Term and the rent payable by the subtenant to Tenant during the Initial Term.

If Tenant assigns this Lease during the First Extension Period or during any of the Extension Periods thereafter, Tenant shall pay to Landlord a forty percent (40%) Transfer Premium (as more specifically defined below) in connection with such assignment. In addition, if Tenant Sublets the Premises, whether during the Initial Term or during any of the Extension Periods thereafter, Tenant shall pay to Landlord a forty percent (40%) Transfer Premium, but excluding any Transfer Premium attributable to the period, if any, between the commencement date of the Sublease and the last day of the Initial Term. For purposes of this Section, the Transfer Premium, if and to the extent payable in accordance with the next preceding paragraph above, shall be forty percent (40%) of all base rent, additional rent, and other consideration payable by an assignee or sublessee to Tenant for the assignment or Sublease of the Premises after deducting the rent payable by Tenant to Landlord under the Original Lease and this First Amendment; provided, however, that the amount of any payments made by the assignee or sublessee to Tenant representing the fair market value of inventory or other property of Tenant that is sold or transferred to the assignee or sublessee and the fair value of any services that may be provided by Tenant to the assignee or sublessee after the effective date of the assignment or Sublease shall be excluded from consideration in calculating the amount of any Transfer Premium. Tenant shall pay the Transfer Premium on a quarterly basis with the Quarterly Rent. Landlord shall have the right to inspect Tenant's records and financial statements during reasonable business hours for the purpose of auditing the Transfer Premium calculations.

Except as expressly set forth above, Tenant shall not make or permit a Transfer by Tenant without Landlord's consent, which consent shall not be unreasonably withheld, conditioned, or delayed. A "Transfer by Tenant" includes an assignment of this Lease, a Sublease of all or any part of the Premises, or any assignment, Sublease, transfer, mortgage, pledge, or encumbrance of all or any part of Tenant's interest under this Lease or in the Premises voluntarily, by operation of law, or otherwise, or the use or occupancy of all or any part of the Premises by anyone other than Tenant. A Transfer by Tenant also includes any transfer of voting control of Tenant or of 50% or more of the equity

interest or profits interest in Tenant, including transfer by merger, consolidation, liquidation, or other change in ownership. All transfers requiring Landlord's consent shall also be subject to the Transfer Premium as set forth above. Any Transfer by Tenant requiring Landlord's approval hereunder that occurs without Landlord's consent shall be void and shall constitute a default under this Lease.

As a condition to the effectiveness of any assignment of this Lease, whether or not Landlord's approval or consent is required therefor, Tenant shall deliver to Landlord an assignment and assumption agreement in a form subject to the approval of Landlord's attorney, not to be unreasonably withheld, conditioned, or delayed, pursuant to which the assignee agrees to perform all of the assignor's obligations set forth in this Lease from and after the effective date of the assignment.

In the event Tenant assigns this Lease in accordance with the foregoing provisions, and whether or not Landlord's consent or approval is required, the assignor shall remain responsible for performance of any obligations arising prior to the effective date of the assignment (including without limitation payment of any rent that is delinquent at that time) unless Landlord expressly releases the assignor from such responsibility and obligation, which release Landlord may withhold in its sole and absolute discretion, and the assignor shall be released from all obligations of Tenant arising on and after the effective date of the assignment.

The acceptance of rent by Landlord from any person other than Tenant shall not be deemed to be a waiver by Landlord of the provisions of this Section requiring Landlord's consent to an assignment or Sublease to the extent Landlord's consent is otherwise required and any consent by Landlord to an assignment or Sublease shall not be deemed to be a consent to any subsequent Transfer by Tenant requiring Landlord's approval.

With respect to any Transfer requiring Landlord's approval hereunder, Tenant shall pay to Landlord, within ten (10) days after demand by Landlord, the expenses of Landlord in connection with Tenant's consent for a Transfer, including reasonable attorney's fees, whether or not Landlord provides its consent. Such expenses shall not exceed $1,000, as adjusted by the same percentage increases in Quarterly Rent that are provided for in Section 3.1.

As used throughout this Lease, the term "Tenant" shall include any authorized successor or assignee of the leasehold interest of Arsev, Inc., hereunder.

4. The parties agree to cooperate in causing an appropriate Memorandum of the Original Lease, as amended by this First Amendment, to be recorded in the Official Records of the Los Angeles County Recorder's Office.

5. Except as expressly set forth in this First Amendment, all of the provisions set forth in the Original Lease shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have caused this First Amendment to be executed on the day and year first above written.

T-MOBILE LEASE

SITE LEASE WITH OPTION

THIS SITE LEASE WITH OPTION (this "Lease") is by and between Ara Sevacherian , a(n) married man as his sole and separate property ("Landlord") and Omnipoint Communications Inc., a subsidiary of T-Mobile USA Inc., a Delaware corporation ("Tenant").

1. Option to Lease.

(a) In consideration of the payment of five hundred and no/100 dollars ($500.00) (the "Option Fee") by Tenant to Landlord, Landlord hereby grants to Tenant an option to lease the use of a portion of the real property described in the attached Exhibit A (the "Property"), on the terms and conditions set forth herein (the "Option"). The Option shall be for an initial term of six (6) months, commencing on the Effective Date (as defined below) (the "Option Period"). The Option Period may be extended by Tenant for an additional six (6) months upon written notice to Landlord and payment of the sum of five hundred and no/100 dollars ($500.00) ("Additional Option Fee") at any time prior to the end of the Option Period.

(b) During the Option Period and any extension thereof, and during the term of this Lease, Landlord agrees to cooperate with Tenant in obtaining, at Tenant's expense, all licenses and permits or authorizations required for Tenant's use of the Premises (as defined below) from all applicable government and/or regulatory entities (including, without limitation, zoning and land use authorities, and the Federal Communication Commission ("FCC") ("Governmental Approvals"), including all land use and zoning permit applications, and Landlord agrees to cooperate with and to allow Tenant, at no cost to Landlord, to obtain a title report, zoning approvals and variances, land-use permits, and Landlord expressly grants to Tenant a right of access to the Property to perform surveys, soils tests, and other engineering procedures or environmental investigations on the Property necessary to determine that Tenant's use of the Premises will be compatible with Tenant's engineering specifications, system design, operations and Governmental Approvals. Notwithstanding the foregoing, Tenant may not change the zoning classification of the Property without first obtaining Landlord's written consent. During the Option Period and any extension thereof, Landlord agrees that it will not interfere with Tenant's efforts to secure other licenses and permits or authorizations that relate to other property. During the Option Period and any extension thereof, Tenant may exercise the Option by so notifying Landlord in writing, at Landlord's address in accordance with Section 12 hereof.

(c) If Tenant exercises the Option, then, subject to the following terms and conditions, Landlord hereby leases to Tenant the use of that portion of the Property sufficient for placement of the Antenna Facilities (as defined below), together with all necessary space and easements for access and utilities, as generally described and depicted in the attached Exhibit B (collectively referred to hereinafter as the "Premises"). The Premises, located at 310 W. Whittier Blvd., Montebello, CA 90640, comprises approximately 150 square feet.

2. Term. The initial term of this Lease shall be five (5) years commencing on the date of the exercise of the Option (the "Commencement Date"), and terminating at midnight on the last day of the month of the initial term (the "Initial Term").

3. Renewal. Tenant shall have the right to extend this Lease for two (2) additional and successive five-year terms (each a "Renewal Term") on the same terms and conditions as set forth herein. This Lease shall automatically renew for each successive Renewal Term unless Tenant notifies Landlord, in writing, of Tenant's intention not to renew this Lease, at least thirty (30) days prior to the expiration of the Initial Term or any Renewal Term. If Tenant shall remain in possession of the Premises at the expiration of this Lease or any Renewal Term without a written agreement, such tenancy shall be deemed a month-to-month tenancy under the same terms and conditions of this Lease.

4. Rent.

(a) From and after the Commencement Date, Tenant shall pay Landlord or designee, as rent, nineteen hundred and no/100 dollars ($1,900.00) per month ("Rent"). The first payment of Rent shall be due within twenty (20) days following the Commencement Date and shall be prorated based on the days remaining in the month following the Commencement Date, and thereafter Rent will be payable monthly in advance by the fifth day of each month to Landlord at the address specified in Section 12 below. If this Lease is terminated for any reason (other than a default by Tenant) at a time other than on the last day of a month, Rent shall be prorated as of the date of termination and all prepaid Rent shall be immediately refunded to Tenant.

(b) Upon the commencement of any Renewal Term hereunder, Rent will be increased for each such Renewal Term over the monthly or annual installment of Rent payable during the preceding Renewal Term by See Addendum percent (0).

5. Permitted Use. The Premises may be used by Tenant for the transmission and reception of radio communication signals and for the construction, installation, operation, maintenance, repair, removal or replacement of related facilities, including, without limitation, tower and base, antennas, microwave dishes, equipment shelters and/or cabinets and related activities.

6. Interference. Tenant shall not use the Premises in any way which interferes with the use of the Property by Landlord, or lessees or licensees of Landlord with equipment installed prior in time to Tenant's installation. Similarly, Landlord shall not use, nor shall Landlord permit its lessees, licensees, employees, invitees or agents to use, any portion of the Property in any way which interferes with the operations of Tenant. Such interference shall be deemed a material breach by the interfering party, who shall, upon written notice from the other, be responsible for terminating said interference. In the event any such interference does not cease promptly, the parties acknowledge that continuing interference may cause

irreparable injury and, therefore, the injured party shall have the right, in addition to any other right that it may have at law or in equity, to bring a court action to enjoin such interference or to terminate this Lease immediately upon written notice.

7. Improvements; Utilities; Access.

(a) Tenant shall have the right, at its expense, to erect and maintain on the Premises improvements, personal property and facilities necessary to operate its communications system, including, without limitation, radio transmitting and receiving antennas, microwave dishes, tower and base, equipment shelters and/or cabinets and related cables and utility lines and a location based system, including, without limitation, antenna(s), coaxial cable, base units, location based systems, and other associated equipment (collectively, the "Antenna Facilities"). Tenant shall have the right to alter, replace, expand, enhance and upgrade the Antenna Facilities at any time during the term of this Lease. Tenant shall cause all construction to occur lien-free and in compliance with all applicable laws and ordinances, and shall discharge or bond any mechanic's lien filed or recorded. Landlord acknowledges that it shall not interfere with any aspects of construction, including, without limitation, attempting to direct construction personnel as to the location of or method of installation of the Antenna Facilities and the Easements (as defined below) ("Construction Interference"). Landlord further acknowledges that it will be responsible for any costs and damages (including, fines and penalties) that are directly attributable to Landlord's Construction Interference. The Antenna Facilities shall remain the exclusive property of Tenant and shall not be considered fixtures. Tenant shall have the right to remove the Antenna Facilities at any time during and upon the expiration or termination of this Lease.

(b) Tenant, at its expense, may use any and all appropriate means of restricting access to the Antenna Facilities, including, without limitation, the construction of a fence.

(c) Tenant shall, at Tenant's expense, keep and maintain the Antenna Facilities now or hereafter located on the Property in commercially reasonable condition and repair during the term of this Lease, normal wear and tear and casualty excepted. Upon termination or expiration of this Lease, the Premises shall be returned to Landlord in good, usable condition, normal wear and tear and casualty excepted.

(d) Tenant shall have the right to install utilities, at Tenant's expense, and to improve the present utilities on the Property (including, but not limited to, the installation of emergency power generators). Landlord agrees to use reasonable efforts in assisting Tenant to acquire necessary utility service. Tenant shall, wherever practicable, install separate meters for utilities used on the Property by Tenant. Landlord shall diligently correct any variation, interruption or failure of utility service.

(e) As partial consideration for Rent paid under this Lease, Landlord hereby grants Tenant an easement in, under and across the Property for ingress, egress, utilities and access (including access for the purposes described in Section 1) to the Premises adequate to install and maintain utilities, which include, but are not limited to, the installation of power and telephone service cable, and to service the Premises and the Antenna Facilities at all times during the Initial Term of this Lease and any Renewal Term (collectively, the "Easements"). The Easements provided hereunder shall have the same term as this Lease.

(f) Tenant shall have 24-hours-a-day, 7-days-a-week access to the Premises ("Access") at all times during the Initial Term of this Lease and any Renewal Term at no additional charge to the Tenant. In the event Landlord, its employees or agents impede or deny Access to Tenant, its employees or agents, Tenant shall, without waiving any other rights that it may have at law or in equity, deduct from Rent amounts due under this Lease an amount equal to five hundred and no/100 dollars ($500.00) per day for each day that Access is impeded or denied.

8. Termination. Except as otherwise provided herein, this Lease may be terminated, without any penalty or further liability as follows:

(a) upon thirty (30) days' written notice by Landlord if Tenant fails to cure a default for payment of amounts due under this Lease within that thirty (30) day period;

(b) immediately if Tenant notifies Landlord of unacceptable results of any title report, environmental or soil tests prior to Tenant's installation of the Antenna Facilities on the Premises, or if Tenant is unable to obtain, maintain, or otherwise forfeits or cancels any license (including, without limitation, an FCC license), permit or any Governmental Approval necessary to the installation and/or operation of the Antenna Facilities or Tenant's business;

(c) upon thirty (30) days' written notice by Tenant if the Property or the Antenna Facilities are, or become unacceptable under Tenant's design or engineering specifications for its Antenna Facilities or the communications system to which the Antenna Facilities belong;

(d) immediately upon written notice by Tenant if the Premises or the Antenna Facilities are destroyed or damaged so as in Tenant's reasonable judgment to substantially and adversely affect the effective use of the Antenna Facilities. In such event, all rights and obligations of the parties shall cease as of the date of the damage or destruction, and Tenant shall be entitled to the reimbursement of any Rent prepaid by Tenant. If Tenant elects to continue this Lease, then all Rent shall abate until the Premises and/or the Antenna Facilities are restored to the condition existing immediately prior to such damage or destruction; or

(e) at the time title to the Property transfers to a condemning authority, pursuant to a taking of all or a portion of the Property sufficient in Tenant's determination to render the Premises unsuitable for Tenant's use. Landlord and Tenant shall each be entitled to pursue their own separate awards with respect to such taking. Sale of all or part of the Property to a purchaser with the power of eminent domain in the face of the exercise of the power shall be treated as a taking by condemnation; or

(f) upon thirty (30) days written notice by Tenant if Tenant determines that the Property or Antenna Facilities are inappropriate or unnecessary for Tenant's operations due to economic reasons.

9. Default and Right to Cure. Notwithstanding anything contained herein to the contrary and without waiving any other rights granted to it at law or in equity, each party shall have the right, but not the obligation, to terminate this Lease on written notice pursuant to Section 12 hereof, to take effect immediately, if the other party (i) fails to perform any covenant for a period of thirty (30) days after receipt of written notice thereof to cure.

10. Taxes. Landlord shall pay when due all real property taxes for the Property, including the Premises. In the event that Landlord fails to pay any such real property taxes or other fees and assessments, Tenant shall have the right, but not the obligation, to pay such owed amounts and deduct them from Rent amounts due under this Lease. Notwithstanding the foregoing, Tenant shall pay any personal property tax, real property tax or any other tax or fee which are directly attributable to the presence or installation of the Tenant's Antenna Facilities, only for so long as this Lease has not expired of its own terms or is not terminated by either party. Landlord hereby grants to Tenant the right to challenge, whether in a Court, Administrative Proceeding, or other venue, on behalf of Landlord and/or Tenant, any personal property or real property tax assessments that may affect Tenant. If Landlord receives notice of any personal property or real property tax assessment against the Landlord, which may affect Tenant and is directly attributable to Tenant's installation, Landlord shall provide timely notice of the assessment to Tenant sufficient to allow Tenant to consent to or challenge such assessment. Further, Landlord shall provide to Tenant any and all documentation associated with the assessment and shall execute any and all documents reasonably necessary to effectuate the intent of this Section 10.

11. Insurance and Subrogation and Indemnification.

(a) Tenant shall provide Commercial General Liability Insurance in an aggregate amount of Two Million and no/100 dollars ($2,000,000.00). Tenant may satisfy this requirement by obtaining the appropriate endorsement to any master policy of liability insurance Tenant may maintain.

(b) Landlord and Tenant hereby mutually release each other (and their successors or assigns) from liability and waive all right of recovery against the other for any loss or damage covered by their respective first party property insurance policies for all perils insured thereunder. In the event of such insured loss, neither party's insurance company shall have a subrogated claim against the other. To the extent loss or damage is not covered by their first party property insurance policies, Landlord and Tenant each agree to indemnify and hold harmless the other party from and against any and all claims, damages, cost and expenses, including reasonable attorney fees, to the extent caused by or arising out of (a) the negligent acts or omissions or willful misconduct in the operations or activities on the Property by the indemnifying party or the employees, agents, contractors, licensees, tenants and/or subtenants of the indemnifying party, or (b) a breach of any obligation of the indemnifying party under this Lease. Notwithstanding the foregoing, this indemnification shall not extend to indirect, special, incidental or consequential damages, including, without limitation, loss of profits, income or business opportunities to the indemnified party or anyone claiming through the indemnified party. The indemnifying party's obligations under this section are contingent upon (i) its receiving prompt written notice of any event giving rise to an obligation to indemnifying the other party and (ii) the indemnified party's granting it the right to control the defense and settlement of the same. Notwithstanding anything to the contrary in this Lease, the parties hereby confirm that the provisions of this section shall survive the expiration or termination of this Lease. Tenant shall not be responsible to Landlord, or any third-party, for any claims, costs or damages (including, fines and penalties) attributable to any pre-existing violations of applicable codes, statutes or other regulations governing the Property, including the Premises.

12. Notices. All notices, requests, demands and other communications shall be in writing and are effective three (3) days after deposit in the U.S. mail, certified and postage paid, or upon receipt if personally delivered or sent by next-business-day delivery via a nationally recognized overnight courier to the addresses set forth below. Landlord or Tenant may from time to time designate any other address for this purpose by providing written notice to the other party.

13. Quiet Enjoyment, Title and Authority. Landlord covenants and warrants to Tenant that (i) Landlord has full right, power and authority to execute this Lease; (ii) it has good and unencumbered title to the Property free and clear of any liens or mortgages, except those disclosed to Tenant and which will not interfere with Tenant's rights to or use of the Premises; and (iii) execution and performance of this Lease will not violate any laws, ordinances, covenants, or the provisions of any mortgage, lease, or other agreement binding on Landlord. Landlord covenants that at all times during the term of this Lease, Tenant's quiet enjoyment of the Premises or any part thereof shall not be disturbed as long as Tenant is not in default beyond any applicable grace or cure period.

14. Environmental Laws. Landlord represents that it has no knowledge of any substance, chemical or waste (collectively, "Hazardous Substance") on the Property that is identified as hazardous, toxic or dangerous in any applicable federal, state or local law or regulation. Landlord and Tenant shall not introduce or use any Hazardous Substance on the Property in violation of any applicable law. Landlord shall be responsible for, and shall promptly conduct any investigation and remediation as required by any applicable environmental laws, all spills or other releases of any Hazardous Substance not caused solely by Tenant, that have occurred or which may occur on the Property. Each party agrees to defend, indemnify and hold harmless the other from and against any and all administrative and judicial actions and rulings, claims, causes of action, demands and liability (collectively, "Claims") including, but not limited to, damages, costs, expenses, assessments, penalties, fines, losses, judgments and reasonable attorney fees that the indemnitee may suffer or incur due to the existence or discovery of any Hazardous Substances on the Property or the migration of any Hazardous Substance to other properties or the release of any Hazardous Substance into the environment (collectively, "Actions"), that relate to or arise from the indemnitor's activities on the Property. Landlord agrees to defend, indemnify and hold Tenant harmless from Claims resulting from Actions on the Property not caused by Landlord or Tenant prior to and during the Initial Term and any Renewal Term of this Lease. The indemnifications in this section specifically include, without limitation, costs incurred in connection with any investigation of site conditions or any cleanup, remedial, removal or restoration work required by any governmental authority. This Section 14 shall survive the termination or expiration of this Lease.

15. Assignment and Subleasing. Tenant may assign this Lease and the Easements (as defined above) granted herein upon written notice to Landlord. Upon such assignment, Tenant shall be relieved of all liabilities and obligations hereunder and Landlord shall look solely to the assignee for performance under this Lease and all obligations hereunder. Tenant may sublease the Premises, upon written notice to Landlord.

Additionally, Tenant may, upon notice to Landlord, collaterally assign or grant a security interest in this Lease and the Antenna Facilities, and may assign this Lease and the Antenna Facilities to any mortgagees or holders of security interests, including their successors or assigns (collectively "Secured Parties"). In such event, Landlord shall execute such consent to leasehold financing as may reasonably be required by such Secured Parties.

16. Successors and Assigns. This Lease and the Easements granted herein shall run with the land, and shall be binding upon and inure to the benefit of the parties, their respective successors, personal representatives and assigns.

17. Waiver of Landlord's Lien. Landlord hereby waives any and all lien rights it may have, statutory or otherwise, concerning the Antenna Facilities or any portion thereof, which shall be deemed personal property for the purposes of this Lease, whether or not the same is deemed real or personal property under applicable laws, and Landlord gives Tenant and Secured Parties the right to remove all or any portion of the same from time to time, whether before or after a default under this Lease, in Tenant's and/or Secured Parties' sole discretion and without Landlord's consent.

18. Miscellaneous.

(a) The prevailing party in any litigation arising hereunder shall be entitled to its reasonable attorneys' fees and court costs, including appeals, if any.

(b) Each party agrees to furnish to the other, within twenty (20) days after request, such truthful estoppel information as the other may reasonably request.

(c) This Lease constitutes the entire agreement and understanding of the parties, and supersedes all offers, negotiations and other agreements. There are no representations or understandings of any kind not set forth herein. Any amendments to this Lease must be in writing and executed by both parties.

(d) Each party agrees to cooperate with the other in executing any documents (including a Memorandum of Lease in substantially the form attached hereto as Exhibit C) necessary to protect its rights or use of the Premises. The Memorandum of Lease may be recorded in place of this Lease by either party. In the event the Property is encumbered by a mortgage or deed of trust, Landlord agrees, upon request of Tenant, to obtain and furnish to Tenant a non-disturbance and attornment agreement for each such mortgage or deed of trust, in a form reasonably acceptable to Tenant. Tenant may obtain title insurance on its interest in the Premises. Landlord agrees to execute such documents as the title company may require in connection therewith.

(e) This Lease shall be construed in accordance with the laws of the state in which the Property is located.

(f) If any term of this Lease is found to be void or invalid, such finding shall not affect the remaining terms of this Lease, which shall continue in full force and effect. The parties agree that if any provisions are deemed not enforceable, they shall be deemed modified to the extent necessary to make them enforceable. Any questions of particular interpretation shall not be interpreted against the draftsman, but rather in accordance with the fair meaning thereof. No provision of this Lease will be deemed waived by either party unless expressly waived in writing

signed by the waiving party. No waiver sh. .e implied by delay or any other act or omission t. .ther party. No waiver by either party of any provision of this Lease shall be deemed a waiver of such provision with respect to any subsequent matter relating to such provision.

(g) The persons who have executed this Lease represent and warrant that they are duly authorized to execute this Lease in their individual or representative capacity as indicated.

(h) This Lease may be executed in any number of counterpart copies, each of which shall be deemed an original, but all of which together shall constitute a single instrument.

(i) All Exhibits referred to herein and any Addenda are incorporated herein for all purposes. The parties understand and acknowledge that Exhibit A (the legal description of the Property) and Exhibit B (the Premises location within the Property), may be attached to this Lease and the Memorandum of Lease, in preliminary form. Accordingly, the parties agree that upon the preparation of final, more complete exhibits, Exhibits A, and/or B, as the case may be, which may have been attached hereto in preliminary form, may be replaced by Tenant with such final, more complete exhibit(s). The terms of all Exhibits are incorporated herein for all purposes.

(j) If Landlord is represented by any broker or any other leasing agent, Landlord is responsible for all commission fee or other payment to such agent, and agrees to indemnify and hold Tenant harmless from all claims by such broker or anyone claiming through such broker. If Tenant is represented by any broker or any other leasing agent, Tenant is responsible for all commission fee or other payment to such agent, and agrees to indemnify and hold Landlord harmless from all claims by such broker or anyone claiming through such broker

The effective date of this Lease is the date of execution by the last party to sign (the "Effective Date").

1. THE WORK SHALL CONSIST OF FURNISHING AND INSTALLING ALL EQUIPMENT, MATERIALS, AND LABOR NECESSARY TO COMPLETE THE ELECTRICAL SYSTEMS AS SHOWN ON THE DRAWINGS AND AS SPECIFIED HEREIN. THE WORK SHALL INCLUDE, BUT NOT BE LIMITED TO, THE FOLLOWING:

- SERVICE ENTRANCE AND GROUNDING
- PANELBOARDS AND DISTRIBUTION EQUIPMENT
- BRANCH CIRCUITING AND CONDUIT SYSTEMS
- LIGHTING FIXTURES AND CONTROLS
- RECEPTACLES AND DEVICES
- EQUIPMENT CONNECTIONS
- FIRE ALARM SYSTEM MODIFICATIONS (IF APPLICABLE)
- TESTING AND COMMISSIONING

2. ALL MATERIALS AND EQUIPMENT SHALL BE NEW AND SHALL BE LISTED BY UNDERWRITERS LABORATORIES (UL) AND BEAR THEIR LABEL, OR LISTED AND CERTIFIED BY A NATIONALLY RECOGNIZED TESTING AGENCY WHERE UL DOES NOT HAVE A LISTING. CUSTOM MADE EQUIPMENT SHALL BE COMPLETE, SELF-CASE, ENGINEERED BY THE MANUFACTURER, ASSIGNED TO AN EXPERT, TO CONFORM THE MATERIAL, EQUIPMENT, AND INSTALLATION SHALL COMPLY WITH THE REQUIREMENTS OF THE FOLLOWING:

- AMERICAN SOCIETY OF HEATING REFRIGERATING (ASTM)
- BUILDING POWER CABLE ENGINEERS ASSOCIATION (BPCA)
- NATIONAL ELECTRICAL MANUFACTURERS ASSOCIATION (NEMA)
- AMERICAN STANDARDS ASSOCIATION (ASA)
- FIRE PROTECTION ASSOCIATION (NFPA)
- UNDERWRITERS LABORATORIES, INCORPORATED (UL)
- CALIFORNIA ELECTRICAL CODE (CEC) – LATEST EDITION
- CALIFORNIA STATE OF REGULATIONS (TITLE 24, PART 6)
- INSTITUTE OF ELECTRICAL AND ELECTRONICS ENGINEERS (IEEE)
- ALL LOCAL CODES AND ORDINANCES OF AUTHORITIES HAVING JURISDICTION.

WHERE THE LATEST ISSUE OF THE ABOVE CODES OR REGULATIONS, THE MOST STRINGENT SHALL APPLY.

3. THE CONTRACTOR SHALL VISIT THE SITE AND EXAMINE ALL AREAS AFFECTED BY THE WORK. HE SHALL INCORPORATE ANY NECESSARY ALTERATIONS TO THE WORK AS SHOWN ON THE DRAWINGS, AS REQUIRED BY THE CONDITIONS ENCOUNTERED. NO ADDITIONAL COMPENSATION WILL BE ALLOWED FOR ANY WORK NECESSITATED BY FAILURE TO VISIT THE SITE.

4. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO FURNISH A COMPLETE SET OF ELECTRICAL DRAWINGS, ADDENDA, CHANGES AND SPECIFICATIONS. HE SHALL CHECK THE DRAWINGS OF THE OTHER TRADES AND SHALL CAREFULLY NOTE ANY CONFLICTS, DISCREPANCIES AND OMISSIONS FOR CLARIFICATION. FAILURE TO DO SO SHALL NOT RELIEVE THE CONTRACTOR FROM DOING THE WORK IN COMPLETE ACCORDANCE WITH THE DRAWINGS AND SPECIFICATIONS.

5. THE CONTRACTOR SHALL SECURE AND PAY FOR ALL PERMITS, FEES, CHARGES, AND INCIDENTAL COSTS NECESSARY FOR PERFORMING AND COMPLETION OF ELECTRICAL WORK. INCLUDE ALL CHARGES IN BASIC BID AND LABOR, ENVIRONMENTAL ASSESS.

6. THE CONTRACTOR SHALL COORDINATE THE WORK WITH OTHER TRADES AT THE SITE. ANY CHANGES IN DETAIL WORK TO ACCOMMODATE THE COORDINATION WORK EFFORT FROM THE WORK AS SHOWN ON THE DRAWINGS SHALL BE APPROVED BY THE ENGINEER. ANY DISCREPANCIES, INCONSISTENCIES OR CONFLICTS SHALL BE BROUGHT TO THE ATTENTION OF THE ARCHITECT DURING BID AND CONSTRUCTION. ANY WORK INSTALLED NOT COORDINATED WORK TO BE CHANGED TO THE SATISFACTION OF THE ARCHITECT AT NO ADDITIONAL COST TO THE OWNER.

7. THE CONTRACTOR SHALL FURNISH AND ERECT TEMPORARY LIGHTING AND POWER AS OF ENGINEER. UPON COMPLETION OF THE WORK A SET OF ACCEPTABLE CONTRACT DRAWINGS SHALL BE ENTERED FROM THE ARCHITECT, AND ALL CHANGES AS NOTED ON ALL WORKING SET OF DRAWINGS SHALL BE INCORPORATED INTO THE RECORD SET IN A NEAT, LEGIBLE, INDUSTRIALIZABLE AND PROFESSIONAL MANNER. FAILURE TO KEEP RECORD DRAWINGS UP-TO-DATE SHALL CONSTITUTE CAUSE FOR WITHHOLDING OF PROGRESS PAYMENTS.

8. ALL WORKMANSHIP AT CUTTINGS, WORKS SHALL BE NEAT AND TO A STANDARD. WHENEVER, WORK IS INTERRUPTED OR DISCONTINUED, THE OPENINGS SHALL BE CLOSED-UP AND THE WORKS LEFT IN AND FREE IN THE STRUCK. ANY CUTTINGS THAT SHALL BE MADE BY THE CONTRACTOR'S SUB. WORK IN CLOSED ENCLOSURES OR PARTITIONS SHALL BE CONCRETED WITH THE OTHER WORK IN HORIZONTAL MASTER PANELS OR SLOPES.

9. SHOP DRAWINGS SHALL BE SUBMITTED FOR ITEMS INDICATED ON PLANS. SHOP DRAWINGS SHALL INCLUDE ALL DATA AND CATALOGS, CUTS, DIAGRAMS, SIMILAR STANDARD AND MANUFACTURER'S BROCHURES.

10. WHEN ALL REQUIREMENTS OF THE SPECIFICATIONS AND/OR THE DRAWINGS HAVE BEEN FULLY EXAMINED, RE-EXAMINATION OF THE WORK WILL REQUIRE THE CONTRACTOR TO PAY THE ENGINEER'S COSTS FOR SUCH RE-EXAMINATION.

11. THE CONTRACTOR SHALL FURNISH A ONE YEAR WRITTEN GUARANTEE OF MATERIALS AND WORKMANSHIP FROM THE DATE OF SUBSTANTIAL COMPLETION.

12. ALL CONDUCTOR SHOWN TO BE RUN FOR CONNECTION TO THE CONDUCTOR SHALL BE MARKED ON BOTH ENDS WITH PERMANENT WIRE MARKERS OR OTHER APPROVED MEANS.

13. ALL FINAL CONNECTIONS TO OWNER-FURNISHED EQUIPMENT SHALL BE MADE BY THE CONTRACTOR.

14. COORDINATE WITH OTHER TRADES AS TO THE EXACT LOCATION OF WORK REQUIRING ELECTRICAL SERVICE POWER AND MAKE CONNECTION TO EQUIPMENT-REQUIRING ELECTRICAL CONNECTIONS. ADVISE THE ENGINEER OF OTHER TRADES AND LOCATIONS OF EQUIPMENT.

15. EXACT POINTS AND LOCATIONS OF CONDUIT STUB-UPS AND OPENINGS IN CONCRETE SHALL BE FLOORS OR STRUCTURAL STEEL MEMBERS SHALL BE AS SHOWN ON THE STRUCTURAL DRAWINGS. THOROUGH PROTECTION AGAINST DAMAGE TO CONCRETE, MASONRY, AND METAL WORK OF EXISTING WALLS AND SURFACES MATERIALS AS A RESPONSIBILITY OF THE CONTRACTOR. OPENINGS SHALL BE LOCATED AS APPROVED WORKED IN ORDER THAT THE SIZE AREAS OF THE STRUCTURAL WALL, FLOOR OR CEILING, EXACT LOCATION AND DIMENSIONS OF CONCRETE PENETRATIONS AND OPENINGS IN CONCRETE WALLS OR FLOORS SHALL BE AS APPROVED. DO NOT CUT OR DRILL ANY CONCRETE REINFORCING BARS IN EXISTING CONCRETE OR MASONRY, IF IN DOUBT REGARDING LOCATION OF THE REINFORCING, PRIOR CONSTRUCTION, OR CONNECTIONS EXISTING, SHALL UNLESS SHOWN, NOTIFY THE ENGINEER FOR INSTRUCTIONS BEFORE PROCEEDING. CORE DRILLING, OR OTHER APPROVED TECHNIQUES TO LOCATE EXISTING REINFORCEMENT PRIOR TO DRILLING OR CUTTING OPENINGS.

16. COORDINATE AND PROVIDE SLEEVES AND CHASES REQUIRED FOR ELECTRICAL WORK. SLEEVES SHALL BE PROVIDED FOR ALL CONDUITS PASSING THROUGH CONCRETE AND MASONRY WALLS, FLOORS AND ROOFS. CHASES SHALL BE PROVIDED FOR ALL CONDUITS PASSING THROUGH STRUCTURAL STEEL. SLEEVES SHALL BE SCHEDULE 40 GALVANIZED STEEL PIPE. MINIMUM DIAMETER SHALL BE 1 INCH.

17. CUTTING REQUIRED CONCRETE AND MASONRY WORK, ACCOMPLISH STRUCTURAL STEEL WORK, AND PREPARATIONS TO INSTALL AND ASSIGNED WORK, INCLUDING CUTTING TO INSTALL AND ASSIGNED WORK, PATCHING, CLEANING TO ORIGINAL CONDITION AND BE INCLUDED IN ALL APPROPRIATE.

18. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL EXCAVATION, TRENCHING, INSTALLATION, BACKFILLING AND REMOVAL OF EQUIPMENT AND MATERIALS AS REQUIRED TO PERFORM THIS WORK. ATTENTION IS CALLED TO THE FACT THAT THERE MAY EXPOSE UNDERGROUND UTILITY LINES. THE CONTRACTOR SHALL USE EXTREME CARE WHEN TRENCHING FOR THIS WORK. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ANY REPAIR AND APPROVED REPAIR OF ANY AND ALL DAMAGES CAUSED BY HIM OR HIS WORK.

19. WHERE A DISCREPANCY OR CONFLICT OR USE OF SERVICE, WIRE, CABINET DEVICES, CIRCUIT BREAKERS, GROUND FAULT PROTECTION SYSTEMS, ETC. ARE ENCOUNTERED, ASPECT OF THE ENGINEER OR SPECIFICATIONS, THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROVIDING AND INSTALLING ALL EQUIPMENT AND DEVICES REQUIRED BY THE STRICTEST CONDITIONS LISTED ON THE DRAWINGS OR IN THE SPECIFICATIONS OR WHICHEVER COMPLIANCE AND OPTIMUM PERFORMANCE AS DESIGNED BY THE CODES AND AUTHORITIES/OWNERS.

20. PROVIDE PENETRATIONS, OF ANY KIND, IN FIRE AND SMOKE PARTITIONS, NON-RATED SURFACES, AS PER 2001-2003 CBC, SHALL BE FIRESTOPPED AND SEALED WITH AN APPROVED SYSTEM, ASSEMBLY RATINGS.

21. EQUIPMENT LOCATIONS, DEPTHS, AND CLEARANCE SHALL BE PROVIDED WHERE REQUIRED BY ALL CODES OR AUTHORITY HAVING JURISDICTION. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ANY WORK THAT FAILS TO MEET THESE REQUIREMENTS. ALL CODES SHALL BE CONSIDERED AS MINIMUM. LOCATIONS SHALL BE COORDINATED WITH THE OTHER TRADES AND BE APPROVED BY THE ENGINEER.

22. MINIMUM SPACING OF RECEPTACLES IN PUBLIC OR AMERICAN-RATED SPACE SHALL CONFORM TO THE CALIFORNIA ELECTRICAL CODE, ARTICLE 210-6.

23. DISCONNECTING SWITCH SHALL BE PROVIDED WITH HOOK LOCK AND OF APPROVED TYPE FOR MOTOR LOADS AND ENCLOSED WHERE EXPOSED TO VIEW WITH BODY OF BLACK ENAMELED, CONSTANT SPEED, TO PROVIDE FOR ALL CIRCUITS IN THE GENERAL DISTRIBUTION AND POWER AND MINIMUM CONFIGURATIONS OR MODIFICATIONS, INCORPORATING PRODUCTS, CONVENTIONAL TERMINAL CHANGES, EQUIPMENT CHANGES, ETC. ALL ENCLOSURES SHALL BE SUPPLIED WITH SCREWS, PULL BOXES, JUNCTION BOXES, AND BLANK BOXES SHALL BE MINIMUM SIZE & MINIMUM SPACES.

24. ALL BOX LOCATIONS OF ALL ELECTRICAL DEVICES AND EQUIPMENT SHALL BE COORDINATED WITH THE DETAILS, OR DETAILS WHICH NO CONFLICTION.

25. GUARDS ARE RECOMMENDED CABLE TRAYS OF CONDUIT, RACEWAY, CABLE TRAYS, AND/OR LADDER RACKS SHALL BE AT THE DISCRETION OF THE FOUNDATION ENGINEER OTHERWISE NOTED AND SHALL BE COORDINATED WITH OTHER TRADES. DO NOT SCALE THE ELECTRICAL DRAWINGS FOR LOCATIONS OF ANY ELECTRICAL, ARCHITECTURAL, MECHANICAL, CIVIL OR STRUCTURAL ITEMS OF EQUIPMENT.

26. ALL EQUIPMENT SHALL BE CLEANED (IN NON-CORROSIVE FILL, STATE BOARD/NOTE COMPLIANCE, SEE NOTE 7) INCLUDED CLEANED AND AND AS REQUIRED CLEANED DRY AND ALL LATEST VALUES NOTED OTHERWISE, CONFORMING (IN DOC AND SHALLER SHALL BE SOLD). EQUIPMENT IS ARE AND LARGER SHALL BE LABORED.

27. ALL OUTDOOR ELECTRICAL DEVICES AS EQUIPMENT SHALL BE OF WEATHERPROOF TYPE.

28. ALL CONNECTIONS TO GROUND ANCHOR SHALL BE MADE WITHIN FIVE CONFIRMATION CONNECTIONS (2 HOLE LUGS). NUTS SHALL BE SOLDED TO ACCOMPANIES ALL CONNECTIONS.

Parcel 2:

Lots 25, 26 27, 28, 29, 30, 32, 34, 49, 50, 51, 52, 55, 56 and 58 of the Town of Newmark, in the City of Montebello, County of Los Angeles, State of California, as per Map recorded in Book 72 Pages 93 and 94 of miscellaneous records, in the Office of the County Recorder of said County.

Parcel 3:

That potion of the 20 foot wide alley lying Westerly of the Southerly prolongation of the Easterly line of Lot 32 of the town of Newmark Tract, to the Easterly Right-of-way line of Third Street, in the City of Montebello, County of Los Angeles, State of California, as per Map recorded in Book 72, Pages 93 and 94 of miscellaneous records, in the Office of the County Recorder of said County.

Parcel 4:

That portion of the 20 foot wide alley lying 50 feet northerly of the Westerly prolongation of the Southerly line of Lot 55 of the Town of Newmark Tract, in the City of Montebello, County of Los Angeles, State of California, as per Map recorded in Book 72, Pages 93 and 94 of miscellaneous records, in the Office of the county Recorder of said County.

Parcel 5:

That portion of Third Street bounded to the East by the Easterly Right-of-way line of Third Street (60 feet wide) to the West by the Westerly right-of-way line of said Third Street, to the South by the Northerly Right-of-way line of Whittier Boulevard (80 feet wide), to the North by the Southerly Right-of-way line of a cul-de-sac, last said line is more particularly described as follows:

Beginning at the Southwest corner of Lot 32 of the Town of Newmark Tract, thence Northerly along the Westerly line of said Lot 32, said line is coincident with the Easterly Right-of-way line of Third Street (60 feet wide) North 14° 27' 00" East 26.05 Feet to a Point on a non-tangent curve concave Northerly having a radius of 40 feet and to which point a radial line bears South 15°33' 00" East; said point is the true point of beginning; thence Southwesterly 14.94 feet along said curve through a central angle of 21°23' 51" to the beginning of a non-tangent line; thence Southwesterly along said line South 56° 11' 29" West 4.48 feet to the beginning of a non-tangent curve concave to the Northeast having a radius of 40 feet and to which a radial line bears South 38° 31' 06" West; thence Northwesterly and Northeasterly 46.03 feet along said curve through a central angle of 65° 55' 46" to a point on the Westerly Right-of-way line of said third Street said point being distant 10.49 feet more or less from the Northeasterly corner of Lot 55 of the Town of Newmark Tract.

The above mentioned Third Street and Whittier Boulevard are per the Town of Newmark Tract, in the City of Montebello, County of Los Angeles, State of California, as per Map recorded in Book 72, Pages 93 and 94 of the miscellaneous records, in the Office of the County Recorder of said County.

Parcel 6:

That portion of the 20 foot wide alley lying Westerly of the Southerly prolongation of the Easterly line to Lot 55 of the Town of Newmark Tract, said line is also known as the Westerly Right-of-way line of Third Street (60 feet wide), to the Southerly prolongation of the Westerly line of Lot 56 of said Tract, last said line is also known as the Easterly Right-of-way line of Fourth Street (60 feet wide), said streets and alley per the Map of the Town of Newmark Tract, in the City of Montebello, County of Los Angeles, State of California, as per Map recorded in Book 72, Pages 93 and 94 of the miscellaneous records, in the Office of the County Recorder of said County.

ADDENDUM TO SITE LEASE WITH OPTI
[Additional Terms]

In the event of conflict or inconsistency between the terms of this Addendum and this Lease, the terms of the Addendum shall govern and control. All capitalized terms shall have the same meaning as in this Lease.

Section 1(c) of the Lease Agreement shall be deleted in its entirety and replaced as follows:

(c) If Tenant exercises the Option, then, subject to the following terms and conditions, Landlord hereby leases to Tenant the Premises (as defined below), together with easements for access and utilities, as described and depicted in the attached Exhibit B (collectively referred to hereinafter as the "Premises"). The Premises, located at 310 W. Whittier Blvd, Montebello, CA 90640, comprises approximately 150 square feet.

Section 4(b) of the Lease Agreement shall be deleted in its entirety and replaced as follows:

(b) Rent shall be adjusted annually on the anniversary date ("Adjustment Date") of the Commencement Date on the basis of changes in the index number set forth in the "Consumer Price Index for Urban Wage Earners and Clerical Workers – All Items, U.S. City Average" (1982-1984=100) published by the Bureau of Labor Statistics, United States Department of Labor ("CPI") as follows: the Rent shall be determined by multiplying the Rent payable during the preceding lease year by the sum of: (i) one, plus (ii) the percentage increase in the CPI during the prior year; provided, however, that in no event shall the Rent for such lease year exceed one hundred five percent (105%) of the Rent for the immediately preceding lease year or be less than one hundred three percent (103%) of the Rent for the immediately preceding lease year.

(c) Landlord shall perform the above-referenced Rent adjustment computation. Until such time as Landlord makes such computation and provides Tenant with written documentation of any necessary rental adjustment, Tenant shall pay to Landlord the then current Rent increased by three percent (3%) commencing on each Adjustment Date. In the event the rental adjustment computation provided by Landlord requires an increase in the amount of the annual Rent greater than three percent (3%), Tenant shall, within thirty (30) days following Landlord giving notice to Tenant of the computation of any such increase, pay to Landlord the additional amount of such increase, retroactive to the applicable Adjustment Date provided that Landlord must provide such documentation within sixty (60) days of each applicable Adjustment Date or the rate of increase shall stay at three percent (3%) until the next Adjustment Date.

(d) If at any time the CPI ceases to incorporate a significant number of items, if a substantial change is made in the method of establishing the CPI, or if issuance of the CPI shall be discontinued, then the Landlord and Tenant shall mutually agree upon another standard recognized cost of living index issued by the United States Government or, if none, another appropriate index as a substitute for the index so discontinued. In either case, the substitute index chosen shall result in increases in the Rent similar to those that had been, or would have been, generated by the CPI and shall not exceed five percent (5%) nor fall below three percent (3%).

(e) If this Lease is terminated at a time other than on the last day prior to an anniversary date of the Commencement Date for any reason other than a default by Tenant, Rent shall be prorated as of the date of termination, and all prepaid Rent shall be refunded to Tenant.

Section 5 of the Lease Agreement shall be deleted in its entirety and replaced with the following:

5. Permitted Use.

(a) The Premises may be used by Tenant only for the transmission, amplification and reception of radio communication signals and for the construction, installation, operation, maintenance, repair, removal, modification, upgrade or replacement of related facilities, including, without limitation, a light pole replacement and base, antennas, microwave dishes, equipment shelters and/or cabinets and related equipment and activities as more fully set forth in the plans and specifications contained in the Exhibit B attached hereto.

(b) Notwithstanding the foregoing, Tenant, at its sole expense, shall have the right to remove the existing light pole standard currently located in the approximate area designated on the Exhibit B as the area for the new "Light Pole Replacement". Upon removal, Tenant shall either dispose of the light pole standard or deliver it to a storage location within the immediate surrounding area for storage by Landlord at Landlord's election and cost. Following removal, Tenant shall have the right to replace the former light pole standard with a replacement light pole standard up to fifty (50) feet high that is structurally capable of supporting Tenant's antennas and other ancillary equipment and the light fixtures previously located on the light standard that was removed (the "Light Pole Replacement"). Upon installation of the Light Pole Replacement, Tenant shall re-install the former light fixtures at twenty-two (22) feet high and shall thereafter maintain the Light Pole Replacement during the entire term of this Lease provided that Landlord shall thereafter be solely responsible for changing out any light fixtures located thereon as necessary. Title and ownership of the light fixtures shall at all times remain with Landlord. Upon the expiration or earlier termination of this Lease, Tenant shall be obligated to remove the Antenna Facilities within sixty (60) days from such expiration or earlier termination.

Section 7 of the Lease Agreement shall be deleted in its entirety and replaced with the following:

7. Improvements; Utilities; Access.

(a) Tenant shall have the right, at its expense, to erect and maintain on the Premises improvements, personal property and facilities necessary to operate its communications system, including, without limitation, radio transmitting and receiving antennas, microwave dishes, tower and base, equipment shelters and/or cabinets and related cables and utility lines and a location based system, including, without limitation, antenna(s), coaxial cable, base units, location based systems, and other associated equipment (collectively, the "Antenna Facilities"), per plans and specifications attached hereto as Exhibit B. Tenant has the right to modify or upgrade the Antenna Facilities as long as Tenant does not exceed the boundary of the leased Premises and does not substantially and materially alter the physical appearance of the Antenna Facilities located on the Light Pole Replacement. Except as otherwise permitted herein, Tenant shall not make changes to the Antenna Facilities without the prior written consent of Landlord, which consent shall not be unreasonably withheld, delayed, conditioned or denied. Tenant shall cause all construction to occur lien-free and in compliance with all applicable laws and ordinances, and shall discharge or bond any mechanic's lien filed or recorded. Landlord acknowledges that it shall not interfere with any aspects of construction, including, without limitation, attempting to direct construction personnel as to the location of or method of installation of the Antenna Facilities and the Easements (as defined below) ("Construction Interference"), provided that the Antenna Facilities are being constructed and installed in accordance with the plans and specifications attached hereto as Exhibit B. Landlord further acknowledges that it will be responsible for any costs and damages (including, fines and penalties) that are directly attributable to Landlord's Construction Interference.

(b) In no event will Landlord be required to consent to any future installation or other work by Tenant which is likely to damage or disrupt Landlord's Property and business operations or would, in Landlord's reasonable judgment, adversely affect the proper functioning of any mechanical, electrical, sanitary or other similar systems servicing or located on the Property. The Antenna Facilities shall remain the exclusive property of Tenant and shall not be considered fixtures. Tenant shall have the right to remove the Antenna Facilities at any time during this Lease and shall be obligated to remove the Antenna Facilities upon the expiration or earlier termination of this Lease within sixty(60) days from such expiration or earlier termination.

(c) Tenant, at its expense, may use any and all appropriate means of restricting access to the Antenna Facilities, including, without limitation, the construction of Concrete Masonry Unit ("CMU") walls, gates and doors, per Plans and Specifications attached hereto as Exhibit B.

(d) Tenant shall, at Tenant's expense, keep and maintain the Antenna Facilities now or hereafter located on the Property in commercially reasonable condition and repair during the term of this Lease, normal wear and tear and casualty excepted. Upon termination or expiration of this Lease, the Premises shall be returned to Landlord in good, usable condition, normal wear and tear and casualty excepted.

(e) Tenant shall have the right to install and maintain power and telephone service cable in, under and across the Property as depicted on the plans and specifications attached hereto as Exhibit B, at Tenant's expense. Landlord agrees to use reasonable efforts in assisting Tenant to acquire necessary utility service. Tenant shall, wherever practicable, install separate meters for utilities used on the Property by Tenant and shall pay for such service at the rate charged by the servicing utility provider. Landlord shall diligently correct any interruption or failure of utility service caused by and within the control of Landlord.

(f) As partial consideration for Rent paid under this Lease, Landlord hereby grants Tenant the right in, under and across the Property as depicted on the plans and specifications attached hereto as Exhibit B for ingress, egress, and access (including access for the purposes described in Section 1) to the Premises adequate to service the Premises and the Antenna Facilities at all times during the Initial Term of this Lease and any Renewal Term. The rights provided hereunder shall have the same term as this Lease.

(g) Tenant shall have 24-hours-a-day, 7-days-a-week access to the Premises ("Access") at all times during the Initial Term of this Lease and any Renewal Term at no additional charge to the Tenant. Tenant's access shall not unreasonably impede with other tenants or Landlord's access to the Property.

Section 8 (c) of the Lease Agreement shall be deleted in its entirety and replaced as follows:

(c) If, in Tenant's reasonable judgment, the Premises cannot be used for the purpose described herein due to radio frequency transmission and reception issues related to either: (i) other radio frequency sources, (ii) engineering system design or (iii) physical changes in the buildings and improvements in the vicinity of the Property following the Commencement Date, Tenant may, following the expiration of the Initial Term, terminate this Lease upon twelve (12) months prior written notice to Landlord provided that Tenant shall pay to Landlord, in addition to any amounts which may be due at the time of such notice or prior to the date of such termination, a one-time fee due upon the effective date of termination equal to six (6) times the monthly Rent as liquidated damages. Notwithstanding the foregoing, Tenant represents that to the best of its knowledge as of the date hereof: (i) The Premises are appropriate for Tenant's intended purposes as set forth herein; and (ii) There are no design or engineering specification changes currently contemplated which would make the Premises unusable for Tenant's intended purposes.

Section 8 (d) of the Lease Agreement shall be deleted in its entirety and replaced as follows:

(d) immediately upon written notice by Tenant if the Premises or the Antenna Facilities are destroyed or damaged so as in Tenant's reasonable judgment to substantially and adversely affect the effective use of the Antenna Facilities. In such event, all rights and obligations of the parties shall cease as of the date of the damage or destruction, and Tenant shall be entitled to the reimbursement of any Rent prepaid by Tenant; or

Section 8(f) of the Lease Agreement shall b deleted in its entirety and replaced as follows:

(f) Upon thirty (30) days written notice and payment of a one-time termination fee as liquidated damages which shall be paid by Tenant on or before the effective date of termination in an amount equal to six (6) times the then current monthly Rent if Tenant determines that the Property or the Antenna Facilities are inappropriate or unnecessary for Tenant's operations for economic or technological reasons.

Section 9 Default and Right to Cure of the Lease Agreement shall be deleted in its entirety and replaced as follows:

(a) Except as otherwise specifically provided in this Agreement, Tenant shall be in default under this Agreement if (i) Tenant fails to pay the Rent within ten (10) days of receipt of written notice from Landlord that such payment is past due or (ii) if Tenant fails to perform any other obligation, covenant or condition of Tenant under this Agreement within thirty (30) days after receipt of Landlord's written notice to Tenant of such failure.

(b) In the event of a default by Tenant beyond any and all applicable grace or cure periods, in addition to any other rights or remedies Landlord may have under this Agreement, Landlord may revoke Tenant's rights to use the Premises, whereupon Tenant shall cease its use of the Premises and shall remove the Antenna Facilities and repair and restore the Premises to the condition it was in before Tenant installed the Antenna Facilities normal wear and tear or other casualty excepted, in accordance with all applicable laws, codes, statutes, ordinances and regulations in effect as of the date of such restoration.

(c) Any amount due from Tenant to Landlord hereunder which is not paid when due shall bear interest at the lower of ten percent (10%) per annum or the maximum lawful rate of interest from the due date until paid unless otherwise specifically provided herein, but the payment of such interest shall not excuse or cure any default by Tenant under this Lease. In addition to such interest: (i) if rent or other amounts are not paid within fifteen (15) days after the same is due, a late charge equal to 6% of the amount overdue or $100, whichever is greater, shall be assessed and shall accrue for each calendar month or part thereof until such rental, including the late charge, is paid in full, which late charge Tenant hereby agrees is a reasonable estimate of the damages Landlord shall suffer as a result of Tenant's late payment.

(d) Unless otherwise set forth herein, Landlord shall be in default under this Agreement if Landlord fails to perform any obligation, covenant or condition of Landlord under this Agreement within thirty (30) days after receipt of Tenant's written notice to Landlord of such failure.

Section 11(a) of the Lease Agreement shall be deleted in its entirety and replaced as follows:

(a) Tenant shall provide Commercial General Liability insurance in an aggregate amount of Two Million and no/100 dollars (2,000,000.00). Tenant may satisfy this requirement by obtaining the appropriate endorsement to any master policy of liability insurance Tenant may maintain. Such limits may be satisfied by a combination of primary and umbrella policies.

Section 15 of the Lease Agreement shall be deleted in its entirety and replaced as follows:

15. Assignment and Subleasing.

(a) Tenant may assign this Lease and the easements granted herein upon written notice to Landlord. Upon such assignment, Tenant shall be relieved of all liabilities and obligations hereunder accruing after the date of the assignment and Landlord shall look solely to the assignee for performance under this Lease and all obligations hereunder after the date of the assignment. Tenant may sublease the Premises, upon written notice to Landlord (including a copy of the signed sublease) provided, without limitation, that such sublease shall be subject to all of the provisions of this Lease.

(b) Tenant and Landlord acknowledge and agree that the height of the Light Pole Replacement shown on the plans and specifications attached hereto as Exhibit B is shown as 50 feet (instead of the 45 foot height required for Tenant's purposes) in order to allow room for the subleasing (or licensing) by Tenant of space on the Light Pole Replacement for the placement of antennas ("Co-location") by one or more other cellular communications companies (each a "Sublessee"). Landlord shall be entitled to additional rent from Tenant equal to fifty percent (50%) of any rent actually received by Tenant from such Sublessee (whether the Co-location is on the Light Pole Replacement or on another Antenna Facility on the Premises), excepting only that no such additional rent shall be payable to Landlord in the event that, concurrently with and throughout the term of such Co-location, the Sublessee leases space on the Property from Landlord.

(c) Additionally, Tenant may, upon notice to Landlord, collaterally assign or grant a security interest in this Lease and the Antenna facilities, and may assign this Lease and the Antenna Facilities to any mortgagees or holders of security interest, including their successors or assigns (collectively "Secured Parties"). In such event Landlord shall execute such consent to leasehold financing as may reasonably be required by such Secured Parties.

Section 18 (d) of the Lease Agreement shall be deleted in its entirety and replaced as follows:

(d) Each party agrees to cooperate with the other in executing any documents (including a Memorandum of Lease in substantially the form attached hereto as Exhibit C) necessary to protect its rights or use of the Premises. The Memorandum of Lease may be recorded in place of this Lease by either party. In the event the Property is encumbered by a mortgage or deed of trust, Landlord agrees, upon request of Tenant, to make

commercially reasonable efforts to obtain an...nish to Tenant a non-disturbance and attornment a...ment for each such mortgage or deed of trust, in a form reasonably acceptable to Tenant. Tenant may obtain title insurance on its interest in the Premises. Landlord agrees to execute such documents as the title company may require in connection therewith provided that Landlord does not incur any further expense or liability in connection therewith. Upon expiration or early termination of this Lease, Tenant shall sign and acknowledge such documents as may be required to remove from record title the effect of any Memorandum of Lease recorded pursuant to this paragraph.

Section 18 (i) of the Lease Agreement shall be deleted in its entirety and replaced as follows:

(i) All Exhibits referred to herein and any Addenda are incorporated in full herein for all purposes. The terms of all Exhibits are incorporated in full herein for all purposes.

New Section 19 – Relocation shall be inserted as follows:

After expiration of the Initial Term, Landlord will have the one-time right upon twelve (12) months prior written notice to Tenant to relocate the Antenna Facilities, or any part thereof, to an alternate location on the Property designated by Landlord; provided, however, that such relocation will (1) be at Landlord's sole cost and expense, (2) be performed exclusively by Tenant or its agents, and/or (3) not result in any interruption or adversely impact the quality, capacity or coverage area of the communications service provided by Tenant at the Property. Upon relocation of the Antenna Facilities, the access and utility easement(s) of Tenant will be relocated as required to operate and maintain the Antenna Facilities of Tenant. Landlord shall provide Tenant with a temporary location on the Property to install and operate temporary transmitting/receiving facilities, including a so-called "COW", or cell-on-wheels as necessary to comply with the above conditions. Upon final relocation, this Lease will be amended as necessary to reflect the new location of the Premises and will otherwise continue unaltered.

3) Take such additional, related, action that may be desirable.

FISCAL IMPACT

Upon approval of this amendment, the terms of the MOU will be reinstated and extended through December 31, 2023. According to the terms of the agreement, the City will waive the collection of standard business license tax fees required under Montebello Municipal Code ("MMC") Section 5.08.010 in exchange for quarterly oil production payments. MMC Section 5.08.010.A.13 (Business License Tax – Designated), states that oil well operators shall be taxed a rate equal to $0.3229 per barrel of oil produced from wells owned or operated within the City. Using the standard rate established in the MMC, the projected revenue associated with the standard business license tax fees ($0.3229 per barrel) for FY 2020-2021 is estimated to be approximately $82,000. Under the proposed MOU, the anticipated revenue is projected to be $700,000. For example, the previously approved MOU had revenue actuals of $1,012,018 for FY 2018-2019 and $602,689 for FY 2019-

2020; whereas, using the above-referenced rate established under the MMC would have resulted in revenue totaling $119,089 for FY 2018-2019 and $87,957 for FY 2019-2020.

BACKGROUND

PXP is an oil producer that owns and operates an oil production facility located at the property generally bounded by Montebello Boulevard and Plaza Drive within the City of Montebello. Like all businesses that operate within the City, oil producers are subject to the City's business license tax fees pursuant to MMC Section 5.08.010 (Business License Tax).

In 2004, staff analyzed the business license tax fees collected for oil production. This analysis concluded that the $0.2881 per barrel rate charged was well under the market rate charged by other cities in the County of Los Angeles. For this reason, staff proposed an increase to the rate charged. Increases to this rate are based upon the Consumer Price Index (CPI). While the CPI for energy-related items typically adjusts at a higher rate than other consumer goods, the increase would have been very minimal based upon the per barrel rate. An increase beyond the CPI would require approval from the local electorate.

Realizing the City's position and as an act of good faith, PXP submitted a proposal offering quarterly oil production payments in exchange to waive the business license tax fee required under MMC Section 5.08.010. The proposal included payments to the City calculated at two (2) percent of the gravity-adjusted monthly average crude oil price index posted by Chevron-Texaco for the Buena Vista Oilfield, multiplied by the number of net barrels of crude oil produced from the site, less any fees associated with the cost of production per barrel (e.g., transportation, cleaning, and dehydration). The proposed payment totaled approximately three times the per barrel rate that would have been scheduled for collection by imposing the above-referenced business license tax fee imposed under MMC Section 5.08.010. Based on this information, staff determined that it was in the City's best interest to accept the terms of the proposal from PXP.

On February 9, 2005, the City Council approved a recommendation from staff to establish an MOU with PXP accepting the quarterly oil production payments and waiving the business license tax fees. The initial term of this MOU was five (5) years, and it was later extended using a series of amendments.

Staff and representatives from PXP recently reviewed the terms of the MOU and identified that it terminated effective on December 31, 2020. While PXP is amicable to continuing the relationship with the City and issuing quarterly oil production payments, the lapse in term must be cured and the MOU must be amended for a proposed three (3) year term to ensure the City can legally accept payments and both parties can enforce the general terms of the MOU. For this reason, it is recommended that City Council approve the attached Fifth Amendment to the MOU with PXP. Upon approval of this MOU, both parties

will mutually agree to reinstate the terms and conditions, and the MOU will be extended through December 31, 2023.

ANALYSIS

The MOU mentioned above with PXP terminated on December 31, 2020. To ensure the City can continue the collection of associated revenue and ensure the enforceability of the general terms and conditions, it is recommended that the attached amendment is reviewed and approved by City Council.

Before submitting this staff report and MOU for review and approval, staff conducted a study of the terms and conditions of the MOU and amendments. It was determined that continuing this relationship is in the best interests of the City. The revenue to the City based upon the formula in the MOU still generates significantly more than the current business license tax rate (The current rate is $0.3229 per barrel).

ENVIRONMENTAL

The adoption of the proposed Resolution is not subject to California Environmental Quality Act (CEQA) because CEQA Guidelines section 15060(c)(2) states that a project is not subject to CEQA review where the activity will not result in a direct or reasonably foreseeable indirect physical change to the environment and is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3) which states that a project is exempt from CEQA "where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment." The Fifth Amendment to and Reinstatement of the MOU between the City and PXP will not result in a direct or reasonably foreseeable indirect physical change to the environment and there is no possibility that the Fifth Amendment to and Reinstatement of the MOU will have a significant effect on the environment because the MOU will not result in any future changes to property.

SUMMARY

In February 2005, the City established an MOU with PXP addressing the rights and obligations regarding the waiver of business license tax fee in exchange for quarterly oil production payments at the Sentinel Park site located within the City limits (Agreement No. 2207). This agreement terminated on December 31, 2020. By approving the attached amendment, the City and PXP will reinstate and extend this MOU through December 31, 2023.

CITY OF MONTEBELLO

FIFTH AMENDMENT TO AND REINSTATEMENT OF AGREEMENT 2207

This Fifth Amendment to and Reinstatement of Agreement 2207 – Memorandum of Understanding (this "**Fifth Amendment**") is made and entered into this 28 day of July, 2021 (the "**Amendment Date**") by and between the CITY OF MONTEBELLO, a general law municipal corporation incorporated and existing under the laws of the State of California ("**City**") and SENTINEL PEAK RESOURCES CALIFORNIA LLC, a Delaware limited liability company ("**Sentinel**") and assignee of FREEPORT-MCMORAN OIL & GAS LLC, a Delaware limited liability company ("**Freeport**") as successor by merger to PLAINS EXPLORATION & PRODUCTION COMPANY.

RECITALS

WHEREAS, City and PXP previously entered into that certain "Agreement 2207 – Memorandum of Understanding dated February 9, 2005 (as amended, "**Agreement 2207**"), which addressed the rights and obligations of the Parties regarding City's waiver of the imposition and collection of City's business license tax on PXP in exchange for PXP's agreement to pay the Oil Production Payment on a quarterly basis during the term of Agreement 2207; and

WHEREAS, City and PXP entered into an Amendment to Agreement 2207, made as of December 31, 2009 (the "**First Amendment**") and a Second Amendment to Agreement 2007, made as of August 24, 2011 (the "**Second Amendment**");

WHEREAS, City and Freeport, as successor by merger to PXP, entered into a Third Amendment, made as of August 1, 2013 (the "**Third Amendment**") and a Fourth Amendment made as of December 9, 2015 (the "**Fourth Amendment**");

WHEREAS, Freeport assigned Agreement 2207 to Sentinel in connection with an assignment of certain of Freeport's oil and gas assets which transaction closed on December 31, 2016;

WHEREAS, the term of Agreement 2207 expired on December 31, 2020; and

WHEREAS, City and Sentinel desire to reinstate Agreement 2207 on the amended terms and conditions set forth herein.

NOW, THEREFORE, for and in consideration of the mutual agreements herein contained, the benefits to be derived by each party, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows, notwithstanding anything to the contrary set forth in Agreement 2207:

1. Agreement in Full Force and Effect. The Parties acknowledge and agree that Agreement 2207 is and remains in full force and effect, as amended hereby, and is fully reinstated to the extent Agreement 2207 may have been deemed earlier terminated.

2. Amendment of Section 2.B. Section 2.B. of Agreement 2207 is hereby deleted in its entirety and replaced with the following:

"Commencing January 1, 2005, the Oil Production Payment shall be provided to City by Sentinel (or its predecessors, as applicable) until the Termination Date specified herein. Such payment shall be paid on a quarterly basis within 45 days following the end of each calendar quarter; *provided, however,* (i) the Oil Production Payment owed for the first and second calendar quarters of 2021 shall be paid on or before August 15, 2021 and (ii) at the sole election of Sentinel, this Agreement shall terminate (including Sentinel's obligation to make the Oil Production Payment) thirty (30) days following written notice to City in the event any restrictions or limitations are threatened or enforced against Sentinel's ability to operate the Montebello oilfield consistent with operating practice as of the Amendment Date which restrictions may be derived from, including but not limited to, local, state or federal regulation or order, moratorium or legal action. For purposes hereof, "**Termination Date**" shall mean December 31, 2023."

3. Counterparts. This Fifth Amendment may be executed in one or more counterparts, each of which shall be deemd an original, but all of which together shall constitute one and the same instrument.

4. Authority to Sign. Each of the persons executing this Fifth Amendment on behalf of a Party hereto warrants that: (i) such Party is duly organized and existing, (ii) the signer is duly authorized to execute and deliver thi Fifth Amendment on behalf of said Party and (iii) by so executing this Fifth Amendment, such Party is formally bound to the provisions of this Fifth Amendment.

5. No Other Changes. Except as expressly set forth in this Fifth Amendment, all other terms and conditions of Agreement 2207 shall remain unchanged and in full force and effect.

RESOLUTION NO. 21-61

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO APPROVING THE FIFTH AMENDMENT TO AND REINSTATEMENT OF AGREEMENT NO. 2207 RELATING TO OIL PRODUCTION PAYMENTS TO THE CITY OF MONTEBELLO

RECITALS

WHEREAS, in 2005, the City and the Plains Exploration & Production Company ("PXP") entered into that certain Memorandum of Understanding dated February 9, 2005 ("Agreement 2207"), which addressed the rights and obligations of the parties regarding the City's waiver of the imposition and collection of City's business license tax on PXP in exchange for PXP's agreement to pay the Oil Production Payment on a quarterly basis; and

WHEREAS, the City and PXP entered into an Amendment to Agreement 2207, made as of December 31, 2009 (the "First Amendment") and a Second Amendment to Agreement 2007, made as of August 24, 2011 (the "Second Amendment");

WHEREAS, the City and Freeport McMoran Oil & Gas, LLC ("Freeport"), as successor by merger to PXP, entered into a Third Amendment dated August 1, 2013 (the "Third Amendment") and a Fourth Amendment made dated December 9, 2015 (the "Fourth Amendment");

WHEREAS, Freeport assigned its rights under Agreement 2207 to Sentinel Peak Resources California, LLC ("Sentinel") in connection with an assignment of certain of Freeport's oil and gas assets which transaction closed on December 31, 2016;

WHEREAS, the term of Agreement 2207 expired on December 31, 2020; and

WHEREAS, City and Sentinel now desire to reinstate and amend Agreement 2207 pursuant to the Fifth Amendment to and Reinstatement of Agreement No. 2207 ("Fifth Amendment").

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO DOES FIND, DETERMINE, RECOMMEND AND RESOLVES AS FOLLOWS:

SECTION 1: The City Council hereby finds that the above recitals are true and correct and incorporate them herein as part of the findings.

SECTION 2: The City Council of the City of Montebello hereby approves the Fifth Amendment by and between the City and Sentinel.

SECTION 3: The City Council further authorizes the City Manager to execute Fifth Amendment and any related documents reasonably necessary to effectuate the intent of this Resolution.

SECTION 4: The adoption of this Resolution is not subject to California Environmental Quality Act (CEQA) because CEQA Guidelines section 15060(c)(2) states that a project is not subject to CEQA review where the activity will not result in a direct or reasonably foreseeable indirect physical change to the environment and is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3) which states that a project is exempt from CEQA where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment. The approval of the Fifth Amendment will not result in a direct or reasonably foreseeable indirect physical change to the environment and there is no possibility that the approval of a contract amendment specifying financial terms for oil production payments will have a significant effect on the environment because oil production is an existing use that is permitted in the City.

SECTION 5. This Resolution shall become effective immediately upon its adoption by the City Council and the City Clerk shall certify to the adoption of this Resolution.

APPROVED AND ADOPTED this 28th day of July 2021.

AGREEMENT 2207

MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING ("MOU") is made and entered into on this 9th day of February, 2005, by and between the CITY OF MONTEBELLO (hereinafter referred to as the "City") and PLAINS EXPLORATION & PRODUCTION COMPANY(hereinafter referred to as "PXP"), collectively referred to herein as the "Parties" or individually as "Party". In consideration of the mutual covenants and agreements contained in this MOU, City and PXP agree as follows:

1. **Recitals.** This MOU is made with respect to the facts and for the following purposes, each of which is warranted as true and correct by the relevant Party or Parties:

   A. PXP, currently owns and operates an oil production facility located within the City of Montebello, California (hereinafter referred to as the "Site"), more specifically shown on the Site Map attached hereto as Exhibit "A."

   B. The City imposes a business license tax upon all businesses operating in Montebello. Specifically, in accordance with Section 5.08.010, subdivision 13, of the Montebello Municipal Code, Montebello currently imposes a business license tax upon oil well operators at a rate equal to 28.81 cents per barrel of oil produced from wells owned or operated by such businesses, including PXP, located within the City.

   C. The City has not increased the rate of the business license tax imposed upon oil well operators since August of 2004.

   D. PXP is in the process of seeking entitlements to develop the surface of the Site into a Master Planned Community with residential and commercial elements, and in an effort to demonstrate its good will towards the Montebello community, voluntarily agrees to pay City an "Oil Production Payment" provided City waives or suspends the imposition of the current business license tax imposed upon PXP relating to its operation of the Site.

   E. The City determines that the proposal by PXP to pay the Oil Production Payment will promote the economic well-being of the City.

2. **Oil Production Payment.**

   A. The Oil Production Payment offered by PXP and accepted by the City shall be determined by the method of calculation set forth in the attached Exhibit "B." Specifically, the Oil Production Payment to be provided by PXP to City shall be calculated as follows: City shall be entitled to receive an amount equivalent to two percent (2%) of the monthly average gravity-adjusted crude oil price for the applicable calendar month of production posted on the Internet with respect to the oil production at the Site (or in the absence of such posting on the Internet, a similarly crude oil price posting by another major oil purchaser to be selected by

PXP, or a composite thereof, using the Buena Vista Oilfield in Kern County, California, as the model) multiplied by the number of net barrels of crude oil produced by PXP for a given calendar month, minus applicable transportation costs paid by PXP per barrel.

B. Commencing January 1, 2005, the Oil Production Payment shall be provided to City by PXP for a term of five (5) years and shall be paid on a quarterly basis, within 45 days following the end of each calendar quarter. Commencement of payment shall begin following the end of the first quarter of year 2005.

C. In consideration of the Oil Production Payment to be paid by PXP to the City, the City agrees to waive or suspend the imposition and collection of the current business license tax upon PXP during the term of this MOU. PXP, however, shall pay to the City any and all applicable development or permit fees associated with the proposed development of the Site.

3. Dispute Resolution.

Disputes regarding the interpretation or application of any provision of this MOU shall to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. Should any dispute regarding the interpretation or application of this MOU lead to litigation, the prevailing party shall be entitled to reasonable attorneys fees in addition to any other relief it may be entitled.

4. Cooperation between the Parties.

It is recognized by the Parties that inherent within this MOU is an understanding that the Parties will cooperate with each other as PXP commences the process to develop the Site. However, the Parties also agree and acknowledge that nothing in this MOU in any respect does or shall be construed to affect or prejudge the exercise of the City's discretion concerning consideration of any application for development submitted by PXP or any other party on behalf of PXP. Further, nothing in this MOU in any respect does or shall be construed to affect or prejudge the City's discretion to consider or negotiate the proposed development of the Site, or any required approvals necessary by the laws, rules, and regulations governing the development of the Site.

5. Micellaneous.

A. **Notices**. All notices under this MOU shall be in writing. Notices and payments shall be deemed delivered when personally served or upon actual receipt after deposit in the United States mail, first class postage prepaid, registered or certified mail with return receipt request, or upon (2nd) day after being sent by overnight courier, addressed to the Party for whom intended as follows:

If to City: The City of Montebello
Attn.: Richard Torres, City Administrator

1600 West Beverly Boulevard
Montebello, California 90640

If to PXP: Plains Exploration & Production Company
William Moodie, Vice President
1200 Discovery Way
Bakersfield, CA 93309

Either Party, may, from time to time, by written notice to the other, designate a different address, which shall be substituted for the one above specified.

B. **Assignment.** Neither the City nor PXP shall assign this MOU or any of its rights or duties hereunder, without the prior written approval of the other Party which will not be unreasonably withheld. The identity of PXP is of particular concern to the City, and it is understood and acknowledged by the Parties that but for the identity and qualifications of PXP, the City would not have entered into this MOU.

C. **Entire Agreement.** This MOU contains the entire agreement between the Parties regarding the subject matter hereof. Any agreement, understanding or representation respecting the matters addressed herein or the duties of any Party in relation thereto not expressly set forth in this MOU is of no force or effect. This MOU shall not be amended, except by a writing duly executed by the Parties hereto.

D. **Relationship of the Parties.** The Parties acknowledge that, in entering into and performing under this MOU, each is acting as an independent entity and not as an agent of the other in any respect. Nothing contained herein or in any document executed in connection herewith shall be construed to create the relationship of partners or joint ventures of any other association of any kind or nature between the City and PXP.

E. **No Third Party Beneficiaries.** This MOU is made and entered into for the sole benefit of the Parties.

F. **Rules of Construction.** The section and subsection headings used in this MOU are for convenience of reference only and shall not constitute a part of this MOU for any other purpose or affect the construction of the MOU.

G. **Joint Preparation.** This MOU shall be deemed to have been prepared jointly and equally by the Parties, and it shall not be construed against either Party on the ground that the Party prepared the MOU or caused it to be prepared.

H. **Governing Law and Venue.** This MOU is made, entered into and executed in the County of Los Angeles, California, and the laws of the State of California shall govern its interpretation and enforcement. Any action, suit of proceeding

brought by either Party against the other in connection with this MOU shall be filed in the appropriate court of the County of Los Angeles, California.

IN WITNESS WHEREOF, the Parties have caused its duly authorized officers to execute this MOU, the effective date of which shall be the date first written above.

Formula for calculation of 2% Oil Production Payment:

1 Price per Barrel: The price per barrel to be used to calculate the Voluntary Production Payment shall be ChevronTexaco's Posted Monthly Average Price for the Buena Oilfield Vista Oilfield for the applicable calendar month of production, as posted on www.chevrontexaco/crudemarketing/posted_archive, **less** applicable downward adjustment for the number of degrees of oil gravity differential between Buena Vista and Montebello Oilfields, **less** per barrel costs incurred by PXP for transportation, cleaning and dehydration in order to render the oil merchantable. In the event the ChevronTexaco ceases to post crude oil prices on the internet, PXP shall select a similar crude oil price posting by another major oil company, or a composite thereof, using Buena Vista Oilfield posted price as the benchmark).

Amendment to Agreement 2207

This Amendment to Agreement 2207 – Memorandum of Understanding ("***Amendment***") is made as of December 31, 2009, by and between the CITY OF MONTEBELLO, a general law municipal corporation incorporated and existing under the laws of the State of California ("***City***"), and PLAINS EXPLORATION & PRODUCTION COMPANY, a Delaware corporation ("***PXP***")

WHEREAS, City and PXP previously entered into that certain "Agreement 2207 – Memorandum of Understanding dated February 9, 2005 ("***Agreement 2207***"), which addressed the rights and obligations of the Parties regarding City's waiver of the imposition and collection of City's business license tax on PXP in exchange for PXP's agreement to pay the Oil Production Payment on a quarterly basis during the term of Agreement 2207.

WHEREAS, the term of Agreement 2207 currently expires on December 31, 2009.

WHEREAS, City and PXP desire to extend the term of Agreement 2207 as provided herein.

NOW, THEREFORE, in consideration of the above and the mutual covenants contained herein, City and PXP agree as follows:

1. Definitions. Unless otherwise defined herein, capitalized terms contained in this Amendment shall have the same meanings as given to them in Agreement 2207.

2. Amendment of Section 2.B of Agreement. Section 2.B of Agreement 2207 is hereby deleted in its entirety and replaced with the following:

"Commencing January 1, 2005, the Oil Production Payment shall be provided to City by PXP until the Termination Date specified herein. Such payment shall be paid on a quarterly basis within 45 days following the end of each calendar quarter. For purposes hereof, "Termination Date" shall mean December 31, 2011."

3. Amendment of Section 2.C of Agreement. Section 2.C of Agreement 2207 is hereby deleted in its entirety and replaced with the following:

"In consideration of the Oil Production Payment to be paid by PXP to City, City agrees to waive or suspend the imposition and collection by City of any business license tax, or any severance tax, or any similar levies, upon PXP until the Termination Date. For purposes hereof, "business license tax" means any tax or fee imposed by City from time to time on businesses located within city limits for the privilege of operating a business within City. "Severance tax" means any tax or fee levied on the extraction of oil, gas, or minerals."

4. Change to Notice Provision in Section 5.A. The addresses for the Parties in Section 5.A of Agreement 2207 are changed to read as follows:

If to City: City of Montebello
Attn: City Administrator
1600 West Beverly Boulevard
Montebello, CA 90640

If to PXP: Plains Exploration & Production Company

Attn: Norman E. Witt, Jr.

5. Change to Assignment Provision in Section 5.B. Section 5.B of Agreement 2207 is hereby deleted in its entirety and replaced with the following:

"Neither City nor PXP shall assign this MOU or any of its rights or duties hereunder without the prior written approval of the other Party, which approval shall not be unreasonably withheld. The identity of PXP is of particular concern to City, and it is understood and acknowledged by the Parties that but for the identity and qualifications of PXP, City would not have entered into this MOU. Notwithstanding the foregoing, a transfer by PXP of its rights and obligations hereunder as a result of (a) a corporate merger or reorganization, or (b) the sale of substantially all of its assets to another person or entity, shall not be deemed to be an assignment by PXP requiring the prior written approval of City."

6. Replacement of Exhibit B to Agreement. **Exhibit B** to Agreement 2207 is hereby deleted in its entirety and replaced with **Exhibit 1** attached to this Amendment.

7. Effective Date. This Amendment shall be effective as of the date first set forth above (the "***Effective Date***").

8. Counterparts. This Amendment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

9. Authority to Sign. Each of the persons executing this Amendment on behalf of a Party hereto warrants that: (i) such Party is duly organized and existing, (ii) the signer is duly authorized to execute and deliver this Agreement on behalf of said Party, and (iii) by so executing this Agreement, such Party is formally bound to the provisions of this Amendment.

10. No Other Changes. Except as expressly set forth in this Amendment, all other terms and conditions of Agreement 2207 shall remain unchanged and in full force and effect.

Formula for calculation of 2% Oil Production Payment:

1 Price per Barrel: The price per barrel to be used to calculate the Voluntary Production Payment shall be Chevron Texaco's Posted Monthly Average Price for the Buena Oilfield Vista Oilfield for the applicable calendar month of production, as posted on www.chevrontexaco/crudemarketing/posted_archive, less (a) applicable downward adjustment for the number of degrees of oil gravity differential between Buena Vista and Montebello Oilfields, and (b) per barrel costs incurred by PXP for transportation, cleaning and dehydration in order to render the oil merchantable. In the event the Chevron Texaco ceases to post crude oil prices on the internet, PXP shall select a similar crude oil price posting by another major oil company, or a composite thereof, using Buena Vista Oilfield posted price as the benchmark).

Second Amendment to Agreement 2207

This Second Amendment to Agreement 2207 – Memorandum of Understanding ("***Amendment***") is made as of August 24, 2011, by and between the CITY OF MONTEBELLO, a general law municipal corporation incorporated and existing under the laws of the State of California ("***City***"), and PLAINS EXPLORATION & PRODUCTION COMPANY, a Delaware corporation ("***PXP***")

WHEREAS, City and PXP previously entered into that certain "Agreement 2207 – Memorandum of Understanding dated February 9, 2005 ("***Agreement 2207***"), which addressed the rights and obligations of the Parties regarding City's waiver of the imposition and collection of City's business license tax on PXP in exchange for PXP's agreement to pay the Oil Production Payment on a quarterly basis during the term of Agreement 2207

WHEREAS, City and PXP entered into an Amendment to Agreement 2207, made as of December 31, 2009 (the "First Amendment") (Agreement 2207, as amended by the First Amendment, hereinafter referred to as "Agreement 2207").

WHEREAS, the term of Agreement 2207 currently expires on December 31, 2011

WHEREAS, City and PXP desire to extend the term of Agreement 2207 as provided herein.

NOW, THEREFORE, in consideration of the above and the mutual covenants contained herein, City and PXP agree as follows:

1 Definitions. Unless otherwise defined herein, capitalized terms contained in this Amendment shall have the same meanings as given to them in Agreement 2207

2. Amendment of Section 2.B of Agreement. Section 2.B of Agreement 2207 is hereby deleted in its entirety and replaced with the following:

"Commencing January 1, 2005, the Oil Production Payment shall be provided to City by PXP until the Termination Date specified herein. Such payment shall be paid on a quarterly basis within 45 days following the end of each calendar quarter. For purposes hereof, "Termination Date" shall mean December 31, 2013 "

4 Counterparts. This Amendment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

5 Authority to Sign. Each of the persons executing this Amendment on behalf of a Party hereto warrants that: (i) such Party is duly organized and existing, (ii) the signer is duly authorized to execute and deliver this Agreement on behalf of said Party, and (iii) by so executing this Agreement, such Party is formally bound to the provisions of this Amendment.

6. No Other Changes. Except as expressly set forth in this Amendment, all other terms and conditions of Agreement 2207 shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, this Amendment has been executed by the Parties as of the date and year first above written.

Third Amendment to Agreement 2207

This Third Amendment to Agreement 2207 - Memorandum of Understanding ("Third Amendment") is made as of August 1, 2013, by and between the CITY OF MONTEBELLO, a general law municipal corporation incorporated and existing under the laws of the State of California ("City"), and FREEPORT-MCMORAN OIL & GAS LLC., a Delaware Limited Liability Company ("Freeport") as successor by merger to PLAINS EXPLORATION & PRODUCTION COMPANY ("PXP").

RECITALS

WHEREAS, City and PXP previously entered into that certain "Agreement 2207 - Memorandum of Understanding dated February 9, 2005 ("Agreement 2207"), which addressed the rights and obligations of the Parties regarding City's waiver of the imposition and collection of City's business license tax on PXP in exchange for PXP's agreement to pay the Oil Production Payment on a quarterly basis during the term of Agreement 2207; and

WHEREAS, City and PXP entered into an Amendment to Agreement 2207, made as of December 31, 2009 (the "First Amendment") and a Second Amendment to Agreement 2207, made as of August 24, 2011 (the "Second Amendment") (Agreement 2207, as amended by the First Amendment and the Second Amendment, unless otherwise specifically identified, shall hereinafter be referred to collectively as "Agreement 2207");and

WHEREAS, the term of Agreement 2207 currently expires on December 31, 2013; and

WHEREAS, City and Freeport desire to extend the term of Agreement 2207 and to include a Public Safety Support Fee as provided herein.

NOW, THEREFORE, in consideration of the above and the mutual covenants contained herein, City and Freeport agree as follows:

1. Definitions. Unless otherwise defined herein, capitalized terms contained in this Third Amendment shall have the same meanings as given to them in Agreement 2207

2. Amendment of Section 2.B. of Agreement. Section 2.B. of Agreement 2207 is hereby deleted in its entirety and replaced with the following:

"Commencing January 1, 2005, the Oil Production Payment shall be provided to City by Freeport until the Termination Date specified herein. Such payment shall be paid on a quarterly basis within 45 days following the end of each calendar quarter. For purposes hereof, "Termination Date" shall mean December 31, 2015."

3. Addition of Section 2.D. to the Agreement. Section 2.D. as set forth below is hereby added to Agreement 2207:

"D. Public Safety Support Fee – Commencing January 1, 2014, in addition to the Oil Production Payment set forth in Section 2.A., above, Freeport shall pay to the City an amount equal to two percent

(2%) of the monthly average gravity adjusted crude oil price for the applicable calendar month of production posted on the Internet with respect to the oil production at the Site (or in the absence of such posting on the Internet, a similarly crude oil price posting by another major oil purchaser to be selected by Freeport, or a composite thereof, using the Buena Vista Oilfield in Kern County, California, as the model) multiplied by the number of net barrels of crude oil produced by Freeport at the Site for a given calendar month, minus applicable transportation costs paid by Freeport per barrel for the purpose of supporting the City's Fire Department services ("Public Safety Support Fee").

The manner of calculating the Public Safety Support Fee and the timing of such payment shall be identical to the Oil Production Payment as set forth in this Section 2, including the Method of Calculation set forth as Exhibit 1 to the Amendment to Agreement 2207.

Public Safety Support Fee payments shall be deposited into a separate City fund utilized solely for the City's Fire Department services and equipment, as set forth and as limited herein. The term "the City's Fire Department services and equipment" shall include, but not be limited to, acquisition and installation of a new communications system, the purchase of fire protective gear and for other related fire service costs. However, in no event shall the Public Safety Support Fee be directed to or paid for the cost of salaries, salary increases, or benefits for current City Fire Department personnel, but may be used to hire additional City Fire Department personnel or may be used to supplant grant funds currently received by the City's Fire Department for fire personnel, in the event that current grant funds are not renewed."

4. Counterparts. This Third Amendment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

5. Authority to Sign. Each of the persons executing this Third Amendment on behalf of a Party hereto warrants that: (i) such Party is duly organized and existing, (ii) the signer is duly authorized to execute and deliver this Third Amendment on behalf of said Party, and (iii) by so executing this Third Amendment, such Party is formally bound to the provisions of this Third Amendment.

6. No Other Changes. Except as expressly set forth in this Third Amendment, all other terms and conditions of Agreement 2207 shall remain unchanged and in full force and effect.

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Joseph Palombi, Director of Planning and Community Development

SUBJECT: **Approving a Resolution No. 21-64 Amending the Budget to the Fiscal Year 2021-2022 Annual Action Plan to Incorporate Additional Community Development Block Grant (CDBG) Funding**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council adopt Resolution No. 21-64:

1) Adopt a Resolution amending the budget to the Fiscal Year 2021-22 Community Development Block Grant (CDBG) and Home Investment Partnerships Annual Action Plan to incorporate additional CDBG funding; and

2) Take such additional, related action that may be desirable.

FISCAL IMPACT

The U.S. Department of Housing and Urban Development (HUD) is increasing the City's annual Community Development Block Grant (CDBG) allocation by 1.5% ($9,981). The City will now receive a total of $687,276 in CDBG funding in FY 2021-22. Adjustments to specific budget line-items will be made to allocate these additional funds.

BACKGROUND

Each year the United States Department of Housing and Urban Development (HUD) provides funding for Housing and Community Development Programs to the City of Montebello, specifically Community Development Block Grant (CDBG) and Home Investment Partnerships (HOME) Program funds.

On May 12, 2021, the City Council approved the FY 2021-22 Annual Action Plan. On May 13, 2021, HUD notified the City that there was an error in the previously announced

FY 2021-2022 CDBG formula allocation, causing all CDBG grants to be less than what should have been allocated by formula. HUD corrected the error, and the City was notified that it was receiving an additional $9,981 in FY 2021-2022 CDBG funding. This allocation changes the total CDBG funding allocation from $677,295 to $687,276 ($9,981 in additional CDBG allocations).

In accordance with the City's Citizen Participation Plan, changes in CDBG funded activities that are less than 50% of the City's allocation do not warrant a Substantial Amendment process. However, the budget adjustment does require City Council approval. Staff is proposing that the additional funds be programmed to Heart of Compassion.

ANALYSIS

Table 1 provides a summary of the updated available funding, separated by source. The totals represent the net amount, less the allowed administrative percentage to be used to manage both the CDBG and HOME programs. Table 2, on the next page, provides details on the amounts of each funding source and specific program to which the funding is proposed – with the highlighted rows indicating to where the additional CDBG funds of $9,982 will be allocated..

ENVIRONMENTAL

The California Environmental Quality Act (Section 2100, et. seq. of the California Public Resources Code, hereafter "CEQA") requires analysis of agency approvals of discretionary "projects." A "project," under CEQA, is defined as "the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment" (State CEQA Guidelines Section 15378). The proposed Project is a project under CEQA.

Staff has reviewed the Project to determine the required level of review under CEQA and has determined that the proposed Project is exempt from CEQA under State CEQA Guidelines Section 15061(b)(3) (Common Sense Exemption). Section 15061(b)(3) of the State CEQA Guidelines states that an activity is covered by the common sense exemption that CEQA only applies to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA review. Nevertheless, it is important to note that specific projects/programs that qualify for funding under the proposed Project may be subject to environmental review prior to implementation.

SUMMARY

Following City Council adoption, the Revised Annual Action Plan will be submitted to HUD for approval. Funding for the various administrative and programmatic uses are appropriated in the FY 2021-22 adopted budget. Staff will appropriate funds in the proper accounts in the CDBG and HOME budgets (Funds 255 and 260, respectively), updating specific accounts to allocate the additional CDBG funding of $9,981.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO, APPROVING A RESOLUTION AMENDING THE BUDGET TO THE FISCAL YEAR 2021-2022 ANNUAL ACTION PLAN TO INCORPORATE ADDITIONAL COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUNDING

RECITALS

WHEREAS, the City of Montebello (the "City") has applied and received Community Development Block Grant (CDBG) funds from the Government of the United States under Title I of the Housing and Community Development Act of 1974; and

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) is the federal agency that promulgates regulations and oversees the administration of the CDBG program; and

WHEREAS, the City was informed by HUD that there was an error in the formula calculation for its FY 2021-22 CDBG allocation, previously noted as $677,295; and

WHEREAS, the City's correct CDBG allocation is $687,276, a difference of $9,981, and increase of 1.5%; and

WHEREAS, the City Council desires to add the additional funds to the Heart of Compassion, Fighting Hunger – Feeding Hope Program.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY RESOLVES, FINDS, AND DECLARES AS FOLLOWS:

SECTION 1. The above recitals are true and correct and incorporated herein by reference.

SECTION 2. The City Council of the City of Montebello approves the amended FY 2021-22 CDBG budget to increase the overall allocation to $687,276, with the additional $9,981 added to the Hearts of Compassion (Fighting Hunger – Feeding Hope) and CDBG Program Administration activities ($7,986 and $1,996 respectively).

SECTION 3. The City Council hereby allows staff to make minor technical modifications and/or necessary corrections to the Action Plan as required by HUD.

SECTION 4: That the City Clerk shall certify to the passage and adoption of this Resolution and that the same shall be in full force and effect.

APPROVED AND ADOPTED this 28th day of July 2021.

SUBJECT: **Approve Three (3) Amendments to Commercial Cannabis Business Development Agreements Nos. 3718 (DA 23-19), 3654 (DA 07-19), and 3721 (DA 27-19)**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1. Approve, in substantially the form as presented, three (3) Amendments to Cannabis Business Development Agreement Nos. 23-19, 07-19, and 27-19 (collectively referred to as the "Amendments") for the operation of commercial cannabis activities in the City of Montebello, and authorize the City Attorney's Office to make final and technical edits or revisions, if any, prior to execution; and

2. Condition the approval of the three (3) Amendments on the respective owner(s) and operator(s) clearing the requisite background checks, providing all exhibits to the development agreement amendments and missing information, if any, to the City of Montebello in a form acceptable to the City Attorney's Office no later than August 27, 2021, and on a case-by-case basis, authorize the Director of Planning and Community Development or his designee i discretion to provide the applicant(s) additional time if necessary in light of the current COVID-19 logistical limitations; and

3. Adopt findings contained herein exempting the three (3) Amendments from further CEQA review under CEQA Section 15301, and direct staff to prepare and file the applicable Notices of Exemption for each project recommended for approval; and

4. Take such additional, related action that may be desirable, and/or provide the City Attorney's office and/or staff with additional or alternative directive(s).

FISCAL IMPACT

The recommended action will have a substantially positive fiscal impact to the City by generating operating fees based on the gross receipts' percentages and square footage, as applicable, and annual community benefit fees in the annual amount of $50,000 per location.

An estimate of total, ongoing revenue from these operations is not possible until they begin operating. Staff in the Community Development and Finance Departments work together to ensure all operating businesses abide by the terms of their respective development agreements. Staff will work to ensure proper reporting of activity and collection of revenue due occurs once operations commence for the various cannabis operators. Subsequent budgets will include projections of cannabis related revenue.

BACKGROUND

On September 13, 2017, the City of Montebello adopted Ordinance Nos. 2399 and 2400 adding Chapters 5.90 and 17.71 to the City Municipal Code allowing cannabis cultivation, manufacturing, and testing with a required development agreement and conditional use permit under specified location restrictions.

On June 13, 2018, the City adopted Ordinance Nos. 2404 and 2405, adding delivery-only retail sales and distribution along with cultivation, manufacturing, and testing as conditionally approved activities/uses in the M-1 and M-2 zones with a required development agreement and sensitive use buffer of 600 feet from residential zones and other sensitive uses.

On February 13, 2019, the City Council held a public hearing for the selection of potential cannabis operators for Phase 3 consideration and adoption of fees. The City Council selected 21 potential operators, adopted cannabis business application fees, and established a conditional use permit filing due date of March 4, 2019 for said operators.

Since the March 4, 2019 conditional use permit filing deadline, multiple departments of City staff and the City Attorney's Office have worked with said operators to finalize the conditional use permit application and negotiate a final development agreement, respectively. Prior to today's meeting, the City has already approved both the conditional use permit and development agreement for twenty-four (24) operators.

Additionally, at the October 15, 2019 Planning Commission meeting, the Commission approved one (1) conditional use permit, and at the November 5, 2019 Planning Commission meeting, the Commission approved three (3) conditional use permits. The latter three (3) conditional use permits were originally Phase 2 applicants that were temporarily stayed from Phase 3 consideration. On December 18, 2019, City Council approved the final four (4) cannabis development agreements for the four (4) operators who were granted said conditional use permits on October 15, 2019 and November 5, 2019.

On February 3, 2020, City Council approved the transfer of, and/or modifications to, ownership of four (4) development agreements. However, one of the proposed new owners did not subsequently meet or complete the material conditions to execute the modification, therefore same became null and void and became subject to a new proposed transfer (i.e., Development Agreement No. 11-19).

On May 27, 2020, City Council approved the transfer of, and/or modifications to, ownership of three (3) development agreements. Three (3) proposed modifications to commercial cannabis Development Agreements are before City Council's consideration at tonight's meeting.

ANALYSIS

Of the twenty-four (24) already approved Commercial Cannabis Business Development Agreements ("Development Agreements"), three (3) applicants with fully executed Development Agreements submitted written application forms, with supporting documentation and application fees to the City, seeking modifications to its Development Agreement.

Article 19 of the Development Agreement, "Assignment by Owner," prohibits the transfer, delegation, sublet or assignment by Owner of any portion of Owner's interests, rights, duties, and obligations described in Development Agreement *without prior written consent and approval by the City, as required under Montebello Municipal Code Chapters 5.90 and 17.71.* In addition, Article 2 of the Development Agreement, "Permitted Uses," allows for an Owner to apply for an amendment to the Agreement and issued Conditional Use Permit to add a permitted commercial cannabis activities *with the approval of the City's Planning Commission or City Council, as required by Montebello Municipal Code Chapters 5.90 and 17.71.*

The three (3) requests before the City Council on July 28, 2021 include a transfer and/or change in ownership, an addition of approved commercial cannabis activity, and expansion of operations. Table 1, below, illustrates the Amendments to Commercial Cannabis Development Agreements, that are being recommended for approval to the City Council by City staff at the July 28, 2021 meeting.

TABLE 1 – Amendments to Development Agreements Recommended for City Council Approval

DA #	Applicant	CUP Approved Activity	Project Location
23-19	Blue Basil, LLC	C/M/D/DR	7733 Telegraph Road
07-19	Saint's Place, LLC	C/M/D/DR	728 Vail Avenue
27-19	Montvail, Inc.	C/D/DR	1040 Vail Avenue

Key: C – Cultivation | M – Manufacturing | D – Distribution | DR – Delivery-Only Retail

The applicants above are requesting an amendment to their Development Agreements for a transfer and/or change in ownership, additional approved commercial cannabis activity, or an expansion of operations. The proposed changes are summarized in Table 2.

TABLE 2 – Proposed Modifications

DA #	Applicant ("Assignor")	Type of Change	Proposed New Owner(s) and Legal Entity ("Assignee")
23-19	Blue Basil, LLC	a. Expansion of Operations b. Addition of Cultivation as permitted commercial cannabis activity in DA	N/A
07-19	Saint's Place, LLC	a. Addition of Cultivation as permitted commercial cannabis activity in DA	N/A
27-19	Montvail, Inc.	b. 50%, 40% and 10% Sale/Transfer to New Owners, Respectively, Under Amended, Same Entity	a. Nuritsa Poghosyan, Suzana Ghukasyan, Gladis Gabrielovna b. Montvail, Inc.

In accordance with the terms of the Development Agreement, including Articles 19 and 2, Applicants have provided to the City of Montebello a written application form seeking a modification to the Development Agreement and respective Conditional Use Permit ("CUP"), for City's consent to assignment and change of ownership, addition of permitted commercial cannabis activity, and expansion of operations. The City has received application for modification materials, information and requisite fees it deems sufficient, appropriate and complete for the purpose of determining that Applicant is a qualified applicant for purposes of the terms of the Development Agreement and the CUP.

In the event of missing or incomplete application information, or exhibits to the Amendments, if any, staff is recommending that City Council condition the approval of the Amendment to Cannabis Business Development Agreement on the respective owner(s) and operator(s) clearing the requisite background checks, providing all exhibits to the development agreement amendments and missing information, if any, to the City of Montebello in a form acceptable to the City Attorney's Office no later than August 27, 2021.

ENVIRONMENTAL ASSESSMENT

The California Environmental Quality Act ("CEQA") requires public agencies to analyze and consider the impacts a "project" may have on the environment. A project is only subject to CEQA if the project requires a discretionary decision by the public agency. The required level of review depends on the probability and intensity of project related impacts. Additionally, a project may be exempt from CEQA review if the project qualifies for a categorical exemption.

City staff determined that approval of the Amendments to development agreements qualify as a project pursuant to CEQA. As such, staff determined that the proposed projects anticipated by the Amendments to Development Agreements require CEQA compliance. After a thorough examination of the project applications of each proposed facility, including, but not limited to, standard operating procedures ("SOPs"), security plan, site plan and environmental data form, staff determined that the projects meet the provisions of CEQA Categorical Exemptions. These categorical exemptions were mandated by Public Resource Code Section 21084 and listed as a part of the CEQA Guidelines by the Secretary for Resource in Article 19 of the CEQA Guidelines.

Additionally, the projects contemplated by Amendment Nos. 23-19, 07-19, and 27-19 were already previously analyzed for environmental impacts, and includes only minor interior alterations to the respective subject property. This zone was previously analyzed for environmental impacts with the approval of the conditional use permits for the subject property. Impacts were evaluated based on the anticipated activities likely to occur in such zone and City staff has determined that such "project", pursuant to the California Environmental Act (CEQA) Section 15301 (Existing Facilities) Class 1, consist of projects characterized as existing facilities meeting the following conditions described in said section:

1. The project consists of the operation repair, maintenance, permitting, leasing, licensing, or minor alterations of existing public and private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing of former use.
2. The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.
3. The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses.
4. The project site has no value as habitat for endangered, rare or threatened species.
5. Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.
6. The site can be adequately served by all required utilities and public services.

Commercial cannabis activities are like in nature to those uses allowed by right currently existing or allowed in the M-1 and M-2 zones in which commercial cannabis activities are proposed. Further, as referenced hereinabove, the proposed three (3) projects have been approved as conditionally allowed uses by the Planning Commission, and a determination at that time was made that the projects were categorically exempt. Therefore, there is no nexus between commercial cannabis activities and additional significant environmental impacts in the zones that allow such activities.

There has been no scientific or factual data presented, to date, identifying any direct or indirect environmental impacts resulting from the manufacturing process or any other cannabis related activity. In fact, many of the processes used in the manufacturing of cannabis, like extraction methods, are currently used in other manufacturing industries. Furthermore, impacts can be mitigated or otherwise regulated by the permitting process of other regulatory agencies. For example, all manufacturing facilities are required to obtain approvals and permits by the Fire Department and regional air quality management districts.

None of the conditions described in CEQA Guidelines, requiring the preparation of a Negative Declaration, Mitigated Negative Declaration or Environmental Impact Report, will occur as part of the proposed projects contemplated as part of the DAs. The City Council has the authority and discretion to make findings exempting the approval of the Development Agreement from further CEQA review. Therefore, in accordance with Section 15061(d) of the CEQA Guidelines, the City staff recommends that the City Council adopt these findings exempting the development agreements from further CEQA review and direct staff to file a Notice of Exemption for each project recommended for approval. In this regard, a Notice of Exemption from the California Environmental Quality Act CEQA for each development agreement have been prepared pursuant to CEQA (Public Resources Code §21000 et seq.) and the State CEQA Guidelines (Title 14, California Code or Regulations, Division 6, Chapter 3, §15000 et seq.) prior to the City Council's consideration for approval. The subject development agreements are "projects" that are subject to environmental review.

SUMMARY

City staff recommends that the City Council approve the three (3) Amendments for the operation of commercial cannabis activities in the City of Montebello, and adopt findings contained herein exempting the Amendments to the development agreements from further CEQA review under CEQA Section 15301, and direct staff to prepare and file the appropriate Notice of Exemption for each project recommended for approval.

CITY OF MONTEBELLO
AMENDMENT NO. 1 TO AGREEMENT NO. 3718

FIRST AMENDMENT TO COMMERCIAL CANNABIS BUSINESS DEVELOPMENT AGREEMENT NO. 23-19

THIS FIRST AMENDMENT TO COMMERCIAL CANNABIS DEVELOPMENT AGREEMENT NO. 23-19 ("the First Amendment") is entered into this ____th day of July, 2021, by and between the CITY OF MONTEBELLO ("City"), a California municipal corporation, and BLUE BASIL, LLC, a California limited liability company ("Owner"). City and Owner are sometimes referenced together herein as the "Parties." In instances when a provision hereof applies to each of the Parties individually, either may be referenced as a "Party."

The Parties hereby jointly render the following statement as to the background facts and circumstances underlying this First Amendment to Commercial Cannabis Development Agreement No. 23-19.

RECITALS

WHEREAS, on February 14, 2018, Ordinance No. 2399 and No. 2400 came into effect authorizing specified commercial cannabis activities within the City of Montebello, in strict compliance with Applicable Cannabis Laws, under specified conditions and provisions; and

WHEREAS, on June 13, 2018, Ordinance No. 2404 and No. 2405 came into effect amending specified commercial cannabis activities authorized by Ordinance No. 2399 and No. 2400 within the City of Montebello, in strict compliance with Applicable Cannabis Laws, under specified conditions and provisions; and

WHEREAS, no such commercial cannabis activities are allowed or authorized in the City without a Conditional Use Permit, a Development Agreement, and all requirements pursuant to Montebello Municipal Code Chapters 5.90 and 17.71; and

WHEREAS, on October 15, 2019, a Conditional Use Permit No. CUP 23-19 (*hereinafter* "CUP") was submitted by Christina D'Angelo with Blue Basil, LLC, and approved by the Planning Commission to conduct commercial cannabis activities; and

WHEREAS, on December 18, 2019, the City Council of the City of Montebello approved the execution of "COMMERCIAL CANNABIS BUSINESS DEVELOPMENT AGREEMENT NO. 23-19 BETWEEN THE CITY OF MONTEBELLO AND BLUE BASIL, LLC" (the "Development Agreement"); and

WHEREAS, a CUP No. 23-19-M1 application was submitted by Christina D'Angelo with Blue Basil, LLC, to amend CUP No. 23-19 to expand operations and allow for indoor cannabis Cultivation (59,841 square feet) as a conditionally permitted use to go with previously approved cannabis Manufacturing, Distribution, and Non-Storefront Retail Delivery located at 7733 Telegraph Road (APN 6354-028-033); and

WHEREAS, after conducting a duly noticed CUP hearing on March 16, 2021, in conjunction with the City's applicable ordinances and resolutions, the Planning Commission of the City reviewed, considered and approved environmental clearance and approved the execution of CUP No. 23-19-M1; and

WHEREAS, presently, Owner has a leasehold interest in a certain real property located at 7733 Telegraph Road ("Site") for the purpose of conducting commercial cannabis related activities which shall include, but not be limited to, commercial cannabis manufacturing, delivery-only retail, distribution, and cultivation. Such commercial cannabis facilities shall operate in accordance with all applicable provisions of California Business and Professions Code, California Health and Safety Code, California Revenue and Taxation Code, California Vehicle Code, California Water Code, California Code of Regulations, and the City of Montebello Municipal Code as it applies to such facilities as such provisions may be amended from time to time (collectively the "Applicable Cannabis Laws"). Prior to operating a cannabis manufacture site, deliver-only site, distribution site, and cultivation site, as those terms are defined in the Montebello Municipal Code ("Manufacturing, Delivery-Only Retail, Distribution, and Cultivation Facility"), Owner shall be required to obtain a Conditional Use Permit from the City, and any and all related permits and licenses prior to the operation of same, pursuant to Montebello Municipal Code Chapters 5.90 and 17.71; and

WHEREAS, Owner intends on obtaining one or more additional permanent annual California State License(s), pursuant to Applicable Cannabis Laws, to operate a Cultivation Facility at the Site in addition to existing Manufacturing, Delivery-Only Retail, and Distribution Facility operations at the Site ("Project"). The definition of "Owner" hereunder shall mean and refer to the fee simple owner and/or any authorized tenant of the Site to the extent such party holds or is covered by a City Conditional Use Permit; and is not intended to necessarily be coextensive with the definition of that term as defined in California Business & Professions Code Section 26001(al); and

WHEREAS, the Project will consist of such final square footage to be consistent with Owner's final approved CUP, as may be amended pursuant to the CUP and/or this agreement. The building will be divided into major spaces for cultivation, manufacturing, delivery and general business offices as follows:

Cultivation: The Project's cultivation area includes the following uses: flowering rooms, a drying and trimming room, a vegetation room and cloning room. Total area of these uses will be enumerated with an estimated square footage footprint within Owner's final approved CUP or building permits. Cultivation operations would occur 24-hours daily;

Manufacturing: The Project will include a manufacturing room that would be used initially for packaging products. Under the manufacturing license, the Owner will conduct additional manufacturing activities including, volatile extraction (Type 7 Manufacturing). The total area of these uses will be enumerated with an estimated square footage footprint within Owner's final approved CUP or building permits. Manufacturing operations would occur 24-hours daily.

Non-Storefront Retail Delivery: The retail delivery activities will occur within the delivery office. The total area of this use will be enumerated with an estimated square footage footprint within the Owner's final approved CUP or building permits. 2) Manufacturing (Volatile Type 7)
3) Non-Storefront Retail Delivery (Type 9)
4) Distribution (Type 11)

WHEREAS, Article 2 of the Development Agreement, "Permitted Uses," provides that an Owner may apply for an amendment to a Development Agreement and to the issued CUP so long as approval is received by the City's Planning Commission and City Council, as required, to amend the Permitted Uses at the Site; and

WHEREAS, Article 20 of the Development Agreement prohibits an Owner from operating a commercial cannabis facility authorized under the municipal code unless it is a holder of a valid CUP issued by the City in accordance with the procedures and requirements of Montebello Municipal Code Chapters 5.90 and 17.71; and

WHEREAS, it is the intention of BLUE BASIL, LLC to modify this Development Agreement to expand operations and add commercial cannabis Cultivation to the Permitted Uses under the Agreement; and

WHEREAS, in accordance with the terms of the Development Agreement, Owners have provided to the City of Montebello a written application form to a modification to the Development Agreement and CUP for City's consent to expand operations and to add Cultivation as a permitted use. The City has received application for modification materials, information and requisite fees it deems sufficient, appropriate and complete for the purpose of determining that Owners are qualified for purposes of the foregoing terms of the Development Agreement and the CUP, including showing the requisite proof of an approved amended CUP 23-19-M1 and allowing Cultivation as an additional cannabis activity at 7733 Telegraph Road; and

WHEREAS, this First Amendment is intended to meet the requirements of Article 2 of the Development Agreement and applicable Montebello Municipal Code provisions regulating an amendment to expand operations and add Cultivation as an additional commercial cannabis activity, and is executed with the consent of the City of Montebello as contemplated in the Development Agreement; and

WHEREAS, all procedures of the California Environmental Quality Act ("CEQA"), California Public Resources Code §21000 et seq., and the CEQA guidelines, title 14 of the California Code of Regulations, chapter 3, §15000 et seq., have been satisfied as the City previously found that the proposed project was Categorically Exempt from California Environmental Quality Act ("CEQA") requirements under provisions of CEQA Guidelines **Section 15301** – Existing Facilities as change of ownership does not have any further environmental impact from what was previously found by the City; and

WHEREAS, on July 28, 2021, the City Council of the City of Montebello reviewed, considered, and approved this FIRST AMENDMENT TO COMMERCIAL CANNABIS DEVELOPMENT AGREEMENT NO. 23-19, by and between the City of Montebello and Blue Basil, LLC.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, and other good and valuable consideration, the receipt and legal sufficiency of which are hereby acknowledged, the Parties do hereby agree as follows:

Section 1: Recitals.

The Recitals are true and correct and are hereby incorporated into and made a part of this First Amendment. In the event of any inconsistency between the Recitals and the provisions of this First Amendment, herein below, said provisions of this First Amendment shall prevail.

3.5. ***Section 5.k. Facility Operations; Processing, Handling, Storing, and Distribution of Commercial Cannabis and Related Products.***

Commercial cannabis cultivation, handling, storing, and processing shall be concealed from public view at all stages of growth and processing, and there shall be no exterior evidence of cultivation or processing occurring at the premises from a public right-of-way or from an adjacent parcel.

Commercial cannabis cultivation, handling, storing, processing, or distribution shall not create offensive odors; create excessive dust, heat, noise, smoke, traffic, or other impacts that are disturbing to people of normal sensitivity residing or present on adjacent or nearby property or areas open to the public; or be hazardous due to use or storage of materials, processes, products, or wastes.

Owners shall store its commercial cannabis and/or commercial cannabis products in a secured storage room with T-card identification access for management only. The storage room shall be constructed of fire-rated walls with an appropriate number of cameras installed to view all entries and exits from the storage room, as well as all other activities performed within Owners' facility. Owners will not conduct outdoor operations except as related to lawful delivery and transportation of commercial cannabis and infused products. Owner will not store commercial cannabis or related products in its delivery vehicle outside normal operating hours of the facility.

Commercial cannabis products shall be sold or distributed only to licensed facilities in California, in compliance with state and local law in accordance with Subsection 2(c) of this Agreement. Excess or contaminated product will be securely stored on-site until it is properly disposed. Disposal may include composting, incineration, land-fill disposal through the local waste management hauler, or other disposal methodology in accordance with state and county health and safety codes and regulations.

3.6. ***Section 5.I. Facility Operations; Odor Control.***

All structures shall have adequate ventilation and filtration systems installed that minimize and control commercial cannabis plant odors from exiting the interior of the structure. The ventilation and filtration system shall be approved by the City Building Official and installed prior to commencing cultivation or manufacturing within the allowable structure. Facility air intake, exhaust, and recirculating system shall be of industrial grade. Activated charcoal, recirculating, and closed loop aeration systems will be utilized as necessary for effective odor control and management.

3.7. ***Section 7.b. Payment of City Fees; Cannabis Operation Fees.***

As used herein, "**Premises**" means the designated structure or structures and land specified in the application that is owned, leased, or otherwise held under the control of the Owner where the commercial cannabis activities will be or are conducted.

As used herein, "**commercial cannabis activities**" means all permitted activities: e.g. cultivation, possession, manufacture, processing, storing,

packaging, labeling, transportation, sale, delivery or distribution of cannabis and/or cannabis products.

As used herein, "**Gross receipts**" shall mean the total amount of receipts actually received or receivable in accordance with GAAP or other comprehensive version of accounting in the course of business in a calendar year or calendar month from sales or the performance of acts or services for which charge is made or credit allowed. "**Gross receipts**" include, without limitation, all receipts, cash, credit, property received in lieu of cash, and any other valuable consideration taken in exchange for goods, services or other valuable consideration.

As used herein, "**Production Space**" means the area on or within the **Premises** intended for **commercial cannabis activities** excluding non-operational common areas such as restrooms, cafeterias, break rooms, hallways, corridors, vestibules, parking structures or surface street lots. The parties stipulate and agree that the square footage for the Production Space shall be determined by the City Manager in his role and complete discretion as the Project is completed.

The City Manager is specifically authorized to increase the square footage for the Production Space up to an increase in size of ten percent (10%) administratively and to determine the corresponding operating fee as the Project is completed.

Owners agree to pay to City ninety (90) days after a Certificate of Occupancy is granted, in order to enable City to promote, protect, and enhance the health, safety, and welfare of the community and its residents and its quality of life.

Owner agrees to pay the following percentage of gross receipts and the following price per square footage for cannabis operations, as follows, paid on a quarterly basis to the City ("Cannabis Operation Fee"):

1. **Manufacturing**: 2% of gross receipts

2. **Distribution**: 2.5% of gross receipts, excluding distribution of products manufactured at the Site as well as distribution activities solely to licensed entities under common ownership or otherwise affiliated with Owner so long as distribution is not the only commercial activity conducted at the Site

3. **Delivery-Only Retail**: 2% of gross receipts

4. **Cultivation**: $10.00 per square foot of canopy space, as defined under the California Code of Regulations Cannabis Cultivation

Program, as may be amended from time to time pursuant to the CUP and/or this Agreement

Any subsequent years of operation after the first ten (10) year term of this Agreement shall be negotiated in good faith by the parties.

A Site with multiple licenses must not commingle respective sales proceeds, and blend percentage rate of Gross Receipts.

The Cannabis Operation Fee shall begin to accrue **ninety (90) days** after a Certificate of Occupancy is granted. Owners shall make payments to the City on a quarterly basis, within ninety (90) calendar days after the last day of each quarter. The first quarter is defined as January 1 through March 21, the second quarter as April 1 through June 30, the third quarter as July 1 through September 30, and the fourth quarter as October 1 through December 31. First payment to the City may be prorated, if applicable, to adhere to the latter, uniform quarterly payment schedule.

Failure to pay the Cannabis Operation Fee within thirty (30) calendar days after the due date shall result in a penalty for nonpayment in a sum equal to 10% of the total amount due. Additional penalties will be assessed in the following manner: an additional 10% shall be added to the first day of each calendar month following the month of the imposition of the 10% penalty if these fees remain unpaid in whole or in part – up to a maximum of 100% of the total fee payable on the due date.

3.8. ***Section 7.c. Payment of City Fees.***

Owners understand and agree that the fees set forth above shall be paid in a manner and in accordance with a payment schedule set or modified by City. The cultivation, manufacturing, testing, distribution, and delivery space to which the Cannabis Operation Fee applies is as identified on the City-issued final approved floor plan.

3.9. ***Section 17. CUP Conditions of Approval.***

Restatement of Compliance with CUP Conditions of Approval. Owners shall comply with all conditions of approval of the City-issued CUP, as reflected and memorialized in Exhibit F, “Conditions of Approval,” of the Development Agreement, and as also incorporated herein to this First Amendment, by this reference. If there is any conflict between a term of the Development Agreement, this First Amendment, and a condition of approval of the City-issued CUP, then the most restrictive shall apply.

Section 4: Effect of First Amendment and Continued Effectiveness of Development Agreement. Except as expressly modified herein, the Development Agreement shall remain in full force and effect, and all the terms and provisions of the Development Agreement are hereby reaffirmed. The provisions of this First Amendment are severable and separate, and should a legal challenge be brough challenging the First Amendment, including but not limited to, an action or proceeding – in equity or in law – such challenge shall in no way affect or impact the continued validity and existence of the Development Agreement.

Section 5: Effective Date. "First Amendment Effective Date" means the date on which all of the following are true: (i) this First Amendment has been signed by all parties; (ii) all complete information and documentation supporting the application for this First Amendment have been submitted to the City; and (iii) Exhibits to this First Amendment are finalized, and same have been provided; however, that if these conditions have not been fully satisfied by the Owner, the Effective Date may not thereafter occur and this First Amendment may not thereafter become effective.

Section 6: Authority to Sign. Each Party or responsible officer or governing body therefore, has read this First Amendment and understands and knows the contents thereof, and represents and warrants that each of the officers, members, or agents executing this First Amendment on behalf of their respective corporations, partnerships, or other organizations is authorized and empowered to do so and hereby binds the respective corporation, partnership, or other organization.

IN WITNESS HEREOF, the Parties hereto have executed this First Amendment as of the dates herein below.

1.9 **Real Estate Brokers.** (See also Paragraph 15 and 25)

(a) **Representation:** Each Party acknowledges receiving a Disclosure Regarding Real Estate Agency Relationship, confirms and consents to the following agency relationships in this Lease with the following real estate brokers ("Broker(s)") and/or their agents ("Agent(s)"):

Lessor's Brokerage Firm Lee & Associates Commercial Real Estate Services, Inc. - City of Industry License No. 01125429 Is the broker of (check one): ☑ the Lessor; or ☐ both the Lessee and Lessor (dual agent).

Lessor's Agent Mike Tsaparian, CCIM/Peter D. Bacci, SIOR License No. 00901326/00946253 Is (check one): ☑ the Lessor's Agent (salesperson or broker associate); or ☐ both the Lessee's Agent and the Lessor's Agent (dual agent).

Lessee's Brokerage Firm _____ License No. _____ Is the broker of (check one): ☐ the Lessee; or ☐ both the Lessee and Lessor (dual agent).

Lessee's Agent _____ License No. _____ Is (check one): ☐ the Lessee's Agent (salesperson or broker associate); or ☐ both the Lessee's Agent and the Lessor's Agent (dual agent).

(b) **Payment to Brokers:** Upon execution and delivery of this Lease by both Parties, Lessor shall pay to the Brokers the brokerage fee agreed to in a separate written agreement ~~(or if there is no such agreement, the sum of ____ or ____% of the total Base Rent)~~ for the brokerage services rendered by the Brokers.

~~1.10 **Guarantor.** The obligations of the Lessee under this Lease are to be guaranteed by _____ ("Guarantor"). (See also Paragraph 37)~~

1.11 **Attachments.** Attached hereto are the following, all of which constitute a part of this Lease:

☑ an Addendum consisting of Paragraphs 51 through 69;

☑ a plot plan depicting the Premises; Exhibit "A"

☐ a current set of the Rules and Regulations;

☐ a Work Letter;

☑ other (specify): Disclosure for Lease; Disclosure Regarding Real Estate Agency Exhibit "B" PSA.

2. Premises.

2.1 **Letting.** Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Premises, for the term, at the

rental, and upon all of the terms, covenants and conditions set forth in this Lease. While the approximate square footage of the Premises may have been used in the marketing of the Premises for purposes of comparison, the Base Rent stated herein is NOT tied to square footage and is not subject to adjustment should the actual size be determined to be different. **NOTE: Lessee is advised to verify the actual size prior to executing this Lease.**

2.2 **Condition**. Lessor shall deliver the Premises to Lessee broom clean and free of debris on the Commencement Date or the Early Possession Date, whichever first occurs ("**Start Date**"), ~~and, so long as the required service contracts described in Paragraph 7.1(b) below are obtained by Lessee and in effect within thirty days following the Start Date, warrants that the existing electrical, plumbing, fire sprinkler, lighting, heating, ventilating and air conditioning systems ("HVAC"), loading doors, sump pumps, if any, and all other such elements in the Premises, other than those constructed by Lessee, shall be in good operating condition on said date, that the structural elements of the roof, bearing walls and foundation of any buildings on the Premises (the "Building") shall be free of material defects, and that the Premises do not contain hazardous levels of any mold or fungi defined as toxic under applicable state or federal law. If a non-compliance with said warranty exists as of the Start Date, or if one of such systems or elements should malfunction or fail within the appropriate warranty period, Lessor shall, as Lessor's sole obligation with respect to such matter, except as otherwise provided in this Lease, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, malfunction or failure, rectify same at Lessor's expense. The warranty periods shall be as follows: (i) 6 months as to the HVAC systems, and (ii) 30 days as to the remaining systems and other elements of the Building. If Lessee does not give Lessor the required notice within the appropriate warranty period, correction of any such non-compliance, malfunction or failure shall be the obligation of Lessee at Lessee's sole cost and expense. Lessor also warrants, that unless otherwise specified in writing, Lessor is unaware of (i) any recorded Notices of Default affecting the Premise; (ii) any delinquent amounts due under any loan secured by the Premises; and (iii) any bankruptcy proceeding affecting the Premises.~~

2.3 **Compliance**. ~~Lessor warrants that to the best of its knowledge the improvements on the Premises comply with the building codes, applicable laws, covenants or restrictions of record, regulations, and ordinances ("Applicable Requirements") that were in effect at the time that each improvement, or portion thereof, was constructed. Said warranty does not apply to the use to which Lessee will put the Premises, modifications which may be required by the Americans with Disabilities Act or any similar laws as a result of Lessee's use (see Paragraph 49), or to any Alterations or Utility Installations (as defined in Paragraph 7.3(a)) made or to be made by Lessee.~~ **NOTE: Lessee is responsible for determining whether or not the Applicable Requirements, and especially the zoning, are appropriate for Lessee's intended use, and acknowledges that past uses of the Premises may no longer be allowed.** ~~If the Premises do not comply with said warranty, Lessor shall, except as otherwise provided, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, rectify the same at Lessor's expense. If Lessee does not give Lessor written notice of a non-compliance with this warranty within 6 months following the Start Date, correction of that non-compliance shall be the obligation of Lessee at Lessee's sole cost and expense. If the Applicable Requirements are~~ Except for those circumstances where the Lessee is already required under the Lease to make improvements, additions or alterations, if the building codes, applicable laws, CC&Rs, regulations and ordinances ("Applicable Requirements") are hereafter changed so as to require during the term of this Lease the construction of an addition to or an alteration of the Premises and/or Building, the remediation of any Hazardous Substance, or the reinforcement or other physical modification of the Unit, Premises and/or Building ("**Capital Expenditure**"), Lessor and Lessee shall allocate the cost of such work as follows:

(a) Subject to Paragraph 2.3(c) below, if such Capital Expenditures are required as a result of the specific and unique use of the Premises by Lessee as compared with uses by tenants in general, Lessee shall be fully responsible for the cost thereof, provided, however, that if such Capital Expenditure is required during the last 2 years of this Lease and the cost thereof exceeds 6 months' Base Rent, Lessee may instead terminate this Lease unless Lessor notifies Lessee, in writing, within 10 days after receipt of Lessee's termination notice that Lessor has elected to pay the difference between the actual cost thereof and an amount equal to 6 months' Base Rent. If Lessee elects termination, Lessee shall immediately cease the use of the Premises which requires such Capital Expenditure and deliver to Lessor written notice specifying a termination date at least 90 days thereafter. Such termination date shall, however, in no event be earlier than the last day that Lessee could legally utilize the Premises without commencing such Capital Expenditure.

(b) If such Capital Expenditure is not the result of the specific and unique use of the Premises by Lessee (such as, governmentally mandated seismic modifications), then Lessor shall pay for such Capital Expenditure and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease or any extension thereof, on the date that on which the Base Rent is due, an amount equal to 1/144th of the portion of such costs reasonably attributable to the Premises. Lessee shall pay Interest on the balance but may prepay its obligation at any time. If, however, such Capital Expenditure is required during the last 2 years of this Lease or if Lessor reasonably determines that it is not economically feasible to pay its share thereof, Lessor shall have the option to terminate this Lease upon 90 days prior written notice to Lessee unless Lessee notifies Lessor, in writing, within 10 days after receipt of Lessor's termination notice that Lessee will pay for such Capital Expenditure. If Lessor does not elect to terminate, and fails to tender its share of any such Capital Expenditure, Lessee may advance such funds and deduct same, with Interest, from Rent until Lessor's share of such costs have been fully paid. If Lessee is unable to finance Lessor's share, or if the balance of the Rent due and payable for the remainder of this Lease is not sufficient to fully reimburse Lessee on an offset basis, Lessee shall have the right to terminate this Lease upon 30 days written notice to Lessor.

(c) Notwithstanding the above, the provisions concerning Capital Expenditures are intended to apply only to non-voluntary, unexpected, and new Applicable Requirements. If the Capital Expenditures are instead triggered by Lessee as a result of an actual or proposed change in use, change in intensity of use, or modification to the Premises

then, and in that event, Lessee shall either: (i) immediately cease such changed use or intensity of use and/or take such other steps as may be necessary to eliminate the requirement for such Capital Expenditure, or (ii) complete such Capital Expenditure at its own expense. Lessee shall not, however, have any right to terminate this Lease.

2.4 **Acknowledgements**. Lessee acknowledges that: (a) it has been given an opportunity to inspect and measure the Premises, (b) it has been advised by Lessor and/or Brokers to satisfy itself with respect to the size and condition of the Premises (including but not limited to the electrical, HVAC and fire sprinkler systems, security, environmental aspects, and compliance with Applicable Requirements and the Americans with Disabilities Act), and their suitability for Lessee's intended use, (c) Lessee has made such investigation as it deems necessary with reference to such matters and assumes all responsibility therefor as the same relate to its occupancy of the Premises, (d) it is not relying on any representation as to the size of the Premises made by Brokers or Lessor, (e) the square footage of the Premises was not material to Lessee's decision to lease the Premises and pay the Rent stated herein, and (f) neither Lessor, Lessor's agents, nor Brokers have made any oral or written representations or warranties with respect to said matters other than as set forth in this Lease. In addition, Lessor acknowledges that: (i) Brokers have made no representations, promises or warranties concerning Lessee's ability to honor the Lease or suitability to occupy the Premises, and (ii) it is Lessor's sole responsibility to investigate the financial capability and/or suitability of all proposed tenants.

~~2.5 **Lessee as Prior Owner/Occupant.** The warranties made by Lessor in Paragraph 2 shall be of no force or effect if immediately prior to the Start Date Lessee was the owner or occupant of the Premises. In such event, Lessee shall be responsible for any necessary corrective work.~~

3. Term.

3.1 **Term**. The Commencement Date, Expiration Date and Original Term of this Lease are as specified in Paragraph 1.3.

3.2 **Early Possession**. Any provision herein granting Lessee Early Possession of the Premises is subject to and conditioned upon the Premises being available for such possession prior to the Commencement Date. Any grant of Early Possession only conveys a non-exclusive right to occupy the Premises. If Lessee totally or partially occupies the Premises prior to the Commencement Date, the obligation to pay Base Rent shall be abated for the period of such Early Possession. All other terms of this Lease (including but not limited to the obligations to pay Real Property Taxes and insurance premiums and to maintain the Premises) shall be in effect during such period. Any such Early Possession shall not affect the Expiration Date.

3.3 **Delay In Possession**. Lessor agrees to use its best commercially reasonable efforts to deliver possession of the Premises to Lessee by the Commencement Date. If, despite said efforts, Lessor is unable to deliver possession by such date, Lessor shall not be subject to any liability therefor, nor shall such failure affect the validity of this Lease or change the Expiration Date. Lessee shall not, however, be obligated to pay Rent or perform its other obligations until Lessor delivers possession of the Premises and any period of rent abatement that Lessee would otherwise have enjoyed shall run from the date of delivery of possession and continue for a period equal to what Lessee would otherwise have enjoyed under the terms hereof, but minus any days of delay caused by the acts or omissions of Lessee. If possession is not delivered within 60 days after the Commencement Date, as the same may be extended under the terms of any Work Letter executed by Parties, Lessee may, at its option, by notice in writing within 10 days after the end of such 60 day period, cancel this Lease, in which event the Parties shall be discharged from all obligations hereunder. If such written notice is not received by Lessor within said 10 day period, Lessee's right to cancel shall terminate. If possession of the Premises is not delivered within 120 days after the Commencement Date, this Lease shall terminate unless other agreements are reached between Lessor and Lessee, in writing.

3.4 **Lessee Compliance**. Lessor shall not be required to tender possession of the Premises to Lessee until Lessee complies with its obligation to provide evidence of insurance (Paragraph 8.5) and evidence of all requisite permits, licenses, authorizations, and documents relating to the Agreed and Permitted Use. Pending delivery of such evidence, Lessee shall be required to perform all of its obligations under this Lease from and after the Start Date, including the payment of Rent, notwithstanding Lessor's election to withhold possession pending receipt of such evidence of insurance and all other requirements in this Paragraph 3.4. Further, if Lessee is required to perform any other conditions prior to or concurrent with the Start Date, the Start Date shall occur but Lessor may elect to withhold possession until such conditions are satisfied.

4. Rent.

4.1 **Rent Defined**. All monetary obligations of Lessee to Lessor under the terms of this Lease (except for the Security Deposit) are deemed to be rent ("**Rent**").

4.2 **Payment**. Lessee shall cause payment of Rent to be received by Lessor in lawful money of the United States, without offset or deduction (except as specifically permitted in this Lease), on or before the day on which it is due. All monetary amounts shall be rounded to the nearest whole dollar. In the event that any invoice prepared by Lessor is inaccurate such inaccuracy shall not constitute a waiver and Lessee shall be obligated to pay the amount set forth in this Lease. Rent for any period during the term hereof which is for less than one full calendar month shall be prorated based upon the actual number of days of said month. Payment of Rent shall be made to Lessor at its address stated herein or to such other persons or place as Lessor may from time to time designate in writing. Acceptance of a payment which is less than the amount then due shall not be a waiver of Lessor's rights to the balance of such Rent, regardless of Lessor's endorsement of any check so stating. In the event that any check, draft, or other instrument of payment given by Lessee to Lessor is dishonored for any reason, Lessee agrees to pay to Lessor the sum of $25 in addition to any Late Charge and Lessor, at its option, may require all future Rent be paid by cashier's check. Payments will be applied first to accrued late charges and attorney's fees, second to accrued interest, then to Base Rent, Insurance and Real Property Taxes, and any

remaining amount to any other outstanding charges or costs.

~~4.3 Association Fees. In addition to the Base Rent, Lessee shall pay to Lessor each month an amount equal to any owner's association or condominium fees levied or assessed against the Premises. Said monies shall be paid at the same time and in the same manner as the Base Rent.~~

5. Security Deposit. Lessee shall deposit with Lessor upon execution hereof the Security Deposit as security for Lessee's faithful performance of its obligations under this Lease. If Lessee fails to pay Rent, or otherwise Defaults under this Lease, Lessor may use, apply or retain all or any portion of said Security Deposit for the payment of any amount already due Lessor, for Rents which will be due in the future, and/ or to reimburse or compensate Lessor for any liability, expense, loss or damage which Lessor may suffer or incur by reason thereof. If Lessor uses or applies all or any portion of the Security Deposit, Lessee shall within 10 days after written request therefor deposit monies with Lessor sufficient to restore said Security Deposit to the full amount required by this Lease. ~~If the Base Rent increases during the term of this Lease, Lessee shall, upon written request from Lessor, deposit additional monies with Lessor so that the total amount of the Security Deposit shall at all times bear the same proportion to the increased Base Rent as the initial Security Deposit bore to the initial Base Rent.~~ Should the Agreed Use be amended to accommodate a material change in the business of Lessee or to accommodate a sublessee or assignee, Lessor shall have the right to increase the Security Deposit to the extent necessary, in Lessor's reasonable judgment, to account for any increased wear and tear that the Premises may suffer as a result thereof. If a change in control of Lessee occurs during this Lease and following such change the financial condition of Lessee is, in Lessor's reasonable judgment, significantly reduced, Lessee shall deposit such additional monies with Lessor as shall be sufficient to cause the Security Deposit to be at a commercially reasonable level based on such change in financial condition. Lessor shall not be required to keep the Security Deposit separate from its general accounts. Within 30~~90~~ days after the expiration or termination of this Lease, Lessor shall return that portion of the Security Deposit not used or applied by Lessor. Lessor shall upon written request provide Lessee with an accounting showing how that portion of the Security Deposit that was not returned was applied. No part of the Security Deposit shall be considered to be held in trust, to bear interest or to be prepayment for any monies to be paid by Lessee under this Lease. THE SECURITY DEPOSIT SHALL NOT BE USED BY LESSEE IN LIEU OF PAYMENT OF THE LAST MONTH'S RENT.

6. Use.

6.1 **Use**. Lessee shall use and occupy the Premises only for the Agreed Use, or any other legal use which is reasonably comparable thereto, and for no other purpose. Lessee shall not use or permit the use of the Premises in a manner that is unlawful, creates damage, waste or a nuisance, or that disturbs occupants of or causes damage to neighboring premises or properties. Other than guide, signal and seeing eye dogs, Lessee shall not keep or allow in the Premises any pets, animals, birds, fish, or reptiles. Lessor shall not unreasonably withhold or delay its consent to any written request for a modification of the Agreed Use, so long as the same will not impair the structural integrity of the improvements on the premises or the mechanical or electrical systems therein, and/or is not significantly more burdensome to the Premises. If Lessor elects to withhold consent, Lessor shall within 7 days after such request give written notification of same, which notice shall include an explanation of Lessor's objections to the change in the Agreed Use.

6.2 **Hazardous Substances**.

(a) **Reportable Uses Require Consent**. The term "**Hazardous Substance**" as used in this Lease shall mean any product, substance, or waste whose presence, use, manufacture, disposal, transportation, or release, either by itself or in combination with other materials expected to be on the Premises, is either: (i) potentially injurious to the public health, safety or welfare, the environment or the Premises, (ii) regulated or monitored by any governmental authority, or (iii) a basis for potential liability of Lessor to any governmental agency or third party under any applicable statute or common law theory. Hazardous Substances shall include, but not be limited to, hydrocarbons, petroleum, gasoline, and/or crude oil or any products, by-products or fractions thereof. Lessee shall not engage in any activity in or on the Premises which constitutes a Reportable Use of Hazardous Substances without the express prior written consent of Lessor and timely compliance (at Lessee's expense) with all Applicable Requirements as defined in Paragraph 6.3 below. "**Reportable Use**" shall mean (i) the installation or use of any above or below ground storage tank, (ii) the generation, possession, storage, use, transportation, or disposal of a Hazardous Substance that requires a permit from, or with respect to which a report, notice, registration or business plan is required to be filed with, any governmental authority, and/or (iii) the presence at the Premises of a Hazardous Substance with respect to which any Applicable Requirements as defined in Paragraph 6.3 below, requires that a notice be given to persons entering or occupying the Premises or neighboring properties. Notwithstanding the foregoing, Lessee may use any ordinary and customary materials reasonably required to be used in the normal course of the Agreed Use, ordinary office supplies (copier toner, liquid paper, glue, etc.) and common household cleaning materials, so long as such use is in compliance with all Applicable Requirements, as defined in Paragraph 6.3 below, is not a Reportable Use, and does not expose the Premises or neighboring property to any meaningful risk of contamination or damage or expose Lessor to any liability therefor. In addition, Lessor may condition its consent to any Reportable Use upon receiving such additional assurances as Lessor reasonably deems necessary to protect itself, the public, the Premises and/or the environment against damage, contamination, injury and/or liability, including, but not limited to, the installation (and removal on or before Lease expiration or termination) of protective modifications (such as concrete encasements) and/or increasing the Security Deposit.

(b) **Duty to Inform Lessor**. If Lessee knows, or has reasonable cause to believe, that a Hazardous Substance has come to be located in, on, under or about the Premises, other than as previously consented to by Lessor, Lessee shall

© 2019 AIR CRE. All Rights Reserved.

immediately give written notice of such fact to Lessor, and provide Lessor with a copy of any report, notice, claim or other documentation which it has concerning the presence of such Hazardous Substance.

(c) **Lessee Remediation**. Lessee shall not cause or permit any Hazardous Substance to be spilled or released in, on, under, or about the Premises (including through the plumbing or sanitary sewer system) and shall promptly, at Lessee's expense, comply with all Applicable Requirements as defined in Paragraph 6.3 below, and take all investigatory and/or remedial action reasonably recommended, whether or not formally ordered or required, for the cleanup of any contamination of, and for the maintenance, security and/or monitoring of the Premises or neighboring properties, that was caused or materially contributed to by Lessee, or pertaining to or involving any Hazardous Substance brought onto the Premises during the term of this Lease, by or for Lessee, or any third party.

(d) **Lessee Indemnification**. To the fullest extent permissible by law, Lessee shall indemnify, defend and hold Lessor, its agents, employees, lenders and ground lessor, if any, harmless from and against any and all loss of rents and/or damages, liabilities, judgments, claims, expenses, penalties, and attorneys' and consultants' fees arising out of or involving any Hazardous Substance brought onto the Premises by or for Lessee, or any third party (provided, however, that Lessee shall have no liability under this Lease with respect to underground migration of any Hazardous Substance under the Premises from adjacent properties not caused or contributed to by Lessee). Lessee's obligations shall include, but not be limited to, the effects of any contamination or injury to person, property or the environment created or suffered by Lessee, and the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease. **No termination, cancellation or release agreement entered into by Lessor and Lessee shall release Lessee from its obligations under this Lease with respect to Hazardous Substances, unless specifically so agreed by Lessor in writing at the time of such agreement.**

(e) **Lessor Indemnification**. Except as otherwise provided in paragraph 8.7, Lessor and its successors and assigns shall indemnify, defend, reimburse and hold Lessee, its employees and lenders, harmless from and against any and all environmental damages, including the cost of remediation, which result from Hazardous Substances which existed on the Premises prior to Lessee's occupancy or which are caused by the gross negligence or willful misconduct of Lessor, its agents or employees. Lessor's obligations, as and when required by the Applicable Requirements, shall include, but not be limited to, the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease.

(f) **Investigations and Remediations**. Lessor shall retain the responsibility and pay for any investigations or remediation measures required by governmental entities having jurisdiction with respect to the existence of Hazardous Substances on the Premises prior to Lessee's occupancy, unless such remediation measure is required as a result of Lessee's use (including "Alterations", as defined in paragraph 7.3(a) below) of the Premises, in which event Lessee shall be responsible for such payment. Lessee shall cooperate fully in any such activities at the request of Lessor, including allowing Lessor and Lessor's agents to have reasonable access to the Premises at reasonable times in order to carry out Lessor's investigative and remedial responsibilities.

(g) **Lessor Termination Option**. If a Hazardous Substance Condition (see Paragraph 9.1(e)) occurs during the term of this Lease, unless Lessee is legally responsible therefor (in which case Lessee shall make the investigation and remediation thereof required by the Applicable Requirements as defined in Paragraph 6.3 below and this Lease shall continue in full force and effect, but subject to Lessor's rights under Paragraph 6.2(d) and Paragraph 13), Lessor may, at Lessor's option, either (i) investigate and remediate such Hazardous Substance Condition, if required, as soon as reasonably possible at Lessor's expense, in which event this Lease shall continue in full force and effect, or (ii) if the estimated cost to remediate such condition exceeds 12 times the then monthly Base Rent or $100,000, whichever is greater, give written notice to Lessee, within 30 days after receipt by Lessor of knowledge of the occurrence of such Hazardous Substance Condition, of Lessor's desire to terminate this Lease as of the date 60 days following the date of such notice. In the event Lessor elects to give a termination notice, Lessee may, within 10 days thereafter, give written notice to Lessor of Lessee's commitment to pay the amount by which the cost of the remediation of such Hazardous Substance Condition exceeds an amount equal to 12 times the then monthly Base Rent or $100,000, whichever is greater. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days following such commitment. In such event, this Lease shall continue in full force and effect, and Lessor shall proceed to make such remediation as soon as reasonably possible after the required funds are available. If Lessee does not give such notice and provide the required funds or assurance thereof within the time provided, this Lease shall terminate as of the date specified in Lessor's notice of termination.

6.3 **Lessee's Compliance with Applicable Requirements**. Except as otherwise provided in this Lease, at all times during the Lease Term, Lessee shall, at Lessee's sole expense, fully, diligently and in a timely manner, materially comply with all applicable laws, regulations, ordinances, covenants and building codes ("Applicable Requirements") (which for the sole purpose of Lessee's compliance, the "applicable law" included as part of the definition of Applicable Requirements shall mean: State, local and Federal law to the extent Federal law is not inconsistent with the Agreed Use as such Federal laws relate to the operations involving cannabis which are permissible in the State of California), including without limitation, all laws and regulations relating to waste product disposal, all future Applicable Requirements and any and all State and local license and registration program requirements relating to or regulating the Agreed Use, ~~all Applicable Requirements~~, the requirements of any applicable fire insurance underwriter or rating bureau, and the recommendations of Lessor's engineers and/or consultants which relate in any manner to the Premises, without regard to whether said Applicable Requirements are now in effect or become effective after the Start Date. Lessee shall, within 10 days after receipt of Lessor's written request, provide Lessor with copies of all permits and other documents, and other information evidencing Lessee's compliance with any Applicable Requirements specified by Lessor, and shall immediately upon receipt, notify Lessor in writing (with copies of any documents involved) of any threatened or actual claim, notice, citation, warning, complaint or report pertaining to or involving the failure of Lessee or the Premises to

INITIALS JE INITIALS Y

© 2019 AIR CRE. All Rights Reserved.

comply with any Applicable Requirements. Likewise, Lessee shall immediately give written notice to Lessor of: (i) any water damage to the Premises and any suspected seepage, pooling, dampness or other condition conducive to the production of mold; or (ii) any mustiness or other odors that might indicate the presence of mold in the Premises. In addition, Lessee shall provide copies of all relevant material safety data sheets (**MSDS**) to Lessor within 10 days of the receipt of a written request therefor. In addition, Lessee shall provide Lessor with copies of its business license, certificate of occupancy and/or any similar document within 10 days of the receipt of a written request therefor.

6.4 **Inspection; Compliance**. Lessor and Lessor's "**Lender**" (as defined in Paragraph 30) and consultants authorized by Lessor shall have the right to enter into Premises at any time, in the case of an emergency, and otherwise at reasonable times after reasonable notice, for the purpose of inspecting and/or testing the condition of the Premises and/or for verifying compliance by Lessee with this Lease. The cost of any such inspections shall be paid by Lessor, unless a violation of Applicable Requirements, or a Hazardous Substance Condition (see paragraph 9.1) is found to exist or be imminent, or the inspection is requested or ordered by a governmental authority. In such case, Lessee shall upon request reimburse Lessor for the cost of such inspection, so long as such inspection is reasonably related to the violation or contamination. In addition, Lessee shall provide copies of all relevant material safety data sheets (**MSDS**) to Lessor within 10 days of the receipt of a written request therefor. Lessee acknowledges that any failure on its part to allow such inspections or testing will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to allow such inspections and/or testing in a timely fashion the Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater for the remainder to the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to allow such inspection and/or testing. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to such failure nor prevent the exercise of any of the other rights and remedies granted hereunder.

7. Maintenance; Repairs; Utility Installations; Trade Fixtures and Alterations.

7.1 **Lessee's Obligations.**

(a) **In General**. Subject to the provisions of Paragraph 2.2 (Condition), ~~2.3 (Compliance)~~, 6.3 (Lessee's Compliance with Applicable Requirements), 7.2 (Lessor's Obligations), 9 (Damage or Destruction), and 14 (Condemnation), Lessee shall, at Lessee's sole expense, keep the Premises, Utility Installations (intended for Lessee's exclusive use, no matter where located), and Alterations in good order, condition and repair (whether or not the portion of the Premises requiring repairs, or the means of repairing the same, are reasonably or readily accessible to Lessee, and whether or not the need for such repairs occurs as a result of Lessee's use, any prior use, the elements or the age of such portion of the Premises), including, but not limited to, all equipment or facilities, such as plumbing, HVAC equipment, electrical, lighting facilities, boilers, pressure vessels, fire protection system, fixtures, walls (interior and exterior), foundations, ceilings, roofs, roof drainage systems, floors, windows, doors, plate glass, skylights, landscaping, driveways, parking lots, fences, retaining walls, signs, sidewalks and parkways located in, on, or adjacent to the Premises. Lessee, in keeping the Premises in good order, condition and repair, shall exercise and perform good maintenance practices, specifically including the procurement and maintenance of the service contracts required by Paragraph 7.1(b) below. Lessee's obligations shall include restorations, replacements or renewals when necessary to keep the Premises and all improvements thereon or a part thereof in good order, condition and state of repair. Lessee shall, during the term of this Lease, keep the exterior appearance of the Building in a first-class condition (including, e.g. graffiti removal) consistent with the exterior appearance of other similar facilities of comparable age and size in the vicinity, including, when necessary, the exterior repainting of the Building.

(b) **Service Contracts**. Lessee shall, at Lessee's sole expense, procure and maintain contracts, with copies to Lessor, in customary form and substance for, and with contractors specializing and experienced in the maintenance of the following equipment and improvements, if any, if and when installed on the Premises: (i) HVAC equipment, (ii) boiler, and pressure vessels, (iii) fire extinguishing systems, including fire alarm and/or smoke detection, (iv) landscaping and irrigation systems, (v) roof covering and drains, and (vi) clarifiers. However, Lessor reserves the right, upon notice to Lessee, to procure and maintain any or all of such service contracts, and Lessee shall reimburse Lessor, upon demand, for the cost thereof.

(c) **Failure to Perform**. If Lessee fails to perform Lessee's obligations under this Paragraph 7.1, Lessor may enter upon the Premises after 10 days' prior written notice to Lessee (except in the case of an emergency, in which case no notice shall be required), perform such obligations on Lessee's behalf, and put the Premises in good order, condition and repair, and Lessee shall promptly pay to Lessor a sum equal to 115% of the cost thereof.

(d) **Replacement**. Subject to Lessee's indemnification of Lessor as set forth in Paragraph 8.7 below, and without relieving Lessee of liability resulting from Lessee's failure to exercise and perform good maintenance practices, if an item described in Paragraph 7.1(b) cannot be repaired other than at a cost which is in excess of 50% of the cost of replacing such item, then such item shall be replaced by Lessor, and the cost thereof shall be prorated between the Parties and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease, on the date on which Base Rent is due, an amount equal to the product of multiplying the cost of such replacement by a fraction, the numerator of which is one, and the denominator of which is 144 (ie. 1/144th of the cost per month). Lessee shall pay Interest on the unamortized balance but may prepay its obligation at any time.

7.2 **Lessor's Obligations**. Subject to the provisions of Paragraphs 2.2 (Condition), 2.3 (Compliance), 9 (Damage or Destruction) and 14 (Condemnation), it is intended by the Parties hereto that Lessor have no obligation, in any manner whatsoever, to repair and maintain the Premises, or the equipment therein, all of which obligations are intended to be that of the Lessee. It is the intention of the Parties that the terms of this Lease govern the respective obligations of the

Parties as to maintenance and repair of the Premises.

7.3 **Utility Installations; Trade Fixtures; Alterations.**

(a) **Definitions.** The term "**Utility Installations**" refers to all floor and window coverings, air and/or vacuum lines, power panels, electrical distribution, security and fire protection systems, communication cabling, lighting fixtures, HVAC equipment, plumbing, and fencing in or on the Premises. The term "**Trade Fixtures**" shall mean Lessee's machinery and equipment that can be removed without doing material damage to the Premises. The term "Alterations" shall mean any modification of the improvements, other than Utility Installations or Trade Fixtures, whether by addition or deletion. "**Lessee Owned Alterations and/or Utility Installations**" are defined as Alterations and/or Utility Installations made by Lessee that are not yet owned by Lessor pursuant to Paragraph 7.4(a).

(b) **Consent.** Lessee shall not make any Alterations or Utility Installations to the Premises without Lessor's prior written consent. Lessee may, however, make non-structural Alterations or Utility Installations to the interior of the Premises (excluding the roof) without such consent but upon notice to Lessor, as long as they are not visible from the outside, do not involve puncturing, relocating or removing the roof or any existing walls, will not affect the electrical, plumbing, HVAC, and/or life safety systems, do not trigger the requirement for additional modifications and/or improvements to the Premises resulting from Applicable Requirements, such as compliance with Title 24, and the cumulative cost thereof during this Lease as extended does not exceed a sum equal to 3 month's Base Rent in the aggregate or a sum equal to one month's Base Rent in any one year. Notwithstanding the foregoing, Lessee shall not make or permit any roof penetrations and/or install anything on the roof without the prior written approval of Lessor. Lessor may, as a precondition to granting such approval, require Lessee to utilize a contractor chosen and/or approved by Lessor. Any Alterations or Utility Installations that Lessee shall desire to make and which require the consent of the Lessor shall be presented to Lessor in written form with detailed plans. Consent shall be deemed conditioned upon Lessee's: (i) acquiring all applicable governmental permits, (ii) furnishing Lessor with copies of both the permits and the plans and specifications prior to commencement of the work, and (iii) compliance with all conditions of said permits and other Applicable Requirements in a prompt and expeditious manner. Any Alterations or Utility Installations shall be performed in a workmanlike manner with good and sufficient materials. Lessee shall promptly upon completion furnish Lessor with as-built plans and specifications. For work which costs an amount in excess of one month's Base Rent, Lessor may condition its consent upon Lessee providing a lien and completion bond in an amount equal to 150% of the estimated cost of such Alteration or Utility Installation and/or upon Lessee's posting an additional Security Deposit with Lessor. Lessee, at its sole cost and expense and in compliance with this Section, shall make all security, access restriction and similar Alterations and Utility Installations required, necessary, or advisable related to arising from the Agreed Use, including without limitation, any and all security improvements to obtain and/or maintain all appropriate State and local licensing and registrations. In no event will Lessor be responsible for or pay any costs related to or associated with Alterations or Utilities Installations which are unique to the Agreed Use or which will not be likely to provide reasonable value to subsequent lessees. Lessor, at its option and in its sole and absolute discretion, may require at Lessee's sole cost and expense that Lessee remove any and all Utility Improvements, Alterations or other systems, facilities, or materials which Lessor deems to be unique to the Agreed Use as related to cannabis operations or which it deems would not be likely to provide reasonable value to subsequent lessees.

(c) **Liens; Bonds.** Lessee shall pay, when due, all claims for labor or materials furnished or alleged to have been furnished to or for Lessee at or for use on the Premises, which claims are or may be secured by any mechanic's or materialmen's lien against the Premises or any interest therein. Lessee shall give Lessor not less than 10 days notice prior to the commencement of any work in, on or about the Premises, and Lessor shall have the right to post notices of non-responsibility. If Lessee shall contest the validity of any such lien, claim or demand, then Lessee shall, at its sole expense defend and protect itself, Lessor and the Premises against the same and shall pay and satisfy any such adverse judgment that may be rendered thereon before the enforcement thereof. If Lessor shall require, Lessee shall furnish a surety bond in an amount equal to 150% of the amount of such contested lien, claim or demand, indemnifying Lessor against liability for the same. If Lessor elects to participate in any such action, Lessee shall pay Lessor's attorneys' fees and costs.

7.4 **Ownership; Removal; Surrender; and Restoration.**

(a) **Ownership.** Subject to Lessor's right to require removal or elect ownership as hereinafter provided, all Alterations and Utility Installations made by Lessee shall be the property of Lessee, but considered a part of the Premises. Lessor may, at any time, elect in writing to be the owner of all or any specified part of the Lessee Owned Alterations and Utility Installations. Unless otherwise instructed per paragraph 7.4(b) hereof, all Lessee Owned Alterations and Utility Installations shall, at the expiration or termination of this Lease, become the property of Lessor and be surrendered by Lessee with the Premises.

(b) **Removal.** By delivery to Lessee of written notice from Lessor not earlier than 90 and not later than 30 days prior to the end of the term of this Lease, Lessor may require that any or all Lessee Owned Alterations or Utility Installations be removed by the expiration or termination of this Lease. Lessor may require the removal at any time of all or any part of any Lessee Owned Alterations or Utility Installations made without the required consent.

(c) **Surrender; Restoration.** Lessee shall surrender the Premises by the Expiration Date or any earlier termination date, with all of the improvements, parts and surfaces thereof broom clean and free of debris, and in good operating order, condition and state of repair, ordinary wear and tear excepted. "Ordinary wear and tear" shall not include any damage or deterioration that would have been prevented by good maintenance practice. Notwithstanding the foregoing and the provisions of Paragraph 7.1(a), if the Lessee occupies the Premises for 12 months or less, then Lessee shall surrender the Premises in the same condition as delivered to Lessee on the Start Date with NO allowance for ordinary wear and tear. Lessee shall repair any damage occasioned by the installation, maintenance or removal of Trade Fixtures, Lessee owned Alterations and/or Utility Installations, furnishings, and equipment as well as the removal of any

storage tank installed by or for Lessee. Lessee shall also remove from the Premises any and all Hazardous Substances brought onto the Premises by or for Lessee, or any third party (except Hazardous Substances which were deposited via underground migration from areas outside of the Premises) to the level specified in Applicable Requirements. Trade Fixtures shall remain the property of Lessee and shall be removed by Lessee. Any personal property of Lessee not removed on or three (3) business days after ~~before~~ the Expiration Date or any earlier termination date shall be deemed to have been abandoned by Lessee and may be disposed of or retained by Lessor as Lessor may desire. The failure by Lessee to timely vacate the Premises pursuant to this Paragraph 7.4(c) without the express written consent of Lessor shall constitute a holdover under the provisions of Paragraph 26 below.

8. Insurance; Indemnity.

8.1 **Payment For Insurance**. Lessee shall pay for all insurance required under Paragraph 8 except to the extent of the cost attributable to liability insurance carried by Lessor under Paragraph 8.2(b) in excess of $2,000,000 per occurrence. Premiums for policy periods commencing prior to or extending beyond the Lease term shall be prorated to correspond to the Lease term. Payment shall be made by Lessee to Lessor within 10 days following receipt of an invoice.

8.2 **Liability Insurance.**

(a) **Carried by Lessee**. Lessee shall obtain and keep in force a Commercial General Liability policy of insurance protecting Lessee and Lessor as an additional insured against claims for bodily injury, personal injury and property damage based upon or arising out of the ownership, use, occupancy or maintenance of the Premises and all areas appurtenant thereto. Such insurance shall be on an occurrence basis providing single limit coverage in an amount not less than $2,000,000~~$1,000,000~~ per occurrence with an annual aggregate of not less than $4,000,000~~$2,000,000~~. Lessee shall add Lessor as an additional insured by means of an endorsement at least as broad as the Insurance Service Organization's "Additional Insured-Managers or Lessors of Premises" Endorsement. The policy shall not contain any intra-insured exclusions as between insured persons or organizations, but shall include coverage for liability assumed under this Lease as an "**insured contract**" for the performance of Lessee's indemnity obligations under this Lease. The limits of said insurance shall not, however, limit the liability of Lessee nor relieve Lessee of any obligation hereunder. Lessee shall provide an endorsement on its liability policy(ies) which provides that its insurance shall be primary to and not contributory with any similar insurance also carried by Lessor, whose insurance shall be considered excess insurance only.

(b) **Carried by Lessor**. Lessor shall maintain liability insurance as described in Paragraph 8.2(a), in addition to, and not in lieu of, the insurance required to be maintained by Lessee. Lessee shall not be named as an additional insured therein.

8.3 **Property Insurance - Building, Improvements and Rental Value.**

(a) **Building and Improvements**. The Insuring Party shall obtain and keep in force a policy or policies in the name of Lessor, with loss payable to Lessor, any ground-lessor, and to any Lender insuring loss or damage to the Premises. The amount of such insurance shall be equal to the full insurable replacement cost of the Premises, as the same shall exist from time to time, or the amount required by any Lender, but in no event more than the commercially reasonable and available insurable value thereof. Lessee Owned Alterations and Utility Installations, Trade Fixtures, and Lessee's personal property shall be insured by Lessee not by Lessor. If the coverage is available and commercially appropriate, such policy or policies shall insure against all risks of direct physical loss or damage (except the perils of flood and/or earthquake unless required by a Lender), including coverage for debris removal and the enforcement of any Applicable Requirements requiring the upgrading, demolition, reconstruction or replacement of any portion of the Premises as the result of a covered loss. Said policy or policies shall also contain an agreed valuation provision in lieu of any coinsurance clause, waiver of subrogation, and inflation guard protection causing an increase in the annual property insurance coverage amount by a factor of not less than the adjusted U.S. Department of Labor Consumer Price Index for All Urban Consumers for the city nearest to where the Premises are located. If such insurance coverage has a deductible clause, the deductible amount shall not exceed $5,000 per occurrence, and Lessee shall be liable for such deductible amount in the event of an Insured Loss.

(b) **Rental Value**. The Insuring Party shall obtain and keep in force a policy or policies in the name of Lessor with loss payable to Lessor and any Lender, insuring the loss of the full Rent for one year with an extended period of indemnity for an additional 180 days ("Rental Value insurance"). Said insurance shall contain an agreed valuation provision in lieu of any coinsurance clause, and the amount of coverage shall be adjusted annually to reflect the projected Rent otherwise payable by Lessee, for the next 12 month period. Lessee shall be liable for any deductible amount in the event of such loss.

(c) **Adjacent Premises**. If the Premises are part of a larger building, or of a group of buildings owned by Lessor which are adjacent to the Premises, the Lessee shall pay for any increase in the premiums for the property insurance of such building or buildings if said increase is caused by Lessee's acts, omissions, use or occupancy of the Premises.

8.4 **Lessee's Property; Business Interruption Insurance; Worker's Compensation Insurance.**

(a) **Property Damage**. Lessee shall obtain and maintain insurance coverage on all of Lessee's personal property, Trade Fixtures, and Lessee Owned Alterations and Utility Installations. Such insurance shall be full replacement cost coverage with a deductible of not to exceed $1,000 per occurrence. The proceeds from any such insurance shall be used by Lessee for the replacement of personal property, Trade Fixtures and Lessee Owned Alterations and Utility Installations.

(b) **Business Interruption**. Lessee shall obtain and maintain loss of income and extra expense insurance in amounts as will reimburse Lessee for direct or indirect loss of earnings attributable to all perils commonly insured against by prudent lessees in the business of Lessee or attributable to prevention of access to the Premises as a result of such perils.

© 2019 AIR CRE. All Rights Reserved.

(c) **Worker's Compensation Insurance**. Lessee shall obtain and maintain Worker's Compensation Insurance in such amount as may be required by Applicable Requirements. Such policy shall include a 'Waiver of Subrogation' endorsement. Lessee shall provide Lessor with a copy of such endorsement along with the certificate of insurance or copy of the policy required by paragraph 8.5.

(d) **No Representation of Adequate Coverage**. Lessor makes no representation that the limits or forms of coverage of insurance specified herein are adequate to cover Lessee's property, business operations or obligations under this Lease.

8.5 **Insurance Policies**. Insurance required herein shall be by companies maintaining during the policy term a "General Policyholders Rating" of at least A-, VII, as set forth in the most current issue of "Best's Insurance Guide", or such other rating as may be required by a Lender. Lessee shall not do or permit to be done anything which invalidates the required insurance policies. Lessee shall, prior to the Start Date, deliver to Lessor certified copies of policies of such insurance or certificates with copies of the required endorsements evidencing the existence and amounts of the required insurance. No such policy shall be cancelable or subject to modification except after 30 days prior written notice to Lessor. Lessee shall, at least 10 days prior to the expiration of such policies, furnish Lessor with evidence of renewals or "insurance binders" evidencing renewal thereof, or Lessor may increase his liability insurance coverage and charge the cost thereof to Lessee, which amount shall be payable by Lessee to Lessor upon demand. Such policies shall be for a term of at least one year, or the length of the remaining term of this Lease, whichever is less. If either Party shall fail to procure and maintain the insurance required to be carried by it, the other Party may, but shall not be required to, procure and maintain the same.

8.6 **Waiver of Subrogation**. Without affecting any other rights or remedies, Lessee and Lessor each hereby release and relieve the other, and waive their entire right to recover damages against the other, for loss of or damage to its property arising out of or incident to the perils required to be insured against herein. The effect of such releases and waivers is not limited by the amount of insurance carried or required, or by any deductibles applicable hereto. The Parties agree to have their respective property damage insurance carriers waive any right to subrogation that such companies may have against Lessor or Lessee, as the case may be, so long as the insurance is not invalidated thereby.

8.7 **Indemnity**. Except for Lessor's gross negligence or willful misconduct, Lessee to the fullest extent of the law shall indemnify, protect, defend and hold harmless the Premises, Lessor and its agents, Lessor's master or ground lessor, partners and Lenders, from and against any and all claims, loss of rents and/or damages, liens, judgments, penalties, forfeitures, seizures, attorneys' and consultants' fees, expenses and/or liabilities arising out of, involving, or in connection with, a Breach of the Lease by Lessee and/or the use and/or occupancy of the Premises and/or Project by Lessee and/or by Lessee's employees, contractors or invitees including without limitations, as a result of any criminal actions directed at or relating to Lessee's operations. If any action or proceeding is brought against Lessor by reason of any of the foregoing matters, Lessee shall upon notice defend the same at Lessee's expense by counsel reasonably satisfactory to Lessor and Lessor shall cooperate with Lessee in such defense. Lessor need not have first paid any such claim in order to be defended or indemnified. Lessee shall not be permitted to settle any action or proceeding for which it is providing indemnification hereunder without the prior written consent of Lessor if such settlement remedy or other resolution includes any injunctive or similar restrictions which are or may be imposed on or impact Lessor or the Premises.

8.8 **Exemption of Lessor and its Agents from Liability**. Notwithstanding the negligence or breach of this Lease by Lessor or its agents, neither Lessor nor its agents shall be liable under any circumstances for: (i) injury or damage to the person or goods, wares, merchandise or other property of Lessee, Lessee's employees, contractors, invitees, customers, or any other person in or about the Premises, whether such damage or injury is caused by or results from fire, steam, electricity, gas, water or rain, indoor air quality, the presence of mold or from the breakage, leakage, obstruction or other defects of pipes, fire sprinklers, wires, appliances, plumbing, HVAC or lighting fixtures, or from any other cause, whether the said injury or damage results from conditions arising upon the Premises or upon other portions of the building of which the Premises are a part, or from other sources or places, (ii) any damages arising from any act or neglect of any other tenant of Lessor or from the failure of Lessor or its agents to enforce the provisions of any other lease in the Project, or (iii) injury to Lessee's business or for any loss of income or profit therefrom. Instead, it is intended that Lessee's sole recourse in the event of such damages or injury be to file a claim on the insurance policy(ies) that Lessee is required to maintain pursuant to the provisions of paragraph 8.

8.9 **Failure to Provide Insurance**. Lessee acknowledges that any failure on its part to obtain or maintain the insurance required herein will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, for any month or portion thereof that Lessee does not maintain the required insurance and/or does not provide Lessor with the required binders or certificates evidencing the existence of the required insurance, the Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater. The parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to maintain the required insurance. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to maintain such insurance, prevent the exercise of any of the other rights and remedies granted hereunder, nor relieve Lessee of its obligation to maintain the insurance specified in this Lease.

9. Damage or Destruction.

9.1 **Definitions**.

(a) "**Premises Partial Damage**" shall mean damage or destruction to the improvements on the Premises, other than Lessee Owned Alterations and Utility Installations, which can reasonably be repaired in 6 months or less from the

© 2019 AIR CRE. All Rights Reserved.

date of the damage or destruction. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the damage is Partial or Total.

(b) "**Premises Total Destruction**" shall mean damage or destruction to the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which cannot reasonably be repaired in 6 months or less from the date of the damage or destruction. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the damage is Partial or Total.

(c) "**Insured Loss**" shall mean damage or destruction to improvements on the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which was caused by an event required to be covered by the insurance described in Paragraph 8.3(a), irrespective of any deductible amounts or coverage limits involved.

(d) "**Replacement Cost**" shall mean the cost to repair or rebuild the improvements owned by Lessor at the time of the occurrence to their condition existing immediately prior thereto, including demolition, debris removal and upgrading required by the operation of Applicable Requirements, and without deduction for depreciation.

(e) "**Hazardous Substance Condition**" shall mean the occurrence or discovery of a condition involving the presence of, or a contamination by, a Hazardous Substance, in, on, or under the Premises which requires restoration.

9.2 **Partial Damage - Insured Loss.** If a Premises Partial Damage that is an Insured Loss occurs, then Lessor shall, at Lessor's expense, repair such damage (but not Lessee's Trade Fixtures or Lessee Owned Alterations and Utility Installations) as soon as reasonably possible and this Lease shall continue in full force and effect; provided, however, that Lessee shall, at Lessor's election, make the repair of any damage or destruction the total cost to repair of which is $10,000 or less, and, in such event, Lessor shall make any applicable insurance proceeds available to Lessee on a reasonable basis for that purpose. Notwithstanding the foregoing, if the required insurance was not in force or the insurance proceeds are not sufficient to effect such repair, the Insuring Party shall promptly contribute the shortage in proceeds (except as to the deductible which is Lessee's responsibility) as and when required to complete said repairs. In the event, however, such shortage was due to the fact that, by reason of the unique nature of the improvements, full replacement cost insurance coverage was not commercially reasonable and available, Lessor shall have no obligation to pay for the shortage in insurance proceeds or to fully restore the unique aspects of the Premises unless Lessee provides Lessor with the funds to cover same, or adequate assurance thereof, within 10 days following receipt of written notice of such shortage and request therefor. If Lessor receives said funds or adequate assurance thereof within said 10 day period, the party responsible for making the repairs shall complete them as soon as reasonably possible and this Lease shall remain in full force and effect. If such funds or assurance are not received, Lessor may nevertheless elect by written notice to Lessee within 10 days thereafter to: (i) make such restoration and repair as is commercially reasonable with Lessor paying any shortage in proceeds, in which case this Lease shall remain in full force and effect, or (ii) have this Lease terminate 30 days thereafter. Lessee shall not be entitled to reimbursement of any funds contributed by Lessee to repair any such damage or destruction. Premises Partial Damage due to flood or earthquake shall be subject to Paragraph 9.3, notwithstanding that there may be some insurance coverage, but the net proceeds of any such insurance shall be made available for the repairs if made by either Party.

9.3 **Partial Damage - Uninsured Loss.** If a Premises Partial Damage that is not an Insured Loss occurs, unless caused by a negligent or willful act of Lessee (in which event Lessee shall make the repairs at Lessee's expense), Lessor may either: (i) repair such damage as soon as reasonably possible at Lessor's expense, in which event this Lease shall continue in full force and effect, or (ii) terminate this Lease by giving written notice to Lessee within 30 days after receipt by Lessor of knowledge of the occurrence of such damage. Such termination shall be effective 60 days following the date of such notice. In the event Lessor elects to terminate this Lease, Lessee shall have the right within 10 days after receipt of the termination notice to give written notice to Lessor of Lessee's commitment to pay for the repair of such damage without reimbursement from Lessor. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days after making such commitment. In such event this Lease shall continue in full force and effect, and Lessor shall proceed to make such repairs as soon as reasonably possible after the required funds are available. If Lessee does not make the required commitment, this Lease shall terminate as of the date specified in the termination notice.

9.4 **Total Destruction.** Notwithstanding any other provision hereof, if a Premises Total Destruction occurs, this Lease shall terminate 60 days following such Destruction. If the damage or destruction was caused by the gross negligence or willful misconduct of Lessee, Lessor shall have the right to recover Lessor's damages from Lessee, except as provided in Paragraph 8.6.

9.5 **Damage Near End of Term.** If at any time during the last 6 months of this Lease there is damage for which the cost to repair exceeds one month's Base Rent, whether or not an Insured Loss, Lessor may terminate this Lease effective 60 days following the date of occurrence of such damage by giving a written termination notice to Lessee within 30 days after the date of occurrence of such damage. Notwithstanding the foregoing, if Lessee at that time has an exercisable option to extend this Lease or to purchase the Premises, then Lessee may preserve this Lease by, (a) exercising such option and (b) providing Lessor with any shortage in insurance proceeds (or adequate assurance thereof) needed to make the repairs on or before the earlier of (i) the date which is 10 days after Lessee's receipt of Lessor's written notice purporting to terminate this Lease, or (ii) the day prior to the date upon which such option expires. If Lessee duly exercises such option during such period and provides Lessor with funds (or adequate assurance thereof) to cover any shortage in insurance proceeds, Lessor shall, at Lessor's commercially reasonable expense, repair such damage as soon as reasonably possible and this Lease shall continue in full force and effect. If Lessee fails to exercise such option and provide such funds or assurance during such period, then this Lease shall terminate on the date specified in the termination notice and Lessee's option shall be extinguished.

9.6 **Abatement of Rent; Lessee's Remedies.**

(a) **Abatement.** In the event of Premises Partial Damage or Premises Total Destruction or a Hazardous

© 2019 AIR CRE. All Rights Reserved.

Substance Condition for which Lessee is not responsible under this Lease, the Rent payable by Lessee for the period required for the repair, remediation or restoration of such damage shall be abated in proportion to the degree to which Lessee's use of the Premises is impaired, but not to exceed the proceeds received from the Rental Value insurance. All other obligations of Lessee hereunder shall be performed by Lessee, and Lessor shall have no liability for any such damage, destruction, remediation, repair or restoration except as provided herein.

(b) **Remedies**. If Lessor is obligated to repair or restore the Premises and does not commence, in a substantial and meaningful way, such repair or restoration within 90 days after such obligation shall accrue, Lessee may, at any time prior to the commencement of such repair or restoration, give written notice to Lessor and to any Lenders of which Lessee has actual notice, of Lessee's election to terminate this Lease on a date not less than 60 days following the giving of such notice. If Lessee gives such notice and such repair or restoration is not commenced within 30 days thereafter, this Lease shall terminate as of the date specified in said notice. If the repair or restoration is commenced within such 30 days, this Lease shall continue in full force and effect. "Commence" shall mean either the unconditional authorization of the preparation of the required plans, or the beginning of the actual work on the Premises, whichever first occurs.

9.7 **Termination; Advance Payments**. Upon termination of this Lease pursuant to Paragraph 6.2(g) or Paragraph 9, an equitable adjustment shall be made concerning advance Base Rent and any other advance payments made by Lessee to Lessor. Lessor shall, in addition, return to Lessee so much of Lessee's Security Deposit as has not been, or is not then required to be, used by Lessor.

10. Real Property Taxes.

10.1 **Definition**. As used herein, the term "**Real Property Taxes**" shall include any form of assessment; real estate, general, special, ordinary or extraordinary, or rental levy or tax (other than inheritance, personal income or estate taxes); improvement bond; and/or license fee imposed upon or levied against any legal or equitable interest of Lessor in the Premises or the Project, Lessor's right to other income therefrom, and/or Lessor's business of leasing, by any authority having the direct or indirect power to tax and where the funds are generated with reference to the Building address. Real Property Taxes shall also include any tax, fee, levy, assessment or charge, or any increase therein: (i) imposed by reason of events occurring during the term of this Lease, including but not limited to, a change in the ownership of the Premises, and (ii) levied or assessed on machinery or equipment provided by Lessor to Lessee pursuant to this Lease.

10.2 **Payment of Taxes**. In addition to Base Rent, Lessee shall pay to Lessor an amount equal to the Real Property Tax installment due at least 20 days prior to the applicable delinquency date. If any such installment shall cover any period of time prior to or after the expiration or termination of this Lease, Lessee's share of such installment shall be prorated. In the event Lessee incurs a late charge on any Rent payment, Lessor may estimate the current Real Property Taxes, and require that such taxes be paid in advance to Lessor by Lessee monthly in advance with the payment of the Base Rent. Such monthly payments shall be an amount equal to the amount of the estimated installment of taxes divided by the number of months remaining before the month in which said installment becomes delinquent. When the actual amount of the applicable tax bill is known, the amount of such equal monthly advance payments shall be adjusted as required to provide the funds needed to pay the applicable taxes. If the amount collected by Lessor is insufficient to pay such Real Property Taxes when due, Lessee shall pay Lessor, upon demand, such additional sum as is necessary. Advance payments may be intermingled with other moneys of Lessor and shall not bear interest. In the event of a Breach by Lessee in the performance of its obligations under this Lease, then any such advance payments may be treated by Lessor as an additional Security Deposit.

10.3 **Joint Assessment**. If the Premises are not separately assessed, Lessee's liability shall be an equitable proportion of the Real Property Taxes for all of the land and improvements included within the tax parcel assessed, such proportion to be conclusively determined by Lessor from the respective valuations assigned in the assessor's work sheets or such other information as may be reasonably available.

10.4 **Personal Property Taxes**. Lessee shall pay, prior to delinquency, all taxes assessed against and levied upon Lessee Owned Alterations, Utility Installations, Trade Fixtures, furnishings, equipment and all personal property of Lessee. When possible, Lessee shall cause its Lessee Owned Alterations and Utility Installations, Trade Fixtures, furnishings, equipment and all other personal property to be assessed and billed separately from the real property of Lessor. If any of Lessee's said property shall be assessed with Lessor's real property, Lessee shall pay Lessor the taxes attributable to Lessee's property within 10 days after receipt of a written statement setting forth the taxes applicable to Lessee's property.

11. Utilities and Services. Lessee shall pay for all water, gas, heat, light, power, telephone, trash disposal and other utilities and services supplied to the Premises, together with any taxes thereon. If any such services are not separately metered or billed to Lessee, Lessee shall pay a reasonable proportion, to be determined by Lessor, of all charges jointly metered or billed. There shall be no abatement of rent and Lessor shall not be liable in any respect whatsoever for the inadequacy, stoppage, interruption or discontinuance of any utility or service due to riot, strike, labor dispute, breakdown, accident, repair or other cause beyond Lessor's reasonable control or in cooperation with governmental request or directions.

Within fifteen days of Lessor's written request, Lessee agrees to deliver to Lessor such information, documents and/or authorization as Lessor needs in order for Lessor to comply with new or existing Applicable Requirements relating to commercial building energy usage, ratings, and/or the reporting thereof.

12. Assignment and Subletting.

12.1 **Lessor's Consent Required**.

(a) Lessee shall not voluntarily or by operation of law assign, transfer, mortgage or encumber (collectively,

© 2019 AIR CRE. All Rights Reserved.

"**assign or assignment**") or sublet all or any part of Lessee's interest in this Lease or in the Premises without Lessor's prior written consent.

(b) Unless Lessee is a corporation and its stock is publicly traded on a national stock exchange, a change in the control of Lessee shall constitute an assignment requiring consent. The transfer, on a cumulative basis, of 25% or more of the voting control of Lessee shall constitute a change in control for this purpose.

(c) The involvement of Lessee or its assets in any transaction, or series of transactions (by way of merger, sale, acquisition, financing, transfer, leveraged buy-out or otherwise), whether or not a formal assignment or hypothecation of this Lease or Lessee's assets occurs, which results or will result in a reduction of the Net Worth of Lessee by an amount greater than 25% of such Net Worth as it was represented at the time of the execution of this Lease or at the time of the most recent assignment to which Lessor has consented, or as it exists immediately prior to said transaction or transactions constituting such reduction, whichever was or is greater, shall be considered an assignment of this Lease to which Lessor may withhold its consent. "**Net Worth of Lessee**" shall mean the net worth of Lessee (excluding any guarantors) established under generally accepted accounting principles.

(d) An assignment or subletting without consent shall, at Lessor's option, be a Default curable after notice per Paragraph 13.1(d), or a noncurable Breach without the necessity of any notice and grace period. If Lessor elects to treat such unapproved assignment or subletting as a noncurable Breach, Lessor may either: (i) terminate this Lease, or (ii) upon 30 days written notice, increase the monthly Base Rent to 110% of the Base Rent then in effect. Further, in the event of such Breach and rental adjustment, (i) the purchase price of any option to purchase the Premises held by Lessee shall be subject to similar adjustment to 110% of the price previously in effect, and (ii) all fixed and non-fixed rental adjustments scheduled during the remainder of the Lease term shall be increased to 110% of the scheduled adjusted rent.

(e) Lessee's remedy for any breach of Paragraph 12.1 by Lessor shall be limited to compensatory damages and/or injunctive relief.

(f) Lessor may reasonably withhold consent to a proposed assignment or subletting if Lessee is in Default at the time consent is requested.

(g) Notwithstanding the foregoing, allowing a de minimis portion of the Premises, ie. 20 square feet or less, to be used by a third party vendor in connection with the installation of a vending machine or payphone shall not constitute a subletting.

12.2 **Terms and Conditions Applicable to Assignment and Subletting.**

(a) Regardless of Lessor's consent, no assignment or subletting shall : (i) be effective without the express written assumption by such assignee or sublessee of the obligations of Lessee under this Lease, (ii) release Lessee of any obligations hereunder, or (iii) alter the primary liability of Lessee for the payment of Rent or for the performance of any other obligations to be performed by Lessee.

(b) Lessor may accept Rent or performance of Lessee's obligations from any person other than Lessee pending approval or disapproval of an assignment. Neither a delay in the approval or disapproval of such assignment nor the acceptance of Rent or performance shall constitute a waiver or estoppel of Lessor's right to exercise its remedies for Lessee's Default or Breach.

(c) Lessor's consent to any assignment or subletting shall not constitute a consent to any subsequent assignment or subletting.

(d) In the event of any Default or Breach by Lessee, Lessor may proceed directly against Lessee, any Guarantors or anyone else responsible for the performance of Lessee's obligations under this Lease, including any assignee or sublessee, without first exhausting Lessor's remedies against any other person or entity responsible therefor to Lessor, or any security held by Lessor.

(e) Each request for consent to an assignment or subletting shall be in writing, accompanied by information relevant to Lessor's determination as to the financial and operational responsibility and appropriateness of the proposed assignee or sublessee, including but not limited to the intended use and/or required modification of the Premises, if any, together with a fee of $500 as consideration for Lessor's considering and processing said request. Lessee agrees to provide Lessor with such other or additional information and/or documentation as may be reasonably requested. (See also Paragraph 36)

(f) Any assignee of, or sublessee under, this Lease shall, by reason of accepting such assignment, entering into such sublease, or entering into possession of the Premises or any portion thereof, be deemed to have assumed and agreed to conform and comply with each and every term, covenant, condition and obligation herein to be observed or performed by Lessee during the term of said assignment or sublease, other than such obligations as are contrary to or inconsistent with provisions of an assignment or sublease to which Lessor has specifically consented to in writing.

(g) Lessor's consent to any assignment or subletting shall not transfer to the assignee or sublessee any Option granted to the original Lessee by this Lease unless such transfer is specifically consented to by Lessor in writing. (See Paragraph 39.2)

12.3 **Additional Terms and Conditions Applicable to Subletting.** The following terms and conditions shall apply to any subletting by Lessee of all or any part of the Premises and shall be deemed included in all subleases under this Lease whether or not expressly incorporated therein:

(a) Lessee hereby assigns and transfers to Lessor all of Lessee's interest in all Rent payable on any sublease, and Lessor may collect such Rent and apply same toward Lessee's obligations under this Lease; provided, however, that until a Breach shall occur in the performance of Lessee's obligations, Lessee may collect said Rent. In the event that the amount collected by Lessor exceeds Lessee's then outstanding obligations any such excess shall be refunded to Lessee. Lessor shall not, by reason of the foregoing or any assignment of such sublease, nor by reason of the collection of Rent,

be deemed liable to the sublessee for any failure of Lessee to perform and comply with any of Lessee's obligations to such sublessee. Lessee hereby irrevocably authorizes and directs any such sublessee, upon receipt of a written notice from Lessor stating that a Breach exists in the performance of Lessee's obligations under this Lease, to pay to Lessor all Rent due and to become due under the sublease. Sublessee shall rely upon any such notice from Lessor and shall pay all Rents to Lessor without any obligation or right to inquire as to whether such Breach exists, notwithstanding any claim from Lessee to the contrary.

(b) In the event of a Breach by Lessee, Lessor may, at its option, require sublessee to attorn to Lessor, in which event Lessor shall undertake the obligations of the sublessor under such sublease from the time of the exercise of said option to the expiration of such sublease; provided, however, Lessor shall not be liable for any prepaid rents or security deposit paid by such sublessee to such sublessor or for any prior Defaults or Breaches of such sublessor.

(c) Any matter requiring the consent of the sublessor under a sublease shall also require the consent of Lessor.

(d) No sublessee shall further assign or sublet all or any part of the Premises without Lessor's prior written consent.

~~(e) Lessor shall deliver a copy of any notice of Default or Breach by Lessee to the sublessee, who shall have the right to cure the Default of Lessee within the grace period, if any, specified in such notice. The sublessee shall have a right of reimbursement and offset from and against Lessee for any such Defaults cured by the sublessee.~~

13. Default; Breach; Remedies.

13.1 **Default; Breach.** A "**Default**" is defined as a failure by the Lessee to comply with or perform any of the terms, covenants, conditions or Rules and Regulations under this Lease. A "**Breach**" is defined as the occurrence of one or more of the following Defaults, and the failure of Lessee to cure such Default within any applicable grace period:

(a) The abandonment of the Premises; or the vacating of the Premises without providing a commercially reasonable level of security, or where the coverage of the property insurance described in Paragraph 8.3 is jeopardized as a result thereof, or without providing reasonable assurances to minimize potential vandalism.

(b) The failure of Lessee to make any payment of Rent or any Security Deposit required to be made by Lessee hereunder, whether to Lessor or to a third party, when due, to provide reasonable evidence of insurance or surety bond, or to fulfill any obligation under this Lease which endangers or threatens life or property, where such failure continues for a period of 3 business days following written notice to Lessee. THE ACCEPTANCE BY LESSOR OF A PARTIAL PAYMENT OF RENT OR SECURITY DEPOSIT SHALL NOT CONSTITUTE A WAIVER OF ANY OF LESSOR'S RIGHTS, INCLUDING LESSOR'S RIGHT TO RECOVER POSSESSION OF THE PREMISES.

(c) The failure of Lessee to allow Lessor and/or its agents access to the Premises or the commission of waste, act or acts constituting public or private nuisance, and/or an illegal activity on the Premises by Lessee, where such actions continue for a period of 3 business days following written notice to Lessee. In the event that Lessee commits waste, a nuisance or an illegal activity a second time then, the Lessor may elect to treat such conduct as a non-curable Breach rather than a Default.

In addition to the foregoing and without limitation thereof and notwithstanding anything herein to the contrary, Lessor shall have the right , at any time, to terminate Lessee's right to possession of the Premises by any lawful means, in which case this Lease shall terminate and Lessee shall immediately surrender possession to Lessor in the event of imminent threat of any of the following:

1. Federal criminal and State prosecution of Lessee, Owner, or Lessor for conspiracy to sell, produce, or transport an illegal drug or for any similar charge or allegation; or
2. Seizure of any property of Lessee, Owner, or Lessor under Federal laws and/or State laws providing for the forfeiture of assets or under similar laws.

(d) The failure by Lessee to provide (i) reasonable written evidence of compliance with Applicable Requirements, (ii) the service contracts, (iii) the rescission of an unauthorized assignment or subletting, (iv) an Estoppel Certificate or financial statements, (v) a requested subordination, (vi) evidence concerning any guaranty and/or Guarantor, (vii) any document requested under Paragraph 42, (viii) material safety data sheets (MSDS), or (ix) any other documentation or information which Lessor may reasonably require of Lessee under the terms of this Lease, where any such failure continues for a period of 10 days following written notice to Lessee.

(e) A Default by Lessee as to the terms, covenants, conditions or provisions of this Lease, or of the rules adopted under Paragraph 40 hereof, other than those described in subparagraphs 13.1(a), (b), (c) or (d), above, where such Default continues for a period of 30 days after written notice; provided, however, that if the nature of Lessee's Default is such that more than 30 days are reasonably required for its cure, then it shall not be deemed to be a Breach if Lessee commences such cure within said 30 day period and thereafter diligently prosecutes such cure to completion.

(f) The occurrence of any of the following events: (i) the making of any general arrangement or assignment for the benefit of creditors; (ii) becoming a "**debtor**" as defined in 11 U.S.C. § 101 or any successor statute thereto (unless, in the case of a petition filed against Lessee, the same is dismissed within 60 days); (iii) the appointment of a trustee or receiver to take possession of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where possession is not restored to Lessee within 30 days; or (iv) the attachment, execution or other judicial seizure of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where such seizure is not discharged within 30 days; provided, however, in the event that any provision of this subparagraph is contrary to any applicable law, such provision shall be of no force or effect, and not affect the validity of the remaining provisions.

(g) The discovery that any financial statement of Lessee or of any Guarantor given to Lessor was materially false.

(h) If the performance of Lessee's obligations under this Lease is guaranteed: (i) the death of a Guarantor, (ii) the termination of a Guarantor's liability with respect to this Lease other than in accordance with the terms of such

© 2019 AIR CRE. All Rights Reserved.

guaranty, (iii) a Guarantor's becoming insolvent or the subject of a bankruptcy filing, (iv) a Guarantor's refusal to honor the guaranty, or (v) a Guarantor's breach of its guaranty obligation on an anticipatory basis, and Lessee's failure, within 60 days following written notice of any such event, to provide written alternative assurance or security, which, when coupled with the then existing resources of Lessee, equals or exceeds the combined financial resources of Lessee and the Guarantors that existed at the time of execution of this Lease.

13.2 **Remedies**. If Lessee fails to perform any of its affirmative duties or obligations, within 10 days after written notice (or in case of an emergency, without notice), Lessor may, at its option, perform such duty or obligation on Lessee's behalf, including but not limited to the obtaining of reasonably required bonds, insurance policies, or governmental licenses, permits or approvals. Lessee shall pay to Lessor an amount equal to 115% of the costs and expenses incurred by Lessor in such performance upon receipt of an invoice therefor. In the event of a Breach, Lessor may, with or without further notice or demand, and without limiting Lessor in the exercise of any right or remedy which Lessor may have by reason of such Breach:

(a) Terminate Lessee's right to possession of the Premises by any lawful means, in which case this Lease shall terminate and Lessee shall immediately surrender possession to Lessor. In such event Lessor shall be entitled to recover from Lessee: (i) the unpaid Rent which had been earned at the time of termination; (ii) the worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Lessee proves could have been reasonably avoided; (iii) the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Lessee proves could be reasonably avoided; and (iv) any other amount necessary to compensate Lessor for all the detriment proximately caused by the Lessee's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession of the Premises, expenses of reletting, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, and that portion of any leasing commission paid by Lessor in connection with this Lease applicable to the unexpired term of this Lease. The worth at the time of award of the amount referred to in provision (iii) of the immediately preceding sentence shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of the District within which the Premises are located at the time of award plus one percent. Efforts by Lessor to mitigate damages caused by Lessee's Breach of this Lease shall not waive Lessor's right to recover any damages to which Lessor is otherwise entitled. If termination of this Lease is obtained through the provisional remedy of unlawful detainer, Lessor shall have the right to recover in such proceeding any unpaid Rent and damages as are recoverable therein, or Lessor may reserve the right to recover all or any part thereof in a separate suit. If a notice and grace period required under Paragraph 13.1 was not previously given, a notice to pay rent or quit, or to perform or quit given to Lessee under the unlawful detainer statute shall also constitute the notice required by Paragraph 13.1. In such case, the applicable grace period required by Paragraph 13.1 and the unlawful detainer statute shall run concurrently, and the failure of Lessee to cure the Default within the greater of the two such grace periods shall constitute both an unlawful detainer and a Breach of this Lease entitling Lessor to the remedies provided for in this Lease and/or by said statute.

(b) Continue the Lease and Lessee's right to possession and recover the Rent as it becomes due, in which event Lessee may sublet or assign, subject only to reasonable limitations. Acts of maintenance, efforts to relet, and/or the appointment of a receiver to protect the Lessor's interests, shall not constitute a termination of the Lessee's right to possession.

(c) Pursue any other remedy now or hereafter available under the laws or judicial decisions of the state wherein the Premises are located. The expiration or termination of this Lease and/or the termination of Lessee's right to possession shall not relieve Lessee from liability under any indemnity provisions of this Lease as to matters occurring or accruing during the term hereof or by reason of Lessee's occupancy of the Premises.

13.3 **Inducement Recapture.** Any agreement for free or abated rent or other charges, the cost of tenant improvements for Lessee paid for or performed by Lessor, or for the giving or paying by Lessor to or for Lessee of any cash or other bonus, inducement or consideration for Lessee's entering into this Lease, all of which concessions are hereinafter referred to as "**Inducement Provisions**," shall be deemed conditioned upon Lessee's full and faithful performance of all of the terms, covenants and conditions of this Lease. Upon Breach of this Lease by Lessee, any such Inducement Provision shall automatically be deemed deleted from this Lease and of no further force or effect, and any rent, other charge, bonus, inducement or consideration theretofore abated, given or paid by Lessor under such an Inducement Provision shall be immediately due and payable by Lessee to Lessor, notwithstanding any subsequent cure of said Breach by Lessee. The acceptance by Lessor of rent or the cure of the Breach which initiated the operation of this paragraph shall not be deemed a waiver by Lessor of the provisions of this paragraph unless specifically so stated in writing by Lessor at the time of such acceptance.

13.4 **Late Charges**. Lessee hereby acknowledges that late payment by Lessee of Rent will cause Lessor to incur costs not contemplated by this Lease, the exact amount of which will be extremely difficult to ascertain. Such costs include, but are not limited to, processing and accounting charges, and late charges which may be imposed upon Lessor by any Lender. Accordingly, if any Rent shall not be received by Lessor within 5 days after such amount shall be due, then, without any requirement for notice to Lessee, Lessee shall immediately pay to Lessor a one-time late charge equal to 8% ~~10%~~ of each such overdue amount or $100, whichever is greater. The Parties hereby agree that such late charge represents a fair and reasonable estimate of the costs Lessor will incur by reason of such late payment. Acceptance of such late charge by Lessor shall in no event constitute a waiver of Lessee's Default or Breach with respect to such overdue amount, nor prevent the exercise of any of the other rights and remedies granted hereunder. In the event that a late charge is payable hereunder, whether or not collected, for 3 consecutive installments of Base Rent, then

© 2019 AIR CRE. All Rights Reserved.

notwithstanding any provision of this Lease to the contrary, Base Rent shall, at Lessor's option, become due and payable quarterly in advance.

13.5 **Interest**. Any monetary payment due Lessor hereunder, other than late charges, not received by Lessor, when due shall bear interest from the 31st day after it was due. The interest ("**Interest**") charged shall be computed at the rate of 10% per annum but shall not exceed the maximum rate allowed by law. Interest is payable in addition to the potential late charge provided for in Paragraph 13.4.

13.6 **Breach by Lessor**.

(a) **Notice of Breach**. Lessor shall not be deemed in breach of this Lease unless Lessor fails within a reasonable time to perform an obligation required to be performed by Lessor. For purposes of this Paragraph, a reasonable time shall in no event be less than 30 days after receipt by Lessor, and any Lender whose name and address shall have been furnished to Lessee in writing for such purpose, of written notice specifying wherein such obligation of Lessor has not been performed; provided, however, that if the nature of Lessor's obligation is such that more than 30 days are reasonably required for its performance, then Lessor shall not be in breach if performance is commenced within such 30 day period and thereafter diligently pursued to completion.

~~(b) **Performance by Lessee on Behalf of Lessor**. In the event that neither Lessor nor Lender cures said breach within 30 days after receipt of said notice, or if having commenced said cure they do not diligently pursue it to completion, then Lessee may elect to cure said breach at Lessee's expense and offset from Rent the actual and reasonable cost to perform such cure, provided, however, that such offset shall not exceed an amount equal to the greater of one month's Base Rent or the Security Deposit, reserving Lessee's right to seek reimbursement from Lessor for any such expense in excess of such offset. Lessee shall document the cost of said cure and supply said documentation to Lessor.~~

14. Condemnation. If the Premises or any portion thereof are taken under the power of eminent domain or sold under the threat of the exercise of said power (collectively "**Condemnation**"), this Lease shall terminate as to the part taken as of the date the condemning authority takes title or possession, whichever first occurs. If more than 10% of the Building, or more than 25% of that portion of the Premises not occupied by any building, is taken by Condemnation, Lessee may, at Lessee's option, to be exercised in writing within 10 days after Lessor shall have given Lessee written notice of such taking (or in the absence of such notice, within 10 days after the condemning authority shall have taken possession) terminate this Lease as of the date the condemning authority takes such possession. If Lessee does not terminate this Lease in accordance with the foregoing, this Lease shall remain in full force and effect as to the portion of the Premises remaining, except that the Base Rent shall be reduced in proportion to the reduction in utility of the Premises caused by such Condemnation. Condemnation awards and/or payments shall be the property of Lessor, whether such award shall be made as compensation for diminution in value of the leasehold, the value of the part taken, or for severance damages; provided, however, that Lessee shall be entitled to any compensation paid by the condemnor for Lessee's relocation expenses, loss of business goodwill and/or Trade Fixtures, without regard to whether or not this Lease is terminated pursuant to the provisions of this Paragraph. All Alterations and Utility Installations made to the Premises by Lessee, for purposes of Condemnation only, shall be considered the property of the Lessee and Lessee shall be entitled to any and all compensation which is payable therefor. In the event that this Lease is not terminated by reason of the Condemnation, Lessor shall repair any damage to the Premises caused by such Condemnation.

~~**15. Brokerage Fees.**~~

~~15.1 **Additional Commission**. In addition to the payments owed pursuant to Paragraph 1.9 above, Lessor agrees that: (a) if Lessee exercises any Option, (b) if Lessee or anyone affiliated with Lessee acquires any rights to the Premises or other premises owned by Lessor and located within the same Project, if any, within which the Premises is located, (c) if Lessee remains in possession of the Premises, with the consent of Lessor, after the expiration of this Lease, or (d) if Base Rent is increased, whether by agreement or operation of an escalation clause herein, then, Lessor shall pay Brokers a fee in accordance with the fee schedule of the Brokers in effect at the time the Lease was executed.~~

~~15.2 **Assumption of Obligations**. Any buyer or transferee of Lessor's interest in this Lease shall be deemed to have assumed Lessor's obligation hereunder. Brokers shall be third party beneficiaries of the provisions of Paragraphs 1.9, 15, 22 and 31. If Lessor fails to pay to Brokers any amounts due as and for brokerage fees pertaining to this Lease when due, then such amounts shall accrue Interest. In addition, if Lessor fails to pay any amounts to Lessee's Broker when due, Lessee's Broker may send written notice to Lessor and Lessee of such failure and if Lessor fails to pay such amounts within 10 days after said notice, Lessee shall pay said monies to its Broker and offset such amounts against Rent. In addition, Lessee's Broker shall be deemed to be a third party beneficiary of any commission agreement entered into by and/or between Lessor and Lessor's Broker for the limited purpose of collecting any brokerage fee owed.~~

~~15.3 **Representations and Indemnities of Broker Relationships**. Lessee and Lessor each represent and warrant to the other that it has had no dealings with any person, firm, broker, agent or finder (other than the Brokers and Agents, if any) in connection with this Lease, and that no one other than said named Brokers and Agents is entitled to any commission or finder's fee in connection herewith. Lessee and Lessor do each hereby agree to indemnify, protect, defend and hold the other harmless from and against liability for compensation or charges which may be claimed by any such unnamed broker, finder or other similar party by reason of any dealings or actions of the indemnifying Party, including any costs, expenses, attorneys' fees reasonably incurred with respect thereto.~~

16. Estoppel Certificates.

(a) Each Party (as "**Responding Party**") shall within 10 days after written notice from the other Party (the "**Requesting Party**") execute, acknowledge and deliver to the Requesting Party a statement in writing in form similar to the then most current "**Estoppel Certificate**" form published BY AIR CRE, plus such additional information, confirmation

and/or statements as may be reasonably requested by the Requesting Party.

(b) If the Responding Party shall fail to execute or deliver the Estoppel Certificate within such 10 day period, the Requesting Party may execute an Estoppel Certificate stating that: (i) the Lease is in full force and effect without modification except as may be represented by the Requesting Party, (ii) there are no uncured defaults in the Requesting Party's performance, and (iii) if Lessor is the Requesting Party, not more than one month's rent has been paid in advance. Prospective purchasers and encumbrancers may rely upon the Requesting Party's Estoppel Certificate, and the Responding Party shall be estopped from denying the truth of the facts contained in said Certificate. In addition, Lessee acknowledges that any failure on its part to provide such an Estoppel Certificate will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to execute and/or deliver a requested Estoppel Certificate in a timely fashion the monthly Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater for remainder of the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to provide the Estoppel Certificate. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to provide the Estoppel Certificate nor prevent the exercise of any of the other rights and remedies granted hereunder.

(c) If Lessor desires to finance, refinance, or sell the Premises, or any part thereof, Lessee and all Guarantors shall within 10 days after written notice from Lessor deliver to any potential lender or purchaser designated by Lessor such financial statements as may be reasonably required by such lender or purchaser, including but not limited to Lessee's financial statements for the past 3 years. All such financial statements shall be received by Lessor and such lender or purchaser in confidence and shall be used only for the purposes herein set forth.

17. Definition of Lessor. The term "**Lessor**" as used herein shall mean the owner or owners at the time in question of the fee title to the Premises, or, if this is a sublease, of the Lessee's interest in the prior lease. In the event of a transfer of Lessor's title or interest in the Premises or this Lease, Lessor shall deliver to the transferee or assignee (in cash or by credit) any unused Security Deposit held by Lessor. Upon such transfer or assignment and delivery of the Security Deposit, as aforesaid, the prior Lessor shall be relieved of all liability with respect to the obligations and/or covenants under this Lease thereafter to be performed by the Lessor. Subject to the foregoing, the obligations and/or covenants in this Lease to be performed by the Lessor shall be binding only upon the Lessor as hereinabove defined.

18. Severability. The invalidity of any provision of this Lease, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision hereof.

19. Days. Unless otherwise specifically indicated to the contrary, the word "**days**" as used in this Lease shall mean and refer to calendar days.

20. Limitation on Liability. The obligations of Lessor under this Lease shall not constitute personal obligations of Lessor, or its partners, members, directors, officers or shareholders, and Lessee shall look to the Premises, and to no other assets of Lessor, for the satisfaction of any liability of Lessor with respect to this Lease, and shall not seek recourse against Lessor's partners, members, directors, officers or shareholders, or any of their personal assets for such satisfaction.

21. Time of Essence. Time is of the essence with respect to the performance of all obligations to be performed or observed by the Parties under this Lease.

22. No Prior or Other Agreements; Broker Disclaimer. This Lease contains all agreements between the Parties with respect to any matter mentioned herein, and no other prior or contemporaneous agreement or understanding shall be effective. Lessor and Lessee each represents and warrants to the Brokers that it has made, and is relying solely upon, its own investigation as to the nature, quality, character and financial responsibility of the other Party to this Lease and as to the use, nature, quality and character of the Premises. Brokers have no responsibility with respect thereto or with respect to any default or breach hereof by either Party.

23. Notices.

23.1 **Notice Requirements**. All notices required or permitted by this Lease or applicable law shall be in writing and may be delivered in person (by hand or by courier) or may be sent by regular, certified or registered mail or U.S. Postal Service Express Mail, with postage prepaid, or by facsimile transmission, or by email, and shall be deemed sufficiently given if served in a manner specified in this Paragraph 23. The addresses noted adjacent to a Party's signature on this Lease shall be that Party's address for delivery or mailing of notices. Either Party may by written notice to the other specify a different address for notice, except that upon Lessee's taking possession of the Premises, the Premises shall constitute Lessee's address for notice. A copy of all notices to Lessor shall be concurrently transmitted to such party or parties at such addresses as Lessor may from time to time hereafter designate in writing.

23.2 **Date of Notice**. Any notice sent by registered or certified mail, return receipt requested, shall be deemed given on the date of delivery shown on the receipt card, or if no delivery date is shown, the postmark thereon. If sent by regular mail the notice shall be deemed given 72 hours after the same is addressed as required herein and mailed with postage prepaid. Notices delivered by United States Express Mail or overnight courier that guarantees next day delivery shall be deemed given 24 hours after delivery of the same to the Postal Service or courier. Notices delivered by hand, or transmitted by facsimile transmission or by email shall be deemed delivered upon actual receipt. If notice is received on a Saturday, Sunday or legal holiday, it shall be deemed received on the next business day.

© 2019 AIR CRE. All Rights Reserved.

23.3 **Options.** Notwithstanding the foregoing, in order to exercise any Options (see paragraph 39), the Notice must be sent by Certified Mail (return receipt requested), Express Mail (signature required), courier (signature required) or some other methodology that provides a receipt establishing the date the notice was received by the Lessor.

24. Waivers.

(a) No waiver by Lessor of the Default or Breach of any term, covenant or condition hereof by Lessee, shall be deemed a waiver of any other term, covenant or condition hereof, or of any subsequent Default or Breach by Lessee of the same or of any other term, covenant or condition hereof. Lessor's consent to, or approval of, any act shall not be deemed to render unnecessary the obtaining of Lessor's consent to, or approval of, any subsequent or similar act by Lessee, or be construed as the basis of an estoppel to enforce the provision or provisions of this Lease requiring such consent.

(b) The acceptance of Rent by Lessor shall not be a waiver of any Default or Breach by Lessee. Any payment by Lessee may be accepted by Lessor on account of monies or damages due Lessor, notwithstanding any qualifying statements or conditions made by Lessee in connection therewith, which such statements and/or conditions shall be of no force or effect whatsoever unless specifically agreed to in writing by Lessor at or before the time of deposit of such payment.

(c) THE PARTIES AGREE THAT THE TERMS OF THIS LEASE SHALL GOVERN WITH REGARD TO ALL MATTERS RELATED THERETO AND HEREBY WAIVE THE PROVISIONS OF ANY PRESENT OR FUTURE STATUTE TO THE EXTENT THAT SUCH STATUTE IS INCONSISTENT WITH THIS LEASE.

25. Disclosures Regarding The Nature of a Real Estate Agency Relationship.

(a) When entering into a discussion with a real estate agent regarding a real estate transaction, a Lessor or Lessee should from the outset understand what type of agency relationship or representation it has with the agent or agents in the transaction. Lessor and Lessee acknowledge being advised by the Brokers in this transaction, as follows:

(i) *Lessor's Agent*. A Lessor's agent under a listing agreement with the Lessor acts as the agent for the Lessor only. A Lessor's agent or subagent has the following affirmative obligations: *To the Lessor*: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessor. *To the Lessee and the Lessor*: (a) Diligent exercise of reasonable skills and care in performance of the agent's duties. (b) A duty of honest and fair dealing and good faith. (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(ii) *Lessee's Agent*. An agent can agree to act as agent for the Lessee only. In these situations, the agent is not the Lessor's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Lessor. An agent acting only for a Lessee has the following affirmative obligations. *To the Lessee*: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessee. *To the Lessee and the Lessor*: (a) Diligent exercise of reasonable skills and care in performance of the agent's duties. (b) A duty of honest and fair dealing and good faith. (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(iii) *Agent Representing Both Lessor and Lessee*. A real estate agent, either acting directly or through one or more associate licenses, can legally be the agent of both the Lessor and the Lessee in a transaction, but only with the knowledge and consent of both the Lessor and the Lessee. In a dual agency situation, the agent has the following affirmative obligations to both the Lessor and the Lessee: (a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either Lessor or the Lessee. (b) Other duties to the Lessor and the Lessee as stated above in subparagraphs (i) or (ii). In representing both Lessor and Lessee, the agent may not, without the express permission of the respective Party, disclose to the other Party confidential information, including, but not limited to, facts relating to either Lessee's or Lessor's financial position, motivations, bargaining position, or other personal information that may impact rent, including Lessor's willingness to accept a rent less than the listing rent or Lessee's willingness to pay rent greater than the rent offered. The above duties of the agent in a real estate transaction do not relieve a Lessor or Lessee from the responsibility to protect their own interests. Lessor and Lessee should carefully read all agreements to assure that they adequately express their understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional. Both Lessor and Lessee should strongly consider obtaining tax advice from a competent professional because the federal and state tax consequences of a transaction can be complex and subject to change.

(b) Brokers have no responsibility with respect to any default or breach hereof by either Party. The Parties agree that no lawsuit or other legal proceeding involving any breach of duty, error or omission relating to this Lease may be brought against Broker more than one year after the Start Date and that the liability (including court costs and attorneys' fees), of any Broker with respect to any such lawsuit and/or legal proceeding shall not exceed the fee received by such Broker pursuant to this Lease; provided, however, that the foregoing limitation on each Broker's liability shall not be applicable to any gross negligence or willful misconduct of such Broker.

(c) Lessor and Lessee agree to identify to Brokers as "Confidential" any communication or information given Brokers that is considered by such Party to be confidential.

26. No Right To Holdover. Lessee has no right to retain possession of the Premises or any part thereof beyond the expiration or termination of this Lease. In the event that Lessee holds over, then the Base Rent shall be increased to

© 2019 AIR CRE. All Rights Reserved.

150% of the Base Rent applicable immediately preceding the expiration or termination. Holdover Base Rent shall be calculated on monthly basis. Nothing contained herein shall be construed as consent by Lessor to any holding over by Lessee.

27. Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.

28. Covenants and Conditions; Construction of Agreement. All provisions of this Lease to be observed or performed by Lessee are both covenants and conditions. In construing this Lease, all headings and titles are for the convenience of the Parties only and shall not be considered a part of this Lease. Whenever required by the context, the singular shall include the plural and vice versa. This Lease shall not be construed as if prepared by one of the Parties, but rather according to its fair meaning as a whole, as if both Parties had prepared it.

29. Binding Effect; Choice of Law. This Lease shall be binding upon the Parties, their personal representatives, successors and assigns and be governed by the laws of the State in which the Premises are located. Any litigation between the Parties hereto concerning this Lease shall be initiated in the county in which the Premises are located.

30. Subordination; Attornment; Non-Disturbance.

30.1 **Subordination**. This Lease and any Option granted hereby shall be subject and subordinate to any ground lease, mortgage, deed of trust, or other hypothecation or security device (collectively, "**Security Device**"), now or hereafter placed upon the Premises, to any and all advances made on the security thereof, and to all renewals, modifications, and extensions thereof. Lessee agrees that the holders of any such Security Devices (in this Lease together referred to as "**Lender**") shall have no liability or obligation to perform any of the obligations of Lessor under this Lease. Any Lender may elect to have this Lease and/or any Option granted hereby superior to the lien of its Security Device by giving written notice thereof to Lessee, whereupon this Lease and such Options shall be deemed prior to such Security Device, notwithstanding the relative dates of the documentation or recordation thereof.

30.2 **Attornment**. In the event that Lessor transfers title to the Premises, or the Premises are acquired by another upon the foreclosure or termination of a Security Device to which this Lease is subordinated (i) Lessee shall, subject to the non-disturbance provisions of Paragraph 30.3, attorn to such new owner, and upon request, enter into a new lease, containing all of the terms and provisions of this Lease, with such new owner for the remainder of the term hereof, or, at the election of the new owner, this Lease will automatically become a new lease between Lessee and such new owner, and (ii) Lessor shall thereafter be relieved of any further obligations hereunder and such new owner shall assume all of Lessor's obligations, except that such new owner shall not: (a) be liable for any act or omission of any prior lessor or with respect to events occurring prior to acquisition of ownership; (b) be subject to any offsets or defenses which Lessee might have against any prior lessor, (c) be bound by prepayment of more than one month's rent, or (d) be liable for the return of any security deposit paid to any prior lessor which was not paid or credited to such new owner.

30.3 **Non-Disturbance**. With respect to Security Devices entered into by Lessor after the execution of this Lease, Lessee's subordination of this Lease shall be subject to receiving a commercially reasonable non-disturbance agreement (a "**Non-Disturbance Agreement**") from the Lender which Non-Disturbance Agreement provides that Lessee's possession of the Premises, and this Lease, including any options to extend the term hereof, will not be disturbed so long as Lessee is not in Breach hereof and attorns to the record owner of the Premises. Further, within 60 days after the execution of this Lease, Lessor shall, if requested by Lessee, use its commercially reasonable efforts to obtain a Non-Disturbance Agreement from the holder of any pre-existing Security Device which is secured by the Premises. In the event that Lessor is unable to provide the Non-Disturbance Agreement within said 60 days, then Lessee may, at Lessee's option, directly contact Lender and attempt to negotiate for the execution and delivery of a Non-Disturbance Agreement.

30.4 **Self-Executing**. The agreements contained in this Paragraph 30 shall be effective without the execution of any further documents; provided, however, that, upon written request from Lessor or a Lender in connection with a sale, financing or refinancing of the Premises, Lessee and Lessor shall execute such further writings as may be reasonably required to separately document any subordination, attornment and/or Non-Disturbance Agreement provided for herein.

31. Attorneys' Fees. If any Party or Broker brings an action or proceeding involving the Premises whether founded in tort, contract or equity, or to declare rights hereunder, the Prevailing Party (as hereafter defined) in any such proceeding, action, or appeal thereon, shall be entitled to reasonable attorneys' fees. Such fees may be awarded in the same suit or recovered in a separate suit, whether or not such action or proceeding is pursued to decision or judgment. The term, "**Prevailing Party**" shall include, without limitation, a Party or Broker who substantially obtains or defeats the relief sought, as the case may be, whether by compromise, settlement, judgment, or the abandonment by the other Party or Broker of its claim or defense. The attorneys' fees award shall not be computed in accordance with any court fee schedule, but shall be such as to fully reimburse all attorneys' fees reasonably incurred. In addition, Lessor shall be entitled to attorneys' fees, costs and expenses incurred in the preparation and service of notices of Default and consultations in connection therewith, whether or not a legal action is subsequently commenced in connection with such Default or resulting Breach ($200 is a reasonable minimum per occurrence for such services and consultation).

32. Lessor's Access; Showing Premises; Repairs. Lessor and Lessor's agents shall have the right to enter the Premises at any time, in the case of an emergency, and otherwise at reasonable times after reasonable prior notice for the purpose of showing the same to prospective purchasers, lenders, or tenants, and making such alterations, repairs, improvements or additions to the Premises as Lessor may deem necessary or desirable and the erecting, using and maintaining of utilities, services, pipes and conduits through the Premises and/or other premises as long as there is no material adverse

effect on Lessee's use of the Premises. All such activities shall be without abatement of rent or liability to Lessee.

33. Auctions. Lessee shall not conduct, nor permit to be conducted, any auction upon the Premises without Lessor's prior written consent. Lessor shall not be obligated to exercise any standard of reasonableness in determining whether to permit an auction.

34. Signs. Lessor may place on the Premises ordinary "For Sale" signs at any time and ordinary "For Lease" signs during the last 6 months of the term hereof. Except for ordinary "for sublease" signs, Lessee shall not place any sign upon the Premises without Lessor's prior written consent. All signs must comply with all Applicable Requirements.

35. Termination; Merger. Unless specifically stated otherwise in writing by Lessor, the voluntary or other surrender of this Lease by Lessee, the mutual termination or cancellation hereof, or a termination hereof by Lessor for Breach by Lessee, shall automatically terminate any sublease or lesser estate in the Premises; provided, however, that Lessor may elect to continue any one or all existing subtenancies. Lessor's failure within 10 days following any such event to elect to the contrary by written notice to the holder of any such lesser interest, shall constitute Lessor's election to have such event constitute the termination of such interest.

36. Consents. All requests for consent shall be in writing. Except as otherwise provided herein, wherever in this Lease the consent of a Party is required to an act by or for the other Party, such consent shall not be unreasonably withheld or delayed. Lessor's actual reasonable costs and expenses (including but not limited to architects', attorneys', engineers' and other consultants' fees) incurred in the consideration of, or response to, a request by Lessee for any Lessor consent, including but not limited to consents to an assignment, a subletting or the presence or use of a Hazardous Substance, shall be paid by Lessee upon receipt of an invoice and supporting documentation therefor. Lessor's consent to any act, assignment or subletting shall not constitute an acknowledgment that no Default or Breach by Lessee of this Lease exists, nor shall such consent be deemed a waiver of any then existing Default or Breach, except as may be otherwise specifically stated in writing by Lessor at the time of such consent. The failure to specify herein any particular condition to Lessor's consent shall not preclude the imposition by Lessor at the time of consent of such further or other conditions as are then reasonable with reference to the particular matter for which consent is being given. In the event that either Party disagrees with any determination made by the other hereunder and reasonably requests the reasons for such determination, the determining party shall furnish its reasons in writing and in reasonable detail within 10 business days following such request.

37. Guarantor.

37.1 **Execution**. The Guarantors, if any, shall each execute a guaranty in the form most recently published BY AIR CRE, and each such Guarantor shall have the same obligations as Lessee under this Lease.

37.2 **Default**. It shall constitute a Default of the Lessee if any Guarantor fails or refuses, upon request to provide: (a) evidence of the execution of the guaranty, including the authority of the party signing on Guarantor's behalf to obligate Guarantor, and in the case of a corporate Guarantor, a certified copy of a resolution of its board of directors authorizing the making of such guaranty, (b) current financial statements, (c) an Estoppel Certificate, or (d) written confirmation that the guaranty is still in effect.

38. Quiet Possession. Subject to payment by Lessee of the Rent and performance of all of the covenants, conditions and provisions on Lessee's part to be observed and performed under this Lease, Lessee shall have quiet possession and quiet enjoyment of the Premises during the term hereof.

39. Options. If Lessee is granted any Option, as defined below, then the following provisions shall apply.

39.1 **Definition**. "**Option**" shall mean: (a) the right to extend or reduce the term of or renew this Lease or to extend or reduce the term of or renew any lease that Lessee has on other property of Lessor; (b) the right of first refusal or first offer to lease either the Premises or other property of Lessor; (c) the right to purchase, the right of first offer to purchase or the right of first refusal to purchase the Premises or other property of Lessor.

39.2 **Options Personal To Original Lessee**. Any Option granted to Lessee in this Lease is personal to the original Lessee, and cannot be assigned or exercised by anyone other than said original Lessee and only while the original Lessee is in full possession of the Premises and, if requested by Lessor, with Lessee certifying that Lessee has no intention of thereafter assigning or subletting.

39.3 **Multiple Options**. In the event that Lessee has any multiple Options to extend or renew this Lease, a later Option cannot be exercised unless the prior Options have been validly exercised.

39.4 **Effect of Default on Options**.

(a) Lessee shall have no right to exercise an Option: (i) during the period commencing with the giving of any notice of Default and continuing until said Default is cured, (ii) during the period of time any Rent is unpaid (without regard to whether notice thereof is given Lessee), (iii) during the time Lessee is in Breach of this Lease, or (iv) in the event that Lessee has been given 3 or more notices of separate Default, whether or not the Defaults are cured, during the 12 month period immediately preceding the exercise of the Option.

(b) The period of time within which an Option may be exercised shall not be extended or enlarged by reason of Lessee's inability to exercise an Option because of the provisions of Paragraph 39.4(a).

(c) An Option shall terminate and be of no further force or effect, notwithstanding Lessee's due and timely exercise of the Option, if, after such exercise and prior to the commencement of the extended term or completion of the purchase, (i) Lessee fails to pay Rent for a period of 30 days after such Rent becomes due (without any necessity of Lessor to give notice thereof), or (ii) if Lessee commits a Breach of this Lease.

40. Multiple Buildings. If the Premises are a part of a group of buildings controlled by Lessor, Lessee agrees that it will abide by and conform to all reasonable rules and regulations which Lessor may make from time to time for the management, safety, and care of said properties, including the care and cleanliness of the grounds and including the parking, loading and unloading of vehicles, and to cause its employees, suppliers, shippers, customers, contractors and invitees to so abide and conform. Lessee also agrees to pay its fair share of common expenses incurred in connection with such rules and regulations.

41. Security Measures. Lessee hereby acknowledges that the Rent payable to Lessor hereunder does not include the cost of guard service or other security measures, and that Lessor shall have no obligation whatsoever to provide same. Lessee assumes all responsibility for the protection of the Premises, Lessee, its agents and invitees and their property from the acts of third parties.

42. Reservations. Lessor reserves to itself the right, from time to time, to grant, without the consent or joinder of Lessee, such easements, rights and dedications that Lessor deems necessary, and to cause the recordation of parcel maps and restrictions, so long as such easements, rights, dedications, maps and restrictions do not unreasonably interfere with the use of the Premises by Lessee. Lessee agrees to sign any documents reasonably requested by Lessor to effectuate any such easement rights, dedication, map or restrictions.

43. Performance Under Protest. If at any time a dispute shall arise as to any amount or sum of money to be paid by one Party to the other under the provisions hereof, the Party against whom the obligation to pay the money is asserted shall have the right to make payment "under protest" and such payment shall not be regarded as a voluntary payment and there shall survive the right on the part of said Party to institute suit for recovery of such sum. If it shall be adjudged that there was no legal obligation on the part of said Party to pay such sum or any part thereof, said Party shall be entitled to recover such sum or so much thereof as it was not legally required to pay. A Party who does not initiate suit for the recovery of sums paid "under protest" within 6 months shall be deemed to have waived its right to protest such payment.

44. Authority; Multiple Parties; Execution.

(a) If either Party hereto is a corporation, trust, limited liability company, partnership, or similar entity, each individual executing this Lease on behalf of such entity represents and warrants that he or she is duly authorized to execute and deliver this Lease on its behalf. Each Party shall, within 30 days after request, deliver to the other Party satisfactory evidence of such authority.

(b) If this Lease is executed by more than one person or entity as "Lessee", each such person or entity shall be jointly and severally liable hereunder. It is agreed that any one of the named Lessees shall be empowered to execute any amendment to this Lease, or other document ancillary thereto and bind all of the named Lessees, and Lessor may rely on the same as if all of the named Lessees had executed such document.

(c) This Lease may be executed by the Parties in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

45. Conflict. Any conflict between the printed provisions of this Lease and the typewritten or handwritten provisions shall be controlled by the typewritten or handwritten provisions.

46. Offer. Preparation of this Lease by either Party or their agent and submission of same to the other Party shall not be deemed an offer to lease to the other Party. This Lease is not intended to be binding until executed and delivered by all Parties hereto provided they are duly initialized by the parties.

47. Amendments. This Lease may be modified only in writing, signed by the Parties in interest at the time of the modification. As long as they do not materially change Lessee's obligations hereunder, Lessee agrees to make such reasonable non-monetary modifications to this Lease as may be reasonably required by a Lender in connection with the obtaining of normal financing or refinancing of the Premises.

48. Waiver of Jury Trial. THE PARTIES HEREBY WAIVE THEIR RESPECTIVE RIGHTS TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING INVOLVING THE PROPERTY OR ARISING OUT OF THIS AGREEMENT.

49. Arbitration of Disputes. An Addendum requiring the Arbitration of all disputes between the Parties and/or Brokers arising out of this Lease ☐ is ☑ is not attached to this Lease.

50. Accessibility; Americans with Disabilities Act.

(a) The Premises:

☑ have not undergone an inspection by a Certified Access Specialist (CASp). Note: A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties shall mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises.

☐ have undergone an inspection by a Certified Access Specialist (CASp) and it was determined that the Premises met all applicable construction-related accessibility standards pursuant to California Civil Code §55.51 et seq. Lessee acknowledges that it received a copy of the inspection report at least 48 hours prior to executing this Lease and agrees to

keep such report confidential.

☐ have undergone an inspection by a Certified Access Specialist (CASp) and it was determined that the Premises did not meet all applicable construction-related accessibility standards pursuant to California Civil Code §55.51 et seq. Lessee acknowledges that it received a copy of the inspection report at least 48 hours prior to executing this Lease and agrees to keep such report confidential except as necessary to complete repairs and corrections of violations of construction related accessibility standards.

In the event that the Premises have been issued an inspection report by a CASp the Lessor shall provide a copy of the disability access inspection certificate to Lessee within 7 days of the execution of this Lease.

(b) Since compliance with the Americans with Disabilities Act (ADA) and other state and local accessibility statutes are dependent upon Lessee's specific use of the Premises, Lessor makes no warranty or representation as to whether or not the Premises comply with ADA or any similar legislation. In the event that Lessee's use of the Premises requires modifications or additions to the Premises in order to be in compliance with ADA or other accessibility statutes, Lessee agrees to make any such necessary modifications and/or additions at Lessee's expense.

LESSOR AND LESSEE HAVE CAREFULLY READ AND REVIEWED THIS LEASE AND EACH TERM AND PROVISION CONTAINED HEREIN, AND BY THE EXECUTION OF THIS LEASE SHOW THEIR INFORMED AND VOLUNTARY CONSENT THERETO. THE PARTIES HEREBY AGREE THAT, AT THE TIME THIS LEASE IS EXECUTED, THE TERMS OF THIS LEASE ARE COMMERCIALLY REASONABLE AND EFFECTUATE THE INTENT AND PURPOSE OF LESSOR AND LESSEE WITH RESPECT TO THE PREMISES.

ATTENTION: NO REPRESENTATION OR RECOMMENDATION IS MADE BY AIR CRE OR BY ANY BROKER AS TO THE LEGAL SUFFICIENCY, LEGAL EFFECT, OR TAX CONSEQUENCES OF THIS LEASE OR THE TRANSACTION TO WHICH IT RELATES. THE PARTIES ARE URGED TO:

1. SEEK ADVICE OF COUNSEL AS TO THE LEGAL AND TAX CONSEQUENCES OF THIS LEASE.

2. RETAIN APPROPRIATE CONSULTANTS TO REVIEW AND INVESTIGATE THE CONDITION OF THE PREMISES. SAID INVESTIGATION SHOULD INCLUDE BUT NOT BE LIMITED TO: THE POSSIBLE PRESENCE OF HAZARDOUS SUBSTANCES, THE ZONING OF THE PREMISES, THE STRUCTURAL INTEGRITY, THE CONDITION OF THE ROOF AND OPERATING SYSTEMS, AND THE SUITABILITY OF THE PREMISES FOR LESSEE'S INTENDED USE.

WARNING: IF THE PREMISES ARE LOCATED IN A STATE OTHER THAN CALIFORNIA, CERTAIN PROVISIONS OF THE LEASE MAY NEED TO BE REVISED TO COMPLY WITH THE LAWS OF THE STATE IN WHICH THE PREMISES ARE LOCATED.

The parties hereto have executed this Lease at the place and on the dates specified above their respective signatures.

ADDENDUM TO STANDARD INDUSTRIAL/COMMERCIAL SINGLE TENANT LEASE – NET

This Addendum To Standard Industrial/Commercial Single Tenant Lease – Net (The "Addendum") is attached to and hereby made a part of that certain Standard Industrial/Commercial Single Tenant Lease – Net **(the "Lease")** dated September 22, 2020 by and between THE BRIMEL LLC., A CALIFORNIA LIMITED LIABILITY COMPANY, **("Lessor")** and YUN CHEN, AN INDIVIDUAL **("Lessee")**, for the premises commonly known as, 7733 Telegraph Road, Montebello, California 90640 **(the "Premises")**. The terms, covenants, and conditions set forth herein are intended to and shall have the same force and effect as if set forth in the Lease. To the extent that the provisions of this Addendum are inconsistent with any provisions of the Lease, this Addendum shall supersede and control.

51. **Paragraph 2.2. Condition (continued).** Subject only to Paragraphs 2.2 of the Form Lease, , Lessee acknowledges that upon delivery of the Premises to Lessee, the Premises shall be in its then condition **"AS IS AND WITH ALL ITS FAULTS"**, including, without limitation, any faults and conditions specifically referenced in the Lease. No person acting on behalf of Lessor is authorized to make (and Lessee acknowledges and agrees that Lessor has not made and specifically negates and disclaims) any representations, warranties, promises, covenants, agreements or guaranties of any kind or character whatsoever, whether express or implied, oral or written, past, present or future, of, as to, concerning or with respect to the Premises.

52. **Paragraph 2.3. Acknowledgements (continued).** Without limiting the generality of and subject to Paragraph 2.3 of the Form Lease, Lessee represents and warrants that it has obtained (or will obtain prior to occupancy) all required licensing and occupancy permits from the City of Montebello and the State of California and from other federal or state agencies having jurisdiction over the ability of Lessee business/cannabis activities in the Premises. Lessee covenants that it shall have all necessary Federal, State of California, City of Montebello and/or any other governmental agency permits and business license(s) for Lessee's business at all times during the term of this Lease.

53. **Base Rent Schedule (see the Lease, Paragraph 1.5).** Lessee shall pay Base Rent in accordance with the following schedule, subject to the abatement provided for in Paragraph 54 below:

Period	Monthly Base Rent	Monthly RE Tax & Ins.	Total Monthly Rent
October 1, 2020 to October 31, 2020	$98,818.75	$14,229.90	$113,048.65
November 1, 2020 to September 30, 2021	$49,409.37	$14,229.90	$63,639.27
October 1, 2021 to December 31, 2021	$50,891.65	$14,514.50	$65,406.15
January 1, 2022 to September 30, 2022	$101,783.31	$14,514.50	$116,297.81
October 1, 2022 to September 30, 2023	$104,836.81	$14,804.78	$119,641.59
October 1, 2023 to September 30, 2024	$107,981.91	$15,100.88	$123,082.79
October 1, 2024 to September 30, 2025	$111,221.37	$15,402.90	$126,624.27
October 1, 2025 to April 30, 2026	$114,558.01	$15,714.01	$130,272.02

NOTE: The Monthly RE Taxes and Insurance and other OPEX items are subject to change, see Paragraph 55 below.

54. **Base Rent Abatement.** As consideration for Lessee's faithful performance of all obligations to be performed by Lessee under the Lease, Lessee shall receive abatement of 50% of the Base Rent for the months of November 2020 through December 2021. Should Lessee, at any time during the Term hereof, be in Breach or Default under the Lease, then the total sum of such Base Rent abated shall become immediately due and payable by Lessee to Lessor. If, at the Expiration Date of the Term of the Lease, Lessee is not in Breach or Default under the Lease, Lessor shall waive the requirement for Lessee to pay such Base Rent abated.

55. **Operating Expenses.** The term "Operating Expenses" means all costs and expenses incurred by Lessor with respect to the ownership, maintenance, and operation of the Property, including, but not limited to, costs of: real property taxes, insurance, the maintenance, repair, and replacement of paving and parking areas, driveways, mowing, landscaping, tree trimming, property management, and other mechanical and building systems. Notwithstanding the foregoing, in addition to Base Rent Lessee shall also pay monthly for the Real Property Taxes and Insurance, which, for the 2020 operating period, is estimated at $14,229.90 monthly. All other Operating Expenses shall be contracted and paid directly by Lessee to Vendor. Lessee further acknowledges that the herein above stated operating expense is an estimated amount and will be subject to change. Lessor anticipates the property insurance and other expenses to greatly increase because of Lessees use.

56. **Utilities.** Notwithstanding any provisions contained in the Lease to the contrary, Lessee at Lessee's sole cost and expense shall be responsible to plan, install and/or provide separately metered utility services, to include but not limited to, electricity, water, telephone/internet and gas. Lessee is responsible to contact with and pay for all its' utility usage with each respective service provider.

57. **LESSEE INDEMNIFICATION**. LESSEE SHALL INDEMNIFY, DEFEND AND HOLD LESSOR, ITS AGENTS, EMPLOYEES, LENDERS AND GROUND LESSOR, IF ANY, HARMLESS FROM AND

AGAINST ANY AND ALL LOSS OF RENTS AND/OR DAMAGES, LIABILITIES, JUDGMENTS, CLAIMS, EXPENSES, PENALTIES, AND ATTORNEYS' AND CONSULTANTS' FEES ARISING OUT OF OR INVOLVING ANY CANNABIS ACTIVITIES ON THE PREMISES BY LESSEE, OR ANY THIRD PARTIES. LESSEE'S OBLIGATIONS SHALL INCLUDE, BUT NOT BE LIMITED TO, ACTIONS BY FEDERAL GOVERNMENT AND/OR ANY GOVERNMENTAL AGENCY, LESSORS LENDER(S), LESSOR'S INSRUANCE. NO TERMINATION, CANCELLATION OR RELEASE AGREEMENT ENTERED INTO BY LESSOR AND LESSEE SHALL RELEASE LESSEE FROM ITS OBLIGATIONS UNDER THIS LEASE WITH RESPECT TO CANNABIS ACTIVITIES, UNLESS SPECIFICALLY SO AGREED BY LESSOR IN WRITING AT THE TIME OF SUCH AGREEMENT.

58. **Claims by Lessee.** Lessee is acknowledging that Lessee is assuming all risks of every kind, nature and description concerning the Premises. Without in any way limiting the generality of the proceeding provisions, Lessee specifically acknowledges and agrees that Lessee and any and all of Lessee's successors and assigns, do hereby release, waive and discharge any claim, Lessee has, might have had or may in the future have against Lessor, with the respect to (i) the condition of the Premises relating to construction and/or improvements caused by Lessee, either patent or latent, (ii) Lessee's ability or inability to obtain or maintain any entitlements, building or grading permits, bonding, zoning or density modifications, temporary or final certificates of occupancy or other licenses for the use or operation of the Premises and/or certificates of compliance or other licenses for the use or operation of the Premises and/or certificates of compliance for the Premises, (iii) the actual or potential income or profits to be derived from the Premises, (iv) the taxes now or hereafter payable thereon, (v) the compliance with any environmental protection, pollution or land use laws, rules, regulations or requirements caused by Lessee. Lessee agrees that the foregoing release shall be fully effective regardless of any present lack of knowledge on the part of any such party as to any possible claim or any facts or circumstances pertaining to such matter. Lessee expressly waives the benefits and provisions of California Civil Code, Section 1542, which provides as follows:

> **"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY".**

Lessor  Lessee 
59. **Insurance (see Lease, Paragraph 8.2(a)).** Prior to the Commencement Date or any Early Possession period of this Lease, Lessee shall confirm that it has the policy or policies of insurance in place in accordance with Paragraph 8 of the Lease, as evidenced by the most recent form of the ACORD 25 Certificate of Liability Insurance (the "Certificate"), which Certificate shall also include the Endorsement: "ADDITIONAL INSURED – MANAGERS OR LESSORS OF PREMISES" naming the following as Additional Insureds: BRIMELL LLC., A CALIFORNIA LIMITED LIABILITY COMPANY ("LESSOR") ARE ADDITIONAL INSUREDS BY DEFINITION OF THE INSURANCE CONTRACT WITH REFERENCE TO OPERATIONS OF INSURED FOR LEASED PREMISES AT 7733 TELEGRAPH ROAD, MONTEBELLO, CALIFORNIA 90640, PER THE ATTACHED ENDORSEMENT NO. *add cert #*

60. **Signs.** Lessee shall have the right to use all existing signage on the property, to include the existing poll sign for Lessee's business identification, provided, however, Lessee shall first submit to Lessor detailed plans of any modifications of such signage for Lessors prior written approval. Upon the Termination, Early Termination or vacation of the Premises, Lessee shall have removed all signs and repair, paint, and/or replace the building fascia and/or sign surface(s) to which its signs are attached. Lessee Acknowledges that signs are under the jurisdiction of the City of Montebello and/or other Governmental Agencies ("Regulatory Agencies") and Lessee shall comply with requirements and/or restrictions from such and shall obtain all applicable use permits and approvals for all signs and exterior treatments. Lessor and Lessor's agent makes no representations as to Lessee's ability to use any signage, to include the poll sign, from Regulatory Agencies and Lessee shall independently verify and satisfy themselves about such prior to executing this Lease.

61. **Option to Purchase.** As consideration for Lessee entering into the Lease, Lessor hereby grants to Lessee an Option to Purchase the Premises on the following terms and conditions:

    a. Lessee is not then in default under this Lease at the time of the exercise of the Option and at closing.

    b. The Option is Personal to Lessee only and may not be assigned without Lessors consent. Provided however, that Lessee may assign to an entity that Lessee is majority owner.

    c. Lessee must give Lessor written notice of Exercise of option to purchase no earlier than October 1, 2023 and no later than July 31, 2025. If Lessee fails to exercise the Option within the deadlines herein the Option shall become void.

    d. The full purchase price for the Premises shall be the amount of $16,000,000.00, all cash, if the Option is exercised between October 1, 2023 and September 30, 2024 or $16,500,000.00, all cash, if exercised between October 1, 2024 and July 31, 2025.

e. Within ten (10) days from Lessor's receipt of Lessee's notice to Exercise the Option, Lessor shall deliver to Lessee Lessor's form Purchase and Sale Agreement, attached hereto as Exhibit "B", which incorporates the additional terms and conditions of the sale which include, but not limited to, Initial Deposit, Escrow Holder, Title Company, Liquidated Damages, Costs and Prorations.

f. Escrow Period shall not exceed 30 days (15 day Due Diligence and 15 day close thereafter).

g. Escrow must close prior to the expiration of the Lease and if Lessee opens escrow and fails to close Escrow as set forth hereinabove, the Option shall be void with no further rights to purchase.

62. Cannabis Related Provisions:

a. Lessor Has No Participation. By entering into this Lease, Lessor specifically states, and Lessee agrees, that Lessor has no participation, express or implied, in any marijuana-related operations of Lessee.

b. Change in Federal Policy or Law. Lessor and Lessee understand and accept that while legal under California law, the extraction, cultivation, processing, manufacturing, delivering, and distribution of marijuana is illegal under federal law. In the event that Lessor or Lessee receive notice from any governmental agency that Lessee's business is no longer a permitted use in the Premises, then Lessor or Lessee shall have the right to terminate the Lease with sixty (60) days prior written notice, and Lessee shall immediately cease any illegal activities. In such an event of early termination, Lessee's Security Deposit shall be kept by Lessor as full consideration for termination of the Lease and any and all damages incurred by Lessor and/or the Guarantor within the terms of this Agreement.

c. Enforcement of Lease. The Parties hereby acknowledge that the extraction, cultivation, processing, manufacturing, delivery, and/or distribution of marijuana are illegal under federal law and hereby agree to waive any defense of illegality in any actions to enforce the terms of this Agreement and agree that Lessee shall not be deemed in breach of the Lease for violation of Applicable Requirements based solely on the fact that marijuana is illegal under federal law.

d. Changes in Law. If changes to the legal atmosphere render Lessee's intended usage in non-compliance or if either party receives written notice from any governmental entity requesting discontinuance of the Agreed Use on the Premises; Lessor or Lessee will have the option to terminate this Lease with sixty (60) days written notice or may terminate it sooner if the applicable governmental notification requires it. Lessee shall be obligated to promptly provide copies of any such notices to Lessor, and of any other notices affecting the Agreed Use. In such an event of early termination, Lessee's Security Deposit shall be kept by Lessor as full consideration for termination of the Lease and any and all damages incurred by Lessor and/or the Guarantor within the terms of this Agreement.

Changes to the legal atmosphere that could render Lessee's usage in non-compliance, include, but are not limited to:

- The adoption of any state, or local law, ordinance, or regulation that, in Lessor or Lessee's reasonable discretion, makes the cultivation, manufacturing, sale, extraction, and or infusion of marijuana unlawful in the City or County where the Premises is located.

- Notice from any governmental or quasi-governmental agency with jurisdiction over Lessor or Lessee that it intends to imminently undertake enforcement of laws, ordinances, or regulations that significantly restrict or prohibit the cultivation, sale, extraction, and or infusion of marijuana.

- The adoption or enforcement of any land use restriction applicable to Lessor or Lessee that is substantially incompatible with the continued cultivation, sale, extraction, and or infusion of marijuana in or on the Premises.

In the event of any change in license, law or regulatory posture as outlined in the paragraphs above, the Parties understand that they will act in good faith in relation to these provisions and will first work in good faith to attempt to resolve any potential negative impact on them before terminating the Lease. The provisions outlined in this paragraph are not intended to allow either Party to terminate the Lease as a consequence of minor, technical, petty or insignificant enforcement/regulatory actions taken by third parties, but is instead intended to allow the Parties to terminate the Lease if Lessee's intended purpose is substantially impeded by third party actions.

In the event of termination caused by the conditions set above in this Section 63 and no set time is set forth in which to vacate, Lessee shall have up to 30 days to vacate the Premises.

63. Assignment And Subletting (See Lease Paragraph 12).

a) Lessee shall not, either voluntarily or by operation of law, assign, transfer, mortgage or otherwise transfer or encumber (collectively, an "**Assignment**") or sublet all or any part of Lessee's interest in the Lease or in the Premises without Lessor's prior written consent, which shall not be unreasonably withheld or delayed, given under and subject to the terms of Paragraph 36 of the Lease. Notwithstanding anything

to the contrary set forth in Paragraph 12 of the Lease, and within ten (10) business days after Lessor's receipt of Lessee's request for consent and Lessor's receipt of all information which Lessor requires under Paragraph 12 of the Lease, Lessor shall notify Lessee, in writing, of either Lessor's consent or disapproval thereof.

64. **Acknowledgement of California Civil Code Section 1938 and ADA:** Notwithstanding anything to the contrary set forth in the Lease and since compliance with the Americans with Disabilities Act of 1980, as amended from time-to-time, ("ADA") is dependent upon Lessee's use, occupancy, and/or specific business in the Premises, Lessor makes no warranty nor representation as to whether or not the Premises is in compliance with the ADA or any similar legislation, including, but not limited to, the California-related Applicable Requirements or applicable laws under "Title 24" of the California Code of Regulations. In the event that the Lease and/or Lessee's use, occupancy, and/or business in the Premises requires modifications or any other alterations to the Premises in order to be in ADA and/or Title 24 compliance, Lessee agrees to make any such necessary modifications and/or alterations at Lessee's sole cost and expense. In addition and by executing same hereunder, both Lessor and Lessee acknowledge and agree that the Premises (which includes the building): (a) has NOT been inspected by a Certified Access Specialist ("CAsp") for compliance with the ADA and/or Title 24 or otherwise under California Civil Code Section 1938, (b) has NOT been determined to be in compliance with Section 55.53 of the California Civil Code, and (c) prior to the actual Commencement Date under the Lease, Lessee may separately contract with such CAsp to perform only the California Civil Code Section 1938 inspection of the Premises (and is, in fact, encouraged by Lessor to do so) after prior written notice to Lessor of the proposed CAsp and Lessor's mutually agreed upon date for inspection, along with Lessor's right to accompany the CAsp throughout the Premises; all to be at Lessee's sole cost and expense.

65. **Conditional Use Permit.** Upon the execution of the Lease Lessee will still be in the process of applying for cannabis related Conditional Use Permits from the City of Montebello or other governmental agencies having jurisdiction over Lessee's use. Lessee shall have 180 days from the execution of the Lease to obtain a Conditional Use Permit from said Agencies. In the event Lessee is denied the Conditional Use Permit and Lessee is therefore unable to occupy the property for cannabis related uses, Lessee shall immediately provide copies of any such denial to Lessor, and Lessee shall then have the right to terminate the Lease by giving Lessor 10 day written notice to terminate the Lease under the following conditions; Lessee's Security Deposit shall be kept by Lessor as full consideration for termination of the Lease for any and all damages incurred by Lessor; 2) Lessee shall be responsible to pay all rent due until the termination date; and 3) Lessee shall deliver the premises to Lessor in accordance with paragraph 7.4 or any other provisions in the Lease pertaining to termination of the Lease. If Lessee does not give written notice within the time period specified hereinabove and/or breaches any conditions hereinabove the termination right related to the Conditional Use Permit will be null and void.

66. **Neutrality.** This Lease and Addendum will be deemed to have been drafted jointly by the Parties hereto and, in the event of any dispute, shall not be construed in favor of or against any Party hereto by reason of any Party's contribution to the drafting of this Lease or Addendum.

67. **Governing Law.** The Lease, Addendum, Exhibits, and any other addendum or amendment thereto shall be construed and enforced in accordance with the laws of the State of California. Lessor and Lessee hereby consent and agree to the jurisdiction of the state or federal courts sitting in the County of Los Angeles, State of California and waive any objection based on venue or forum non conveniens with respect to any action instituted therein and further agree that any dispute concerning the relationship between the Parties or this Lease or otherwise shall be heard only in the courts described above.

68. **Counterparts and Facsimile Signatures:** This Agreement may be executed in multiple counterparts (including via telecopier or facsimile transmission, which shall be conclusively deemed to be an original signature or signatures when attached hereto), and all of which counterparts, when combined together, shall be deemed one in the same instrument.

69. **DRAFTING OF LEASE AND ADDENDUM. LESSEE AND LESSOR ACKNOWLEDGE AND AGREE THAT DUE TO THE NUMEROUS COMPLEXITIES AND LEGAL RAMIFICATIONS INVOLVED IN THIS CANNABIS USE, TO INCLUDE CITY AND STATE LICENSING MATTERS, MINIMUM DISTANCE FROM SCHOOLS AND OTHER SENSITIVE OR COMPETING USES, FIRE INSURANCE MAY BE TERMINATED, USE MAY BE IN VIOLATION OF LOAN TERMS, NOT PERMITTED BY FEDERAL LAW(S), SPECIFIC REQUIREMENTS OF SIGNAGE AND ADVERTISEMENT AND OTHER SUCH MATTERS AND THEREFORE, BROKER DOES NOT HAVE THE EXPERTISE TO PROPERLY DRAFT THIS DOCUMENT. LESSOR AND LESSEE FURTHER ACKNOWLEDGE AND AGREE TO BROKER THAT EACH OF THEIR RESPECTIVE LEGAL COUNSELS WILL REVIEW THIS DRAFT LEASE IN ITS ENTIRETY AND MODIFY, REPLACE, ALTER AND/OR REWRITE THE LEASE TO MEET EACH PARTIES NEEDS, CONCERNS AND REQUIREMENTS.**

THE AGREEMENT AND ADDENDUM HAS BEEN EITHER COMPLETELY OR PARTIALLY PREPARED BY LEE & ASSOCIATES®-COMMERCE, INC. AT THE REQUEST OF LESSOR AND LESSEE WHO ARE HEREIN REFERRED TO AS THE "PARTIES" WITHOUT REGARD TO NUMBER OR GENDER. THE PARTIES HAVE BEEN ADVISED TO HAVE THIS DOCUMENT REVIEWED BY THEIR OWN INDEPENDENT COUNSEL, FINANCIAL ADVISOR, AND OTHER SUCH ADVISORS AND CONFIRM THAT IN SIGNING OF THIS DOCUMENT, THEY HAVE NOT RELIED ON ANY ACTS OR CONDUCT OF LEE &

ASSOCIATES®-COMMERCE, INC. AND ITS AGENTS WITH REGARD TO THE CONTENT, INTERPRETATIONS OR MEANING OF THE AGREEMENT OR THIS ADDENDUM. THE PARTIES JOINTLY AND SEVERALLY WAIVE ANY AND ALL CLAIMS, ACTIONS, DEMANDS, AND LOSS AGAINST LEE & ASSOCIATES®-COMMERCE, INC., ITS AFFILIATES, AGENTS, EMPLOYEES, AND EACH OF THEM THAT A PARTY MAY INCUR BY REASON OF ANY ACT, ERROR OR OMISSION IN THE PREPARATION OF THIS DOCUMENT AND IN ITS INTERPRETATION AND MEANING, WHETHER OR NOT THE INTERPRETATION OR MEANING IS THE RESULT OF COMPROMISE AND SETTLEMENT AMONG PARTIES OR THE RESULT OF DETERMINATION BY A COURT OR ARBITRATION PANEL OF COMPETENT JURISDICTION. THE PRECEDING WAIVER PROVISIONS HAVE BEEN NEGOTIATED BY AND BETWEEN THE PARTIES ON THE ONE PART AND BY LEE & ASSOCIATES®-COMMERCE, INC. ON THE OTHER PART.

IN WITNESS WHEREOF, the parties have executed and delivered this Addendum concurrently with the execution and delivery of the Lease.

DISCLOSURE FOR LEASE
For AIR Lease Forms
(When Prepared by Lee & Associates Commercial Real Estate Services, Inc. – City of Industry)

PREMISES: 7733 TELEGRAPH ROAD, MONTEBELLO, CALIFORNIA, 90640 **(the "Premises")**

1. LEGAL EFFECT. Upon acceptance of a binding Lease (the "Lease"), Lessor and Lessee both intend to have a binding legal agreement for the leasing of the Premises on the terms and conditions set forth therein. Lessor and Lessee acknowledge that Broker (as defined in the Lease) is not qualified to practice law or authorized to give legal advice or counsel as to any legal matters affecting the Lease. Broker hereby advises Lessor and Lessee to consult with their respective attorneys in connection with any questions each may have as to legal ramifications or effects of this Lease, prior to its execution.

2. FORM OF LEASE. The Lease is a standard form document. Broker has, at the direction of Lessor and/or Lessee, merely "filled in the blanks" based on prior discussions and/or correspondence of the parties. Lessor and Lessee each acknowledge that the Lease is delivered subject to the express condition that Broker has merely followed the instructions of the parties in preparing this document and does not assume any responsibility for its accuracy, completeness or form. Lessor and Lessee acknowledge and understand that in providing the Lease, Broker has acted to expedite this transaction on behalf of Lessor and/or Lessee and has functioned within the scope of professional ethics by doing so.

3. CONCURRENT OFFERS. Lessor and Lessee acknowledge and consent that Broker may represent concurrent and/or competing offers with regard to the purchase or lease of the Premises from one or more prospective buyers or lessees without further notice.

4. NO INDEPENDENT INVESTIGATION. Lessor and Lessee acknowledge and understand that any financial statements, information, reports or written materials of any nature whatsoever, as provided by the parties to Broker and thereafter submitted by Broker to either Lessor and/or Lessee, are so provided without any independent investigation by Broker, and as such, Broker assumes no responsibility or liability for the accuracy or validity of the same. Any verification of such submitted documents is solely and completely the responsibility of the party to whom such documents have been submitted.

5. NO WARRANTY. Lessor and Lessee acknowledge and understand that no warranties, recommendations or representations are or will be made by Broker as to the accuracy, legal sufficiency, legal effect or tax consequences of any of the documents submitted by Broker to Lessor and/or Lessee or of the legal sufficiency, legal effect or tax consequences of the transactions contemplated thereby. Furthermore, Lessor and Lessee acknowledge and understand that Broker has made no representations or warranties concerning the ability of Lessee to use the Premises as intended, the sufficiency or adequacy of the Premises for the intended use or any other matter regarding the Premises, and the parties are relying solely on their own investigations in executing the Lease.

6. NOTICE REGARDING HAZARDOUS WASTES OR SUBSTANCES AND UNDERGROUND STORAGE TANKS. Although Broker will disclose any actual knowledge it possesses with respect to the existence of any hazardous wastes, substances or underground storage tanks at the Premises, Broker has not made any independent investigations or obtained reports with respect thereto, except as may be described in a separate written document signed by Broker. All parties hereto acknowledge and understand that Broker makes no representations or warranties regarding the existence or nonexistence of hazardous wastes, substances or underground storage tanks at the Premises. Lessor and Lessee acknowledge that Broker has recommended that they should each contact one or more professionals, such as a civil engineer, geologist, industrial hygienist or other environmental consultants, for advice concerning the existence of hazardous wastes, substances or underground storage tanks.

7. DISCLOSURE RESPECTING AMERICANS WITH DISABILITIES ACT. The Americans with Disabilities Act, as well as certain state and local laws, is intended to make many business establishments equally accessible to persons with a variety of disabilities; modifications to real property may be required by such laws. Broker is not qualified to advise you as to what, if any, changes may be required now or in the future. The undersigned acknowledge that Broker has recommended that they consult attorneys and qualified design professionals for information regarding whether the Premises is in compliance with applicable law and/or whether modifications and changes are required.

8. CORPORATE SIGNATURES. Although there is a presumption under California law that the signature of a corporate president is adequate to bind the corporation, a California Court of Appeals in a 1998 case allowed a party to rebut the normal presumption. Therefore, if either of the parties to the Lease is a corporation, it is advisable: (i) that the Lease be signed by two officers of the corporation, i.e. the president or vice president and the secretary or chief financial officer (note: one individual signing in both the capacity of president and as secretary may not be sufficient), or (ii) that the corporation provide a duly executed corporate resolution authorizing the transaction.

9. USE AND OCCUPANCY DISCLOSURE. Broker recommends that Lessee hire qualified contractor(s), consultant(s) or other professional(s) to confirm and verify that the physical characteristics of the Property (including, but not limited to, building, office and land sizes, fire sprinkler capacity, electrical power and all utilities, ceiling clear height, loading door sizes and quantity, railroad service, parking spaces, heating/cooling systems, type of construction, restroom(s) number and size, year built of improvements) are to Lessee's satisfaction and that they are adequate to accommodate Lessee's intended use. Broker also recommends that Lessee hire qualified professionals to confirm with applicable governmental agencies that the use and zoning of the Premises are acceptable for Lessee's intended use and that Lessee will be able to obtain all permits, licenses, and other approvals necessary for the intended use.

10. SEISMIC REINFORCEMENT DISCLOSURE. Some cities and counties have established or may be establishing minimum standards for structural seismic resistance for certain buildings constructed prior to 1933, 1976, and possibly other dates. Some structures will be required to comply with various standards set forth by the appropriate governmental agencies. Broker is not qualified to advise you as to what, if any, changes may be required now or in the future. The undersigned acknowledge that Broker has recommended that they consult a qualified architect, attorney or other consultant for information regarding this matter.

11. MOLD DISCLOSURE. Toxic or other molds may be present within a property in concentrations that may pose a threat to the health of humans. Toxic or other dangerous molds may or may not be visible or apparent to a potential user of the Premises. In order to ascertain the nature and extent of toxic or other molds present in a property, it is necessary to conduct testing using a qualified environmental expert specializing in mold inspection and analysis. Broker advises Lessee to retain the services of an environmental testing expert for this purpose.

12. DISCLOSURE REGARDING CITY ORDINANCES. Some cities have enacted ordinances which provide, among other matters, for car and truck parking restrictions and regulations, truck loading area requirements and maximum building sizes that can be utilized for a particular use. Additionally, some cities have imposed special taxes, such as the City of Vernon, for warehouse or partial warehouse uses. All of these restrictions and/or regulations are varied from city to city, and they are constantly changing. Broker is not qualified to advise you whether the Premises (and/or any related property) or the proposed use thereof complies with these or any other ordinances or whether the Premises (and/or any related property) might in the future violate these or any other ordinances, nor is Broker qualified to advise you as to the impact thereof. Broker recommends that each party carefully review all applicable codes, regulations, and ordinances affecting the Premises and consult with their attorneys, consultants, engineers, and contractors to determine whether the Premises (and/or any related property) and the proposed use are and, in the future, will be in compliance with same.

13. DISCLOSURE REGARDING INSPECTION BY CERTIFIED ACCESS SPECIALIST. The State of California requires that property owners or lessors state on every lease whether the property being leased or rented has undergone inspection by a Certified Access Specialist (CASp) and, if so, whether the property has or has not been determined to meet all applicable construction-related accessibility standards pursuant to California Civil Code Section 55.53. Lessor and Lessee acknowledge that Broker has made no representation or warranties concerning whether the Premises has or has not undergone a CASp inspection or whether the Premises has not been determined to meet all applicable construction-related accessibility standards pursuant to California Civil Code Section 55.53. The undersigned acknowledge that Broker has recommended that they consult their attorneys and qualified design professionals for information regarding the legal effect or consequence of Lessor's CASp inspection disclosure and whether modifications and/or changes to the Premises are required.

14. Lessor and Lessee acknowledge that Broker has made no representations with respect to the enforceability or continued enforceability of any Lease in the event of a foreclosure on the Premises. Broker recommends that Lessor and/or Lessee consult with an attorney to determine the effect of a foreclosure on any Lease and specifically the advisability of entering into a subordination, non-disturbance and attornment agreement in connection with any Lease of the Premises.

The undersigned acknowledge that they have received and read the above Disclosure.

DISCLOSURE REGARDING REAL ESTATE AGENCY RELATIONSHIP

(As required by the Civil Code)

When you enter into a discussion with a real estate agent regarding a real estate transaction, you should from the outset understand what type of agency relationship or representation you wish to have with the agent in the transaction.

SELLER'S AGENT

A Seller's agent under a listing agreement with the Seller acts as the agent for the Seller only. A Seller's agent or a subagent of that agent has the following affirmative obligations:

To the Seller: A fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Seller.

To the Buyer and the Seller:

(a) Diligent exercise of reasonable skill and care in performance of the agent's duties.

(b) A duty of honest and fair dealing and good faith.

(c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties.

An agent is not obligated to reveal to either party any confidential information obtained from the other party that does not involve the affirmative duties set forth above.

BUYER'S AGENT

A Buyer's agent can, with a Buyer's consent, agree to act as agent for the Buyer only. In these situations, the agent is not the Seller's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Seller. An agent acting only for a Buyer has the following affirmative obligations:

To the Buyer: A fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Buyer.

To the Buyer and the Seller:

(a) Diligent exercise of reasonable skill and care in performance of the agent's duties.

(b) A duty of honest and fair dealing and good faith.

(c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties.

An agent is not obligated to reveal to either party any confidential information obtained from the other party that does not involve the affirmative duties set forth above.

AGENT REPRESENTING BOTH SELLER AND BUYER

A real estate agent, either acting directly or through one or more salesperson and broker associates, can legally be the agent of both the Seller and the Buyer in a transaction, but only with the knowledge and consent of both the Seller and the Buyer.

In a dual agency situation, the agent has the following affirmative obligations to both the Seller and the Buyer:

(a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either the Seller or the Buyer.

(b) Other duties to the Seller and the Buyer as stated above in their respective sections.

In representing both Seller and Buyer, a dual agent may not, without the express permission of the respective party, disclose to the other party confidential information, including, but not limited to, facts relating to either the Buyer's or Seller's financial position, motivations, bargaining position, or other personal information that may impact price, including the Seller's willingness to accept a price less than the listing price or the Buyer's willingness to pay a price greater than the price offered.

SELLER AND BUYER RESPONSIBILITIES

Either the purchase agreement or a separate document will contain a confirmation of which agent is representing you and whether that agent is representing you exclusively in the transaction or acting as a dual agent. Please pay attention to that confirmation to make sure it accurately reflects your understanding of your agent's role. The above duties of the agent in a real estate transaction do not relieve a Seller or Buyer from the responsibility to protect his or her own interests. You should carefully read all agreements to assure that they adequately express your understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional. If you are a Buyer, you have the duty to exercise reasonable care to protect yourself, including as to those facts about the property which are known to you or within your diligent attention and observation. Both Sellers and Buyers should strongly consider obtaining tax advice from a competent professional because the federal and state tax consequences of a transaction can be complex and subject to change.

Throughout your real property transaction you may receive more than one disclosure form, depending upon the number of agents assisting in the transaction. The law requires each agent with whom you have more than a casual relationship to present you with this disclosure form. You should read its contents each time it is presented to you, considering the relationship between you and the real estate agent in your specific transaction. **This disclosure form includes the provisions of Sections 2079.13 to 2079.24, inclusive, of the Civil Code set forth on page 2. Read it carefully. I/WE ACKNOWLEDGE RECEIPT OF A COPY OF THIS DISCLOSURE AND THE PORTIONS OF THE CIVIL CODE PRINTED ON THE BACK (OR A SEPARATE PAGE).**

DISCLOSURE REGARDING REAL ESTATE AGENCY RELATIONSHIP
CIVIL CODE SECTIONS 2079.13 THROUGH 2079.24 (2079.16 APPEARS ON THE FRONT)

2079.13. As used in Sections 2079.7 and 2079.14 to 2079.24, inclusive, the following terms have the following meanings: **(a)** "Agent" means a person acting under provisions of Title 9 (commencing with Section 2295) in a real property transaction, and includes a person who is licensed as a real estate broker under Chapter 3 (commencing with Section 10130) of Part 1 of Division 4 of the Business and Professions Code, and under whose license a listing is executed or an offer to purchase is obtained. The agent in the real property transaction bears responsibility for that agent's salespersons or broker associates who perform as agents of the agent. When a salesperson or broker associate owes a duty to any principal, or to any buyer or seller who is not a principal, in a real property transaction, that duty is equivalent to the duty owed to that party by the broker for whom the salesperson or broker associate functions. **(b)** "Buyer" means a transferee in a real property transaction, and includes a person who executes an offer to purchase real property from a seller through an agent, or who seeks the services of an agent in more than a casual, transitory, or preliminary manner, with the object of entering into a real property transaction. "Buyer" includes vendee or lessee of real property. **(c)** "Commercial real property" means all real property in the state, except (1) single-family residential real property, (2) dwelling units made subject to Chapter 2 (commencing with Section 1940) of Title 5, (3) a mobilehome, as defined in Section 798.3, (4) vacant land, or (5) a recreational vehicle, as defined in Section 799.29. **(d)** "Dual agent" means an agent acting, either directly or through a salesperson or broker associate, as agent for both the seller and the buyer in a real property transaction. **(e)** "Listing agreement" means a written contract between a seller of real property and an agent, by which the agent has been authorized to sell the real property or to find or obtain a buyer, including rendering other services for which a real estate license is required to the seller pursuant to the terms of the agreement. **(f)** "Seller's agent" means a person who has obtained a listing of real property to act as an agent for compensation. **(g)** "Listing price" is the amount expressed in dollars specified in the listing for which the seller is willing to sell the real property through the seller's agent. **(h)** "Offering price" is the amount expressed in dollars specified in an offer to purchase for which the buyer is willing to buy the real property. **(i)** "Offer to purchase" means a written contract executed by a buyer acting through a buyer's agent that becomes the contract for the sale of the real property upon acceptance by the seller. **(j)** "Real property" means any estate specified by subdivision (1) or (2) of Section 761 in property, and includes (1) single-family residential property, (2) multiunit residential property with more than four dwelling units, (3) commercial real property, (4) vacant land, (5) a ground lease coupled with improvements, or (6) a manufactured home as defined in Section 18007 of the Health and Safety Code, or a mobilehome as defined in Section 18008 of the Health and Safety Code, when offered for sale or sold through an agent pursuant to the authority contained in Section 10131.6 of the Business and Professions Code. **(k)** "Real property transaction" means a transaction for the sale of real property in which an agent is retained by a buyer, seller, or both a buyer and seller to act in that transaction, and includes a listing or an offer to purchase. **(l)** "Sell," "sale," or "sold" refers to a transaction for the transfer of real property from the seller to the buyer and includes exchanges of real property between the seller and buyer, transactions for the creation of a real property sales contract within the meaning of Section 2985, and transactions for the creation of a leasehold exceeding one year's duration. **(m)** "Seller" means the transferor in a real property transaction and includes an owner who lists real property with an agent, whether or not a transfer results, or who receives an offer to purchase real property of which he or she is the owner from an agent on behalf of another. "Seller" includes both a vendor and a lessor of real property. **(n)** "Buyer's agent" means an agent who represents a buyer in a real property transaction.

2079.14. A seller's agent and buyer's agent shall provide the seller and buyer in a real property transaction with a copy of the disclosure form specified in Section 2079.16, and shall obtain a signed acknowledgment of receipt from that seller and buyer, except as provided in Section 2079.15, as follows: **(a)** The seller's agent, if any, shall provide the disclosure form to the seller prior to entering into the listing agreement. **(b)** The buyer's agent shall provide the disclosure form to the buyer as soon as practicable prior to execution of the buyer's offer to purchase. If the offer to purchase is not prepared by the buyer's agent, the buyer's agent shall present the disclosure form to the buyer not later than the next business day after receiving the offer to purchase from the buyer.

2079.15. In any circumstance in which the seller or buyer refuses to sign an acknowledgment of receipt pursuant to Section 2079.14, the agent shall set forth, sign, and date a written declaration of the facts of the refusal.

2079.16 Reproduced on Page 1 of this AD form.

2079.17(a) As soon as practicable, the buyer's agent shall disclose to the buyer and seller whether the agent is acting in the real property transaction as the buyer's agent, or as a dual agent representing both the buyer and the seller. This relationship shall be confirmed in the contract to purchase and sell real property or in a separate writing executed or acknowledged by the seller, the buyer, and the buyer's agent prior to or coincident with execution of that contract by the buyer and the seller, respectively. **(b)** As soon as practicable, the seller's agent shall disclose to the seller whether the seller's agent is acting in the real property transaction as the seller's agent, or as a dual agent representing both the buyer and seller. This relationship shall be confirmed in the contract to purchase and sell real property or in a separate writing executed or acknowledged by the seller and the seller's agent prior to or coincident with the execution of that contract by the seller.

(d) The disclosures and confirmation required by this section shall be in addition to the disclosure required by Section 2079.14. An agent's duty to provide disclosure and confirmation of representation in this section may be performed by a real estate salesperson or broker associate affiliated with that broker.

2079.18 (Repealed pursuant to AB-1289, 2017-18 California Legislative session)

2079.19 The payment of compensation or the obligation to pay compensation to an agent by the seller or buyer is not necessarily determinative of a particular agency relationship between an agent and the seller or buyer. A listing agent and a selling agent may agree to share any compensation or commission paid, or any right to any compensation or commission for which an obligation arises as the result of a real estate transaction, and the terms of any such agreement shall not necessarily be determinative of a particular relationship.

2079.20 Nothing in this article prevents an agent from selecting, as a condition of the agent's employment, a specific form of agency relationship not specifically prohibited by this article if the requirements of Section 2079.14 and Section 2079.17 are complied with.

2079.21 (a) A dual agent may not, without the express permission of the seller, disclose to the buyer any confidential information obtained from the seller. **(b)** A dual agent may not, without the express permission of the buyer, disclose to the seller any confidential information obtained from the buyer. **(c)** "Confidential information" means facts relating to the client's financial position, motivations, bargaining position, or other personal information that may impact price, such as the seller is willing to accept a price less than the listing price or the buyer is willing to pay a price greater than the price offered. **(d)** This section does not alter in any way the duty or responsibility of a dual agent to any principal with respect to confidential information other than price.

2079.22 Nothing in this article precludes a seller's agent from also being a buyer's agent. If a seller or buyer in a transaction chooses to not be represented by an agent, that does not, of itself, make that agent a dual agent.

2079.23 (a) A contract between the principal and agent may be modified or altered to change the agency relationship at any time before the performance of the act which is the object of the agency with the written consent of the parties to the agency relationship. **(b)** A lender or an auction company retained by a lender to control aspects of a transaction of real property subject to this part, including validating the sales price, shall not require, as a condition of receiving the lender's approval of the transaction, the homeowner or listing agent to defend or indemnify the lender or auction company from any liability alleged to result from the actions of the lender or auction company. Any clause, provision, covenant, or agreement purporting to impose an obligation to defend or indemnify a lender or an auction company in violation of this subdivision is against public policy, void, and unenforceable.

2079.24 Nothing in this article shall be construed to either diminish the duty of disclosure owed buyers and sellers by agents and their associate licensees, subagents, and employees or to relieve agents and their associate licensees, subagents, and employees from liability for their conduct in connection with acts governed by this article or for any breach of a fiduciary duty or a duty of disclosure.

AGREEMENT OF PURCHASE AND SALE
AND JOINT ESCROW INSTRUCTIONS

This AGREEMENT OF PURCHASE AND SALE AND JOINT ESCROW INSTRUCTIONS ("Agreement") is made as of _____ ___, 20___ (the "Effective Date"), by and between The Brimel, LLC, a California limited liability company ("Seller"), and Yun Chen and/or permitted assignee, an individual ("Buyer").

RECITALS:

A. Seller is the owner of that certain improved real property located at 7733 Telegraph Road, in the City of Montebello, California 90640, containing an industrial building having approximately 79,055 square feet (the "Building") and situated on approximately 3.96 acres of land, identified as County of Los Angeles Assessor's Parcel Numbers 6354-028-033 ("Land"), and as more particularly described on Exhibit "A" attached hereto and incorporated herein by this reference (hereinafter the Building, the Land are referred to collectively as the "Property"). Under the terms of this Agreement, the Property shall also be deemed to include all improvements, transferable mineral rights, assignable development rights, air rights, sewer rights, fixtures, Seller's interest in signs and signage rights, heating, ventilation and air-conditioning systems, operating records, easements, rights-of-way, appurtenances and assignable permits, authorizations, licenses, warranties, and Service Contracts (as defined below) pertaining thereto, and all personal property, equipment (including, without limitation, all intangible property) and fixtures actually owned by Seller thereon.

B. Buyer now desires to purchase from Seller, and Seller now desires to sell to Buyer, the Property.

NOW, THEREFORE, in consideration of the covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Buyer and Seller hereby agree as follows:

1. Purchase and Sale. Seller hereby agrees to sell, and Buyer hereby agrees to buy, the Property upon the terms and conditions set forth herein. Subject to the provisions hereof, the "Closing Date" means _____ ___ , 20___.

2. Purchase Price. The "Purchase Price" for the Property will be Sixteen Million _____ Dollars ($16,___,000.00). Concurrent with the opening of Escrow (as defined below), Buyer shall deposit with Escrow Holder (as defined below) the sum of One Million Dollars ($1,000,000.00) in cash, to be held in an interest-bearing account, with any interest accruing thereon while held in Escrow being added to said sum (collectively, the "Initial Deposit"). The Initial Deposit will be returned to Buyer if Buyer terminates this transaction (and provides written notice to Seller thereof pursuant to Paragraph 5 below) for failure of the Contingencies (as defined below) prior to the Contingency Date (as defined below), but shall otherwise be nonrefundable to Buyer and shall be immediately released to Seller on the first (1st) business day following the Contingency Date or early waiver by Buyer of such.

Further, at such time, Escrow is hereby authorized and instructed to release the Buyer's deposit to Seller, without any further instructions. Said funds being released are non-refundable, however, will apply as a portion of the purchase price at the close of escrow and the Seller's demand for cash at close of escrow is reduced accordingly. The Buyer acknowledges that the release of these funds is authorized prior to the recording of any document as required under the Buyer's previous instructions, and regardless of the current condition of title, or the ultimate completion or outcome of this escrow. Payment of the funds prior to the close of escrow as herein authorized is made without liability or recourse on the Escrow company

At least one (1) business day prior to the Closing Date, Buyer will deposit with Escrow Holder the balance of the Purchase Price, plus Buyer's share of prorations and closing costs described below, by means of cashier's check, federal wire transfer or other method satisfactory to Escrow Holder so that immediately available funds will be available to Escrow Holder for the benefit of Seller at the opening of business on the Closing Date.

3. Escrow.

(a) No later than two (2) business days following the parties' execution of this Agreement, the parties shall proceed to open an escrow ("Escrow") with Tina DeBow, of Commerce Escrow Company, 1055 Wilshire Boulevard, Suite 1000, Los Angeles, California 90017, Phone No: (213) 353-4044, Fax (213) 201-5184 and email tdebow@comescrow.com (the "Escrow Holder"), by depositing therein a fully-executed original of this Agreement along with the Deposit from Buyer. Buyer and Seller shall execute any further standard escrow instructions reasonably required by Escrow Holder; provided, this Agreement shall control in the event of any inconsistency between this Agreement and such additional escrow instructions. Buyer and Seller hereby instruct Escrow Holder to prepare the estimated closing statement no less than five (5) business days prior to the Closing Date.

(b) Buyer and Seller hereby agree that Chicago Title Company, 725 South Figueroa Street, Suite 200, Los Angeles, California, 90017, Attn: Michael Slinger, Phone No. (213) 612-4131, Fax (213) 612-4123 and email mike.slinger@ctt.com (the "Title Company") will be the "real estate reporting person" for purposes of this Agreement, if necessary, pursuant to Internal Revenue Code ("IRC") Section 6045(e).

4. Delivery of Title. Prior to the Closing Date, Seller shall deposit with Escrow Holder a duly executed and acknowledged Grant Deed in the form of Exhibit "B" attached hereto and incorporated herein by this reference, conveying the Property to Buyer subject only to: (a) a lien to secure payment of real estate taxes and assessments, not delinquent; (b) all matters of record or survey not disapproved by Buyer, as described in Paragraph 5 below; and (c) all matters discoverable by means of a survey or a physical inspection of the Property (collectively, the "Survey"). Notwithstanding the foregoing, any leases and any monetary liens encumbering the Property, other than non-delinquent real estate taxes and assessments, shall be removed from title or bonded against by Seller on or before the Closing (as defined below), at Seller's sole cost and expense, unless otherwise agreed to or waived by Buyer in writing. At the close of Escrow, Seller shall cause the Title Company to issue to Buyer, a standard/CLTA or its equivalent owner's policy of title insurance (the "Title Policy"), in the amount of the Purchase Price showing fee simple title to the Property vested in Buyer. Buyer shall have the option of obtaining an extended/ALTA coverage policy of title insurance and all endorsements thereto, if any (collectively, the "ALTA Title Policy"); provided, that Buyer pays for the additional cost of obtaining such ALTA Title Policy, and satisfies any Title Company requirements in connection therewith, including owners affidavit and indemnity, if requested.

5. Contingency Date. On or before 5:00 p.m. Pacific Time on _____ ___, 20___ (the "Contingency Date"), Buyer shall have notified Seller and Escrow Holder, in writing, if Buyer disapproves of any of the conditions precedent described in this Paragraph 5 (collectively, the "Contingencies"). Upon such disapproval, this Agreement shall automatically terminate, Escrow Holder shall return the Deposit to Buyer, and neither party hereto shall have any further rights or obligations hereunder (except as otherwise expressly provided herein). Buyer's failure to give such notice of disapproval by the Contingency Date shall be conclusively deemed to be Buyer's approval or waiver of all Contingencies hereunder and the Deposit shall be deemed earned and nonrefundable except for Seller's default. Buyer's Contingencies are solely for the benefit of Buyer and may be waived only by Buyer, in Buyers sole and absolute discretion.

DC CY

(a) Title. Buyer shall have until the Contingency Date to disapprove in writing (i) the legal description of the Property attached hereto as Exhibit "A", (ii) any matters of title as disclosed by a current standard preliminary title report or title commitment issued by the Title Company and legible copies, if obtainable, of the recorded documents referred to in such preliminary title report or title commitment, all of which shall be delivered to Buyer promptly following the opening of Escrow, and (iii) any title matters disclosed by an inspection or survey of the Property.

(b) Review and Approval of Documents. Within three (3) days after mutual execution of this Agreement, Seller shall deliver to Buyer for Buyer's review and approval the documents and materials respecting the Property set forth below, which such information Buyer shall also have until the Contingency Date to disapprove, in writing:

(i) The monthly income and expense records for the Property for the period of time which is two (2) years prior to the Effective Date (including property tax bills, utility bills and rent roll, if any), in the form customarily maintained by Seller and to the extent same are available to Seller, including association dues and common area charges;

(ii) Certificates of occupancy and any other governmental permits or entitlements in Seller's possession relating to the Property, if any, and all notices of violation of building code, zoning or other land use regulations, as well as notices from insurance underwriters, received by Seller in the three (3) years prior to the Effective Date;

(iii) All service contracts and other agreements in Seller's possession relating to the operation of the Property (collectively, the "Service Contracts"), if any;

(iv) All (1) plans and specifications, (2) engineering studies, (3) geological and geotechnical reports, (4) earthquake and structural reports, (5) roof, mechanical (including loading doors), HVAC inspection reports, invoices, and insurance claims relating thereto, and (6) similar reports relating to the Property, which are in Seller's possession, if any;

(v) Construction contracts and warranties and guaranties relating to improvements, fixtures and personal property;

(vi) Copies of any existing Survey and/or plans and specifications regarding the Property which are in Seller's possession, if any;

(vii) Copies of all reports relating to Hazardous Materials (hereinafter defined) in Seller's possession or control relating to the Property; and

(viii) Copies of any and all leases, licenses, rental agreements or occupancy agreements, and all amendments and supplements or other writings in relation thereto, relative to the Property (together with all rents, issues and profits thereunder) (collectively, "Leases").

Seller agrees to deliver the above-referenced documents, which are in Seller's actual possession or control, to Buyer promptly following the opening of Escrow, without any representations or warranties by Seller as to the contents or accuracy thereof,. If this Agreement is terminated for any reason, Buyer covenants to immediately return to Seller all documentation theretofore delivered to Buyer by or on behalf of Seller, and Buyer shall also deliver to Seller, promptly upon Buyer's receipt, copies of any and all reports, studies, Surveys or similar matters commissioned by Buyer with respect to the Property, at no cost or expense to Seller.

(c) Inspections and Studies. Buyer shall have until the Contingency Date to disapprove, in writing, the results of any and all inspections, economic and legal feasibility analyses, investigations with regard to zoning, building codes and other governmental regulations, architectural inspections, Hazardous Materials (as defined below), engineering tests, surveys, and soils, seismic and geological reports with respect to the Property (including all structural and mechanical systems, and leased areas), as Buyer may elect to make or obtain. All such inspections, tests and studies shall be at Buyer's sole cost and expense. Buyer and its consultants shall have the right to enter upon the Property, following the opening of Escrow and until the Contingency Date, to conduct such inspections, tests and studies; provided, that such entry onto the Property shall not unreasonably interfere with any tenant's quiet enjoyment of the Property and shall be conducted, in accordance with all Applicable Law (as defined below), only following 24 hour prior notice to Seller to permit Seller to have Seller's agent or such appropriate person to accompany any such entry. Buyer assumes all risk and expense relating to Buyer's entry on the Property, and Buyer hereby agrees to indemnify, defend (with counsel reasonably acceptable to Seller), protect and hold Seller and Seller's officers, directors, shareholders, partners (either general or limited), employees, agents and representatives (collectively, "Seller's Agents"), as well as the Property, harmless from and against any and all claims, liabilities, damages, costs or expenses resulting from property damage or personal injury caused by said inspections , including, without limitation, reasonable attorneys' fees and costs, and court costs. The indemnification obligations of Buyer set forth in this Paragraph 5(c) shall survive the Closing or any expiration or earlier termination of this Agreement.

6. Costs and Prorations. All rents, deposits, taxes, utilities, amounts payable under the Service Contracts and other payments received or paid or payable relating to the Property shall be prorated as of the Closing on a 365-day year. Seller shall be responsible for paying the premium for the CLTA portion of the Title Policy, and Buyer shall be responsible for paying any costs associated with any ALTA Title Policy requested by or for the benefit of Buyer. The costs for any new or updated Survey of the Property shall also be the responsibility of Buyer. Buyer and Seller shall each pay one-half (1/2) of any Escrow fees. Payment of documentary transfer taxes is the responsibility of the Seller. Payment of recording fees or charges is the responsibility of Buyer. All other costs and expenses not specifically allocated herein shall be paid in accordance with the custom of the County in which the Property is located.

7. Closing Documents and Conditions; and Closing.

(a) Following the opening of Escrow, Seller shall operate and maintain the Property in the ordinary course of business (consistent with Seller's prior practice), reasonable wear and tear excepted (subject to Seller obtaining reimbursement therefor, if available under the Leases), through and until the Closing.

(b) As conditions precedent to Seller's obligations under this Agreement (unless otherwise waived, in writing, by Seller), and before the Closing Date, Buyer shall deliver to Escrow Holder: an executed closing statement prepared by Escrow Holder and reasonably agreed to by Seller; the balance of the Purchase Price to Escrow Holder, to which the Deposit has already been applied, pursuant to Paragraph 2 above; an executed, original Assignment and Assumption of Service Contracts for the Property, which shall be substantially in the form of Exhibit "C" attached hereto and incorporated herein by this reference; a Bill of Sale,[2] which shall be substantially in the form of Exhibit "D"; and such other documents as may be reasonably required by Escrow Holder and/or the Title Company in order to consummate the transaction contemplated by this Agreement.

(c) As conditions precedent to Buyer's obligations under this Agreement (unless otherwise waived, in writing, by Buyer), and on the Closing Date,

Seller shall deliver to Buyer: the keys to and possession of the Property, subject to the Leases; and to Escrow Holder, on or before the Closing Date: the executed, original Grant Deed, in the form attached hereto as Exhibit "B", duly executed and acknowledged in recordable form by Seller, conveying the Real Property to Buyer subject only to the approved title conditions.; an executed closing statement prepared by Escrow Holder; the executed, original Assignment and Assumption of Leases, Intangibles and Service Contracts for the Property, which shall be substantially in the form of Exhibit "C" attached hereto and incorporated herein by this reference; a Bill of Sale, which shall be substantially in the form of Exhibit "D"; a FIRPTA Certificate (as defined below), which shall be substantially in the form of Exhibit "E" attached hereto and incorporated herein by this reference;; and such other documents as may be reasonably required by Escrow Holder and/or the Title Company in order to consummate the transaction contemplated by this Agreement. Additionally, it shall be a condition to Buyer's obligations under this Agreement that all of Seller's representations herein shall be true , material and relied upon by Buyer as of the Closing Date, that the Property shall be in substantially the same condition as it was at the Contingency Date (except as set forth in Section 8 below), and that the Title Company shall have committed to insuring Buyer's title to the Property in the condition required under this Agreement.

(d) Unless otherwise mutually agreed to by Seller and Buyer in writing, and notwithstanding the Closing Date set forth in Paragraph 1 above, the "Closing" of this transaction shall mean, and shall be conclusively deemed to occur on, the date the Title Company records the Grant Deed in the County Recorder's Office of the County in which the Property is located and Escrow Holder concurrently releases the Purchase Price to Seller.

8. Damage or Destruction and Condemnation. If all or any portion of the Property is damaged or destroyed prior to the Closing, or if any condemnation or eminent domain proceedings (the "Proceedings") are instituted or threatened by written notice against the Property after the Contingency Date but prior to the Closing, and the costs of repair or reconstruction or the extent of the Proceedings are reasonably estimated to be in excess of Two Hundred and Thousand Dollars ($200,000.00), Buyer shall have the right to terminate this Agreement by giving written notice thereof to Seller within five (5) business days after Seller notifies Buyer of the event of any damage or destruction or the Proceedings, whereupon neither Buyer nor Seller shall have any further rights or obligations hereunder following the return of the Deposit to Buyer (except as otherwise provided herein). If Buyer does not timely terminate this Agreement, as aforesaid, this Agreement shall continue in full force and effect without modification or reduction in the Purchase Price, except for the amount of the deductible under any applicable casualty insurance, and Seller shall assign to Buyer as of the Closing all insurance or condemnation proceeds or other funds, and Buyer shall assume all obligations, of Seller as a result of such damage or destruction or the Proceedings, whether or not such insurance proceeds or other funds are adequate or sufficient.

9. Representations and Warranties.

Seller's warranties and representations shall survive the Closing and delivery of the deed for a period of 1 year, and any law suit or action based upon them must be commenced within such time period.

(a) Seller hereby represents and warrants to Buyer that Seller is a duly formed and validly existing California limited liability company, maintaining a place of business in Los Angeles, California.

(b) Buyer hereby represents and warrants to Seller that Buyer is a duly formed and validly existing Delaware limited liability company, in good standing in the State of Delaware and qualified to do business in the State of California.

(c) Buyer and Seller, each for itself only, hereby represent and warrant to each other that: each has the requisite power and authority to execute, deliver and perform this Agreement and to consummate the transaction contemplated hereby; the execution and delivery of this Agreement by Buyer and Seller, the performance and compliance with all of the terms and conditions hereof to be performed and complied with by Buyer and Seller, and the consummation by Buyer and Seller of the transaction contemplated hereby have been duly authorized by all requisite action on the part of Buyer and Seller; this Agreement and all documents and agreements ancillary hereto and all documents required hereby have been, or when executed and delivered by Buyer and Seller shall have been, duly and validly executed and delivered by Buyer and Seller, and shall constitute the legal, valid and binding obligations of Buyer and Seller, enforceable in accordance with their respective terms.

(d) Buyer and Seller, each for itself only, hereby represent and warrant to each other that the execution, delivery and performance of this Agreement by Buyer and Seller, and the consummation by Buyer and Seller of the transaction contemplated hereby, do not require the consent, waiver, approval, license or authorization of any foreign, federal, state or local public authority or any other person or entity.

(e) Seller has received no notice of any actions, suits or proceedings, pending or threatened, before any judicial, administrative or other governmental authority with respect to the Property.

(f) Seller has not received any notice from (i) any city, county, state or other government authority stating that the Property is in material violation of the laws, rules or ordinances applicable to the Property, which violation has not been corrected prior to the Effective Date, or (ii) its insurers regarding material defects or inadequacies of all or any part of the Property or use or operation thereof, which have not been corrected prior to the Effective Date.

(g) Seller has not received any official governmental notice of (i) any taking of the Property or any part thereof, (ii) any plan, study or effort to rezone the Property or to widen, modify, regrade or realign any street or highway that borders the Property, or (iii) any pending eminent domain proceeding with respect to the Property.

(h) As of the Closing, there will be no management, leasing or brokerage agreements affecting the Property.

(i) Seller has no employees at the Property.

10. AS-IS. As a material inducement to the execution and delivery of this Agreement by Seller and the performance by Seller of its duties and obligations hereunder, Buyer, and any and all of Buyer's successors and assigns, do hereby acknowledge, represent, warrant and agree to and with Seller as follows:

(a) Buyer is purchasing the Property in its current "AS-IS/WHERE-IS" condition "WITH ALL FAULTS" as of the Closing, and neither Seller nor any of Seller's Agents have made any representations or warranties regarding the Property (except as expressly set forth in Paragraph 9 of this Agreement);

(b) Seller has no obligation to repair or correct any facts, circumstances, conditions or defects regarding the Property or to compensate Buyer for same; and

(c) The period of time ending at the Contingency Date and Buyer's inspection rights hereunder constitute an adequate opportunity to investigate and approve the status of title for the Property, investigate whether the Property is located in a "flood zone" as set forth in HUD's Special Flood Zone Area Maps or is situated in a Special Study Zone as designated under the Alquist-Priolo Special Studies Zone Act and/or Earthquake Fault Zoning Act or its equivalent(s) (and all successive and/or similar

acts), as well as to conduct such inspections of the Property with respect to the presence of Hazardous Materials, compliance with building codes, zoning ordinances, and all other governmental regulations, access to adjacent public streets, the condition of soils and mechanical, structural and engineering aspects of the Property, and all other investigations of the Property deemed necessary by Buyer. Furthermore, Buyer, and any and all of Buyer's successors and assigns, do hereby release and waive with respect to Seller and Seller's Agents any and all claims, losses, liabilities, costs and damages, known or unknown, with respect to the Property for any reason whatsoever, including, but not limited to, any improvements located thereon; and in connection therewith, further waive all rights and benefits arising under the following: California Civil Code Section 1542 (and all successor and similar sections), which provides as follows:

> **"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY."**

For the purposes of this Agreement, the term "Hazardous Materials" means any substance: (i) the presence of which requires investigation, remediation or disclosure under any present or future federal, state or local statute, regulation, ordinance, order, action, policy or common law (collectively, "Applicable Law"); (ii) the presence of which causes or threatens to cause a nuisance or other harm upon the Property or to adjacent properties or poses or threatens to pose a hazard to the health or safety of persons on or about the Property; and/or (iii) including, without limitation, waste, pollutants, oil or other hazardous substances, including, without limitation, petroleum or petroleum products, radioactive, flammable or explosive substances, asbestos and/or asbestos-containing materials, polychlorinated biphenyls and all materials and wastes which are or become classified as "hazardous substances," "hazardous materials" and/or "toxic substances" under any Applicable Law, as the same may be amended from time to time, including, but not limited to, the Resource Conservation and Recovery Act (RCRA) (42 U.S.C. §6901, et seq.), the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) (42 U.S.C. §9601, et seq.), the Toxic Substances Control Act (15 U.S.C. §2601, et seq.), the Clean Water Act (33 U.S.C. §1251, et seq.), and the Clean Air Act (42 U.S.C. §7401, et seq.). The foregoing releases, waivers and agreements of Buyer, and any and all of Buyer's successors and assigns, as set forth in this Paragraph 10 shall survive the Closing or any expiration or earlier termination of this Agreement.

11. Legal Fees; Buyer Default.

(a) Upon the bringing of any action or suit by a party hereto against another party hereto by reason of any alleged default hereunder or to interpret or enforce any terms hereof, the prevailing party shall be entitled to recover as an element of its costs of suit, and not as damages, reasonable attorneys' fees and costs, and court costs, whether or not suit proceeds to final judgment, settlement or otherwise.

(b) IN THE EVENT THE CLOSING DOES NOT OCCUR AS HEREIN PROVIDED BY REASON OF ANY DEFAULT BY BUYER, SELLER SHALL FIRST NOTIFY BUYER IN WRITING OF SUCH DEFAULT AND BUYER SHALL HAVE TEN (10) BUSINESS DAYS, FROM RECEIPT OF SAID NOTICE, TO CURE OR REMEDY THE DEFAULT. IF BUYER FAILS TO CURE SUCH DEFAULT WITHIN SUCH PERIOD AND THE CLOSING OF THE TRANSACTION CONTEMPLATED IN THIS AGREEMENT DOES NOT OCCUR, BUYER AND SELLER AGREE THAT IT WOULD BE IMPRACTICAL AND EXTREMELY DIFFICULT TO ESTIMATE THE DAMAGES WHICH SELLER MAY SUFFER. THEREFORE, BUYER AND SELLER HEREBY AGREE THAT A REASONABLE ESTIMATE OF THE TOTAL NET DETRIMENT THAT SELLER WOULD SUFFER IN THE EVENT THAT

BUYER DEFAULTS AND FAILS TO COMPLETE THE PURCHASE OF THE PROPERTY IS, AND SHALL BE, AS SELLER'S SOLE AND EXCLUSIVE REMEDY (WHETHER AT LAW OR IN EQUITY), AN AMOUNT EQUAL TO THE TOTAL DEPOSIT (EXCEPT AS OTHERWISE PROVIDED IN THIS AGREEMENT). SAID AMOUNT SHALL BE THE FULL, AGREED AND LIQUIDATED DAMAGES FOR THE BREACH OF THIS AGREEMENT BY BUYER, ALL OTHER CLAIMS TO DAMAGES OR OTHER REMEDIES BEING HEREIN EXPRESSLY WAIVED BY SELLER (EXCEPT AS OTHERWISE PROVIDED IN THIS AGREEMENT). UPON ANY DEFAULT BY BUYER, THIS AGREEMENT MAY BE TERMINATED BY SELLER, AND NEITHER PARTY SHALL HAVE ANY FURTHER RIGHTS OR OBLIGATIONS HEREUNDER, EACH TO THE OTHER, EXCEPT FOR: (i) THE RIGHT OF SELLER TO COLLECT SUCH LIQUIDATED DAMAGES FROM BUYER AND/OR ESCROW HOLDER; (ii) BUYER'S OBLIGATION TO RETURN THE DOCUMENTS DESCRIBED IN, AND SUBJECT TO THE TERMS OF, PARAGRAPH 5 ABOVE; (iii) THE RIGHT OF SELLER TO ENFORCE ITS REMEDIES UNDER THE INDEMNIFICATION OBLIGATIONS OF BUYER CONTAINED IN THIS AGREEMENT; AND (iv) THE RIGHT OF SELLER TO COLLECT ANY ATTORNEYS' FEES AND COSTS, AND COURT COSTS, INCURRED UNDER THIS AGREEMENT, INCLUDING, BUT NOT LIMITED TO, IN ENFORCING THIS PARAGRAPH 11(b).

WAIVER OF RIGHT TO RECORD LIS PENDENS. AS PARTIAL CONSIDERATION FOR SELLER ENTERING INTO THIS AGREEMENT, BUYER EXPRESSLY WAIVES ANY RIGHTS UNDER THE FOLLOWING: CALIFORNIA CODE OF CIVIL PROCEDURE, PART II, TITLE 4.5 (INCLUDING SECTIONS 405-405.39), AND AT COMMON LAW OR OTHERWISE, TO RECORD OR FILE A LIS PENDENS OR A NOTICE OF PENDENCY OF ACTION OR SIMILAR NOTICE AGAINST ALL OR ANY PORTION OF THE PROPERTY IN CONNECTION WITH ANY ALLEGED DEFAULT BY SELLER HEREUNDER. BUYER AND SELLER HEREBY EVIDENCE THEIR SPECIFIC AGREEMENT TO THE TERMS OF THIS WAIVER BY PLACING THEIR INITIALS IN THE PLACES PROVIDED BELOW.

12. SELLER DEFAULT. IF THE CLOSING FAILS TO OCCUR ON ACCOUNT OF SELLER'S DEFAULT IN THE PERFORMANCE OF ANY MATERIAL OBLIGATION TO BE PERFORMED BY SELLER UNDER THIS AGREEMENT, BUYER SHALL FIRST NOTIFY SELLER IN WRITING OF SUCH DEFAULT AND SELLER SHALL HAVE TEN (10) BUSINESS DAYS, FROM RECEIPT OF SAID NOTICE, TO CURE OR REMEDY THE DEFAULT. IF SELLER FAILS TO CURE SUCH DEFAULT WITHIN SUCH PERIOD AND THE CLOSING OF THE TRANSACTION CONTEMPLATED IN THIS AGREEMENT DOES NOT OCCUR, THEN BUYER AGREES THAT BUYER'S SOLE AND EXCLUSIVE REMEDY SHALL BE THE FULL RETURN OF BUYER'S DEPOSIT FROM SELLER.

13. Notices. All notices or other communications required or permitted hereunder must be in writing to be effective, and shall be personally delivered or sent by registered or certified mail, return receipt requested, or delivered via overnight mail (via Federal Express or similar overnight courier), or delivered via e-mail (in "PDF" format), and shall be deemed received upon the earliest of: (a) the date of delivery, if personally delivered or delivered via overnight mail, (b) three (3) business days after the date of posting by the U.S. or Canadian postal service, if mailed, or (c) the date when sent, if sent via electronic transmission or e-mail (in "PDF" format). Any notice or other communication sent by e-mail shall be confirmed within two (2) business days by letter mailed or delivered to the receiving party according to the foregoing. 14. Successors and Assigns; and Assignment.

Seller may assign this Agreement and/or any of Seller's rights hereunder to any third-party individual or entity, without Buyer's consent (but upon written notice to Buyer and Escrow Holder).

Buyer shall not have the right, power or authority to assign all or any portion of this Agreement or its rights hereunder or to delegate any duties or obligations arising under this Agreement, voluntarily, involuntarily or by operation of law, without Seller's prior written consent; provided, that Buyer shall have the right, power and authority to assign all or any portion of this Agreement or its rights hereunder or to delegate any duties or obligations arising under this Agreement without Seller's consent to any affiliate of Buyer that is the majority controlling, controlled by or under common control with Buyer; provided, however, that no such assignment or delegation shall relieve Buyer of its obligations or liabilities under this Agreement.

This Agreement shall be binding upon and shall inure to the benefit of the permitted successors and assigns of the parties hereto.

15. Entire Agreement and Exhibits. This Agreement, together with all Recitals and Exhibits attached hereto, contains the entire agreement between the parties hereto with respect to the subject matter hereof, and no addition or modification of any term or provision shall be effective unless set forth in writing and executed by both Buyer and Seller.

16. Time of Essence. Time is of the essence of each and every term, condition, obligation and provision hereof.

17. Governing Law. This Agreement shall be construed and enforced in accordance with the laws of the State of California Buyer and Seller hereby consent and agree to the jurisdiction of the state or federal courts sitting in the County of Los Angeles, State of California, and waive any objection based on venue or forum non conveniens with respect to any action instituted therein, and further agree that any dispute concerning the relationship between the parties hereto or this Agreement, or otherwise, shall be heard only in the courts described above.

18. Broker. Buyer hereby represents and warrants to Seller that Buyer has not dealt with any real estate broker or agent in connection with the Property, except for Michael Tsaparian, CCIM and Peter Bacci, SIOR, of Lee & Associates® Industry, Inc., exclusively representing the Seller ("Seller's Broker(s)") in this transaction, collectively the "Brokers"). Seller shall pay the commissions payable to the Brokers. In the event of any claim for a broker's or finder's fee or commission in connection with the negotiation, execution or consummation of this Agreement, (a) Buyer will indemnify, defend (with counsel reasonably acceptable to Seller), protect and hold Seller, Seller's Agents and the Property free and harmless from and against any and all such claims (including reasonable attorneys' fees and costs, and court costs) by any broker claiming through or under Buyer (except for the Brokers), and (b) Seller will indemnify, defend (with counsel reasonably acceptable to Buyer), protect and hold Buyer, Buyer's Agents and the Property free and harmless from and against any and all such claims (including reasonable attorneys' fees and costs, and court costs) by any broker claiming to represent Seller in this transaction/Agreement. The indemnification obligations set forth in this Paragraph 18, will survive the Closing or any expiration or earlier termination of this Agreement.

19. FIRPTA Compliance. Seller is not a foreign corporation or person within the meaning of Section 1445 of the IRC, as amended. Based upon the foregoing, and at or prior to the Closing, Seller shall deliver to Escrow Holder a "FIRPTA Certificate" certifying Seller's non-foreign status, which FIRPTA Certificate is attached hereto as Exhibit "E".

20. 1031 Exchange. Notwithstanding Paragraph 14 above, Buyer and Seller shall each have the right to consummate the transactions contemplated by this Agreement as part of a tax deferred exchange under Section 1031 of the IRC, as amended. Buyer and Seller each agree to execute such additional escrow instructions, documents, agreements or instruments as may be reasonably necessary to effectuate such exchange. Buyer and Seller each agree to reasonably cooperate with the other so as to effectuate such tax deferred exchange so long as there is no delay in the Closing, no additional expense or liability to the non-exchanging party by reason of its cooperation and the non-exchanging party is not required to take title of the Property hereunder.

21. Limitation of Liability. The obligations of Seller under this Agreement, or directly or indirectly arising out of this Agreement, are limited solely to Seller, and neither Buyer nor anyone else claiming by or through Buyer has any claim against any of the past, present or future, direct or indirect, shareholders, partners, members, managers, principals, directors, officers, agents, incorporators, affiliates and/or representatives of Seller or of any of the assets or property of any of the foregoing for the payment or collection of any amount, judgment, judicial process, arbitral award, fee and/or cost or for any obligation or claim to the extent arising out of or based upon this Agreement and requiring the payment of money by Seller. The provisions of this Paragraph 21 will survive the Closing and any termination of this Agreement.

22. Interpretation of Agreement. Terms, captions, headings and titles of this Agreement are solely for convenience of reference and shall not affect its interpretation. This Agreement will be construed without regard to any presumption or other rule requiring construction against the party drafting the document, and shall

be construed neither for nor against Seller or Buyer, but will be given a reasonable interpretation in accordance with the plain meaning of its terms and the intent of the parties hereto. All terms and words used in this Agreement, regardless of the number or gender in which they are used, will be deemed to include any other number and any other gender as the context may require. This Agreement will have no binding force or effect until its execution and delivery by both Seller and Buyer. "Including" means "including without limitation". There are no third party beneficiaries of this Agreement.

CONDITIONS OF APPROVAL

CITY OF MONTEBELLO
PLANNING COMMISSION

RESOLUTION NO. 05-21

RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF MONTEBELLO APPROVING CONDITIONAL USE PERMIT NO. CUP 23-19-M1 AMENDING CUP 23-19 TO EXPAND OPERATIONS AND INCLUDE INDOOR CANNABIS CULTIVATION TO A PREVIOUSLY APPROVED CUP THAT ALLOWED CANNABIS MANUFACTURING, DISTRIBUTION, AND NON-STORE FRONT RETAIL DELIVERY LOCATED AT 7733 TELEGRAPH ROAD (APN 6354-028-033), AND ADOPTING A CEQA EXEMPTION

WHEREAS, a Conditional Use Permit No. CUP 23-19 application was submitted by Christina D'Angelo with Blue Basil, LLC., and approved by the Planning Commission on October 15, 2019 under Resolution No. 40-19;

WHEREAS, a Conditional Use Permit No. CUP 23-19-M1 application was submitted by Christina D'Angelo with Blue Basil, LLC. ("Applicants"), to modify CUP 23-19 has been received and accepted;

WHEREAS, the Conditional Use Permit No. CUP 23-19-M1 would amend CUP 23-19 to expand operations and allow for indoor cannabis Cultivation (59,841 square feet) as a conditionally permitted use to go with previously approved cannabis Manufacturing, Distribution, and Non-Store Front Retail Delivery located at 7733 Telegraph Road (APN 6354-028-033) ("Project");

WHEREAS, pursuant to section 21067 of the Public Resources Code, and section 15367 of the State CEQA Guidelines (Cal. Code Regs., tit. 14, § 15000 et seq.), the City of Montebello ("City") is the lead agency for the proposed Project;

WHEREAS, the Conditional Use Permit No. CUP 23-19-M1 is considered a "project", per the California Environmental Quality Act definition of a "project";

WHEREAS, the project is Categorically Exempt per CEQA Section §15301 Class 1 (Existing Facilities) because Class 1 consists of the operation repair, maintenance, permitting, leasing, licensing, or minor alterations of existing private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The projects characterized as existing facilities meeting the conditions described in this section (it is also noted that none of the limitations set forth in CEQA Guidelines 15300.2 apply). Under Section §15301, Existing Facilities include, but are not limited to, the following:

1. The project consists of interior or exterior alterations involving interior partitions, plumbing, and electrical conveyances;

2. Existing facilities of both investor and publicly owned utilities used to provide electrical power, natural gas, sewage, or other public utility services; and.

3. None of the limitations set forth in CEQA Guidelines 15300.2 apply.

The proposed Project here consists of minor interior and potentially minor alterations to exterior utility facilities to enable the Project Applicant to carry on the contemplated use. None of the contemplated alterations will expand the use of the existing facility;

WHEREAS, after conducting a duly noticed public hearing, and considering the evidence submitted by the applicant, public testimony, staff presentations, and such other matters properly presented during the hearing on this matter, the Planning Commission makes the following findings:

1. The proposed use would conform with the City of Montebello General Plan Land Use Element, Goal 1, "Formulate a plan which is responsive to the needs of the community and which permits the orderly arrangement of land uses, permitting sufficient areas for reasonable development;" Objective 3, "cluster" type commercial development is preferential to proliferation of strip commercial," Policy Industrial 4, "The City's industrial area should be preserved and maintained"; because the proposed project will occupy an existing building and clean up a property that is not properly maintained to service to the community and bring taxable revenue to the City.

2. The proposed inclusion of cannabis Cultivation along with the previously approved cannabis Manufacturing, Distribution, and Non-Store Front Retail Delivery is in compliance with the M-2 (Heavy Manufacturing) zone because:

    a. Per the Index of Primary Uses, Cannabis uses are a conditionally permitted use in the M-1 and M-2 zones and the project site is not within six hundred feet of a R-zone.

    b. Proposed meets the development standards set forth in the Montebello Municipal Code ("MMC") Chapter 17.32.

3. The design of the building is compatible with the surrounding neighborhood because there is not a distinct Architectural style or design to the area. The cannabis uses being proposed are in an existing building and no changes are being made to the building exterior.

4. Per MMC 17.70.070 (Conditional Use Permits), required Conditional Use findings for the proposed use:

    a. That the site for the proposed use is adequate in size and shape;

    The proposed Project or use is consistent with the Montebello

Municipal Code because cannabis outdoor cultivation is a conditionally permitted use in the M1 and M2 zone. The subject site is developed with an existing 79,000 sq. ft. building on an existing irregular shaped 4.02-acre site. The site and building are adequate in size and building type to carry out the proposed cannabis uses.

b. That site has sufficient access to street and highways, and adequate in width and pavement type to carry the quantity and quality of traffic generated by the proposed use;

The proposed Project or use will have limited employees and will not have visitors from the general public. This will generate less traffic volume compared to other industrial uses, which translates to less AM and PM peak hours and is within the safe capacity of all roads providing access to the project. Trip generation from the project would be generally consistent with surrounding land uses and would not have a significant effect on existing roadway operations. The site has adequate driveway access (ingress and egress) from Gage Road, which a fully paved roadway in the industrial zone.

c. That the proposed use will not have an adverse effect upon adjacent or abutting properties; and

The proposed Project and subsequent use will not be detrimental to the health, safety, or welfare of the general public or persons residing or working in the neighborhood of the use, or be detrimental or injurious to property or improvements in the vicinity of the use because the proposed cannabis cultivation does not generate activity that presents a potential threat to the surrounding property or buildings. The proposed Project will also be subject to the proposed conditions of approval established and will also subject to Building Code requirements designed to address health, safety, and welfare concerns. In addition, the proposed project or use will be consistent with the character of the immediate neighborhood and to its orderly development because the proposed uses and development are similar in size and activities are completely indoors as surrounding operations. The proposed use and activities would not be visible from surrounding public roadways, and all potential nuisances would be adequately controlled and not be detectable from offsite. In addition, a security plan will be required that must be approved by the Montebello Police Department before operation may commence.

d. That the proposed use is consistent with the objectives of the

community redevelopment project area in which the site is located.

Redevelopment Projects areas were abolished by the California Supreme Court in 2011. The proposed project however remains consistent with the goals, objectives and policies of the General Plan. As such, each of the General Plan Elements establishes policies that provide for the regulatory environment in managing the City and for addressing environmental concerns and problems. The majority of the policies derived from these Elements are in the form of Code Requirements of the Montebello Municipal Code. Except for those entitlements described herein, the project does not propose to deviate from any of the requirements of the Montebello Municipal Code. The proposed use conforms with the City of Montebello Land Use Element, Goal 1, "To formulate a plan which is responsive to the needs of the community and which permits the orderly arrangement of land uses, permitting sufficient areas for reasonable development;" Objective #3, "cluster" type commercial development is preferential to proliferation of strip commercial;" Policy Industrial #1: The City's industrial area should be preserved and maintained and Commercial Policy #5, "The City should contain ample commercial facilities to meet the needs of its residents as well as provide taxable revenues to the City." The project site is being developed with cannabis uses and the development will occupy an existing building and provide a service to the community and will bring taxable revenue to the City.

WHEREAS, all other legal prerequisites to the adoption of this Resolution have occurred.

NOW, THEREFORE, the Planning Commission of the City of Montebello resolves that:

SECTION 1. The foregoing recitals are true and correct and are hereby incorporated as substantive findings in this Resolution.

CITY OF MONTEBELLO
AMENDMENT NO. 2 TO AGREEMENT NO. 3721

SECOND AMENDMENT TO, AND ASSIGNMENT AND ASSUMPTION OF, COMMERCIAL CANNABIS BUSINESS DEVELOPMENT AGREEMENT NO. 27-19

THIS SECOND AMENDMENT TO, AND ASSIGNMENT AND ASSUMPTION OF, COMMERCIAL CANNABIS DEVELOPMENT AGREEMENT NO. 27-19 ("the Second Amendment") is entered into this _____th day of July, 2021, by and between the CITY OF MONTEBELLO ("City"), a California municipal corporation, MONTVAIL, INC. ("Owner" and/or "Former Version of Corporate Owner"), a California corporation, and MONTVAIL, INC. ("Assignee/New Owner" and/or "Current Version of Corporate Owner), a California corporation. Owner may also be referred to herein as ("Assignor"). City, Owner, and Assignee/New Owner are sometimes referenced together herein as the "Parties." In instances when a provision hereof applies to each of the Parties individually, either may be referenced as a "Party."

The Parties hereby jointly render the following statement as to the background facts and circumstances underlying this Second Amendment to, and Assignment and Assumption of, Commercial Cannabis Development Agreement No. 27-19.

RECITALS

WHEREAS, on February 14, 2018, Ordinances No. 2399 and No. 2400 came into effect authorizing specified commercial cannabis activities within the City of Montebello, in strict compliance with Applicable Cannabis Laws, under specified conditions and provisions; and

WHEREAS, on June 13, 2018, Ordinances No. 2404 and No. 2405 came into effect amending specified commercial cannabis activities authorized by Ordinances No. 2399 and No. 2400 within the City of Montebello, in strict compliance with Applicable Cannabis laws, under specified conditions and provisions; and

WHEREAS, no such commercial cannabis activities are allowed or authorized in the City without a Conditional Use Permit, a Development Agreement, and all requirements pursuant to Montebello Municipal Code Chapters 5.90 and 17.71; and

WHEREAS, on September 5, 2019, Chasom Brown and Andrew Angulo with Eppek, LLC ("Original Owner") applied to this City for a Conditional Use permit (hereinafter "CUP") to conduct commercial cannabis activities; and

WHEREAS, after conducting a duty noticed CUP hearing on November 5, 2019, in conjunction with the City's applicable ordinances and resolutions, the Planning Commission of the City reviewed, considered and approved environmental clearance and approved the execution of CUP No. 27-19; and

WHEREAS, on December 18, 2019, the City Council of the City of Montebello approved the execution of "COMMERCIAL CANNABIS BUSINESS DEVELOPMENT

AGREEMENT NO. 27-19 BETWEEN THE CITY OF MONTEBELLO AND EPPEK, LLC" (the "Development Agreement"); and

WHEREAS, on February 3, 2020, the City Council of the City of Montebello approved the execution of "FIRST AMENDMENT TO, AND ASSIGNMENT AND ASSUMPTION OF, COMMERCIAL CANNABIS DEVELOPMENT AGREEMENT NO. 27-19," by and between the CITY OF MONTEBELLO, Assignor EPPEK, LLC, and Assignee MONTVAIL, INC. ("First Amendment"); and

WHEREAS, Article 19 of the Development Agreement, "Assignment by Owner," prohibits the transfer, delegation, sublet or assignment by Owner of any portion of Owner's interests, rights, duties, and obligations described in Development Agreement without prior written consent and approval by the City, as required under Montebello Municipal Code Chapters 5.90 and 17.71; and

WHEREAS, pursuant to Article 19 of the Development Agreement, the proposed transferee is required to show proof of lawful possession or transfer of possession of the applicable location, and assume all interest, rights, duties and obligations in the CUP; and

WHEREAS, it is the intention of MONTVAIL, INC., ("Assignor") to sell 50% of its interest to the Development Agreement and CUP to Nuritsa Poghosyan, 40% to Suzana Ghukasyan, and 10% to Gladis Gabrielovna, respectively; and, wherein Assignee/New Owner and Current Version of Corporate Owner, MONTVAIL, INC., now becomes 100% owner of the Development Agreement and CUP, with the legal limitations that the CUP runs with the land, here, specifically, with real property as discussed herein; and

WHEREAS, Assignor intends to assign, and Assignee intends to assume, all assignable interests, rights, duties and obligations under the Development Agreement and the CUP; and

WHEREAS, in accordance with the terms of the Development Agreement, including Article 19, Owner/Assignor and Assignee have provided to the City of Montebello a written application form to a modification to the Development Agreement and CUP for City's consent to assignment and change of ownership. The City has received application for modification materials, information and requisite fees it deems sufficient, appropriate and complete for the purpose of determining that Assignee is a qualified applicant for purposes of the foregoing terms of the Development Agreement and the CUP, including showing the requisite proof of lawful transfer and holding of legal or equitable interest in real property considered in the Development Agreement and CUP, located at 1040 Vail Avenue, with Assessor Parcel Number 6353-015-002 ("Property" or "Site"); and

WHEREAS, this Second Amendment is intended to meet the requirements of Article 19 of the Development Agreement and applicable Montebello Municipal Code provisions regulating an assignment and assumption agreement between Assignor and

Assignee, and is executed with the consent of the City of Montebello as contemplated in the Development Agreement; and

WHEREAS, on July 28, 2021, the City Council of the City of Montebello reviewed, considered, and approved this SECOND AMENDMENT TO, AND ASSIGNMENT AND ASSUMPTION OF, COMMERCIAL CANNABIS DEVELOPMENT AGREEMENT NO. 27-19, by and between the CITY OF MONTEBELLO and Assignee and Current Version of Corporate Owner, MONTVAIL, INC.; and

WHEREAS, all procedures of he California Environmental Quality Act ("CEQA"), California Public Resources Code §21000 et seq., and the CEQA guidelines, title 14 of the California Code of Regulations, Chapter 3, §15000 et seq. have been satisfied as the City previously found that the proposed project was Categorically Exempt from CEQA requirements under provisions of CEQA guidelines Section 15301 – Existing Facilities as change of ownership does not have any further environmental impact from what was previously found by the City.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, and other good and valuable consideration, the receipt and legal sufficiency of which are hereby acknowledged, the Parties do hereby agree as follows:

Section 1: Recitals.

The Recitals above are true and correct and are hereby incorporated into and made a part of this Second Amendment. In the event of any inconsistency between the Recitals and the provisions of this Second Amendment, herein below, said provisions of this Second Amendment shall prevail.

Section 2: Assignment and Assumption of Development Agreement and corresponding Conditional Use Permit.

2.1. Assignor hereby assigns, transfers, and conveys to Assignee all of Assignor's rights, interests, duties, burdens and obligations under the Development Agreement and the Conditional Use Permit (also referred herein as "Assignable Rights").

2.2. Assignee hereby assumes all of the rights, interests, duties, burdens and obligations of Assignor under the Development Agreement and Conditional Use Permit, and agrees to observe and fully perform all of the duties and obligations of Assignor under the Development Agreement, and respective Conditional Use Permit, and to be subject to all the terms and conditions thereof, with respect to the Property and Assignable Rights. It is the express intention of Assignor and Assignee that, upon the execution of this Second Amendment, Assignee shall become substituted for Assignor as the "Owner" under the Development Agreement and the corresponding Conditional Use Permit in relation to the Property.

2.3. This Second Amendment shall take effect and be binding only upon City of Montebello City Council's consent to and approval of the Second Amendment, and as further outlined hereinbelow under Section 5.

STANDARD INDUSTRIAL/COMMERCIAL MULTI-TENANT LEASE - GROSS

1. **Basic Provisions ("Basic Provisions").**

1.1 **Parties.** This Lease ("**Lease**"), dated for reference purposes only April 1st, 2021, is made by and between Big Jung, Inc., a California Corporation ("**Lessor**") and Montvail, Inc., a California Corporation ("**Lessee**"), (collectively the "**Parties**", or individually a "**Party**").

1.2(a) **Premises:** That certain real property, including all improvements therein or to be provided by Lessor under the terms of this Lease, commonly known as (street address, unit/suite, city, state, zip): 1040 S. Vail Ave., Montebello, CA 90640 ("**Premises**"). The Premises are located in the County of Los Angeles, and are generally described as (describe briefly the nature of the Premises and the "Project"): approximately 12,938 square feet of office space area as part of a larger freestanding industrial building with approximately 60,710 square feet. In addition to Lessee's rights to use and occupy the Premises as hereinafter specified, Lessee shall have non-exclusive rights to any utility raceways of the building containing the Premises ("**Building**") and to the Common Areas (as defined in Paragraph 2.7 below), but shall not have any rights to the roof, or exterior walls of the Building or to any other buildings in the Project. The Premises, the Building, the Common Areas, the land upon which they are located, along with all other buildings and improvements thereon, are herein collectively referred to as the "**Project**." (See also Paragraph 2)

1.2(b) **Parking:** not to exceed twenty (20) unreserved vehicle parking spaces. (See also Paragraph 2.6 & 53)

1.3 **Term:** four (4) years and Four (4) month ("**Original Term**") commencing April 1, 2021 ("Commencement Date") and ending July 31, 2025 ("**Expiration Date**"). (See also Paragraph 3) Lessee shall have (2) 5 years options.

1.4. Rental Increases: 3% Annual Increases (See Paragraph 50)

1.5 **Base Rent:** $10,000.00 per month ("**Base Rent**"), payable on the 1st day of each month commencing April 1st, 2021 (See also Paragraph 4)

☑ If this box is checked, there are provisions in this Lease for the Base Rent to be adjusted. See Paragraph 50.

1.6 **Lessee's Share of Common Area Operating Expenses:** twenty two point five percent (22.5 %) ("**Lessee's Share**"). In the event that the size of the Premises and/or the Project are modified during the term of this Lease, Lessor shall recalculate Lessee's Share to reflect such modification.

1.7 **Base Rent and Other Monies Paid Upon Execution:**

(a) **Base Rent:** $10,000.00 for the period of buildout up to 'Certificate Of Occupancy' (doors open) not to exceed Eleven (11) months. After COO Rent will correct to $22,641.50.

(b) **Common Area Operating Expenses:** TBD for the period April 1, 2021.

(c) **Security Deposit:** $45,000 PAID ("**Security Deposit**"). (See also Paragraph 5)

(d) **Other:** _____ for _____.

(e) **Total Due Upon Execution of this Lease:** $10,000.00

1.8 **Agreed Use:** General office, cultivation, and manufacturing of cannabis and related legal uses. Final approved use is contingent upon a conditional use permit (CUP) by the City of Montebello. Any retail or dispensary related businesses, activities, and/or transactions shall be strictly prohibited. (See also Paragraph 6 & 54)

1.9 **Insuring Party.** Lessor is the "**Insuring Party**". (See also Paragraph 8)

1.10 **Real Estate Brokers.** (See also Paragraph 15 and 25)

(a) **Representation:** Each Party acknowledges receiving a Disclosure Regarding Real Estate Agency Relationship, confirms and consents to the following agency relationships in this Lease with the following real estate brokers ("**Broker(s)**") and/or their agents ("Agent(s)"):

Lessor's Brokerage Firm _____ License No. _____ is the broker of (check one): ☐ the Lessor; or ☐ both the Lessee and Lessor (dual agent).

Lessor's Agent _____ License No. _____ is (check one): ☐ the Lessor's Agent (salesperson or broker associate); or ☐ both the Lessee's Agent and the Lessor's Agent (dual agent).

Lessee's Brokerage Firm _____ License No. _____ Is the broker of (check one): ☐ the Lessee; or ☐ both the Lessee and Lessor (dual agent).

Lessee's Agent _____ License No. _____ is (check one): ☐ the Lessee's Agent (salesperson or broker associate); or ☐ both the Lessee's Agent and the Lessor's Agent (dual agent).

(b) **Payment to Brokers.** Upon execution and delivery of this Lease by both Parties, Lessor shall pay to the Brokers the brokerage fee agreed to in a separate written agreement ~~(or if there is no such agreement, the sum of _____ or _____% of the total Base Rent)~~ for the brokerage services rendered by the Brokers.

1.11 **Guarantor.** The obligations of the Lessee under this Lease are to be guaranteed by _____ ("**Guarantor**"). (See also Paragraph 37)

1.12 **Attachments.** Attached hereto are the following, all of which constitute a part of this Lease:

☑ an Addendum consisting of Paragraphs 48 & 50 through 56

2. Premises.

2.1 **Letting.** Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Premises, for the term, at the rental, and upon all of the terms, covenants and conditions set forth in this Lease. While the approximate square footage of the Premises may have been used in the marketing of the Premises for purposes of comparison, the Base Rent stated herein is NOT tied to square footage and is not subject to adjustment should the actual size be determined to be different. **NOTE: Lessee is advised to verify the actual size prior to executing this Lease.**

2.2 **Condition.** Lessor shall deliver that portion of the Premises contained within the Building ("**Unit**") to Lessee ~~broom clean and free of debris~~ " As-Is Where-Is" on the Commencement Date or the Early Possession Date, whichever first occurs ("**Start Date**"), and, so long as the required service contracts described in Paragraph 7.1(b) below are obtained by Lessee and in effect within thirty days following the Start Date, warrants that the existing electrical, plumbing, fire sprinkler, lighting, heating, ventilating and air conditioning systems ("**HVAC**"), loading doors, sump pumps, if any, and all other such elements in the Unit, other than those constructed by Lessee, shall be in good operating condition on said date, that the structural elements of the roof, bearing walls and foundation of the Unit shall be free of material defects, and that the Unit does not contain hazardous levels of any mold or fungi defined as toxic under applicable state or federal law. If a non-compliance with such warranty exists as of the Start Date, or if one of such systems or elements should malfunction or fail within the appropriate warranty period, Lessor shall, as Lessor's sole obligation with respect to such matter, except as otherwise provided in this Lease, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, malfunction or failure, rectify same at Lessor's expense. The warranty periods shall be as follows: (i) 6 months as to the HVAC systems, and (ii) 30 days as to the remaining systems and other elements of the Unit. If Lessee does not give Lessor the required notice within the appropriate warranty period, correction of any such non-compliance, malfunction or failure shall be the obligation of Lessee at Lessee's sole cost and expense (except for the repairs to the fire sprinkler systems, roof, foundations, and/or bearing walls - see Paragraph 7). Lessor also warrants, that unless otherwise specified in writing, Lessor is unaware of (i) any recorded Notices of Default affecting the Premise; (ii) any delinquent amounts due under any loan secured by the Premises; and (iii) any bankruptcy proceeding affecting the Premises.

2.3 **Compliance.** Lessor warrants that to the best of its knowledge the Improvements on the Premises and the Common Areas comply with the building codes, applicable laws, covenants or restrictions of record, regulations, and ordinances ("**Applicable Requirements**") that were in effect at the time that each Improvement, or portion thereof, was constructed. Said warranty does not apply to the use to which Lessee will put the Premises, modifications which may be required by the Americans with Disabilities Act or any similar laws as a result of Lessee's use (see Paragraph 49), or to any Alterations or Utility Installations (as defined in Paragraph 7.3(a)) made or to be made by Lessee. **NOTE: Lessee is responsible for determining whether or not the Applicable Requirements, and especially the zoning are appropriate for Lessee's intended use, and acknowledges that past uses of the Premises may no longer be allowed.** If the Premises do not comply with said warranty, Lessor shall, except as otherwise provided, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, rectify the same at Lessor's expense. If Lessee does not give Lessor written notice of a non-compliance with this warranty within 6 months following the Start Date, correction of that non-compliance shall be the obligation of Lessee at Lessee's sole cost and expense. If the Applicable Requirements are hereafter changed so as to require during the term of this Lease the construction of an addition to or an alteration of the Unit, Premises and/or Building, the remediation of any Hazardous Substance, or the reinforcement or other physical modification of the Unit, Premises and/or Building ("**Capital Expenditure**"), Lessor and Lessee shall allocate the cost of such work as follows:

(a) Subject to Paragraph 2.3(c) below, if such Capital Expenditures are required as a result of the specific and unique use of the Premises by Lessee as compared with uses by tenants in general, Lessee shall be fully responsible for the cost thereof, provided, however, that if such Capital Expenditure is required during the last 2 years of this Lease and the cost thereof exceeds 6 months' Base Rent, Lessee may instead terminate this Lease unless Lessor notifies Lessee, in writing, within 10 days after receipt of Lessee's termination notice that Lessor has elected to pay the difference between the actual cost thereof and the amount equal to 6 months' Base Rent. If Lessee elects termination, Lessee shall immediately cease the use of the Premises which requires such Capital Expenditure and deliver to Lessor written notice specifying a termination date at least 90 days thereafter. Such termination date shall, however, in no event be earlier than the last day that Lessee could legally utilize the Premises without commencing such Capital Expenditure.

(b) If such Capital Expenditure is not the result of the specific and unique use of the Premises by Lessee (such as, governmentally mandated seismic modifications), then Lessor shall pay for such Capital Expenditure and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease or any extension thereof, on the date that on which the Base Rent is due, an amount equal to 1/144th of the portion of such costs reasonably attributable to the Premises. Lessee shall pay interest on the balance but may prepay its obligation at any time. If, however, such Capital Expenditure is required during the last 2 years of this Lease or if Lessor reasonably determines that it is not economically feasible to pay its share thereof, Lessor shall have the option to terminate this Lease upon 90 days prior written notice to Lessee unless Lessee notifies Lessor, in writing, within 10 days after receipt of Lessor's termination notice that Lessee will pay for such Capital Expenditure. If Lessor does not elect to terminate, and fails to tender its share of any such Capital Expenditure, Lessee may advance such funds and deduct same, with interest, from Rent until Lessor's share of such costs have been fully paid. If Lessee is unable to finance Lessor's share, or if the balance of the Rent due and payable for the remainder of this Lease is not sufficient to fully reimburse Lessee on an offset basis, Lessee shall have the right to terminate this Lease upon 30 days written notice to Lessor.

(c) Notwithstanding the above, the provisions concerning Capital Expenditures are intended to apply only to non-voluntary, unexpected, and new Applicable Requirements. If the Capital Expenditures are instead triggered by Lessee as a result of an actual or proposed change in use, change in intensity of use, or modification to the Premises then, and in that event, Lessee shall either: (i) immediately cease such changed use or intensity of use and/or take such other steps as may be necessary to eliminate the requirement for such Capital Expenditure, or (ii) complete such Capital Expenditure at its own expense. Lessee shall not have any right to terminate this Lease.

2.4 **Acknowledgements.** Lessee acknowledges that: (a) it has been given an opportunity to inspect and measure the Premises; (b) it has been advised by Lessor and/or Brokers to satisfy itself with respect to the size and condition of the Premises (including but not limited to the electrical, HVAC and fire sprinkler systems, security, environmental aspects, and compliance with Applicable Requirements and the Americans with Disabilities Act), and their suitability for Lessee's

intended use; (c) Lessee has made such investigation as it deems necessary with reference to such matters and assumes all responsibility therefor as the same relate to its occupancy of the Premises; (d) it is not relying on any representation as to the size of the Premises made by Brokers or Lessor; (e) the square footage of the Premises was not material to Lessee's decision to lease the Premises and pay the Rent stated herein, and (f) neither Lessor, Lessor's agents, nor Brokers have made any oral or written representations or warranties with respect to said matters other than as set forth in this Lease. In addition, Lessor acknowledges that: (i) Brokers have made no representations, promises or warranties concerning Lessee's ability to honor the Lease or suitability to occupy the Premises, and (ii) it is Lessor's sole responsibility to investigate the financial capability and/or suitability of all proposed tenants.

2.5 **Lessee as Prior Owner/Occupant.** The warranties made by Lessor in Paragraph 2 shall be of no force or effect if immediately prior to the Start Date Lessee was the owner or occupant of the Premises. In such event, Lessee shall be responsible for any necessary corrective work.

2.6 **Vehicle Parking.** Lessee shall be entitled to use the number of Parking Spaces specified in Paragraph 1.2(b) on those portions of the Common Areas designated from time to time by Lessor for parking. Lessee shall not use more parking spaces than said number. Said parking spaces shall be used for parking by vehicles no larger than full-size passenger automobiles or pick-up trucks, herein called "**Permitted Size Vehicles.**" Lessor may regulate the loading and unloading of vehicles by adopting Rules and Regulations as provided in Paragraph 2.9. No vehicles other than Permitted Size Vehicles may be parked in the Common Area without the prior written permission of Lessor. In addition:

(a) Lessee shall not permit or allow any vehicles that belong to or are controlled by Lessee or Lessee's employees, suppliers, shippers, customers, contractors or invitees to be loaded, unloaded, or parked in areas other than those designated by Lessor for such activities.

(b) Lessee shall not service or store any vehicles in the Common Areas.

(c) If Lessee permits or allows any of the prohibited activities described in this Paragraph 2.6, then Lessor shall have the right, without notice, in addition to such other rights and remedies that it may have, to remove or tow away the vehicle involved and charge the cost to Lessee, which cost shall be immediately payable upon demand by Lessor.

2.7 **Common Areas - Definition.** The term "**Common Areas**" is defined as all areas and facilities outside the Premises and within the exterior boundary line of the Project and interior utility raceways and installations within the Unit that are provided and designated by the Lessor from time to time for the general non-exclusive use of Lessor, Lessee and other tenants of the Project and their respective employees, suppliers, shippers, customers, contractors and invitees, including parking areas, loading and unloading areas, trash areas, roofs, roadways, walkways, driveways and landscaped areas.

2.8 **Common Areas - Lessee's Rights.** Lessor grants to Lessee, for the benefit of Lessee and its employees, suppliers, shippers, contractors, customers and invitees, during the term of this Lease, the non-exclusive right to use, in common with others entitled to such use, the Common Areas as they exist from time to time, subject to any rights, powers, and privileges reserved by Lessor under the terms hereof or under the terms of any rules and regulations or restrictions governing the use of the Project. Under no circumstances shall the right herein granted to use the Common Areas be deemed to include the right to store any property, temporarily or permanently, in the Common Areas. Any such storage shall be permitted only by the prior written consent of Lessor or Lessor's designated agent, which consent may be revoked at any time. In the event that any unauthorized storage shall occur, then Lessor shall have the right, without notice, in addition to such other rights and remedies that it may have, to remove the property and charge the cost to Lessee, which cost shall be immediately payable upon demand by Lessor.

2.9 **Common Areas - Rules and Regulations.** Lessor or such other person(s) as Lessor may appoint shall have the exclusive control and management of the Common Areas and shall have the right, from time to time, to establish, modify, amend and enforce reasonable rules and regulations ("**Rules and Regulations**") for the management, safety, care, and cleanliness of the grounds, the parking and unloading of vehicles and the preservation of good order, as well as for the convenience of other occupants or tenants of the Building and the Project and their invitees. Lessee agrees to abide by and conform to all such Rules and Regulations, and shall use its best efforts to cause its employees, suppliers, shippers, customers, contractors and invitees to so abide and conform. Lessor shall not be responsible to Lessee for the non-compliance with said Rules and Regulations by other tenants of the Project.

2.10 **Common Areas - Changes.** Lessor shall have the right, in Lessor's sole discretion, from time to time:

(a) To make changes to the Common Areas, including, without limitation, changes in the location, size, shape and number of driveways, entrances, parking spaces, parking areas, loading and unloading areas, ingress, egress, direction of traffic, landscaped areas, walkways and utility raceways;

(b) To close temporarily any of the Common Areas for maintenance purposes so long as reasonable access to the Premises remains available;

(c) To designate other land outside the boundaries of the Project to be a part of the Common Areas;

(d) To add additional buildings and improvements to the Common Areas;

(e) To use the Common Areas while engaged in making additional improvements, repairs or alterations to the Project, or any portion thereof; and

(f) To do and perform such other acts and make such other changes in, to or with respect to the Common Areas and Project as Lessor may, in the exercise of sound business judgment, deem to be appropriate.

3. Term.

3.1 **Term.** The Commencement Date, Expiration Date and Original Term of this Lease are as specified in Paragraph 1.3.

3.2 **Early Possession.** Any provision herein granting Lessee Early Possession of the Premises is subject to and conditioned upon the Premises being available for such possession prior to the Commencement Date. Any grant of Early Possession only conveys a non-exclusive right to occupy the Premises. If Lessee totally or partially occupies the Premises prior to the Commencement Date, the obligation to pay Base Rent shall be abated for the period of such Early Possession. All other terms of this Lease (including but not limited to the obligations to pay Lessee's Share of Common Area Operating Expenses, Real Property Taxes and insurance premiums and to maintain the Premises) shall be in effect during such period. Any such Early Possession shall not affect the Expiration Date.

3.3 **Delay In Possession.** Lessor agrees to use its best commercially reasonable efforts to deliver possession of the Premises to Lessee by the Commencement Date. If, despite said efforts, Lessor is unable to deliver possession by such date, Lessor shall not be subject to any liability therefor, nor shall such failure affect the validity of this Lease or change the Expiration Date. Lessee shall not, however, be obligated to pay Rent or perform its other obligations until Lessor delivers possession of the Premises and any period of rent abatement that Lessee would otherwise have enjoyed shall run from the date of delivery of possession and continue for a period equal to what Lessee would otherwise have enjoyed under the terms hereof, but minus any days of delay caused by the acts or omissions of Lessee. If possession is not delivered within 60 days after the Commencement Date, as the same may be extended under the terms of any Work Letter executed by Parties, Lessee may, at its option, by notice in writing within 10 days after the end of such 60 day period, cancel this Lease, in which event the Parties shall be discharged from all obligations hereunder. If such written notice is not received by Lessor within said 10 day period, Lessee's right to cancel shall terminate. If possession of the Premises is not delivered within 120 days after the Commencement Date, this Lease shall terminate unless other agreements are reached between Lessor and Lessee, in writing.

3.4 **Lessee Compliance.** Lessor shall not be required to tender possession of the Premises to Lessee until Lessee complies with its obligation to provide evidence of insurance (Paragraph 8.5). Pending delivery of such evidence, Lessee shall be required to perform all of its obligations under this Lease from and after the Start Date, including the payment of Rent, notwithstanding Lessor's election to withhold possession pending receipt of such evidence of insurance. Further, if Lessee is required to perform any other conditions prior to or concurrent with the Start Date, the Start Date shall occur but Lessor may elect to withhold possession until such conditions are satisfied.

4. Rent.

4.1. **Rent Defined.** All monetary obligations of Lessee to Lessor under the terms of this Lease (except for the Security Deposit) are deemed to be rent (**"Rent"**).

4.2 **Commor Area Operating Expenses.** Lessee shall pay to Lessor during the term hereof, in addition to the Base Rent, Lessee's Share (as specified in Paragraph 1.6) of all Commor Area Operating Expenses, as hereinafter defined, during each calendar year of the term of this Lease, in accordance with the following provisions:

(a) The following costs relating to the ownership and operation of the Project are defined as **"Common Area Operating Expenses"**:

(i) Costs relating to the operation, repair and maintenance, in neat, clean, good order and condition, but not the replacement (see subparagraph (e)), of the following:

(aa) The Common Areas and Common Area improvements, including parking areas, loading and unloading areas, trash areas, roadways, parkways, walkways, driveways, landscaped areas, bumpers, irrigation systems, Common Area lighting facilities, fences and gates, elevators, roofs, exterior walls of the buildings, building systems and roof drainage systems.

(bb) Exterior signs and any tenant directories.

(cc) Any fire sprinkler systems.

(dd) All other areas and improvements that are within the exterior boundaries of the Project but outside of the Premises and/or any other space occupied by a tenant.

(ii) The cost of water, gas, electricity and telephone to service the Commor Areas and any utilities not separately metered.

(iii) The cost of trash disposal, pest control services, property management, security services, owners' association dues and fees, the cost to repaint the exterior of any structures and the cost of any environmental inspections.

(iv) Reserves set aside for maintenance and repair of Common Areas and Common Area equipment.

(v) Any increase above the Base Real Property Taxes (as defined in Paragraph 10).

(vi) Any "Insurance Cost Increase" (as defined in Paragraph 8).

(vii) Any deductible portion of an insured loss concerning the Building or the Commor Areas.

(viii) Auditors', accountants' and attorneys' fees and costs related to the operation, maintenance, repair and replacement of the Project.

(ix) The cost of any capital improvement to the Building or the Project not covered under the provisions of Paragraph 2.3 provided; however, that Lessor shall allocate the cost of any such capital improvement over a 12 year period and Lessee shall not be required to pay more than Lessee's Share of 1/144th of the cost of such capital improvement in any given month. Lessee shall pay interest on the unamortized balance but may prepay its obligation at any time

(x) The cost of any other services to be provided by Lessor that are stated elsewhere in this Lease tc be a Common Area Operating Expense.

(b) Any Common Area Operating Expenses and Real Property Taxes that are specifically attributable to the Unit, the Building or to any other building in the Project or to the operation, repair and maintenance thereof, shall be allocated entirely to such Unit, Building, or other building. However, any Common Area Operating Expenses and Real Property Taxes that are not specifically attributable to the Building or to any other building or to the operation, repair and maintenance thereof, shall be equitably allocated by Lessor to all buildings in the Project.

(c) The inclusion of the improvements, facilities and services set forth in Subparagraph 4.2(a) shall not be deemed to impose an obligation upon Lessor to either have said improvements or facilities or to provide those services unless the Project already has the same, Lessor already provides the services, or Lessor has agreed elsewhere in this Lease tc provide the same or some of them.

(d) Lessee's Share of Common Area Operating Expenses is payable monthly on the same day as the Base Rent is due hereunder. The amount of such payments shall be based on Lessor's estimate of the annual Common Area Operating Expenses. Within 60 days after written request (but not more than once each year) Lessor shall deliver to Lessee a reasonably detailed statement showing Lessee's Share of the actual Common Area Operating Expenses for the preceding year. If Lessee's payments during such year exceed Lessee's Share, Lessor shall credit the amount of such over-payment against Lessee's future payments. If Lessee's payments during such year were less than Lessee's Share, Lessee shall pay to Lessor the amount of the deficiency within 10 days after delivery by Lessor to Lessee of the statement.

(e) Common Area Operating Expenses shall not include the cost of replacing equipment or capital components such as the roof, foundations, exterior walls or Common Area capital improvements, such as the parking lot paving, elevators, fences that have a useful life for accounting purposes of 5 years or more.

(f) Common Area Operating Expenses shall not include any expenses paid by any tenant directly to third parties, or as to which Lessor is otherwise reimbursed by any third party, other tenant, or insurance proceeds.

4.3 **Payment.** Lessee shall cause payment of Rent to be received by Lessor in lawful money of the United States, without offset or deduction (except as specifically permitted in this Lease), on or before the day on which it is due. All monetary amounts shall be roundec to the nearest whole dollar. In the event that any statement or invoice prepared by Lessor is inaccurate such inaccuracy shall not constitute a waiver and Lessee shall be obligated to pay the amount set forth in this Lease. Rent for any period during the term hereof which is for less than one full calendar month shall be proratec based upon the actual number of days of said month. Payment of Rent shall be made tc Lessor at its address stated herein or to such other persons or place as Lessor may from time to time designate in writing. Acceptance of a payment which is less than the amount then due shall not be a waiver of Lessor's rights to the balance of such Rent, regardless of Lessor's endorsement of any check so stating. In the event that any check, draft, or other instrument of payment given by Lessee to Lessor is dishonored for any reason, Lessee agrees to pay to Lessor the sum of $25 in addition to any Late Charge and Lessor, at its option, may require all future Rent be paic by cashier's check. Payments will be applied first to accrued late charges and attorney's fees, second to accrued interest, then to Base Rent and Common Area Operating Expenses, and any remaining amount to any other outstanding charges or costs.

5. Security Deposit. Lessee shall deposit with Lessor upon execution hereof the Security Deposit as security for Lessee's faithful performance of its obligations under this Lease. If Lessee fails to pay Rent, or otherwise Defaults under this Lease, Lessor may use, apply or retain all or any portion of said Security Deposit for the payment of any amount already due Lessor, for Rents which will be due in the future, and/ or to reimburse or compensate Lessor for any liability, expense, loss or damage which Lessor may suffer or incur by reason thereof. If Lessor uses or applies all or any portion of the Security Deposit, Lessee shall within 10 days after written request therefor deposit monies with Lessor sufficient to restore said Security Deposit to the full amount required by this Lease. If the Base Rent increases during the term of this Lease, Lessee shall, upon written request from Lessor, deposit additional monies with Lessor so that the total amount of the Security Deposit shall at all times bear the same proportion to the increased Base Rent as the initial Security Deposit bore to the initial Base Rent. Should the Agreed Use be amended to accommodate a material change in the business of Lessee or to accommodate a sublessee or assignee, Lessor shall have the right to increase the Security Deposit to the extent necessary, in Lessor's reasonable judgment, to account for any increased wear and tear that the Premises may suffer as a result thereof. If a change in control of Lessee occurs during this Lease and following such change the financial condition of Lessee is, in Lessor's reasonable judgment, significantly reduced, Lessee shall deposit such additional monies with Lessor as shall be sufficient to cause the Security Deposit to be at a commercially reasonable level based on such change in financial condition. Lessor shall not be required to keep the Security Deposit separate from its general accounts. Within 90 days after the expiration or termination of this Lease, Lessor shall return that portion of the Security Deposit not used or applied by Lessor. Lessor shall upon written request provide Lessee with an accounting

showing how that portion of the Security Deposit that was not returned was applied. No part of the Security Deposit shall be considered to be held in trust, to bear interest or to be prepayment for any monies to be paid by Lessee under this Lease. THE SECURITY DEPOSIT SHALL NOT BE USED BY LESSEE IN LIEU OF PAYMENT OF THE LAST MONTH'S RENT.

6. Use.

6.1 **Use.** Lessee shall use and occupy the Premises only for the Agreed Use, or any other legal use which is reasonably comparable thereto, and for no other purpose. Lessee shall not use or permit the use of the Premises in a manner that is unlawful, creates damage, waste or a nuisance, or that disturbs occupants of or causes damage to neighboring premises or properties. Other than guide, signal and seeing eye dogs, Lessee shall not keep or allow in the Premises any pets, animals, birds, fish, or reptiles. Lessor shall not unreasonably withhold or delay its consent to any written request for a modification of the Agreed Use, so long as the same will not impair the structural integrity of the Building or the mechanical or electrical systems therein, and/or is not significantly more burdensome to the Project. If Lessor elects to withhold consent, Lessor shall within 7 days after such request give written notification of same, which notice shall include an explanation of Lessor's objections to the change in the Agreed Use.

6.2 **Hazardous Substances.**

(a) **Reportable Uses Require Consent.** The term "**Hazardous Substance**" as used in this Lease shall mean any product, substance, or waste whose presence, use, manufacture, disposal, transportation, or release, either by itself or in combination with other materials expected to be on the Premises, is either: (i) potentially injurious to the public health, safety or welfare, the environment or the Premises; (ii) regulated or monitored by any governmental authority, or (iii) a basis for potential liability of Lessor to any governmental agency or third party under any applicable statute or common law theory. Hazardous Substances shall include, but not be limited to, hydrocarbons, petroleum, gasoline, and/or crude oil or any products, by-products or fractions thereof. Lessee shall not engage in any activity in or on the Premises which constitutes a Reportable Use of Hazardous Substances without the express prior written consent of Lessor and timely compliance (at Lessee's expense) with all Applicable Requirements. "**Reportable Use**" shall mean (i) the installation or use of any above or below ground storage tank; (ii) the generation, possession, storage, use, transportation, or disposal of a Hazardous Substance that requires a permit from, or with respect to which a report, notice, registration or business plan is required to be filed with, any governmental authority, and/or (iii) the presence at the Premises of a Hazardous Substance with respect to which any Applicable Requirements requires that a notice be given to persons entering or occupying the Premises or neighboring properties. Notwithstanding the foregoing, Lessee may use any ordinary and customary materials reasonably required to be used in the normal course of the Agreed Use, ordinary office supplies (copier toner, liquid paper, glue, etc.) and common household cleaning materials, so long as such use is in compliance with all Applicable Requirements, is not a Reportable Use, and does not expose the Premises or neighboring property to any meaningful risk of contamination or damage or expose Lessor to any liability therefor. In addition, Lessor may condition its consent to any Reportable Use upon receiving such additional assurances as Lessor reasonably deems necessary to protect itself, the public, the Premises and/or the environment against damage, contamination, injury and/or liability, including, but not limited to, the installation (and removal on or before Lease expiration or termination) of protective modifications (such as concrete encasements) and/or increasing the Security Deposit.

(b) **Duty to Inform Lessor.** If Lessee knows, or has reasonable cause to believe, that a Hazardous Substance has come to be located in, on, under or about the Premises, other than as previously consented to by Lessor, Lessee shall immediately give written notice of such fact to Lessor, and provide Lessor with a copy of any report, notice, claim or other documentation which it has concerning the presence of such Hazardous Substance.

(c) **Lessee Remediation.** Lessee shall not cause or permit any Hazardous Substance to be spilled or released in, on, under, or about the Premises (including through the plumbing or sanitary sewer system) and shall promptly, at Lessee's expense, comply with all Applicable Requirements and take all investigatory and/or remedial action reasonably recommended, whether or not formally ordered or required, for the cleanup of any contamination of, and for the maintenance, security and/or monitoring of the Premises or neighboring properties, that was caused or materially contributed to by Lessee, or pertaining to or involving any Hazardous Substance brought onto the Premises during the term of this Lease, by or for Lessee, or any third party.

(d) **Lessee Indemnification.** Lessee shall indemnify, defend and hold Lessor, its agents, employees, lenders and ground lessor, if any, harmless from and against any and all loss of rents and/or damages, liabilities, judgments, claims, expenses, penalties, and attorneys' and consultants' fees arising out of or involving any Hazardous Substance brought onto the Premises by or for Lessee, or any third party (provided, however, that Lessee shall have no liability under this Lease with respect to underground migration of any Hazardous Substance under the Premises from areas outside of the Project not caused or contributed to by Lessee). Lessee's obligations shall include, but not be limited to, the effects of any contamination or injury to person, property or the environment created or suffered by Lessee, and the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease. No termination, cancellation or release agreement entered into by Lessor and Lessee shall release Lessee from its obligations under this Lease with respect to Hazardous Substances, unless specifically so agreed by Lessor in writing at the time of such agreement.

(e) **Lessor Indemnification.** Except as otherwise provided in paragraph 8.7, Lessor and its successors and assigns shall indemnify, defend, reimburse and hold Lessee, its employees and lenders, harmless from and against any and all environmental damages, including the cost of remediation, which are suffered as a direct result of Hazardous Substances on the Premises prior to Lessee taking possession or which are caused by the gross negligence or willful misconduct of Lessor, its agents or employees. Lessor's obligations, as and when required by the Applicable Requirements, shall include, but not be limited to, the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease.

(f) **Investigations and Remediations.** Lessor shall retain the responsibility and pay for any investigations or remediation measures required by governmental entities having jurisdiction with respect to the existence of Hazardous Substances on the Premises prior to the Lessee taking possession, unless such remediation measure is required as a result of Lessee's use (including "Alterations", as defined in paragraph 7.3(a) below) of the Premises, in which event Lessee shall be responsible for such payment. Lessee shall cooperate fully in any such activities at the request of Lessor, including allowing Lessor and Lessor's agents to have reasonable access to the Premises at reasonable times in order to carry out Lessor's investigative and remedial responsibilities.

(g) **Lessor Termination Option.** If a Hazardous Substance Condition (see Paragraph 9.1(e)) occurs during the term of this Lease, unless Lessee is legally responsible therefor (in which case Lessee shall make the investigation and remediation thereof required by the Applicable Requirements and this Lease shall continue in full force and effect, but subject to Lessor's rights under Paragraph 6.2(d) and Paragraph 13), Lessor may, at Lessor's option, either (i) investigate and remediate such Hazardous Substance Condition, if required, as soon as reasonably possible at Lessor's expense, in which event this Lease shall continue in full force and effect, or (ii) if the estimated cost to remediate such condition exceeds 12 times the then monthly Base Rent or $100,000, whichever is greater, give written notice to Lessee, within 30 days after receipt by Lessor of knowledge of the occurrence of such Hazardous Substance Condition, of Lessor's desire to terminate this Lease as of the date 60 days following the date of such notice. In the event Lessor elects to give a termination notice, Lessee may, within 10 days thereafter, give written notice to Lessor of Lessee's commitment to pay the amount by which the cost of the remediation of such Hazardous Substance Condition exceeds an amount equal to 12 times the then monthly Base Rent or $100,000, whichever is greater. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days following such commitment. In such event, this Lease shall continue in full force and effect, and Lessor shall proceed to make such remediation as soon as reasonably possible after the required funds are available. If Lessee does not give such notice and provide the required funds or assurance thereof within the time provided, this Lease shall terminate as of the date specified in Lessor's notice of termination.

6.3 **Lessee's Compliance with Applicable Requirements.** Except as otherwise provided in this Lease, Lessee shall, at Lessee's sole expense, fully, diligently and

in a timely manner, materially comply with all Applicable Requirements, the requirements of any applicable fire insurance underwriter or rating bureau, and the recommendations of Lessor's engineers and/or consultants which relate in any manner to the Premises, without regard to whether said Applicable Requirements are now in effect or become effective after the Start Date. Lessee shall, within 10 days after receipt of Lessor's written request, provide Lessor with copies of all permits and other documents, and other information evidencing Lessee's compliance with any Applicable Requirements specified by Lessor, and shall immediately upon receipt, notify Lessor in writing (with copies of any documents involved) of any threatened or actual claim, notice, citation, warning, complaint or report pertaining to or involving the failure of Lessee or the Premises to comply with any Applicable Requirements. Likewise, Lessee shall immediately give written notice to Lessor of: (i) any water damage to the Premises and any suspected seepage, pooling, dampness or other condition conducive to the production of mold; or (ii) any mustiness or other odors that might indicate the presence of mold in the Premises.

6.4 **Inspection; Compliance.** Lessor and Lessor's "**Lender**" (as defined in Paragraph 30) and consultants authorized by Lessor shall have the right to enter into Premises at any time in the case of an emergency, and otherwise at reasonable times after reasonable notice, for the purpose of inspecting and/or testing the condition of the Premises and/or for verifying compliance by Lessee with this Lease. The cost of any such inspections shall be paid by Lessor, unless a violation of Applicable Requirements, or a Hazardous Substance Condition (see Paragraph 9.1) is found to exist or be imminent, or the inspection is requested or ordered by a governmental authority. In such case, Lessee shall upon request reimburse Lessor for the cost of such inspection, so long as such inspection is reasonably related to the violation or contamination. In addition, Lessee shall provide copies of all relevant material safety data sheets (**MSDS**) to Lessor within 10 days of the receipt of written request therefor. Lessee acknowledges that any failure on its part to allow such inspections or testing will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to allow such inspections and/or testing in a timely fashion the Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater for the remainder to the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to allow such inspection and/or testing. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to such failure nor prevent the exercise of any of the other rights and remedies granted hereunder.

7. Maintenance; Repairs; Utility Installations; Trade Fixtures and Alterations.

7.1 **Lessee's Obligations.**

(a) **In General.** Subject to the provisions of Paragraph 2.2 (Condition), 2.3 (Compliance), 6.3 (Lessee's Compliance with Applicable Requirements), 7.2 (Lessor's Obligations), 9 (Damage or Destruction), and 14 (Condemnation), Lessee shall, at Lessee's sole expense, keep the Premises, Utility Installations (intended for Lessee's exclusive use, no matter where located), and Alterations in good order, condition and repair (whether or not the portion of the Premises requiring repairs, or the means of repairing the same, are reasonably or readily accessible to Lessee, and whether or not the need for such repairs occurs as a result of Lessee's use, any prior use, the elements or the age of such portion of the Premises), including, but not limited to, all equipment or facilities, such as plumbing, HVAC equipment, electrical, lighting facilities, boilers, pressure vessels, fixtures, interior walls, interior surfaces of exterior walls, ceilings, floors, windows, doors, plate glass, and skylights but excluding any items which are the responsibility of Lessor pursuant to Paragraph 7.2. Lessee, in keeping the Premises in good order, condition and repair, shall exercise and perform good maintenance practices, specifically including the procurement and maintenance of the service contracts required by Paragraph 7.1(b) below. Lessee's obligations shall include restorations, replacements or renewals when necessary to keep the Premises and all improvements thereon or a part thereof in good order, condition and state of repair.

(b) **Service Contracts.** Lessee shall, at Lessee's sole expense, procure and maintain contracts, with copies to Lessor, in customary form and substance for, and with contractors specializing and experienced in the maintenance of the following equipment and improvements, if any, if and when installed on the Premises: (i) HVAC equipment, (ii) boiler and pressure vessels, and (iii) clarifiers. However, Lessor reserves the right, upon notice to Lessee, to procure and maintain any or all of such service contracts, and Lessee shall reimburse Lessor, upon demand, for the cost thereof.

(c) **Failure to Perform.** If Lessee fails to perform Lessee's obligations under this Paragraph 7.1, Lessor may enter upon the Premises after 10 days' prior written notice to Lessee (except in the case of an emergency, in which case no notice shall be required), perform such obligations on Lessee's behalf, and put the Premises in good order, condition and repair, and Lessee shall promptly pay to Lessor a sum equal to 115% of the cost thereof.

(d) **Replacement.** Subject to Lessee's indemnification of Lessor as set forth in Paragraph 8.7 below, and without relieving Lessee of liability resulting from Lessee's failure to exercise and perform good maintenance practices, if an item described in Paragraph 7.1(b) cannot be repaired other than at a cost which is in excess of 50% of the cost of replacing such item, then such item shall be replaced by Lessor, and the cost thereof shall be prorated between the Parties and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease, on the date on which Base Rent is due, an amount equal to the product of multiplying the cost of such replacement by a fraction, the numerator of which is one, and the denominator of which is 144 (ie. 1/144th of the cost per month). Lessee shall pay interest on the unamortized balance but may prepay its obligation at any time.

7.2 **Lessor's Obligations.** Subject to the provisions of Paragraphs 2.2 (Condition), 2.3 (Compliance), 4.2 (Common Area Operating Expenses), 6 (Use), 7.1 (Lessee's Obligations), 9 (Damage or Destruction) and 14 (Condemnation), Lessor, subject to reimbursement pursuant to Paragraph 4.2, shall keep in good order, condition and repair the foundations, exterior walls, structural condition of interior bearing walls, exterior roof, fire sprinkler system, Common Area fire alarm and/or smoke detection systems, fire hydrants, parking lots, walkways, parkways, driveways, landscaping, fences, signs and utility systems serving the Common Areas and all parts thereof, as well as providing the services for which there is a Common Area Operating Expense pursuant to Paragraph 4.2. Lessor shall not be obligated to paint the exterior or interior surfaces of exterior walls nor shall Lessor be obligated to maintain, repair or replace windows, doors or plate glass of the Premises.

7.3 **Utility Installations; Trade Fixtures; Alterations.**

(a) **Definitions.** The term "**Utility Installations**" refers to all floor and window coverings, air and/or vacuum lines, power panels, electrical distribution, security and fire protection systems, communication cabling, lighting fixtures, HVAC equipment, plumbing, and fencing in or on the Premises. The term "**Trade Fixtures**" shall mean Lessee's machinery and equipment that can be removed without doing material damage to the Premises. The term "Alterations" shall mean any modification of the improvements, other than Utility Installations or Trade Fixtures, whether by addition or deletion. "**Lessee Owned Alterations and/or Utility Installations**" are defined as Alterations and/or Utility Installations made by Lessee that are not yet owned by Lessor pursuant to Paragraph 7.4(a).

(b) **Consent.** Lessee shall not make any Alterations or Utility Installations to the Premises without Lessor's prior written consent. Lessee may, however, make non-structural Alterations or Utility Installations to the interior of the Premises (excluding the roof) without such consent but upon notice to Lessor, as long as they are not visible from the outside, do not involve puncturing, relocating or removing the roof or any existing walls, will not affect the electrical, plumbing, HVAC, and/or life safety systems, do not trigger the requirement for additional modifications and/or improvements to the Premises resulting from Applicable Requirements, such as compliance with Title 24, and the cumulative cost thereof during this Lease as extended does not exceed a sum equal to 3 month's Base Rent in the aggregate or a sum equal to one month's Base Rent in any one year. Notwithstanding the foregoing, Lessee shall not make or permit any roof penetrations and/or install anything on the roof without the prior written approval of Lessor. Lessor may, as a precondition to granting such approval, require Lessee to utilize a contractor chosen and/or approved by Lessor. Any Alterations or Utility Installations that Lessee shall desire to make and which require the consent of the Lessor shall be presented to Lessor in written form with detailed plans. Consent shall be deemed conditioned upon Lessee's: (i) acquiring all applicable governmental permits, (ii)

furnishing Lessor with copies of both the permits and the plans and specifications prior to commencement of the work, and (iii) compliance with all conditions of said permits and other Applicable Requirements in a prompt and expeditious manner. Any Alterations or Utility Installations shall be performed in a workmanlike manner with good and sufficient materials. Lessee shall promptly upon completion furnish Lessor with as-built plans and specifications. For work which costs an amount in excess of one month's Base Rent, Lessor may condition its consent upon Lessee providing a lien and completion bond in an amount equal to 150% of the estimated cost of such Alteration or Utility Installation and/or upon Lessee's posting an additional Security Deposit with Lessor.

(c) **Liens; Bonds.** Lessee shall pay, when due, all claims for labor or materials furnished or alleged to have been furnished to or for Lessee at or for use on the Premises, which claims are or may be secured by any mechanic's or materialmen's lien against the Premises or any interest therein. Lessee shall give Lessor not less than 10 days notice prior to the commencement of any work in, on or about the Premises, and Lessor shall have the right to post notices of non-responsibility. If Lessee shall contest the validity of any such lien, claim or demand, then Lessee shall, at its sole expense defend and protect itself, Lessor and the Premises against the same and shall pay and satisfy any such adverse judgment that may be rendered thereon before the enforcement thereof. If Lessor shall require, Lessee shall furnish a surety bond in an amount equal to 150% of the amount of such contested lien, claim or demand, indemnifying Lessor against liability for the same. If Lessor elects to participate in any such action, Lessee shall pay Lessor's attorneys' fees and costs.

7.4 **Ownership; Removal; Surrender; and Restoration.**

(a) **Ownership.** Subject to Lessor's right to require removal or elect ownership as hereinafter provided, all Alterations and Utility Installations made by Lessee shall be the property of Lessee, but considered a part of the Premises. Lessor may, at any time, elect in writing to be the owner of all or any specified part of the Lessee Owned Alterations and Utility Installations. Unless otherwise instructed per paragraph 7.4(b) hereof, all Lessee Owned Alterations and Utility Installations shall, at the expiration or termination of this Lease, become the property of Lessor and be surrendered by Lessee with the Premises.

(b) **Removal.** By delivery to Lessee of written notice from Lessor not earlier than 90 and not later than 30 days prior to the end of the term of this Lease, Lessor may require that any or all Lessee Owned Alterations or Utility Installations be removed by the expiration or termination of this Lease. Lessor may require the removal at any time of all or any part of any Lessee Owned Alterations or Utility Installations made without the required consent.

(c) **Surrender; Restoration.** Lessee shall surrender the Premises by the Expiration Date or any earlier termination date, with all of the improvements, parts and surfaces thereof broom clean and free of debris, and in good operating order, condition and state of repair, ordinary wear and tear excepted. "Ordinary wear and tear" shall not include any damage or deterioration that would have been prevented by good maintenance practice. Notwithstanding the foregoing and the provisions of Paragraph 7.1(a), if the Lessee occupies the Premises for 12 months or less, then Lessee shall surrender the Premises in the same condition as delivered to Lessee on the Start Date with NO allowance for ordinary wear and tear. Lessee shall repair any damage occasioned by the installation, maintenance or removal of Trade Fixtures, Lessee owned Alterations and/or Utility Installations, furnishings, and equipment as well as the removal of any storage tank installed by or for Lessee. Lessee shall also remove from the Premises any and all Hazardous Substances brought onto the Premises by or for Lessee, or any third party (except Hazardous Substances which were deposited via underground migration from areas outside of the Premises) to the level specified in Applicable Requirements. Trade Fixtures shall remain the property of Lessee and shall be removed by Lessee. Any personal property of Lessee not removed on or before the Expiration Date or any earlier termination date shall be deemed to have been abandoned by Lessee and may be disposed of or retained by Lessor as Lessor may desire. The failure by Lessee to timely vacate the Premises pursuant to this Paragraph 7.4(c) without the express written consent of Lessor shall constitute a holdover under the provisions of Paragraph 26 below.

8. Insurance; Indemnity.

8.1 **Payment of Premium Increases.**

(a) As used herein, the term **"Insurance Cost Increase"** is defined as any increase in the actual cost of the insurance applicable to the Building and/or the Project and required to be carried by Lessor, pursuant to Paragraphs 8.2(b), 8.3(a) and 8.3(b), over and above the Base Premium, as hereinafter defined, calculated on an annual basis. Insurance Cost Increase shall include, but not be limited to, requirements of the holder of a mortgage or deed of trust covering the Premises, Building and/or Project, increased valuation of the Premises, Building and/or Project, and/or a general premium rate increase. The term Insurance Cost Increase shall also not, however, include any premium increases resulting from the nature of the occupancy of Lessee's use as described in paragraph 1.8 herein ~~any other tenant of the Building~~. The **"Base Premium"** shall be the annual premium applicable to the 12 month period immediately preceding the Start Date. If, however, the Project was not insured for the entirety of such 12 month period, then the Base Premium shall be the lowest annual premium reasonably obtainable for the Required Insurance as of the Start Date, assuming the most nominal use possible of the Building. In no event, however, shall Lessee be responsible for any portion of the premium cost attributable to liability insurance coverage in excess of $2,000,000 procured under Paragraph 8.2(b).

(b) Lessee shall pay any Insurance Cost Increase to Lessor pursuant to Paragraph 4.2. Premiums for policy periods commencing prior to, or extending beyond, the term of this Lease shall be prorated to coincide with the corresponding Start Date or Expiration Date.

8.2 **Liability Insurance.**

(a) **Carried by Lessee.** Lessee shall obtain and keep in force a Commercial General Liability policy of insurance protecting Lessee and Lessor as an additional insured against claims for bodily injury, personal injury and property damage based upon or arising out of the ownership, use, occupancy or maintenance of the Premises and all areas appurtenant thereto. Such insurance shall be on an occurrence basis providing single limit coverage in an amount not less than $1,000,000 per occurrence with an annual aggregate of not less than $2,000,000. Lessee shall add Lessor as an additional insured by means of an endorsement at least as broad as the Insurance Service Organization's "Additional Insured-Managers or Lessors of Premises" Endorsement. The policy shall not contain any intra-insured exclusions as between insured persons or organizations, but shall include coverage for liability assumed under this Lease as an **"insured contract"** for the performance of Lessee's indemnity obligations under this Lease. The limits of said insurance shall not, however, limit the liability of Lessee nor relieve Lessee of any obligation hereunder. Lessee shall provide an endorsement on its liability policy(ies) which provides that its insurance shall be primary to and not contributory with any similar insurance carried by Lessor, whose insurance shall be considered excess insurance only.

(b) **Carried by Lessor.** Lessor shall maintain liability insurance as described in Paragraph 8.2(a), in addition to, and not in lieu of, the insurance required to be maintained by Lessee. Lessee shall not be named as an additional insured therein.

8.3 **Property Insurance - Building, Improvements and Rental Value.**

(a) **Building and Improvements.** Lessor shall obtain and keep in force a policy or policies of insurance in the name of Lessor, with loss payable to Lessor, any ground-lessor, and to any Lender insuring loss or damage to the Premises. The amount of such insurance shall be equal to the full insurable replacement cost of the Premises, as the same shall exist from time to time, or the amount required by any Lender, but in no event more than the commercially reasonable and available insurable value thereof. Lessee Owned Alterations and Utility Installations, Trade Fixtures, and Lessee's personal property shall be insured by Lessee not by Lessor. If the coverage is available and commercially appropriate, such policy or policies shall insure against all risks of direct physical loss or damage (except the perils of flood and/or earthquake unless required by a Lender), including coverage for debris removal and the enforcement of any Applicable Requirements requiring the upgrading, demolition, reconstruction or replacement of any portion of the Premises as the result of a covered loss. Said policy or policies shall also contain an agreed valuation provision in lieu of any coinsurance clause, waiver of subrogation, and inflation guard protection causing an increase in the annual property insurance coverage

amount by a factor of not less than the adjusted U.S. Department of Labor Consumer Price Index for All Urban Consumers for the city nearest to where the Premises are located. If such insurance coverage has a deductible clause, the deductible amount shall not exceed $5,000 per occurrence.

(b) **Rental Value.** Lessor shall also obtain and keep in force a policy or policies in the name of Lessor with loss payable to Lessor and any Lender, insuring the loss of the full Rent for one year with an extended period of indemnity for an additional 180 days ("Rental Value Insurance"). Said insurance shall contain an agreed valuation provision in lieu of any coinsurance clause, and the amount of coverage shall be adjusted annually to reflect the projected Rent otherwise payable by Lessee, for the next 12 month period.

(c) **Adjacent Premises.** Lessee shall pay for any increase in the premiums for the property insurance of the Building and for the Common Areas or other buildings in the Project if said increase is caused by Lessee's acts, omissions, use or occupancy of the Premises.

(d) **Lessee's Improvements.** Since Lessor is the Insuring Party, Lessor shall not be required to insure Lessee Owned Alterations and Utility Installations unless the item in question has become the property of Lessor under the terms of this Lease.

8.4 **Lessee's Property; Business Interruption Insurance; Worker's Compensation Insurance.**

(a) **Property Damage.** Lessee shall obtain and maintain insurance coverage on all of Lessee's personal property, Trade Fixtures, and Lessee Owned Alterations and Utility Installations. Such insurance shall be full replacement cost coverage with a deductible of not to exceed $1,000 per occurrence. The proceeds from any such insurance shall be used by Lessee for the replacement of personal property, Trade Fixtures and Lessee Owned Alterations and Utility Installations.

(b) **Business Interruption.** Lessee shall obtain and maintain loss of income and extra expense insurance in amounts as will reimburse Lessee for direct or indirect loss of earnings attributable to all perils commonly insured against by prudent lessees in the business of Lessee or attributable to prevention of access to the Premises as a result of such perils.

(c) **Worker's Compensation Insurance.** Lessee shall obtain and maintain Worker's Compensation Insurance in such amount as may be required by Applicable Requirements. Such policy shall include a 'Waiver of Subrogation' endorsement. Lessee shall provide Lessor with a copy of such endorsement along with the certificate of insurance or copy of the policy required by paragraph 8.5.

(d) **No Representation of Adequate Coverage.** Lessor makes no representation that the limits or forms of coverage of insurance specified herein are adequate to cover Lessee's property, business operations or obligations under this Lease.

8.5 **Insurance Policies.** Insurance required herein shall be by companies maintaining during the policy term a "General Policyholders Rating" of at least A-, VII, as set forth in the most current issue of "Best's Insurance Guide", or such other rating as may be required by a Lender. Lessee shall not do or permit to be done anything which invalidates the required insurance policies. Lessee shall, prior to the Start Date, deliver to Lessor certified copies of policies of such insurance or certificates with copies of the required endorsements evidencing the existence and amounts of the required insurance. No such policy shall be cancelable or subject to modification except after 30 days prior written notice to Lessor. Lessee shall, at least 10 days prior to the expiration of such policies, furnish Lessor with evidence of renewals or "insurance binders" evidencing renewal thereof, or Lessor may increase his liability insurance coverage and charge the cost thereof to Lessee, which amount shall be payable by Lessee to Lessor upon demand. Such policies shall be for a term of at least one year, or the length of the remaining term of this Lease, whichever is less. If either Party shall fail to procure and maintain the insurance required to be carried by it, the other Party may, but shall not be required to, procure and maintain the same.

8.6 **Waiver of Subrogation.** Without affecting any other rights or remedies, Lessee and Lessor each hereby release and relieve the other, and waive their entire right to recover damages against the other, for loss of or damage to its property arising out of or incident to the perils required to be insured against herein. The effect of such releases and waivers is not limited by the amount of insurance carried or required, or by any deductibles applicable hereto. The Parties agree to have their respective property damage insurance carriers waive any right to subrogation that such companies may have against Lessor or Lessee, as the case may be, so long as the insurance is not invalidated thereby.

8.7 **Indemnity.** Except for Lessor's gross negligence or willful misconduct, Lessee shall indemnify, protect, defend and hold harmless the Premises, Lessor and its agents, Lessor's master or ground lessor, partners and Lenders, from and against any and all claims, loss of rents and/or damages, liens, judgments, penalties, attorneys' and consultants' fees, expenses and/or liabilities arising out of, involving, or in connection with, a Breach of the Lease by Lessee and/or the use and/or occupancy of the Premises and/or Project by Lessee and/or by Lessee's employees, contractors or invitees. If any action or proceeding is brought against Lessor by reason of any of the foregoing matters, Lessee shall upon notice defend the same at Lessee's expense by counsel reasonably satisfactory to Lessor and Lessor shall cooperate with Lessee in such defense. Lessor need not have first paid any such claim in order to be defended or indemnified.

8.8 **Exemption of Lessor and its Agents from Liability.** Notwithstanding the negligence or breach of this Lease by Lessor or its agents, neither Lessor nor its agents shall be liable under any circumstances for: (i) injury or damage to the person or goods, wares, merchandise or other property of Lessee, Lessee's employees, contractors, invitees, customers, or any other person in or about the Premises, whether such damage or injury is caused by or results from fire, steam, electricity, gas, water or rain, indoor air quality, the presence of mold or from the breakage, leakage, obstruction or other defects of pipes, fire sprinklers, wires, appliances, plumbing, HVAC or lighting fixtures, or from any other cause, whether the said injury or damage results from conditions arising upon the Premises or upon other portions of the Building, or from other sources or places; (ii) any damages arising from any act or neglect of any other tenant of Lessor or from the failure of Lessor or its agents to enforce the provisions of any other lease in the Project; or (iii) injury to Lessee's business or for any loss of income or profit therefrom. Instead, it is intended that Lessee's sole recourse in the event of such damages or injury be to file a claim on the insurance policy(ies) that Lessee is required to maintain pursuant to the provisions of paragraph 8.

8.9 **Failure to Provide Insurance.** Lessee acknowledges that any failure on its part to obtain or maintain the insurance required herein will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, for any month or portion thereof that Lessee does not maintain the required insurance and/or does not provide Lessor with the required binders or certificates evidencing the existence of the required insurance, the Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater. The parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to maintain the required insurance. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to maintain such insurance, prevent the exercise of any of the other rights and remedies granted hereunder, nor relieve Lessee of its obligation to maintain the insurance specified in this Lease.

9. Damage or Destruction.

9.1 **Definitions.**

(a) **"Premises Partial Damage"** shall mean damage or destruction to the Improvements on the Premises, other than Lessee Owned Alterations and Utility Installations, which can reasonably be repaired in 3 months or less from the date of the damage or destruction, and the cost thereof does not exceed a sum equal to 6 month's Base Rent. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the damage is Partial or Total.

(b) **"Premises Total Destruction"** shall mean damage or destruction to the Improvements on the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which cannot reasonably be repaired in 3 months or less from the date of the damage or destruction and/or the cost thereof exceeds a sum equal to 6 month's Base Rent. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the

damage is Partial or Total.

(c) **"Insured Loss"** shall mean damage or destruction to Improvements on the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which was caused by an event required to be covered by the insurance described in Paragraph 8.3(a), irrespective of any deductible amounts or coverage limits involved.

(d) **"Replacement Cost"** shall mean the cost to repair or rebuild the Improvements owned by Lessor at the time of the occurrence to their condition existing immediately prior thereto, including demolition, debris removal and upgrading required by the operation of Applicable Requirements, and without deduction for depreciation.

(e) **"Hazardous Substance Condition"** shall mean the occurrence or discovery of a condition involving the presence of, or a contamination by, a Hazardous Substance, in, on, or under the Premises which requires restoration.

9.2 **Partial Damage - Insured Loss.** If a Premises Partial Damage that is an Insured Loss occurs, then Lessor shall, at Lessor's expense, repair such damage (but not Lessee's Trade Fixtures or Lessee Owned Alterations and Utility Installations) as soon as reasonably possible and this Lease shall continue in full force and effect; provided, however, that Lessee shall, at Lessor's election, make the repair of any damage or destruction the total cost to repair of which is $10,000 or less, and, in such event, Lessor shall make any applicable insurance proceeds available to Lessee on a reasonable basis for that purpose. Notwithstanding the foregoing, if the required insurance was not in force or the insurance proceeds are not sufficient to effect such repair, the Insuring Party shall promptly contribute the shortage in proceeds as and when required to complete said repairs. In the event, however, such shortage was due to the fact that, by reason of the unique nature of the Improvements, full replacement cost insurance coverage was not commercially reasonable and available, Lessor shall have no obligation to pay for the shortage in insurance proceeds or to fully restore the unique aspects of the Premises unless Lessee provides Lessor with the funds to cover same, or adequate assurance thereof, within 10 days following receipt of written notice of such shortage and request therefor. If Lessor receives said funds or adequate assurance thereof within said 10 day period, the party responsible for making the repairs shall complete them as soon as reasonably possible and this Lease shall remain in full force and effect. If such funds or assurance are not received, Lessor may nevertheless elect by written notice to Lessee within 10 days thereafter to: (i) make such restoration and repair as is commercially reasonable with Lessor paying any shortage in proceeds, in which case this Lease shall remain in full force and effect, or (ii) have this Lease terminate 30 days thereafter. Lessee shall not be entitled to reimbursement of any funds contributed by Lessee to repair any such damage or destruction. Premises Partial Damage due to flood or earthquake shall be subject to Paragraph 9.3, notwithstanding that there may be some insurance coverage, but the net proceeds of any such insurance shall be made available for the repairs if made by either Party.

9.3 **Partial Damage - Uninsured Loss.** If a Premises Partial Damage that is not an Insured Loss occurs, unless caused by a negligent or willful act of Lessee (in which event Lessee shall make the repairs at Lessee's expense), Lessor may either: (i) repair such damage as soon as reasonably possible at Lessor's expense (subject to reimbursement pursuant to Paragraph 4.2), in which event this Lease shall continue in full force and effect, or (ii) terminate this Lease by giving written notice to Lessee within 30 days after receipt by Lessor of knowledge of the occurrence of such damage. Such termination shall be effective 60 days following the date of such notice. In the event Lessor elects to terminate this Lease, Lessee shall have the right within 10 days after receipt of the termination notice to give written notice to Lessor of Lessee's commitment to pay for the repair of such damage without reimbursement from Lessor. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days after making such commitment. In such event this Lease shall continue in full force and effect, and Lessor shall proceed to make such repairs as soon as reasonably possible after the required funds are available. If Lessee does not make the required commitment, this Lease shall terminate as of the date specified in the termination notice.

9.4 **Total Destruction.** Notwithstanding any other provision hereof, if a Premises Total Destruction occurs, this Lease shall terminate 60 days following such Destruction. If the damage or destruction was caused by the gross negligence or willful misconduct of Lessee, Lessor shall have the right to recover Lessor's damages from Lessee, except as provided in Paragraph 8.6.

9.5 **Damage Near End of Term.** If at any time during the last 6 months of this Lease there is damage for which the cost to repair exceeds one month's Base Rent, whether or not an Insured Loss, Lessor may terminate this Lease effective 60 days following the date of occurrence of such damage by giving a written termination notice to Lessee within 30 days after the date of occurrence of such damage. Notwithstanding the foregoing, if Lessee at that time has an exercisable option to extend this Lease or to purchase the Premises, then Lessee may preserve this Lease by (a) exercising such option and (b) providing Lessor with any shortage in insurance proceeds (or adequate assurance thereof) needed to make the repairs on or before the earlier of (i) the date which is 10 days after Lessee's receipt of Lessor's written notice purporting to terminate this Lease, or (ii) the day prior to the date upon which such option expires. If Lessee duly exercises such option during such period and provides Lessor with funds (or adequate assurance thereof) to cover any shortage in insurance proceeds, Lessor shall, at Lessor's commercially reasonable expense, repair such damage as soon as reasonably possible and this Lease shall continue in full force and effect. If Lessee fails to exercise such option and provide such funds or assurance during such period, then this Lease shall terminate on the date specified in the termination notice and Lessee's option shall be extinguished.

9.6 **Abatement of Rent; Lessee's Remedies.**

(a) **Abatement.** In the event of Premises Partial Damage or Premises Total Destruction or a Hazardous Substance Condition for which Lessee is not responsible under this Lease, the Rent payable by Lessee for the period required for the repair, remediation or restoration of such damage shall be abated in proportion to the degree to which Lessee's use of the Premises is impaired, but not to exceed the proceeds received from the Rental Value insurance. All other obligations of Lessee hereunder shall be performed by Lessee, and Lessor shall have no liability for any such damage, destruction, remediation, repair or restoration except as provided herein.

(b) **Remedies.** If Lessor is obligated to repair or restore the Premises and does not commence, in a substantial and meaningful way, such repair or restoration within 90 days after such obligation shall accrue, Lessee may, at any time prior to the commencement of such repair or restoration, give written notice to Lessor and to any Lenders of which Lessee has actual notice, of Lessee's election to terminate this Lease on a date not less than 60 days following the giving of such notice. If Lessee gives such notice and such repair or restoration is not commenced within 30 days thereafter, this Lease shall terminate as of the date specified in said notice. If the repair or restoration is commenced within such 30 days, this Lease shall continue in full force and effect. "Commence" shall mean either the unconditional authorization of the preparation of the required plans, or the beginning of the actual work on the Premises, whichever first occurs.

9.7 **Termination; Advance Payments.** Upon termination of this Lease pursuant to Paragraph 6.2(g) or Paragraph 9, an equitable adjustment shall be made concerning advance Base Rent and any other advance payments made by Lessee to Lessor. Lessor shall, in addition, return to Lessee so much of Lessee's Security Deposit as has not been, or is not then required to be, used by Lessor.

10. Real Property Taxes.

10.1 **Definitions.**

(a) **"Real Property Taxes."** As used herein, the term **"Real Property Taxes"** shall include any form of assessment; real estate, general, special, ordinary or extraordinary, or rental levy or tax (other than inheritance, personal income or estate taxes); improvement bond; and/or license fee imposed upon or levied against any legal or equitable interest of Lessor in the Project, Lessor's right to other income therefrom, and/or Lessor's business of leasing, by any authority having the direct or indirect power to tax and where the funds are generated with reference to the Project address. The term "Real Property Taxes" shall also include any tax, fee, levy,

assessment or charge, or any increase therein: (i) imposed by reason of events occurring during the term of this Lease, including but not limited to, a change in the ownership of the Project; (ii) a change in the improvements thereon; and/or (iii) levied or assessed on machinery or equipment provided by Lessor to Lessee pursuant to this Lease.

(b) **"Base Real Property Taxes."** As used herein, the term **"Base Real Property Taxes"** shall be the amount of Real Property Taxes, which are assessed against the Project, during the entire calendar year in which the Lease is executed.

10.2 **Payment of Taxes.** Except as otherwise provided in Paragraph 10.3, Lessor shall pay the Real Property Taxes applicable to the Project, and said payments shall be included in the calculation of Common Area Operating Expenses in accordance with the provisions of Paragraph 4.2.

10.3 **Additional Improvements.** Common Area Operating Expenses shall not include Real Property Taxes specified in the tax assessor's records and work sheets as being caused by additional improvements placed upon the Project by other tenants or by Lessor for the exclusive enjoyment of such other Tenants. Notwithstanding Paragraph 10.2 hereof, Lessee shall, however, pay to Lessor at the time Common Area Operating Expenses are payable under Paragraph 4.2, the entirety of any increase in Real Property Taxes if assessed solely by reason of Alterations, Trade Fixtures or Utility Installations placed upon the Premises by Lessee or at Lessee's request or by reason of any alterations or improvements to the Premises made by Lessor subsequent to the execution of this Lease by the Parties.

10.4 **Joint Assessment.** If the Building is not separately assessed, Real Property Taxes allocated to the Building shall be an equitable proportion of the Real Property Taxes for all of the land and improvements included within the tax parcel assessed, such proportion to be determined by Lessor from the respective valuations assigned in the assessor's work sheets or such other information as may be reasonably available. Lessor's reasonable determination thereof, in good faith, shall be conclusive.

10.5 **Personal Property Taxes.** Lessee shall pay prior to delinquency all taxes assessed against and levied upon Lessee Owned Alterations and Utility Installations, Trade Fixtures, furnishings, equipment and all personal property of Lessee contained in the Premises. When possible, Lessee shall cause its Lessee Owned Alterations and Utility Installations, Trade Fixtures, furnishings, equipment and all other personal property to be assessed and billed separately from the real property of Lessor. If any of Lessee's said property shall be assessed with Lessor's real property, Lessee shall pay Lessor the taxes attributable to Lessee's property within 10 days after receipt of a written statement setting forth the taxes applicable to Lessee's property.

11. Utilities and Services. Lessee shall pay for all water, gas, heat, light, power, telephone, trash disposal and other utilities and services supplied to the Premises, together with any taxes thereon. Notwithstanding the provisions of Paragraph 4.2, if at any time in Lessor's sole judgment, Lessor determines that Lessee is using a disproportionate amount of water, electricity or other commonly metered utilities, or that Lessee is generating such a large volume of trash as to require an increase in the size of the trash receptacle and/or an increase in the number of times per month that it is emptied, then Lessor may increase Lessee's Base Rent by an amount equal to such increased costs. There shall be no abatement of Rent and Lessor shall not be liable in any respect whatsoever for the inadequacy, stoppage, interruption or discontinuance of any utility or service due to riot, strike, labor dispute, breakdown, accident, repair or other cause beyond Lessor's reasonable control or in cooperation with governmental request or directions.

Within fifteen days of Lessor's written request, Lessee agrees to deliver to Lessor such information, documents and/or authorization as Lessor needs in order for Lessor to comply with new or existing Applicable Requirements relating to commercial building energy usage, ratings, and/or the reporting thereof.

12. Assignment and Subletting.

12.1 **Lessor's Consent Required.**

(a) Lessee shall not voluntarily or by operation of law assign, transfer, mortgage or encumber (collectively, **"assign or assignment"**) or sublet all or any part of Lessee's interest in this Lease or in the Premises without Lessor's prior written consent.

(b) Unless Lessee is a corporation and its stock is publicly traded on a national stock exchange, a change in the control of Lessee shall constitute an assignment requiring consent. The transfer, on a cumulative basis, of 25% or more of the voting control of Lessee shall constitute a change in control for this purpose.

(c) The involvement of Lessee or its assets in any transaction, or series of transactions (by way of merger, sale, acquisition, financing, transfer, leveraged buy-out or otherwise), whether or not a formal assignment or hypothecation of this Lease or Lessee's assets occurs, which results or will result in a reduction of the Net Worth of Lessee by an amount greater than 25% of such Net Worth as it was represented at the time of the execution of this Lease or at the time of the most recent assignment to which Lessor has consented, or as it exists immediately prior to said transaction or transactions constituting such reduction, whichever was or is greater, shall be considered an assignment of this Lease to which Lessor may withhold its consent. **"Net Worth of Lessee"** shall mean the net worth of Lessee (excluding any guarantors) established under generally accepted accounting principles.

(d) An assignment or subletting without consent shall, at Lessor's option, be a Default curable after notice per Paragraph 13.1(d), or a non-curable Breach without the necessity of any notice and grace period. If Lessor elects to treat such unapproved assignment or subletting as a non-curable Breach, Lessor may either: (i) terminate this Lease, or (ii) upon 30 days written notice, increase the monthly Base Rent to 110% of the Base Rent then in effect. Further, in the event of such Breach and rental adjustment, (i) the purchase price of any option to purchase the Premises held by Lessee shall be subject to similar adjustment to 110% of the price previously in effect, and (ii) all fixed and non-fixed rental adjustments scheduled during the remainder of the Lease term shall be increased to 110% of the scheduled adjusted rent.

(e) Lessee's remedy for any breach of Paragraph 12.1 by Lessor shall be limited to compensatory damages and/or injunctive relief.

(f) Lessor may reasonably withhold consent to a proposed assignment or subletting if Lessee is in Default at the time consent is requested.

(g) Notwithstanding the foregoing, allowing a de minimis portion of the Premises, ie. 20 square feet or less, to be used by a third party vendor in connection with the installation of a vending machine or pay phone shall not constitute a subletting.

12.2 **Terms and Conditions Applicable to Assignment and Subletting.**

(a) Regardless of Lessor's consent, no assignment or subletting shall: (i) be effective without the express written assumption by such assignee or sublessee of the obligations of Lessee under this Lease, (ii) release Lessee of any obligations hereunder, or (iii) alter the primary liability of Lessee for the payment of Rent or for the performance of any other obligations to be performed by Lessee.

(b) Lessor may accept Rent or performance of Lessee's obligations from any person other than Lessee pending approval or disapproval of an assignment. Neither a delay in the approval or disapproval of such assignment nor the acceptance of Rent or performance shall constitute a waiver or estoppel of Lessor's right to exercise its remedies for Lessee's Default or Breach.

(c) Lessor's consent to any assignment or subletting shall not constitute a consent to any subsequent assignment or subletting.

(d) In the event of any Default or Breach by Lessee, Lessor may proceed directly against Lessee, any Guarantors or anyone else responsible for the performance of Lessee's obligations under this Lease, including any assignee or sublessee, without first exhausting Lessor's remedies against any other person or entity responsible therefor to Lessor, or any security held by Lessor.

(e) Each request for consent to an assignment or subletting shall be in writing, accompanied by information relevant to Lessor's determination as to the financial and operational responsibility and appropriateness of the proposed assignee or sublessee, including but not limited to the intended use and/or required modification of the Premises, if any, together with a fee of $500 as consideration for Lessor considering and processing said request. Lessee agrees to provide Lessor

with such other or additional information and/or documentation as may be reasonably requested. (See also Paragraph 36)

(f) Any assignee of, or sublessee under, this Lease shall, by reason of accepting such assignment, entering into such sublease, or entering into possession of the Premises or any portion thereof, be deemed to have assumed and agreed to conform and comply with each and every term, covenant, condition and obligation herein to be observed or performed by Lessee during the term of said assignment or sublease, other than such obligations as are contrary to or inconsistent with provisions of an assignment or sublease to which Lessor has specifically consented to in writing.

(g) Lessor's consent to any assignment or subletting shall not transfer to the assignee or sublessee any Option granted to the original Lessee by this Lease unless such transfer is specifically consented to by Lessor in writing. (See Paragraph 39.2)

12.3 **Additional Terms and Conditions Applicable to Subletting.** The following terms and conditions shall apply to any subletting by Lessee of all or any part of the Premises and shall be deemed included in all subleases under this Lease whether or not expressly incorporated therein:

(a) Lessee hereby assigns and transfers to Lessor all of Lessee's interest in all Rent payable on any sublease, and Lessor may collect such Rent and apply same toward Lessee's obligations under this Lease; provided, however, that until a Breach shall occur in the performance of Lessee's obligations, Lessee may collect said Rent. In the event that the amount collected by Lessor exceeds Lessee's then outstanding obligations any such excess shall be refunded to Lessee. Lessor shall not, by reason of the foregoing or any assignment of such sublease, nor by reason of the collection of Rent, be deemed liable to the sublessee for any failure of Lessee to perform and comply with any of Lessee's obligations to such sublessee. Lessee hereby irrevocably authorizes and directs any such sublessee, upon receipt of a written notice from Lessor stating that a Breach exists in the performance of Lessee's obligations under this Lease, to pay to Lessor all Rent due and to become due under the sublease. Sublessee shall rely upon any such notice from Lessor and shall pay all Rents to Lessor without any obligation or right to inquire as to whether such Breach exists, notwithstanding any claim from Lessee to the contrary.

(b) In the event of a Breach by Lessee, Lessor may, at its option, require sublessee to attorn to Lessor, in which event Lessor shall undertake the obligations of the sublessor under such sublease from the time of the exercise of said option to the expiration of such sublease; provided, however, Lessor shall not be liable for any prepaid rents or security deposit paid by such sublessee to such sublessor or for any prior Defaults or Breaches of such sublessor.

(c) Any matter requiring the consent of the sublessor under a sublease shall also require the consent of Lessor.

(d) No sublessee shall further assign or sublet all or any part of the Premises without Lessor's prior written consent.

(e) Lessor shall deliver a copy of any notice of Default or Breach by Lessee to the sublessee, who shall have the right to cure the Default of Lessee within the grace period, if any, specified in such notice. The sublessee shall have a right of reimbursement and offset from and against Lessee for any such Defaults cured by the sublessee.

13. Default; Breach; Remedies.

13.1 **Default; Breach.** A "**Default**" is defined as a failure by the Lessee to comply with or perform any of the terms, covenants, conditions or Rules and Regulations under this Lease. A "**Breach**" is defined as the occurrence of one or more of the following Defaults, and the failure of Lessee to cure such Default within any applicable grace period:

(a) The abandonment of the Premises; or the vacating of the Premises without providing a commercially reasonable level of security, or where the coverage of the property insurance described in Paragraph 8.3 is jeopardized as a result thereof, or without providing reasonable assurances to minimize potential vandalism.

(b) The failure of Lessee to make any payment of Rent or any Security Deposit required to be made by Lessee hereunder, whether to Lessor or to a third party, when due, to provide reasonable evidence of insurance or surety bond, or to fulfill any obligation under this Lease which endangers or threatens life or property, where such failure continues for a period of 3 business days following written notice to Lessee. THE ACCEPTANCE BY LESSOR OF A PARTIAL PAYMENT OF RENT OR SECURITY DEPOSIT SHALL NOT CONSTITUTE A WAIVER OF ANY OF LESSOR'S RIGHTS, INCLUDING LESSOR'S RIGHT TO RECOVER POSSESSION OF THE PREMISES.

(c) The failure of Lessee to allow Lessor and/or its agents access to the Premises or the commission of waste, act or acts constituting public or private nuisance, and/or an illegal activity on the Premises by Lessee, where such actions continue for a period of 3 business days following written notice to Lessee. In the event that Lessee commits waste, a nuisance or an illegal activity a second time then, the Lessor may elect to treat such conduct as a non-curable Breach rather than a Default.

(d) The failure by Lessee to provide (i) reasonable written evidence of compliance with Applicable Requirements, (ii) the service contracts, (iii) the rescission of an unauthorized assignment or subletting, (iv) an Estoppel Certificate or financial statements, (v) a requested subordination, (vi) evidence concerning any guaranty and/or Guarantor, (vii) any document requested under Paragraph 41, (viii) material safety data sheets (MSDS), or (ix) any other documentation or information which Lessor may reasonably require of Lessee under the terms of this Lease, where any such failure continues for a period of 10 days following written notice to Lessee.

(e) A Default by Lessee as to the terms, covenants, conditions or provisions of this Lease, or of the rules adopted under Paragraph 2.9 hereof, other than those described in subparagraphs 13.1(a), (b), (c) or (d), above, where such Default continues for a period of 30 days after written notice; provided, however, that if the nature of Lessee's Default is such that more than 30 days are reasonably required for its cure, then it shall not be deemed to be a Breach if Lessee commences such cure within said 30 day period and thereafter diligently prosecutes such cure to completion.

(f) The occurrence of any of the following events: (i) the making of any general arrangement or assignment for the benefit of creditors; (ii) becoming a "**debtor**" as defined in 11 U.S.C. § 101 or any successor statute thereto (unless, in the case of a petition filed against Lessee, the same is dismissed within 60 days); (iii) the appointment of a trustee or receiver to take possession of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where possession is not restored to Lessee within 30 days; or (iv) the attachment, execution or other judicial seizure of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where such seizure is not discharged within 30 days; provided, however, in the event that any provision of this subparagraph is contrary to any applicable law, such provision shall be of no force or effect, and not affect the validity of the remaining provisions.

(g) The discovery that any financial statement of Lessee or of any Guarantor given to Lessor was materially false.

(h) If the performance of Lessee's obligations under this Lease is guaranteed: (i) the death of a Guarantor, (ii) the termination of a Guarantor's liability with respect to this Lease other than in accordance with the terms of such guaranty, (iii) a Guarantor's becoming insolvent or the subject of a bankruptcy filing, (iv) a Guarantor's refusal to honor the guaranty, or (v) a Guarantor's breach of its guaranty obligation on an anticipatory basis, and Lessee's failure, within 60 days following written notice of any such event, to provide written alternative assurance or security, which, when coupled with the then existing resources of Lessee, equals or exceeds the combined financial resources of Lessee and the Guarantors that existed at the time of execution of this Lease.

13.2 **Remedies.** If Lessee fails to perform any of its affirmative duties or obligations, within 10 days after written notice (or in case of an emergency, without notice), Lessor may, at its option, perform such duty or obligation on Lessee's behalf, including but not limited to the obtaining of reasonably required bonds, insurance policies, or governmental licenses, permits or approvals. Lessee shall pay to Lessor an amount equal to 115% of the costs and expenses incurred by Lessor in such performance upon receipt of an invoice therefor. In the event of a Breach, Lessor may, with or without further notice or demand, and without limiting Lessor in the exercise of any right or remedy which Lessor may have by reason of such Breach:

(a) Terminate Lessee's right to possession of the Premises by any lawful means, in which case this Lease shall terminate and Lessee shall immediately surrender possession to Lessor. In such event Lessor shall be entitled to recover from Lessee: (i) the unpaid Rent which had been earned at the time of termination; (ii) the worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Lessee proves could have been reasonably avoided; (iii) the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Lessee proves could be reasonably avoided; and (iv) any other amount necessary to compensate Lessor for all the detriment proximately caused by the Lessee's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession of the Premises, expenses of reletting, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, and that portion of any leasing commission paid by Lessor in connection with this Lease applicable to the unexpired term of this Lease. The worth at the time of award of the amount referred to in provision (iii) of the immediately preceding sentence shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of the District within which the Premises are located at the time of award plus one percent. Efforts by Lessor to mitigate damages caused by Lessee's Breach of this Lease shall not waive Lessor's right to recover any damages to which Lessor is otherwise entitled. If termination of this Lease is obtained through the provisional remedy of unlawful detainer, Lessor shall have the right to recover in such proceeding any unpaid Rent and damages as are recoverable therein, or Lessor may reserve the right to recover all or any part thereof in a separate suit. If a notice and grace period required under Paragraph 13.1 was not previously given, a notice to pay rent or quit, or to perform or quit given to Lessee under the unlawful detainer statute shall also constitute the notice required by Paragraph 13.1. In such case, the applicable grace period required by Paragraph 13.1 and the unlawful detainer statute shall run concurrently, and the failure of Lessee to cure the Default within the greater of the two such grace periods shall constitute both an unlawful detainer and a Breach of this Lease entitling Lessor to the remedies provided for in this Lease and/or by said statute.

(b) Continue the Lease and Lessee's right to possession and recover the Rent as it becomes due, in which event Lessee may sublet or assign, subject only to reasonable limitations. Acts of maintenance, efforts to relet, and/or the appointment of a receiver to protect the Lessor's interests, shall not constitute a termination of the Lessee's right to possession.

(c) Pursue any other remedy now or hereafter available under the laws or judicial decisions of the state wherein the Premises are located. The expiration or termination of this Lease and/or the termination of Lessee's right to possession shall not relieve Lessee from liability under any indemnity provisions of this Lease as to matters occurring or accruing during the term hereof or by reason of Lessee's occupancy of the Premises.

13.3 **Inducement Recapture.** Any agreement for free or abated rent or other charges, the cost of tenant improvements for Lessee paid for or performed by Lessor, or for the giving or paying by Lessor to or for Lessee of any cash or other bonus, inducement or consideration for Lessee's entering into this Lease, all of which concessions are hereinafter referred to as "**Inducement Provisions,**" shall be deemed conditioned upon Lessee's full and faithful performance of all of the terms, covenants and conditions of this Lease. Upon Breach of this Lease by Lessee, any such Inducement Provision shall automatically be deemed deleted from this Lease and of no further force or effect, and any rent, other charge, bonus, inducement or consideration theretofore abated, given or paid by Lessor under such an Inducement Provision shall be immediately due and payable by Lessee to Lessor, notwithstanding any subsequent cure of said Breach by Lessee. The acceptance by Lessor of rent or the cure of the Breach which initiated the operation of this paragraph shall not be deemed a waiver by Lessor of the provisions of this paragraph unless specifically so stated in writing by Lessor at the time of such acceptance.

13.4 **Late Charges.** Lessee hereby acknowledges that late payment by Lessee of Rent will cause Lessor to incur costs not contemplated by this Lease, the exact amount of which will be extremely difficult to ascertain. Such costs include, but are not limited to, processing and accounting charges, and late charges which may be imposed upon Lessor by any Lender. Accordingly, if any Rent shall not be received by Lessor within 5 days after such amount shall be due, then, without any requirement for notice to Lessee, Lessee shall immediately pay to Lessor a one-time late charge equal to 10% of each such overdue amount or $100, whichever is greater. The parties hereby agree that such late charge represents a fair and reasonable estimate of the costs Lessor will incur by reason of such late payment. Acceptance of such late charge by Lessor shall in no event constitute a waiver of Lessee's Default or Breach with respect to such overdue amount, nor prevent the exercise of any of the other rights and remedies granted hereunder. In the event that a late charge is payable hereunder, whether or not collected, for 3 consecutive installments of Base Rent, then notwithstanding any provision of this Lease to the contrary, Base Rent shall, at Lessor's option, become due and payable quarterly in advance.

13.5 **Interest.** Any monetary payment due Lessor hereunder, other than late charges, not received by Lessor, when due shall bear interest from the 31st day after it was due. The interest ("**Interest**") charged shall be computed at the rate of 10% per annum but shall not exceed the maximum rate allowed by law. Interest is payable in addition to the potential late charge provided for in Paragraph 13.4.

13.6 **Breach by Lessor.**

(a) **Notice of Breach.** Lessor shall not be deemed in breach of this Lease unless Lessor fails within a reasonable time to perform an obligation required to be performed by Lessor. For purposes of this Paragraph, a reasonable time shall in no event be less than 30 days after receipt by Lessor, and any Lender whose name and address shall have been furnished to Lessee in writing for such purpose, of written notice specifying wherein such obligation of Lessor has not been performed; provided, however, that if the nature of Lessor's obligation is such that more than 30 days are reasonably required for its performance, then Lessor shall not be in breach if performance is commenced within such 30 day period and thereafter diligently pursued to completion.

(b) **Performance by Lessee on Behalf of Lessor.** In the event that neither Lessor nor Lender cures said breach within 30 days after receipt of said notice, or if having commenced said cure they do not diligently pursue it to completion, then Lessee may elect to cure said breach at Lessee's expense and offset from Rent the actual and reasonable cost to perform such cure, provided however, that such offset shall not exceed an amount equal to the greater of one month's Base Rent or the Security Deposit, reserving Lessee's right to reimbursement from Lessor for any such expense in excess of such offset. Lessee shall document the cost of said cure and supply said documentation to Lessor.

14. Condemnation. If the Premises or any portion thereof are taken under the power of eminent domain or sold under the threat of the exercise of said power (collectively "**Condemnation**"), this Lease shall terminate as to the part taken as of the date the condemning authority takes title or possession, whichever first occurs. If more than 10% of the floor area of the Unit, or more than 25% of the parking spaces is taken by Condemnation, Lessee may, at Lessee's option, to be exercised in writing within 10 days after Lessor shall have given Lessee written notice of such taking (or in the absence of such notice, within 10 days after the condemning authority shall have taken possession) terminate this Lease as of the date the condemning authority takes such possession. If Lessee does not terminate this Lease in accordance with the foregoing, this Lease shall remain in full force and effect as to the portion of the Premises remaining, except that the Base Rent shall be reduced in proportion to the reduction in utility of the Premises caused by such Condemnation. Condemnation awards and/or payments shall be the property of Lessor, whether such award shall be made as compensation for diminution in value of the leasehold, the value of the part taken, or for severance damages; provided, however, that Lessee shall be entitled to any compensation paid by the condemnor for Lessee's relocation expenses, loss of business goodwill and/or Trade Fixtures, without regard to whether or not this Lease is terminated pursuant to the provisions of this Paragraph. All Alterations and Utility Installations made to the Premises by Lessee, for purposes of Condemnation only, shall be considered the property of the Lessee and Lessee shall be entitled to any and all compensation which is payable therefor. In the event that this Lease is not terminated by reason of the Condemnation, Lessor shall repair any damage to the Premises caused by such Condemnation.

15. Brokerage Fees.

15.1 **Additional Commission.** In addition to the payments owed pursuant to Paragraph 1.10 above, Lessor agrees that: (a) if Lessee exercises any Option, (b) if Lessee or anyone affiliated with Lessee acquires from Lessor any rights to the Premises or other premises owned by Lessor and located within the Project, (c) if Lessee remains in possession of the Premises, with the consent of Lessor, after the expiration of this Lease, or (d) if Base Rent is increased, whether by agreement or operation of an escalation clause herein, then, Lessor shall pay Brokers a fee in accordance with the fee schedule of the Brokers in effect at the time the Lease was executed.

15.2 **Assumption of Obligations.** Any buyer or transferee of Lessor's interest in this Lease shall be deemed to have assumed Lessor's obligation hereunder. Brokers shall be third party beneficiaries of the provisions of Paragraphs 1.10, 15, 22 and 31. If Lessor fails to pay to Brokers any amounts due as and for brokerage fees pertaining to this Lease when due, then such amounts shall accrue interest. In addition, if Lessor fails to pay any amounts to Lessee's Broker when due, Lessee's Broker may send written notice to Lessor and Lessee of such failure and if Lessor fails to pay such amounts within 10 days after said notice, Lessee shall pay said monies to its Broker and offset such amounts against Rent. In addition, Lessee's Broker shall be deemed to be a third party beneficiary of any commission agreement entered into by and/or between Lessor and Lessor's Broker for the limited purpose of collecting any brokerage fee owed.

15.3 **Representations and Indemnities of Broker Relationships.** Lessee and Lessor each represent and warrant to the other that it has had no dealings with any person, firm, broker, agent or finder (other than the Brokers and Agents, if any) in connection with this Lease, and that no one other than said named Brokers and Agents is entitled to any commission or finder's fee in connection herewith. Lessee and Lessor do each hereby agree to indemnify, protect, defend and hold the other harmless from and against liability for compensation or charges which may be claimed by any such unnamed broker, finder or other similar party by reason of any dealings or actions of the indemnifying Party, including any costs, expenses, attorneys' fees reasonably incurred with respect thereto.

16. Estoppel Certificates.

(a) Each Party (as "**Responding Party**") shall within 10 days after written notice from the other Party (the "**Requesting Party**") execute, acknowledge and deliver to the Requesting Party a statement in writing in form similar to the then most current "**Estoppel Certificate**" form published BY AIR CRE, plus such additional information, confirmation and/or statements as may be reasonably requested by the Requesting Party.

(b) If the Responding Party shall fail to execute or deliver the Estoppel Certificate within such 10 day period, the Requesting Party may execute an Estoppel Certificate stating that: (i) the Lease is in full force and effect without modification except as may be represented by the Requesting Party, (ii) there are no uncured defaults in the Requesting Party's performance, and (iii) if Lessor is the Requesting Party, not more than one month's rent has been paid in advance. Prospective purchasers and encumbrancers may rely upon the Requesting Party's Estoppel Certificate, and the Responding Party shall be estopped from denying the truth of the facts contained in said Certificate. In addition, Lessee acknowledges that any failure on its part to provide such an Estoppel Certificate will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to execute and/or deliver a requested Estoppel Certificate in a timely fashion the monthly Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater for remainder of the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to provide the Estoppel Certificate. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to provide the Estoppel Certificate nor prevent the exercise of any of the other rights and remedies granted hereunder.

(c) If Lessor desires to finance, refinance, or sell the Premises, or any part thereof, Lessee and all Guarantors shall within 10 days after written notice from Lessor deliver to any potential lender or purchaser designated by Lessor such financial statements as may be reasonably required by such lender or purchaser, including but not limited to Lessee's financial statements for the past 3 years. All such financial statements shall be received by Lessor and such lender or purchaser in confidence and shall be used only for the purposes herein set forth.

17. Definition of Lessor. The term "**Lessor**" as used herein shall mean the owner or owners at the time in question of the fee title to the Premises, or, if this is a sublease, of the Lessee's interest in the prior lease. In the event of a transfer of Lessor's title or interest in the Premises or this Lease, Lessor shall deliver to the transferee or assignee (in cash or by credit) any unused Security Deposit held by Lessor. Upon such transfer or assignment and delivery of the Security Deposit, as aforesaid, the prior Lessor shall be relieved of all liability with respect to the obligations and/or covenants under this Lease thereafter to be performed by the Lessor. Subject to the foregoing, the obligations and/or covenants in this Lease to be performed by the Lessor shall be binding only upon the Lessor as hereinabove defined.

18. Severability. The invalidity of any provision of this Lease, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision hereof.

19. Days. Unless otherwise specifically indicated to the contrary, the word "**days**" as used in this Lease shall mean and refer to calendar days.

20. Limitation on Liability. The obligations of Lessor under this Lease shall not constitute personal obligations of Lessor, or its partners, members, directors, officers or shareholders, and Lessee shall look to the Premises, and to no other assets of Lessor, for the satisfaction of any liability of Lessor with respect to this Lease, and shall not seek recourse against Lessor's partners, members, directors, officers or shareholders, or any of their personal assets for such satisfaction.

21. Time of Essence. Time is of the essence with respect to the performance of all obligations to be performed or observed by the Parties under this Lease.

22. No Prior or Other Agreements; Broker Disclaimer. This Lease contains all agreements between the Parties with respect to any matter mentioned herein, and no other prior or contemporaneous agreement or understanding shall be effective. Lessor and Lessee each represents and warrants to the Brokers that it has made, and is relying solely upon, its own investigation as to the nature, quality, character and financial responsibility of the other Party to this Lease and as to the use, nature, quality and character of the Premises. Brokers have no responsibility with respect thereto or with respect to any default or breach hereof by either Party.

23. Notices.

23.1 **Notice Requirements.** All notices required or permitted by this Lease or applicable law shall be in writing and may be delivered in person (by hand or by courier) or may be sent by regular, certified or registered mail or U.S. Postal Service Express Mail, with postage prepaid, or by facsimile transmission, or by email, and shall be deemed sufficiently given if served in a manner specified in this Paragraph 23. The addresses noted adjacent to a Party's signature on this Lease shall be that Party's address for delivery or mailing of notices. Either Party may by written notice to the other specify a different address for notice, except that upon Lessee's taking possession of the Premises, the Premises shall constitute Lessee's address for notice. A copy of all notices to Lessor shall be concurrently transmitted to such party or parties at such addresses as Lessor may from time to time hereafter designate in writing.

23.2 **Date of Notice.** Any notice sent by registered or certified mail, return receipt requested, shall be deemed given on the date of delivery shown on the receipt card, or if no delivery date is shown, the postmark thereon. If sent by regular mail the notice shall be deemed given 72 hours after the same is addressed as required herein and mailed with postage prepaid. Notices delivered by United States Express Mail or overnight courier that guarantees next day delivery shall be

deemed given 24 hours after delivery of the same to the Postal Service or courier. Notices delivered by hand, or transmitted by facsimile transmission or by email shall be deemed delivered upon actual receipt. If notice is received on a Saturday, Sunday or legal holiday, it shall be deemed received on the next business day.

23.3 **Options.** Notwithstanding the foregoing, in order to exercise any Options (see paragraph 39), the Notice must be sent by Certified Mail (return receipt requested), Express Mail (signature required), courier (signature required) or some other methodology that provides a receipt establishing the date the notice was received by the Lessor.

24. Waivers.

(a) No waiver by Lessor of the Default or Breach of any term, covenant or condition hereof by Lessee, shall be deemed a waiver of any other term, covenant or condition hereof, or of any subsequent Default or Breach by Lessee of the same or of any other term, covenant or condition hereof. Lessor's consent to, or approval of, any act shall not be deemed to render unnecessary the obtaining of Lessor's consent to, or approval of, any subsequent or similar act by Lessee, or be construed as the basis of an estoppel to enforce the provision or provisions of this Lease requiring such consent.

(b) The acceptance of Rent by Lessor shall not be a waiver of any Default or Breach by Lessee. Any payment by Lessee may be accepted by Lessor on account of monies or damages due Lessor, notwithstanding any qualifying statements or conditions made by Lessee in connection therewith, which such statements and/or conditions shall be of no force or effect whatsoever unless specifically agreed to in writing by Lessor at or before the time of deposit of such payment.

(c) THE PARTIES AGREE THAT THE TERMS OF THIS LEASE SHALL GOVERN WITH REGARD TO ALL MATTERS RELATED THERETO AND HEREBY WAIVE THE PROVISIONS OF ANY PRESENT OR FUTURE STATUTE TO THE EXTENT THAT SUCH STATUTE IS INCONSISTENT WITH THIS LEASE.

25. Disclosures Regarding The Nature of a Real Estate Agency Relationship.

(a) When entering into a discussion with a real estate agent regarding a real estate transaction, a Lessor or Lessee should from the outset understand what type of agency relationship or representation it has with the agent or agents in the transaction. Lessor and Lessee acknowledge being advised by the Brokers in this transaction, as follows:

(i) *Lessor's Agent*. A Lessor's agent under a listing agreement with the Lessor acts as the agent for the Lessor only. A Lessor's agent or subagent has the following affirmative obligations: *To the Lessor*: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessor. *To the Lessee and the Lessor*: (a) Diligent exercise of reasonable skills and care in performance of the agent's duties. (b) A duty of honest and fair dealing and good faith. (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(ii) *Lessee's Agent*. An agent can agree to act as agent for the Lessee only. In these situations, the agent is not the Lessor's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Lessor. An agent acting only for a Lessee has the following affirmative obligations. *To the Lessee*: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessee. *To the Lessee and the Lessor*: (a) Diligent exercise of reasonable skills and care in performance of the agent's duties. (b) A duty of honest and fair dealing and good faith. (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(iii) *Agent Representing Both Lessor and Lessee*. A real estate agent, either acting directly or through one or more associate licenses, can legally be the agent of both the Lessor and the Lessee in a transaction, but only with the knowledge and consent of both the Lessor and the Lessee. In a dual agency situation, the agent has the following affirmative obligations to both the Lessor and the Lessee: (a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either Lessor or the Lessee. (b) Other duties to the Lessor and the Lessee as stated above in subparagraphs (i) or (ii). In representing both Lessor and Lessee, the agent may not, without the express permission of the respective Party, disclose to the other Party confidential information, including, but not limited to, facts relating to either Lessee's or Lessor's financial position, motivations, bargaining position, or other personal information that may impact rent, including Lessor's willingness to accept a rent less than the listing rent or Lessee's willingness to pay rent greater than the rent offered. The above duties of the agent in a real estate transaction do not relieve a Lessor or Lessee from the responsibility to protect their own interests. Lessor and Lessee should carefully read all agreements to assure that they adequately express their understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional. Both Lessor and Lessee should strongly consider obtaining tax advice from a competent professional because the federal and state tax consequences of a transaction can be complex and subject to change.

(b) Brokers have no responsibility with respect to any default or breach hereof by either Party. The Parties agree that no lawsuit or other legal proceeding involving any breach of duty, error or omission relating to this Lease may be brought against Broker more than one year after the Start Date and that the liability (including court costs and attorneys' fees), of any Broker with respect to any such lawsuit and/or legal proceeding shall not exceed the fee received by such Broker pursuant to this Lease; provided, however, that the foregoing limitation on each Broker's liability shall not be applicable to any gross negligence or willful misconduct of such Broker.

(c) Lessor and Lessee agree to identify to Brokers as "Confidential" any communication or information given Brokers that is considered by such Party to be confidential.

26. No Right To Holdover. Lessee has no right to retain possession of the Premises or any part thereof beyond the expiration or termination of this Lease. In the event that Lessee holds over, then the Base Rent shall be increased to 150% of the Base Rent applicable immediately preceding the expiration or termination. Holdover Base Rent shall be calculated on monthly basis. Nothing contained herein shall be construed as consent by Lessor to any holding over by Lessee.

27. Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.

28. Covenants and Conditions; Construction of Agreement. All provisions of this Lease to be observed or performed by Lessee are both covenants and conditions. In construing this Lease, all headings and titles are for the convenience of the Parties only and shall not be considered a part of this Lease. Whenever required by the context, the singular shall include the plural and vice versa. This Lease shall not be construed as if prepared by one of the Parties, but rather according to its fair meaning as a whole, as if both Parties had prepared it.

29. Binding Effect; Choice of Law. This Lease shall be binding upon the Parties, their personal representatives, successors and assigns and be governed by the laws of the State in which the Premises are located. Any litigation between the Parties hereto concerning this Lease shall be initiated in the county in which the Premises are located. Signatures to this Lease accomplished by means of electronic signature or similar technology shall be legal and binding.

30. Subordination; Attornment; Non-Disturbance.

30.1 **Subordination.** This Lease and any Option granted hereby shall be subject and subordinate to any ground lease, mortgage, deed of trust, or other hypothecation or security device (collectively, **"Security Device"**), now or hereafter placed upon the Premises, to any and all advances made on the security thereof, and to all renewals, modifications, and extensions thereof. Lessee agrees that the holders of any such Security Devices (in this Lease together referred to as **"Lender"**) shall have no liability or obligation to perform any of the obligations of Lessor under this Lease. Any Lender may elect to have this Lease and/or any Option granted hereby superior to the lien of its Security Device by giving written notice thereof to Lessee, whereupon this Lease and such Options shall be deemed prior to such Security Device, notwithstanding the relative dates of the documentation or recordation thereof.

30.2 **Attornment.** In the event that Lessor transfers title to the Premises, or the Premises are acquired by another upon the foreclosure or termination of a Security Device to which this Lease is subordinated (i) Lessee shall, subject to the non-disturbance provisions of Paragraph 30.3, attorn to such new owner, and upon request, enter into a new lease, containing all of the terms and provisions of this Lease, with such new owner for the remainder of the term hereof, or, at the election of the new owner, this Lease will automatically become a new lease between Lessee and such new owner, and (ii) Lessor shall thereafter be relieved of any further obligations hereunder and such new owner shall assume all of Lessor's obligations, except that such new owner shall not: (a) be liable for any act or omission of any prior lessor or with respect to events occurring prior to acquisition of ownership; (b) be subject to any offsets or defenses which Lessee might have against any prior lessor, (c) be bound by prepayment of more than one month's rent, or (d) be liable for the return of any security deposit paid to any prior lessor which was not paid or credited to such new owner.

30.3 **Non-Disturbance.** With respect to Security Devices entered into by Lessor after the execution of this Lease, Lessee's subordination of this Lease shall be subject to receiving a commercially reasonable non-disturbance agreement (a **"Non-Disturbance Agreement"**) from the Lender which Non-Disturbance Agreement provides that Lessee's possession of the Premises, and this Lease, including any options to extend the term hereof, will not be disturbed so long as Lessee is not in Breach hereof and attorns to the record owner of the Premises. Further, within 60 days after the execution of this Lease, Lessor shall, if requested by Lessee, use its commercially reasonable efforts to obtain a Non-Disturbance Agreement from the holder of any pre-existing Security Device which is secured by the Premises. In the event that Lessor is unable to provide the Non-Disturbance Agreement within said 60 days, then Lessee may, at Lessee's option, directly contact Lender and attempt to negotiate for the execution and delivery of a Non-Disturbance Agreement.

30.4 **Self-Executing.** The agreements contained in this Paragraph 30 shall be effective without the execution of any further documents; provided, however, that, upon written request from Lessor or a Lender in connection with a sale, financing or refinancing of the Premises, Lessee and Lessor shall execute such further writings as may be reasonably required to separately document any subordination, attornment and/or Non-Disturbance Agreement provided for herein.

31. Attorneys' Fees. If any Party or Broker brings an action or proceeding involving the Premises whether founded in tort, contract or equity, or to declare rights hereunder, the Prevailing Party (as hereafter defined) in any such proceeding, action, or appeal thereon, shall be entitled to reasonable attorneys' fees. Such fees may be awarded in the same suit or recovered in a separate suit, whether or not such action or proceeding is pursued to decision or judgment. The term, **"Prevailing Party"** shall include, without limitation, a Party or Broker who substantially obtains or defeats the relief sought, as the case may be, whether by compromise, settlement, judgment, or the abandonment by the other Party or Broker of its claim or defense. The attorneys' fees award shall not be computed in accordance with any court fee schedule, but shall be such as to fully reimburse all attorneys' fees reasonably incurred. In addition, Lessor shall be entitled to attorneys' fees, costs and expenses incurred in the preparation and service of notices of Default and consultations in connection therewith, whether or not a legal action is subsequently commenced in connection with such Default or resulting Breach ($200 is a reasonable minimum per occurrence for such services and consultation).

32. Lessor's Access; Showing Premises; Repairs. Lessor and Lessor's agents shall have the right to enter the Premises at any time, in the case of an emergency, and otherwise at reasonable times after reasonable prior notice for the purpose of showing the same to prospective purchasers, lenders, or tenants, and making such alterations, repairs, improvements or additions to the Premises as Lessor may deem necessary or desirable and the erecting, using and maintaining of utilities, services, pipes and conduits through the Premises and/or other premises as long as there is no material adverse effect on Lessee's use of the Premises. All such activities shall be without abatement of rent or liability to Lessee.

33. Auctions. Lessee shall not conduct, nor permit to be conducted, any auction upon the Premises without Lessor's prior written consent. Lessor shall not be obligated to exercise any standard of reasonableness in determining whether to permit an auction.

34. Signs. Lessor may place on the Premises ordinary "For Sale" signs at any time and ordinary "For Lease" signs during the last 6 months of the term hereof. Except for ordinary "For Sublease" signs which may be placed only on the Premises, Lessee shall not place any sign upon the Project without Lessor's prior written consent. All signs must comply with all Applicable Requirements.

35. Termination; Merger. Unless specifically stated otherwise in writing by Lessor, the voluntary or other surrender of this Lease by Lessee, the mutual termination or cancellation hereof, or a termination hereof by Lessor for Breach by Lessee, shall automatically terminate any sublease or lesser estate in the Premises; provided, however, that Lessor may elect to continue any one or all existing subtenancies. Lessor's failure within 10 days following any such event to elect to the contrary by written notice to the holder of any such lesser interest, shall constitute Lessor's election to have such event constitute the termination of such interest.

36. Consents. All requests for consent shall be in writing. Except as otherwise provided herein, wherever in this Lease the consent of a Party is required to an act by or for the other Party, such consent shall not be unreasonably withheld or delayed. Lessor's actual reasonable costs and expenses (including but not limited to architects', attorneys', engineers' and other consultants' fees) incurred in the consideration of, or response to, a request by Lessee for any Lessor consent, including but not limited to consents to an assignment, a subletting or the presence or use of a Hazardous Substance, shall be paid by Lessee upon receipt of an invoice and supporting documentation therefor. Lessor's consent to any act, assignment or subletting shall not constitute an acknowledgment that no Default or Breach by Lessee of this Lease exists, nor shall such consent be deemed a waiver of any then existing Default or Breach, except as may be otherwise specifically stated in writing by Lessor at the time of such consent. The failure to specify herein any particular condition to Lessor's consent shall not preclude the imposition by Lessor at the time of consent of such further or other conditions as are then reasonable with reference to the particular matter for which consent is being given. In the event that either Party disagrees with any determination made by the other hereunder and reasonably requests the reasons for such determination, the determining party shall furnish its reasons in writing and in reasonable detail within 10 business days following such request.

37. Guarantor.

37.1 **Execution.** The Guarantors, if any, shall each execute a guaranty in the form most recently published BY AIR CRE.

37.2 **Default.** It shall constitute a Default of the Lessee if any Guarantor fails or refuses, upon request to provide: (a) evidence of the execution of the guaranty, including the authority of the party signing on Guarantor's behalf to obligate Guarantor, and in the case of a corporate Guarantor, a certified copy of a resolution of its board of directors authorizing the making of such guaranty, (b) current financial statements, (c) an Estoppel Certificate, or (d) written confirmation that the guaranty is still in effect.

38. Quiet Possession. Subject to payment by Lessee of the Rent and performance of all of the covenants, conditions and provisions on Lessee's part to be observed and performed under this Lease, Lessee shall have quiet possession and quiet enjoyment of the Premises during the term hereof.

39. Options. If Lessee is granted any option, as defined below, then the following provisions shall apply.

39.1 **Definition. "Option"** shall mean: (a) the right to extend or reduce the term of or renew this Lease or to extend or reduce the term of or renew any lease that Lessee has on other property of Lessor; (b) the right of first refusal or first offer to lease either the Premises or other property of Lessor; (c) the right to purchase, the right of first offer to purchase or the right of first refusal to purchase the Premises or other property of Lessor.

39.2 **Options Personal To Original Lessee.** Any Option granted to Lessee in this Lease is personal to the original Lessee, and cannot be assigned or exercised by anyone other than said original Lessee and only while the original Lessee is in full possession of the Premises and, if requested by Lessor, with Lessee certifying that Lessee has no intention of thereafter assigning or subletting.

39.3 **Multiple Options.** In the event that Lessee has any multiple Options to extend or renew this Lease, a later Option cannot be exercised unless the prior Options have been validly exercised.

39.4 **Effect of Default on Options.**

(a) Lessee shall have no right to exercise an Option: (i) during the period commencing with the giving of any notice of Default and continuing until said Default is cured, (ii) during the period of time any Rent is unpaid (without regard to whether notice thereof is given Lessee), (iii) during the time Lessee is in Breach of this Lease, or (iv) in the event that Lessee has been given 3 or more notices of separate Default, whether or not the Defaults are cured, during the 12 month period immediately preceding the exercise of the Option.

(b) The period of time within which an Option may be exercised shall not be extended or enlarged by reason of Lessee's inability to exercise an Option because of the provisions of Paragraph 39.4(a).

(c) An Option shall terminate and be of no further force or effect, notwithstanding Lessee's due and timely exercise of the Option, if, after such exercise and prior to the commencement of the extended term or completion of the purchase, (i) Lessee fails to pay Rent for a period of 30 days after such Rent becomes due (without any necessity of Lessor to give notice thereof), or (ii) if Lessee commits a Breach of this Lease.

40. Security Measures. Lessee hereby acknowledges that the Rent payable to Lessor hereunder does not include the cost of guard service or other security measures, and that Lessor shall have no obligation whatsoever to provide same. Lessee assumes all responsibility for the protection of the Premises, Lessee, its agents and invitees and their property from the acts of third parties.

41. Reservations. Lessor reserves the right: (i) to grant, without the consent or joinder of Lessee, such easements, rights and dedications that Lessor deems necessary, (ii) to cause the recordation of parcel maps and restrictions, and (iii) to create and/or install new utility raceways, so long as such easements, rights, dedications, maps, restrictions, and utility raceways do not unreasonably interfere with the use of the Premises by Lessee. Lessee agrees to sign any documents reasonably requested by Lessor to effectuate such rights.

42. Performance Under Protest. If at any time a dispute shall arise as to any amount or sum of money to be paid by one Party to the other under the provisions hereof, the Party against whom the obligation to pay the money is asserted shall have the right to make payment "under protest" and such payment shall not be regarded as a voluntary payment and there shall survive the right on the part of said Party to institute suit for recovery of such sum. If it shall be adjudged that there was no legal obligation on the part of said Party to pay such sum or any part thereof, said Party shall be entitled to recover such sum or so much thereof as it was not legally required to pay. A Party who does not initiate suit for the recovery of sums paid "under protest" within 6 months shall be deemed to have waived its right to protest such payment.

43. Authority; Multiple Parties; Execution.

(a) If either Party hereto is a corporation, trust, limited liability company, partnership, or similar entity, each individual executing this Lease on behalf of such entity represents and warrants that he or she is duly authorized to execute and deliver this Lease on its behalf. Each Party shall, within 30 days after request, deliver to the other Party satisfactory evidence of such authority.

(b) If this Lease is executed by more than one person or entity as "Lessee", each such person or entity shall be jointly and severally liable hereunder. It is agreed that any one of the named Lessees shall be empowered to execute any amendment to this Lease, or other document ancillary thereto and bind all of the named Lessees, and Lessor may rely on the same as if all of the named Lessees had executed such document.

(c) This Lease may be executed by the Parties in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

44. Conflict. Any conflict between the printed provisions of this Lease and the typewritten or handwritten provisions shall be controlled by the typewritten or handwritten provisions.

45. Offer. Preparation of this Lease by either party or their agent and submission of same to the other Party shall not be deemed an offer to lease to the other Party. This Lease is not intended to be binding until executed and delivered by all Parties hereto.

46. Amendments. This Lease may be modified only in writing, signed by the Parties in interest at the time of the modification. As long as they do not materially change Lessee's obligations hereunder, Lessee agrees to make such reasonable non-monetary modifications to this Lease as may be reasonably required by a Lender in connection with the obtaining of normal financing or refinancing of the Premises.

47. Waiver of Jury Trial. THE PARTIES HEREBY WAIVE THEIR RESPECTIVE RIGHTS TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING INVOLVING THE PROPERTY OR ARISING OUT OF THIS AGREEMENT.

48. Arbitration of Disputes. An Addendum requiring the Arbitration of all disputes between the Parties and/or Brokers arising out of this Lease ☐ is ☐ is not attached to this Lease.

49. Accessibility; Americans with Disabilities Act.

(a) The Premises:

☑ have not undergone an inspection by a Certified Access Specialist (CASp). Note: A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties shall mutually agree on the

arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises.

☐ have undergone an inspection by a Certified Access Specialist (CASp) and it was determined that the Premises met all applicable construction-related accessibility standards pursuant to California Civil Code §55.51 et seq. Lessee acknowledges that it received a copy of the inspection report at least 48 hours prior to executing this Lease and agrees to keep such report confidential.

☐ have undergone an inspection by a Certified Access Specialist (CASp) and it was determined that the Premises did not meet all applicable construction-related accessibility standards pursuant to California Civil Code §55.51 et seq. Lessee acknowledges that it received a copy of the inspection report at least 48 hours prior to executing this Lease and agrees to keep such report confidential except as necessary to complete repairs and corrections of violations of construction related accessibility standards.

In the event that the Premises have been issued an inspection report by a CASp the Lessor shall provide a copy of the disability access inspection certificate to Lessee within 7 days of the execution of this Lease.

(b) Since compliance with the Americans with Disabilities Act (ADA) and other state and local accessibility statutes are dependent upon Lessee's specific use of the Premises, Lessor makes no warranty or representation as to whether or not the Premises comply with ADA or any similar legislation. In the event that Lessee's use of the Premises requires modifications or additions to the Premises in order to be in compliance with ADA or other accessibility statutes, Lessee agrees to make any such necessary modifications and/or additions at Lessee's expense.

LESSOR AND LESSEE HAVE CAREFULLY READ AND REVIEWED THIS LEASE AND EACH TERM AND PROVISION CONTAINED HEREIN, AND BY THE EXECUTION OF THIS LEASE SHOW THEIR INFORMED AND VOLUNTARY CONSENT THERETO. THE PARTIES HEREBY AGREE THAT, AT THE TIME THIS LEASE IS EXECUTED, THE TERMS OF THIS LEASE ARE COMMERCIALLY REASONABLE AND EFFECTUATE THE INTENT AND PURPOSE OF LESSOR AND LESSEE WITH RESPECT TO THE PREMISES.

ATTENTION: NO REPRESENTATION OR RECOMMENDATION IS MADE BY AIR CRE OR BY ANY BROKER AS TO THE LEGAL SUFFICIENCY, LEGAL EFFECT, OR TAX CONSEQUENCES OF THIS LEASE OR THE TRANSACTION TO WHICH IT RELATES. THE PARTIES ARE URGED TO:

1. SEEK ADVICE OF COUNSEL AS TO THE LEGAL AND TAX CONSEQUENCES OF THIS LEASE.

2. RETAIN APPROPRIATE CONSULTANTS TO REVIEW AND INVESTIGATE THE CONDITION OF THE PREMISES. SAID INVESTIGATION SHOULD INCLUDE BUT NOT BE LIMITED TO: THE POSSIBLE PRESENCE OF HAZARDOUS SUBSTANCES, THE ZONING OF THE PREMISES, THE STRUCTURAL INTEGRITY, THE CONDITION OF THE ROOF AND OPERATING SYSTEMS, COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT AND THE SUITABILITY OF THE PREMISES FOR LESSEE'S INTENDED USE.

WARNING: IF THE PREMISES ARE LOCATED IN A STATE OTHER THAN CALIFORNIA, CERTAIN PROVISIONS OF THE LEASE MAY NEED TO BE REVISED TO COMPLY WITH THE LAWS OF THE STATE IN WHICH THE PREMISES ARE LOCATED.

The parties hereto have executed this Lease at the place and on the dates specified above their respective signatures.

ARBITRATION AGREEMENT
STANDARD LEASE ADDENDUM

Dated: April 1, 2021

By and Between

Lessor: Big Jung, Inc., a California Corporation

Lessee: Montvail, Inc, a California Corporation

Property Address: 1040 S. Vail Ave., Montebello, CA 90640
(street address, city, state, zip)

Paragraph: 48

A. **ARBITRATION OF DISPUTES:**

Except as provided in Paragraph B below, the Parties agree to resolve any and all claims, disputes or disagreements arising under this Lease, including, but not limited to any matter relating to Lessor's failure to approve an assignment, sublease or other transfer of Lessee's interest in the Lease under Paragraph 12 of this Lease, any other defaults by Lessor, or any defaults by Lessee by and through arbitration as provided below and irrevocably waive any and all rights to the contrary. The Parties agree to at all times conduct themselves in strict, full, complete and timely accordance with the terms hereof and that any attempt to circumvent the terms of this Arbitration Agreement shall be absolutely null and void and of no force or effect whatsoever.

B. **DISPUTES EXCLUDED FROM ARBITRATION:**

The following claims, disputes or disagreements under this Lease are expressly excluded from the arbitration procedures set forth herein: 1. Disputes for which a different resolution determination is specifically set forth in this Lease, 2. All claims by either party which (a) seek anything other than enforcement or determination of rights under this Lease, or (b) are primarily founded upon matters of fraud, willful misconduct, bad faith or any other allegations of tortious action, and seek the award of punitive or exemplary damages, 3. Claims relating to (a) Lessor's exercise of any unlawful detainer rights pursuant to applicable law or (b) rights or remedies used by Lessor to gain possession of the Premises or terminate Lessee's right of possession to the Premises, all of which disputes shall be resolved by suit filed in the applicable court of jurisdiction, the decision of which court shall be subject to appeal pursuant to applicable law 4. Any claim or dispute that is within the jurisdiction of the Small Claims Court and 5. All claims arising under Paragraph 39 of this Lease.

C. **APPOINTMENT OF AN ARBITRATOR:**

All disputes subject to this Arbitration Agreement, shall be determined by binding arbitration before: ☑ a retired judge of the applicable court of jurisdiction (e.g., the Superior Court of the State of California) affiliated with Judicial Arbitration & Mediation Services, Inc. ("JAMS"), or ☑ the American Arbitration Association ("AAA") under its commercial arbitration rules, ☐ _____, or as may be otherwise mutually agreed by Lessor and Lessee (the "Arbitrator"). In the event that the parties elect to use an arbitrator other than one affiliated with JAMS or AAA then such arbitrator shall be obligated to comply with the Code of Ethics for Arbitrators in Commercial Disputes (see: http://www.adr.org/aaa/ShowProperty?nodeId=/UCM/ADRSTG_003867). Such arbitration shall be initiated by the Parties, or either of them, within ten (10) days after either party sends written notice (the "Arbitration Notice") of a demand to arbitrate by registered or certified mail to the other party and to the Arbitrator. The Arbitration Notice shall contain a description of the subject matter of the arbitration, the dispute with respect thereto, the amount involved, if any, and the remedy or determination sought. If the Parties have agreed to use JAMS they may agree on a retired judge from the JAMS panel. If they are unable to agree within ten days, JAMS will provide a list of three available judges and each party may strike one. The remaining judge (or if there are two, the one selected by JAMS) will serve as the Arbitrator. If the Parties have elected to utilize AAA or some other organization, the Arbitrator shall be selected in accordance with said organization's rules. In the event the Arbitrator is not selected as provided for above for any reason, the party initiating arbitration shall apply to the appropriate Court for the appointment of a qualified retired judge to act as the Arbitrator.

D. **ARBITRATION PROCEDURE:**

1. **PRE-HEARING ACTIONS.** The Arbitrator shall schedule a pre-hearing conference to resolve procedural matters, arrange for the exchange of information, obtain stipulations, and narrow the issues. The Parties will submit proposed discovery schedules to the Arbitrator at the pre-hearing conference. The scope and duration of discovery will be within the sole discretion of the Arbitrator. The Arbitrator shall have the discretion to order a pre-hearing exchange of information by the Parties, including, without limitation, production of requested documents, exchange of summaries of testimony of proposed witnesses, and examination by deposition of parties and third-party witnesses. This discretion shall be exercised in favor of discovery reasonable under the circumstances. The Arbitrator shall issue subpoenas and subpoenas duces tecum as provided for in the applicable statutory or case law (e.g., in California Code of Civil Procedure Section 1282.6).

2. **THE DECISION.** The arbitration shall be conducted in the city or county within which the Premises are located at a reasonably convenient site. Any Party may be represented by counsel or other authorized representative. In rendering a decision(s), the Arbitrator shall determine the rights and obligations of the Parties according to the substantive laws and the terms and provisions of this Lease. The Arbitrator's decision shall be based on the evidence introduced at the hearing, including all logical and reasonable inferences therefrom. The Arbitrator may make any determination and/or grant any remedy or relief that is just and equitable. The decision must be based on, and accompanied by, a written statement of decision explaining the factual and legal basis for the decision as to each of the principal controverted issues. The decision shall be conclusive and binding, and it may thereafter be confirmed as a judgment by the court of applicable jurisdiction, subject

only to challenge on the grounds set forth in the applicable statutory or case law (e.g., in California Code of Civil Procedure Section 1286.2). The validity and enforceability of the Arbitrator's decision is to be determinec exclusively by the court of appropriate jurisdiction pursuant to the provisions of this Lease. The Arbitrator may award costs, including without limitation, Arbitrator's fees and costs, attorneys' fees, and expert and witness costs, to the prevailing party, if any, as determined by the Arbitrator in his discretion.

Whenever a matter which has been submitted to arbitration involves a dispute as to whether or not a particular act or omission (other thar a failure to pay money) constitutes a Default, the time to commence or cease such action shall be tolled from the date that the Notice of Arbitration is served through and until the date the Arbitrator renders his or her decision. Provided, however, that this provision shall NOT apply in the event that the Arbitrator determines that the Arbitration Notice was prepared in bad faith.

Whenever a dispute arises between the Parties concerning whether or not the failure to make a payment of money constitutes a default, the service of an Arbitration Notice shall NOT toll the time perioc in which to pay the money. The Party allegedly obligated to pay the money may, however, elect to pay the money "under protest" by accompanying said payment with a written statement setting forth the reasons for such protest. If thereafter, the Arbitrator determines that the Party who received said money was not entitled to such payment, said money shall be promptly returned to the Party who paid such money under protest together with interest thereor as defined in Paragraph 13.5. If a Party makes a payment "under protest" but no Notice of Arbitration is filec within thirty days, ther such protest shall be deemed waived. (See also Paragraph 42 or 43)

ADDENDUM TO LEASE

Date: April 1, 2021

By and Between

Lessor: Big Jung, Inc., a California Corporation

Lessee: Montvail, Inc., a California Corporation

Property Address: 1040 S. Vail Ave., Montebello, CA 90640
(street address, city, state, zip)

Paragraph: 51-56

In the event of any conflict between the provisions of this Addendum and the printed provisions of the Lease, this Addendum shall control.

51). Option To Terminate: Lessee shall have one option to terminate the lease within the first six (6) months from lease commencement date. However, any rent paid prior to termination date shall not be refunded and all tenant improvement work in progress shall be restored to its original condition prior to termination date. Lessee shall notify Lessor by written notice no less than thirty (30) days prior to termination date to exercise its option to terminate.

52). Tenant Improvements:

A). Lessee, at Lessee's sole cost and expense, shall improve the premises into the condition in which it needs to operate its business, including, but not limited to the following:

1). Upgrade the existing power supply with Southern California Edison Company (SCE), install a new electrical panel and a new separate power meter that services the "premises" described under this lease, and rewire all existing electrical services serving the leased premises to the new panel.

2). Lessee shall install a wall in the corridor that leads to the restrooms to separate the premises from the rest of the building (see Exh. A) with a double sided locked door.

3). Convert the allocated women's restroom to a unisex/gender neutral restroom.

B). Lessee shall be responsible for the costs of all code updates required by municipal, county, state, or federal agencies triggered by Lessee's proposed work. Work must be performed by licensed contractors according to approved plans with Lessor included as "additional insured" party.

C). Prior to commencement, Lessee shall provide Lessor a detailed plan of the proposed improvements and receive Lessor's written consent to commence. A Notice of Non-responsibility shall also be properly posted and recorded prior to commencement of any work.

D). Prior to obtaining its CUP and ramping up the operations of cultivating and manufacturing on the premises, Lessee shall pay its reasonable share of non-separately metered utilities until the "tenant improvements" are completed.

53). Parking: If the number of unreserved parking set forth in par. 1.2(b) is not sufficient for Lessee to obtain a Conditional Use Permit (CUP) and a business license from the City of Montebello, Lessor shall allocate the minimum amount of additional parking required for Lessee to obtain a Conditional Use Permit (CUP) and its business license. Specific location of the allocated parking spaces shall be determined at Lessor's reasonable discretion upon issuance of the CUP.

54). Prohibited Use of Butane and Propane: Cannabis extraction by the use of "butane" or "propane" shall be strictly prohibited entirely during the term of the lease.

55). Utilities and Operating Expenses: In addition to base rent, Lessee shall pay its fair share of usage of non-separately metered utilities. Lessor shall establish a base amount from its most current 12 month period of billings and pass through the increases above the base amount to Lessee. For water services serving the Fire Life and Safety (FLS), Lessee shall share 50% of the cost/bill. Lessee shall reimburse Lessor for utilities on a monthly basis.

Lessee shall remain responsible for its own trash services and telecommunication services.

56). Property Insurance (building): Subject to provisions Par. 8.1 and Par. 8.3 herein, Lessor and Lessee shall use its best efforts to obtain an insurance policy covering Lessee's use. Should Lessor and Lessee fail to secure a policy of coverage, Lessor shall have the option to terminate the lease effective immediately. Any rent paid prior to termination date shall not be refunded and all tenant improvement work in progress shall be restored to its original condition prior to termination date.

CONDITIONS OF APPROVAL

CITY OF MONTEBELLO
PLANNING COMMISSION

RESOLUTION NO. 42-19

RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF MONTEBELLO ADOPTING CEQA EXEMPTION AND APPROVING CONDITIONAL USE PERMIT NO. CUP 27-19 TO ALLOW A CANNABIS CULTIVATION, DISTRIBUTION, AND NON-STORE FRONT RETAIL DELIVERY LOCATED AT 1040 VAIL AVENUE (APN 6353-015-002)

WHEREAS, a Conditional Use Permit No. CUP 27-19 application was submitted by Chasom Brown and Andrew Angulo with Eppek, LLC and has been received and accepted;

WHEREAS, the Conditional Use Permit would allow a new cannabis Cultivation (7,091 sq. ft.), Distribution, and Non-Store Front Retail delivery located at 1040 Vail Avenue (APN 6353-015-002);

WHEREAS, pursuant to section 21067 of the Public Resources Code, and section 15367 of the State CEQA Guidelines (Cal. Code Regs., tit. 14, § 15000 et seq.), the City of Montebello is the lead agency for the proposed Project;

WHEREAS, the Conditional Use Permit No. CUP 27-19 is considered a "project", per the California Environmental Quality Act definition of a "project";

WHEREAS, the project is Categorically Exempt per CEQA Section §15301 Class 1 (Existing Facilities) because;

1. The project consist of the operation repair, maintenance, permitting, leasing, licensing, or minor alterations of existing private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing of former use.

2. The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.

3. Approval of the project would not result in any reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

WHEREAS, after conducting a duly noticed public hearing, and considering the evidence submitted by the applicant, public testimony, staff presentations, and such other matters properly presented during the hearing on this matter, the Planning Commission makes the following findings:

1. The proposed use would conform with the City of Montebello

General Plan Land Use Element, Goal 1, "Formulate a plan which is responsive to the needs of the community and which permits the orderly arrangement of land uses, permitting sufficient areas for reasonable development;" Objective 3, "cluster" type commercial development is preferential to proliferation of strip commercial," Policy Industrial 4, "The City's industrial area should be preserved and maintained"; because the proposed project will occupy an existing building and clean up a property that is not properly maintained and generate taxable revenue to the City.

2. The proposed cannabis Manufacturing, Distribution, and Non-Store Front Retail Delivery is in compliance with the M-1 (Light Manufacturing) zone because:

    a. Per the Index of Primary Uses, Cannabis uses are conditionally permitted in the M-1 and M-2 zones and the project site is not within six hundred feet of a R-zone.

    b. Proposed meets the development standards set forth in the Montebello Municipal Code Chapter 17.32.

3. The design of the building is compatible with the surrounding neighborhood because there is not a distinct Architectural style or design to the area. The cannabis uses being proposed are in an existing building and no changes are being made to the building exterior.

4. Per MMC 17.71.010, the proposed use:

    a. Is consistent with the purposes and intent of Chapter 17.71 – Permitted Zones; Distance from sensitive uses – of the Montebello Municipal Code;

    b. Would not adversely affect the general welfare of the surrounding property owners;

    c. Would not result in an undesirable concentration of premises for the sale of cannabis as cannabis uses are inconspicuous with limited signage and limited and restricted visitors, in the area;

    d. Would not detrimentally affect the nearby surrounding area after giving special consideration to the proximity and nature of the proposed use with respect to schools providing instruction in kindergarten of any grades 1 through 12, a day care center, or youth center, or a properties zoned residential;

    e. Would not aggravate existing problems created by the

transport of cannabis (e.g. littering, loitering, noise, calls for service, and sales to minors); and

f. Is in conformance with the goals, policies, and objectives of the general plan and the purpose and intent of this code and any applicable specific plan.

WHEREAS, all other legal prerequisites to the adoption of this Resolution have occurred.

NOW, THEREFORE, the Planning Commission of the City of Montebello resolves that:

SECTION 1. The foregoing recitals are true and correct and are hereby incorporated as substantive findings in this Resolution.

SECTION 2. The Planning Commission approves and adopts the CEQA Categorical Exemption §15301 (Existing Facilities) Class 1 exemption. The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.

1. Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

SECTION 3. The Planning Commission hereby approves Conditional Use Permit No. CUP 27-19 to allow cannabis Cultivation, Distribution, and Non-Store-front delivery subject to the conditions of approval set forth in Section 4 of this Resolution.

SECTION 4. The Planning Commission finds that the foregoing conditions of approval are necessary and appropriate.

1. The applicant shall defend, indemnify, and hold harmless the city, its elected and appointed officials, agents, officers, and employees from any claim, action, or proceeding brought against the city, its elected and appointed officials, agents, officers, or employees arising out of, or which are related to the applicant's project or application (collectively referred to as "proceedings"). The indemnification shall include, but not be limited to, damages, fees and/or costs awarded against the city, if any, and cost of suit, attorney's fees, and other costs, liabilities, and expenses incurred or awarded in connection with the proceedings whether incurred by the applicant, the city and/or the parties initiating or bringing such proceedings. This indemnity provision shall include the applicant's obligation to indemnify the city for all the city's costs, fees, and damages that the city incurs in enforcing the indemnification provisions set forth herein. The city shall have the right to choose its own legal counsel to represent the city's interest in the proceedings.

2. The applicant shall sign, notarize, and return to the Planning Department an affidavit accepting all Conditions of Approval of Conditional Use Permit (CUP

27-19) within 30 days from the date of the approval in accordance with Montebello Municipal Code Sections 17.71.010 and 17-32. The applicant acknowledges and understands that all conditions set forth in this Resolution are conditions precedent to the grant of approval and failure to comply with any condition contained herein shall render this approval non-binding as against the city and shall confer applicant no legal rights under the law. The Applicant shall incorporate these conditions of approval in the project plans (constructions drawings) that are submitted for building plan check. Building Plans shall be reviewed and approved by the Planning Division for conformance to the Conditions of Approval and the approved Development Plan prior to the issuance of a building permit.

3. This approval shall be used within two years of the approval date of this project; by **November 5, 2021**. Otherwise if shall become null and void and of no effect whatsoever. Use means the beginning of substantial construction under this approval. The applicant will incorporate all conditions of approval in all plans that will be submitted for building plan check.

4. Approval of CUP 27-19 is subject to approval, adoption, and fully executed Development Agreement by and between the City and the Applicant.

5. This approval under CUP 27-19 is for cannabis Cultivation (7,091 sq. ft.), Distribution, and Non-Store Front Retail delivery that will occupy an existing 12,224 square-foot space within an existing 60,710 square-foot building.

6. Eppek, LLC must be a registered business or entity with the Secretary of State of the State of California. If Eppek, LLC is not registered in the State of California, this application and approval is invalid.

7. A Business License and a Certificate of Occupancy shall be applied for and approved by the Community Development Department Planning at this location prior to operations. If operations commence prior to approval of these applications, this approval will be invalid and will be subject to revocation and all activities will be considered illegal.

8. The Applicant and operation shall continually remain in compliance with all Montebello codes, Regulations, Ordinances and applicable State and Federal laws.

9. This approval is the result of review of your submitted application and plans. Further review may be required as the operations begins activity to inspect facilities and review Live Scan results of employees.

10. Within one year of approval, a review of the operation and facility will be performed to determine continued compliance with the most current Cannabis Ordinance. The approval shall remain valid indefinitely as long as the organization remains in good standing and complies with all requirements including any and all payments required under the requisite Development Agreement.

11. A Security Plan must be submitted by a certified, bonded, and licensed security company. The security plan will include but not be limited to security cameras on site, screened fencing, and a storage vault or safe. The security

Plan must be reviewed and approved by the Police Chief or his designee before a Certificate of Occupancy is issued.

12. Access to the security cameras must be granted upon request by the City representatives seeking access to the building.

13. The applicant's business of cannabis Cultivation (7,091 sq. ft.), Distribution, and Non-Store Front Retail delivery will not have any members of the public visit the premises at 1040 Vail Avenue for acquisition or sale of any product.

14. The development and utilization of the subject site shall substantially conform to the plans submitted by Pickard Architects dated October 23, 2019, for the use, except as provided for herein and by subsequent revisions found by the Director of Planning and Community Development to be in substantial compliance with these provisions.

15. Off-street parking. The project proposes to utilize 12,224 square feet of an existing 60,710 square–foot building. The total site is developed with 61 parking spaces. Cannabis uses require 1 parking space per 1,000 square feet requiring 13 parking spaces. The project under CUP 27-19 provides 22 parking spaces and will be required to provide 2 loading spaces.

16. The development of the subject site shall be consistent with all of the provisions of the Montebello Municipal Code (MMC) and Conditional Use Permit (CUP 27-19).

17. All storage shall be maintained indoors.

18. The Applicant shall submit three copies of construction level Landscape and Irrigation Plans to the Community Development Department. The plans must be prepared by a registered landscape architect and include the location, number, genus, species, and container size of plants. The cover page shall identify the total square footage to the landscape area and note how it is to be maintained. Use of water efficient fixtures and drought plants is encouraged.

19. Modification to Plans. Subsequent modification to this approval, which do not intensify the use, including but not limited to reorientation of structures, alteration of parking and circulation design, minor changes to the Conditions of Approval, interpretations of the Conditions of Approval relative to intent, necessity of, and timing, may be approved by the Community Development Director within a 25% deviation, unless the Director requires a Substantial Conformance or revised Permit application in accordance with the City Development Code.

20. The Director of Planning and Community Development, at any time, can call for a review of the approved conditions of approval at a duly noticed public hearing before the Planning Commission. These condition(s) may be modified, or new condition(s) added to reduce any impacts of the use. The Planning Commission may revoke the Conditional Use Permit (CUP 27-19) if sufficient cause is given.

21. No transfer or Change in ownership or location. Applicant/owner may not transfer, sell, pledge, assign, grant an option, or other dispose of his or her ownership interest in the business or development agreement, without the advanced approval of the City Council.

22. The applicant or successor in interest shall meet the applicable Code requirements and all other City Departments regulations.

23. Applicant shall repair any and all damaged sidewalk along street frontage of property (Vail Avenue). A permit from the Montebello Public Works Department shall be secured before any work may commence within the public right away.

CITY OF MONTEBELLO
AMENDMENT NO. 1 TO AGREEMENT NO. 3654

FIRST AMENDMENT TO COMMERCIAL CANNABIS BUSINESS DEVELOPMENT AGREEMENT NO. 07-19

THIS FIRST AMENDMENT TO COMMERCIAL CANNABIS DEVELOPMENT AGREEMENT NO. 07-19 ("the First Amendment") is entered into this ____th day of July, 2021, by and between the CITY OF MONTEBELLO ("City"), a California municipal corporation, and SAINT'S PLACE, LLC ("Owner"), a California limited liability company. City and Owner are sometimes referenced together herein as the "Parties." In instances when a provision hereof applies to each of the Parties individually, either may be referenced as a "Party."

The Parties hereby jointly render the following statement as to the background facts and circumstances underlying this First Amendment to Commercial Cannabis Development Agreement No. 07-19:

RECITALS

WHEREAS, on February 14, 2018, Ordinance No. 2399 and No. 2400 came into effect authorizing specified commercial cannabis activities within the City of Montebello, in strict compliance with Applicable Cannabis Laws, under specified conditions and provisions; and

WHEREAS, on June 13, 2018, Ordinance No. 2404 and No. 2405 came into effect amending specified commercial cannabis activities authorized by Ordinance No. 2399 and No. 2400 within the City of Montebello, in strict compliance with Applicable Cannabis Laws, under specified conditions and provisions; and

WHEREAS, no such commercial cannabis activities are allowed or authorized in the City without a Conditional Use Permit, a Development Agreement, and all requirements pursuant to Montebello Municipal Code Chapters 5.90 and 17.71; and

WHEREAS, on June 18, 2019, Conditional Use Permit No. 07-19 *(hereinafter* "CUP") application was submitted by Jaime Alefosio with Saint's Place, LLC., and approved by the Planning Commission to conduct commercial cannabis activities; and

WHEREAS, on July 8, 2019, the City Council of the City of Montebello approved the execution of "COMMERCIAL CANNABIS BUSINESS DEVELOPMENT AGREEMENT NO. 07-19 BETWEEN THE CITY OF MONTEBELLO AND SAINT'S PLACE, LLC" (the "Development Agreement"); and

WHEREAS, a CUP No. 07-19-M1 application was submitted by Jaime Alefosio and Chris Sarkissian ("Owners") with Saint's Place, LLC, to amend CUP 07-19 to allow for indoor cannabis Cultivation (9,585 square feet) as a conditionally permitted use to go with previously approved cannabis Manufacturing, Distribution, and Non-Storefront Retail Delivery located at 728 Vail Avenue (APN 6353-002-005); and

WHEREAS, after conducting a duly noticed CUP hearing on October 6, 2020, in conjunction with the City's applicable ordinances and resolutions, the Planning Commission of the City reviewed, considered and approved environmental clearance and approved the execution of CUP No. 07-19-M1; and

WHEREAS, presently, Owners have a leasehold interest in a certain real property located at 728 Vail Avenue ("Site") for the purpose of conducting commercial cannabis related activities which shall include, but not be limited to, commercial cannabis manufacturing, deliver-only retail, distribution, and cultivation. Such commercial cannabis facilities shall operate in accordance with all applicable provisions of California Business and Professions Code, California Health and Safety Code, California Revenue and Taxation Code, California Vehicle Code, California Water Code, California Code of Regulations, and the City of Montebello Municipal Code as it applies to such facilities as such provisions may be amended from time to time (collectively the "Applicable Cannabis Laws"). Prior to operating a cannabis manufacture site, deliver-only site, distribution site, and cultivation site, as those terms are defined in the Montebello Municipal Code ("Manufacturing, Delivery-Only Retail, Distribution, and Cultivation Facility"), Owners shall be required to obtain a Conditional Use Permit from the City, and all related permits and licenses prior to the operation of same, pursuant to Montebello Municipal Code Chapter 5.90 and 17.71; and

WHEREAS, Owner intends on obtaining one or more additional permanent annual California State License(s), pursuant to Applicable Cannabis Laws, to operate a Cultivation Facility at the Site in addition to existing Manufacturing, Delivery-Only Retail, and Distribution Facility operations at the Site ("Project"). The definition of "Owner" hereunder shall mean and refer to the fee simple owner and/or any authorized tenant of the Site to the extent such party holds or is covered by a City Conditional Use Permit; and is not intended to necessarily be coextensive with the definition of that term as defined in California Business & Professions Code Section 26001(al); and

WHEREAS, the Project will consist of such final square footage to be consistent with Owners' final approved CUP, as may be amended pursuant to the CUP and/or this Agreement. The building will be divided into major spaces for cultivation, manufacturing, delivery and general business offices as follows:

Cultivation: The Project's cultivation area includes the following uses: flowering rooms, a drying and trimming room, a vegetation room and cloning room. Total area of these uses will be enumerated with an estimated square footage footprint within Owners' final approved CUP or building permits. Cultivation operations would occur 24-hours daily;

Manufacturing: The Project will include a manufacturing room that would be used initially for packaging products. Under the manufacturing license, the Owner will conduct additional manufacturing activities including, volatile extraction (Type 7 Manufacturing). The total area of these uses will be enumerated with an estimated square footage footprint within Owners' final approved CUP or building permits. Manufacturing operations would occur 24-hours daily;

Non-Storefront Retail Delivery: The retail delivery activities will occur within the delivery office located near the facility's main entry. The total area of this use will be enumerated with an estimated square footage footprint within Owners' final approved CUP or building permits. All delivery activities will be conducted in accordance with Applicable Cannabis Laws, including, but not limited to specified hours of operation;

Distribution: The distribution activities will occur within the distribution area. The total area of this use will be enumerated with an estimated square footage footprint within Owners' final approved CUP or building permits. All distribution activities will be conducted in accordance with Applicable Cannabis Laws, including, but not limited to specified hours of operation;

General Business Offices: The Project will be open from 8:00 a.m. to 7:00 p.m., Monday through Friday;

Parking/Loading/Access: The proposed Project provides parking spaces in accordance with the City-approved Site Plan;

Security: The Project will secure the facility against unauthorized entry by installing security lights on the exterior of the building to illuminate the side yards and parking area, installing commercial grade locks, installing an alarm and video surveillance system, establishing procedures for identifying unauthorized persons, establish inventory controls, and install a secure surveillance vault to maintain the integrity of records. In addition, the applicant will engage a licensed security company to provide an operational security plan in compliance with Montebello Municipal Code Chapters 5.90 and 17.71;

The proposed layout of the site is as shown in the attached Site and/or Floor Plans, in **Exhibit C**. The Project will consist of a vertically integrated commercial cannabis facility complaint with Applicable Cannabis Laws that will provide several levels of cannabis production, processing, and distribution.

This includes:

1) Cultivation and processing of young and mature cannabis plants.
2) Research and development of cannabis plants and strains.
3) Manufacturing of cannabis and its derivatives through volatile and non-volatile extraction.
4) Manufacturing of cannabis food products.
5) Packaging and storage of cannabis products.
6) Distribution of cannabis products.
7) Retail delivery of cannabis products.

Proposed Hours of Operation (subject to final approval pursuant to the CUP):
8:00AM to 7:00PM for general business hours, 24-hours for internal operations

Owner has applied for or will apply for the following State cannabis licenses:

1) Microbusiness for manufacturing, distribution, and delivery-only retail
2) Manufacturing
3) Cultivation

WHEREAS, Article 2 of the Development Agreement, "Permitted Uses," provides that an Owner may apply for an amendment to a Development Agreement and to the issued CUP so long as approval is received by the City's Planning Commission and City Council, as required, to amend the Permitted Uses at the Site; and

WHEREAS, Article 20 of the Development Agreement prohibits an Owner from operating a commercial cannabis facility authorized under the municipal code unless it is a holder of a valid CUP issued by the City in accordance with the procedures and requirements of Montebello Municipal Code Chapters 5.90 and 17.71; and

WHEREAS, it is the intention of SAINT'S PLACE, LLC to modify this Development Agreement to add commercial cannabis Cultivation to the Permitted Uses under the Agreement; and

WHEREAS, in accordance with the terms of the Development Agreement, Owners have provided to the City of Montebello a written application form to a modification to the Development Agreement and CUP for City's consent to add Cultivation as a permitted use. The City has received application for modification materials, information and requisite fees it deems sufficient, appropriate and complete for the purpose of determining that Owners are qualified for purposes of the foregoing terms of the Development Agreement and the CUP, including showing the requisite proof of an approved amended CUP allowing Cultivation as an additional cannabis activity at 728 Vail Avenue; and

WHEREAS, this First Amendment is intended to meet the requirements of Article 2 of the Development Agreement and applicable Montebello Municipal Code provisions regulating an amendment to add Cultivation as an additional commercial cannabis activity, and is executed with the consent of the City of Montebello as contemplated in the Development Agreement; and

WHEREAS, all procedures of the California Environmental Quality Act ("CEQA"), California Public Resources Code §21000 et seq., and the CEQA guidelines, title 14 of the California Code of Regulations, chapter 3, §15000 et seq., have been satisfied as the City previously found that the proposed project was Categorically Exempt from California Environmental Quality Act ("CEQA") requirements under provisions of CEQA Guidelines **Section 15301** – Existing Facilities as change of ownership does not have any further environmental impact from what was previously found by the City; and

WHEREAS, on July 28, 2021, the City Council of the City of Montebello reviewed, considered, and approved this FIRST AMENDMENT TO COMMERCIAL CANNABIS DEVELOPMENT AGREEMENT NO. 07-19, by and between the City of Montebello and Saint's Place, LLC.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, and other good and valuable consideration, the receipt and legal sufficiency of which are hereby acknowledged, the Parties do hereby agree as follows:

Section 1: Recitals.

The Recitals are true and correct and are hereby incorporated into and made a part of this First Amendment. In the event of any inconsistency between the Recitals and the provisions of this First Amendment, herein below, said provisions of this First Amendment shall prevail.

3.4. ***Section 5.f. Facility Operations; Employee Background Checks/Procedures for Inventory Control to Prevent Illegal Diversion of Cannabis.***

Only employees who receive clearance from the Montebello Police Department shall be permitted to enter Owners' facility. Each employee will have to meet a criminal background investigation, which at minimum shall include a LiveScan criminal history check conducted and provided by each employee. The City shall make a good faith effort to facilitate within a reasonable time following the issuance of a CUP to Owners. Employees shall not be disqualified for any conviction which would no longer be a felony under California law at the time of the LiveScan criminal history check.

Owners shall not permit and shall take all necessary and reasonable steps to prevent the distribution of any of its cannabis products to minors; prevent revenue from the sale or distribution of its cannabis and/or infused products from going to criminal enterprises, gangs and cartels; prevent the diversion of cannabis from California to any other state; prevent state-authorized cannabis activity from being used as a cover or pretext for the trafficking of other illegal drugs or other illegal activity; prevent violence and the use of firearms in the manufacturing, cultivation, distribution, and delivery-only retail of cannabis discourage and educate against drugged driving and the exacerbation of other adverse public health consequences associated with cannabis use; disavow growing cannabis on public lands that creates attendant public safety and environmental dangers posed by such illegal uses; and

discourage and educate against cannabis possession or use on federal property.

3.5. ***Section 5.k. Facility Operations; Processing, Handling, Storing, and Distribution of Commercial Cannabis and Related Products.***

Commercial cannabis cultivation, handling, storing, and processing shall be concealed from public view at all stages of growth and processing, and there shall be no exterior evidence of cultivation or processing occurring at the premises from a public right-of-way or from an adjacent parcel. Commercial cannabis cultivation, handling, storing, processing, or distribution shall not create offensive odors; create excessive dust, heat, noise, smoke, traffic, or other impacts that are disturbing to people of normal sensitivity residing or present on adjacent or nearby property or areas open to the public; or be hazardous due to use or storage of materials, processes, products, or wastes.

Owners shall store its commercial cannabis and/or commercial cannabis products in a secured storage room with T-card identification access for management only. The storage room shall be constructed of fire-rated walls with an appropriate number of cameras installed to view all entries and exits from the storage room, as well as all other activities performed within Owners' facility. Owners will not conduct outdoor operations except as related to lawful delivery and transportation of commercial cannabis and infused products. Owner will not store commercial cannabis or related products in its delivery vehicle outside normal operating hours of the facility.

Commercial cannabis products shall be sold or distributed only to licensed facilities in California, in compliance with state and local law in accordance with Subsection 2(c) of this Agreement. Excess or contaminated product will be securely stored on-site until it is properly disposed. Disposal may include composting, incineration, land-fill disposal through the local waste management hauler, or other disposal methodology in accordance with state and county health and safety codes and regulations.

3.6. ***Section 5.l. Facility Operations; Odor Control.***

All structures shall have adequate ventilation and filtration systems installed that minimize and control commercial cannabis plant odors from exiting the interior of the structure. The ventilation and filtration system shall be approved by the City Building Official and installed prior to commencing cultivation or manufacturing within the allowable

structure. Facility air intake, exhaust, and recirculating system shall be of industrial grade. Activated charcoal, recirculating, and closed loop aeration systems will be utilized as necessary for effective odor control and management.

3.7. ***Section 7.b. Payment of City Fees; Cannabis Operation Fees.***

As used herein, "**Premises**" means the designated structure or structures and land specified in the application that is owned, leased, or otherwise held under the control of the Owner where the commercial cannabis activities will be or are conducted.

As used herein, "**commercial cannabis activities**" means all permitted activities: e.g. cultivation, possession, manufacture, processing, storing, packaging, labeling, transportation, sale, delivery or distribution of cannabis and/or cannabis products.

As used herein, "**Gross receipts**" shall mean the total amount of receipts actually received or receivable in accordance with GAAP or other comprehensive version of accounting in the course of business in a calendar year or calendar month from sales or the performance of acts or services for which charge is made or credit allowed. "**Gross receipts**" include, without limitation, all receipts, cash, credit, property received in lieu of cash, and any other valuable consideration taken in exchange for goods, services or other valuable consideration.

As used herein, "**Production Space**" means the area on or within the **Premises** intended for **commercial cannabis activities** excluding non-operational common areas such as restrooms, cafeterias, break rooms, hallways, corridors, vestibules, parking structures or surface street lots. The parties stipulate and agree that the square footage for the Production Space shall be determined by the City Manager in his role and complete discretion as the Project is completed.

The City Manager is specifically authorized to increase the square footage for the Production Space up to an increase in size of ten percent (10%) administratively and to determine the corresponding operating fee as the Project is completed.

Owners agree to pay to City ninety (90) days after a Certificate of Occupancy is granted, in order to enable City to promote, protect, and enhance the health, safety, and welfare of the community and its residents and its quality of life.

Owner agrees to pay the following percentage of gross receipts and the following square footage for cannabis operations, as follows, paid on a quarterly basis to the City ("Cannabis Operation Fee"):

1. **Manufacturing**: 2% of gross receipts

2. **Distribution**: 2.5% of gross receipts, excluding distribution of products manufactured at the Site as well as distribution activities solely to licensed entities under common ownership or otherwise affiliated with Owner so long as distribution is not the only commercial activity conducted at the Site

3. **Delivery-Only Retail**: 2% of gross receipts

4. **Cultivation**: $10.00 per square foot of canopy space, as defined under the California Code of Regulations Cannabis Cultivation Program, as may be amended from time to time pursuant to the CUP and/or this Agreement

Any subsequent years of operation after the first ten (10) year term of this Agreement shall be negotiated in good faith by the parties.

A Site with multiple licenses must not commingle respective sales proceeds, and blend percentage rate of Gross Receipts.

The Cannabis Operation Fee shall begin to accrue **ninety (90) days** after a Certificate of Occupancy is granted. Owners shall make payments to the City on a quarterly basis, within ninety (90) calendar days after the last day of each quarter. The first quarter is defined as January 1 through March 21, the second quarter as April 1 through June 30, the third quarter as July 1 through September 30, and the fourth quarter as October 1 through December 31. First payment to the City may be prorated, if applicable, to adhere to the latter, uniform quarterly payment schedule.

Failure to pay the Cannabis Operation Fee within thirty (30) calendar days after the due date shall result in a penalty for nonpayment in a sum equal to 10% of the total amount due. Additional penalties will be assessed in the following manner: an additional 10% shall be added to the first day of each calendar month following the month of the imposition of the 10% penalty if these fees remain unpaid in whole or in part – up to a maximum of 100% of the total fee payable on the due date.

3.8. ***Section 7.c. Payment of City Fees.***

Owners understand and agree that the fees set forth above shall be paid in a manner and in accordance with a payment schedule set or modified by City. The cultivation, manufacturing, testing, distribution, and delivery space to which the Cannabis Operation Fee applies is as identified on the City-issued final approved floor plan.

3.9. ***Section 17. CUP Conditions of Approval*****.**

Restatement of Compliance with CUP Conditions of Approval. Owners shall comply with all conditions of approval of the City-issued CUP, as reflected and memorialized in Exhibit F, "Conditions of Approval," of the Development Agreement, and as also incorporated herein to this First Amendment, by this reference. If there is any conflict between a term of the Development Agreement, this First Amendment, and a condition of approval of the City-issued CUP, then the most restrictive shall apply.

Section 4: Effect of First Amendment and Continued Effectiveness of Development Agreement. Except as expressly modified herein, the Development Agreement shall remain in full force and effect, and all the terms and provisions of the Development Agreement are hereby reaffirmed. The provisions of this First Amendment are severable and separate, and should a legal challenge be brought challenging the First Amendment, including but not limited to, an action or proceeding – in equity or in law – such challenge shall in no way affect or impact the continued validity and existence of the Development Agreement.

Section 5: Effective Date. "First Amendment Effective Date" means the date on which all of the following are true: (i) this First Amendment has been signed by all Parties; (ii) the new applicant Owners have cleared all background check(s), and any related background verification(s), consistent with, and as required by, the City's laws and policies; (iii) all complete information and documentation supporting the application for this First Amendment have been submitted to the City; and (iv) Exhibits to this First Amendment are finalized, and same have been provided, however, that if these conditions have not been fully satisfied by the Owner and/or Assignee/New Owner, the Effective Date may not thereafter occur and this First Amendment may not thereafter become effective.

Section 6: Authority to Sign. Each Party or responsible officer or governing body therefore, has read this First Amendment and understands and knows the contents thereof, and represents and warrants that each of the officers, members, or agents executing this First Amendment on behalf of their respective corporations, partnerships, or other organizations is authorized and empowered to do so and hereby binds the respective corporation, partnership, or other organization.

STANDARD INDUSTRIAL/COMMERCIAL MULTI-TENANT LEASE - GROSS

1. **Basic Provisions ("Basic Provisions").**

1.1 **Parties.** This Lease ("**Lease**"), dated for reference purposes only April 1st, 2021, is made by and between Big Jung, Inc., a California Corporation ("**Lessor**") and Montvail, Inc., a California Corporation ("**Lessee**"), (collectively the "**Parties**", or individually a "**Party**").

1.2(a) **Premises:** That certain real property, including all improvements therein or to be provided by Lessor under the terms of this Lease, commonly known as (street address, unit/suite, city, state, zip): 1040 S. Vail Ave., Montebello, CA 90640 ("**Premises**"). The Premises are located in the County of Los Angeles, and are generally described as (describe briefly the nature of the Premises and the "Project"): approximately 12,938 square feet of office space area as part of a larger freestanding industrial building with approximately 60,710 square feet. In addition to Lessee's rights to use and occupy the Premises as hereinafter specified, Lessee shall have non-exclusive rights to any utility raceways of the building containing the Premises ("**Building**") and to the Common Areas (as defined in Paragraph 2.7 below), but shall not have any rights to the roof, or exterior walls of the Building or to any other buildings in the Project. The Premises, the Building, the Common Areas, the land upon which they are located, along with all other buildings and improvements thereon, are herein collectively referred to as the "**Project**." (See also Paragraph 2)

1.2(b) **Parking:** not to exceed twenty (20) unreserved vehicle parking spaces. (See also Paragraph 2.6 & 53)

1.3 **Term:** four (4) years and Four (4) month ("**Original Term**") commencing April 1, 2021 ("Commencement Date") and ending July 31, 2025 ("**Expiration Date**"). (See also Paragraph 3) Lessee shall have (2) 5 years options.

1.4. Rental Increases: 3% Annual Increases (See Paragraph 50)

1.5 **Base Rent:** $10,000.00 per month ("**Base Rent**"), payable on the 1st day of each month commencing April 1st, 2021 (See also Paragraph 4)

☑ If this box is checked, there are provisions in this Lease for the Base Rent to be adjusted. See Paragraph 50.

1.6 **Lessee's Share of Common Area Operating Expenses:** twenty two point five percent (22.5 %) ("**Lessee's Share**"). In the event that the size of the Premises and/or the Project are modified during the term of this Lease, Lessor shall recalculate Lessee's Share to reflect such modification.

1.7 **Base Rent and Other Monies Paid Upon Execution:**

(a) **Base Rent:** $10,000.00 for the period of buildout up to 'Certificate Of Occupancy' (doors open) not to exceed Eleven (11) months. After COO Rent will correct to $22,641.50.

(b) **Common Area Operating Expenses:** TBD for the period April 1, 2021.

(c) **Security Deposit:** $45,000 PAID ("**Security Deposit**"). (See also Paragraph 5)

(d) **Other:** _____ for _____.

(e) **Total Due Upon Execution of this Lease:** $10,000.00

1.8 **Agreed Use:** General office, cultivation, and manufacturing of cannabis and related legal uses. Final approved use is contingent upon a conditional use permit (CUP) by the City of Montebello. Any retail or dispensary related businesses, activities, and/or transactions shall be strictly prohibited. (See also Paragraph 6 & 54)

1.9 **Insuring Party.** Lessor is the "**Insuring Party**". (See also Paragraph 8)

1.10 **Real Estate Brokers.** (See also Paragraph 15 and 25)

(a) **Representation:** Each Party acknowledges receiving a Disclosure Regarding Real Estate Agency Relationship, confirms and consents to the following agency relationships in this Lease with the following real estate brokers ("**Broker(s)**") and/or their agents ("Agent(s)"):

Lessor's Brokerage Firm _____ License No. _____ is the broker of (check one): ☐ the Lessor; or ☐ both the Lessee and Lessor (dual agent).

Lessor's Agent _____ License No. _____ is (check one): ☐ the Lessor's Agent (salesperson or broker associate); or ☐ both the Lessee's Agent and the Lessor's Agent (dual agent).

Lessee's Brokerage Firm _____ License No. _____ Is the broker of (check one): ☐ the Lessee; or ☐ both the Lessee and Lessor (dual agent).

Lessee's Agent _____ License No. _____ is (check one): ☐ the Lessee's Agent (salesperson or broker associate); or ☐ both the Lessee's Agent and the Lessor's Agent (dual agent).

(b) **Payment to Brokers.** Upon execution and delivery of this Lease by both Parties, Lessor shall pay to the Brokers the brokerage fee agreed to in a separate written agreement ~~(or if there is no such agreement, the sum of _____ or _____% of the total Base Rent)~~ for the brokerage services rendered by the Brokers.

1.11 **Guarantor.** The obligations of the Lessee under this Lease are to be guaranteed by _____ ("**Guarantor**"). (See also Paragraph 37)

1.12 **Attachments.** Attached hereto are the following, all of which constitute a part of this Lease:

☑ an Addendum consisting of Paragraphs 48 & 50 through 56

2. Premises.

2.1 **Letting.** Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Premises, for the term, at the rental, and upon all of the terms, covenants and conditions set forth in this Lease. While the approximate square footage of the Premises may have been used in the marketing of the Premises for purposes of comparison, the Base Rent stated herein is NOT tied to square footage and is not subject to adjustment should the actual size be determined to be different. **NOTE: Lessee is advised to verify the actual size prior to executing this Lease.**

2.2 **Condition.** Lessor shall deliver that portion of the Premises contained within the Building ("**Unit**") to Lessee ~~broom clean and free of debris~~ " As-Is Where-Is" on the Commencement Date or the Early Possession Date, whichever first occurs ("**Start Date**"), and, so long as the required service contracts described in Paragraph 7.1(b) below are obtained by Lessee and in effect within thirty days following the Start Date, warrants that the existing electrical, plumbing, fire sprinkler, lighting, heating, ventilating and air conditioning systems ("**HVAC**"), loading doors, sump pumps, if any, and all other such elements in the Unit, other than those constructed by Lessee, shall be in good operating condition on said date, that the structural elements of the roof, bearing walls and foundation of the Unit shall be free of material defects, and that the Unit does not contain hazardous levels of any mold or fungi defined as toxic under applicable state or federal law. If a non-compliance with such warranty exists as of the Start Date, or if one of such systems or elements should malfunction or fail within the appropriate warranty period, Lessor shall, as Lessor's sole obligation with respect to such matter, except as otherwise provided in this Lease, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, malfunction or failure, rectify same at Lessor's expense. The warranty periods shall be as follows: (i) 6 months as to the HVAC systems, and (ii) 30 days as to the remaining systems and other elements of the Unit. If Lessee does not give Lessor the required notice within the appropriate warranty period, correction of any such non-compliance, malfunction or failure shall be the obligation of Lessee at Lessee's sole cost and expense (except for the repairs to the fire sprinkler systems, roof, foundations, and/or bearing walls - see Paragraph 7). Lessor also warrants, that unless otherwise specified in writing, Lessor is unaware of (i) any recorded Notices of Default affecting the Premise; (ii) any delinquent amounts due under any loan secured by the Premises; and (iii) any bankruptcy proceeding affecting the Premises.

2.3 **Compliance.** Lessor warrants that to the best of its knowledge the Improvements on the Premises and the Common Areas comply with the building codes, applicable laws, covenants or restrictions of record, regulations, and ordinances ("**Applicable Requirements**") that were in effect at the time that each Improvement, or portion thereof, was constructed. Said warranty does not apply to the use to which Lessee will put the Premises, modifications which may be required by the Americans with Disabilities Act or any similar laws as a result of Lessee's use (see Paragraph 49), or to any Alterations or Utility Installations (as defined in Paragraph 7.3(a)) made or to be made by Lessee. **NOTE: Lessee is responsible for determining whether or not the Applicable Requirements, and especially the zoning are appropriate for Lessee's intended use, and acknowledges that past uses of the Premises may no longer be allowed.** If the Premises do not comply with said warranty, Lessor shall, except as otherwise provided, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, rectify the same at Lessor's expense. If Lessee does not give Lessor written notice of a non-compliance with this warranty within 6 months following the Start Date, correction of that non-compliance shall be the obligation of Lessee at Lessee's sole cost and expense. If the Applicable Requirements are hereafter changed so as to require during the term of this Lease the construction of an addition to or an alteration of the Unit, Premises and/or Building, the remediation of any Hazardous Substance, or the reinforcement or other physical modification of the Unit, Premises and/or Building ("**Capital Expenditure**"), Lessor and Lessee shall allocate the cost of such work as follows:

(a) Subject to Paragraph 2.3(c) below, if such Capital Expenditures are required as a result of the specific and unique use of the Premises by Lessee as compared with uses by tenants in general, Lessee shall be fully responsible for the cost thereof, provided, however, that if such Capital Expenditure is required during the last 2 years of this Lease and the cost thereof exceeds 6 months' Base Rent, Lessee may instead terminate this Lease unless Lessor notifies Lessee, in writing, within 10 days after receipt of Lessee's termination notice that Lessor has elected to pay the difference between the actual cost thereof and the amount equal to 6 months' Base Rent. If Lessee elects termination, Lessee shall immediately cease the use of the Premises which requires such Capital Expenditure and deliver to Lessor written notice specifying a termination date at least 90 days thereafter. Such termination date shall, however, in no event be earlier than the last day that Lessee could legally utilize the Premises without commencing such Capital Expenditure.

(b) If such Capital Expenditure is not the result of the specific and unique use of the Premises by Lessee (such as, governmentally mandated seismic modifications), then Lessor shall pay for such Capital Expenditure and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease or any extension thereof, on the date that on which the Base Rent is due, an amount equal to 1/144th of the portion of such costs reasonably attributable to the Premises. Lessee shall pay interest on the balance but may prepay its obligation at any time. If, however, such Capital Expenditure is required during the last 2 years of this Lease or if Lessor reasonably determines that it is not economically feasible to pay its share thereof, Lessor shall have the option to terminate this Lease upon 90 days prior written notice to Lessee unless Lessee notifies Lessor, in writing, within 10 days after receipt of Lessor's termination notice that Lessee will pay for such Capital Expenditure. If Lessor does not elect to terminate, and fails to tender its share of any such Capital Expenditure, Lessee may advance such funds and deduct same, with interest, from Rent until Lessor's share of such costs have been fully paid. If Lessee is unable to finance Lessor's share, or if the balance of the Rent due and payable for the remainder of this Lease is not sufficient to fully reimburse Lessee on an offset basis, Lessee shall have the right to terminate this Lease upon 30 days written notice to Lessor.

(c) Notwithstanding the above, the provisions concerning Capital Expenditures are intended to apply only to non-voluntary, unexpected, and new Applicable Requirements. If the Capital Expenditures are instead triggered by Lessee as a result of an actual or proposed change in use, change in intensity of use, or modification to the Premises then, and in that event, Lessee shall either: (i) immediately cease such changed use or intensity of use and/or take such other steps as may be necessary to eliminate the requirement for such Capital Expenditure, or (ii) complete such Capital Expenditure at its own expense. Lessee shall not have any right to terminate this Lease.

2.4 **Acknowledgements.** Lessee acknowledges that: (a) it has been given an opportunity to inspect and measure the Premises; (b) it has been advised by Lessor and/or Brokers to satisfy itself with respect to the size and condition of the Premises (including but not limited to the electrical, HVAC and fire sprinkler systems, security, environmental aspects, and compliance with Applicable Requirements and the Americans with Disabilities Act), and their suitability for Lessee's

intended use; (c) Lessee has made such investigation as it deems necessary with reference to such matters and assumes all responsibility therefor as the same relate to its occupancy of the Premises; (d) it is not relying on any representation as to the size of the Premises made by Brokers or Lessor; (e) the square footage of the Premises was not material to Lessee's decision to lease the Premises and pay the Rent stated herein, and (f) neither Lessor, Lessor's agents, nor Brokers have made any oral or written representations or warranties with respect to said matters other than as set forth in this Lease. In addition, Lessor acknowledges that: (i) Brokers have made no representations, promises or warranties concerning Lessee's ability to honor the Lease or suitability to occupy the Premises, and (ii) it is Lessor's sole responsibility to investigate the financial capability and/or suitability of all proposed tenants.

2.5 **Lessee as Prior Owner/Occupant.** The warranties made by Lessor in Paragraph 2 shall be of no force or effect if immediately prior to the Start Date Lessee was the owner or occupant of the Premises. In such event, Lessee shall be responsible for any necessary corrective work.

2.6 **Vehicle Parking.** Lessee shall be entitled to use the number of Parking Spaces specified in Paragraph 1.2(b) on those portions of the Common Areas designated from time to time by Lessor for parking. Lessee shall not use more parking spaces than said number. Said parking spaces shall be used for parking by vehicles no larger than full-size passenger automobiles or pick-up trucks, herein called "**Permitted Size Vehicles.**" Lessor may regulate the loading and unloading of vehicles by adopting Rules and Regulations as provided in Paragraph 2.9. No vehicles other than Permitted Size Vehicles may be parked in the Common Area without the prior written permission of Lessor. In addition:

(a) Lessee shall not permit or allow any vehicles that belong to or are controlled by Lessee or Lessee's employees, suppliers, shippers, customers, contractors or invitees to be loaded, unloaded, or parked in areas other than those designated by Lessor for such activities.

(b) Lessee shall not service or store any vehicles in the Common Areas.

(c) If Lessee permits or allows any of the prohibited activities described in this Paragraph 2.6, then Lessor shall have the right, without notice, in addition to such other rights and remedies that it may have, to remove or tow away the vehicle involved and charge the cost to Lessee, which cost shall be immediately payable upon demand by Lessor.

2.7 **Common Areas - Definition.** The term "**Common Areas**" is defined as all areas and facilities outside the Premises and within the exterior boundary line of the Project and interior utility raceways and installations within the Unit that are provided and designated by the Lessor from time to time for the general non-exclusive use of Lessor, Lessee and other tenants of the Project and their respective employees, suppliers, shippers, customers, contractors and invitees, including parking areas, loading and unloading areas, trash areas, roofs, roadways, walkways, driveways and landscaped areas.

2.8 **Common Areas - Lessee's Rights.** Lessor grants to Lessee, for the benefit of Lessee and its employees, suppliers, shippers, contractors, customers and invitees, during the term of this Lease, the non-exclusive right to use, in common with others entitled to such use, the Common Areas as they exist from time to time, subject to any rights, powers, and privileges reserved by Lessor under the terms hereof or under the terms of any rules and regulations or restrictions governing the use of the Project. Under no circumstances shall the right herein granted to use the Common Areas be deemed to include the right to store any property, temporarily or permanently, in the Common Areas. Any such storage shall be permitted only by the prior written consent of Lessor or Lessor's designated agent, which consent may be revoked at any time. In the event that any unauthorized storage shall occur, then Lessor shall have the right, without notice, in addition to such other rights and remedies that it may have, to remove the property and charge the cost to Lessee, which cost shall be immediately payable upon demand by Lessor.

2.9 **Common Areas - Rules and Regulations.** Lessor or such other person(s) as Lessor may appoint shall have the exclusive control and management of the Common Areas and shall have the right, from time to time, to establish, modify, amend and enforce reasonable rules and regulations ("**Rules and Regulations**") for the management, safety, care, and cleanliness of the grounds, the parking and unloading of vehicles and the preservation of good order, as well as for the convenience of other occupants or tenants of the Building and the Project and their invitees. Lessee agrees to abide by and conform to all such Rules and Regulations, and shall use its best efforts to cause its employees, suppliers, shippers, customers, contractors and invitees to so abide and conform. Lessor shall not be responsible to Lessee for the non-compliance with said Rules and Regulations by other tenants of the Project.

2.10 **Common Areas - Changes.** Lessor shall have the right, in Lessor's sole discretion, from time to time:

(a) To make changes to the Common Areas, including, without limitation, changes in the location, size, shape and number of driveways, entrances, parking spaces, parking areas, loading and unloading areas, ingress, egress, direction of traffic, landscaped areas, walkways and utility raceways;

(b) To close temporarily any of the Common Areas for maintenance purposes so long as reasonable access to the Premises remains available;

(c) To designate other land outside the boundaries of the Project to be a part of the Common Areas;

(d) To add additional buildings and improvements to the Common Areas;

(e) To use the Common Areas while engaged in making additional improvements, repairs or alterations to the Project, or any portion thereof; and

(f) To do and perform such other acts and make such other changes in, to or with respect to the Common Areas and Project as Lessor may, in the exercise of sound business judgment, deem to be appropriate.

3. Term.

3.1 **Term.** The Commencement Date, Expiration Date and Original Term of this Lease are as specified in Paragraph 1.3.

3.2 **Early Possession.** Any provision herein granting Lessee Early Possession of the Premises is subject to and conditioned upon the Premises being available for such possession prior to the Commencement Date. Any grant of Early Possession only conveys a non-exclusive right to occupy the Premises. If Lessee totally or partially occupies the Premises prior to the Commencement Date, the obligation to pay Base Rent shall be abated for the period of such Early Possession. All other terms of this Lease (including but not limited to the obligations to pay Lessee's Share of Common Area Operating Expenses, Real Property Taxes and insurance premiums and to maintain the Premises) shall be in effect during such period. Any such Early Possession shall not affect the Expiration Date.

3.3 **Delay In Possession.** Lessor agrees to use its best commercially reasonable efforts to deliver possession of the Premises to Lessee by the Commencement Date. If, despite said efforts, Lessor is unable to deliver possession by such date, Lessor shall not be subject to any liability therefor, nor shall such failure affect the validity of this Lease or change the Expiration Date. Lessee shall not, however, be obligated to pay Rent or perform its other obligations until Lessor delivers possession of the Premises and any period of rent abatement that Lessee would otherwise have enjoyed shall run from the date of delivery of possession and continue for a period equal to what Lessee would otherwise have enjoyed under the terms hereof, but minus any days of delay caused by the acts or omissions of Lessee. If possession is not delivered within 60 days after the Commencement Date, as the same may be extended under the terms of any Work Letter executed by Parties, Lessee may, at its option, by notice in writing within 10 days after the end of such 60 day period, cancel this Lease, in which event the Parties shall be discharged from all obligations hereunder. If such written notice is not received by Lessor within said 10 day period, Lessee's right to cancel shall terminate. If possession of the Premises is not delivered within 120 days after the Commencement Date, this Lease shall terminate unless other agreements are reached between Lessor and Lessee, in writing.

3.4 **Lessee Compliance.** Lessor shall not be required to tender possession of the Premises to Lessee until Lessee complies with its obligation to provide evidence of insurance (Paragraph 8.5). Pending delivery of such evidence, Lessee shall be required to perform all of its obligations under this Lease from and after the Start Date, including the payment of Rent, notwithstanding Lessor's election to withhold possession pending receipt of such evidence of insurance. Further, if Lessee is required to perform any other conditions prior to or concurrent with the Start Date, the Start Date shall occur but Lessor may elect to withhold possession until such conditions are satisfied.

4. Rent.

4.1. **Rent Defined.** All monetary obligations of Lessee to Lessor under the terms of this Lease (except for the Security Deposit) are deemed to be rent (**"Rent"**).

4.2 **Commor Area Operating Expenses.** Lessee shall pay to Lessor during the term hereof, in addition to the Base Rent, Lessee's Share (as specified in Paragraph 1.6) of all Commor Area Operating Expenses, as hereinafter defined, during each calendar year of the term of this Lease, in accordance with the following provisions:

(a) The following costs relating to the ownership and operation of the Project are defined as **"Common Area Operating Expenses"**:

(i) Costs relating to the operation, repair and maintenance, in neat, clean, good order and condition, but not the replacement (see subparagraph (e)), of the following:

(aa) The Common Areas and Common Area improvements, including parking areas, loading and unloading areas, trash areas, roadways, parkways, walkways, driveways, landscaped areas, bumpers, irrigation systems, Common Area lighting facilities, fences and gates, elevators, roofs, exterior walls of the buildings, building systems and roof drainage systems.

(bb) Exterior signs and any tenant directories.

(cc) Any fire sprinkler systems.

(dd) All other areas and improvements that are within the exterior boundaries of the Project but outside of the Premises and/or any other space occupied by a tenant.

(ii) The cost of water, gas, electricity and telephone to service the Commor Areas and any utilities not separately metered.

(iii) The cost of trash disposal, pest control services, property management, security services, owners' association dues and fees, the cost to repaint the exterior of any structures and the cost of any environmental inspections.

(iv) Reserves set aside for maintenance and repair of Common Areas and Common Area equipment.

(v) Any increase above the Base Real Property Taxes (as defined in Paragraph 10).

(vi) Any "Insurance Cost Increase" (as defined in Paragraph 8).

(vii) Any deductible portion of an insured loss concerning the Building or the Commor Areas.

(viii) Auditors', accountants' and attorneys' fees and costs related to the operation, maintenance, repair and replacement of the Project.

(ix) The cost of any capital improvement to the Building or the Project not covered under the provisions of Paragraph 2.3 provided; however, that Lessor shall allocate the cost of any such capital improvement over a 12 year period and Lessee shall not be required to pay more than Lessee's Share of 1/144th of the cost of such capital improvement in any given month. Lessee shall pay interest on the unamortized balance but may prepay its obligation at any time

(x) The cost of any other services to be provided by Lessor that are stated elsewhere in this Lease tc be a Common Area Operating Expense.

(b) Any Common Area Operating Expenses and Real Property Taxes that are specifically attributable to the Unit, the Building or to any other building in the Project or to the operation, repair and maintenance thereof, shall be allocated entirely to such Unit, Building, or other building. However, any Common Area Operating Expenses and Real Property Taxes that are not specifically attributable to the Building or to any other building or to the operation, repair and maintenance thereof, shall be equitably allocated by Lessor to all buildings in the Project.

(c) The inclusion of the improvements, facilities and services set forth in Subparagraph 4.2(a) shall not be deemed to impose an obligation upon Lessor to either have said improvements or facilities or to provide those services unless the Project already has the same, Lessor already provides the services, or Lessor has agreed elsewhere in this Lease tc provide the same or some of them.

(d) Lessee's Share of Common Area Operating Expenses is payable monthly on the same day as the Base Rent is due hereunder. The amount of such payments shall be based on Lessor's estimate of the annual Common Area Operating Expenses. Within 60 days after written request (but not more than once each year) Lessor shall deliver to Lessee a reasonably detailed statement showing Lessee's Share of the actual Common Area Operating Expenses for the preceding year. If Lessee's payments during such year exceed Lessee's Share, Lessor shall credit the amount of such over-payment against Lessee's future payments. If Lessee's payments during such year were less than Lessee's Share, Lessee shall pay to Lessor the amount of the deficiency within 10 days after delivery by Lessor to Lessee of the statement.

(e) Common Area Operating Expenses shall not include the cost of replacing equipment or capital components such as the roof, foundations, exterior walls or Common Area capital improvements, such as the parking lot paving, elevators, fences that have a useful life for accounting purposes of 5 years or more.

(f) Common Area Operating Expenses shall not include any expenses paid by any tenant directly to third parties, or as to which Lessor is otherwise reimbursed by any third party, other tenant, or insurance proceeds.

4.3 **Payment.** Lessee shall cause payment of Rent to be received by Lessor in lawful money of the United States, without offset or deduction (except as specifically permitted in this Lease), on or before the day on which it is due. All monetary amounts shall be roundec to the nearest whole dollar. In the event that any statement or invoice prepared by Lessor is inaccurate such inaccuracy shall not constitute a waiver and Lessee shall be obligated to pay the amount set forth in this Lease. Rent for any period during the term hereof which is for less than one full calendar month shall be proratec based upon the actual number of days of said month. Payment of Rent shall be made tc Lessor at its address stated herein or to such other persons or place as Lessor may from time to time designate in writing. Acceptance of a payment which is less than the amount then due shall not be a waiver of Lessor's rights to the balance of such Rent, regardless of Lessor's endorsement of any check so stating. In the event that any check, draft, or other instrument of payment given by Lessee to Lessor is dishonored for any reason, Lessee agrees to pay to Lessor the sum of $25 in addition to any Late Charge and Lessor, at its option, may require all future Rent be paic by cashier's check. Payments will be applied first to accrued late charges and attorney's fees, second to accrued interest, then to Base Rent and Common Area Operating Expenses, and any remaining amount to any other outstanding charges or costs.

5. Security Deposit. Lessee shall deposit with Lessor upon execution hereof the Security Deposit as security for Lessee's faithful performance of its obligations under this Lease. If Lessee fails to pay Rent, or otherwise Defaults under this Lease, Lessor may use, apply or retain all or any portion of said Security Deposit for the payment of any amount already due Lessor, for Rents which will be due in the future, and/ or to reimburse or compensate Lessor for any liability, expense, loss or damage which Lessor may suffer or incur by reason thereof. If Lessor uses or applies all or any portion of the Security Deposit, Lessee shall within 10 days after written request therefor deposit monies with Lessor sufficient to restore said Security Deposit to the full amount required by this Lease. If the Base Rent increases during the term of this Lease, Lessee shall, upon written request from Lessor, deposit additional monies with Lessor so that the total amount of the Security Deposit shall at all times bear the same proportion to the increased Base Rent as the initial Security Deposit bore to the initial Base Rent. Should the Agreed Use be amended to accommodate a material change in the business of Lessee or to accommodate a sublessee or assignee, Lessor shall have the right to increase the Security Deposit to the extent necessary, in Lessor's reasonable judgment, to account for any increased wear and tear that the Premises may suffer as a result thereof. If a change in control of Lessee occurs during this Lease and following such change the financial condition of Lessee is, in Lessor's reasonable judgment, significantly reduced, Lessee shall deposit such additional monies with Lessor as shall be sufficient to cause the Security Deposit to be at a commercially reasonable level based on such change in financial condition. Lessor shall not be required to keep the Security Deposit separate from its general accounts. Within 90 days after the expiration or termination of this Lease, Lessor shall return that portion of the Security Deposit not used or applied by Lessor. Lessor shall upon written request provide Lessee with an accounting

showing how that portion of the Security Deposit that was not returned was applied. No part of the Security Deposit shall be considered to be held in trust, to bear interest or to be prepayment for any monies to be paid by Lessee under this Lease. THE SECURITY DEPOSIT SHALL NOT BE USED BY LESSEE IN LIEU OF PAYMENT OF THE LAST MONTH'S RENT.

6. Use.

6.1 **Use.** Lessee shall use and occupy the Premises only for the Agreed Use, or any other legal use which is reasonably comparable thereto, and for no other purpose. Lessee shall not use or permit the use of the Premises in a manner that is unlawful, creates damage, waste or a nuisance, or that disturbs occupants of or causes damage to neighboring premises or properties. Other than guide, signal and seeing eye dogs, Lessee shall not keep or allow in the Premises any pets, animals, birds, fish, or reptiles. Lessor shall not unreasonably withhold or delay its consent to any written request for a modification of the Agreed Use, so long as the same will not impair the structural integrity of the Building or the mechanical or electrical systems therein, and/or is not significantly more burdensome to the Project. If Lessor elects to withhold consent, Lessor shall within 7 days after such request give written notification of same, which notice shall include an explanation of Lessor's objections to the change in the Agreed Use.

6.2 **Hazardous Substances.**

(a) **Reportable Uses Require Consent.** The term "**Hazardous Substance**" as used in this Lease shall mean any product, substance, or waste whose presence, use, manufacture, disposal, transportation, or release, either by itself or in combination with other materials expected to be on the Premises, is either: (i) potentially injurious to the public health, safety or welfare, the environment or the Premises; (ii) regulated or monitored by any governmental authority, or (iii) a basis for potential liability of Lessor to any governmental agency or third party under any applicable statute or common law theory. Hazardous Substances shall include, but not be limited to, hydrocarbons, petroleum, gasoline, and/or crude oil or any products, by-products or fractions thereof. Lessee shall not engage in any activity in or on the Premises which constitutes a Reportable Use of Hazardous Substances without the express prior written consent of Lessor and timely compliance (at Lessee's expense) with all Applicable Requirements. "**Reportable Use**" shall mean (i) the installation or use of any above or below ground storage tank; (ii) the generation, possession, storage, use, transportation, or disposal of a Hazardous Substance that requires a permit from, or with respect to which a report, notice, registration or business plan is required to be filed with, any governmental authority, and/or (iii) the presence at the Premises of a Hazardous Substance with respect to which any Applicable Requirements requires that a notice be given to persons entering or occupying the Premises or neighboring properties. Notwithstanding the foregoing, Lessee may use any ordinary and customary materials reasonably required to be used in the normal course of the Agreed Use, ordinary office supplies (copier toner, liquid paper, glue, etc.) and common household cleaning materials, so long as such use is in compliance with all Applicable Requirements, is not a Reportable Use, and does not expose the Premises or neighboring property to any meaningful risk of contamination or damage or expose Lessor to any liability therefor. In addition, Lessor may condition its consent to any Reportable Use upon receiving such additional assurances as Lessor reasonably deems necessary to protect itself, the public, the Premises and/or the environment against damage, contamination, injury and/or liability, including, but not limited to, the installation (and removal on or before Lease expiration or termination) of protective modifications (such as concrete encasements) and/or increasing the Security Deposit.

(b) **Duty to Inform Lessor.** If Lessee knows, or has reasonable cause to believe, that a Hazardous Substance has come to be located in, on, under or about the Premises, other than as previously consented to by Lessor, Lessee shall immediately give written notice of such fact to Lessor, and provide Lessor with a copy of any report, notice, claim or other documentation which it has concerning the presence of such Hazardous Substance.

(c) **Lessee Remediation.** Lessee shall not cause or permit any Hazardous Substance to be spilled or released in, on, under, or about the Premises (including through the plumbing or sanitary sewer system) and shall promptly, at Lessee's expense, comply with all Applicable Requirements and take all investigatory and/or remedial action reasonably recommended, whether or not formally ordered or required, for the cleanup of any contamination of, and for the maintenance, security and/or monitoring of the Premises or neighboring properties, that was caused or materially contributed to by Lessee, or pertaining to or involving any Hazardous Substance brought onto the Premises during the term of this Lease, by or for Lessee, or any third party.

(d) **Lessee Indemnification.** Lessee shall indemnify, defend and hold Lessor, its agents, employees, lenders and ground lessor, if any, harmless from and against any and all loss of rents and/or damages, liabilities, judgments, claims, expenses, penalties, and attorneys' and consultants' fees arising out of or involving any Hazardous Substance brought onto the Premises by or for Lessee, or any third party (provided, however, that Lessee shall have no liability under this Lease with respect to underground migration of any Hazardous Substance under the Premises from areas outside of the Project not caused or contributed to by Lessee). Lessee's obligations shall include, but not be limited to, the effects of any contamination or injury to person, property or the environment created or suffered by Lessee, and the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease. No termination, cancellation or release agreement entered into by Lessor and Lessee shall release Lessee from its obligations under this Lease with respect to Hazardous Substances, unless specifically so agreed by Lessor in writing at the time of such agreement.

(e) **Lessor Indemnification.** Except as otherwise provided in paragraph 8.7, Lessor and its successors and assigns shall indemnify, defend, reimburse and hold Lessee, its employees and lenders, harmless from and against any and all environmental damages, including the cost of remediation, which are suffered as a direct result of Hazardous Substances on the Premises prior to Lessee taking possession or which are caused by the gross negligence or willful misconduct of Lessor, its agents or employees. Lessor's obligations, as and when required by the Applicable Requirements, shall include, but not be limited to, the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease.

(f) **Investigations and Remediations.** Lessor shall retain the responsibility and pay for any investigations or remediation measures required by governmental entities having jurisdiction with respect to the existence of Hazardous Substances on the Premises prior to the Lessee taking possession, unless such remediation measure is required as a result of Lessee's use (including "Alterations", as defined in paragraph 7.3(a) below) of the Premises, in which event Lessee shall be responsible for such payment. Lessee shall cooperate fully in any such activities at the request of Lessor, including allowing Lessor and Lessor's agents to have reasonable access to the Premises at reasonable times in order to carry out Lessor's investigative and remedial responsibilities.

(g) **Lessor Termination Option.** If a Hazardous Substance Condition (see Paragraph 9.1(e)) occurs during the term of this Lease, unless Lessee is legally responsible therefor (in which case Lessee shall make the investigation and remediation thereof required by the Applicable Requirements and this Lease shall continue in full force and effect, but subject to Lessor's rights under Paragraph 6.2(d) and Paragraph 13), Lessor may, at Lessor's option, either (i) investigate and remediate such Hazardous Substance Condition, if required, as soon as reasonably possible at Lessor's expense, in which event this Lease shall continue in full force and effect, or (ii) if the estimated cost to remediate such condition exceeds 12 times the then monthly Base Rent or $100,000, whichever is greater, give written notice to Lessee, within 30 days after receipt by Lessor of knowledge of the occurrence of such Hazardous Substance Condition, of Lessor's desire to terminate this Lease as of the date 60 days following the date of such notice. In the event Lessor elects to give a termination notice, Lessee may, within 10 days thereafter, give written notice to Lessor of Lessee's commitment to pay the amount by which the cost of the remediation of such Hazardous Substance Condition exceeds an amount equal to 12 times the then monthly Base Rent or $100,000, whichever is greater. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days following such commitment. In such event, this Lease shall continue in full force and effect, and Lessor shall proceed to make such remediation as soon as reasonably possible after the required funds are available. If Lessee does not give such notice and provide the required funds or assurance thereof within the time provided, this Lease shall terminate as of the date specified in Lessor's notice of termination.

6.3 **Lessee's Compliance with Applicable Requirements.** Except as otherwise provided in this Lease, Lessee shall, at Lessee's sole expense, fully, diligently and

in a timely manner, materially comply with all Applicable Requirements, the requirements of any applicable fire insurance underwriter or rating bureau, and the recommendations of Lessor's engineers and/or consultants which relate in any manner to the Premises, without regard to whether said Applicable Requirements are now in effect or become effective after the Start Date. Lessee shall, within 10 days after receipt of Lessor's written request, provide Lessor with copies of all permits and other documents, and other information evidencing Lessee's compliance with any Applicable Requirements specified by Lessor, and shall immediately upon receipt, notify Lessor in writing (with copies of any documents involved) of any threatened or actual claim, notice, citation, warning, complaint or report pertaining to or involving the failure of Lessee or the Premises to comply with any Applicable Requirements. Likewise, Lessee shall immediately give written notice to Lessor of: (i) any water damage to the Premises and any suspected seepage, pooling, dampness or other condition conducive to the production of mold; or (ii) any mustiness or other odors that might indicate the presence of mold in the Premises.

6.4 **Inspection; Compliance.** Lessor and Lessor's "**Lender**" (as defined in Paragraph 30) and consultants authorized by Lessor shall have the right to enter into Premises at any time in the case of an emergency, and otherwise at reasonable times after reasonable notice, for the purpose of inspecting and/or testing the condition of the Premises and/or for verifying compliance by Lessee with this Lease. The cost of any such inspections shall be paid by Lessor, unless a violation of Applicable Requirements, or a Hazardous Substance Condition (see Paragraph 9.1) is found to exist or be imminent, or the inspection is requested or ordered by a governmental authority. In such case, Lessee shall upon request reimburse Lessor for the cost of such inspection, so long as such inspection is reasonably related to the violation or contamination. In addition, Lessee shall provide copies of all relevant material safety data sheets (**MSDS**) to Lessor within 10 days of the receipt of written request therefor. Lessee acknowledges that any failure on its part to allow such inspections or testing will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to allow such inspections and/or testing in a timely fashion the Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater for the remainder to the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to allow such inspection and/or testing. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to such failure nor prevent the exercise of any of the other rights and remedies granted hereunder.

7. Maintenance; Repairs; Utility Installations; Trade Fixtures and Alterations.

7.1 **Lessee's Obligations.**

(a) **In General.** Subject to the provisions of Paragraph 2.2 (Condition), 2.3 (Compliance), 6.3 (Lessee's Compliance with Applicable Requirements), 7.2 (Lessor's Obligations), 9 (Damage or Destruction), and 14 (Condemnation), Lessee shall, at Lessee's sole expense, keep the Premises, Utility Installations (intended for Lessee's exclusive use, no matter where located), and Alterations in good order, condition and repair (whether or not the portion of the Premises requiring repairs, or the means of repairing the same, are reasonably or readily accessible to Lessee, and whether or not the need for such repairs occurs as a result of Lessee's use, any prior use, the elements or the age of such portion of the Premises), including, but not limited to, all equipment or facilities, such as plumbing, HVAC equipment, electrical, lighting facilities, boilers, pressure vessels, fixtures, interior walls, interior surfaces of exterior walls, ceilings, floors, windows, doors, plate glass, and skylights but excluding any items which are the responsibility of Lessor pursuant to Paragraph 7.2. Lessee, in keeping the Premises in good order, condition and repair, shall exercise and perform good maintenance practices, specifically including the procurement and maintenance of the service contracts required by Paragraph 7.1(b) below. Lessee's obligations shall include restorations, replacements or renewals when necessary to keep the Premises and all improvements thereon or a part thereof in good order, condition and state of repair.

(b) **Service Contracts.** Lessee shall, at Lessee's sole expense, procure and maintain contracts, with copies to Lessor, in customary form and substance for, and with contractors specializing and experienced in the maintenance of the following equipment and improvements, if any, if and when installed on the Premises: (i) HVAC equipment, (ii) boiler and pressure vessels, and (iii) clarifiers. However, Lessor reserves the right, upon notice to Lessee, to procure and maintain any or all of such service contracts, and Lessee shall reimburse Lessor, upon demand, for the cost thereof.

(c) **Failure to Perform.** If Lessee fails to perform Lessee's obligations under this Paragraph 7.1, Lessor may enter upon the Premises after 10 days' prior written notice to Lessee (except in the case of an emergency, in which case no notice shall be required), perform such obligations on Lessee's behalf, and put the Premises in good order, condition and repair, and Lessee shall promptly pay to Lessor a sum equal to 115% of the cost thereof.

(d) **Replacement.** Subject to Lessee's indemnification of Lessor as set forth in Paragraph 8.7 below, and without relieving Lessee of liability resulting from Lessee's failure to exercise and perform good maintenance practices, if an item described in Paragraph 7.1(b) cannot be repaired other than at a cost which is in excess of 50% of the cost of replacing such item, then such item shall be replaced by Lessor, and the cost thereof shall be prorated between the Parties and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease, on the date on which Base Rent is due, an amount equal to the product of multiplying the cost of such replacement by a fraction, the numerator of which is one, and the denominator of which is 144 (ie. 1/144th of the cost per month). Lessee shall pay interest on the unamortized balance but may prepay its obligation at any time.

7.2 **Lessor's Obligations.** Subject to the provisions of Paragraphs 2.2 (Condition), 2.3 (Compliance), 4.2 (Common Area Operating Expenses), 6 (Use), 7.1 (Lessee's Obligations), 9 (Damage or Destruction) and 14 (Condemnation), Lessor, subject to reimbursement pursuant to Paragraph 4.2, shall keep in good order, condition and repair the foundations, exterior walls, structural condition of interior bearing walls, exterior roof, fire sprinkler system, Common Area fire alarm and/or smoke detection systems, fire hydrants, parking lots, walkways, parkways, driveways, landscaping, fences, signs and utility systems serving the Common Areas and all parts thereof, as well as providing the services for which there is a Common Area Operating Expense pursuant to Paragraph 4.2. Lessor shall not be obligated to paint the exterior or interior surfaces of exterior walls nor shall Lessor be obligated to maintain, repair or replace windows, doors or plate glass of the Premises.

7.3 **Utility Installations; Trade Fixtures; Alterations.**

(a) **Definitions.** The term "**Utility Installations**" refers to all floor and window coverings, air and/or vacuum lines, power panels, electrical distribution, security and fire protection systems, communication cabling, lighting fixtures, HVAC equipment, plumbing, and fencing in or on the Premises. The term "**Trade Fixtures**" shall mean Lessee's machinery and equipment that can be removed without doing material damage to the Premises. The term "Alterations" shall mean any modification of the improvements, other than Utility Installations or Trade Fixtures, whether by addition or deletion. "**Lessee Owned Alterations and/or Utility Installations**" are defined as Alterations and/or Utility Installations made by Lessee that are not yet owned by Lessor pursuant to Paragraph 7.4(a).

(b) **Consent.** Lessee shall not make any Alterations or Utility Installations to the Premises without Lessor's prior written consent. Lessee may, however, make non-structural Alterations or Utility Installations to the interior of the Premises (excluding the roof) without such consent but upon notice to Lessor, as long as they are not visible from the outside, do not involve puncturing, relocating or removing the roof or any existing walls, will not affect the electrical, plumbing, HVAC, and/or life safety systems, do not trigger the requirement for additional modifications and/or improvements to the Premises resulting from Applicable Requirements, such as compliance with Title 24, and the cumulative cost thereof during this Lease as extended does not exceed a sum equal to 3 month's Base Rent in the aggregate or a sum equal to one month's Base Rent in any one year. Notwithstanding the foregoing, Lessee shall not make or permit any roof penetrations and/or install anything on the roof without the prior written approval of Lessor. Lessor may, as a precondition to granting such approval, require Lessee to utilize a contractor chosen and/or approved by Lessor. Any Alterations or Utility Installations that Lessee shall desire to make and which require the consent of the Lessor shall be presented to Lessor in written form with detailed plans. Consent shall be deemed conditioned upon Lessee's: (i) acquiring all applicable governmental permits, (ii)

furnishing Lessor with copies of both the permits and the plans and specifications prior to commencement of the work, and (iii) compliance with all conditions of said permits and other Applicable Requirements in a prompt and expeditious manner. Any Alterations or Utility Installations shall be performed in a workmanlike manner with good and sufficient materials. Lessee shall promptly upon completion furnish Lessor with as-built plans and specifications. For work which costs an amount in excess of one month's Base Rent, Lessor may condition its consent upon Lessee providing a lien and completion bond in an amount equal to 150% of the estimated cost of such Alteration or Utility Installation and/or upon Lessee's posting an additional Security Deposit with Lessor.

(c) **Liens; Bonds.** Lessee shall pay, when due, all claims for labor or materials furnished or alleged to have been furnished to or for Lessee at or for use on the Premises, which claims are or may be secured by any mechanic's or materialmen's lien against the Premises or any interest therein. Lessee shall give Lessor not less than 10 days notice prior to the commencement of any work in, on or about the Premises, and Lessor shall have the right to post notices of non-responsibility. If Lessee shall contest the validity of any such lien, claim or demand, then Lessee shall, at its sole expense defend and protect itself, Lessor and the Premises against the same and shall pay and satisfy any such adverse judgment that may be rendered thereon before the enforcement thereof. If Lessor shall require, Lessee shall furnish a surety bond in an amount equal to 150% of the amount of such contested lien, claim or demand, indemnifying Lessor against liability for the same. If Lessor elects to participate in any such action, Lessee shall pay Lessor's attorneys' fees and costs.

7.4 **Ownership; Removal; Surrender; and Restoration.**

(a) **Ownership.** Subject to Lessor's right to require removal or elect ownership as hereinafter provided, all Alterations and Utility Installations made by Lessee shall be the property of Lessee, but considered a part of the Premises. Lessor may, at any time, elect in writing to be the owner of all or any specified part of the Lessee Owned Alterations and Utility Installations. Unless otherwise instructed per paragraph 7.4(b) hereof, all Lessee Owned Alterations and Utility Installations shall, at the expiration or termination of this Lease, become the property of Lessor and be surrendered by Lessee with the Premises.

(b) **Removal.** By delivery to Lessee of written notice from Lessor not earlier than 90 and not later than 30 days prior to the end of the term of this Lease, Lessor may require that any or all Lessee Owned Alterations or Utility Installations be removed by the expiration or termination of this Lease. Lessor may require the removal at any time of all or any part of any Lessee Owned Alterations or Utility Installations made without the required consent.

(c) **Surrender; Restoration.** Lessee shall surrender the Premises by the Expiration Date or any earlier termination date, with all of the improvements, parts and surfaces thereof broom clean and free of debris, and in good operating order, condition and state of repair, ordinary wear and tear excepted. "Ordinary wear and tear" shall not include any damage or deterioration that would have been prevented by good maintenance practice. Notwithstanding the foregoing and the provisions of Paragraph 7.1(a), if the Lessee occupies the Premises for 12 months or less, then Lessee shall surrender the Premises in the same condition as delivered to Lessee on the Start Date with NO allowance for ordinary wear and tear. Lessee shall repair any damage occasioned by the installation, maintenance or removal of Trade Fixtures, Lessee owned Alterations and/or Utility Installations, furnishings, and equipment as well as the removal of any storage tank installed by or for Lessee. Lessee shall also remove from the Premises any and all Hazardous Substances brought onto the Premises by or for Lessee, or any third party (except Hazardous Substances which were deposited via underground migration from areas outside of the Premises) to the level specified in Applicable Requirements. Trade Fixtures shall remain the property of Lessee and shall be removed by Lessee. Any personal property of Lessee not removed on or before the Expiration Date or any earlier termination date shall be deemed to have been abandoned by Lessee and may be disposed of or retained by Lessor as Lessor may desire. The failure by Lessee to timely vacate the Premises pursuant to this Paragraph 7.4(c) without the express written consent of Lessor shall constitute a holdover under the provisions of Paragraph 26 below.

8. Insurance; Indemnity.

8.1 **Payment of Premium Increases.**

(a) As used herein, the term **"Insurance Cost Increase"** is defined as any increase in the actual cost of the insurance applicable to the Building and/or the Project and required to be carried by Lessor, pursuant to Paragraphs 8.2(b), 8.3(a) and 8.3(b), over and above the Base Premium, as hereinafter defined, calculated on an annual basis. Insurance Cost Increase shall include, but not be limited to, requirements of the holder of a mortgage or deed of trust covering the Premises, Building and/or Project, increased valuation of the Premises, Building and/or Project, and/or a general premium rate increase. The term Insurance Cost Increase shall also not, however, include any premium increases resulting from the nature of the occupancy of Lessee's use as described in paragraph 1.8 herein ~~any other tenant of the Building~~. The **"Base Premium"** shall be the annual premium applicable to the 12 month period immediately preceding the Start Date. If, however, the Project was not insured for the entirety of such 12 month period, then the Base Premium shall be the lowest annual premium reasonably obtainable for the Required Insurance as of the Start Date, assuming the most nominal use possible of the Building. In no event, however, shall Lessee be responsible for any portion of the premium cost attributable to liability insurance coverage in excess of $2,000,000 procured under Paragraph 8.2(b).

(b) Lessee shall pay any Insurance Cost Increase to Lessor pursuant to Paragraph 4.2. Premiums for policy periods commencing prior to, or extending beyond, the term of this Lease shall be prorated to coincide with the corresponding Start Date or Expiration Date.

8.2 **Liability Insurance.**

(a) **Carried by Lessee.** Lessee shall obtain and keep in force a Commercial General Liability policy of insurance protecting Lessee and Lessor as an additional insured against claims for bodily injury, personal injury and property damage based upon or arising out of the ownership, use, occupancy or maintenance of the Premises and all areas appurtenant thereto. Such insurance shall be on an occurrence basis providing single limit coverage in an amount not less than $1,000,000 per occurrence with an annual aggregate of not less than $2,000,000. Lessee shall add Lessor as an additional insured by means of an endorsement at least as broad as the Insurance Service Organization's "Additional Insured-Managers or Lessors of Premises" Endorsement. The policy shall not contain any intra-insured exclusions as between insured persons or organizations, but shall include coverage for liability assumed under this Lease as an **"insured contract"** for the performance of Lessee's indemnity obligations under this Lease. The limits of said insurance shall not, however, limit the liability of Lessee nor relieve Lessee of any obligation hereunder. Lessee shall provide an endorsement on its liability policy(ies) which provides that its insurance shall be primary to and not contributory with any similar insurance carried by Lessor, whose insurance shall be considered excess insurance only.

(b) **Carried by Lessor.** Lessor shall maintain liability insurance as described in Paragraph 8.2(a), in addition to, and not in lieu of, the insurance required to be maintained by Lessee. Lessee shall not be named as an additional insured therein.

8.3 **Property Insurance - Building, Improvements and Rental Value.**

(a) **Building and Improvements.** Lessor shall obtain and keep in force a policy or policies of insurance in the name of Lessor, with loss payable to Lessor, any ground-lessor, and to any Lender insuring loss or damage to the Premises. The amount of such insurance shall be equal to the full insurable replacement cost of the Premises, as the same shall exist from time to time, or the amount required by any Lender, but in no event more than the commercially reasonable and available insurable value thereof. Lessee Owned Alterations and Utility Installations, Trade Fixtures, and Lessee's personal property shall be insured by Lessee not by Lessor. If the coverage is available and commercially appropriate, such policy or policies shall insure against all risks of direct physical loss or damage (except the perils of flood and/or earthquake unless required by a Lender), including coverage for debris removal and the enforcement of any Applicable Requirements requiring the upgrading, demolition, reconstruction or replacement of any portion of the Premises as the result of a covered loss. Said policy or policies shall also contain an agreed valuation provision in lieu of any coinsurance clause, waiver of subrogation, and inflation guard protection causing an increase in the annual property insurance coverage

amount by a factor of not less than the adjusted U.S. Department of Labor Consumer Price Index for All Urban Consumers for the city nearest to where the Premises are located. If such insurance coverage has a deductible clause, the deductible amount shall not exceed $5,000 per occurrence.

(b) **Rental Value.** Lessor shall also obtain and keep in force a policy or policies in the name of Lessor with loss payable to Lessor and any Lender, insuring the loss of the full Rent for one year with an extended period of indemnity for an additional 180 days ("Rental Value Insurance"). Said insurance shall contain an agreed valuation provision in lieu of any coinsurance clause, and the amount of coverage shall be adjusted annually to reflect the projected Rent otherwise payable by Lessee, for the next 12 month period.

(c) **Adjacent Premises.** Lessee shall pay for any increase in the premiums for the property insurance of the Building and for the Common Areas or other buildings in the Project if said increase is caused by Lessee's acts, omissions, use or occupancy of the Premises.

(d) **Lessee's Improvements.** Since Lessor is the Insuring Party, Lessor shall not be required to insure Lessee Owned Alterations and Utility Installations unless the item in question has become the property of Lessor under the terms of this Lease.

8.4 **Lessee's Property; Business Interruption Insurance; Worker's Compensation Insurance.**

(a) **Property Damage.** Lessee shall obtain and maintain insurance coverage on all of Lessee's personal property, Trade Fixtures, and Lessee Owned Alterations and Utility Installations. Such insurance shall be full replacement cost coverage with a deductible of not to exceed $1,000 per occurrence. The proceeds from any such insurance shall be used by Lessee for the replacement of personal property, Trade Fixtures and Lessee Owned Alterations and Utility Installations.

(b) **Business Interruption.** Lessee shall obtain and maintain loss of income and extra expense insurance in amounts as will reimburse Lessee for direct or indirect loss of earnings attributable to all perils commonly insured against by prudent lessees in the business of Lessee or attributable to prevention of access to the Premises as a result of such perils.

(c) **Worker's Compensation Insurance.** Lessee shall obtain and maintain Worker's Compensation Insurance in such amount as may be required by Applicable Requirements. Such policy shall include a 'Waiver of Subrogation' endorsement. Lessee shall provide Lessor with a copy of such endorsement along with the certificate of insurance or copy of the policy required by paragraph 8.5.

(d) **No Representation of Adequate Coverage.** Lessor makes no representation that the limits or forms of coverage of insurance specified herein are adequate to cover Lessee's property, business operations or obligations under this Lease.

8.5 **Insurance Policies.** Insurance required herein shall be by companies maintaining during the policy term a "General Policyholders Rating" of at least A-, VII, as set forth in the most current issue of "Best's Insurance Guide", or such other rating as may be required by a Lender. Lessee shall not do or permit to be done anything which invalidates the required insurance policies. Lessee shall, prior to the Start Date, deliver to Lessor certified copies of policies of such insurance or certificates with copies of the required endorsements evidencing the existence and amounts of the required insurance. No such policy shall be cancelable or subject to modification except after 30 days prior written notice to Lessor. Lessee shall, at least 10 days prior to the expiration of such policies, furnish Lessor with evidence of renewals or "insurance binders" evidencing renewal thereof, or Lessor may increase his liability insurance coverage and charge the cost thereof to Lessee, which amount shall be payable by Lessee to Lessor upon demand. Such policies shall be for a term of at least one year, or the length of the remaining term of this Lease, whichever is less. If either Party shall fail to procure and maintain the insurance required to be carried by it, the other Party may, but shall not be required to, procure and maintain the same.

8.6 **Waiver of Subrogation.** Without affecting any other rights or remedies, Lessee and Lessor each hereby release and relieve the other, and waive their entire right to recover damages against the other, for loss of or damage to its property arising out of or incident to the perils required to be insured against herein. The effect of such releases and waivers is not limited by the amount of insurance carried or required, or by any deductibles applicable hereto. The Parties agree to have their respective property damage insurance carriers waive any right to subrogation that such companies may have against Lessor or Lessee, as the case may be, so long as the insurance is not invalidated thereby.

8.7 **Indemnity.** Except for Lessor's gross negligence or willful misconduct, Lessee shall indemnify, protect, defend and hold harmless the Premises, Lessor and its agents, Lessor's master or ground lessor, partners and Lenders, from and against any and all claims, loss of rents and/or damages, liens, judgments, penalties, attorneys' and consultants' fees, expenses and/or liabilities arising out of, involving, or in connection with, a Breach of the Lease by Lessee and/or the use and/or occupancy of the Premises and/or Project by Lessee and/or by Lessee's employees, contractors or invitees. If any action or proceeding is brought against Lessor by reason of any of the foregoing matters, Lessee shall upon notice defend the same at Lessee's expense by counsel reasonably satisfactory to Lessor and Lessor shall cooperate with Lessee in such defense. Lessor need not have first paid any such claim in order to be defended or indemnified.

8.8 **Exemption of Lessor and its Agents from Liability.** Notwithstanding the negligence or breach of this Lease by Lessor or its agents, neither Lessor nor its agents shall be liable under any circumstances for: (i) injury or damage to the person or goods, wares, merchandise or other property of Lessee, Lessee's employees, contractors, invitees, customers, or any other person in or about the Premises, whether such damage or injury is caused by or results from fire, steam, electricity, gas, water or rain, indoor air quality, the presence of mold or from the breakage, leakage, obstruction or other defects of pipes, fire sprinklers, wires, appliances, plumbing, HVAC or lighting fixtures, or from any other cause, whether the said injury or damage results from conditions arising upon the Premises or upon other portions of the Building, or from other sources or places; (ii) any damages arising from any act or neglect of any other tenant of Lessor or from the failure of Lessor or its agents to enforce the provisions of any other lease in the Project; or (iii) injury to Lessee's business or for any loss of income or profit therefrom. Instead, it is intended that Lessee's sole recourse in the event of such damages or injury be to file a claim on the insurance policy(ies) that Lessee is required to maintain pursuant to the provisions of paragraph 8.

8.9 **Failure to Provide Insurance.** Lessee acknowledges that any failure on its part to obtain or maintain the insurance required herein will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, for any month or portion thereof that Lessee does not maintain the required insurance and/or does not provide Lessor with the required binders or certificates evidencing the existence of the required insurance, the Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater. The parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to maintain the required insurance. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to maintain such insurance, prevent the exercise of any of the other rights and remedies granted hereunder, nor relieve Lessee of its obligation to maintain the insurance specified in this Lease.

9. Damage or Destruction.

9.1 **Definitions.**

(a) **"Premises Partial Damage"** shall mean damage or destruction to the Improvements on the Premises, other than Lessee Owned Alterations and Utility Installations, which can reasonably be repaired in 3 months or less from the date of the damage or destruction, and the cost thereof does not exceed a sum equal to 6 month's Base Rent. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the damage is Partial or Total.

(b) **"Premises Total Destruction"** shall mean damage or destruction to the Improvements on the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which cannot reasonably be repaired in 3 months or less from the date of the damage or destruction and/or the cost thereof exceeds a sum equal to 6 month's Base Rent. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the

damage is Partial or Total.

(c) **"Insured Loss"** shall mean damage or destruction to Improvements on the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which was caused by an event required to be covered by the insurance described in Paragraph 8.3(a), irrespective of any deductible amounts or coverage limits involved.

(d) **"Replacement Cost"** shall mean the cost to repair or rebuild the Improvements owned by Lessor at the time of the occurrence to their condition existing immediately prior thereto, including demolition, debris removal and upgrading required by the operation of Applicable Requirements, and without deduction for depreciation.

(e) **"Hazardous Substance Condition"** shall mean the occurrence or discovery of a condition involving the presence of, or a contamination by, a Hazardous Substance, in, on, or under the Premises which requires restoration.

9.2 **Partial Damage - Insured Loss.** If a Premises Partial Damage that is an Insured Loss occurs, then Lessor shall, at Lessor's expense, repair such damage (but not Lessee's Trade Fixtures or Lessee Owned Alterations and Utility Installations) as soon as reasonably possible and this Lease shall continue in full force and effect; provided, however, that Lessee shall, at Lessor's election, make the repair of any damage or destruction the total cost to repair of which is $10,000 or less, and, in such event, Lessor shall make any applicable insurance proceeds available to Lessee on a reasonable basis for that purpose. Notwithstanding the foregoing, if the required insurance was not in force or the insurance proceeds are not sufficient to effect such repair, the Insuring Party shall promptly contribute the shortage in proceeds as and when required to complete said repairs. In the event, however, such shortage was due to the fact that, by reason of the unique nature of the Improvements, full replacement cost insurance coverage was not commercially reasonable and available, Lessor shall have no obligation to pay for the shortage in insurance proceeds or to fully restore the unique aspects of the Premises unless Lessee provides Lessor with the funds to cover same, or adequate assurance thereof, within 10 days following receipt of written notice of such shortage and request therefor. If Lessor receives said funds or adequate assurance thereof within said 10 day period, the party responsible for making the repairs shall complete them as soon as reasonably possible and this Lease shall remain in full force and effect. If such funds or assurance are not received, Lessor may nevertheless elect by written notice to Lessee within 10 days thereafter to: (i) make such restoration and repair as is commercially reasonable with Lessor paying any shortage in proceeds, in which case this Lease shall remain in full force and effect, or (ii) have this Lease terminate 30 days thereafter. Lessee shall not be entitled to reimbursement of any funds contributed by Lessee to repair any such damage or destruction. Premises Partial Damage due to flood or earthquake shall be subject to Paragraph 9.3, notwithstanding that there may be some insurance coverage, but the net proceeds of any such insurance shall be made available for the repairs if made by either Party.

9.3 **Partial Damage - Uninsured Loss.** If a Premises Partial Damage that is not an Insured Loss occurs, unless caused by a negligent or willful act of Lessee (in which event Lessee shall make the repairs at Lessee's expense), Lessor may either: (i) repair such damage as soon as reasonably possible at Lessor's expense (subject to reimbursement pursuant to Paragraph 4.2), in which event this Lease shall continue in full force and effect, or (ii) terminate this Lease by giving written notice to Lessee within 30 days after receipt by Lessor of knowledge of the occurrence of such damage. Such termination shall be effective 60 days following the date of such notice. In the event Lessor elects to terminate this Lease, Lessee shall have the right within 10 days after receipt of the termination notice to give written notice to Lessor of Lessee's commitment to pay for the repair of such damage without reimbursement from Lessor. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days after making such commitment. In such event this Lease shall continue in full force and effect, and Lessor shall proceed to make such repairs as soon as reasonably possible after the required funds are available. If Lessee does not make the required commitment, this Lease shall terminate as of the date specified in the termination notice.

9.4 **Total Destruction.** Notwithstanding any other provision hereof, if a Premises Total Destruction occurs, this Lease shall terminate 60 days following such Destruction. If the damage or destruction was caused by the gross negligence or willful misconduct of Lessee, Lessor shall have the right to recover Lessor's damages from Lessee, except as provided in Paragraph 8.6.

9.5 **Damage Near End of Term.** If at any time during the last 6 months of this Lease there is damage for which the cost to repair exceeds one month's Base Rent, whether or not an Insured Loss, Lessor may terminate this Lease effective 60 days following the date of occurrence of such damage by giving a written termination notice to Lessee within 30 days after the date of occurrence of such damage. Notwithstanding the foregoing, if Lessee at that time has an exercisable option to extend this Lease or to purchase the Premises, then Lessee may preserve this Lease by (a) exercising such option and (b) providing Lessor with any shortage in insurance proceeds (or adequate assurance thereof) needed to make the repairs on or before the earlier of (i) the date which is 10 days after Lessee's receipt of Lessor's written notice purporting to terminate this Lease, or (ii) the day prior to the date upon which such option expires. If Lessee duly exercises such option during such period and provides Lessor with funds (or adequate assurance thereof) to cover any shortage in insurance proceeds, Lessor shall, at Lessor's commercially reasonable expense, repair such damage as soon as reasonably possible and this Lease shall continue in full force and effect. If Lessee fails to exercise such option and provide such funds or assurance during such period, then this Lease shall terminate on the date specified in the termination notice and Lessee's option shall be extinguished.

9.6 **Abatement of Rent; Lessee's Remedies.**

(a) **Abatement.** In the event of Premises Partial Damage or Premises Total Destruction or a Hazardous Substance Condition for which Lessee is not responsible under this Lease, the Rent payable by Lessee for the period required for the repair, remediation or restoration of such damage shall be abated in proportion to the degree to which Lessee's use of the Premises is impaired, but not to exceed the proceeds received from the Rental Value insurance. All other obligations of Lessee hereunder shall be performed by Lessee, and Lessor shall have no liability for any such damage, destruction, remediation, repair or restoration except as provided herein.

(b) **Remedies.** If Lessor is obligated to repair or restore the Premises and does not commence, in a substantial and meaningful way, such repair or restoration within 90 days after such obligation shall accrue, Lessee may, at any time prior to the commencement of such repair or restoration, give written notice to Lessor and to any Lenders of which Lessee has actual notice, of Lessee's election to terminate this Lease on a date not less than 60 days following the giving of such notice. If Lessee gives such notice and such repair or restoration is not commenced within 30 days thereafter, this Lease shall terminate as of the date specified in said notice. If the repair or restoration is commenced within such 30 days, this Lease shall continue in full force and effect. "Commence" shall mean either the unconditional authorization of the preparation of the required plans, or the beginning of the actual work on the Premises, whichever first occurs.

9.7 **Termination; Advance Payments.** Upon termination of this Lease pursuant to Paragraph 6.2(g) or Paragraph 9, an equitable adjustment shall be made concerning advance Base Rent and any other advance payments made by Lessee to Lessor. Lessor shall, in addition, return to Lessee so much of Lessee's Security Deposit as has not been, or is not then required to be, used by Lessor.

10. Real Property Taxes.

10.1 **Definitions.**

(a) **"Real Property Taxes."** As used herein, the term **"Real Property Taxes"** shall include any form of assessment; real estate, general, special, ordinary or extraordinary, or rental levy or tax (other than inheritance, personal income or estate taxes); improvement bond; and/or license fee imposed upon or levied against any legal or equitable interest of Lessor in the Project, Lessor's right to other income therefrom, and/or Lessor's business of leasing, by any authority having the direct or indirect power to tax and where the funds are generated with reference to the Project address. The term "Real Property Taxes" shall also include any tax, fee, levy,

assessment or charge, or any increase therein: (i) imposed by reason of events occurring during the term of this Lease, including but not limited to, a change in the ownership of the Project; (ii) a change in the improvements thereon; and/or (iii) levied or assessed on machinery or equipment provided by Lessor to Lessee pursuant to this Lease.

(b) **"Base Real Property Taxes."** As used herein, the term **"Base Real Property Taxes"** shall be the amount of Real Property Taxes, which are assessed against the Project, during the entire calendar year in which the Lease is executed.

10.2 **Payment of Taxes.** Except as otherwise provided in Paragraph 10.3, Lessor shall pay the Real Property Taxes applicable to the Project, and said payments shall be included in the calculation of Common Area Operating Expenses in accordance with the provisions of Paragraph 4.2.

10.3 **Additional Improvements.** Common Area Operating Expenses shall not include Real Property Taxes specified in the tax assessor's records and work sheets as being caused by additional improvements placed upon the Project by other tenants or by Lessor for the exclusive enjoyment of such other Tenants. Notwithstanding Paragraph 10.2 hereof, Lessee shall, however, pay to Lessor at the time Common Area Operating Expenses are payable under Paragraph 4.2, the entirety of any increase in Real Property Taxes if assessed solely by reason of Alterations, Trade Fixtures or Utility Installations placed upon the Premises by Lessee or at Lessee's request or by reason of any alterations or improvements to the Premises made by Lessor subsequent to the execution of this Lease by the Parties.

10.4 **Joint Assessment.** If the Building is not separately assessed, Real Property Taxes allocated to the Building shall be an equitable proportion of the Real Property Taxes for all of the land and improvements included within the tax parcel assessed, such proportion to be determined by Lessor from the respective valuations assigned in the assessor's work sheets or such other information as may be reasonably available. Lessor's reasonable determination thereof, in good faith, shall be conclusive.

10.5 **Personal Property Taxes.** Lessee shall pay prior to delinquency all taxes assessed against and levied upon Lessee Owned Alterations and Utility Installations, Trade Fixtures, furnishings, equipment and all personal property of Lessee contained in the Premises. When possible, Lessee shall cause its Lessee Owned Alterations and Utility Installations, Trade Fixtures, furnishings, equipment and all other personal property to be assessed and billed separately from the real property of Lessor. If any of Lessee's said property shall be assessed with Lessor's real property, Lessee shall pay Lessor the taxes attributable to Lessee's property within 10 days after receipt of a written statement setting forth the taxes applicable to Lessee's property.

11. Utilities and Services. Lessee shall pay for all water, gas, heat, light, power, telephone, trash disposal and other utilities and services supplied to the Premises, together with any taxes thereon. Notwithstanding the provisions of Paragraph 4.2, if at any time in Lessor's sole judgment, Lessor determines that Lessee is using a disproportionate amount of water, electricity or other commonly metered utilities, or that Lessee is generating such a large volume of trash as to require an increase in the size of the trash receptacle and/or an increase in the number of times per month that it is emptied, then Lessor may increase Lessee's Base Rent by an amount equal to such increased costs. There shall be no abatement of Rent and Lessor shall not be liable in any respect whatsoever for the inadequacy, stoppage, interruption or discontinuance of any utility or service due to riot, strike, labor dispute, breakdown, accident, repair or other cause beyond Lessor's reasonable control or in cooperation with governmental request or directions.

Within fifteen days of Lessor's written request, Lessee agrees to deliver to Lessor such information, documents and/or authorization as Lessor needs in order for Lessor to comply with new or existing Applicable Requirements relating to commercial building energy usage, ratings, and/or the reporting thereof.

12. Assignment and Subletting.

12.1 **Lessor's Consent Required.**

(a) Lessee shall not voluntarily or by operation of law assign, transfer, mortgage or encumber (collectively, **"assign or assignment"**) or sublet all or any part of Lessee's interest in this Lease or in the Premises without Lessor's prior written consent.

(b) Unless Lessee is a corporation and its stock is publicly traded on a national stock exchange, a change in the control of Lessee shall constitute an assignment requiring consent. The transfer, on a cumulative basis, of 25% or more of the voting control of Lessee shall constitute a change in control for this purpose.

(c) The involvement of Lessee or its assets in any transaction, or series of transactions (by way of merger, sale, acquisition, financing, transfer, leveraged buy-out or otherwise), whether or not a formal assignment or hypothecation of this Lease or Lessee's assets occurs, which results or will result in a reduction of the Net Worth of Lessee by an amount greater than 25% of such Net Worth as it was represented at the time of the execution of this Lease or at the time of the most recent assignment to which Lessor has consented, or as it exists immediately prior to said transaction or transactions constituting such reduction, whichever was or is greater, shall be considered an assignment of this Lease to which Lessor may withhold its consent. **"Net Worth of Lessee"** shall mean the net worth of Lessee (excluding any guarantors) established under generally accepted accounting principles.

(d) An assignment or subletting without consent shall, at Lessor's option, be a Default curable after notice per Paragraph 13.1(d), or a non-curable Breach without the necessity of any notice and grace period. If Lessor elects to treat such unapproved assignment or subletting as a non-curable Breach, Lessor may either: (i) terminate this Lease, or (ii) upon 30 days written notice, increase the monthly Base Rent to 110% of the Base Rent then in effect. Further, in the event of such Breach and rental adjustment, (i) the purchase price of any option to purchase the Premises held by Lessee shall be subject to similar adjustment to 110% of the price previously in effect, and (ii) all fixed and non-fixed rental adjustments scheduled during the remainder of the Lease term shall be increased to 110% of the scheduled adjusted rent.

(e) Lessee's remedy for any breach of Paragraph 12.1 by Lessor shall be limited to compensatory damages and/or injunctive relief.

(f) Lessor may reasonably withhold consent to a proposed assignment or subletting if Lessee is in Default at the time consent is requested.

(g) Notwithstanding the foregoing, allowing a de minimis portion of the Premises, ie. 20 square feet or less, to be used by a third party vendor in connection with the installation of a vending machine or pay phone shall not constitute a subletting.

12.2 **Terms and Conditions Applicable to Assignment and Subletting.**

(a) Regardless of Lessor's consent, no assignment or subletting shall: (i) be effective without the express written assumption by such assignee or sublessee of the obligations of Lessee under this Lease, (ii) release Lessee of any obligations hereunder, or (iii) alter the primary liability of Lessee for the payment of Rent or for the performance of any other obligations to be performed by Lessee.

(b) Lessor may accept Rent or performance of Lessee's obligations from any person other than Lessee pending approval or disapproval of an assignment. Neither a delay in the approval or disapproval of such assignment nor the acceptance of Rent or performance shall constitute a waiver or estoppel of Lessor's right to exercise its remedies for Lessee's Default or Breach.

(c) Lessor's consent to any assignment or subletting shall not constitute a consent to any subsequent assignment or subletting.

(d) In the event of any Default or Breach by Lessee, Lessor may proceed directly against Lessee, any Guarantors or anyone else responsible for the performance of Lessee's obligations under this Lease, including any assignee or sublessee, without first exhausting Lessor's remedies against any other person or entity responsible therefor to Lessor, or any security held by Lessor.

(e) Each request for consent to an assignment or subletting shall be in writing, accompanied by information relevant to Lessor's determination as to the financial and operational responsibility and appropriateness of the proposed assignee or sublessee, including but not limited to the intended use and/or required modification of the Premises, if any, together with a fee of $500 as consideration for Lessor considering and processing said request. Lessee agrees to provide Lessor

with such other or additional information and/or documentation as may be reasonably requested. (See also Paragraph 36)

(f) Any assignee of, or sublessee under, this Lease shall, by reason of accepting such assignment, entering into such sublease, or entering into possession of the Premises or any portion thereof, be deemed to have assumed and agreed to conform and comply with each and every term, covenant, condition and obligation herein to be observed or performed by Lessee during the term of said assignment or sublease, other than such obligations as are contrary to or inconsistent with provisions of an assignment or sublease to which Lessor has specifically consented to in writing.

(g) Lessor's consent to any assignment or subletting shall not transfer to the assignee or sublessee any Option granted to the original Lessee by this Lease unless such transfer is specifically consented to by Lessor in writing. (See Paragraph 39.2)

12.3 **Additional Terms and Conditions Applicable to Subletting.** The following terms and conditions shall apply to any subletting by Lessee of all or any part of the Premises and shall be deemed included in all subleases under this Lease whether or not expressly incorporated therein:

(a) Lessee hereby assigns and transfers to Lessor all of Lessee's interest in all Rent payable on any sublease, and Lessor may collect such Rent and apply same toward Lessee's obligations under this Lease; provided, however, that until a Breach shall occur in the performance of Lessee's obligations, Lessee may collect said Rent. In the event that the amount collected by Lessor exceeds Lessee's then outstanding obligations any such excess shall be refunded to Lessee. Lessor shall not, by reason of the foregoing or any assignment of such sublease, nor by reason of the collection of Rent, be deemed liable to the sublessee for any failure of Lessee to perform and comply with any of Lessee's obligations to such sublessee. Lessee hereby irrevocably authorizes and directs any such sublessee, upon receipt of a written notice from Lessor stating that a Breach exists in the performance of Lessee's obligations under this Lease, to pay to Lessor all Rent due and to become due under the sublease. Sublessee shall rely upon any such notice from Lessor and shall pay all Rents to Lessor without any obligation or right to inquire as to whether such Breach exists, notwithstanding any claim from Lessee to the contrary.

(b) In the event of a Breach by Lessee, Lessor may, at its option, require sublessee to attorn to Lessor, in which event Lessor shall undertake the obligations of the sublessor under such sublease from the time of the exercise of said option to the expiration of such sublease; provided, however, Lessor shall not be liable for any prepaid rents or security deposit paid by such sublessee to such sublessor or for any prior Defaults or Breaches of such sublessor.

(c) Any matter requiring the consent of the sublessor under a sublease shall also require the consent of Lessor.

(d) No sublessee shall further assign or sublet all or any part of the Premises without Lessor's prior written consent.

(e) Lessor shall deliver a copy of any notice of Default or Breach by Lessee to the sublessee, who shall have the right to cure the Default of Lessee within the grace period, if any, specified in such notice. The sublessee shall have a right of reimbursement and offset from and against Lessee for any such Defaults cured by the sublessee.

13. Default; Breach; Remedies.

13.1 **Default; Breach.** A "**Default**" is defined as a failure by the Lessee to comply with or perform any of the terms, covenants, conditions or Rules and Regulations under this Lease. A "**Breach**" is defined as the occurrence of one or more of the following Defaults, and the failure of Lessee to cure such Default within any applicable grace period:

(a) The abandonment of the Premises; or the vacating of the Premises without providing a commercially reasonable level of security, or where the coverage of the property insurance described in Paragraph 8.3 is jeopardized as a result thereof, or without providing reasonable assurances to minimize potential vandalism.

(b) The failure of Lessee to make any payment of Rent or any Security Deposit required to be made by Lessee hereunder, whether to Lessor or to a third party, when due, to provide reasonable evidence of insurance or surety bond, or to fulfill any obligation under this Lease which endangers or threatens life or property, where such failure continues for a period of 3 business days following written notice to Lessee. THE ACCEPTANCE BY LESSOR OF A PARTIAL PAYMENT OF RENT OR SECURITY DEPOSIT SHALL NOT CONSTITUTE A WAIVER OF ANY OF LESSOR'S RIGHTS, INCLUDING LESSOR'S RIGHT TO RECOVER POSSESSION OF THE PREMISES.

(c) The failure of Lessee to allow Lessor and/or its agents access to the Premises or the commission of waste, act or acts constituting public or private nuisance, and/or an illegal activity on the Premises by Lessee, where such actions continue for a period of 3 business days following written notice to Lessee. In the event that Lessee commits waste, a nuisance or an illegal activity a second time then, the Lessor may elect to treat such conduct as a non-curable Breach rather than a Default.

(d) The failure by Lessee to provide (i) reasonable written evidence of compliance with Applicable Requirements, (ii) the service contracts, (iii) the rescission of an unauthorized assignment or subletting, (iv) an Estoppel Certificate or financial statements, (v) a requested subordination, (vi) evidence concerning any guaranty and/or Guarantor, (vii) any document requested under Paragraph 41, (viii) material safety data sheets (MSDS), or (ix) any other documentation or information which Lessor may reasonably require of Lessee under the terms of this Lease, where any such failure continues for a period of 10 days following written notice to Lessee.

(e) A Default by Lessee as to the terms, covenants, conditions or provisions of this Lease, or of the rules adopted under Paragraph 2.9 hereof, other than those described in subparagraphs 13.1(a), (b), (c) or (d), above, where such Default continues for a period of 30 days after written notice; provided, however, that if the nature of Lessee's Default is such that more than 30 days are reasonably required for its cure, then it shall not be deemed to be a Breach if Lessee commences such cure within said 30 day period and thereafter diligently prosecutes such cure to completion.

(f) The occurrence of any of the following events: (i) the making of any general arrangement or assignment for the benefit of creditors; (ii) becoming a "**debtor**" as defined in 11 U.S.C. § 101 or any successor statute thereto (unless, in the case of a petition filed against Lessee, the same is dismissed within 60 days); (iii) the appointment of a trustee or receiver to take possession of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where possession is not restored to Lessee within 30 days; or (iv) the attachment, execution or other judicial seizure of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where such seizure is not discharged within 30 days; provided, however, in the event that any provision of this subparagraph is contrary to any applicable law, such provision shall be of no force or effect, and not affect the validity of the remaining provisions.

(g) The discovery that any financial statement of Lessee or of any Guarantor given to Lessor was materially false.

(h) If the performance of Lessee's obligations under this Lease is guaranteed: (i) the death of a Guarantor, (ii) the termination of a Guarantor's liability with respect to this Lease other than in accordance with the terms of such guaranty, (iii) a Guarantor's becoming insolvent or the subject of a bankruptcy filing, (iv) a Guarantor's refusal to honor the guaranty, or (v) a Guarantor's breach of its guaranty obligation on an anticipatory basis, and Lessee's failure, within 60 days following written notice of any such event, to provide written alternative assurance or security, which, when coupled with the then existing resources of Lessee, equals or exceeds the combined financial resources of Lessee and the Guarantors that existed at the time of execution of this Lease.

13.2 **Remedies.** If Lessee fails to perform any of its affirmative duties or obligations, within 10 days after written notice (or in case of an emergency, without notice), Lessor may, at its option, perform such duty or obligation on Lessee's behalf, including but not limited to the obtaining of reasonably required bonds, insurance policies, or governmental licenses, permits or approvals. Lessee shall pay to Lessor an amount equal to 115% of the costs and expenses incurred by Lessor in such performance upon receipt of an invoice therefor. In the event of a Breach, Lessor may, with or without further notice or demand, and without limiting Lessor in the exercise of any right or remedy which Lessor may have by reason of such Breach:

(a) Terminate Lessee's right to possession of the Premises by any lawful means, in which case this Lease shall terminate and Lessee shall immediately surrender possession to Lessor. In such event Lessor shall be entitled to recover from Lessee: (i) the unpaid Rent which had been earned at the time of termination; (ii) the worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Lessee proves could have been reasonably avoided; (iii) the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Lessee proves could be reasonably avoided; and (iv) any other amount necessary to compensate Lessor for all the detriment proximately caused by the Lessee's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession of the Premises, expenses of reletting, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, and that portion of any leasing commission paid by Lessor in connection with this Lease applicable to the unexpired term of this Lease. The worth at the time of award of the amount referred to in provision (iii) of the immediately preceding sentence shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of the District within which the Premises are located at the time of award plus one percent. Efforts by Lessor to mitigate damages caused by Lessee's Breach of this Lease shall not waive Lessor's right to recover any damages to which Lessor is otherwise entitled. If termination of this Lease is obtained through the provisional remedy of unlawful detainer, Lessor shall have the right to recover in such proceeding any unpaid Rent and damages as are recoverable therein, or Lessor may reserve the right to recover all or any part thereof in a separate suit. If a notice and grace period required under Paragraph 13.1 was not previously given, a notice to pay rent or quit, or to perform or quit given to Lessee under the unlawful detainer statute shall also constitute the notice required by Paragraph 13.1. In such case, the applicable grace period required by Paragraph 13.1 and the unlawful detainer statute shall run concurrently, and the failure of Lessee to cure the Default within the greater of the two such grace periods shall constitute both an unlawful detainer and a Breach of this Lease entitling Lessor to the remedies provided for in this Lease and/or by said statute.

(b) Continue the Lease and Lessee's right to possession and recover the Rent as it becomes due, in which event Lessee may sublet or assign, subject only to reasonable limitations. Acts of maintenance, efforts to relet, and/or the appointment of a receiver to protect the Lessor's interests, shall not constitute a termination of the Lessee's right to possession.

(c) Pursue any other remedy now or hereafter available under the laws or judicial decisions of the state wherein the Premises are located. The expiration or termination of this Lease and/or the termination of Lessee's right to possession shall not relieve Lessee from liability under any indemnity provisions of this Lease as to matters occurring or accruing during the term hereof or by reason of Lessee's occupancy of the Premises.

13.3 **Inducement Recapture.** Any agreement for free or abated rent or other charges, the cost of tenant improvements for Lessee paid for or performed by Lessor, or for the giving or paying by Lessor to or for Lessee of any cash or other bonus, inducement or consideration for Lessee's entering into this Lease, all of which concessions are hereinafter referred to as "**Inducement Provisions,**" shall be deemed conditioned upon Lessee's full and faithful performance of all of the terms, covenants and conditions of this Lease. Upon Breach of this Lease by Lessee, any such Inducement Provision shall automatically be deemed deleted from this Lease and of no further force or effect, and any rent, other charge, bonus, inducement or consideration theretofore abated, given or paid by Lessor under such an Inducement Provision shall be immediately due and payable by Lessee to Lessor, notwithstanding any subsequent cure of said Breach by Lessee. The acceptance by Lessor of rent or the cure of the Breach which initiated the operation of this paragraph shall not be deemed a waiver by Lessor of the provisions of this paragraph unless specifically so stated in writing by Lessor at the time of such acceptance.

13.4 **Late Charges.** Lessee hereby acknowledges that late payment by Lessee of Rent will cause Lessor to incur costs not contemplated by this Lease, the exact amount of which will be extremely difficult to ascertain. Such costs include, but are not limited to, processing and accounting charges, and late charges which may be imposed upon Lessor by any Lender. Accordingly, if any Rent shall not be received by Lessor within 5 days after such amount shall be due, then, without any requirement for notice to Lessee, Lessee shall immediately pay to Lessor a one-time late charge equal to 10% of each such overdue amount or $100, whichever is greater. The parties hereby agree that such late charge represents a fair and reasonable estimate of the costs Lessor will incur by reason of such late payment. Acceptance of such late charge by Lessor shall in no event constitute a waiver of Lessee's Default or Breach with respect to such overdue amount, nor prevent the exercise of any of the other rights and remedies granted hereunder. In the event that a late charge is payable hereunder, whether or not collected, for 3 consecutive installments of Base Rent, then notwithstanding any provision of this Lease to the contrary, Base Rent shall, at Lessor's option, become due and payable quarterly in advance.

13.5 **Interest.** Any monetary payment due Lessor hereunder, other than late charges, not received by Lessor, when due shall bear interest from the 31st day after it was due. The interest ("**Interest**") charged shall be computed at the rate of 10% per annum but shall not exceed the maximum rate allowed by law. Interest is payable in addition to the potential late charge provided for in Paragraph 13.4.

13.6 **Breach by Lessor.**

(a) **Notice of Breach.** Lessor shall not be deemed in breach of this Lease unless Lessor fails within a reasonable time to perform an obligation required to be performed by Lessor. For purposes of this Paragraph, a reasonable time shall in no event be less than 30 days after receipt by Lessor, and any Lender whose name and address shall have been furnished to Lessee in writing for such purpose, of written notice specifying wherein such obligation of Lessor has not been performed; provided, however, that if the nature of Lessor's obligation is such that more than 30 days are reasonably required for its performance, then Lessor shall not be in breach if performance is commenced within such 30 day period and thereafter diligently pursued to completion.

(b) **Performance by Lessee on Behalf of Lessor.** In the event that neither Lessor nor Lender cures said breach within 30 days after receipt of said notice, or if having commenced said cure they do not diligently pursue it to completion, then Lessee may elect to cure said breach at Lessee's expense and offset from Rent the actual and reasonable cost to perform such cure, provided however, that such offset shall not exceed an amount equal to the greater of one month's Base Rent or the Security Deposit, reserving Lessee's right to reimbursement from Lessor for any such expense in excess of such offset. Lessee shall document the cost of said cure and supply said documentation to Lessor.

14. Condemnation. If the Premises or any portion thereof are taken under the power of eminent domain or sold under the threat of the exercise of said power (collectively "**Condemnation**"), this Lease shall terminate as to the part taken as of the date the condemning authority takes title or possession, whichever first occurs. If more than 10% of the floor area of the Unit, or more than 25% of the parking spaces is taken by Condemnation, Lessee may, at Lessee's option, to be exercised in writing within 10 days after Lessor shall have given Lessee written notice of such taking (or in the absence of such notice, within 10 days after the condemning authority shall have taken possession) terminate this Lease as of the date the condemning authority takes such possession. If Lessee does not terminate this Lease in accordance with the foregoing, this Lease shall remain in full force and effect as to the portion of the Premises remaining, except that the Base Rent shall be reduced in proportion to the reduction in utility of the Premises caused by such Condemnation. Condemnation awards and/or payments shall be the property of Lessor, whether such award shall be made as compensation for diminution in value of the leasehold, the value of the part taken, or for severance damages; provided, however, that Lessee shall be entitled to any compensation paid by the condemnor for Lessee's relocation expenses, loss of business goodwill and/or Trade Fixtures, without regard to whether or not this Lease is terminated pursuant to the provisions of this Paragraph. All Alterations and Utility Installations made to the Premises by Lessee, for purposes of Condemnation only, shall be considered the property of the Lessee and Lessee shall be entitled to any and all compensation which is payable therefor. In the event that this Lease is not terminated by reason of the Condemnation, Lessor shall repair any damage to the Premises caused by such Condemnation.

15. Brokerage Fees.

15.1 **Additional Commission.** In addition to the payments owed pursuant to Paragraph 1.10 above, Lessor agrees that: (a) if Lessee exercises any Option, (b) if Lessee or anyone affiliated with Lessee acquires from Lessor any rights to the Premises or other premises owned by Lessor and located within the Project, (c) if Lessee remains in possession of the Premises, with the consent of Lessor, after the expiration of this Lease, or (d) if Base Rent is increased, whether by agreement or operation of an escalation clause herein, then, Lessor shall pay Brokers a fee in accordance with the fee schedule of the Brokers in effect at the time the Lease was executed.

15.2 **Assumption of Obligations.** Any buyer or transferee of Lessor's interest in this Lease shall be deemed to have assumed Lessor's obligation hereunder. Brokers shall be third party beneficiaries of the provisions of Paragraphs 1.10, 15, 22 and 31. If Lessor fails to pay to Brokers any amounts due as and for brokerage fees pertaining to this Lease when due, then such amounts shall accrue interest. In addition, if Lessor fails to pay any amounts to Lessee's Broker when due, Lessee's Broker may send written notice to Lessor and Lessee of such failure and if Lessor fails to pay such amounts within 10 days after said notice, Lessee shall pay said monies to its Broker and offset such amounts against Rent. In addition, Lessee's Broker shall be deemed to be a third party beneficiary of any commission agreement entered into by and/or between Lessor and Lessor's Broker for the limited purpose of collecting any brokerage fee owed.

15.3 **Representations and Indemnities of Broker Relationships.** Lessee and Lessor each represent and warrant to the other that it has had no dealings with any person, firm, broker, agent or finder (other than the Brokers and Agents, if any) in connection with this Lease, and that no one other than said named Brokers and Agents is entitled to any commission or finder's fee in connection herewith. Lessee and Lessor do each hereby agree to indemnify, protect, defend and hold the other harmless from and against liability for compensation or charges which may be claimed by any such unnamed broker, finder or other similar party by reason of any dealings or actions of the indemnifying Party, including any costs, expenses, attorneys' fees reasonably incurred with respect thereto.

16. Estoppel Certificates.

(a) Each Party (as "**Responding Party**") shall within 10 days after written notice from the other Party (the "**Requesting Party**") execute, acknowledge and deliver to the Requesting Party a statement in writing in form similar to the then most current "**Estoppel Certificate**" form published BY AIR CRE, plus such additional information, confirmation and/or statements as may be reasonably requested by the Requesting Party.

(b) If the Responding Party shall fail to execute or deliver the Estoppel Certificate within such 10 day period, the Requesting Party may execute an Estoppel Certificate stating that: (i) the Lease is in full force and effect without modification except as may be represented by the Requesting Party, (ii) there are no uncured defaults in the Requesting Party's performance, and (iii) if Lessor is the Requesting Party, not more than one month's rent has been paid in advance. Prospective purchasers and encumbrancers may rely upon the Requesting Party's Estoppel Certificate, and the Responding Party shall be estopped from denying the truth of the facts contained in said Certificate. In addition, Lessee acknowledges that any failure on its part to provide such an Estoppel Certificate will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to execute and/or deliver a requested Estoppel Certificate in a timely fashion the monthly Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater for remainder of the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to provide the Estoppel Certificate. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to provide the Estoppel Certificate nor prevent the exercise of any of the other rights and remedies granted hereunder.

(c) If Lessor desires to finance, refinance, or sell the Premises, or any part thereof, Lessee and all Guarantors shall within 10 days after written notice from Lessor deliver to any potential lender or purchaser designated by Lessor such financial statements as may be reasonably required by such lender or purchaser, including but not limited to Lessee's financial statements for the past 3 years. All such financial statements shall be received by Lessor and such lender or purchaser in confidence and shall be used only for the purposes herein set forth.

17. Definition of Lessor. The term "**Lessor**" as used herein shall mean the owner or owners at the time in question of the fee title to the Premises, or, if this is a sublease, of the Lessee's interest in the prior lease. In the event of a transfer of Lessor's title or interest in the Premises or this Lease, Lessor shall deliver to the transferee or assignee (in cash or by credit) any unused Security Deposit held by Lessor. Upon such transfer or assignment and delivery of the Security Deposit, as aforesaid, the prior Lessor shall be relieved of all liability with respect to the obligations and/or covenants under this Lease thereafter to be performed by the Lessor. Subject to the foregoing, the obligations and/or covenants in this Lease to be performed by the Lessor shall be binding only upon the Lessor as hereinabove defined.

18. Severability. The invalidity of any provision of this Lease, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision hereof.

19. Days. Unless otherwise specifically indicated to the contrary, the word "**days**" as used in this Lease shall mean and refer to calendar days.

20. Limitation on Liability. The obligations of Lessor under this Lease shall not constitute personal obligations of Lessor, or its partners, members, directors, officers or shareholders, and Lessee shall look to the Premises, and to no other assets of Lessor, for the satisfaction of any liability of Lessor with respect to this Lease, and shall not seek recourse against Lessor's partners, members, directors, officers or shareholders, or any of their personal assets for such satisfaction.

21. Time of Essence. Time is of the essence with respect to the performance of all obligations to be performed or observed by the Parties under this Lease.

22. No Prior or Other Agreements; Broker Disclaimer. This Lease contains all agreements between the Parties with respect to any matter mentioned herein, and no other prior or contemporaneous agreement or understanding shall be effective. Lessor and Lessee each represents and warrants to the Brokers that it has made, and is relying solely upon, its own investigation as to the nature, quality, character and financial responsibility of the other Party to this Lease and as to the use, nature, quality and character of the Premises. Brokers have no responsibility with respect thereto or with respect to any default or breach hereof by either Party.

23. Notices.

23.1 **Notice Requirements.** All notices required or permitted by this Lease or applicable law shall be in writing and may be delivered in person (by hand or by courier) or may be sent by regular, certified or registered mail or U.S. Postal Service Express Mail, with postage prepaid, or by facsimile transmission, or by email, and shall be deemed sufficiently given if served in a manner specified in this Paragraph 23. The addresses noted adjacent to a Party's signature on this Lease shall be that Party's address for delivery or mailing of notices. Either Party may by written notice to the other specify a different address for notice, except that upon Lessee's taking possession of the Premises, the Premises shall constitute Lessee's address for notice. A copy of all notices to Lessor shall be concurrently transmitted to such party or parties at such addresses as Lessor may from time to time hereafter designate in writing.

23.2 **Date of Notice.** Any notice sent by registered or certified mail, return receipt requested, shall be deemed given on the date of delivery shown on the receipt card, or if no delivery date is shown, the postmark thereon. If sent by regular mail the notice shall be deemed given 72 hours after the same is addressed as required herein and mailed with postage prepaid. Notices delivered by United States Express Mail or overnight courier that guarantees next day delivery shall be

deemed given 24 hours after delivery of the same to the Postal Service or courier. Notices delivered by hand, or transmitted by facsimile transmission or by email shall be deemed delivered upon actual receipt. If notice is received on a Saturday, Sunday or legal holiday, it shall be deemed received on the next business day.

23.3 **Options.** Notwithstanding the foregoing, in order to exercise any Options (see paragraph 39), the Notice must be sent by Certified Mail (return receipt requested), Express Mail (signature required), courier (signature required) or some other methodology that provides a receipt establishing the date the notice was received by the Lessor.

24. Waivers.

(a) No waiver by Lessor of the Default or Breach of any term, covenant or condition hereof by Lessee, shall be deemed a waiver of any other term, covenant or condition hereof, or of any subsequent Default or Breach by Lessee of the same or of any other term, covenant or condition hereof. Lessor's consent to, or approval of, any act shall not be deemed to render unnecessary the obtaining of Lessor's consent to, or approval of, any subsequent or similar act by Lessee, or be construed as the basis of an estoppel to enforce the provision or provisions of this Lease requiring such consent.

(b) The acceptance of Rent by Lessor shall not be a waiver of any Default or Breach by Lessee. Any payment by Lessee may be accepted by Lessor on account of monies or damages due Lessor, notwithstanding any qualifying statements or conditions made by Lessee in connection therewith, which such statements and/or conditions shall be of no force or effect whatsoever unless specifically agreed to in writing by Lessor at or before the time of deposit of such payment.

(c) THE PARTIES AGREE THAT THE TERMS OF THIS LEASE SHALL GOVERN WITH REGARD TO ALL MATTERS RELATED THERETO AND HEREBY WAIVE THE PROVISIONS OF ANY PRESENT OR FUTURE STATUTE TO THE EXTENT THAT SUCH STATUTE IS INCONSISTENT WITH THIS LEASE.

25. Disclosures Regarding The Nature of a Real Estate Agency Relationship.

(a) When entering into a discussion with a real estate agent regarding a real estate transaction, a Lessor or Lessee should from the outset understand what type of agency relationship or representation it has with the agent or agents in the transaction. Lessor and Lessee acknowledge being advised by the Brokers in this transaction, as follows:

(i) *Lessor's Agent*. A Lessor's agent under a listing agreement with the Lessor acts as the agent for the Lessor only. A Lessor's agent or subagent has the following affirmative obligations: *To the Lessor*: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessor. *To the Lessee and the Lessor*: (a) Diligent exercise of reasonable skills and care in performance of the agent's duties. (b) A duty of honest and fair dealing and good faith. (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(ii) *Lessee's Agent*. An agent can agree to act as agent for the Lessee only. In these situations, the agent is not the Lessor's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Lessor. An agent acting only for a Lessee has the following affirmative obligations. *To the Lessee*: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessee. *To the Lessee and the Lessor*: (a) Diligent exercise of reasonable skills and care in performance of the agent's duties. (b) A duty of honest and fair dealing and good faith. (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(iii) *Agent Representing Both Lessor and Lessee*. A real estate agent, either acting directly or through one or more associate licenses, can legally be the agent of both the Lessor and the Lessee in a transaction, but only with the knowledge and consent of both the Lessor and the Lessee. In a dual agency situation, the agent has the following affirmative obligations to both the Lessor and the Lessee: (a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either Lessor or the Lessee. (b) Other duties to the Lessor and the Lessee as stated above in subparagraphs (i) or (ii). In representing both Lessor and Lessee, the agent may not, without the express permission of the respective Party, disclose to the other Party confidential information, including, but not limited to, facts relating to either Lessee's or Lessor's financial position, motivations, bargaining position, or other personal information that may impact rent, including Lessor's willingness to accept a rent less than the listing rent or Lessee's willingness to pay rent greater than the rent offered. The above duties of the agent in a real estate transaction do not relieve a Lessor or Lessee from the responsibility to protect their own interests. Lessor and Lessee should carefully read all agreements to assure that they adequately express their understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional. Both Lessor and Lessee should strongly consider obtaining tax advice from a competent professional because the federal and state tax consequences of a transaction can be complex and subject to change.

(b) Brokers have no responsibility with respect to any default or breach hereof by either Party. The Parties agree that no lawsuit or other legal proceeding involving any breach of duty, error or omission relating to this Lease may be brought against Broker more than one year after the Start Date and that the liability (including court costs and attorneys' fees), of any Broker with respect to any such lawsuit and/or legal proceeding shall not exceed the fee received by such Broker pursuant to this Lease; provided, however, that the foregoing limitation on each Broker's liability shall not be applicable to any gross negligence or willful misconduct of such Broker.

(c) Lessor and Lessee agree to identify to Brokers as "Confidential" any communication or information given Brokers that is considered by such Party to be confidential.

26. No Right To Holdover. Lessee has no right to retain possession of the Premises or any part thereof beyond the expiration or termination of this Lease. In the event that Lessee holds over, then the Base Rent shall be increased to 150% of the Base Rent applicable immediately preceding the expiration or termination. Holdover Base Rent shall be calculated on monthly basis. Nothing contained herein shall be construed as consent by Lessor to any holding over by Lessee.

27. Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.

28. Covenants and Conditions; Construction of Agreement. All provisions of this Lease to be observed or performed by Lessee are both covenants and conditions. In construing this Lease, all headings and titles are for the convenience of the Parties only and shall not be considered a part of this Lease. Whenever required by the context, the singular shall include the plural and vice versa. This Lease shall not be construed as if prepared by one of the Parties, but rather according to its fair meaning as a whole, as if both Parties had prepared it.

29. Binding Effect; Choice of Law. This Lease shall be binding upon the Parties, their personal representatives, successors and assigns and be governed by the laws of the State in which the Premises are located. Any litigation between the Parties hereto concerning this Lease shall be initiated in the county in which the Premises are located. Signatures to this Lease accomplished by means of electronic signature or similar technology shall be legal and binding.

30. Subordination; Attornment; Non-Disturbance.

30.1 **Subordination.** This Lease and any Option granted hereby shall be subject and subordinate to any ground lease, mortgage, deed of trust, or other hypothecation or security device (collectively, **"Security Device"**), now or hereafter placed upon the Premises, to any and all advances made on the security thereof, and to all renewals, modifications, and extensions thereof. Lessee agrees that the holders of any such Security Devices (in this Lease together referred to as **"Lender"**) shall have no liability or obligation to perform any of the obligations of Lessor under this Lease. Any Lender may elect to have this Lease and/or any Option granted hereby superior to the lien of its Security Device by giving written notice thereof to Lessee, whereupon this Lease and such Options shall be deemed prior to such Security Device, notwithstanding the relative dates of the documentation or recordation thereof.

30.2 **Attornment.** In the event that Lessor transfers title to the Premises, or the Premises are acquired by another upon the foreclosure or termination of a Security Device to which this Lease is subordinated (i) Lessee shall, subject to the non-disturbance provisions of Paragraph 30.3, attorn to such new owner, and upon request, enter into a new lease, containing all of the terms and provisions of this Lease, with such new owner for the remainder of the term hereof, or, at the election of the new owner, this Lease will automatically become a new lease between Lessee and such new owner, and (ii) Lessor shall thereafter be relieved of any further obligations hereunder and such new owner shall assume all of Lessor's obligations, except that such new owner shall not: (a) be liable for any act or omission of any prior lessor or with respect to events occurring prior to acquisition of ownership; (b) be subject to any offsets or defenses which Lessee might have against any prior lessor, (c) be bound by prepayment of more than one month's rent, or (d) be liable for the return of any security deposit paid to any prior lessor which was not paid or credited to such new owner.

30.3 **Non-Disturbance.** With respect to Security Devices entered into by Lessor after the execution of this Lease, Lessee's subordination of this Lease shall be subject to receiving a commercially reasonable non-disturbance agreement (a **"Non-Disturbance Agreement"**) from the Lender which Non-Disturbance Agreement provides that Lessee's possession of the Premises, and this Lease, including any options to extend the term hereof, will not be disturbed so long as Lessee is not in Breach hereof and attorns to the record owner of the Premises. Further, within 60 days after the execution of this Lease, Lessor shall, if requested by Lessee, use its commercially reasonable efforts to obtain a Non-Disturbance Agreement from the holder of any pre-existing Security Device which is secured by the Premises. In the event that Lessor is unable to provide the Non-Disturbance Agreement within said 60 days, then Lessee may, at Lessee's option, directly contact Lender and attempt to negotiate for the execution and delivery of a Non-Disturbance Agreement.

30.4 **Self-Executing.** The agreements contained in this Paragraph 30 shall be effective without the execution of any further documents; provided, however, that, upon written request from Lessor or a Lender in connection with a sale, financing or refinancing of the Premises, Lessee and Lessor shall execute such further writings as may be reasonably required to separately document any subordination, attornment and/or Non-Disturbance Agreement provided for herein.

31. Attorneys' Fees. If any Party or Broker brings an action or proceeding involving the Premises whether founded in tort, contract or equity, or to declare rights hereunder, the Prevailing Party (as hereafter defined) in any such proceeding, action, or appeal thereon, shall be entitled to reasonable attorneys' fees. Such fees may be awarded in the same suit or recovered in a separate suit, whether or not such action or proceeding is pursued to decision or judgment. The term, **"Prevailing Party"** shall include, without limitation, a Party or Broker who substantially obtains or defeats the relief sought, as the case may be, whether by compromise, settlement, judgment, or the abandonment by the other Party or Broker of its claim or defense. The attorneys' fees award shall not be computed in accordance with any court fee schedule, but shall be such as to fully reimburse all attorneys' fees reasonably incurred. In addition, Lessor shall be entitled to attorneys' fees, costs and expenses incurred in the preparation and service of notices of Default and consultations in connection therewith, whether or not a legal action is subsequently commenced in connection with such Default or resulting Breach ($200 is a reasonable minimum per occurrence for such services and consultation).

32. Lessor's Access; Showing Premises; Repairs. Lessor and Lessor's agents shall have the right to enter the Premises at any time, in the case of an emergency, and otherwise at reasonable times after reasonable prior notice for the purpose of showing the same to prospective purchasers, lenders, or tenants, and making such alterations, repairs, improvements or additions to the Premises as Lessor may deem necessary or desirable and the erecting, using and maintaining of utilities, services, pipes and conduits through the Premises and/or other premises as long as there is no material adverse effect on Lessee's use of the Premises. All such activities shall be without abatement of rent or liability to Lessee.

33. Auctions. Lessee shall not conduct, nor permit to be conducted, any auction upon the Premises without Lessor's prior written consent. Lessor shall not be obligated to exercise any standard of reasonableness in determining whether to permit an auction.

34. Signs. Lessor may place on the Premises ordinary "For Sale" signs at any time and ordinary "For Lease" signs during the last 6 months of the term hereof. Except for ordinary "For Sublease" signs which may be placed only on the Premises, Lessee shall not place any sign upon the Project without Lessor's prior written consent. All signs must comply with all Applicable Requirements.

35. Termination; Merger. Unless specifically stated otherwise in writing by Lessor, the voluntary or other surrender of this Lease by Lessee, the mutual termination or cancellation hereof, or a termination hereof by Lessor for Breach by Lessee, shall automatically terminate any sublease or lesser estate in the Premises; provided, however, that Lessor may elect to continue any one or all existing subtenancies. Lessor's failure within 10 days following any such event to elect to the contrary by written notice to the holder of any such lesser interest, shall constitute Lessor's election to have such event constitute the termination of such interest.

36. Consents. All requests for consent shall be in writing. Except as otherwise provided herein, wherever in this Lease the consent of a Party is required to an act by or for the other Party, such consent shall not be unreasonably withheld or delayed. Lessor's actual reasonable costs and expenses (including but not limited to architects', attorneys', engineers' and other consultants' fees) incurred in the consideration of, or response to, a request by Lessee for any Lessor consent, including but not limited to consents to an assignment, a subletting or the presence or use of a Hazardous Substance, shall be paid by Lessee upon receipt of an invoice and supporting documentation therefor. Lessor's consent to any act, assignment or subletting shall not constitute an acknowledgment that no Default or Breach by Lessee of this Lease exists, nor shall such consent be deemed a waiver of any then existing Default or Breach, except as may be otherwise specifically stated in writing by Lessor at the time of such consent. The failure to specify herein any particular condition to Lessor's consent shall not preclude the imposition by Lessor at the time of consent of such further or other conditions as are then reasonable with reference to the particular matter for which consent is being given. In the event that either Party disagrees with any determination made by the other hereunder and reasonably requests the reasons for such determination, the determining party shall furnish its reasons in writing and in reasonable detail within 10 business days following such request.

37. Guarantor.

37.1 **Execution.** The Guarantors, if any, shall each execute a guaranty in the form most recently published BY AIR CRE.

37.2 **Default.** It shall constitute a Default of the Lessee if any Guarantor fails or refuses, upon request to provide: (a) evidence of the execution of the guaranty, including the authority of the party signing on Guarantor's behalf to obligate Guarantor, and in the case of a corporate Guarantor, a certified copy of a resolution of its board of directors authorizing the making of such guaranty, (b) current financial statements, (c) an Estoppel Certificate, or (d) written confirmation that the guaranty is still in effect.

38. Quiet Possession. Subject to payment by Lessee of the Rent and performance of all of the covenants, conditions and provisions on Lessee's part to be observed and performed under this Lease, Lessee shall have quiet possession and quiet enjoyment of the Premises during the term hereof.

39. Options. If Lessee is granted any option, as defined below, then the following provisions shall apply.

39.1 **Definition. "Option"** shall mean: (a) the right to extend or reduce the term of or renew this Lease or to extend or reduce the term of or renew any lease that Lessee has on other property of Lessor; (b) the right of first refusal or first offer to lease either the Premises or other property of Lessor; (c) the right to purchase, the right of first offer to purchase or the right of first refusal to purchase the Premises or other property of Lessor.

39.2 **Options Personal To Original Lessee.** Any Option granted to Lessee in this Lease is personal to the original Lessee, and cannot be assigned or exercised by anyone other than said original Lessee and only while the original Lessee is in full possession of the Premises and, if requested by Lessor, with Lessee certifying that Lessee has no intention of thereafter assigning or subletting.

39.3 **Multiple Options.** In the event that Lessee has any multiple Options to extend or renew this Lease, a later Option cannot be exercised unless the prior Options have been validly exercised.

39.4 **Effect of Default on Options.**

(a) Lessee shall have no right to exercise an Option: (i) during the period commencing with the giving of any notice of Default and continuing until said Default is cured, (ii) during the period of time any Rent is unpaid (without regard to whether notice thereof is given Lessee), (iii) during the time Lessee is in Breach of this Lease, or (iv) in the event that Lessee has been given 3 or more notices of separate Default, whether or not the Defaults are cured, during the 12 month period immediately preceding the exercise of the Option.

(b) The period of time within which an Option may be exercised shall not be extended or enlarged by reason of Lessee's inability to exercise an Option because of the provisions of Paragraph 39.4(a).

(c) An Option shall terminate and be of no further force or effect, notwithstanding Lessee's due and timely exercise of the Option, if, after such exercise and prior to the commencement of the extended term or completion of the purchase, (i) Lessee fails to pay Rent for a period of 30 days after such Rent becomes due (without any necessity of Lessor to give notice thereof), or (ii) if Lessee commits a Breach of this Lease.

40. Security Measures. Lessee hereby acknowledges that the Rent payable to Lessor hereunder does not include the cost of guard service or other security measures, and that Lessor shall have no obligation whatsoever to provide same. Lessee assumes all responsibility for the protection of the Premises, Lessee, its agents and invitees and their property from the acts of third parties.

41. Reservations. Lessor reserves the right: (i) to grant, without the consent or joinder of Lessee, such easements, rights and dedications that Lessor deems necessary, (ii) to cause the recordation of parcel maps and restrictions, and (iii) to create and/or install new utility raceways, so long as such easements, rights, dedications, maps, restrictions, and utility raceways do not unreasonably interfere with the use of the Premises by Lessee. Lessee agrees to sign any documents reasonably requested by Lessor to effectuate such rights.

42. Performance Under Protest. If at any time a dispute shall arise as to any amount or sum of money to be paid by one Party to the other under the provisions hereof, the Party against whom the obligation to pay the money is asserted shall have the right to make payment "under protest" and such payment shall not be regarded as a voluntary payment and there shall survive the right on the part of said Party to institute suit for recovery of such sum. If it shall be adjudged that there was no legal obligation on the part of said Party to pay such sum or any part thereof, said Party shall be entitled to recover such sum or so much thereof as it was not legally required to pay. A Party who does not initiate suit for the recovery of sums paid "under protest" within 6 months shall be deemed to have waived its right to protest such payment.

43. Authority; Multiple Parties; Execution.

(a) If either Party hereto is a corporation, trust, limited liability company, partnership, or similar entity, each individual executing this Lease on behalf of such entity represents and warrants that he or she is duly authorized to execute and deliver this Lease on its behalf. Each Party shall, within 30 days after request, deliver to the other Party satisfactory evidence of such authority.

(b) If this Lease is executed by more than one person or entity as "Lessee", each such person or entity shall be jointly and severally liable hereunder. It is agreed that any one of the named Lessees shall be empowered to execute any amendment to this Lease, or other document ancillary thereto and bind all of the named Lessees, and Lessor may rely on the same as if all of the named Lessees had executed such document.

(c) This Lease may be executed by the Parties in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

44. Conflict. Any conflict between the printed provisions of this Lease and the typewritten or handwritten provisions shall be controlled by the typewritten or handwritten provisions.

45. Offer. Preparation of this Lease by either party or their agent and submission of same to the other Party shall not be deemed an offer to lease to the other Party. This Lease is not intended to be binding until executed and delivered by all Parties hereto.

46. Amendments. This Lease may be modified only in writing, signed by the Parties in interest at the time of the modification. As long as they do not materially change Lessee's obligations hereunder, Lessee agrees to make such reasonable non-monetary modifications to this Lease as may be reasonably required by a Lender in connection with the obtaining of normal financing or refinancing of the Premises.

47. Waiver of Jury Trial. THE PARTIES HEREBY WAIVE THEIR RESPECTIVE RIGHTS TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING INVOLVING THE PROPERTY OR ARISING OUT OF THIS AGREEMENT.

48. Arbitration of Disputes. An Addendum requiring the Arbitration of all disputes between the Parties and/or Brokers arising out of this Lease ☐ is ☐ is not attached to this Lease.

49. Accessibility; Americans with Disabilities Act.

(a) The Premises:

☑ have not undergone an inspection by a Certified Access Specialist (CASp). Note: A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties shall mutually agree on the

arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises.

☐ have undergone an inspection by a Certified Access Specialist (CASp) and it was determined that the Premises met all applicable construction-related accessibility standards pursuant to California Civil Code §55.51 et seq. Lessee acknowledges that it received a copy of the inspection report at least 48 hours prior to executing this Lease and agrees to keep such report confidential.

☐ have undergone an inspection by a Certified Access Specialist (CASp) and it was determined that the Premises did not meet all applicable construction-related accessibility standards pursuant to California Civil Code §55.51 et seq. Lessee acknowledges that it received a copy of the inspection report at least 48 hours prior to executing this Lease and agrees to keep such report confidential except as necessary to complete repairs and corrections of violations of construction related accessibility standards.

In the event that the Premises have been issued an inspection report by a CASp the Lessor shall provide a copy of the disability access inspection certificate to Lessee within 7 days of the execution of this Lease.

(b) Since compliance with the Americans with Disabilities Act (ADA) and other state and local accessibility statutes are dependent upon Lessee's specific use of the Premises, Lessor makes no warranty or representation as to whether or not the Premises comply with ADA or any similar legislation. In the event that Lessee's use of the Premises requires modifications or additions to the Premises in order to be in compliance with ADA or other accessibility statutes, Lessee agrees to make any such necessary modifications and/or additions at Lessee's expense.

LESSOR AND LESSEE HAVE CAREFULLY READ AND REVIEWED THIS LEASE AND EACH TERM AND PROVISION CONTAINED HEREIN, AND BY THE EXECUTION OF THIS LEASE SHOW THEIR INFORMED AND VOLUNTARY CONSENT THERETO. THE PARTIES HEREBY AGREE THAT, AT THE TIME THIS LEASE IS EXECUTED, THE TERMS OF THIS LEASE ARE COMMERCIALLY REASONABLE AND EFFECTUATE THE INTENT AND PURPOSE OF LESSOR AND LESSEE WITH RESPECT TO THE PREMISES.

ATTENTION: NO REPRESENTATION OR RECOMMENDATION IS MADE BY AIR CRE OR BY ANY BROKER AS TO THE LEGAL SUFFICIENCY, LEGAL EFFECT, OR TAX CONSEQUENCES OF THIS LEASE OR THE TRANSACTION TO WHICH IT RELATES. THE PARTIES ARE URGED TO:

1. SEEK ADVICE OF COUNSEL AS TO THE LEGAL AND TAX CONSEQUENCES OF THIS LEASE.

2. RETAIN APPROPRIATE CONSULTANTS TO REVIEW AND INVESTIGATE THE CONDITION OF THE PREMISES. SAID INVESTIGATION SHOULD INCLUDE BUT NOT BE LIMITED TO: THE POSSIBLE PRESENCE OF HAZARDOUS SUBSTANCES, THE ZONING OF THE PREMISES, THE STRUCTURAL INTEGRITY, THE CONDITION OF THE ROOF AND OPERATING SYSTEMS, COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT AND THE SUITABILITY OF THE PREMISES FOR LESSEE'S INTENDED USE.

WARNING: IF THE PREMISES ARE LOCATED IN A STATE OTHER THAN CALIFORNIA, CERTAIN PROVISIONS OF THE LEASE MAY NEED TO BE REVISED TO COMPLY WITH THE LAWS OF THE STATE IN WHICH THE PREMISES ARE LOCATED.

The parties hereto have executed this Lease at the place and on the dates specified above their respective signatures.

ARBITRATION AGREEMENT
STANDARD LEASE ADDENDUM

Dated: April 1, 2021

By and Between

Lessor: Big Jung, Inc., a California Corporation

Lessee: Montvail, Inc, a California Corporation

Property Address: 1040 S. Vail Ave., Montebello, CA 90640
(street address, city, state, zip)

Paragraph: 48

A. **ARBITRATION OF DISPUTES:**

Except as provided in Paragraph B below, the Parties agree to resolve any and all claims, disputes or disagreements arising under this Lease, including, but not limited to any matter relating to Lessor's failure to approve an assignment, sublease or other transfer of Lessee's interest in the Lease under Paragraph 12 of this Lease, any other defaults by Lessor, or any defaults by Lessee by and through arbitration as provided below and irrevocably waive any and all rights to the contrary. The Parties agree to at all times conduct themselves in strict, full, complete and timely accordance with the terms hereof and that any attempt to circumvent the terms of this Arbitration Agreement shall be absolutely null and void and of no force or effect whatsoever.

B. **DISPUTES EXCLUDED FROM ARBITRATION:**

The following claims, disputes or disagreements under this Lease are expressly excluded from the arbitration procedures set forth herein: 1. Disputes for which a different resolution determination is specifically set forth in this Lease, 2. All claims by either party which (a) seek anything other than enforcement or determination of rights under this Lease, or (b) are primarily founded upon matters of fraud, willful misconduct, bad faith or any other allegations of tortious action, and seek the award of punitive or exemplary damages, 3. Claims relating to (a) Lessor's exercise of any unlawful detainer rights pursuant to applicable law or (b) rights or remedies used by Lessor to gain possession of the Premises or terminate Lessee's right of possession to the Premises, all of which disputes shall be resolved by suit filed in the applicable court of jurisdiction, the decision of which court shall be subject to appeal pursuant to applicable law 4. Any claim or dispute that is within the jurisdiction of the Small Claims Court and 5. All claims arising under Paragraph 39 of this Lease.

C. **APPOINTMENT OF AN ARBITRATOR:**

All disputes subject to this Arbitration Agreement, shall be determined by binding arbitration before: ☑ a retired judge of the applicable court of jurisdiction (e.g., the Superior Court of the State of California) affiliated with Judicial Arbitration & Mediation Services, Inc. ("JAMS"), or ☑ the American Arbitration Association ("AAA") under its commercial arbitration rules, ☐ _____, or as may be otherwise mutually agreed by Lessor and Lessee (the "Arbitrator"). In the event that the parties elect to use an arbitrator other than one affiliated with JAMS or AAA then such arbitrator shall be obligated to comply with the Code of Ethics for Arbitrators in Commercial Disputes (see: http://www.adr.org/aaa/ShowProperty?nodeId=/UCM/ADRSTG_003867). Such arbitration shall be initiated by the Parties, or either of them, within ten (10) days after either party sends written notice (the "Arbitration Notice") of a demand to arbitrate by registered or certified mail to the other party and to the Arbitrator. The Arbitration Notice shall contain a description of the subject matter of the arbitration, the dispute with respect thereto, the amount involved, if any, and the remedy or determination sought. If the Parties have agreed to use JAMS they may agree on a retired judge from the JAMS panel. If they are unable to agree within ten days, JAMS will provide a list of three available judges and each party may strike one. The remaining judge (or if there are two, the one selected by JAMS) will serve as the Arbitrator. If the Parties have elected to utilize AAA or some other organization, the Arbitrator shall be selected in accordance with said organization's rules. In the event the Arbitrator is not selected as provided for above for any reason, the party initiating arbitration shall apply to the appropriate Court for the appointment of a qualified retired judge to act as the Arbitrator.

D. **ARBITRATION PROCEDURE:**

1. **PRE-HEARING ACTIONS.** The Arbitrator shall schedule a pre-hearing conference to resolve procedural matters, arrange for the exchange of information, obtain stipulations, and narrow the issues. The Parties will submit proposed discovery schedules to the Arbitrator at the pre-hearing conference. The scope and duration of discovery will be within the sole discretion of the Arbitrator. The Arbitrator shall have the discretion to order a pre-hearing exchange of information by the Parties, including, without limitation, production of requested documents, exchange of summaries of testimony of proposed witnesses, and examination by deposition of parties and third-party witnesses. This discretion shall be exercised in favor of discovery reasonable under the circumstances. The Arbitrator shall issue subpoenas and subpoenas duces tecum as provided for in the applicable statutory or case law (e.g., in California Code of Civil Procedure Section 1282.6).

2. **THE DECISION.** The arbitration shall be conducted in the city or county within which the Premises are located at a reasonably convenient site. Any Party may be represented by counsel or other authorized representative. In rendering a decision(s), the Arbitrator shall determine the rights and obligations of the Parties according to the substantive laws and the terms and provisions of this Lease. The Arbitrator's decision shall be based on the evidence introduced at the hearing, including all logical and reasonable inferences therefrom. The Arbitrator may make any determination and/or grant any remedy or relief that is just and equitable. The decision must be based on, and accompanied by, a written statement of decision explaining the factual and legal basis for the decision as to each of the principal controverted issues. The decision shall be conclusive and binding, and it may thereafter be confirmed as a judgment by the court of applicable jurisdiction, subject

only to challenge on the grounds set forth in the applicable statutory or case law (e.g., in California Code of Civil Procedure Section 1286.2). The validity and enforceability of the Arbitrator's decision is to be determinec exclusively by the court of appropriate jurisdiction pursuant to the provisions of this Lease. The Arbitrator may award costs, including without limitation, Arbitrator's fees and costs, attorneys' fees, and expert and witness costs, to the prevailing party, if any, as determined by the Arbitrator in his discretion.

Whenever a matter which has been submitted to arbitration involves a dispute as to whether or not a particular act or omission (other thar a failure to pay money) constitutes a Default, the time to commence or cease such action shall be tolled from the date that the Notice of Arbitration is served through and until the date the Arbitrator renders his or her decision. Provided, however, that this provision shall NOT apply in the event that the Arbitrator determines that the Arbitration Notice was prepared in bad faith.

Whenever a dispute arises between the Parties concerning whether or not the failure to make a payment of money constitutes a default, the service of an Arbitration Notice shall NOT toll the time perioc in which to pay the money. The Party allegedly obligated to pay the money may, however, elect to pay the money "under protest" by accompanying said payment with a written statement setting forth the reasons for such protest. If thereafter, the Arbitrator determines that the Party who received said money was not entitled to such payment, said money shall be promptly returned to the Party who paid such money under protest together with interest thereor as defined in Paragraph 13.5. If a Party makes a payment "under protest" but no Notice of Arbitration is filec within thirty days, ther such protest shall be deemed waived. (See also Paragraph 42 or 43)

ADDENDUM TO LEASE

Date: April 1, 2021

By and Between

Lessor: Big Jung, Inc., a California Corporation

Lessee: Montvail, Inc., a California Corporation

Property Address: 1040 S. Vail Ave., Montebello, CA 90640
(street address, city, state, zip)

Paragraph: 51-56

In the event of any conflict between the provisions of this Addendum and the printed provisions of the Lease, this Addendum shall control.

51). Option To Terminate: Lessee shall have one option to terminate the lease within the first six (6) months from lease commencement date. However, any rent paid prior to termination date shall not be refunded and all tenant improvement work in progress shall be restored to its original condition prior to termination date. Lessee shall notify Lessor by written notice no less than thirty (30) days prior to termination date to exercise its option to terminate.

52). Tenant Improvements:

A). Lessee, at Lessee's sole cost and expense, shall improve the premises into the condition in which it needs to operate its business, including, but not limited to the following:

1). Upgrade the existing power supply with Southern California Edison Company (SCE), install a new electrical panel and a new separate power meter that services the "premises" described under this lease, and rewire all existing electrical services serving the leased premises to the new panel.

2). Lessee shall install a wall in the corridor that leads to the restrooms to separate the premises from the rest of the building (see Exh. A) with a double sided locked door.

3). Convert the allocated women's restroom to a unisex/gender neutral restroom.

B). Lessee shall be responsible for the costs of all code updates required by municipal, county, state, or federal agencies triggered by Lessee's proposed work. Work must be performed by licensed contractors according to approved plans with Lessor included as "additional insured" party.

C). Prior to commencement, Lessee shall provide Lessor a detailed plan of the proposed improvements and receive Lessor's written consent to commence. A Notice of Non-responsibility shall also be properly posted and recorded prior to commencement of any work.

D). Prior to obtaining its CUP and ramping up the operations of cultivating and manufacturing on the premises, Lessee shall pay its reasonable share of non-separately metered utilities until the "tenant improvements" are completed.

53). Parking: If the number of unreserved parking set forth in par. 1.2(b) is not sufficient for Lessee to obtain a Conditional Use Permit (CUP) and a business license from the City of Montebello, Lessor shall allocate the minimum amount of additional parking required for Lessee to obtain a Conditional Use Permit (CUP) and its business license. Specific location of the allocated parking spaces shall be determined at Lessor's reasonable discretion upon issuance of the CUP.

54). Prohibited Use of Butane and Propane: Cannabis extraction by the use of "butane" or "propane" shall be strictly prohibited entirely during the term of the lease.

55). Utilities and Operating Expenses: In addition to base rent, Lessee shall pay its fair share of usage of non-separately metered utilities. Lessor shall establish a base amount from its most current 12 month period of billings and pass through the increases above the base amount to Lessee. For water services serving the Fire Life and Safety (FLS), Lessee shall share 50% of the cost/bill. Lessee shall reimburse Lessor for utilities on a monthly basis.

Lessee shall remain responsible for its own trash services and telecommunication services.

56). Property Insurance (building): Subject to provisions Par. 8.1 and Par. 8.3 herein, Lessor and Lessee shall use its best efforts to obtain an insurance policy covering Lessee's use. Should Lessor and Lessee fail to secure a policy of coverage, Lessor shall have the option to terminate the lease effective immediately. Any rent paid prior to termination date shall not be refunded and all tenant improvement work in progress shall be restored to its original condition prior to termination date.

CONDITIONS OF APPROVAL

CITY OF MONTEBELLO
PLANNING COMMISSION

RESOLUTION NO. 42-19

RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF MONTEBELLO ADOPTING CEQA EXEMPTION AND APPROVING CONDITIONAL USE PERMIT NO. CUP 27-19 TO ALLOW A CANNABIS CULTIVATION, DISTRIBUTION, AND NON-STORE FRONT RETAIL DELIVERY LOCATED AT 1040 VAIL AVENUE (APN 6353-015-002)

WHEREAS, a Conditional Use Permit No. CUP 27-19 application was submitted by Chasom Brown and Andrew Angulo with Eppek, LLC and has been received and accepted;

WHEREAS, the Conditional Use Permit would allow a new cannabis Cultivation (7,091 sq. ft.), Distribution, and Non-Store Front Retail delivery located at 1040 Vail Avenue (APN 6353-015-002);

WHEREAS, pursuant to section 21067 of the Public Resources Code, and section 15367 of the State CEQA Guidelines (Cal. Code Regs., tit. 14, § 15000 et seq.), the City of Montebello is the lead agency for the proposed Project;

WHEREAS, the Conditional Use Permit No. CUP 27-19 is considered a "project", per the California Environmental Quality Act definition of a "project";

WHEREAS, the project is Categorically Exempt per CEQA Section §15301 Class 1 (Existing Facilities) because;

1. The project consist of the operation repair, maintenance, permitting, leasing, licensing, or minor alterations of existing private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing of former use.

2. The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.

3. Approval of the project would not result in any reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

WHEREAS, after conducting a duly noticed public hearing, and considering the evidence submitted by the applicant, public testimony, staff presentations, and such other matters properly presented during the hearing on this matter, the Planning Commission makes the following findings:

1. The proposed use would conform with the City of Montebello

General Plan Land Use Element, Goal 1, "Formulate a plan which is responsive to the needs of the community and which permits the orderly arrangement of land uses, permitting sufficient areas for reasonable development;" Objective 3, "cluster" type commercial development is preferential to proliferation of strip commercial," Policy Industrial 4, "The City's industrial area should be preserved and maintained"; because the proposed project will occupy an existing building and clean up a property that is not properly maintained and generate taxable revenue to the City.

2. The proposed cannabis Manufacturing, Distribution, and Non-Store Front Retail Delivery is in compliance with the M-1 (Light Manufacturing) zone because:

    a. Per the Index of Primary Uses, Cannabis uses are conditionally permitted in the M-1 and M-2 zones and the project site is not within six hundred feet of a R-zone.

    b. Proposed meets the development standards set forth in the Montebello Municipal Code Chapter 17.32.

3. The design of the building is compatible with the surrounding neighborhood because there is not a distinct Architectural style or design to the area. The cannabis uses being proposed are in an existing building and no changes are being made to the building exterior.

4. Per MMC 17.71.010, the proposed use:

    a. Is consistent with the purposes and intent of Chapter 17.71 – Permitted Zones; Distance from sensitive uses – of the Montebello Municipal Code;

    b. Would not adversely affect the general welfare of the surrounding property owners;

    c. Would not result in an undesirable concentration of premises for the sale of cannabis as cannabis uses are inconspicuous with limited signage and limited and restricted visitors, in the area;

    d. Would not detrimentally affect the nearby surrounding area after giving special consideration to the proximity and nature of the proposed use with respect to schools providing instruction in kindergarten of any grades 1 through 12, a day care center, or youth center, or a properties zoned residential;

    e. Would not aggravate existing problems created by the

transport of cannabis (e.g. littering, loitering, noise, calls for service, and sales to minors); and

f. Is in conformance with the goals, policies, and objectives of the general plan and the purpose and intent of this code and any applicable specific plan.

WHEREAS, all other legal prerequisites to the adoption of this Resolution have occurred.

NOW, THEREFORE, the Planning Commission of the City of Montebello resolves that:

SECTION 1. The foregoing recitals are true and correct and are hereby incorporated as substantive findings in this Resolution.

SECTION 2. The Planning Commission approves and adopts the CEQA Categorical Exemption §15301 (Existing Facilities) Class 1 exemption. The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.

1. Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

SECTION 3. The Planning Commission hereby approves Conditional Use Permit No. CUP 27-19 to allow cannabis Cultivation, Distribution, and Non-Store-front delivery subject to the conditions of approval set forth in Section 4 of this Resolution.

SECTION 4. The Planning Commission finds that the foregoing conditions of approval are necessary and appropriate.

1. The applicant shall defend, indemnify, and hold harmless the city, its elected and appointed officials, agents, officers, and employees from any claim, action, or proceeding brought against the city, its elected and appointed officials, agents, officers, or employees arising out of, or which are related to the applicant's project or application (collectively referred to as "proceedings"). The indemnification shall include, but not be limited to, damages, fees and/or costs awarded against the city, if any, and cost of suit, attorney's fees, and other costs, liabilities, and expenses incurred or awarded in connection with the proceedings whether incurred by the applicant, the city and/or the parties initiating or bringing such proceedings. This indemnity provision shall include the applicant's obligation to indemnify the city for all the city's costs, fees, and damages that the city incurs in enforcing the indemnification provisions set forth herein. The city shall have the right to choose its own legal counsel to represent the city's interest in the proceedings.

2. The applicant shall sign, notarize, and return to the Planning Department an affidavit accepting all Conditions of Approval of Conditional Use Permit (CUP

27-19) within 30 days from the date of the approval in accordance with Montebello Municipal Code Sections 17.71.010 and 17-32. The applicant acknowledges and understands that all conditions set forth in this Resolution are conditions precedent to the grant of approval and failure to comply with any condition contained herein shall render this approval non-binding as against the city and shall confer applicant no legal rights under the law. The Applicant shall incorporate these conditions of approval in the project plans (constructions drawings) that are submitted for building plan check. Building Plans shall be reviewed and approved by the Planning Division for conformance to the Conditions of Approval and the approved Development Plan prior to the issuance of a building permit.

3. This approval shall be used within two years of the approval date of this project; by **November 5, 2021**. Otherwise if shall become null and void and of no effect whatsoever. Use means the beginning of substantial construction under this approval. The applicant will incorporate all conditions of approval in all plans that will be submitted for building plan check.

4. Approval of CUP 27-19 is subject to approval, adoption, and fully executed Development Agreement by and between the City and the Applicant.

5. This approval under CUP 27-19 is for cannabis Cultivation (7,091 sq. ft.), Distribution, and Non-Store Front Retail delivery that will occupy an existing 12,224 square-foot space within an existing 60,710 square-foot building.

6. Eppek, LLC must be a registered business or entity with the Secretary of State of the State of California. If Eppek, LLC is not registered in the State of California, this application and approval is invalid.

7. A Business License and a Certificate of Occupancy shall be applied for and approved by the Community Development Department Planning at this location prior to operations. If operations commence prior to approval of these applications, this approval will be invalid and will be subject to revocation and all activities will be considered illegal.

8. The Applicant and operation shall continually remain in compliance with all Montebello codes, Regulations, Ordinances and applicable State and Federal laws.

9. This approval is the result of review of your submitted application and plans. Further review may be required as the operations begins activity to inspect facilities and review Live Scan results of employees.

10. Within one year of approval, a review of the operation and facility will be performed to determine continued compliance with the most current Cannabis Ordinance. The approval shall remain valid indefinitely as long as the organization remains in good standing and complies with all requirements including any and all payments required under the requisite Development Agreement.

11. A Security Plan must be submitted by a certified, bonded, and licensed security company. The security plan will include but not be limited to security cameras on site, screened fencing, and a storage vault or safe. The security

Plan must be reviewed and approved by the Police Chief or his designee before a Certificate of Occupancy is issued.

12. Access to the security cameras must be granted upon request by the City representatives seeking access to the building.

13. The applicant's business of cannabis Cultivation (7,091 sq. ft.), Distribution, and Non-Store Front Retail delivery will not have any members of the public visit the premises at 1040 Vail Avenue for acquisition or sale of any product.

14. The development and utilization of the subject site shall substantially conform to the plans submitted by Pickard Architects dated October 23, 2019, for the use, except as provided for herein and by subsequent revisions found by the Director of Planning and Community Development to be in substantial compliance with these provisions.

15. Off-street parking. The project proposes to utilize 12,224 square feet of an existing 60,710 square–foot building. The total site is developed with 61 parking spaces. Cannabis uses require 1 parking space per 1,000 square feet requiring 13 parking spaces. The project under CUP 27-19 provides 22 parking spaces and will be required to provide 2 loading spaces.

16. The development of the subject site shall be consistent with all of the provisions of the Montebello Municipal Code (MMC) and Conditional Use Permit (CUP 27-19).

17. All storage shall be maintained indoors.

18. The Applicant shall submit three copies of construction level Landscape and Irrigation Plans to the Community Development Department. The plans must be prepared by a registered landscape architect and include the location, number, genus, species, and container size of plants. The cover page shall identify the total square footage to the landscape area and note how it is to be maintained. Use of water efficient fixtures and drought plants is encouraged.

19. Modification to Plans. Subsequent modification to this approval, which do not intensify the use, including but not limited to reorientation of structures, alteration of parking and circulation design, minor changes to the Conditions of Approval, interpretations of the Conditions of Approval relative to intent, necessity of, and timing, may be approved by the Community Development Director within a 25% deviation, unless the Director requires a Substantial Conformance or revised Permit application in accordance with the City Development Code.

20. The Director of Planning and Community Development, at any time, can call for a review of the approved conditions of approval at a duly noticed public hearing before the Planning Commission. These condition(s) may be modified, or new condition(s) added to reduce any impacts of the use. The Planning Commission may revoke the Conditional Use Permit (CUP 27-19) if sufficient cause is given.

21. No transfer or Change in ownership or location. Applicant/owner may not transfer, sell, pledge, assign, grant an option, or other dispose of his or her ownership interest in the business or development agreement, without the advanced approval of the City Council.

22. The applicant or successor in interest shall meet the applicable Code requirements and all other City Departments regulations.

23. Applicant shall repair any and all damaged sidewalk along street frontage of property (Vail Avenue). A permit from the Montebello Public Works Department shall be secured before any work may commence within the public right away.

24. Any and all cannabis waste will and may not be discharged into public sewer. Provide a report that identifies waste materials that are going to be discharge into public sewer.

25. Provide report on how any toxic or hazardous waste materials or by products will disposed. Provide an ongoing program for monitoring the disposition of any identified hazardous or toxic materials.

26. Must obtain approval from LA County Sanitation District for any required Industrial Waste permit(s).

27. All applicable conditions of approval from previous entitlements on the property shall remain in full force and effect, unless otherwise specifically noted in this Resolution.

28. The Applicant will bear the full costs of all monitoring and inspection activities to be conducted by City staff, or its designated representative(s), as necessary to ensure compliance with the conditions of this Resolution.

29. Any change, expansion, intensification and/or modification to the proposed plans use, or mode of operations shall be subject to the review and approval by the Director of Planning and Community Development who may take action or call for review by the Planning Commission at a noticed public hearing.

30. The Applicant shall have all graffiti on-site removed within 24 hours of its appearance.

31. The operation of the said use shall at all times be conducted in a manner not detrimental to surrounding properties or residents by reason of lights, noise, activities, parking or other actions. All activities must be conducted within the building.

32. All employees of the businesses on-site shall be out of the premises no later than one hour after closing. No "after hours" operations shall be permitted.

33. No loitering in the parking area and Applicant shall control all employees leaving the premises. Signs shall be posted notifying employees. The size, content, and location of the sign(s) are subject to the review and approval of the Director of Planning and Community Development prior to installation.

34. The Applicant and business operator shall take the necessary steps to assure the orderly conduct of employees. No members of the public are allowed to patronize and visit on the premises.

35. The parking area shall be sufficiently lit and secured to discourage loitering and/or late night activity.

36. All outdoor utilities, machinery, and equipment, including roof-mounted equipment, shall be completely screened from the public right-of-way, in a manner that is compatible with the structure. The method of screening shall be subject to the review and approval of the Director of Planning and Community Development and the Building Official prior to issuing building permits.

37. This approval shall not supersede the approval of any other responsible agencies. The applicant shall comply with all Federal, State and local laws.

38. The approval of this Conditional Use Permit (CUP 27-19) shall expire if the rights granted are not exercised within two (2) years from the effective date of this Resolution. Exercise of rights shall mean the issuance of a Building permit.

39. The approval of this Conditional Use Permit (CUP 27-19) can be extended up to and not to exceed an additional two (2) years with a written request by the property owner stating the reason and need for an extension and upon review and approval by the Director of Planning and Community Development.

40. Within 30 days of the City Planning Division transmittal of the Acceptance Form, the applicant shall sign and return a copy of the Acceptance Form, agreeing to the conditions of approval and acknowledging that failure to comply with such conditions shall constitute grounds for potential revocation of the permit approval. Failure to return the Acceptance Form within 30 days shall constitute grounds for terminating the permit.

41. In the event of a violation of the conditions of approval, no further permits, licenses, approvals or certificates of occupancy shall be issued until such violation has been fully remedied.

42. Parking shall be provided in accordance with the regulations of Chapter 17.52 of the Montebello Municipal Zoning Code.

43. The premises shall be kept clean and the operator of the establishment shall insure that no trash or litter originating from the site is deposited onto neighboring properties or onto the public right-of-way.

44. All screening must be reviewed and approved by the Planning Division prior to the issuance of any building permits to construct the screening.

45. If, at any time, a litter problem arises, the Director of Community Development may require a litter clean-up plan to be submitted and reviewed. The litter clean-up plan shall include a schedule of time and frequency of litter clean-up activities. Upon approval of the plan by the Director of Planning and

Community Development, the measures of the plan shall be implemented. This condition may require the operator of the use to post a bond to ensure litter compliance.

46. The premises shall be kept clean and the operator of the establishment shall insure that no trash or litter originating from the site is deposited onto neighboring properties or onto the public right-of-way.

47. The development and utilization of the site shall comply with all the provisions of all of the current Building, Plumbing, Mechanical, Electrical Codes and City Ordinances, as well as additional requirements from the Montebello Building and Safety Division.

48. The development and utilization of the site shall be subject to the review and approval of the Public Works Department. Additional Montebello Public Works Department requirements may be required prior to issuing building permits.

49. The development and utilization of the site shall comply with all the provisions of all of the California Fire Code, International Fire Code, and National Fire Protection Association standards as well as additional requirements from the Montebello Fire Department.

50. All signage is subject to final review and approval by the Planning Division and will be done under as separate permit. Signage depicting any kind of cannabis items or paraphernalia shall be prohibited

51. All temporary signage is subject to the restrictions of the City's sign ordinance.

52. No coin operated games or video machines maintained upon the premises at any time.

53. The Planning Commission, and the City Council on appeal, shall have the right to impose additional conditions for the protection of the public health, safety and welfare.

54. Compliance with the current edition of the California Fire Code.

55. Applicant shall adhere to all applicable codes, standards, and/or regulations. And shall meet any all conditions as may be required by South Coast Air Quality Management District, any and all water boards, Montebello Building Safety, Montebello Public Works, and Montebello Police and Fire.

56. Compliance with the current edition of the California Fire Code, Appendix B, titled "Fire-Flow Requirements for Buildings", as the standard for delivery of fire flow to the site.

57. Compliance with the Montebello Municipal Code, Chapter 15.32, titled "California Fire Code" adoptions.

58. Compliance with all nationally recognized standards, laws, and ordinances.

i. That a masonry wall of six feet in height shall be constructed around the parking area of such establishments when said area is adjacent to properties zones or used for residential purposes or any of the above referenced consideration points.

ii. That the noise levels generated by the operation of such establishment shall not exceed sixty-five dBA between the hours of seven a.m. to ten p.m., and not exceed sixty dBA between the hours of ten p.m. to seven a.m., so as to mitigate the impact on adjoining properties zoned or used for residential purposes. The measurement of noise levels shall be taken at the location of the shared property line.

iii. That exterior lighting of the parking area shall be kept at an intensity of between one- and two-foot candles, so as to provide adequate lighting for employees while not disturbing surrounding residential or commercial areas. Light sources shall be shielded from adjacent properties and from the sky.

iv. That special security measures such as security guards and burglar alarm systems as specified by the police department may be required, which must reflected in the submitted security plan.

v. Exterior storage of any kind shall be prohibited, except where allowed per the Montebello Municipal Code.

vi. That litter and trash receptacles shall be located at convenient locations inside and outside establishments, and operators of such establishments shall remove trash and debris on a daily basis.

vii. That no signs shall be installed on the site until a sign permit has been approved by the Planning Division and a building permit issued by the Building and Safety Division in conformance with the provisions set forth in Chapter 17.62 of the Montebello Municipal Code.

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and Members of the City Council

FROM: René Bobadilla, P.E., City Manager

BY: David Sosnowski, Director of Recreation and Community Services

SUBJECT: **Adoption of Resolution No. 21-66 for Participation in the Institute for Local Government's Beacon Program**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Adopt Resolution No. 21-66 supporting the City of Montebello's participation in the Institute for Local Government's Beacon Program; and

2) Take such additional, related, action that may be desirable.

FISCAL IMPACT

Participation in the Beacon Program is voluntary and there is no cost to the City. The Program is designed to complement existing City efforts to reduce greenhouse gas emissions, save energy, and adopt policies that promote sustainability.

BACKGROUND

The Beacon Program is an established program of the Institute for Local Government (ILG), the nonprofit training and education affiliate of the League of California Cities, the California State Association of Counties, and the California Special Districts Association. The Beacon Program provides a framework for local agencies to implement and share best practices that create more vibrant and resilient communities. The program honors voluntary efforts by local governments to save energy, reduce greenhouse gas emissions, and adopt policies and programs that promote sustainability.

Beacon Program participants receive valuable support and encouragement from ILG to understand and apply sustainability best practices and collect and organize data to advance participants' achievements within the Program's five areas of accomplishment.

Within each area, the participant can earn Beacon Spotlight Awards based on level of achievement.

In addition to award recognition, participants receive monthly communications about innovative practices and funding opportunities, access to peer-to-peer networking opportunities, and invitations to highlight sustainability leadership.

In order to participate in the Beacon Program, cities and counties must complete an application, adopt a Resolution by the governing body committing the agency to participate in the program, and designate a lead staff person as a point of contact.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO, CALIFORNIA, APPROVING PARTICIPATION IN THE INSTITUTE FOR LOCAL GOVERNMENT'S BEACON PROGRAM

RECITALS

WHEREAS, the City of Montebello is undertaking policies, programs, and activities to reduce greenhouse gas emissions and save energy; and

WHEREAS, these policies, programs, and activities conserve natural resources, save energy and money, and promote sustainability and resilience; and

WHEREAS, cities and counties statewide are leading by example by adopting innovative sustainability programs and policies, including working with community residents, business groups, and others; and

WHEREAS, the City of Montebello wishes to expand these activities, share its experiences with other communities, and be recognized for its accomplishments; and

WHEREAS, the Beacon Program is a voluntary program of the Institute for Local Government, the non-profit training and education affiliate of the California State Association of Counties, the League of California Cities, and the California Special Districts Association; and

WHEREAS, participating in the Beacon Program is an opportunity for the City of Montebello to be recognized for its efforts to promote sustainability and resiliency, reduce greenhouse gas emissions and save energy.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY RESOLVES, FINDS, AND DECLARES AS FOLLOWS:

SECTION 1: That the City of Montebello agrees to participate in the Beacon Program.

SECTION 2: That the City of Montebello will work towards achieving Spotlight, Vanguard, and Leadership and Innovation awards.

SECTION 3: The City of Montebello's designated contact person for the Beacon Program will be…[INCLUDE THE DESIGNATION REQUIREMENT AS PER THE STAFF REPORT]

SECTION 4: That the City Clerk shall certify to the passage and adoption of this Resolution and that the same shall be in full force and effect.

CITY COUNCIL AGENDA STAFF REPORT

FROM: René Bobadilla, P.E., City Manager

BY: Fernando Pelaez, Fire Chief
David Sosnowski, Director of Recreation and Community Services

SUBJECT: **Approval to Purchase Generator and Backup Battery System for Fire Department Communication Site**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Authorize the City Manager to approve the emergency purchase of a replacement backup generator for the City of Montebello Fire Department's Communication Site located at the Montebello Reservoir; and

2) Forego the formal bidding procedure per Montebello Municipal Code (MMC) 3.20.050, requiring a super-majority (four-fifths) approval by the City Council of this item; and

3) Amend the Fiscal Year 2021-22 budget by increasing appropriations by $128,480 in the General Fund, Account No. 100-85-880-6010.10 (Fire Department, Communications, Machinery and Equipment) and $47,520 in the Transit Fund, Account No. 600-90-900-6010.10 (Transit Administration, Machinery and Equipment); and,

4) Take such additional, related, action that may be desirable.

FISCAL IMPACT

Staff is recommending the purchase and installation of a replacement backup generator and battery system for the Montebello Fire Department's Communication Site in the total amount of $153,664. This price includes professional installation of the system and all components referenced above. Staff is also recommending a fifteen percent (15%) allowable contingency for the project to address any unforeseen issues that may arise during the installation of the replacement generator. This brings the total purchase and installation cost to a not-to-exceed amount of $176,000**.** Given the fact that the

communication system is shared by Transit and non-Transit functions, the total cost will be shared by the Transit Enterprise Fund and the General Fund. City Council is also being asked to amend the Fiscal Year 2021-22 budget by increasing appropriations by $128,480 in the Fire Department's Communications Division Budget (Account No. 100-85-880-6010.10) and $47,520 in the Transit Department's Administration Budget (Account No. 600-90-900-6010.10), for a total increase of $176,000 in appropriations. The split of projected costs is based on the 2018 Cost Allocation Plan.

BACKGROUND

The City of Montebello's Emergency Communications systems are controlled by several communication sites throughout the City and surrounding communities. This network of communication sites includes seven (7) locations regionally. The most critical communication site is located at the Montebello Reservoir at 1343 North Montebello Boulevard. This location is also known as the "Prime Site". The Prime Site is the hub of the City's communications network. The Prime Site controls the simulcast, making this the only location that links and supports the entire communication radio network system.

In addition, the Montebello Fire Department is part of the Interagency Communications Interoperability (ICI) System that has created a system of radio towers and infrastructure allowing for the uninterrupted use of radios throughout the entire County of Los Angeles and beyond that will guarantee ability to quickly respond to emergencies. Currently, the Fire Department's radio infrastructure is providing a wider coverage, enhanced service and supports the maintenance to the radio system access and equipment. This system primarily supports police, firefighters, paramedics and other emergency responders of various agencies in Los Angeles County.

The communications system provides support to nine (9) cities, including seven (7) Radio Frequency Remote Sites, one (1) Prime Site, and two (2) Dispatch Sites, Police Department (6 Consoles) and Transit (2 Consoles). The communication radio systems supports over 1,500 radios that include the City's Police, Fire and Transit Department's. In addition the Prime Site supports the following six (6) "sub-sites" at Quiet Cannon, Starlight Reservoir, Fire Station 56, City of Vernon (Fire Station 78), Garvey Reservoir, and City of Santa Fe Springs.

ANALYSIS

The City of Montebello's Emergency Communications systems are controlled by several communication sites throughout the City and surrounding communities. This network of communication sites includes seven locations regionally. The most critical communication site is located at the Montebello Reservoir at 1343 North Montebello Blvd. This location is also known as the "Prime Site."

The Prime Site's emergency communications equipment is powered directly by grid power with a backup generator and battery system to ensure continuity of service during power outages or other unforeseen loss of power. The backup power also ensures that

the system's network monitoring capabilities remain functional and provide critical digital oversight to ensure radios remain operable and functional to meet the City's communication requirements while providing adequate warranty coverage for all Interoperable Radio System Subscribers.

The generator at the Prime Site is nearing the end of its useful life, and needs to be replaced as soon as possible. Loss of power represents a critical threat to essential services. Currently any loss of service at the Prime Site would result in a complete loss of the entire radio system.

The biggest danger to the City of Montebello's Emergency operations would be the microwave links to the Police and Bus Line dispatch centers. Each of these Centers have a single link to the rest of the system via the Prime Site. Loss of service at the Prime Site would result in Police and Bus consoles losing connectivity and personnel being required to operate on backup radios for an extended period of time.

Personnel from the Fire Department and Facility Maintenance Division solicited estimates from reputable vendors including Global Power Group, Inc. and Total Online Protection to replace the backup generator and battery at the Prime Site. The system components needed for replacement include a new Kohler propane-powered generator, transfer switch, power systems and all applicable electrical and communications components inside of a weatherproof, sound attenuated enclosure. The proposed components are designed to keep the system running for up to 24 hours without interruption to emergency communication services.

Staff is recommending a purchase from Global Power Group, Inc., Motorola Solutions and American Power Systems with installation completed by Wireless Infrastructure Services in the total amount of $153,664. This price includes professional installation of the system and all components referenced above. Global Power Group, Inc. will additionally be responsible for applying for all applicable Air Quality Management District (AQMD) permits for the generator. Staff is also recommending a fifteen percent (15%) allowable contingency for the project to address any unforeseen issues that may arise during the install of the replacement generator. This brings the total purchase and installation cost to a not-to-exceed amount of $176,000.

Due to the critical and emergency nature of the communication components and risk associated with loss of power and subsequent loss of communication at the Prime Site, staff is recommending that the City Council permit staff to forego formal bidding procedures as authorized in the Montebello Municipal Code section 3.20.050 (C) which states, "When the city council by a four-fifths vote determines to dispense with such bidding and other procedures required … upon a finding by the council that it would be impractical, useless, or uneconomical in such instance to follow the procedures, and that the welfare of the public would be promoted by dispensing with the same;"

SUMMARY

The City Council is being asked to consider authorizing the City Manager to approve the purchase of the replacement and installation of backup generator for the Fire Department's Prime Site's backup generator and battery system. The proposed purchase complies with the City's procurement policy allowing the City to secure goods and/or services without the formal bidding process when the City Council finds by a four-fifths vote that it would be impractical, useless, or uneconomical in such instance to follow the formal procurement procedures, and that the welfare of the public would be promoted by dispensing with the same. The City Council will also consider amending the adopted Fiscal Year 2021-22 budget by increasing appropriations by $176,000, split between the Transit Fund and General Fund (Account Nos. 100-85-880-6010.10 [$1128,480] and 600-90-900-6010.10 [$47,520]).

SUBJECT: **Approve establishing a Sole-Source Blanket Purchase Order with American Moving Parts, Napa Auto Parts, New Flyer Parts, and Wayne Electric Company to purchase maintenance-related bus parts and vehicle fleet parts**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Approve establishing a sole-source blanket purchase order with American Moving Parts, for the total not-to-exceed amount of $65,000, to purchase maintenance-related bus parts for Montebello Bus Lines (MBL) and vehicle fleet parts for the Montebello Fire Department (MFD) for Fiscal Year 2021-22; and

2) Approve establishing a sole-source blanket purchase order with Napa Auto Parts, for the total not-to-exceed amount of $85,000, to purchase maintenance-related bus parts for the Fiscal Year 2021-22; and

3) Approve establishing a sole-source blanket purchase order with New Flyer Parts, for the total not-to-exceed amount of $185,000, to purchase maintenance-related bus parts for Fiscal Year 2021-22; and

4) Approve establishing a sole-source blanket purchase order with Wayne Electric Company, for the total not-to-exceed amount of $75,000, to purchase maintenance-related bus parts for the Fiscal Year 2021-22; and

5) Take such additional, related, action that may be desirable.

FISCAL IMPACT

Funds for the blanket purchase order (PO) with American Moving Parts (AMP) are approved in the City of Montebello's (City) FY 2021-22 operating budget: MFD's operating expense account–100-85-860-6080.30 (Vehicle Repair and Services) for the amount of $50,000 and MBL's Transit Corporate Shop operating expense account–600-90-915-6080.50 (Bus Parts) for the amount of $15,000.

Department	Expense Account	Proposed Amount
Fire Department	100-85-860-6080.30	$50,000
Transportation Department	600-90-915-6080.50	$15,000
	TOTAL	$65,000

Funds for the blanket PO with Napa Auto Parts are approved in the City's FY 2021-22 operating budget: MBL's Transit Corporate Shop operating expense account–600-90-915-6080.50 (Bus Parts) for the amount of $68,000; 600-90-915-6080.60 (Vehicle Parts) for the amount of $10,000; 600-90-915-6010.30 (Small Tools) for the amount of $4,000; 600-90-915-6000.20 (Non-Durable) for the amount of $3,000.

Department	Expense Account	Proposed Amount
Transportation Department	600-90-915-6080.50	$68,000
Transportation Department	600-90-915-6080.60	$10,000
Transportation Department	600-90-915-6010.30	$4,000
Transportation Department	600-90-915-6000.20	$3,000
	TOTAL	$85,000

Funds for the blanket PO with New Flyer Parts and Wayne Electric Company are approved in the City's FY 2021-22 operating budget: MBL's Transit Corporate Shop operating expense account–600-90-915-6080.50 (Bus Parts) for the amount of $185,000 (New Flyer Parts) and for the amount of $75,000 (Wayne Electric Company).

Department	Vendor	Expense Account	Proposed Amount
Transportation Department	New Flyer Parts	600-90-915-6080.50	$185,000
		TOTAL	$185,000

Department	Vendor	Expense Account	Proposed Amount
Transportation Department	Wayne Electric Company	600-90-915-6080.50	$75,000
		TOTAL	$75,000

BACKGROUND

The City operates MBL with a fleet of sixty-six (66) 35ft-45ft buses (three electric, thirty-six hybrid, and twenty-seven Compress Natural Gas (CNG) buses), and one 25ft cutaway shuttle bus that requires regular maintenance to ensure superior transportation service is provided to the City and surrounding communities. The most efficient and cost-effective approach to purchasing replacement bus parts is to establish a blanket PO with the primary companies that supply the maintenance and replacement bus parts.

Items may include but are not limited to the following:

- American Moving Parts: Brakes, cables, filters, and sensor replacements.
- Napa Auto Parts: Pressure valves, pressure sensor, brake meter, and thermostat.
- New Flyer Parts: Headlights, fan control modules, clamps, windshield wipers, coolants, airbags, and thrust washers.
- Wayne Electric Company: EMP alternators, air conditioning compressors, and toggle switches.

The MFD operates through the use of engines that are manufactured by the following three companies: Cummins, Detroit Diesel Corporation, and Kovatch Mobile Equipment Corporation (KME). To properly maintain MFD's vehicle fleet, the parts replacements must come from the original manufacturer due to proprietary rights. AMP is a major asset to the MFD since AMP holds the right to purchase parts from the manufacturers described above. Sole-sourcing maintenance and repair parts from AMP results in a 15-20% savings in contrast to contracting with each individual manufacturer, which assists with the overall cost and work efficiency of the MFD.

The total amount required for each blanket PO for FY 2020-21 to purchase maintenance-related bus parts for MBL and vehicle fleet parts for MFD is as follows:

Vendor	FY 2018-19	FY 2019-20	FY 2020-21	FY 2021-22 *(Anticipated Total Expenditures)*
American Moving Parts	$1,283.48	$19,905.43	$40,634.80	$65,000
Napa Auto Parts	$0	$23,565.23	$83,448.33	$85,000
New Flyer Parts	$151,002.90	$123,690.09	$302,139.48	$185,000
Wayne Electric Company	$82,384.33	$68,653.13	$74,993.25	$75,000
Total	**$234,670.71**	**$235,813.88**	**$501,215.86**	**$410,000.00**

SUMMARY

Staff is recommending that the City Council approve establishing a blanket purchase order with American Moving Parts for the total not-to-exceed amount of $65,000; with Napa Auto Parts for the total not-to-exceed amount of $85,000; with New Flyer Parts for the total not-to-exceed amount of $185,000; with Wayne Electric Company for the total not-to-exceed amount of $75,000, for maintenance-related bus parts and vehicle fleet parts; and direct staff to take such additional related, action that may be desirable.

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Young-Gi Kim Harabedian, Director of Transportation

SUBJECT: **Adopt Resolution No. 21-59 authorizing the use of transit funding from the American Rescue Plan Act to support the Fareless System Initiative Project**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Adopt Resolution No. 21-59 authorizing Montebello Bus Lines (MBL) to participate in the Fareless System Initiative Project (FSI); and

2) Authorize the submission of a grant application to the Federal Transit Administration (FTA) to use funding from the American Rescue Plan Act of 2021 (ARPA) to support the FSI; and

3) Take such additional, related, action that may be desirable.

FISCAL IMPACT

The Los Angeles Metropolitan Transportation Authority (Metro) is requesting municipal operators to use funds provided by the transportation allotment of ARPA to fund Phase 1 of the FSI, from August 2021 to June 2023. The FSI will impact Southern California public transportation agencies that choose to not participate in the FSI. For example, as progressive transit agencies move to a fareless system that promotes the use of free public transportation, agencies that continue to charge a fare will risk losing ridership to FSI agencies. The FTA Region 9 and Metro both support the FSI concept and the use of transportation specific ARPA funding to pay for the project (i.e. backfill lost revenue from not charging fares).

Phase 1 of the FSI will offer free transportation to K-12 and community college students from August 2021 to June 2023. In January 2022, Metro intends to expand the project to include low-income riders who meet Metro's existing low-income qualifications through the Rider Relief Transportation Program (RRTP), also known as the LIFE program. The RRTP provides fare subsidy coupons or tokens for individuals who meet the requirements of the program. MBL is currently a member of RRTP. Individuals within MBL's transportation system who meet the RRTP criteria will be eligible to participate in the FSI. At this time, Metro has not identified a definite funding source to offset fare loss due to the FSI. Based on preliminary estimates using Metro's 70% ridership participation rate, MBL is forecasting a need for approximately $600,000 to offset revenue not collected from waiving fares in the K-12 and community college bracket for Fiscal Year (FY) 2021-22 and 2022-23 as exhibited below:

Student Fare Category	FY 2021-22 Projected Fare Revenue	FY 2022-23 Projected Fare Revenue
K-12 Student Fare Revenue	$50,644	$261,377
Community College Fare Revenue	$63,363	$207,567
Estimated Total	**$114,007**	**$468,944**

Note: The values listed above are derived by using the 2019 ridership data and Metro's estimate of a 70% participation rate for the program.

MBL will seek participation in the FSI to provide a comprehensive interagency fare. Universities participating in a subsidized fare subsidy program have historically used the U-Pass. K-12 students may have used a child pass or EZ pass offered by Metro. The FSI will support local schools by making fares more accessible. Transportation specific ARPA funding will be utilized to backfill the revenue lost from participation in the FSI.

BACKGROUND

On March 11, 2021, Congress passed the $1.9 trillion ARPA to provide relief funding for a host of needs related to the negative impacts of the Coronavirus (COVID-19) pandemic. As discussed throughout the FY 2021-22 budget process, part of this funding is direct aid to cities – the Coronavirus State and Local Fiscal Recovery Funds (CSLFRF). The City of Montebello (City) will receive $16.59 million between May 2021 and May 2022 in appropriations from the CSLFRF program.

In addition to CSLFRF aid to states and cities, ARPA included specific appropriations to support public transportation systems as they continue to respond to the COVID-19 pandemic. The FTA allocated a total amount of $1.464 billion to Los Angeles County public transit agencies in accordance with the FTA Section 5307 Urbanized Area Formula

Grants Program. This transportation specific funding is above and beyond the $16.59 million the City will receive from the CSLFRF program.

MBL is one of eighteen municipal operators under Metro that receive funding through a formula allocation procedure that considers the revenues and vehicle service miles generated through a fixed route service. Currently, it has been determined that MBL will receive the same percentage share of transportation specific ARPA funds that was applied to the Coronavirus Aid, Relief, and Economic Security (CARES) Act (May, 2020). The CARES Act allocated $10,175,268 in funding to MBL of the $1.068 billion allocated to the Los Angeles County Area. MBL expects an amount greater than this value as the Los Angeles County allotment of ARPA funds is $1.46 billion, which is pending a split letter from the Southern California Association of Governments (SCAG) and the Metro Board of Directors approval. The transportation specific ARPA funds must be obligated by September 30, 2024 and disbursed by September 30, 2029.

ANALYSIS

The City provides a fixed route service through MBL to the City and surrounding communities. A need exists to maintain revenues to continue to operate the fixed route service. The use of ARPA funds to supplement the FSI will enable MBL to offset the fare loss and maintain its operations. To promote the use of public transportation and offer passengers ease of ridership, MBL recommends implementing Phase 1 of the FSI.

Implementing the FSI will provide more residents and the community with public transportation options. MBL would like to participate in this initiative to increase K-12 and community college student participation and to promote interagency collaboration. Upon approval of the FSI by the City Council, MBL will complete an implementation plan.

SUMMARY

Staff recommends that the City Council approve a Resolution authorizing Montebello Bus Lines to participate in the Fareless System Initiative Project and the submission of a grant application to the Federal Transit Administration to use transportation specific American Rescue Plan Act of 2021 funds to support Phase 1 of the Fareless System Initiative Project and any expansion of the program through June 2023.

RESOLUTION NO. 21-59

RESOLUTION OF THE CITY OF MONTEBELLO AUTHORIZING THE APPLICATION OF A GRANT UTILIZING AMERICAN RESCUE PLAN ACT FUNDS TO SUPPORT THE FARELESS SYSTEM INITIATIVE PROJECT

RECITALS

WHEREAS, on March 11, 2021, Congress approved and signed into law the American Rescue Plan Act (ARPA) in response to the financial shortfalls in nearly every sector of the American economy as a result of the continued COVID-19 pandemic; and

WHEREAS, ARPA provides $1.464 billion dollars in grant aid to transit agencies to help prevent, prepare for and respond to the COVID-19 pandemic (the "Grant"); and

WHEREAS, the Los Angeles Metropolitan Transportation Authority has been delegated the authority to administer and award financial assistance to owners of transit fleets under the Grant; and

WHEREAS, the City of Montebello (the "City"), as a transit bus owner by and through the Montebello Bus Lines (the "Transportation Department") is an eligible recipient of the Grant; and

WHEREAS, receipt of Grant funds would assist the Transportation Department in implementing the Fareless System Initiative Pilot Program; and

WHEREAS, as a qualified applicant, the City is willing and able to carry out all activities described in the Grant guidelines.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY RESOLVES, FINDS, AND DECLARES AS FOLLOWS:

APPROVES THE AUTHORIZATION OF APPLICATION OF A GRANT UTILIZING THE AMERICAN RESCUE PLAN ACT FUNDS TO SUPPORT THE FARELESS SYSTEM INITIATIVE PROJECT; AND

SECTION 1: Approvals and Certifications.

1. Certifies that the City Manager and appointed Designee be authorized to execute all required documents of the application and any Amendments thereto with the Federal Transit Administration; and
2. Agrees to comply with all applicable federal, state and local laws, ordinances, rules, regulations and guidelines for all FTA funded transit projects; and

SECTION 2: That the City Clerk shall certify to the passage and adoption of this Resolution and that the same shall be in full force and effect.

APPROVED AND ADOPTED this 28th day of July 2021.

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Young-Gi Harabedian, Director of Transportation

SUBJECT: **Approve a Sole Source Purchase with Enterprise Integration Partners, LLC to Renew and Purchase International Business Machines Corporation Annual Software Subscription and Support Licenses**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Approve a sole source purchase with Enterprise Integration Partners, LLC, (EIP) for the total not-to-exceed amount of $118,757, to renew fifteen (15) and purchase thirty (30) new International Business Machines Corporation (IBM) annual software subscription and support licenses; and

2) Take such additional, related, action that may be desirable.

FISCAL IMPACT

Funds for the sole source purchase with EIP are included in the City of Montebello's (City) Fiscal Year 2021-22 operating budget (Account No. 600-90-900-6010.40, Transit Fund, Transit Administration, Computer Software).

BACKGROUND

In 2016, MBL implemented IBM Maximo, an Enterprise Asset Management (EAM) solution. IBM Maximo is a software that includes a full suite of tools, including inventory and asset management, predictive and preventive maintenance, analytic reporting, and a work order management feature.

In 2019, the City Council awarded a contract to Raintek Enterprises, Inc. (Agreement No. 3724), in response to the City issued Request for Proposal (RFP No. 19-21) for the Maximo Configuration and Customization Project to assist with the implementation and configuration of additional system modules to solve encountered software issues.

As an IBM Maximo licensee, the City must acquire the correct number of licenses from an authorized IBM Business Partner to properly maintain compliance with the complex IBM Maximo licensing terms and restrictions. EIP is a sub-consultant for the City's Maximo Configuration and Customization Project and possesses the intricate knowledge of MBL's license ratios (i.e. Authorized to Limited to Express) to ensure reporting accuracy. Furthermore, EIP is an authorized IBM Business Partner with authority to provide the forty-five (45) IBM licenses required to maintain compliance. The total amount required for this sole source purchase is $118,757; $17,777 to renew fifteen (15) existing IBM licenses and $100,980 to purchase thirty (30) new IBM licenses (see Attachment "A").

The proposed sole source purchase with EIP complies with the City's procurement policy allowing the City to secure goods and/or services without the formal bidding process when such goods/services are only available from a single or "sole" source.

SUMMARY

Staff recommends that the City Council approve a sole source purchase with Enterprise Integration Partners, LLC for the total not-to-exceed amount of $118,757, to purchase and renew International Business Machines Corporation annual software subscription and support licenses; and direct staff to take such additional related, action that may be desirable.

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Young-Gi Kim Harabedian, Director of Transportation

SUBJECT: **Adopt Resolution No. 21-60 authorizing the submission of an application to the Federal Transit Administration to receive Coronavirus Response and Relief Supplemental Appropriations funding for Transit Operating Assistance**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Adopt Resolution No. 21-60 authorizing the submission of an application to the Federal Transit Administration (FTA) to receive Coronavirus Response and Relief Supplemental Appropriations funding for operating assistance in the amount of $1,000,000 (49 U.S.C. Section 5307 CRRSA Act funding); and

2) Take such additional, related, action that may be desirable.

FISCAL IMPACT

If the Resolution is approved, staff will apply for $1,000,000 in Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act grant funding to be used to reimburse and pay for a portion of the Transportation Department's operating expenses which includes any Coronavirus (COVID-19) pandemic related expenses. Once awarded, Staff will return for City Council approval of a budget amendment to appropriate the grant funds.

BACKGROUND

On December 27, 2020, Congress passed the CRRSA Act of 2021 to provide relief funding to prevent, prepare for, and respond to COVID-19. The FTA allocated a total of $911,525,690 to Los Angeles County public transit agencies under the existing FTA Section 5307 Urbanized Area Formula Grants program. These funds will be allocated

through the Los Angeles County Metropolitan Transportation Authority (Metro). According to the Southern California Association of Governments' (SCAG) formula fund projections ("Split Letter CRRSA" - Attachment "A"), the City of Montebello (City) is eligible to receive $9,292,827, which can be used to mitigate operating expenses for Fiscal Year 2021-22 and subsequent years and provide additional funding for COVID-19 related expenditures.

Funds provided under the CRRSA Act are available to be used by transit agencies for operating expenses related to the response to the COVID-19 public health emergency incurred beginning on January 20, 2020. Allowable reimbursements under the CRRSA Act include, but are not limited, to operating costs to maintain service and backfill of lost revenue from reduced transit operations. These funds do not have to be paid back, do not expire, and can be used for capital or operating needs. To apply for the CRRSA Act grant, the City must have an authorization from the City Council.

ANALYSIS

The City provides fixed route service through Montebello Bus Lines (MBL) to the City and surrounding communities. Therefore, a consistent need exists to identify funding opportunities for the continued operation of service. At this time, MBL will apply for $1,000,000 of the available $9,292,827 of CRRSA Act funds to be used for operating expenses. The remaining funds will be used for future transit related projects as allowed through the CRRSA Act. Additional projects will be brought to the City Council for review and approval as a standard procedure, including estimated costs and budget amendments if needed.

SUMMARY

Staff recommends that the City Council adopt a Resolution (Attachment "B") authorizing the submission of an application to the Federal Transit Administration to receive funding to be used for operating assistance; and take such additional, related, action that may be desirable.

Subject: SCAG REGION FORMULA FUND SPLIT TABLES FOR THE CORONAVIRUS RESPONSE AND RELIEF SUPPLEMENTAL APPROPRIATION ACT OF 2021 (CRRSAA) FUNDS

Dear Mr. Tellis:

The Southern California Association of Governments (SCAG) is pleased to provide you with the formula fund split tables for the full allocation of the Coronavirus Response and Relief Supplemental Appropriation Act of 2021 (CRRSAA) funds.

As identified in this letter, SCAG as the Designated Recipient authorizes the reassignment/reallocation of CRRSAA funds to the Direct Recipients named herein. The undersigned agree to the amounts allocated/reassigned to each Direct Recipient. Each Direct Recipient is responsible for its application to the Federal Transit Administration to receive such funds and assumes the responsibilities associated with any award for these funds.

The following UZA Split Tables are attached:

- Los Angeles – Long Beach – Anaheim,
- Indio – Cathedral City, and
- Santa Clarita

Please feel free to contact me at (213) 236-1885 or via e-mail at Amatya@scag.ca.gov should you have any questions.

RESOLUTION NO. 21-60

RESOLUTION OF THE CITY OF MONTEBELLO APPROVING THE APPLICATION FOR FEDERAL TRANSIT ADMINISTRATION (FTA) FUNDS FOR THE CORONAVIRUS RESPONSE RELIEF SUPPLEMENTAL APPROPRIATIONS (CRRSA) ACT OF 2021

RECITALS

WHEREAS, on December 27, 2020, Congress approved and signed into law the Coronavirus Response Relief Supplemental Appropriations (CRRSA) Act of 2021 as the second act of federal relief in response to COVID-19; and

WHEREAS, the CRRSA Act provides $14 billion dollars in grant aid to support the transit industry during the COVID-19 public health emergency; and

WHEREAS, the Los Angeles Metropolitan Transportation Authority has been delegated the authority to administer and award financial assistance to owners of transit fleets under the Grant; and

WHEREAS, the City of Montebello (the "City"), as a transit bus owner by and through the Montebello Bus Lines (the "Transportation Department") is an eligible recipient of the Grant; and

WHEREAS, receipt of Grant funds would assist the Transportation Department with operating expenses incurred as a result of the health pandemic emergency; and

WHEREAS, as a qualified applicant, the City is willing and able to carry out all activities described in the Grant guidelines.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY RESOLVES, FINDS, AND DECLARES AS FOLLOWS:

APPROVES THE SUBMISSION OF APPLICATION FOR THE CORONAVIRUS RESPONSE RELIEF SUPPLEMENTAL APPROPRIATIONS ACT OF 2021; AND

SECTION 1: Approvals and Certifications.

1. The Transportation Department is authorized to execute and file and application for the City of Montebello, through Montebello Bus Lines (MBL), to receive Coronavirus Response Relief Supplemental Appropriations Funds for operation cost and other COVID-19 related expenditures.

2. City Staff shall take the necessary steps to complete the CRRSA Act Funds application process including executing necessary documents and, if the grant application is approved, managing the project.

3. Agrees to comply with all applicable federal, state and local laws, ordinances, rules, regulations and guidelines.

SECTION 2: That the City Clerk shall certify to the passage and adoption of this Resolution and that the same shall be in full force and effect.

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Brad Keller, Chief of Police

SUBJECT: **Approval Amendment No. 1 to Agreement No. 3452 with All City Management Services for School Crossing Guard Services**

DATE: July 28, 2021

RECOMMENDATION (S):

It is recommended that the City Council:

1) Approve Amendment No. 1 to Agreement No. 3452 with All City Management Services for School Crossing Guard Services; and

2) Authorize the City Manager to execute the amendment on behalf of the City; and

3) Take such additional, related, action that may be desirable.

FISCAL IMPACT

Staff is recommending approval of Amendment No. 1 to Agreement No. 3452 to extend the current term with All City Management Services (ACMS) for an additional year of service beginning in August 2021 and ending in August 2022.

ACMS has prepared the following proposed rate based on California's current wage requirements and based on the crossing guard needs of the City:

- Total of 5 sites (Findlay/Via Ocampo (SE), Jacmar/Spruce (NE), Eula/Poplar (NW), Arroyo/Neil Armstrong, Lincoln Ave/ Donna Wayat)
- 3.0 hours per day
- 15 (Total hours per day) x 180 (Days per year) x $23.03 (Hourly billing rate) = $62,181 (Fiscal Year 2021-22 total contract cost)

Funding for Crossing Guard Services is included in the Fiscal Year 2021-22 adopted budget (Account # 100-80-830-6040.10, Investigative Services-Outside Contracts). The Montebello Unified School District will continue to pay for ten (10) percent of the yearly cost for crossing guard services. Once the contract is approved, the Police Department will prepare an invoice and submit it to the School District for reimbursement.

BACKGROUND

The Police Department previously released a Request for Proposal (RFP) on July 17, 2018. Upon the closure of the RFP, ACMS was the only company to submit a full and complete proposal. Additionally, due to the Covid-19 Pandemic school closures, services were not rendered between March 2020 and June 2021.

The Montebello Police Department currently contracts with ACMS for providing crossing guard services for the City of Montebello. ACMS has provided crossing guard services for the last seventeen years. The Montebello Police Department is satisfied with the crossing guard services provided to students of the Montebello Unified School District and the community. ACMS has been very responsive to any questions or complaints posed by either the police department or school personnel.

ANALYSIS

ACMS is a full-service crossing guard services contractor. The company coordinates all aspects related to recruitment, local hiring, conducting background clearance compliant with Department of Justice standards, training, payroll, administrative support, and coordination of assigning qualified substitutes during absences, local supervision, and communicating with school and site safety inspectors.

Staff research indicates that the most efficient and economical contract company to provide school crossing guard services for the City continues to be ACMS. The company specializes in only providing school crossing guard services. They have been in business since 1985 and are currently the largest provider of school crossing guard services in the area. They employ over 5,000 crossing guards for over 250 agencies. ACMS also manages the school crossing guard programs for many other agencies in the area.

In addition, staff recommends approval of Amendment No. 1 to Agreement No. 3452 with ACMS for the following reasons:

- ACMS assumes the responsibility and liability for the task and challenges of conducting successful Crossing Guard Programs.
- ACMS is a highly-regarded contractor that specializes only in contract school crossing guard services to numerous agencies.

- Their comprehensive approach and management plan are clearly outlined to address and correct any potential issues.

SUMMARY

ACMS has established an excellent reputation within the City of Montebello. They have demonstrated their ability to continuously provide a professional and courteous service to students of the Montebello Unified School District and surrounding community.

The City Council will consider approval of Amendment No. 1 to Agreement No. 3452 with All City Management Services to provide School Crossing Guard Services.

AMENDMENT NO. 1
TO PROFESSIONAL SERVICES AGREEMENT NO. 3452
WITH ALL CITY MANAGEMENT SERVICES, INC.

This Amendment No. 1 to the Professional Services Agreement ("Amendment No. 1"), is made and entered into this 28th day of July 2021, ("Effective Date") by and between the City of Montebello, a California municipal corporation, (hereinafter referred to as the "City") and All City Management Services, Inc., (hereinafter referred to as the "Contractor"). The City and the Consultant are sometimes hereinafter individually referred to as a "Party" and jointly as the "Parties".

RECITALS

WHEREAS, Contractor and City (sometimes hereinafter individually referred to as a **"Party"** and jointly as the **"Parties"**) entered into that certain agreement for School Crossing Guard Services by and between the City of Montebello and All City Management Services, Inc., dated August 20, 2018 (the **"Agreement"**), pursuant to which City retained Contractor to provide annual School Crossing Guard Services, as further described in the Agreement; and

WHEREAS, the Parties, being mutually satisfied with the other Party's performance of the Agreement, desired to add an additional year of service to the contract and budget for services to be provided, thereby increasing the originally approved annual not-to-exceed amount under the Agreement to the total expressed in Section 2 of this Agreement.

WHEREAS, for the reasons set forth herein, the City and Consultant desire to enter into this Amendment No.1 as set forth below.

NOW THEREFORE, in consideration of the mutual promises and covenants contained herein, the receipt adequacy of which is expressly acknowledged by the Parties, the Parties agree to amend the Agreement as follows:

AMENDMENTS

SECTION 1. Section 1 of the Agreement is amended to read as follows:

This Agreement is for a term which commences August 1, 2021 and ends on June 30, 2022.

SECTION 2. Section 14 of the Agreement is amended to read as follows:

The City agrees to pay the Contractor for the Services rendered pursuant to this Agreement the sum of Twenty Three Dollars and Three Cents ($23.03) per hour, per Crossing Guard during the 2021-2022 school year.

The City agrees to a minimum of 2,700 hours of service billing annually, unless Contractor fails to perform services.

SECTION 3. Except as expressly modified or supplemented by this Amendment No. 1, all other provisions of the Agreement, shall remain unaltered and in full force and effect. In the event of conflict between the provisions of this Amendment No. 1 and the provisions of the Agreement, the provisions of this Amendment No. 1 shall control.

City of Montebello Agreement No. 3452

AGREEMENT FOR CROSSING GUARD SERVICES

This AGREEMENT FOR CROSSING GUARD SERVICES (the "Agreement") is dated August 8, 2018 and is between CITY OF MONTEBELLO (hereinafter called the "City"), and ALL CITY MANAGEMENT SERVICES, INC., a California corporation (hereinafter called the "Contractor").

WITNESSETH

The parties hereto have mutually covenanted and agreed as follows:

1. This Agreement is for a term which commences on August 20, 2018 and ends on June 30, 2021 and for such term thereafter as the parties may agree upon.

2. The Contractor will provide personnel equipped and trained in appropriate procedures for crossing pedestrians in marked crosswalks. Such personnel shall be herein referred to as a "Crossing Guard". The Contractor is an independent contractor and the Crossing Guards to be furnished by it shall at all times be its employees and not those of the City.

3. The City's representative in dealing with the Contractor shall be designated by City of Montebello Police Department.

4. The City shall determine the locations where Crossing Guards shall be furnished by the Contractor. The Contractor shall provide at each designated location personnel properly trained as herein specified for the performance of duties as a Crossing Guard. The Contractor shall provide supervisory personnel to see that Crossing Guard activities are taking place at the required places and times, and in accordance with the terms of this Agreement.

5. The Contractor shall maintain adequate reserve personnel to be able to furnish alternate Crossing Guards in the event that any person fails to report for work at the assigned time and location and agrees to provide immediate replacement.

6. In the performance of its duties the Contractor and all employees of the Contractor shall conduct themselves in accordance with the conditions of this Agreement and all applicable laws of the state in which the Services are to be performed.

7. Persons provided by the Contractor as Crossing Guards shall be trained in all applicable laws of the state in which the Services are to be performed pertaining to general pedestrian safety in school crossing areas.

8. Crossing Guard Services (the "Services") shall be provided by the Contractor at the designated locations on all days in which school is in session. The Contractor also agrees to maintain communication with the designated schools to maintain proper scheduling.

9. The Contractor shall provide all Crossing Guards with apparel by which they are readily visible and easily recognized as Crossing Guards. Such apparel shall be uniform for all persons performing the

duties of Crossing Guards and shall be worn at all times while performing said duties. This apparel must be appropriate for weather conditions. The Contractor shall also provide all Crossing Guards with hand held Stop signs and any other safety equipment which may be necessary.

10. The Contractor shall at all times provide workers' compensation insurance covering its employees and shall provide and maintain liability insurance for Crossing Guard activities. The Contractor will provide to the City a Certificate of Insurance naming City of Montebello and its officials, officers and employees as additional insureds. Such insurance shall include commercial general liability with a combined single limit of not less than $1,000,000.00 per occurrence and in aggregate for property damage and bodily injury. Such insurance shall be primary with respect to any insurance maintained by the City and shall not call on the City's insurance contributions. Such insurance shall be endorsed for contractual liability and personal injury and shall include the City, its officers, agents and interest of the City. Such insurance shall not be canceled, reduced in coverage or limits or non-renewed except after thirty (30) days written notice has been given to City of Montebello.

11. Contractor agrees to defend, indemnify and hold harmless the City, its officers, employees, agents and representatives, from and against any and all actions, claims for damages to persons or property, penalties, obligations or liabilities (each a "Claim" and collectively, the "Claims") that may be asserted or claimed by any person, firm, entity, corporation, political subdivision or other organization arising out of the sole negligent acts or omissions, or willful misconduct, of Contractor, its agents, employees, subcontractors, representatives or invitees.

    a) Contractor will defend any action or actions filed in connection with any of said claims, damages, penalties, obligations or liabilities and will pay all costs and expenses including attorney's fees incurred in connection herewith.

    b) In the event the City, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Contractor for such damages or other claims arising out of or in connection with the sole negligence of Contractor hereunder, Contractor agrees to pay City, its officers, agents, or employees, any and all costs and expenses incurred by the City, its officers agents or employees in such action or proceeding, including, but not limited to, reasonable attorney's fees.

    c) In the event that a court determines that liability for any Claim was caused or contributed to by the negligent act or omission or the willful misconduct of City of Montebello, liability will be apportioned between Contractor and City based upon the parties' respective degrees of culpability, as determined by the court, and Contractor's duty to indemnify City will be limited accordingly.

    d) Notwithstanding anything to the contrary contained herein, Contractor's indemnification obligation to City of Montebello for Claims under this Agreement will be limited to the maximum combined aggregate of Contractor's general liability and umbrella insurance policies in the amount of $9,000,000 (Nine Million Dollars).

12. Either party shall have the right to terminate this Agreement by giving sixty (60) days written notice to the other party.

13. The Contractor shall not have the right to assign this Agreement to any other person or entity except with the prior written consent of the City.

14. The City agrees to pay the Contractor for the Services rendered pursuant to this Agreement the sum of Seventeen Dollars and Eighty-one Cents **($17.81)** per hour, per Crossing Guard during the 2018 - 2019 school year.
2019 – 2020 school year: **$19.44**
2020 – 2021 school year: **$21.07**

The City agrees to a minimum of 2,700 hours of service billing annually, unless Contractor fails to perform services.

15. Payment is due within thirty (30) days of receipt of Contractor's properly prepared invoice.

16. Contractor may request a price increase during the term as a result of any legally-mandated increases in wages or benefits imposed in the state or municipality in which the Services are to be performed and to which Contractor's employees would be subject. Contractor shall provide City with 60 days-notice of its request to increase pricing. City of Montebello agrees to review and respond to said notice within 30 days of receipt.

17. The City of Montebello shall have an option to renew this Agreement. In the event this Agreement is extended beyond the end of the term set forth above, the compensation and terms for the Services shall be established by mutual consent of both parties.

18 This Agreement constitutes the complete and exclusive statement of the agreement among the parties with respect to the subject matter hereof and supersedes all prior written or oral statements among the parties, including any prior statements, warranties, or representations. This Agreement is binding upon and will inure to the benefit of the parties hereto and their respective heirs, administrators, executors, successors, and assigns. Each party hereto agrees that this Agreement will be governed by the law of the state in which the Services are to be performed, without regard to its conflicts of law provisions. Any amendments, modifications, or alterations to this Agreement must be in writing and signed by all parties. There will be no presumption against any party on the ground that such party was responsible for preparing this Agreement or any part of it. Each provision of this Agreement is severable from the other provisions. If any provision of this Agreement is declared invalid or contrary to existing law, the inoperability of that provision will have no effect on the remaining provisions of the Agreement which will continue in full force and effect.
