Supply and return tanks made of glass-reinforced nylon shall be crimped on to the core assembly using header tabs and a compression gasket to complete the radiator core assembly.

The radiator shall be compatible with commercial antifreeze solutions.

There shall be a full steel frame around the entire radiator core assembly.

The radiator core assembly shall be isolated within the steel frame by rubber inserts to enhance cooling system durability and reliability.

The radiator shall be mounted in such a manner as to prevent the development of leaks caused by twisting or straining when the apparatus operates over uneven ground.

The radiator assembly shall be isolated from the chassis frame rails with rubber isolators.

The cooling system shall include a surge tank mounted to the top of the radiator framework that shall remove air in the system.

The surge tank shall be equipped with a sight glass to monitor the level of coolant.

The radiator shall be equipped with a dual seal cap that shall allow for expansion and recovery of coolant into a separate integral chamber.

The cooling system shall be designed for a maximum of fifteen (15) PSI operation.

A drain port shall be located at the lowest point of the cooling system and/or the bottom of the radiator to permit complete flushing of the coolant from the system.

Extended life engine coolant shall provide anti-freeze protection to -30° F.

The mixture shall be per the engine manufacture's specifications.

COOLING SYSTEM CRITERIA

QTY: 1

The engine cooling system shall be certified by the engine manufacturer to meet cooling index requirements for a minimum ambient temperature or 110-degrees Fahrenheit.

TRANSMISSION COOLER

QTY: 1

A shell and tube transmission oil cooler shall be provided using engine coolant to control the transmission oil temperature.

The cooler shall have an aluminum shell and copper tubes.

The cooler shall be assembled using pressed in rubber tube sheets to mechanically create a reliable seal between the coolant and the oil.

No brazed, soldered, or welded connections shall be used to separate the coolant from the oil.

RADIATOR CROSS MEMBER

QTY: 1

The radiator installation shall include a radiator cross member for additional strength and durability.

This cross member shall be designed so the angle of approach is not affected.

HEAVY DUTY RADIATOR SKID PLATE

QTY: 1

The radiator installation shall include a heavy-duty radiator skid plate to protect the radiator from debris or obstructions under the chassis.

The skid plate shall be designed so the angle of approach is not effected.

This skid plate design shall include wire cover wing plates for additional protection to wires and hoses on each side of the radiator assembly.

The skid plate shall be painted to match the chassis.

CHARGED AIR COOLER (STACK MOUNT)

QTY: 1

The charge air cooler shall be constructed of aluminum with cast aluminum side tanks.

To not restrict air flow to the radiator, the charge air cooler shall designed to be an integral part of the radiator assembly, mounted directly on top of the radiator.

Rubber isolators shall be used at the mounting points to reduce transmission of vibrations.

Where applicable, the charge air cooler pipes shall be constructed of appropriately sized aluminized steel tubing with 0.06” wall thickness and formed hose barbs.

The connections between these pipes, the engine and charged air cooler, shall be made using high temperature silicone hoses rated for use in temperature up to 500°F, and heavy duty constant tension T-Bolt spring hose clamps.

These connections shall adequately allow for movement of the engine relative to the charged air cooler.

Charge air coolers that are located in front of the radiator, that block or restrict air flow into the engine radiator or introduce above ambient temperature air into the radiator in any way shall not be used.

ENGINE FAN

QTY: 1

The engine cooling system shall incorporate a heavy duty fan, installed on the engine and include a shroud.

The fan shall be equipped with an air operated clutch fan, which shall activate at a pre-determined temperature range.

Recirculation shields shall be installed to ensure that air which has passed through the radiator is not drawn through it again.

COOLANT RECOVERY

QTY: 1

A coolant recovery system shall be provided and located near the battery box.

HEATER AND COOLANT HOSES/PIPING

QTY: 1

All coolant piping shall be powder coated steel tubing and formed hose barbs.

All engine enclosed connections between coolant pipes shall be made using silicone hoses rated from -60F to+500F.

The connections will use constant torque hose clamps. Continental Blue Xtreme blue heater hoses shall be furnished for the heater system.

LOW COOLANT INDICATOR

QTY: 1

A low engine coolant indicator light located in the dash instrument panel shall be provided. An audible alarm shall be provided to warn of the low coolant condition.

TRANSMISSION

QTY: 1

An Allison World Transmission, Model 4500EVS (Wide Ratio), electronically controlled, automatic transmission shall be provided.

Transmission specifications shall be as follows:

- Max. Gross Input Power 600 HP
- Max. Gross Input Torque 1770 lb. ft.
- Input Speed (Range) 1700- 2300 RPM
- Direct Gear (Pumping) 4th (Lock-up)

Transmission installation shall be in accordance with the transmission manufacturer's specification.

The transmission shall be readily and easily removable for repairs or replacement.

One (1) PTO opening shall be provided on both the left and right side of the converter housing (positions one (1) o'clock and eight (8) o'clock).

SIX (6) SPEED AUTOMATIC TRANSMISSION - 4500 SERIES

QTY: 1

The transmission shall be calibrated for six (6) forward gears and one (1) reverse gear.

Each gear shall have the following ratios:

- First 4.70:1
- Second 2.21:1
- Third 1.53:1
- Fourth 1.00:1
- Fifth 0.76:1
- Sixth 0.67:1
- Reverse -5.55:1

ALLISON TRANSMISSIONS TOUCH PAD SHIFTER

QTY: 1

An illuminated, touch-pad type, shift control shall be mounted in the cab on the driver's lower wing panel.

Shift control shall be approved by the transmission manufacturer.

TRANSMISSION OIL LEVEL SENSOR

QTY: 1

The transmission shall be equipped with the oil level sensor (OLS); this sensor shall allow the operator to obtain an indication of the fluid level from the shift selector.

The sensor display shall provide the following checks, correct fluid level, low fluid level and high fluid level.

ALLISON PARK TO NEUTRAL

QTY: 1

The transmission, upon application of the parking brake, shall automatically shift into neutral.

ALLISON PRESELECT PROGRAMMING

QTY: 1

The transmission shall have Allison Pre select enabled to automatically downshift when the secondary engine brake is active.

PRESELECT PROGRAMMED FOR 4TH GEAR

QTY: 1

The transmission shall be programmed to automatically downshift to 4th gear.

This feature shall be enabled/disabled with the main on/off switch for the engine brake.

TES 295 SYNTHETIC TRANS FLUID 4000 EVS

QTY: 1

TES 295 transmission fluid shall be utilized to fill the 4000 EVS transmission.

DRIVE LINES

QTY: 1

Drive lines shallbe Dana (Spicer) 1810 heavy duty series or equal, with "glide coat" splines on all slip shafts.

The manufacturer shall utilize an electronic type balancing machine to statically and dynamically balance all drive shafts.

The manufacturer shall provide proof of compliance with all drive shaft manufacturer's standards and specifications. {No Exceptions}

Where applicable, the universal joints shall be the half loop style joints.

DEF TANK

QTY: 1

A five (5) gallon diesel exhaust fluid (DEF) tank shall be provided and installed. The tank shall be mounted in the area of the battery box and shall be accessible through a door in the crew area step well.

The tank shall include an internal heater that will be fed by engine coolant directly from the engine block to ensure it is always kept at the proper temperature per EPA requirements. The tank shall include a temperature sensor to control the flow of the engine coolant from the heater valve to the DEF tank.

A DEF fluid level sensor shall be provided with the DEF tank and connected to the level gauge on the dashboard.

DIESEL EXHAUST FLUID LEVEL GAUGE

QTY: 1

Diesel Exhaust Fluid level (E-1/2-F); low fuel level warning @ 1/8 tank

EXHAUST SYSTEM

QTY: 1

The exhaust system shall be installed in accordance with the engine manufacturer's requirements and meet all Environmental Protection Agency and State noise level requirements.

Exhaust system components shall be securely mounted and easily removable.

The diesel particulate filter/muffler shall be fabricated from stainless steel and of a size compatible with the engine exhaust discharge.

Exhaust tubing shall be a minimum of 16 gauge stainless steel from the turbocharger on the engine to the inlet of the diesel particulate filter. Any flexible exhaust tubing shall be HDT stainless steel type.

To minimize heat build-up, exhaust tubing within the engine compartment shall be wrapped with an insulating material. Exhaust shall be wrapped from the turbocharger to the entrance of the muffler. Material shall be held in place with worm gear type clamps.

An exhaust diffuser shall be provided to reduce the temperature of the exhaust as it exits the tailpipe.

If the electrical system is hardwired or V-Mux multiplex, separate "regeneration" enable and prohibit switches shall be provided under the dash board on the driver's side. Each switch shall be provided with a spring loaded protective cover and shall be clearly marked as to function. If the electrical system is Class-1 ES-key, the regeneration switches shall be incorporated into the ultra-view screen.

The vehicle shall be equipped with SCR technology that uses a urea based diesel exhaust fluid (DEF) and a catalytic converter to significantly reduce oxides of nitrogen (NOx) emissions.

The SCR system shall reduce levels of NOx (oxides of nitrogen emitted from engines) by injecting small quantities of diesel exhaust fluid (DEF) into the exhaust upstream of a catalyst, where it vaporizes and decomposes to form ammonia and carbon dioxide.

TAILPIPE

QTY: 1

The exhaust tailpipe extending from the SCR catalyst to the side of the vehicle shall be constructed from 16-gauge stainless steel tubing.

The exhaust discharge shall be on the officer side of the apparatus forward of the rear axle.

FUEL COOLING SYSTEM

QTY: 1

A fuel cooling system shall be provided. The heat exchanger shall be a tube and fin type and shall be a separate unit. The cooler shall be mounted forward of the radiator and plumbed to the fuel return line.

FUEL TANK

QTY: 1

Fuel tank shall be a minimum of sixty-five (65) gallon capacity. It shall have a minimum, fuel filler neck of 2" ID and 1/4 turn fill cap. A 1/2" minimum diameter drain plug shall be provided. The tank shall be fabricated from hot rolled, pickled and oiled steel. Provisions for an additional feed line and fuel level float shall be provided for future use. The fuel tank shall be installed behind the rear wheels between the frame rails. The fuel tank shall meet all FHWA 393.67 requirements including a fill capacity of 95% of tank volume. The fuel tank shall be able to withstand a longitudinal acceleration of -23.0g at 0.166 seconds in accordance to SAE J211 standards using a channel frequency class 600 filter. Testing shall be performed at and verified by a third party testing and evaluation center.

STAINLESS STEEL FUEL TANK STRAPS

QTY: 1

The straps supporting the diesel fuel tank shall be made of Type 304L stainless steel with grade 8, zinc coated steel hardware.

There will be no exceptions.

FUEL TANK MOUNTING STRAP ISOLATION MATERIAL

QTY: 1

The fuel tank mounting straps shall utilize dense rubber between the straps and the fuel tank to prevent chaffing.

FUEL LINES

QTY: 1

Fuel lines shall be an Aeroquip FC332 AQP Series fiber reinforced hose. The lines shall be sized to meet engine manufacture's requirements, and shall be carefully routed and secured along the inside of the frame rails.

DUAL FUEL LINE SHUT-OFF VALVES

QTY: 1

A fuel line shut-off valve shall be provided on both the inlet and outlet side of the primary fuel filter to allow for easy removal of the filter.

The valves shall be labeled "Fuel Shut-Off".

No reserve feature shall be included in the tank.

FUEL TANK SERVICEABILITY PROVISIONS

QTY: 1

An additional eight feet of fuel line shall be provided.

The line shall be coiled and secured above the fuel tank to improve serviceability of the tank.

HEATED FUEL- WATER SEPARATOR

QTY: 1

A Racor 400 series heated fuel filter/water separator shall be provided in the fuel system.

A "water in fuel" indicator shall be provided on the dash.

FUEL POCKET

QTY: 1

A fuel fill shall be provided in the driver and officer side rear wheel well areas.

A Signature 4 composite fuel pocket with a brushed stainless steel door shall be provided.

A tethered cap shall be provided as part of the assembly.

A label indicating "Ultra Low Sulfur Diesel Fuel Only" shall be provided adjacent to the fuel fill.

PUMPER BODY ELECTRICAL

QTY: 1

CHASSIS ELECTRICAL SYSTEM

QTY: 1

All electrical wiring in the chassis shall be GXL cross link insulated type. Wiring is to be color coded and include function codes every three (3) inches on both sides. Wiring harnesses shall be routed in protective, heat resistant loom, securely and neatly installed. Two (2) power distribution centers shall be provided in central locations for greater accessibility. The power distribution centers shall contain thermal automatic reset breakers, power control relays, flashers, diode modules, daytime driving light module, and engine and transmission data links. All breakers and relays shall have a capacity substantially greater than the expected load on the related circuit, thus ensuring long component life. Power distribution centers shall be composed of a system of interlocking plastic modules for ease in custom construction.

The power distribution centers are function oriented. The first is to control major truck function. The second shall control center to overhead switching and interior operations. Each module is single function coded and labeled to aid in troubleshooting. The centers will also have accessory breakers and relays for future installations. All harnesses and power distribution centers shall be electrically tested prior to installation to ensure the highest system reliability.

All external harness interfaces shall be of a triple seal type connection to ensure a proper connection. The cab/chassis and the chassis/body connection points shall be mounted in accessible locations. Complete chassis wiring schematics shall be supplied with the apparatus.

12 VOLT ELECTRICAL SYSTEM TESTING

QTY: 1

The apparatus low voltage electrical system shall be tested and certified by the manufacturer. The certification shall be provided with the apparatus. All tests shall be performed with the air temperature between 0°F and 100°F.

The following three (3) tests shall be performed in order. Before each test, the batteries shall be fully charged.

The engine shall be started and kept running until the engine and engine compartment temperatures are stabilized at normal operating temperatures and the battery system is fully charged. The engine shall be shut off and the minimum continuous electrical load shall be activated for 10 minutes. All electrical loads shall be turned off prior to attempting to restart the engine. The battery system shall then be capable of restarting the engine. Failure to restart the engine shall be considered a test failure.

The minimum continuous electrical load shall be activated with the engine running at idle speed. The engine temperature shall be stabilized at normal operating temperature. The battery system shall be tested to detect the presence of battery discharge current. The detection of battery discharge current shall be considered a test failure.

The total continuous electrical load shall be activated with the engine running up to the engine manufacturers governed speed. The test duration shall be a minimum of 2 hours. Activation of the load management system shall be permitted during this test. However, an alarm sounded due to excessive battery discharge, as detected by the system, or a system voltage of fewer than 11.7 volts DC for a 12-volt system, for more than 120 seconds, shall be considered a test failure.

Following completion of the preceding tests, the engine shall be shut off. The total continuous electrical load shall be activated and shall continue to be applied until the excessive battery discharge alarm is activated.

The battery voltage shall be measured at the battery terminals. With the load still applied, a reading of fewer than 11.7 volts shall be considered a test failure. The battery system shall then be able to restart the engine.

At the time of delivery, documentation shall be provided with the following information:

- Documentation of the electrical system performance test
- A written load analysis of the following;
- Nameplate rating of the alternator
- Alternator rating at idle while meeting the minimum continuous electrical load
- Each component load comprising the minimum continuous electrical load.
- Additional loads that, when added to the minimum continuous load, determine the total connected load.
- Each individual intermittent load.

CHASSIS WIRING INSTALLATION

QTY: 1

The wiring harness contained on the chassis shall be designed to utilize wires of stranded copper or copper alloy of a gauge rated to carry 125% of maximum current for which the circuit is protected without exceeding 10% voltage drop across the circuit. Wiring shall be uniquely identified by color code or circuit function code, labeled at a minimum of every three (3) inches. The identification of the wiring shall be referenced on a wiring diagram. All wires conform to SAEJ1127 (Battery Cable), SAEJ1128 (Low Tension Primary Cable), SAEJ1560 (Low Tension Thin Wall Primary Cable).

The covering of harnesses shall be moisture resistant loom with a minimum rating of 289° Fahrenheit and a flammability rating of VW-1 as defined in UL62. The covering of jacketed cable shall have a minimum rating of 289° Fahrenheit.

All circuits shall conform to SAEJ2202. All circuits must be provided with low voltage over current protective devices.

All exposed electrical connections will be coated with “Z-Guard” to prevent corrosion.

DIRECT BATTERY GROUNDING STRAP

QTY: 1

Direct grounding straps shall be mounted to the following areas; frame to cab, frame to body and frame to pump enclosure.

All exposed electrical connections shall be coated with "Z-Guard 8000" to prevent corrosion.

EMI/RFI PROTECTION

QTY: 1

The apparatus shall incorporate the latest designs in the electrical system with state of the art components to insure that radiated and conducted electromagnetic interference (EMI) and radio frequency interference (RFI) emissions are suppressed at the source.

EMI/RFI susceptibility is controlled by utilizing components that are fully protected and wiring that utilizes shielding and loop back grounds where required. The apparatus shall be bonded through wire braided ground straps. Relays and solenoids that are suspect to generating spurious electromagnetic radiation are diode protected to prevent transient voltage spikes.

In order to fully prevent the radio frequency interference the purchaser may be requested to provide a listing of the type, power output, and frequencies of all radio and bio medical equipment that is proposed to be used on the apparatus.

SEQUENCER

QTY: 1

A sequencer shall be provided that automatically activates and deactivates vehicle loads in a preset sequence thereby protecting the alternator from power surges. This sequencer operation shall allow a gradual increase or decrease in alternator output, rather than loading or dumping the entire 12 volt load to prolong the life of the alternator.

Emergency light sequencing shall operate in conjunction with the emergency master light switch. When the emergency master switch is activated, the emergency lights shall be activated one by one at half second intervals. Sequenced emergency light switch indicators shall flash while waiting for activation.

When the emergency master switch is deactivated, the sequencer shall deactivate the warning light loads in the reverse order.

MULTIPLEX ELECTRICAL SYSTEM

QTY: 1

A multiplex electrical management system shall be utilized on the chassis for all functions applicable.

The system shall consist of the following components:

A computer interface used to not only program the multiplex system but also serve as a factory direct gateway into the vehicle from any authorized service facility.

A Universal System Manager (USM), which acts as the main controlling component of the multiplexing system shall be provided and factory programmed to DOT, NFPA, SAE, the manufacturer and {Company} specifications. The programming shall be done by the manufacturer's engineering department.

The ES-Key system installation shall comply with SAE J551 requirements regarding Electromagnetic and Radio Frequency interference (EMI, RFI), as well as utilize components and wiring practices that insure

the system is protected against corrosion, excessive temperatures, water, excessive physical, and vibration damage by any equipment installed on the vehicle at the time of delivery.

A series of Multiplexing Input/Output Modules shall be installed. The Input/Output modules shall permit the multiplexing system to reduce the amount of wiring and components used as compared to non-multiplexed apparatus. These modules shall vary in I/O configuration, be waterproof allowing installation outside of enclosed areas and shall possess individual output internal circuit protection. The modules shall also have three status indicators visible from a service persons vantage point that shall indicate the status of the module. In the event a load requires more than 7.5 AMPS of operating current, the module shall activate a simple relay circuit integral to any of the 3 dillblox assemblies installed in the cab.

Diagnostic software shall be provided to download data from the on board ES-KEY system. This software shall have the ability to view system input/output (I/O) information, and include a connection from a computer to the vehicle.

INTER-LOCK MODULE FOR MULTIPLEX SYSTEM

QTY: 1

A multiplex module, which is the interface between the multiplexing system and the pump system shall be provided.

This module shall serve as the interface between the operator, engine, transmission and pumping system.

The module shall be installed in the driver's side dash. There shall be a pump diagnostic view in the UltraView screen that shall indicate to service personnel the interlock state of the apparatus.

In the event of a multiplexing error involving pump operation, an override can be activated to ensure reliable pumping operations at ALL times.

The multiplex system shall be able to provide automatic and/or manual activation of engine “Fast Idle”, to maintain adequate alternator output and thus, chassis voltage.

There will be no exceptions.

ALTERNATOR

QTY: 1

There shall be a Delco Remy Model 55SI, 430 amp brushless, serpentine belt, driven alternator.

The brushless design of the 55SI transfers magnetic fields between the rotor and stator air-gap without brushes.

The alternator installation shall be designed to provide maximum output at engine idle speed, by using Remote Sense in order to meet the minimum continuous electrical load of the apparatus as required.

The alternator shall carry a 3 Year/Unlimited Mile warranty.

BATTERIES

QTY: 1

Six (6) Exide # 31XHD, maintenance free batteries shall be provided.

Each battery shall be rated at 925 CCA and shall have a reserve capacity of 180 minutes.

Wiring for the batteries shall be 4/0 welding type dual path starting cables for SAEJ541.

BATTERY STORAGE, STEEL

QTY: 1

Batteries shall be securely mounted in fixed 3/16” stainless steel trays located on each side of the chassis frame.

Complete access shall be provided when the cab is fully tilted.

Batteries shall be mounted on non-corrosive matting material.

The battery tray shall be able to withstand a longitudinal acceleration of -46.5g at 0.246 seconds in accordance to SAE J211 standards using a channel frequency class 600 filter.

Testing shall be performed at and verified by a third party testing and evaluation center.

COLE HERSEE BATTERY JUMPER STUDS

QTY: 1

A set of Cole Hersee battery jumper studs, model #46210-02 (red) and #46210-03 (black) shall be provided to allow the battery system to be jump started or charged from an external source.

The studs shall be located on the bottom of the battery box on the driver's side of the chassis.

Each stud shall be equipped with both a rubber protector cap and a 2” square non-conductive plate to prevent accidental shorting.

BATTERY DISCONNECT SWITCH

QTY: 1

The chassis batteries shall be wired in parallel to a single 12 volt electrical system, controlled through a heavy duty master disconnect switch.

The master disconnect switch shall be located within easy access of the driver upon entering or exiting the cab.

SHORELINE INLET

QTY: 1

A 12 volt, polarized battery charging receptacle, with a weather tight cover, shall be provided.

This receptacle shall allow a purchaser supplied external 12 volt battery charger to be utilized.

A label shall be provided indicating voltage and amperage ratings.

SHORELINE INLET LOCATION

QTY: 1

The shoreline receptacle shall be located in the driver's cab step well in a pre-determined location by KME.

SHORELINE INLET LABEL

QTY: 1

A shoreline power receptacle information plate shall be permanently affixed at or near the power inlet. The plate shall indicate the following:

- Type of Line Voltage
- Current Rating in Amps Power Inlet Type (DC or AC).

BLUE SEA #4365 ACCESSORY PANEL

QTY: 1

A Blue Sea model 4365 accessory panel will be provided. The accessory panel shall include one (1) 12-volt power port, Two (2) dual USB charging ports, along with a power switch with built in circuit breaker.

The accessory panel shall be mounted in the center dash panel.

POWER POINT FOR OS EMS COMPARTMENT

QTY: 1

The officers side EMS compartment shall be equipped with a Blue Sea 5025 power point with power and ground connections conveniently positioned in the upper area inside the compartment, connected directly to the chassis batteries.

EMS COMPARTMENT POWER POINT

QTY: 1

The interior EMS compartment shall be equipped with a Blue Sea 5025 power point capable of 60 amps with power and ground connections conveniently positioned in the upper area inside the compartment, connected directly to the chassis batteries.

POWER POINT FOR DS EMS COMPARTMENT

QTY: 1

The drivers side EMS compartment shall be equipped with a Blue Sea 5025 power point with power and ground connections conveniently positioned in the upper area inside the compartment, connected directly to the chassis batteries.

KUSSMAUL USB CHARGING PORTS IN REAR CREW AREA - IN

QTY: 2

Two (2) Kussmaul USB charging ports shall be installed in the cab of the truck for fire department accessory devices.

Each port shall have two (2) USB connections and shall have a 5 volt, 4.2 amp max output.

The ports shall be located in the rear crew area, one (1) in each rear facing seat base.

POWER AND GROUND STUD FOR ACCESSORIES IN DASH

QTY: 1

One (1) dedicated circuit; 12 volt, 40 Amp, power and ground on 3/8 stud and fused at battery shall be provided in the cab dash.

The circuit shall be for future installation of radios or accessories.

BLUE SEA FUSE BLOCK - 6 CIRCUIT IN BODY COMPARTMEN

QTY: 12

A Blue Sea 5025B, 6 circuit fuse block, shall be installed in a body compartment(s), high on the upper front (right) corner of the inside wall.

This block has a maximum amperage of 60 Amps per block and 30 Amps per circuit.

BLUE SEA FUSE BLOCK - 12 CIRCUIT BEHIND OFFICER SE

QTY: 1

A Blue Sea 5026B, 12 circuit fuse block, shall be installed behind the officers seat.

This block has a maximum amperage of 60 amps per block and 30 amps per circuit and shall be connected to battery power.

USB POWER POINT - REAR FACING SEATING AREA

QTY: 1

Two (2) Blue Sea 1045 power points with two (2) USB ports each shall be installed in the rear of the cab on the back of the engine enclosure in a housing designed to surface mount the power point.

One power point shall be installed on each side of the rear side of the engine enclosure near the rear facing seat base.

Each power point shall be rated for 4.8 amps total.

IGNITION STUD - REAR CREW AREA

QTY: 1

An ignition stud shall be installed in the rear crew area for items needing an ignition circuit (ie. mobile radio).

This stud has a maximum amperage of 20 Amps.

WHELEN 6" ROUND WHITE/RED LED INTERIOR LIGHTS (4)

QTY: 1

Four (4) Whelen # 60CREGCS, 6" round, interior LED combination red/white dome lights shall be furnished in the cab, with two (2) in the forward section and two (2) in the rear crew section.

Each dome light shall have individual switches to control the red or white LEDs.

Each dome light shall also activate when the respective, adjacent cab door is opened.

ENGINE COMPARTMENT WORK LIGHTS - TECNIQ LED

QTY: 1

Two (2) Tecniq model #E18 LED lights shall be provided inside the engine enclosure that will provide 800 lumens each.

Each light shall have their own independent switch incorporated into the light head.

DASH & CENTER CONSOLE - 100" PREDATOR SS

QTY: 1

Where standard features are controlled through physical switches they will be indicated as such in the appropriate part of this specification. All optional features that are controllable from the cab will be controllable through the display screen.

The dash consoles shall be custom formed overlaid aluminum housings to create an ergonomically designed interior that will be user friendly and functional for the driver and officer.

The cab instruments and controls will be labeled with international symbols and located in the following zones:

- **Driver Gauge Left:** Located to the left of the instrument panel, this zone houses the ignition, engine start, and fast idle switches.
- **Driver Gauge Right:** Located to the right of the instrument panel, this zone houses power take-off and ladder power switches when those features are specified.
- **Driver Knee Left:** Located at the driver’s left knee area, this zone is the standard location for pump controls, and for the Engine Emergency Shut-Down when specified.
- **Driver Knee Right:** Located at the driver’s right knee area, this zone houses optional chassis related switches such as the Fuel Priming Pump, Engine Fan Override, and ATC Disable.
- **Driver Lower Wing:** Located on the engine tunnel and angled toward the driver, this zone houses the majority of the controls that the driver may need to access while operating. Within the easiest

reach of the driver are the park brake, transmission shift, Vehicle Information Display, and any optional retarder controls. Standard switching in this zone includes power window controls, hazard flasher, headlights, marker lights, and mirror adjustment. Also located in this zone will be switching for any optional features that are more likely to be used while driving such as auxiliary brakes, siren brake, drive axle locks, and automatic tire chains.

- **Center Lower:** Located on the engine tunnel between the driver and officer and parallel to the cab front, this zone houses the standard 12 volt sockets and USB chargers. It will also house any optional communications devices that are more likely to be accessed while driving such as an arrowhead controller or a stereo radio.
- **Driver Overhead:** Located in the overhead console directly above and facing the driver, this zone houses tactile switches (when specified) for control of emergency devices such as warning lights, scene lights, dump chute valves, and other emergency related items. If not specified these controls are available through the Vehicle Information Center.
- **Driver Overhead Wing:** Located in the overhead console and angled toward the driver, this zone houses the heating and air conditioning tactile switches provided as standard.
- **Center Overhead:** Located overhead between the driver and officer and parallel to the cab front, this zone houses any communications devices such as siren heads or two-way radios that cannot be fit in the Officer Lower Wing: Located on the engine tunnel and angled toward the officer, this zone houses optional feature switching as specified for control by the officer.
- **Officer Overhead Wing:** Located in the overhead console and angled toward the officer, this zone is houses optional switching or gauges that cannot be located in other zones and that is intended solely for use by the officer.
- **Officer Overhead:** Located in the overhead console directly above and facing the officer, this zone houses optional larger communications equipment that cannot be located in other zones, and that is practical for use solely by the officer.

Exact locations of each switch or control will be dictated by the Dash Layout document created during the design process and will adhere to these guidelines unless otherwise specified.

CAB DASH PANELS

QTY: 1

The apparatus cab shall be outfitted with backlit gradient dash and overhead panels. These gradient panels shall be utilized across the entire front of the cab dash and include the instrument cluster and brow panels. The panels shall be constructed from 3mm aluminum composite panels with second surface screen printed 15 mil Bayfol UV-1 polycarbonate graphic overlays, to provide scratch and UV protection. A carbon-graphite shaded graphic overlay shall be provided.

CONTROL SWITCHING THROUGH MULTIPLEX TOU

QTY: 1

Switching for the emergency and auxiliary systems shall be performed through the multiplex control screen.

Switching shall programmed through various menus that are accessible from the display buttons.

CONTROL SWITCHES IN CAB FOR LIGHT ABOVE WINDSHIELD

QTY: 1

Controls shall be provided in the cab control system (or optional mechanical switch) to activate the HiViz, FireTech, LED brow light.

CONTROL SWITCH IN CAB FOR OFFICER SIDE OF BODY LIG

QTY: 1

Controls shall be provided in the cab control system (or optional mechanical switch) to turn the officer side of body lights on and off.

CONTROL SWITCH IN CAB FOR DRIVER SIDE OF BODY LIGH

QTY: 1

Controls shall be provided in the cab control system (or optional mechanical switch) to turn the driver side of body lights on and off.

CONTROL SWITCHES IN CAB FOR BEHIND FRONT CAB DOOR

QTY: 1

Controls shall be provided in the cab control system (or option mechanical switch) to turn the lights at the cab doors on and off.

CONTROL SWITCH IN CAB FOR REAR OF BODY LIGHTS

QTY: 1

Controls shall be provided in the cab control system (or optional mechanical switch) to turn the rear of body lights on and off.

SEPARATE SWITCH IN CAB FOR HULL REVERSE LIGHTS

QTY: 1

The hull lights shall also be switched with a separate switch located in the cab.

HULL LIGHTS TO ACTIVATE WITH TURN SIGNAL

QTY: 1

The hull auxiliary wheel well lights shall be activated with the turn signal circuit.

ADDITIONAL SWITCHES - DRIVER OVERHEAD

QTY: 1

Twelve switches shall be provided in the driver overhead zone.

DRIVER'S DASHBOARD PANEL, 100" PREDATOR SS

QTY: 1

The main instrument panel shall be centered in front of the driver and shall be mechanically fastened to the main dash assembly. The panel shall contain the primary gauges, an instrument warning light cluster and the ignition and engine start switches.

Each gauge shall be designed with an integral red warning light with a pre-programmed warning point. Gauges monitoring drive-train component status shall be of the direct data bus type capable of displaying information broadcast on the J 1939 data-link.

Each gauge warning indicator shall be capable of activating an audible alarm inside the dashboard.

Additional auxiliary control switches and instruments (if applicable) shall be located within the center or overhead panel located near the driver's position.

DRIVER DASH LCD VIRTUAL DISPLAY

QTY: 1

The main instrument panel shall be centered in front of the driver and shall have a hinged bottom with two ¼ turn latches at the top. The driver panel and all other cab interior dash and overhead panels will be an anti-glare surface.
Contained within this panel will be virtual driver display via a 12.3” LCD screen including but not limited to displaying all gauges and instrument warning light cluster functions The upper left side of the driver dash panel shall also include an ignition-on switch, fast idle switch and a round engine start button which shall include a lighted indicator on the perimeter to light up when engine is ready to start and turning off when the engine is started.
The driver LCD virtual display shall include:

- 12.3” Color TFT Display
- Stand Alone Architecture
- Automatic Adjustment for Light Conditions
- 3 x BNC Analog Video Input
- Fully Programmable Features w/Graphical HMI:CGI Studio
- Two Year Warranty

The primary gauge display shall consist of:
- Vehicle speedometer, (0-80 mph)
- Engine tachometer, (0-3000 rpm)
- Engine oil pressure, (0-100 psi); low oil warning
- Engine coolant temperature (100-250 °F); high engine temp warning
- Transmission oil temperature (100-350 °F); high transmission fluid temp warning
- Vehicle battery voltage (0-18 VDC); low voltage warning
- Front air system gauge (0-150 psi); low air pressure warning at 65 psi
- Rear air system gauge (0-150 psi); low air pressure warning at 65 psi
- Fuel level (E - 1/2 - F); low fuel level warning
- Diesel Exhaust Fluid (DEF) Level (E-1/2-F)
- Air cleaner restriction gauge (0-40), warning at 25"
- Engine hours as maintained by the engine ECU

Additional auxiliary control switches and instruments (if applicable) shall be located within the dash panel and overhead panel located near the driver's position.

INDICATOR CLUSTER

This display, also contained in the Driver Dash Virtual Display Module, includes the system control unit that collects data from the vehicle data bus (J1939), analog sensors, and switches throughout the vehicle. This data shall be presented using simulated gauges and telltales.

On the Road displays include:

- Odometer, trip information, fuel economy information; all gauge data, and virtually any other data available on the vehicle that the display has access to, either through the data bus or via analog inputs.

The displays that can be accessed when the parking brake is set include:

- "Right And Left Directional" arrows (green in color)
- "Hi Beam" indicator (blue in color)
- "Battery ON" indicator (green in color)
- "Parking Brake ON" indicator (red in color)
- "Check Transmission" indicator (amber in color)
- "Cab Not Latched" indicator (red in color)
- "Stop Engine" indicator (red in color)
- "Check Engine" indicator (amber in color)
- "ABS Warning" indicator (yellow in color)
- "Low Coolant Level" (yellow in color)
- "Water In Fuel" indicator (amber in color)
- "DPF Regeneration" (amber in color)

- "Exhaust High Temperature" (amber in color)
- "Engine Diagnostic Fault" (amber in color)
- "Retarder On" (green in color)

Listed below are indicators that may be included, depending upon the vehicle configuration:

- "Wait To Start" indicator (amber in color)
- "Exhaust System Fault" (amber in color)
- "Topps System Fault" (amber in color)
- "PTO Engaged" (green in color)
- "Ok to Pump" (green in color)
- "Auto Traction Control" (amber in color)

FAST IDLE

QTY: 1

A fast idle for the electronic controlled engine shall be provided.

The fast idle shall be controlled by an ON/OFF switch on the left side of the main gauge panel.

An electronic interlock system shall prevent the fast idle from operating unless the transmission is in "Neutral" and the parking brake is fully engaged.

If the fast idle control is used in conjunction with a specified engine/transmission driven component or accessory, the fast idle control shall be properly interlocked with the engagement of the specified component or accessory.

ADDITIONAL SWITCHES - DRIVER LOWER WING

QTY: 1

Three switches shall be provided in the driver lower wing zone.

ENGINE COMPRESSION BRAKE CONTROLS

QTY: 1

Engine brake controls shall be provided on the dash within easy reach of the driver.

CLASS-1 ES-KEY ULTRAVIEW 780 DISPLAY

QTY: 1

A 7 inch full color display shall located on the driver's lower wing panel. The display shall provide key information and control within easy sight and reach.

The screen shall be programmed with the following features:

- Chassis Instrument Display
- Back-up camera
- Seat Occupant Display
- Compartment open display
- HVAC Controls
- Power Mirror Controls
- DPF Filter Regeneration Controls
- Warning light controls
- Scene light controls
- Horn selector switch options

- Gauge back-light dimming
- Rocker switch back-light dimming
- Display screen dimming with day/night feature
- Multiplex system diagnostics
- Generator Controls

ADDITIONAL SWITCHES - OFFICER LOWER WING

QTY: 1

Three switches shall be provided in the officer lower wing zone.

CAMERA SYSTEM

QTY: 1

An ASA Voyager rear vision camera model # VCMS155 shall be provided to allow the driver to visually see the rear of the apparatus while in the cab.
The rear vision camera shall be mounted on the rear of the apparatus and shall be wired to automatically activate when the chassis transmission is placed in reverse.

CAMERA SYSTEM

QTY: 1

The video output from the camera(s) shall be displayed on the Ultraview, display panel.

CUST PUMP/TANK/RES CHASSIS LED MARKER LIGHTS

QTY: 1

DOT MARKER LIGHTS AND REFLECTORS

CAB STEP LIGHTS, TECNIQ EON 3 LED, ALL DEVICES

QTY: 4

Polished, stainless steel, TecNiq Eon, 3-LED, horizontal surface mounted chassis step lights shall be provided and controlled with marker light actuation.

Step lights shall be located to properly illuminate all chassis access steps and walkway areas and shall include a mounting gasket to provide a watertight seal.

OPTRONICS LED MARKER LIGHTS @ FRONT ROOF EDGE OF C

QTY: 1

Two (2) amber DOT approved, Optronics MCL13 Light Emitting Diode (LED) cab marker lamps shall mounted on the top, front outside edge of the cab roof.

TRACTOR ALIGNMENT LIGHT ON TRACTOR CAB ROOF LA COU

QTY: 1

Three (3) Truck-Lite #35207Y LED indicator lights, with Truck-Lite #35720 armored brackets, energized by the running light circuit and mounted vertically on the back of the tractor cab air conditioning unit. These lights shall indicate the trailers position in relationship to the tractor cab and all three (3) lights shall be visible, between the aerials handrails, to the tiller operator when the tractor and trailer are in an inline configuration.

The tiller alignment lights will be mounted with the two (2) outer lights to be in the vertical position and the middle light to be in the horizontal position.

DUAL MODULE W/ CODE 3 65STA LED TURN SIGNAL & REQ

QTY: 1

Two (2) Code 3 65STA arrow shaped, amber LED turn signals shall be provided, one (1) in each side of the dual light module above the headlights.

The NFPA required, Zone "A" lower warning lights shall be incorporated into each side dual light module noted above.

DUAL HEADLIGHTS LED FIRETECH HIVIZ

QTY: 1

Two (2) dual, Firetech HiViz LED headlight modules with a bright finish bezel shall be furnished, one (1) each side, on the front of the cab. Each head light module shall incorporate an individual LED low beam and a LED high beam headlight. High beam actuation shall be controlled on the turn signal lever.

DAYTIME RUNNING LIGHTS

QTY: 1

The chassis head lights shall have integrated circuitry to actuate the low beam headlights.whenever the chassis engine is running.

The daytime running lights shall be interlocked with the parking brake.

FRONT BROW LIGHT

QTY: 1

One (1) HiViz LEDs "FireTech" Scene light, model FT-B-65-ML3-W shall be provided.

The light instrument shall be low in profile with a mounting bracket allowing installation at the top edge of the windshield.

The housing shall be made of a extruded 6061 aluminum; approx 65" wide and less than 3" tall.

The scene light shall have 53 LEDs divided amongst 4 independent circuits; circuit one featuring 6x 5w LEDs passing light through a 10 degree optic, circuit two featuring 18x 5w LEDs passing light through a 25-40 degree "flood" range, and circuit three featuring 24x 5w LEDs passing light through a 60-90 degree "scene" optic.

Circuit four shall consist of 3 amber colored diodes that act as SAE-J2042 compliant identification lamps.

The circuitry shall feature a PWM LED driver with an onboard electronic thermal manager.

Additionally, the bar shall meet CISPR25 EMI requirements.

The light shall operate on 12v DC, generate 25,143 lumens and draw 21 amps.

The light shall be adjustable vertically up to 15 degrees.

Mounting shall be possible in any direction while still meeting NFPA 1901 compliance requirements.

The housing color shall be White. The light shall feature a limited Lifetime warranty.

WIRE UPGRADE FOR 12V HIGH AMP LIGHT - (1) BROW LIG

QTY: 1

NFPA COMPLIANT WARNING LIGHT PACKAGE

QTY: 1

The following warning light package shall include all of the minimum warning light and actuation requirements for the current revision of the NFPA 1901 Fire Apparatus Standard.

The lighting as specified shall meet the requirements for both "Clearing Right of Way" and "Blocking Right of Way" which includes disabling all white warning lights when the apparatus is in "Blocking Right of Way" mode.

WARNING LIGHT FLASH PATTERN - NFPA FLASH PATTERN

QTY: 1

All of the perimeter warning lights shall be set to a default NFPA compliant flash pattern as provided by the light manufacturer.

LIGHT PACKAGE ACTUATION/CONTROLS

QTY: 1

The entire warning light package shall be actuated with a single warning light switch located on the cab switch panel. The wiring for the warning light package shall engage all of the lights required for "Clearing Right of Way" mode when the vehicle parking brake is not engaged. An automatic control system shall be provided to switch the warning lights to the "Blocking Right of Way" mode when the vehicle parking brake is engaged.

LIGHT PACKAGE NFPA CERTIFICATION

QTY: 1

The warning light system(s) specified above shall not exceed a combined total amperage draw of 45 AMPS with all lights activated in either the "Clearing Right of Way" or the "Blocking Right of Way"

The warning light system(s) shall be certified by the light system manufacturer(s), to meet all of the requirements in the current revision of the NFPA 1901 Fire Apparatus Standard as noted in the General Requirements section of these specifications.

The NFPA required "Certificate of Compliance" shall be provided with the completed apparatus.

Any large truck as defined by NFPA shall have the lower zone warning lights mounted no higher than 62" to the optical center of the warning light from ground level. {No Exceptions}

LIGHTS BAR

QTY: 1

A Whelen # F4N1QLED "Freedom Series IV", 81" cab roof warning light bar shall be furnished and rigidly mounted on top of the cab roof.

The light bar shall be equipped with the following:

- Clear Lenses
- Two Front Corner Red Linear LEDs
- Twelve Red Forward Facing Linear LEDs
- Two White Forward Facing Linear LEDs
- Two Red End Linear LEDs.

If equipped, the forward facing white lights shall be automatically disabled for the "Blocking Right of Way" mode.

ZONE A WARNING LIGHTS - STEADY BURN IN LIGHTBAR

QTY: 1

C-UPPER, WHELEN LED MCFLED2R, MICRO FREEDOM LIGHT

QTY: 1

Two (2) Whelen, MCFLED2R, "Micro Freedom", mini warning, light bars shall be furnished and rigidly mounted so that each light faces the rear, one (1) on each side at the rear of the body.

UPPER ZONE C WARNING LIGHT LENS - RED

QTY: 1

The upper zone C warning lights shall include red LEDs and a red lens if available from the manufacturer. If a red lens is unavailable, a clear lens shall be included.

B/D-UPPER FRONT, COVERED BY LIGHTS IN ZONE A-UPPER

QTY: 1

The lighting requirement for this area is covered by the lights noted in Zone "A" - Upper.

B/D-UPPER REAR, COVERED BY LIGHTS IN ZONE C-UPPER

QTY: 1

The lighting requirement for this area is covered by the lights noted in Zone "C" - Upper.

A-LOWER FRONT MOUNTING, CUSTOM CHASSIS

QTY: 1

The lower Zone A warning lights shall be mounted in the custom chassis headlight bezels.

A-LOWER FRONT, WHELEN M6 SUPER LEDS

QTY: 1

Two (2) Whelen, M6* super LED light heads shall be provided and installed one (1) each side.

LOWER ZONE A WARNING LIGHT LENS - RED

QTY: 1

The lower zone A warning lights shall include red LEDs and a red lens if available from the manufacturer. If a red lens is unavailable, a clear lens shall be included.

LOWER ZONE A WARNING LIGHT BEZEL - CHROME

QTY: 1

The lower zone A warning lights shall include red leds and a chrome bezel if available from the manufacturer. If a chrome bezel is unavailable, a black bezel shall be included.

C-LOWER REAR, WHELEN M6 SUPER LEDS

QTY: 1

Two (2) Whelen M6* super LED light heads shall be provided and installed with one (1) on each side directly below the DOT stop, tail, turn and backup lights.

LOWER ZONE C WARNING LIGHT LENS - RED

QTY: 1

The lower zone C warning lights shall include red LEDs and a red lens if available from the manufacturer. If a red lens is unavailable, a clear lens shall be included.

B/D-LOWER FRONT MOUNTING, CUSTOM CHASSIS

QTY: 1

The lower Zone B D warning lights shall be mounted on the sides of the custom chassis front bumper.

B/D-LOWER FRONT, WHELEN M6 SUPER LEDS

QTY: 1

Two (2) Whelen, M6* super LED light heads shall be provided and installed with one (1) on each side.

LOWER ZONE B/D FRONT WARNING LIGHT LENS - RED

QTY: 1

The lower zone B/D front warning lights shall include red LEDs and a red lens if available from the manufacturer. If a red lens is unavailable, a clear lens shall be included.

LOWER ZONE B/D FRONT WARNING LIGHT BEZEL - CHROME

QTY: 1

The lower zone B/D front warning lights shall include a chrome bezel if available from the manufacturer. If a chrome bezel is unavailable, a black bezel shall be included.

B/D-LOWER MID, WHELEN M6 SUPER LEDS

QTY: 1

Two (2) Whelen M6* super LED light heads shall be provided and installed with one (1) on each side.

LOWER ZONE B/D MID WARNING LIGHT LENS - RED

QTY: 1

The lower zone B/D mid warning lights shall include red LEDs and a red lens if available from the manufacturer. If a red lens is unavailable, a clear lens shall be included.

LOWER ZONE B/D MID WARNING LIGHT BEZEL - CHROME

QTY: 1

The lower zone B/D mid warning lights shall include a chrome bezel if available from the manufacturer. If a chrome bezel is unavailable, a black bezel shall be included.

B/D-LOWER REAR, WHELEN M6 SUPER LEDS

QTY: 1

Two (2) Whelen M6* super LED light heads shall be provided and installed with one (1) on each side.

LOWER ZONE B/D REAR WARNING LIGHT LENS - RED

QTY: 1

The lower zone B/D rear warning lights shall include red LEDs and a red lens if available from the manufacturer. If a red lens is unavailable, a clear lens shall be included.

LOWER ZONE B/D REAR WARNING LIGHT BEZEL - CHROME

QTY: 1

The lower zone B/D rear warning lights shall include a chrome bezel if available from the manufacturer. If a chrome bezel is unavailable, a black bezel shall be included.

OUTRIGGER WARNING LIGHTS

QTY: 1

One (1) Whelen M6* super LED light shall be mounted on each of the outrigger cover panels, for a total of two (2).

Each light head shall be equipped with red LEDs and a colored lens.

The lights shall be installed with a chrome plated mounting flange.

LIGHT ACTIVATION, PRIMARY WARNING

QTY: 1

The outrigger warning lights shall be energized by the ladder power circuit.

The outrigger warning lights shall also be energized by the primary warning light switch.

GROUND LIGHTS

QTY: 1

One (1) Amdor Luma Bar, H2O, LED 20" ground light shall be provided under each side cab door entrance step, four (4) total.

Each light shall illuminate an area at a minimum 30" outward from the edge of the vehicle.

GROUND LIGHTS BELOW LOCKER COMPARTMENT

QTY: 1

One (1) Amdor Luma Bar, H2O, LED 20" ground light shall be provided under each locker compartment, total of two (2).

GROUND LIGHTS BELOW MID-SHIP COMPARTMENT

QTY: 1

One (1) Amdor Luma Bar, H2O, LED 20" ground light shall be provided under each mid ship compartment, total of two (2).

GROUND LIGHTS REAR BODY CORNERS

QTY: 1

One (1) Amdor Luma Bar, H2O, LED 20" ground light shall be provided under each rear body corner, two (2) total.

CAB AND BODY GROUND LIGHTS ACTIVATE WITH MASTER SW

QTY: 1

The ground lights shall be activated by a master ground light switch in the cab and shall be wired through the load management system.

AERIAL LADDER, LADDER POWER SWITCH IN CAB

QTY: 1

There shall be an aerial device power engagement switch located in the cab switch console. An aerial device PTO/hour meter shall be furnished. See ladder description for details.

CHASSIS DIAGNOSTICS SYSTEM

QTY: 1

Diagnostic ports shall be accessible while standing on the ground and located inside the driver's side door left of the steering column. The diagnostic panel shall allow diagnostic tools such as computers to connect to various vehicle systems for improved troubleshooting providing a lower cost of ownership. Diagnostic switches shall allow engine and ABS systems to provide blink codes should a problem exist.

The diagnostic system shall include the following:

- A single port to monitor the engine, transmission and ABS system and diagnostics of the roll sensor (if applicable)
- Engine diagnostic switch (blink codes)
- ABS diagnostic switch (blink codes)
- Allison Transmission Codes (through touch pad shifter)

VOLTAGE MONITORING SYSTEM - 12 VOLT

QTY: 1

A voltage monitoring system shall be provided to indicate the status of the battery system connected to the vehicle's electrical load. The system shall provide visual and audible warning when the system voltage is below or above optimum levels.

The alarm shall activate if the system falls below 11.8 volts DC for more than two (2) minutes.

INDICATOR LIGHT AND ALARM PROVE-OUT SYSTEM

QTY: 1

A system shall be provided which automatically tests basic indicator lights and alarms located on the cab instrument panel.

ELECTRICAL HARNESS INSTALLATION - 12 VOLT

QTY: 1

To ensure dependability, all 12-volt wiring harnesses installed by the manufacturer shall conform to the following specifications:

- SAE J 1128 - Low tension primary cable
- SAE J 1292 - Automobile, truck, truck-tractor, trailer and motor coach wiring
- SAE J 163 - Low tension wiring and cable terminals and splice clips
- SAE J 2202 - Heavy duty wiring systems for on-highway trucks
- NFPA 1901 - Standard for automotive fire apparatus
- FMVSS 302 - Flammability of interior materials for passenger cars, multipurpose passenger vehicles, trucks and buses
- SAE J 1939 - Serial communications protocol
- SAE J 2030 - Heavy-duty electrical connector performance standard
- SAE J 2223 - Connections for on board vehicle electrical wiring harnesses
- NEC - National Electrical Code
- SAE J 561 - Electrical terminals - Eyelet and spade type
- SAE J 928 - Electrical terminals - Pin and receptacle type A.

For increased reliability and harness integrity, harnesses shall be routed throughout the cab and chassis in a manner which allows the harnessing to be laid into its mounting location. Routing of harnessing which requires pulling of wires through tubes is never allowed at the manufacturer.

Wiring shall be run in loom or conduit where exposed, and have grommets or other edge protection where wires pass through metal. Wire colors shall be integral to each wire insulator and run the entire length of each wire. Harnessing containing multiple wires and uses a single wire color for all wires shall not be allowed. Function and number codes shall be continuously imprinted on all wiring harness conductors at 3.00" intervals. All wiring installed between the cab and into doors shall be protected by a wire conduit to protect the wiring. Exterior exposed wire connectors shall be positive locking, and environmentally sealed to withstand elements such as temperature extremes, moisture and automotive fluids. Electrical wiring and equipment shall be installed utilizing the following guidelines:

- All holes made in the roof shall be caulked with silicon. {No Exceptions} Large fender washers, liberally caulked, shall be used when fastening equipment to the underside of the cab roof.
- Any electrical component that is installed in an exposed area shall be mounted in a manner that shall not allow moisture to accumulate in it. Exposed area shall be defined as any location outside of the cab or body.
- For low cost of ownership, electrical components designed to be removed for maintenance shall be quickly accessible. For ease of use, a coil of wire shall be provided behind the appliance to allow them to be pulled away from the mounting area for inspection and service work.
- Corrosion preventative compound shall be applied to non-waterproof electrical connectors located outside of the cab or body. All non-waterproof connections shall require this compound in the plug to prevent corrosion and for easy separation of the plug.
- Any lights containing non-waterproof sockets in a weather-exposed area shall have corrosion preventative compound added to the socket terminal area.
- All electrical terminals in exposed areas shall have protective coating applied completely over the metal portion of the terminal.
- Rubber coated metal clamps shall be used to support wire harnessing and battery cables routed along the chassis frame rails.
- Heat shields shall be used to protect harnessing in areas where high temperatures exist. Harnessing passing near the engine exhaust shall be protected by a heat shield.

- Cab and crew cab harnessing shall not be routed through enclosed metal tubing. Dedicated wire routing channels shall be used to protect harnessing therefore improving the overall integrity of the vehicle electrical system. The design of the cab shall allow for easy routing of additional wiring and easy access to existing wiring.
- All standard wiring entering or exiting the cab shall be routed through sealed bulkhead connectors to protect against water intrusion into the cab.

All 12-volt battery cables and battery cable harnessing installed by the apparatus manufacturer shall conform to the following requirements:

- SAE J 1127 - Battery Cable
- SAE J 561 - Electrical terminals, eyelets and spade type
- SAE J 562 - Nonmetallic loom
- SAE J 836 A - Automotive metallurgical joining
- SAE J 1292 - Automotive truck, truck-tractor, trailer and motor coach wiring
- NFPA 1901 - Standard for automotive fire apparatus.

Battery cables and battery cable harnessing shall be installed utilizing the following guidelines:

- Splices shall not be allowed on battery cables or battery cable harnesses.
- For ease of identification and simplified use, battery cables shall be color coded. All positive battery cables shall be marked red in color. All negative battery cables shall be black in color.
- For ease of identification, all positive battery cable isolated studs throughout the cab and chassis shall be red in color.
- For increased reliability and reduced maintenance, all electrical buss bars located on the exterior of the apparatus shall be coated to prevent corrosion.
- An operational test shall be conducted to ensure that any equipment that is permanently attached to the electrical system is properly connected and in working order.

AERIAL BODY ELECTRICAL SYSTEM

QTY: 1

All electrical lines in the body shall be protected by automatic circuit breakers, conveniently located to permit ease of service.

Flashers, heavy-duty solenoids and other major electrical controls shall be located in a central area near the circuit breakers.

All lines shall be color and function coded every 3", easy to identify, oversized for the intended loads and installed in accordance with a detailed diagram.

A complete wiring diagram shall be supplied with the apparatus.

Wiring shall be carefully protected from weather elements and snagging.

Heavy duty loom shall be used for the entire length.

Grommets shall be utilized where wiring passes through panels.

In order to minimize the risk of heat damage, wires run in the engine compartment area shall be carefully installed and suitably protected by the installation of heat resistant shielded loom.

All electrical equipment shall be installed to conform to the latest federal standards as outlined in NFPA-1901.

TILLERS, AERIAL DEVICE ELECTRICAL JUNCTION COMPART

QTY: 1

An electric junction compartment shall be provided within the aerial body.

This compartment shall provide an easily accessible enclosure to house all of the aerial device wiring junction points, terminal strips, solenoids, etc.

All wiring for the aerial device including outrigger, diverter valve, and swivel circuits shall be in this compartment.

BODY ELECTRICAL HARNESS - ES-KEY

QTY: 1

POWER DISTRIBUTION MODULES FOR CLASS ONE ES-KEY

QTY: 1

Class 1 Power distribution modules shall be provided in strategic areas of the chassis to allow body harnesses to interface to multiplex system.

The Remote Power Modules (RPM) provide a method of controlling loads on the vehicle, outside the cab, without running individual wires from each switch to the load.

This electronic module distributes and controls power to various devices on the vehicle as commanded by the control system inside the cab.

The RPM is connected to the Electrical System Controller via the J1939 datalink.

Each module receives power from a power cable, protected by a fusible link to the main battery circuit.

The power distribution modules shall be mounted in a location to provide complete access for service or trouble shooting.

BLUE SEA FUSE BLOCK IN BODY COMPARTMENT

QTY: 1

The Blue Sea fuse block(s) installed in the body shall have the power source switched by the chassis disconnect.

BLUE SEA FUSE BLOCK - 6 CIRCUIT FORWARD WALL L1

QTY: 1

A Blue Sea 5025B, 6 circuit fuse block, shall be installed on the upper forward wall of the body L1 compartment interior.

This block has a maximum amperage of 60 Amps per block and 30 Amps per circuit.

BLUE SEA FUSE BLOCK - 6 CIRCUIT FORWARD WALL L2

QTY: 1

A Blue Sea 5025B, 6 circuit fuse block, shall be installed on the upper forward wall of the body L2 compartment interior.

This block has a maximum amperage of 60 Amps per block and 30 Amps per circuit.

BLUE SEA FUSE BLOCK - 6 CIRCUIT FORWARD WALL L3

QTY: 1

A Blue Sea 5025B, 6 circuit fuse block, shall be installed on the upper forward wall of the body L3 compartment interior.

This block has a maximum amperage of 60 Amps per block and 30 Amps per circuit.

BLUE SEA FUSE BLOCK - 6 CIRCUIT FORWARD WALL R1

QTY: 1

A Blue Sea 5025B, 6 circuit fuse block, shall be installed on the upper forward wall of the body R1 compartment interior.

This block has a maximum amperage of 60 Amps per block and 30 Amps per circuit.

BLUE SEA FUSE BLOCK - 6 CIRCUIT FORWARD WALL R2

QTY: 1

A Blue Sea 5025B, 6 circuit fuse block, shall be installed on the upper forward wall of the body R2 compartment interior.

This block has a maximum amperage of 60 Amps per block and 30 Amps per circuit.

BLUE SEA FUSE BLOCK - 6 CIRCUIT FORWARD WALL R3

QTY: 1

A Blue Sea 5025B, 6 circuit fuse block, shall be installed on the upper forward wall of the body R3 compartment interior.

This block has a maximum amperage of 60 Amps per block and 30 Amps per circuit.

DOOR OPEN INDICATOR W/ INTEGRAL AUDIBLE ALARM

QTY: 1

An indicator light with an audible alarm, shall be functionally located in the cab to signal when an unsafe condition is present such as an open cab door or body compartment door, an extended ladder rack, a deployed stabilizer, an extended light tower or any other device which is opened, extended or deployed which may cause damage to the apparatus if it is moved.

This light shall be activated through the parking brake switch to signal when the parking brake is released.

DUNNAGE AREA LIGHTING

QTY: 1

Two (2) stainless steel, TecNiq Eon 3-LED horizontal surface mounted lights shall be provided in the dunnage area to provide adequate illumination of this area.

These lights shall be switched in the same manner as the step lights.

COMPARTMENT LIGHT ACTIVATION

QTY: 1

Compartment lighting shall be switched either from an integral switch as provided by the roll up door manufacturer or a magnetic proximity switch if it is a KME manufactured door.

COMPARTMENT LIGHTS

QTY: 20

Each individual, equipment storage compartment shall be equipped with the AMDOR, Luma Bar, LED light fixture, mounted on each side of the forward (and rear) vertical door frame.

CUST PUMP/TANK/RES BODY LED MARKER LIGHTS

QTY: 1

DOT MARKER LIGHTS FORWARD OF CAB DOOR

QTY: 1

Amber LED DOT marker lights with reflector shall be provided and mounted forward of the front cab door, one (1) each side.

MARKER/TURN LIGHTS @ EA SIDE OF BODY

QTY: 1

Red, LED marker lights with integral reflectors shall be provided at the lower side rear, having one (1) on each side.

Yellow, LED side marker and turn lights shall be provided on the apparatus lower side, forward of rear axle that puts one (1) on each side, if the apparatus is 30' long or longer.

DOT MARKER LIGHTS @ REAR OF BODY

QTY: 1

Red, LED clearance lights shall be provided on the apparatus rear upper having one (1) on each side at the outermost practical location.

Red, LED, 3-lamp identification bar will be provided on the apparatus rear center.

DOT AMBER REFLECTORS @ SIDE OF BODY

QTY: 1

Yellow reflectors shall be provided on the apparatus body lower side, as far forward and low as practical with one (1) on each side if the apparatus is 30' long or longer.

DOT RED REFLECTORS @ REAR OF BODY

QTY: 1

Red reflectors shall be provided on the apparatus rear with one (1) on each side at the outermost practical location.

TECNIQ #L10 LED LICENSE PLATE LIGHT

QTY: 1

One (1) Tecniq model #L10 LED license plate light shall be provided above the mounting position of the license plate. The license plate shall be located on the driver's side rear of body.

The light shall be clear in color and shall have a chrome finish.

BRITAX, 6" ANGLED RUBBER LED LIGHT @ REAR BODY COR

QTY: 1

Two (2) rubber, angled LED marker lights shall be mounted on the rear most corner of the body, one (1) each side.

The lights shall be mounted in a molded flexible rubber shaft that extends away from the body approximately 6".

The lights shall be equipped with an amber lens facing forward and a red lens facing to the rear of the vehicle.

The lights shall be wired to the parking light circuit.

WHELEN #M6 LED BRAKE, REVERSE, & TURN W/ QUAD HOUS

QTY: 1

Two (2) Whelen M6 series, 4-5/16" x 6-3/4", LED red combination tail and stop lights, shall be mounted one each side at the rear of the body.

Two (2) Whelen M6 series, 4-5/16" x 6-3/4", LED amber arrow turn signal lights, shall be mounted one each side, on a vertical plane with the tail/stop lights.

Two (2) Whelen M6 series, 4-5/16" x 6-3/4", LED white back-up lights, shall be mounted, one each side on a vertical plane with the turn/tail/stop signals.

These lights shall activate when the transmission is placed in reverse gear.

Two (2) Whelen M6FCV4 mounting flanges, installed one (1) on each side, shall be provided to mount the lights described above in one common mounting flange.

The fourth opening shall be for the lower rear warning lights.

The lights shall be mounted in order, from top to bottom, as described above.

WHELEN #500 LED THIRD BRAKE LIGHT

QTY: 1

One (1) Whelen # 500 series, 1 5/8" x 5" size, red LED stop light shall be mounted centered on the rear of the body as high as practical.

The light shall be mounted with a chrome flange.

BODY STEP LIGHTS, TECNIQ EON 3 LED, ALL DEVICES

QTY: 2

Polished, stainless steel, TecNiq Eon 3-LED, horizontal surface, mounted body step lights shall be provided and controlled with marker light actuation.

Step lights shall be located to properly illuminate all body access steps and walkway areas and shall include a mounting gasket to provide a watertight seal.

WIRE UPGRADE FOR 12V HIGH AMP LIGHTS - DRIVER SIDE

QTY: 1

FIRETECH WL1000 LED LIGHTS, @ TOP OF BODY

QTY: 1

Two (2) FireTech WL1000, LED flood lights shall be one (1) on each side on top of the body.

The lights shall illuminate the top of the body. The lights shall have a limited, lifetime warranty.

WIRE UPGRADE FOR 12V HIGH AMP LIGHTS - OFFICER SID

QTY: 1

(2) WHELEN PIONEER SURFACE MTD LIGHTS, 150W12V LED

QTY: 1

Two (2) Whelen Pioneer model # PCPSM2C surface mounted flood/spot lights shall be installed, one rearward and one forward on the driver side of the body, each using a chrome plated flange.

Each lamp head shall draw 12 amps and generate 16,000 lumens.

(2) WHELEN PIONEER SURFACE MTD LIGHTS, 150W12V LED

QTY: 1

Two (2) Whelen Pioneer model # PCPSM2C surface mounted flood/spot lights shall be installed, one rearward and one forward on the officer side of the body, each using a chrome plated flange.

Each lamp head shall draw 12 amps and generate 16,000 lumens.

(2) TREADPLATE ENCLOSURES FOR DS BODY SCENE LIGHTS

QTY: 1

Two (2) formed tread plate enclosures shall be provided for the officer side body scene lights. These enclosures shall mount on the top of the body so as to provide a location to mount the selected scene lighting.

(2) TREADPLATE ENCLOSURES FOR OS BODY SCENE LIGHTS

QTY: 1

Two (2) formed tread plate enclosures shall be provided for the officer side body scene lights. These enclosures shall mount on the top of the body so as to provide a location to mount the selected scene lighting.

HIVIZ GUARDIAN JUNIOR SCENE LIGHTS BEHIND CAB DOOR

QTY: 1

Two (2) Firetech Hiviz Guardian Junior FT-GSMJR, LED scene lights shall be provided, (1) one on each side of the cab, directly behind the front cab entrance door in a chrome plated flange.

Each light shall be 7.5 wide by 5 high by 1.5 deep, draw 3.33 amps, and produce 3,000 lumens.

The scene lights shall be wired through the load management system.

HIVIZ GUARDIAN ELITE SCENE LIGHTS ON REAR OF BODY

QTY: 1

Two (2) Firetech Hiviz Guardian Elite FT-GESM, LED scene lights shall be provided, (1) one on each side of the rear body panel in a chrome plated flange.

Each light shall be 11 wide by 9 high by 3 deep, draw 10 amps, and produce 10,491 lumens.

The scene lights shall be wired through the load management system.

DOCKING LIGHTS IN REAR WHEELWELL

QTY: 1

Two (2) Tecniq E96 LED docking lights shall be provided in the rear wheel well panels, one (1) each side.

The lights shall be surface mounted on the wheel well panel and shall be equipped with a stainless steel housing.

The lights shall be activated by the reverse light circuit when the apparatus is operating as an emergency vehicle (Primary Warning Switch On).

GENERATOR

QTY: 1

One (1) Harrison Hydraulic Driven Generator model number 10.0MAS-16R rated at 10000 watts, 80/40 amps, 120/240VAC, 60 Hz, 1-phase shall be provided.

The system shall be designed and assembled by a company with no less than 10 years experience in the manufacture of hydraulic driven generators. The system shall be tested at the full nameplate load prior to

shipping and be accompanied with the test report. The test report shall document the generators performance at various loads from no load to full load to ensure reliable power delivery at those loads.

The motor/generator shall be placed in a frame which affords protection to the components and provides a unitized mounting module containing the motor/generator, reservoir, oil cooler, filtration, on/off manifold containing a cross port check valve allowing unit to be started and shut down remotely.

The generator shall be a commercial type with a heavy-duty bearing and of brush less design to ensure low maintenance. No brushes or slip rings shall be allowed. The reservoir shall include an oil level sight gauge, oil temperature gauge; fill cap, oil filter, and a venturi boost unit to provide positive pressure to the pump suction port.

The generator and motor shall be close coupled and aligned using a Morse taper with a through bolt to secure the motor to the generator. No two (2) bearing generators shall be permitted.

The system must be capable of producing the full nameplate power when driven from the vehicle PTO from idle to maximum engine speed.

The generator system must be able to operate on either a Constant Engaged PTO or a Hot Shift PTO. The generator must be able to be used while vehicle is either stationary or in motion.

The hydraulic motor and pump shall be of axial piston design to provide low internal leakage and a high degree of frequency stability. No gear pumps or motors shall be used. The pump shall match the system with the proper orifice, pressure compensator, and load sense settings to provide stable output regardless of engine rpm or electrical load demands.

The system shall be capable of normal operations using a commonly available ISO 46 hydraulic fluid. All fluid service points shall be in close proximity to the reservoir for ease of scheduled maintenance.

When properly installed, the system shall be warranted for a period of not less than two (2) years or 2000 hours, whichever should come first.

The generator shall be remotely turned on/off by using a 12 VDC switch mounted on the cab dash.

120 & 240 VOLT WIRING METHODS

QTY: 1

Wiring/conduit shall not be attached to any chassis suspension components, water or fuel lines, air or air brake lines, fire pump piping, hydraulic lines, exhaust system components or low voltage wiring.

All wiring shall be installed at a minimum of 12 inches away from any exhaust piping and a minimum of 6 inches from any fuel lines.

All wiring shall be securely clamped within 6 inches of any junction box and at a minimum of every 24 inches of run. All supports shall be of nonmetallic material or corrosion protected metal. All supports shall not cut or abrade conduit or cable and shall be mechanically fastened to the vehicle.

All power supply assembly conductors, including neutral and grounding conductors, shall have an equivalent amperage rating and shall be sized to carry not less than 115% of the main breaker rating.

All Type SO or Type SEO cable not installed in a compartment shall be installed in wire loom. Where Type SO or Type SEO cable penetrates a metal surface, a rubber or plastic grommet or bushing shall be provided.

The installation of all 120/240 wiring shall meet the current NFPA-1901 Standards {No Exceptions}.

120/240 VOLT WIRING IDENTIFICATION

All line voltage conductors located inside the main breaker panel box shall be individually and permanently identified. When pre-wiring for future power wiring installations, the non-terminated ends shall be labeled showing function and wire size.

120/240 VOLT GROUNDING

The neutral conductor of the power source shall be bonded to the vehicle fame only at the power source.

The grounded current carrying conductor (neutral) shall be insulated from the equipment grounding conductors and from the equipment enclosures and other grounded parts. The neutral conductor shall be colored white or gray.

In addition to the bonding required for the lower voltage return current, each body and driving/crew compartment enclosure shall be bonded to the vehicle frame by a copper conductor. The conductor shall have a minimum amperage rating of 115 percent of the name plate current rating of the power source specification label.

120/240 VOLT CIRCUIT BREAKER / RECEPTACLE INSTALLATION

The system shall be installed by highly qualified electrical technicians to assure the required level of safety and protection to the fire apparatus operators. When multiple circuit are required, the circuits shall be wired to the breaker panel in a staggered configuration to minimize electrical loads on each breaker or generator (leg) circuit. The wiring, electrical fixtures and components shall be to the highest industry quality standards available on the domestic market. The equipment shall be the type as designed for mobile type installations subject to vibration, moisture and severe continuous usage.

GENERATOR

QTY: 1

The generator shall be equipped with an additional updraft fan.

GENERATOR LOCATION

QTY: 1

The generator shall be mounted between the tractor and the access ladder or compartment.

Locating the generator greater than 144" from the main breaker panel may require the installation of an additional power disconnecting means.

HARRISON HOT SHIFT PTO

QTY: 1

A hot shift PTO shall be provided on the transmission for the Harrison generator.

The PTO shall be controlled from the cab. The control shall include a PTO engagement switch and a PTO engaged indicator light.

DIGITAL QUAD METER FOR HARRISON GENERATORS

QTY: 1

A weatherproof digital Quadra meter containing the volt, amp, and frequency shall be installed near the breaker panel.

BREAKER PANEL

QTY: 1

The generator output line conductors shall be wired from the generator output connections to a Square D, model #QO112L125G breaker panel.

The breaker panel shall be equipped with a properly sized main breaker, using two (2) of the twelve (12) spaces which leaves a total of ten (10) available spaces.

The generator output conductors shall be sized to 115% of the main breaker rating and shall be installed as indicated in the wiring section.

BREAKER PANEL LOCATION

QTY: 1

The breaker panel shall be located on the rear wall of the driver side front compartment.

LINE VOLTAGE BREAKER TYPE

QTY: 1

All line voltage breakers for use with the AC load center shall be non-GFCI and non-AFCI breakers. The included breakers shall be standard thermal-magnetic overcurrent protection devices.

CORD REEL ENCLOSURE

QTY: 2

An aluminum tread plate enclosure shall be provided overtop of the cord reel. The enclosure shall be water proof to prevent water from coming through the dunnage area floor into the lower compartment. An access panel shall be provided on the vertical surface of the cover to access the reel without removing the cover.

ELECTRIC CORD REEL #1

QTY: 1

One (1) Hannay Model #ECR-1620-17-18, with 4 conductor collector assembly for 240 volts, with electric rewind cord reel shall be provided and wired to the breaker panel.

The reel shall be securely mounted and equipped with a rewind control adjacent to the reel.

ELECTRIC CORD REEL #1 LOCATION

QTY: 1

The cord reel shall be mounted on the top of the driver's side locker compartment.

ELECTRIC CORD REEL #1 ROLLER

QTY: 1

A Hannay 4-way stainless steel roller assembly shall be provided. The roller assembly opening shall be the full width of the reel drum.

ELECTRIC CORD REEL #1 REWIND

QTY: 1

A reel rewind switch(s) shall be provided on the compartment wall

ELECTRIC CORD REEL #1 CABLE

QTY: 1

Two hundred twenty five (225) feet of Type SO black 10/4 heavy duty electric cable, wired for 240 volt, shall be provided on the cord reel.

ELECTRIC CORD REEL #1 TERMINATION

QTY: 1

One (1) NEMA L14-20R, 20 amp, four prong twist-lock receptacle shall be provided on the end of the cable.

ELECTRIC CORD REEL #1 JUNCTION BOX

QTY: 1

A Circle-D Model #PF51GFCI-5P-L14-20, four (4) outlet junction box(es) with one (1) NEMA 5-20R GFCI rated straight blade receptacle and three (3) NEMA L5-20R twist-lock receptacles with 6" pigtail with a NEMA L14-20P twist-lock plug shall be provided.
The junction box(es) shall be wired such that the four (4) outlets provide 120 VAC.

ELECTRIC CORD REEL #1 JUNCTION BOX HOLDER

QTY: 1

A holder(s) constructed from 1/8" tread plate shall be provided for each cord reel(s) junction box. The location of the holder shall be adjacent to the cord reel roller assembly or as directed by the fire department.

ELECTRIC CORD REEL #1 CIRCUIT BREAKER

QTY: 1

The circuit breaker used to protect any device attached to the cord reel shall be sized to the smallest electrical connection used.

ELECTRIC CORD REEL #1 BALL STOP

QTY: 1

A cable ball stop(s) shall be installed on the cable to keep the end from passing through the roller assembly.

ELECTRIC CORD REEL #2

QTY: 1

One (1) Hannay Model #ECR-1620-17-18, with 4 conductor collector assembly for 240 volts, with electric rewind cord reel shall be provided and wired to the breaker panel.

The reel shall be securely mounted and equipped with a rewind control adjacent to the reel.

ELECTRIC CORD REEL #2 LOCATION

QTY: 1

The cord reel shall be mounted on the top of the officer's side locker compartment.

ELECTRIC CORD REEL #2 ROLLER

QTY: 1

A Hannay 4-way stainless steel roller assembly shall be provided. The roller assembly opening shall be the full width of the reel drum.

ELECTRIC CORD REEL #2 REWIND

QTY: 1

A reel rewind switch(s) shall be provided on the compartment wall

ELECTRIC CORD REEL #2 CABLE

QTY: 1

Two hundred twenty five (225) feet of Type SO black 10/4 heavy duty electric cable, wired for 240 volt, shall be provided on the cord reel.

ELECTRIC CORD REEL #2 TERMINATION

QTY: 1

One (1) NEMA L14-20R, 20 amp, four prong twist-lock receptacle shall be provided on the end of the cable.

ELECTRIC CORD REEL #2 JUNCTION BOX

QTY: 1

A Circle-D Model #PF51GFCI-5P-L14-20, four (4) outlet junction box(es) with one (1) NEMA 5-20R GFCI rated straight blade receptacle and three (3) NEMA L5-20R twist-lock receptacles with 6" pigtail with a NEMA L14-20P twist-lock plug shall be provided.

The junction box(es) shall be wired such that the four (4) outlets provide 120 VAC.

ELECTRIC CORD REEL #2 JUNCTION BOX HOLDER

QTY: 1

A holder(s) constructed from 1/8" tread plate shall be provided for each cord reel(s) junction box. The location of the holder shall be adjacent to the cord reel roller assembly or as directed by the fire department.

ELECTRIC CORD REEL #2 CIRCUIT BREAKER

QTY: 1

The circuit breaker used to protect any device attached to the cord reel shall be sized to the smallest electrical connection used.

ELECTRIC CORD REEL #2 BALL STOP

QTY: 1

A cable ball stop(s) shall be installed on the cable to keep the end from passing through the roller assembly.

DOT HORN

QTY: 1

A single electric horn activated by the steering wheel horn button shall be furnished.

BACK-UP ALARM

QTY: 1

A Preco # 1040, self adjusting 87 thru 112dBA back-up alarm, shall be provided and installed at the rear of the apparatus under the tailboard.

The back-up alarm shall activate and automatically adjust to ambient noise levels when the transmission is placed in reverse gear and the ignition is "on."

SINGLE CHROME AIR HORN - GROVER

QTY: 1

A single Grover chrome plated air horn shall be at the front of the vehicle. The air horn shall be mounted in full compliance with NFPA-1901. The supply line shall be a minimum of 1/4".

SINGLE AIR HORN

QTY: 1

The air horn shall be recessed in the driver side of the front bumper.

AIR HORN CONTROL

QTY: 1

The air horn(s) shall be controlled by a floor mounted, foot switch on the officer's side.

AIR HORN CONTROL

QTY: 1

The air horn(s) shall be controlled by a floor mounted foot switch and steering wheel horn button for the driver.

ELECTRONIC SIREN

QTY: 1

One (1) Whelen # 295HFS2, 100 watt electronic siren shall be provided featuring: flush mount remote control head recessed in center dash panel as space allows, "Si-Test" self diagnostic feature, six (6) function siren, radio repeat, and public address.

The electronic siren and speaker shall meet the NFPA required SAE certification to ensure compatibility between the siren and speaker.

WHELEN SA315P SPEAKER

QTY: 1

One (1) Whelen, model # SA315P composite black siren speaker, shall be provided, recessed in the front bumper and wired to the electronic siren.

POLISHED STEEL ELECTRONIC SIREN SPEAKER GRILL

QTY: 1

A custom electric siren speaker grill shall be provided. This grill shall include the KME company logo cut into the center.

MECHANICAL SIREN

QTY: 1

One (1) Federal Model #Q2B mechanical siren shall be provided to provide audible warning.

SIREN LOCATION

QTY: 1

The Q2B siren shall be semi-recessed into the bumper on the driver's side.

The siren shall be recessed so the front grille portion of the siren is exposed and protruding beyond the bumper.

ELECTRO/MECHANICAL SIREN BRAKE CONTROL

QTY: 1

A dash mounted push button switch shall be provided for the officer to control the brake on the electro/mechanical siren.

ELECTRO/MECHANICAL SIREN BRAKE CONTROL

QTY: 1

A dash mounted push button switch shall be provided for the driver to control the brake on the electro/mechanical siren.

ELECTRO/MECHANICAL SIREN CONTROL

QTY: 1

A floor mounted foot switch shall be provided for the driver to activate the electro/mechanical siren.

ELECTRO/MECHANICAL SIREN CONTROL

QTY: 1

A floor mounted foot switch shall be provided for the officer to activate the electro/mechanical siren.

BODY AND COMPARTMENT HEADER

QTY: 1

GENERAL ALUMINUM BODY DESCRIPTION FOR 100' TILLER

QTY: 1

The general body construction shall be a modular body consisting of independent body modules or subassemblies with an independent heavy duty support framework. These specifications outline the minimum standards of construction.

To ensure the customer of sole source manufacturing, the body must be built by the same manufacturer of the entire chassis and aerial device. {No Exceptions}

COMPARTMENT FABRICATION

Compartment panels and body side sheets shall be a minimum of 1/8" aluminum 5052 alloy. Each side compartment assembly shall be both plug welded and stitch welded to ensure proper weld penetration on all panels while avoiding the distortion caused by a full seam weld. The side compartments shall be welded on a fixture to ensure true door and body dimensions. All compartments shall have a sweep-out style floor.

The floors of each compartment shall be adequately braced to provide maximum loading without undue deflection. All seams shall be caulked prior to finish paint to ensure proper compartment seal.

Compartments that are transverse below the trailer frame rails shall be designed with a bolt-in center section. This design shall provide removable access to the center section of the trailer frame rails for maintenance and aerial testing.

The referenced compartment sizes approximate the extreme outside compartment dimensions without deductions for material thicknesses, flanges, door pans/hardware, or ladder storage compartment headers.

BODY SUBFRAME

The body sub-frame shall be an all-welded configuration utilizing aluminum tubing, channel, and angle. This structure shall be designed to totally support the full length and width of the body and shall be welded to the body side compartments by use of reinforcement plates to incorporate the compartments into an integral part of the body weldment.

FLEX JOINTS

Due to the trailer flexing associated with tractor drawn aerial bodies, the tiller body shall be segregated into separate modules. Each module shall be spaced apart by a flex joint to allow movement between each body module when the vehicle is in road travel or aerial operations.

COATED FASTENERS

All exterior fasteners shall be coated stainless steel screws. Screw threads shall be coated with reusable, self-locking, sealing material to provide vibration resistance. Screw heads shall be coated with a sealing element to prevent galvanic corrosion between dissimilar metals. Non-coated screws shall only be provided as part of vendor supplied component installations.

GENERAL COMPARTMENT

QTY: 1

Compartment tops shall be covered with tread plate plate on both sides of the body. The tread plate shall have a flange downward, over the top of compartments to serve as a drip rail above the compartment doors.

ACCESS PANELS

Removable access panels shall be provided in the lower running board compartments to access hydraulic components, electrical harnesses, and the rear body mounts. All access panels shall be equipped with the same finish as the compartment interiors.

COMPARTMENT VENTILATION

Ventilation between compartments to atmosphere shall be provided and located in a position that avoids water entry into compartments.

COMPARTMENT DRIP MOLDING

Compartment tops overall side compartments shall be equipped with a flanged edge to provide protection against water run-off. A secondary polished extruded aluminum drip molding shall be provided between lower compartments and auxiliary high side compartments.

BODY TRIM

The body shall be protected and covered with bright finished tread plate plate. The tread plate shall be fastened with stainless steel hardware and shall be coated with rubber type undercoating between the body panel and tread plate to protect from moisture. All edges shall be sealed with silver, rubber caulking.

Tread plate shall be provided in the following areas:

- All surfaces of the compartments or on top of the body where personnel may walk or mount equipment
- Front of body
- Below aerial turntable decking
- Top of the pump enclosure (if applicable)
- Cover over the water tank (if applicable)
- Cover over hydraulic tank
- Top of mid-ship compartment (if applicable)

FENDER WITH STORAGE OPTIONS (CUSTOM)

QTY: 1

DRIVER FORWARD FENDER - NO STORAGE SELECTED

QTY: 1

No storage compartment has been specified for this position.

OFFICER FORWARD FENDER - NO STORAGE SELECTED

QTY: 1

No storage compartment has been specified for this position.

ALUMINUM WHEEL LINERS TILLER TRAILER

QTY: 1

Fully removable, bolt-in, 1/8" aluminum fender liners shall be provided. The wheel well liners shall extend from the outer wheel well body panel, into the truck frame. The completely washable fender liners shall be designed to protect the front and rear compartments and the main body supports from road salts, dirt accumulation and corrosion.

TILLER TRACTOR, REAR WHEEL WELLS & FENDERS - ROLLE

QTY: 1

The tractor shall be equipped with a rolled tread plate wheel well and fender step assembly. The fenders shall be two (2) separate sections that shall be attached to the tractor frame rails for adequate strength to support a fire fighter.

TRACTOR DRAWN AERIAL BODY WITH WATERWAY

QTY: 1

LEFT SIDE COMPARTMENTATION

One (1) full height full depth compartment to the rear of the outrigger, measuring approx 25" Wide x 58" High x 28" Deep.

One (1) full height full depth compartment to the rear of the outrigger, measuring 54" Wide x 58" High x 28" Deep. As ground ladder storage allows the upper 39" of the compartment shall be transverse.

One (1) full height full depth compartment to the rear of the outrigger, measuring approx 54" Wide x 58" High x 28" Deep. As ground ladder storage allows the upper 39" of the compartment shall be transverse.

One (1) full height full depth compartment to the rear of the outrigger, measuring approx 59" Wide x 58" High x 28" Deep.

One (1) split depth running board compartment forward of the trailer axle, measuring 48" Wide x 32" High x 28" Deep.

One (1) split depth running board compartment rearward of the trailer axle, measuring 48" Wide x 45" High x 28" Deep.

RIGHT SIDE COMPARTMENTATION

One (1) full height full depth compartment to the rear of the outrigger, measuring approx 25" Wide x 58" High x 28" Deep.

One (1) full height full depth compartment to the rear of the outrigger, measuring 54" Wide x 58" High x 28" Deep. As ground ladder storage allows the upper 39" of the compartment shall be transverse.

One (1) full height full depth compartment to the rear of the outrigger, measuring approx 54" Wide x 58" High x 28" Deep. As ground ladder storage allows the upper 39" of the compartment shall be transverse.

One (1) full height full depth compartment to the rear of the outrigger, measuring approx 59" Wide x 58" High x 28" Deep.

One (1) split depth running board compartment forward of the trailer axle, measuring 48" Wide x 32" High x 28" Deep.

One (1) split depth running board compartment rearward of the trailer axle, measuring 48" Wide x 45" High x 28" Deep.

AERIAL SUPPLY HOSE STORAGE

QTY: 1

The aerial waterway hose storage box shall have a hinged tread plate door with a gas shock to hold it closed and open. A one (1) inch lip shall be provided around the area on the back side of the box to provide strength. A roller shall be provided on the vertical edges on each side of the back of the box at the opening. Four (4) drain holes shall be applied, one in each corner of the storage module to allow for excess water to drain properly. Dry deck material shall be provided on the floor in the box and the lid shall open to about 75 degrees and not impact the slide out radio tray on the cab roof. The lid will be adequately reinforced to prevent oil canning when walked on. The compartment will have a Amdor Luma Bar LED light that will illuminate automatically when the door is opened.

TRACTOR LOCKER COMPARTMENT 30.5"W X 50"H X 24"D

QTY: 1

A locker compartment shall be provided, one (1) each side to the rear of the tractor cab, measuring 30.5" wide x 50" high x 24" deep with a door opening of 26" wide x 47" high. The compartment shall be mounted to the chassis frame rails at the front and rear of the compartment. Each compartment shall be equipped with an access panel located on the rear wall to provided access to the area behind the locker compartment.
The area between the lockers shall provide a location for the hydraulic tank, optional generator and various hydraulic components.

2" THICK COMPARTMENT DOORS - FLAT DOORS

QTY: 1

The compartment doors shall be flat type having the outer skin fabricated from 3/16" (5052 H32) aluminum. The door skin shall have a formed a mounting flange on one (1) side as a hinge. The door skin shall have reinforcing channels welded internally to accommodate the inner door pan mounting. The 2" thick compartment doors shall reduce the overall specified compartment depth by 2-1/2". All horizontally hinged doors shall be 1" thick to provide additional compartment storage area. The 1" thick horizontal hinged doors shall reduce the overall specified compartment depth by 1-1/4".

ROLL-UP DOORS

QTY: 1

Roll-up doors shall be provided on all compartments.

The roll-up doors shall be constructed from aluminum extruded slats which shall have a flexible seal between each slat for proper sealing of the door.

A synthetic rubber seal shall be provided at each side, top and bottom edge of the door to prevent entry of dirt into the compartment.

The door shall be equipped with a lift bar style latch mechanism which shall latch at the bottom of the door mounting extrusion.

The roll-up door assembly shall be furnished with a spring-loaded, counter balance assembly to assist in door actuation.

All running board and high side compartments shall be equipped with roll-up doors.

ROBINSON ROLL-UP DOORS, PAINTED FINISH, ANY TILLER

QTY: 1

The roll-up doors shall be made of Robinson (ROM) brand. The doors shall be painted to match the required color of the fire department.

ROBINSON ROLL-UP DOORS, PAINTED FINISH

QTY: 14

The roll-up doors shall be made of Robinson (ROM) brand. The doors shall be painted to match the required color of the fire department.

PROTECTION PANELS FOR ROLL-UP DOORS

QTY: 14

A protection panels shall be provided at the top of the body exterior compartments fitted with roll-up doors.

The panels shall be installed below the roll-up area to prevent possible damage to the roll-up door by misplaced equipment.

Each protection panel shall be as offered from the door manufacturer.

KEYED DOOR LOCKS, HINGED OR ROLL-UP DOORS

QTY: 14

A compartment door(s) shall be equipped with keyed locking door latches.

Two keys shall be furnished for each lock and shall be labeled to indicate the correct match.

COMPARTMENT FLOORS

QTY: 1

Compartment floors shall be welded to the compartment walls and have a sweep out design for easy cleaning.

TREAD PLATE OVERLAY, FRONT OF SIDE COMP'TS (NON-WR

QTY: 1

The front face of the side compartments, next to the driver and officer pump panels shall be overlaid with full height tread plate protection panels.

The overlays shall cover the front face of the compartments only, they shall not wrap around to the door opening.

PAINTED REAR BODY PANEL, TILLERS

QTY: 1

The entire rear of the body shall be equipped with a painted finish, which shall extend the full width between body side compartments. The paint color shall match the body job color. The rear of the body shall have an opening to access the ground ladder storage area. The opening shall be equipped with a door as specified in the ground ladder storage section.

STAINLESS STEEL OUTRIGGER COVER PANEL, TILLER DEVI

QTY: 1

Each outrigger opening shall be covered by a panel mounted to the outrigger beam. The panels shall be fabricated from 14 gauge #8 finished stainless steel. Each panel shall be adjustable up and down to help match the panel to the body lines.

BODY RUB RAILS, C-CHANNEL - ALUMINUM EXTRUSION

QTY: 1

Sacrificial extruded aluminum C-Channel style, rub rails shall be mounted at the base of the body, extending outward from the body. The rub rails shall extend the full length of the main body.

TILLER, TILLER CAB ACCESS LADDERS

QTY: 1

Two (2) access areas, one on each side, shall be provided at the rear of the trailer in a step or ladder style configuration. The steps shall be configured to climb from the ground to the tiller cab with spacing not to exceed NFPA 1901 step distances. The steps shall be fabricated from "Grip-Strut" anti-slip material, providing a non-slip surface on each step. The steps shall provide access or egress to and from the top of the aerial body and tiller cab.

POLISHED ALUMINUM FENDERETTES, TILLER TRAILER AXLE

QTY: 1

The trailer rear fenders shall be equipped with easily replaceable, polished extruded aluminum fenderettes.

The fenderettes shall be equipped with a rubber gasket molding between the body panel and the fenderette.

TILLER TRACTOR, POLISHED ALUMINUM FENDERETTES

QTY: 1

The rear fenders on the tractor shall be equipped with easily replaceable, polished extruded aluminum fenderettes. The fenderettes shall be equipped with a rubber gasket molding between the body panel and the fenderette.
Fenderettes that are integrally welded to the wheel well panels shall not be acceptable.

REAR MUD FLAPS, TILLER ONLY

QTY: 1

Heavy duty mud flaps shall be provided behind the rear wheels on the tractor and the rear steer axle on the trailer.

TILLER, BODY HANDRAILS

QTY: 1

All non aerial device handrails are to be 1-1/4" diameter ribbed aluminum extruded tubing or stainless steel, with chrome plated end brackets.
Locations shall be as follows:

- One full length rail attached to the rear edge of each tiller cab access ladder.

GRAB RAILS, HANSEN KNURLED STAINLESS STEEL TYPE

QTY: 1

All hand rails shall be Hansen 1-1/4" outer diameter, knurled stainless steel, designed to meet NFPA 1901 requirements.

Molded gaskets shall be installed between the handrail stanchion castings and body surfaces to prevent electrolytic reaction between dissimilar metals and to protect paint.

Grab rails shall be provided at the following specified locations.

Additional grab rails shall be provided adjacent to any additional steps specified to comply with NFPA 1901.

PAINTED REAR TOW EYES, THROUGH REAR SHEET

QTY: 1

Two (2) painted tow eyes shall be furnished on the rear of the vehicle, extending through the rear body panel. The tow eyes shall be made from plate steel and bolted directly to the chassis frame rails with grade 8 bolts. The tow eyes shall be smooth and free from sharp edges. They will have a minimum eyelet hole of 2-1/2". The tow eyes shall be painted.

CENTER LADDER STORAGE, 101' LADDER, TILLER

QTY: 1

All ground ladders (except as noted) shall be stored in the center rear of the aerial body. The ladders stored in the center of the body, the ladder tunnel shall extend from the rear of the body forward as a cage structure attached to the trailer frame rails. The tunnel will be semi-enclosed with the top and sides of the tunnel being provided by the inner walls of the body compartment modules as described elsewhere in these specifications. Guides will be provided for the specified ladder complement.

HINGED PAINTED ALUM DOOR, LADDER STORAGE, RM ONLY

QTY: 1

A horizontally hinged, painted flat aluminum door shall be provided for the ladders at the rear of the vehicle. The compartment door shall be flat overlapping type doors. The outer door the skin shall be fabricated from 3/16" (5052 -H32) aluminum. The door frame shall be constructed from 2" x 1" x 1/4" "C" channel or 1" x 5" x 1/8" channel.

The inner pan shall be constructed from 1/8" aluminum material, which shall be provided with a brushed finish. The inner door pan on running board compartments shall enclose the latch and reinforcements completely. The pan shall be easily removable to access the enclosed latch mechanism.

Two (2) gas shock door holders shall be provided on each door. The doors shall latch with a "D" ring handle.

STAINLESS STEEL LADDER LOCK SYSTEM

QTY: 1

A stainless plate with a two bend flange and a stainless steel hinge shall be provided to secure the aerial ladder complement. The plate assembly shall be mounted to the bottom of the entrance of the torque box ladder storage area. The plate shall be equipped with a spring loaded release to allow it to be hinged open.

When the plate is vertical, it shall secure the ladders and prevent them from migrating to the rear of the apparatus. When the plate is down and not securing the ladders, the roll- up door can not close, which shall activate the "Open Door Indicator Light" within the cab. The roll- up door together with hinge friction shall secure the plate in place during driving operations.

PIKE POLE TUBE(S) AERIALS

QTY: 8

A pike pole tube(s) shall be provided. Each shall be an individual tube type holder, mounted in the ladder storage area (if space allows). Each pike pole holder shall be labeled to indicate the pike pole length.

8' NUPLA FIBERGLASS PIKE POLE

QTY: 2

A 8' Nupla fiberglass pike pole shall be provided.

NUPLA 10' PIKE POLE

QTY: 2

Two (2) Nupla YPD-10, 10' fiberglass handled pike pole(s) shall be provided.

6' NUPLA TRASH HOOK W/D-HANDLE

QTY: 1

A 6' Nupla model RH-6D Classis Nuplaglas Roof Hook with D-handle shall be provided.

NUPLA RUBBISH HOOK

QTY: 1

The following rubbish hook pike pole from Nupla will be provided.

One (1) RH-6DA 6' Rubbish Hook

Storage location will be inside ladder box.

12' NUPLA FIBERGLASS PIKE POLE

QTY: 2

A 12' Nupla fiberglass handled pike pole(s) shall be provided.

ADJUSTABLE SHELF DESCRIPTION - RESCUE

QTY: 1

Compartment shelving shall be constructed of 3/16” brush finish aluminum with a 2” upward bend at front and rear, and side supports. Shelving shall be vertically adjustable with spring nuts in aluminum strut channel.

Adjustable shelves shall be located as indicated at each compartment description.

ADJUSTABLE SHELF(S) LOCATED L-1

250#, 1/2 DEPTH FLOOR MOUNTED, ROLLOUT TRAY DESC.

QTY: 1

Half depth slide out floor mount compartment shelving shall be constructed of 3/16” brush finish aluminum with a 2" upward bend at front and rear, and side supports attached to #250 rated slides. The half depth slide out floor mount shelving shall have gas shocks to hold the tray in and out.
Half depth slide out floor mount shelving shall be as indicated at each compartment description.

1/2 DEPTH ROLLOUT TRAY, LOCATED L-2

QTY: 1

Located in the left side compartment #2

600# SM 1/2 DEPTH FLOOR MOUNTED, ROLLOUT TRAY

QTY: 1

Half depth floor mounted roll-out trays shall consist of heavy duty, roller bearing slide tracks with a load rating of 600 pounds, securely fastened to the compartment floor. The slide shall have a pull type latch to secure the slide in the desired position. The slide tracks shall have a 100% extension.

The tray shall be fabricated from 3/16" brushed aluminum with a minimum 2" high flange on each of the four sides to assist in retaining the equipment stored on each tray.

The 600 pound, half depth, floor mounted roll out trays shall be as indicated at each compartment description.

600# SLIDEMASTER ROLLOUT TRAY, LOCATED L-1

FLOOR EXTENSION DESCRIPTION - RESCUE

QTY: 1

Floor extensions constructed of 3/16” aluminum shall be provided to extend the transverse floor area above the frame rails to the door opening. Installed immediately below, shall be a bottom reinforcement to prevent distortion from accessories mounted on the extension.
Floor extensions shall be as indicated at each compartment description.

FLOOR EXTENSION, LOCATED L-2

QTY: 1

One (1) in the left side compartment #2

FLOOR EXTENSION, LOCATED L-3

QTY: 1

One (1) in the right side compartment #3

STOKES BASKET MODULE

QTY: 1

A storage module shall be provided for the noted quantity of stokes basket(s). The module shall be constructed from 1/8" aluminum. The stokes basket storage area shall be transverse above the front body compartment as shown in proposal drawing. The storage module shall be designed with a clear storage area of 25" wide x 8" high x 87" long.

One (1) amdor luma bar will be added to each side of the stokes basket module to illuminate the interior of the module.

TURTLE TILE MATERIAL ON ALL COMPARTMENT FLOOR

QTY: 1

Turtle Tile brand floor material shall be installed on all compartment floors.

The Turtle Tile shall be custom installed to provide full floor coverage.

FLOORING MATERIAL ON SHELF(S) OR TR

QTY: 20

Floor matting material shall be provided on the noted quantity of specified shelves or roll-out trays.

FLOORING MATERIAL COLOR (BLACK IS DEFAULT)

QTY: 1

The compartment flooring color shall be black.

ADJUSTABLE ROLLOUT TRAY DESCRIPTION - RESCUE

QTY: 1

ADJUSTABLE ROLL-OUT TRAYS
Roll out adjustable compartment shelving shall be constructed of 3/16” brush finish aluminum with a 2” upward bend at front and rear, and side supports attached to 250# rated slides. Slide out adjustable shelving shall be vertically adjustable with spring nuts in aluminum strut channel. Slide out adjustable shelving shall have gas springs to hold in and out.
The adjustable roll-out trays shall be as indicated at each compartment description.

QTY: 2

Located in the right side compartment #4

ROLL-OUT/ DROP DOWN ADJUSTABLE TRAY

QTY: 1

The roll out/tilt tray shall consist of a 3/16” brushed aluminum finished aluminum tray with a minimum 2” lip on all four sides. Heavy duty aluminum Unistrut "C" channel tracking material shall be utilized to securely fasten the slide tracks to the compartment walls, while allowing height adjustment.

The rear of the tip down tray shall be mounted on a slider with an integral pivot plate. This slider and pivot plate shall be mounted inside an aluminum rail for maximum strength. The tray shall be released from the stowed position with the use of a push button and shall be capable of auto latching to the stowed position. The front handle/latch shall be designed with a double hand hold to control the tray when deployed or stowed.

Roll out/Tilt trays be as indicated at each compartment description.

ROLLOUT DROP DOWN TRAY, LOCATED L-2

QTY: 1

Located in the left side compartment #2

ROLLOUT DROP DOWN TRAY, LOCATED L-3

QTY: 1

Located in the left side compartment #3

ROLLOUT DROP DOWN TRAY, LOCATED R-3

QTY: 1

Located in the right side compartment #3

FIXED VERTICAL DIVIDERS DESCRIPTION - RESCUE

QTY: 1

Full height, fixed mounted, vertical compartment dividers shall be fabricated from 3/16" brushed aluminum material. The dividers shall extend the full depth of the specified compartment from the floor to the compartment ceiling.
Full height, vertical dividers shall be as indicated at each compartment description.

FIXED VERTICAL DIVIDER, LOCATED R-3

QTY: 1

Located in the right side compartment #3

TILLER TRAILER FRAME ASSEMBLY, 101 LADDER

QTY: 1

The trailer frame shall be of welded steel construction and gooseneck design.

The gooseneck area shall be constructed using tube and plate.

This area of the trailer frame shall have a section modulus of 1172.6 in3 and a resistance to bending moment of 8,375,714 in-lb.

The rearward portion of the trailer frame shall be constructed, using "C" channel and plate.

The section of frame from the gooseneck to the axle shall have a section modulus of 376.3 in3 and a resistance to bending moment of 4,038,366 in-lb.

The tube and plate gooseneck area shall be 48" wide and 14" deep.

The "C" channel and plate portion of the frame shall be 34" wide and 11-1/4" deep.

TILLER TRAILER WHEELBASE - 360"

QTY: 1

The trailer shall be designed to provide maximum compartment space and shortest possible overall length utilizing a trailer wheelbase of 360".

TRAILER, STEERING AXLE, STEERTEK 23,000 LB.

QTY: 1

The Steertek NXT trailer axle beam shall be rated to carry 23,000 lbs. and consist of a fabricated box cross section construction with 100ksi plate and a continuous beam architecture to minimize stress points for added durability.

The axle shall incorporate a removable kingpin feature for ease of kingpin serviceability. The knuckles shall allow for compatibility with disc brakes mounted at the 12 o'clock position and with drum brakes, and allow for increased wheel cut. They shall also utilize premium kingpin bushings and seals to provide enhanced protection from the elements to improve bushing life. Oil seals with viewing window shall be provided.

The suspension shall consist of multi-leaf parabolic springs rated at 23,000 lbs with double wrapped front eye that are packaged within an integrated clamp group that allows for ease of OEM assembly on to the axle beam and reduced part count. The clamp group bolts are tightened on the top of the clamp group opposed to the traditional U-bolt on the bottom making it easier to access with a torque wrench for servicing. The spring shall also include a lower shock attachment with an upturned eye. The springs will contain threaded pin bushings to allow simplification of spring alignment as well as long service life and improved ride quality. The suspension and spring geometry will be optimized to provide improved bump steer and Ackermann. Two ZF Sachs twin-tube shocks shall be provided with the front suspension assembly. The shocks shall be specially developed for parabolic leaf springs with a digressive characteristic curve using a patented piston system. The shocks shall feature multi-stage piston and base valves. The combination of valves shall achieve the desired damping characteristics that are ideal for the application.

Meritor EX-225 H, 17" disc brakes shall be provided for the trailer axle.

The front brakes shall be full air actuated with automatic, slack adjustment.

TILLER TRAILER, STEERING AXLE POLISHED ALUMINUM WH

QTY: 1

The trailer wheels shall be 22.50 x 13", hub piloted polished aluminum disc.

The wheels shall have an 11-1/2" diameter bolt circle with ten (10) holes.

Chrome plated hub and nut covers shall be provided on each trailer wheel.

TILLER TRACTOR, TURNTABLE ACCESS LADDER FORWARD OF

QTY: 1

A turntable access ladder shall be located forward of the fender assembly, on each side. The ladders shall be constructed from tread plate side rails with open grate, anti-slip steps.

TILLER TRACTOR, STEP COMPARTMENT FORWARD OF FENDER

QTY: 1

The fenders shall incorporate an tread plate compartment, one (1) each side forward of the wheel well, which shall also serve as step. The compartment will measure approximately 18" high x 14" deep x 26" wide. Depending on the type of rear suspension, the rear way of this compartment may be notch to accommodate the suspension mounts. The compartment shall be equipped with an tread plate door that shall be equipped with a stainless steel hinge and "D" ring automotive latch.

TILLER TRAILER, OIL SEAL FOR TRAILER STEERING AXLE

QTY: 1

Premium oil seals with viewer glass shall be provided on the trailer steering axle.

TILLER TRAILER, MICHELIN XZY-3 TIRES 425/65R X 22.

QTY: 1

The trailer tires shall be Michelin 425/65R22.5 "L" tubeless radial XZY-3 traction tread.

Tires shall be rated at 24,400 lbs.

TPMS - LED VALVE STEM CAPS - TDA TIRES

QTY: 1

Each tire shall be equipped with an air pressure indicator cap on the valve stem.

Each cap shall have a visual indicator to show if the tire is correctly inflated.

TILLER TRAILER, STEERING SYSTEM, TRW TAS-85

QTY: 1

The trailer steering gear shall be TRW TAS 85 integral power steering gear box.

Steering wheel shall be vinyl padded, minimum 18" diameter. Steering column shall have tilting and telescoping capabilities.

TILLER TRAILER, STEERING PUMP - PIGGYBACK ON MAIN

QTY: 1

The trailer hydraulic steering pump shall be a Parker gear pump that shall be piggybacked on the main aerial hydraulic pump.

The steering pump shall be plumbed to the aerial hydraulic reservoir.

TILLER TRAILER, 100 AND 101 LADDER, FIFTH WHEEL PI

QTY: 1

The fifth wheel shall be a monorace bearing, 3.38 x 40.8 diameter, with the mounting plate bolted to the chassis. The longitudinal pivot point mounting shall utilize two (2) 2-3/4" diameter steel pins. Grease fittings shall be provided in two (2) locations on the bearing.

Due to the high load and wear on the trailer pivot points, the pin journals in the trailer gooseneck shall be designed to provide bearing surfaces utilizing ToughMet® 3 AT110 Temper Plate high strength alloy bearing material. The journals shall have minimum yield strength of 110,000 psi.

Both upper and lower surfaces mated to the bearing shall be milled to provide a true bearing plate. There will be no exceptions.

To reduce flexing between the tractor and trailer during aerial operation, a trailer lock-out system shall be provided. The lock out system shall consist of four (4) stainless steel pins that are lowered into position by the operator during the aerial outrigger setup.

TILLER CAB, GENERAL DESCRIPTION

QTY: 1

A permanently mounted tiller cab shall be provided on top of the trailer, to the rear of the aerial ladder.

The minimum width of the cab shall be 42" to provided adequate room and improve visibility for the tiller driver.

The tiller cab shall be constructed from a combination of 3/16" and 1/8" 5052 and 6063 aluminum.

The tiller cab shall be designed and tested to meet NFPA 1901 roof loading standards.

TILLER CAB, INTERIOR

QTY: 1

The floor of the tiller cab compartment shall be covered with tread plate.

The dash and headliner shall be padded and upholstered to reduce noise level.

TILLERMAN SEAT, BOSTROM SIERRA LBRX /5 HD-R, LOW B

QTY: 1

The Tillerman seat shall be a H.O. Bostrom Sierra LBRX/5 HD, low back bucket seat.

The seat shall have a tapered and padded seat cushion with lumbar support.

The seat shall have an optional five (5) inch fore and aft adjustment and a reclining seat back.

BOSTROM TORSION MDEL #380 SUSPENSION SEAT BASE

QTY: 1

A Bostrom Torsion 380 seat base will be included, Model # 9401-1003.

BOSTROM SEATING MATERIAL, BLACK DURAWEAR

QTY: 1

The seats shall be upholstered with heavy duty black Durawear material.

TILLER CAB SEAT - FORE & AFT ADJUSTMENT

QTY: 1

The Tillerman seat shall be equipped with a locking slide to provide fore and aft adjustment.

TILLER CAB SEAT, RED LAP SEAT BELT

QTY: 1

A lap seat belt shall be provided for the Tillerman seating position.

The seat belt assembly shall be mounted to the seat frame and the tiller cab framework.

The color of the seat belt shall be red.

TILLER CAB WIND/GLASS, "NO POST VISION", SLIDING D

QTY: 1

The front windshield of the tiller cab shall be a 740 in². flat, single piece of tinted automotive industry approved safety glass.

The front windshield shall be designed with a "No Post Vision" seamless joint between the front and side viewing windows, requiring no corner post which shall obstruct the visibility of the driver.

One (1) horizontally split sliding rear window assembly shall be provided on the back of the tiller cab.

TILLER CAB, WINDSHIELD WIPERS, SINGLE PANOGRAPHIC

QTY: 1

A single electrically operated, pantographic, wet arm, self-parking windshield wiper shall be installed on the front center of the tiller cab.

The Tillerman shall be able to control wiper state (ON/OFF), speed (LOW /HI), and intermittent delay time (DLY) as well as washer pump (ON) from clearly labeled switches on the control panel.

A 3/4 gallon washer fluid reservoir shall be readily accessible in the tiller cab.

There shall be a removable panel on the front face of the cab for access to the wiper motor assembly. There will be no exceptions.

TILLER CAB, STEERING WHEEL/COLUMN

QTY: 1

The tiller steering wheel shall be vinyl padded, minimum 18" diameter, with a center hub mounted horn button.

There shall be a self-canceling, directional signal lever and a traffic hazard switch on the steering column.

The steering column shall have tilting and telescoping capability to provide increase comfort and visibility for the Tillerman.

TILLER CAB, STEERING WHEEL POSITION INDICATOR

QTY: 1

The tiller steering wheel shall have a rudder position indicator to confirm orientation of the trailer steering position.

The gauge shall be located in the tiller cab dash panel.

TILLER CAB, PADDED SUNVISOR

QTY: 1

A 19.5" x 7.5" vinyl covered, padded sun visor shall be provided for the front windshield.

The visor shall be double hinged for a wider range of sun screening.

TILLER CAB, TWO (2) SALEM SERIES MANUAL VENTS, FRO

QTY: 1

Two (2) Salem series, two-way, hinge less air vents shall be provided on the front of the tiller cab, one (1) each side.

The vents shall be flush mounted below the windshield and painted to match the color of the tiller cab.

TILLER CAB, TWO (2) SALEM SERIES MANUAL VENTS, REA

QTY: 1

Two (2) Salem series, two-way, hinge less air vents shall be provided on the rear of the tiller cab, one (1) each side.

The vents shall be flush mounted below the window and painted to match the color of the tiller cab.

TILLER CAB, ALUMINUM KNURLED GRAB RAILS, EACH SIDE

QTY: 1

Two (2) 1-1/4" diameter x full height, knurled, bright anodized aluminum grab rails shall be provided, located one (1) at each tiller cab door entrance.

Grab rail stanchions shall be chrome plated and of an offset design, when necessary, to prevent "hand-pinching" when opening or closing the doors.

Formed rubber gaskets shall be provided between each stanchion base and the cab surface.

TILLER CAB, VELVAC 6-1/2" X 6" CONVEX

QTY: 1

Two (2) Velvac 6 ½” x 6" convex mirrors shall be provided and mounted on the exterior of the cab.

The mirrors shall be attached to adjustable arms mounted on the front corner of the tiller cab.

TILLER CAB, GROTE 6" CONVEX MIRROR ON BODY FORWARD

QTY: 1

Two (2) Grote #28043, 6" convex mirrors shall be provided and mounted on the top body edge forward of the tiller cab.

The mirrors shall be attached to adjustable arms mounted to the body panels.

TILLER CAB, SLIDING DOORS

QTY: 1

The tiller cab shall be equipped with sliding doors for access to the cab. The tiller cab door opening shall be a minimum of 36-3/4" W x 47-5/8" H. The slides for the doors shall be a heavy duty ball bearing design.

The tiller cab doors shall have drop down (vertically) sliding type windows to provide greater ventilation of the tiller cab. Each window shall be 37-7/8" H x 28" W.

The doors shall be capable of being latched in the open and closed positions.

The tiller cab doors shall be wired to the "Door Open Indicator" of the tractor cab with an override switch for training.

TILLER CAB, INSTRUMENT & SWITCH PANEL

QTY: 1

A switch panel shall be installed in the Tillerman cab forward of the steering wheel.

The switch panel shall be provided with illuminated rocker switches to enable the Tillerman to turn on/off the under body lights, the step lights and any other specified lights.

TILLER CAB, TURNSIGNAL INDICATORS, WELDON #9186-15

QTY: 1

Two (2) Weldon, model #9186-1500-20, amber LED, left and right turn signal indicator lights shall be mounted on cab dash frame on each side of the steering column.

The lights shall alert the tillerman of the tractor driver's intent.

TILLER CAB, WHELEN 6" ROUND WHITE/RED LED INTERIOR

QTY: 1

A 6" round combination red/white LED dome light shall be furnished in the tiller cab.

The light shall be Whelen model # 60CREGCS.

The dome light shall have an integral selector switch.

The dome light shall also activate when the either tiller cab door is opened.

TILLER CAB, RED INTERIOR LIGHT UNDER DASH

QTY: 1

A red courtesy light mounted under the tiller cab dash shall be controlled by a rocker switch mounted on the control panel.

TILLER CAB, SUNNEX MODEL #HS762, MAP LIGHT ON OVE

QTY: 1

Sunnex model # HS762-00 12 volt - 20 watt halogen light designed for direct connection shall be furnished and located at the overhead.

The light shall have a rectangular base with an on/off rocker switch and feature a swivel joint with 360 degree axial rotation and 90 degree angular adjustment.

TILLER CAB, PARK BRAKE INTERLOCK WARNING - CENTER

QTY: 1

A safety system shall be provided between the tractor cab and the tiller cab.

A warning indicator in the driving compartment shall activate when the parking brake is released and the tiller operator is not signaling his presence.

A momentary contact button shall be located in the steering wheel hub.

TILLER CAB, BUZZER - LINEMASTER #491-S FOOT SWITCH

QTY: 1

A buzzer warning system shall be provided between the tractor and tiller cabs.

Two (2) Linemaster #491-S foot switches shall be provided, one (1) push button in the tractor cab and one (1) foot switch in the tiller cab.

The buzzer controls shall be labeled: 1-Stop, 2-Go, 3-Backup.

TILLER CAB, HEATER - 12VDC - 1100 BTU

QTY: 1

A 12 VDC, 1100 BTU, 450 cfm, electric controlled combination heater/defroster shall be furnished for the tiller cab.

The heater shall be mounted under the dash with an outlet vent on each side of the dash.

Controls shall will be provided on the tiller cab dash panel.

TILLER CAB, TWO (2) ACC CLIMATE CONTROL 12-VOLT DE

QTY: 1

Two (2), six (6) inch climate control defogger fans shall be provided for the tiller cab windshield.

They shall be located with one (1) at each forward corner of the cab overhead.

101' TILLER LADDER

QTY: 1

INTENT & DESIGN STANDARDS

QTY: 1

The aerial ladder assembly shall be a four (4) section telescoping ladder constructed from high strength steel alloy, pre-piped waterway (if applicable), steel turntable, and outriggers.

The intent of these specifications is to describe a telescoping elevating ladder.

It shall consist of the true steel truss ladder type.

The aerial ladder consists of four (4) steel ladder sections, a steel turntable, and two (2) outriggers.

The height of the unit is 101' and the horizontal reach is 94'.

The device shall meet all the requirements of the National Fire Protection Association's (NFPA) 1901 standard, in effect at time of purchase.

This is a fire service proven piece of apparatus that shall be manufactured in the U.S.A.

Ladders attached to booms, whether solid or lattice, or articulating arms shall not be considered as meeting these specifications or the intent of these specifications.

The design criteria of the unit shall be to create a structure and system that emphasizes safety, product reliability, and ease of operation.

These criteria are:

The hydraulic system shall be designed so that if a failure of any component or assembly within the system occurs, a single point failure of the entire system shall not occur.

The minimum ultimate design condition at the ladder base shall be 6.8 million inch pounds.

All structure load supporting elements of the aerial ladder that are made of a ductile material, shall have a design stress of not more than 50 % of the minimum yield strength of the material based on the combination of the live load and the dead load.

This 2.5:1 structural safety factor meets the current National Fire Protection Association (NFPA) 901 standard.

Design verification shall be accomplished with comprehensive Finite Element Analysis (FEA) and verified with extensive strain gage testing.

An independent engineering firm employing a Registered Professional Engineer shall verify the aerial safety factor.

The aerial device shall be capable of sustaining a static load one and one-half times it's rated tip load capacity (live load), in every position in which the aerial device can be placed when the vehicle is on a firm and level surface.

The aerial device shall be capable of sustaining a static load one and one-third times it's rated tip load capacity (live load) in every position in which the aerial devices can be placed when the vehicle is on a slope of five degrees downward in the direction most likely to cause overturning.

All welds in the aerial device shall be designed per the static and fatigue criteria of the American Welding Society No. D1.1.

All aluminum welds shall be designed per the static and fatigue criteria of the American Welding Society Standard No. D1.2.

To optimize strength versus weight, high strength steel shall be utilized for the construction of the aerial device

The aerial device shall be capable of operating with a rated tip load in the following conditions:

Conditions of high wind up to 50 mph.

Conditions of icing, up to a coating of 1/4" over the entire aerial structure.

All of the design criteria will be supported by the following information:

Strain gauge testing of the complete aerial device.

Analysis of deflection data taken while the aerial device was under test load.

Accelerometer test to determine dynamic response during ladder operation.

Accelerometer test to determine dynamic response during road travel.

Hydraulic component operating and burst strength testing.

MOUNTING OF AERIAL

QTY: 1

The elevating aerial ladder turntable shall be tiller mounted thus providing the following vehicle benefits:

- Improved mobility vs. rear and mid ship mounted units.
- Greater positioning cability of the turntable for optimum reach at fire ground operations.
- Increased compartmentation and ladder storage.

HEIGHT AND REACH

QTY: 1

The height of the unit shall be a minimum of 101' as measured by NFPA-1901 requirements, Section 19.2.2, which states, "The rated vertical height of an aerial ladder shall be at least 50 ft and shall be measured in a vertical plane with the ladder at maximum elevation and extension from the outermost rung of the outermost fly section to the ground."

The horizontal reach of the unit shall be a minimum of 94' as measured by NFPA-1901 requirements, Section 19.2.3, which states, "The rated horizontal reach of an aerial ladder shall be measured in a horizontal plane from the centerline of the turntable rotation to the outermost rung on the outermost fly section with the aerial ladder extended to its maximum horizontal reach."

MATERIAL STANDARDS, ALL DEVICES

QTY: 1

The following standards for materials are to be used in the design of the aerial device. Materials are to be certified by the mill that manufactured the material. Materials that are certified or recertified by vendors other than the mill shall not be accepted. Material testing that is performed after the mill test shall be only for verification and not with the intent of "paper changing" the material classification.

HYDRAULIC SYSTEM

QTY: 1

The hydraulic system shall provide power to the entire aerial device as efficiently as possible without the use of a hydraulic cooler. There will be no exceptions. A hydraulic system relief valve as well as individual circuit relief valves shall be provided to prevent damage to any function or circuit.

The relief valve shall have a stainless steel relief spring to ensure proper function and product reliability.

PARKER HOSE KIT

QTY: 1

All hydraulic steel tubing, hydraulic rubber covered wire braided hoses, and hydraulic fittings/adapters shall have a minimum burst pressure rating of four times the operating pressure. Hoses and tubing shall be properly sized to minimize heat buildup during extended periods of operation. Hoses and tubing shall be properly sized to minimize flow restrictions.

All hydraulic hose shall have a tube and cover constructed of synthetic rubber and shall have a braided/spiral wire reinforcement capable of maintaining a 4:1 safety factor in all areas of the hydraulic system. The hose shall meet the appropriate SAE performance specifications: 100R2, 100R19, J517, J1942, ISO 3862-1, USCG HF, DNV,ABS or 100R12.

The connector system was jointly designed by engineers from both the manufacturer and Parker Hannifin and incorporate the following design upgrades and advantages:

- All hydraulic ports (manifolds, pumps, tank, etc) to elastomeric sealing technology.
- No pipe threads in the hydraulic system.
- Sealing to be done by O-rings with the mechanical holding power of straight threads.
- All tube and hose connections to Parker Seal-Lok, O-ring face seal technology.
- Sealing to be done by o-ring with the mechanical holding power of straight thread.
- Fittings rated up to 6000 psi.
- Drop-in design of Seal-Lok connectors to allow easier maintenance and assembly.
- Fitting resist 200% over torque, with optimum vibration resistance.
- Shaped fittings machined from forged bodies for compact design and strength.
- Fittings meet/exceed the performance and dimensional requirements of SAE J1453 and J1926.
- Minimized unnecessary fittings and adapters, streamlining the system.
- Increased connector accessibility, making assembly and maintenance easier.
- Standardized the connector system on the aerial unit.
- Incorporated pressure diagnostic system with Parker PD diagnostic test points into the connector design.
- All fluid connector assemblers have been trained and certified in Dry Technology.

HYDRAULIC PUMP

QTY: 1

A load sense pressure compensated hydraulic axial piston pump shall be provided which shall be capable of operating under any rated platform load condition and aerial device position at normal engine idle or governor controlled fast idle.

The hydraulic pump shall be capable of generating sufficient flows to allow multiple aerial functions without significant loss of speed.

HYDRAULIC RESERVOIR

QTY: 1

A hydraulic oil reservoir shall be provided to supply the needs of the hydraulic system.

A 2" gated suction line shall be provided between the oil reservoir and the hydraulic pump.

The tank fill shall be provided with a strainer screen and vent cap.

Located near the fill cap shall be a dip-stick for checking fluid levels.

The tank shall be mounted in behind the cab on the tractor.

Before adding fluid the tank must be cleaned and free from all contaminants.

Suction and return ports will be designed to SAE Straight Thread O-ring Specifications. These ports will incorporate an o-ring seal rather than pipe threads.

HYDRAULIC OIL

QTY: 1

The hydraulic oil reservoir shall be filled with A/W 46 grade Hydraulic Oil.

This oil provides superior anti wear properties, and is specially formulated with improved thermally stable additives.

These oils offer outstanding resistance to sludge formation, are chemically stable and exhibit excellent anti wear protection.

MAGNETIC DISC IN BOTTOM OF HYDRAULIC RESERVOIR

QTY: 1

A six (6) disc type magnetic drains shall also be provided to collect any ferrous contaminants.

DIVERTER VALVE

QTY: 1

There shall be an automatic electric over hydraulic three (3) position diverter valve located at the left side of the apparatus. This diverter valve shall divert hydraulic fluid to either the aerial ladder controls or the outrigger controls. To prevent accidental operation of the ladder prior to the outriggers being properly set, the diverter valve shall only allow hydraulic fluid to the outriggers until the outriggers are set properly.

To prevent accidental operation of the outrigger system during the aerial ladder operation the diverter valve shall only allow hydraulic fluid to the ladder controls, when the aerial device is raised from the aerial travel support. In the event of electrical failure the operator shall be able to manually move the diverter valve to the ladder or outrigger position for continuous uninterrupted operation.

NOTE: All safety controls are displaced when vehicle is in manual mode of operation.

MANUAL OUTRIGGER HYDRAULIC CONTROL VALVE - TDA

QTY: 1

The outrigger cylinder system shall be controlled by a pressure compensated control valve that is designed for parallel hydraulic circuit operations.

This valve shall be modular in design so that individual sections can be replaced in the field, rather than complete valve assemblies, thus reducing maintenance costs.

The valve housings shall bemade of high tensile cast iron for durability and the individual spools shall be hard, chrome plated for long life and resistance to corrosion.

Each valve shall be equipped with mechanical handles of ease in override operations.

The mechanical handles shall be equipped with large knobs with integral labels inside each knob indicating the function of the handle.

TURNTABLE HYDRAULIC CONTROL VALVE

QTY: 1

The lift, extension, and rotation systems shall be controlled by a pressure compensated, proportional control valve.

This valve shall be of a modular construction that simplifies troubleshooting, minimizes downtime, and simplifies field service.

The main control valve shall be positioned at the turntable control console for direct manual control of each aerial function.

Use of electrical controls at the main turntable control console shall not be acceptable.

HYDRAULIC SYSTEM FILTRATION

QTY: 1

The pressure filter shall be made of a micro glass medium, which has the highest capture efficiency, dirt holding capacity and life expectancy over other media such as cellulose and synthetic. The pressure filter shall have a bypass circuit protected by a check valve, which shall be installed around the pressure filter.

The pressure line filter shall be required even if a suction line filter is provided in the reservoir due to the suction line filter's inability to trap contaminates entering the system. The pressure filter cartridge shall have a sensor, which shall indicate the condition of the filter and provide an output for a warning light or message if the pressure filter is blocked or in the bypass mode.

The pressure filter shall have an absolute rating of five (5) microns.

The return filter shall be made of a micro glass medium, which has the highest capture efficiency, dirt holding capacity and life expectancy over other media such as cellulose and synthetic. The return filter shall have a bypass circuit protected by a check valve, which shall be installed around the return filter. The return filter shall have a bypass circuit protected by a check valve, which shall be installed around the return filter. The return filter cartridge shall have a sensor, which shall indicate the condition of the filter and provide an output for a warning light or message if the return filter is blocked or in the bypass mode.

The return filter shall have an absolute rating of five (5) microns.

EMERGENCY HYDRAULIC PUMP

QTY: 1

In the event of failure of the main hydraulic pump or vehicle engine, the unit shall be equipped with an emergency hydraulic pump which shall be plumbed into the hydraulic system and be electrically driven from the chassis batteries. The emergency pump system shall be capable of limited functions of the ladder and outriggers to stow the unit. The pump shall be controlled from both the outrigger control box and turntable control stations with spring loaded momentary contact switches.

The pump shall have a separate hydraulic oil supply line, from the main supply line attached directly to the hydraulic oil reservoir. A shutoff valve for each line shall be provided and check valve shall be incorporated on the pressure side of the pump to ensure that one shall continue to operate the ladder in the event the other fails.

The pump shall have high tensile steel shafts and gears with the shafts supported by needle bearings. The cylinder plate and gears shall be ground as a set to ensure exacting tolerances. Clearance shall be maintained by a Mylar shim.

HOT SHIFT PTO W/CONTROLS IN CAB

QTY: 1

The apparatus shall be equipped with a PTO driven by the chassis transmission. A PTO switch with indicator light shall be located in the cab to show when the PTO is engaged. The PTO shall be engaged at all times to allow for the trailer steering pump to be activated.

The PTO shall be a heavy duty pressure lubricated and cooled unit for extended operations.

A master 12 volt "Ladder Power" switch shall be provided adjacent to the PTO switch for control of all ladder 12 volt power, with the exception of the emergency pump circuits.

The hour meter shall be wired to the aerial PTO circuit to record the amount of hours the PTO is activated.

The hour meter shall aid in scheduling preventative maintenance as outlined in the operator's manual.

FAST IDLE CONTROL

QTY: 1

The fast idle actuator shall be used to raise the engine RPM to a preset level for proper aerial operation.

The fast idle switches shall be located at the main outrigger control station and the aerial control station/s.

For the safety of personnel and equipment, the fast idle system shall not activate unless the transmission is in neutral. There will be no exceptions.

TRACTOR DRAWN LADDER, NON "IQAN" - MANUAL CONTROL

QTY: 1

OUTRIGGER CONTROLS

QTY: 1

Two (2) illuminated manual outrigger control stations shall be provided on the forward section of the body to the rear of the gooseneck area, one (1) on each side of the turntable. The control handles shall be enclosed with slots for each control handle in an aluminum door. The controls shall be located such that the operator can see the outrigger he is operating.

Out and down outrigger control functions for the outriggers shall be operated independently, so that vehicle may be set up in restricted areas or on uneven terrain. The diverter valve override control shall be mounted behind the left side control panel.

A hinged outrigger control panel shall be provided at the left side of the trailer gooseneck area. The panel shall be equipped with a stainless steel hinged, which shall allow the operator to access the diverter valve manual override control and manual override controls.

The main outrigger control station shall incorporate the following:

Four (4) outrigger set indicator lights
One (1) ladder power indicator light
Fast idle switch
Emergency pump control button with red indicator light
Warning decals
"Hydraulic Filter By-Pass" indicator light
Hydraulic test ports

HYDRAULIC PRESSURE GAUGE NEAR OUTRIGGER VALVE

QTY: 1

A Hydraulic pressure gauge shall be located near the outrigger hydraulic valve.

TORQUE BOX

QTY: 1

The torque box shall be steel side tubes which shall be welded together within the gooseneck of the tiller trailer.

The gooseneck shall be an integral design housing the fifth wheel bearing plate, turntable lower bearing plate and the outrigger housings creating a torque box weldment that shall transfer all aerial loads to the outrigger.

The torque box assembly shall be equipped with two (2) integral "H" type, out and down outriggers.

There shall be a 44-1/4" x 44-1/4" welded structural steel pedestal plate to support the turntable, secure the outriggers trailer gooseneck and torque box as one integral unit.

The torque box structure shall transfer all aerial loads into the outriggers, thus preventing damage to the chassis frame, trailer frame and body.

IQAN - OUTRIGGER STRING POTENTIOMETER

QTY: 1

An extension string potentiometer shall be provided on each outrigger to measure the relative extension of the outrigger

The potentiometer shall sense and provide a signal for full outrigger extension.

AERIAL TRAVEL SUPPORT

QTY: 1

A heavy duty rest shall be provided to support the aerial in the travel position.

Stainless steel bedding plates shall be attached to the aerial base section to protect the aerial when the unit is in the travel position.

OUTRIGGERS NOT STOWED INDICATOR ON DASH

QTY: 1

"Outrigger(s) Extended" indicator light

OUTRIGGERS

QTY: 1

Two (2) double box beam "H" type out and down outriggers shall be located below the turntable to provide vehicle stability during aerial tower operation.

The outriggers shall be equipped with a 14' jack spread. There will be no exceptions.

The horizontal outrigger beam shall be fabricated from 3/8" steel tube and 3/4" steel top and bottom plates.

Each outrigger assembly shall have 2 Nylatron slide pads with a total square area of 24 sq. in. to provide smooth operation and to extend the life of the outrigger.

The vertical jack cylinder rods shall be fully enclosed by a telescopic inner steel jack box that shall do the following:

- Protect the cylinder rods against damage which may occur while on the fire ground.
- Add lateral stability to the outrigger structure.

OUTRIGGERS HORIZONTAL CYLINDERS

QTY: 1

The extension of the horizontal outrigger beam shall be accomplished by a hydraulic cylinder which shall have a 3" bore and 2" rod and 38" stroke.

This cylinder shall have cushion porting to reduce shocks in stopping the cylinder at full extension and retraction.

OUTRIGGERS VERTICAL CYLINDERS

QTY: 1

Each jack cylinder shall have a 5" bore with a 3-3/4" rod and a 33" stroke.

The jack cylinders shall be equipped with integral (on the cylinder) holding valves, which shall hold the jack cylinder in either the stowed position or the deployed position should a hydraulic line be severed at any point within the hydraulic system.

Each jack cylinder shall also have a thermal relief system that shall prevent the cylinder fluid pressure from rising due to fluid temperature increase.

OUTRIGGER/JACK FOOT PADS

QTY: 1

A permanently attached self-centering steel foot pad, 1/2" x 20.5" x 22.5" shall be provided on each vertical jack beam.

Each foot pad shall swivel longitudinal and require no adjustment during outrigger set-up.

The outrigger pad shall be attached without the use of a bearing type swivel due to maintenance required on this design.

OUTRIGGER INTERLOCK SYSTEM & ALARM

QTY: 1

An interlock system shall be provided between the outriggers and ladder that prevents the operation of the ladder until the operator places all jacks in the load supporting configuration. Each outrigger shall be equipped with a pressure sensitive switch that closes only when the jack is firmly in contact with the ground. Until all jack switches close, electrical power shall not be transmitted to the turntable (hence preventing ladder operation).

A momentary override switch shall be provided at the central outrigger control station for emergency override of the interlock system. A green indicator light shall be provided on the outrigger control panel to indicate the position of the foot pad. Illumination of the indicator light indicates firm ground contact.

An outrigger deployment warning device shall be provided to warn personnel in the vicinity of the apparatus that the outriggers are in motion. Whenever an outrigger control is utilized, the device shall produce a pulsing tone, separate and distinctive from that of other audible warning systems provided on the apparatus. When the outrigger control is released to its neutral position, the signal shall cease.

OUTRIGGER SCOTCHLITE

QTY: 1

Red/Yellow ScotchLite material in a Chevron pattern shall be furnished on both sides of the horizontal and vertical beams of the rear outriggers.

OUTRIGGER LEVEL FORE & AFT

QTY: 1

In addition to the side to side level, a bubble type leveling device shall be provided at the rear of the apparatus to assist in fore and aft leveling of the device.

This device shall be mounted on the side of the turntable access ladder at the rear of the body and shall be at eye level to the operator.

OUTRIGGER LEVEL

QTY: 1

One (1) bubble type side to side leveling device shall be provided at each outrigger control location to assist the operator aerial device setup.

These leveling devices shall be mounted on the front face of the body panel and shall be at eye level to the operator.

The leveling devices shall be color coded indicating the following conditions:

- Green Safe operating zone
- Yellow Caution operating zone.

Since use of this leveling device is of a critical nature, it shall have a serialized number from its manufacturer to indicate documented quality control.

AKRON LED OUTRIGGER LAMPS, 2-OUTRIGGERS

QTY: 1

One (1) Akron model #9186-2366-10 double faced, 4" diameter, red flashing LED light mounted on the inside surface of each outrigger.

LED OUTRIGGER GROUND LIGHTS - GROTE WHITELIGHT, 2-

QTY: 1

One (1) adjustable, Grote 63611 WhiteLight, LED ground flood light mounted under the body, to illuminate each outrigger foot pad area.

Both the flashing lights and the foot pad illumination lights shall be energized by the ladder power circuit.

TURNTABLE

QTY: 1

The turntable shall be a fabricated steel weldment designed for the rotation and elevation of the ladder sections.

It shall consist of the following:

- A 44.25" x 48.00" x 1" machined steel bearing plate and matching top plate that shall be machined to insure proper fit to the rotation bearing. There will be no exceptions.

TURNTABLE DECK

QTY: 1

The turntable deck shall cover the entire turntable frame, providing a safe walking surface around the ladder.

It shall have a 1.5" downward flange on all sides.

The deck shall be constructed from tread plate to provide an anti-slip walking surface.

TDA NOTICE!!! TURNTABLE DECK

QTY: 1

Special attention is required for the size and position of the turntable deck to provide adequate clearance for the trailer break over angles.

Proper clearance shall be designed into any components located forward of the trailer gooseneck and trailer fifth wheel.

HEEL PIN STEP

QTY: 1

A two (2) step tread plate access step shall be mounted near the heel of the ladder to provide easy access to the ladder from the turntable deck. The step shall cover the rotation motor and brake assembly and shall easily removable for access to the drive assembly.

TURNTABLE HANDRAILS

QTY: 1

Turntable safety handrails shall be mounted at the rear and sides of the turntable.

The handrails shall be formed or welded 1.25" steel pipe. The assembly shall be coated with black Line-X material.

All rails shall be a minimum of 42" high.

HEEL PINS

QTY: 1

The turntable and ladder shall be designed with dual heel pins at the turntable/ladder pivot point.

The pins shall be solid steel extending the full width of the turntable vertical supports.

The heel pins shall be a minimum of 3" in diameter and is to be equipped with large pin journals in the ladder and turntable supports, which will reduce wear and distribute loads.

Due to the high load and wear on the ladder pivot points, the pin journals in the ladder base rail shall be designed to provide bearing surfaces utilizing ToughMet® 3 AT110 Temper Plate high strength alloy bearing material.

The journals shall have minimum yield strength of 110,000 psi.

Grease fittings shall be provided in bearing at the rear of the ladder section.

CRADLE ALIGNMENT ARROWS

QTY: 1

An alignment arrows and wond shall be provided on the turntable surface in view of the operator when standing at the turntable control station.

The indicator shall assist the operator in indicating the alignment of the aerial ladder with the ladder travel cradle.

The indicators shall be overlaid with ScotchLite material.

SAFETY CHAINS BETWEEN TURNTABLE HANDRAIL

QTY: 1

Each turntable handrail opening shall be equipped with safety chains at the rear of the turntable.

TURNTABLE SWIVEL

QTY: 1

Hydraulic power to the turntable hydraulic circuits shall be provided through a multi-port, high pressure, hydraulic swivel that permits 360 degrees of continuous turntable rotation.

Electrical power to the turntable electric circuits shall be provided by a collector ring assembly.

The collector rings shall be used for electrical ground, ladder control functions, and a 120 volt A.C. system during 360 degrees of continuous turntable rotation.

The collector ring assembly shall have a minimum of 32 circuits.

Water shall be transferred to the aerial waterway by means of a four (4) inch water swivel enabling 360 degree continuous rotation of the turntable (if applicable).

LADDER CONSTRUCTION

QTY: 1

The elevating ladder shall consist of four (4) steel ladder sections referred to as the base section, lower mid section, upper mid section and fly section.

Each section will be fabricated from 100,000 psi yield ultra high strength steel.

- The design and construction criteria for these ladder sections shall be:
- Each section shall be fabricated using high strength steel, welded together to form a structural unit.
- All welding shall be done by welders that have been certified in accordance with the American Welding Society Standard specifications #D1.1.
- Each ladder section shall be constructed in an assembly fixture to ensure uniformity and interchangeability.
- K-bracing at each rung shall be utilized to minimize side deflection of the ladder.
- All rungs shall be 1-1/8" in diameter, spaced at 14" centers. Rungs will be round. {No Exceptions}
- All rungs, K-braces, and diagonals shall be positioned so that they are continuously welded to the ladder section.
- All side rails shall be protected from interior corrosion by coating the interior of the rail with a corrosion preventative film.
- Ladder handrails and diagonal material are to be constructed from square or rectangular tubing, which provide a larger welding surface area where the materials are attached to each other.

LADDER DIMENSIONS

QTY: 1

The aerial device shall be constructed with the following section dimensions:

Handrail Height
Handrail Width

Base Section

28-3/8"
41"

Lower Mid Section

25-5/8"
34-1/2"

Upper Mid Section

23-7/16"
29"

Fly Section

21-5/16"
23-1/2"

Overlap surfaces between sections:

Base to Mid Section
78"
Lower Mid to Upper Mid Section
78"
Upper Mid to Fly Section
78"

RUNG COVERS - PHOTOLUMINESCENT

QTY: 1

Each rung shall be covered with a secure, heavy-duty, fiberglass pultrusion that incorporates an aggressive, non-slip coating. The rung covers shall be secured to each rung utilizing a Silyl Modified Polymer (SMP) based adhesive and shall be easily replaceable should the rung cover become damaged.

Each rung shall have a minimum of 4" of photo luminescent coating in the center of the rung, two (2) 5” black sections on each side of the center photo luminescent and additional photo luminescent sections on the outside edge of each cover. The covers shall provide an aggressive, non-slip coating and assist in providing a light source for each rung during low light conditions. The photo luminescent coating shall remain visible for up to 20 hours after exposure to light.

The rung covers shall be covered by a ten (10) year warranty. A copy of the written warranty shall be provided. There will be no exceptions.

LADDER, CABLE/HOSE/WIRE ROUTING

QTY: 1

All lines to the ladder tip shall be enclosed and protected from the turntable to the ladder tip.

All lines shall be routed through extrusions and high flex energy chain systems.

CHAINSAW SCABBARD ON FLY SECTION

QTY: 1

A scabbard style bracket will be provided for securing a chain saw, and be located in the aerial fly section angled towards the ladder tip.

The chainsaw scabbard will be mounted even with trolley when stowed and will be manufactured from aluminum tread plate.

The inside of scabbard will be lined with nylatron material.

The chain saw shall be secured in place with adjustable straps.

The chain saw shall not be carried in the bracket when the apparatus is in transit.

This bracket shall provide storage for a chain saw to be used when the aerial is in use.

STAINLESS STEEL EGRESS W/TIP SKID GUARDS

QTY: 1

The tip of the fly section be equipped with a bolt-on egress section. The egress shall extend from the end of the fly and be constructed of 1.25" round knurled stainless steel. The knurled construction shall allow for easy grip during exit and entry off and on the ladder tip. The egress shall be designed to fully support

the rated capacity of the ladder. Each end of the egress base rail shall be designed with rounded “Ladder Tip Skid Guard” to prevent ladder tip hang up if the ladder slides on a building surface.

SINGLE PAIR FOLDING STEPS @ LADDER TIP

QTY: 1

A set of cast folding steps shall be conveniently located at the end portion of the fly section.

These shall be used for one person to place his feet so that he is positioned parallel to the ladder.

The steps shall fold into proper position for usage and fold toward the sides of the ladder when not in use to provide adequate clearance when the ladder is being climbed.

The steps shall be placed approximately 56" from the center of the last rung toward the base of the aerial.

RED SCOTCHLITE MATERIAL ON LAST 6'

QTY: 1

To assist in positioning of the ladder tip, the last six (6) feet of the fly section shall be equipped with red ScotchLite material on the ladder handrails, diagonal braces and ladder base rail.

6' FIRE HOOKS UNLIMITED PIKE POLE MOUNTED IN FLY

QTY: 1

There shall be a 6' Fire Hooks Unlimited pike pole with fiberglass handle furnished and mounted in the ladder fly section.

The mounts shall include an aluminum tube for the pole and a mechanical pin to secure the hook end of the pole.

PIKE POLE MOUNTED ON RIGHT SIDE OF FLY SECTION

QTY: 1

The specified pike pole shall be mounted on the the right side of the fly section.

ROOF LADDER MOUNT WITHIN FLY SECTION

QTY: 1

There shall be a mount furnished in the fly section of the aerial ladder.

The mounts shall include an aluminum receptacle box for the heel end of the ladder and a mechanical pin lock for the roof hook end of the ladder.

ROOF LADDER PROVIDED - FLY

QTY: 1

Alco-Lite model PRL-10; 10', aluminum, straight roof ladder shall be provided to be mounted in the roof ladder mount in the fly section.

SPECIFIED ROOF LADDER MOUNTED ON LEFT SIDE OF FLY

QTY: 1

The specified roof ladder shall be mounted on the left side of the fly section.

RESCUE ROPE PULLEY SYSTEM

QTY: 1

A removable bracket shall be supplied at the rear of the base section, attached between the left hand and right hand rear hand rails. The bracket shall provide rope tie off and/or guide points spaced 5.75” apart, centered between the rear handrails. The bracket shall be designed to be easily removable and not interfere with a fully retracted ladder assembly when attached to the base section. The removable bracket shall be stored in a tread plate enclosure on the outside of the aerial base section. The rope rescue pulley system is rated at 500 pounds.

A rescue lifting attachment shall be provided. The lifting attachment will mount to the aerial egress and will consist of a pair of nylatron pulleys mounted to a stainless steel shaft. The pulleys will be adjustable from side to side and will have a total lifting capacity of 500 pounds, regardless of whether one (1) or both pulleys are being utilized.

RESCUE EYELET ON LAST RUNG OF LADDER TIP

QTY: 1

A lifting eye shall be provided at the end of the ladder fly section. The lifting eye shall give the fire department the capabilities to tie off or lift from the ladder fly section.

The lifting eye shall be third party tested and certified with the device for a minimum capacity of 250 pounds. The rating shall include a 2:1 safety factor.

LADDER LEVEL INDICATOR (BASE SECTION) - LIGHTED

QTY: 1

One (1) Rieker 12 volt lighted, ladder angle indicator shall be provided on the base section of the ladder, near the turntable control console. The integrated light shall be activated with ladder power.

ELEVATION SYSTEM

QTY: 1

Two (2) double acting lift cylinders shall be attached between the turntable and the base section near the midpoint of the base section thus creating a better lifting geometry resulting in lower hydraulic operating pressures and improved load distribution on the base ladder section.

The cylinders shall function only to elevate the aerial device and not as a structural member to stabilize the ladder sideways.

The lift cylinder rods shall be attached to the base section with self aligning swivel bearings which prevent side loading on the lift cylinders resulting in longer cylinder seal life. They shall provide smooth precise elevation from -7 degrees below horizontal to +80 degrees above horizontal.

The lift cylinders shall have a 5-1/2" internal bore, a 3" diameter rod and 29-13/16" stroke.

The lift cylinders shall be equipped with integral (on the cylinder) holding valves which prevents the ladder from lowering should a hydraulic line be ruptured at any point within the hydraulic system.

They shall also have a manifold line with velocity fuses between the cylinders to prevent uneven cylinder lift.

They shall have both rod and piston hydraulic cushions. These cushions shall decelerate the cylinder near the end of its stroke creating a smooth stop at full stroke.

A limit switch at the aerial travel support shall be provided to prevent operation of the outriggers once the aerial has been elevated from the nested position. This system will prevent operation of the outriggers once the ladder has been elevated from the nested position.

ROTATION SYSTEM

QTY: 1

A 41" diameter external tooth monorace bearing shall be provided for 360 degree continuous rotation of the aerial device.

The bearing shall be bolted to the turntable and bolted to the pedestal bearing plate using forty (40) 3/4" diameter SAE Grade 8 bolts to secure the bearing to the turntable and thirty three (33) 3/4" diameter SAE Grade 8 bolts to secure the bearing to the pedestal bearing plate.

Both upper and lower bearing surfaces shall be milled to ensure a true mounting surface for the rotation bearing.

ROTATION MOTOR AND BRAKE

QTY: 1

A hydraulic driven planetary swing drive system shall provide smooth and precise rotation. A spring applied, hydraulically released, disc type brake shall be furnished on each gear box to provide positive braking of the turntable assembly against reactionary forces such as water and gravity.

SWING DRIVE ADJUSTMENT

QTY: 1

The swing drive shall be designed with an adjustable mount. This shall allow the back lash to be set at assembly and provide the ability to re-adjust as components wear. This shall prevent the need to replace rotation components that may exceed manufacturer’s allowable back lash in later aerial inspections. Units that do not allow adjustment shall not be acceptable.

EXTENSION/RETRACTION SYSTEM

QTY: 1

A full hydraulic powered extension and retraction system of the ladder shall be provided through dual hydraulic cylinders and cables, each capable of operating the ladder in the event of failure of one of the systems.

The extension cylinders shall have a 3.00" internal bore with a 2.00" rod. Both cylinders shall be equipped with two integral holding valves to protect both extension and retraction movement during water tower operations or to prevent the ladder from falling should a line be severed at any point within the hydraulic system.

Cables attached to the base and mid ladder sections shall be routed over sheave wheels on the base section and cylinder sheave mount. This cable arrangement shall act as a stroke multiplier to provide full ladder extension and retraction. The sheave wheel bearings shall be maintenance free and not require external lubrication. Extension and retraction cables shall have a minimum safety factor of 5 :1 and shall be .50" diameter from the base to mid section cable and be .375" from the base to the fly section.. The minimum ratio of the diameter of wire rope to the sheave used shall be 1:12.

EXTENSION CYLINDERS PAINTED LADDER PAINT COLOR

QTY: 1

The extension cylinders shall be painted to match the color of the ladder.

LADDER SLIDE PADS

QTY: 1

Nylatron slide pads with a sliding coefficient of friction of .15 shall be used between the telescoping ladder sections.

Slides are required because of greater surface area for load transfer between the telescoping sections.

Slide pads shall also be used to control side play between the ladder sections.

The rear slide pads shall be held into place by a machined receiver, which is welded into the base rail of the extending sections.

Each slide pad shall be held in place with an easily removable keeper, allowing the pad to be removed from the rear of the ladder section.

To control movement side to side the receiver shall allow for adjustment of each pad.

LADDER EXTENSION NUMBERS, ALL DEVICES

QTY: 1

ScotchLite numerals shall be furnished on the inside and outside of each ladder base section handrail to help the operator determine the distance the ladder is extended. The numbers shall read in five foot increments.

LADDER, 120 VOLT ELECTRICAL SYSTEM

QTY: 1

Two (2) 120 volt 20 amp electrical circuits utilizing 12 gauge five strand electrical cable shall be provided to the tip.

Circuits shall be wired from the tip to the turntable through the collector ring assembly.

LADDER, 120 VOLT NEMA L5-20 AMP RECEPTACLE

QTY: 1

One (1) 120 volt weatherproof outlet, Nema L5-20R, twist lock type and an environmental cover shall be furnished near the end of the fly section.

LADDER TIP LIGHTING

QTY: 1

One (1) Fire Research "Focus" model #FCA210-S75, 750 watt, 120 volt quartz light shall be recessed into a cast aluminum housing that shall be attached to an integral bracket between the ladder base rails and the last rung of the ladder.

The light shall be switched near the ladder tip.

The lighting circuit for one (1) 750 watt quartz light shall require one (1) 120V, 10 amp circuit breaker.

CRADLE ILLUMINATION LIGHTS

QTY: 1

Two (2) 12 volt FireTech P500 LED flood lights shall be mounted near the ladder travel support to illuminate this area during night time operation.

The lights shall be wired and activated by the ladder power circuit.

The lights shall have a limited lifetime warranty.

HEEL PIN STEP LIGHTS

QTY: 1

Seven (7) polished stainless steel, TecNiq Eon 3-LED horizontal surface mounted lights shall be provided and installed with a gasket at the base of the ladder in the turntable heel pin step area.

TURNTABLE CONSOLE STEP LIGHT

QTY: 1

A sealed 12" Amdor Lumabar LED H20 light shall be used to illuminate the turntable control console.

The light shall be mounted across the top of the control panel to assure proper illumination of all controls.

The light shall be wired to the ladder power circuit.

TURNTABLE CONSOLE STEP LIGHT

QTY: 1

One (1) polished stainless steel, TecNiq Eon 3-LED horizontal surface mounted lights shall be provided and installed with a gasket at the front face of the turntable console facing the operator, to illuminate the step area in front of the control console. The light shall be mounted no lower than 18" from the step deck.

LADDER WORK LIGHTING

QTY: 1

Two (2) Whelen #MPPB*S Pioneer Micro super LED work lights shall be mounted at the rear of the base ladder section, one on each handrail.

Each light shall have twelve (12) LED's, pedestal mount and chrome rear cover.

Built in On/Off Switch.

LADDER WORK LIGHTING

QTY: 1

One (1) Whelen model #PFP2P1, 150 watt, 12 volt led flood light shall be mounted at the tip of the ladder using a Whelen model #PBAPEDD pedestal mount swivel bracket. The light shall be switched at the light head.

WHELEN L31, BLUE LED BEACON ON LEFT SIDE OF LADDER

QTY: 1

One (1) Whelen, L31H*F self contained super LED beacon shall be provided on the left side of the ladder tip.

The light shall give the operator at the turntable a visual indication of the ladder tip location, when the ladder is in smoke or steam and shall be activated by the ladder power circuit.

The light shall have blue LEDs and a colored lens.

LADDER WALKWAY ILLUMINATION LIGHTS

QTY: 1

The ladder sections shall be equipped with the Luma Bar Pathfinder™ aerial illumination system.

This system shall illuminate the rungs of the ladder to support night time operations.

The Luma Bar Pathfinder™ system shall consist of a continuous path of SMD LED lights spaced every ¾" which shall offer a minimum viewing angle of 120 degrees.

The assembly shall be encapsulated within an enclosure which is resistant to UV and ozone and shall be terminated using sealed end caps with RTV silicone.

The complete assembly shall offer a minimum water proof rating of IP68.

This sealed enclosure shall be mounted within a clear anodized aluminum C-channel on the inside of the rung base rail, on each ladder section.

The Luma Bar Pathfinder™ assembly shall incorporate a UV stabilized high impact polycarbonate shield which is integral to the supplied aluminum C-channel.

The Luma Bar Pathfinder™ system shall be wired to the ladder power circuit with a disabling switch at the turntable control console.

RED - LADDER ILLUMINATION LIGHTS

QTY: 1

The color of the ladder illumination light shall be RED.

LADDER WORK LIGHTING

QTY: 1

Two (2) Whelen #MPPB*S Pioneer Micro super LED work lights shall be mounted at the rear of the base ladder section, one on each handrail.

Each light shall have twelve (12) LED's, pedestal mount and chrome rear cover.

The lights shall be equipped with a built in on/off switch.

A switch shall be provided at the lower control console for the 12 volt tracking lights.

The switch shall be wired to the light circuit to give the operator the capability to shut down the lights if the switch on the light head is in the on position.

LADDER, CONTROL STATION

QTY: 1

There shall be a control station at the turntable.

All elevation, extension and rotation operational controls shall operate from this position.

These controls shall be arranged to permit the operator to regulate the speed of these operations within the safe limits as determined by the manufacturer.

Load instruction plates shall be located at the control station to show the recommended safe load of the ladder.

The control devices shall be clearly marked and suitably lighted.

CONSOLE LOCATION

QTY: 1

The turntable control station shall be located on the left side of the turntable such that the operator can easily observe the ladder tip while operating the controls.

PAINTED ALUMINUM TURNTABLE CONSOLE - MATCH LADDER

QTY: 1

The control console shall be manufactured from aluminum material and designed to support the components mounted in and on the console.

The console shall be painted to match the ladder structure.

TURNTABLE CONTROL STATION

QTY: 1

The lower part of the console shall be angled away from the operator, to provide as much foot room as possible for the operator.

An access door shall be provided on the front of the console to provide complete access to the electrical and hydraulic components mounted inside the console.

The console shall be illuminated for night operations, and shall have the following controls/indicators:

The following items shall be clearly marked:

- Three (3) ladder control levers
- A foot operated "dead man switch"
- Master electrical power switch with emergency shutdown capabilities
- Rung alignment indicator light for ladder climbing operations
- Cradle alignment indicator light
- Engine fast idle control switch
- Emergency pump power switch
- 5,000 psi hydraulic oil pressure gauge (Liquid filled)
- Intercom controls
- Illuminated load chart on front of console
- Electric Monitor Controls

AERIAL HOURMETER @ TURNTABLE CONTROL CONSOLE

QTY: 1

Aerial Hour meter

TURNTABLE CONSOLE COVER - PAINTED

QTY: 1

The turntable control console shall be designed with an aluminum cover to match the console.

The cover shall be designed with a rectacngle shape that pivots over the top of the control panel and does not obstruct viability for the operator when the ladder is operated at low angles.

COMMUNICATION SYSTEM

QTY: 1

A Fire Research "ACT" communication system shall be furnished between the ladder tip and the rear operator's position.

A master control at the turntable operator's console shall be provided, with a push-to-talk button and a volume control.

COMMUNICATION SYSTEM

QTY: 1

A self-contained, hands-free speaker microphone shall be located at the ladder tip.

No operator action shall be required to transmit or receive messages at this speaker microphone.

AKRON #14950002 LADDER CLAMP-ON MONITOR SPECIAL ON

QTY: 1

An Akron #14950002 LA County aluminum ladder pipe monitor assembly, ladder pipe, stream straightener, three (3) smooth bore tips and remote halyards shall be provided.

The Akron clamp on monitor shall be equipped with 3" NST threads.

The monitor will be stored on the trailer deck directly in front of the tiller cab utilizing an Akron #497 ladder-pipe mounting fixture.The fittings on the valve for the ladder pipe shall be 2.5 inch NST fittings.

The nozzle for the ladder pipe shall be an Akron 2499 stack tip nozzle.

A shut off valve will not be provided.

LADDER CAPACITIES,

QTY: 1

The following ladder tip load capacities shall be established with the truck level, the outriggers fully extended and lowered to relieve the chassis weight from the axles. Capacities are based upon full extension and 360 degree rotation.

LADDER CAPACITIES IN POUNDS
(50 MPH WIND and 1/4" ICE BUILD UP CONDITIONS / UNCHARGED WATERWAY)
DEGREES OF ELEVATION

	-7 to 10	11 to 20	21 to 30	31 to 40	41 to 50	51 to 60	61 to 70	71 to 80
Base Section	250	250	500	500	500	500	500	500
Lower Mid	250	250	250	250	250	500	500	500
Upper Mid	---	---	---	---	250	250	500	500
Fly Section	---	---	---	---	---	---	250	500
Fly Tip	500	500	500	500	500	500	500	500

The ladder and water system shall be designed to permit the following flows:
- 1500 GPM at 90 degrees to ladder centerline either side.
- 1500 GPM parallel to ladder centerline and as far below horizontal as nozzle design allows.
- 1500 GPM above ladder centerline as far as deck gun design allows.

Note: Tip capacity is reduced to 250 lbs when flowing water with the nozzle above the waterway centerline.

LADDER CAPACITIES IN POUNDS
(50 MPH WIND and 1/4" ICE BUILD UP CONDITIONS / CHARGED WATERWAY)
DEGREES OF ELEVATION

	-7 to 10	11 to 20	21 to 30	31 to 40	41 to 50	51 to 60	61 to 70	71 to 80
Base Section	---	---	250	250	500	500	500	500
Lower Mid	---	---	---	---	250	250	500	500
Upper Mid	---	---	---	---	---	250	250	500
Fly Section	---	---	---	---	---	---	250	250
Fly Tip	500	500	500	500	500	500	500	500

The aerial unit can be operated in any plane up to 3.5 degrees out of level at full capacities. Operation beyond this limit shall be at operator's discretion.

AERIAL LADDER, MANUALS, TWO (2) SETS

QTY: 1

The aerial manufacturer shall provide the following manuals pertaining to the aerial device:

- Two (2) Operator's manuals
- Two (2) Parts manuals
- Two (2) Complete Electrical and Hydraulic Diagrams

F D AERIAL FAMILIARIZATION - PROVIDED BY FACTORY

QTY: 1

An on-site program for familiarization of Fire Department personnel shall be provided.

This program shall be designed to assure complete understanding of all aspects of the aerial device in the operating environment.

The familiarization shall cover all applicable required items in NFPA 1901 code, and be performed by a qualified person per the code.

The familiarization program shall be designed to instruct the individual who has never utilized an aerial device of this type before.

The individual shall receive thorough instructions on operation of the device including hands-on operations for personnel.

The training shall include at a minimum:

Location and operation of all gauges and indicators, as well as fluid level checks.

How to tilt the cab (if a tilt cab is provided), or how to locate all required maintenance areas.

Explanation of all cab controls, instruments, mirrors, safety devices or alarms, brake operations, transmission control, pump controls (if equipped), exhaust regeneration (if provided), seat adjustments, warning light engagement, and other operational equipment.

Familiarization of the aerial device engagement, operations, emergency overrides, safety devices, and maintenance systems.

If the unit is equipped with a fire pump, familiarization of the complete pumping system components, engagement, operations, etc.

If the unit is equipped with a generator, familiarization of the generator system engagement and operations.

If the unit is equipped with a foam system, familiarization of the foam system engagement and operations.

FACTORY FAMILIARIZATION - THREE (3) DAYS

QTY: 1

After the unit has been accepted, a factory qualified person shall be provided for a minimum of three (3) days of familiarization.

AERIAL SERVICE, ALL DEVICES

QTY: 1

Due to the importance of keeping this vital piece of firefighting apparatus in service with a minimum of downtime, the bidder maintains a network of service centers with factory trained personnel.

The bidder shall have a separate facility for service of units so they do not conflict with production units.

The service facility carries an inventory of parts, separate from production parts.

WARNING DECALS, ALL DEVICES

QTY: 1

Warning decals shall be provided in appropriate locations to alert the operator of potential hazards and operating instructions.

All warning labels shall be in general compliance with ANSI Z34.1 recommendations.

CERTIFICATION & TESTING

QTY: 1

The aerial device shall be tested in compliance with the National Fire Protection Association's Standard #1901 (latest edition).

Ongoing structural and physical property testing during construction shall also be done.

The following tests shall be conducted by personnel holding a Level II certification to detect defects and improperly secured components:

Magnetic particle inspection shall be conducted on all ferrous welds to assure the integrity of the weldments and also detect any flaws or weaknesses. These tests shall be performed prior to paint or assembly.

Dye penetrant testing be conducted on all structural aluminum welds.

Ultrasonic inspection shall be used to detect any flaws in pins, bolts and other critical mounting components. The bolts shall be tested after any torqueing to ensure the bolt was not damaged.

All extension/retraction cables shall be proof load tested, serialized, and certified by the cable vendor.

All cable ends shall be dye penetrant tested to find any cracks, imperfections, etc.

Functional tests, load tests, stability tests and visual structural examination shall be performed.

These tests shall determine any unusual deflection, vibration, or instability characteristic of the unit.

Hydraulic oil sample test prior to delivery.

Additionally, a waterway pressure test shall be performed.

Upon completion of the preceding inspections, the independent testing company shall issue a Certificate of Inspection indicating that all specified standards have been satisfied.

Aerial manufacturers not utilizing third party, independent testing companies shall not be acceptable.

The following test shall be conducted to the aerial device prior to delivery.

The manufacturer of the aerial device is required to provide a written statement signed by the Chief Engineer certifying the aerial's ability to perform the following tests:

1-1/2:1 DYNAMIC STABILITY AND LIFT TEST -A test of the apparatus shall be performed that the ladder sections are so designed and powered to support a load representing 150% of the manufacturer's rated tip load capacity at maximum horizontal reach on level ground. Since this is a dynamic test, the load will be raised, lowered and rotated without evidence of instability. Specifically, 750 pounds at the ladder tip with the ladder fully extended at zero degrees shall be rotated 360°.

1-1/3:1 DYNAMIC STABILITY AND LIFT TEST -A test of the apparatus shall be performed that the tip and ladder sections are so designed and powered to support a load representing 133% of the manufacturer's rated tip load capacity at maximum horizontal reach on a five (5) degree slope. Since this is a dynamic test, the load will be raised, lowered and rotated without evidence of instability. Specifically, 666 pounds at the ladder tip with the ladder fully extended at zero degrees shall be rotated 360°.

TIME TEST - A test of the apparatus shall be performed to raise the ladder from a bedded position extended to full height and rotated through a 90° turn smoothly and without undue vibration in not over 120 seconds.

WATER TOWER TEST #1 -A test of the apparatus shall be performed to test its ability to discharge 1000 gallons per minute parallel to the ladder with the unit at full extension and zero degree elevation and

through a 360° rotation. The unit shall be capable of performing this test with a rated tip load of 250 pounds at the ladder tip.

WATER TOWER TEST #2 -A test of the apparatus shall be performed to test the ability to discharge 1000 gallons per minute, 90° to the ladder with the ladder at full extension, zero degree elevation and through 360° of rotation. The unit shall be capable of performing this test with a rated tip load of 250 pounds at the ladder tip.

WATER TEST #3 -A test of the apparatus shall be performed to test the ability to discharge 1000 GPM above the ladder centerline and as many degrees above 0° as the deck gun design allows. This test shall also be performed with the ladder fully extended at 0° elevation and through 360° of rotation with a rated tip load of 250 pounds.

Bidders must state their ability to comply with all of the above tests. Failure to do so shall be grounds for rejection of their bid.

GENERAL PAINT DESCRIPTION

QTY: 1

The apparatus body shall be painted with Sikkens paint product. The paint process shall meet or exceed current state regulations concerning paint operations. Pollution control shall include measures to protect the atmosphere, water, and soil. Contractor shall, upon demand, provide evidence that the manufacturing facility is in compliance with State EPA rules and regulations.

The exterior shall have no mounted components prior to painting to assure full coverage of metal treatments and paint to the exterior surfaces of the body. Any vertically or horizontally hinged smooth-plate compartment doors shall be painted separately to assure proper paint coverage on body, door jambs and door edges.

Paint process shall feature Sikkens high solid LV products and be performed in the following steps:

- Corrosion Prevention - all aluminum surfaces shall be pre-treated with the Alodine 5700 conversion coating to provide superior corrosion resistance and excellent adhesion of the base coat.
- Sikkens Sealer/Primer LV - acrylic urethane sealer/primer shall be applied to guarantee excellent gloss hold-out, chip resistance and a uniform base color.
- Sikkens High Solid LVBT650 (Base coat) - a lead-free, chromate-free high solid acrylic urethane base coat shall be applied, providing excellent coverage and durability. A minimum of two (2) coats shall be applied.
- Sikkens High Solid LVBT650 (Clear coat) - high solid LV clear coat shall be applied as the final step in order to ensure full gloss and color retention and durability. A minimum of two (2) coats shall be applied.

Any location where the material is penetrated after painting, for the purpose of mounting steps, hand rails, doors, lights, or other specified components shall be treated at the point of penetration with a corrosion inhibiting pre-treatment (ECK Corrosion Control). The pre-treatment shall be applied to the aluminum sheet metal or aluminum extrusions in all locations where the aluminum has been penetrated. All hardware used in mounting steps, hand rails, doors, lights, or other specified components shall be individually treated with the corrosion inhibiting pre-treatment.

After the paint process is complete, the gloss rating of the unit shall be tested with a 20 degree gloss meter. Coating thickness shall be measured with a digital MIL gauge and the orange peel with a digital wave scan device.

GENERAL PRIMER & PREP DESCRIPTION

QTY: 1

All exposed welds shall be ground smooth for final finishing of areas to be painted. The compartments and doors are totally degreased and phosphatized. After final body work is completed, grinding (36 and 80 grit), and finish sanding shall be used in preparation for priming.

GENERAL PRIMER & PREP DESCRIPTION

QTY: 1

The body shall be finish sanded and prepared for final paint. Upon completion of final preparation, the body shall be painted utilizing the highest quality, state of the art, low V.O.C., polyurethane base paint. Finish paint shall be applied in multiple coats to ensure proper paint coverage with a high gloss finish.

FINISH PAINT & PREP

QTY: 1

The applicable areas of the cab shall be finish sanded and prepared for final paint.

Upon completion of final preparation, the cab shall be painted utilizing the highest quality, state of the art, low V.O.C., polyurethane base paint.

Finish paint shall be applied in multiple coats to ensure proper paint coverage with a high gloss finish.

CAB PRIMER & PREP

QTY: 1

The cab primer shall be a two (2) stage process.

First stage shall be a coating with a two part component, self etching, and corrosion resistant primer to chemically bond the surface of the metal for increased adhesion.

Second stage shall be multiple coats of a catalyzed, two component, polyurethane primer applied for leveling of small imperfections and top coat sealing.

CAB UNDERSIDE PAINT - JOB COLOR

QTY: 1

The exposed areas under the cab shall be painted job color to match the exterior cab.

On two tone cabs, this shall match the primary color.

CAB BUFFING & FINISH

QTY: 1

The exposed exterior finish of the cab shall be buffed and detailed.

CAB INTERIOR PAINT

QTY: 1

The interior metal surfaces of the cab shall be finish painted the same color as the main exterior color.

BODY BUFFING & FINISH

QTY: 1

The visable and exposed areas of the body shall be buffed and detailed.

INSIDE/UNDERSIDE BODY PAINT

QTY: 1

The inside and underside of the complete body assembly shall be painted job color using a Sikkens paint system, prior to installation of the body on the chassis or torque box.

COMPARTMENT INTERIOR FINISH

QTY: 1

The interior of the compartments shall be finish painted job color with a scuff resistant webbing type paint of a contrasting color applied over the painted surfaces.

FENDER COMPARTMENT INTERIOR

QTY: 1

The interior of the fender storage compartments (if fender compartments are specified) shall be finish painted job color.

CAB PAINT SCHEME

QTY: 1

The cab exterior shall be finish painted with Sikkens paint system, single color, to match purchaser's furnished paint code.

SINGLE COLOR BODY PAINT SCHEME

QTY: 1

The body paint finish shall be Sikkens paint system in a single color, to match customer furnished paint codes and requirements.

LADDER RUST INHIBITOR

QTY: 1

All internal surfaces of the ladder exposed to the atmosphere, i.e., inside base, mid and fly section side rails shall be undercoated prior to ladder assembly using Procyon Corrosion Inhibitor to prevent internal corrosion. The corrosion inhibitor will meet the Boeing BMS-3-29 specification and meet a 1500-hour salt spray test. Manufacturers that do not rustproof the interiors of the ladder sections shall not be considered. (No Exceptions)

PINT OF TOUCH-UP PAINT

QTY: 1

One (1) pint of each exterior color paint for touch-up purposes shall be supplied when the apparatus is delivered to the end user.

FINALIZATION & DETAILING

QTY: 1

Prior to delivery of the vehicle, the interior and exterior be cleaned and detailed. The finalization process detailing shall include installation of NFPA required labels, checking fluid levels, sealing and caulking required areas of the cab and body, rust proofing, paint touch-up, etc.

FRAME RAIL FINISH

QTY: 1

The chassis frame rails, suspension, axles, and drivelines (with the exception of any PTO drivelines which shall be safety yellow) shall be painted black with a polyurethane base paint prior to installation of any air lines or electric systems to ensure proper serviceability.

LADDER PAINT

QTY: 1

Prior to any painting, all weldment's such as the outrigger beams, torque box, turntable, and ladder sections shall be sand blasted, cleaned and inspected to insure the removal of any surface imperfections and to insure superior paint adhesion to the metal.

The entire painting system shall utilize a single manufacturer's paint for compatibility between primers and finished coats. All painting shall be done in atmosphere controlled spray booths. The weldments shall then be primed with Sikkens primer. All seams between adjoining pieces that are not continuously welded shall be caulked to inhibit corrosion.

Before assembly, in preparation for final painting, the aerial unit shall be thoroughly cleaned, conforming to good painting practices.

The aerial components shall then be sprayed with Sikkens primer sealer. Finished paint used on the turntable, lift cylinder, and ladder sections shall be painted Sikkens FLNA41527 white.

EXTENSION CYLINDERS PAINT

QTY: 1

The extension cylinders shall be painted to match the color of the ladder.

TORQUEBOX PAINT

QTY: 1

The torque box shall be painted to match job color or the base color of the body, allowing easy touch-up after extended use.

OUTRIGGER PAINT

QTY: 1

The outrigger beams shall be painted job color, allowing easy touch-up after extended use.

TURNTABLE PAINT

QTY: 1

The turntable shall be painted to match the base color of the ladder, allowing easy touch-up after extended use.

TURNTABLE CONSOLE PAINT

QTY: 1

The turntable console shall be painted to match the base color of the ladder, allowing easy touch-up after extended use.

LIFT CYLINDERS PAINT

QTY: 1

The aerial lift cylinders shall be painted to match the base color of the ladder, allowing easy touch-up after extended use.

TILLER CAB, INTERIOR PAINT - JOB COLOR

QTY: 1

The structure and interior surfaces of the cab shall be painted to match the color of the fire body.

SCOTCH-LITE STRIPE

QTY: 1

A four (4) inch high "Scotch-Lite" stripe shall be provided. The stripe shall be applied on a minimum of 60 percent of each side of the unit, 60 percent on the rear of the unit and 40 percent on the front of the unit. The Scotch-Lite stripe layout shall be determined by the Fire Department.

GOLD SCOTCH LITE

QTY: 1

The Scotch-Lite shall be gold in color.

REAR CHEVRON STRIPING

QTY: 1

REAR CHEVRON STRIPING

ENTIRE REAR

QTY: 1

The entire rear of the truck shall be covered with alternating strips of reflective striping.

6" FULL REAR ORALITE CHEVRON STRIPING

QTY: 1

The striping shall be 6" Oralite reflective striping.

RED & YELLOW ORALITE V98

QTY: 1

The Oralite V98 reflective tape shall be #12 red and #18 yellow in color.

MISCELLANEOUS EQUIPMENT

QTY: 1

The following equipment shall be mounted as specified or as loose equipment provided with the completed apparatus at the time of delivery:

ROAD SAFETY KITS

QTY: 1

A road safety kit shall be furnished with the following equipment:

- 2 1/2 lb. B-C fire extinguisher
- Triangle safety reflectors.

WHEEL CHOCKS

QTY: 1

Two (2) ZICO #SAC-44 folding wheel chocks shall be mounted one (1) on each side forward of the rear wheels below the side running board compartments.

KME WARRANTY, STARTING ON IN-SERVICE DATE

QTY: 1

Warranty coverage by KME will begin when the customer places the unit in service. This date may not exceed 60 days from the date of delivery to the customer.

The Customer must email kmeservice@kmefire.com within 60 days of delivery, or the warranty start date will default to the original delivery date.

GENERAL ONE (1) YEAR WARRANTY

QTY: 1

Purchaser shall receive a General One (1) Year or 24,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0001. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

REGULATED EMISSIONS SYSTEMS FIVE (5) YEARS OR CARB

QTY: 1

Purchaser shall receive a Regulated Emissions Systems Five (5) Years or CARB Mileage limited warranty in accordance with, and subject to, warranty certificate RFW0140. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

ELECTRICAL ONE (1) YEAR WARRANTY

QTY: 1

Purchaser shall receive a Electrical One (1) Year or 18,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0201. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

FRAME ASSEMBLY STRUCTURAL TWENTY (20) YEAR WTY

QTY: 1

Purchaser shall receive a Frame Assembly Structural Twenty (20) Years or 100,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0304. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

AERIAL LADDER STRUCTURE

QTY: 1

Purchaser shall receive a Aerial Ladder Structure Twenty (20) Years or 100,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0403. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

AERIAL TORQUE BOX STRUCTURE TEN (10) YEAR WARRANTY

QTY: 1

Purchaser shall receive a Aerial Torque Box Structure Ten (10) Years or 50,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0411. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

AERIAL LEAK-FREE HYDRAULICS THREE (3) YEAR WARRANT

QTY: 1

Purchaser shall receive a Aerial Leak-Free Hydraulics Three (3) Years or 48,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0421. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

BODY STRUCTURE (ALUMINUM) TEN (10) YEAR WARRANTY

QTY: 1

Purchaser shall receive a Body Structure (Aluminum) Ten (10) Years or 100,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0502. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

CAB STRUCTURE (ALUMINUM) FIFTEEN (15) YEAR WTY

QTY: 1

Purchaser shall receive a Cab Structure (Aluminum) Fifteen (15) Years or 100,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0603. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

PAINT AND FINISH (EXTERIOR CLEAR COATED) WARRANTY

QTY: 1

Purchaser shall receive a Paint and Finish (Exterior Clear coated) Seven (7) Years limited warranty in accordance with, and subject to, warranty certificate RFW0707. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

PLUMBING AND PIPING (STAINLESS STEEL) WARRANTY

QTY: 1

Purchaser shall receive a Plumbing and Piping (Stainless Steel) Ten (10) Years or 100,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0800. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

PLUMBING AND PIPING CORROSION-FREE WARRANTY

QTY: 1

Purchaser shall receive a Plumbing and Piping Corrosion-Free (Stainless Steel) Ten (10) Years or 100,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0801. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

AERIAL WATERWAY TEN (10) YEAR WARRANTY

QTY: 1

Purchaser shall receive a Aerial Waterway Ten (10) Years or 100,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0810. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

5 YEAR CUMMINS BASE WARRANTY

QTY: 1

The proposed unit will be equipped with a Fire Service rated engine, which will come furnished with a five (5) year Engine Manufacturer's warranty. A copy of the manufacturer's warranty will be supplied to define additional details of the warranty provisions.

5 YEAR ALLISON EVS TRANSMISSION WARRANTY

QTY: 1

The proposed Allison transmission will be provided with a five (5) year warranty. A copy of the Allison transmission warranty will be supplied to the purchaser to define additional details of the warranty provisions.

3 YEAR COOLING SYSTEM WARRANTY - CUSTOM

QTY: 1

Kovatch Mobile Equipment (KME) warrants all Cooling System Equipment components used in the construction of KME Fire Apparatus against defects and workmanship provided the apparatus is used in a normal and reasonable manner. This warranty is extended only to the original user-purchaser for a period of three (3) years from the date of delivery/acceptance to the original user-purchaser, whichever occurs first.

This warranty applies to both purchased and fabricated, manufacturer supplied coolant system components and is not provided in lieu of any Vendor provided warranties. All coolant system components provided by the engine manufacturer are covered by the engine manufacturer’s warranty only.

SHEPPARD STEERING GEAR STANDARD - WARRANTY

QTY: 1

The proposed Sheppard steering gear will be warranted for a period of three (3) years from the first date of service or 150,000 miles (241,401 kilometers), whichever occurs first. The product will be free from defects in material and workmanship under normal use in applications approved in advance by Sheppard.

5 YEAR MERITOR 180 SERIES TANDEM AXLE REAR

QTY: 1

The Meritor axle/s shall be provided with a five (5) year warranty. The first two (2) years shall be parts and labor; the remaining three (3) years shall be parts only. Wheel seals, gaskets and wheel bearings shall be covered for one year. A copy of Meritor's warranty shall be supplied to define additional details of the warranty provisions. Vehicles that operate full or part-time outside the United States and Canada shall have a one (1) year, parts only warranty.

PAINT FINISH WARRANTY, TEN (10) YEAR

QTY: 1

The proposed paint finish will be warranted for a period of ten (10) years from the date of acceptance of the unit. Details of warranty coverage, limitations and exclusions are included in the specific warranty document.

5 YEAR LETTERING WARRANTY

QTY: 1

The apparatus manufacturer will provide a five (5) year warranty against defects in material and workmanship for all graphics processes. Any valid claims must be made in writing within 15 days of the determination of any defects to the manufacturer's fire apparatus. The manufacturer will at its option make any necessary repairs either at a local authorized service center or at the factory if required. The manufacturer will make the final decision as to where the repairs are to be made and any transportation cost is the owner's responsibility. The manufacturer will at its option, repair or replace any verified defects in workmanship or materials at no cost to the owner provided all the requirements of this warranty have been met.

The manufacturer will not be liable to the original purchaser or anyone else for consequential, incidental, special or direct damages, including, but not limited to, any claims for loss of profits, downtime, loss of use or inconvenience. THE COMPANY MAKES NO OTHER WARRANTY, EXPRESSED OF IMPLIED, AND SPECIFICALLY, DISCLAIMS ANY IMPLIED WARRANTY INCLUDING THE WARRANTY OF MERCHANTABILITY.

The manufacturer continually strives to improve its products and therefore, reserves the right to make improvements or changes without incurring any obligations to make such changes or additions to equipment previously sold.

1 YEAR BRIGHTWORK WARRANTY

QTY: 1

KME Fire Apparatus (KME) warrants all bright finish components used in the construction of KME Fire Apparatus against defects and workmanship provided the apparatus is used in a normal and reasonable manner. This warranty is extended only to the original user-purchaser for a period of one (1) year from the date of delivery/acceptance to the original user-purchaser, whichever occurs first.

The expressed warranty excludes corrosion or degradation of bright finished components caused by damage to the component.

FRONT SUSPENSION - STEERTEK - 5 YEAR WARRANTY

QTY: 1

The Hendrickson Steertek NXT front axle shall be provided with a five (5) year parts and labor warranty and shall include the axle and kingpin assembly, the steering arm assembly, and the upper and lower steering knuckle assembly.

The warranty for the integrated suspension components shall be two (2) years or two hundred fifty thousand (250,000) miles, whichever occurs first.

The integrated suspension components covered under this two year warranty are limited to:

- Front Frame Hanger Assemblies
- Rear Shackle Assemblies
- Jounce Stop Assemblies
- Rear Frame Hanger Assemblies
- Shock Absorbers
- Shock Absorber Brackets
- Leaf Spring Assemblies

A copy of the Hendrickson Steertek NXT Warranty shall be provided to define additional details of the warranty provisions.

HENDRICKSON AIR RIDE - SGL AXLE -THREE YEAR

QTY: 1

Hendrickson warrants suspension products manufactured by it to be free from defects in material and workmanship which occur under normal use and service for a period of three(3) years (base year + 2 years).
This warranty will not apply and no warranty of any kind will exist as to any product which has been subject to abuse, misuse, neglect, misapplication or accident of any type or cause or which has been repaired, replaced, substituted or used with parts other than genuine Hendrickson parts or altered by anyone.

CLASS 1 - ELECTRICAL PRODUCT WARRANTY

QTY: 1

Class 1 warrants that any equipment of our own manufacture (or manufactured for us pursuant to our specifications) found to have defects in material or workmanship during normal use and service, will be repaired or replaced (at our option) free of charge, provided that written notice of such defect is received by us within two years (three for liquid-filled gauges) after initial shipment.

All equipment requiring repair or replacement under this warranty will be returned prepaid to Class 1. Such returned equipment will be examined by us and, if found to be defective as a result of materials failure or workmanship, will be repaired or replaced at no charge.

BOSTROM SEATING 5 YEAR WARRANTY

QTY: 1

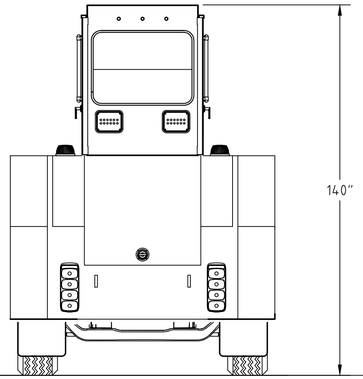
H.O. Bostrom will warrant each new seat manufactured, to be free from defects in materials and workmanship when delivered to the original purchaser for a period of five (5) years.
Labor to remove or reinstall and transportation of defective items will not be covered by, or any allowance made for the said cost under this warranty.

CORROSION TREATMENT

QTY: 1

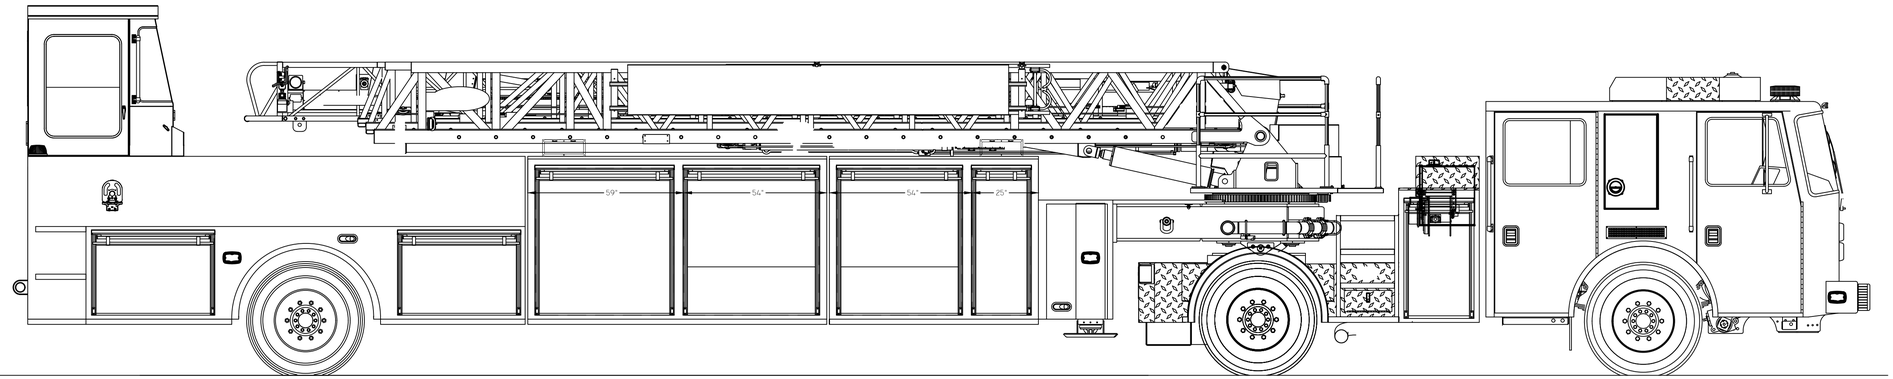
Upon apparatus completion, underside of the apparatus, from the pump enclosure-back, shall have anti corrosion film applied to help inhibit rust and the corrosion process. The semi-firm wax film shall be applied by air spray method. The film shall be applied as a minimum to the following areas: body substructure, underside of all body compartments, running board supports and rear step supports. No film shall be applied directly to the exhaust system or wheel wells.

NOTE: The film shall remain semi-firm to promote self-sealing. The film may leave a light tinted color to those areas treated.



ADDITIONAL ITEMS SHIPPED WITH VEHICLE

QTY: 1



- 1 - Bag of assorted stainless steel nuts and bolts
- 1 - Complete set of hydraulic filters for the pressure filter and the return line filter

LEASE FINANCING PROPOSAL

ATTACHMENT B

Requested by
Brandon Gomez

Representing

Presented To (As Lessee)
City of Montebello, CA

Proposal Date:	March 15, 2022
Equipment Description:	1- KME Tractor Drawn Aerial and Equipment
Commencement Date:	April 10, 2022
	Option 1
Equipment Cost:	□1,926,843.86
Amount Financed:	□1,926,843.86
Lease Term:	10 Years
First Payment Date:	10/10/2023
Payment Frequency:	Annual
Lease Rate:	2.68%
Payment Amount:	□225,198.11
Payment Factor:	0.11687

Qualifications:

1. **Pricing:** This is a lease proposal for the payment stream(s) indicated above. If any of the information identified above are not correct, please advise us so that we can determine if a new proposal is required. Other important elements of this proposal are:

a) **Rate Expiration:** Signing this proposal does not in itself lock in your rate. This lease must be credit approved, contracts properly signed, and the lease funded by Leasing 2 within thirty days from the date of this proposal to protect the rates quoted.

b) **Closing Costs:** There will be no up-front costs of any kind charged by Lessor including closing costs, points, administrative costs, etc. Your attorney may charge you to review the lease documents and complete the opinion letter required with our lease documentation.

c) **Fixed Rates**: Rates for ten (10) years and under are fixed for the entire term. Terms over ten years have a one time rate adjustment after ten (10) years to the then current interest rates for the remaining term.

2. **Type of Lease:** This is a lease-purchase type of financing. After all the lease payments are made, Lessee will own the equipment without further cost.

3. **Financial Reporting**: All city, county and tax districts (including fire districts) will be expected to provide GAAP audited financial reports. All non-for profit corporations (vfd's) will be expected to provide IRS 990 federal tax returns. If you do not maintain these types of financial reports, please contact us to discuss.

4. **Vendor Payable / Escrow Account (where applicable):** In the event that the truck(s) and/or equipment are not ready to be delivered, proceeds of this lease will be held in a vendor payable account until delivery/acceptance. This is a non-interest bearing account to Lessee.

5. **Credit Approval and Documentation:** This is a proposal only, and does not represent a commitment to lease. This financing is subject to credit review and approval and execution of mutually acceptable documentation, including the opinion of lessee's counsel opining that the agreement is legal, valid and binding, obligation of Lessee.

Financing by:	**Leasing 2, Inc.**
Contact:	**Rick Carney**

RESOLUTION NO. 22-17

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO APPROVING A LEASE-PURCHASE AGREEMENT WITH LEASING 2, INC. TO FINANCE THE PURCHASE OF A TRACTOR DRAWN AERIAL FIRE TRUCK AND ASSOCIATED NECESSARY EQUIPMENT FROM KOVATCH MOBILE EQUIPMENT CORPORATION

WHEREAS, the City of Montebello administers a full-service Fire Department, which has served the Montebello community for one hundred years, and which conducts suppression and related life safety operations from three different fire stations plus an administrative headquarters; and

WHEREAS, the City of Montebello Fire Department provides emergency and related fire services to the community by utilizing various apparatus and associated equipment, which includes fire engines, fire trucks and related support vehicles; and

WHEREAS, the Montebello Fire Department owns and maintains two aerial ladder fire trucks, with one unit utilized for active duty daily emergency response and one unit held in reserve; and

WHEREAS, the useful life has been exceeded for both of the City's two aerial ladder fire trucks and they do not comply with several National Fire Protection Association (NFPA) guidelines and requirements, making it necessary to acquire a new tractor drawn aerial fire truck and equipment in order to replace one of the two obsolete aerial ladder fire trucks in use and be in compliance with NFPA guidelines;

WHEREAS, the City Council of the City of Montebello (Lessee) has determined that a true and very real need exists for the acquisition of the Equipment described in the Lease-Purchase Agreement by and between Lessee and Leasing 2, Inc., and has further determined that the Equipment will be used solely for essential governmental functions and not for private business use; and

WHEREAS, the City of Montebello (Lessee) has taken the necessary steps, including, without limitation to compliance with legal bidding requirements, under applicable law to arrange for the acquisition of such Equipment.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY FINDS, DECLARES AND RESOLVES AS FOLLOWS:

SECTION 1. The City Manager is authorized to enter into a Ten (10) Year Lease Purchase Agreement with Leasing 2, Inc. to finance the purchase of a Kovatch Mobile Equipment (KME) Tractor Drawn Aerial Fire Truck and Necessary Equipment in the estimated amount of approximately one million nine hundred twenty-six thousand eight

hundred forty-four dollars (□1,926,844) purchased from Kovatch Mobile Equipment (KME) Corporation.

SECTION 2. The terms of said Lease-Purchase Agreement and Escrow Agreement, if applicable, are in the best interest of Lessee for the acquisition of such Equipment, and the City Manager has the authority to execute and deliver the Lease-Purchase Agreement and Escrow Agreement and any related documents necessary to the consummation of the transactions contemplated by the Lease-Purchase Agreement and Escrow Agreement.

SECTION 3. The City Clerk shall certify to the passage and adoption of this resolution, which shall become effective immediately upon adoption.

PASSED, APPROVED and **ADOPTED** this 13th day of April, 2022.

EXCEPTIONS TO PROPOSAL, TERMS, CONDITIONS, AND SOLUTIONS REQUEST

Company Name: E-ONE, Inc.

Any exceptions to the terms, conditions, specifications, or proposal forms contained in this RFP must be noted in writing and included with the Proposer's response. The Proposer acknowledges that the exceptions listed may or may not be accepted by NJPA or included in the final contract. NJPA will make reasonable efforts to accommodate the listed exceptions and may clarify the exceptions in the appropriate section below.

Section/page	Term, Condition, or Specification	Exception	NJPA ACCEPTS
5.24	Apparatus Delivery	As we do not know who will order an apparatus or where it will need to be shipped we have included the following driveway costs as standard on all fire apparatus. • $12,000 for ARFFs • $5,000 all others At the time of quote we will ask for driveway estimates from our third party provider and adjust the final driveway cost based on delivery point (dealer/NJPA member) plus $150 (admin fee). The admin fee covers our internal costs, costs to get driver to bus station or airport, and misc. expenses during transit. We have provided a pricing matrix so NJPA members can view estimated driveway rates based on preset zones (miles). Matrix also outlines additional information relating to delivery to Canada, Alaska, Hawaii, and other US Territories. Based on the actual quote, some NJPA members will receive a credit and some will incur additional delivery cost. We did not feel it was appropriate to charge the highest unforeseen rate to every NJPA member.	Accept.
5.24	Parts Deliver	As noted in Form P – if ordered direct from E-ONE, parts will be FOB Ocala, FL or Hamburg, NY depending on shipping location. When ordered from a dealer, this could change. Dealer could order as part of a stock order where freight would be free or dealer may have in stock.	Accept.

PROPOSER ASSURANCE OF COMPLIANCE

Proposal Affidavit Signature Page

PROPOSER'S AFFIDAVIT

The undersigned, authorized representative of the entity submitting the foregoing proposal (the "Proposer"), swears that the following statements are true to the best of his or her knowledge.

1. The Proposer is submitting its proposal under its true and correct name, the Proposer has been properly originated and legally exists in good standing in its state of residence, the Proposer possesses, or will possess before delivering any products and related services, all applicable licenses necessary for such delivery to NJPA members agencies. The undersigned affirms that he or she is authorized to act on behalf of, and to legally bind the Proposer to the terms in this Contract.

2. The Proposer, or any person representing the Proposer, has not directly or indirectly entered into any agreement or arrangement with any other vendor or supplier, any official or employee of NJPA, or any person, firm, or corporation under contract with NJPA, in an effort to influence the pricing, terms, or conditions relating to this RFP in any way that adversely affects the free and open competition for a Contract award under this RFP.

3. The Proposer has examined and understands the terms, conditions, scope, contract opportunity, specifications request, and other documents in this solicitation and affirms that any and all exceptions have been noted in writing and have been included with the Proposer's RFP response.

4. The Proposer will, if awarded a Contract, provide to NJPA Members the /products and services in accordance with the terms, conditions, and scope of this RFP, with the Proposer-offered specifications, and with the other documents in this solicitation.

5. The Proposer agrees to deliver products and services through valid contracts, purchase orders, or means that are acceptable to NJPA Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to NJPA Members under an awarded Contract.

6. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

7. The Proposer understands that NJPA will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statute §13.591, Subd. 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals generally become public data. Minnesota Statute §13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

8. The Proposer understands that it is the Proposer's duty to protect information that it considers nonpublic, and it agrees to defend and indemnify NJPA for reasonable measures that NJPA takes to uphold such a data designation.

[The rest of this page has been left intentionally blank. Signature page below]

By signing below, Proposer is acknowledging that he or she has read, understands, and agrees to comply with the terms and conditions specified above.

PROPOSER QUESTIONNAIRE

Payment Terms, Warranty, Products and Services, Pricing and Delivery, and Industry-Specific Questions

Proposer Name: E-ONE, Inc.

Questionnaire completed by: Fred Cureton

Payment Terms and Financing Options

- What are your payment terms (e.g., net 10, net 30)?
  a. Net 21 days from the day a completed unit departs either the Ocala, FL or Hamburg, NY factory.
  b. The NJPA member should communicate additional time is needed. Additional options may be available.
- Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?
  a. Through our parent company, REV Group, we offer the following leasing options to maximize the bottom dollar. The E-ONE/REV Group partnership provides an ability to custom design leasing solutions to meet/exceed NJPA member's needs and requirements.
     (1) Full Payout Loan:
        (a) Financing and refinancing for new and used equipment.
        (b) Terms from 24 to 120 months.
        (c) Competitive fixed and floating rates.
        (d) Up to 100 percent financing.
        (e) Seasonal and skip payment structures.
        (f) Application only programs.
        (g) Dealer wholesale and retail finance programs.
        (h) Loan, lease and municipal lease financing.
     (2) Trac Lease:
        (a) Sometimes referred to as open-end leases.
        (b) Ultimate obligation of the Lessee is not determined until the end of the lease term.
           (i) Lessee is obligated to make up any shortfall.
           (ii) Or Lessee will receive any excess proceeds.
        (c) Lessor and Lessee agree on what is the commonly referred to as the Residual Value.
     (3) Split Trac Lease:
        (a) Split TRAC Lease follows the same basic principles as the TRAC Lease.
        (b) **Except**, the Lessee's potential lease end exposure is limited to a portion of the Residual Value.
        (c) Lessee's end of term payment amount is sometimes referred to as the – **Lessee's Guaranteed Residual Amount.**
     (4) Fair Market Value Lease:
        (a) Little or no upfront cost.
        (b) Lower monthly payments than $1 out purchase option leases.
        (c) 100% financing may be available.
        (d) Can return the equipment at the end of lease without further obligation.
        (e) May have significant tax and accounting benefits.

(5) Municipal Lease:
   (a) Tax-exempt municipal equipment leasing is a lower cost alternative to traditional bond financing.
   (b) Lower, tax-exempt interest rates are fixed for the term of the lease Complete ownership and clear title to the equipment at the end of the term.
   (c) Lease payments that are considered an operating expense, not long-term debt.
   (d) An alternative to the high issuance cost bond market and the time and complexity of obtaining voter approval for a bond issue.

(6) Walk-Away Lease:
   (a) No money down option.
   (b) Annual payment or arrears options.
   (c) Refinancing options.
   (d) 3-15 year terms (depending on apparatus) with approved credit.

- Briefly describe your proposed order process. Please include enough detail to support your ability to report quarterly sales to NJPA. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the NJPA Members' purchase orders.
   a. Our dealers are under contract and have protected territories for apparatus sales, parts sales, and service support. Members have the option to take their vehicle to the nearest dealer for service/repairs.
   b. In areas with no dealer, sales are handled direct by the E-ONE Region Director for that area. Service and parts support is via a contracted facility or direct by E-ONE.
   c. Members and dealer sales associate jointly configure vehicle and agree on price.
   d. Purchase order is received by the dealer/E-ONE and the order is processed.
   e. Pre-build is scheduled and attended by NJPA member/members and dealer/E-ONE sales associate.
   f. Final changes are approved by E-ONE, dealer, and NJPA member.
   g. Order is released for production.
   h. NJPA member can follow the progress of the apparatus construction (new vehicles only) via our E-ONE "in-process" website. http://www.e-oneinprocess.com/
   i. During final completion stages, final inspection is scheduled with the dealer and NJPA member.
   j. Final inspection is conducted, discrepancies corrected, and unit shipped for final acceptance.

- Do you accept the P-card procurement and payment process? If so, is there any additional cost to NJPA Members for using this process?
   a. Yes.
   b. No additional cost.

Warranty:

- Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may include in your response a copy of your warranties, but at a minimum please also answer the following questions.
  - Do your warranties cover all products, parts, and labor?
    - For E-ONE – Yes.
    - For suppliers – Would be based on supplier warranty certificates.
  - Do your warranties impose usage restrictions or other limitations that adversely affect coverage?
    - Common language exists covering:
      - Lack of maintenance
      - Abuse, neglect, or misuse.
      - Failure to notify, etc.
    - Stainless Steel Body Paint warranty (non prorated) requires 3, 5, and 7 year inspections.
    - Aluminum Body Paint warranty (non prorated) requires 3, 5, and 7 year inspections.
  - Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?
    - Yes, for E-ONE warranties. For suppliers/vendors these vary by component and vendor.
    - Warranties vary from one vendor to the other. The NJPA member should refer to the warranty bulletin for the failed component to review the coverage details. Warranties can change but should be applied based on the coverage in effect at the time of purchase.

E-ONE Warranty Quick Reference:
E-ONE Warranties – Warranties on those products we manufacture
E-ONE Optional Warranties – Extension of base warranties, bumper to bumper warranties
Optional 3rd Party Drivetrain Warranties – 24 to 60 month options, with or without supply pump coverage
Major Component/OEM Warranties – Chassis, engines, transmissions, supply pumps, axles, generators, tanks, tires, other
Misc Component Warranties – all other warranties
Non Listed Warranties – we provided the certificates we have on file. There are many suppliers where we deal direct on warranty coverage which may not be listed in the following table.

E-ONE Supplied Warranties:		
Description	**Warranty Terms**	**Exceptions to warranty**
Standard Warranty*	12 months	See Certificate
Aluminum Cab Structure*	10 years/100,000 miles	See Certificate
Frame Rails and Crossmembers*	Lifetime – includes integral torque box/frames. Torque boxes normally fall under the 20 year aerial structural warranty but this unique design increases the torque box warranty.	See Certificate
Zinc Plated Frame Components*	20 years – Corrosion Perforation	See Certificate
Zinc Plated/Powder Coated Frame Rails*	25 years – Corrosion Perforation	See Certificate
eMAX Pump*	6.5 years after the date of manufacture or 6,000 hours of usage.	See Certificate
Aluminum Body Structure*	10 years/100,000 miles	See Certificate
Stainless Steel Body Structure*	20 years/100,000 miles	See Certificate
Stainless Steel Plumbing*	10 years	See Certificate
Aerial Structure*	20 years	See Certificate

Paint – Aluminum Bodies*	10 years (prorated)	See Certificate
Paint – Aluminum Bodies*	10 years (non prorated) Requires 3 yr, 5 yr, and 7 yr inspection.	See Certificate
Paint – Stainless Bodies*	10 years (non prorated) Requires 3 yr, 5 yr, and 7 yr inspection.	See Certificate
Paint – Steel Aerials*	5 years (prorated)	See Certificate
Parts *	90 Days	See Certificate
E-ONE Optional Warranties:		
Extended Warranties:		
3 Year Customer Protection Plan*	Extends standard 1 yr warranty to 3 yrs	See Certificate – Price based on model
4 Year Customer Protection Plan*	Extends standard 1 yr warranty to 4 yrs	See Certificate – Price based on model
5 Year Customer Protection Plan*	Extends standard 1 yr warranty to 5 yrs	See Certificate – Price based on model
3 Year Bumper to Bumper Plan*	Bumper to Bumper Coverage	See Certificate – Price based on model
4 Year Bumper to Bumper Plan*	Bumper to Bumper Coverage	See Certificate – Price based on model
4 Year Bumper to Bumper Plan*	Bumper to Bumper Coverage	See Certificate – Price based on model
5 Year Aerial Refurb Protection Plan	E-ONE Refurbished Aerial Coverage	See Certificate – Price based on model
Optional 3rd Party Drivetrain Warranties:		
Premium 2000 Extended Drivetrain Warranties:		
24 Months*	With or without pump - $100 deductible per occurrence.	See Certificate – Price based on model
36 Months*	With or without pump - $100 deductible per occurrence.	See Certificate – Price based on model
48 Months*	With or without pump - $100 deductible per occurrence.	See Certificate – Price based on model
60 Months*	With or without pump - $100 deductible per occurrence.	See Certificate – Price based on model

**Warranty Certificate included as part of proposal.*

Major Component/OEM Warranties:

Commercial Chassis Manufacturers:			
Original Equipment Manufacturer	Warranty Terms	Warranty Contact	Contact Responsibility
Dodge*	5 yr/100,000 mile power train limited warranty, parts and labor needed to repair a covered powertrain component (engine, transmission and drive system)., plus 3 yr/36,000 mile bumper to bumper from body to electrical.	E-ONE Dealer or local Dodge representative	E-ONE Dealer or NJPA member
Ford*	3 yr/36,000 mile bumper to bumper, 5 yr/60,000 mile powertrain and safety restraint system, 5 yr/unlimited corrosion (perforation only), 5yr/100,000 mile 6.4L Powerstroke Diesel warranty.	E-ONE Dealer or local Ford representative	E-ONE Dealer or NJPA member
Kenworth*	1 yr/100,000 mile base warranty, 3 yr/300,000 mile powertrain warranty, 5 yr/500,000 mile corrosion warranty.	E-ONE Dealer or local Kenworth representative	E-ONE Dealer or NJPA member
Freightliner M2*	Refer to Vendor website for up-to-date warranty information for their various models. https://freightliner.cummins.com/warranties-medium-duty-truck?mID=1120	E-ONE Dealer or local Freightliner representative	E-ONE Dealer or NJPA member
Navistar*	Refer to Vendor website for up-to-date warranty information for their various models. https://www.internationaltrucks.com/support/warranties	E-ONE Dealer or local Navistar representative	E-ONE Dealer or NJPA member
Peterbilt*	1 yr/100,000 mile base warranty, 3 yr/300,000 mile powertrain warranty, 5 yr/500,000 mile corrosion warranty.	E-ONE Dealer or local Peterbilt representative	E-ONE Dealer or NJPA member
Engine Manufacturers:			
Cummins*	5 yr/100,000 mile, $100 deductible years 3 thru 5	E-ONE Dealer or local Cummins representative	E-ONE Dealer or NJPA member
Detroit*	5 yr/100,000 mile	E-ONE Dealer or local Detroit representative	E-ONE Dealer or NJPA member
Transmission Manufacturers:			
Allison*	60 months parts and labor	E-ONE Dealer or local Allison representative	E-ONE Dealer or NJPA member
Twin Disc*	24 months from ship date but not to exceed 12 months or 2,000 hours of service, whichever occurs first.	E-ONE Dealer or local Twin Disc representative	E-ONE Dealer or NJPA member
Axle and Suspension Manufacturers:			
Arvin Meritor*	Axles are 5 yr/unlimited mileage in fire apparatus vocation. Refer to Vendor warranty certificates for their various models.	E-ONE Dealer or local Meritor representative	E-ONE Dealer or NJPA member
Axel Tech*	1 year from in-service date or 18 months from original ship date, whichever comes first (parts only).	E-ONE Dealer or local Axel Tech representative	E-ONE Dealer or NJPA member
Reyco Granning – IFS*	3 yr/150,000 mile limited	E-ONE Dealer or local Reyco representative	E-ONE Dealer or NJPA member

Timoney – IFS*	1 year parts only	E-ONE Dealer or local Timoney representative	E-ONE Dealer or NJPA member
Fire Pump Manufacturers:			
Hale*	5 years from the first day the product is put into service or 5.5 years from the date of shipment by Hale. Within this warranty Hale will cover the first 2 years parts and labor, parts only for years 3 thru 5. **Optional Extended Coverages:** 1 year extended warranty = $250 Extends labor coverage to year 3 2 year extended warranty = $750 Extends labor coverage to years 3 and 4 2 year extended warranty = $1500 Extends labor coverage to years 3, 4 and 5	E-ONE Dealer or local Hale representative	E-ONE Dealer or NJPA member
Waterous*	5 years from the first day the product is put into service or 5.5 years from the date of shipment by Waterous. Parts only.	E-ONE Dealer or local Waterous representative	E-ONE Dealer or NJPA member
W.S.Darley	6.5 years after the date of manufacture or 6,000 hours of usage.	E-ONE Dealer or local Darley representative	E-ONE Dealer or NJPA member
Generator Manufacturers:			
Harrison*	6 yr/1,000 hour whichever occurs first – parts and labor coverage are defined in detail on warranty certificate.	E-ONE Dealer or local Harrison representative	E-ONE Dealer or NJPA member
Onan*	5 yr/1,000 hour whichever occurs first	E-ONE Dealer or local Cummins/Onan representative	E-ONE Dealer or NJPA member
Smart Power*	5 yr/1,000 hour whichever occurs first	E-ONE Dealer or local Smart Power representative	E-ONE Dealer or NJPA member
Winco		E-ONE Dealer or local Winco representative	E-ONE Dealer or NJPA member
Water Tank Manufacturers:			
E-ONE built	Lifetime	E-ONE Dealer or local E-ONE representative	E-ONE Dealer or NJPA member
Pro Poly – Tanks*	10 year Limited Lifetime – end user responsible for transportation to OEM after 10 years.	E-ONE Dealer or local Pro Poly representative	E-ONE Dealer or NJPA member
New Progress LLC/Brenner	Lifetime for defective material and/or workmanship, 2 year and beyond – leaks only.	E-ONE Dealer or local New Progress/Brenner representative	E-ONE Dealer or NJPA member
UPF – Tanks*	Lifetime service warranty	E-ONE Dealer or local UPF representative	E-ONE Dealer or NJPA member
Tire Manufacturers:			
Goodyear	For the life of the original tread. The life of the original usable tread is the original tread down to the level of tread wear indicators – 2/32nds of an inch of tread remaining.	E-ONE Dealer or local Goodyear representative	E-ONE Dealer or NJPA member
Michelin	For the life of the original tread or 5 years from the date of purchase. The life of the original usable tread is the original tread down to the level of tread wear indicators – 2/32nds of an inch of tread remaining.	E-ONE Dealer or local Michelin representative	E-ONE Dealer or NJPA member

Articulating Aerial Manufacturers:			
Bronto	12 month standard warranty	E-ONE Dealer or local Bronto representative	E-ONE Dealer or NJPA member
Bronto Aerial Structure*	20 years – see certificate	E-ONE Dealer or local Bronto representative	E-ONE Dealer or NJPA member
Other Manufacturers:			
AKG – Water to Transmission Coolers*	1 year from in-service date or 18 months from original ship date, whichever comes first.	E-ONE Dealer or local AKG representative	E-ONE Dealer or NJPA member
Akron Brass - valves*	5 years from date of purchase. 10 years on large diameter intake and swing-out valves	E-ONE Dealer or local Akron representative	E-ONE Dealer or NJPA member
AMDOR – Roll Up Doors*	36 months	E-ONE Dealer or local Amdor representative	E-ONE Dealer or NJPA member
Amity – swivels and waterways*	Swivels – 5 years from date of purchase Waterways – 10 years from date of purchase	E-ONE Dealer or local Amity representative	E-ONE Dealer or NJPA member
Ansul – fire extinguishers*	6 years from date of delivery	E-ONE Dealer or local Ansul representative	E-ONE Dealer or NJPA member
Class 1*	2 years – Standard gauges 3 years – Liquid filled gauges	E-ONE Dealer or local Class 1 representative	E-ONE Dealer or NJPA member
Dekka		E-ONE Dealer or local Dekka representative	E-ONE Dealer or NJPA member
Elkhart Brass*	5 years – most products 2 years – electrical components	E-ONE Dealer or local Elkhart representative	E-ONE Dealer or NJPA member
Federal Signal*	Multiple warranties based on product purchased - please reference warranty certificate.	E-ONE Dealer or local Federal Signal representative	E-ONE Dealer or NJPA member
Global Harness*	5 years from date of acceptance	E-ONE Dealer or local Global Harness representative	E-ONE Dealer or NJPA member
Hannay Reels*	24 months from date of shipment	E-ONE Dealer or local Hannay representative	E-ONE Dealer or NJPA member
Hale/Class 1*	1 year	E-ONE Dealer or local Class 1 representative	E-ONE Dealer or NJPA member
Havis *	3 years to lifetime depending on selected product. See warranty certificate.	E-ONE Dealer or local Havis representative	E-ONE Dealer or NJPA member
HDM Hydraulic* Cylinders	12 months from the date of delivery	E-ONE Dealer or local HDM representative	E-ONE Dealer or NJPA member
Hydromotion – Swivels*	5 years from date of shipment	E-ONE Dealer or local Hydromotion representative	E-ONE Dealer or NJPA member
Innovative Controls – Gauges*	Brass Case Gauges: 5 years on gauges Lifetime on hermetically seal for leakage	E-ONE Dealer or local IC representative	E-ONE Dealer or NJPA member
Innovative Controls – Gauges*	Stainless Steel Gauges: 3 years on gauges	E-ONE Dealer or local IC representative	E-ONE Dealer or NJPA member
Innovative Controls – Folding Step*	Stainless Steel Gauges: 2 years limited – see certificate for details	E-ONE Dealer or local IC representative	E-ONE Dealer or NJPA member

K & N Filters*	3 yr/300,000 mile (industrial service)	E-ONE Dealer or local K & N representative	E-ONE Dealer or NJPA member
Neverdie – Batteries*	3 yr/6,000 cycle prorated	E-ONE Dealer or local Neverdie representative	E-ONE Dealer or NJPA member
ROM – doors, lights, paint*	Multiple products on same warranty certificate. Refer to certificate for details. Roll up doors - 7 years for manufacturing defects excluding electrical components.	E-ONE Dealer or local ROM representative	E-ONE Dealer or NJPA member
Safeguard Technologies – Slip resistant steps*	10 years from date of invoice to E-ONE	E-ONE Dealer or local Safeguard representative	E-ONE Dealer or NJPA member
Safety Vision – Cameras*	1 year	E-ONE Dealer or local Safety Vision representative	E-ONE Dealer or NJPA member
SGM – Compressors*	18 months from date of shipment or 12 months from date in service whichever comes first.	E-ONE Dealer or local SGM representative	E-ONE Dealer or NJPA member
Shaw Development – DEF Systems*	Mechanical components: 2 yr/40,000 mile/1,200 hour Electrical components: 1 yr/20,000 mile/600 hour	E-ONE Dealer or local Shaw representative	E-ONE Dealer or NJPA member
Truck Lite – lighting*	Multiple lighting and electrical component warranties on the same certificate – refer to warranty bulletin. Most components have at least a 24 month warranty with some harnesses up to 5 years.	E-ONE Dealer or local Truck Lite representative	E-ONE Dealer or NJPA member
Weldon - lighting*	60 months except 7000 series which is 36 months. Various warranties depending on failed component. Coverage can range from 30 days to 4 years.	E-ONE Dealer or local Weldon representative	E-ONE Dealer or NJPA member
Weldon VMUX - multiplexing*	Various warranties depending on failed component. Coverage can range from 1 to 7 years.	E-ONE Dealer or local Weldon representative	E-ONE Dealer or NJPA member
Whelen - lighting*	Various warranties depending on failed component. Coverage can range from 1 to 10 years. Majority of lights have a 2 year warranty.	E-ONE Dealer or local Whelen representative	E-ONE Dealer or NJPA member
Wurth Electronics*	1 year from date of shipment	E-ONE Dealer or local Wurth representative	E-ONE Dealer or NJPA member

Warranty Certificate included as part of proposal

- Are there any geographic regions of the United States for which you cannot provide a certified technician to perform warranty repairs? How will NJPA Members in these regions be provided service for warranty repair?
  - No.
  - If a NJPA member purchases an apparatus from E-ONE we will respond to the NJPA member's needs.
    - We have E-ONE remote technicians which can be dispatched to their location.
    - We could contract a current E-ONE dealer to respond and repair.
    - We could authorize a third party repair location to respond and repair.
- Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?
  - E-ONE and/or our dealer support partners should be contacted first for guidance and/or aid in scheduling the work. Our goal is to minimize downtime and expedite the repair.
  - Typically we would ask the member to work with the supplier. Example: if a Cummins Engine problem work with a Cummins authorized service provider.
  - E-ONE and/or our dealer may elect to make the repairs versus being routed to the original equipment manufacturer based on the circumstances.

- What are your proposed exchange and return programs and policies?

PARTS RETURN POLICY

TYPE OF RETURN /CREDIT REQUEST	RETURN REQUEST TIME LIMIT	RE-STOCK FEE	RETURN AUTHORIZATION	FREIGHT CHARGES
ORDERED IN ERROR 30 day Return	30 CALENDAR DAYS FROM RECEIPT	10% OF CURRENT PRICE	MUST SUBMIT CLAIM VIA "PARTS CENTRAL" E-ONE TO ADVISE RGA # by email Some restrictions apply. Please see 30 day return conditions below.	PRE-PAY TO E-ONE
SHIPPED IN ERROR	30 CALENDAR DAYS FROM RECEIPT	NONE	MUST SUBMIT CLAIM VIA "PARTS CENTRAL" E-ONE TO ADVISE RGA # BY RETURN EMAIL.	PRE-PAY TO E-ONE - FREIGHT CREDIT ISSUED
SHORTAGE	5 CALENDAR DAYS FROM RECEIPT	NONE	MUST SUBMIT CLAIM VIA "PARTS CENTRAL" E-ONE TO ADVISE STATUS BY RETURN EMAIL.	E-ONE SHIPS REPLACEMENT PRE-PAID
OVERAGE	NO TIME LIMIT	NONE	MUST SUBMIT CLAIM VIA "PARTS CENTRAL" E-ONE TO ADVISE RGA # BY RETURN EMAIL.	PRE-PAY TO E-ONE - FREIGHT CREDIT ISSUED
NEW DEFECTIVE /DAMAGED PART	5 CALENDAR DAYS FROM RECEIPT OR INSTALLATION	NONE	FREIGHT DAMAGE MUST BE NOTED ON THE CARRIER RECEIVING RECEIPT AT TIME OF DELIVERY. PLEASE ARRANGE TO SUBMIT A CARRIER CLAIM and ADVISE E-ONE. MUST SUBMIT CLAIM VIA "PARTS CENTRAL". E-ONE TO ADVISE RGA # BY RETURN EMAIL. DO NOT RE-FUSE SHIPMENT. CUSTOMER MUST ACCEPT THE SHIPMENT TO BE ELIGIBLE FOR RETURN CREDIT.	PRE-PAY TO E-ONE - FREIGHT CREDIT ISSUED
FREIGHT CHARGE	5 CALENDAR DAYS FROM RECEIPT	N/A	MUST SUBMIT CLAIM VIA "PARTS CENTRAL" E-ONE TO ADVISE STATUS BY RETURN EMAIL.	N/A
BILLING ERROR	5 CALENDAR DAYS FROM RECEIPT	N/A	MUST SUBMIT CLAIM VIA "PARTS CENTRAL" . E-ONE TO ADVISE STATUS BY RETURN EMAIL.	N/A
ANNUAL OBSOLESCENCE RETURN	N/A	N/A	NA	N/A

OBSOLESCENCE RETURN CONDITIONS: E-one will make final determination on return authorization. We will not accept return of parts that are no longer active, no longer used in production or superseded. Electrical, hydraulic, special order and shelf deteriorating parts are not returnable. Hardware or lines items under $20 are not returnable. All parts must be in new and saleable condition. Take offs are not returnable. Any parts that are returned to E-ONE without prior authorization or do not meet that stated conditions will be scrapped without notification and credit denied. Credit will be given at the price at the time of the return less 20%.

30 DAY RETURN CONDITIONS: E-one will make final determination on return authorization. Electrical, hydraulic, special order, and E-ONE fabricated parts are not returnable. Parts that are special ordered by E-ONE, including fabricated to shop order specifications are not returnable. Any part that is ordered and is not in the current price list is considered special order and is not returnable. All returns must be requested through the Parts Central web site. All parts must be in new and saleable condition. Take offs are not returnable. Any parts that are returned to E-ONE without prior authorization or does not meet that stated return requirements will be scrapped without notification and credit denied.

Parts Terms and Conditions	
1)	Current payment terms are specified on your E-ONE parts invoice.
2)	All prices are FOB Ocala, FL. Freight charges are pre pay and add. There is a $50 handling fee per order for request to charge freight to a 3rd party account.
3)	All prices are in US dollars.
4)	No returns will be accepted without RGA authorization number. No returns will be accepted for special order, E-ONE fabricated to shop order, electrical or hydraulic items. Any part that is ordered and is not in the current price list is considered special order and is not returnable. All returns must be requested through the Parts Central web site.
5)	For restocking there will be a 10% charge, plus shipping charges.
6)	Any shortages, damaged parts or error in shipments must be reported to E-ONE within 24 hours of receipt of goods.
7)	Goods damaged or lost in transit should be reported to carrier AND NOTED ON THE RECIEVING TICKET AT TIME OF DELIVERY. All orders are shipped F.O.B. origin. (Shipment becomes responsibility of the buyer at the time it picked up by the carrier.) Any claims for loss or damage is the responsibility of the buyer. All damage must be reported within 24 hours of receipt of goods and must be noted on the carriers delivery reciept.
8)	**Prices and specifications subject to change without notice. Always check for the current price on the EZ Parts website before ordering.**
9)	**Overnight shipments subject to part availability.**
10)	Stock order terms and discounts only apply to eligible orders over $1,000 that only contain parts solely for the replenishment of stocking inventory.

- Describe any service contract options for the items included in your proposal.
  a. E-ONE and our dealer distribution channel have the ability and means to provide custom tailored service contracts.
  b. Each would need to be quoted based on the dealer capabilities and the scope of the work the NJPA member wishes to be included in the service contract.
  c. We offer a 6/12/24 month E-ONE aerial inspection contracts performed by E-ONE EVTs.
  d. We offered E-ONE extended warranties, vendor component extended warranties, and third party drivetrain extended warranties.

Pricing, Delivery, Audits, and Administrative Fee

- Provide a general narrative description of the equipment/products and related services you are offering in your proposal.

Cradle to Grave Categories:	Notes/Solutions Overview:
Fire Apparatus	We are offering NJPA members our complete product line of fire apparatus: • NJPA members will be able to select all current and future options. • NJPA members will be able to customize the desired apparatus with options we typically do not offer via a "customer request" option. • These requests must be reviewed, approved, and priced by an E-ONE application engineer. Once AE establishes the MSRP of the "customer request", standard discounting will apply based on the apparatus model SKU (see table below).
Fire Apparatus Trade-Ins	Via E-ONE Dealers or the use of third party vendors we will work with the NJPA member to negotiate a trade-in allowance acceptable to all parties.
Fire Apparatus Pre-Pay Discounts	We are offering NJPA members discounts when they have available funds to pay down on the initial purchase. • 100% of the purchase option. • Less than 100% of the purchase option. • Check must be received within 30 days of receipt of purchase order.
Fire Apparatus Surety Bonds	We are offering NJPA members an option for E-ONE to provide performance bonds on apparatus purchases. Can be priced for 100% coverage or less than 100%.
Fire Apparatus Leasing	We are offering NJPA members leasing options through our company owned leasing division.

Fire Apparatus Parts	We are offering NJPA members an option to work with our dealers to develop customized parts purchasing programs E-ONE cannot offer.
	• Could result in NJPA members negotiating larger parts discounts from our dealers than we could offer through E-ONE due to dealer contract restrictions.
	  ○ Parts volume
	  ○ Type of parts needed
	  ○ Consistency of use
	• Could result in NJPA member having the option to use our web based parts ordering program
	  ○ Dealer sponsored
	  ○ May or may not fit all NJPA members requirements

Training	We are offering NJPA members E-ONE in-house training classes and options for remote training.
Optional Warranties	We are offering NJPA members multiple extended warranty coverage options. Some are direct from E-ONE, some are from our suppliers, and some are from third party providers.
Collision Repair	We are offering NJPA members repair options for handling collision repairs.
Refurb/Updates	We are offering NJPA members repair options to cover refurb and/or in-service apparatus updates. • Extends the life of their current apparatus. • Provides the opportunity to update older apparatus to meet newer industry standards. • Could delay an immediate need to replace an older apparatus.
Service/Maintenance Contracts	We are offering NJPA members an option to work with our dealers to develop custom service/maintenance contracts.

Sourced Goods	We are offering NJPA members an option to work with our dealers to purchase fire fighting related equipment not offered through E-ONE. • Loose Equipment • Turnout Gear • Helmets • Boots • Other products offered by our dealers
Third Party Services	We are offering NJPA members an option to use our dealers as a one stop shop for maintenance needs. Through 3rd party vendors our dealers could provide NJPA members services our dealerships cannot perform in-house. Examples: • Annual aerial testing and certification • Annual pump testing and certification • Wheel alignments • Anything NJPA member and dealer jointly agree is a value added service.

- Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the NJPA discounted price) on all of the items that you want NJPA to consider as part of your RFP response. Provide a SKU for each item in your proposal. (Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract. See the body of the RFP and the Price and Product Change Request Form for more detail.)
    a. **Category: Fire Apparatus – *See tables below regarding configurations and pricing.***
        i. It is E-ONE's intention to offer NJPA members our complete list of fire apparatus models.
            1. To offer all available approved published options.
            2. To offer all available approved non-published options (to meet customer specific requests we currently do not offer).
            3. Options we will not offer:
                - Those that do not meet the required standard (unless waiver signed by member).
                - Those that do not fit the overall design of the configuration.
                - Those that interfere with other components.
                - Those that do not fit the NJPA member's budget.
                - Those not not approved by the NJPA member.
                - Those not approved by the E-ONE SAE Engineering staff.
        ii. Pricing includes: Apparatus configurations as approved by the NJPA member
            1. Dealer Commission.
            2. Admin Fee (currently based on proposed .75%)
            3. Driveway – includes $5,000 of driveway expense (to be adjusted based on required delivery point, dealer or customer location). Could result in a credit or additional fee to the NJPA member based on the actual quote. The final delivery expense will be based on the driveway quote plus $150 administrative fee.
            4. Dealer prep – based on the apparatus model.
            5. Dealer delivery and training as per NFPA.
            6. Aerials, Industrial Pumpers, and ARFF configurations include 3 days of training as part of the base apparatus pricing.

iii. Optional Pricing Adjustments:

1. "HOT LIST" or "Clearance Units" – results in higher discount based on age and mileage. Results in lower cost.
2. "Special Promotions" – results in lower cost.
3. Change in Quantity – results in lower cost or upcharge based on changes.
4. Change Orders – results in lower cost or upcharge based on changes.
5. Driveway – as noted above, could result in lower cost or upcharge.
6. Dealer PDI – this is a fixed cost. Dealer may elect to lower the fee resulting in lower cost.
7. Prepay Discounts – results in discount.
8. Multiple Unit Discount (as noted below) – For a base line, we will provided a minimum 1% volume discount with the purchase of 3 or more units. This does not apply to the units discounted at a "flat rate". ***We will however review the overall scope of the purchase and reserve the right to work with the NJPA member to agree on an overall price agreeable to all parties.***
9. Trade-In Allowances – result in lower cost.
10. Performance Bond – results in added charges.
11. Dealer Supplied Equipment – results in added charges.
12. Dealer Supplied Misc – results in added charges.
13. Extended Coverages – results in added charges.
14. Added Training – results in added charges.
15. Trips – Prebuild – results in added charges based on # of members.
16. Trips – Mid Point Inspection – results in added charges based on # of members.
17. Trips – Final Inspection – results in added charges based on # of members.
18. Canadian Domiciled Units – Department of Motor Vehicles require a vehicle inspection before the apparatus can put the unit in service – results in added charges.
19. Canadian Domiciled Units – Canadian NJPA members have the option for quotes in U.S. or Canadian currency. If they choose Canadian, our quoting system provides automatic updates to help with the currency rate fluctuations. The published rate is based on an average of the last 7 days. The detail behind the Exchange Rate calculation can be provided to the NJPA member if requested. The NJPA member can lock in the rate for up to 30 days. (example: quotes locked in today, 02/23/2018, would be at 1.275)

E-ONE Apparatus Model Pricing Strategy – Quick Reference Guide

Model/SKU	Discount off MSRP	Notes
Commercial Mini-Pumpers	$5,000	Pre-discounted – Priced to Market – Flat fee discount
Commercial Pumpers – Value One	$25,000	Pre-discounted – Priced to Market – Flat fee discount
Commercial Pumpers	7%	E-ONE portion only – see notes below
Custom Pumpers – Value One	15%	Only available on Typhoon Chassis
Custom Pumpers	16-17%	Depends on the selected Chassis
Custom Urban Interface	16-17%	Depends on the selected Chassis
Commercial Tankers – Value One	$10,000	Pre-discounted – Priced to Market – Flat fee discount
Commercial Wetside Tankers	$15,000	Pre-discounted – Priced to Market – Flat fee discount
Commercial Tankers	7%	E-ONE portion only – see notes below
Custom Tankers	16-17%	Depends on the selected Chassis
Commercial Light Rescues	$5,000	Pre-discounted – Priced to Market – Flat fee discount
Commercial Heavy Rescues	5%	E-ONE portion only – see notes below
Custom Heavy Rescues	14-15%	Depends on the selected Chassis
Custom Aerial Booms	16-17%	Depends on the selected Chassis
Custom Aerial Ladder – Typhoon HP75	20%	
Custom Aerial Ladders	16-17%	Depends on the selected Chassis
Custom Aerial Platforms	17%	
Custom Aerial Articulated Platforms	12%	E-ONE portion only – see notes below
Watermaster	$15,000	Pre-discounted – Priced to Market – Flat fee discount
Wildlands – Initial Attack	$5,000	Pre-discounted – Priced to Market – Flat fee discount
Wildlands – Type III	7%	E-ONE portion only – see notes below
Industrial – Commercial Pumpers	5%	E-ONE portion only – see notes below
Industrial – Custom Pumpers	12-13%	Depends on the selected Chassis
Industrial – Custom Booms	12-13%	Depends on the selected Chassis
Industrial – Custom Platforms	13%	
Industrial – Custom Articulated Platforms	8%	E-ONE portion only – see notes below
ARFF – 4 X 4	7%	
ARFF – 6 X 6	7%	
ARFF - Ecologic	0%	ARFF Foam Tester – New Product

Please note:

I have provided examples of price comparisons on many of the models. These are based on actual E-ONE, Dealer, or Customer "custom" configured apparatus. I was limited in scope as I could only use those which were configured under the current price slot.

Items designated as "Pass thru" by E-ONE are broken out separately within our quoting system. Items in this category include training, commercial chassis', brokered items, etc.). These items are not discounted.

All prices effective 11/01/17.

E-ONE reserves the right to provide a higher discount based on the product mix and/or overall deal strategy.

E-ONE Initial Attack Pumpers

- This section covers Industrial Pumpers which are built on a third party OEM Commercial Cab/Chassis
- The NJPA member will be able to custom design a unit to meet his needs and mission requirements
  - Multiple OEM Commercial Chassis manufacturers, models, and options
  - Multiple body designs, modifications, and options
  - Multiple pump module configurations and options
  - Multiple pump ratings and options
  - Multiple tank sizes and options

Initial Attack Pumper Pricing Notes:

- Initial Attack pumper models are priced MSRP minus $5,000 - Priced to Market – Flat fee discount
- For the OEM Commercial Chassis - There is a chassis prep fee (covers wiring, mounts, misc items in preparation to mount to our body, tank, pump module, etc. and final programming.)

E-ONE reserves the right to provide a higher discount based on the product mix and/or overall deal strategy.

Apparatus Model (SKU)	Apparatus Descriptions	Base Price MSRP	Discount off MSRP	NJPA Adjusted Price
IAVA-COMM	Initial Attack, SM Commercial OEM Cab/Chassis Extruded Aluminum Body	As custom configured by NJPA member Example 323,877.10	$5,000 Flat Fee	MSRP minus $5,000 Example $227,877.10
IAVS-COMM	Initial Attack, SM Commercial OEM Cab/Chassis Stainless Steel Body	As custom configured by NJPA member	$5,000 Flat Fee	MSRP minus $5,000

E-ONE Commercial Pumpers

- This section covers Pumpers which are built on a third party OEM Commercial Cab/Chassis
- The NJPA member will be able to custom design a unit to meet his needs and mission requirements
  - Multiple OEM Commercial Chassis manufacturers, models, and options
  - Multiple body designs, modifications, and options
  - Multiple pump module configurations and options
  - Multiple pump ratings and options
  - Multiple tank sizes and options

Commercial Pumper Pricing Notes:

- Value One pumper models are priced at MSRP minus $25,000 - Priced to Market – Flat fee discount
- For the OEM Commercial Chassis - There is a chassis prep fee (covers wiring, mounts, misc items in preparation to mount to our body, tank, pump module, etc. and final programming.)
- Remaining Commercial Pumpers in this section are priced at MSRP minus 7% on only the E-ONE portion of the apparatus.

E-ONE reserves the right to provide a higher discount based on the product mix and/or overall deal strategy.

Apparatus Model (SKU)	Apparatus Descriptions	Base Price MSRP	Discount off MSRP	NJPA Adjusted Price
ESPA-COMM	Value One Pumper T Tank Commercial OEM Cab/Chassis Extruded Aluminum Body	As custom configured by NJPA member Example: $279,347.50	$25,000 Flat Fee	MSRP minus $25,000 Example: $254,347.50
XPSS-COMM	Value One LBT Pumper Commercial OEM Cab/Chassis Stainless Steel Body	As custom configured by NJPA member Example: $285,370.00	$25,000 Flat Fee	MSRP minus $25,000 Example: $260,370.00

E-ONE Custom Aerial Booms

- This section covers Aerial Booms which are built on an E-ONE Custom Cab/Chassis
  - Typhoon, Cyclone II, and Quest
- The NJPA member will be able to custom design a unit to meet his needs and mission requirements
  - Multiple body designs and lengths, modifications, and options
  - A pump module designed as a one man operation w multiple options
  - Multiple pump ratings and options
  - Multiple tank sizes and options

Custom Aerial Booms Pricing Notes:

- E-ONE Custom Cab/Chassis Booms in this section will be priced at MSRP minus 16% to 17% depending on the selected chassis.

E-ONE reserves the right to provide a higher discount based on the product mix and/or overall deal strategy.

Apparatus Model (SKU)	Apparatus Descriptions	Base Price MSRP	Discount off MSRP	NJPA Adjusted Price

b. **Category: Fire Apparatus Trade-Ins:** ***This is a "third party" vendor supplied option***
   i. Vendor, dealer, and NJPA member will agree on the proposed trade-in value.
   ii. Contract is between the vendor, dealer, and NJPA member.
   iii. Vendor, Dealer, and NJPA member should document what is and is not covered in the trade-in proposal.

c. **Category: Fire Apparatus Pre-Pay Discounts:** The selling dealer (E-ONE if no dealer) will provide the NJPA member a pre-pay discount dollar amount. The amount of the discount varies based on the apparatus model, the number of units, the amount being paid down on the purchase, and the estimated delivery.

d. **Category: Fire Apparatus Surety Bonds:** This is an option which can be selected by the NJPA member. The current cost of a Performance Bond will be quoted at $4 per $1000 based on the total price.

e. **Category: Fire Apparatus Leasing:** There is no index for leasing rates. However, REV Leasing will shop for the lowest rates available at the time of purchase. It is our goal to provide the NJPA member the most competitive leasing rates we can find, lower the total acquisition cost, and secure the order.

f. **Category: Fire Apparatus Parts:** Parts purchased direct from E-ONE will be at list price. We encourage NJPA members to work directly with our Dealer Partners to secure more competitive pricing. Our dealer contracts provide protected territories and restricts us from competing directly with our dealers. The dealer however can sell parts at a price to compete in his market, thus be more competitive. E-ONE will handle areas with no dealer direct with the NJPA member. ***Parts are priced FOB Ocala, FL.***

g. **Category: Training:** ***(see details on Form A Question 27)***
   i. Cost – $475.00 per person, per class. ***(Does not include travel and lodging by the enrollee)***
   ii. If taking an EVT class each member must pay an additional $60.00 for the EVT test. Students will have the opportunity to test out for EVT certification prior to their departure from Ocala.
   iii. NJPA members may also opt to discuss conducting remote training at a location of their choice. The fee for this type training is $650.00 per day plus travel expenses.
   iv. Please note there is a $100 fee for cancelling registration within 30 days of the class date.

h. **Category: Optional Warranties:** Dealer Net + 10%.
   i. **E-ONE extended warranties**
   ii. **Vendor component extended warranties**
   iii. **Third Party drivetrain warranties**

i. **Category: Collision Repair:**
   i. **Performed by E-ONE -** Quoted as "time and material". E-ONE, Dealer, and NJPA member must be in agreement with the quoted price for the scope of the work to be done. Depending on the amount of prep work required by the dealer, the dealer may be allowed up to a maximum of 10% markup.
   ii. **Performed by Dealer** – Quoted as "time and material". Dealer, and NJPA member must be in agreement with the quoted price for the scope of the work to be done.

j. **Category: Refurbs/Upgrades:**
   i. **Performed by E-ONE -** Quoted as "time and material". E-ONE, Dealer, and NJPA member must be in agreement with the quoted price for the scope of the work to be done. Depending on the amount of prep work required by the dealer, the dealer may be allowed up to a maximum of 10% markup.
   ii. **Performed by Dealer** - Quoted as "time and material". Dealer, and NJPA member must be in agreement with the quoted price for the scope of the work to be done.

k. **Category: Service/Maintenance Contracts:** Quoted at "time and materials" base on the scope of the work requested by the NJPA member. Discounts could apply based on the amount of work contracted. The majority of these will be contracted thru our E-ONE dealers.

l. **Category: Sourced Goods:** Quoted as "time and materials" base on the scope of the work requested by the NJPA member. Discounts could apply based on the amount of work contracted. The majority of these will be contracted thru our E-ONE dealers. An example of such items is listed on Form A, Question 3, Section J.

m. **Category: Third Party Services:** ***This is a "third party" vendor supplied option***. Quoted as "time and materials" base on the scope of the work requested by the NJPA member. Discounts could apply based on the amount of work contracted. The majority of these will be contracted thru our E-ONE dealers. Will be billed to NJPA member at vendor invoice plus 30%.

- Please quantify the discount range presented in this response. For example, indicate that the pricing in your response represents is a 50% percent discount from the MSRP or your published list.
  a. **Category: Fire Apparatus:** Discount ranges from 0% to 20% off MSRP (see tables)
  b. **Category: Fire Apparatus Trade-Ins:** 0% (quoted by third party vendors).
  c. **Category: Fire Apparatus Pre-Pay Discounts:** Discount ranges from 0% to 4% off dealer net.
  d. **Category: Fire Apparatus Surety Bonds:** 0% (purchased from third party).
  e. **Category: Fire Apparatus Leasing:** 0% (is competitively quoted at lowest rates we can negotiate).
  f. **Category: Fire Apparatus Parts:** 0% (if purchased direct from E-ONE). Can be negotiated by the NJPA members with the local E-ONE dealer.
  g. **Category: Training:** 0% (see details on Form A Question 27).
  h. **Category: Optional Warranties:** 0% (Some are E-ONE administered and priced, while the majority are purchased from 3rd parties).
  i. **Category: Collision Repair:** 0% (quoted at time and materials based on NJPA member needs).
  j. **Category: Refurbs/Upgrades:** 0% (quoted at time and materials base on NJPA member needs).
  k. **Category: Service/Maintenance Contracts:** 0% (quoted at time and materials base on NJPA member needs).
  l. **Category: Sourced Goods:** 0% ***See Form A, Question 3, Section J.*** (the majority of these will be contracted thru our E-ONE dealers by your NJPA members.
  m. **Category: Third Party Services:** 0% (the majority of these services will be thru our dealer/partners via third party providers and quoted to the NJPA member).
- The pricing offered in this proposal is

  _____a. the same as the Proposer typically offers to an individual municipality, university, or school district.

  _____b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.

  _____c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.

  __X___d. other than what the Proposer typically offers (please describe). – We have never offered our products at a discount off MSRP and never offered the additional portfolio of solutions within a given proposal. We have been careful to offer our products at prices similar to those proposed in other contracts.
- Describe any quantity or volume discounts or rebate programs that you offer.
  a. **Category: Fire Apparatus:** Depends on the product mix.
    i. Some products are already value priced and have very close margins.
    ii. Some products allow for more flexibility.
    iii. For a base line, we will provided a minimum 1% volume discount with the purchase of 3 or more units. This does not apply to the units discounted at a "flat rate". ***We will however review the overall scope of the purchase and reserve the right to work with the NJPA member to agree on an overall price agreeable to all parties.***
  b. **Category: Fire Apparatus Trade-Ins:** None (Third Party).
  c. **Category: Fire Apparatus Pre-Pay Discounts:** None (Fixed Discounts).
  d. **Category: Fire Apparatus Surety Bonds:** None (Fixed Percentages).
  e. **Category: Fire Apparatus Leasing:** None (We will offer best rate possible at time of quote).

f. **Category: Fire Apparatus Parts:** Can be negotiated at time of quote base on volume and/or quantity.
g. **Category: Training:** None (Fixed Pricing).
h. **Category: Optional Warranties:** None (Fixed pricing based on model, time, and miles).
i. **Category: Collision Repairs:** Can be negotiated at time of quote based on "time and materials".
j. **Category: Refurb/Upgrades:** Can be negotiated at time of quote based on "time and materials".
k. **Category: Service/Maintenance Contracts:** Can be negotiated at time of quote based on "time and materials" and the overall scope of the work to be completed.
l. **Category: Sourced Goods:** Can be negotiated at time of quote based on "time and materials" and the overall scope of the work to be completed.
m. **Category: Testing and Compliance (Third Party Services):** Can be negotiated at time of quote based on "time and materials" and the overall scope of the work to be completed.
n. ***E-ONE reserves the right to provide a higher discount based on the product mix and/or deal strategy.***

- Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.

a. **Category: Fire Apparatus:** Items we do not offer as standard options are call CR's (Customer Request). Our Applied Engineering team would investigate the scope of the work to be completed (labor and material) and establish a MSRP. Depending on the apparatus model, we would apply the same proposed discount off MSRP for the NJPA member price.
b. **Category: Fire Apparatus Trade-Ins:** Does not apply.
c. **Category: Fire Apparatus Pre-Pay Discounts:** Does not apply.
d. **Category: Fire Apparatus Surety Bonds:** Does not apply.
e. **Category: Fire Apparatus Leasing:** Does not apply.
f. **Category: Fire Apparatus Parts:** Items E-ONE stocks as part of our fire apparatus production can all be purchased by NJPA members. All parts sold by E-ONE to a NJPA member will be at list price. The same would apply to sourced parts. We suggest the NJPA member work directly with our dealer partners for more competitive pricing on sourced items. Each dealer has different pricing/discount matrixes with the vendors they represent. The dealer will need to work with the NJPA member to develop a competitive pricing stratedy to secure the NJPA member's business.
g. **Category: Training:** The E-ONE Training department can customize training programs to meet the goals of a NJPA member. ***The pricing would be the same as stated on Form A, Question 27.***
h. **Category: Optional Warranties:** If custom warranties were designed to meet a specific NJPA member's need, this would be negotiated with the vendors offering the custom warranty coverage.
i. **Category: Collision Repairs:** Direct thru E-ONE or our Dealer Partners. This category would be quoted as "time and materials" to complete the work.
j. **Category: Refurb/Upgrades:** Direct thru E-ONE or our Dealer Partners. This category would be quoted as "time and materials" to complete the work.
k. **Category: Service/Maintenance Contracts:** Direct thru E-ONE or our Dealer Partners
l. **Category: Testing and Compliance (Third Party Services):** Direct thru E-ONE or our Dealer Partners. This category would be quoted as "time and materials" to complete the work.

- Identify any total cost of acquisition costs that are **NOT** included in the pricing submitted with your response. This cost includes all additional charges that are not directly identified as freight or shipping charges. For example, list costs for items like installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.

a. *Canadian Domicile Units* – Require Department of Motor Vehicles Inspection before unit can be put into service. This fee is not included in our apparatus pricing and is so noted.

- If delivery or shipping is an additional cost to the NJPA Member, describe in detail the complete shipping and delivery program.
    a. **Category: Fire Apparatus:** As we do not know who will order an apparatus or where it will need to be shipped we have included the following driveway costs as standard on all fire apparatus.
        i. • $12,000 for ARFFs
        ii. • $5,000 all others
    b. At the time of quote we will ask for driveway estimates from our third party providers and adjust the final driveway cost based on delivery point (dealer/NJPA member) plus $150 (admin fee).
    c. The admin fee covers our internal costs, costs to get driver to bus station or airport, and misc. expenses during transit. We have provided a pricing matrix so NJPA members can view estimated driveway rates based on preset zones (miles). Matrix also outlines additional information relating to delivery to Canada, Alaska, Hawaii, and other US Territories.
    d. Based on the actual quote, some NJPA members will receive a credit and some will incur additional delivery cost.
    e. We did not feel it was appropriate to charge the highest unforeseen rate to every NJPA member.

    f. **All other categories: Delivery and shipping are not included unless included as part of the quote.**
    g. **Parts ordered from E-ONE are FOB Ocala, FL.**

- Specifically describe those shipping and delivery programs for Alaska, Hawaii, Canada, or any offshore delivery.

From Ocala, FL	Alaska Adjustments	Hawaii Adjustments	American Samoa Adjustments	Guam Adjustments	Northern Mariana Islands Adjustments	Puerto Rico Adjustments	U S Virgin Islands Adjustments	Canadian Adjustments
Fire Apparatus	$1,500.00	$1,700.00	N/A	N/A	N/A	$1,500.00	N/A	$1,500.00
4 X 4 ARFF	$30,000.00 Overland Cost	$14,000.00 To CA. port	$2,200.00 To lower east coast ports	$2,200.00 To lower east coast ports	$2,200.00 To lower east coast ports	$2,200.00 To lower east coast ports	$2,200.00 To lower east coast ports	No adjustments
6 X 6 ARFF	$33,900.00 Overland Cost	$16,500.00 To CA. port	$2,500.00 To lower east coast ports	$2,500.00 To lower east coast ports	$2,500.00 To lower east coast ports	$2,500.00 To lower east coast ports	$2,500.00 To lower east coast ports	No adjustments
From Hamburg, NY	Alaska Adjustments	Hawaii Adjustments	American Samoa Adjustments	Guam Adjustments	Northern Mariana Islands Adjustments	Puerto Rico Adjustments	U S Virgin Islands Adjustments	Canadian Adjustments
	$1,500.00	$1,700.00	N/A	N/A	N/A	$1,500.00	N/A	$1,500.00

- Describe any unique distribution and/or delivery methods or options offered in your proposal.
    a. Depending on location an NJPA member may have the opportunity to have high turnover volume parts stocked at one of our REV Technical Centers which would shorten the delivery time for these type parts. They would work with the local dealer to better qualify their needs and options.
    b. "Truck Down" shipping priority assures you your order will receive the Highest priority.
        i. Daily "Truck Down" meeting reviews all open orders for trucks "Out of Service".
        ii. Parts in stock ship same day if ordered by 4:40PM EST.

- Please specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with NJPA. This process includes ensuring that NJPA Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to NJPA.
    a. If awarded I will be holding webinars to communicate the elements and pricing as proposed in the contract.
        i. The solutions we have been awarded.
        ii. Pricing strategies/Proposed Discounts.
        iii. Responsibilities.
        iv. Admin Fees/Reporting.
        v. Audit requirements.
    b. Dealers will be encouraged to communicate with me during the start up phase to make sure we are pricing our proposals to meet the needs of the NJPA member, to secure the order, and increase market share.
    c. I will develop a Self Audit Questionnaire and Checklist to be conducted by the selling dealer during the infantcy stage.
    d. Since this will be a new contract for us and unfamiliar to our dealers, it would make sense for us to audit 100% of every booked order for the first 6 months to make sure it passes the Self Audit test.
    e. Track and log descrepancies as a training aid for continuous improvement.

- Identify a proposed administrative fee that you will pay to NJPA for facilitating, managing, and promoting the NJPA Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See RFP Section 6.29 and following for details.)
    a. New Apparatus Purchases – This is a blend of what we see across other contracts. We have several contracts at the .75% to 1% administration fee. Most of these do not impose a ceiling which opens the door for NJPA members to look at HGAC or BuyBoard as more cost effective, especially on multi-unit contracts.
        i. Commercial Pumpers – .75% of NJPA member's purchase order not to exceed $1500.
        ii. Commercial Tankers – .75% of NJPA member's purchase order not to exceed $1500.
        iii. Commercial Rescues – .75% of NJPA member's purchase order not to exceed $1500.
        iv. Custom Pumpers - .75% of NJPA member's purchase order not to exceed $1750.

v. Custom Tankers - .75% of NJPA member's purchase order not to exceed $1750.
vi. Custom Rescues - .75% of NJPA member's purchase order not to exceed $1750.
vii. Custom Aerial Booms - .75% of NJPA member's purchase order not to exceed $2000.
viii. Custom Aerial Ladders - .75% of NJPA member's purchase order not to exceed $2000.
ix. Custom Aerial Platforms - .75% of NJPA member's purchase order not to exceed $2000.
x. Custom Aerial Articulated Platforms - .75% of NJPA member's purchase order not to exceed $2000.
xi. Wildlands - .75% of NJPA member's purchase order not to exceed $1500.
xii. ARFF - .75% of NJPA member's purchase order not to exceed $2000.
xiii. Multiple unit purchases - .75% of NJPA member's purchase order not to exceed $2000.
xiv. Refurb and Collision repairs would be treated as a New Apparatus purchase at .75% of NJPA member's purchase order not exceed $1750.00.
xv. All other services –
    1. Less than $2,500 - $0
    2. $2,501 to $5,000 - $20
    3. $5,001 to $10,000 - $50
    4. $10,001 to $20,000 - $125
    5. $20,001 to $30,000 - $200
    6. $30,001 to $40,000 - $275
    7. $40,001 to $50,000 - $350
    8. $50,001 to $75,000 - $500
    9. $75,001 to $100,000 - $750
    10. $100,000 to $150,000 - $1,000
    11. $151,000 to $200,000 - $1,500

b. Maximum per NJPA member in a calendar year - $10,000
c. Texas – Currently BuyBoard is $1,500 per purchase order and HGAC is $2,000 per purchase order. We will add a fee of $1750 per purchase order to all Texas quotes. By state law, the end user must pay the fee.
d. These are only suggestions. We are open for discussion and will entertain NJPA's recommendation and/or suggestions to best meet their business needs.

Industry-Specific Questions

- State the extent to which the solutions that you propose are compliant with standards or requirements in the US, Canada, and/or applicable in the various states and provinces. Identify all related certifications or accreditations.

    a. Each NJPA member has an expectation that we as a manufacturer design and construct our fire apparatus to meet and/or exceed current industry standards, as they apply. For U.S. domiciles apparatus, all units are build to meet and/or exceed NFPA's current edition of standards. A "letter of compliancy" is issued on each completed vehicle and exceptions are noted. Either the dealer or NJPA member must sign stating the item of non-compliance will be corrected. An example may be the required reflective striping whereas a dealer of NJPA member elects to complete after shipment from E-ONE.
    b. If the unit is to be delivered outside the U.S. we would build and/or test to the testing requirements of the NJPA member or destination. Example: Canadian NJPA member requires ULC testing and certification and Canada requires a vehicle inspection prior to putting the vehicle in service.
    c. ARFF vehicles have additional requirements which must be followed as well.
    d. Listing of Industry Standards used for design, testing, and operation.
        i. ISO 9001—2008
        ii. NFPA 1901 for Automotive Fire Apparatus
        iii. NFPA 1906 for Wildland Fire Apparatus
        iv. NFPA 414 and NFPA 412 for Aircraft Rescue Fire Fighting vehicles
        v. UL Inspection Program (VIP) for NFPA 1901
        vi. ULC S515 for Fire Apparatus sold in Canada
        vii. FMVSS—Federal Motor Vehicle Safety Standards
        viii. CMVSS—Canadian Motor Vehicle Safety Standards
        ix. Economic Commission for Europe (ECE) R-29
        x. Society of Automotive Engineers (SAE) Standards where specified
        xi. Underwriters Laboratories (UL & ULC)
        xii. Federal Aviation Administration (FAA) AC 150/5220-10
        xiii. International Civil Aviation Organization (ICAO)

- Describe the features of your proposed solution(s) that address serviceability (parts availability, maintenance, repairs, support, etc.) and which you believe are "vendor differentiators."

    a. The footprint of our distribution channel as referenced on Form A Question 18 is a great expression of our commitment to provide parts and service support to NJPA members by use of:
        i. Our full service dealers
        ii. Our dealer and E-ONE contracted service providers
        iii. Our remote located E-ONE EVTs
        iv. Our remote located E-ONE field sales and product management
        v. Our REV RTC company support locations
    b. If needed, we can authorize a NJPA member to use their own EVT staff for pre-authorized repairs.

- Describe any manufacturing processes or material specification attributes that differentiate your offered solutions.

    a. E-ONE is a sole source provider. At all of our manufacturing facilities we design, fabricate, assemble, finish, complete, and test our custom cabs, our custom chassis', our custom bodies, our custom pump modules, our custom aerial ladders and platforms, our custom aerial torque boxes, jacks, and aerial supports. All apparatus are designed and built to meet and/or exceed NFPA requirements. When requested, additional testing is completed to meet and/or exceed ULC certification for your Canadian NJPA members. All final testing is conducted and authenticated by third party testing contractors.
    b. All custom aerial devices are designed and constructed to meet 2.5 to 1 structural safety margin exceeding NFPA's requirement of 2.0 to 1. This provides a higher safety margins during un-expected or emergency loading.

c. Cab Construction:
    i. All welded construction.
    ii. Use a network of vertical and horizontal 6061-T6 aluminum extrusions (minimum 3/16" thick) to form the superstructure and roll cage.
    iii. Use 6061-T6 aluminum plating (minimum 3/16" thick) for floor, side walls, rear wall, front, and roof surfaces.
    iv. Use of 3/16" plating provides 50% thicker plating than many of our competitors resulting in 236% higher RBM (resistance to bending) during accident or rollover enhancing occupant protection.
    v. All custom cabs are third party tested to exceed NFPA and ECE R-29 European crash testing requirements.
        1. Frontal Impact per SAE J2420 – Tested at 64,891 lbs. of force exceeding the NFPA required 34,844 lbs; twice that required by NFPA.
        2. Side Impact Dynamic Pre-Load per SAE J2422 (Section 5) Tested at 13,776 lbs. of force exceeding the NFPA required 13,000 lbs.
        3. Quasi-static Roof Strength (proof loads) per SAE J2422 (Section 6) / ECE R29, Annex 3, paragraph 5. – Typhoon and Cyclone II cabs tested at 117,336 lbs. exceeding the NFPA required 22,046 lbs; five times that required by NFPA.

d. Aluminum Body Construction:
    i. All welded construction.
    ii. A network of vertical and horizontal 3/16 thick 6061-T6 aluminum extrusions to construct body frame and superstructure. Provides a more robust design than form brake design bodies.
    iii. Use 6061-T6 aluminum plating (minimum 3/16" thick) for remainder of body construction.
    iv. Use 6061-T6 aluminum plating (1/8" thick) for inside compartment liners which do not impact body structure or strength.

e. Stainless Steel Body Construction:
    i. All welded construction.
    ii. A network of 304L stainless steel tubing frame and plating.
    iii. Optional FRP (Fiberglass Reinforced Panels) with non prorated paint warranty.

f. Aluminum Aerial Construction:
    i. All welded construction.
    ii. Use 6061-T6 aluminum extrusions (will not rust)
    iii. Oversized cables and shivs
    iv. All custom aluminum aerial devices are designed and constructed to meet 2.5 to 1 structural safety margin exceeding NFPA's requirement of 2.0 to 1. This provides a higher safety margins during un-expected or emergency loading.

g. Steel Aerial Construction:
    i. All welded construction
    ii. Use Domex steel (high strength to weight ratio)
    iii. Oversized cable and shivs
    iv. All custom aerial devices are designed and constructed to meet 2.5 to 1 structural safety margin exceeding NFPA's requirement of 2.0 to 1. This provides a higher safety margins during un-expected or emergency loading.

- Provide any market data or research supporting the longevity or reliability of your proposed solutions.

    a. There is no market data available.
    b. The used truck market dealers look at the E-ONE products as having more value and easier to sell.
    c. Our used aluminum aerials are highly sought as they have an extremely long service life with minimal repair cost.
    d. Oklahoma City refurbished several 20 year old ladders and platforms a few years back. We supplied brand new chassis while all 6 aerial devices were reused. During the refurb, the aerial light packages were upgraded to LED, all of the cylinders and cables were replaced (standard on aerial refurbs), the aerials were third party inspected and certified, and the aluminum swirl finish was renewed.
        i. During the inspection of the six devices, no structural issues were found. The first platform inspected had over 900 welds and not one single weld was cracked, thus no needed repairs. No major repairs were required on any of the 6 aerial devices.
        ii. It would be our expectation these will last another 20 years under normal use and maintenance.
    e. We offer an optional 5 year warranty on the refurbed devices if so chosen by your member.

- State whether your proposal includes the sale of "demo" units and describe the process related to offerings of demo units, if applicable.

    a. We typically do not have what is termed "demo" units.
    b. We do however have "stock retail units". Stock retail units are engineered and designed to duplicated apparatus with high demand and for customers needing a quick delivery. Stock retail units are equipped with the options typically ordered by our customer base and would not be classified as stripped down units. This multimillion dollar inventory changes on a regular basis due to unit sales, customer demand, and product promotions.
    c. We treat each of these units as new and discount based on the type apparatus and the option complexity. For pricing we apply the standard model discount plus additional discounts to compensate for the vehicle's age, mileage, and condition.
    d. All units are inspected and serviced on a regular basis.
    e. Vehicle condition is a priority as we used these units for National and Regional conferences and shows.
    f. We offer options for extended warranty, extended component warranty, and 3rd party drivetrain warranty on all vehicles we sell.

FORM 4-

Signature: _____ Date: 2/28/2018

DocuSign Envelope ID: 14509993-9902-4671-84FD-59970C6D0263

AMENDMENT
TO
CONTRACT #022818-EOI

THIS AMENDMENT is by and between **Sourcewell** and **REV Group, Inc., as assignee of E-ONE, Inc.** (Vendor).

Vendor has a Sourcewell Contract for Firefighting Apparatus, with Related Equipment, Accessories, and Supplies under Sourcewell Contract Number 022818-EOI effective April 16, 2018, through April 16, 2022, relating to the provision of goods or services by Vendor to Sourcewell and its Participating Entities (Original Agreement). The Original Agreement has been assigned to Vendor by Assignment Agreement dated October 13, 2020.

Vendor and Sourcewell desire to add the product lines of Vendor subsidiaries Ferrara Fire Apparatus and KME Fire Apparatus to the Sourcewell contract.

The parties agreed to amend the Original Agreement as described below in order to satisfy the validated needs of Sourcewell's Participating Entities.

The parties agree that certain terms within the Original Agreement will be amended, but only to the extent as provided below.

IN CONSIDERATION OF the mutual covenants and agreements described in this Amendment, the parties agree as follows:

1. This Amendment is effective upon the date of the last signature below.

2. This Amendment modifies the terms of the Original Agreement as follows:

    a. The response to Form P – "Provide a general narrative description of the equipment/products and related services you are offering in your proposal" is amended as follows:

    In the Fire Apparatus, Notes/Solutions Overview, insert:

    <u>We are offering the complete product line of Ferrara Fire Apparatus.</u>

    <u>We are offering the complete product line of KME Fire Apparatus.</u>

    b. The response to Form P – "Warranty" is amended as follows:

DocuSign Envelope ID: 14509993-9902-4671-84FD-59970C6D0263

After the Vendor's "Major Component/OEM Warranties Table", insert:

For Ferrara Fire Apparatus equipment and products, Ferrara Fire Apparatus standard warranties will apply to participating entity purchases under the contract.

For KME Fire Apparatus equipment and products, KME Fire Apparatus standard warranties will apply to participating entity purchases under the contract.

3. Except as amended by this Amendment, the Original Agreement remains in full force and effect.

National Joint Powers Alliance®

REQUEST FOR PROPOSAL

for the procurement of

FIREFIGHTING APPARATUS, WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES

RFP Opening

MARCH 1, 2018
8:30 a.m. Central Time
At the offices of the
National Joint Powers Alliance®
202 12th Street Northeast, Staples, MN 56479

RFP #022818

The National Joint Powers Alliance® (NJPA), on behalf of NJPA and its current and potential member agencies, which includes all governmental, higher education, K-12 education, not-for-profit, tribal government, and all other public agencies located in all fifty states, Canada, and internationally, issues this Request For Proposal (RFP) to result in a national contract solution for the procurement of #022818 FIREFIGHTING APPARATUS, WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES. Details of this RFP are available beginning January 11, 2018. Details may be obtained by letter of request to Chris Robinson, NJPA, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479, or by e-mail at RFP@njpacoop.org. Proposals will be received until February 28, 2018 at 4:30 p.m. Central Time at the above address and opened March 1, 2018 at 8:30 a.m. Central Time.

RFP Timeline

January 11, 2018	**Publication of RFP in the print and online version of *USA Today*, in the print and online version of the *Salt Lake News* within the State of Utah, in the print and online version of the *Daily Journal of Commerce* within the State of Oregon (note: OR entities this pertains to: http://www.njpacoop.org/oregon-advertising and also RFP Appendix B), in the print and online version of *The State* within the State of South Carolina, the NJPA website, MERX, Noticetobidders.com, PublicPurchase.com, Biddingo, and Onvia.**
February 14, 2018 10:00 a.m. CT	**Pre-Proposal Conference (the webcast/conference call). The connection information will be sent to all inquirers two business days before the conference.**
February 21, 2018	**Deadline for RFP questions.**
February 28, 2018 4:30 p.m. CT	**Deadline for Submission of Proposals. Late responses will be returned unopened.**
March 1, 2018 8:30 a.m. CT	**Public Opening of Proposals.**

Direct questions regarding this RFP to: Chris Robinson at chris.robinson@njpacoop.org or (218) 895-4168.

1 DEFINITIONS

A. CONTRACT

Contract means this RFP, current pricing information, fully executed Forms C, D, F, & P from the Proposer's response pursuant to this RFP, and a fully executed Form E ("Acceptance and Award") with final terms and conditions. Form E will be executed after a formal award and will provide final clarification of terms and conditions of the award.

B. PROPOSER

A Proposer is a company, person, or entity delivering a timely response to this RFP. This RFP may also use the terms "respondent" or "proposed Vendor," which is interchangeable with Proposer as the context allows.

C. SOURCED GOOD or OPEN MARKET ITEM

A Sourced Good or Open Market Item is a product within the RFP's scope 1) that is not currently available under the Vendor's NJPA contract, 2) that a member wants to buy under contract from an awarded Vendor, and 3) that is generally deemed incidental to the total transaction or purchase of contract items.

D. VENDOR

A Proposer whose response has been awarded a contract pursuant to this RFP.

2 ADVERTISEMENT OF RFP

2.1 NJPA advertises this solicitation: 1) in the hard copy print and online editions of the USA Today; 2) once each in Oregon's Daily Journal of Commerce, South Carolina's The State and Utah's Salt Lake Tribune; 3) on NJPA's website; and 4) on other third-party websites deemed appropriate by NJPA. Other third-party advertisers may include Onvia, PublicPurchase.com, MERX, and Biddingo.

2.2 NJPA also notifies and provides solicitation documentation to each state-level procurement departments for possible re-posting of the solicitation within their systems and at their option for future use and to meet specific state requirements.

3 INTRODUCTION

A. ABOUT NJPA

3.1 The National Joint Powers Alliance® (NJPA) is a public agency serving as a national municipal contracting agency established under the Service Cooperative statute by Minnesota Legislative Statute §123A.21 with the authority to develop and offer, among other services, cooperative procurement services to its membership. Eligible membership and participation includes states, cities, counties, all government agencies, both public and non-public educational agencies, colleges, universities and non-profit organizations.

3.2 Under the authority of Minnesota state laws and enabling legislation, NJPA facilitates a competitive solicitation and contracting process on behalf of the needs of itself and the needs of current and potential member agencies nationally. This process results in national procurement contracts with various Vendors of products/equipment and services which NJPA Member agencies desire to procure. These procurement contracts are created in compliance with applicable Minnesota Municipal Contracting Laws. A complete listing of NJPA cooperative procurement contracts can be found at www.njpacoop.org.

3.3 NJPA is a public agency governed by publicly elected officials that serve as the NJPA Board of Directors. NJPA's Board of Directors oversees and authorizes the calls for all new proposals and holds those resulting Contracts for the benefit of its own and its Members use.

3.4 NJPA currently serves over 50,000 member agencies nationally. Both membership and utilization of NJPA contracts continue to expand, due in part to the increasing acceptance of Cooperative Purchasing throughout the government and education communities nationally.

B. JOINT EXERCISE OF POWERS LAWS

3.5 NJPA cooperatively shares those contracts with its Members nationwide through various Joint Exercise of Powers Laws or Cooperative Purchasing Statutes established in Minnesota, other states and Canadian provinces. The Minnesota Joint Exercise of Powers Law is Minnesota Statute §471.59 which states "Two or more governmental units…may jointly or cooperatively exercise any power common to the contracting parties…" This Minnesota Statute allows NJPA to serve Member agencies located in all other states. Municipal agencies nationally can participate in cooperative purchasing activities under their own state law. These laws can be found on our website at http://www.njpacoop.org/national-cooperative-contract-solutions/legal-authority/.

3.5.1 For Members within the Commonwealth of Virginia, this RFP is intended to be a "joint procurement agreement" as described in Vir. Code § 2.2-4304(A), and those Virginia Members identified in Appendix C may agree to be a Joint Purchaser under this RFP.

3.5.2 For Members within Canada, this RFP is intended to include municipalities and publicly-funded academic institutions, schools boards, health authorities, and social services (MASH

sectors). In addition this RFP is intended to include current and potential Members of the Alberta Association of Municipal Districts and Counties (AAMDC), and their represented Associations (SARM, SUMA and AMM).

C. WHY RESPOND TO A NATIONAL COOPERATIVE PROCUREMENT CONTRACT

3.6 National Cooperative Procurement Contracts create value for Municipal and Public Agencies, as well as for Vendors of products/equipment and services in a variety of ways:

3.6.1 National cooperative contracts potentially save time and effort for municipal and public agencies, who otherwise would have to solicit vendor responses to individual RFPs, resulting in individual contracts, to meet the procurement needs of their respective agencies. Considerable time and effort is also potentially saved by the Vendors who would have had to otherwise respond to each of those individual RFPs. A single, nationally advertised RFP, resulting in a single, national cooperative contract can potentially replace thousands of individual RFPs for the same equipment/products/services that might have been otherwise advertised by individual NJPA member agencies.

3.6.2 NJPA contracts offer our Members nationally leveraged volume purchasing discounts. Our contract terms and conditions offer the opportunity for Vendors to recognize individual member procurement volume commitment through additional volume based contract discounts.

3.7 State laws that permit or encourage cooperative purchasing contracts do so with the belief that cooperative efficiencies will result in lower prices, better overall value, and considerable time savings.

3.8 The collective purchasing power of thousands of NJPA Member agencies nationwide offers the opportunity for volume pricing discounts. Although no sales or sales volume is guaranteed by an NJPA Contract resulting from this RFP, substantial volume is anticipated and volume pricing is requested and justified.

3.9 NJPA and its Members desire the best value for their procurement dollar as well as a competitive price. Vendors have the opportunity to display and highlight value-added attributes of their company, equipment/products and services without constraints of a typical individual proposal process.

D. THE INTENT OF THIS RFP

3.10. **National contract awarded by NJPA:** NJPA seeks the most responsive and responsible Vendor relationship(s) to reflect the best interests of NJPA and its Member agencies. Through a competitive proposal and evaluation process, the NJPA Proposal Evaluation Committee recommends vendors for a national contract awarded by the action of the NJPA Chief Procurement Officer. NJPA's primary intent is to establish and provide a national cooperative procurement contract that offer opportunities for NJPA and our current and potential Member agencies throughout the United States and Canada to procure quality product/equipment and services as desired and needed. The contracts will be marketed nationally through a cooperative effort between the awarded vendor(s) and NJPA. Contracts are expected to offer price levels reflective of the potential and collective volume of NJPA and the nationally established NJPA membership base.

3.11 Beyond our primary intent, NJPA further desires to:

3.11.1 Award a four-year contract with a fifth-year contract option resulting from this RFP. Any fifth-year extension is exercised at NJPA's discretion and results from NJPA's contracting needs or from Member requests; this extension is not intended merely to accommodate an awarded Vendor's request. If NJPA grants a fifth-year extension, it may also terminate the

contract (or cause it to expire) within the fifth year if the extended contract is replaced by a resolicited or newly solicited contract. In exigent circumstances, NJPA may petition NJPA's Board of Directors to extend the contract term beyond five years. This rarely used procedure should be employed only to avoid a gap in contract coverage while a replacement contract is being solicited;

3.11.2 Offer and apply any applicable technological advances throughout the term of a contract resulting from this RFP;

3.11.3 Deliver "Value Added" aspects of the company, equipment/products and services as defined in the "Proposer's Response";

3.11.4 Deliver a wide spectrum of solutions to meet the needs and requirements of NJPA and NJPA Member agencies; and

3.11.5 Award an exclusive contract to the most responsive and responsible vendor when it is deemed to be in the best interest of NJPA and the NJPA Member agencies.

3.12 Exclusive or Multiple Awards: Based on the scope of this RFP and on the responses received, NJPA may award either an exclusive contract or multiple contracts. In some circumstances, a single national supplier may best meet the needs of NJPA Members; in other situations, multiple vendors may be in the best interests of NJPA and the NJPA Members and preferred by NJPA to provide the widest array of solutions to meet the member agency's needs. NJPA retains sole discretion to determine which approach is in the best interests of NJPA Member agencies.

3.13 Non-Manufacturer Awards: NJPA reserves the right to make an award under this RFP to a non-manufacturer or dealer/distributor if such action is in the best interests of NJPA and its Members.

3.14 Manufacturer as a Proposer: If the Proposer is a manufacturer or wholesale distributor, the response received will be evaluated on the basis of a response made in conjunction with that manufacturer's authorized dealer network. Unless stated otherwise, a manufacturer or wholesale distributor Proposer is assumed to have a documented relationship with their dealer network where that dealer network is informed of, and authorized to accept, purchase orders pursuant to any Contract resulting from this RFP on behalf of the manufacturer or wholesale distributor Proposer. Any such dealer will be considered a sub-contractor of the Proposer/Vendor. The relationship between the manufacturer and wholesale distributor Proposer and its dealer network may be proposed at the time of the submission if that fact is properly identified.

3.15 Dealer/Reseller as a Proposer: If the Proposer is a dealer or reseller of the products and/or services being proposed, the response will be evaluated based on the Proposer's authorization to provide those products and services from their manufacturer. When requested by NJPA, Proposers must document their authority to offer those products and/or services.

E. SCOPE OF THIS RFP

3.16 Scope: The scope of this RFP is to award a contract to a qualifying vendor defined as a manufacturer, provider, or dealer/distributor, established as a Proposer, and deemed responsive and responsible through our open and competitive proposal process. Vendors will be awarded contracts based on the proposal and responders demonstrated ability to meet the expectations of the RFP and demonstrate the overall highest valued solutions which meet and/or exceed the current and future needs and requirements of NJPA and its Member agencies nationally within the scope of FIREFIGHTING APPARATUS, WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES.

3.17 Additional Scope Definitions: In addition to FIREFIGHTING APPARATUS, WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES, **this solicitation should be read to include, but not to be limited to:**

3.17.1 Automotive Fire Apparatus: including Pumper, Initial Attack, Mobile Water Supply, Aerial, Quint, Special Service, and Mobile Foam fire apparatus;

3.17.2 Wildland Fire Apparatus: including Types 1 – 7 Wildland Fire Suppression, Mobile Water, and Crew fire apparatus;

3.17.3 Aircraft Rescue and Firefighting (ARFF): including Aircraft Rescue and Firefighting vehicles;

3.17.4 Equipment, accessories, and supplies related to production of a turnkey solution for firefighting apparatus, all of which may be offered only in the context of the purchase of one or more firefighting apparatus unit(s).

3.17.4 NJPA reserves the right to limit the scope of this solicitation for NJPA, current and potential NJPA member agencies.

3.17.4.1 This solicitation should NOT be construed to include any of the following:

a. ambulance and emergency medical transport (see NJPA RFP #022118);
b. chassis-only proposals (see NJPA RFP #081716) or,
c. proposals for only health & safety, medical, surgical, or first aid related equipment, supplies, accessories, and services (see NJPA RFP #061417).

3.18 Overlap of Scope: When considering equipment/products/services, or groups of equipment/ products/services submitted as a part of your response, and whether inclusion of such will fall within a "Scope of Proposal," please consider the validity of an inverse statement.

3.18.1 For example, pencils and post-it-notes can generally be classified as office supplies and office supplies generally include pencils and post-it-notes.

3.18.2 In contrast, computers (PCs and peripherals) can generally be considered office supplies; however, the scope of office supplies does not generally include computer servers and infrastructure.

3.18.3 In conclusion: With this in mind, individual products and services must be examined individually by NJPA, from time to time and in its sole discretion, to determine their compliance and fall within the original "Scope" as intended by NJPA.

3.19 Best and Most Responsive – Responsible Proposer: It is the intent of NJPA to award a Contract to the best and most responsible and responsive Proposer(s) offering the best overall quality and selection of equipment/products and services meeting the commonly requested specifications of the NJPA and NJPA Members, provided the Proposer's Response has been submitted in accordance with the requirements of this RFP. Qualifying Proposers who are able to anticipate the current and future needs and requirements of NJPA and NJPA member agencies; demonstrate the knowledge of any and all applicable industry standards, laws and regulations; and possess the willingness and ability to distribute, market to and service NJPA Members in all 50 states are preferred. NJPA requests proposers submit their entire product line as it applies and relates to the scope of this RFP.

3.20 Sealed Proposals: NJPA will receive sealed proposal responses to this RFP in accordance with accepted standards set forth in the Minnesota Procurement Code and Uniform Municipal Contracting Law. Awards may be made to responsible and responsive Proposers whose proposals are determined in writing to be the most advantageous to NJPA and its current or qualifying future NJPA Member agencies.

3.21 Use of Contract: Any Contract resulting from this solicitation shall be awarded with the understanding that it is for the sole convenience of NJPA and its Members. NJPA and/or its members reserve the right to obtain like equipment/products and services solely from this contract or from another contract source of their choice or from a contract resulting from their own procurement process.

3.22 Awarded Vendor's interest in a contract resulting from this RFP: Awarded Vendors will be able to offer to NJPA, and current and potential NJPA Members, only those products/equipment and services specifically awarded on their NJPA Awarded Contract(s). Awarded Vendors may not offer as "contract compliant," products/equipment and services which are not specifically identified and priced in their NJPA Awarded Contract.

3.23 Sole Source of Responsibility- NJPA desires a "Sole Source of Responsibility" Vendor. This means that the Vendor will take sole responsibility for the performance of delivered equipment/products/ services. NJPA also desires sole responsibility with regard to:

3.23.1 Scope of Equipment/Products/Services: NJPA desires a provider for the broadest possible scope of products/equipment and services being proposed over the largest possible geographic area and to the largest possible cross-section of NJPA current and potential Members.

3.23.2 Vendor use of sub-contractors in sourcing or delivering equipment/product/services: NJPA desires a single source of responsibility for equipment/products and services proposed. Proposers are assumed to have sub-contractor relationships with all organizations and individuals whom are external to the Proposer and are involved in providing or delivering the equipment/products/services being proposed. Vendor assumes all responsibility for the equipment/products/services and actions of any such Sub-Contractor. Suggested Solutions Options include:

3.23.3 Multiple solutions to the needs of NJPA and NJPA Members are possible. Examples could include:

3.23.3.1 Equipment/Products Only Solution: Equipment/Products Only Solution may be appropriate for situations where NJPA or NJPA Members possess the ability, either in-house or through local third party contractors, to properly install and bring to operation those equipment/products being proposed.

3.23.3.2 Turn-Key Solutions: A Turn-Key Solution is a combination of equipment/products and services that provides a single price for equipment/products, delivery, and installation to a properly operating status. Generally this is the most desirable solution because NJPA and NJPA Members may not possess, or desire to engage, personnel with the necessary expertise to complete these tasks internally or through other independent contractors

3.23.3.3 Good, Better, Best: Where appropriate and properly identified, Proposers may offer the choice "of good, better, best" multiple-grade solutions to meet NJPA Members' needs.

3.23.3.4 Proven – Accepted – Leading-Edge Technology: Where appropriate and properly identified, Proposers may provide a spectrum of technology solutions to complement or enhance the proposed solutions to meet NJPA Members' needs.

3.23.4 If applicable, Contracts will be awarded to Proposer(s) able to deliver a proposal meeting the entire needs of NJPA and its Members within the scope of this RFP. NJPA prefers Proposers submit their complete product line of products and services described in the scope of this RFP.

NJPA reserves the right to reject individual, or groupings of specific equipment/products and services proposals as a part of the award.

3.24 Geographic Area to be Proposed: This RFP invites proposals to provide FIREFIGHTING APPARATUS, WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES to NJPA and NJPA Members throughout the entire United States and possibly internationally. Proposers will be expected to express willingness to explore service to NJPA Members located abroad; however the lack of ability to serve Members outside of the United States will not be cause for non-award. The ability and willingness to serve Canada, for instance, will be viewed as a value-added attribute.

3.25 Contract Term: At NJPA's option, a Contract resulting from this RFP will become effective either on the date awarded by the NJPA Board of Directors or on the day following the expiration date of an existing NJPA procurement contract for the same or similar product/equipment and services.

3.25.1 NJPA is seeking a Contract base term of four years as allowed by Minnesota Contracting Law. Full term is expected. However, one additional one-year renewal/extension may be offered by NJPA to Vendor beyond the original four year term if NJPA deems such action to be in the best interests of NJPA and its Members. NJPA reserves the right to conduct periodic business reviews throughout the term of the contract.

3.26 Minimum Contract Value: NJPA anticipates considerable activity resulting from this RFP and subsequent award; however, no commitment of any kind is made concerning actual quantities to be acquired. NJPA does not guarantee usage. Usage will depend on the actual needs of the NJPA Members and the value of the awarded contract.

3.27 [This section is intentionally blank.]

3.28 Contract Availability: This Contract must be available to all current and potential NJPA Members who choose to utilize this NJPA Contract to include all governmental and public agencies, public and private primary and secondary education agencies, and all non-profit organizations nationally.

3.28.1 With respect to Members within the Commonwealth of Virginia, this RFP is intended to be a "joint procurement agreement" as described in Vir. Code § 2.2-4304(A), and those Virginia Members identified in Appendix C must be allowed to use this Contract as a Joint Purchaser.

3.29 Proposer's Commitment Period: In order to allow NJPA the opportunity to evaluate each proposal thoroughly, NJPA requires any response to this solicitation be valid and irrevocable for ninety (90) days after the date proposals are opened.

F. EXPECTATIONS FOR EQUIPMENT/PRODUCTS AND SERVICES BEING PROPOSED

3.30 Industry Standards: Except as contained herein, the specifications or solutions for this RFP shall be those accepted guidelines set forth by the FIREFIGHTING APPARATUS, WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES industry, as they are generally understood and accepted within that industry across the nation. Submitted products/equipment, related services and accessories, and their warranties and assurances are required to meet and/or exceed all current, traditional and anticipated standards, needs, expectations, and requirements of NJPA and its Members.

3.30.1 Deviations from industry standards must be identified by the Proposer and explained how, in their opinion, the equipment/products and services they propose will render equivalent functionality, coverage, performance, and/or related services. Failure to detail all such deviations may comprise sufficient grounds for rejection of the entire proposal.

3.30.2 Technical Descriptions/Specifications. Excessive technical descriptions and specifications that unduly enlarge the proposal response may cause NJPA to reduce the evaluation points awarded on Form G. Proposers must supply sufficient information to:

3.30.2.1 demonstrate the Proposer's knowledge of industry standards and Member agency needs and expectations;

3.30.2.2 Identify the equipment/products and services being proposed as applicable to the needs and expectations of NJPA Member agencies; and

3.30.2.3 differentiate equipment/products and services from other industry manufacturers and providers.

3.31 New Current Model Equipment/Products: Proposals submitted shall be for new, current model equipment/products and services with the exception of certain close-out products allowed to be offered on the Proposer's "Hot List" described herein.

3.32 Compliance with laws and standards: All items supplied on this Contract shall comply with any current applicable safety or regulatory standards or codes.

3.33 Delivered and operational: Products/equipment offered herein are to be proposed based upon being delivered and operational at the NJPA Member's site. Exceptions to "delivered and operational" must be clearly disclosed in the "Total Cost of Acquisition" section of the proposal.

3.34 Warranty: The Proposer warrants that all products, equipment, supplies, and services delivered under this Contract shall be covered by the industry standard or better warranty. All products and equipment should carry a minimum industry standard manufacturer's warranty that includes materials and labor. The Proposer has the primary responsibility to submit product specific warranty as required and accepted by industry standards. Dealer/Distributors agree to assist the purchaser in reaching a solution in a dispute over warranty's terms with the manufacturer. Any manufacturer's warranty that is effective past the expiration of the warranty will be passed on to the NJPA member. Failure to submit a minimum warranty may result in non-award.

3.35 Additional Warrants: The Proposer warrants that all products/equipment and related services furnished hereunder will be free from liens and encumbrances; defects in design, materials, and workmanship; and will conform in all respects to the terms of this RFP including any specifications or standards. In addition, Proposer/Vendor warrants the products/equipment and related services are suitable for and will perform in accordance with the ordinary use for which they are intended.

G. SOLUTIONS-BASED SOLICITATION

3.36 The NJPA solicitation and contract award process is not based on detailed specifications. Instead, this RFP is a "Solutions-Based Solicitation." NJPA expects respondents to understand and anticipate the current and future needs of NJPA and its members—within the scope of this RFP—and to propose solutions that are commonly desired or required by law or industry standards. Proposal will be evaluated in part on your demonstrated ability to meet or exceed the needs and requirements of NJPA and our member agencies within the defined scope of this RFP.

3.37 While NJPA does not typically provide product and service specifications, the RFP may contain scope refinements and industry-specific questions. Where specific items are specified, those items should be considered the minimum required, which the proposal can exceed in order to meet Members' needs. NJPA may award all of the respondent's proposal or may limit the award to a subset of the proposal.

3 INSTRUCTIONS FOR PREPARING YOUR PROPOSAL

A. INQUIRY PERIOD

4.1 The inquiry period begins on the date of first advertisement and continues until to the Deadline for Submission." RFP packages will be distributed to potential Vendors during the inquiry period.

B. PRE-PROPOSAL CONFERENCE

4.2 A pre-proposal conference will be held at the date and time specified in the timeline on page one of this RFP. Conference information will be sent to all potential Proposers, and attendance is optional. The purpose of this conference is to allow potential Proposers to ask questions regarding this RFP and NJPA's competitive contracting process. Only answers issued in writing by NJPA to questions asked before or during the pre-proposal conference are binding on the parties to an awarded contract.

C. IDENTIFICATION OF KEY PERSONNEL

4.3 Awarded Vendors will designate one senior staff member to represent the Vendor to NJPA. This contact person will correspond with members for technical assistance, questions, or concerns that may arise, including instructions regarding different contacts for different geographical areas or product lines.

4.4 These designated individuals should also act as the primary contact for marketing, sales, and any other area deemed essential by the Proposer and NJPA.

D. PROPOSER'S EXCEPTIONS TO TERMS AND CONDITIONS

4.5 Any exceptions, deviations, or contingencies regarding this RFP that a Proposer requests must be documented on Form C, Exceptions To Proposal, Terms, Conditions And Solutions Request.

4.6 Exceptions, deviations or contingencies requested in the Proposer's response, while possibly necessary in the view of the Proposer, may result in lower scoring or disqualification of a proposal.

E. PROPOSAL FORMAT

4.7 All Proposers must examine the entire RFP package to seek clarification of any item or requirement that may not be clear and to check all responses for accuracy before submitting a proposal.

4.8 All proposals must be properly labeled and sent to "The National Joint Powers Alliance, 202 12th Street NE Staples, MN 56479."

4.9 All proposals must be physically delivered to NJPA at the above address with all required hard copy documents and signature forms/pages inserted as loose pages at the front of the Vendor's response. The proposal must include these items.

4.9.1 Hard copy original of completed, signed, and dated Forms C, D, F; hard copy of the signed signature-page only from Forms A and P from this RFP;

4.9.2 Signed hard copies of all addenda issued for the RFP;

4.9.3 Hard copy of Certificate of Insurance verifying the coverage identified in this RFP; and

4.9.4 A complete copy of your response on a flash drive (or other approved electronic means). The electronic copy must contain completed Forms A, B, C, D, F, and P, your statement of products and pricing (including apparent discount), and all appropriate attachments. In order to ensure that your full response is evaluated, you must provide an electronic version of any material that you provide in a hard copy format.

As a public agency, NJPA's proposals, responses, and awarded contracts are a matter of public record, except for such data that is classified as nonpublic. Accordingly, public data is available for review through a properly submitted public records request. To redact nonpublic information from your proposal (under Minnesota Statute §13.37), you must make your request within thirty (30) days of the contract award or non-award date.

4.10 All Proposal forms must be submitted in English and must be legible. All appropriate forms must be executed by an authorized signatory of the Proposer. Blue ink is preferred for signatures.

4.11 Proposal submissions should be submitted using the electronic forms provided. Proposers that use alternative documents are responsible for ensuring that the content is substantially similar to the NJPA form and that the document is readable by NJPA.

4.12 The Proposer must ensure that the proposal is in the physical possession of NJPA before the submission deadline.

4.12.1 Proposals must be submitted in a sealed envelope or box properly addressed to NJPA and prominently identifying the proposal number, proposal category name, the message **"Hold for Proposal Opening,"** and the deadline for proposal submission. NJPA is not responsible for untimely proposals. Proposals received by the deadline for proposal submission will be opened and the name of each Proposer and other appropriate information will be publicly read.

4.13 Proposers are responsible for checking directly with the NJPA website for any addendums to this RFP. Addendums to this RFP can change the terms and conditions of the RFP, including the proposal submission deadline.

F. QUESTIONS AND ANSWERS ABOUT THIS RFP

4.14 Upon examination of this RFP document, Proposer should promptly notify NJPA of any ambiguity, inconsistency, or error they may discover. Interpretations, corrections, and changes to this RFP will be considered by NJPA through a written addendum. Interpretations, corrections, or changes that are made in any other manner are not binding, and Proposers must not rely on them.

4.15 Submit all questions about this RFP, in writing, referencing FIREFIGHTING APPARATUS, WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES to Chris Robinson at NJPA 202 12th Street NE, Staples, MN 56479 or to RFP@njpacoop.org. You may also call Chris Robinson at (218) 895-4168. NJPA urges potential Proposers to communicate all concerns well in advance of the submission deadline to avoid misunderstandings. Questions received within seven (7) days before the submission deadline generally cannot be answered. NJPA may, however, field purely procedural questions, questions about NJPA-issued addenda, or questions involving a Proposer withdrawing its response before the RFP submission deadline.

4.16 If NPJA deems that its answer to a question has a material impact on other potential Proposers or on the RFP itself, NJPA will create an addendum to this RFP.

4.17 If NJPA deems that its answer to a question merely clarifies the existing terms and conditions and does not have a material impact on other potential Proposers or the RFP itself, no further documentation of that question is required.

4.18 Addenda are written instruments issued by NJPA that modify or interpret the RFP. All addenda issued by NJPA become a part of the RFP. Addenda will be delivered to all Potential Proposers using the same method of delivery of the original RFP material. NJPA accepts no liability in connection with the delivery of any addenda. Copies of addenda will also be made available on the NJPA website at www.njpacoop.org

(under "Current and Pending Solicitations") and from the NJPA offices. All Proposers must acknowledge their receipt of all addenda in their proposal response.

4.19 Any amendment to a submitted proposal must be in writing and must be delivered to NJPA by the RFP submission deadline.

4.20 through 4.21 [These sections are intentionally blank.]

G. MODIFICATION OR WITHDRAWAL OF A SUBMITTED PROPOSAL

4.22 A submitted proposal must not be modified, withdrawn, or cancelled by the Proposer for a period of ninety (90) days following the date proposals were opened. Before the deadline for submission of proposals, any proposal submitted may be modified or withdrawn by notice to the NJPA Procurement Manager. Such notice must be submitted in writing and must include the signature of the Proposer. The notice must be delivered to NJPA before the deadline for submission of proposals and must be so worded as not to reveal the content of the original proposal. The original proposal will not be physically returned to the potential Proposer until after the official proposal opening. Withdrawn proposals may be resubmitted up to the time designated for the receipt of the proposals if they fully conform with the proposal instructions.

H. PROPOSAL OPENING PROCEDURE

4.23 Sealed and properly identified responses for this RFP entitled FIREFIGHTING APPARATUS, WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES will be received by Chris Robinson, Procurement Manager, at NJPA Offices, 202 12th Street NE, Staples, MN 56479 until the deadline identified on page one of this RFP**.** All Proposal responses must be submitted in a sealed package. The outside of the package must plainly identify FIREFIGHTING APPARATUS, WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES and the RFP number. To avoid premature opening, the Proposer must label the Proposal response properly. **NJPA documents the receipt of proposals by immediately time- and date-stamping them.** At the time of the public opening, the NJPA Director of Procurement or a representative from the NJPA Proposal Evaluation Committee will read the Proposer's names aloud and will determine whether each submission has met Level-1 responsiveness.

I. NJPA'S RIGHTS RESERVED

4.24 NJPA may exercise the following rights with regard to the RFP.

4.24.1 Reject any and all proposals received in response to this RFP;

4.24.2 Disqualify any Proposer whose conduct or proposal fails to conform to the requirements of this RFP;

4.24.3 Duplicate without limitation all materials submitted for purposes of RFP evaluation, and duplicate all public information in response to data requests regarding the proposal;

4.24.4 Consider and accept for evaluation a late modification of a proposal if 1) the proposal itself was submitted on time, 2) the modifications were requested by NJPA, and 3) the modifications make the terms of the proposal more favorable to NJPA or its members;

4.24.5 Waive any non-material deviations from the requirements and procedures of this RFP;

4.24.6 Extend the Contract, in increments determined by NJPA, not to exceed a total Contract term of five years;

4.24.7 Cancel the Request for Proposal at any time and for any reason with no cost or penalty to NJPA;

4.24.8 Correct or amend the RFP at any time with no cost or penalty to NJPA. If NJPA corrects or amends any segment of the RFP after submission of proposals and before the announcement of the awarded Vendor, all proposers will be afforded a reasonable opportunity to revise their proposals in order to accommodate the RFP amendment and the new submission dates. NJPA will not be liable for any errors in the RFP or other responses related to the RFP; and

4.24.9 Extend proposal due dates.

5 PRICING

5.1 NJPA requests that potential Proposers respond to this RFP only if they are able to offer a wide array of products and services at lower prices and with better value than what they would ordinarily offer to a single government agency, a school district, or a regional cooperative.

5.2 This RFP requests pricing for an indefinite quantity of products or related services with potential national sales distribution and service. While most RFP categories represent significant sales opportunities, NJPA makes no guarantees about the quantity of products or services that members will purchase. **The estimated annual value of this contract is $50 Million.**

Vendors are expected to anticipate additional volume through potential government, educational, and not-for-profit agencies that would find value in a national contract awarded by NJPA.

5.3 Regardless of the payment method selected by NJPA or an NJPA member, the total cost associated with any purchase option of the products and services must always be disclosed in the proposal and at the time of purchase.

5.4 All proposers must submit "Primary Pricing" in the form of either "Line-Item Pricing," or "Percentage Discount from Catalog Pricing," or a combination of these pricing strategies. Proposers are also encouraged to offer optional pricing strategies such as "Hot List," "Sourced Products," and "Volume Discounts," as well as financing options such as leasing. All pricing documents should include a clear effective date.

A. LINE-ITEM PRICING

5.5 Line-item pricing is a pricing format in which individual products or services are offered at specific Contract prices. Products or services are individually priced and described by characteristics such as manufacture name, stock or part number, size, or functionality. This method of pricing may offer the least amount of confusion, but Proposers with a large number of items may find this method cumbersome. In these situations, a percentage discount from catalog or category pricing model may make more sense and may increase the clarity of the contract pricing format.

5.6 All line-item pricing items must be numbered, organized, sectioned (including SKUs, when applicable), and prepared to be easily understood by the Evaluation Committee and members.

5.7 Submit Line-Item Pricing items in an Excel spreadsheet format and include all appropriate identification information necessary to discern the line item from other line items in each Responder's proposal.

5.8 Line-item pricing must be submitted to NJPA in a searchable spreadsheet format (e.g., Microsoft® Excel®) in order to facilitate quickly finding any particular item of interest. For that reason, Proposers are responsible for providing the appropriate product and service identification information along with the pricing information that is typically found on an invoice or price quote for such product or services.

5.9 All products or services typically appearing on an invoice or price quote must be individually priced and identified on the line-item price sheet, including any and all ancillary costs.

5.10 Proposers should provide both a published "List Price" as well as a "Proposed Contract Price" in their pricing matrix. Published List Price will be the standard "quantity of one" price currently available to government and educational customers, excluding cooperative and volume discounts.

B. PERCENTAGE DISCOUNT FROM CATALOG OR CATEGORY

5.11 This pricing model involves a specific percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price (MSRP) for the products or services being proposed.

5.12 Individualized percentage discounts can be applied to any number of defined product groupings.

5.13 A percentage discount from MSRP may be applied to all elements identified in MSRP, including all manufacturer options applicable to the products or services.

5.14 When a Proposer elects to use "Percentage Discount from Catalog or Category," Proposer will be responsible for providing and maintaining current published MSRP with NJPA, and this pricing must be included in its proposal and provided throughout the term of any Contract resulting from this RFP.

C. COST PLUS A PERCENTAGE OF COST

5.15 "Cost plus a percentage of cost" as a primary pricing mechanism is not desirable. It is, however, acceptable for pricing sourced goods or services.

D. HOT LIST PRICING

5.16 Where applicable, a Vendor may opt to offer a specific selection of products or services, defined as "Hot List" pricing, at greater discounts than those listed in the standard Contract pricing. All product and service pricing, including the Hot List Pricing, must be submitted electronically in a format that is acceptable to NJPA. Hot List pricing must be submitted in a line-item format. Products and services may be added or removed from the Hot List at any time through an NJPA Price and Product Change Form.

5.17 Hot List program and pricing may also be used to discount and liquidate close-out and discontinued products and services as long as those close-out and discontinued items are clearly labeled as such. Current ordering process and administrative fees apply. This option must be published and made available to all NJPA Members.

E. CEILING PRICE

5.18 Proposal pricing is to be established as a ceiling price. At no time may the proposed products or services be offered under this Contract at prices above this ceiling price without a specific request and approval by NJPA. Contract prices may be reduced at any time, for example, to reflect volume discounts or to meet the needs of an NJPA Member.

5.19 [This section is intentionally blank.]

F. VOLUME PRICE DISCOUNTS / ADDITIONAL QUANTITIES

5.20 through 5.23 [These sections are intentionally blank.]

G. TOTAL COST OF ACQUISITION

5.24 The Total Cost of Acquisition for the equipment/products and related services being proposed, including those payable by NJPA Members to either the Proposer or a third party, is the cost of the proposed equipment/products product/equipment and related services delivered and operational for its intended purpose in the end-user's location. For example, if you are proposing equipment/products FOB Proposer's

dock, your proposal should reflect that the contract pricing does not provide for delivery beyond Proposer's dock, nor any set-up activities or costs associated with those delivery or set-up activities. Any additional costs for delivery and set-up should be clearly disclosed. In contrast, a proposal could state that there are no additional costs of acquisition if the product is delivered to and operational at the end-user's location.

H. SOURCED GOOD or OPEN MARKET ITEM

5.25 A Sourced Good or an Open Market Item is a product that a member wants to buy under contract that is not currently available under the Vendor's NJPA contract. This method of procurement can be satisfied through a contract sourcing process. Sourcing options serve to provide a more complete contract solution to meet our members' needs. Sourced items are generally deemed incidental to the total transaction or purchase of contract items.

5.26 NJPA or NJPA Members may request products, equipment, and related services that are within the related scope of this RFP, even if they are not included in an awarded Vendor's line-item price list or catalog. These items are known as Sourced Goods or Open Market Items.

5.27 An awarded Vendor may source such items to the extent that the items are identified as "Sourced Products/Equipment" or "Open Market Items" on any quotation issued in reference to an NJPA awarded contract, and that this information is provided to either NJPA or an NJPA Member. NJPA is not responsible for determining whether a Sourced Good is an incidental portion of the overall purchase or whether a Member is able to consider a Sourced Good a purchase under an NJPA contract.

5.28 "Cost plus a percentage" pricing is an acceptable option in pricing of Sourced Goods.

I. PRODUCT & PRICE CHANGES

5.29 Awarded Vendors may request product or service changes, additions, or deletions at any time throughout the contract term. All requests must be made in written format by completing the NJPA Price and Product Change Request Form (located at the end of this RFP and on the NJPA website), signed by an authorized Vendor representative. All changes are subject to review and approval by NJPA. Submit your requests through email to your assigned Contract Manager and to PandP@njpacoop.org.

5.30 NJPA will determine whether the request is both within the scope of the original RFP and in the best interests of NJPA and NJPA Members. Approved Price and Product Change Request Forms will be returned to the Vendor contact through email.

5.31 The Vendor must 1) complete this change request form and individually list or attach all items subject to change, 2) provide a sufficiently detailed explanation and documentation for the change, and 3) include a compete restatement of pricing document in appropriate format (preferably Excel). The pricing document must identify all products and services being offered and must conform to the following NJPA product and price change naming convention: (Vendor Name) (NJPA Contract #) (effective pricing date); for example, "COMPANY 012411-CPY effective 02-12-2016."

5.32 The new pricing restatement must include *all* products and services offered, even for those items whose pricing remains unchanged, and must include a new effective date on the pricing documents. This requirement reduces confusion by providing a single, current pricing sheet for each vendor and creates a historical record of pricing.

5.33 ADDITIONS. New products and related services may be added to a Contract resulting from this RFP at any time during that Contract term to the extent that those products and related services are within the scope of this RFP. Allowable new products and related services generally include updated models of products and enhanced services that reflect new technology and improved functionality.

5.34 DELETIONS. New products and related services may be deleted from a contract if an item is no longer available.

5.35 PRICE CHANGES. A Vendor may request pricing changes by providing reasonable justification for the change. For example, a request for a 3% increase in a product line that relies heavily on petroleum products may be reasonable if the raw cost of required petroleum products has increased substantially. Conversely, a request for a 3% increase in prices based only on a 3% increase in a cost-of-living index may be considered unreasonable. Although NJPA is sensitive to the possibility of fluctuations in raw material costs, prospective Vendors should make every reasonable attempt to account for normal cost changes by proposing pricing that will be effective throughout the duration of the four-year Contract.

5.35.1 *Price decreases:* NJPA expects Vendors to propose their very best prices and anticipates price reductions that are due to advancement in technology and marketplace efficiencies.

5.35.2 *Price increases:* A Vendor must include reasonable documentation for price-increase requests, along with both current and proposed pricing. Appropriate documentation should be attached to the Price and Product Change Request Form, including letters from suppliers announcing price increases. Price increases must not exceed the industry standard.

5.36 through 5.37 [These sections are intentionally blank.]

5.38 Proposers representing multiple manufacturers, or carrying multiple related product lines may also request the addition of new manufacturers or product lines to their Contract to the extent they remain within the scope of this RFP.

5.39 through 5.43 [These sections are intentionally blank.]

K. SALES TAX

5.44 Sales and other taxes should not be included in the prices quoted. The Vendor will charge state and local sales and other applicable taxes on items for which a valid tax-exemption certification has not been provided. Each NJPA Member is responsible for providing verification of tax-exempt status to the Vendor. When ordering, NJPA Members must indicate that they are tax-exempt entities. Except as set forth herein, no party is responsible for taxes imposed on another party as a result of or arising from the transactions under a Contract resulting from this RFP.

L. SHIPPING

5.45 Shipping costs can constitute a significant portion of the overall cost of procurement. Consequently, significant weight will be given to the quality of a prospective Vendor's shipping program. Shipping charges should reasonably reflect the actual cost of shipping. NJPA understands that Vendors may use other shipping cost methods for simplicity or for transparency. But to the extent that shipping costs are determined to disproportionately increase a Vendor's profit, NJPA may reduce the points awarded in the "Pricing" criteria.

5.46 through 5.47 [These sections are intentionally blank.]

5.48 All shipping and restocking fees must be identified in the price program. Certain industries providing made-to-order products may not allow returns. Proposals will be evaluated not only on the actual costs of shipping, but on the relative flexibility extended to NJPA Members relating to restocking fees, shipping errors, customized shipping requirements, the process for rejecting damaged or delayed shipments, and similar subjects.

5.49 through 5.50 [These sections are intentionally blank.]

5.51 Delivered products must be properly packaged. Damaged products may be rejected. If the damage is not readily apparent at the time of delivery, the Vendor must permit the products to be returned within a reasonable time at no cost to NJPA or NJPA Member. NJPA and NJPA Members reserve the right to inspect the products at a reasonable time subsequent to delivery where circumstances or conditions prevent effective inspection of the products at the time of delivery.

5.52 The Vendor must deliver Contract-conforming products in each shipment and may not substitute products without the express approval from NJPA or the NJPA Member.

5.53 NJPA reserves the right to declare a breach of Contract if the Vendor intentionally delivers substandard or inferior products that are not under Contract and described in its paper or electronic price lists or sourced upon request of any Member under this Contract. In the event of the delivery of nonconforming products, the NJPA Member will notify the Vendor as soon as possible and the Vendor will replace nonconforming products with conforming products that are acceptable to the NJPA member.

5.54 Throughout the term of the Contract, Proposer agrees to pay for return shipment on products that arrive in a defective or inoperable condition. Proposer must arrange for the return shipment of the damaged products.

6 EVALUATION OF PROPOSALS

A. PROPOSAL EVALUATION PROCESS

6.1 The NJPA proposal evaluation committee will evaluate proposals received based on a 1,000 point evaluation system. The committee establishes both the evaluation criteria and designates the relative weight of each criterion by assigning possible scores for each category on Form G of this RFP. The committee may adjust the relative weight of the criteria for each RFP. (For example, if the "Warranty" criterion does not apply to a particular RFP, the points normally awarded under "Warranty" may be used to increase the number of potential points in another evaluation category or categories.) The "Pricing" criterion will contain at least a plurality of points for every RFP.

6.2 NJPA uses a scoring system that gives primary importance to "Pricing." But pricing includes more than just the absolute lowest initial cost of purchasing, for example, a particular product. Other considerations include the total cost of the acquisition and whether the Proposer's offering represents the best value. The evaluation committee may consider such factors as life-cycle costs, total cost of ownership, quality, and the suitability of an offering in meeting NJPA Members' needs. Pricing points may be awarded based on pricing clarity and ease of use. NJPA may also award points based on whether a response contains exceptions, exclusions, or limitations of liabilities.

6.3 The NJPA Board of Directors will consider making awards to the selected Proposer(s) based on the recommendations of the proposal evaluation committee. To qualify for the final evaluation, a Proposer must have been deemed responsive as a result of the criteria set forth under "Proposer Responsiveness," found just below.

B. PROPOSER RESPONSIVENESS

6.4 All responses are evaluated for Level-One and Level-Two Responsiveness. If a response does not substantially conform to substantially all of the terms and conditions in the solicitation, or if it requires unreasonable exceptions, it may be considered nonresponsive.

6.5 All proposals must contain suitable responses to the questions in the proposal forms. The following requirements must be satisfied in order to meet Level-One Responsiveness, which is typically ascertained

on the proposal opening date. If these standards are not met, your response may be disqualified as nonresponsive.

6.6 Level-One Responsiveness means that the response

6.6.1 is received before the deadline for submission or it will be returned unopened;

6.6.2 is properly addressed and identified as a sealed proposal with a specific RFP number and an opening date and time;

6.6.3 contains a pricing document (with apparent discounts) and all other forms fully completed, even if "not applicable" is the answer;

6.6.4 includes the original (hard copy) completed, dated, and signed RFP forms C, D, and F. In addition, the response must include the hard-copy signed signature page only from RFP Forms A and P and, if applicable, all signed addenda that have been issued in relation to this RFP;

6.6.5 contains an electronic (CD, flash drive, or other suitable) copy of the entire response; and

6.7 Level-Two Responsiveness (including whether the response is within the RFP's scope) is determined while evaluating the remaining items listed under Proposal Evaluation Criteria below. These items are not arranged in order of importance. Each item draws from multiple questions, and a Proposer's responses may affect scoring in multiple evaluation criteria. For example, the answers to Industry-Specific Questions may help determine scoring relative to a Proposer's marketplace success, ability to sell and service nationwide, and financial strength. Any questions not answered without an explanation will likely result in a loss of points and may lead to a nonaward if the proposal evaluation committee cannot effectively review your response.

C. PROPOSAL EVALUATION CRITERIA

6.8 Forms A and P include a series of questions that address the following categories:

6.8.1 Company Information and Financial Strength

6.8.2 Industry Requirements and Marketplace Success

6.8.3 Ability to Sell and Deliver Service Nationwide

6.8.4 Marketing Plan

6.8.5 Other Cooperative Procurement Contracts

6.8.6 Value-Added Attributes

6.8.7 Payment Terms and Financing Options

6.8.8 Warranty

6.8.9 Equipment/Products/Services

6.8.10 Pricing and Delivery

6.8.11 Industry-Specific Questions

6.9 [This section is intentionally blank.]

D. OTHER CONSIDERATIONS

6.10 In evaluating RFP responses, NJPA has no obligation to consider information that is not provided in the Proposer's response. NJPA may, however, consider additional information outside the Proposer's response. This research may include such sources as the Proposer's website, industry publications, listed references, and user interviews.

6.11 NJPA may organize RFP responses into separate classes or subcategories, depending on the range of responses. For example, NJPA might receive numerous submissions for "Widgets and Related Products and Services." NJPA may organize these responses into subcategories, such as manufacturers of fully operational Widgets, manufacturers of component parts for Widgets, and providers of parts and service for Widgets. NJPA reserves the right to award Proposers in some or all of such subcategories without regard to the evaluation score given to Proposers in another subcategory. This specifically allows NJPA to award Vendors that might not have, for instance, the breadth of products of Proposers in another subcategory, but that nonetheless meet a substantial and articulated need of NJPA Members.

6.12 [This section is intentionally blank.]

6.13 NJPA reserves the right to request and test equipment/products and related services and to seek clarification from Proposers. Before the Contract award, the Proposer must furnish the requested information within three (3) days (or within another agreed-to time frame) or provide an explanation for the delay along with a requested time frame for providing the requested information. Proposers must make reasonable efforts to supply test products promptly. All Proposer products remain the property of the Proposer, and NJPA will return such products after the evaluation process. NJPA may make provisional contract awards, subject to a Proposer's proper response to a request for information or products.

6.14 A Proposer's past performance under previously awarded contracts to schools, governmental agencies, and not-for-profit entities is relevant in evaluating a Proposer's current response. Past performance includes the Proposer's record of conforming to published specifications and to standards of good workmanship, as well as the Proposer's history for reasonable and cooperative behavior and for commitment to Member satisfaction. Incumbency as an awarded Vendor does not, by itself, merit positive consideration for a future Contract award.

6.15 NJPA reserves the right to reject any or all proposals.

E. COST COMPARISON

6.16 NJPA may use a variety of evaluation methods, including cost comparisons of specific products. NJPA reserves the right to use this process when the proposal evaluation committee determines that this will help to make a final determination.

6.17 This direct cost comparison process will award points for being low to high Proposer for each cost evaluation item selected. A "Market Basket" of identical (or substantially similar) equipment/products and related services may be selected by the proposal evaluation committee, and the unit cost will be used as a basis for determining the point value. NJPA will select the "Market Basket" from all appropriate product categories as determined by NJPA.

F. MARKETING PLAN

6.18 A Proposer's marketing plan is a critical component of the RFP response. An awarded Vendor's sales force will likely be the primary source of communication with NJPA Members and will directly affect the contract's success. Marketing success depends on communicating the contract's value, knowing the contract thoroughly, and communicating the proper use of contracted products and services to the end user. Much of the success and sales reward is a direct result of the commitment to the contract by the awarded Vendor's sales teams. NJPA reserves the right to deem a Proposer Level-Two nonresponsive or not to award a contract based on an unacceptable or incomplete marketing plan.

6.19 NJPA marketing expectations include the following components.

6.19.1 An awarded Vendor must demonstrate the ability to deploy a national sales force or dealer network. The best RFP responses demonstrate the ability to sell, deliver, and service products through acceptable distribution channels to NJPA members in all 50 states. Proposers' responses should fully demonstrate their sales and service capabilities, should outline their national sales force network (both numerically geographically), and should describe their method of distribution of the offered products and related services. Service may be independent of the product sales pricing, but NJPA encourages related services to be a part of Proposers' response. Despite its preference for awarding contracts to Vendors that demonstrate nationwide sales and service, NJPA reserves the right to award contracts that meet specific Member needs locally or regionally.

6.19.2 Proposers are invited to demonstrate their ability to successfully market, promote, and communicate the benefits of an NJPA contract to current and potential Members nationwide. NJPA desires a marketing plan that communicates the value of the contract to as many Members as possible.

6.19.3 Proposers are expected to be receptive to NJPA trainings. Awarded Vendors must provide an appropriate training venue for both management and the sales force. NJPA commits to providing training on all aspects of communicating the value of the awarded contract, including the authority of NJPA to offer the contract to its Members, the value and utility the contract delivers to NJPA Members, the scope of NJPA Membership, the authority of Members to use NJPA procurement contracts, the preferred marketing and sales methods, and the successful use of specific business sector strategies.

6.19.4 Awarded Vendors are expected to demonstrate a commitment to fully embrace the NJPA contract. Proposers should identify both the appropriate levels of sales management and sales force that will need to understand the value of the NJPA contract, as well as the internal procedures needed to deliver the appropriate messaging to NJPA Members. NJPA will provide a general schedule and a variety of methods describing when and how those individuals should be trained.

6.19.5 Proposers should outline their proposed involvement in promoting an NJPA contract through applicable industry trade show exhibits and related customer meetings. Proposers are encouraged to consider participation with NJPA at NJPA-endorsed national trade shows.

6.19.6 Proposers must exhibit the willingness and ability to actively market and develop contract-specific marketing materials including the following items.

6.19.6.1 Complete Marketing Plan. Proposers must submit a marketing plan outlining how they will launch the NJPA contract to current and potential NJPA Members. NJPA requires awarded Vendors to embrace and actively promote the contract in cooperation with the NJPA.

6.19.6.2 Printed Marketing Materials. Awarded Vendors will produce and maintain full color print advertisements in camera-ready electronic format, including company logos and contact information to be used in the NJPA directory and other approved marketing publications.

6.19.6.3 Contract announcements and advertisements. Proposers should outline in the marketing plan their anticipated contract announcements, advertisements in industry periodicals, and other direct or indirect marketing activities promoting the awarded NJPA contract.

6.19.6.4 Proposer's Website. Proposers should identify how an awarded Contract will be displayed and linked on the Proposer's website. An online shopping experience for NJPA Members is desired whenever possible.

6.19.7 An NJPA Vendor contract launch will be scheduled during a reasonable time frame after the award and held at the NJPA office in Staples, MN unless the Vendor and NJPA agree to a different location.

6.20 Proposer shall identify their commitment to develop a sales/communication process to facilitate NJPA membership and establish status of current and potential agencies/members. Proposer should further express their commitment to capturing sufficient member information as is deemed necessary by NJPA.

G. CERTIFICATE OF INSURANCE

6.21 Proposers must provide evidence of liability insurance coverage identified below in the form of a Certificate of Insurance (COI) or an ACORD binder form with their proposal. Upon an award issued under this RFP and before the execution of any commerce relating to such award, the awarded Vendor must provide verification, in the form of a Certificate of Insurance, identifying the coverage required below and identifying NJPA as a "Certificate Holder." The Vendor must maintain such insurance coverage at its own expense throughout the term of any contract resulting from this solicitation.

6.22 Any exceptions or assumptions to the insurance requirements must be identified on Form C of this RFP**.** Exceptions and assumptions will be considered as part of the evaluation process. Any exceptions or assumptions that Proposers submit must be specific. If a Proposer does not include specific exceptions or assumptions when submitting the proposal, NJPA will typically not consider any additional exceptions or assumptions during the evaluation process. Upon contract award, the awarded Vendor must provide the Certificate of Insurance identifying the coverage as specified.

6.23 Insurance Liability Limits. The awarded Vendor must maintain, for the duration of its contract, $1.5 million in general liability insurance coverage or general liability insurance in conjunction with an umbrella for a total combined coverage of $1.5 million. Work on the Contract will not begin until after the awarded Vendor has submitted acceptable evidence of the required insurance coverage. Failure to maintain any required insurance coverage or an acceptable alternative method of insurance will be deemed a breach of contract.

6.23.1 Minimum Scope and Limits of Insurance. An awarded Vendor must provide coverage with limits of liability not less than those stated below. An excess liability policy or umbrella liability policy may be used to meet the minimum liability requirements provided that the coverage is written on a "following form" basis.

6.23.1.1 Commercial General Liability—Occurrence Form
Policy shall include bodily injury, property damage and broad form contractual liability and XCU coverage.

6.23.1.2 Each Occurrence $1,500,000

6.24 Insurance Requirements: The limits listed in this RFP are minimum requirements for this Contract and in no way limit any indemnity covenants contained in this Contract. NJPA does not warrant that the minimum limits contained herein are sufficient to protect the Vendor from liabilities that might arise out of the performance of the work under this Contract by the Vendor, its agents, representatives, employees, or subcontractors, and the Vendor is free to purchase additional insurance as may be determined necessary.

6.25 Acceptability of Insurers: Insurance is to be placed with insurers duly licensed or authorized to do business in the State of Minnesota and with an "A.M. Best" rating of not less than A- VII. NJPA does

not warrant that the above required minimum insurer rating is sufficient to protect the Vendor from potential insurer solvency.

6.26 Subcontractors: Vendors' certificate(s) must include all subcontractors as additional insureds under its policies, or the Vendor must furnish to NJPA separate certificates for each subcontractor. All coverage for subcontractors are be subject to the minimum requirements identified above.

H. ORDER PROCESS AND/OR FUNDS FLOW

6.27 NJPA Members typically issue a purchase order directly to a Vendor under a Contract resulting from this RFP. Alternatively, a separate contract may be created to facilitate acquiring products or services offered in response to this RFP. Nothing in this Contract restricts the Member and Vendor from agreeing to add terms or conditions to a purchase order or a separate contract provided that such terms or conditions must not be less favorable to NJPA's Members.

6.28 [This section is intentionally blank.]

I. ADMINISTRATIVE FEES

6.29 Vendors will pay to NJPA an administrative fee in exchange for NJPA facilitating this Contract with its current and potential Members. NJPA may grant a conditional contract award to a Proposer if the proposed administrative fee is unclear, inadequate, or unduly burdensome for NJPA to administer. Sales under this Contract should not be processed until the parties resolve the administrative fee issue.

6.29.1 The administrative fee is typically calculated as a percentage of the dollar volume of all products and services by NJPA Members under this Contract, including anything represented to NJPA Members as falling under this Contract.

6.29.2 The administrative fee is included in, and not added to, the pricing included in Proposer's response to the RFP. Awarded Vendors must not charge NJPA Members more that permitted in the then current price list in order to offset the administrative fee.

6.29.3 The administrative fee is designed to cover the costs of NJPA's involvement in contract management, facilitating marketing efforts, Vendor training, and any order processing tasks relating to the Contract. Administrative fees may also be used for other purposes as allowed by Minnesota law.

6.29.4 The administrative fee under this Contract can be expressed as a percentage of total contract sales or as a per-unit amount. While NJPA does not dictate the particular fee percentage, we require that the Proposer articulate a specific fee in its response. For example, merely stating that "we agree to pay an administrative fee" is considered nonresponsive. NPJA acknowledges that the administrative fee percentage may differ between vendors, industries, and responses.

6.29.5 NJPA awarded Vendors are responsible for paying the administrative fee at least quarterly and for generating all related reporting. Vendors agree to cooperate with NJPA in auditing these reports to ensure that the administrative fee is paid on all items purchased under the Contract.

6.29.6 Notwithstanding Sections 6.29.1 and 6.29.4 above, for Members within the State of Texas, pursuant to Texas Stat. §2301, the administrative fee to be proposed shall be a flat fee applicable to each purchase order irrespective of the quantity specified in the purchase order. A typical administrative fee in such cases is $1000.00 per purchase order. The fee is to be levied on and paid by the Member.

6.30 through 6.32 [This section is intentionally blank.]

J. VALUE–ADDED ATTRIBUTES

6.33 Desirability of Value-Added Attributes: Value-added attributes in an RFP response will be given positive consideration in NJPA's evaluation process. Such attributes may increase the benefit of a product or service by improving functionality, performance, maintenance, manufacturing, delivery, energy efficiency, ordering, or other items while remaining within the scope of this RFP.

6.34 Women and Minority Business Enterprise (WMBE), Small Business, and Other Favored Businesses: Some NJPA Members give formal preference to certain types of vendors or contractors. Proposers should document WMBE (or other) status for both their organization and for any affiliates (e.g., supplier networks) involved in fulfilling the terms of this RFP. The ability of a Proposer to provide preferred business entity "credits" to NJPA and NJPA Members under a Contract will be evaluated positively by NJPA and reflected in the "value added" area of the evaluation.

6.35 Environmentally Preferred Purchasing Opportunities: Many NJPA Members consider the environmental impact of the products and services they purchase. "Green" characteristics demonstrated by Proposers will be evaluated positively by NJPA and reflected in the "value added" area of the evaluation. Please identify any green characteristics of any offering in your proposal and identify the sanctioning body determining that characteristic. Where appropriate, please indicate which products have been certified as green and by which certifying agency.

6.36 Online Requisitioning Systems: When applicable, online requisitioning systems will be viewed as a value-added characteristic. Proposers should demonstrate how their system makes online ordering easier for NJPA Members, including how Members could integrate their current e-Procurement or enterprise resource planning (ERP) systems into the Proposer's ordering process.

6.37 Financing: The ability of the Proposer to provide financing solutions to Members for the products and services being proposed will be viewed as a value-added attribute.

6.38 Technology: Technological advances that appreciably improve the proposed products or services will be considered value-added attributes.

K. WAIVER OF FORMALITIES

6.39 NJPA reserves the right to waive minor formalities (or to accept minor irregularities) in any proposal, when it determines that considering the proposal may be in the best interest of its Members.

7 POST-AWARD OPERATING ISSUES

A. SUBSEQUENT AGREEMENTS

7.1 Purchase Order. Purchase orders for products and services may be executed between NJPA Members and the awarded Vendor (or Vendor's sub-contractors) under this Contract. NJPA Members and Vendors must indicate on the face of such purchase orders that "This purchase order is issued under NJPA contract #XXXXXX" (insert the relevant contract number). Purchase order flow and procedure will be developed jointly between NJPA and an awarded Vendor after an award is made.

7.2 Governing Law. Purchase orders must be construed in accordance with, and governed by, the laws of a competent jurisdiction with respect to the Member. (See also Section 8.5 of this RFP.) All provisions required by law to be included in the purchase order should be read and enforced as if they were included. If through mistake or otherwise any such provision is not included, then upon application of either party the Contract shall be physically amended to make such inclusion or correction. The venue for any litigation arising out of disputes related to purchase order will be a court of competent jurisdiction with respect to the Member.

7.3 Additional Terms and Conditions. Additional terms and conditions to a purchase order may be proposed by NJPA, NJPA Members, or Vendors. Acceptance of these additional terms and conditions is

optional to all parties to the purchase order. One purpose of these additional terms and conditions is to address job- or industry-specific requirements of law such as prevailing wage legislation. Additional terms and conditions may also include specific local policy requirements and standard business practices of the issuing Member or the Vendor. Such additional terms and conditions are not considered valid to the extent that they interfere with the general purpose, intent, or currently established terms and conditions contain in this RFP document. For example, a Vendor and Member may agree to add a "net 30" payment requirement to the purchase order instead of applying a "net 10" requirement. But the added terms and conditions must not be less favorable to the Member unless NJPA, the Member, and the Vendor agree to a Contract amendment or similar modification.

7.4 Specialized Service Requirements. In the event that the NJPA Member desires service requirements or specialized performance requirements (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements) not addressed in the Contract resulting from this RFP, the NJPA Member and the Vendor may enter into a separate, standalone agreement, apart from a Contract resulting from this RFP. Any proposed service requirements or specialized performance requirements require pre-approval by the Vendor. Any separate agreement developed to address these specialized service or performance requirements is exclusively between the NJPA Member and Vendor. NJPA, its agents, and employees shall not be made a party to any claim for breach of such agreement. Product sourcing is not considered a service. NJPA Members will need to conduct procurements for any specialized services not identified as a part of or within the scope of the awarded Contract.

7.5 Performance Bond. At the request of the Member, a Vendor will provide all performance bonds typically and customarily required in their industry. These bonds will be issued pursuant to the requirements of purchase orders for products and services. If a purchase order is cancelled for lack of a required performance bond by the member agency, NJPA recommends that the current pending purchase order be canceled. Each Member has the final decision on purchase order continuation. Any performance bonding required by the Member, the Member's state laws, or by local policy is to be mutually agreed upon and secured between the Vendor and the Member.

7.6 Asset Management Contracts: Asset Management-type Contracts can be initiated under a Contract resulting from this RFP at any time during the term of this Contract. Such a contract could involve, for example, picking up, storing, repairing, inventorying, salvaging, and delivery products falling within the scope of this Contract. The intention in using Asset Management Contracts is to promote the long-term efficiency of NJPA's contracts by (among other things) extending the use and re-use of products. Asset Management Contracts cannot be created under this Contract unless they are executed within the authorized term of a Contract resulting from this RFP. The actual term of the Asset Management Contract may, however, extend beyond the expiration date of this Contract.

B. NJPA MEMBER SIGN-UP PROCEDURE

7.7 Awarded Vendors are responsible for familiarizing their sales and service forces with the various forms of NJPA membership documentation and will encourage and assist potential Members in establishing membership with NJPA. NJPA membership is available at no cost, obligation, or liability to the Member or the Vendor.

C. REPORTING OF SALES ACTIVITY

7.8 Awarded Vendors must report at least quarterly the total gross dollar volume of all products and services purchased by NJPA Members as it applies to this RFP and Contract. This report must include the name and address of the purchasing agency, Member number, amount of purchase, and a description of the items purchased.

7.8.1 Zero sales reports: Awarded Vendors must provide a quarterly Contract sales report regardless of the amount of sales.

D. AUDITS

7.9 NJPA relies substantially on the reasonable auditing efforts of both Members and awarded Vendors to ensure that Members are obtaining the products, services, pricing, and other benefits under all NJPA contracts. Nonetheless, the Vendor must retain and make available to NJPA all order and invoicing documentation related to purchases that Members make from the Vendor under the awarded Contract. NJPA must not request such information more than once per calendar year, and NJPA must make such requests in writing with at least fourteen (14) days' notice. NJPA may employ an independent auditor at its own expense or conduct an audit on its own. In either event, the Vendor agrees to cooperate fully with NJPA or its agents in order to ensure compliance with this Contract.

E. HUB PARTNER

7.10 Hub Partner: NJPA Members may request special services through a "Hub Partner" for the purpose of complying with a law, regulation, or rule that an NJPA Member deems to apply in its jurisdiction. Hub Partners may bring value to the proposed transactions through consultancy, through qualifying for disadvantaged business entity credits, or through other means.

7.11 Hub Partner Fees: NJPA Members are responsible for any transaction fees, costs, or expenses that arise under this Contract for special service provided by the Hub Partner. The fees, costs, or expenses levied by the Hub Vendor must be clearly itemized in the transaction documentation. To the extent that the Vendor stands in the chain of title during a transaction resulting from this RFP, the documentation must clearly indicate that the transaction is "Executed for the Benefit of [NJPA Member name]."

F. TRADE-INS

7.12 The value in US Dollars for Trade-ins will be negotiated between NJPA or an NJPA Member, and an Awarded Vendor. That identified "Trade-In" value shall be viewed as a down payment and credited in full against the NJPA purchase price identified in a purchase order issued pursuant to any Awarded NJPA procurement contract. The full value of the trade-in will be consideration.

G. OUT OF STOCK NOTIFICATION

7.13 The Vendor must immediately notify NJPA Members when they order an out-of-stock item. The Vendor must also tell the Member when the item will be available and whether there are equivalent substitutes. The Member must have the option of accepting the suggested substitute or canceling the item from the order. Under no circumstance may the Vendor make unauthorized substitutions. Unfilled or substituted items must be indicated on the packing list.

H. CONTRACT TERMINATION FOR CAUSE AND WITHOUT CAUSE

7.14 NJPA reserves the right to cancel all or any part of this Contract if the Vendor fails to fulfill any material obligation, term, or condition as described in the following procedure. Before any such termination for cause, the NJPA will provide written notice to the Vendor, an opportunity to respond, and a reasonable opportunity to cure the breach. The following are some examples of material breaches.

7.14.1 The Vendor provides products or services that do not meet reasonable quality standards and that are not remedied under the warranty;

7.14.2 The Vendor fails to ship the products or to provide the services within a reasonable amount of time;

7.14.3 NJPA reasonably believes that the Vendor will not or cannot perform to the requirements or expectations of the Contract, NJPA issues a request for assurance, and the Vendor fails to respond;

7.14.4 The Vendor fails to fulfill any of the material terms and conditions of the Contract;

7.14.5 The Vendor fails to follow the established procedure for purchase orders, invoices, or receipt of funds as established by NJPA and the Vendor;

7.14.6 The Vendor fails to properly report quarterly sales;

7.14.7 The Vendor fails to actively market this Contract within the guidelines provided in this RFP and defined in the NJPA contract launch.

7.15 Upon receipt of the written notice of breach, the Vendor will have ten (10) business days to provide a satisfactory response to NJPA. If the Vendor fails to reasonably address all issues in the written notice, NJPA may terminate the Contract immediately. If NJPA allows the Vendor more time to remedy the breach, such forbearance does not limit NJPA's authority to immediately terminate the Contract for continued breaches for which notice was given to the Vendor. Termination of the Contract for cause does not relieve either party of the financial, product, or service obligations incurred before the termination.

7.16 NJPA may terminate the Contract if the Vendor files for bankruptcy protection or is acquired by an independent third party. The Vendor must disclose to NJPA any litigation, bankruptcy, or suspensions/disbarments that occur during the Contract period. Failure to disclose such information authorizes NJPA to immediately terminate the Contract.

7.17 NJPA may terminate the Contract without cause by giving the Vendor sixty (60) days' written notice of termination. Termination of the Contract without cause does not relieve either party of the financial, product, or service obligations incurred before the termination.

7.18 NJPA may immediately terminate any Contract without further obligation if any NJPA employee significantly involved in initiating, negotiating, securing, drafting, or creating the Contract on behalf of NJPA has colluded with any Proposer for personal gain. NJPA may also immediately cancel a Contract if it finds that gratuities, in the form of entertainment, gifts or otherwise, were offered or given by the Vendor or any agent or representative of the Vendor, to any employee of NJPA. Such terminations are effective upon written notice from NJPA or at a later date designated in the notice. Termination of the Contract does not relieve either party of the financial, product, or service obligations incurred before the termination.

8 GENERAL TERMS AND CONDITIONS

8. ADVERTISING A CONTRACT RESULTING FROM THIS RFP

8.1 Proposer/Vendor must not advertise or publish information concerning this Contract before the award is announced by NJPA. Once the award is made, a Vendor is expected to advertise the awarded Contract to both current and potential NJPA Members.

B. APPLICABLE LAW

8.2 [This section is intentionally blank.]

8.3 NJPA Compliance with Minnesota Procurement Law: NJPA has designed its procurement process to comply with best practices in the State of Minnesota. NJPA's solicitation methods are also created to comply with many of the various requirements that our Members must satisfy in their own procurement processes. But these requirements may differ considerably and may change from time to time. So each NJPA Member must make its own determination whether NJPA's solicitation process satisfies the procurement rules in the Member's jurisdiction.

8.4 Governing law with respect to delivery and acceptance: All applicable portions of the Minnesota Uniform Commercial Code, all other applicable Minnesota laws, and the applicable laws and rules of delivery and inspection of the Federal Acquisition Regulations (FAR) laws will govern NJPA contracts resulting from this solicitation.

8.5 Jurisdiction: Any claims that arise against NJPA pertaining to this RFP, and any resulting contract that develops between NJPA and any other party, must be brought only in courts in Todd County in the State of Minnesota unless otherwise agreed to.

8.5.1 Purchase orders or other agreements created pursuant to a contract resulting from this solicitation must be construed in accordance with, and governed by, the laws of the issuing Member. Any claim arising from such a purchase order or agreement must be filed and venued in a court of competent jurisdiction of the Member unless otherwise agreed to.

8.6 through 8.7 [This section is intentionally blank.]

8.8 Indemnification: Each party is responsible for its own acts and is not responsible for the acts of the other party and the results thereof. NJPA's liability is governed by the Minnesota Tort Claims Act (Minn. Stat. §3.736) and other applicable law.

8.9 Prevailing wage: The Vendor must comply with applicable prevailing wage legislation in effect in the jurisdiction of the NJPA Member. The Vendor must monitor the prevailing wage rates as established by the appropriate federal governmental entity during the term of this Contract and adjust wage rates accordingly.

8.10 Patent and copyright infringement: The Vendor agrees to indemnify and hold harmless NJPA and NJPA Members against any and all suits, claims, judgments, and costs instituted or recovered against the Vendor, NJPA, or NJPA Members by any person on account of the use or sale of any articles by NJPA or NJPA Members if the Vendor supplied such articles in violation of applicable patent or copyright laws.

C. ASSIGNMENT OF CONTRACT

8.11 No right or interest in this Contract may be assigned or transferred by the Vendor without prior written permission by the NJPA. No delegation of any duty of the Vendor under this Contract may be made without prior written permission of the NJPA. NJPA will notify Members by posting approved assignments on the NJPA website (www.njpacoop.org).

8.12 If the original Vendor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor-in-interest must perform all obligations under this Contract. NJPA reserves the right to reject the acquiring entity as a Vendor. A change of name agreement will not change the contractual obligations of the Vendor.

D. LIST OF PROPOSERS

8.13 NJPA will not maintain a list of interested proposers, nor will it automatically send RFPs to them. All interested proposers must request the RFP as a result of NJPA's national solicitation advertisements. Because of the wide scope of the potential Members and qualified national suppliers, NJPA has determined this to be the best method of fairly soliciting proposals.

E. CAPTIONS, HEADINGS, AND ILLUSTRATIONS

8.14 The captions, illustrations, headings, and subheadings in this RFP are for convenience and ease of understanding and in no way define or limit the scope or intent of this request.

F. DATA PRACTICES

8.15 All materials submitted in response to this RFP become NJPA's property and become public records (under Minn. Stat. §13.591) after the evaluation process is completed. If the Proposer submits information in response to this RFP that it requests to be classified as nonpublic information (as defined by the Minnesota Government Data Practices Act, Minn. Stat. §13.37), the Proposer must meet the following requirements.

8.15.1 The Proposer must make the request within thirty (30) days of the award/nonaward notification, and include the appropriate statutory justification. Pricing, marketing plans, and financial information is generally not redactable. The NJPA Legal Department will review the request to determine whether the information can be withheld or redacted. If NJPA determines that it must disclose the information upon a proper request for such information, NJPA will inform the Proposer of such determination.

8.15.2 The Proposer must defend any action seeking release of the materials that it believes to be nonpublic information, and it must indemnify and hold harmless NJPA, its agents, and employees, from any judgments or damages awarded against NJPA in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives the term of any contract awarded under this RFP. In submitting a response to this RFP, the Proposer agrees that this indemnification survives as long as NJPA possesses the confidential information.

8.16 [This section is intentionally blank.]

G. ENTIRE AGREEMENT

8.17 This Contract, as defined herein, constitutes the entire agreement between the parties to this Contract. A Contract resulting from this RFP is formed when the NJPA Board of Directors approves and signs the applicable Contract Award & Acceptance document (Form E).

H. FORCE MAJEURE

8.18 Except for payments of sums due, neither party is liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented due to force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence including, but not limited to, the following: acts of God, acts of the public enemy, war, riots, strikes, mobilization, labor disputes, civil disorders, fire, flood, snow, earthquakes, tornadoes or violent wind, tsunamis, wind shears, squalls, Chinooks, blizzards, hail storms, volcanic eruptions, meteor strikes, famine, sink holes, avalanches, lockouts, injunctions-intervention-acts, terrorist events or failures or refusals to act by government authority and/or other similar occurrences where such party is unable to prevent by exercising reasonable diligence. The force majeure is deemed to commence when the party declaring force majeure notifies the other party of the existence of the force majeure and is deemed to continue as long as the results or effects of the force majeure prevent the party from resuming performance in accordance with a Contract resulting from this RFP. Force majeure does not include late deliveries of products and services caused by congestion at a manufacturer's plant or elsewhere, an oversold condition of the market, inefficiencies, or other similar occurrences. If either party is delayed at any time by force majeure, then the delayed party must (if possible) notify the other party of such delay within forty-eight (48) hours.

8.19 through 8.20 [These sections are intentionally blank.]

I. LICENSES

8.21 The Vendor must maintain a valid status on all required federal, state, and local licenses, bonds, and permits required for the operation of the business that the Vendor conducts with NJPA and NJPA Members.

8.22 All responding Proposers must be licensed (where required) and must have the authority to sell and distribute the offered products and services to NJPA and NJPA Members. Documentation of the required licenses and authorities, if applicable, should be included in the Proposer's response to this RFP.

J. MATERIAL SUPPLIERS AND SUB-CONTRACTORS

8.23 The awarded Vendor must supply the names and addresses of sourcing suppliers and sub-contractors as a part of the purchase order when requested by NJPA or an NJPA Member.

K. NON-WAIVER OF RIGHTS

8.24 No failure of either party to exercise any power given to it hereunder, nor a failure to insist upon strict compliance by the other party with its obligations hereunder, nor a custom or practice of the parties at variance with the terms hereof, nor any payment under a Contract resulting from this RFP constitutes a waiver of either party's right to demand exact compliance with the terms hereof. Failure by NJPA to take action or to assert any right hereunder does not constitute a waiver of such right.

L. PROTESTS OF AWARDS MADE

8.25 And protests must be filed with NJPA's Executive Director and must be resolved in accordance with appropriate Minnesota rules. Protests will only be accepted from Proposers. A protest of an award or nonaward must be filed in writing with NJPA within ten (10) calendar days after the public notice or announcement of the award or nonaward. A protest must include the following items.

8.25.1 The name, address, and telephone number of the protester;

8.25.2 The original signature of the protester or its representative (you must document the authority of the representative);

8.25.3 Identification of the solicitation by RFP number;

8.25.4 Identification of the statute or procedure that is alleged to have been violated;

8.25.5 A precise statement of the relevant facts;

8.25.6 Identification of the issues to be resolved;

8.25.7 The aggrieved party's argument and supporting documentation;

8.25.8 The aggrieved party's statement of potential financial damages; and

8.25.9 A protest bond in the name of NJPA and in the amount of 10% of the aggrieved party's statement of potential financial damages.

M. SUSPENSION OR DISBARMENT STATUS

8.26 If within the past five (5) years, any firm, business, person or Proposer responding to an NJPA solicitation has been lawfully terminated, suspended, or precluded from participating in any public procurement activity with a federal, state, or local government or education agency, the Proposer must include a letter with its response setting forth the name and address of the public procurement unit, the effective date of the suspension or debarment, the duration of the suspension or debarment, and the relevant circumstances relating to the suspension or debarment. Any failure to supply such a letter or to disclose

pertinent information may result in the termination of a Contract. By signing the proposal affidavit, the Proposer certifies that no current suspension or debarment exists.

N. AFFIRMATIVE ACTION AND IMMIGRATION STATUS CERTIFICATION

8.27 An Affirmative Action Plan, Certificate of Affirmative Action, or other documentation regarding Affirmative Action may be required by NJPA or NJPA Members relating to a transaction from this RFP. Vendors must comply with any such requirements or requests.

8.28 Immigration Status Certification may be required by NJPA or NJPA Members relating to a transaction from this RFP. Vendors must comply with any such requirements or requests.

O. SEVERABILITY

8.29 In the event that any of the terms of a Contract resulting from this RFP are in conflict with any rule, law, or statutory provision, or are otherwise unenforceable under the laws or regulations of any government or subdivision thereof, such terms will be deemed stricken from the Contract, but such invalidity or unenforceability shall not invalidate any of the other terms of an awarded Contract resulting from this RFP.

P. RELATIONSHIP OF PARTIES

8.30 No Contract resulting from this RFP may be considered a contract of employment. The relationship between NJPA and an awarded Vendor is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. The parties neither intend the proposed Contract to create, nor is to be construed as creating, a partnership, joint venture, master-servant, principal-agent, or any other, relationship. Except as provided elsewhere in this RFP, neither party may be held liable for acts of omission or commission of the other party and neither party is authorized or has the power to obligate the other party by contract, agreement, warranty, representation, or otherwise in any manner whatsoever except as may be expressly provided herein.

Q. PROVISIONS FOR NON-FEDERAL ENTITY PROCUREMENTS UNDER FEDERAL AWARDS OR OTHER AWARDS

8.31 Procurements by NJPA or NJPA Members utilizing funds under a federal grant or contract may be subject to specific federal laws, regulations, and requirements in addition to those under state and local laws. Federal funding sources may include the Federal Aviation Administration (FAA) Airport Improvement Program or FAA Obligated Sponsors. Applicable law may include, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR Part 200 (also referred to as the "Uniform Guidance" or "EDGAR"). The terms included in this section express Proposers willingness and ability to comply with certain requirements which may be applicable to specific NJPA Member purchases using federal grant or contract dollars. NJPA Members may also require Proposers to enter into ancillary agreements, in addition to the NJPA contract's general terms and conditions, to address the Member's specific contractual needs, including contract requirements for a procurement using federal grants or contracts. NJPA reserves the right at any time within a contract term to require an awarded Vendor to reaffirm or resubmit proper documentation relating to these requirements. The numbering and identification contained within this section is only for reference purposes and does not identify any actual Federal designation or location of the rule. Rules are located in 2 CFR Part 200.

8.32 Contracts for more than the simplified acquisition threshold currently set at $150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

National Joint Powers Alliance reserves all rights and privileges under the applicable laws and regulations with respect to this procurement process in the event of breach of contract by either party.

8.33 Contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

National Joint Powers Alliance reserves the right to terminate any agreement resulting from this procurement process pursuant to National Joint Powers Alliance RFP sections 7.13 and 7.17. Prior to any termination for cause, the NJPA will provide written notice to the Proposer, opportunity to respond and opportunity to cure. National Joint Powers Alliance reserves the right to terminate any agreement resulting from this procurement process without cause with a required 60-day written notice of termination. Termination of Contract shall not relieve either party of financial, product or service obligations incurred or accrued prior to termination.

8.34 Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor." This provision is hereby incorporated by reference into all applicable contracts.

The equal opportunity clause is incorporated by reference herein.

8.35 Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Proposer shall be in compliance with all applicable Davis-Bacon Act provisions.

8.36 Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are

unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into all applicable contracts.

Proposer certifies that during the term of an award for all contracts by National Joint Powers Alliance resulting from this procurement process, Proposer shall comply with applicable requirements as referenced above.

8.37 Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Proposer certifies that during the term of an award for all contracts by National Joint Powers Alliance resulting from this procurement process, Proposer shall comply with applicable requirements as referenced above.

8.38 Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387). Contracts and subgrants of amounts in excess of $150,000 require the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251- 1387). Violations shall be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

Proposer certifies that during the term of an award for all contracts by National Joint Powers Alliance resulting from this procurement process, Proposer shall comply with applicable requirements as referenced above.

8.39 Debarment and Suspension (Executive Orders 12549 and 12689). A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Proposer nor its principals shall be presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

8.40 Byrd Anti-Lobbying Amendment, as amended (31 U.S.C. 1352). Proposers shall file any required certifications. Proposers shall not have used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Proposers shall disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Proposers shall file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 USC 1352).

8.41 Record Retention Requirements. To the extent applicable, Proposer shall comply with the record retention requirements detailed in 2 CFR § 200.333. The Vendor further certifies that Vendor will retain all

records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

8.42 Energy Policy and Conservation Act Compliance. To the extent applicable, Proposer shall comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

8.43 Buy American Provisions Compliance. To the extent applicable, Proposer shall comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act shall follow the applicable procurement rules calling for free and open competition.

8.44 Access to Records (2 CFR § 200.336). Proposer agrees that duly authorized representatives of an Agency shall have access to any books, documents, papers and records of Proposer that are directly pertinent to Proposer's discharge of its obligations under the Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Proposer's personnel for the purpose of interview and discussion relating to such documents.

Form A

PROPOSER QUESTIONNAIRE- General Business Information

*(Products, Pricing, Sector Specific, Services, Terms and Warranty are addressed on **Form P**)*

Proposer Name: _____Questionnaire completed by: _____

Please identify the person NJPA should correspond with from now through the Award process:

Name: _____ E-Mail address: _____

Please answer the questions below using the Microsoft Word® version of this document. This allows NJPA evaluators to cut and paste your answers into a separate worksheet. Place your answer directly below each question. NJPA prefers a brief but thorough response to each question. Please do not merely attach additional documents to your response without also providing a substantive response. Do not leave answers blank; mark "NA" if the question does not apply to you (preferably with an explanation). Please create a response that is easy to read and understand. For example, you may consider using a different font and color to distinguish your answer from the questions.

Company Information & Financial Strength

1) Provide the full legal name, mailing and email addresses, tax identification number, and telephone number for your business.
2) Provide a brief history of your company, including your company's core values, business philosophy, and longevity in the FIREFIGHTING APPARATUS, WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES industry.
3) Provide a detailed description of the products and services that you are offering in your proposal.
4) What are your company's expectations in the event of an award?
5) Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters.
6) What is your US market share for the solutions that you are proposing? What is your Canadian market share, if any?
7) Has your business ever petitioned for bankruptcy protection? Please explain in detail.
8) How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization.
    a) If your company is best described as a distributor/dealer/reseller (or similar entity), please provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned?
    b) If your company is best described as a manufacturer or service provider, please describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?
9) If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.
10) Provide all "Suspension or Disbarment" information that has applied to your organization during the past ten years.
11) Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.

Industry Recognition & Marketplace Success

12) Describe any relevant industry awards or recognition that your company has received in the past five years.

13) Supply three references/testimonials from your customers who are eligible for NJPA membership. At a minimum, please include the entity's name, contact person, and phone number.

14) Provide a list of your top five governmental or educational customers (entity name is optional), including entity type, the state the entity is located in, scope of the projects, size of transactions, and dollar volumes from the past three years.

15) Indicate separately what percentages of your sales are to the government and education sectors in the past three years?

16) List any state or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?

17) List any GSA contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?

Proposer's Ability to Sell and Deliver Service Nationwide

18) Describe your company's capability to meet NJPA Member's needs across the country. Your response should address at least the following areas.

    a) Sales force.

    b) Dealer network or other distribution methods.

    c) Service force.

    Please include details, such as the locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employers (or employees of a third party), and any overlap between the sales and service functions.

19) Describe in detail the process and procedure of your customer service program, if applicable. Please include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.

20) a) Identify any geographic areas of the United States that you will NOT be fully serving through the proposed contract. b) Identify any NJPA Member sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Please explain your answer. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?

21) Define any specific contract requirements or restrictions that would apply to our Members in Hawaii and Alaska and in US Territories.

Marketing Plan

22) If you are awarded a contract, how will you train your sales management, dealer network, and direct sales teams (whichever apply) to ensure maximum impact? Please include how you will communicate your NJPA pricing and other contract detail to your sales force nationally.

23) Describe your marketing strategy for promoting this contract opportunity. Please include representative samples of your marketing materials in electronic format.

24) Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.

25) In your view, what is NJPA's role in promoting contracts arising out of this RFP? How will you integrate an NJPA-awarded contract into your sales process?

26) Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.

Value-Added Attributes

27) Describe any product, equipment, maintenance, or operator training programs that you offer to NJPA Members. Please include details, such as whether training is standard or optional, who provides training, and any costs that apply.

28) Describe any technological advances that your proposed products or services offer.

29) Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.

30) Describe any Women or Minority Business Entity (WMBE) or Small Business Entity (SBE) accreditations that your company or hub partners have obtained.

31) What unique attributes does your company, your products, or your services offer to NJPA Members? What makes your proposed solutions unique in your industry as it applies to NJPA members?

32) Identify your ability and willingness to provide your products and services to NJPA member agencies in Canada.

33) NJPA Members may intend to use funds from a federal grant or contract under the Federal Emergency Management Agency (FEMA). In that event, state your ability and willingness to complete, execute, and provide the "Required FEMA Terms and Conditions Certification" form attached as Appendix D to the RFP.

NOTE: Questions regarding Payment Terms, Warranty, Products/Equipment/Services, Pricing and Delivery, and Industry Specific Items are addressed on Form P.

PROPOSER ASSURANCE OF COMPLIANCE

Proposal Affidavit Signature Page

PROPOSER'S AFFIDAVIT

The undersigned, authorized representative of the entity submitting the foregoing proposal (the "Proposer"), swears that the following statements are true to the best of his or her knowledge.

1. The Proposer is submitting its proposal under its true and correct name, the Proposer has been properly originated and legally exists in good standing in its state of residence, the Proposer possesses, or will possess before delivering any products and related services, all applicable licenses necessary for such delivery to NJPA members agencies. The undersigned affirms that he or she is authorized to act on behalf of, and to legally bind the Proposer to the terms in this Contract.

2. The Proposer, or any person representing the Proposer, has not directly or indirectly entered into any agreement or arrangement with any other vendor or supplier, any official or employee of NJPA, or any person, firm, or corporation under contract with NJPA, in an effort to influence the pricing, terms, or conditions relating to this RFP in any way that adversely affects the free and open competition for a Contract award under this RFP.

3. The Proposer has examined and understands the terms, conditions, scope, contract opportunity, specifications request, and other documents in this solicitation and affirms that any and all exceptions have been noted in writing and have been included with the Proposer's RFP response.

4. The Proposer will, if awarded a Contract, provide to NJPA Members the /products and services in accordance with the terms, conditions, and scope of this RFP, with the Proposer-offered specifications, and with the other documents in this solicitation.

5. The Proposer agrees to deliver products and services through valid contracts, purchase orders, or means that are acceptable to NJPA Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to NJPA Members under an awarded Contract.

6. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

7. The Proposer understands that NJPA will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statute §13.591, Subd. 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals generally become public data. Minnesota Statute §13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

8. The Proposer understands that it is the Proposer's duty to protect information that it considers nonpublic, and it agrees to defend and indemnify NJPA for reasonable measures that NJPA takes to uphold such a data designation.

[The rest of this page has been left intentionally blank. Signature page below]

By signing below, Proposer is acknowledging that he or she has read, understands, and agrees to comply with the terms and conditions specified above.

PROPOSER QUESTIONNAIRE
Payment Terms, Warranty, Products and Services, Pricing and Delivery, and Industry-Specific Questions

Proposer Name: _____

Questionnaire completed by: _____

Payment Terms and Financing Options

1) What are your payment terms (e.g., net 10, net 30)?
2) Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?.
3) Briefly describe your proposed order process. Please include enough detail to support your ability to report quarterly sales to NJPA. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the NJPA Members' purchase orders.
4) Do you accept the P-card procurement and payment process? If so, is there any additional cost to NJPA Members for using this process?

Warranty

5) Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may include in your response a copy of your warranties, but at a minimum please also answer the following questions.
   - Do your warranties cover all products, parts, and labor?
   - Do your warranties impose usage restrictions or other limitations that adversely affect coverage?
   - Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?
   - Are there any geographic regions of the United States for which you cannot provide a certified technician to perform warranty repairs? How will NJPA Members in these regions be provided service for warranty repair?
   - Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?
   - What are your proposed exchange and return programs and policies?
6) Describe any service contract options for the items included in your proposal.

Pricing, Delivery, Audits, and Administrative Fee

7) Provide a general narrative description of the equipment/products and related services you are offering in your proposal.
8) Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the NJPA discounted price) on all of the items that you want NJPA to consider as part of your RFP response. Provide a SKU for each item in your proposal. (Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract. See the body of the RFP and the Price and Product Change Request Form for more detail.)

9) Please quantify the discount range presented in this response. For example, indicate that the pricing in your response represents is a 50% percent discount from the MSRP or your published list.

10) The pricing offered in this proposal is

_____a. the same as the Proposer typically offers to an individual municipality, university, or school district.

_____b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.

_____c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.

_____d. other than what the Proposer typically offers (please describe).

11) Describe any quantity or volume discounts or rebate programs that you offer.

12) Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.

13) Identify any total cost of acquisition costs that are **NOT** included in the pricing submitted with your response. This cost includes all additional charges that are not directly identified as freight or shipping charges. For example, list costs for items like installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.

14) If delivery or shipping is an additional cost to the NJPA Member, describe in detail the complete shipping and delivery program.

15) Specifically describe those shipping and delivery programs for Alaska, Hawaii, Canada, or any offshore delivery.

16) Describe any unique distribution and/or delivery methods or options offered in your proposal.

17) Please specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with NJPA. This process includes ensuring that NJPA Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to NJPA.

18) Identify a proposed administrative fee that you will pay to NJPA for facilitating, managing, and promoting the NJPA Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See RFP Section 6.29 and following for details.)

Industry-Specific Questions

19) State the extent to which the solutions that you propose are compliant with standards or requirements in the US, Canada, and/or applicable in the various states and provinces. Identify all related certifications or accreditations.

20) Describe the features of your proposed solution(s) that address serviceability (parts availability, maintenance, repairs, support, etc.) and which you believe are "vendor differentiators."

21) Describe any manufacturing processes or material specification attributes that differentiate your offered solutions.

22) Provide any market data or research supporting the longevity or reliability of your proposed solutions.

23) State whether your proposal includes the sale of "demo" units and describe the process related to offerings of demo units, if applicable.

11 NJPA VENDOR PRICE AND PRODUCT CHANGE REQUEST FORM

Section 1. Instructions for Vendor

Requests for product or service changes, additions, or deletions will be considered at any time throughout the awarded contract term. All requests must be made in writing by completing sections 2, 3, and 4 of this NJPA Price and Product Change Request Form and signed by an authorized Vendor representative in section 5. All changes are subject to review by the NJPA Contracts & Compliance Manager and to approval by NJPA's Chief Procurement Officer. Submit request through email to your assigned NJPA Contract Administrator.

NJPA will determine whether the request is 1) within the scope of the original RFP, and 2) in the best interests of NJPA and NJPA Members. Approved Price and Product Change Request Forms will be signed and emailed to the Vendor contact.

The Vendor must complete this change request form and individually list or attach all items or services subject to change, must provide sufficiently detailed explanation and documentation for the change, and must include a complete restatement of pricing documentation in an appropriate format (preferably Microsoft® Excel®). The pricing document must identify all products and services being offered and must conform to the following NJPA product/price change naming convention: (Vendor Name) (NJPA Contract #) (effective pricing date); for example, "Acme Widget Company #012416-AWC eff. 01-01-2017."

NOTE: New pricing restatements must include all products and services offered regardless of whether their prices have changed and must include a new "effective date" on the pricing documents. This requirement reduces confusion by providing a single, current pricing sheet for each Vendor and creates a historical record of pricing.

ADDITIONS. New products and related services may be added to a contract if such additions are within the scope of the original RFP.

DELETIONS. New products and related services may be deleted from a contract if, for example, they are no longer available or have been modified to a point where they are outside the scope of the RFP.

PRICE CHANGES: Vendors may request price changes if they provide sufficient rationale for the change. For example, a Vendor that manufactures products that require substantial petroleum-related material might request a 3% price increase because of a 20% increase in petroleum costs.

Price decreases: NJPA expects Vendors to propose their very best prices and anticipates that price reductions might occur because of improved technologies or marketplace efficiencies.

Price increases: Acceptable price increases typically result from specific Vendor cost increases. The Vendor must include reasonable justification for the price increase and must not, for example, offer merely generalized statements about an increase in a cost-of-living index. Appropriate documentation should be attached to this form, including such items as letters from suppliers announcing price increases.

Refer to the RFP for complete "Pricing" details.

Section 2. Vendor Name and Type of Change Request

CHECK ALL CHANGES THAT APPLY:

AWARDED VENDOR NAME: _____

NJPA CONTRACT NUMBER: _____

☐ Adding Products/Services vices

☐ Deleting Products/Services

☐ Price Increase

☐ Price Decrease

Section 3. Detailed Explanation of Need for Changes

List the products and/or services that are changing or being added or deleted from the previous contract price list, along with the percentage change for each item or category. (Attach a separate, detailed document if changing more than 10 items.)

Provide a general statement and documentation explaining the reasons for these price and/or product changes.
EXAMPLES: 1) "All pricing for paper products and services are increased 5% because of increased raw material and transportation costs (see attached documentation of fuel and raw materials increase)." 2) "The 6400 series floor polisher is being added to the product list as a new model, replacing the 5400 series. The 6400 series 3% increase reflects technological changes that improve the polisher's efficiency and useful life. The 5400 series is now included in the "Hot List" at a 20% discount from the previous pricing until the remaining inventory is liquidated."

If adding products, state how these are within the scope of the original RFP.

If changing prices or adding products or services, state how the pricing is consistent with existing NJPA contract pricing.

Section 4. Complete Restatement of Pricing Submitted

A COMPLETE restatement of the pricing, including all new and existing products and services is attached and has been emailed to the Vendor's Contract Administrator.

☐ Yes ☐ No

NATIONAL JOINT POWERS ALLIANCE (NJPA) AWARDED VENDOR

REQUIRED FEMA TERMS AND CONDITIONS CERTIFICATION

Procurements by National Joint Powers Alliance (NJPA) or NJPA Members utilizing funds under a federal grant or contract funded all or in part by the Federal Emergency Management Agency (FEMA) may be subject to specific federal laws, regulations, and requirements in addition to those under other federal, state and local laws. This may include, but is not limited to, the procurement standards of the Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments, Title 44 of the Code of Federal Regulations, Part 13 (44 CFR Part 13).

The terms included in this section express Vendors willingness and ability to comply with certain requirements which may be applicable to specific NJPA Member purchases using FEMA grant or contract dollars. NJPA Members may also require Proposers to enter into ancillary agreements, in addition to the NJPA contract's general terms and conditions, to address a Member's specific contractual needs, including contract requirements for a procurement using FEMA grants or contracts. NJPA reserves the right at any time within a contract term to require an awarded Vendor to reaffirm or resubmit proper documentation relating to these requirements.

Note: The numbering and identification contained within this section is only for reference purposes and does not identify any actual Federal designation or location of the rule. Rules are located in 44 CFR Part 13.

(A) Pursuant to 44 CFR 13.36(i)(1), NJPA is entitled to exercise all administrative, contractual, or other remedies permitted by law to enforce Vendor's compliance with the terms of the request for proposal and contract award, including but not limited to those remedies set forth at 44 CFR 13.43.

_____

Vendor Agrees (YES or NO) Initials of Authorized Representative

(B) Pursuant to 44 CFR 13.36(i)(2), NJPA may terminate the contract award for cause or convenience in accordance with the procedures set forth in the request for proposal and contract award and those provided by 44 CFR 13.44.

_____

Vendor Agrees (YES or NO) Initials of Authorized Representative

(C) Pursuant to 44 CFR 13.36(i)(3)-(6)(12), and (13), Vendor shall comply with the following federal laws during the term of an award for this contract by NJPA:

a. Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor ("DOL") regulations (41 CFR Ch. 60);

b. Copeland "Anti-Kickback" Act (18 U.S.C. 874), as supplemented in DOL regulations (29 CFR Part 3);

c. Davis-Bacon Act (40 U.S.C. 276a-276a-7) as supplemented by DOL regulations (29 CFR Part 5);

d. Section 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by DOL regulations (29 CFR Part 5);

e. Section 306 of the Clean Air Act (42 U.S.C. 1857(h), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15); and

f. Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

_____

Vendor Agrees (YES or NO) Initials of Authorized Representative

(D) Pursuant to 44 CFR 13.36(i)(7), Vendor shall comply with FEMA requirements and regulations pertaining to reporting, including but not limited to those set forth at 44 CFR 40 and 41.

_____

Vendor Agrees (YES or NO) Initials of Authorized Representative

(E) Pursuant to 44 CFR 13.36(i)(8), Vendor agrees to the following provisions regarding patents:

a. During the term of an award for this contract by NJPA, all rights to inventions and/or discoveries that arise or are developed, in the course of or under this request for proposal and contract award, shall belong to the NJPA Member and be disposed of in accordance with their policy. NJPA and NJPA members, at its own discretion, may file for patents in connection with all rights to any such inventions and/or discoveries.

_____

Vendor Agrees (YES or NO) Initials of Authorized Representative

(F) Pursuant to 44 CFR 13.36(i)(9), Vendor agrees to the following provisions, regarding copyrights:

a. During the term of an award for this contract by NJPA, any copyrightable material or inventions, in accordance with 44 CFR 13.34, FEMA reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, for Federal Government purposes:

(1) The copyright in any work developed under a grant or contract; and
(2) Any rights of copyright to which a grantee or a contactor purchases ownership with grant support.

_____

Vendor Agrees (YES or NO) Initials of Authorized Representative

(G) Pursuant to 44 CFR 13.36(i)(10), Vendor shall maintain any books, documents, papers, and records of the Vendor which are directly pertinent to this request for proposal and contract award. At any time during normal business hours and as often as NJPA or NJPA Members deems necessary, Vendor shall permit NJPA or NJPA Member, FEMA, the Comptroller General of United States, or any of their duly authorized representatives to inspect and photocopy such records for the purpose of making audit, examination, excerpts, and transcriptions

_____

Vendor Agrees (YES or NO) Initials of Authorized Representative

(H) Pursuant to 44 CFR 13.36(i)(11), Vendor shall retain all required records for three years after FEMA or NJPA or NJPA Members makes final payments and all other pending matters are closed. In addition, Vendor shall comply with record retention requirements set forth in 44 CFR 13.42

Vendor Agrees (YES or NO) Initials of Authorized Representative

Vendor agrees to comply with federal, state, and local laws, rules, regulations and ordinances, as applicable. It is further acknowledged that Vendor certifies compliance with provisions, laws, acts, regulations, etc. as noted above.

This certification shall be effective through the term of the Vendor's NJPA awarded contract.

ATTACHMENT G

SOURCEWELL VENDOR PRICE AND PRODUCT CHANGE REQUEST FORM

Section 1. Instructions for Vendor

Requests for product or service changes, additions, or deletions will be considered at any time throughout the awarded contract term. All requests must be made in writing by completing sections 2, 3, and 4 of this Sourcewell Price and Product Change Request Form and signed by an authorized Vendor representative in section 5. All changes are subject to review by the Sourcewell Procurement Department and to approval by Sourcewell's Chief Procurement Officer. Submit request through email to your assigned Sourcewell Contract Administrator.

Sourcewell will determine whether the request is 1) within the scope of the original RFP, and 2) in the best interests of Sourcewell and Sourcewell Members. Approved Price and Product Change Request Forms will be signed and emailed to the Vendor contact.

The Vendor must complete this change request form and individually list or attach all items or services subject to change, must provide sufficiently detailed explanation and documentation for the change, and must include a complete restatement of pricing documentation in an appropriate format (preferably Microsoft® Excel®). The pricing document must identify all products and services being offered and must conform to the following Sourcewell product/price change naming convention: (Vendor Name) (Sourcewell Contract #) (effective pricing date); for example, "Acme Widget Company #012416-AWC eff. 01-01-2017."

> *NOTE:* New pricing restatements must include all products and services offered regardless of whether their prices have changed and must include a new "effective date" on the pricing documents. This requirement reduces confusion by providing a single, current pricing sheet for each Vendor and creates a historical record of pricing.

ADDITIONS. New products and related services may be added to a contract if such additions are within the scope of the original RFP.

DELETIONS. New products and related services may be deleted from a contract if, for example, they are no longer available or have been modified to a point where they are outside the scope of the RFP.

PRICE CHANGES: Vendors may request price changes if they provide sufficient rationale for the change. For example, a Vendor that manufactures products that require substantial petroleum-related material might request a 3% price increase because of a 20% increase in petroleum costs.

> *Price decreases:* Sourcewell expects Vendors to propose their very best prices and anticipates that price reductions might occur because of improved technologies or marketplace efficiencies.
>
> *Price increases:* Acceptable price increases typically result from specific Vendor cost increases. The Vendor must include reasonable justification for the price increase and must not, for example, offer merely generalized statements about an increase in a cost-of-living index. Appropriate documentation should be attached to this form, including such items as letters from suppliers announcing price increases.

Refer to the RFP for complete "Pricing" details.

Section 2. Vendor Name and Type of Change Request

AWARDED VENDOR NAME: REV Group

SOURCEWELL CONTRACT NUMBER: #022818-EOI

CHECK ALL CHANGES THAT APPLY:

- [x] Adding Products/Services
- [ ] Deleting Products/Services
- [ ] Price Increase
- [ ] Price Decrease

DocuSign Envelope ID: C42E0291-FABB-47EA-B0D5-60549CB63B9C

SOURCEWELL VENDOR PRICE AND PRODUCT CHANGE REQUEST FORM

Section 3. Detailed Explanation of Need for Changes

List the products and/or services that are changing or being added or deleted from the previous contract price list, along with the percentage change for each item or category. (Attach a separate, detailed document if changing more than 10 items.)

This document is provided to add both the Ferrara and KME brands/apparatus to the REV Group fire apparatus contract.

Provide a general statement and documentation explaining the reasons for these price and/or product changes.
EXAMPLES: 1) "All pricing for paper products and services are increased 5% because of increased raw material and transportation costs (see attached documentation of fuel and raw materials increase)." 2) "The 6400 series floor polisher is being added to the product list as a new model, replacing the 5400 series. The 6400 series 3% increase reflects technological changes that improve the polisher's efficiency and useful life. The 5400 series is now included in the "Hot List" at a 20% discount from the previous pricing until the remaining inventory is liquidated."

See the two attached documents with statements regarding apparatus models and discount structure.

Supplemental Document "20201027 Ferrara P&P Supplement.pdf"
Supplemental Document "20201027 KME P & P Supplement.pdf"

If adding products, state how these are within the scope of the original RFP.

All products added are similar models to those already listed on the contract and matches the scope of the original RFP and awarded contract.

DocuSign Envelope ID: C42E0291-FABB-47EA-B0D5-60549CB63B9C

SOURCEWELL VENDOR PRICE AND PRODUCT CHANGE REQUEST FORM

If changing prices or adding products or services, state how the pricing is consistent with existing Sourcewell contract pricing.

Adding Ferrara and KME products along with their discount structure as a result of the contract assignment to REV Group. See attached documents.

Section 4. Complete Restatement of Pricing Submitted

A COMPLETE restatement of the pricing, including all new and existing products and services is attached and has been emailed to the assigned Sourcewell Contract Administrator.

RESOLUTION OF GOVERNING BODY
EXTRACT OF MINUTES

LESSEE: City of Montebello

At a duly called meeting of the governing body of Lessee held on the _____ day of _____, 20_____, the following resolution was introduced and adopted.

WHEREAS, the governing body of Lessee has determined that a true and very real need exists for the acquisition of the Equipment described in the Lease-Purchase Agreement by and between Lessee and **Leasing 2, Inc.**; and has further determined that the Equipment will be used solely for essential governmental functions and not for private business use.

WHEREAS, Lessee has taken the necessary steps, including, without limitation to compliance with legal bidding requirements, under applicable law to arrange for the acquisition of such Equipment.

BE IT RESOLVED, by the governing body of Lessee that the terms of said Lease-Purchase Agreement and Escrow Agreement are in the best interest of Lessee for the acquisition of such Equipment, and the governing body of Lessee designates and confirms the following person to execute and deliver**,** the Lease-Purchase Agreement and Escrow Agreement and any related documents necessary to the consummation of the transactions contemplated by the Lease-Purchase Agreement and Escrow Agreement.

_____ Rene Bobadilla, City Manager
(Signature of Party to Execute Lease-Purchase Agreement and Escrow Agreement) (Print Name and Title)

The undersigned further certifies that the above resolution has not been repealed or amended and remains in full force and effect and further certifies that the above and foregoing Lease-Purchase Agreement and Escrow Agreement is the same as presented at said meeting of the governing body of Lessee.

ITEM # 16

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Fire Chief Fernando Pelaez, Fire Department

SUBJECT: **Approval of Professional Services Agreement No. 3963 for a Community Risk Assessment and Analysis to Jacob Green & Associates (JGA)**

DATE: April 13, 2022

RECOMMENDATIONS:

It is recommended that the City Council:

1) Award Professional Services Agreement No. 3963 to Jacob Green & Associates (JGA) in an amount not to exceed $103,026 to prepare a Community Risk Assessment and Analysis, Request for Proposal No. 22-3; and

2) Authorize the City Manager to take action necessary to execute and finalize a contract on behalf of the City; and

3) Take such additional, related, action that may be desirable.

FISCAL IMPACT

The Department of Homeland Security (DHS)/ Federal Emergency Management Agency (FEMA), Fiscal Year 2020 Fire Prevention and Safety (FPS) Program awarded the Fire Department a grant in the amount of $188,843. The grant required a five percent (5%) local match, or $9,442 (5% of $188,843). This additional local match will be in the form of in-kind staff assistance.

The cost of services to prepare a Community Risk Assessment and Analysis is $103,026 (Attachment C), and funding for this project will be allocated from Grant Fund 265, Account No. 265-85-854-6040.10 (Grants-Fire-DHS-FEMA Grant-Contract Services. Outside Contracts). Funding was appropriated by City Council action on December 8,

2021. The entire grant award of $188,843 was appropriated, therefore a budget amendment is not needed. Any unused funds will be carried over to Fiscal Year 2022-23 as appropriate.

The remaining amount of $85,817 will be utilized to offset Fire Department staff salaries and benefits. Preparation and implementation of the Community Risk Assessment and Analysis requires Fire Department staff time, to provide data and information necessary in creating the final analysis. Use of the grant funds in this manner will offset the General Fund, resulting in budget savings in Fiscal Years 2021-22 and 2022-23.

BACKGROUND

In January 2020, the Fire Prevention and Safety (FP&S) Grant Program announced a grant funding opportunity for Fiscal Year 2020-21. This funding is provided under one of three grant programs that constitute the Department of Homeland Security (DHS), and the Federal Emergency Management Agency's (FEMA's) focus on enhancing the safety of the public and firefighters with respect to fire and fire-related hazards. The FP&S Program provides financial assistance directly to eligible fire departments, specifically for fire prevention programs and supporting firefighter health and safety research and development.

In February 2021, the Fire Department became aware of this funding opportunity. Upon review of the grant requirements, City staff identified that the Department met the criteria and was eligible to compete for the grant funds.

The Department's grant application included a request to conduct a Community Risk Assessment (CRA), which would review the safety and hazard conditions of the City of Montebello and provide a comprehensive analysis of the gaps, resources, and local needs and risks. On August 27, 2021, the City of Montebello was awarded the Department of Homeland Security (DHS)/Federal Emergency Management Agency (FEMA), Fiscal Year 2020 Fire Prevention and Safety (FP&S) Grant in the amount of $188,843. The grant was accepted and funds appropriated by City Council action on December 8, 2021. The City has until September, 2022 to utilize the grant funding for the awarded purpose.

Issuance of RFP No. 22-3 resulted in over 100 email notifications sent to vendors and a total of 16 registered as prospective bidders. The RFP solicitation yielded one response, from Jacob Green and Associates (Tustin, CA). JGA is located in the Southern California area and is familiar with the various communities within the County of Los Angeles and utilizes a team of professionals having decades of experience in emergency management. Moreover, JGA participates in a veterans hiring preference program (Skillbridge), and currently employs several armed forces veterans who have proudly served our nation. A selection committee proceeded with an evaluation of the proposal due to the limited term grant funding (must expend funds by September, 2022).

A selection process was used to evaluate the proposal based on various components. Qualitative considerations included; project approach and performance, professional experience, capacity, proposed budget, references, and local knowledge and background. After thoroughly reviewing the proposal submitted by Jacob Green & Associates the Evaluation Committee found the proposal met the requirements outlined in the project's scope of work and are confident that JGA can produce high-quality results.

DISCUSSION

Staff recommends awarding Jacob Green & Associates (JGA) a professional services agreement to conduct a Community Risk Assessment and Analysis. The assessment will serve to enhance the Fire Department's proactive mitigation of fire incidents, fire deaths, and injuries, and fire related property loss based on robust data collection and analysis. The Community Risk Assessment is a participatory process for assessing hazards, vulnerabilities, identifying risks, and coping strategies and finally preparing a risk reduction options implementation plan. The final Community Assessment Report will be presented to the community and the City Council after completion.

As defined in National Fire Protection Association (NFPA) 1300, Standard on Community Risk Assessment and Community Risk Reduction Plan Development, (CRR) is a process to identify and prioritize local risks, followed by the integrated and strategic investment of resources to reduce their occurrence and impact. The Community Risk Assessment is a process to help cities find out what their risks are and develop a plan to reduce the risks viewed as high risk priority. The steps involved in the CRR are conducting a Community Risk Assessment (CRA), developing a CRR plan, implementing the plan, and evaluating the plan. This Community Risk Assessment will be a foundational in driving local policies and decision-making over the next several years. Therefore, it is important that the work is conducted by professionals who are knowledgeable about Community Risk Assessment best practices, about innovative methods and approaches, and are keenly aware of FEMA's standards and expectations.

Jacob Green & Associates has an experienced team of qualified public safety professionals who have decades of experience working in local government and a network of strong relationships with state and federal emergency management partners which is instrumental to successfully completing this project.

SUMMARY

Staff recommends that the City Council approve and award the attached Professional Services Agreement No. 3963 to Jacob Green & Associates in an amount not-to-exceed $103,026 and direct staff to take such additional, and related action that may be desirable.

Community Risk Assessment

Release Date: Wednesday, February 9, 2022
Due Date: Thursday, March 3, 2022, at 11 a.m. PST

TO PROSPECTIVE PROPOSERS

The City of Montebello invites consultants to submit a proposal in accordance with this Request for Proposals (RFP). Your response to this request will be evaluated to determine the qualifications of your firm. Submissions must adhere to the format and content of this RFP. Proposals will not be evaluated unless all parts requested are submitted in a complete package. The information set forth is the minimum required to qualify for consideration. The successful Proposer will be required to enter into a Professional Services Agreement based on the specifications outlined in this RFP.

Community Risk Assessment Report
Request for Proposals (RFP) No. 22 3

1.0 Notice Inviting Proposals

The City of Montebello is seeking proposals from qualified consultants/firms to conduct a Community Risk Assessment Report for the Fire Department in accordance with the specifications, terms, and conditions identified in Request for Proposals (RFP) No. 22 - 3. Prospective respondents are advised to read information related to this opportunity carefully before submitting a response.

To view the complete RFP package, please visit: https://www.cityofmontebello.com/rfp-bids/bid-opportunities.html and click on "Bid Opportunities." Responses must be submitted via PlanetBids by **Thursday, March 3, 2022, at 11:00 a.m. PST**. Questions regarding this RFP shall be submitted no later than **Wednesday, February 23, 2022, at 11:00 a.m. PST**.

Responses to this request will be evaluated to determine the consultant/firm that is the most qualified and responsive to the requirements. Responses must adhere to the format and content described in the RFP. Responses will not be evaluated unless all parts requested are submitted in a complete package. The information set forth is the minimum required to be considered.

DATE OF SOLICITATION:	Wednesday, February 9, 2022
QUESTIONS DEADLINE:	Wednesday, February 23, 2022 at 11:00 a.m. PST ***(QUESTIONS MUST BE SUBMITTED VIA PLANETBIDS)***
SUBMITTAL DUE DATE:	Thursday, March 3, 2022 at 11:00 a.m. PST

2.0 Introduction

The City of Montebello, hereinafter referred to as "City," is soliciting proposals from consultants to conduct a Community Risk Assessment Report of the Montebello Fire Department.

Responses are due no later than Thursday, March 3, 2022 at 11:00 AM PST through the City's PlanetBids Portal. Before submitting responses, consultants must register as a vendor in the portal. Vendors are encouraged to register well ahead of the deadline to avoid any technical difficulties that may arise. To register, please visit: https://www.cityofmontebello.com/rfp-bids/bid-opportunities.html and click "New Vendor Registration."

All responses to this opportunity must conform to the requirements of this Request for Proposals (RFP). Failure to do so may result in the response being considered non-responsive.

Proposals submitted to the City of Montebello shall become the exclusive property of the City. Submissions shall become a matter of public record subject to disclosure, except for those elements of each qualification that are identified by the Consultant as business or trade secrets and marked as "Trade Secret", "Confidential", or "Proprietary" and determined by the City to be exempt from disclosure under the Public Records Act.

Each element of a submittal that the Consultant desires not to be considered a public record must be marked as set forth above. If disclosure is required under the California Public Records Act or otherwise by law, the City will make an independent determination and retain the confidentiality to the extent permitted by the Public Records Act.

About the City of Montebello

Montebello ("beautiful mountain" in Spanish and Italian) is a city in the County of Los Angeles, California. Founded in 1899 and incorporated in 1920, the City is an 8.37 square mile General Law City located east of Downtown Los Angeles. Currently, the City has a population of approximately 63,000 residents. It hosts a mix of various industries that represent the business diversity of the County of Los Angeles as a whole. It is a full-service city that provides a long list of services, employing approximately 480 full-time and part-time employees in public safety, transit, and non-safety functions.

The City anticipates various economic and social changes that will reshape the demand for emergency response services in the upcoming years. A key FEMA goal is the assessment of fire risk to reduce vulnerability within a community. For this reason, the City is seeking the services of a qualified consultant/firm to conduct a Community Risk Assessment. This project aims to create a participatory community process for assessing hazards, vulnerabilities, risks, ability to cope, preparing coping strategies, and preparing a risk reduction options implementation plan.

City Review of Qualification Submissions	March 7 - 10, 2022
Notifications Sent to Consultants	Late March 2022
Award	Early April 2022

4.0 Purpose

The City of Montebello Fire Department was awarded the FEMA Fire Prevention & Safety Grant (FPS). The City of Montebello Fire Department is the sole provider of fire and emergency medical response services within city limits. It responds to approximately 6,550 incidents per year, and call volume steadily increases twenty (20) percent per year. Due to these increased service needs. The City is seeking to conduct a comprehensive Community Risk Assessment to help determine future requirements to ensure the Department has adequate resources to service the community, develop best-practices for fire hazards and mitigation, and provide guidance for setting strategic goals and objectives.

5.0 Scope of Work

Complete a Community Risk Assessment for the City of Montebello Fire Department. The selected consultant shall analyze the current fire and emergency medical services strategies to develop an in-depth assessment for station locations, deployment models, staffing, and fire risks using various resources. The assessment will serve to enhance the Fire Department's proactive mitigation of fire incidents, fire deaths, and injuries, and fire-related property loss based on robust data collection and analysis. The final Community Assessment Report will be presented to the Community and the City Council to build community support for community risk reduction activities informed by the report.

The Final Report should include but not be limited to the following:

a. Provide a summary of how the approach and analyses were conducted

b. Provide a summary of the strengths of the Department and opportunities for improvement and change

c. Describe the community served. The demographic composition of a community typically includes the statistical data of its population. This should include:
    - Age
    - Gender

- Income
- Race and ethnicity
- Social and cultural information
- Education
- Housing type, age, and density

d. Review services provided

e. Review historical performance

f. Prepare a Montebello Fire Department Community Risk Assessment Report
    - Analysis should identify target hazards (critical facilities) and conduct GIS-based assessment to include pre-incident surveys and data collection, identify risk factors and potential/probability, and develop lists and maps.

    - Identify risk attributes and vulnerability to include scoring identified risks and target hazards to describe likelihood of specific risks occurring (i.e., Extreme Risk, High Risk, Moderator Risk, or Low Risk), and outlining risk consequences or impacts.

    - Identify causal factors and populations at greatest risk.

    - Identify community risk priorities to include developing lists, charts, and maps to describe prioritized risks (priorities may be tied to frequency and to potential risk).

    - Preliminary risk reduction recommendations (policy and project recommendations).

    - Assessment should formulate recommendations for appropriate staffing and deployment of firefighting and EMS resources consistent with state and local best practices. This analysis should include existing station locations, daily staffing, and incident frequency analysis, and apparatus deployment.

    - Analysis should include Distribution and Concentration Studies to evaluate current location and type of resources available for first-due and complete effective response.

    - Analysis of fire incidents, EMS, hazardous materials, false and other alarms, automatic/mutual aid, civilian and firefighter injuries, fire dollar loss, geographic incident patterns, coverage, response times, station operations and Department policies and procedures.

- Analyze the Department's ability to meet future anticipated EMS and fire deployment to more extensive and significant emergencies such as wildland fires and earthquakes.

g. Emergency Medical Services- Analyze EMS services provided by the fire department(s) and ambulance contractor.

h. Establish performance objectives, including measures and compliance methodology.

i. Identify current data integrity and include recommendations for new technology models that improve performance tied to data and outcomes. Develop performance measures and methodology for complying with the standards and recommendations for ongoing analyses.

j. Provide training and education to the identified members of the Department on best practices to implement the recommended actions with the Community Risk Assessment.

k. Conduct Stakeholder and Community Input and Analysis:
   - Conduct interviews/information gathering sessions with key staff and other community stake and shareholders

l. Gather input from the community regarding current expectations and future desires related to Fire Department service delivery:
   - Conduct one (1) city-wide (web-based) survey
   - Data collected via survey should be analyzed and a summary of findings should be included in the final report

m. Conduct community meeting:
   - Consultant shall work with project managers to establish the format that shall include an interactive platform that will accommodate community interaction and opinions related to services currently provided and into the future.

6.0 Deliverables

- Publish and present to City of Montebello a completed Community Risk Assessment with a summary of findings and financial considerations
- Final report – Three (3) bound, hard copies and an electronic copy

7.0 Proposal Submittal

Please review Appendix – A (Proposal Format and Content), attached hereto and incorporated herein by this reference, for specific details regarding the information that needs to be included in your submission. Failure to provide all of the requested information may be considered "non-responsive" and rejected.

Responses to this RFP must be submitted electronically via the City's PlanetBids Portal no later than Thursday, March 3, 2022, at 11:00 a.m. PST. Any responses that are transmitted and/or electronically time-stamped after the deadline shall not be accepted. Consultants planning to submit responses to this request are highly encouraged to register an account in the City's PlanetBids Vendor Portal and submit all documentation ahead of the deadline to avoid any technical difficulties/errors.

8.0 Evaluation Criteria

The Administration Department will establish an evaluation committee consisting of City staff that will be responsible for reviewing and rating each proposal response. The proposal evaluation process will be conducted using a two-step process.

First, the committee will review all submissions to ensure the minimum/proposal format requirements were adhered to. In the second part of this process, the evaluation committee will review and rate proposals based on the following:

- Qualifications as they relate to this project (50%)
    - Thoroughness and understanding of the tasks to be completed
    - Background and experience in organizational analysis evaluation
    - Knowledge of this City of Montebello and local needs
    - Experience of personnel assigned to the work
    - Communication Skills
- Reputation for integrity and competence (30%)
    - Positive Reference Checks
    - Work Samples
- Proposed Fees and Charges for Service (20%)

9.0 Protest Procedures

Proposal Protest Procedures (Before Proposal Opening)

A protest filed before proposal opening must be filed in writing no later than ten (10) working days before proposal opening. The most common types of protest that might be filed before a proposal opening would include those based upon restrictive specifications or alleged improprieties in any solicitation that is apparent before the scheduled proposal opening.

When a protest is filed before a scheduled proposal opening, certain steps must be followed:

A. The protest must be submitted in writing within the specified time frame (no later than ten (10) working days prior to a proposal opening). All protests must be filed with the Director of Finance for determination. Protest must be submitted to the Director of Finance by mail or e-mail within the specified time frame. Protests can be sent to:

    Mail:
    The City of Montebello

Attn: Director of Finance
1600 W. Beverly Blvd
Montebello, CA 90640

or

E-mail:
msolorza@cityofmontebello.com

B. The protest must contain the factual and legal reason(s) for the protest and should recommend a proposed remedy. Nevertheless, it should be noted that the City reserves the right not to implement the proposed remedy but offer alternative solutions where applicable.

C. Where appropriate, the City will hold an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties may include all proposers and Sub-contractors or suppliers, provided they have a substantial economic interest in a portion of the RFP.

D. All potential proposers will be advised of a pending protest.

E. The City shall not open proposals prior to the resolution of the protest unless it is determined that:
   - The items to be procured are urgently required;
   - Delivery or performance will be unduly delayed by failure to make the award promptly; or
   - Failure to make a prompt award will otherwise cause undue harm to the City.

The City will respond in writing within ten (10) working days after receipt of a properly filed protest. The response will be provided by the Director of Finance and will include a response to each substantive issue raised in the protest.

After the exhaustion of administrative remedies, the protesting party will be given the City's final decision. The Director of Finance has the authority to make the final determination regarding all protests.

Proposal Protest Procedures (After Proposal Opening/Post Award)
A protest filed after a proposal opening must be filed within three (3) working days after the proposal opening date. The City will grant the protesting Consultant a fair review and shall have up to ten (10) working days to review the protest and render its decision.

10.0 Execution of Agreement
The resulting agreement (see attached sample Appendix B) shall be signed by the successful Proposer and returned within the required insurance within ten (10) days, not including Sundays and legal holidays, after the City has provided written notice that the consultant/firm has been awarded. Failure to execute the agreement and file

acceptable insurance documents as provided herein shall just cause, at the City's option for annulment of the award. Please review the insurance requirements and indemnification clause as stated in the attached sample agreement.

Should the successful proposer decline to execute the agreement, the City Council has the option to either reject all proposals or call for new proposals or acceptance of other proposals.

11.0 Insurance

The Consultant/Firm selected must meet the following minimum insurance requirements upon execution of the City's Professional Services Agreement:

1. **Commercial General Liability**
   Commercial General Liability (CGL) (equivalent in coverage scope to Insurance Services Office, Inc. Form CG 00 01) shall cover on an "occurrence" basis for bodily injury and property damage, including premise-operations, products-completed, broad form property damage, blanket contractual liability, independent contractors, personal injury or bodily injury, and advertising injury with limits no less than $2,000,000 per occurrence. If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

   If requested, the "City of Montebello, its officials, employees, and agents" must be separately endorsed to the policy as additional insureds on an endorsement equivalent to the Insurance Services Office, Inc. Form CG 20 10 11 85 of CG 20 26 1185.

2. **Business Automobile Liability**
   For owned vehicles, hired, and non-owned vehicles, Insurance Services Office Form CA 00 01 covering, Code 1 (any auto), or if the vendor has not owned autos, Code 8 (hired) and 9 (non-owned) with a limit no less than $1,000,000 per accident for bodily injury and property damage.

   If an automobile is not necessary to perform services, the Consultant must submit a written request for a waiver of this requirement.

3. **Professional Liability or Errors and Omissions**
   Depending on the work or services to be performed, professional liability or errors and omissions liability insurance may be required. The City will require the vendor to provide professional liability or errors and omissions liability insurance in an amount not less than $1,000,000 per occurrence or claim, $2,000,000 aggregate. Architects' and engineers' coverage shall be endorsed to include contractual liability.

4. **Workers' Compensation and Employer's Liability**

Workers' Compensation as required by the California Labor Code and Employer's Liability in an amount not less than $1,000,000 per accident for bodily injury or disease.

Required insurance documentation

1. **Certificate of Insurance**
   The Certificate Holder must be listed as follows:
   City of Montebello
   1600 West Beverly Boulevard
   Montebello, CA 90640

2. **Endorsements (if requested)**
   In addition to the Certificate of Insurance, the vendor must provide the following endorsements:

   a. **Additional insured endorsements to the general liability and auto liability* insurance policies.** The "City of Montebello, its officials, employees, and agents" must be endorsed to the vendor's general liability policy as well as the auto liability policy as additional insureds on an endorsement equivalent to ISO forms CG 20 10 11 85 or CG 20 26 11 85.

   b. **Cancellation notice endorsements.** Each policy must be endorsed to certify that it will be not be cancelled or non-renewed by either party or reduced in coverage or limits (except by paid claims) unless the insurer has provided the City with thirty (30) days prior written notice of cancellation (ten (10) days for cancellation due to nonpayment of premium is acceptable).

   c. **Primary, non-contributory coverage endorsements.** The general liability and professional liability (if required) policies must be endorsed to provide that each policy shall apply on a primary, non-contributing basis with any insurance or self-insurance, primary or excess, maintained by or available to the City or its officials, employees and agents.

Waiver and Modifications of Insurance Requirements

To the extent permitted by law, the City may modify these insurance requirements at any time and at its sole discretion.

In general, any contract deemed sole source, professional/professional services, involve the disclosure of proprietary information, and/or a public works project may require revisions to the City's standard insurance requirements. Any revisions to the insurance requirements will be identified within the associated service contract terms and conditions.

Vendors may request a waiver or modification of these insurance requirements. Waiver or modification requests must be submitted in writing. The request should state the

specific insurance requirement that is being considered for waiver or modification and provided a brief explanation for the request. Requests will be reviewed on a case-by-case basis, and the decision will ultimately depend on the scope of services. The final decision to approve or deny a request will be at the City's legal authority and/or an authorized designee's discretion.

12.0 Non-Commitment of City

While the City has every intention to select a consultant/firm through this RFP process, this intention is subject to change at any time during the process. The City does not commit to awarding an agreement, paying any costs incurred in preparing the proposal for this request, and/or procuring or contracting any items or services.

13.0 Labor Requirements

a. **BACKGROUND:** All personnel engaged in the performance of this work shall be employees of the Consultant, and as such, shall be warranted to possess sufficient experience and reliability to perform this work.

b. **HEALTH:** All personnel engaged in the performance of this work shall be in good health and free of contagious diseases. The Consultant shall not allow any person(s) under the influence of alcohol or drugs on the premises or in the building. Neither shall the Consultant allow the use of, or presence of, alcohol or drugs on the premises or in the building.

c. **NON-DISCRIMINATION:** The Consultant shall not engage in discrimination in the employment of persons because of race, color, national origin, ancestry, mental/physical disabilities, sex, or religion of such persons.

e. **CONDUCT:** No person(s) shall be employed for this work that is found to be incompetent, disorderly, and troublesome, under the influence of alcohol and drugs, which fails or otherwise refuses to perform the work properly and acceptably, or is otherwise objectionable. Any person found to be objectionable shall be discharged immediately and not re-employed for this work.

14.0 Compliance with Federal Law, Regulations, And Executive Orders and Acknowledgement of Federal Funding

This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives."

15.0 Records

The Consultant/Firm agrees to permit City Manager or designee access to records, reports, files, and other papers or property of the Consultant/Firm to audit any performance aspect under this agreement.

16.0 Subcontractors
The Consultant shall be responsible for all work performed under the final agreement and shall keep all work under his control. No portion of the work may be subcontracted without the prior written consent of the City. Any and all subcontractors used on this work shall be under the direct supervision of the Contractor and shall be considered as his employees. Any approved subcontractors must provide insurance indemnifying the City with limits at or exceeding the limits of the Contractor's insurance.

17.0 Modifications/Changes
Changes in the areas serviced and/or specifications may be necessary during the term of the agreement. Changes in the agreement requirements and corresponding changes in compensation may be implemented upon mutual understanding between the City and the Consultant. These changes will be processed through the City Manager.

18.0 Disclosure of Information

a. The Consultant agrees that it will not during or after the term of the Contract disclose any proprietary information or confidential business information of the City, including but not limited to its costs, charges, operating procedures, or methods of doing business to any person, firm, corporation, association, or other entity or to the general public for any reason or purpose whatsoever, without the prior written consent of the City. Such confidential or proprietary information received by the Consultant shall be used exclusively in connection with the performance of services.

b. The Consultant shall not issue or release for publication any articles, advertising, or publicity matters relating to the services performed by the Consultant hereunder or mentioning or implying the name of the City or its respective personnel, without the prior written consent of the City.

19.0 City of Montebello Rights
In its discretion, the City reserves the right to:

1. Reject any and/or all proposals for no reason or any reason including, but not limited to, the following:

    a. The proposal is incomplete, non-responsive, obscure, irregular, or lacking necessary detail and specificity.

    b. The Consultant, in the sole judgment of the City, lacks the qualifications, experience, and/or responsibility necessary to provide the services.

    c. The Consultant failed or neglected to complete and submit any information within the time specified by the City, and as may be otherwise required herein.

2. Reject any proposal that, in the opinion of the City, is so unbalanced in comparison to other proposals received and/or to the City's internal estimates that it does not accurately reflect the cost to perform;

3. Accept all or any part of a proposal;

4. Cancel the entire RFP;

5. Issue subsequent RFPs; or

6. Waive any errors or informalities in any proposal to the extent permitted by law.

Micah Herd, Sr. Management Analyst
City of Montebello | Department of Finance
1600 W. Beverly Blvd.
Montebello, CA 90640

Re: Proposal to Provide Community Risk Assessment – RFP No. 22-3 (Re-Issue)

Dear Mr. Herd,

Jacob Green & Associates (JGA) is pleased to respond to the City of Montebello's RFP for the development of a comprehensive Community Risk Assessment and Analysis for the City's Fire Department. We understand that the demand for local emergency services is likely to increase in the near future, and the development of this assessment and analysis will allow the City to modify its approach to the delivery of emergency services in response to this increased demand.

The City anticipates that the Community Risk Assessment and Analysis will help to determine an adequate level of resources required to serve the community during a crisis, develop fire hazard best practices and mitigation, and help guide the development of strategic goals and objectives for the Fire Department and the City. JGA is ready and willing to dedicate our time, staff, and resources to developing this assessment and analysis for the City of Montebello.

JGA is very familiar with the City and its staff, having recently provided comprehensive leadership development and teambuilding services. JGA has also successfully written and submitted competitive grant applications on behalf of the City's Fire Department and spent significant time during the grant preparation process learning about the needs and opportunities within the City. The knowledge and understanding we have of the City and experience working for City leadership are directly applicable to the services requested to conduct a Community Risk Assessment and Analysis.

We are pleased to propose an eminently qualified team of professional public safety consultants. JGA's proposed Project Manager Mike Pelletier has more than 27 years of experience working in the public sector, serving as a Fire Deputy Chief for his last six years. He served as the lead grant writer, lead Public Information Officer, and lead project manager on numerous high-profile projects. Mike has also overseen numerous projects that include the replacement of all frontline fire apparatus, complete renovation of five fire stations, the establishment of a temporary fire station, construction of a new fire facility, and the final design and construction of a $10 million fire training facility.

The public safety project team proposed to provide these services to the City of Montebello has decades of local government public safety experience, overseeing public notification technologies and actual events, as well as conducting training and exercises for municipalities throughout California. The City of Montebello will also benefit from our strong relationships with the State Office of Emergency Services (OES), Federal Emergency Management Agency (FEMA), and the US Army Corps of Engineers (USACE). We will ensure that the Fire Department and your City team is ready to respond to your next community crisis.

Should JGA be selected to provide these services, our key project staff will be available to provide the proposed services during the duration of the planning period. In the event that circumstances require staff reallocation, the JGA Principal-in-Charge and Project Manager will communicate directly with City management to confirm that assigned staff are qualified and sufficient to meet the City's needs during the term of the project.

Based on our review of the RFP and the projected award date of April 15, 2022, our anticipated project schedule is outlined below. If there are timeline requirements not listed in the RFP, JGA and the city will need to discuss the implications and any necessary adjustments to accommodate successful project completion.

Key Deliverables, Milestones, and Tasks	Estimated Duration/Date
1. Community Risk Assessment and Analysis – Final Report	44 weeks; 04/01/23
2. Standards of Cover Recommendations Report and Deployment Analysis	44 weeks; 04/01/23
3. Analysis of Emergency Medical Services	5 weeks; 04/01/23
4. Establish Performance Objectives	3 weeks; 04/01/23
5. Identify Current Data Integrity and Recommend New Technology Models	12 weeks; 04/01/23
6. Provide Best Practices Training and Education	3 weeks; 04/01/23
7. Conduct Stakeholder and Community Input and Analysis	3 weeks; 05/20/22
8. Gather Community Input Related to Fire Department Service Delivery	5 weeks; 07/15/22
9. Conduct Community Meeting	2 weeks; 10/26/22

Upon notice of selection, the JGA Project Manager will coordinate directly with the City management staff to further define and finalize the initial project schedule.

Our Cost Proposal will remain valid for a period of at least 180 days following the date of proposal submission. I am authorized as President and CEO of Jacob Green & Associates to execute legal documents on behalf of and bind the company to the terms and conditions of the City's RFP and this proposal.

PROJECT UNDERSTANDING AND APPROACH

Statement of Project Understanding

The City of Montebello has requested the services of a qualified consultant to assist the Fire Department in conducting a Community Risk Assessment and Analysis.

The purpose of the assessment and analysis is to assess the ability of the City to deliver emergency services in the face of potential hazards, vulnerabilities and risks. Identifying these factors will increase the City's ability to cope and prepare coping strategies and create an implementation plan for risk reduction options.

Project Approach

Key deliverables, milestones and tasks for this project include:

- Community Risk Assessment and Analysis – Final Report
- Standards of Cover Recommendations Report and Deployment Analysis
- Analysis of Emergency Medical Services
- Establish Performance Objectives
- Identify Current Data Integrity and Recommend New Technology Models
- Provide Best Practices Training and Education
- Conduct Stakeholder and Community Input and Analysis
- Gather Community Input Related to Fire Department Service Delivery
- Conduct Community Meeting

The JGA team has more than 200 combined years of public safety, emergency management, and city management experience in Southern California, as well as strong relationships with Los Angeles County, the State Office of Emergency Services (OES) and Federal Emergency Management Agency (FEMA) counterparts. Members of our team have been trained by the Center for Public Safety Excellence (CPSE) in all facets of Community Risk Assessment (CRA) planning. Specifically, our project leads have completed the CPSE "Quality Improvement for the Fire and Emergency Services Workshop," specific to the creation of a CRA.

City Staff Requirements

To facilitate the provision of these services, City/Fire Department staff would be expected to supply the following information:

- 3-5 years data (RMS, CAD, NEMSIS, Inspections…)
- Department Training Records
- ISO Documentation
- Mutual aid/Automatic Aid agreements
- Local Hazard Mitigation plan
- City of Montebello GIS data
- Inspection/Occupancy data to identify target hazards
- Target hazard info to include:
  - Hospitals
  - Assisted Living Facilities
  - Schools
  - Airports
  - Government buildings (Local, State, Federal)
  - Police and Fire facilities
  - Communications centers
  - Libraries
  - EOC
  - Hazardous Materials Facilities
  - Major roadways
  - Waterways
  - Water/Sewage treatment facilities
  - Historic buildings
  - High value buildings/occupancies
  - High rise (over 3 stories)
- Rail lines
  - Large square footage buildings

RELEVANT EXPERIENCE

JGA recently provided public safety services similar to the project outlined in the City of Montebello RFP. Below is a representative sample of these engagements, accompanied by contact information for each agency. These references will affirm our ability to provide quality public safety services at a cost that affords a great value to the City and its constituents.

CITY OF FONTANA

JGA provides Comprehensive Public Safety Consulting Services, Executive Search Services, and Organizational Assessment Services to the City of Fontana.

Dollar Amount of Contract
$132,500

Client Contact:
Ray Ebert, Deputy City Manager | 909.653.6739 | rebert@fontana.org
8353 Sierra Avenue, Fontana, CA 92335

Duration:
July 2021 to Present

CITY OF OXNARD

JGA provided the City with numerous public safety services including Facilities Assessment, Emergency Management Consulting Services, and Leadership Development/Strategic Planning Mentoring.

The most recent project was a Fire Station Assessment which included documentation and analysis of the City's eight existing fire stations which will assist the City in new fire station design, prioritizing capital improvements and maintenance requirements, as well as assisting the City with identifying appropriate funding sources for essential facility improvements.

Dollar Amount of Contract
$18,670

Client Contact:
Alexander Hamilton, Fire Chief | 805.385.7700| alexander.hamilton@oxnard.org
360 W 2nd St, Oxnard, CA 93030

Duration:
August 2021 to Present

CITY OF CORONA

JGA provides a myriad of public safety consulting services for the City of Corona Fire Department. These services include Emergency Management Plan Writing, Training, and Exercise Development Services.

Dollar Amount of Contract
$34,000

Client Contact:
Brian Young, Fire Chief | 951.279.3536 | brian.young@coronaca.gov
735 Public Safety Way, Corona, CA 92878

Duration:
April 2021 to Present

Sample Graphic Design Work Not Included

Appendix A – Proposal Content and Format, Paragraph 3 Relevant Experience states, “Examples should also include a sample of graphic design work similar to what the City is seeking.”, but RFP No. 22 – 3, 5.0 Scope of Work does not reference a graphic design requirement.

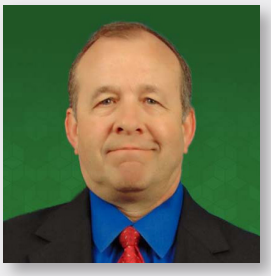
JACOB GREEN, MPA

Principal In Charge / Management Contact



Jacob has an extensive background in local government administration. He is a nationally recognized local government expert in organization and leadership development. Jacob is committed to helping public and private organizations navigate change and crisis, enhance service delivery, and build strong, resilient teams. He is passionate about providing on-site speaking, training and coaching.

As a trainer, keynote speaker, facilitator and coach, Jacob has worked with municipal clients, as well as commercial clients such as Mattel, FedEx, Hyundai Capital, ADP and many others. In 2019, Jacob distilled his personal and professional experiences into an Amazon Best-Selling book: "See Change Clearly: Leveraging Adversity to Sharpen Your Vision and Build Resilient Teams."

Assistant City Manager, City of Ontario, Population 167,000, Total budget $463 million.

The City had more than 1,300 full-time positions and 200 part-time employees. Jacob was directly responsible for oversight of Human Resources and Benefits, Risk Management, City Clerk, Code Enforcement, Emergency Management, Public Relations and all City Communications. Some of Jacob's notable accomplishments in this role include:

- Managed the City's Leadership Development Academy. Jacob managed the City's highly popular leadership development academy called "LINKS" which created an annual cohort of emerging leaders and exposed them to various leadership and professional development opportunities.
- Designed City-wide Culture Building Project. Entitled "City Manager's Approach to Public Service" for enhanced inclusion, service delivery and lean government efficiency. Jacob facilitated numerous strategic planning process retreats for multiple City departments and implemented a digital service desk to provide a single point-of-contact for citizen and business concerns directed to the City Council and City Manager.
- Managed Set ONTario Free Local Control Campaign. Jacob led an interdepartmental team to help facilitate transition of Ontario International Airport from Los Angeles World Airports to a local Airport Authority, with a heavy emphasis on communicating City Council goals and objectives through traditional and social media mechanisms and crisis management strategies.

TONY E. COLETTA JR., MPA, CEM, MPM

Senior Public Safety Advisor

Tony brings 25 years of expertise providing emergency management services, emergency planning and hazard mitigation planning. His Emergency Management experience includes instructing and course design, emergency operations center design, recruitment and succession planning, strategic planning, grants management and performance management. Tony is a proven leader skilled in problem solving, alliance building, and organizational communication that delivers results-oriented solutions directed at tomorrow's municipal challenges. He has built ultra-effective emergency management teams, led multi-million-dollar regional homeland security programs and coordinated state-wide public safety initiatives. Tony has authored best practice emergency plans, successfully leveraged federal agencies and elected officials to maximize emergency management funding and lead the construction of state-of-the-art emergency operations centers. His unique expertise in emergency management has developed from over 25 years of managing or deploying to state and national level disasters and from conducting on-the-ground assessments of international disasters in both Chile and Japan.

RAYMOND CHEUNG, CEM

Senior Public Safety Advisor

Raymond Cheung has served for over 20 years in the public sector, ranging from military service to leadership roles in local government. Raymond's local government emergency management tenure includes positions as a city emergency manager as well as Assistant Emergency Manager for Orange County, California for the Orange County Sheriff's Department. He is also a graduate of FEMA's National Emergency Management Advanced Academy and the Harvard Kennedy School of Government's Leadership in Crises executive program. As an International Association of Emergency Management Certified Emergency Manager (CEM), Raymond has led and managed teams at both the county and city level in Southern California. He has responded to and worked dozens of disasters and Emergency Operations Center activations, including Presidentially declared disasters. A veteran of the United States Marine Corps, Raymond deployed to Iraq during Operation Iraqi Freedom in a Civil Affairs capacity to restore civil governance, local infrastructure, and basic humanitarian needs during and after the 2003 invasion.

NICOLI HILSCHER

Business Operations Manager

Nicoli Hilscher has over 20 years of experience in the United States Air Force with an extensive background in Command and Control (C2), Emergency Management, Leadership Development, Project Management and Instructional Development; holding positions internationally in various levels of leadership. Nicoli has a Top Secret, SCI security clearance and has provided professional oversight on several classified operations throughout her military career. She is a cross-functional leader overseeing operations, professional development, and recognition programs for organizations ranging from 20 to 300 plus personnel. As a military instructor, she developed curriculum, lesson plans, and measurement devices for multiple Community College of the Air Force affiliated courses.

WILLIAM SIMMONS

Data Analyst

William Simmons has 10 years of experience in the United States Air Force as a Supervisor, Instructor, Exercise Director, and Team Leader. William has been a key contributor in planning, coordinating, and executing in real world and simulation crisis environments as a Command-and-Control Operator. In addition to his crisis mitigation experience, he holds a Secret Clearance, and has held a multitude of positions in program creation and management throughout his career. One of William's most notable and fulfilling projects was his work with the implementation of a country-wide evacuation plan for civilian family members during the escalation of the North Korean threat in 2017. The plan was successfully showcased in an exercise, during which 1.7k residents were safely processed for evacuation. In addition to his desire to serve his community, William possesses an eagerness to learn. He has a Bachelor's Degree in Homeland Security and Emergency Management and has completed over 20 courses with the FEMA Emergency Management Institute.

MEGHAN MURRAY

Data Analyst

Meghan Murray has over 20+ years of experience in the United States Air Force with a background in operations management, program management, personnel management, executive communication, and continuous process improvement. Meghan holds a Secret clearance and has directed multiple programs valued at $1B while managing risk, safety, and compliance.

Additionally, Meghan holds a Masters of Science degree with a specialty in Human Resource Management bringing to the team an extensive knowledge in team leadership, strategic planning, and data driven decision making. One of Meghan's most notable projects was being a strategic team lead of the Organization of the Future that led to the building of the latest branch of the military, the United States Space Force. Using her extensive knowledge in team management, the team successfully transitioned over 300 subject matter experts to be the face of the Space Force.

Key Staff Billing Rates

Billing rates for key staff have been included in Section 6, Cost Proposal (Page 19).

PROPOSED SCOPE OF SERVICES

Per the services requested in the City's RFP, JGA proposes to deliver the scope of services detailed below.

1. Community Risk Assessment and Analysis – Final Report

JGA staff will complete a Community Risk Assessment and Analysis for the City of Montebello Fire Department, which will include analysis of current fire and emergency medical services strategies to develop an in-depth assessment for station locations, deployment models, staffing, and fire risks using various resources.

The Final Report will include, but will not be limited to:

- A summary of how the approach and analyses were conducted;
- A summary of the strengths of the Fire Department and opportunities for improvement and change;
- A description of the community served;
- A review of services provided; and
- A review of historical performance.

2. Standards of Cover Recommendations Report and Deployment Analysis (Prepare a Montebello Fire Department Community Risk Assessment Report)

JGA staff will prepare a Standards of Cover Recommendations Report and Deployment Analysis. The assessment will formulate recommendations for appropriate staffing and deployment of firefighting and EMS resources consistent with state and national Best Practices.

The Deployment Analysis will include existing station locations, daily staffing, and incident frequency analysis, and apparatus deployment. It will include Distribution and Concentration Studies to evaluate current location and type of resources available for first-due and complete effective response.

We will provide an analysis of fire incidents, EMS, hazardous materials, false and other alarms, automatic/mutual aid, civilian and firefighter injuries, fire dollar loss, geographic incident patterns, coverage, response times, station operations and Department policies and procedures.

JGA staff will analyze the Department's ability to meet future anticipated EMS and fire deployment to more extensive and significant emergencies, such as wildland fires and earthquakes.

3. Analysis of Emergency Medical Services

JGA staff will analyze EMS services provided by the Fire Department and ambulance contractor.

4. Establish Performance Objectives

JGA staff will coordinate with City/Fire Department project management to establish performance objectives, including measures and compliance methodology.

5. Identify Current Data Integrity and Recommend New Technology Models

JGA staff will identify current data integrity and include recommendations for new technology models that improve performance tied to data and outcomes. We will develop performance measures and methodologies for complying with the standards and recommendations for ongoing analyses.

6. Provide Best Practices Training and Education

JGA staff will provide training and education to the identified members of the Fire Department on best

practices to implement the recommended actions with the Community Risk Assessment and Deployment Analysis.

7. Conduct Stakeholder and Community Input and Analysis

JGA staff will conduct interviews/information gathering sessions with key City/Fire Department staff and other community stakeholders and shareholders.

8. Gather Community Input Related to Fire Department Service Delivery

JGA staff will gather input from the community regarding current expectations and future desires related to Fire Department service delivery. We will conduct one (1) city-wide web-based survey. The data collected via this survey will be analyzed and a summary of the survey findings will be included in the final report.

9. Conduct Community Meeting

JGA staff will work with City/Fire Department project managers to establish the meeting format, which will include an interactive platform that will accommodate community interaction and opinions related to services currently provided and those anticipated to be provided in the future.

Initial Working Schedule

Below, we provide an initial working schedule with estimated durations for each of the key deliverables, milestones, and tasks based on the projected award date of April 15, 2022. Upon notice of selection, JGA staff will coordinate with City project management to refine the project schedule. If there are timeline requirements not listed in the RFP, JGA and the city will need to discuss the implications and any necessary adjustments to accommodate successful project completion.

Key Deliverables, Milestones, and Tasks	Estimated Duration/Date
1. Community Risk Assessment and Analysis – Final Report	44 weeks; 04/01/23
2. Standards of Cover Recommendations Report and Deployment Analysis	44 weeks; 04/01/23
3. Analysis of Emergency Medical Services	5 weeks; 04/01/23
4. Establish Performance Objectives	3 weeks; 04/01/23
5. Identify Current Data Integrity and Recommend New Technology Models	12 weeks; 04/01/23
6. Provide Best Practices Training and Education	3 weeks; 04/01/23
7. Conduct Stakeholder and Community Input and Analysis	3 weeks; 05/20/22
8. Gather Community Input Related to Fire Department Service Delivery	5 weeks; 07/15/22
9. Conduct Community Meeting	2 weeks; 10/26/22

CONFLICT OF INTEREST STATEMENT

Jacob Green & Associates and its staff do not have any financial, business, or other relationships with the City of Montebello that may have an impact on the outcome of the proposed contract.

COST PROPOSAL

Total All-Inclusive Not-to-Exceed Maximum Price

The fixed-fee, all-inclusive cost to complete the Scope of Work as identified in the RFP is $98,120. This fixed-fee approach contains all direct and indirect costs, including all out-of-pocket expenses, travel, transportation, meals, communications, meetings, conference calls, site visits and deliverables. The City responsible for any printing and/or duplication costs.

If awarded the Community Risk Assessment – RFP No. 22-3 (Re-Issue) Project, JGA will only proceed with a fixed-fee agreement. JGA will provide the City with monthly invoices based on milestones as outlined in the proposal, on a percentage completion basis. Upon notice of selection, JGA will work with the City to define a milestone invoicing schedule.

Hours and billable rates listed below are only being provided to comply with the RFP request. JGA will not be able to proceed with a Time and Materials contract for this project.

ATTACHMENT C

CITY OF MONTEBELLO

PROFESSIONAL SERVICES AGREEMENT NO. 3963
WITH JACOB GREEN & ASSOCIATES

THIS PROFESSIONAL SERVICES AGREEMENT ("Agreement") is made and entered into on _____**, 2022** ("Effective Date"), by and between the CITY OF MONTEBELLO, a California municipal corporation (the "CITY") and JACOB GREEN & ASSOCIATES (the "CONSULTANT"). The CITY and the CONSULTANT are sometimes referred to herein individual as the "Party," and jointly as the "Parties."

RECITALS

WHEREAS, the CITY desires to retain a qualified professional consultant to conduct a community risk assessment in the CITY; and

WHEREAS, the CONSULTANT represents that it is fully qualified to perform such services by virtue of its experience and the training, education and expertise of its principals and employees.

NOW THEREFORE, in consideration of performance by the Parties of the covenants and conditions herein contained, the Parties hereto agree as follows:

SECTION 1. INCORPORATION OF RECITALS AND OTHER CONTRACT DOCUMENTS

a. The above-referenced Recitals constitute a material part hereof and shall hereby be incorporated by reference. Moreover, this Agreement consists of the following documents, in order of precedence, all of which are incorporated herein and made part of this Agreement, as though fully set forth herein:

1. This Agreement and its Exhibits, including any and all addenda or supplemental agreements.
2. RFP No. 22-3 (Re-Issue)
3. Proposal referenced and Best Final Offer received by the successful proposer.
4. All other documents, including but not limited to all applicable bonds, insurance certificates, permits, notices, schedules, forms, certifications, and affidavits.

b. These documents shall be collectively referred to herein as the "Contract Documents." In the event of a conflict among the Contract Documents, the order of precedence list above shall apply.

SECTION 2. SERVICES / COMPENSATION.

a. All terms, conditions, requirements, and provisions of the Request for Proposals for Community Risk Assessment in the City of Montebello (issue date February 9, 2022) ("Request for Proposals"), as such is set forth fully in **Exhibit "A"** hereto, are hereby incorporated fully herein by this reference and shall be binding on the Parties. To the extent of a conflict between the terms of this Agreement and that set forth in any exhibits or attachments hereto, the terms of this Agreement

DRAFT

shall govern.

b. The CONSULTANT shall provide to the CITY all labor, equipment, materials and incidental necessary to conduct a community risk assessment as set forth fully in the Request for Proposals, as such is set forth fully in **Exhibit "A**" hereto and incorporated fully herein by this reference (hereinafter "Professional Services").

c. The CONSULTANT shall be compensated for performance of the Professional Services as set forth in the Schedule of Compensation attached hereto as **Exhibit "B"** and incorporated fully herein by this reference ("Compensation"). The CONSULTANT shall provide an itemized billing statement to the CITY each month for Professional Services performed. The CONSULTANT shall no incur fees or costs which exceed the Compensation without the prior written consent of the CITY.

SECTION 3. TERM.

a. This Agreement shall commence upon issuance of a written "Notice to Proceed" (as further defined below) by the CITY and shall expire on September 30, 2023, unless terminated earlier as hereinafter provided.

b. Notice to Proceed. Any work or service contemplated under this Agreement shall not commence until the CITY has issued a written Notice to Proceed issued by CITY's applicable, department head.

SECTION 4. PERFORMANCE.

a. The CONSULTANT shall at all times, faithfully, competently, and to the best of its ability, experience, and talent, perform all tasks described herein.

b. The CONSULTANT shall employ, at a minimum, generally accepted standards and practices utilized by companies engaged in providing similar services, as are required of Consultant hereunder, in meeting its obligations under this Agreement.

c. The CONSULTANT shall be knowledgeable of and subject to all CITY ordinances, rules and regulations, standard operating procedures, and the supervisory chain of command.

d. The CONSULTANT shall have the right to retain, subject to the CITY's approval, additional individuals, consultants or subconsultants to assist in the completion of services as herein defined. Compensation for additional individuals, consultants or subconsultants shall be the sole and exclusive responsibility of the CONSULTANT.

e. The CONSULTANT shall retain all original reports, field and office notes, correspondence, calculations, maps, and other documents specifically related to the services provided by the CONSULTANT pursuant to this Agreement, other than documents which are exempt from disclosure pursuant to the attorney-client privilege or any other law. Said documents shall be made available for inspection by the CITY upon request.

DRAFT

SECTION 5. WORK PRODUCT.

a. The CONSULTANT hereby agrees that all work product produced pursuant to this Agreement, and provided to the CITY during and upon completion of this Agreement, shall be the property of the CITY, and ownership of said work product shall be retained by the CITY. The CONSULTANT may take and retain copies of such written products as desired, but no such written products shall be the subject of a copyright application by the CONSULTANT.

b. All data, documents, discussion, or other information developed or received by the CONSULTANT or provided for performance of this Agreement are deemed confidential and shall not be disclosed by the CONSULTANT without prior written consent by the CITY. The CITY shall grant such consent if disclosure is legally required. All such written products shall be returned to the CITY upon the termination or expiration of this Agreement. The CONSULTANT agrees that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

SECTION 6. EXTRA SERVICES.

No extra services over and above the Compensation shall be rendered by the CONSULTANT under this Agreement unless such extra services first shall have been duly authorized in writing by the CITY's City Manager (the "City Manager").

SECTION 7. CITY SUPERVISION.

The City Manager shall have the right of general supervision of all work performed by the CONSULTANT and shall be the CITY's agent with respect to obtaining the CONSULTANT's compliance hereunder. No payment for services rendered under this Agreement shall be made without the prior approval of the City Manager.

SECTION 8. TERMINATION.

In the event that either Party hereto fails or refuses to perform any of the provisions of this Agreement at the time and in the manner required, the non-defaulting party shall give the defaulting party written notice of the default, the nature of the default, and of the steps necessary to cure the default.

a. Termination for Cause. In the event that any of the provisions of the Agreement are violated by either party, the non-defaulting Party may terminate the Agreement by serving written notice upon the other Party, listing the violation(s) and its intent to terminate such Agreement unless within ten (10) days after the serving of such notice, such violation shall cease or be rectified, the contract shall upon the expiration of an additional thirty (30) days cease and terminate. Violations by the CONSULTANT which cannot be corrected within ten (10) days, said contract shall at the option of the CITY cease and terminate upon the giving of like notice. In the event of any such termination for default by the CONSULTANT, the CITY may take over the work and prosecute the same to completion by contract or otherwise for the account and at the expense of the CONSULTANT. The CONSULTANT and his sureties shall be liable to the CITY for any excess cost occasioned in the event of any such termination. This change shall not be construed to prevent the termination, for other causes authorized by law or other provisions of this contract. In the event of a termination for cause, the CONSULTANT shall only be entitled to

DRAFT

the Compensation for those Professional Services satisfactory performed on or before the effective date of termination.

b. Termination for Convenience. The CITY shall have the option, at its sole discretion and without cause, to terminate this Agreement in whole, or in part, by giving ten (30) business days' written notice to the CONSULTANT. Upon the termination of this Agreement as provided herein, the CITY shall provide to the CONSULTANT the part of Compensation which would otherwise be payable to the CONSULTANT for services the CONSULTANT had completed as of the date of termination, less the amount of all previous payment with respect to the Compensation. Further, upon such a termination for convenience by the CITY, the Parties agree that the CONSULTANT shall be reimbursed for any "non-refundable" costs that the CONSULTANT has incurred for its services under this Agreement, provided that: (1) such "non- refundable" costs were incurred by the CONSULTANT prior to the date of termination, and (2) that the CONSULTANT provides the CITY with adequate proof that the CONSULTANT incurred the costs, and is unable to be seek a refund for such costs. Such "non-refundable" costs may include, but are not limited to, travel reservations incurred by the CONSULTANT for its performance of services under this Agreement. The CONSULTANT agrees to cease all work under this Agreement on or before the effective date of any notice of termination.

SECTION 9. EMPLOYMENT OF CITY EMPLOYEES.

No regular employee of the CITY shall be employed by the CONSULTANT during the term of this Agreement.

SECTION 10. NON-LIABILITY OF CITY OFFICIALS AND EMPLOYEES.

No official or employee of the CITY shall be personally liable to the CONSULTANT in the event of any default or breach by the CITY, or for any amount which may become due to the CONSULTANT.

SECTION 11. INDEPENDENT CONSULTANT.

a. The CONSULTANT is and shall, at all times, remain as to the CITY a wholly independent consultant. Neither the CITY nor any of its elected officials, officers, employees, or agents shall have control over the conduct of the CONSULTANT except as expressly set forth in this Agreement. The CONSULTANT shall not at any time or in any manner represent that he or she is in any manner an elected official, officer, employee, or agent of the CITY. No employee benefits shall be available to the CONSULTANT in connection with the performance of this Agreement. Except as provided in this Agreement, the CITY shall not pay salary, wages, or other compensation to the CONSULTANT for performance hereunder for the CITY, the CITY shall not be liable for compensation to the CONSULTANT, the CONSULTANT's employees or the CONSULTANT's subconsultants for injury or sickness arising out of performing services hereunder.

b. The parties further acknowledge and agree that nothing in this Agreement shall create or be construed to create a partnership, joint venture, employment relationship or any other relationship except as set forth in this Agreement.

c. The CITY shall not deduct from the Compensation paid to the

DRAFT

CONSULTANT any sums required for Social Security, withholding taxes, FICA, state disability insurance or any other federal, state or local tax or charge which may or may not be in effect or hereinafter enacted or required as a charge or withholding on the compensation paid to the CONSULTANT. The CITY shall have no responsibility to provide the CONSULTANT, its employees or subconsultants with workers' compensation insurance or any other insurance.

SECTION 12. CalPERS ANNUITANTS AND ELIGIBILITY INDEMNITY.

a. If the CONSULTANT is a California Public Employees' Retirement System ("CalPERS") annuitant, the CONSULTANT must provide the City with written notification of such fact a minimum of 14 calendar days prior to commencement of services under this Agreement. Failure to provide such notification may result in termination of the Agreement, and any penalties or other costs relating thereto shall be borne by the CONSULTANT. If this Agreement remains in place, the CONSULTANT shall execute any amendment(s) to this Agreement requested by the City in order to comply with all laws and regulations applicable to CalPERS annuitants.

b. In the event that the CONSULTANT or any employee, agent, or subconsultant of the CONSULTANT providing services under this Agreement claims or is determined by a court of competent jurisdiction or CalPERS to be eligible for enrollment in CalPERS as an employee of the CITY, the CONSULTANT shall indemnify, defend, and hold harmless the CITY for the payment of any employee and/or employer contributions for CalPERS benefits on behalf of the CONSULTANT or its employees, agents, or subconsultants, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of the CITY.

c. Notwithstanding any other agency, state or federal policy, rule, regulation, law or ordinance to the contrary, the CONSULTANT and any of its employees, agents, and subconsultants providing service under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any claims to, any compensation, benefit, or any incident of employment by the CITY, including but not limited to eligibility to enroll in PERS as an employee of the CITY and entitlement to any contribution to be paid by the CITY for employer contribution and/or employee contributions for PERS benefits.

SECTION 13. LEGAL RESPONSIBILITIES.

The CONSULTANT shall at all times observe and comply with all applicable laws, ordinances, codes, and regulations of the federal, state, and local governments including, but not limited to the Montebello Municipal Code. The CITY, and its appointed or elected officers, employees, or agents, shall not be liable at law or in equity occasioned by failure of the CONSULTANT to comply with this section.

SECTION 14. INDEMNIFICATION.

The CONSULTANT agrees to, and shall defend, indemnify, protect and hold harmless, the CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers from and against any and all claims, demands, lawsuits, defense costs, civil, penalties, expenses, causes of action, and judgments at law or in equity, or liability of any kind or nature which the CITY, its elected and appointed

DRAFT

boards, officers, officials, employees, agents and volunteers may sustain or incur or which may be imposed upon them for injuries or deaths of persons, or damage to property arising out of the CONSULTANT's negligent or wrongful act, or omission under the terms of this Agreement, except only liability arising out of the sole negligence of the CITY.

SECTION 15. INSURANCE COVERAGE.

a. During the term of this Agreement, the CONSULTANT shall carry, maintain, and keep in full force and effect insurance against claims for death or injuries to persons or damages to property that may arise from or in connection with CONSULTANT's performance of this Agreement. Such insurance shall be of the types and in the amounts as set forth below:

- **Commercial General Liability (CGL)**: Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis for bodily injury and property damage, including products-completed operations, personal injury, and advertising injury, with limits no less than $1,000,000 per occurrence. If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

- **Automobile Liability Insurance:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONSULTANT has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

- **Worker's Compensation** insurance as required by the laws of the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.

- **Professional Liability** insurance appropriate to the CONSULTANT'S profession, with limit no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.

b. If the CONSULTANT maintains higher limits than the minimums shown above, the CITY requires and shall be entitled to coverage for the higher limits maintained by the CONSULTANT.

c. The CONTACTOR shall require each of its subconsultants, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONSULTANT agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONSULTANT's expense, the premium thereon.

DRAFT

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Risk Manager
1600 West Beverly Boulevard
Montebello, CA 90640
Email: gskibar@cityofmontebello.com

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONSULTANT shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONSULTANT shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONSULTANT shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONSULTANT agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONSULTANT shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONSULTANT's insurance and shall not contribute with it.

k. All insurance coverage provided pursuant to this Agreement shall not prohibit the CONSULTANT, and CONSULTANT's employees, agents or subconsultants, from waiving the right of subrogation prior to a loss. The CONSULTANT hereby waives all rights of subrogation against the CITY.

DRAFT

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONSULTANT shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONSULTANT shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONSULTANT shall not be construed as a limitation of the CONSULTANT'S liability or as full performance of CONSULTANT's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONSULTANT shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-consultant, delegee, or assignee, and an explanation of why and how the same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONSULTANT and shall not bind or purport to bind the CITY and shall not release the CONSULTANT from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-consultants. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONSULTANT under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

SECTION 19. ATTORNEY'S FEES AND COSTS.

If litigation is reasonably required to enforce or interpret the provisions of this Agreement, the prevailing party in such litigation shall be entitled to an award of reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

DRAFT

SECTION 20. WARRANTIES.

Each of the parties represents and warrants to one another as follows:

a. It has received independent legal advice from its attorneys with respect to the advisability of entering into and executing this Agreement;

b. In executing this Agreement, it has carefully read this Agreement, knows the contents thereof, and has relied solely on the statements expressly set forth herein and has placed no reliance whatsoever on any statement, representation, or promise of any other party, or any other person or entity, not expressly set forth herein, nor upon the failure of any other party or any other person or entity to make any statement, representation or disclosure of any matter whatsoever; and

c. It is agreed that each party has the full right and authority to enter into this Agreement, and that the person executing this Agreement on behalf of either party has the full right and authority to fully commit and bind such party to the provisions of this Agreement.

SECTION 21. MISCELLANEOUS.

a. The descriptive paragraph headings of this Agreement are included for purposes of convenience only and shall not control or affect the construction of interpretation of any of its provisions.

b. Whenever the context hereof shall so require, the singular shall include the plural, the male gender shall include the female gender, and the neuter and vice versa.

c. In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision hereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provisions had never been contained herein.

d. The representations and warranties made by the parties to this Agreement shall survive the consummation of the transaction herein described.

e. This Agreement may be signed in any one or more counterparts all of which taken together shall be but one and the same Agreement. Any signed copy of this Agreement or of any other document or agreement referred to herein, or copy or counterpart thereof, delivered by facsimile transmission, shall for all purposes be treated as if it were delivered containing an original manual signature of the party whose signature appears in the facsimile and shall be binding upon such party in the same manner as though an originally signed copy had been delivered.

f. Each of the parties acknowledges that it has been represented by independent counsel of its own choosing, or if it has not been so represented, it has been admonished to obtain independent counsel and has freely and voluntarily waived and relinquished the right to counsel. Each party who has not obtained independent counsel acknowledges that the failure to have independent legal counsel will not excuse such party's failure to perform under this

DRAFT

Agreement or any agreement referred to in this Agreement.

SECTION 22. NOTICE.

All notices, demands, requests or approvals to be given under this Agreement shall be given in writing and conclusively shall be deemed served when delivered via e-mail (an "Electronic Notice" as further defined below), personally or on the second (2nd) business day after the deposit thereof in the United States mail, postage prepaid, registered or certified, addressed as hereinafter provided. All notices, demands, requests, or approvals hereunder shall be given to the following addresses or such other addresses as the Parties may designate by written notice:

If to CITY:
City of Montebello
Attn: René Bobadilla, City Manager
1600 West Beverly Boulevard
Montebello, CA 90640
(323) 887-1200
Email: rbobadilla@cityofmontebello.com

With a copy to:
City of Montebello – Fire Department
Attn: Angelica Palmeros, Deputy Director
1600 West Beverly Boulevard
Montebello, CA 90640
(323) 887 - 1200
Email: mchee@cityofmontebello.com

If to Consultant:
Jacob Green & Associates
Attn: Jacob Green
13217 Jamboree Road, Suite 248
Tustin, CA 92782
(909) 238 - 8536
Email: jacob@jacobgreenandassociates.com

An electronic communication ("**Electronic Notice**") shall be deemed written notice for purposes of this section if sent to the electronic mail address specified above. Electronic Notice shall be deemed received at the time the party sending Electronic Notice receives verification of receipt by the receiving party. Any party receiving Electronic Notice may request and shall be entitled to receive the notice on paper, in a nonelectronic form.

SECTION 23. NON-DISCRIMINATION AND EQUAL OPPORTUNITY EMPLOYER.

In the performance of this Agreement, the CONSULTANT shall not discriminate against any employee, sub-consultant, or applicant for employment because of race, color, creed, religion, sex, marital status, national origin, ancestry, age, physical or mental handicap, mental condition or sexual orientation. The CONSULTANT will take affirmative action to ensure that sub-consultant and applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, religion, sex, marital status, national origin, ancestry, age, physical or mental handicap, medical condition or sexual orientation.

DRAFT

SECTION 24. CONFLICT OF INTEREST.

The CONSULTANT covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which may be affected by the services to be performed by the CONSULTANT under this Agreement, or which would conflict in any manner with the performance of its services hereunder. The CONSULTANT further covenants that, in performance of this Agreement, no person having any such interest shall be employed by it. Furthermore, the CONSULTANT shall avoid the appearance of having any interest that would conflict in any manner with the performance of its services pursuant to this Agreement.

The CONSULTANT covenants not to give or receive any compensation, monetary or otherwise, to or from the ultimate vendor(s) of services to the CITY as a result of the performance of this Agreement, or the services that may be procured by the CITY as a result of the recommendations made by the CONSULTANT. The CONSULTANT's covenant under this section shall survive the termination of this Agreement.

SECTION 25. COMPLIANCE WITH FEDERAL LAW REGULATIONS, AND EXECUTIVE ORDERS AND ACKNOWLEDGEMENT OF FEDERAL FUNDING.

The CONSULTANT acknowledges that FEMA financial assistance will be used to fund all or a portion of the items/services associated with this agreement. The CONSULTANT agrees to comply with all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives.

SECTION 26. ENTIRE AGREEMENT.

This Agreement contains the entire understanding between the CITY and the CONSULTANT. Any prior agreements, promises, negotiations or representations not expressly set forth herein are of no force or effect. Subsequent modifications to this Agreement shall be effective only if in writing and signed by each party. If any term, condition, or covenant of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of this Agreement shall be valid and binding.

[**SIGNATURE PAGE TO FOLLOW**]

ITEM # 17

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Fire Chief Fernando Pelaez, Fire Department

SUBJECT: **Receive and File Community Project Funding Request for Fiscal Year 2023 from Congresswoman Linda Sanchez for the Montebello Public Safety Critical Communications Upgrade Project and a New Fire Station and Training Center**

DATE: April 13, 2022

RECOMMENDATIONS:

It is recommended that the City Council receive and file:

1) Information regarding two (2) project requests for Community Project Funding for Fiscal Year 2023 from the Office of Congresswoman Linda Sánchez:
   - $2.5 million for the Montebello Public Safety Critical Communications Upgrade Project
   - $9.5 million for a New Fire Station and Training Center

2) Take such additional, related, action that may be desirable.

FISCAL IMPACT

There is no fiscal impact with this action. If this funding request is accepted by the United States House of Representatives' Appropriations Committee, a separate item will be presented to the City Council for consideration at a future meeting.

BACKGROUND

To meet the needs of communities across the United States, President Joe Biden on March 15, 2022 signed House Resolution (H.R.) 2471 which provides $1.5 trillion in discretionary resources across the twelve Federal Fiscal Year 2022 appropriations bills. Included is a $1.5 trillion spending bill to fund the Federal government for the remainder of fiscal year 2022, which ends September 30, 2022. Several high-quality community projects submitted by Congressional representatives were funded under this spending

bill. Building upon that success, the House Appropriations Committee is currently accepting Community Project Funding requests from Members of Congress. Eligible recipients are government entities, or non-profits that are eligible to submit an Appropriations Project Request Form to their local representative, along with a letter of support from elected leaders. The application is due April 13, 2022.

The Fire Department submitted requests for two (2) critical projects to Congresswoman Linda Sánchez's office for funding consideration. The following projects proposals were submitted for consideration:

Fire Department Public Safety Communications Services in the amount of $2.5 million.

This funding was requested to fund the Montebello Public Safety Critical Communications Upgrade Project. If approved, funding will be used to upgrade and replace existing communications equipment that will improve communication functionality and increase public safety interoperability. The system upgrade aligns with the regional public safety radio network Interagency Communications Interoperability (ICI) migration to Phase 2 TDMA technologies. TDMA is a cost-effective technology to convert an analogue system to digital. It can easily adapt to the transmission of data as well as voice communication.

This critical upgrade is to protect the life safety of firefighters, law enforcement, public safety and residents, of which all depend on reliable, functional communication tools that work in the harshest and most hostile of environments. All firefighters, law enforcement, public safety professionals and volunteers, operate in extreme environments that are markedly different from those of any other radio users. The radio is the lifeline that connects all first responder personnel to command and outside assistance when in the most desperate of situations.

To operate safely in these dynamic environments, it is imperative that all first responders have the ability to immediately communicate information accurately and without delay. The requested $2.5 million in funding is imperative to improve the reliability with up-to-date communication equipment and software, including ability to establish firewalls necessary to prevent any potential hacking of the radio communications system.

Fire Department New Fire Station and Training Center in the amount of $9.5 million

Funding for this projected was requested to construct a fourth fire station with a training center to increase firefighting and rescue resources to ensure the ability to serve and protect the growing city, especially additional businesses and housing development.

DISCUSSION

These two proposed projects are to improve the overall delivery and safety of first responder services and enhance and increase emergency resources in our community.

The Montebello Public Safety Critical Communications Upgrade Project

This project is intended is to protect the public, first responders, fire, and law enforcement communities as they must be able to communicate effectively. Communication interoperability has been a consistent challenge, along with issues concerning spectrum availability, and infrastructure. Radio systems currently used by public safety agencies are severely crowded, lack interoperability, have less than optimal transmission and reception quality. The City of Montebello's Public Safety departments need to upgrade their radio communications to phase 2 TDMA to mitigate these issues. The failure of a radio transmission to get through can literally mean the difference between life and death.

With the increase of wireless technology the problem is exploding, therefore the joint effort for Project 25 (P25) is a partnership effort of the Association of Public Safety Communications Officials International (APCO) and the National Association of State Telecommunications Directors to develop a suite of standards for interoperable digital two-way radio products to improve the interoperability of public safety organizations. The main goal of P25 is to improve spectrum efficiency.

There are two phases to P25. Phase 1 uses the IMBE codec which yields 9600 bits per second. This allows transmission at the required narrowband of 12.5 kHz per channel. Phase 2 uses the AMBE+2 codec which reduces the bit rate to 6000 bits per second. The reduction in bits allows the transmission at 6.25 kHz. There are two types of multiplexing in communication, FDMA (frequency division) and TDMA (time division). Because radio transmission uses batteries it is more advantageous to lean toward TDMA because it transmits in half the time yielding longer battery life.

The City of Montebello's Fire and Police departments are part of the Interagency Communications Interoperability System (ICI), a local government-owned Land Mobile Radio (LMR) Network that is owned and operated jointly by twenty-three cities in the region and used by more than seventy local and federal government Fire, Police, and EMS agencies. The entire ICI system resides in the narrow spectrum of T-Band, UHF spectrum 450 -470 MHz, which is allocated to public safety.

Currently, Montebello supports Whittier, Santa Fe Springs, South Gate, Vernon, Monterey Park, El Monte, Bell Gardens, Bell, and other cities via a 12 channel trunked system expanding 7 RF sites. To expand the number of channels, Montebello has been actively seeking additional frequencies to better support current and future possible users. The T-Band spectrum is so crowded that it is proving very difficult to find available frequencies. The P25 Phase 2 will alleviate that problem. By migrating to P25 Phase 2, Montebello will double its channel capacity through TDMA to better serve the entire region in its growth.

Fire Department New Fire Station and Training Center

The Montebello Fire Department follows a firefighter/paramedic model, and thus the Department is the first responder for all emergency medical service (EMS) needs and fire rescue calls. Call volume runs approximately 8,000 annually, and has been trending upward with a 17% increase from 2013 to 2018, and a 9% increase in 2021.I In the first quarter of 2022, the Department has exceeded its number of calls compared to last year's quarter by 15%, with 75% of the calls being EMS and 25% fire related incidents.

Due to the increasing demands over the years, the Department must be able to provide an acceptable level of service. In addition, along with demands resulting from increased growth and the upward trend in service demands, the Montebello Fire Department is committed to creating a work environment and framework that is diverse, equitable and inclusionary in today's fire service. Every fire department should strive to have its membership reflect the demographics of the community it serves.

Although the Department has made some strides towards such a goal, much more can still be done, and the Department must remain focused on fostering a diverse workforce. The Department is actively recruiting underrepresented populations to ensure diversity, equity and inclusion. Currently, the Department sponsored two (2) female fire academy students enrolled at the Verdugo Fire Academy. The Department is also providing mentoring and training to these recruits. Inclusivity demands investment in the creation of an equitable space where different genders and demographics feel welcomed and supported to fulfill the call to duty.

If awarded, the $9.5 million in funding will be utilized to build a much needed fourth fire station that will be modern and designed to ensure that it be an equitable fire house with the goal of diversity and inclusivity in mind. A fourth fire station will also help the Department ensure critical firefighting and EMS services can be provided to the entire community in a timely manner, expanding the Department's ability to effectively respond quickly to all parts of the City.

SUMMARY

That the City Council receive and file the information regarding a request for $2.5 million in Community Project Funding for the Montebello Public Safety Critical Communications Upgrade Project and $9.5 million for a New Fire Station and Training Center for Fiscal Year 2023 from the Office of Congresswoman Linda Sánchez. Should the City be successful in receiving a portion or all of this funding, subsequent action by the City Council will be required. Staff will return as appropriate to provide updates and to appropriate the funds is successful.

RESOLUTION NO. 22-19

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO APPROVING AND ALLOWING CERTAIN CLAIMS AND DEMANDS

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY RESOLVES, FINDS, AND DECLARES AS FOLLOWS:

SECTION 1. That the reference is hereby made to that certain Register of Audited Demand No.1528, consisting of 9 pages, and including:

Warrant No.

General: Checks No.595791 through; 595995
ACH No. 1809 through; 1900

Successor Agency: Checks No. 1489 through; 1489

On file in the office of the City Clerk, the same having been audited and approved by the Deputy Director of Finance as required by law.

SECTION 2. That the said City Council having examined each such demand does hereby approve and direct the payment of same, as set forth in said Register, except the following Warrant No.

_____

_____

_____

SECTION 3. That the City Clerk shall certify to the passage and adoption of this Resolution and that the same shall be in full force and effect.

APPROVED AND ADOPTED this 13th day of April 2022.

CITY OF MONTEBELLO

CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: René Bobadilla, P.E., City Manager

BY: Fernando Pelaez, Fire Chief

SUBJECT: **Approve Increase to the Blanket Purchase Order Amount to Allstar Fire Equipment, Inc. and Galls, LLC for Fire-related Personal Protective Equipment and Hose for Fiscal Year 2021-22**

DATE: April 13, 2022

RECOMMENDATIONS:

It is recommended that the City Council:

1) Approve an increase of $245,000 to the blanket purchase order with Allstar Fire Equipment, Inc. for personal protective equipment and fire hose to a not-to-exceed amount of $275,000 for Fiscal Year 2021-22; and

2) Approve an increase of $46,000 to the blanket purchase order with Galls, LLC for personal protective equipment to a not-to-exceed amount of $95,000 for Fiscal Year 2021-22; and

3) Amend the Fiscal Year 2021-22 Budget by increasing appropriations by $31,000 in Account No. 100-85-860-6016 (Fire Department, Suppression, Uniform Expense); and

4) Take such additional, related, action that may be desirable.

FISCAL IMPACT

The Fire Department has purchased personal protective equipment (PPE) and fire hose using the terms and conditions identified in the Sourcewell Contract No. 032620-LIO and National Cooperative Purchasing Alliance (NCPA) Contract No. 02-118. These competitively bid contracts were established between Sourcewell and Allstar Fire Equipment, Inc., and NCPA and Galls, LLC. Under Montebello Municipal Code Chapter 3.20.125, Piggybacking Purchasing Agreements, the City can establish a purchase order

using the same terms and conditions set forth in the agreements previously mentioned. The department anticipates spending an amount not-to-exceed $275,000 with Allstar Fire Equipment, and an amount not-to-exceed $95,000 with Galls, LLC through June 30, 2022.

In order to fulfill the Department's industry-standard PPE needs, City Council is being requested to amend the Fiscal Year 2021-22 Budget by increasing appropriations by a total of $31,000 in Account No. 100-85-860-6016 (Fire Department, Suppression, Uniform Expense). Sufficient funding exists in the Department's budget to cover the additional PPE and fire hose purchases through June 30, 2022.

A change order will be processed with each respective vendor to ensure the proper level of personal protective equipment and fire hose can be purchased for the City's first responders in the current fiscal year. Existing funding included in the Adopted FY 2021-22 Budget as well as approved appropriations will be used to fund this increase. A separate item is being presented to the City Council to approve multi-year agreements with the City's PPE and fire hose providers.

BACKGROUND

National Fire Protection Association (NFPA) 1500 Standard on Fire Department Occupational Safety and Health Programs recommends that firefighters engaged in structural firefighting be provided with and wear a protective ensemble, which consists of the following protective items: coat, trousers, hood, helmet, SCBA, gloves, and proper footwear. This PPE is designed to protect firefighters from serious injuries or illnesses resulting from contact with fire as well as chemical, biological, radiological, nuclear, high-yield explosive (CBRNE) hazards. This is extremely important to allow for personnel to execute their jobs without suffering from burns or lung damage from smoke inhalation.

Montebello Fire Department is required by law to issue two sets of turnout ensembles to each firefighter in order to safely and effectively perform their job. This also allows for proper extraction of one set after exposure to harmful carcinogenic toxins, providing availability of a clean second set for emergency response calls in the meantime. The department has always strived to prioritize the safety and well-being of its firefighters.

Allstar Fire Equipment, Inc.

Allstar Fire Equipment, Inc. (Allstar) has supplied Montebello Fire Department for several years and has continued to provide the City with turnout ensembles consisting of boots, helmets, and brush jackets manufactured by Lion Apparel. Allstar is the exclusive dealer and distributor for Lion Apparel in the State of California. After an in-depth inventory check, Fire Department staff have identified an urgent need to purchase 41 turnout sets. This recommendation is based on the current inventory analysis for Montebello Fire Department as developed by Lion and fulfilled by Allstar Fire Equipment. The City has

purchased turnouts from Allstar and have worked to develop a specification that suits the Department's needs and provides consistency for first responder's as established by the National Fire Protection Association (NFPA) 1851 Standards. .

The Department also wishes to utilize Allstar Fire Equipment for Key Hose replacement in order to meet NFPA 1961 Standards. The current hoses on Department apparatus as well as those at the stations have exceeded their life span and are required, by law, to be in operable condition at all times. The Key Hose equipment needed can be categorized into the following: SP15-600 Forestry, SP10-600 Forestry, DN25-800 Magnum, and DN40-600 Magnum. Key specializes in the design and manufacture of the highest quality fire hose products, combining the best in raw materials with expert craftsmanship. Allstar Fire Equipment has continued to be the chosen vendor due to their close proximity, quick response time, and familiarity with the Department's fire hose needs.

Galls, LLC

Galls, LLC, has done business with the City of Montebello over the past decade. In order to properly outfit Fire Department staff, the purchase of station uniforms, wildland pants, and station boots for existing personnel as well as 16 newly hired employees will be made through Galls. In addition, the department will be purchasing ballistic protective equipment from Galls for four (4) employees.

To provide context, the Department received approval from City Council in May 2021 to purchase ballistic protective equipment including body armor, helmets, plates, and bags. Montebello Fire Department must utilize ballistic vests when responding to incidents involving active shooters and/or firearms related situations where the need for ballistic gear is imperative for protection to increase the safety and well-being of the first responders and all other personnel. Therefore, Galls will be a critical vendor for the Department in the upcoming fiscal years.

The Fire Department currently has Purchase Order #2022-00000190 open with Allstar Fire Equipment for a total amount of $30,000. For the purposes of this Fiscal Year, the request is to increase the year-to-date total to $275,000 (an additional $245,000). The Fire Department currently has Purchase Order #2022-0000075 open with Galls, LLC for a total amount of $49,999. For the purposes of this Fiscal Year, the request is to increase the year-to-date total to $95,000 ($46,000 in additional funding).

ANALYSIS

City staff began evaluating the best method of future procurement of personal protective equipment in a manner that would provide approval to purchase the necessary types and quantities in a manner that is in line with the City's Municipal Code and purchasing policies. The City currently utilizes Allstar Equipment and Galls for these essential PPE components and other uniform needs. Staff conducted an analysis of each vendor to find

an alternative master contract through Sourcewell and National Cooperative Purchasing Alliance (NCPA), which are national cooperative procurement organizations offering publicly solicited contracts to government entities nationwide. Contracts are created through a public solicitation by a Lead Public Agency. As current members, purchasing off of these contracts provides the City the opportunity to purchase from Allstar Equipment and Galls, acquiring the same products and services currently utilized while meeting the municipal code requirements to purchase off competitive bid awards. For reference, Fire Department's Sourcewell Member No. 186497.

Allstar Fire Equipment, Inc. was awarded this contract by Sourcewell on May 7, 2020 and it will expire on May 7, 2024. It is a four-year term with optional extension up to one additional one-year period upon request of Sourcewell and with written agreement by the vendor. This contract saves the City the cost of conducting an RFP process, which would likely result in similar, or possibly higher, rates. Remarkably, the recommended contract entails prices that are at discount range up to 35% from MSRP price list.

Galls, LLC was awarded their contract by NCPA on May 3, 2021 and will it expire on April 30, 2024. It is a three-year term with the option to renew for two (2) additional one (1) year periods, if mutually agreed on by Region XIV ESC and Galls, LLC.

Therefore, staff research indicates that the most efficient and economical methods to acquire the specified PPE, station uniforms and hoses are to use the existing contracts between Sourcewell and Allstar Fire Equipment (Contract No. 032620-LIO); NCPA and Galls (Contract No. 02-118). This provides the opportunity to purchase off of competitive bid awards and receive the same reliable products and service, at reasonable prices.

SUMMARY

Staff is recommending the City Council approve the procurement of personal protective equipment, stations uniforms and fire hose from Allstar Fire Equipment, Inc. and Galls, LLC by utilizing Sourcewell (Attachment B) Contract No. 032620-LIO and NCPA Contract (Attachment E) No. 02-118. The annual purchase amount will be not-to-exceed amounts of $275,000 for Allstar Fire Equipment and $95,000 for Galls. Staff further recommends an amendment to the current Fiscal Year 2021-22 Budget by increasing appropriations by $31,000 in Account No. 100-85-860-6016 (Fire Department, Suppression, Uniform Expense).

To Whom it May concern,

Re: LION Authorized & Approved Sole Source Distributor

Allstar Fire Equipment and LION have experienced a decades' long partnership in proudly supplying the California fire service with the highest quality personal protective equipment. LION is grateful to the high energy and enthusiasm exhibited by the staff at Allstar. Their dedication to the highest standards of service and integrity has developed into their position as the **Sole Source for LION's NFPA compliant LION® brand turnouts and Fire Training Products to the municipal fire service market in California.**

Allstar maintains significant inventory and professional sales staff covering the entire state. LION provides state-of-the-art ergonomics in its Janesville V-Force turnouts and true innovations such as Isodri®, Semper Dri™, Lite-N-Dri™ and Ventilated Trim™, responding to the needs of the fire service, with focus on metabolic stress reduction, durability, mobility and comfort.

Thank you for your consideration in choosing Allstar and LION for your personal protection requirements.

Sincerely,

Mike Morris

Solicitation Number: RFP #032620

CONTRACT

This Contract is between **Sourcewell**, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and **LION First Responder PPE Inc.**, 7200 Poe Ave., Suite 400, Dayton, OH 45414 (Vendor).

Sourcewell is a State of Minnesota local government agency and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to its members. Participation is open to all levels of governmental entity, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada.

Vendor desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and its Members (Members).

1. TERM OF CONTRACT

A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.

B. EXPIRATION DATE AND EXTENSION. This Contract expires May 7, 2024, unless it is cancelled sooner pursuant to Article 24. This Contract may be extended up to one additional one-year period upon request of Sourcewell and with written agreement by Vendor.

C. SURVIVAL OF TERMS. Articles 11 through 16 survive the expiration or cancellation of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Vendor will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Vendor's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new/current model. Vendor may offer close-out or refurbished Equipment or Products if they are clearly indicated in Vendor's product and pricing list. Unless agreed to by the Member in advance, Equipment or Products must be delivered as operational to the Member's site.

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Vendor warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Vendor warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Vendor's dealers and distributors must agree to assist the Member in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that is effective past the expiration of the Vendor's warranty will be passed on to the Member.

C. DEALERS AND DISTRIBUTORS. Upon Contract execution, Vendor will make available to Sourcewell a means to validate or authenticate Vendor's authorized Distributors/Dealers relative to the Equipment, Products, and Services related to this Contract. This list may be updated from time-to-time and is incorporated into this Contract by reference. It is the Vendor's responsibility to ensure Sourcewell receives the most current version of this list.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced as stated in Vendor's Proposal.

Regardless of the payment method chosen by the Member, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Member at the time of purchase.

When providing pricing quotes to Members, all pricing quoted must reflect a Member's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Member's requested delivery location.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Vendor must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Members. Members reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery.

Vendor must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

Sourcewell may declare the Vendor in breach of this Contract if the Vendor intentionally delivers substandard or inferior Equipment or Products. In the event of the delivery of nonconforming Equipment and Products, the Member will notify the Vendor as soon as possible and the Vendor will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Member.

B. SALES TAX. Each Member is responsible for supplying the Vendor with valid tax-exemption certification(s). When ordering, Members must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Vendor may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Vendor determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Members.

4. PRODUCT AND PRICING CHANGE REQUESTS

Vendor may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Contract Administrator. This form is available from the assigned Sourcewell Contract Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number
- Clearly specify the requested change
- Provide sufficient detail to justify the requested change
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change)
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will be become an amendment to this Contract and be incorporated by reference.

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

5. MEMBERSHIP, CONTRACT ACCESS, AND MEMBER REQUIREMENTS

A. MEMBERSHIP. Membership in Sourcewell is open to public and nonprofit entities across the United States and Canada; such as municipal, state/province, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Members that can legally access the Equipment, Products, or Services under this Contract. A Member's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Vendor understands that a Member's use of this Contract is at the Member's sole convenience and Members reserve the right to obtain like Equipment, Products, or Services from any other source.

Vendor is responsible for familiarizing its sales and service forces with Sourcewell membership requirements and documentation and will encourage potential members to join Sourcewell. Sourcewell reserves the right to add and remove Members to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Vendor's employees may be required to perform work at government-owned facilities, including schools. Vendor's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Member policies and procedures, and all applicable laws.

6. MEMBER ORDERING AND PURCHASE ORDERS

A. PURCHASE ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, Member must clearly indicate to Vendor that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Vendor. Typically a Member will issue a purchase order directly to Vendor. Members may use their own forms for purchase orders, but it should clearly note the applicable Sourcewell contract number. Members will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Member.

B. ADDITIONAL TERMS AND CONDITIONS. Additional terms and conditions to a purchase order may be negotiated between a Member and Vendor, such as job or industry-specific requirements, legal requirements (such as affirmative action or immigration status requirements), or specific local policy requirements. Any negotiated additional terms and conditions must never be less favorable to the Member than what is contained in Vendor's Proposal.

C. PERFORMANCE BOND. If requested by a Member, Vendor will provide a performance bond that meets the requirements set forth in the Member's purchase order.

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

D. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Member requires service or specialized performance requirements (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements) not addressed in this Contract, the Member and the Vendor may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

E. TERMINATION OF PURCHASE ORDERS. Members may terminate a purchase order, in whole or in part, immediately upon notice to Vendor in the event of any of the following events:

1. The Member fails to receive funding or appropriation from its governing body at levels sufficient to pay for the goods to be purchased;
2. Federal or state laws or regulations prohibit the purchase or change the Member's requirements; or
3. Vendor commits any material breach of this Contract or the additional terms agreed to between the Vendor and a Member.

F. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Member's purchase order will be determined by the Member making the purchase.

7. CUSTOMER SERVICE

A. PRIMARY ACCOUNT REPRESENTATIVE. Vendor will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Member inquiries; and
- Business reviews to Sourcewell and Members, if applicable.

B. BUSINESS REVIEWS. Vendor must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to members, pricing and contract terms, administrative fees, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Vendor must provide a contract sales activity report (Report) to the Sourcewell Contract Administrator assigned to this Contract. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Vendor must submit a report indicating no sales were made).

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

The Report must contain the following fields:

- Customer Name (e.g., City of Staples Highway Department);
- Customer Physical Street Address;
- Customer City;
- Customer State;
- Customer Zip Code;
- Customer Contact Name;
- Customer Contact Email Address;
- Customer Contact Telephone Number;
- Sourcewell Assigned Entity/Member Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Vendor.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Vendor will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Members. The Vendor will submit a check payable to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Members under this Contract during each calendar quarter. Payments should note the Sourcewell-assigned contract number in the memo and must be mailed to the address above "Attn: Accounts Receivable." Payments must be received no later than forty-five (45) calendar days after the end of each calendar quarter.

Vendor agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Vendor is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Vendor in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than thirty (30) days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Vendor's Authorized Representative is the person named in the Vendor's Proposal. If Vendor's Authorized Representative changes at any time during this Contract, Vendor must promptly notify Sourcewell in writing.

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

10. ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. ASSIGNMENT. Neither the Vendor nor Sourcewell may assign or transfer any rights or obligations under this Contract without the prior consent of the parties and a fully executed assignment agreement. Such consent will not be unreasonably withheld.

B. AMENDMENTS. Any amendment to this Contract must be in writing and will not be effective until it has been fully executed by the parties.

C. WAIVER. If either party fails to enforce any provision of this Contract, that failure does not waive the provision or the right to enforce it.

D. CONTRACT COMPLETE. This Contract contains all negotiations and agreements between Sourcewell and Vendor. No other understanding regarding this Contract, whether written or oral, may be used to bind either party.

E. RELATIONSHIP OF THE PARTIES. The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, master-servant, principal-agent, or any other relationship.

11. LIABILITY

Vendor must indemnify, save, and hold Sourcewell and its Members, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees, arising out of the performance of this Contract by the Vendor or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications.

12. AUDITS

Sourcewell reserves the right to review the books, records, documents, and accounting procedures and practices of the Vendor relevant to this Contract for a minimum of six (6) years from the end of this Contract. This clause extends to Members as it relates to business conducted by that Member under this Contract.

13. GOVERNMENT DATA PRACTICES

Vendor and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Vendor under this Contract.

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

If the Vendor receives a request to release the data referred to in this article, the Vendor must immediately notify Sourcewell and Sourcewell will assist with how the Vendor should respond to the request.

14. INTELLECTUAL PROPERTY

As applicable, Vendor agrees to indemnify and hold harmless Sourcewell and its Members against any and all suits, claims, judgments, and costs instituted or recovered against Sourcewell or Members by any person on account of the use of any Equipment or Products by Sourcewell or its Members supplied by Vendor in violation of applicable patent or copyright laws.

15. PUBLICITY, MARKETING, AND ENDORSEMENT

A. PUBLICITY. Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Vendor individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

B. MARKETING. Any direct advertising, marketing, or offers with Members must be approved by Sourcewell. Materials should be sent to the Sourcewell Contract Administrator assigned to this Contract.

C. ENDORSEMENT. The Vendor must not claim that Sourcewell endorses its Equipment, Products, or Services.

16. GOVERNING LAW, JURISDICTION, AND VENUE

Minnesota law governs this Contract. Venue for all legal proceedings out of this Contract, or its breach, must be in the appropriate state court in Todd County or federal court in Fergus Falls, Minnesota.

17. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

18. SEVERABILITY

If any provision of this Contract is found to be illegal, unenforceable, or void then both Sourcewell and Vendor will be relieved of all obligations arising under such provisions. If the

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

remainder of this Contract is capable of performance, it will not be affected by such declaration or finding and must be fully performed.

19. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Vendor will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Vendor may escalate the resolution of the issue to a higher level of management. The Vendor will have thirty (30) calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending*. Notwithstanding the existence of a dispute, the Vendor must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Vendor fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, any additional costs incurred by Sourcewell and/or its Members as a result of such failure to proceed will be borne by the Vendor.

B. DEFAULT AND REMEDIES. Either of the following constitutes cause to declare this Contract, or any Member order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

Written notice of default and a reasonable opportunity to cure must be issued by the party claiming default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

20. INSURANCE

A. REQUIREMENTS. At its own expense, Vendor must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an “AM BEST” rating of A- or better, with coverage and limits of insurance not less than the following:

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

1. *Workers' Compensation and Employer's Liability.*
Workers' Compensation: As required by any applicable law or regulation.
Employer's Liability Insurance: must be provided in amounts not less than listed below:

Minimum limits:
$500,000 each accident for bodily injury by accident
$500,000 policy limit for bodily injury by disease
$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Vendor will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition). At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.

Minimum Limits:
$1,000,000 each occurrence Bodily Injury and Property Damage
$1,000,000 Personal and Advertising Injury
$2,000,000 aggregate for Products-Completed operations
$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Vendor will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer).

Minimum Limits:
$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Vendor will maintain umbrella coverage over Workers' Compensation, Commercial General Liability, and Commercial Automobile.

Minimum Limits:
$2,000,000

5. *Professional/Technical, Errors and Omissions, and/or Miscellaneous Liability*. During the term of this Contract, Vendor will maintain coverage for all claims the Vendor may become legally obligated to pay resulting from any actual or alleged negligent act, error, or omission related to Vendor's professional services required under this Contract.

Minimum Limits:
$2,000,000 per claim or event

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

$2,000,000 – annual aggregate

6. *Network Security and Privacy Liability Insurance*. During the term of this Contract, Vendor will maintain coverage for network security and privacy liability. The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Vendor's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

Minimum limits:
$2,000,000 per occurrence
$2,000,000 annual aggregate

Failure of Vendor to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Vendor must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Contract Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf. All policies must include there will be no cancellation, suspension, non-renewal, or reduction of coverage without thirty (30) days' prior written notice to the Vendor.

Upon request, Vendor must provide to Sourcewell copies of applicable policies and endorsements, within ten (10) days of a request. Failure to request certificates of insurance by Sourcewell, or failure of Vendor to provide certificates of insurance, in no way limits or relieves Vendor of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Vendor agrees to name Sourcewell and its Members, including their officers, agents, and employees, as an additional insured under the Vendor's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Vendor, and products and completed operations of Vendor. The policy provision(s) or endorsement(s) must further provide that coverage is primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. WAIVER OF SUBROGATION. Vendor waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Vendor or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

maintained by the Vendor or its subcontractors. Where permitted by law, Vendor must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

E. UMBRELLA/EXCESS LIABILITY. The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies).

F. SELF-INSURED RETENTIONS. Any self-insured retention in excess of $10,000 is subject to Sourcewell's approval.

21. COMPLIANCE

A. LAWS AND REGULATIONS. All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. LICENSES. Vendor must maintain a valid status on all required federal, state, and local licenses, bonds, and permits required for the operation of the business that the Vendor conducts with Sourcewell and Members.

22. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Vendor certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Vendor declares bankruptcy, Vendor must immediately notify Sourcewell in writing.

Vendor certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota, the United States federal government, or any Member. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Vendor further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

23. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Members that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Members may also require additional requirements based on specific funding specifications. Within this Article, all references to "federal" should be interpreted to mean the United States federal government. The following list only applies when

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

a Member accesses Vendor's Equipment, Products, or Services with United States federal funds.

A. EQUAL EMPLOYMENT OPPORTUNITY. Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 C.F.R. § 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor." The equal opportunity clause is incorporated herein by reference.

B. DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148). When required by federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Vendor must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. § 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Vendor certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Vendor must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency. Vendor certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Vendor must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of $150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Vendor certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Vendor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Vendors must file any required certifications. Vendors must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

covered by 31 U.S.C. § 1352. Vendors must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Vendors must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Vendor must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Vendor further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of three (3) years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Vendor must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Vendor must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Vendor agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Vendor that are directly pertinent to Vendor's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Vendor's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

DocuSign Envelope ID: C85D501C-19EF-4F0D-B550-B76C3691C972

24. CANCELLATION

Sourcewell or Vendor may cancel this Contract at any time, with or without cause, upon sixty (60) days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Vendor's Proposal. Termination of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to termination.

Table 2: Company Information and Financial Strength

Line Item	Question	Response *	

7	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	1898 - LION begins as a mobile dry goods and clothing store. 2020 - LION continues to deliver innovative, patented technology to the fire service market. LION Core Beliefs Fostering customer intimacy We have a deep commitment to delivering at a "world-class" level our customers' personal safety, readiness and professional identity needs. Delivering that starts with having strong personal networks, and with personal experience walking in the shoes of the customer. Doing what we promise We seek to do business with stakeholders who share our commitment to honesty, transparency, candor, and fun, as well as to action consistent with our core values - like us, they strive to win with integrity. Learning from everything and everyone We value curiosity and strong personal initiative in the pursuit of understanding our customers' needs and exceeding them. Respecting all people We harness diverse points of view and even conflict as useful sources of learning, innovation, and continuous improvement. Collaborating to deliver solutions We use teamwork and a commitment to do whatever it takes to deliver solutions; that is what fuels our operational excellence. Lasting internal and external partnerships based on trust, mutual respect and collaboration are at the heart of Lion's success. Nothing short of excellence We understand that exceeding our customers' expectations demands leadership, diligent planning, skillful organizing, rapid decision making, training, and having the right tools - this is how we consistently and reliably achieve flawless execution. Being good corporate citizens We extend our sense of leadership to the global communities in which we live and work - we are privileged to give back to those that give so much to us.	*
8	Provide a detailed description of the products and services that you are offering in your proposal.	PPE Products - Turnout Gear, Helmets, Gloves, Boots, Hoods, CBRN, StationWear, Rescuewear, First Responder Training Products, PPE Maintenance, Fire Training	*
9	What are your company's expectations in the event of an award?	To leverage the Sourcewell Cooperative Purchasing agreement to further protect those who protect others… because firefighters and those around them are at risk.	*
10	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Sourcewell is a government agency that establishes an alliance between buyers and suppliers for use by education, government and non-profits. Cooperative purchasing with Sourcewell leverages the national purchasing power of more than 50,000 member agencies while also streamlining the required purchasing process.	*
11	What is your US market share for the solutions that you are proposing?	20-25%	*
12	What is your Canadian market share, if any?	35%	*
13	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No	*

14	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	Manufacturer LION partners with a Distribution Network to deliver products and services. Distribution Partners employee Distribution Sales Representatives.	*
15	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	NFPA 1971, NPFA 1851, NFPA 1951, NFPA 1855, NFPA1975, NFPA 1977, NFPA 1983, NFPA 1999, NFPA 1992, NPFA 1994, NFPA 1001, NFPA 1403, NPFA 1402, NPFA 10, OSHA 2254, OSHA, ISO 9001	*
16	Provide all “Suspension or Debarment” information that has applied to your organization during the past ten years.	N/A	*
17	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	All have been included.	*

Table 3: Industry Recognition & Marketplace Success

Line Item	Question	Response *	
18	Describe any relevant industry awards or recognition that your company has received in the past five years	N/A	*
19	What percentage of your sales are to the governmental sector in the past three years	LION sells through a distribution network so the sale is to the distributor partner. Approximately 5% would be direct to LION .	*
20	What percentage of your sales are to the education sector in the past three years	LION sells through a distribution network so the sale is to the distributor partner.	*
21	List any state or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	Ohio State - Approx. $7M New Jersey New York - Approx. $5M NPP	*
22	List any GSA contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	N/A	*

Table 4: References/Testimonials

Line Item 23. Supply reference information from three customers who are eligible for Sourcewell membership.

Entity Name *	Contact Name *	Phone Number *	
CITY OF PHOENIX	Catherine Logan	(602) 534-0943	*
MISHAWAKA FIRE DEPT	David Ray	(574) 257-0620	*
ORANGE BEACH FIRE / RESCUE	Lt. LaPorto	(407) 761-2431	*

Table 5: Top Five Government or Education Customers

Line Item 24. Provide a list of your top five government, education, or non-profit customers (entity name is optional), including entity type, the state or province the entity is located in, scope of the project(s), size of transaction(s), and dollar volumes from the past three years.

Entity Name	Entity Type *	State / Province *	Scope of Work *	Size of Transactions *	Dollar Volume Past Three Years *	
Riverside Co	Government	New York - NY	CBRN	n/a	n/a	*

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell Members across the US, and Canada if applicable.Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
25	Sales force.	LION field sales – 22 Direct Employees Located across the United States and Canada Servicing the United States, Canada, Latin America and Middle East	*
26	Dealer network or other distribution methods.	Dealer Network, 100 plus distribution partners	*
27	Service force.	LION TotalCare Market Centers – 6 locations. Atlanta, Boston, Chicago, Houston, Memphis, Wilmington, with 72 employees	*
28	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	LION works with Distribution Partners with hundreds of Distribution Sales Representatives in the US and Canada that provide customer service to the Fire Service. LION operates a customer service department in Dayton, Ohio and Albany, NY that processes warranty claims and miscellaneous customer inquiries.	*
29	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	N/A	*
30	Identify any Sourcewell Member sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	N/A	*
31	Define any specific contract requirements or restrictions that would apply to our Members in Hawaii and Alaska and in US Territories.	Hawaii – LION's policy is to ship direct to Hawaii via 2 day air or via ocean depending on size of shipment. Alaska – LION ships through a freight forwarder and covers freight within the contiguous states.	*

Table 7: Marketing Plan

Line Item	Question	Response *	
32	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Protecting at Every Level. By looking at the immediate and long-term risks, LION is actively working on advocating and developing products and services that protect the health of those that protect our communities. When those products and services are ready, we work to promote those services and drive revenue and profitable share growth for our company and for our partners. Our areas of strength / Marketing Strategy • Core Values and Commitment to Service • Team Structure and Support • Methodical Approach to Business o Market Analysis o Customer Segmentation o Product Launch Plans • Meaningful Product Differentiation • Brand Building • Metro Support • Dealer Support o LION University • End-User Outreach o Press Releases / Press Coverage o LION Mobile Fire Experience o Metro Sponsorships o Customer Education / Awareness Campaigns o Trade Shows o Collateral Development o Advertising o Industry Supplements o Videography o Digital Platforms (website, LION Fire Academy) o Social Media Put this in for Question 33: LION uses multiple social media platforms, maintains an informative website,	*
33	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	LION uses multiple social media platforms, maintains an informative website, and advertises digitally. LION also has access to reporting capabilities on our sales information and uses public information databases to understand market potential and opportunity to drive marketing plans and sales strategies.	*
34	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	The ability to use Sourcewell as a purchasing vehicle will be incorporated in the Sales Strategy for the field sales team.	*
35	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	No	*

Table 8: Value-Added Attributes

Line Item	Question	Response *	
36	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell Members. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	LION Fire Academy LION Fire Academy provides fire department members with online training on PPE and Continuing Education Units for successful completion. Fire instructors can incorporate PPE education into their classes and have their students earn credits. If you are a fire student or contemplating a career in firefighting, you'll find helpful quizzes, videos and links on PPE and other firefighting topics. NFPA 1851 and NFPA 1500 training modules are valid for any brand of PPE at no cost. lionfireacademy.com	*

37	Describe any technological advances that your proposed products or services offer.	See Marketing information	*
38	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	CORPORATE POLICY: 1. We strive to cut wasteful energy usage by replacing inefficient lighting with LED lighting in all of our buildings by 2020. Since 2015, LION's Dayton corporate headquarters has used LED lighting, leading to a reduction in annual environmental impact of at least 454,539.76 lbs of Carbon Dioxide, 3,765.64 lbs of Sulfer Dioxide, and 1,842.88 lbs of Nitrogen Dioxide. In 2019, Lion completed the installation of renewable energy solar PV panels and LED lighting in its West Liberty manufacturing factory. 2. We do not sell products that could have a harmful effect on human health and the environment. 3. We do not use manufacturing processes that release harmful pollutants or toxic materials. 4. We educate our employees on practical efforts to avoid wasteful uses of energy. a. We have installed motion detectors at Hazel Green Distribution Center and at our Dayton corporate headquarters. b. We review shipping and logistics methods to use the most efficient shipping routes to save fuel. c. We have a recycling program at the Dayton corporate headquarters with a goal for expansion to other facilities by the end of 2019. All new employees receive the attached handout on what can and cannot be recycled. d. At the Dayton corporate headquarters, LION employees have recycling bins available to increase the amount of paper that is recycled. Confidential documents are shredded by Royal Document Destruction, which recycles the paper. 5. We strive to minimize material waste. a. We strive to introduce efficiencies in the use of materials in order to reduce to the highest extent possible the generation of wastes. b. Lion has a program to recycle used turnout gear. We have already delivered more than 1000 sets of used reconditioned gear. 6. We have engaged in R&D efforts with potential suppliers to develop sustainable raw materials to replace hydrocarbon-based petroleum products as the basic raw material in certain products. 7. We have installed a brand-new Elkay Water Drinking System in the Dayton corporate headquarters to increase the use of re-usable water bottles and reduce plastic waste. 8. Lion's Dayton corporate headquarters has been certified in 2015-2018 as a Green Business by the Dayton Regional Green Initiative (DRG3). 9. Lion complies with all environmental laws and regulations in the locations where we operate. LION Recycling Policy At LION, we educate our employees on practical efforts to decrease waste. As part of our core beliefs of being good corporate citizens, we strive to be more environmentally sustainable. Please utilize the small cardboard box under your desk to recycle the following items. • Plastic bags, batteries, & light bulbs The EPA estimates that 75% of the American waste stream is recyclable, but we only recycle about 30% of it. Please do your part and recycle!	*
39	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	LION does not have an eco policy	*
40	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	LION is a big business, so no SB certificates.	*

41	What unique attributes does your company, your products, or your services offer to Sourcewell Members? What makes your proposed solutions unique in your industry as it applies to Sourcewell members?	As a result of our commitment to research-based design and innovation, LION has been awarded multiple patents for PPE and training products that prepare first responders for the hazards they face each day. Our dedicated R&D staff works with fire departments to generate and evaluate new product ideas. End-users collaborate with us on product development wear trials, training tests, focus groups, and surveys. The Personal Protection Council (PPC) focuses on fire service trends and unmet needs.	*
42	Identify your ability and willingness to provide your products and services to Sourcewell member agencies in Canada.	Products and Services are available in Canada.	*

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	

43	Do your warranties cover all products, parts, and labor?	WARRANTY a. For PPE and uniforms, Supplier warrants that all its firefighter and emergency responder protective clothing, uniforms and equipment meet all applicable NFPA standards in effect at the time of their manufacture and further warrants that such products are free from any defect in workmanship or any patent material defect. b. Conditions of use are outside the control of Supplier. It is the responsibility of Customer to inspect and maintain the product to assure it remains fit for its intended purpose. In order to maximize the useful life of these products and maintain the warranty, the products are to be used only by appropriately trained personnel following proper firefighting or emergency response techniques and in accordance with the products' warning, use, inspection, maintenance, care, storage and retirement instructions. Failure to do so will void the warranty. continued on next page 2019 LION Customer Policies — Terms/Warranty (Continued) 50 – LION Turnout™ Price List RETAIL PRICE LIST Effective October 1, 2019 Price subject to change without prior notice c. If the agreement involves the processing of material supplied by the Customer, Supplier warrants the product incorporating the material to be free from only manufacturing defects for a period of six (6) months after delivery. If the processing proves to be unsound, Supplier may, at its own discretion, either remedy the fault or perform the processing again using material to be delivered by the Customer, or refund a proportionate amount of the agreed contract price. d. Subparagraphs e, f, g and h of this section apply exclusively to training products: e. Supplier warrants the proper functioning of its products and the soundness of the materials and parts used therein for a period of twelve (12) months after delivery or for any other such term as agreed in writing between Supplier and the Customer. No warranty is given for products that were not new at the moment of delivery, and/or products that are not in use by the Customer itself. Supplier does not warrant that the goods are suitable for the purpose for which the Customer intends to use them. Supplier does not warrant the absence of any faults of the products if and insofar as the products were made following the design and/or other instructions or materials of the Customer. f. Parts for which the wear-and-tear is dependent on the intensity and frequency of use of the product delivered are warranted for twelve (12) months or seven hundred and fifty (750) hours of use, whichever comes first. Replacement of any parts damaged as result of excessive usage and operation, defined as greater than eighty-five (85) hours per month or one thousand (1,000) hours per year, or more than ten (10) hours of continuous operation, shall be excluded from the warranty. g. Supplier must be informed of more intensive use as soon as it becomes clear that the product is likely to be used more than indicated in General Terms or a separate agreement signed by both parties. If the Customer remains in default of notifying Supplier, the warranty is voided. h. Faults that arise after modification or repair by third parties, faults resulting from the use of the products for a purpose other than that for which they are intended, and faults arising from normal wear-and-tear, injudicious use or improper maintenance are not covered by the warranty. The Customer is also barred from invoking the warranty provisions: i. if software and/or systems purchased by the Customer have been installed without the prior consent of Supplier and/or not fully according to any given instructions of Supplier; ii. in the event of negligence on the part of the Customer with regard to maintenance, or if the Customer has used the goods for purposes for which they were not designed; iii. if the Customer has made changes or had changes made to the goods; iv. in the event of injudicious or reckless use, improper connections, improper voltage, lightning strike, damage due to moisture penetration or other external causes or calamities; or v. for software problems resulting from the installation of software installed by the Customer or third parties without the explicit permission of Supplier.	*

44	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	EXCEPT AS SET FORTH ABOVE, SUPPLIER MAKES NO OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR USE. j. Under the above warranties, Supplier will repair or replace, at its option, any product which does not meet the above warranties. Such repair or replacement will be the Customer's sole remedy and Supplier will not be responsible for any incidental, consequential or other damages based upon or arising in any way from breach of the warranties contained herein or the Customer's use of such product. k. The repairs under warranty will normally be carried out by Supplier at its factory, affiliate, or other designated facility. Only if repair by Supplier or a third party engaged by Supplier is not possible, and Supplier has duly communicated this to the Customer, the Customer shall be entitled to the replacement or repair of the faulty parts (unless otherwise explicitly agreed). l. Supplier may decide not to repair the goods but instead to replace them with brand new or equivalent goods, or to take back the goods and, if appropriate, refund part of the purchase price and/or offer a comparable alternative. m. The goods replaced under this warranty will be the property of Supplier. n. These warranty obligations apply only to any product, part or component which is returned to Supplier or a Supplier Authorized Clean and Repair Center with prior authorization and proof of purchase, and which Supplier agrees to be defective as covered by this warranty. o. The word "product" includes the product itself and any parts or labor furnished by Supplier with the sales, delivery or servicing of the product. p. "Defects in workmanship and materials" means poorly manufactured seams, stitching or components (e.g., loose or broken seams, zippers or snaps that fall off or do not function properly),and fabrics which have such flaws as holes, uneven spots, weak areas, pilling or other flaws caused by irregularities in their manufacture. q. The limited warranty for firefighter PPE does not cover the following items after receipt of the product by Customer: i. Claims made after sixty (60) days from the date of shipment for damage to materials; ii. Damage or color change from exposure of materials to direct or indirect sunlight or fluorescent light; iii. Shade variations among textiles used or shade changes to fabrics caused by wear and tear and/or washing; iv. Color loss due to abrasion (creases, folds, pleats, edges, collar points, etc.); v. Damage caused by improper washing, decontamination, disinfecting or maintenance (for example, use of chlorine or petrochemicals to clean); vi. Damage caused by repair work not performed to factory specifications; vii. Damage from routine exposure to common hazards which may cause rips, tears, burn damage or abrasion; viii. Loss of retroreflectivity of reflective trim due to normal wear and tear and/or heat exposure; ix. Detachment of reflective trim due to thread abrasion and/or heat exposure; x. Replacement of zippers or closures worn partially sealed and/or damaged by heavy wear and tear; xi. Loss of buttons, snaps, or cuff seams.	*
45	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	All expenses are covered to perform approved warranty claims on Training Props and Fire Safety Trailers. o Core products are shipped back to the factory for repair. o Over the phone troubleshooting often required. o Warranty does not cover misuse/neglect.	*
46	Are there any geographic regions of the United States (and Canada, if applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell Members in these regions be provided service for warranty repair?	No. Lion can provide a certified factory tech or approved dealer technician to perform warranty repairs anywhere in the US or Canada. All core products can be shipped back to the factory for repair.	*

47	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	COMPLAINTS & LIABILITY a. Without prejudice to all that is stipulated in the agreement and elsewhere in these General Terms, Supplier will not be liable, contractually and/or extra-contractually, for direct damages, except insofar as the Customer proves that the damage and/or loss is the result of a shortcoming relating to the delivered product that can be fully and solely attributed to Supplier, in which case, however, the total liability of Supplier will be still limited to the amount that is covered by its insurance. If no insurance coverage exists, for any reason at all, Supplier's liability is limited to a sum equal to the amount of the invoice value of the supplied goods that gave rise to the liability. Supplier can never be held liable for loss of profits, loss of earnings or other indirect and consequential damage. Supplier will in no event be liable, unless insofar as it explicitly accepts liability in these General Terms or in a written agreement between Supplier and the Customer. b. Complaints must be submitted to Supplier in writing, with argumentation, within fourteen (14) days after the Customer becomes aware or could reasonably have become aware of the complaint, failing which Supplier is entitled to disregard the complaint and the Customer is deemed to have waived any claim it may have against Supplier with regard to the complaint. c. If a timely and well-substantiated complaint is found justified, Supplier is entitled to either lower its invoices or improve the results of its work. d. Complaints do not entitle the Customer to suspend or offset any payments. e. After delivery, Supplier is no longer liable for faults, excepting where faults are fully and solely attributable to Supplier and the Customer did not give notice of such faults prior to the transfer in title, and furthermore the Customer could not reasonably be expected to have discovered these faults at the moment of transfer in title and register a complaint concerning the fault within the appropriate time frame as stipulated herein. f. If and insofar as the Customer has insured any risk associated with the agreement, the Customer is obliged to claim any damages under that insurance and indemnify Supplier against recovery claims by the insurer. g. Supplier's liability for direct material damages is at all times limited to the net amount of the invoice pertaining to the agreement (excluding VAT). Under no circumstances shall the compensation exceed the amount for which Supplier has procured insurance coverage for the loss-causing events and for which coverage is actually provided. h. The following are not subject to compensation: Consequential loss, including damages due to business stoppage and loss of profit; Damages inflicted on persons and/or property found in the vicinity of the location where the contract is being performed inflicted by or during the performance of the contract; Damages caused by third parties, such as auxiliaries engaged by Supplier. i. Excepting where otherwise agreed in writing, all liability of Supplier is cancelled (and therefore will expire) at the latest after six (6) months have elapsed from the moment at which the agreement ends by transfer in title, dissolution or cancellation. j. The legal claim derived from a fault for which Supplier is liable is not admissible (and will therefore expire) if it is brought later than six (6) months following the day on which the agreement ends by virtue of delivery, transfer in title, dissolution or cancellation.	*

48	What are your proposed exchange and return programs and policies?	RETURNS a. The Customer must contact Supplier Customer Support within forty-five (45) days of receipt of shipment to receive a Return Authorization Number. All returns received without a Return Authorization Number will be held up for processing. Except for defective items: i. Products that have been worn, laundered, altered or soiled are non-returnable; ii. Personalized garments (e.g., with names, letters or heat transfer emblems) are non-returnable; iii. Custom manufactured, custom sizes, made-to-order and special cut products are non-returnable; iv. Products that have been discontinued or redesigned are non-returnable; v. Boots that have been worn are non-returnable; vi. CBRN products are non-returnable. b. Returns must have prior approval from Supplier and marking instructions. Supplier will not accept goods returned without its written permission. c. Return of stock goods are subject to a fifteen percent (15%) restocking fee. d. Custom made-to-order products are not returnable.	*
49	Describe any service contract options for the items included in your proposal.	Service contracts for core products are described in the attachment. Large Prop and Fire Safety Trailer service contracts are priced individually, see summary attachments.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
50	What are your payment terms (e.g., net 10, net 30)?	Net 30	*
51	Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?	Leasing can be offered through a 3rd party service.	*
52	Describe your formal trade-in program or policy for the products or equipment offered in your proposal, if any. Upload trade-in program materials (if applicable) in the document upload section of your response.	N/A	*
53	Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell Members' purchase orders.	In most cases, orders are submitted through Distribution to LION. The Sourcewell Member Designation would be documented on the purchase order. Quarterly a LION Representative will run a report identifying Sourcewell orders to calculate the appropriate quarterly fee.	*
54	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell Members for using this process?	Yes, no additional cost.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as desribed in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
55	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	A percentage discount off list is provided by product category. List price lists for each category to be uploaded.	*
56	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	A percentage discount off list is provided by product category is listed in our document.	*
57	Describe any quantity or volume discounts or rebate programs that you offer.	N/A	*
58	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	N/A	*
59	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	LION Training Products: Freight is not included. Applicable fees may be charged for inspection, installation, set up and training. LION PPE Freight is included in the 48 contiguous states. Domestic freight to the freight forwarder is included for export orders.	*
60	If freight, delivery, or shipping is an additional cost to the Sourcewell Member, describe in detail the complete freight, shipping, and delivery program.	FOB: Origin	*
61	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Hawaii – LION’s policy is to ship direct to Hawaii via 2 day air or via ocean depending on size of shipment. Alaska – LION ships through a freight forwarder and covers freight within the contiguous states.	*
62	Describe any unique distribution and/or delivery methods or options offered in your proposal.	N/A	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments	
63	d. other than what the Proposer typically offers (please describe).	See attachment	

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
64	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	One point of contact. Monthly review of departments registered with Sourcewell. Specific order field for Sourcewell Member information. LION reports all sales.	*
65	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	.75% of sale	*

Table 14: Industry Specific Questions

Line Item	Question	Response *	
66	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Monthly review of departments utilizing agreement. Monthly review of opportunities eligible for agreement utilization. Educate field sales regarding cooperative agreement.	*
67	Describe the unique design and feature attributes of the products and/or equipment offered in your proposal.	By looking at both the immediate and long-term risks, we are actively working on advocating and developing products and services that protect the health of those that protect our communities.	*
68	Describe available options for customization of the products and/or equipment offered in your proposal.	LION offers a wide variety of customization including outershell, moisture barrier, thermal liner, pockets, trim, reinforcements and lettering.	*
69	Explain your processes for sizing, fitting, and the alteration of the products and/or equipment offered in your proposal, as applicable.	Sizing services can offered in person, via video or by sizing guideline documentation. Sizing can be performed using a sizing set or measuring tape.	*
70	If you provide on-site or in-person sales, service, training, and/or support, explain how those activities are handled and the unique attributes of your process.	In most cases, on site or in person services are provided through LION's Distribution Network with the support of the LION Distribution Sales Manager, Metro Account Manager, Product Manager and Demo Team.	*
71	Describe your compliance with applicable national standards for the products and/or equipment offered in your proposal, such as: National Fire Protection Association (NFPA), Occupational Safety and Health Administration (OSHA), and American National Standards Institute (ANSI).	NFPA 1971, NPFA 1851, NFPA 1951, NFPA 1855, NFPA1975, NFPA 1977, NFPA 1983, NFPA 1999, NFPA 1992, NPFA 1994, NFPA 1001, NFPA 1403, NPFA 1402, NPFA 10, OSHA 2254, OSHA, ISO 9001	*

Table 15: Exceptions to Terms, Conditions, or Specifications Form

Line Item 72. **NOTICE**: To identify any exception, or to request any modification, to the Sourcewell template Contract terms, conditions, or specifications, a Proposer must submit the exception or requested modification on the **Exceptions to Terms, Conditions, or Specifications Form** immediately below. The contract section, the specific text addressed by the exception or requested modification, and the proposed modification must be identified in detail. Proposer's exceptions and proposed modifications are subject to review and approval of Sourcewell and will not automatically be included in the contract.

Contract Section	Term, Condition, or Specification	Exception or Proposed Modification	

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.

2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.

3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.

4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as “Marketing Plan.”

Proposers Assurance of Comp

PROPOSER ASSURANCE OF COMPLIANCE

PROPOSER'S AFFIDAVIT

The undersigned, authorized representative of the entity submitting the foregoing proposal (the "Proposer"), swears that the following statements are true to the best of his or her knowledge.

1. The Proposer is submitting its proposal under its true and correct name, the Proposer has been properly originated and legally exists in good standing in its state of residence, the Proposer possesses, or will possess before delivering any products and related services, all applicable licenses necessary for such delivery to Sourcewell member agencies. The undersigned affirms that he or she is authorized to act on behalf of, and to legally bind the Proposer to the terms in this RFP and any resulting Contract.

2. The Proposer, or any person representing the Proposer, has not directly or indirectly entered into any agreement or arrangement with any other vendor or supplier, any official or employee of Sourcewell, or any person, firm, or corporation under contract with Sourcewell, in an effort to influence the pricing, terms, or conditions relating to this RFP in any way that adversely affects the free and open competition for a Contract award under this RFP; and, the Proposer has not participated in any collusion, or otherwise taken any action in restraint of free, competitive bidding in connection with the above named solicitation.

3. The contents of the Proposer's proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or agent of the Proposer and will not be communicated to any such persons prior to the official opening of the proposals.

4. The Proposer has examined and understands the terms, conditions, scope, contract opportunity, specifications request, and other documents in this solicitation and affirms that any and all exceptions have been noted and included with the Proposer's Proposal.

5. The Proposer will, if awarded a Contract, provide to Sourcewell Members the /products and services in accordance with the terms, conditions, and scope of this RFP, with the Proposer-offered specifications, and with the other documents in this solicitation.

6. The Proposer agrees to deliver products and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

7. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

8. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statute §13.591, Subd. 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals generally become public data. Minnesota Statute §13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

The Proposer understands that it is the Proposer's duty to protect information that it considers nonpublic, and it agrees to defend and indemnify Sourcewell for reasonable measures that Sourcewell takes to uphold such a data designation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Mark Smith, SR Vice President, LION First Responder PPE, Inc.

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

Galls, LLC
ATTN: David Scheve
1340 Russell Cave Rd.
Lexington, KY 40505

Dear David:

Region XIV Education Service Center is happy to announce that Galls, LLC. has been awarded an annual contract for Firefighter Equipment and PPE based on the proposal submitted to Region XIV ESC.

The contract is effective immediately and will expire on April 30th, 2024. The contract can then be renewed annually for an additional two years, if mutually agreed on by Region XIV ESC and Galls, LLC.

We look forward to a long and successful partnership underneath this contract.

If you have any questions or concerns, feel free to contact me at 325-675-8600.

Sincerely,

Shane Fields
Region XIV, Executive Director

Galls is required to collect sales tax on shipments to certain states. Sales tax will be added where applicable. For tax exempt customers, state laws require us to have signed tax exemption or resale certificates on file at our office. If you are tax exempt, please email or fax this information, (including your Galls account number) to Tax@galls.com or fax 859-268-5946.

Export Restrictions - This may contain commodities restricted in the United States International Trade Regulations.
