CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Fernando Pelaez, Fire Chief

SUBJECT: **Approve Issuance of a Blanket Purchase Order to Allstar Fire Equipment, Inc., Galls LLC, and Municipal Emergency Services, Inc. for Personal Protective Equipment, Uniform Apparel and Fire-Related Supplies and Equipment for Multi-Year Periods**

DATE: April 13, 2022

RECOMMENDATIONS:

It is recommended that the City Council:

1) Approve issuing an annual blanket purchase order to Allstar Fire Equipment, Inc. for personal protective equipment and fire-related supplies in an initial amount that shall not-to-exceed $250,000 annually beginning Fiscal Year 2022-23 through 2024-25 ($750,000 total over a three (3) year period); and

2) Approve issuing an annual blanket purchase order to Galls, LLC for personal protective equipment, uniform apparel and fire-related supplies in an initial amount that shall not-to-exceed $175,000 annually beginning Fiscal Year 2022-23 through 2025-26 ($700,000 total over a four (4) year period); and

3) Approve issuing an annual blanket purchase order to Municipal Emergency Services, Inc. (MES) for personal protective equipment and fire-related supplies in an initial amount that shall not-to-exceed $175,000 annually beginning Fiscal Year 2022-23 through 2024-25 ($525,000 total over a three (3) year period); and

4) Take such additional, related, action that may be desirable.

FISCAL IMPACT

Beginning with Fiscal Year 2022-23 the Fire Department will budget accordingly in the following accounts unless otherwise directed by the Finance Department: General Fund,

Account No. 100-85-860-6010.10 (Fire Department, Suppression, Machinery and Equipment) and Account No. 100-85-860-6016 (Fire Department, Suppression, Uniform Expense) for each of the vendors and the annual not-to-exceed amounts (as detailed below).

The department will purchase essential Personal Protective Equipment (PPE), Turnouts, Wildland gear, uniforms and fire-related equipment and supplies using the terms and conditions identified in the following contracts for each respective vendor:

1. **Allstar Fire Equipment, Inc.** (Allstar) awarded Contract No. 032620-LIO by Sourcewell. The department anticipates spending an annual amount not-to-exceed $250,000.

2. **Galls, LLC** (Galls) awarded Contract No. 02-118 by National Cooperative Purchasing Alliance (NCPA). The department anticipates spending an annual amount not-to-exceed $175,000.

3. **Municipal Emergency Services, Inc.** (MES) awarded Contract No. 032620-MES by Sourcewell. The department anticipates spending an annual amount not-to-exceed $175,000.

Under Montebello Municipal Code Chapter 3.20.125, Piggybacking Purchasing Agreements, the City can establish a purchase order using the same terms and conditions set forth in the agreements previously mentioned.

If approved, the Department will ensure prior approval of funds for the specified items have been authorized during the annual budget process (beginning with FY 2022-23) and upon approval of the Department's budget the annual blanket purchase orders will be issued at the beginning of every fiscal year through Fiscal Years 2024-25 (Allstar and Municipal Emergency Services) and 2025-26 (Galls). Utilizing these multi-year agreements allows for improved planning – knowing the amounts needed each fiscal year for the purchase of PPE, uniforms and related essential fire equipment allows for strategic operationalization of essential equipment and related purchases.

BACKGROUND

National Fire Protection Association (NFPA) 1500 Standard on Fire Department Occupational Safety and Health Programs recommends that firefighters engaged in structural firefighting be provided with and wear a protective ensemble, which consists of the following protective items: coat, trousers, hood, helmet, SCBA, gloves, and proper footwear. This personal protective equipment (PPE) is designed to protect firefighters from serious injuries or illnesses resulting from contact with fire as well as chemical, biological, radiological, nuclear, high-yield explosive (CBRNE) hazards. This is extremely important to allow for personnel to execute their jobs without suffering from burns or lung damage from smoke inhalation.

Montebello Fire Department is required by law to issue two (2) sets of turnout ensembles to each firefighter in order to safely and effectively perform their job. The Department also has a Wellness and Cancer Prevention Program, ensuring that all fire suppression personnel have the appropriate safety gear, and will prevent from exposure to harmful, carcinogenic toxins, providing availability and/or back-up of a clean second set for emergency response calls. The department has always strived to prioritize the safety, health and well-being of its firefighters.

Related NFPA and Department guidelines require standard uniforms and related apparel, and regular replacement of essential firefighting and life safety equipment. These multi-year agreements with these three vendors will help ensure procurement flexibility, allowing for equipment to be purchased from multiple vendors depending on availability and pricing. The multi-year agreements improve planning, allowing for Fire and Finance to better project expenses in these critical areas over multiple, future years.

Allstar Fire Equipment, Inc.

Allstar Fire Equipment, Inc., has supplied the Montebello Fire Department for several years and has provided various fire gear, such as turnout ensembles including boots, helmets, and brush jackets. In addition, the vendor is a supplier of fire hoses, nozzles, breathing apparatus, and fire tools. Allstar is the exclusive dealer and distributor for Lion Apparel in the State of California, as well as being a local vendor and due to its proximity to Montebello, making it easy to access necessary emergency purchases.

Due to its established relationship with the City and the Fire Department, Allstar has developed departmental specifications that best suit the needs and has provided consistency to fire personnel and equipment, plus complies with local county fire standardization of equipment and tools. The Fire Department plans to utilize Allstar as the distributor for various fire-related supply purchases including: key hose, hose packs, and nozzles. Allstar Fire Equipment has continued to be the chosen vendor due to their close proximity, quick response time, and familiarity with the Fire Department's needs.

Galls, LLC

Galls, LLC, consistently meets Fire Department uniform needs and provides a strong business relationship with the City. In order to properly outfit Fire Department staff, Galls will be utilized to purchase station uniforms, wildland pants, and station boots for current and future Fire Department personnel.

Municipal Emergency Services (MES)

Municipal Emergency Services, Inc. (MES) provides quality name brand equipment that complies with the appropriate NFPA and manufacturer's specifications throughout the life of the products purchased. MES is another provider of turnout gear. As previously

mentioned, this gear is a necessary expense in order to be compliant with NFPA 1500. This protective ensemble provides an outer shell that is highly resistant to ignition from flame contact or radiant heat and provides insulation through nonflammable insulation material. Per NFPA 1851, PPE is to be limited to a ten-year lifespan from date of manufacture. Therefore, having the ability to purchase from multiple PPE distributors (i.e., Allstar and Municipal Emergency Services) is necessary to properly outfit current and future personnel.

ANALYSIS

City staff began evaluating the best method of procurement of personal protective equipment (PPE), uniform apparel and fire equipment/supplies in a manner that is in line with the City's Municipal Code and purchasing policies and procedures, while providing multiple-year costing to assist with future budget and operational planning.

The City currently utilizes Allstar Equipment, Galls, and MES for these essential PPE components, including hoses, nozzles and small tools, as well as uniforms and related supplies. Staff conducted an analysis and identified master contracts through Sourcewell and National Cooperative Purchasing Alliance (NCPA), which are national cooperative procurement organizations offering publicly solicited contracts to government entities nationwide. Contracts are created through a public solicitation by a Lead Public Agency. As current members, purchasing off of these contracts provides the City the opportunity to purchase from Allstar Equipment, Galls, and MES, acquiring the same products and services currently utilized while meeting the municipal code requirements to purchase off competitive bid awards. For reference, Fire Department's Sourcewell Member No. 186497.

Allstar Fire Equipment, Inc. was awarded a contract by Sourcewell on May 7, 2020 with an expiration date of May 7, 2024. It is a four-year term with optional extension up to one (1) additional one-year period upon request of Sourcewell and with written agreement by vendor. This contract saves the City the cost of conducting an RFP process, which would likely result in similar, or possibly higher, rates. Remarkably, the recommended contract entails prices that are at a discount range of up to 35% from MSRP price list.

Galls, LLC was awarded a contract by NCPA on May 3, 2021 with an expiration date of April 30, 2024. It is a three-year term with the option to renew for two (2) additional one (1) year periods, if mutually agreed on by Region XIV ESC and Galls, LLC.

Municipal Emergency Services, Inc. was awarded a contract by Sourcewell on May 7, 2020 with an expiration date of May 7, 2024. It is a four-year term with optional extension up to one (1) additional one-year period upon request of Sourcewell and with written agreement by vendor.

Therefore, staff research indicates that the most efficient and economical methods to acquire the mandated PPE, uniform apparel and fire-related equipment are to use the

existing contracts between Sourcewell and Allstar Fire Equipment (Attachment B-Contract No. 032620-LIO); NCPA and Galls (Attachment E-Contract No. 02-118); and Sourcewell and Municipal Emergency Services (Attachment F-Contract No. 032620-MES). This provides the opportunity to purchase off of competitive bid awards and receive the same reliable products and service, at reasonable prices, through fiscal years 2024-25 and 2025-26.

SUMMARY

Staff is recommending the City Council approve the procurement of personal protective equipment and fire equipment/tools from Allstar Fire Equipment, Inc., Galls, LLC, and Municipal Emergency Services, Inc. by utilizing Sourcewell Contract No. 032620-LIO, NCPA Contract No. 02-118, and Sourcewell Contract No. 032620-MES. The annual purchase amount is estimated at $250,000 for Allstar Fire Equipment, $175,000 for Galls, and $175,000 for MES. These are multiple year agreements that will improve fiscal and operational planning. The contracts with Allstar Fire Equipment and MES will be from FY 2022-23 through FY 2024-25, and the Galls contract will run from FY 2022-23 through FY 2025-26. No current fiscal year budget adjustment is needed as part of this action. The FY 2022-23 budget will be developed utilizing these contract amounts.

For PPE and uniforms, Supplier warrants that all its firefighter and emergency responder protective clothing, uniforms and equipment meet all applicable NFPA standards in effect at the time of their manufacture and further warrants that such products are free from any defect in workmanship or any patent material defect. b. Conditions of use are outside the control of Supplier. It is the responsibility of Customer to inspect and maintain the product to assure it remains fit for its intended purpose. In order to maximize the useful life of these products and maintain the warranty, the products are to be used only by appropriately trained personnel following proper firefighting or emergency response techniques and in accordance with the products' warning, use, inspection, maintenance, care, storage and retirement instructions. Failure to do so will void the warranty. continued on next page 2019 LION Customer Policies — Terms/Warranty (Continued) 50 – LION Turnout™ Price List RETAIL PRICE LIST Effective October 1, 2019 Price subject to change without prior notice c. If the agreement involves the processing of material supplied by the Customer, Supplier warrants the product incorporating the material to be free from only manufacturing defects for a period of six (6) months after delivery. If the processing proves to be unsound, Supplier may, at its own discretion, either remedy the fault or perform the processing again using material to be delivered by the Customer, or refund a proportionate amount of the agreed contract price. d. Subparagraphs e, f, g and h of this section apply exclusively to training products: e. Supplier warrants the proper functioning of its products and the soundness of the materials and parts used therein for a period of twelve (12) months after delivery or for any other such term as agreed in writing between Supplier and the Customer. No warranty is given for products that were not new at the moment of delivery, and/or products that are not in use by the Customer itself. Supplier does not warrant that the goods are suitable for the purpose for which the Customer intends to use them. Supplier does not warrant the absence of any faults of the products if and insofar as the products were made following the design and/or other instructions or materials of the Customer. f. Parts for which the wear-and-tear is dependent on the intensity and frequency of use of the product delivered are warranted for twelve (12) months or seven hundred and fifty (750) hours of use, whichever comes first. Replacement of any parts damaged as result of excessive usage and operation, defined as greater than eighty-five (85) hours per month or one thousand (1,000) hours per year, or more than ten (10) hours of continuous operation, shall be excluded from the warranty. g. Supplier must be informed of more intensive use as soon as it becomes clear that the product is likely to be used more than indicated in General Terms or a separate agreement signed by both parties. If the Customer remains in default of notifying Supplier, the warranty is voided. h. Faults that arise after modification or repair by third parties, faults resulting from the use of the products for a purpose other than that for which they are intended, and faults arising from normal wear-and-tear, injudicious use or improper maintenance are not covered by the warranty. The Customer is also barred from invoking the warranty provisions: i. if software and/or systems purchased by the Customer have been installed without the prior consent of Supplier and/or not fully according to any given instructions of Supplier; ii. in the event of negligence on the part of the Customer with regard to maintenance, or if the Customer has used the goods for purposes for which they were not designed; iii. if the Customer has made changes or had changes made to the goods; iv. in the event of injudicious or reckless use, improper connections, improper voltage, lightning strike, damage due to moisture penetration or other external causes or calamities; or v. for software problems resulting from the installation of software installed by the Customer or third parties without the explicit permission of Supplier.	*

Such repair or replacement will be the Customer's sole remedy and Supplier will not be responsible for any incidental, consequential or other damages based upon or arising in any way from breach of the warranties contained herein or the Customer's use of such product. k. The repairs under warranty will normally be carried out by Supplier at its factory, affiliate, or other designated facility. Only if repair by Supplier or a third party engaged by Supplier is not possible, and Supplier has duly communicated this to the Customer, the Customer shall be entitled to the replacement or repair of the faulty parts (unless otherwise explicitly agreed). l. Supplier may decide not to repair the goods but instead to replace them with brand new or equivalent goods, or to take back the goods and, if appropriate, refund part of the purchase price and/or offer a comparable alternative. m. The goods replaced under this warranty will be the property of Supplier. n. These warranty obligations apply only to any product, part or component which is returned to Supplier or a Supplier Authorized Clean and Repair Center with prior authorization and proof of purchase, and which Supplier agrees to be defective as covered by this warranty. o. COMPLAINTS & LIABILITY a. Without prejudice to all that is stipulated in the agreement and elsewhere in these General Terms, Supplier will not be liable, contractually and/or extra-contractually, for direct damages, except insofar as the Customer proves that the damage and/or loss is the result of a shortcoming relating to the delivered product that can be fully and solely attributed to Supplier, in which case, however, the total liability of Supplier will be still limited to the amount that is covered by its insurance. If no insurance coverage exists, for any reason at all, Supplier's liability is limited to a sum equal to the amount of the invoice value of the supplied goods that gave rise to the liability. Supplier can never be held liable for loss of profits, loss of earnings or other indirect and consequential damage. Supplier will in no event be liable, unless insofar as it explicitly accepts liability in these General Terms or in a written agreement between Supplier and the Customer. b. Complaints must be submitted to Supplier in writing, with argumentation, within fourteen (14) days after the Customer becomes aware or could reasonably have become aware of the complaint, failing which Supplier is entitled to disregard the complaint and the Customer is deemed to have waived any claim it may have against Supplier with regard to the complaint. c. If a timely and well-substantiated complaint is found justified, Supplier is entitled to either lower its invoices or improve the results of its work. d. Complaints do not entitle the Customer to suspend or offset any payments. e. After delivery, Supplier is no longer liable for faults, excepting where faults are fully and solely attributable to Supplier and the Customer did not give notice of such faults prior to the transfer in title, and furthermore the Customer could not reasonably be expected to have discovered these faults at the moment of transfer in title and register a complaint concerning the fault within the appropriate time frame as stipulated herein. f. If and insofar as the Customer has insured any risk associated with the agreement, the Customer is obliged to claim any damages under that insurance and indemnify Supplier against recovery claims by the insurer. g. Supplier's liability for direct material damages is at all times limited to the net amount of the invoice pertaining to the agreement (excluding VAT). Under no circumstances shall the compensation exceed the amount for which Supplier has procured insurance coverage for the loss-causing events and for which coverage is actually provided. h. PROPOSER ASSURANCE OF COMPLIANCE

PROPOSER'S AFFIDAVIT

The undersigned, authorized representative of the entity submitting the foregoing proposal (the "Proposer"), swears that the following statements are true to the best of his or her knowledge.

1. The Proposer is submitting its proposal under its true and correct name, the Proposer has been properly originated and legally exists in good standing in its state of residence, the Proposer possesses, or will possess before delivering any products and related services, all applicable licenses necessary for such delivery to Sourcewell member agencies. The undersigned affirms that he or she is authorized to act on behalf of, and to legally bind the Proposer to the terms in this RFP and any resulting Contract.

2. The Proposer, or any person representing the Proposer, has not directly or indirectly entered into any agreement or arrangement with any other vendor or supplier, any official or employee of Sourcewell, or any person, firm, or corporation under contract with Sourcewell, in an effort to influence the pricing, terms, or conditions relating to this RFP in any way that adversely affects the free and open competition for a Contract award under this RFP; and, the Proposer has not participated in any collusion, or otherwise taken any action in restraint of free, competitive bidding in connection with the above named solicitation.

3. The contents of the Proposer's proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or agent of the Proposer and will not be communicated to any such persons prior to the official opening of the proposals.

4. The Proposer has examined and understands the terms, conditions, scope, contract opportunity, specifications request, and other documents in this solicitation and affirms that any and all exceptions have been noted and included with the Proposer's Proposal.

5. The Proposer will, if awarded a Contract, provide to Sourcewell Members the /products and services in accordance with the terms, conditions, and scope of this RFP, with the Proposer-offered specifications, and with the other documents in this solicitation.

6. The Proposer agrees to deliver products and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

7. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

8. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statute §13.591, Subd. 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals generally become public data. Minnesota Statute §13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

The Proposer understands that it is the Proposer's duty to protect information that it considers nonpublic, and it agrees to defend and indemnify Sourcewell for reasonable measures that Sourcewell takes to uphold such a data designation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Mark Smith, SR Vice President, LION First Responder PPE, Inc.

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

Jeter not hung up on vote that got away

Bob Nightengale
Columnist
USA TODAY

Derek Jeter will be joined by Larry Walker in the 2020 Baseball Hall of Fame class.
GREG M. COOPER/USA TODAY SPORTS

OK, so who's going to step up and be the whistle-blower in baseball's latest controversy?

Who left Derek Jeter off the Baseball Hall of Fame ballot, making sure he didn't join Yankees teammate Mariano Rivera as baseball's only unanimous electees?

Jeter received 396 of the 397 votes, obtaining the highest voting percentage, 99.7, of any position player in election history.

Still, it was not 100%. So let the witch hunt begin.

Yet just as Jeter did throughout his 20-year major league career, he deftly sidestepped the storm the anonymous voter created, refusing to let it tarnish his glorious moment.

"Well, I look at all the votes I got," Jeter said. "Do you know how hard it is to get that many people to agree on anything? It takes a lot of votes to get elected into the Hall of Fame."

The fact that someone didn't vote for him?

Sorry, let everyone else worry about it.

"That's not something on my mind," he said. "I'm just extremely excited and honored to be elected."

Still, the idea that someone purposely left Jeter off the ballot, or perhaps turned in a blank ballot, won't suddenly be forgotten.

He was asked about it Wednesday at the Hall of Fame news conference. He'll be asked about it in South Florida as the CEO of the Marlins. He'll be asked about it until the July 26 induction ceremony in Cooperstown, New York.

Jeter won't touch it. Not now. Not at the Hall of Fame. Not ever.

Ken Griffey Jr., who was three votes shy of being a unanimous selection in 2016, remembers the same furor during his election. Sure, he would have loved to have been the first unanimous selection, but nowadays does anyone even remember?

"I don't even think about it," Griffey told USA TODAY Sports. "It doesn't bother me. I just think it's harder for voters to leave guys off nowadays because you have to reveal your ballot. So if you vote a little different, the scrutiny comes. It makes you more accountable."

Still, while most active voters in the Baseball Writers' Association of America publicly reveal their votes, it's not a requirement. So the lone soldier might never be exposed.

Besides, by not being unanimous, Jeter can be just one of the guys in baseball's greatest fraternity.

"He's got 12 minutes to make a speech," Griffey said, "and then we'll start throwing stuff at him. We'll treat him like a visiting player at Yankee Stadium, throwing batteries and apples at him. We'll say, 'This is what it's like playing at your house.' "

Jeter, just like Griffey, was an icon of his sport. He epitomized class and grace on and off the field. He represented baseball as well as anyone who wore the uniform.

He played through baseball's steroid era, the BALCO investigation that severely tarnished Barry Bonds' career, and the Biogenesis scandal that resulted in 13 players being suspended, including teammate Alex Rodriguez.

Now, at a time the Astros were caught cheating using electronic equipment, and with the Red Sox under investigation, Jeter again provides a shining light with his election.

"Look, there are situations the sport has gone through throughout its history," Jeter said, "and at times it can seem pretty ugly. I also understand people make mistakes and fortunately people have to pay for those mistakes.

"I think the game is going to move on obviously, and it's going to be in a better place for it."

And if anyone is looking for a role model, look no further than Jeter, who played the game the way it was meant to be, overcoming early struggles to become one of the greatest shortstops in history. He remembers being so overwhelmed after signing with the Yankees out of high school in 1992 that he sat on his hotel balcony every night and sobbed. He made 56 errors his first season in the minors, still a South Atlantic League record.

"Man, that first summer in '92 in Tampa," Jeter said, "I was just trying to make it to '93. I thought I was completely overmatched and thinking I made a mistake signing a professional contract.

"To think of the Hall of Fame never crossed my mind."

Why, even with everyone telling him he was a slam-dunk, telling him years ago he better start preparing his speech, he refused to listen.

"Everyone kept saying it was a foregone conclusion," Jeter said, "but I never looked at (it) this way. I tried to stay away from that conversation.

"I had a great relationship with Reggie (Jackson), and he would constantly remind (me) when I came to the park, 'You're not a Hall of Famer yet.' "

Well, now he joins Jackson and will be part of perhaps the most celebrated induction ceremony in history, joining Canadian outfielder Larry Walker. Hall of Fame officials are anticipating record crowds, exceeding the 82,000 in 2007 that saw Tony Gwynn and Cal Ripken Jr. feted.

"This means a little more to me," Jeter said. "I grew up a Yankee fan. It's the only organization I wanted to play for. I was fortunate to play 20 years in New York with a lot of thanks to the (George) Steinbrenner family. That's one thing I always want to be remembered as: remembered as a Yankee."

What won't be remembered is the unknown voter.

Jeter doesn't care.

So why should we?

Bonds, Clemens trail

Gabe Lacques
USA TODAY

Barry Bonds and Roger Clemens are down to their last two strikes to make baseball's Hall of Fame, and this time they'll carry virtually no momentum into their next crack at Cooperstown.

Bonds, the seven-time MVP, and Clemens, the seven-time Cy Young Award winner, barely got a bump in their eighth appearances on the ballot, and now the specter of their links to performance-enhancing drugs keeping them out of the Hall seems very real.

In results released Tuesday, Clemens was named on 242 of 397 ballots and Bonds on 241, their 61% and 60.7% marks hardly a leap from 2019's haul of 59.5% (Clemens) and 59.1% (Bonds).

Two factors might work in their favor in their final two years on the writers' ballot:

- There won't be any slam-dunk, first-time candidates such as Derek Jeter and Mariano Rivera.
- The elections of Edgar Martinez and Larry Walker in the past two years indicates plenty of voters can have 10th-year changes of heart, though neither of those last-ditch electees were tied to PED use.

x-first year on ballot

Buehrle, Hudson and Hunter join ballot for '21

Jesse Yomtov
USA TODAY

After back-to-back years with a slam-dunk nominee, the 2021 debutants on the Baseball Hall of Fame ballot are unlikely to draw much support.

Mark Buehrle, Tim Hudson and Torii Hunter are among the top players who will debut on the ballot next year and, despite excellent careers, it's hard to imagine anybody from this group will ever receive the 75% of the vote necessary to get in.

Holdovers include Curt Schilling (70%), Roger Clemens (61%) and Barry Bonds (60.7%), all of whom will be making their ninth, and penultimate, appearances on the ballot in 2021. Omar Vizquel (52.6%), Scott Rolen (35.3%) and Billy Wagner (31.7%) are among the other 2020 top vote-getters who will return to the ballot.

Here are the top newcomers on next year's ballot ranked by career Wins Against Replacement:

Mark Buehrle (59.2 WAR) – 214 wins, 5-time All-Star, 4-time Gold Glove winner, career 3.81 ERA

Tim Hudson (58.1 WAR) – 222 wins, 4-time All-Star, career 3.49 ERA

Torii Hunter (50.1 WAR) – 9-time Gold Glove winner, 5-time All-Star, 2-time Silver Slugger

Dan Haren (35 WAR) – 3-time All-Star, 4.03 K/BB (15th all-time), career 3.75 ERA

Aramis Ramirez (32.6 WAR) – 3-time All-Star, 7 100+ RBI seasons

Barry Zito (31.9 WAR) – 2002 AL Cy Young winner, 3-time All-Star

Shane Victorino (31.6 WAR) – 4-time Gold Glove winner, 2-time All-Star

A.J. Burnett (29.1 WAR) – career 3.99 ERA

Alex Rios (27.4 WAR) – 2-time All-Star

Grady Sizemore (27.3 WAR) – 3-time All-Star, 2-time Gold Glove winner, Silver Slugger

I. ABOUT SOURCEWELL AND MEMBERS

A. SOURCEWELL

Sourcewell is a State of Minnesota local government agency and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that facilitates a competitive public solicitation and contract award process for the benefit of its 50,000+ members across the United States and Canada. Sourcewell's solicitation process complies with Minnesota law and policies, and results in cooperative contracting solutions from which Sourcewell's members procure equipment, products, and services.

Cooperative contracting provides members and vendors increased administrative efficiencies and the power of combined purchasing volume that result in overall cost savings. At times, Sourcewell also partners with other purchasing cooperatives to combine the purchasing volume of their membership into a single solicitation and contract expanding the reach of contracted vendors potential pool of end users.

Sourcewell uses a website-based platform, the Sourcewell Procurement Portal, through which all proposals to this RFP must be submitted.

B. MEMBERS AND USE OF RESULTING CONTRACTS

Membership in Sourcewell is open to government and non-profit entities across the United States and Canada; such as municipal, state/province, K-12 and higher education, tribal government, and other public entities. Access to contracted equipment, products, or services by Members is typically through a purchase order issued directly to the applicable vendor. A Member may request additional terms or conditions related to a purchase. Use of Sourcewell contracts is voluntary and Members retain the right to obtain similar equipment, products, or services from other sources.

To meet Members' needs, public notice of this RFP has been broadly published, including notification to each state-level procurement departments for possible re-posting. As required by certain states, an Appendix of Members is included in this RFP and can be found in the Sourcewell Procurement Portal. Proof of publication will be available at the conclusion of the solicitation process.

For Canadian entities: This RFP is intended to include municipalities and publicly-funded academic institutions, school boards, health authorities, and social services (MASH sectors); including members of the Rural Municipalities of Alberta (RMA), and their represented Associations: Saskatchewan Association of Rural Municipalities (SARM), Saskatchewan Urban Municipalities Association (SUMA), and Association of Manitoba Municipalities (AMM).

II. EQUIPMENT, PRODUCTS, AND SERVICES

A. SOLUTIONS-BASED SOLICITATION

This RFP and contract award process is a solutions-based solicitation; meaning that Sourcewell is seeking equipment, products, or services that meet the general requirements of the scope of this RFP and that are commonly desired or are required by law or industry standards.

B. REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES

It is expected that Proposers offer a wide array of equipment, products, or services at lower prices and with better value than what they would ordinarily offer to a single government entity, a school district, or a regional cooperative.

1. Sourcewell is seeking proposals for Firefighting Personal Protective Equipment, Apparel, and Accessories, with Related Cleaning and Maintenance Equipment, to include:

    a. Firefighting Personal Protective Equipment (PPE) for all types of fire and rescue service, including structural firefighting, wildland firefighting, technical rescue, aircraft rescue, HazMat, and EMS, including, but not limited to:

        i. Protective clothing, including turnout gear, coats, pants, boots, gloves, hoods, and, CBRN clothing;

        ii. Firefighting apparel and station-wear, including shirts, pants, jackets, and footwear;

        iii. Helmets and related accessories, including front shields, helmet mounted lights, shrouds, straps, pads, and visors;

        iv. Self-contained breathing apparatus (SCBA) and supplied air breathing apparatus (SABA), including open circuit and/or closed-circuit systems, facepieces, cylinders, regulators, and rapid intervention crew/company universal air connection (RIC UAC); and,

        v. Related equipment and accessories, including personal alert safety systems (PASS), air supply monitoring systems, gas masks, belts, suspenders, straps, radio holders, and eye protection.

c. Firefighting PPE cleaning equipment, including laundry machines, extractors, drying cabinets, and ultrasonic cleaners; and,

d. Services related to the equipment described in subsections 1. a. – c. above, including training, testing, maintenance or repair, installation, and warranty programs. However, this solicitation should NOT be construed to include "service-only" solutions. Proposers may include related services to the extent that these solutions are complementary to the purchase of the equipment and products being proposed.

2. The primary focus of this solicitation is on Firefighting Personal Protective Equipment, Apparel, and Accessories, with Related Cleaning and Maintenance Equipment. This solicitation should NOT be construed to include:

   a. Firefighting equipment, rescue tools, or related accessories.

3. This solicitation does not include those equipment, products, or services covered under categories included in contracts currently maintained by Sourcewell:

   a. Uniforms and Uniform-Related Products And Services (RFP #062415);
   b. Health & Safety, Medical, Surgical, and First Aid Related Equipment, Supplies, Accessories, and Services (RFP #061417);
   c. Ambulance and Emergency Medical Transport Vehicles, with Related Equipment, Accessories, and Supplies (RFP #022118); and
   d. Firefighting Apparatus, with Related Equipment, Accessories, and Supplies (RFP #022818).

Proposers may include related equipment, accessories, and services to the extent that these solutions are complementary to the equipment, products, or service(s) being proposed.

Generally, the solutions for Sourcewell Members are turn-key solutions, providing a combination of equipment, products and services, delivery, and installation to a properly operating status. However, equipment or products only solutions may be appropriate for situations where Sourcewell Members possess the ability, either in-house or through local third-party contractors, to properly install and bring to operation those equipment/products being proposed.

Sourcewell prefers vendors that provide a sole source of responsibility for the products and services provided under a resulting contract. If Proposer requires the use of dealers, resellers, or subcontractors to provide the products or services, the Proposal should address how the products or services will be provided to Members and describe the network of dealers, resellers, and/or subcontractors that will be available to serve Sourcewell Members under a resulting contract.

Sourcewell desires the broadest possible selection of products/equipment and services being proposed over the largest possible geographic area and to the largest possible cross-section of Sourcewell current and potential Members.

C. REQUIREMENTS

It is expected that Proposers have knowledge of all applicable industry standards, laws, and regulations and possess an ability to market and distribute the equipment, products, or services to Members.

1. Safety Requirements. All items proposed must comply with current applicable safety or regulatory standards or codes.
2. Deviation from Industry Standard. Deviations from industry standards must be identified with an explanation of how the equipment, products, and services will provide equivalent function, coverage, performance, and/or related services.
3. New Equipment and Products. Proposed equipment and products must be for new, current model; however, Proposer may offer certain close-out equipment or products if it is specifically noted in the Pricing proposal.
4. Delivered and operational. Unless clearly noted in the Proposal, equipment and products must be delivered to the Member as operational.
5. Warranty. All equipment, products, supplies, and services must be covered by a warranty that is the industry standard or better.

D. ANTICIPATED CONTRACT TERM

Sourcewell anticipates that the term of any resulting contract(s) will be four (4) years. An extension may be offered based on the best interests of Sourcewell and its members.

E. ESTIMATED CONTRACT VALUE AND USAGE

Based on past volume of similar contracts, the estimated annual value of all transactions from contracts resulting from this RFP are anticipated to be USD $35 Million; therefore, proposers are expected to propose volume pricing. Sourcewell anticipates considerable activity under the contract(s) awarded from this RFP; however, sales and sales volume from any resulting contract are not guaranteed.

F. MARKETING PLAN

Proposer's sales force will be the primary source of communication with Members. The Proposer's Marketing Plan should demonstrate Proposer's ability to deploy a sales force or

dealer network to Members, as well as Proposer's sales and service capabilities. It is expected that Proposer will promote and market any contract award.

G. ADDITIONAL CONSIDERATIONS

1. Contracts will be awarded to Proposers able to best meet the need of Members. Proposers should submit their complete line of equipment, products, or services that are applicable to the scope of this RFP.
2. Proposers should include all relevant information in its proposal. Sourcewell cannot consider information that is not provided in the Proposal. Sourcewell reserves the right to verify Proposer's information and may request clarification from a Proposer, including samples of the proposed equipment or products.
3. Depending upon the responses received in a given category, Sourcewell may need to organize responses into subcategories in order to provide the broadest coverage of the requested equipment, products, or services to Members. Awards may be based on a subcategory.
4. A Proposer's documented negative past performance with Sourcewell or its Members occurring under a previously awarded Sourcewell contract may be considered in the evaluation of a proposal.

III. PRICING

A. REQUIREMENTS

All proposed pricing must be:

1. Either Line-Item Pricing or Percentage Discount from Catalog Pricing, or a combination of these:
   a. **Line-item Pricing** is pricing based on each individual product or services. Each line must indicate the Vendor's published "List Price," as well as the "Contract Price."
   b. **Percentage Discount from Catalog or Category** is based on a percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price (MSRP) for the products or services. Individualized percentage discounts can be applied to any number of defined product groupings. Proposers will be responsible for providing and maintaining current published MSRP with Sourcewell, and this pricing must be included in its proposal and provided throughout the term of any Contract resulting from this RFP.
2. The Proposer's ceiling price (Ceiling price means that the proposed pricing will be considered as the highest price for which equipment, products, or services may be billed to a Member). However, it is permissible for vendors to sell at a price that is lower than the contracted price;

3. Stated in U.S., and Canadian dollars for Proposers intending to sell in Canada (as applicable); and
4. Clearly understood, complete, and fully describe the total cost of acquisition (e.g., the cost of the proposed equipment, products, and services delivered and operational for its intended purpose in the Member's location).

Proposers should clearly identify any costs that are NOT included in the proposed product or service pricing. This may include items such as installation, set up, mandatory training, or initial inspection. Include identification of any parties that impose such costs and their relationship to the Proposer. Additionally, Proposers should clearly describe any unique distribution and/or delivery methods or options offered in the Proposal.

B. ADMINISTRATIVE FEES

Proposers are expected to pay to Sourcewell an administrative fee in exchange for Sourcewell facilitating the resulting contracts. The administrative fee is normally calculated as a percentage of the total sales to Members for all contracted equipment, products, or services made during a calendar quarter, and is typically one percent (1%) to two percent (2%). In some categories, a flat fee may be an acceptable alternative.

IV. CONTRACT

Proposers awarded a contract will be required to execute a contract with Sourcewell. Only those modifications the Proposer indicates in its proposal will be available for discussion. Much of the language in the Contract reflects Minnesota legal requirements and cannot be altered. Numerous and/or onerous exceptions that contradict Minnesota law may result in a proposal being disqualified from further review and evaluation.

To request a modification to the Contract terms, conditions, or specifications, a Proposer must complete and submit an Exceptions to Terms, Conditions, or Specifications Form, with all requested modifications, through the Sourcewell Procurement Portal at the time of submitting the Proposer's response.

V. RFP PROCESS

A. PRE-PROPOSAL CONFERENCE

Sourcewell will hold an optional, non-mandatory pre-proposal conference via webcast on the date and time noted on page one of this RFP and on the Sourcewell Procurement Portal. The purpose of this conference is to allow potential Proposers to ask questions regarding this RFP and Sourcewell's competitive contracting process. Information about the webcast will be sent

to all entities that requested a copy of this RFP through the Sourcewell Procurement Portal. Pre-proposal conference attendance is optional.

B. QUESTIONS REGARDING THIS RFP AND ORAL COMMUNICATION

The deadline for submission of questions is found in the Solicitation Schedule and on the Sourcewell Procurement Portal. Answers to questions will be issued through an addendum to this RFP. Repetitive questions will be summarized into a single answer and identifying information will be removed from the submitted questions.

All questions, whether specific to a Proposer or generally related to the RFP, must be submitted using this process. Do not contact individual Sourcewell staff to ask questions or request information as this may disqualify the Proposer from responding to this RFP. Sourcewell will not respond to questions submitted after the deadline.

C. ADDENDA

Sourcewell may modify this RFP at any time prior to the proposal due date by issuing an addendum. Addenda issued by Sourcewell become a part of the RFP and will be delivered to potential Proposers through the Sourcewell Procurement Portal. Sourcewell accepts no liability in connection with the delivery of any addenda.

Before a proposal will be accepted through the Sourcewell Procurement Portal, all addenda, if any, must be acknowledged by the Proposer by checking the box for each addendum. It is the responsibility of the Proposer to check for any addenda that may have been issued up to the time for solicitation closing.

If an addendum is issued after a Proposer submitted its proposal, the Sourcewell Procurement Portal will WITHDRAW the submission and change the Proposer's proposal status to INCOMPLETE. The Proposer can view this status change in the "MY BIDS" section of the Sourcewell Procurement Portal Vendor Account. The Proposer is solely responsible to:

i) make any required adjustments to its proposal;
ii) acknowledge the addenda; and
iii) Ensure the re-submitted proposal is RECEIVED through the Sourcewell Procurement Portal no later than the closing time and date shown in the Solicitation Schedule.

D. PROPOSAL SUBMISSION

Proposer's complete proposal must be submitted through the Sourcewell Procurement Portal no later than the date and time specified in the Solicitation Schedule. Any other form of proposal submission, whether electronic, paper, or otherwise, will not be considered by

Sourcewell. **Only complete proposals that are timely submitted through the Sourcewell Procurement Portal will be considered. Late proposals will not be considered.** It is the Proposer's sole responsibility to ensure that the proposal is received on time.

All proposals must be received through the Sourcewell Procurement Portal no later than the Proposal Due Date and time noted in the Solicitation Schedule above. It is recommended that Proposers allow sufficient time to upload the proposal and to resolve any issues that may arise. The closing time and date is determined by the Sourcewell Procurement Portal web clock.

In the event of problems with the Sourcewell Procurement Portal, follow the instructions for technical support posted in the portal. It may take up to twenty-four (24) hours to respond to certain issues.

Upon successful submission of a proposal, the Portal will automatically generate a confirmation email to the Proposer. If the Proposer does not receive a confirmation email, contact Sourcewell's support provider at support@bidsandtenders.ca.

To ensure receipt of the latest information and updates via email regarding this solicitation, or if the Proposer has obtained this solicitation document from a third party, the onus is on the Proposer to create a Sourcewell Procurement Portal Vendor Account and register for this solicitation opportunity.

All proposals must be acknowledged digitally by an authorized representative of the Proposer attesting that the information contained in in the proposal is true and accurate. By submitting a proposal, Proposer warrants that the information provided is true, correct, and reliable for purposes of evaluation for potential contract award. The submission of inaccurate, misleading, or false information is grounds for disqualification from a contract award and may subject the Proposer to remedies available by law.

Addendum No. 3
Solicitation Number: RFP 032620
Solicitation Name: Firefighting Personal Protective Equipment, Apparel, and Accessories, with Related Cleaning and Maintenance Equipment

Consider the following Question and Answer to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

Question 1:

Firefighting apparel and station-wear could include product that can be used by Law Enforcement. Sourcewell does not currently offer a contract that covers the LE group. If a proposer includes a product in this proposal that could also potentially be used by Law Enforcement, is the proposer able to include the same product again should there be a future RFP for LE?

Answer 1:

Sourcewell utilizes a competitive, solutions-based solicitation approach that is not based on detailed specifications for our cooperative contract awards. A respondent is allowed to propose the entire line of products and services falling within the scope of the RFP. Section II. B. of the RFP addresses the requested equipment, products or services for this solicitation.

Each Sourcewell solicitation results in one, or more, new contract award(s) that are separate and distinct from any previous solicitation. In any subsequent solicitation, a respondent would again be allowed to propose the entire line of products and services falling within the scope of the subject RFP. In the event that a product has multiple applications or uses, a previous proposal (or award) does not preclude the inclusion of the item in a subsequent proposal.

Addendum No. 7
Solicitation Number: RFP 032620
Solicitation Name: Firefighting Personal Protective Equipment, Apparel, and Accessories, with Related Cleaning and Maintenance Equipment

Consider the following Questions and Answers to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

Question 1:

Will you consider granting a due date extension due to the COVID-19 pandemic?

Answer 1:

Sourcewell is monitoring the circumstances presented by the COVID-19 pandemic. Based on the remaining time allowed, and the availability of the Sourcewell Procurement Portal for 24/7 remote access with the ability of multiple account contacts to collaborate, an extension to the due date is not anticipated at this time.

Question 2:

As a Canadian vendor working on a Proposal we are challenged with a US/ CDN dollar exchange rate that is rapidly changing. Are you willing to postpone this RFP until the exchange rate stabilizes?

Answer 2:

As indicated in Answer 1 above, an extension is not anticipated at this time. Each proposer will use its discretion in addressing the exchange rate fluctuation challenge, as applicable. Without limiting the available alternatives, reference to applicable indexes, rates, or metrics, is allowable in a proposal. Proposals are evaluated based on the criteria stated in the RFP.

Question 3:

If utilizing a network of dealers for order processing, do we need to provide that list upon submission? Can the list be modified at any time?

Answer 3:

Refer to RFP Section II. B. – Requested Equipment, Products, or Services – "If Proposer requires the use of dealers, resellers, or subcontractors to provide the products or services, the Proposal should address how the products or services will be provided to Members and describe the network of dealers, resellers, and/or subcontractors that will be available to serve Sourcewell Members under a resulting contract." It is left to the discretion of each proposer to determine the information or documentation necessary to best demonstrate their ability to serve Sourcewell members and satisfy all the requirements included in the questionnaire tables. Proposals are evaluated based on the criteria stated in the RFP.

For additional detail on the requirement for awarded vendors with respect to distributor/dealer networks, refer to Sourcewell Contract Template Section 2. C. – Dealers and Distributors.

Question 4:

Will the administrative fee be charged to the manufacturer or to the dealer if using a dealer network? Will the fee be charged on the ceiling price or the final negotiated price listed on the member PO?

Answer 4:

Refer to Sourcewell Contract Template Section 8. – Report on Contracts Sales Activity and Administrative Fee Payment. A single sales report and administrative fee remittance is contemplated for each calendar quarter during the term of an awarded contract. Administrative fee is typically calculated based on total sales of all Equipment, Products, and Services purchased by Members under the contract.

MES has a nationwide presence and coverage with sales force across the bulk of the states as well as strategically placed warehouses and service stations to support orders and service related work.	*
31	Define any specific contract requirements or restrictions that would apply to our Members in Hawaii and Alaska and in US Territories. Whatever the fairest and most equitable shipping situation MES will present to each order. Hawaii and Alaska orders shipping will be quoted as stated. MES will present these shipping terms at time of each quote. This would apply to all US Territories.	*

Table 7: Marketing Plan

Line Item	Question	Response *	
32	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Municipal Emergency Services is very familiar with promoting contracts. As the largest supplier of First Responder Equipment in the US, we recognize the value of contracts and the time and money that can be saved by agencies not having to go to bid and still receive the items they specify as a solution for their entity from contracts. Additionally MES has implemented an outbound call center (Sales Development Team) that is tasked with reaching out to customers to make them aware of new products, services, etc. Promoting a new contract would fit nicely in this team's scope of work.	*
33	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Municipal Emergency Services has a marketing team that handles our print, digital and social media marketing campaigns. Content is regularly created and posted to our approximately 100,000 followers made up of customers and industry professionals.	*
34	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Promotion from Sourcewell in concert with MES would be very important to all its membership. Sourcewell brings significant municipal contract experience and coupled with MES's national relationships would be powerful. Our sales staff is well versed in contracts of this type and their importance so integration into our program would be seamless.	*
35	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	Municipal Emergency Services has several e-procurement process options and order type and expected frequency would play a role in deciding which of these platforms are appropriate. As examples we have a normal e-commerce website in which members could be given a code to unlock discounts on specific items. We have a custom web store that specific department approved items can be populated and access for procurement granted to as many or few individuals as an agency deems appropriate. There is also dynamic quoting which is similar to the custom website but designed for a smaller number of items that are ordered in high volume. Of course we have the traditional method of ordering where a member can email and call the sales representative or office directly and place an order.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *

MES also performs training on SCBA set up of new certification packs, as well as many other general review of products. If specific requests for training are made outside of general review MES quotes those training on a case by case based on all of the products in need of training based on time and number of people needed to train which can vary.	*
37	Describe any technological advances that your proposed products or services offer.	MES has SOS stores which are Signature Online Stores which are unique in our industry and newer tech we can provide and can be built and configured to meet the needs of large customers as one example of services. MES represents the best PPE products in the industry that provides some of the most outstanding tech for first responders like programs that track turnout gear, and SCBA service, also protection advances in general that make turnout gear lighter and yet still keep firefighters safe under newer standards.	*
38	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	N/A	*
39	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	N/A	*
40	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	MES is not a (WMBE) so this does not apply. N/A	*
41	What unique attributes does your company, your products, or your services offer to Sourcewell Members? What makes your proposed solutions unique in your industry as it applies to Sourcewell members?	MES has the largest and experienced sales force that are subject matter specialists in the equipment we sell and amazing service technicians to service many of those products. This is what sets MES apart from any other group in the USA.	*
42	Identify your ability and willingness to provide your products and services to Sourcewell member agencies in Canada.	MES is not interested in providing an award of what we submit outside of the USA at this time. MES's distributor contracts are set for distribution in the USA.	*

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
43	Do your warranties cover all products, parts, and labor?	The warranties provided by each manufacture being bid provides slightly different things. Most provide for coverage against mfg defects for a industry standard amount of time. Some cover parts and labor within warranty period however some do not cover labor.	*
44	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	All of the warranties for the companies MES is bidding shows coverage for normal wear and use. Abuse to a produce normally does have a provision to exclude coverage however MES works very closely with each mfg to work through any warranty issue with customers.	*
45	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Most mfg warranty do not cover travel time and mileage unless there is a gross failure of the product and in those cases we work with the mfg to work through the issue on a case by case issue which is rare.	*
46	Are there any geographic regions of the United States (and Canada, if applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell Members in these regions be provided service for warranty repair?	MES will not be providing any coverage to Canada. MES distribution agreements are for the USA and that is where we have sales and service staff to maintain the market in the USA.There are only a few areas in the USA MES does not have sales and service coverage. We address this on a case by case basis as for the listed products we cover most of the USA Alaska and Hawaii.	*
47	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	MES is the distributor of products made by manufacturers we represent. MES follows the Manufacturers warranty.Depending on the Manufacturer MES works on some of the products under warranty and out of warranty repairs. Some of them are sent back to the manufacturer in and out of warranty for service all based on MFG policy.	*
48	What are your proposed exchange and return programs and policies?	Goods received in damaged or defective condition will be repaired or replaced as outlined by the manufactures warranty and guidelines. If the product was damaged while in transport, a claim will be filed with the carrier and we will then work to resolve the replacement asap. These evaluations are expected to be done within 30 days of delivery or sooner by the customer. After that time MES and most manufacturers will not be held responsible for whatever issue is presented. MES does our best to always resolve issues presented.	*
49	Describe any service contract options for the items included in your proposal.	MES lists service for items we submit for bid. These are both for annual testing, repair in and out of warranty with listed labor and parts cost discount.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
50	What are your payment terms (e.g., net 10, net 30)?	Net 30	*
51	Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?	Municipal Emergency Services, Inc utilizes Community Leasing Partners as a source for leasing/financing eligible items when requested.	*
52	Describe your formal trade-in program or policy for the products or equipment offered in your proposal, if any. Upload trade-in program materials (if applicable) in the document upload section of your response.	From time to time and when market conditions permit, Municipal Emergency Services may offer a trade in credit for items being replaced. When applicable, the value of the trade in will be based on market and product conditions at the time.	*
53	Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell Members' purchase orders.	Municipal Emergency Services has several ordering platforms and as stated previously, MES is a dealer so there would be no network outside of ourselves processing orders. All orders, regardless of the sales platform utilized will be marked that they are Sourcewell Contract orders within our internal systems to make quarterly reporting simplified. When a sales representative creates a quote, there is a "forced field" where the rep must select a contract (or none) but there is no default and the field cannot be bypassed. Once a quote is verified and approved by a member, the quote becomes the sales order, the sales order generates a purchase order to our supplier if not in stock in our facility, and then becomes an invoice- all a product of the original quote and does not have to be re-entered at every step. The ordering platforms offered are traditional orders, in which a customer contacts the sales representative or office with approval to order. Most orders on this contract would likely fall into this category due to the customization of many of these protective clothing items. We have several electronic platforms that can be utilized depending on the anticipated order size and frequency. We have a customizable web store in which the member would have a private website with approved items. We also have a dynamic quote system designed for smaller quantities of items in which the member can log in and order off of a quote with an extended expiration date.	*
54	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell Members for using this process?	MES limits P-Card and credit card purchases to $10,000. There is no added fee to use this method.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as desribed in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
55	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	MES will upload MSRP, list or net price sheets depending on manufacturer as we list them as well as discounts off of those MSRP, list price or net price lists as the Sourcewell price.	*
56	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	MES will list the discount from MSRP, list or net price sheets depending on manufacturer as we list them for the Sourcewell proposed bid price.	*
57	Describe any quantity or volume discounts or rebate programs that you offer.	MES gives our best price based on the volume of business we do annually so any added volume discounts would only be when we have special pricing to list as Sourcewell indicated can be done on a case by case in the portal as they happen.	*
58	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	For any open market requested items or items not found on contract MES would quote those as open market at the same agency discounted pricing we do every day.	*
59	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Special requests such as training on items not always listed, inside delivery, lift gates so that deliveries can be more easily offloaded or anything else, MES is willing to work with the membership to price out to take care of the needs of the agencies and make sure their goals are met. MES's goal is to be the first and last supplier and service provider agency members think of and go to because we know there are other options and we are here to make sure you get the best value which is not always the low price for the best job.	*
60	If freight, delivery, or shipping is an additional cost to the Sourcewell Member, describe in detail the complete freight, shipping, and delivery program.	Shipping for large, bulky or heavy items MES will quote as needed separately. From time to time MES may include shipping as added discount at no charge. When MES ships from our warehouses to get products to customers quickly shipping may be added and at other times drop shipments may have shipping included no charge due to shipping terms with manufacture's. Whatever the fairest and most equitable shipping situation MES will present to each order. MES will present these shipping terms at time of each quote. Hawaii and Alaska orders shipping will be quoted as stated per quote. MES has a very substantial account with Federal Express so MES's rates are very low considering how much volume we ship every year.	*
61	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Shipping and or freight to Alaska or Hawaii are quoted per quote. MES is not interested in servicing Canada at this time. MES does no exporting unless shipped to a Federal/DOD location.	*
62	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Unique distribution that MES offers is our many hubs through out the USA and if we do not have it in stock our relationships with our manufactures are second to none in the industry making MES the effective hammer in the market that we are today. Any special quicker shipping requests can be quoted upon request and MES will do our best to accommodate. MES has a very substantial account with Federal Express so MES's rates are very low considering how much volume we ship every year.	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
63	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
64	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	Within the MES ordering system as mentioned reference ordering there is a forced tab that must be selected when entering a quote to select a contract vehicle. Sourcewell being one of those that needs to be selected when quoting for that contract if awarded and once selected the sales representative then ensures that the item quoted is getting the sourcewell discounted price per the contract price list or in the case that there is any added discount also as listed to determine if shipping would be included as sometimes is or if needs to be added based on the situation we need to quote shipping. Quarterly a report is pulled by Vice President of Finance and then reviewed by the contract administrator then once review is complete fees are calculated using excel with the formula set to the fee percentage due and then that report is then sent back to the Vice President of Finance for his department's review. Once approved the fee is sent to Sourcewell for the quarterly sales.
65	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	MES proposes a 1% fee for all sales quarterly.

Table 14: Industry Specific Questions

Line Item	Question	Response *	
66	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Upon an award MES would survey our sales force to see how the response of the membership customers wish to use this contract vehicle to purchase. And MES will be tracking success of the use of the contract by its membership when we look at the quarterly reports to see how much business is completed using this contract after it has had a couple quarters to be promoted both by Sourcewell and by MES.	*
67	Describe the unique design and feature attributes of the products and/or equipment offered in your proposal.	MES provides the very best that the fire and public safety industry manufacturers have to offer our market. Many of these products are similar however MES takes feedback from agencies and gives that back to manufacturers to improve products performance and safety while maintaining safety standards and certifications. MES has had many manufacturers make products just for MES to offer as a result so that MES can provide thermal imaging cameras, gloves, boots, or other products that are better than we normally see in the market.	*
68	Describe available options for customization of the products and/or equipment offered in your proposal.	MES offers the full range of options from all of the various manufactures represented to customize items within the extent that certifications allow.	*
69	Explain your processes for sizing, fitting, and the alteration of the products and/or equipment offered in your proposal, as applicable.	Once MES gets an order which involves a need for sizing of any product our regional sales force is in contact with the agency membership to schedule sizing. If fitting is needed after delivery MES is again available to help with that as well and any alterations can be ordered or addressed quickly.	*
70	If you provide on-site or in-person sales, service, training, and/or support, explain how those activities are handled and the unique attributes of your process.	MES has as mentioned in other tabs the largest and most experienced subject matter specialist in the industry for on site sales demo, training and support. Our sales force works closely with the manufactures having many of their folks ride with MES sales force to sales calls to demo and service products. This makes MES the reason we are the first ones agencies call and even though we may not always be the lowest price we are the best value in the industry. MES gets it done.	*
71	Describe your compliance with applicable national standards for the products and/or equipment offered in your proposal, such as: National Fire Protection Association (NFPA), Occupational Safety and Health Administration (OSHA), and American National Standards Institute (ANSI).	MES staff are subject matter specialist on NFPA standards for turnout gear, SCBA systems and all related gear so that as changes in certifications are happening we are there to help the market stay up to speed with all of their gear and certifications testing and service. Our Techs are updated on their training as well as our sales staff as needed.	*

Exceptions to Terms, Conditions, or Specifications Form

Only those Proposer Exceptions to Terms, Conditions, or Specifications that have been accepted by Sourcewell have been incorporated into the contract text.

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.

2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.

3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.

4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

ITEM# 21

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Nicholas Razo, Director of Human Resources – Information Technology
Shawn Granger, IS Manager

SUBJECT: **Approve Professional Services Agreement with IBE Digital to Implement a Strategic Information Technology Infrastructure Improvement Project**

DATE: April 13, 2022

RECOMMENDATIONS:

It is recommended that the City Council:

1) Authorize the City Manager to execute a five-year term agreement with IBE Digital to implement the Strategic Information Technology (IT) Infrastructure Improvement Project to include the City's backbone network, storage and related software and hardware purchases, including procurement of installation and related services; and

2) Take such additional, related, action that may be desirable.

BACKGROUND

In the twenty-first century, a robust information technology infrastructure is critical to the success of local government agencies tasked with providing services to residents, businesses, and other community stakeholders. Locally, information technology (IT) is involved with nearly every City operation including, but not limited to: transit, public safety, public works, EMS, traffic management, capital planning, accounting, payroll, inventory management, and general record-keeping. Failing to ensure the IT infrastructure operates optimally could result in one or more services mentioned above failing and delaying service delivery.

The City of Montebello's IT Infrastructure is currently in need of a complete overhaul due to significant neglect over multiple decades. This piece of the City's critical infrastructure has not received any significant upgrades. In August 2020, an in-depth assessment of the City's IT infrastructure was performed by IBE Digital which identified various cyber risks and risk exposure throughout the City. As a result, the infrastructure is operating with several hardware components that are either outdated, obsolete, or end-of-life. The City has no redundancy or adequate disaster data recovery.

During the COVID-19 pandemic it has been evident that the City was not prepared for remote working/meetings, on-line customer transactions (i.e., on-line payment, electronic permit, digital libraries), insufficient tablet inventories, inability to connect to network documents, and other telework shortcomings, to name a few. In response to COVID-19 impacts, over the past two years staff has had to procure portable technology that operate independently and access remotely via antiquated virtual private network (VPN) connections as opposed to more modern methods of remoting.

Public Safety (Police, Fire, EMS) have been extremely impacted due to aging infrastructure that has impacted dispatching, digital report submissions and radio communications. Community Development and Public Works lack the ability to incorporate a robust GIS mapping system to create multi-layer overlays that demonstrate critical infrastructure (i.e., sewer, water, storm drain, curbs, sidewalk and streets) and identify commercial and residential developments.

Public Works is utilizing a very primitive version of GIS mapping to create initial records of data that has required over 1 ½ years to create due to the inability for the current system to support any upgrades. Currently the City has over 10,000 boxes of historical documents that are in the process of undergoing indexing, storing, scanning, and processing thru the retention and destruction schedule. The City lacks sufficient digital storage capacity to upload these massive files that are required to be retained for historical and reference purposes. Other areas of the City's operation requiring upgrades revolve around aging servers, end of life phone system, audio/video backbone, and out of date software programs. The City lacks the ability to use efficient software such as Office 365, Adobe Suite, and other products to improve operational efficiency and customer experience.

For the year that ended June 30, 2021, a Financial Audit was completed by Vasquez & Company LLP which documented deficiencies in the City of Montebello's IT systems. This audit identified the City's information technology as a significant risk to operations and in need of major improvements. The audit listed the lack of an IT Strategic Plan, outdated hardware/software and various security concerns which could negatively impact the City's operational and financial situation. Due to the unsupported systems past end-of-life, the IT division is reactive instead of strategic.

The overall goals and objectives of this network backbone hardware and software upgrade project include, but are not limited to: replacing obsolete hardware, improving operational efficiency and effectiveness, improving cybersecurity posture and standing to meet or exceed recommended protocols for government agencies, and providing disaster recovery/connectivity redundancy (continuity of operations).

Upon completion of this project, staff expects to receive a significantly improved and enhanced IT infrastructure that requires limited management and servicing, and operates more efficiently and economically. The upgrades include:

- Core Data Center Deployment
- XiLeap Disaster Recovery and Business Continuity System
- Network Security Enhancements
- Microsoft 365 Migration
- Multi-Factor Authentication
- Network Infrastructure Upgrade
- Desktop and Laptop Computer Replacements
- Managed Security Services
- VoIP Phone System Replacement
- Document Management Upgrades

These critical improvements to IT enterprise systems will result in more efficient operations of day-to-day IT activity. All City Departments, including Public Safety employees will no longer need to endure extended downtimes with daily digital tools, dedicated support to vital emergency response systems and will be well supported for onsite and remote working. Improvements to security systems will reduce potential risk to various cybersecurity threats.

CONTRACT PROCESS

On June 9, 2021 the City Council authorized the issuance of a Request for Qualifications/Proposals (RFQ# 21-1) for Information Technology Infrastructure Upgrade Services to include the City's IT infrastructure, backbone network, storage and related software and hardware purchases, including procurement of installation and related services.

The Request for Qualifications was issued on August 4, 2021, with all proposals due by September 9, 2021. The purpose of the RFQ was to solicit proposals from vendors interested in this project. The RFQ process would allow staff to review proposals and determine the most qualified vendors. The evaluation included a scoring of qualifications:

- Understanding of the City's Requirements
- Experience (focus on Public Sector)

- Project Management/Implementation Approach
- Reference Checks

A total of twelve (12) proposals were received from vendors across the nation. Staff reviewed each proposal and scored them based on the criteria above. IBE Digital (I Copy) scored the highest. Moreover, IBE Digital has been a partner with the City for over two years, conducting the original information technology assessment which brought to light the breadth and scope of issues needing to be tackled. This vendor is local, is extremely familiar with the City's existing IT network hardware and software.

Based on the scoring evaluation, Staff is recommending an agreement with IBE Digital to manage the multi-year IT network and backbone upgrade project. The work will also include managing the procurement of necessary hardware and software, as well as providing knowledgeable staff for installation and implementation. The "Fiscal Impact" section below explains the details of procuring the hardware and software necessary to upgrade the City's IT infrastructure.

FISCAL IMPACTS

The information technology (IT) essential upgrades will be purchased by using a variety of cooperative agreements to ensure the City of Montebello achieves a high level of efficiency and capital investment value. The government cooperative agreements include, but are not limited to: Sourcewell, National Cooperative Purchasing Alliance (NCPA), and California Multiple Award Schedules (CMAS). Cooperative purchase contracts are previously competitively bid and leverage national/state volume pricing which provides members with a streamlined contracting process, allowing the City to forgo lengthy bidding processes. The recommended purchase is in compliance with Montebello Municipal Code, Section 3.20.125.

Staff is recommending approval of a five (5) year agreement, effective April, 2022, through April, 2027, to provide the IT support for citywide network infrastructure upgrades.

Year one of the IT Infrastructure Upgrade Plan has an estimated cost of $4,776,738. This estimate includes most of the capital costs, which are one-time in nature. The following four years of the upgrades will be approximately $900,682 for the first year with inflationary (Consumer Price Index) increases in subsequent years. Much of these re-occurring license, service, and maintenance costs are offset by replacing current system costs (i.e., the City is already paying for various software licenses). A portion of these information technology upgrade costs will be charged to the Transit Fund, since the Transit Department (Montebello Bus Lines) utilizes the same citywide network and related IT software as non-Transit operations.

Given the size, scope and length of this essential project, a special Capital Improvement Fund will be created. Segregating expenses in a separate fund allows for improved

tracking of upgrade costs and other charges related to this project. The current recommended action is to approve a multi-year agreement with IBE Digital to perform the various upgrade tasks, procure necessary hardware and software, and serve as project manager.

No budget appropriation is needed at this point for Fiscal Year 2021-22. The Fiscal Year 2022-23 budget will be developed to include sufficient funding for the multi-year IT upgrade project – an identical approach as more traditional street and road capital projects which span multiple fiscal years. Subsequent budgets will be developed to provide sufficient funding. Current software and hardware costs (i.e., software licenses, computer purchases, etc.) will continue to be budgeted in the Information Technology Division, as well as other departments as necessary while the upgrade project continues.

At the September 1, 2021 Special Study Session, staff presented an outline of potential uses of Coronavirus State and Local Fiscal Recovery Funds (CSLFRF), provided through the American Rescue Plan Act (ARPA). One of the items presented was funding this essential technology upgrade with CSLFRF revenue. Staff received direction from the City Council at that Study Session to move forward with securing a vendor to implement the network backbone infrastructure upgrade project. A portion of the City's $16.59 million in CSLFRF revenue will be committed to this upgrade project.

The FY 2022-23 budget will be developed to include funding sufficient to pay for the necessary hardware and software upgrades. Given the scope, size and cost of this essential project, a separate Capital Improvement Fund will be created in the FY 2022-23 budget. Staff will present a more detailed outline of projected expenses as part of the FY 2022-23 budget development and presentation.

SUMMARY

It is being requested that the City Council authorize the City Manager to execute a five-year term agreement upon review and approval by the City Attorney's Office with IBE Digital to provide essential hardware and software to improve the level of IT infrastructure to improve the City's operation.

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

SUBJECT: Receive and File Project Funding Request for Fiscal Year 2023 for the Montebello Sewer System Rehabilitation Project – for consideration of Federal and State appropriations

DATE: April 13, 2022

RECOMMENDATIONS:

It is recommended that the City Council receive and file:

1) Information regarding the Montebello Sewer System Rehabilitation Project request for Funding for Fiscal Year 2023 from:
    a. The Office of U.S. Senator Alex Padilla - $3 million
    b. The Office of California State Senator, Bob Archuleta, District 32 and California State Assemblymember Cristina Garcia, District 58 - $2.1 million

2) Take such additional, related, action that may be desirable.

BACKGROUND

The Federal and State budget appropriations process has provided an opportunity for the City of Montebello to submit projects that have a community and regional benefit. Staff submitted the City's Montebello Sewer System Rehabilitation Project for consideration by State and Federal representatives. The United States Senate appropriations on-line funding request process deadline was April 4, 2022. The State of California request for appropriation deadline for the State Senate is April 15, 2022 and State Assembly due date is April 29. Staff has submitted all funding requests and are currently soliciting support letters.

City staff have recognized the urgency of updating the City's sewer system as evidenced by recent incidents requiring emergency repairs. The City last year

celebrated our 100 years of incorporation, with our rich history comes aging infrastructure built for a small community, not the thriving and growing community that exists today. Further compounding our concerns is the projected growth largely in part, to meet the State's Southern California Association of Governments Regional Housing Needs Allocation (RHNA) requirements. Unfortunately, we are experiencing catastrophic failures of our sewer systems that will require infrastructure investments to meet the housing, economic, and sanitation needs of our growing region.

Projects submitted to the Federal and State representatives are to provide a portion of funding to address sewer in the downtown area of Montebello, considered the oldest portion of the community. The submitted requests are to replace the deteriorated sewer system in Montebello's downtown area. This project request is of regional significance for two primary reasons: 1) Prevention of potential groundwater supply contamination; and 2) Support of housing densification. Deterioration of the sewer pipes has the potential to leak sewage into the region's groundwater supply. Groundwater is becoming an increasingly critical source of water supply for the Southern California Region as the imported water supply dwindles under a prolonged drought in the southwestern United States. The groundwater also serves as a critical storage asset for the harvesting of rainwater and re-use of reclaimed water sources.

Montebello's downtown area is identified in the City's Housing Element and the Downtown Montebello Specific Plan area (www.planmontebello.com) for high density mixed-use residential development. These plans are intended to, among other things, respond to the 80% increase in new housing for the City of Montebello as mandated by the Southern California Association of Governments Regional Housing Needs Allocation ("RHNA") 6th Cycle methodology covering the period beginning October 2021 through October 2029. The total net new household growth under the current RHNA methodology for the City of Montebello during the 2021-2029 planning period is 5,186 new housing units. The density anticipated for the downtown area is significant with anticipated densities ranging between 40-100 units per acre. Furthermore, depending on affordability, some projects may have the potential to invoke State Density Bonus Law allowing unlimited density. The current condition of the sewers will not support the planned housing densification and, thus, serves as a significant financial hurdle to making these new housing opportunities a reality. These new housing opportunities are critical in response to the growing housing shortage in Southern California. This area is also located less than 1.25 miles from LA Metro's planned Greenwood Avenue Station on the L Line (Gold) Eastside Extension Light Rail Project. Direction connection to the station is planned with local transit as well as bike and pedestrian options helping to improve traffic congestion in the region by offering conveniently located mass transit options for existing and new housing.

FISCAL IMPACTS

There is no fiscal impact with this action. If this funding request is accepted by the United States House of Representatives' Appropriations Committee and/or the State of the California Senate Budget and Fiscal Review Committee, a separate item will be presented to the City Council for consideration at a future meeting. If awarded we may be required to provide a match for federal and state funding. If matching funds are required staff will require City Council action to appropriate funds.

City of Montebello

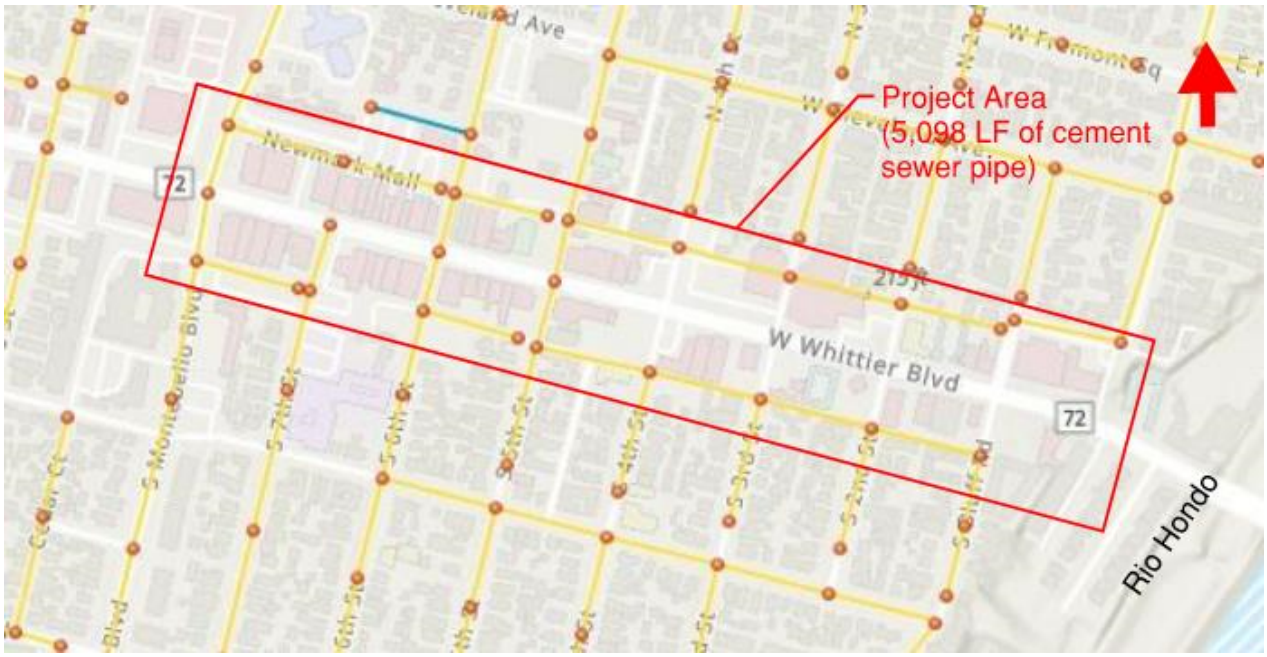
City of Montebello Background
The City of Montebello is a full-service City that encompasses 8.37 square miles, bordered by the 605 freeway, 60 freeway and just a few miles away from the 710 and 5 freeways. Montebello is centrally located near the center of the Los Angeles metropolitan area and is only 15 minutes away from Downtown Los Angeles. The City's prime location has increased the interest of residential and commercial development. Montebello is comprised of a diverse population of 61,000 residents and a multitude of corporate and small business enterprises. The City is aggressively addressing their housing and economic development needs with new developments in housing and economic opportunities. In 2021 the City celebrated 100 years of incorporation, whereas the area around Whittier Boulevard was the first to have residential and business establish thereby identified as the oldest segment of the City's infrastructure. With its rich history of incorporation, comes decades of infrastructure built for a small community not the thriving community that currently exists and will continue to grow in part to meet the State's RHNA numbers. Unfortunately we are experiencing catastrophic failure of our sewer infrastructure for current levels and we will need to improve to accommodate any future growth.



Budget Proposal: One-time allocation of $2,100,000 from the State General Fund to replace severely deteriorated sewer pipes in the downtown area of the City of Montebello, CA.

Provisional Language: A one-time allocation of $2,100,000 to the Government Operations Agency for the replacement of severely deteriorated sewer pipes in the downtown area of the City of Montebello, CA. Contracts entered into or amend pursuant to this provision shall be exempt from Chapter 6 (commencing with section 14825) of Part 5.5 of Division 3 of Title 2 of the Government Code, Part 2 (commencing with Section 10100) of Division 2 of the public Contract Code, and the State Administrative Manual, and shall be exempt from the review or approval of any division of the State Department of General Services.

Name of Project
Downtown Sewer Infrastructure Improvement Project

Scope of Work
The project consists of the replacement of 5,098 linear feet of cement sewer in the downtown area of the City of Montebello. The project area is along Whittier Boulevard between Montebello Boulevard and the Rio Hondo, including the allies north and south of Whittier Boulevard (See Location Map). The cement lines are nearly 100 years in age and are severely deteriorated with holes in the pipe walls that cause frequent plugging and leakage into the surrounding soil, contributing to deterioration of the region's groundwater supply. The pipes require replacement with new vitrified clay pipe at an estimated total cost of $2.1 million.

This area is identified in the City's Housing Element and the Downtown Montebello Specific Plan area (www.planmontebello.com) for high density mixed-use residential development. These plans are intended to, among other things, respond to the 80% increase in new housing for the City of Montebello as mandated by the Southern California Association of Governments Regional Housing Needs Allocation ("RHNA") 6th Cycle methodology covering the period beginning October 2021 through October 2029. The total net new household growth under the current RHNA methodology for the City of Montebello during the 2021-2029 planning period is 5,186 new housing units. The density anticipated for the downtown area is significant with anticipated densities ranging between 40-100 units per acre. Furthermore, depending on affordability, some projects may have the potential to invoke State Density Bonus Law allowing unlimited density. The current condition of the sewers will not support the planned housing densification and, thus, serves as a significant financial hurdle to making these new housing opportunities a reality. This area is also located less than 1.25 miles from LA Metro's planned Greenwood Avenue Station on the L Line (Gold) Eastside Extension Light Rail Project. Direction connection to the station is planned with local transit as well as bike and pedestrian options.
