- ~~60 percent counts if the materials or supplies are purchased from a DBE regular dealer.~~
- ~~Only fees, commissions, and charges for assistance in the procurement and delivery of materials or supplies count if obtained from a DBE that is neither a manufacturer nor regular dealer. 49 CFR 26.55 defines "manufacturer" and "regular dealer."~~

~~This AGREEMENT is subject to 49 CFR 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". CONSULTANTs who enter into a federally-funded agreement will assist the LOCAL AGENCY in a good faith effort to achieve California's statewide overall DBE goal.~~

~~B. The goal for DBE participation for this AGREEMENT is _____%. Participation by DBE CONSULTANT or subconsultants shall be in accordance with information contained in Exhibit 10-O2: Consultant Contract DBE Commitment attached hereto and incorporated as part of the AGREEMENT. If a DBE subconsultant is unable to perform, CONSULTANT must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.~~

~~C. CONSULTANT can meet the DBE participation goal by either documenting commitments to DBEs to meet the AGREEMENT goal, or by documenting adequate good faith efforts to meet the AGREEMENT goal. An adequate good faith effort means that the CONSULTANT must show that it took all necessary and reasonable steps to achieve a DBE goal that, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to meet the DBE goal. If CONSULTANT has not met the DBE goal, complete and submit Exhibit 15-H: Proposer/Contractor Good Faith Efforts to document efforts to meet the goal. Refer to 49 CFR 26 for guidance regarding evaluation of good faith efforts to meet the DBE goal.~~

~~D. Contract Assurance~~

In accordance with 49 CFR 26.13(b):

CONSULTANT, ~~subrecipient~~ or subconsultant, shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. CONSULTANT shall carry out applicable requirements of 49 CFR 26 in the award and administration of federal-aid contracts.

Failure by the CONSULTANT to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the LOCAL AGENCY deems appropriate, which may include, but is not limited to:

(1) Withholding monthly progress payments;

(2) Assessing sanctions; and/or

(3) Disqualifying CONSULTANT from future proposing as non-responsible

~~E. Termination and Replacement of DBE Subconsultants~~

~~CONSULTANT shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless CONSULTANT or DBE subconsultant obtains the LOCAL AGENCY's written consent. CONSULTANT shall not terminate or replace a listed DBE for convenience and perform the work with their own forces or obtain materials from other sources without authorization from the LOCAL AGENCY. Unless the LOCAL AGENCY's consent is provided, the CONSULTANT shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE on the Exhibit 10-02: Consultant Contract DBE Commitment form.~~

~~Termination of DBE Subconsultants~~

~~After execution of the AGREEMENT, termination of a DBE may be allowed for the following, but not limited to, justifiable reasons with prior written authorization from the LOCAL AGENCY:~~

~~1. Listed DBE fails or refuses to execute a written contract based on plans and specifications for the project.~~

2. The LOCAL AGENCY stipulated that a bond is a condition of executing the subcontract and the listed DBE fails to meet the LOCAL AGENCY's bond requirements.
3. Work requires a consultant's license and listed DBE does not have a valid license under Contractors License Law.
4. Listed DBE fails or refuses to perform the work or furnish the listed materials (failing or refusing to perform is not an allowable reason to remove a DBE if the failure or refusal is a result of bad faith or discrimination).
5. Listed DBE's work is unsatisfactory and not in compliance with the contract.
6. Listed DBE is ineligible to work on the project because of suspension or debarment.
7. Listed DBE becomes bankrupt or insolvent or exhibits credit unworthiness.
8. Listed DBE voluntarily withdraws with written notice from the Contract.
9. Listed DBE is ineligible to receive credit for the type of work required.
10. Listed DBE owner dies or becomes disabled resulting in the inability to perform the work on the Contract.
11. The LOCAL AGENCY determines other documented good cause.

CONSULTANT must use the following procedures to request the termination of a DBE or portion of a DBE's work:

1. Send a written notice to the DBE of the CONSULTANT's intent to use other forces or material sources and include one or more justifiable reasons listed above. Simultaneously send a copy of this written notice to the LOCAL AGENCY. The written notice to the DBE must request they provide any response within five (5) business days to both the CONSULTANT and the LOCAL AGENCY by either acknowledging their agreement or documenting their reasoning as to why the use of other forces or sources of materials should not occur.
2. If the DBE does not respond within five (5) business days, CONSULTANT may move forward with the request as if the DBE had agreed to CONSULTANT's written notice.
3. Submit CONSULTANT's DBE termination request by written letter to the LOCAL AGENCY and include:
    - One or more above listed justifiable reasons along with supporting documentation.
    - CONSULTANT's written notice to the DBE regarding the request, including proof of transmission and tracking documentation of CONSULTANT's written notice
    - The DBE's response to CONSULTANT's written notice, if received. If a written response was not provided, provide a statement to that effect.

The LOCAL AGENCY shall respond in writing to CONSULTANT's DBE termination request within five (5) business days.

Replacement of DBE Subconsultants

After receiving the LOCAL AGENCY's written authorization of DBE termination request, CONSULTANT must obtain the LOCAL AGENCY's written agreement for DBE replacement. CONSULTANT must find or demonstrate GFEs to find qualified DBE replacement firms to perform the work to the extent needed to meet the DBE commitment.

~~The following procedures shall be followed to request authorization to replace a DBE firm:~~

1. ~~Submit a request to replace a DBE with other forces or material sources in writing to the LOCAL AGENCY which must include:~~
   a. ~~Description of remaining uncommitted work item made available for replacement DBE solicitation and participation.~~
   b. ~~The proposed DBE replacement firm's business information, the work they have agreed to perform, and the following:~~
      - ~~Description of scope of work and cost proposal~~
      - ~~Proposed subcontract agreement and written confirmation of agreement to perform on the Contract~~
      - ~~Revised Exhibit 10-O2: Consultant Contract DBE Commitment~~
2. ~~If CONSULTANT has not identified a DBE replacement firm, submits documentation of CONSULTANT's GFEs to use DBE replacement firms within seven (7) days of LOCAL AGENCY's authorization to terminate the DBE. CONSULTANT may request the LOCAL AGENCY's approval to extend this submittal period to a total of 14 days. Submit documentation of actions taken to find a DBE replacement firm, such as:~~
   - ~~Search results of certified DBEs available to perform the original DBE work identified and or other work CONSULTANT had intended to self-perform, to the extent needed to meet DBE commitment~~
   - ~~Solicitations of DBEs for performance of work identified~~
   - ~~Correspondence with interested DBEs that may have included contract details and requirements~~
   - ~~Negotiation efforts with DBEs that reflect why an agreement was not reached~~
   - ~~If a DBE's quote was rejected, provide reasoning for the rejection, such as why the DBE was unqualified for the work, or why the price quote was unreasonable or excessive~~
   - ~~Copies of each DBE's and non-DBE's price quotes for work identified, as the LOCAL AGENCY may contact the firms to verify solicitation efforts and determine if the DBE quotes are substantially higher~~
   - ~~Additional documentation that supports CONSULTANT's GFE~~

~~The LOCAL AGENCY shall respond in writing to CONSULTANT's DBE replacement request within five (5) business days.~~

~~F. Commitment and Utilization~~

~~The LOCAL AGENCY's DBE program must include a monitoring and enforcement mechanism to ensure that DBE commitments reconcile to DBE utilization.~~

~~The LOCAL AGENCY shall request CONSULTANT to:~~

1. ~~Notify the LOCAL AGENCY's contract administrator or designated representative of any changes to its anticipated DBE participation~~
2. ~~Provide this notification before starting the affected work~~

3. Maintain records including:
   - Name and business address of each 1st -tier subconsultant
   - Name and business address of each DBE subconsultant, DBE vendor, and DBE trucking company, regardless of tier
   - Date of payment and total amount paid to each business (see Exhibit 9-F: Monthly Disadvantaged Business Enterprise Payment)

If CONSULTANT is a DBE CONSULTANT, they shall include the date of work performed by their own forces and the corresponding value of the work.
If a DBE is decertified before completing its work, the DBE must notify CONSULTANT in writing of the decertification date. If a business becomes a certified DBE before completing its work, the business must notify CONSULTANT in writing of the certification date. CONSULTANT shall submit the notifications to the LOCAL AGENCY. On work completion, CONSULTANT shall complete Exhibit 17-O: Disadvantaged Business Enterprises (DBE) Certification Status Change and submit the form to the LOCAL AGENCY within 30 days of contract acceptance.

Upon work completion, CONSULTANT shall complete Exhibit 17-F: Final Report – Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subcontractors and submit it to the LOCAL AGENCY within 90 days of contract acceptance. The LOCAL AGENCY will withhold $10,000 until the form is submitted. The LOCAL AGENCY will release the withhold upon submission of the completed form.

In the LOCAL AGENCY's reports of DBE participation to Caltrans, the LOCAL AGENCY must display both commitments and attainments.

G. Commercially Useful Function

DBEs must perform a commercially useful function (CUF) under 49 CFR 26.55 when performing work or supplying materials listed on the DBE Commitment form. The DBE value of work will only count toward the DBE commitment if the DBE performs a CUF. A DBE performs a CUF when it is responsible for execution of the work of the AGREEMENT and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible, with respect to materials and supplies used on the AGREEMENT, for negotiating price, determining quality and quantity, ordering the material and installing (where applicable), and paying for the material itself.

CONSULTANT must perform CUF evaluation for each DBE working on a federal-aid contract, with or without a DBE goal. Perform a CUF evaluation at the beginning of the DBE's work and continue to monitor the performance of CUF for the duration of the project.

CONSULTANT must provide written notification to the LOCAL AGENCY at least 15 days in advance of each DBE's initial performance of work or supplying materials for the Contract. The notification must include the DBE's name, work the DBE will perform on the contract, and the location, date, and time of where their work will take place.

Within 10 days of a DBE initially performing work or supplying materials on the Contract, CONSULTANT shall submit to the LPA the initial evaluation and validation of DBE performance of a CUF using the LAPM 9-J: Disadvantaged Business Enterprise Commercially Useful Function Evaluation. Include the following information with the submittal:

- Subcontract agreement with the DBE
- Purchase orders

- ~~Bills of lading~~
- ~~Invoices~~
- ~~Proof of payment~~

~~CONSULTANT must monitor all DBE's performance of CUF by conducting quarterly evaluations and validations throughout their duration of work on the Contract using the LAPM 9-J: DBE Commercially Useful Function Evaluation. CONSULTANT must submit to the LOCAL AGENCY these quarterly evaluations and validations by the 5th of the month for the previous three months of work.~~

~~CONSULTANT must notify the LOCAL AGENCY immediately if they believe the DBE may not be performing a CUF.~~

~~The LOCAL AGENCY will verify DBEs performance of CUF by reviewing the initial and quarterly submissions of LAPM 9-J: DBE Commercially Useful Function Evaluation, submitted supporting information, field observations, and through any additional LOCAL AGENCY evaluations. The LOCAL AGENCY must evaluate DBEs and their CUF performance throughout the duration of a Contract. The LOCAL AGENCY will provide written notice to the CONSULTANT and the DBE at least two (2) business days prior to any evaluation. The CONSULTANT and the DBE must participate in the evaluation. Upon completing the evaluation, the LOCAL AGENCY must share the evaluation results with the CONSULTANT and the DBE. An evaluation could include items that must be remedied upon receipt. If the LOCAL AGENCY determines the DBE is not performing a CUF, the CONSULTANT must suspend performance of the noncompliant work.~~

~~CONSULTANT and DBEs must submit any additional CUF related records and documents within five (5) business days of LOCAL AGENCY's request such as:~~

- ~~Proof of ownership or lease and rental agreements for equipment~~
- ~~Tax records~~
- ~~Employee rosters~~
- ~~Certified payroll records~~
- ~~Inventory rosters~~

~~Failure to submit required DBE Commercially Useful Function Evaluation forms or requested records and documents can result in withholding of payment for the value of work completed by the DBE.~~

~~If CONSULTANT and/or the LOCAL AGENCY determine that a listed DBE is not performing a CUF in performance of their DBE committed work, CONSULTANT must immediately suspend performance of the noncompliant portion of the work. LOCAL AGENCY may deny payment for the noncompliant portion of the work. LOCAL AGENCY will ask the CONSULTANT to submit a corrective action plan (CAP) to the LOCAL AGENCY within five (5) days of the noncompliant CUF determination. The CAP must identify how the CONSULTANT will correct the noncompliance findings for the remaining portion of the DBE's work. LOCAL AGENCY has five (5) days to review the CAP in conjunction with the CONSULTANT's review. The CONSULTANT must implement the CAP within five (5) days of the LOCAL AGENCY's approval. The LOCAL AGENCY will then authorize the prior noncompliant portion of work for the DBE's committed work.~~

~~If corrective actions cannot be accomplished to ensure the DBE performs a commercially useful function on the Contract, CONSULTANT may have good cause to request termination of the DBE.~~

~~H. A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, AGREEMENT, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.~~

~~I. If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its AGREEMENT with its own work force, or the DBE subcontracts a greater portion of the work of the AGREEMENT than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.~~

~~J. CONSULTANT shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE CONSULTANT's shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.~~

~~K. If a DBE subconsultant is decertified during the life of the AGREEMENT, the decertified subconsultant shall notify CONSULTANT in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the AGREEMENT, the subconsultant shall notify CONSULTANT in writing with the date of certification. Any changes should be reported to LOCAL AGENCY's Contract Administrator within thirty (30) calendar days.~~

~~L. For projects awarded on or after March 1, 2020, but before September 1, 2023: after submitting an invoice for reimbursement that includes a payment to a DBE, but no later than the 10th of the following month, the prime contractor/consultant must complete and email Exhibit 9-F: Disadvantaged Business Enterprise Running Tally of Payments to business.support.unit@dot.ca.gov with a copy to local administering agencies.~~

~~For projects awarded on or after September 1, 2023: Exhibit 9-F is no longer required. Instead, by the 15th of the month following the month of any payment(s), the CONSULTANT must now submit Exhibit 9-P to the LOCAL AGENCY administering the contract. If the CONSULTANT does not make any payments to subconsultants, supplier(s), and/or manufacturers they must report "no payments were made to subs this month" and write this visibly and legibly on Exhibit 9-P.~~

~~M. Any subcontract entered into as a result of this AGREEMENT shall contain all of the provisions of this section.~~

1. Introduction

The City of Montebello (hereinafter referred to as the "City") is pleased to present this Request for Qualifications ("RFQual") soliciting Statement(s) of Qualifications ("SOQ") from general vendors/consultant/contractors (hereinafter referred to as "Consultant"), seeking to submit proposals for Material Testing & Special Inspection Services ("Services"). Based on the SOQ responses, the City will compile a short-list of qualified Consultants ("Short-List of Respondents"). The City intends to issue on-call bench list contracts to the consultants selected based on the quality of the proposals received.

SOQs are due on Wednesday, May 6, 2026, at 11:00 am PST through the City's PlanetBids portal ("Portal"). Before submitting SOQs, Consultants must register as a "vendor" in the Portal. Consultants are encouraged to register well ahead of the deadline to avoid any technical difficulties that may arise. All responses to this opportunity must conform to the requirements of this RFQual. Failure to do so may result in the response being considered non-responsive.

The Public Works Department is seeking RFQual to solicit SOQs from qualified consulting firms to provide material testing and special inspection services related to the City's Capital Improvement Program and other City projects. Material testing is essential for ensuring the quality and safety of asphalt and concrete used in construction. It helps verify that the materials meet standards for strength, durability, and performance, safeguarding lives, and investments. Testing is performed both on-site and, in a laboratory, with common materials tested including concrete, steel, and asphalt. Specialized equipment and recognized standards are used to conduct these tests, ensuring accurate and reliable results. The City intends to establish a bench of up to two (2) consultants to provide Material Testing & Special Inspection Services on an on-call, as-needed basis. As projects are issued, the City may issue task orders, requests for service/proposal, or assign projects to one or more of the selected consultants based on the scope and requirements of the specific assignment.

The process for selecting the on-call bench list is described in **Appendix B –** (**Evaluation Criteria)**, attached hereto and incorporated herein by this reference.

The City reserves the right to refrain from issuing on-call bench list contract based on SOQ received. The City also reserves the right to re-issue the RFQual seeking additional SOQ based on its sole and independent judgment.

All qualifications submitted to the City shall become the exclusive property of the City. Once City staff has identified the on-call bench list of consultants, all qualifications shall become a matter of public record subject to disclosure, except for those elements of each qualification that are identified by the Consultant as business or trade secrets and marked as "Trade Secret", "Confidential", or "Proprietary" and determined by the City to be exempt from disclosure under the Public Records Act (Cal. Gov. Code § 6250 *et seq*.) .

Each element of qualifications submittal that the Consultant desires not to be considered a public record must be marked as set forth above. If disclosure is required under the California Public Records Act or other applicable law, the City will make an independent determination and retain the confidentiality to the extent permitted.

2. About the City of Montebello

Montebello ("beautiful mountain" in Spanish and Italian) is a City in the County of Los Angeles, California. Founded in 1899 and incorporated in 1920, the City is an 8.37 square mile General Law City located east of Downtown Los Angeles. Currently, the City has a population of approximately 63,000 residents. It hosts a mix of various industries that represent the business diversity of the County of Los Angeles as a whole. It is a full-service City that provides a long list of services, employing approximately 480 full-time and part-time employees in public safety, transit, and non-safety functions. In the upcoming years, the City anticipates growth in population and economic development. In preparation for this growth and increases in City service demands, the staff is seeking to improve the City infrastructure to support the expansion properly.

3. Proposed Scope of Work/Statement of Work

(This scope of work/statement of work is intended to provide interested Consultants submitting their SOQs a general understanding of the items and services required by the City. Shortly after selecting compiling the Short-List of Respondents, the City will issue on-call contracts to the selected consultants to begin performing Material Testing & Special Inspection Services.)

Services provided under this RFQual will be for a three-year period starting on July 1, 2026, and ending on June 30, 2029, with the option to renew annually for an additional two (2) one-year extensions.

The consultant will provide Materials Testing and Special Inspection Services. The City requires On-Call Materials Testing and Special Inspection Services for grading, asphalt paving, concrete work, installation of sewer and storm drainage pipes, and other public works construction projects, integrity/structural testing of existing infrastructure, and other related work. Duties include, though are not limited to:

- Laboratory testing of soils, aggregate, rubberized-asphalt, micro surfacing, asphalt concrete, controlled low strength material, Portland cement concrete, structural steel and other construction materials.
- Field testing of soils, aggregate, rubberized asphalt, chip seal, micro surfacing, asphalt concrete, Portland cement concrete and other construction materials
- Special inspections in accordance with Section 17 of the California Building Code.
- Other services, including asphalt and concrete mix design review, batch plant inspection, project documentation, technical support, laboratory reports, field logs, final reports, affidavits and additional services as required.

Consultants assist the City comply with Federal/State/County/Local requirements (as applicable and in effect at the time of the grant) including, though not limited to mandated standards for construction plans, specifications and estimates.

The services will be on an "as-needed" basis, and the scope of the services will be determined when such services are requested via a Request for Services (RFS) basis. A separate fee proposal will be required for each RFS. Contracts will be awarded based on the City's anticipated needs and the relative skills and experience of respondents in the various identified areas of need.

Consultants must be familiar with Caltrans material testing requirements:

Caltrans has established specific requirements for material testing to ensure compliance with contract specifications and safety standards. These requirements include:

- Sampling and Testing: Materials must be sampled and tested in accordance with contract specifications. This involves notifying the resident engineer of the need for inspection and acceptance testing of manufactured materials and products.
- Acceptance Methods: Acceptance methods include source inspection and testing, manufacturer certificate of compliance, and field release of material. The chain of custody for material and product acceptance samples is crucial for Caltrans' quality assurance program.
- Material Acceptance: Acceptance sampling and testing requirements vary depending on the section of the specifications the material falls under. For example, Section 6-1.04 of the specifications provides detailed information on Buy America requirements.
- Field Tests: Field tests must be performed in accordance with guidelines provided in the chapter. Maintaining a record of field tests and material inspected and released on the job is essential.

The City is not obligated to pay any costs incurred by the proposer(s) in the preparation of the RFQual. Proposers agree that all costs incurred in developing a proposal are the proposer's responsibility.

D. CONSULTANT and subconsultant AGREEMENTs, including cost proposals and Indirect Cost Rates (ICR), may be subject to audits or reviews such as, but not limited to, an AGREEMENT audit, an incurred cost audit, an ICR Audit, or a CPA ICR audit work paper review. If selected for audit or review, the AGREEMENT, cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is CONSULTANT's responsibility to ensure federal, LOCAL AGENCY, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. The AGREEMENT, cost proposal, and ICR shall be adjusted by CONSULTANT and approved by LOCAL AGENCY Contract Administrator to conform to the audit or review recommendations. CONSULTANT agrees that individual terms of costs identified in the audit report shall be incorporated into the AGREEMENT by this reference if directed by LOCAL AGENCY at its sole discretion. Refusal by CONSULTANT to incorporate audit or review recommendations, or to ensure that the federal, LOCAL AGENCY or local governments have access to CPA work papers, will be considered a breach of AGREEMENT terms and cause for termination of the AGREEMENT and disallowance of prior reimbursed costs.

E. CONSULTANT's Cost Proposal may be subject to a CPA ICR Audit Work Paper Review and/or audit by the Independent Office of Audits and Investigations (IOAI). IOAI, at its sole discretion, may review and/or audit and approve the CPA ICR documentation. The Cost Proposal shall be adjusted by the CONSULTANT and approved by the LOCAL AGENCY Contract Administrator to conform to the Work Paper Review recommendations included in the management letter or audit recommendations included in the audit report. Refusal by the CONSULTANT to incorporate the Work Paper Review recommendations included in the management letter or audit recommendations included in the audit report will be considered a breach of the AGREEMENT terms and cause for termination of the AGREEMENT and disallowance of prior reimbursed costs.

   1. During IOAI's review of the ICR audit work papers created by the CONSULTANT's independent CPA, IOAI will work with the CPA and/or CONSULTANT toward a resolution of issues that arise during the review. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If IOAI identifies significant issues during the review and is unable to issue a cognizant approval letter, LOCAL AGENCY will reimburse the CONSULTANT at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR (e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines) is received and approved by IOAI.

c. If the proposed rate is greater than two hundred percent (200%) - the accepted rate will be seventy-five percent (75%) of the proposed rate.

2. If IOAI is unable to issue a cognizant letter per paragraph E.1. above, IOAI may require CONSULTANT to submit a revised independent CPA-audited ICR and audit report within three (3) months of the effective date of the management letter. IOAI will then have up to six (6) months to review the CONSULTANT's and/or the independent CPA's revisions.

3. If the CONSULTANT fails to comply with the provisions of this paragraph E, or if IOAI is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in paragraph E.1. above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this AGREEMENT.

4. CONSULTANT may submit to LOCAL AGENCY final invoice only when all of the following items have occurred: (1) IOAI accepts or adjusts the original or revised independent CPA audited ICR; (2) all work under this AGREEMENT has been completed to the satisfaction of LOCAL AGENCY; and, (3) IOAI has issued its final ICR review letter. The CONSULTANT MUST SUBMIT ITS FINAL INVOICE TO LOCAL AGENCY no later than sixty (60) calendar days after occurrence of the last of these items. The accepted ICR will apply to this AGREEMENT and all other agreements executed between LOCAL AGENCY and the CONSULTANT, either as a prime or subconsultant, with the same fiscal period ICR.

The CONSULTANT agrees to be as fully responsible to the LOCAL AGENCY for the acts and omissions of its Subconsultants and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the CONSULTANT. The CONSULTANT's obligation to pay its Subconsultants is an independent obligation from the LOCAL AGENCY's obligation to make payments to the CONSULTANT.

In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from CONSULTANT or subconsultant to a subconsultant, CONSULTANT or subconsultant may withhold no more than 150 percent of the disputed amount. Any violation of this requirement shall constitute a cause for disciplinary action and shall subject the licensee to a penalty, payable to the subconsultant, of 2 percent of the amount due per month for every month that payment is not made.

In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to his or her attorney's fees and costs. The sanctions authorized under this requirement shall be separate from, and in addition to, all other remedies, either civil, administrative, or criminal. ~~This clause applies to both DBE and non-DBE subconsultants.~~

CONSULTANT must submit Exhibit 9-P to the LOCAL AGENCY administering the contract by the 15th of the month following the month of any payment(s). If the CONSULTANT does not make any payments to subconsultants, supplier(s), and/or manufacturers they must report "no payments were made to subs this month" and write this visibly and legibly on Exhibit 9-P.

The LOCAL AGENCY must verify all Exhibit 9-P information, monitor compliance with prompt payment requirements for DBE and non-DBE firms, and address any shortfalls to the DBE commitment and prompt payment issues until the end of the project. The LOCAL AGENCY must email a copy of Exhibit 9-P to DBE.Forms@dot.ca.gov before the end of the month after receiving the Exhibit 9-P from the CONSULTANT.

F. Prompt Payment of Withheld Funds to Subconsultants

The LOCAL AGENCY may hold retainage from CONSULTANT and shall make prompt and regular incremental acceptances of portions, as determined by the LOCAL AGENCY, of the contract work, and pay retainage to CONSULTANT based on these acceptances. The LOCAL AGENCY shall designate one of the methods below in the contract to ensure prompt and full payment of any retainage kept by CONSULTANT or subconsultant to a subconsultant.

[*Choose either Method 1, Method 2, or Method 3 below and delete the other two.*]

Method 1: No retainage will be held by the LOCAL AGENCY from progress payments due to CONSULTANT. CONSULTANTS and subconsultants are prohibited from holding retainage from subconsultants. Any delay or postponement of payment may take place only for good cause and with the LOCAL AGENCY's prior written approval. Any violation of these provisions shall subject the violating CONSULTANT or subconsultant to the penalties, sanctions, and other remedies specified in Section 3321 of the California Civil Code. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies, otherwise available to CONSULTANT or subconsultant in the event of a dispute involving late payment or nonpayment by CONSULTANT, deficient subconsultant performance and/or noncompliance by a subconsultant. This clause applies to both DBE and non-DBE subconsultants.

Method 2: No retainage will be held by the LOCAL AGENCY from progress payments due to CONSULTANT. Any retainage kept by CONSULTANT or by a subconsultant must be paid in full to the earning subconsultant within 15 days after the subconsultant's work is satisfactorily completed. Any delay or postponement of payment may take place only for good cause and with the LOCAL AGENCY's prior written approval. Any violation of these provisions shall subject the violating CONSULTANT or subconsultant to the penalties, sanctions, and remedies specified in Section 3321 of the California Civil Code. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies, otherwise available to CONSULTANT or subconsultant in the event of a dispute involving late payment or nonpayment by CONSULTANT, deficient subconsultant performance and/or noncompliance by a subconsultant. This clause applies to both DBE and non-DBE subconsultants.

Method 3: The LOCAL AGENCY shall hold retainage from CONSULTANT and shall make prompt and regular incremental acceptances of portions, as determined by the LOCAL AGENCY of the contract work and pay retainage to CONSULTANT based on these acceptances. CONSULTANT or subconsultant shall return all monies withheld in retention from all subconsultants within 15 days after receiving payment for work satisfactorily completed and accepted including incremental acceptances of portions of the contract work by the LOCAL AGENCY. Any delay or postponement of payment may take place only for good cause and with the LOCAL AGENCY's prior written approval. Any violation of these provisions shall subject the violating CONSULTANT or subconsultant to the penalties, sanctions, and other remedies specified in Section 3321 of the California Civil Code. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies otherwise available to CONSULTANT or subconsultant in the event of a dispute involving late payment or nonpayment by CONSULTANT; deficient subconsultant performance and/or noncompliance by a subconsultant. This clause applies to both DBE and non-DBE subconsultants.

Any violation of these provisions shall subject the violating CONSULTANT or subconsultant to the penalties, sanctions and other remedies specified therein. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies otherwise available to CONSULTANT or subconsultant in the event of a dispute involving late payment or nonpayment by CONSULTANT, deficient subcontract performance, or noncompliance by a subconsultant.

equipment and credit LOCAL AGENCY in an amount equal to its fair market value, or sell such equipment at the best price obtainable at a public or private sale, in accordance with established LOCAL AGENCY procedures; and credit LOCAL AGENCY in an amount equal to the sales price. If CONSULTANT elects to keep the equipment, fair market value shall be determined at CONSULTANT's expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by LOCAL AGENCY and CONSULTANT, if it is determined to sell the equipment, the terms and conditions of such sale must be approved in advance by LOCAL AGENCY.

violation of the requirements of the Labor Code and in particular, Labor Code §§1770 to 1780, inclusive.

2. The amount of this forfeiture shall be determined by the Labor Commissioner and shall be based on consideration of mistake, inadvertence, or neglect of the CONSULTANT or Subconsultant in failing to pay the correct rate of prevailing wages, or the previous record of the CONSULTANT or Subconsultant in meeting their respective prevailing wage obligations, or the willful failure by the CONSULTANT or Subconsultant to pay the correct rates of prevailing wages. A mistake, inadvertence, or neglect in failing to pay the correct rates of prevailing wages is not excusable if the CONSULTANT or Subconsultant had knowledge of the obligations under the Labor Code.     c. Upon becoming aware of the Subconsultant's failure to pay the specified prevailing rate of wages to the Subconsultant's workers, the CONSULTANT shall diligently take corrective action to halt or rectify the failure, including but not limited to, retaining sufficient funds due the Subconsultant for work performed on the public works project.

    d. Prior to making final payment to the Subconsultant for work performed on the public works project, the CONSULTANT shall obtain an affidavit signed under penalty of perjury from the Subconsultant that the Subconsultant had paid the specified general prevailing rate of per diem wages to the Subconsultant's employees on the public works project and any amounts due pursuant to Labor Code §1813.

5. Pursuant to Labor Code §1775, LOCAL AGENCY shall notify the CONSULTANT on a public works project within fifteen (15) calendar days of receipt of a complaint that a Subconsultant has failed to pay workers the general prevailing rate of per diem wages.

6. If LOCAL AGENCY determines that employees of a Subconsultant were not paid the general prevailing rate of per diem wages and if LOCAL AGENCY did not retain sufficient money under the AGREEMENT to pay those employees the balance of wages owed under the general prevailing rate of per diem wages, the CONSULTANT shall withhold an amount of moneys due the Subconsultant sufficient to pay those employees the general prevailing rate of per diem wages if requested by LOCAL AGENCY.

ARTICLE XVIII DISADVANTAGED BUSINESS ENTERPRISES (DBE) ~~PARTICIPATION~~

A. CONSULTANT, ~~subrecipient (LOCAL AGENCY),~~ or subconsultant, shall take necessary and reasonable steps to ensure that DBEs have opportunities to participate in the contract (49 CFR 26). ~~To ensure equal participation of DBEs provided in 49 CFR 26.5, the LOCAL AGENCY shows a contract goal for DBEs. CONSULTANT shall make work available to DBEs and select work parts consistent with available DBE subconsultants and suppliers.~~

~~CONSULTANT shall meet the DBE goal shown elsewhere in these special provisions or demonstrate that they made adequate Good Faith Efforts (GFE) to meet this goal. It is CONSULTANT's responsibility to verify at date of proposal opening that the DBE firm is certified as a DBE by using the California Unified Certification Program (CUCP) database and possesses the most specific available North American Industry Classification System (NAICS) codes and work code applicable to the type of work the firm will perform on the contract. Additionally, the CONSULTANT is responsible to document the verification record by printing out the CUCP data for each DBE firm. A list of DBEs certified by the CUCP can be found at: https://caltrans.dbesystem.com/.~~

~~All DBE participation will count toward the California Department of Transportation's federally mandated statewide overall DBE goal. Credit for materials or supplies CONSULTANT purchases from DBEs counts towards the goal in the following manner:~~

- ~~100 percent counts if the materials or supplies are obtained from a DBE manufacturer.~~
- ~~60 percent counts if the materials or supplies are purchased from a DBE regular dealer.~~
- ~~Only fees, commissions, and charges for assistance in the procurement and delivery of materials or supplies count if obtained from a DBE that is neither a manufacturer nor regular dealer. 49 CFR 26.55 defines "manufacturer" and "regular dealer."~~

This AGREEMENT is subject to 49 CFR 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". CONSULTANTs who enter into a federally-funded agreement will assist the LOCAL AGENCY in a good faith effort to achieve California's statewide overall DBE goal.

B. The goal for DBE participation for this AGREEMENT is _____%. Participation by DBE CONSULTANT or subconsultants shall be in accordance with information contained in Exhibit 10-O2: Consultant Contract DBE Commitment attached hereto and incorporated as part of the AGREEMENT. If a DBE subconsultant is unable to perform, CONSULTANT must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.

C. CONSULTANT can meet the DBE participation goal by either documenting commitments to DBEs to meet the AGREEMENT goal, or by documenting adequate good faith efforts to meet the AGREEMENT goal. An adequate good faith effort means that the CONSULTANT must show that it took all necessary and reasonable steps to achieve a DBE goal that, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to meet the DBE goal. If CONSULTANT has not met the DBE goal, complete and submit Exhibit 15-H: Proposer/Contractor Good Faith Efforts to document efforts to meet the goal. Refer to 49 CFR 26 for guidance regarding evaluation of good faith efforts to meet the DBE goal.

D. Contract Assurance

In accordance with 49 CFR 26.13(b):

CONSULTANT, subrecipient or subconsultant, shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. CONSULTANT shall carry out applicable requirements of 49 CFR 26 in the award and administration of federal-aid contracts.

Failure by the CONSULTANT to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the LOCAL AGENCY deems appropriate, which may include, but is not limited to:

(1) Withholding monthly progress payments;

(2) Assessing sanctions; and/or

(3) Disqualifying CONSULTANT from future proposing as non-responsible

E. Termination and Replacement of DBE Subconsultants

CONSULTANT shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless CONSULTANT or DBE subconsultant obtains the LOCAL AGENCY's written consent. CONSULTANT shall not terminate or replace a listed DBE for convenience and perform the work with their own forces or obtain materials from other sources without authorization from the LOCAL AGENCY. Unless the LOCAL AGENCY's consent is provided, the CONSULTANT shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE on the Exhibit 10-02: Consultant Contract DBE Commitment form.

Termination of DBE Subconsultants

After execution of the AGREEMENT, termination of a DBE may be allowed for the following, but not limited to, justifiable reasons with prior written authorization from the LOCAL AGENCY:

1. Listed DBE fails or refuses to execute a written contract based on plans and specifications for the project.

2. The LOCAL AGENCY stipulated that a bond is a condition of executing the subcontract and the listed DBE fails to meet the LOCAL AGENCY's bond requirements.
3. Work requires a consultant's license and listed DBE does not have a valid license under Contractors License Law.
4. Listed DBE fails or refuses to perform the work or furnish the listed materials (failing or refusing to perform is not an allowable reason to remove a DBE if the failure or refusal is a result of bad faith or discrimination).
5. Listed DBE's work is unsatisfactory and not in compliance with the contract.
6. Listed DBE is ineligible to work on the project because of suspension or debarment.
7. Listed DBE becomes bankrupt or insolvent or exhibits credit unworthiness.
8. Listed DBE voluntarily withdraws with written notice from the Contract.
9. Listed DBE is ineligible to receive credit for the type of work required.
10. Listed DBE owner dies or becomes disabled resulting in the inability to perform the work on the Contract.
11. The LOCAL AGENCY determines other documented good cause.

CONSULTANT must use the following procedures to request the termination of a DBE or portion of a DBE's work:

1. Send a written notice to the DBE of the CONSULTANT's intent to use other forces or material sources and include one or more justifiable reasons listed above. Simultaneously send a copy of this written notice to the LOCAL AGENCY. The written notice to the DBE must request they provide any response within five (5) business days to both the CONSULTANT and the LOCAL AGENCY by either acknowledging their agreement or documenting their reasoning as to why the use of other forces or sources of materials should not occur.
2. If the DBE does not respond within five (5) business days, CONSULTANT may move forward with the request as if the DBE had agreed to CONSULTANT's written notice.
3. Submit CONSULTANT's DBE termination request by written letter to the LOCAL AGENCY and include:
    - One or more above listed justifiable reasons along with supporting documentation.
    - CONSULTANT's written notice to the DBE regarding the request, including proof of transmission and tracking documentation of CONSULTANT's written notice
    - The DBE's response to CONSULTANT's written notice, if received. If a written response was not provided, provide a statement to that effect.

The LOCAL AGENCY shall respond in writing to CONSULTANT's DBE termination request within five (5) business days.

Replacement of DBE Subconsultants

After receiving the LOCAL AGENCY's written authorization of DBE termination request, CONSULTANT must obtain the LOCAL AGENCY's written agreement for DBE replacement. CONSULTANT must find or demonstrate GFEs to find qualified DBE replacement firms to perform the work to the extent needed to meet the DBE commitment.

~~The following procedures shall be followed to request authorization to replace a DBE firm:~~

1. ~~Submit a request to replace a DBE with other forces or material sources in writing to the LOCAL AGENCY which must include:~~
   a. ~~Description of remaining uncommitted work item made available for replacement DBE solicitation and participation.~~
   b. ~~The proposed DBE replacement firm's business information, the work they have agreed to perform, and the following:~~
      - ~~Description of scope of work and cost proposal~~
      - ~~Proposed subcontract agreement and written confirmation of agreement to perform on the Contract~~
      - ~~Revised Exhibit 10-O2: Consultant Contract DBE Commitment~~
2. ~~If CONSULTANT has not identified a DBE replacement firm, submits documentation of CONSULTANT's GFEs to use DBE replacement firms within seven (7) days of LOCAL AGENCY's authorization to terminate the DBE. CONSULTANT may request the LOCAL AGENCY's approval to extend this submittal period to a total of 14 days. Submit documentation of actions taken to find a DBE replacement firm, such as:~~
   - ~~Search results of certified DBEs available to perform the original DBE work identified and or other work CONSULTANT had intended to self-perform, to the extent needed to meet DBE commitment~~
   - ~~Solicitations of DBEs for performance of work identified~~
   - ~~Correspondence with interested DBEs that may have included contract details and requirements~~
   - ~~Negotiation efforts with DBEs that reflect why an agreement was not reached~~
   - ~~If a DBE's quote was rejected, provide reasoning for the rejection, such as why the DBE was unqualified for the work, or why the price quote was unreasonable or excessive~~
   - ~~Copies of each DBE's and non-DBE's price quotes for work identified, as the LOCAL AGENCY may contact the firms to verify solicitation efforts and determine if the DBE quotes are substantially higher~~
   - ~~Additional documentation that supports CONSULTANT's GFE~~

~~The LOCAL AGENCY shall respond in writing to CONSULTANT's DBE replacement request within five (5) business days.~~

~~F. Commitment and Utilization~~

~~The LOCAL AGENCY's DBE program must include a monitoring and enforcement mechanism to ensure that DBE commitments reconcile to DBE utilization.~~

~~The LOCAL AGENCY shall request CONSULTANT to:~~

1. ~~Notify the LOCAL AGENCY's contract administrator or designated representative of any changes to its anticipated DBE participation~~
2. ~~Provide this notification before starting the affected work~~

3. Maintain records including:
   - Name and business address of each 1st -tier subconsultant
   - Name and business address of each DBE subconsultant, DBE vendor, and DBE trucking company, regardless of tier
   - Date of payment and total amount paid to each business (see Exhibit 9-F: Monthly Disadvantaged Business Enterprise Payment)

If CONSULTANT is a DBE CONSULTANT, they shall include the date of work performed by their own forces and the corresponding value of the work.
If a DBE is decertified before completing its work, the DBE must notify CONSULTANT in writing of the decertification date. If a business becomes a certified DBE before completing its work, the business must notify CONSULTANT in writing of the certification date. CONSULTANT shall submit the notifications to the LOCAL AGENCY. On work completion, CONSULTANT shall complete Exhibit 17-O: Disadvantaged Business Enterprises (DBE) Certification Status Change and submit the form to the LOCAL AGENCY within 30 days of contract acceptance.

Upon work completion, CONSULTANT shall complete Exhibit 17-F: Final Report – Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subcontractors and submit it to the LOCAL AGENCY within 90 days of contract acceptance. The LOCAL AGENCY will withhold $10,000 until the form is submitted. The LOCAL AGENCY will release the withhold upon submission of the completed form.

In the LOCAL AGENCY's reports of DBE participation to Caltrans, the LOCAL AGENCY must display both commitments and attainments.

G. Commercially Useful Function

DBEs must perform a commercially useful function (CUF) under 49 CFR 26.55 when performing work or supplying materials listed on the DBE Commitment form. The DBE value of work will only count toward the DBE commitment if the DBE performs a CUF. A DBE performs a CUF when it is responsible for execution of the work of the AGREEMENT and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible, with respect to materials and supplies used on the AGREEMENT, for negotiating price, determining quality and quantity, ordering the material and installing (where applicable), and paying for the material itself.

CONSULTANT must perform CUF evaluation for each DBE working on a federal-aid contract, with or without a DBE goal. Perform a CUF evaluation at the beginning of the DBE's work and continue to monitor the performance of CUF for the duration of the project.

CONSULTANT must provide written notification to the LOCAL AGENCY at least 15 days in advance of each DBE's initial performance of work or supplying materials for the Contract. The notification must include the DBE's name, work the DBE will perform on the contract, and the location, date, and time of where their work will take place.

Within 10 days of a DBE initially performing work or supplying materials on the Contract, CONSULTANT shall submit to the LPA the initial evaluation and validation of DBE performance of a CUF using the LAPM 9-J: Disadvantaged Business Enterprise Commercially Useful Function Evaluation. Include the following information with the submittal:

- Subcontract agreement with the DBE
- Purchase orders

- ~~Bills of lading~~
- ~~Invoices~~
- ~~Proof of payment~~

~~CONSULTANT must monitor all DBE's performance of CUF by conducting quarterly evaluations and validations throughout their duration of work on the Contract using the LAPM 9-J: DBE Commercially Useful Function Evaluation. CONSULTANT must submit to the LOCAL AGENCY these quarterly evaluations and validations by the 5th of the month for the previous three months of work.~~

~~CONSULTANT must notify the LOCAL AGENCY immediately if they believe the DBE may not be performing a CUF.~~

~~The LOCAL AGENCY will verify DBEs performance of CUF by reviewing the initial and quarterly submissions of LAPM 9-J: DBE Commercially Useful Function Evaluation, submitted supporting information, field observations, and through any additional LOCAL AGENCY evaluations. The LOCAL AGENCY must evaluate DBEs and their CUF performance throughout the duration of a Contract. The LOCAL AGENCY will provide written notice to the CONSULTANT and the DBE at least two (2) business days prior to any evaluation. The CONSULTANT and the DBE must participate in the evaluation. Upon completing the evaluation, the LOCAL AGENCY must share the evaluation results with the CONSULTANT and the DBE. An evaluation could include items that must be remedied upon receipt. If the LOCAL AGENCY determines the DBE is not performing a CUF, the CONSULTANT must suspend performance of the noncompliant work.~~

~~CONSULTANT and DBEs must submit any additional CUF related records and documents within five (5) business days of LOCAL AGENCY's request such as:~~

- ~~Proof of ownership or lease and rental agreements for equipment~~
- ~~Tax records~~
- ~~Employee rosters~~
- ~~Certified payroll records~~
- ~~Inventory rosters~~

~~Failure to submit required DBE Commercially Useful Function Evaluation forms or requested records and documents can result in withholding of payment for the value of work completed by the DBE.~~

~~If CONSULTANT and/or the LOCAL AGENCY determine that a listed DBE is not performing a CUF in performance of their DBE committed work, CONSULTANT must immediately suspend performance of the noncompliant portion of the work. LOCAL AGENCY may deny payment for the noncompliant portion of the work. LOCAL AGENCY will ask the CONSULTANT to submit a corrective action plan (CAP) to the LOCAL AGENCY within five (5) days of the noncompliant CUF determination. The CAP must identify how the CONSULTANT will correct the noncompliance findings for the remaining portion of the DBE's work. LOCAL AGENCY has five (5) days to review the CAP in conjunction with the CONSULTANT's review. The CONSULTANT must implement the CAP within five (5) days of the LOCAL AGENCY's approval. The LOCAL AGENCY will then authorize the prior noncompliant portion of work for the DBE's committed work.~~

~~If corrective actions cannot be accomplished to ensure the DBE performs a commercially useful function on the Contract, CONSULTANT may have good cause to request termination of the DBE.~~

~~H. A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, AGREEMENT, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.~~

~~I. If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its AGREEMENT with its own work force, or the DBE subcontracts a greater portion of the work of the AGREEMENT than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.~~

~~J. CONSULTANT shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE CONSULTANT's shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.~~

~~K. If a DBE subconsultant is decertified during the life of the AGREEMENT, the decertified subconsultant shall notify CONSULTANT in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the AGREEMENT, the subconsultant shall notify CONSULTANT in writing with the date of certification. Any changes should be reported to LOCAL AGENCY's Contract Administrator within thirty (30) calendar days.~~

~~L. For projects awarded on or after March 1, 2020, but before September 1, 2023: after submitting an invoice for reimbursement that includes a payment to a DBE, but no later than the 10th of the following month, the prime contractor/consultant must complete and email Exhibit 9-F: Disadvantaged Business Enterprise Running Tally of Payments to business.support.unit@dot.ca.gov with a copy to local administering agencies.~~

~~For projects awarded on or after September 1, 2023: Exhibit 9-F is no longer required. Instead, by the 15th of the month following the month of any payment(s), the CONSULTANT must now submit Exhibit 9-P to the LOCAL AGENCY administering the contract. If the CONSULTANT does not make any payments to subconsultants, supplier(s), and/or manufacturers they must report "no payments were made to subs this month" and write this visibly and legibly on Exhibit 9-P.~~

~~M. Any subcontract entered into as a result of this AGREEMENT shall contain all of the provisions of this section.~~

ITEM # 17

CITY OF MONTEBELLO
CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: Raul Alvarez, City Manager

BY: Cesar Roldan, Director of Public Works

SUBJECT: **APPROVE PROFESSIONAL SERVICES AGREEMENT NO. 4538 WITH THE LOS ANGELES CONSERVATION CORPS FOR THE COMMUNITY CLEANUP AND EMPLOYMENT PATHWAY (CCEP) GRANT PROGRAM**

DATE: June 24, 2026

RECOMMENDATIONS:

It is recommended that the City Council:

1. Approve Professional Services Agreement No. 4538 (Attachment A) with the Los Angeles Conservation Corps for the Community Cleanup and Employment Pathways (CCEP) Grant Program in an amount not-to-exceed $175,000; and
2. Authorize the City Manager to execute the agreement in good faith; and
3. Take such additional, related action that may be desirable.

FISCAL IMPACT:

Funding for the proposed agreement is available through the Community Cleanup and Employment Pathway (CCEP) Grant Program awarded by the California Department of Transportation (Caltrans). On March 11, 2026, the City Council accepted $200,000 in grant funding for the implementation of community cleanup, beautification, and workforce development activities along Lincoln Avenue between Avenida De La Merced and San Gabriel Boulevard.

The proposed agreement with the Los Angeles Conservation Corps will utilize $175,000 of the awarded grant funds and will be charged to Account No. 265-30-335-6040.10 (Grants, Public Works, Caltrans Community Cleanup–Employment Pathway, Contract Services-Outside Contracts). The remaining grant funds will be reserved for project administration, disposal costs, and other eligible project-related expenses as indicated in attachment E of the Clean California Local Grant Program Restricted Agreement

(Attachment B). The adopted Fiscal Year 2026-27 budget includes these appropriations ($200,000). Therefore, the recommended actions do not require a budget amendment.

BACKGROUND/DISCUSSION:

The Community Cleanup and Employment Pathway (CCEP) Grant Program, a component of Caltrans' Clean California initiative, provides funding for community beautification projects while creating workforce development opportunities for individuals facing barriers to employment. The program focuses on litter abatement, illegal dumping removal, environmental stewardship, and public engagement activities that enhance the quality of life for residents.

On March 11, 2026, the City Council accepted a $200,000 CCEP grant award from Caltrans to support cleanup and beautification efforts along Lincoln Avenue between Avenida De La Merced and San Gabriel Boulevard. As part of the City's grant application, staff identified the Los Angeles Conservation Corps (LACC) as the intended workforce development partner due to the organization's extensive experience in providing employment training, environmental stewardship, and community improvement services throughout Los Angeles County. The partnership with LACC was a key component of the City's grant proposal and aligned with the program's objective of combining community cleanup efforts with workforce development opportunities.

Under the proposed agreement, LACC will provide supervised work crews to perform litter removal, vegetation management, illegal dumping abatement, right-of-way maintenance, community cleanup events, and public outreach activities within the project area. In addition, the program will provide participants with paid work experience, OSHA-10 and First Aid/CPR certifications, career development training, and job readiness support. The proposed $175,000 agreement will fund workforce development and community cleanup services consistent with the goals of the Clean California Program.

At the option of the CITY, the CONSULTANT shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONSULTANT shall procure a bond guaranteeing payment of losses and expenses.

Community Cleanup and Employment Pathway (CCEP) Grant Program Proposal

City of Montebello – Lincoln Avenue Community Cleanup Project

Project Overview

The Los Angeles Conservation Corps (LA Corps) is pleased to partner with the City of Montebello in implementing the Community Cleanup and Employment Pathway (CCEP) Grant Program funded through Clean California. Through this partnership, LA Corps will provide workforce development, community cleanup, beautification, environmental stewardship, and employment pathway services focused along the Lincoln Avenue corridor between Avenida De La Merced and San Gabriel Boulevard.

The project will support the City's efforts to address litter, illegal dumping, vegetation overgrowth, public safety concerns, and neighborhood beautification while simultaneously creating paid employment opportunities and career pathways for young adults. This initiative aligns with the goals of the Clean California Program by improving public spaces, promoting environmental stewardship, enhancing community pride, and providing meaningful workforce development opportunities for individuals facing barriers to employment.

About the Los Angeles Conservation Corps

Established in 1986, the Los Angeles Conservation Corps is one of the nation's largest and most respected urban conservation corps programs. For over four decades, LA Corps has empowered young adults through paid work experience, education, workforce development, certifications, and supportive services while completing projects that improve communities throughout Los Angeles County.

The Corps serves young adults ages 18 through 26, many of whom face barriers to employment, education, or economic opportunity. Through a proven workforce development model, Corpsmembers earn wages while gaining valuable hands-on experience, industry-recognized certifications, life skills training, and career readiness support that prepare them for long-term employment, apprenticeships, military service, higher education, and careers in public service.

Over the years, LA Corps has successfully partnered with Caltrans, CAL FIRE, Cal OES, Los Angeles County, the City of Los Angeles, Los Angeles Sanitation, Los Angeles Department of Water and Power, Metro, local municipalities, school districts, and numerous nonprofit organizations to deliver environmental stewardship, conservation, disaster response, public works, urban forestry, beautification, and workforce development programs throughout Southern California.

The organization has established a strong reputation for accountability, safety, quality service delivery, workforce development excellence, and measurable community impact.

Scope of Services

LA Corps will provide trained and supervised work crews to perform a variety of community cleanup, beautification, and environmental stewardship activities within the City of Montebello.

Services may include general litter collection and abatement, illegal dumping removal, bulky item collection and disposal coordination, weed abatement, vegetation management, fuel reduction activities, non-native and invasive vegetation removal, tree and stump removal, public right-of-way maintenance, community cleanup events, volunteer support activities, public outreach, flyer distribution, and environmental education efforts.

The project is anticipated to remove approximately forty cubic yards of litter, debris, illegally dumped materials, vegetation, and other waste from targeted public spaces. Whenever feasible, waste materials will be sorted and recycled to support environmental sustainability goals. Any hazardous materials encountered during project activities will be properly documented, reported, and coordinated for removal by the appropriate agency or licensed contractor.

Workforce Development and Local Hiring

A core component of this project is workforce development and employment pathway creation for young adults ages 18 to 26.

LA Corps will conduct recruitment orientations and outreach activities in partnership with local nonprofit organizations, workforce development partners, schools, and WorkSource Centers. Outreach efforts will include the City of Montebello and surrounding communities to promote employment, training, and career development opportunities available through the Los Angeles Conservation Corps. These efforts are intended to connect interested young adults with paid work experience, industry-recognized certifications, workforce development services, and career pathway opportunities.

Interested applicants will apply through the Los Angeles Conservation Corps recruitment process and website.

Prior to field deployment, newly hired participants will complete a five-day paid onboarding program that includes Human Resources intake and onboarding, Corpsmember Development Department orientation, OSHA 10 Certification Training, Standard First Aid and CPR Certification, hand tool safety and operations training, Corpsmember Handbook review, workplace policies, job readiness preparation, professional development training, and additional field safety and environmental stewardship instruction.

Throughout the project, Corpsmembers will receive ongoing support services that may include career coaching, case management, educational support, resume development, interview preparation, financial literacy training, employment referrals, job placement assistance, and barrier removal services designed to support long-term success and economic self-sufficiency.

Participants will gain valuable paid work experience, certifications, and transferable skills that prepare them for careers in public works, environmental services, conservation, construction, urban forestry, utilities, and related industries.

Project Staffing and Operations

LA Corps proposes deployment of conservation work crews operating Monday through Friday from 7:00 a.m. to 2:30 p.m. on a portal-to-portal basis.

Each crew will consist of one (1) Crew Supervisor and five (5) Young Adult Corpsmembers who are responsible for performing project-related cleanup, beautification, vegetation management, and workforce development activities. Crews will be supported by LA Corps management staff who provide project oversight, coordination, safety compliance, reporting, and quality assurance.

LA Corps will provide all necessary hand tools and standard field equipment required to perform the work safely and efficiently. Each crew will be assigned one (1) six-passenger work vehicle for transportation of personnel, tools, equipment, and debris as needed.

All crew members will be equipped with appropriate personal protective equipment (PPE) and uniforms, including hard hats, safety glasses or goggles, work gloves, high-visibility safety vests, work boots, and Los Angeles Conservation Corps uniforms. Additional safety equipment will be provided as required based on project activities and site-specific conditions.

Crews will report daily to the Los Angeles Conservation Corps East Los Angeles Center located at 1020 South Fickett Street, Los Angeles, California 90023, and will operate under established safety protocols, training requirements, and quality control procedures.

Reporting and Performance Tracking

LA Corps utilizes ArcGIS Survey123 technology to document all project activities and deliverables. This platform provides GPS location tracking, before-and-after photographs, service request documentation, production reporting, and measurable performance metrics.

Project accomplishments can be tracked and reported using quantifiable units including square feet, linear feet, cubic yards, and individual service counts. Reporting data can be used to generate maps, progress reports, production summaries, and supporting documentation for the City of Montebello, Caltrans, and other stakeholders.

This system provides transparency, accountability, and real-time documentation of project accomplishments throughout the duration of the grant.

Budget and Cost Structure

LA Corps proposes a daily crew rate of $1,834.35.

The fully burdened labor rate includes Corpsmember wages, crew supervision, project management, workforce development services, recruitment activities, crew transportation, general liability insurance, workers' compensation insurance, hand tools, administrative support, and management costs associated with project delivery.

The daily rate does not include disposal fees, landfill charges, recycling fees, specialty equipment rentals, heavy equipment, materials, or other extraordinary project expenses.

Based on the available allocation of $175,000, the majority of project funding will support crew deployment and workforce development activities. Should disposal services, bulky item hauling, landfill fees, recycling costs, or equipment rentals be required, a portion of the project budget may be allocated to support those needs in coordination with the City.

Community Benefit

This partnership creates meaningful value for both the City of Montebello and the young adults served by the Los Angeles Conservation Corps.

For Montebello residents, the project will improve neighborhood appearance, reduce litter and illegal dumping, enhance public safety, beautify public spaces, support environmental stewardship, and increase community pride. The project will contribute to cleaner streets, safer public spaces, and a healthier environment for residents, businesses, and visitors.

For participating Corpsmembers, the project provides paid employment, industry-recognized certifications, workforce development training, life skills development, support services, and career pathway opportunities that can lead to long-term employment and economic self-sufficiency.

The partnership between the City of Montebello and the Los Angeles Conservation Corps reflects a shared commitment to investing in people while improving communities. By combining community cleanup and beautification with workforce development and employment pathways, this project will produce measurable environmental, economic, and social benefits that extend well beyond the grant period.

Introduction

The Community Cleanup and Employment Pathway (CCEP) Grant Program is a signature initiative under the Clean California Program, administered by the California Department of Transportation (Caltrans). This grant program is designed to support litter abatement and public space beautification efforts on locally owned public right-of-way while creating workforce development opportunities for individuals facing barriers to employment.

Through competitive grants, the program provides funding to local agencies (including federally recognized tribal governments) to conduct targeted litter cleanup and graffiti removal activities, complemented by educational and engagement efforts that foster community pride and long-term maintenance. The program places strong emphasis on serving disadvantaged and underserved communities (as identified in Section 4.1 of grant application template) and encourages local commitment through participation in the Clean California Community designation pledge[1].

A core component of this program is the creation of employment pathways through partnerships with workforce development organizations or use of existing employment development departments. These partnerships will connect justice-impacted individuals, those experiencing homelessness, at-risk youth, and others with meaningful job training and paid transitional employment opportunities focused on litter abatement, landscaping, and environmental stewardship.

Program Objectives

- **Litter and Graffiti Abatement:** Support sustained litter cleanup and graffiti removal on local right-of-way.
- **Workforce Development:** Create transitional employment and training opportunities for vulnerable populations either through partnerships with workforce development organizations or use of existing employment development departments.
- **Equity and Inclusion:** Prioritize disadvantaged communities and support pathways to community self-sufficiency.
- **Sustainable Community Engagement:** Promote public education and anti-littering campaigns. Take the online Clean California Community designation pledge to ensure sustainability and long-term impact.

By integrating cleanup, workforce development, and community engagement, the CCEP Grant Program seeks to create cleaner, safer, and more equitable public spaces throughout California.

Eligible Entities

For the purposes of the CCEP Grant Program, eligible entities will be defined as:

- **Local Governments** – Cities, counties, and special districts responsible for community services and maintenance.
- **Transit Agencies** – Public transportation agencies with jurisdiction over facilities or right-of-way that intersect with cleanup needs.
- **Tribal Governments** – Federally recognized tribes.
- **Joint Applications** – Partnerships among the above entities, including collaborations with community-based organizations, workforce development boards, educational institutions, or local nonprofits, are encouraged and eligible.

Eligible Expenses

Eligible expenses may include, but are not limited to:

- **Staff Time**: Local agency staff time directly related to proposal delivery is eligible. This includes staff time for developing and administering contracts, program management, and coordination with community-based organizations.
- **Travel Costs**: Reasonable and necessary travel costs that are directly related to proposal implementation (e.g., site visits, stakeholder engagement, workforce coordination) are eligible.
- **Materials and Supplies**: Tools, equipment, safety gear, and cleanup supplies needed for community cleanup activities.
- **Workforce Development Costs**: Training, certification, stipends, or wages directly tied to workforce development opportunities for program participants.
- **Public Outreach and Education**: Costs related to promoting cleanup events, workforce opportunities, and community engagement.

Caltrans District Partnerships

The Caltrans districts possess in-depth knowledge of the local context and unique challenges, making them invaluable enablers to support grant applicants in proposal identification, development, and implementation processes. They are encouraged to foster strong partnerships with local agencies to ensure seamless coordination and efficient proposal delivery. By leveraging their expertise and collaborating closely with stakeholders, districts can support local agencies in effectively address challenges related to waste management, graffiti, and aesthetic appeal in urban areas, ultimately beautifying public spaces within their districts.

Proposals

Objectives

The grant proposal is the foundation for securing funding under the CCEP Grant Program. The proposal must demonstrate how the applicant will use grant funding to meet the program's core objectives through locally led, community-driven efforts. Proposals should clearly articulate the public benefit of the proposed activities, particularly in disadvantaged or underserved communities.

Applicants are expected to:

- Identify litter abatement and graffiti removal needs in specific areas of local right-of-way.
- Detail a plan for workforce development, including partnerships with workforce organizations and strategies for engaging vulnerable populations.
- Commit to community engagement strategies and educational outreach that promote long-term cleanliness and civic pride.
- Demonstrate alignment with the Clean California Community designation pledge. The pledge is not required to apply for or receive funding.
- Provide a sustainable approach to maintaining the public space improvements achieved through the grant.

Each proposal must be comprehensive, feasible, and results-driven, ensuring that awarded funding leads to measurable environmental, social, and economic impacts in the applicant's community.

Evaluation Criteria

Applications will be submitted by local agencies to their respective Caltrans district coordinators, then evaluated and scored competitively by the Clean CA Program based on the criteria listed below. Applications that score highest across these categories will be prioritized for funding.

Application Submissions

- The Clean CA grant program proposal template must be used for submitting the proposal. Ensure that all sections of the template are completed comprehensively and provide sufficient detail to support the evaluation and decision-making process.
- Local agencies, in collaboration with districts, complete the template and submit comprehensive proposals.
- Each proposal submitted for consideration must include a letter of support from the Caltrans district that is submitting the proposal. The letter of support should demonstrate the district's endorsement to the proposal. It will serve as evidence of the district's collaboration and partnership with local agencies, ensuring seamless coordination and efficient proposal delivery. The inclusion of the letter will help validate the proposal's feasibility and foster confidence in the successful implementation of the proposal.

Outreach and Partnership

District-Level Engagement

- Caltrans district staff will serve as on-the-ground liaisons to promote the program locally, identify high-need areas, and encourage eligible applicants to submit proposals.
- District coordinators will collaborate with grant applicants to build partnerships aligned with the program's objectives.

Encouraging Clean California Community Pledges

- As part of the outreach effort, Caltrans will actively promote the Clean California Community designation pledge, encouraging applicants to take the pledge during the grant application process.

Funding Mechanism

The funding mechanism for the CCEP proposals involves a restricted grant agreement (RGA) between the Caltrans district and the grant recipient (local agency, including federally recognized tribe) which is a legal mechanism that outlines the terms and conditions of the financial commitments for the awarded grant funding . It serves as a formal contract that establishes the roles and responsibilities of each party in the CCEP proposal.

The agreement includes the following elements:

- Proposal Scope: The RGA defines the scope of the proposal, detailing the specific improvements and enhancements to be undertaken within the local right-of-way.

- Funding Commitment: It outlines the financial contributions, specifying the amount that Caltrans will provide for the proposal and any in-kind contribution from the grant applicant.

- Timeline and Milestones: The agreement sets forth a clear timeline for proposal development, implementation, , and completion, including key milestones to be achieved during each phase.

- Roles and Responsibilities: It outlines the roles and responsibilities of the Caltrans district and the local agency in the proposal's execution, ensuring seamless coordination and cooperation.

- Compliance and Reporting: The RGA may include requirements for compliance with relevant regulations, reporting on proposal progress, and any necessary documentation and record-keeping.

- Dispute Resolution: In the event of any disputes or disagreements, the RGA may outline a mechanism for resolving issues between the Caltrans district and the local agency.

Matching Funds / In-Kind Contributions

The CCEP Grant Program is designed to reduce financial barriers for local agencies, nonprofits, and community-based organizations. As such, no cash match requirement is imposed on applicants. However, applicants are encouraged to identify and document in-kind contributions and other non-state resources that will help maximize the impact of state funds.

Eligible In-Kind Contributions may include:

- Staff time dedicated to project planning, implementation, or coordination.
- Volunteer labor associated with cleanup events, outreach, or community engagement.
- Donated materials or equipment used directly in cleanup or beautification activities.
- Facilities and meeting space contributed for trainings, workforce activities, or project planning.
- Complementary programs or services provided by partner agencies or organizations that directly support grant objectives.

Program Expectations:

- In-kind contributions are not required to apply for or receive funding.
- Applicants who provide in-kind support should quantify contributions where possible (e.g., estimated dollar value of staff time, equipment, or materials).
- In-kind contributions will be considered during proposal evaluation as evidence of community commitment, partnership strength, and project sustainability.
- Documentation of in-kind contributions should be included in the proposal budget narrative at the time of application and reported during proposal implementation.

Funding Disbursement

Grant awards will be issued as reimbursable agreements, not lump sum payments.

- Reimbursable Basis: Grantees will be required to incur and document eligible expenses up front. Caltrans will then reimburse those expenses upon submission of proper invoices and supporting documentation.
- Invoicing: Invoices must include receipts, staff time records, or other documentation demonstrating that expenses are consistent with approved Caltrans Division of Local Assistance guidelines/template (Form LAP 5-A).
- Payment Timeline: Reimbursements will generally be processed within 45 days of receipt of a complete and accurate invoice package.
- Advance Payments: No advance or upfront lump sum disbursements will be provided under this program.

To ensure accountability and evaluate success, all grantees are required to track and report on key performance metrics aligned with the program's goals. These metrics will be tracked by grantees on templates provided by Caltrans to help measure the environmental, economic, and social impact of funded activities.

1.1.1 PROJECT SUBTITLE	Cleanup of public rights-of-way/spaces Community-led litter cleanup activities Employment/workforce training opportunity Local partnerships with local organizations
1.2 PROJECT DESCRIPTION	The City of Montebello is requesting $200,000 for cleanup of bulky items like tires, mattresses, chairs, general illegal dumping, and vegetation clear and grubbing, along Lincoln Avenue between Avenida La Merced and San Gabriel Boulevard where remediation is necessary to protect public health, safety and the environment. The City is coordinating with the Los Angeles Conservation Corp (LACC) to provide services. Working with LACC fosters community engagement and creates career pathways for individuals to overcome employment barriers. The proposal is to conduct targeted litter cleanup and graffiti removal activities, complemented by educational and engagement efforts that foster community pride and long-term maintenance.
1.3 PURPOSE AND NEED	Montebello is a diverse working-class community in southeast Los Angeles County that faces chronic litter and illegal dumping challenges, especially in economically disadvantaged neighborhoods. Litter contributes to environmental degradation, reduces property values, deters economic activity, and fosters a perception of neglect and may even encourage criminal activity. The need for intervention is particularly acute in areas with limited access to municipal services and low rates of civic engagement, especially alongside less urbanized areas adjacent to open spaces, and recreational areas. The City engages in clean-up activities along the corridor on a regular basis but has encountered the need for augmented abatement leading up to the rainy season, and needs financial assistance to remove bigger items like furniture, trailer/campers, appliances, and

	general litter. The project will partner with the LACC which creates equitable opportunities for young people to build resilience in themselves, their communities and the environment through a program of work, education and support. LACC will lead community engagement and perform the actual work of removing litter. The city anticipates removing approximately 40 cubic yards of waste

RE: Letter of Support for the City of Montebello
Caltrans Community Cleanup and Employment Pathway Grant Program

To whom it may concern,

On behalf of the Los Angeles Conservation Corps (the Corps), I am writing to offer our full support for the City of Montebello's application for the Caltrans Community Cleanup and Employment Pathway Grant Program. The East LA Center - Corpsmember Programming and Community Conservation and Service Projects are responsible for overseeing many projects that deal with maintaining the cleanliness, infrastructure, and safety of public spaces. We are an organization that understands the significance of helping cities mitigate negative impacts such as illegal dumping and blighted properties in our surrounding communities. These sites pose not only environmental risks, but they also create hazards for public health and safety.

The City's clean task force works diligently to mitigate these community concerns, though partnering with the Corps will bring additional regional resources to an underprivileged community in need of our help. We shall work with City staff to ensure that these public spaces are cleaned and restored to safe, usable conditions. The grant funding will enable us to carry out comprehensive remediation efforts, including the removal of hazardous waste, the demolition of unsafe structures, and the implementation of preventive measures like fencing and signage to deter future illegal dumping.

The Corps is committed to supporting this initiative by providing essential resources, including equipment, labor, and technical expertise, to ensure that the cleanup is conducted safely and efficiently. Additionally, we will work alongside other City departments to monitor and maintain the sites after remediation to prevent further violations. This project aligns with our mission and will help to maintain the health, safety, and overall well-being of Montebello's public spaces. We strongly believe that this initiative will have a lasting positive impact on the community and significantly improve the quality of life for our residents. Thank you for considering the City's application.

Sincerely,

REQUIREMENTS AS TO NOTICE OF COMPLETION

A notice of completion must be filed for record WITHIN 10 DAYS after completion of the work of improvement (to be computed exclusive of the day of completion), as provided in Civil Code Section 3093.

The "owner" who must file for record a notice of completion of a building or other work of improvement means the owner (or his successor in-interest at the date the notice is filed) on whose behalf the work was done, though his ownership is less than the fee title. For example, if A is the owner in fee, and B, lessee under a lease, causes a building to be constructed, then B, or whoever has succeeded to his interest at the date the notice is filed, must file the notice.

If the ownership is in two or more persons as joint tenants or tenants is common, the notice may be signed by any one of the co-owners (in fact, the foregoing form is designed for giving of the notice by only one cotenant), but the names and addresses of the other co-owners must be stated in paragraph 5 of the form.

Note that any Notice of Completion signed by a successor in interest shall recite the names and addresses of his transferor or transferors.

In paragraphs 3, 5 and 6, the full address called for should include street number, city, county and state.

As to paragraphs 7 and 8, this form should be used only where the notice of completion covers the work of improvement as a whole. If the notice is to be given only of completion of a particular contract, where the work of improvement is made pursuant to two or more original contracts, then this form must be modified as follows: (1) Strike the words "A work of improvement" from paragraph 6 and insert a general statement of the kind of work done or materials furnished pursuant to such contract (e.g., "The foundations for the improvements"); (2) Insert the name of the contractor under the particular contract in paragraph 7.

In paragraph 8 of the notice, insert the name of the contractor for the work of improvement as a whole. No contractor's name need be given if there is no general contractor, e.g., on so-called "owner-builder jobs."

In paragraph 9, insert the full, legal description, not merely a street address or tax description. Refer to deed or policy of title insurance. If the space provided for description is not sufficient, a rider may be attached.

In paragraph 10, show the street address, if any, assigned to the property by any competent public or governmental authority.

This standard form covers most usual problems in the field indicated. Before you sign, read it, fill in all blanks, and make changes proper to your transaction. Consult a lawyer if you doubt the form's fitness for your purpose.

CITY OF MONTEBELLO
CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: Raul Alvarez, City Manager

BY: Cesar Roldan, Director of Public Works

SUBJECT: **AWARD PROFESSIONAL SERVICES AGREEMENT NO. 4542 TO CROSSTOWN ELECTRICAL AND DATA, INC AND PROFESSIONAL SERVICES AGREEMENT NO. 4543 TO POWER OF FAITH CONSTRUCTION FOR THE PROVISION OF ON-CALL ELECTRICAL MAINTENANCE AND REPAIR SERVICES**

DATE: June 24, 2026

RECOMMENDATIONS:

It is recommended that the City Council:

1. Award Professional Services Agreement No. 4542 to Crosstown Electrical and Data, Inc. for the provision of electrical maintenance and repair services at City facilities and infrastructure in an amount not-to-exceed $165,000 annually; and
2. Award Professional Services Agreement No. 4543 to Power of Faith Construction for the provision of electrical maintenance and repair services at City facilities and infrastructure in an amount not-to-exceed $30,000 annually; and
3. Take such additional, related action that may be desirable.

FISCAL IMPACT:

These services will be funded through the City's applicable operation and maintenance budgets designated for facility maintenance, infrastructure repairs, and public works operations.

The agreements will be structured as on-call, as-needed contracts with compensation based on approved hourly labor rates, equipment rates, emergency response rates, and material markups as submitted in each contractor's Cost Proposal.

The combined total not-to-exceed annual amount for both agreements is $195,000,

consisting of $165,000 annually for Crosstown Electrical and Data, Inc. and $30,000 annually for Power of Faith Construction. Funding has been incorporated into the Fiscal Year 2026-27 adopted budget. The initial agreement terms for both contractors is three years, through June 30, 2029. The agreements include provisions to extend them by two, one-year terms. Subsequent fiscal year budgets will include sufficient appropriations to support ongoing services for the term of the agreements.

Should additional funding be required based on service demand or emergency response needs, staff will return to the City Council with a budget amendment recommendation.

BACKGROUND/DISCUSSION:

The City of Montebello is responsible for the maintenance, operation, and repair of a wide range of electrical systems supporting municipal services, including public buildings, parks, street lighting, traffic signals, and other critical infrastructure. These systems are essential to ensuring public safety, operational continuity, and the reliable delivery of City services. Many of these systems are aging and require ongoing maintenance, rapid troubleshooting, and emergency repair services. Historically, electrical services have been performed on an as-needed basis. However, increasing demand for responsive maintenance, emergency repair needs, and system reliability has created the need for structured on-call service arrangements.

On May 14, 2026, the City issued Request for Proposals (RFP) No. 26-13 seeking qualified and licensed electrical contractors to provide on-call citywide electrical maintenance and repair services, including installation, troubleshooting, repair, and emergency response on a 24-hour basis. The scope of work includes, but is not limited to, repair and maintenance of interior and exterior electrical systems, street lighting, traffic signal electrical components, high-mast lighting systems, lighting replacement, circuit troubleshooting, and emergency electrical services at various City-owned facilities and infrastructure locations.

Due to the specialized nature and variability of electrical services required throughout the City, the RFP provided for the possibility of awarding agreements to multiple qualified contractors. Utilizing multiple contractors will provide greater flexibility, improve response times, increase service capacity during periods of high demand, and ensure continuity of operations in the event one contractor is unavailable to respond to urgent service requests.

ENVIRONMENTAL:

N/A

ANALYSIS:

The City conducted a competitive procurement process in accordance with RFP No. 26-13. Proposals were evaluated based on qualifications, experience, references, responsiveness, and cost proposals as outlined in the solicitation.

Following evaluation of the proposals received, staff determined that Crosstown Electrical and Data, Inc. and Power of Faith Construction are the most qualified and responsive proposers. Both firms demonstrated extensive experience performing electrical maintenance and repair services, the ability to meet 24-hour emergency response requirements, familiarity with municipal infrastructure systems, and knowledge of applicable electrical codes and safety standards.

Staff recommends awarding agreements to both contractors in order to maximize operational flexibility and ensure the City has adequate resources available to address routine maintenance, planned projects, emergency repairs, and unforeseen service demands. The use of multiple on-call contractors will also provide redundancy and reduce the risk of service interruptions that could impact critical City facilities and infrastructure.

Award of these agreements will ensure:

- Reliable 24-hour availability for electrical maintenance and repair services.
- Timely response to routine and emergency electrical service requests.
- Compliance with applicable electrical codes, OSHA, and Cal/OSHA safety regulations.
- Continuity of maintenance for critical electrical infrastructure, including streetlights and traffic signals.
- Increased service capacity and contractor availability during emergencies and peak workload periods.
- Operational redundancy to support uninterrupted City services.
- Cost-effective service delivery through competitively solicited rates.

Staff recommends awarding Professional Services Agreement Nos. 4542 and 4543 to Crosstown Electrical and Data, Inc. and Power of Faith Construction (respectively) to maintain uninterrupted electrical maintenance and repair services across City facilities and infrastructure.

SUMMARY:

If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

- **Automobile Liability Insurance:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONTRACTOR has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

- **Professional Liability** insurance appropriate to the CONTRACTOR'S profession, with limit no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.

b. If the CONTRACTOR maintains higher limits than the minimums shown above, the CITY requires and shall be entitled to coverage for the higher limits maintained by the CONTRACTOR.

c. The CONTACTOR shall require each of its subcontractors, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONTRACTOR agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONTRACTOR's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Principal Risk Officer
1600 West Beverly Boulevard
Montebello, CA 90640
Email: COI@montebelloca.gov

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONTRACTOR shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONTRACTOR shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONTRACTOR shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONTRACTOR agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONTRACTOR shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONTRACTOR's insurance and shall not contribute with it.

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONTRACTOR shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONTRACTOR shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONTRACTOR shall not be construed as a limitation of the CONTRACTOR'S liability or as full performance of CONTRACTOR's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONTRACTOR shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-contractor, delegee, or assignee, and an explanation of why and how the

same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONTRACTOR and shall not bind or purport to bind the CITY and shall not release the CONTRACTOR from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-contractors. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONTRACTOR under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

The most common types of protest that might be filed before a proposal due date include those based upon restrictive specifications or alleged improprieties in any solicitation that is apparent before the scheduled proposal due date.

When a protest is filed before a scheduled proposal due date, certain steps must be followed:

A. The protest must be submitted in writing within the specified time frame (no later than ten (10) working days prior to a proposal due date). All protests must be filed with the Director of Finance for determination. Protest must be submitted to the Director of Finance by mail or e-mail within the specified time frame. Protests can be sent to:

   Mail:
   Michael Solorza, Director of Finance
   City of Montebello

Attn: Department of Finance
1600 W. Beverly Blvd
Montebello, CA 90640

or

E-mail:
msolorza@montebelloca.gov

B. The protest must contain factual and legal reason(s) and should recommend a proposed remedy. Nevertheless, it should be noted that the City reserves the right not to implement the proposed remedy but to offer alternative solutions where applicable.

C. Where appropriate, the City will hold an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties may include all proposers, subcontractors, or suppliers, provided they have a substantial economic interest in a portion of the RFP.

D. All potential proposers will be advised of a pending protest.

E. The City shall not review proposals prior to the resolution of the protest unless it is determined that:

- The items to be procured are urgently required;
- Delivery or performance will be unduly delayed by failure to make the award promptly; or
- Failure to make a prompt award will otherwise cause undue harm to the City.

The City will respond in writing within ten (10) working days after receipt of a properly filed protest. The Director of Finance will respond and include a response to each substantive issue raised in the protest.

After the exhaustion of administrative remedies, the protesting party will be given the City's final decision. The Director of Finance has the authority to decide on all protests.

Proposal Protest Procedures (After Proposal Due Date/Post Award)
A protest filed after a proposal deadline/due date must be filed within three (3) working days after the proposal deadline/due date. The City will grant the protesting Consultant a fair review and shall have up to ten (10) working days to review the protest and render its decision.

The resulting agreement (see attached sample) shall be signed by the successful Vendor and returned within the required insurance within ten (10) business days after the City has provided written notice that the Vendor has been awarded. Failure to execute the agreement and file acceptable insurance documents as provided herein shall cause, at the City's option, for annulment of the award. Please review the insurance requirements and indemnification clause in the attached sample agreement. Should the successful Vendor decline to execute the agreement, the City can either reject all proposals, accept one of the other proposals, or issue a new solicitation.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONSULTANT agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONSULTANT's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Risk Manager
1600 West Beverly Boulevard
Montebello, CA 90640
Email: [insert designated email]

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

At the option of the CITY, the CONSULTANT shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONSULTANT shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONSULTANT shall not be construed as a limitation of the CONSULTANT'S liability or as full performance of CONSULTANT's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONSULTANT shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-consultant, delegee, or assignee, and an explanation of why and how the same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONSULTANT and shall not bind or purport to bind the CITY and shall not release the CONSULTANT from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-consultants. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONSULTANT under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

- **Automobile Liability Insurance:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONTRACTOR has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

b. If the CONTRACTOR maintains higher limits than the minimums shown above, the CITY requires and shall be entitled to coverage for the higher limits maintained by the CONTRACTOR.

c. The CONTACTOR shall require each of its subcontractors, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONTRACTOR agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONTRACTOR's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Principal Risk Officer
1600 West Beverly Boulevard
Montebello, CA 90640
Email: COI@montebelloca.gov

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONTRACTOR shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONTRACTOR shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONTRACTOR shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONTRACTOR agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONTRACTOR shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONTRACTOR's insurance and shall not contribute with it.

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONTRACTOR shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONTRACTOR shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONTRACTOR shall not be construed as a limitation of the CONTRACTOR'S liability or as full performance of CONTRACTOR's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONTRACTOR shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-contractor, delegee, or assignee, and an explanation of why and how the

same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONTRACTOR and shall not bind or purport to bind the CITY and shall not release the CONTRACTOR from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-contractors. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONTRACTOR under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

When a protest is filed before a scheduled proposal due date, certain steps must be followed:

A. The protest must be submitted in writing within the specified time frame (no later than ten (10) working days prior to a proposal due date). All protests must be filed with the Director of Finance for determination. Protest must be submitted to the Director of Finance by mail or e-mail within the specified time frame. Protests can be sent to:

   Mail:
   Michael Solorza, Director of Finance

Montebello, CA 90640

or

E-mail:
msolorza@montebelloca.gov

B. The protest must contain factual and legal reason(s) and should recommend a proposed remedy. Nevertheless, it should be noted that the City reserves the right not to implement the proposed remedy but to offer alternative solutions where applicable.

C. Where appropriate, the City will hold an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties may include all proposers, subcontractors, or suppliers, provided they have a substantial economic interest in a portion of the RFP.

D. All potential proposers will be advised of a pending protest.

E. The City shall not review proposals prior to the resolution of the protest unless it is determined that:

- The items to be procured are urgently required;
- Delivery or performance will be unduly delayed by failure to make the award promptly; or
- Failure to make a prompt award will otherwise cause undue harm to the City.

The City will respond in writing within ten (10) working days after receipt of a properly filed protest. The Director of Finance will respond and include a response to each substantive issue raised in the protest.

After the exhaustion of administrative remedies, the protesting party will be given the City's final decision. The Director of Finance has the authority to decide on all protests.

Should the successful Vendor decline to execute the agreement, the City can either reject all proposals, accept one of the other proposals, or issue a new solicitation.

If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

- **Automobile Liability Insurance:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONSULTANT has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

c. The CONTACTOR shall require each of its subconsultants, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONSULTANT agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONSULTANT's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Risk Manager
1600 West Beverly Boulevard
Montebello, CA 90640
Email: [insert designated email]

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONSULTANT shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONSULTANT shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONSULTANT shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONSULTANT agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONSULTANT shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONSULTANT's insurance and shall not contribute with it.

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONSULTANT shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONSULTANT shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONSULTANT shall not be construed as a limitation of the CONSULTANT'S liability or as full performance of CONSULTANT's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONSULTANT shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-consultant, delegee, or assignee, and an explanation of why and how the same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONSULTANT and shall not bind or purport to bind the CITY and shall not release the CONSULTANT from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-consultants. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONSULTANT under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. CITY OF MONTEBELLO
CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: Raul Alvarez, City Manager

BY: Cesar Roldan, Director of Public Works

SUBJECT: **AWARD PROFESSIONAL SERVICES AGREEMENT NO. 4541 TO SEBASTIAN WATERWORKS DBA MR. ROOTER FOR THE PROVISION OF ON-CALL PLUMBING SERVICES**

DATE: June 24, 2026

RECOMMENDATIONS:

It is recommended that the City Council:

1. Award Professional Services Agreement No. 4541 to Sebastian Waterworks DBA Mr. Rooter for the provision of on-call plumbing services at City facilities in an amount not-to-exceed $126,000 annually; and
2. Take such additional, related action that may be desirable.

FISCAL IMPACT:

These services will be funded through the City's applicable operation and maintenance budgets designated for facility maintenance and repairs.

The contract will be structured as an on-call, as-needed agreement with compensation based on approved hourly labor rates, equipment rates, emergency response rates, and material markups as submitted in the selected proposer's Cost Proposal.

The total not-to-exceed annual contract amount is $126,000. Funding has been incorporated into the Fiscal Year 2026-27 adopted budget. The initial agreement term is three years, through June 30, 2029. The agreement includes provisions to extend it by two, one-year terms. Subsequent fiscal year budgets will include sufficient appropriations to support ongoing services for the term of the agreement.

Should additional funding be required based on service demand, staff will return to the

City Council with a budget amendment recommendation.

BACKGROUND/DISCUSSION:

The City of Montebello is responsible for the maintenance and operation of plumbing systems across a wide range of municipal facilities, including administrative offices, parks, the senior center, library, museum, and detention facilities. These systems are critical to ensuring the safe, sanitary, and continuous operation of City services. Historically, plumbing services have been performed on an as-needed basis; however, increasing service demands, aging infrastructure, and the need for rapid emergency response have created the need for a structured on-call service arrangement.

On May 14, 2026, the City issued Request for Proposals (RFP) No. 26-12 seeking qualified and licensed plumbing contractors to provide on-call citywide plumbing services, including installation, maintenance, repair, troubleshooting, and emergency response on a 24-hour basis. The scope of work includes, but is not limited to, repair and replacement of plumbing systems, sewer and drain line maintenance, water heater service, fixture repair, and emergency plumbing services at various City-owned facilities.

ENVIRONMENTAL:

N/A

ANALYSIS:

The City conducted a competitive procurement process in accordance with RFP No. 26-12. Proposals were evaluated based on qualifications, experience, references, and cost proposals as outlined in the solicitation.

Following evaluation, staff identified Sebastian Waterworks DBA Mr. Rooter as the most qualified and responsive proposer based on demonstrated experience with municipal plumbing systems, ability to meet emergency response requirements, and overall value to the City.

Award of this agreement will ensure:

- Reliable 24-hour availability for plumbing services.
- Timely response to routine and emergency service requests.
- Compliance with applicable plumbing codes and safety regulations.
- Continuity of maintenance for critical City facilities.
- Cost-effective service delivery through competitively solicited rates.

Staff recommends approving Agreement No. 4541 (Attachment A) to Sebastian Waterworks DBA Mr. Rooter to maintain uninterrupted plumbing support services across City facilities.

SUMMARY:

Staff recommends that the City Council award Professional Services Agreement No. 4541 (Attachment A) to Sebastian Waterworks DBA Mr. Rooter for on-call plumbing services in an amount not-to-exceed $126,000 annually, for an initial three-year term (through June 30, 2029). Approval of this action will ensure continued maintenance, repair, and emergency response capability for the City's plumbing infrastructure through a competitively procured on-call services contract.

If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

c. The CONTACTOR shall require each of its subcontractors, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONTRACTOR agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONTRACTOR's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Principal Risk Officer
1600 West Beverly Boulevard
Montebello, CA 90640
Email: COI@montebelloca.gov

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONTRACTOR shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONTRACTOR shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONTRACTOR shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONTRACTOR agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONTRACTOR shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONTRACTOR's insurance and shall not contribute with it.

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONTRACTOR shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONTRACTOR shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONTRACTOR shall not be construed as a limitation of the CONTRACTOR'S liability or as full performance of CONTRACTOR's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONTRACTOR shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-contractor, delegee, or assignee, and an explanation of why and how the

same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONTRACTOR and shall not bind or purport to bind the CITY and shall not release the CONTRACTOR from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-contractors. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONTRACTOR under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. 9.0 Protest Procedures

Proposal Protest Procedures (Before Proposal Opening)

A protest filed before the proposal due date deadline must be filed in writing or by email no later than ten (10) working days before the due date. The most common types of protest that might be filed before a proposal due date include those based upon restrictive specifications or alleged improprieties in any solicitation that is apparent before the scheduled proposal due date.

When a protest is filed before a scheduled proposal due date, certain steps must be followed:

A. The protest must be submitted in writing within the specified time frame (no later than ten (10) working days prior to a proposal due date). All protests must be filed with the Director of Finance for determination. Protest must be submitted to the Director of Finance by mail or e-mail within the specified time frame. Protests can be sent to:

   Mail:
   Michael Solorza, Director of Finance
   City of Montebello
   Attn: Department of Finance
   1600 W. Beverly Blvd
   Montebello, CA 90640

   or

   E-mail: msolarza@montebelloca.gov

B. The protest must contain factual and legal reason(s) and should recommend a proposed remedy. Nevertheless, it should be noted that the City reserves the right not to implement the proposed remedy but to offer alternative solutions where applicable.

C. Where appropriate, the City will hold an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties may include all proposers, subcontractors, or suppliers, provided they have a substantial economic interest in a portion of the RFP.

D. All potential proposers will be advised of a pending protest.

E. The City shall not review proposals prior to the resolution of the protest unless it is determined that:

- The items to be procured are urgently required;
- Delivery or performance will be unduly delayed by failure to make the award promptly; or
- Failure to make a prompt award will otherwise cause undue harm to the City.

The City will respond in writing within ten (10) working days after receipt of a properly filed protest. The Director of Finance will respond and include a response to each substantive issue raised in the protest.

After the exhaustion of administrative remedies, the protesting party will be given the City's final decision. The Director of Finance has the authority to decide on all protests.

Proposal Protest Procedures (After Proposal Due Date/Post Award)
A protest filed after a proposal deadline/due date must be filed within three (3) working days after the proposal deadline/due date. The City will grant the protesting Contractor a fair review and shall have up to ten (10) working days to review the protest and render its decision.

10.0 Execution of Agreement
The resulting agreement (see attached sample) shall be signed by the successful Vendor and returned within the required insurance within ten (10) business days after the City has provided written notice that the Vendor has been awarded. Failure to execute the agreement and file acceptable insurance documents as provided herein shall cause, at the City's option, for annulment of the award. Please review the insurance requirements and indemnification clause in the attached sample agreement.
Should the successful Vendor decline to execute the agreement, the City can either reject all proposals, accept one of the other proposals, or issue a new solicitation.

11.0 Insurance
The Contractor selected must meet the following minimum insurance requirements upon execution of the City's Professional Services Agreement:

A. **Commercial General Liability**

Commercial General Liability (CGL) (equivalent in coverage scope to Insurance Services Office, Inc. Form CG 00 01) shall cover on an “occurrence” basis for bodily injury and property damage, including premise-operations, products-completed, broad form property damage, blanket contractual liability, independent contractors, personal injury or bodily injury, and advertising injury with limits no less than $1,000,000 per occurrence and $2,000,000 aggregate.

If requested, the "City of Montebello, its officials, employees, and agents" must be separately endorsed to the policy as additional insureds on an endorsement equivalent to the Insurance Services Office, Inc. Form CG 20 10 11 85 of CG 20 26 1185.

B. **Business Automobile Liability**
For owned vehicles, hired, and non-owned vehicles, Insurance Services Office Form CA 00 01 covering, Code 1 (any auto), or if the Contractor has not owned autos, Code 8 (hired) and 9 (non-owned) with a limit no less than $1,000,000 per accident for bodily injury and property damage.

If an automobile is not necessary to perform services, the Vendor must submit a written request for a waiver of this requirement.

C. **Professional Liability or Errors and Omissions**
Depending on the work or services to be performed, professional liability or errors and omissions liability insurance may be required. The City will require the Contractor to provide professional liability or errors and omissions liability insurance in an amount not less than $1,000,000 per occurrence or claim, $2,000,000 aggregate. Architects’ and engineers’ coverage shall be endorsed to include contractual liability.

Required Insurance Documentation

1600 West Beverly Boulevard
Montebello, CA 90640

Endorsements (if requested)

In addition to the Certificate of Insurance, the Vendor must provide the following endorsements:

Additional insured endorsements to the general liability and auto liability* insurance policies. The "City of Montebello, its officials, employees, and agents" must be endorsed to the Contractor's general liability policy as well as the auto liability policy as additional insureds on an endorsement equivalent to ISO forms CG 20 10 11 85 or CG 20 26 11 85.

Cancellation notice endorsements. Each policy must be endorsed to certify that it will not be canceled or non-renewed by either party or reduced in coverage or limits (except by paid claims) unless the insurer has provided the City with thirty (30) days prior written notice of cancellation (ten (10) days for cancellation due to nonpayment of premium is acceptable).

Primary, non-contributory coverage endorsements. The general liability and professional liability (if required) policies must be endorsed to provide that each policy shall apply on a primary, non-contributing basis with any insurance or self-insurance, primary or excess, maintained by or available to the City or its officials, employees, and agents.

Waiver and Modifications of Insurance Requirements

To the extent permitted by law, the City may modify these insurance requirements at any time and at its sole discretion.

In general, any contract deemed sole source, professional/professional services, involves the disclosure of proprietary information, and/or a public works project may require revisions to the City's standard insurance requirements. Any revisions to the insurance requirements will be identified within the associated service contract terms and conditions.

Vendor may request a waiver or modification of these insurance requirements. Waiver or modification requests must be submitted in writing. The request should state the specific insurance requirement that is being considered for waiver or modification and provide a brief explanation for the request. Requests will be reviewed on a case-by-case basis, and the decision will ultimately depend on the scope of services. The final decision to approve or deny a request will be at the City's legal authority and/or an authorized designee's discretion.

12.0 Use of Federal Funds

The project is funded through a Sustainable Communities Grants from Caltrans which requires compliance with certain federal regulations. The United States Federal Government requires purchases of items and services to meet specific standards when

using Federal funds, including grants, cooperative agreements, contracts, and Federal funds "passed-through" to the City from a non-Federal entity (i.e., sub-recipient agreements). These requirements are codified under the Code of Federal Regulation's (CFR) Title 2, Subtitle A, Chapter II, Part 200 (also referred to as "2 CFR 200" or "Uniform Guidance") and the Federal Acquisition Regulations (FAR), as applicable.

The following standards apply to all purchases of items and services using Federal funds:

- Transactions shall be conducted lawfully and ethically
- Unnecessary/duplicative purchases are not permitted
- Utilizing a vendor or supplier on the U.S. Federal Government's Debarred and Suspended List (available at SAM.gov) is prohibited
- All individuals involved in the expenditure of federal monies must avoid any actual or apparent conflict of interest
- Procurement transactions must be conducted in a manner providing full and open competition
- Opportunities should be provided to minority businesses, women's business enterprises, and labor surplus area firms when possible
- Contracts and purchase orders should include the contract provisions required by 2 CFR 200 Appendix A
- Purchases of goods and services must include documentation detailing the procurement history

In addition to Federal standards, purchases must adhere to applicable local policies and procedures as defined in Montebello Municipal Code Chapters 3.20 and 3.21 and any relevant administrative policies. The most restrictive terms prevail when a conflict is present.

13.0 Non-Commitment of City

While the City intends to select a Contractor through this process, this intention is subject to change at any time during the process. Changes in the agreement's requirements and corresponding changes in compensation may be implemented upon mutual understanding between the City and the Contractor. These changes will be processed by the City Manager.

18.0 Disclosure of Information

A. The Contractor agrees that it will not during or after the term of the agreement, disclose any proprietary information or confidential business information of the City, including but not limited to its costs, charges, operating procedures, or methods of doing business to any person, Contractor, corporation, association, or other entity or the general public for any reason or purpose whatsoever, without the prior written consent of the City. No employee benefits shall be available to the CONSULTANT in connection with the performance of this Agreement. Except as provided in this Agreement, the CITY shall not pay salary, wages, or other compensation to the CONSULTANT for performance hereunder for the CITY, the CITY shall not be liable for compensation to the CONSULTANT, the CONSULTANT's employees or the CONSULTANT's subconsultants for injury or sickness arising out of performing services hereunder.

b. The parties further acknowledge and agree that nothing in this Agreement shall create or be construed to create a partnership, joint venture, employment relationship or any other relationship except as set forth in this Agreement.

c. The CITY shall not deduct from the Compensation paid to the

CONSULTANT any sums required for Social Security, withholding taxes, FICA, state disability insurance or any other federal, state or local tax or charge which may or may not be in effect or hereinafter enacted or required as a charge or withholding on the compensation paid to the CONSULTANT. The CITY shall have no responsibility to provide the CONSULTANT, its employees or subconsultants with workers' compensation insurance or any other insurance.

SECTION 12. CalPERS ANNUITANTS AND ELIGIBILITY INDEMNITY.

a. If the CONSULTANT is a California Public Employees' Retirement System ("CalPERS") annuitant, the CONSULTANT must provide the City with written notification of such fact a minimum of 14 calendar days prior to commencement of services under this Agreement. Failure to provide such notification may result in termination of the Agreement, and any penalties or other costs relating thereto shall be borne by the CONSULTANT. If this Agreement remains in place, the CONSULTANT shall execute any amendment(s) to this Agreement requested by the City in order to comply with all laws and regulations applicable to CalPERS annuitants.

b. In the event that the CONSULTANT or any employee, agent, or subconsultant of the CONSULTANT providing services under this Agreement claims or is determined by a court of competent jurisdiction or CalPERS to be eligible for enrollment in CalPERS as an employee of the CITY, the CONSULTANT shall indemnify, defend, and hold harmless the CITY for the payment of any employee and/or employer contributions for CalPERS benefits on behalf of the CONSULTANT or its employees, agents, or subconsultants, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of the CITY.

c. Notwithstanding any other agency, state or federal policy, rule, regulation, law or ordinance to the contrary, the CONSULTANT and any of its employees, agents, and subconsultants providing service under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any claims to, any compensation, benefit, or any incident of employment by the CITY, including but not limited to eligibility to enroll in PERS as an employee of the CITY and entitlement to any contribution to be paid by the CITY for employer contribution and/or employee contributions for PERS benefits.

SECTION 13. LEGAL RESPONSIBILITIES.

The CONSULTANT shall at all times observe and comply with all applicable laws, ordinances, codes, and regulations of the federal, state, and local governments including, but not limited to the Montebello Municipal Code. The CITY, and its appointed or elected officers, employees, or agents, shall not be liable at law or in equity occasioned by failure of the CONSULTANT to comply with this section.

SECTION 14. INDEMNIFICATION.

The CONSULTANT agrees to, and shall defend, indemnify, protect and hold harmless, the CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers from and against any and all claims, demands, lawsuits, defense costs, civil, penalties, expenses, causes of action, and judgments at law or in equity, or liability of any kind or nature which the CITY, its elected and appointed

boards, officers, officials, employees, agents and volunteers may sustain or incur or which may be imposed upon them for injuries or deaths of persons, or damage to property arising out of the CONSULTANT's negligent or wrongful act, or omission under the terms of this Agreement, except only liability arising out of the sole negligence of the CITY.

SECTION 15. INSURANCE COVERAGE.

a. During the term of this Agreement, the CONSULTANT shall carry, maintain, and keep in full force and effect insurance against claims for death or injuries to persons or damages to property that may arise from or in connection with CONSULTANT's performance of this Agreement. Such insurance shall be of the types and in the amounts as set forth below:

- **Commercial General Liability (CGL)**: Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis for bodily injury and property damage, including products-completed operations, personal injury, and advertising injury, with limits no less than $1,000,000 per occurrence. If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

- **Automobile Liability Insurance:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONSULTANT has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

- **Worker's Compensation** insurance as required by the laws of the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.

- **Professional Liability** insurance appropriate to the CONSULTANT'S profession, with limit no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.

b. If the CONSULTANT maintains higher limits than the minimums shown above, the CITY requires and shall be entitled to coverage for the higher limits maintained by the CONSULTANT.

c. The CONTACTOR shall require each of its subconsultants, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONSULTANT agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONSULTANT's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Risk Manager
1600 West Beverly Boulevard
Montebello, CA 90640
Email: [insert designated email]

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONSULTANT shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONSULTANT shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONSULTANT shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONSULTANT agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONSULTANT shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONSULTANT's insurance and shall not contribute with it.

k. All insurance coverage provided pursuant to this Agreement shall not prohibit the CONSULTANT, and CONSULTANT's employees, agents or subconsultants, from waiving the right of subrogation prior to a loss. The CONSULTANT hereby waives all rights of subrogation against the CITY.

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONSULTANT shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONSULTANT shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONSULTANT shall not be construed as a limitation of the CONSULTANT'S liability or as full performance of CONSULTANT's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONSULTANT shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-consultant, delegee, or assignee, and an explanation of why and how the same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONSULTANT and shall not bind or purport to bind the CITY and shall not release the CONSULTANT from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-consultants. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONSULTANT under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

SECTION 19. ATTORNEY'S FEES AND COSTS.

RE: RFP No. 26 – 12 | On-Call Plumbing Services

Dear Mr. Coiner and Members of the Evaluation Committee:

Sebastian Waterworks Inc., doing business as Mr. Rooter Plumbing, is pleased to submit this proposal in response to the City of Montebello's Request for Proposals for On-Call Plumbing Services (RFP No. 26 – 12). With 32 years of plumbing experience under the leadership of President Joe Diaz, our firm brings deep expertise in providing responsive, high-quality plumbing services to public agencies throughout the Los Angeles region.

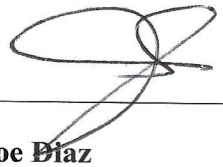
We currently provide on-call plumbing services to the City of Monterey Park, the Los Angeles County Internal Services Department (ISD), and the California Department of Transportation (Caltrans) District 7. These long-standing relationships — several spanning nearly two decades — demonstrate our commitment to dependable service, prevailing wage compliance, and responsive emergency support for public agencies.

Mr. Rooter Plumbing holds multiple State of California contractor's licenses under License No. 851276, including **Class A (General Engineering)**, **Class B (General Building)**, **C-36 (Plumbing)**, and **C-42 (Sanitation System)**. We are also registered with the California Department of Industrial Relations (No. 1000023781). Our fleet of 15 to 20 service vehicles, combined with direct 24/7 dispatch access to our President, allows us to meet the City's one-hour emergency response and two-hour routine response requirements at any hour of any day.

We are committed to delivering safe, code-compliant, and professionally executed work at City offices, park facilities, the senior center, library, museum, jail, and all other City-owned locations. We look forward to the opportunity to serve the City of Montebello.

Should you have any questions regarding this proposal, please contact me directly at 323-721-1243 or diazmrrooterplumbingsg@gmail.com.

Respectfully submitted,



Joe Diaz

President

Sebastian Waterworks Inc. DBA Mr. Rooter Plumbing

The three projects below represent the depth and continuity of our public-sector experience. Each is an active, on-going engagement, demonstrating consistent performance over many years. Mr. Rooter Plumbing provides ongoing on-call plumbing services to the City of Monterey Park, supporting city facilities with repair and replacement of plumbing fixtures, pipes, hydro jetting, pump service, and routine maintenance of drain lines and sewer lines. Work includes maintenance of toilets, sinks, and floor sinks across City-owned buildings. This engagement closely mirrors the scope of services contemplated in the City of Montebello's RFP 26-12.

3.2 Los Angeles County Internal Services Department (ISD)

The scope of this engagement is broad and demanding, including sewer drain cleaning, hydro jetting, full plumbing repairs, gas line repair and replacement, water line and sewer line work, storm drain repair, CCTV (video) inspection of sewer and storm drains, and grease trap pumping. The scale and diversity of this contract — covering dozens of County-owned facilities of varying age and complexity — demonstrates our capacity to support a comparable municipal portfolio for the City of Montebello.

3.3 California Department of Transportation (Caltrans) – District 7

Client: Caltrans District 7

Contact: Chantal Jarrett, Contract Manager – 213-265-0419

Approx. Value: ~$2.4 million lifetime to date

Mr. Rooter Plumbing provides emergency, routine, and non-routine on-call plumbing service for Caltrans-owned Right of Way properties, with primary focus on the State Route 710 gap closure corridor. This engagement requires close coordination with a State agency, strict adherence to safety and traffic-control standards, and the ability to mobilize crews on short notice across a wide geographic service area — all directly applicable to the City of Montebello's expectations for an on-call contractor.

3.4 Historical Preservation Experience

Through our long-standing engagements with the City of Monterey Park and Los Angeles County ISD, Mr. Rooter Plumbing has performed plumbing repair, replacement, and maintenance work on a wide range of older municipal buildings. We are experienced in working carefully and respectfully within structures where original fixtures, finishes, and architectural features must be preserved, and in coordinating with facility supervisors to ensure repairs are completed without unnecessary disruption to building character or operations.

4. Key Personnel

Joe Diaz – President

Title:	President
Years of Plumbing Experience:	32 years
Certifications:	NASSCO (National Association of Sewer Service Companies) certified; NAWT (National Association of Wastewater Technicians) certified – pumping
Role on this Contract:	Primary point of contact for the City of Montebello; oversees scheduling, dispatch, and quality assurance; personally available for 24/7 emergency response

Mr. Diaz has personally directed the firm's public-agency engagements with the City of Monterey Park, LA County ISD, and Caltrans District 7. His NASSCO certification reflects formal training in sewer pipeline assessment standards, and his NAWT certification supports the firm's pumping and wastewater service capabilities. As President, he is empowered to make immediate operational decisions, authorize crews, and resolve issues without escalation delay — a key advantage for the City of Montebello's after-hours and emergency needs.

Field Personnel

Mr. Rooter Plumbing maintains a roster of qualified journeyman and apprentice plumbers, supported by master plumbers as required by job scope. Service calls are normally staffed with a journeyman and apprentice team, in accordance with the City's stated preference in Section 5 of the RFP. All field personnel:

- Meet minimum qualifications for their classifications and are compensated at prevailing wage rates
- Wear company-marked uniforms and brightly colored traffic vests when working in the right-of-way
- Operate company vehicles displaying the Mr. Rooter Plumbing logo
- Are equipped with personal protective gear consistent with State Safety Regulations
- Are available for background checks as required by the City

5. Understanding of Scope of Work

Mr. Rooter Plumbing has reviewed the full scope of services outlined in Section 5 of RFP 26-12 and confirms our capability to deliver each element. Our understanding of the City's needs is summarized below.

Service Locations

We will provide plumbing services at all City-owned locations, including but not limited to administrative offices, park facilities, the senior center, library, museum, and jail.

Service Types

Our scope of work includes installations, routine maintenance, scheduled service calls, provision of supplies and materials, and 24/7 emergency response. Specific work types include drain unclogging; installation, maintenance, and repair of building plumbing systems; main domestic water supply and sewer line work; repair of faucets, flush valves, hot water heaters, and pumps; gas line repair, maintenance, and replacement; and drain line unstopping, repair, or replacement.

Response Times

Mr. Rooter Plumbing commits to the City's required response standards: **one (1) hour response for emergency service requests** and **two (2) hour response for routine service requests**, 24 hours a day, 7 days a week, 365 days a year. Our 15-to-20-vehicle fleet and direct-to-President dispatch model are specifically structured to support these response commitments.

Extra Work

For any work outside the routine scope — including underground sewer line replacement, drinking fountain installation, or sidewalk and asphalt removal needed to access repairs — Mr. Rooter Plumbing will prepare a written proposal for City review and will not commence such work without prior written authorization from the City of Montebello. All labor and material costs will be fully itemized in each written proposal.

Compliance and Safety

All work will be performed in accordance with the California Plumbing Code (Part 5, Title 24), the most current plumbing industry standards, applicable municipal ordinances, and all federal, state, and local laws. We will secure any required permits and obtain a City of Montebello Business License upon award. We will maintain a safe work environment, report any safety incidents or unsafe conditions to the Contract Administrator immediately, and

provide written incident reports within three (3) days when requested.

6. Conflict of Interest Statement

Sebastian Waterworks Inc., doing business as Mr. Rooter Plumbing, declares that it has no financial, business, or other relationship with the City of Montebello, its elected officials, officers, employees, or agents that would create an actual or apparent conflict of interest with respect to RFP No. 26 – 12 or the services contemplated thereunder.

The firm further covenants that it presently has no interest, direct or indirect, that would conflict in any manner with the performance of services under any resulting Professional Services Agreement, and that no person having any such interest will be employed in connection with this engagement.

Should any potential conflict of interest arise during the term of any resulting agreement, Mr. Rooter Plumbing will disclose it to the City of Montebello in writing without delay.

9. Required Licenses and Certifications

Mr. Rooter Plumbing currently holds all required licenses and registrations to perform the services contemplated by RFP 26-12. Copies of all licenses and certificates will be provided upon request and prior to contract execution.

California Contractor Licenses:	License No. 851276, with the following active classifications: • **Class A** – General Engineering Contractor • **Class B** – General Building Contractor • **C-36** – Plumbing Contractor • **C-42** – Sanitation System Contractor
DIR Registration:	Public Works Contractor Registration #1000023781
Personnel Certifications:	NASSCO and NAWT (pumping)
Insurance:	Will meet or exceed all coverage requirements set forth in Section 11 of the RFP upon contract award (Commercial General Liability, Business Auto Liability, Workers' Compensation, Employer's Liability, and Professional Liability as applicable)
City of Montebello Business License:	Will be obtained upon award of contract

The breadth of these classifications is a direct benefit to the City of Montebello. While the RFP requires a Class A or C-36 license at minimum, Mr. Rooter Plumbing also holds the Class B (General Building) and C-42 (Sanitation System) classifications. This allows us to self-perform the full range of work contemplated under this contract — including building modifications required to access plumbing, underground sewer line replacement, sidewalk and asphalt removal for repairs, and full sanitation system work — without subcontracting to outside trades. The result for the City is faster turnaround, fewer coordination points, and a single accountable contractor for the entire scope of any job.

ITEM # 21

CITY OF MONTEBELLO
CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: Raul Alvarez, City Manager

BY: Cesar Roldan, Director of Public Works

SUBJECT: **APPROVE AGREEMENT NO. 4544 WITH ION SECURITY & FIRE SYSTEMS INC. FOR SECURITY AND FIRE ALARM MONITORING, MAINTENANCE, AND REPAIR SERVICES**

DATE: June 24, 2026

RECOMMENDATIONS:

It is recommended that the City Council:

1. Award Professional Services Agreement No. 4544 to Ion Security & Fire Systems Inc. for the provision of security and fire alarm monitoring, maintenance and repair services in an amount not-to-exceed $86,000 annually; and
2. Take such additional, related action that may be desirable.

FISCAL IMPACT:

These services will be funded through the City's applicable operation and maintenance budgets designated for facility maintenance, infrastructure repairs, and public works operations.

The agreement will be structured as routinely scheduled, as-needed repair services with compensation based on approved hourly labor rates, equipment rates, emergency response rates, and material markups as submitted in the contractor's Cost Proposal.

The total not-to-exceed annual contract amount for the agreement is $86,000. Funding has been incorporated into the Fiscal Year 2026-27 adopted budget. The initial agreement term is three years, through June 30, 2029. The agreement includes provisions to extend it by two, one-year terms. Subsequent fiscal year budgets will include sufficient appropriations to support ongoing services for the term of the agreement.

Should additional funding be required based on service demand or emergency response needs, staff will return to the City Council with a budget amendment recommendation.

BACKGROUND/DISCUSSION:

The City of Montebello is responsible for maintaining security and fire alarm systems at multiple City-owned facilities, including administrative buildings, community centers, parks facilities, and public safety structures. These systems are critical to ensuring life safety, property protection, operational continuity, and compliance with applicable fire and building codes.

On May 13, 2026, the City Council authorized issuance of Request for Proposals (RFP) No. 26-14 for Security and Fire Alarm Monitoring, Maintenance, and Repair Services. The RFP was subsequently released through the City's PlanetBids procurement system on May 14, 2026, seeking qualified contractors to provide comprehensive monitoring, maintenance, inspection, testing, repair, and support services for the City's fire alarm and security alarm systems.

The scope of work included, but was not limited to, 24-hour UL-listed central station monitoring of fire/life safety systems, monitoring and maintenance of security alarm systems, routine inspections and testing, as-needed repairs, system troubleshooting, upgrades, compliance-related modifications, and coordination with City staff for emergency response and facility access.

A mandatory site walk was conducted on May 19, 2026, and proposals were due on June 10, 2026. At the close of the solicitation period, the City received one proposal from ION Security & Fire Systems Inc. Staff reviewed the submission and determined that ION Security & Fire Systems Inc. is a responsive and responsible proposer that meets the qualifications, licensing, experience, and service requirements outlined in the RFP.

Although only one proposal was received, staff determined that the procurement process was competitive and publicly advertised in accordance with City purchasing requirements. The proposal submitted by ION Security & Fire Systems Inc. was evaluated based on the criteria established in the RFP, including qualifications and experience, reputation and references, and proposed fees. Staff also reviewed the firm's experience providing similar services for public agencies and verified its ability to meet the City's operational and emergency response requirements.

ENVIRONMENTAL:

N/A

ANALYSIS:

Awarding this agreement will ensure the continued reliability, monitoring, inspection, maintenance, and repair of critical life-safety and security systems throughout City facilities. Consolidating these services under a single contract will improve service

coordination, provide consistent maintenance standards, streamline contract administration, and enhance accountability for system performance. The agreement will also assist the City in maintaining compliance with National Fire Protection Association (NFPA 72) standards, City Fire Prevention requirements, and applicable state and local regulations.

Ion Security & Fire Systems Inc. has demonstrated the technical expertise and resources necessary to provide comprehensive monitoring and maintenance services that support the City's operational needs. The proposed contract structure will provide continuity of service, timely response to maintenance and repair requests, and proactive system support to help minimize service disruptions, reduce the risk of system failures, and protect City assets, employees, and the public.

Staff recommends awarding Agreement No. 4544 (Attachment A) to ION Security & Fire Systems Inc. for an initial term of three (3) years, with two (2) optional one-year extensions, for an annual amount not to exceed $86,000.

SUMMARY:

The City conducted a competitive procurement process for Security and Fire Alarm Monitoring, Maintenance, and Repair Services to ensure continued protection of City facilities and compliance with applicable safety regulations. Ion Security & Fire Systems Inc. submitted the sole proposal and was determined to be the only responsive and responsible proposer. Approval of Agreement No. 4544 (Attachment A) will provide the City with comprehensive monitoring, maintenance, inspection, repair, and support services for critical fire and security systems, ensuring reliable operation of essential life-safety infrastructure while supporting efficient and cost-effective City operations.

If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

b. If the CONTRACTOR maintains higher limits than the minimums shown above, the CITY requires and shall be entitled to coverage for the higher limits maintained by the CONTRACTOR.

c. The CONTACTOR shall require each of its subcontractors, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONTRACTOR agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONTRACTOR's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Principal Risk Officer
1600 West Beverly Boulevard
Montebello, CA 90640
Email: COI@montebelloca.gov

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONTRACTOR shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONTRACTOR shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONTRACTOR shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONTRACTOR agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONTRACTOR shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONTRACTOR's insurance and shall not contribute with it.

k. All insurance coverage provided pursuant to this Agreement shall not prohibit the CONTRACTOR, and CONTRACTOR's employees, agents or subcontractors, from waiving the right of subrogation prior to a loss. The CONTRACTOR hereby waives all rights of subrogation against the CITY.

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONTRACTOR shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONTRACTOR shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONTRACTOR shall not be construed as a limitation of the CONTRACTOR'S liability or as full performance of CONTRACTOR's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONTRACTOR shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-contractor, delegee, or assignee, and an explanation of why and how the

same was selected, including the degree of competition involved.

9.0 Protest Procedures

Proposal Protest Procedures (Before Proposal Opening)

A protest filed before the proposal opening must be filed in writing or by email no later than ten (10) working days before opening. The most common types of protest that might be filed before a proposal opening include those based upon restrictive specifications or alleged improprieties in any solicitation that is apparent before the scheduled proposal opening.

When a protest is filed before a scheduled proposal opening, certain steps must be followed:

A. The protest must be submitted in writing within the specified time frame (no later than ten (10) working days prior to a proposal opening). All protests must be filed with the Director of Finance for determination. Protest must be submitted to the Director of Finance by mail or e-mail within the specified time frame. Protests can be sent to:

   Mail:
   Michael Solorza, Director of Finance
   City of Montebello
   Attn: Department of Finance
   1600 W. Beverly Blvd
   Montebello, CA 90640

   or

   E-mail:
   msolorza@montebelloca.gov

B. The protest must contain factual and legal reason(s) and should recommend a proposed remedy. Nevertheless, it should be noted that the City reserves the right not to implement the proposed remedy but to offer alternative solutions where applicable.

C. Where appropriate, the City will hold an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties may include all proposers, subcontractors, or suppliers, provided they have a substantial economic interest in a portion of the RFP.

D. All potential proposers will be advised of a pending protest.

E. The City shall not open proposals prior to the resolution of the protest unless it is determined that:

- The items to be procured are urgently required;
- Delivery or performance will be unduly delayed by failure to make the award promptly; or
- Failure to make a prompt award will otherwise cause undue harm to the City.

The City will respond in writing within ten (10) working days after receipt of a properly filed protest. The Director of Finance will respond and include a response to each substantive issue raised in the protest.

After the exhaustion of administrative remedies, the protesting party will be given the City's final decision. The Director of Finance has the authority to decide on all protests.

Proposal Protest Procedures (After Proposal Opening/Post Award)
A protest filed after a proposal deadline must be filed within three (3) working days after the proposal deadline/due date. The City will grant the protesting Contractor a fair review and shall have up to ten (10) working days to review the protest and render its decision.

10.0 Execution of Agreement
The resulting agreement (see attached sample) shall be signed by the successful Contractor and returned within the required insurance within ten (10) business days after the City has provided written notice that the Contractor has been awarded. Failure to execute the agreement and file acceptable insurance documents as provided herein shall cause, at the City's option, for annulment of the award. Please review the insurance requirements and indemnification clause in the attached sample agreement.

Should the successful Contractor decline to execute the agreement, the City can either reject all proposals, accept one of the other proposals, or issue a new solicitation.

11.0 Insurance
The Contractor selected must meet the following minimum insurance requirements upon execution of the City's Professional Services Agreement:

A. **Commercial General Liability**
Commercial General Liability (CGL) (equivalent in coverage scope to Insurance Services Office, Inc. Form CG 00 01) shall cover on an "occurrence" basis for bodily injury and property damage, including premise-operations, products-completed, broad form property damage, blanket contractual liability, independent contractors, personal injury or bodily injury, and advertising injury with limits no less than $1,000,000 per occurrence and $2,000,000 aggregate.

If requested, the "City of Montebello, its officials, employees, and agents" must be separately endorsed to the policy as additional insureds on an endorsement equivalent to the Insurance Services Office, Inc. Form CG 20 10 11 85 of CG 20 26 1185.

B. **Business Automobile Liability**
For owned vehicles, hired, and non-owned vehicles, Insurance Services Office Form CA 00 01 covering, Code 1 (any auto), or if the Contractor has not owned autos, Code 8 (hired) and 9 (non-owned) with a limit no less than $1,000,000 per accident for bodily injury and property damage.

If an automobile is not necessary to perform services, the Firm must submit a written request for a waiver of this requirement.

C. **Professional Liability or Errors and Omissions**
Depending on the work or services to be performed, professional liability or errors and omissions liability insurance may be required. The City will require the Contractor to provide professional liability or errors and omissions liability insurance in an amount not less than $1,000,000 per occurrence or claim, $2,000,000 aggregate. 1600 West Beverly Boulevard
Montebello, CA 90640

Endorsements (if requested)
In addition to the Certificate of Insurance, the Contractor must provide the following endorsements:

Additional insured endorsements to the general liability and auto liability* insurance policies. The "City of Montebello, its officials, employees, and agents" must be endorsed to the Contractor's general liability policy as well as the auto liability policy as additional insureds on an endorsement equivalent to ISO forms CG 20 10 11 85 or CG 20 26 11 85.

Primary, non-contributory coverage endorsements. The general liability and professional liability (if required) policies must be endorsed to provide that each policy shall apply on a primary, non-contributing basis with any insurance or self-insurance, primary or excess, maintained by or available to the City or its officials, employees, and agents.

Waiver and Modifications of Insurance Requirements
To the extent permitted by law, the City may modify these insurance requirements at any time and at its sole discretion.

In general, any contract deemed sole source, professional/professional services, involves the disclosure of proprietary information, and/or a public works project may require revisions to the City's standard insurance requirements. Any revisions to the insurance requirements will be identified within the associated service contract terms and conditions.

Contractors may request a waiver or modification of these insurance requirements. Waiver or modification requests must be submitted in writing. The request should state the specific insurance requirement that is being considered for waiver or modification and provide a brief explanation for the request. Requests will be reviewed on a case-by-

case basis, and the decision will ultimately depend on the scope of services. The final decision to approve or deny a request will be at the City's legal authority and/or an authorized designee's discretion.

12.0 Use of Federal Funds

The project is funded through a Sustainable Communities Grants from Caltrans which requires compliance with certain federal regulations. The United States Federal Government requires purchases of items and services to meet specific standards when using Federal funds, including grants, cooperative agreements, contracts, and Federal funds "passed-through" to the City from a non-Federal entity (i.e., sub-recipient agreements). These requirements are codified under the Code of Federal Regulation's (CFR) Title 2, Subtitle A, Chapter II, Part 200 (also referred to as "2 CFR 200" or "Uniform Guidance") and the Federal Acquisition Regulations (FAR), as applicable.

The following standards apply to all purchases of items and services using Federal funds:

- Transactions shall be conducted lawfully and ethically
- Unnecessary/duplicative purchases are not permitted
- Utilizing a Contractor or supplier on the U.S. Federal Government's Debarred and Suspended List (available at SAM.gov) is prohibited
- All individuals involved in the expenditure of federal monies must avoid any actual or apparent conflict of interest
- Procurement transactions must be conducted in a manner providing full and open competition
- Opportunities should be provided to minority businesses, women's business enterprises, and labor surplus area firms when possible
- Contracts and purchase orders should include the contract provisions required by 2 CFR 200 Appendix A
- Purchases of goods and services must include documentation detailing the procurement history

In addition to Federal standards, purchases must adhere to applicable local policies and procedures as defined in Montebello Municipal Code Chapters 3.20 and 3.21 and any relevant administrative policies. The most restrictive terms prevail when a conflict is present.

13.0 Non-Commitment of City

While the City intends to select a Contractor through this process, this intention is

subject to change at any time during the process. The City does not commit to awarding an agreement, paying any costs incurred in preparing the proposal for this request, and/or procuring or contracting any items or services.

B. **Health:** All personnel engaged in the performance of this work shall be in good health and free of contagious diseases. D. **Conduct:** No person(s) shall be employed for this work that is found to be incompetent, disorderly, and troublesome, under the influence of alcohol and drugs, which fails or otherwise refuses to perform the work properly and acceptably or is otherwise objectionable. Any person found to be objectionable shall be discharged immediately and not re-employed for this work.

15.0 Records

The Contractor agrees to permit the City Manager or designee access to records, reports, files, and other papers or property of the Contractor to audit any performance aspect under this agreement.

16.0 Subcontractors

The Contractor shall be responsible for all work performed under the final agreement and shall keep all work under his control. No portion of the work may be subcontracted without the prior written consent of the City. All subcontractors used on this work shall be under the direct supervision of the Contractor and shall be considered as their employees. Any approved subcontractors must provide insurance indemnifying the City with limits at or exceeding the limits of the Contractor's insurance.

17.0 Modifications/Changes
Changes in the areas serviced and/or specifications may be necessary during the agreement term. Changes in the agreement's requirements and corresponding changes in compensation may be implemented upon mutual understanding between the City and the Contractor. These changes will be processed by the City Manager.

18.0 Disclosure of Information

A. The Contractor agrees that it will not during or after the term of the agreement, disclose any proprietary information or confidential business information of the City, including but not limited to its costs, charges, operating procedures, or methods of doing business to any person, Contractor, corporation, association, or other entity or the general public for any reason or purpose whatsoever, without the prior written consent of the City. Such confidential or proprietary information received by the Contractor shall be used exclusively in connection with the performance of services.

1600 West Beverly Boulevard
Montebello, CA 90640

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Quality Control Program:

We are not using any special forms at this time. Every morning we have our service manager look over a daily report that is sent by our central monitoring station. In this report is all the activity such as trouble conditions, low batteries, alarm signals, etc. that was reported the day before. From this report we set up on site service calls if needed or contact the customer for more details. At the end of the day our technician will report to our service manager if we need to return to complete a service or install. They will go over the work orders to see if the work could have been done more efficiently or if the service will be a permanent solution.

CITY OF MONTEBELLO
CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: Raul Alvarez, City Manager

BY: Cesar Roldan, Director of Public Works

SUBJECT: **AWARD PROFESSIONAL SERVICES AGREEMENT NO. 4539 TO WOLVERINE FENCE COMPANY, INC. AND PROFESSIONAL SERVICES AGREEMENT NO. 4540 TO J & A FENCE ENGINEERING CORPORATION FOR THE PROVISION OF ON-CALL FENCE SERVICES**

DATE: June 24, 2026

RECOMMENDATIONS:

It is recommended that the City Council:

1. Award Professional Services Agreement No. 4539 to Wolverine Fence Company, Inc. for the provision of on-call fence installation, repair, and replacement services at City facilities, parks, rights-of-way, and other City-owned properties in an amount not-to-exceed $75,000 annually; and
2. Award Professional Services Agreement No. 4540 to J & A Fence Engineering Corporation for the provision of on-call fence installation, repair, and replacement services at City facilities, parks, rights-of-way, and other City-owned properties in an amount not-to-exceed $50,000 annually; and
3. Take such additional, related action that may be desirable.

FISCAL IMPACT:

These services will be funded through the City's applicable operation and maintenance budgets, Capital Improvement Program funds, and other funding sources designated for facility maintenance, repairs, and public works operations.

The agreements will be structured as on-call, as-needed contracts with compensation based on approved unit pricing, hourly labor rates, equipment rates, emergency response rates, and material markups as submitted in each contractor's Cost Proposal.

The combined total not-to-exceed annual contract amount is $125,000, consisting of $75,000 annually for Wolverine Fence Company, Inc. and $50,000 annually for J & A Fence Engineering Corporation. Funding has been incorporated into the Fiscal Year 2026-27 budget. Therefore, no budget amendment is needed as part of the recommended actions. Each of the agreements is for an initial three year term, expiring June 30, 2029, with two, one year renewal options available. Subsequent fiscal year budgets will include sufficient appropriations to support ongoing services for the term of the agreements.

Should additional funding be required based on service demand, emergency repairs, or project needs, staff will return to the City Council with a budget amendment recommendation.

BACKGROUND/DISCUSSION:

The City of Montebello is responsible for the maintenance, repair, and security of numerous public facilities, parks, rights-of-way, and City-owned properties that require functional and secure fencing systems. These systems are essential to maintaining public safety, protecting City assets, and ensuring the integrity of municipal infrastructure. Fencing infrastructure throughout the City includes chain-link fencing, ornamental iron fencing, metal fencing systems, gates, and related components. These assets are subject to deterioration, vandalism, weather-related damage, and general wear, requiring ongoing maintenance, repair, replacement, and emergency response services. Historically, fencing services have been performed on an as-needed basis. However, increasing demand for timely response, security improvements, and maintenance of public infrastructure has created the need for structured on-call service arrangements.

On May 14, 2026, the City issued Request for Proposals (RFP) No. 26-11 seeking qualified and licensed fencing contractors to provide on-call citywide fencing services, including installation, repair, replacement, and emergency response services on a 24-hour basis as needed. The scope of work includes, but is not limited to, installation of new fencing systems, repair and replacement of damaged fencing, gate installation and repair, welding, removal and disposal of existing fencing materials, and emergency fencing services at various City-owned facilities and properties.

Due to the specialized nature and variability of fencing services required throughout the City, the RFP provided for the possibility of awarding agreements to multiple qualified contractors. Utilizing multiple contractors will provide greater flexibility, increase service capacity, improve response times for urgent repairs, and ensure continuity of operations when simultaneous service requests arise or emergency conditions occur.

ENVIRONMENTAL:

N/A

ANALYSIS:

The City conducted a competitive procurement process in accordance with RFP No. 26-11. Proposals were evaluated based on qualifications, experience, references, responsiveness, and cost proposals as outlined in the solicitation.

Following evaluation of the proposals received, staff determined that Wolverine Fence Company, Inc. and J & A Fence Engineering Corporation met or exceeded all minimum qualification requirements and were ranked among the highest-scoring proposers based on the evaluation criteria established in the RFP. Both firms demonstrated extensive experience providing fencing installation, repair, replacement, and emergency response services for public agencies and municipal facilities.

Staff further determined that both contractors possess the technical expertise, staffing resources, equipment, and responsiveness necessary to meet the City's operational requirements. In addition, both firms demonstrated knowledge of applicable building codes, safety standards, and industry best practices, while offering competitive pricing and overall value to the City.

Awarding agreements to both contractors will provide the City with enhanced operational flexibility and sufficient resources to address routine maintenance needs, planned improvement projects, vandalism-related repairs, emergency security concerns, and other unforeseen fencing service demands. The use of multiple on-call contractors will also provide redundancy, improve service availability, and reduce the risk of delays that could affect public safety or the security of City facilities and infrastructure.

Award of these agreements will ensure:

- Reliable availability of qualified contractors for fencing installation, repair, and replacement services.
- Timely response to routine and emergency fencing service requests.
- Compliance with applicable building codes, OSHA requirements, and safety regulations.
- Continuity of maintenance and security for City facilities, parks, rights-of-way, and infrastructure.
- Increased service capacity and contractor availability during periods of high demand.
- Operational redundancy to support uninterrupted City services and facility security.
- Cost-effective service delivery through competitively solicited rates.

Staff recommend awarding Professional Services Agreements Nos. 4539 and 4540 to Wolverine Fence Company, Inc. and J & A Fence Engineering Corporation (respectively) to maintain uninterrupted fencing maintenance, repair, replacement, and emergency response services across City facilities and properties.

SUMMARY:

Staff recommends the City Council award Professional Services Agreement No. 4539 to

Wolverine Fence Company, Inc. in an amount not-to-exceed $75,000 annually and Professional Services Agreement No. 4540 to J & A Fence Engineering Corporation in an amount not-to-exceed $50,000 annually for on-call fence installation, repair, and replacement services. Each of these agreements is for an initial three-year term, through June 30, 2029, with two, one-year extensions available.

Approval of these actions will provide the City with qualified on-call fencing contractors capable of responding to routine maintenance needs, emergency repairs, security-related fencing issues, and capital improvement projects throughout the City. Awarding agreements to multiple contractors will enhance service reliability, improve operational flexibility, provide redundancy for critical response needs, and ensure the continued maintenance, repair, and protection of City facilities, parks, rights-of-way, and other public assets through competitively procured on-call service agreements.

If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

- **Automobile Liability Insurance:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONTRACTOR has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

- **Professional Liability** insurance appropriate to the CONTRACTOR'S profession, with limit no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.

b. If the CONTRACTOR maintains higher limits than the minimums shown above, the CITY requires and shall be entitled to coverage for the higher limits maintained by the CONTRACTOR.

c. The CONTACTOR shall require each of its subcontractors, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONTRACTOR agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONTRACTOR's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Principal Risk Officer
1600 West Beverly Boulevard
Montebello, CA 90640
Email: COI@montebelloca.gov

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONTRACTOR shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONTRACTOR shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONTRACTOR shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONTRACTOR agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONTRACTOR shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONTRACTOR's insurance and shall not contribute with it.

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONTRACTOR shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONTRACTOR shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONTRACTOR shall not be construed as a limitation of the CONTRACTOR'S liability or as full performance of CONTRACTOR's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONTRACTOR shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-contractor, delegee, or assignee, and an explanation of why and how the

same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONTRACTOR and shall not bind or purport to bind the CITY and shall not release the CONTRACTOR from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-contractors. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONTRACTOR under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

9.0 Protest Procedures

Proposal Protest Procedures (Before Proposal Opening)

A protest filed before the proposal opening must be filed in writing or by email no later than ten (10) working days before opening. The most common types of protest that might be filed before a proposal opening include those based upon restrictive specifications or alleged improprieties in any solicitation that is apparent before the scheduled proposal opening.

When a protest is filed before a scheduled proposal opening, certain steps must be followed:

A. The protest must be submitted in writing within the specified time frame (no later than ten (10) working days prior to a proposal opening). All protests must be filed with the Director of Finance for determination. Protest must be submitted to the Director of Finance by mail or e-mail within the specified time frame. Protests can be sent to:

   Mail:
   Michael Solorza, Director of Finance
   City of Montebello
   Attn: Department of Finance
   1600 W. Beverly Blvd
   Montebello, CA 90640

   or

   E-mail:
   msolorza@montebelloca.gov

B. The protest must contain factual and legal reason(s) and should recommend a proposed remedy. Nevertheless, it should be noted that the City reserves the right not to implement the proposed remedy but to offer alternative solutions where applicable.

C. Where appropriate, the City will hold an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties may include all proposers, subcontractors, or suppliers, provided they have a substantial economic interest in a portion of the RFP.

D. All potential proposers will be advised of a pending protest.

E. The City shall not open proposals prior to the resolution of the protest unless it is determined that:

   - The items to be procured are urgently required;

- Delivery or performance will be unduly delayed by failure to make the award promptly; or
- Failure to make a prompt award will otherwise cause undue harm to the City.

The City will respond in writing within ten (10) working days after receipt of a properly filed protest. The Director of Finance will respond and include a response to each substantive issue raised in the protest.

After the exhaustion of administrative remedies, the protesting party will be given the City's final decision. The Director of Finance has the authority to decide on all protests.

Proposal Protest Procedures (After Proposal Opening/Post Award)
A protest filed after a proposal deadline must be filed within three (3) working days after the proposal deadline/due date. The City will grant the protesting Contractor a fair review and shall have up to ten (10) working days to review the protest and render its decision.

10.0 Execution of Agreement
The resulting agreement (see attached sample) shall be signed by the successful Contractor and returned within the required insurance within ten (10) business days after the City has provided written notice that the Contractor has been awarded. Failure to execute the agreement and file acceptable insurance documents as provided herein shall cause, at the City's option, for annulment of the award. Please review the insurance requirements and indemnification clause in the attached sample agreement.

Should the successful Contractgor decline to execute the agreement, the City can either reject all proposals, accept one of the other proposals, or issue a new solicitation.

11.0 Insurance
The Contractor selected must meet the following minimum insurance requirements upon execution of the City's Professional Services Agreement:

A. **Commercial General Liability**
Commercial General Liability (CGL) (equivalent in coverage scope to Insurance Services Office, Inc. Form CG 00 01) shall cover on an "occurrence" basis for bodily injury and property damage, including premise-operations, products-completed, broad form property damage, blanket contractual liability, independent contractors, personal injury or bodily injury, and advertising injury with limits no less than $1,000,000 per occurrence and $2,000,000 aggregate.

If requested, the "City of Montebello, its officials, employees, and agents" must be separately endorsed to the policy as additional insureds on an endorsement equivalent to the Insurance Services Office, Inc. Form CG 20 10 11 85 of CG 20 26 1185.

B. **Business Automobile Liability**
For owned vehicles, hired, and non-owned vehicles, Insurance Services Office Form CA 00 01 covering, Code 1 (any auto), or if the Contractor has not owned autos, Code 8 (hired) and 9 (non-owned) with a limit no less than $1,000,000 per accident for bodily injury and property damage.

If an automobile is not necessary to perform services, the Firm must submit a written request for a waiver of this requirement.

C. **Professional Liability or Errors and Omissions**
Depending on the work or services to be performed, professional liability or errors and omissions liability insurance may be required. The City will require the Contractor to provide professional liability or errors and omissions liability insurance in an amount not less than $1,000,000 per occurrence or claim, $2,000,000 aggregate. Architects' and engineers' coverage shall be endorsed to include contractual liability.

Montebello, CA 90640

Endorsements (if requested)

The "City of Montebello, its officials, employees, and agents" must be endorsed to the Contractor's general liability policy as well as the auto liability policy as additional insureds on an endorsement equivalent to ISO forms CG 20 10 11 85 or CG 20 26 11 85.

Primary, non-contributory coverage endorsements. The general liability and professional liability (if required) policies must be endorsed to provide that each policy shall apply on a primary, non-contributing basis with any insurance or self-insurance, primary or excess, maintained by or available to the City or its officials, employees, and agents.

Waiver and Modifications of Insurance Requirements
To the extent permitted by law, the City may modify these insurance requirements at any time and at its sole discretion.

In general, any contract deemed sole source, professional/professional services, involves the disclosure of proprietary information, and/or a public works project may require revisions to the City's standard insurance requirements. Any revisions to the insurance requirements will be identified within the associated service contract terms and conditions.

Contractors may request a waiver or modification of these insurance requirements. Waiver or modification requests must be submitted in writing. The request should state the specific insurance requirement that is being considered for waiver or modification and provide a brief explanation for the request. Requests will be reviewed on a case-by-case basis, and the decision will ultimately depend on the scope of services. The final decision to approve or deny a request will be at the City's legal authority and/or an authorized designee's discretion.

12.0 Use of Federal Funds
The project is funded through a Sustainable Communities Grants from Caltrans which requires compliance with certain federal regulations. The United States Federal Government requires purchases of items and services to meet specific standards when using Federal funds, including grants, cooperative agreements, contracts, and Federal funds "passed-through" to the City from a non-Federal entity (i.e., sub-recipient agreements). These requirements are codified under the Code of Federal Regulation's (CFR) Title 2, Subtitle A, Chapter II, Part 200 (also referred to as "2 CFR 200" or "Uniform Guidance") and the Federal Acquisition Regulations (FAR), as applicable.

The following standards apply to all purchases of items and services using Federal funds:

- Transactions shall be conducted lawfully and ethically
- Unnecessary/duplicative purchases are not permitted
- Utilizing a Contractor or supplier on the U.S. Federal Government's Debarred and Suspended List (available at SAM.gov) is prohibited
- All individuals involved in the expenditure of federal monies must avoid any

actual or apparent conflict of interest
- Procurement transactions must be conducted in a manner providing full and open competition
- Opportunities should be provided to minority businesses, women's business enterprises, and labor surplus area firms when possible
- Contracts and purchase orders should include the contract provisions required by 2 CFR 200 Appendix A
- Purchases of goods and services must include documentation detailing the procurement history

In addition to Federal standards, purchases must adhere to applicable local policies and procedures as defined in Montebello Municipal Code Chapters 3.20 and 3.21 and any relevant administrative policies. The most restrictive terms prevail when a conflict is present.

13.0 Non-Commitment of City

While the City intends to select a Contractor through this process, this intention is subject to change at any time during the process. Changes in the agreement's requirements and corresponding changes in compensation may be implemented upon mutual understanding between the City and the Contractor. These changes will be processed by the City Manager.

18.0 Disclosure of Information

A. The Contractor agrees that it will not during or after the term of the agreement, disclose any proprietary information or confidential business information of the City, including but not limited to its costs, charges, operating procedures, or methods of doing business to any person, Contractor, corporation, association, or other entity or the general public for any reason or purpose whatsoever, without the prior written consent of the City. This requirement also includes any evaluation panel member, except for designated RFP facilitators. This requirement remains in effect until after award notifications have been made.

This restriction does not prohibit Contractors and their representatives from making oral statements or presentations to City representatives during a scheduled public meeting.

a. If the CONSULTANT is a California Public Employees' Retirement System ("CalPERS") annuitant, the CONSULTANT must provide the City with written notification of such fact a minimum of 14 calendar days prior to commencement of services under this Agreement. Failure to provide such notification may result in termination of the Agreement, and any penalties or other costs relating thereto shall be borne by the CONSULTANT. If this Agreement remains in place, the CONSULTANT shall execute any amendment(s) to this Agreement requested by the City in order to comply with all laws and regulations applicable to CalPERS annuitants.

b. In the event that the CONSULTANT or any employee, agent, or subconsultant of the CONSULTANT providing services under this Agreement claims or is determined by a court of competent jurisdiction or CalPERS to be eligible for enrollment in CalPERS as an employee of the CITY, the CONSULTANT shall indemnify, defend, and hold harmless the CITY for the payment of any employee and/or employer contributions for CalPERS benefits on behalf of the CONSULTANT or its employees, agents, or subconsultants, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of the CITY.

c. Notwithstanding any other agency, state or federal policy, rule, regulation, law or ordinance to the contrary, the CONSULTANT and any of its employees, agents, and subconsultants providing service under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any claims to, any compensation, benefit, or any incident of employment by the CITY, including but not limited to eligibility to enroll in PERS as an employee of the CITY and entitlement to any contribution to be paid by the CITY for employer contribution and/or employee contributions for PERS benefits.

SECTION 13. LEGAL RESPONSIBILITIES.

The CONSULTANT shall at all times observe and comply with all applicable laws, ordinances, codes, and regulations of the federal, state, and local governments including, but not limited to the Montebello Municipal Code. The CITY, and its appointed or elected officers, employees, or agents, shall not be liable at law or in equity occasioned by failure of the CONSULTANT to comply with this section.

SECTION 14. INDEMNIFICATION.

The CONSULTANT agrees to, and shall defend, indemnify, protect and hold harmless, the CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers from and against any and all claims, demands, lawsuits, defense costs, civil, penalties, expenses, causes of action, and judgments at law or in equity, or liability of any kind or nature which the CITY, its elected and appointed

boards, officers, officials, employees, agents and volunteers may sustain or incur or which may be imposed upon them for injuries or deaths of persons, or damage to property arising out of the CONSULTANT's negligent or wrongful act, or omission under the terms of this Agreement, except only liability arising out of the sole negligence of the CITY.

SECTION 15. INSURANCE COVERAGE.

a. During the term of this Agreement, the CONSULTANT shall carry, maintain, and keep in full force and effect insurance against claims for death or injuries to persons or damages to property that may arise from or in connection with CONSULTANT's performance of this Agreement. Such insurance shall be of the types and in the amounts as set forth below:

- **Commercial General Liability (CGL)**: Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis for bodily injury and property damage, including products-completed operations, personal injury, and advertising injury, with limits no less than $1,000,000 per occurrence. If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

- **Automobile Liability Insurance:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONSULTANT has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

- **Worker's Compensation** insurance as required by the laws of the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.

- **Professional Liability** insurance appropriate to the CONSULTANT'S profession, with limit no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.

b. If the CONSULTANT maintains higher limits than the minimums shown above, the CITY requires and shall be entitled to coverage for the higher limits maintained by the CONSULTANT.

c. The CONTACTOR shall require each of its subconsultants, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONSULTANT agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONSULTANT's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Risk Manager
1600 West Beverly Boulevard
Montebello, CA 90640
Email: [insert designated email]

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONSULTANT shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONSULTANT shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONSULTANT shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONSULTANT agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONSULTANT shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONSULTANT's insurance and shall not contribute with it.

k. All insurance coverage provided pursuant to this Agreement shall not prohibit the CONSULTANT, and CONSULTANT's employees, agents or subconsultants, from waiving the right of subrogation prior to a loss. The CONSULTANT hereby waives all rights of subrogation against the CITY.

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONSULTANT shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONSULTANT shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONSULTANT shall not be construed as a limitation of the CONSULTANT'S liability or as full performance of CONSULTANT's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONSULTANT shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-consultant, delegee, or assignee, and an explanation of why and how the same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONSULTANT and shall not bind or purport to bind the CITY and shall not release the CONSULTANT from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-consultants. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONSULTANT under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

SECTION 19. ATTORNEY'S FEES AND COSTS.

If litigation is reasonably required to enforce or interpret the provisions of this Agreement, the prevailing party in such litigation shall be entitled to an award of reasonable attorney's fees and costs in addition to any other relief to which it may

be entitled.

d. The representations and warranties made by the parties to this Agreement shall survive the consummation of the transaction herein described.

e. This Agreement may be signed in any one or more counterparts all of which taken together shall be but one and the same Agreement. a. The CONTRACTOR is and shall, at all times, remain as to the CITY a wholly independent contractor. Neither the CITY nor any of its elected officials, officers, employees, or agents shall have control over the conduct of the CONTRACTOR except as expressly set forth in this Agreement. The CONTRACTOR shall not at any time or in any manner represent that he or she is in any manner an elected official, officer, employee, or agent of the CITY. No employee benefits shall be available to the CONTRACTOR in connection with the performance of this Agreement. Except as provided in this Agreement, the CITY shall not pay salary, wages, or other compensation to the CONTRACTOR for performance hereunder for the CITY, the CITY shall not be liable for compensation to the CONTRACTOR, the CONTRACTOR's employees or the CONTRACTOR's subcontractors for injury or sickness arising out of performing services hereunder.

b. The parties further acknowledge and agree that nothing in this Agreement shall create or be construed to create a partnership, joint venture, employment relationship or any other relationship except as set forth in this Agreement.

c. The CITY shall not deduct from the Compensation paid to the CONTRACTOR any sums required for Social Security, withholding taxes, FICA, state disability insurance or any other federal, state or local tax or charge which may or may not be in effect or hereinafter enacted or required as a charge or withholding on the compensation paid to the CONTRACTOR. The CITY shall have no responsibility to provide the CONTRACTOR, its employees or subcontractors with workers' compensation insurance or any other insurance.

SECTION 12. CalPERS ANNUITANTS AND ELIGIBILITY INDEMNITY.

a. If the CONTRACTOR is a California Public Employees' Retirement System ("CalPERS") annuitant, the CONTRACTOR must provide the City with written notification of such fact a minimum of 14 calendar days prior to commencement of services under this Agreement. Failure to provide such notification may result in termination of the Agreement, and any penalties or other costs relating thereto shall be borne by the CONTRACTOR. If this Agreement remains in place, the CONTRACTOR shall execute any amendment(s) to this Agreement requested by the City in order to comply with all laws and regulations applicable to CalPERS annuitants.

b. In the event that the CONTRACTOR or any employee, agent, or subcontractor of the CONTRACTOR providing services under this Agreement claims or is determined by a court of competent jurisdiction or CalPERS to be eligible for enrollment in CalPERS as an employee of the CITY, the CONTRACTOR shall indemnify, defend, and hold harmless the CITY for the payment of any employee and/or employer contributions for CalPERS benefits on behalf of the CONTRACTOR or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of the CITY.

c. Notwithstanding any other agency, state or federal policy, rule, regulation, law or ordinance to the contrary, the CONTRACTOR and any of its employees, agents, and subcontractors providing service under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any claims to, any compensation, benefit, or any incident of employment by the CITY, including but not limited to eligibility to enroll in PERS as an employee of the CITY and entitlement to any contribution to be paid by the CITY for employer contribution and/or employee contributions for PERS benefits.

SECTION 13. LEGAL RESPONSIBILITIES.

The CONTRACTOR shall at all times observe and comply with all applicable laws, ordinances, codes, and regulations of the federal, state, and local governments including, but not limited to the Montebello Municipal Code. The CITY, and its appointed or elected officers, employees, or agents, shall not be liable at law or in equity occasioned by failure of the CONTRACTOR to comply with this section.

SECTION 14. INDEMNIFICATION.

The CONTRACTOR agrees to, and shall defend, indemnify, protect and hold harmless, the CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers from and against any and all claims, demands, lawsuits, defense costs, civil, penalties, expenses, causes of action, and judgments at law or in equity, or liability of any kind or nature which the CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers may sustain or incur or which may be imposed upon them for injuries or deaths of persons, or damage to property arising out of the CONTRACTOR's negligent or wrongful act, or omission under the terms of this Agreement, except only liability arising out of the sole negligence of the CITY.

SECTION 15. INSURANCE COVERAGE.

a. During the term of this Agreement, the CONTRACTOR shall carry, maintain, and keep in full force and effect insurance against claims for death or injuries to persons or damages to

property that may arise from or in connection with CONTRACTOR's performance of this Agreement. Such insurance shall be of the types and in the amounts as set forth below:

- **Commercial General Liability (CGL)**: Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis for bodily injury and property damage, including products-completed operations, personal injury, and advertising injury, with limits no less than $1,000,000 per occurrence. If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

- **Automobile Liability Insurance:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONTRACTOR has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

- **Worker's Compensation** insurance as required by the laws of the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.

- **Professional Liability** insurance appropriate to the CONTRACTOR'S profession, with limit no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.

b. If the CONTRACTOR maintains higher limits than the minimums shown above, the CITY requires and shall be entitled to coverage for the higher limits maintained by the CONTRACTOR.

c. The CONTACTOR shall require each of its subcontractors, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONTRACTOR agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONTRACTOR's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Principal Risk Officer
1600 West Beverly Boulevard
Montebello, CA 90640
Email: COI@montebelloca.gov

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-

renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONTRACTOR shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONTRACTOR shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONTRACTOR shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONTRACTOR agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONTRACTOR shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONTRACTOR's insurance and shall not contribute with it.

k. All insurance coverage provided pursuant to this Agreement shall not prohibit the CONTRACTOR, and CONTRACTOR's employees, agents or subcontractors, from waiving the right of subrogation prior to a loss. The CONTRACTOR hereby waives all rights of subrogation against the CITY.

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONTRACTOR shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONTRACTOR shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONTRACTOR shall not be construed as a limitation of the CONTRACTOR'S liability or as full performance of CONTRACTOR's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONTRACTOR shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-contractor, delegee, or assignee, and an explanation of why and how the same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONTRACTOR and shall not bind or purport to bind the CITY and shall not release the CONTRACTOR from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-contractors. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONTRACTOR under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

SECTION 19. ATTORNEY'S FEES AND COSTS.

If litigation is reasonably required to enforce or interpret the provisions of this Agreement, the prevailing party in such litigation shall be entitled to an award of reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

Each of the parties represents and warrants to one another as follows:

In executing this Agreement, it has carefully read this Agreement, knows the contents thereof, and has relied solely on the statements expressly set forth herein and has placed no reliance whatsoever on any statement, representation, or promise of any other party, or any other person or entity, not expressly set forth herein, nor upon the failure of any other party or any other person or entity to make any statement, representation or disclosure of any matter whatsoever; and

c. It is agreed that each party has the full right and authority to enter into this Agreement, and that the person executing this Agreement on behalf of either party has the full right and authority to fully commit and bind such party to the provisions of this Agreement.

c. In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision hereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provisions had never been contained herein.

d. The representations and warranties made by the parties to this Agreement shall survive the consummation of the transaction herein described.

e. This Agreement may be signed in any one or more counterparts all of which taken together shall be but one and the same Agreement. Any signed copy of this Agreement or of any other document or agreement referred to herein, or copy or counterpart thereof, delivered by facsimile transmission, shall for all purposes be treated as if it were delivered containing an original manual signature of the party whose signature appears in the facsimile and shall be binding upon such party in the same manner as though an originally signed copy had been delivered.

f. Each of the parties acknowledges that it has been represented by independent counsel of its own choosing, or if it has not been so represented, it has been admonished to obtain independent counsel and has freely and voluntarily waived and relinquished the right to counsel. Each party who has not obtained independent counsel acknowledges that the failure to have independent legal counsel will not excuse such party's failure to perform under this Agreement or any agreement referred to in this Agreement.

9.0 Protest Procedures

Proposal Protest Procedures (Before Proposal Opening)

A protest filed before the proposal opening must be filed in writing or by email no later than ten (10) working days before opening. The most common types of protest that might be filed before a proposal opening include those based upon restrictive specifications or alleged improprieties in any solicitation that is apparent before the scheduled proposal opening.

When a protest is filed before a scheduled proposal opening, certain steps must be followed:

A. The protest must be submitted in writing within the specified time frame (no later than ten (10) working days prior to a proposal opening). All protests must be filed with the Director of Finance for determination. Protest must be submitted to the Director of Finance by mail or e-mail within the specified time frame. Protests can be sent to:

   Mail:
   Michael Solorza, Director of Finance
   City of Montebello
   Attn: Department of Finance
   1600 W. Beverly Blvd
   Montebello, CA 90640

   or

   E-mail:
   msolorza@montebelloca.gov

B. The protest must contain factual and legal reason(s) and should recommend a proposed remedy. Nevertheless, it should be noted that the City reserves the right not to implement the proposed remedy but to offer alternative solutions where applicable.

C. Where appropriate, the City will hold an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties may include all proposers, subcontractors, or suppliers, provided they have a substantial economic interest in a portion of the RFP.

D. All potential proposers will be advised of a pending protest.

E. The City shall not open proposals prior to the resolution of the protest unless it is determined that:

   - The items to be procured are urgently required;

- Delivery or performance will be unduly delayed by failure to make the award promptly; or
- Failure to make a prompt award will otherwise cause undue harm to the City.

The City will respond in writing within ten (10) working days after receipt of a properly filed protest. The Director of Finance will respond and include a response to each substantive issue raised in the protest.

After the exhaustion of administrative remedies, the protesting party will be given the City's final decision. The Director of Finance has the authority to decide on all protests.

Proposal Protest Procedures (After Proposal Opening/Post Award)
A protest filed after a proposal deadline must be filed within three (3) working days after the proposal deadline/due date. The City will grant the protesting Contractor a fair review and shall have up to ten (10) working days to review the protest and render its decision.

10.0 Execution of Agreement
The resulting agreement (see attached sample) shall be signed by the successful Contractor and returned within the required insurance within ten (10) business days after the City has provided written notice that the Contractor has been awarded. Failure to execute the agreement and file acceptable insurance documents as provided herein shall cause, at the City's option, for annulment of the award. Please review the insurance requirements and indemnification clause in the attached sample agreement.

Should the successful Contractgor decline to execute the agreement, the City can either reject all proposals, accept one of the other proposals, or issue a new solicitation.

11.0 Insurance

B. **Business Automobile Liability**
For owned vehicles, hired, and non-owned vehicles, Insurance Services Office Form CA 00 01 covering, Code 1 (any auto), or if the Contractor has not owned autos, Code 8 (hired) and 9 (non-owned) with a limit no less than $1,000,000 per accident for bodily injury and property damage.

If an automobile is not necessary to perform services, the Firm must submit a written request for a waiver of this requirement.

C. **Professional Liability or Errors and Omissions**

Waiver and Modifications of Insurance Requirements
To the extent permitted by law, the City may modify these insurance requirements at any time and at its sole discretion.

In general, any contract deemed sole source, professional/professional services, involves the disclosure of proprietary information, and/or a public works project may require revisions to the City's standard insurance requirements. Any revisions to the insurance requirements will be identified within the associated service contract terms and conditions.

Contractors may request a waiver or modification of these insurance requirements. Waiver or modification requests must be submitted in writing. The request should state the specific insurance requirement that is being considered for waiver or modification and provide a brief explanation for the request. Requests will be reviewed on a case-by-case basis, and the decision will ultimately depend on the scope of services. The final decision to approve or deny a request will be at the City's legal authority and/or an authorized designee's discretion.

12.0 Use of Federal Funds
The project is funded through a Sustainable Communities Grants from Caltrans which requires compliance with certain federal regulations. The United States Federal Government requires purchases of items and services to meet specific standards when using Federal funds, including grants, cooperative agreements, contracts, and Federal funds "passed-through" to the City from a non-Federal entity (i.e., sub-recipient agreements). These requirements are codified under the Code of Federal Regulation's (CFR) Title 2, Subtitle A, Chapter II, Part 200 (also referred to as "2 CFR 200" or "Uniform Guidance") and the Federal Acquisition Regulations (FAR), as applicable.

The following standards apply to all purchases of items and services using Federal funds:

- Transactions shall be conducted lawfully and ethically
- Unnecessary/duplicative purchases are not permitted
- Utilizing a Contractor or supplier on the U.S. Federal Government's Debarred and Suspended List (available at SAM.gov) is prohibited
- All individuals involved in the expenditure of federal monies must avoid any

actual or apparent conflict of interest
- Procurement transactions must be conducted in a manner providing full and open competition
- Opportunities should be provided to minority businesses, women's business enterprises, and labor surplus area firms when possible
- Contracts and purchase orders should include the contract provisions required by 2 CFR 200 Appendix A
- Purchases of goods and services must include documentation detailing the procurement history

In addition to Federal standards, purchases must adhere to applicable local policies and procedures as defined in Montebello Municipal Code Chapters 3.20 and 3.21 and any relevant administrative policies. The most restrictive terms prevail when a conflict is present.

The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Risk Manager
1600 West Beverly Boulevard
Montebello, CA 90640
Email: [insert designated email]

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

At the option of the CITY, the CONSULTANT shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONSULTANT shall procure a bond guaranteeing payment of losses and expenses.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

SECTION 19. ATTORNEY'S FEES AND COSTS.

If litigation is reasonably required to enforce or interpret the provisions of this Agreement, the prevailing party in such litigation shall be entitled to an award of reasonable attorney's fees and costs in addition to any other relief to which it may

be entitled.

c. It is agreed that each party has the full right and authority to enter into this Agreement, and that the person executing this Agreement on behalf of either party has the full right and authority to fully commit and bind such party to the provisions of this Agreement.

d. The representations and warranties made by the parties to this Agreement shall survive the consummation of the transaction herein described.

e. This Agreement may be signed in any one or more counterparts all of which taken together shall be but one and the same Agreement. Any signed copy of this Agreement or of any other document or agreement referred to herein, or copy or counterpart thereof, delivered by facsimile transmission, shall for all purposes be treated as if it were delivered containing an original manual signature of the party whose signature appears in the facsimile and shall be binding upon such party in the same manner as though an originally signed copy had been delivered.

CITY OF MONTEBELLO
CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: Raul Alvarez, City Manager

BY: Joseph Palombi, Director of Planning & Community Development

SUBJECT: **ADOPT RESOLUTION APPROVING A LEASE AGREEMENT WITH MAOF PROPERTIES, INC. FOR THE USE OF A DIGITAL MESSAGE BOARD FOR THE PROPERTY LOCATED AT 401 N. GARFIELD AVENUE**

DATE: June 24, 2026

RECOMMENDATIONS:

It is recommended that the City Council:

1. Adopt Resolution No. 26-45, approving Sign Lease Agreement No. 4524 between the City of Montebello and MAOF Properties Inc.; and
2. Authorize the City Manager, or designee, to execute the Agreement and any non-substantive administrative documents necessary to implement the Agreement; and
3. Take such additional, related, action that may be desirable.

FISCAL IMPACT:

Sign Lease Agreement No. 4524 (the "Agreement") requires the City to pay annual rent of one dollar ($1.00) per year. No additional operational, maintenance, utility, or capital expenditures are anticipated. Any costs associated with preparing and submitting City advertisements would be absorbed within existing departmental budgets.

BACKGROUND/DISCUSSION:

The Mexican American Opportunity Foundation (MAOF) owns property located at 401 North Garfield Avenue in the City of Montebello. MAOF is proposing the installation and operation of a digital message board on its property, subject to applicable City of Montebello approvals and permitting requirements.

Pursuant to the Agreement, the City would periodically utilize the sign's display time for municipal communications, public service announcements, community events, emergency notifications, and other informational messaging that serves Montebello residents and businesses. The proposed Sign Lease Agreement establishes the terms under which the City may utilize the digital message board while preserving MAOF's ownership and operational control of the sign.

ENVIRONMENTAL:

The proposed action consists of approval of a lease agreement governing the City's use of advertising space on a digital message board and does not, by itself, authorize construction or physical changes to the environment. The action is not a project pursuant to Section 15378 of the California Environmental Quality Act (CEQA) Guidelines. Alternatively, the action may be considered exempt under CEQA Guidelines Section 15061(b)(3), the common-sense exemption, because it can be seen with certainty that approval of the Agreement will not have a significant effect on the environment.

ANALYSIS:

The proposed Agreement provides the City with a non-exclusive right to display City announcements, sponsored events, programs, and other public information on the digital message board located at 401 North Garfield Avenue. Under the Agreement, the City may advertise up to twelve (12) City-sponsored events per calendar year and may utilize up to five percent (5%) of the sign's total advertising time. City advertisements would generally be displayed during the two-week period preceding an advertised event and would be incorporated into the sign's normal operating schedule.

The Agreement would become effective upon execution and would commence when the sign becomes operational. The initial lease term is ten (10) years, with automatic annual renewals thereafter unless terminated in accordance with the Agreement.

The City will pay MAOF an annual lease payment of one dollar ($1.00) per year. MAOF would be responsible for all costs associated with operation, maintenance, repairs, electricity, and other utilities necessary for operation of the sign. The City would incur no maintenance or utility obligations under the Agreement.

The Agreement contains customary provisions regarding termination, assignment, notices, attorney fees, governing law, and mutual indemnification. The indemnification language requires each party to defend and indemnify the other against claims arising from its own acts or omissions.

Approval of the Agreement would provide the City with a valuable public communication tool at minimal cost while expanding opportunities to promote community events, public programs, emergency notifications, and other information of public interest.

SUMMARY:

The proposed Sign Lease Agreement advances the City's strategic goals of enhancing community engagement, improving public communication, and strengthening partnerships with community-based organizations. The Agreement provides the City with a cost-effective platform to disseminate information regarding City programs, events, public safety messaging, and community initiatives to residents and visitors along a major commercial corridor.

Staff recommends approval of the proposed Sign Lease Agreement because it provides a valuable public communication resource at a nominal cost to the City while leveraging a partnership with MAOF to expand outreach opportunities for City services, programs, and events.

RESOLUTION NO. 26-45

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO APPROVING A SIGN LEASE AGREEMENT WITH MAOF PROPERTIES INC. FOR THE PROPERTY LOCATED AT 401 NORTH GARFIELD AVENUE

RECITALS

WHEREAS, the City of Montebello (the "City" or "Lessee") intends to utilize a digital sign owned by MAOF Properties Inc. ("Lessor") for the periodic display of public messaging at 401 North Garfield Avenue, Montebello, California (Los Angeles County Assessor's Parcel Number 6343-027-014) (the "Property"); and

WHEREAS, Lessor is the owner of the proposed digital sign to be located on the Property; and

WHEREAS, the City desires to enter into a Sign Lease Agreement (the "Lease") with Lessor for a ten (10) year term to allow the City to display City announcements, sponsored events, public service information, and other City-related messaging on the digital sign; and

WHEREAS, pursuant to the Lease, the City shall have the right to advertise up to twelve (12) City events per calendar year and utilize up to five percent (5%) of the sign's total advertising time; and

WHEREAS, the City shall pay to Lessor annual rent in the amount of one dollar ($1.00) per year commencing on the date the digital sign becomes operational; and

WHEREAS, the City Council finds that the Lease will provide a valuable public communication resource to disseminate information regarding City programs, services, events, emergency notifications, and other matters of public interest; and

WHEREAS, the City desires to enter into the Lease to further its public outreach and community engagement efforts.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY RESOLVES, FINDS, AND DECLARES AS FOLLOWS:

SECTION 1. The City Council hereby finds that the foregoing recitals are true and correct and are incorporated herein by this reference.

SECTION 2. Based upon all information presented to the City Council during its consideration of this matter, the City Council hereby approves Sign Lease Agreement No. 4524 between the City of Montebello and MAOF Properties Inc., substantially in the form presented to the City Council and approved as to form by the City Attorney.

SECTION 3. The City Council hereby authorizes the City Manager, or designee, to execute the Sign Lease Agreement and any ancillary documents reasonably necessary to implement, administer, and effectuate the intent of this Resolution.

SECTION 4. The adoption of this Resolution is not subject to the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines Section 15060(c)(2) because the activity will not result in a direct or reasonably foreseeable indirect physical change to the environment. In addition, the action is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3), the common-sense exemption, because it can be seen with certainty that there is no possibility that approval of the Lease will have a significant effect on the environment. The Lease merely authorizes the City's use of advertising space on a privately owned digital sign and does not authorize construction or any physical modification to the Property.

SECTION 5. The City Council finds that approval of the Lease advances the City's Strategic Plan goals of enhancing community engagement, improving public communication, and strengthening partnerships with community-based organizations by providing a cost-effective platform for dissemination of City information and public service announcements.

SECTION 6. The City Clerk shall certify to the passage and adoption of this Resolution, and the same shall thereupon take effect and be in full force and effect.

APPROVED AND ADOPTED this 24th day of June, 2026.

("Lessor") and the City of Montebello, a municipal corporation (referred to as either "Lessee" or "City"). The Lessor and Lessee are at times collectively referred to hereinafter as the "Parties" or individually as the "Party."

THEREFORE, in consideration of the mutual promises herein, contained and other good and valuable consideration, it is agreed by the Parties as follows:

1. **SIGN**. Lessor does hereby lease and demise to Lessee, for outdoor advertising purposes, a digital sign fronting the Lessor's property located at 401 N. The Sign shall remain the exclusive property of Lessor and Lessor shall have the right to remove the Sign at the expiration or earlier termination of this Lease. Lessor desires to lease the Sign to Lessee, and Lessee desires to lease the Sign from Lessor subject to the terms and upon the covenants, conditions, and provisions herein set forth.

2. **TERM OF LEASE**. The term of this Lease shall be ten (10) years commencing on the date the Sign becomes operational (the "Initial Term"). This Lease will renew automatically at the end of the Initial Term on a year-to-year basis ("Extended Term"), on the same terms as set forth herein, unless this lease is terminated pursuant to Paragraph 3.

3. **TERMINATION OF LEASE**. During the Initial Term or any Extended Term, either Party may terminate this Lease if the other Party breaches the terms set forth herein. The non-breaching Party shall send written notice to the breaching Party specifying the breach. The breaching Party shall then have thirty (30) days to cure the specified breach. If the breaching Party fails to cure the specified breach within such period of time, the non-breaching Party may terminate this Lease. After the Initial Term, either Party terminate this Lease at any time upon giving thirty (30) days written notice of termination.

4. **RENTAL**. Lessee shall pay to Lessor annual rent in the amount of one dollar ($1.00) per year commencing on the Sign's Operational Date. For purposes of this Section, the Operational Date shall mean the date that the Sign is legal and functionally capable of displaying advertising or messages.

5. **LESSEE'S RIGHT TO USE SIGN**. Lessor hereby grants Lessee a non-exclusive right to use the Sign for the advertisement of City announcements, sponsored events, and programs that serve the needs of the City and its residents and businesses ("City Ad"). Lessee is permitted to advertise up to (12) City events per calendar year and the right to use up to five percent (5%) of the total advertising time for City Ads. The City Ad shall be displayed during the Sign's operating hours spread out equally through the Sign's operating hours for a period of two (2) weeks prior to the advertised City event in the same manner as other advertisements displayed on the Sign, but in no case shall the City Ad be displayed for less than eight (8) seconds at a time. The City shall submit a proposed copy to Lessor not less than ten (10) business days prior to the date the copy is proposed to be displayed. All proposed City Ads shall be prepared by and submitted at the City's sole cost and, shall be in a format ready for posting on the Sign. Lessor, in its sole discretion, shall have the right to reject, in writing to the Lessee no less than five (5) business days prior to the date the copy is proposed to be displayed. Lessee represents and warrants that all copy, content, and materials

supplied by City for display under this Lease: (i) are owned or duly licensed by Lessee and do not infringe or misappropriate the rights of any other person or entity; (ii) comply with all applicable federal, state, and local laws, rules and regulations and any industry codes or rules by which Lessee and/or Lessor may be bound and do not contain any obscene, libelous, slanderous or otherwise defamatory materials or refer in an offensive manner to the gender, race or ethnicity of any individual or group; (iii) are accurate and that all claims contained therein have been substantiated; and (iv) do not infringe upon any copyright, trademark or other intellectual property or privacy right of any third party. The Sign shall operate seven (7) days per week, 365 days per year.

6. **ASSIGNMENTS AND SUBLEASES**. Lessee may not assign or otherwise transfer this Lease or any interest herein, and this Lease is not assignable by operation of law without Lessor's prior written consent. BACKGROUND/DISCUSSION:

The City of Montebello operates Montebello Bus Lines (MBL), which includes a fleet of sixty-six (66) buses, nine (9) relief vehicles, and thirteen (13) support vehicles, which all require ongoing maintenance. The most efficient and cost-effective way to purchase replacement bus, fire apparatus, and vehicle fleet parts is to establish blanket purchase orders (POs) with the primary companies that supply these maintenance-related parts.

Staff will utilize the City's procurement processes in accordance with the Montebello Municipal Code (MMC), Section 3.20.050(B) – Conformance with Bidding Procedures and Section 3.20.125(A-B) – Piggybacking Purchasing Agreements, as applicable. The sole-source and piggyback procurement methods will be used for the acquisition of various goods and services, including, but not limited to:

- ***Aftermarket Parts***: headlights, fan control modules, clamps, windshield wipers, coolants, airbags, clutches, stabilizers, and thrust washers.
- ***American Moving Parts:*** engines, brake kits, air dryer cartridge kits, cables, filters, transmission drums, wheel linings, and sensor replacement.
- ***Cummins Pacific:*** spark plug kits, fan supports, ignition coils, engine rods, electronic control modules, engine wiring harness, and water pumps.
- ***Inland Kenworth:*** valves, relays, hoses, seals, cylinder heads, tubes, engine control modules, engine in-frame kits, coil extensions, and sensors.
- ***Wayne Electric Company:*** EMP alternators, air conditioning compressors, toggle switches, fan drivers, farebox motors, pumps, and filters.
- ***Western States:*** Transmission units and related parts.
- ***Rush Truck***: engine and emission parts, engine cooling components, and transmissions.

Montebello Municipal Code (MMC) Sections 3.20.050(B) and 3.20.125(A-B) authorize alternative procurement methods when formal bidding is not required or practical. Staff recommend establishing blanket POs through both the piggyback and sole-source procurement processes to ensure the timely acquisition of maintenance-related and OEM parts necessary for the continued operation of the Monteello Bus Lines (MBL) and Montebello Fire Department (MFD) fleets. This includes utilizing competitively awarded cooperative purchasing agreements through Sourcewell (Attachment B), as well as approved sole-source vendors that provide specialized parts and equipment. These procurement methods promote operational efficiency, cost savings, and compliance with the City's purchasing requirements.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
26	Sales force.	Rush Truck Centers has a nationwide truck sales staff of approximately 275 people who maintain direct contact with our customers. The sales team is supported by a team within each dealership that handles finance, title work, as well as other administrative duties so that the sales team can stay customer focused. Rush Truck Centers also maintains very close relationships with our vendors to provide new and used vehicles, as well as parts & service solutions to our customer base. This includes organizations like Knapheide Manufacturing, Federal Signal, Wabash, Morgan Corporation, and Reading Truck Body to name a few.	*
27	Dealer network or other distribution methods.	With over 140 locations across the nation, Rush's capability to service customers in the U.S. is unparalleled in the industry. Rush Truck Centers maintains $350MM in on hand parts inventory nationwide. This provides the ability the move parts across the nation between our locations as needed. Beyond that, being a Hino, Dennis Eagle, Ford & Isuzu franchised dealer we also have the ability to utilize the overall OEM dealer network for warranty repairs & service should occasion call for it.	*
28	Service force.	Rush Truck Centers alone currently has over 1,400 technicians nationwide and over 350 outside parts and service personnel that actively work to keep our customer's equipment on the road. At Rush we work tirelessly to make sure that our technicians/service teams have the most up to date training, equipment, and tooling in an effort to minimize customer down time. Outside of the Rush dealer network, we also maintain very close relationships with our OEMs to make sure that our customers can be serviced anywhere in the nation.	*
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Rush Truck Centers believes in a boots on the ground approach. We task our sales, parts & service teams to actively call on customers to understand their business and to provide solutions for the issues that they have. When a member of the sales team gains an opportunity to quote a Sourcewell member, the local salesperson will gather all of the details, and build a spec that will best work for the customer based on the customer's needs. If there is a need for a body or upfit, Rush will engage our partners to facilitate the request or work with the customer's requested upfitter. From there the local representative will work with our corporate team to build a Sourcewell compliant quote for the customer. Once approved for purchase and a P.O. is received, Rush will process the P.O. immediately and will work to get the unit/part or service requested delivered as quickly as possible.	*
30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Rush Truck Centers prides itself in being timely. Our sales, parts and service teams will work to get quotes back from vendors and make sure that the customer has the final numbers as quickly as possible. We utilize our preferred vendor partnerships to maintain the shortest lead times possible for both quotes and deliveries. During the purchasing process our sales, parts and service teams will work to keep the customer informed of unit's status as it moves through the various stages of completion prior to delivery. Using our customer first philosophy we strive to provide the best customer service in the industry.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	Rush Truck Centers is prepared to offer products and services nationwide. We have a national account presence with several large fleets that operate equipment across the United States. Rush Truck Centers intends to use that same business model to service Sourcewell clients regardless of their geographical location in the United States. Primarily utilizing the more than 2,000 sales, parts and service personnel that are employed by Rush Truck Centers nationwide.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	At this time, we are not prepared to expand these proposed solutions into Canada.	*
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	Rush is uniquely positioned to service all government, education, and not for profit customers in the United States. Each customer will be taken care of by one of our industry experts depending on their geographic location and need.	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	Except for the Federal government, as discussed below, Rush Truck Centers is willing to serve all participating entity sectors. As we currently hold Buyboard & H-GAC contracts, we do not have any type of exclusivity agreement in place. Rush's presence is national, and our goal is to serve every customer possible in the United States. Being awarded the Sourcewell contract would open another avenue for Rush Truck Centers to do just that. Regarding the Federal government, our ability to serve Federal agencies will be determined by Rush on a case-by-case as there may be certain Federal requirements that Rush or its suppliers cannot meet.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	Logistical/Transportation cost will be a limiting factor. As equipment is moved to ports, there are loading fees, freight costs, and other logistical expenses that would be incurred to deliver units to Alaska, Hawaii and other U.S. Territories. These costs would of course need to be factored into sales price of the vehicle during the quote process.	*

While also using more traditional forms of marketing such as mailers, print adds in magazines, NASCAR sponsorships, even wrapping our mobile trucks as well as many other media to ensure we are reaching as many prospects as possible. This broad-spectrum approach is ultimately anchored by our most important asset, our people, that ensure that the personal touch and support remain in the sales process with our customers while delivering the message of the capabilities that Rush Truck Centers has to offer. We have found that through this process we reach a relatively broad demographic of clientele creating a well-diversified portfolio of customers.
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Rush Truck Centers uses a host of social media platforms to reach new/prospective clients. Platforms such as LinkedIn, Facebook, and others allow us to both reach out to customers directly via direct message as well as through broader marketing strategies such as government/educational/not for profit specific posts. We also monitor comments and messages on these platforms to either facilitate requests or respond to questions that clients may have. The goal of our marketing campaigns is to maximize click through. Rush has found that offering a more targeted marketing approach offers the best results where even our e-blasts are tailored to the business segment we serve. This approach ensures that our message is relevant to the specific clients that we are targeting.
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Sourcewell is a very well known purchasing cooperative entity and is trusted by many of the municipal and not for profit organizations in the U.S.. If awarded, Rush intends to showcase the award to all of our clients through email campaigns, trade shows, in person meetings, as well as through our vendor relationships. In short, Sourcewell's members trust the cooperative and are loyal. Rush aims to build upon the brand recognition Sourcewell brings through communication with our industry experts, highlighting our complete offering of service capabilities. Allowing Sourcewell members to work with our industry experts for their fleet needs, while offering customers the flexibility of purchasing through a cooperative contract. Rush Enterprises goal if awarded is to combined Sourcewell (one of the largest purchasing cooperative in the nation) with the largest commercial truck dealer group in the nation to provide single source solutions to as many government, education and not for profit entities as possible.
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	Due to the variance in specifications in the vehicles that we provide, Rush prefers each client request be handled by one of our industry experts to ensure the right product is provided for the application. This approach allows Rush to have more interaction with the customer to offer solutions that they may not know is available to them. Our sales teams are trained to be solution minded and to make sure we offer customers all potential solutions that we feel may help their business, this is best accomplished with personal interaction. In support of this customer base, we do offer an ecommerce solution to sourcing parts and receiving service from our locations aross the United States. This customer-based solutions allows for comprehensive parts pricing, sourcing, and research. In addition we offer an extensive service incident management platform for managing vehicles that are being serviced and repaired in our dealerships. Real-time status updates, estimate review and approval, and historical repair reference are just some of the features of this platform that are available to Sourcewell members to assist with their fleet management.

It continues with the dedication to the electric initiatives in support of the adoption of these vehicles in the market by providing battery charging stations at our facilities, supported by solar panel based energy storage and delivery systems. In fact, the dedication to this initiative is evident by operating electric vehicles in our own delivery fleet. Our commitment to these environmental-based technologies will remain a focus and will continue to expand as more opportunities arise.
43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Ratings and certifications for the products included in the proposal are typically attained and managed at the original equipment manufacturer level. As a distributor that represents these manufacturers, we fully support the initiatives set forth to accomplish and maintain these sustainability recognitions.

You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
46	Do your warranties cover all products, parts, and labor?	All product warranty coverages in reference to this proposal are provided to the end user by the original equipment manufacturer or upfitter. We have attached copies of the standard warranty coverage for each OEM that we are offering on this proposal.	*
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Each OEM warranty has different usage restrictions and limitations. We have attached the standard warranty coverage for each of the manufacturers we are offering on this proposal.	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Case dependent; typically the warranty coverage offered by the OEM does not include travel or mileage if mobile service is requested. Any associated costs with these services will be presented prior to any services being performed. In terms of towing, some OEMs will cover the expense of a tow into the closest factory certified warranty facility if the unit is undrivable.	*
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	Any potential geographic restrictions will be discussed with the client at the time of quote to ensure that the vehicle can be properly serviced and maintained for the Sourcewell member. We will work to spec equipment that maximizes operating capability, but also maximizes access to service support for the client whether through the OEM network or our network of Rush Enterprises locations.	*

51	What are your proposed exchange and return programs and policies?	Rush Truck Centers does not offer an exchange or return policy.	*
52	Describe any service contract options for the items included in your proposal.	Extended service contracts are offered through OE programs as well as from Rush through our third-party partners. However, these extended service contracts are somewhat customizable and need to be discussed, quoted and evaluated with each client on a case-by-case basis.	*

Table 10: Payment Terms and Financing Options

54	Describe any leasing or financing options available for use by educational or governmental entities.	Rush Enterprises does offer municipal leasing and financing options through our third-party lending partners. At the time the vehicle is quoted we will gladly review these options with Sourcewell members to find the best option for them. Any leasing or financing terms would be agreed to separately by the customer and the leasing/financing company.	*
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Rush Truck Centers requires a Retail Sales Order, Delivery Receipt, and a CARB Attestation form. The State of Attestation/Domicile form is required by Rush to be signed by the customer to make sure that non-California compliant trucks ultimately won't registered or primarily operated in the State of California due to new CARB, ACT, ACF, and Low Nox Omnibus regulations. Other forms may include warranty start forms depending on the OEM.	*
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Rush Truck Centers does except P-cards for payment on parts and service without a credit card processing fee.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Rush Truck Centers will offer a discount off of List/MSRP for 3 of the 4 OEMs included in this proposal, the OEM that will not show a discount off of pricing is Dennis Eagle which does not have a List Price or MSRP. In the case of Dennis Eagle, the pricing shown is the Sourcwell member's price before any volume discounts are applied. Please note this is for the chassis only as any upfit that is requested or needed will need to be added to the quote to provide a complete price for the customer.	*
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Rush Truck Centers is prepared to offer the following minimum discount range off of List/MSRP per OEM: Ford Motor Company: 1.50% to 7.00% Hino: 10% to 15% Isuzu: 10% to 15%" Dennis Eagle: 0% as Dennis Eagle does not have a List/MSRP	*
59	Describe any quantity or volume discounts or rebate programs that you offer.	Any Sourcewell member looking to purchase 10 or more units, please contact us for additional price concession.	*
60	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	Products or Goods sourced through open market channels will be quoted with additional markup not to exceed 15% of the MSRP of the goods Products or Goods quoted to Rush Truck Centers.	*
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	From a chassis perspective we have included all applicable charges in our attached pricing list. If there is a specific need, training or special installation we will include that with the upfit portion of the quote to the Sourcwell members.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Some of the OEMs allow for courtesy delivery by other dealers in the OEM dealer network to minimize any additional freight cost. If this resource is available through the specific OEM quoted, or if the equipment quoted doesn't require any upfit and we're able to ship directly to the end user from the factory we will certainly do so. However, if the unit requires additional equipment to be added or an upfit prior to delivery then there will be freight cost incurred to move the unit from the body company to the dealership or its final destination.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Shipping to Alaska, Hawaii, Canada and other off shore entities present several logistical hurdles that will require additional expense such as port fees, loading fees, etc.. These additional expenses will be listed out on the customer's quote for their review.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	In addition to working with the franchised dealer network of the represented OEMs, Rush will utilize its extensive network of dealerships to optimize delivery to the Sourcewell member while minimizing associated costs.	*

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Rush Truck Centers has a strict self-audit process in place to help ensure compliance to not only company policy and procedures, but also to requirements of contracts with our customer base. This oversight is provided by our internal audit staff in our accounting department as well as auditors from our Ethics and Compliance division based at corporate headquarters. The Rush Sales Operations group will also help ensure compliance with the business requirements of the contract in place as well as providing reporting based on the terms requested in the contract.	*
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	This Sales Operation Team will track the performance of the contract in place. While using a broad distribution model to approach this opportunity, the management of the contract will be handled centrally by the responsible representative assigned to the contract with senior leadership oversight. Extensive reporting tools are in place to assist with this management.	*
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor’s sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member’s cost of goods. (See the RFP and template Contract for additional details.)	Rush is prepared to offer a per unit fee of: $400.00 for all units class 3-5 $750.00 for all units class 6-8	*

FISCAL IMPACT:

In June 2026, the FTA approved the use of grant funding ($9,434,183) awarded to the City (Grant No. CA-2026-070-00), for the purchase of Fuel Cell Electric Buses (FCEBs) and Compressed Natural Gas (CNG) buses (Attachment A). This grant is categorized under the FTA Section 5307 (Section 5307) Funding Program and distributed through the Los Angele County Metropolitan Transportation Authority (Metro) – Bus Operators Subcommittee (BOS). The Transportation Department's Fiscal Year 2026-27 adopted operating budget must be amended to utilize these funds by increasing appropriations by $9,434,183 in Account No. 270-9068-2026-070 (Transit Grants, FTA CA-2026-070, FY 2025-26, CAL OES (Emergency Safety)).

In addition, the FTA grant requires a 20% non-Federal local match. The non-Federal local

match ($2,358,546), which will utilize Senate Bill 1/State Transit Assistance (SB1/STA) funds, was approved by the City Council on May 27, 2026, through Agreement Nos. 4415 and 4419 with New Flyer of America. The total cost for these bus purchases is $11,792,729. The federal grant funding by project is as follows:

BACKGROUND/DISCUSSION:

The FTA's Urbanized Area Formula Grant Program, authorized under Section 5307 of Title 49 of the United States Code, provides federal funding to eligible public transit operators for capital projects, planning activities, and certain operating expenses. Section 5307 funds are apportioned annually based on a statutory formula that considers population, transit service levels, and other factors reported through the National Transit Database (NTD). Eligible activities include bus replacement and rehabilitation, preventive maintenance, transit facility improvements, security enhancements, passenger amenities, and other transit capital investments.

As an eligible recipient of Section 5307 funding, the City must comply with all applicable federal requirements, including annual Certifications and Assurances, grant management regulations, civil rights requirements, procurement standards, and reporting obligations established by the FTA. To receive and utilize these funds, projects must be included in applicable transportation planning documents and programmed through grant applications submitted in the FTA's Transit Award Management System (TrAMS).

Metro serves as the designated recipient for Section 5307 funds within the Los Angeles Urbanized Area and is responsible for administering and allocating these funds to eligible transit operators. Through Metro's annual apportionment process, Montebello Bus Lines (MBL) receives a share of Section 5307 funding to support transit capital and operating needs. As a result, the City was awarded Grant No. CA-2026-070-00 under the FTA Urbanized Area Formula Grant Program under Section 5307 of Title 49 U.S.C. Chapter 53 (49 U.S.C. § 5307).

Section 5307 funds are allocated annually and must generally be obligated within five years of apportionment to avoid lapsing. Over the past five fiscal years, MBL has received Section 5307 allocations as follows:

- FY 2021: $4,510,751

- FY 2022: $5,423,813
- FY 2023: $5,745,219
- FY 2024: $5,601,540
- FY 2025: $4,749,827

Funds from Fiscal Years 2021, 2022, and 2023 were programmed toward Grant No. CA-2026-070-00 (see Table 1). The project will replace twelve (12) aging hybrid-electric and CNG buses with new 40-foot FCEBs and CNG buses. These buses have reached or exceeded their federally defined useful life benchmark (ULB) of 12 years and/or 500,000 miles and will be retired in accordance with FTA requirements. The replacement buses will comply with all applicable federal safety, accessibility, and environmental regulations, including the Americans with Disabilities Act (ADA) and Clean Air Act (CAA) standards.

Replacing these buses is critical to MBL's mission of providing safe, reliable, and accessible public transportation throughout its service area. The project will improve fleet reliability, reduce maintenance costs, enhance service quality, and support the City's transition toward a more reliable and modernized transit fleet. Additionally, the project will help ensure continued access to employment, education, healthcare, and other essential services for residents, including those living in disadvantaged communities served by MBL.

SUMMARY:

Staff recommend that the City Council adopt Resolution No. 26-47 (Attachment B) authorizing the receipt of FTA awarded grant funds, in the amount of $9,434,183, for the purchase of three (3) hydrogen FCEBs and nine (9) CNG buses; amend the Transportation Department’s FY 2026-27 adopted operating budget to appropriate the FTA grant funds ($9,434,183) in Account No. 270-9068-2026-070 (Transit Grants, FTA CA-2026-070, FY 2025-26, CAL OES (Emergency Safety)); and take such additional, related action as may be desirable.

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description
Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 07: Acquisition, installation, rehabilitation, replacement, and maintenance of vehicles or equipment, within or accommodated by existing facilities, that does not result in a change in functional use of the facilities, such as: equipment to be located within existing facilities and with no substantial off-site impacts; and vehicles, including buses, rail cars, trolley cars, ferry boats and people movers that can be accommodated by existing facilities or by new facilities that qualify for a categorical exclusion.

Fleet Type: Fixed Route

Fleet Comments
May 21, 2026
Montebello Bus Lines is currently exceeding the spare ratio in anticipation of major upcoming events in Los Angeles, including the FIFA World Cup and the Olympic Games. These buses will be used to provide additional transportation services and support increased passenger demand during these large-scale events.

June 30, 2025

The City’s service levels have not yet returned to pre-pandemic standards; in addition, the driver shortage is impacting transit service recovery. In response, the Fleet Inventory is under major revision to address the resulting spare ratio overage. As part of a comprehensive fleet assessment, the City identified 17 vehicles that either met or exceeded their useful life benchmark (ULB). These 17 vehicles are designated for the Contingency Fleet and will be reserved or retained for emergencies or other unforeseen and FTA-justified activities. In addition, the City is following the FTA disposition requirements for three vehicles that have greatly exceeded their ULB. The City’s revised Fleet Inventory for active revenue service totals 49 vehicles. Both the revised Fleet Inventory Plan and the updated Contingency Fleet Plan documenting these changes will be uploaded to TrAMS accordingly.

ITEM # 26

CITY OF MONTEBELLO
CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: Raul Alvarez, City Manager

BY: John Soria, Director of Transportation

SUBJECT: **APPROVE AGREEMENT NO. 4545 WITH TRANSTRACK SYSTEMS INC TO PROVIDE SUPPORT SERVICES FOR FEDERAL TRANSIT ADMINISTRATION REPORTING**

DATE: June 24, 2026

RECOMMENDATIONS:

It is recommended that the City Council:

1. Approve Agreement No. 4545 with Transtrack Systems, Inc. (Transtrack Systems) for a three-year (3 year) term for a total not-to-exceed amount of $128,205, to provide software licensing and support services in accordance with the Federal Transit Administration's (FTA) reporting requirements for Montebello Bus Lines' (MBL); and
2. Authorize the City Manager and/or his designee to execute the agreement on behalf of the City of Montebello; and
3. Take such additional, related, action as may be desirable.

FISCAL IMPACT:

The total three-year cost for Agreement No. 4545 is $128,205 (Attachment A). The funding will be provided through the Transportation Department's Fiscal Year 2026-27 adopted operating budget (Account No. 600-90-900-6040.10: Transit fund, Transit Administration, Contract Services - Outside Contracts). Therefore, a budget amendment is not required. Subsequent fiscal year operating budgets will be developed to include the appropriate allocations needed to fund the scope of services provided.

Table 1 breaks down the anticipated annual funding allocations needed as follows:

Table 1: Cost Allocation

Date	Cost
FY 2026-27	$40,270
FY 2027-28	$42,687
FY 2028-29	$45,248
Optional 1-Year Terms	
FY 2029-30	$48,415
FY 2030-31	$51,804

BACKGROUND/DISCUSSION:

The City operates Montebello Bus Lines (MBL) to provide safe, reliable, and accessible public transportation services to residents, businesses, and visitors throughout Montebello and the surrounding communities. Committed to serving a culturally diverse community, MBL continuously adapts its fixed routes and schedules to meet changing regional mobility needs. These ongoing operational updates improve service efficiency, reliability and overall customer satisfaction.

To support these efforts and ensure seamless day-to-day operations, MBL relies on specialized computer software to manage critical transit support functions. Transtrack Systems serves as a comprehensive transit management and reporting platform that provides essential support for FTA reporting requirements. The software functions as a centralized database for collecting, storing, analyzing, and reporting operational and performance data, enabling staff to monitor key performance indicators, maintain regulatory compliance, and make data-driven decisions regarding transit operations. In addition, the software facilitates efficient access to operational statistics, maintenance information, ridership trends, and other performance metrics necessary for managing the transit system.

Part of this agreement will also incorporate the APC-AVL (Automated Passenger Counting and Automatic Vehicle Location) module. The APC-AVL module will automate the collection of ridership and vehicle location data, significantly improving the accuracy and reliability of passenger counts and operational reporting. The implementation of this technology will eliminate the need for manual ridership data entry, reduce staff workload, minimize the potential for human error, and provide real-time operational insights. In addition, the automated collection of ridership and location information will enhance MBL's ability to analyze route performance, optimize service planning, support grant reporting requirements, and improve overall operational efficiency.

Montebello Municipal Code Section 3.20.050 – Conformance with Bidding Procedures, outlines exceptions to the formal bidding procedures for the purchase of supplies and equipment. Since Transtrack Systems is identified as a sole-source vendor due to the proprietary nature of the software and the unique attributes of the data collected, this solution will be procured in accordance with MMC 3.20.050 (B), when supplies and equipment can only be obtained from one source.

Therefore, staff recommend the City Council approve Agreement No. 4545 with Transtrack Systems, attached hereto in substantial form, to ensure MBL's daily operations and essential services continue without disruption. Once approved, staff will complete a Sole Source Declaration form as written record for this vendor (Attachment B).

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the VENDOR shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the VENDOR shall procure a bond guaranteeing payment of losses and expenses.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The VENDOR shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-VENDOR, delegee, or assignee, and an explanation of why and how the same was selected, including the degree of competition involved.

No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the VENDOR under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

SECTION 19. ATTORNEY'S FEES AND COSTS.

If litigation is reasonably required to enforce or interpret the provisions of this Agreement, the prevailing party in such litigation shall be entitled to an award of reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

SECTION 20. WARRANTIES.

Each of the parties represents and warrants to one another as follows:

a. It has received independent legal advice from its attorneys with respect to the advisability of entering into and executing this Agreement;

APPENDIX 1

TransTrack SaaS TERMS AND CONDITIONS

1. **Subscription Services.** Supplier will make available to Customer (on a non-exclusive basis) the Subscription Services indicated in a SOW (the **"Services"**). Customer agrees that its purchase of a subscription to the Subscription Services is neither contingent upon the delivery of any future functionality or features nor dependent upon any oral or written public comments made by Supplier regarding future functionality or features.

2. **Restrictions.** Unless specifically indicated otherwise on an Order Form, Customer will use the Subscription Services only for its own, internal business purposes. Customer will not: (i) resell, license, rent, transfer, assign, copy, frame, or mirror any part or content of the Subscription Services; (ii) make the Subscription Services available for timesharing or service bureau purposes; or (iii) otherwise provide access to the Subscription Services to any third-party, except as such third-party access is expressly agreed to between the parties. Customer will not, subject to any non-waivable rights Customer may enjoy under applicable law, directly or indirectly: (i) reverse engineer, create derivative works, decompile, disassemble, or otherwise attempt to discover, the source code or underlying structure, ideas, know-how or algorithms relevant to the Subscription Services or any software, documentation or data related to the Subscription Services; (ii) interfere with or disrupt the integrity or performance of the Subscription Services or third-party data contained therein; (iii) attempt to gain unauthorized access to the Subscription Services or its related systems or networks; (iv) modify, translate, or create derivative works based on the Subscription Services; or (v) remove, modify, or obscure, any proprietary notices, markings, or labels. Customer may not access or use the Subscription Services or Supplier's content or property (including but not limited to marketing and promotional materials), in order to build, support, or assist a third-party in building or supporting products or services that compete with Supplier or its offerings.

3. **Supplier Software.** Supplier may provide Customer with the ability to obtain certain Supplier software for use with the Subscription Services. If Supplier provides Supplier software to Customer and does not specify separate terms for such software, then such Supplier software is provided as part of the Subscription Services and Customer has the non-exclusive, worldwide, limited right to use such Supplier software, subject to the terms of this agreement (except for separately licensed elements of the Supplier software, which separately licensed elements are governed by the applicable separate terms), solely to facilitate Customer's use of the Subscription Services. Customer may allow its users to use the Supplier software for this purpose, and Customer is responsible for their compliance with the license terms. Customer's right to use any Supplier software will terminate on the earlier of Supplier's notice (by web posting or otherwise) or the end of the Subscription Services associated with the Supplier software. Notwithstanding the foregoing, if Supplier software is licensed to Customer under separate terms, then Customer's use of such software is governed by the separate terms. Customer's right to use any part of the Supplier software that is licensed under the separate terms is not restricted in any way by this Agreement.

4. **Suspension.** Supplier may suspend Customer's access to or use of the Subscription Services if it believes (a) there is a significant threat to the functionality, security, integrity, or availability of the Subscription Services or any content, data, or applications in the Subscription Services; (b) Customer is accessing or using the Subscription Services to commit an illegal act; or (c) there is a violation of the acceptable use or restrictions described herein. When reasonably practicable and lawfully permitted,

Supplier will provide Customer with advance notice of any such suspension. Supplier will use reasonable efforts to re-establish the Subscription Services promptly after it determines that the issue causing the suspension has been resolved.

5. **Technical Support.** Supplier will provide Customer with reasonable technical support services ("**Technical Support**") in accordance with Supplier's standard practice during standard business hours. Customer acknowledges and agrees that Technical Support is intended to address specific problems experienced by Customer relating to the Subscription Services and is not intended to train Customer's employees or to support third-party products ("**Other Assistance**"). Supplier will advise Customer during a support session if Supplier considers such request to constitute Other Assistance. If the problem reported by Customer to Supplier is the result of hardware malfunction (not relating to Supported Hardware where such service is specified on the SOWs) or other causes external to the Subscription Services, Supplier will advise Customer to have the hardware/network repaired. Support resulting from hardware/network problems or issues associated with third-party products or services will be billed to Customer at Supplier's then-current hourly rates.

6. **Integrations/Interfaces.** Integrations or interfaces to third-party vendor systems may be available, as indicated in the documentation associated with the Subscription Services. To the extent such third-party vendor system integrations or interfaces are available, Supplier will install or make available the integrations or interfaces as agreed between the parties. Customer will act as a liaison between Supplier and any third-party vendor(s) with which the Subscription Services will integrate or interface. Customer will have its third-party vendor available at the time that Supplier is scheduled to connect the integration or interface and to assist with such connection, as required by Supplier. Transactions processed by a third-party vendor system may be subject to separate licensing requirements. Customer acknowledges and agrees that it has the sole obligation to obtain, or cause its third-party vendor to obtain, all such licenses.

7. **Customer Development and Enhancement Requests.** This Agreement does not include any programming services for custom development or modifications. Such work, if negotiated and agreed to between Supplier and Customer, will be the subject of a separate agreement for development services between the parties. Customer further acknowledges that the Subscription Services are a major and valuable asset of Supplier's business and, as such, Supplier will have complete control of the design and development of the Subscription Services, including with respect to any enhancements and modifications. Therefore, Supplier has the right, and sole discretion, to reject any request for enhancement or modification to the Subscription Services by Customer.

8. **Professional Services.** Supplier will provide Customer with the Professional Services, if any, set forth in the SOW ("**Professional Services**"). Subject to what is detailed in the SOW, such Professional Services will be scheduled as mutually agreed upon subject to Supplier's availability following receipt by Supplier of the signed Agreement and any related deposit. If Customer requires rescheduling of confirmed Professional Service dates, Supplier will make commercially reasonable efforts to accommodate Customer's request and provide Customer with the next available dates based on Supplier's then-current availability. Customer will be responsible for paying for any Professional Services that have been scheduled and confirmed between Customer and Supplier if canceled or rescheduled by Customer less than thirty (30) calendar days prior to the commencement of such Professional Services, unless (and only to the extent that) Supplier is able to reschedule the resource with another customer using commercially reasonable efforts.

9. **Payment Terms.** Customer agrees to pay the fees set out in the SOW. All fees are payable in accordance with the terms set out in, and in the currency specified in Appendix 3 (Pricing and Payment Milestones). Customer will also pay for Professional Services at Supplier's then prevailing rates, unless otherwise indicated on the SOW. For Professional Services provided on-site at Customer's site or another Customer designated location, Customer will also be responsible for including travel, meals, accommodation, and related expenses incurred by Supplier's employees or agents. Unless otherwise indicated on the invoice, all invoices are due upon receipt. Fees stated in the SOW are exclusive of Taxes (as defined in Section 9). Other than as provided for pursuant to Section 16 (Indemnification), Supplier does not provide credits or refunds for fees already due or paid. If Customer wishes to decrease its use of the Subscription Services after the Initial Term (to the extent service capacity or usage is limited pursuant to the SOWs)), Customer may do so after the Initial Term if Customer notifies Supplier thirty (30) calendar days in advance. If Customer wishes to increase its use of the Subscription Services (to the extent service capacity or usage is limited pursuant to the SOWs), Customer must notify Supplier in advance and pay any applicable fees upon the parties' execution of an amendment to the Agreement.

   Any invoice disputes must be initiated by Customer in good faith and in writing; Customer will be entitled to notify Supplier of any invoice dispute by the due date of the applicable invoice, after which time the invoice will be deemed to be accepted by Customer and will be due and payable. If Customer initiates a dispute about a particular invoice, any undisputed amounts charged on such invoice will continue to be due and payable. Supplier and Customer agree to use reasonable efforts to address and attempt to resolve any invoice dispute within thirty (30) days after Supplier's receipt of Customer's notice to Supplier regarding such dispute. For any undisputed invoiced amount that is not paid when due, Supplier reserves the right to charge, and Customer agrees to pay, a late payment fee on the unpaid balance from the due date until paid (whether before or after judgment) equal to one percent (1%) per month. If it is determined that Supplier properly charged any amount disputed and withheld by Customer, the late fee will be assessed and paid on the disputed, withheld amount.

   Except for a good faith dispute as outlined above, if Customer fails to make any payment hereunder when due, Supplier reserves the right to suspend or interrupt the provision of Customer's access to the Subscription Services (and all related services provided hereunder) until such non-payment is remedied, provided that Supplier provides Customer with five (5) calendar days advance notice (including via email notification or other form of notification via the Subscription Services) that fees remain outstanding. In such event, Supplier will not be precluded from exercising any additional remedies that might be available to it under the terms of this Agreement or otherwise.

10. **Taxes.** Customer is responsible for paying all taxes, levies, duties, or similar governmental assessments of any nature, including, for example, value-added, sales, use or withholding taxes, assessable by any jurisdiction whatsoever (collectively, "**Taxes**") associated with Customer's purchases hereunder. Supplier is solely responsible for taxes assessable based on Supplier's income, property, and employees. If Supplier has a legal obligation to pay or collect Taxes for which Customer is responsible under this Agreement, the appropriate amount will be computed based on Customer's address listed herein and invoiced to and paid by Customer, unless Customer provides Supplier with a valid tax exemption certificate authorized by the applicable competent authority in the relevant jurisdiction (or such other form of confirmation supplied for the same purpose) at least five (5) business days prior to the due date of the applicable Supplier invoice. All fees are payable in full and without reduction or withholding for Taxes. If, for whatever reason, Customer is required by law to withhold any Taxes from fees payable hereunder, Customer will gross up its payments to Supplier so that Supplier receives the fees in full and free of any such deductions. Customer will, upon request of Supplier,

provide to Supplier proof that Taxes have been paid, if such payment is not made to Supplier directly. If Supplier pays any costs or expenses incurred in relation to any import duties, customs, formalities, permissions, or other requirements, then Customer will promptly reimburse Supplier for all such amounts in full.

11. **Third-Party Components.** To properly use the Subscription Services, Customer agrees it may require use of certain third-party components which, if any, will be listed in the SOW ("**Third-Party Components**"). Subject to the SOW, Customer acknowledges that Supplier will have no responsibility for the implementation or operation of such Third-Party Components. Supplier may provide certain notices to Customer in the program documentation, readmes or notice files and that apply to such third-party technology. The existence of a notice does not affect the terms under which third-party technology is licensed to Customer.

12. **Ownership.** Customer will own all right, title, and interest in and to any data, including digital files and unstructured content objects, entered or submitted by Customer by means of the Subscription Services (the "**Customer Data**"). At all times, Supplier will own all intellectual property rights (including copyright) in and to (i) the Subscription Services; (ii) any software (other than any Third-Party Components) to which access may be provided by means of the Subscription Services; (iii) all upgrades, enhancements, and modifications to the Subscription Services; and (iv) any software, applications, inventions, or other technology developed in connection with the Subscription Services. Supplier or its Suppliers retain all ownership and intellectual property rights to the programs, methodologies, Subscription Services, and Supplier content.

13. **Customer Input.** Supplier will have a royalty-free, worldwide, transferable, sub-licensable, irrevocable, perpetual license to use or incorporate into the Subscription Services any suggestions, enhancement requests, recommendations or other feedback provided by Customer, its employees, contractors, and agents relating to the operation or functionality of the Subscription Services (collectively, "**Customer Input**"). Supplier will have no obligation to incorporate Customer Input into the Subscription Services. Customer will have no obligation to provide Customer Input.

14. **Customer Responsibility.** Customer agrees to name a Project Manager/System Administrator with responsibility for taking reasonable action to ensure a timely implementation set-up and training by Supplier of Customer staff. Customer is responsible for assigning security access to the Subscription Services and data of the Customer. Customer understands that satisfactory performance of the Subscription Services requires: up to date Microsoft Edge, Chrome, Firefox, or similar modern browsers. Customer is responsible for providing the hardware and appropriate software and operating systems specified herein.

15. **Use of Logo for Promotional and Marketing Materials.** Unless indicated otherwise in the applicable SOWs, Customer provides Supplier with permission to use its trademark, logo, and trade name ("**Branding**") within Supplier's promotional and marketing materials. Supplier is granted no other right to the Branding and acknowledges that it will not gain any proprietary interest in the same. Supplier is under no obligation to make use of, or to provide compensation for, the right or permission granted by Customer to the Branding. Supplier will be the exclusive owner of all right, title, and interest, including copyright in its promotional and marketing materials. The permission to use the Branding may be terminated at any time by Customer by providing Supplier with thirty (30) days' prior written notice. Upon such termination, Supplier will refrain from future use of the Branding; however, Supplier may continue to distribute and use the promotional and marketing materials where Customer's Branding

has been previously printed prior to the notice of termination and where such placements cannot be discontinued or altered without Supplier incurring any losses.

16. Confidentiality.

(a) Definition of Confidential Information. "**Confidential Information**" means all information disclosed by a party ("**Disclosing Party**") to the other party ("**Receiving Party**"), whether orally or in writing, that is designated as confidential or that reasonably should be understood to be confidential given the nature of the information and the circumstances of disclosure. Customer's Confidential Information includes Customer Data; Supplier's Confidential Information includes the Subscription Services and information regarding features, functionality and performance of the Subscription Services; and Confidential Information of each party includes the terms and conditions of this Agreement and all SOWs (including pricing), as well as business and marketing plans, technology and technical information, Intellectual property, trade-secrets, product plans and designs, and business processes disclosed by such party. However, Confidential Information does not include any information that (i) is or becomes generally known to the public without breach of any obligation owed to the Disclosing Party, (ii) was known to the Receiving Party prior to its disclosure by the Disclosing Party without breach of any obligation owed to the Disclosing Party, (iii) is received from a third-party without breach of any obligation owed to the Disclosing Party, or (iv) was independently developed by the Receiving Party. Any combination of information which comprises part of the Confidential Information shall not be deemed to be exempt from the obligations of confidentiality merely because individual parts of that information were publicly known, in the Receiving Party's possession, or received by the Receiving Party, unless the combination itself was publicly known, in the Receiving Party's possession, or received by the Receiving Party.

(b) Protection of Confidential Information. The Receiving Party will use the same degree of care that it uses to protect the confidentiality of its own confidential information of like kind (but not less than reasonable care) and will: (i) not use any Confidential Information of the Disclosing Party for any purpose outside the scope of this Agreement; and (ii) except as otherwise authorized by the Disclosing Party in writing, limit access to Confidential Information of the Disclosing Party to those of its and its affiliates' employees and contractors who need that access for purposes consistent with this Agreement and who have signed confidentiality agreements with the Receiving Party containing protections no less stringent than those herein. Neither party will disclose the terms of this Agreement or any SOWs to any third-party other than its affiliates, legal counsel, and accountants, without the other party's prior written consent, provided that a party that makes any such disclosure to its affiliate, legal counsel, or accountants will remain responsible for such affiliate's, legal counsel's or accountant's compliance with this Section 14.

(c) Compelled Disclosure. The Receiving Party may disclose Confidential Information of the Disclosing Party to the extent compelled by law to do so, provided the Receiving Party gives the Disclosing Party prior notice of the compelled disclosure (to the extent legally permitted) and reasonable assistance, at the Disclosing Party's cost, if the Disclosing Party wishes to contest the disclosure. If the Receiving Party is compelled by law to disclose the Disclosing Party's Confidential Information as part of a civil proceeding to which the Disclosing Party is a party, and the Disclosing Party is not contesting the disclosure, the Disclosing Party will reimburse the Receiving Party for its reasonable cost of compiling and providing secure access to that Confidential Information.

17. Data.

(a) Customer will have sole and exclusive responsibility for the accuracy, quality, integrity, legality, reliability, and appropriateness of all Customer Data, such responsibility also extends to the means by which the Customer Data was acquired. Customer will not send or store infringing, obscene, threatening, libelous or otherwise unlawful, or tortious material, including material that is harmful to children, violates third-party privacy or intellectual property rights, includes malicious code, or thatwill interfere with the integrity of the Subscription Services, or any other services or Products provided or contemplate herein.

(b) Apart from what limited information and data is strictly required for Supplier to perform or provide the Subscription Services, Professional Services, or Products, Customer agrees that sensitive personal data may not be submitted to the Subscription Services, including images, text, sounds or other data containing or revealing government-issued identification numbers; financial information (such as credit or debit card numbers, any related security codes or passwords, and bank account numbers); racial or ethnic origin, political opinions, religious or philosophical beliefs, trade-union membership, information concerning health or sex life; information related to an individual's physical or mental health; and information related to the provision or payment of health care. (c) Unless specifically stated otherwise in an SOW Supplier does not want nor does it require, nor will Customer provide or disclose (i) personal information or data, or personal identifiable information or data (each individually or together "**PII**"), as defined in the California Consumer Privacy Act (CCPA), and other applicable legislation; (ii) personal protected health information, as defined by the Health Insurance Portability and Accountability Act (HIPAA) and other applicable legislation, ("**PHA**"); or (iii) personal financial data, or payment card data or information ("**PCI**") as defined by the Gramm-Leach-Bliley Act, the Payment Card Industry Data Security Standards, or other applicable legislation or standards, to the Subscription Services, or for any other reason specified in or contemplated by this Agreement or the services or Products provided herein. When applicable, Customer must categorize and identify its PII or PHA in accordance with ISO 27001, NIST, or an equivalent standard of equal rigor before sending it to Supplier. Supplier is not a payment processor, and as such is not subject to compliance with PCI standards; Supplier does not warrant that the Subscription Services, or any other services or Products supplied in this Agreement will be compliant with payment card industry requirements. Supplier will not accept any liability in connection with payment card industry, PII, or PHA, compliance.

(e) Where Customer is subject to EU data protection laws, Customer acknowledges and agrees that Supplier may transfer personal data which it processes on Customer's behalf to countries outside the European Economic Area to provide the Subscription Services and carry out Supplier's other obligations under this Agreement.

(f) Supplier will notify Customer as soon as reasonably possible upon discovery of any data security incident impacting Customer Data. Supplier will not be responsible for any loss or damage to Customer Data unless such loss or damage was caused solely, entirely, and directly by Supplier.

(g) Customer grants to Supplier a royalty-free, non-transferable, non-exclusive license for the term of this Agreement to use Customer Data to the extent necessary to perform the Subscription Services or Professional Services, or to deliver Product. Notwithstanding anything to the contrary, Supplier will have the right to collect and analyze data and other information relating to the provision, use, and performance of various aspects of the Subscription Services and related systems and technologies (including, without limitation, information concerning Customer Data and data derived therefrom), and Supplier will be free (during and after the term hereof) to (i) use such information and data to improve and enhance the Subscription Services and for other development, diagnostic and corrective purposes in connection with the Subscription Services and other Supplier offerings, and (ii) disclose such data solely in aggregate or other de- identified form in connection with its business.

(h) SUPPLIER RESERVES THE RIGHT AT ITS SOLE DISCRETION TO DELETE, AT ANY TIME AND FOR ANY REASON, ANY CONTENT, APPLICATION OR SOFTWARE IN THE SUBSCRIPTION SERVICES, INCLUDING BUT NOT LIMITED TO ANY CUSTOMER DATA. ANY CONTENT, APPLICATION OR SOFTWARE MAY BECOME PERMANENTLY LOST IF SO DELETED. Supplier has no obligation to monitor the Customer Data, but at its sole discretion, may access, monitor, or review Customer's activity, and the Customer Data in the Subscription Services. Customer has sole responsibility for the accuracy, quality, integrity, legality, reliability, appropriateness, and ownership of all Customer Data.

(i) Customer will obtain at its sole expense, any rights, and consents from third-parties necessary for the Customer Data and any other third-party content or vendors' products provided by Customer that Customer uses with the Subscription Services, including such rights and consents as necessary for Supplier to provide the Subscription Services.

18. Indemnification.

(a) Intellectual Property Infringement Indemnification in Favor of Customer. Supplier will defend and indemnify Customer and its officers, directors, employees, agents, successors, and permitted assigns from and against costs, damages and expenses arising out of any claim brought against Customer by a third-party based on the claim that the Subscription Services, or Customer's use of the Subscription Services infringes or misappropriates any United States patent, copyright, trade secret, or trademark of that third-party ("**Claims**"), provided that Customer (i) notifies Supplier in writing no later than thirty (30) calendar days after Customer's receipt of notification of potential Claims; (ii) allows Supplier to assume sole control of the defense of such Claim(s) and all related settlement negotiations and (iii) provides Supplier, at Supplier's sole cost and expense, with all reasonable assistance, information and authority necessary to perform Supplier's obligations under this Section. Supplier will not be liable for any infringement or Claim based upon any modification of the Subscription Services developed by Customer, or use of the Subscription Services in combination with software or other technology not supplied or approved in advance by Supplier, or use of the Subscription Services contrary to this Agreement or the documentation related to the Subscription Services, including operator and user manuals. If the Subscription Services are held by a court of competent jurisdiction to infringe, Supplier, at its own expense, will (a) replace or modify the Subscription Services to be non-infringing; (b) obtain for Customer a right to continue using the Subscription Services; or (c) if neither (a) nor (b) is feasible, terminate the Agreement and refund a portion of the subscription fee paid by Customer for the Subscription Services for which Customer has not yet enjoyed use of the Subscription Services, including fees or costs associated with custom development and services paid for but not yet delivered.

Further, Supplier will not indemnify Customer to the extent that an infringement claim is based upon products or services not provided by Supplier. Supplier will not indemnify Customer to the extent that an infringement claim is based on any third-party content or material from a third-party portal or another external source that is accessible or made available to Customer within or by the Subscription Services (*e.g.*, a social media post from a third-party blog or forum, a third-party Web page accessed via a hyperlink, marketing data from third party data providers, etc.). Supplier will not indemnify Customer to the extent that an infringement claim is based upon the combination of any products or services provided hereunder with any products or services not provided by Supplier. Supplier will not indemnify Customer for infringement caused by Customer's actions against any third-party if the products or services as delivered to Customer and used by Customer in accordance with the terms of this Agreement would not otherwise infringe any third-party intellectual property rights. Supplier will not indemnify Customer for any infringement claim that is based on: (1) a patent that Customer was made aware of prior to the effective date of this Agreement (pursuant to a claim, demand, or notice), or (2) Customer's actions prior to the effective date of this Agreement. If a third-party makes a claim against Supplier that any information, design, specification, instruction, software, data, or material furnished by Customer to Supplier under this agreement infringes their intellectual property right, Customer will indemnify Supplier.

THE FOREGOING STATES SUPPLIER'S SOLE AND EXCLUSIVE LIABILITY AND THE SOLE AND EXCLUSIVE REMEDY OF CUSTOMER INDEMNIFIED PARTIES WITH RESPECT TO ANY CLAIM, WHETHER OF (I) INFRINGEMENT OR MISAPPROPRIATION OF INTELLECTUAL PROPERTY RIGHTS ORPROPRIETARY RIGHTS OF ANY THIRD-PARTY, OR (II) OTHERWISE.

(b) Customer's Indemnity. Customer agrees to indemnify, hold harmless and defend Supplier, its affiliates and any of their respective officers, directors, employees, agents, successors and permitted assigns from and against all costs, damages, and expenses arising out of or on account of (i) Customer's use of the Subscription Services or Products, (ii) the Customer Data, (iii) Customer's obligations of privacy to any person or entity, (iv) Customer's failure to obtain any necessary consents, permits, or authorization, or (iv) Customer's breach or violation of any provision of this Agreement.

19. Warranty & Warranty Disclaimer

(a) Subscription Services – Limited Warranty. Supplier warrants that the Subscription Services will conform in all material respects to the documentation provided by Supplier in relation to the Subscription Services. As Customer's sole remedy for any breach of this warranty, if Customer brings to Supplier's notice any incidence of non-conformance, Supplier will use reasonable efforts to correct the error. Supplier's maintenance hours for receiving any such calls are standard business hours. Supplier does not warrant that the Subscription Services, Professional Services, or Products, will perform error-free or uninterrupted, or that Supplier will correct all errors related thereto.

(b) Internet. Supplier will use commercially reasonable efforts to ensure that the web pages generated with the Subscription Services will be served (*i.e.,* delivered from Supplier's internal network or that of its Internet service provider) promptly regardless of the level of traffic to Supplier's servers, subject to outages, communication and data flow failures, interruptions, and delays, inherent in Internet communications. Customer acknowledges that problems with the Internet, equipment, software and network failures, impairments or congestion, or the configuration of Customer's computer systems, may prevent, interrupt, or delay Customer's access to the Subscription Services, or data stored within the Subscription Services. Supplier is not liable for any delays, interruptions, suspensions, or unavailability of the Subscription Services or the data stored within the Subscription Services, attributable to problems beyond its control, including but not limited to problems with the Internet or the configuration of Customer's computer systems.

(c) System Requirements. Customer acknowledges that the Subscription Services are intended to perform with, and Supplier provides the Subscription Services based upon, the system requirements specified in the SOWs or additional documentation made available by Supplier to Customer, as those may be updated by Supplier from time to time. Supplier has no liability for failure of the Subscription Services based upon Customer's failure to comply with such system requirements.

(d) Warranty Limitation. The conditions and warranties set forth in this Agreement do not apply to the extent that non-compliance is caused by, or has resulted from, whether directly or indirectly, (i) Customer's use of the Subscription Services other than as authorized in this Agreement; (ii) use of the Subscription Services in combination with other software, data, or products that are defective, incompatible with, or not authorized in writing by Supplier for use with the Subscription Services; (iii) any malfunction of Customer's hardware, computers, computer-related equipment, or network connections; and (iv) any modification of the Subscription Services not performed by Supplier or otherwise authorized by Supplier in writing.

(e) Disclaimer. EXCEPT FOR THE WARRANTIES PROVIDED IN THIS SECTION 19 AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE SUBSCRIPTION SERVICES AND PROFESSIONAL SERVICES, IF ANY, ARE PROVIDED "AS IS" AND "WITH ALL FAULTS," AND SUPPLIER DISCLAIMS ALL OTHER WARRANTIES, REPRESENTATIONS, GUARANTEES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTY AND CONDITION OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, OR THE USE OF REASONABLE SKILL AND CARE. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, SUPPLIER MAKES NO EXPRESS OR IMPLIED WARRANTIES, REPRESENTATIONS, GUARANTEES, OR CONDITIONS, OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, THE USE OF REASONABLE SKILL AND CARE, NON-INFRINGEMENT, SATISFACTORY QUALITY, ACCURACY, FREEDOM FROM ERROR, OR THAT THE SUBSCRIPTION SERVICES AND PROFESSIONAL SERVICES, IF ANY, WILL MEET ALL OF CUSTOMER'S REQUIREMENTS. SUPPLIER MAKES NO EXPRESS OR IMPLIED WARRANTIES, REPRESENTATIONS, GUARANTEES, OR CONDITIONS, WITH RESPECT TO ANY THIRD-PARTY SOFTWARE, HARDWARE, OR SERVICES, PROVIDED IN CONNECTION WITH THE SUBSCRIPTION SERVICES. SUPPLIER'S LIMITED WARRANTIES DO NOT APPLY TO ANY SOFTWARE WHICH HAS BEEN MODIFIED OR ALTERED IN ANY MANNER BY ANYONE OTHER THAN SUPPLIER OR ITS AUTHORIZED AGENT. SOME STATES OR JURISDICTIONS MAY NOT ALLOW THE EXCLUSION OF EXPRESS OR IMPLIED WARRANTIES, REPRESENTATIONS, GUARANTEES, OR CONDITIONS, SO THE ABOVE EXCLUSION MAY NOT APPLY TO CUSTOMER. IN THAT EVENT, SUCH WARRANTIES, REPRESENTATIONS, GUARANTEES OR CONDITIONS WHICH THE LAW FORBIDS FROM BEING EXCLUDED ARE LIMITED IN DURATION TO THE WARRANTY PERIOD TO THE EXTENT LEGALLY PERMISSIBLE.

Nothing in this Agreement excludes, restricts, or modifies, any right or remedy, or any guarantee, representation, warranty, condition, or other term, implied or imposed by any applicable law which cannot lawfully be excluded or limited. This may include any consumer law which contains guarantees that protect the purchasers of goods and services in certain circumstances. The parties agree that it is Customer's responsibility to determine whether the Subscription Services are suitable for Customer's requirements. No other terms, conditions, representations, warranties or guarantees, whether written or oral, express, or implied, will form a part of this Agreement or have any legal effect whatsoever.

(f) Third-Party Web Sites, Content, Products, and Services. The Subscription Services may enable the addition of links to Web sites and access to material, products, and services of third parties, including users, advertisers, affiliates, and sponsors of such third parties. Except as specifically provided in the SOWs, (a) Supplier is not responsible for any third-party Web sites or third-party material provided on or through the Subscription Services and (b) each party bears all risks associated with the access and use of such Web sites and third-party material, products, and services.

20. Limitation of Liability. TO THE FULL EXTENT PERMITTED BY LAW, SUPPLIER'S ENTIRE LIABILITY UNDER THIS AGREEMENT OR IN ANY WAY RELATED TO THE SUBSCRIPTION SERVICES AND PROFESSIONAL SERVICES, IF ANY, OR ANY RELATED ITEMS, IS LIMITED TO DIRECT DAMAGES IN AN AMOUNT EQUAL TO THE FEES PAID BY CUSTOMER TO SUPPLIER PURSUANT TO THIS AGREEMENT DURING THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE FIRST EVENT GIVING RISE TO THE CLAIM.

NOTWITHSTANDING THE FOREGOING, NEITHER PARTY WILL BE LIABLE FOR (I) ANY SPECIAL, PUNITIVE, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM OR RELATED TO

THIS AGREEMENT OR IN ANY WAY RELATED TO THE SUBSCRIPTION SERVICES AND PROFESSIONAL SERVICES, IF ANY, OR ANY RELATED ITEMS; OR (II) ANY LOSS OF REVENUE, PROFITS, GOODWILL OR DATA, OR DATA USE (INCLUDING ASA RESULT OF A VIRUS), BUSINESS INTERRUPTION, FAILURE TO REALIZE AN EXPECTED SAVING, CORRUPTION OF DATA, OR CLAIMS AGAINST THEM BY ANY THIRD-PARTY, EVEN IF THE PARTIES ARE ADVISED, OR MAY REASONABLY SUPPOSED TO HAVE BEEN AWARE, OF THE POSSIBILITY OF SUCH DAMAGES IN ADVANCE.

SUCH LIMITATIONS WILL APPLY REGARDLESS OF HOW THE CLAIM ARISES, WHETHER ARISING BASED ON CONTRACT, TORT, NEGLIGENCE, OR OTHERWISE AND WILL APPLY TO ALL SOWS SCHEDULES, ADDENDA, AGREEMENTS, AND ATTACHMENTS RELATED TO THIS AGREEMENT. THE FOREGOING LIMITATIONS OF LIABILITY ALLOCATE THE RISKS BETWEEN SUPPLIER AND CUSTOMER AND FORM A MATERIAL BASIS OF THE BARGAIN BETWEEN THE PARTIES. SUPPLIER'S PRICING REFLECTS THIS ALLOCATION OF RISK AND THE LIMITATION OF LIABILITY SPECIFIED HEREIN.

21. Term and Termination

(a) Term of Agreement. This Agreement commences on the Effective Date or on the date that access to the Subscription Services is made available to Customer, whichever is sooner, and continues until all subscriptions and their related SOWs hereunder, have expired or have been terminated pursuant to the terms of this Agreement.

(b) Term of Purchased Subscriptions. The term of each subscription will be as specified in the applicable SOW. Except as otherwise specified in a SOW, subscriptions will automatically renew for additional periods equal to the expiring subscription term or one (1) year (whichever is shorter), unless either party gives the other notice of non-renewal at least ninety (90) days before the end of the relevant subscription term.

(c) Termination by Customer. Customer has the right to terminate this Agreement if (i) Supplier is in material default of any term or condition herein, and fails to cure such default within thirty (30) days after receipt of written notice of such default, or (ii) Supplier becomes insolvent or any proceedings are to be commenced by or against Supplier under any bankruptcy, insolvency, or similar laws.

(d) Termination by Supplier. Supplier has the right to terminate this Agreement if Customer is in default of any term or condition of this Agreement and fails to cure such default within thirty (30) days after receipt of written notice of such default. If payment for undisputed charges has not been received after ten (10) days from the date of the written notice to Customer specifying the delinquency, Supplier shall have the right to terminate this Agreement and all rights granted herein and seek damages and injunctive relief for the breach thereof. Further, Supplier may terminate this Agreement immediately if: (i) Customer breaches Section 2 (Restrictions) or Section 15 (Confidentiality); or (ii) Customer becomes insolvent, a receiver, administrator, controller, or a liquidator is appointed to Customer, Customer assigns any of its property for the benefit of creditors or any class of them, or any proceedings have been commenced by or against Customer under any bankruptcy, insolvency or similar laws.

(e) Early Termination. Customer understands that Supplier has undertaken significant implementation and investment costs which are intended to be amortized over any initial term indicated on the SOWs ("**Initial Term**"). In consideration of the costs and the pricing structure acknowledged and accepted in the SOWs, Customer agrees to pay liquidated damages if this Agreement is terminated

before the expiry of the Initial Term (other than pursuant to Section 20(c)). The liquidated damages for such early termination will be the value of the fees for the remainder of the Initial Term, along with any outstanding fees for additional modules and services ordered but not yet paid for by Customer since the date of this Agreement. These liquidated damages are due and payable in a lump sum on the date of termination of the Agreement. Customer acknowledges that the actual damages likely to result from a breach of the Initial Term by Customer are difficult to ascertain and that the foregoing liquidated damages are intended to represent estimated actual damages and are not intended as a penalty.

(f) Data Portability and Deletion. Before the Subscription Term expires, upon thirty (30) days written request by Customer, Supplier will make the Customer Data available to Customer for export or download. Following the termination or expiration of this Agreement, Supplier shall have no obligation to maintain or provide any Customer Data beyond the expiration or termination of this Agreement.

(g) Surviving Provisions. Following the termination of this Agreement, the Sections titled "Payment Terms," "Taxes," "Ownership," Customer Input," "Confidentiality," "Data," "Indemnification," "Warranties & Warranty Disclaimer," "Limitation of Liability," "Term and Termination," "Assignment," "Dispute Resolution," "Governing Law" and "General Provisions" will continue in full force and effect in accordance with their terms.

22. **Assignment**. Neither party may assign any of its rights or obligations hereunder, whether by operation of law or otherwise, without the other party's prior written consent (not to be unreasonably withheld); provided, however, Supplier may assign this Agreement in its entirety (including all schedules), without the Customer's consent in connection with a merger, acquisition, corporate reorganization, or sale of all or substantially all its assets. Any purported assignment in violation of this section will be void and of no effect. Any permitted assignee will assume all assigned obligations of its assignor under the Agreement.

23. **Governing Law.** The law that will apply to any question of interpretation regarding this Agreement, any question of the existence of this Agreement, or a lawsuit arising out of or in connection with this Agreement will be the laws of the State of California, and the venue will be the courts of Los Angeles County. Each party agrees to the applicable governing law above, without regard to choice or conflicts of law provisions, and to the jurisdiction of the applicable courts above. The parties exclude the operation of the United Nations Convention on contracts of the International Sale of Goods.

24. **Dispute Resolution.** Prior to commencement of any civil legal proceedings, specifically excluding injunctive relief authorized hereunder, to enforce the obligations of a party under the terms of this Agreement, a party must submit the controversy or claim for mediation to an independent mediator selected by the Judicial Arbitration and Mediation Services, Inc. ("JAMS"). All proceedings shall be administered by JAMS in accordance with their then current rules. If there is any inconsistency between the terms of this Agreement and any such JAMS rule, the terms and procedures set forth herein shall control. Venue of the mediation shall be Los Angeles County, California. All statutes of limitation applicable to any claim or dispute hereunder shall apply to any mediation proceeding. All discovery activities shall be expressly limited to matters directly relevant to the dispute or claim being mediated. No provision hereof shall limit the right of any party to obtain provisional or ancillary remedies, including without limitation, injunctive relief, attachment, or the appointment of a receiver, from a court of competent jurisdiction before, after or during the pendency of any mediation. Mediators

must be active members of the California State Bar or retired judges of the state or federal judiciary of California, with expertise in the substantive laws applicable to the subject matter brought before the mediator. To the maximum extent practicable, JAMS, the mediator, and the parties shall take all action required to conclude any mediation proceeding within one hundred eighty (180) days of the filing of the dispute with JAMS. Should the parties be unable to resolve the dispute or claim in accordance with this stated procedure, a civil action may be commenced under the laws of the State of California. This alternative dispute resolution provision shall survive termination, amendment, or expiration of this License.

25. Insurance. Supplier will obtain and maintain during the Term: (i) Commercial General Liability Insurance, including products, completed operations liability and personal injury, advertising liability and contractual liability with a minimum combined single limit of $1,000,000 per occurrence; (ii) Commercial Automobile Liability Insurance with a minimum combined single limit of $1,000,000 per occurrence for bodily injury and property damage; and (iii) Errors and Omissions Insurance with a limit of liability not less than $1,000,000. Supplier will also provide a program of Workers' Compensation insurance or a State-approved Self-Insurance Program in an amount and form to meet all applicable requirements of the Labor Code for applicable state of employee residence, including Employer's Liability, covering all persons providing services on behalf of the Supplier and all risks to such persons under this Agreement.

(c) Modifications: This Agreement may not be modified except in writing signed by both parties.

This Agreement does not establish an Customer, joint venture or partnership relationship between Supplier and Customer. Supplier and its personnel, agents, Suppliers, as well as Supplier's authorized representatives, are acting as independent contractors and not as employees or agents of Customer. Nothing in this Agreement will be construed to permit either party to bind the other or to enter into obligations on behalf of the other party.

(f) Force Majeure. Neither party will be in breach of this Agreement nor liable for delay in performing, or failure to perform, any of its obligations under this Agreement if such delay or failure result from events, circumstances or causes beyond its reasonable control provided that the party affected by such failure or delay gives the other party prompt written notice of the cause and uses commercially reasonable efforts to correct such failure or delay within a reasonable period of time.

No waiver of any term or condition of this Agreement will be effective unless made in writing. The waiver by any party of a breach of this Agreement does not constitute a waiver of a repeat of the same breach or of other breach of rights or obligations under this Agreement.

(k) Third-party rights: A person who is not a party to this Agreement will not have any rights to enforce any term of this Agreement.

(l) Entire Agreement: This Agreement constitutes the entire Agreement between the parties with respect to the subject matter of this Agreement and supersedes all proposals, oral and written, and all previous negotiations and communications between the parties and their representatives with respect to the subject matter of this Agreement. RECOMMENDATIONS:

It is recommended that the City Council:

1. Approve issuing an Employee Ancillary Benefits Insurance Broker Services Request for Proposals (RFP No. 26-17) for the City's ancillary benefits; and,
2. Take such additional, related action that may be desirable.

FISCAL IMPACT:

Issuing the Request for Proposals (RFP) has no immediate fiscal impact. The City Council is not obligated to approve an agreement by soliciting proposals. Actual project costs will be determined through the consultant selection process and a budget amendment will be recommended if needed at the time of awarding the agreement.

BACKGROUND/DISCUSSION:

On December 21, 2022, the City entered into Agreement No. 4062 with Advocate, Inc. dba NAVA Partners Insurance Solutions to provide ancillary insurance brokerage services, including support with dental, vision, and life insurance benefits for City employees. The initial term of the agreement was for three (3) years (from December 21, 2022 to December 21, 2025) with the option to exercise up to two (2) one-year term extensions.

On November 12, 2025, the City Council approved a one-year extension (to December 20, 2026) under the authority of Agreement No. 4062. This extension provided staff

sufficient time to review the City's ancillary benefits needs, evaluate existing services, and prepare a comprehensive Request for Proposals to ensure a competitive procurement process.

ANALYSIS:

The purpose of Request for Proposal (RFP) No. 26-17 (Attachment A) is to solicit competitive proposals from qualified and experienced employee benefits brokerage and consulting firms to provide comprehensive ancillary benefits consulting and brokerage services for the City of Montebello. The selected consultant will assist the City in evaluating, administering, negotiating, and improving its ancillary benefits programs, including dental, vision, disability, employee assistance program (EAP), wellness initiatives, and voluntary benefits for active employees and retirees.

When a protest is filed before a scheduled proposal due date, certain steps must be followed:

A. The protest must be submitted in writing within the specified time frame (no later than ten (10) working days prior to a proposal due date). All protests must be filed with the Director of Finance for determination. Protest must be submitted to the Director of Finance by mail or e-mail within the specified time frame. C. Where appropriate, the City will hold an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties may include all proposers, subcontractors, or suppliers, provided they have a substantial economic interest in a portion of the RFP.

D. All potential proposers will be advised of a pending protest.

E. The City shall not review proposals prior to the resolution of the protest unless it is determined that:

- Delivery or performance will be unduly delayed by failure to make the award promptly; or
- Failure to make a prompt award will otherwise cause undue harm to the City.

The City will respond in writing within ten (10) working days after receipt of a properly filed protest. The Director of Finance will respond and include a response to each substantive issue raised in the protest.

After the exhaustion of administrative remedies, the protesting party will be given the City's final decision. The Director of Finance has the authority to decide on all protests.

ITEM # 28

CITY OF MONTEBELLO
CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: Raul Alvarez, City Manager

BY: John Soria, Director of Transportation

SUBJECT: **APPROVE AMENDMENT NO. 1 TO AGREEMENT NO. 4327 WITH A.O. REED & CO. TO INCLUDE THE TRANSPORTATION DEPARTMENT FOR HEATING, VENTILATION, AND AIR CONDITIONING (HVAC) PREVENTATIVE MAINTENANCE AND AS-NEEDED REPAIR SERVICES**

DATE: June 24, 2026

RECOMMENDATIONS:

It is recommended that the City Council:

1. Approve Amendment No. 1 to Agreement No. 4327 with A.O. Reed & Co. (A.O. Reed), to include the Transportation Department for citywide Heating, Ventilation, and Air Conditioning (HVAC) preventative maintenance and as-needed repair services; exercise the first one-year (1-year) term extension authorized under the agreement; increase the annual as-needed repair allocation from $200,000 to $250,000 (effective July 1, 2026 – June 30, 2029), increasing the total compensation by $634,355 for a revised not-to-exceed amount of $1,482,040; and
2. Authorize the City Manager and/or his designee to execute Amendment No. 1 on behalf of the City of Montebello (City); and
3. Take such additional, related, action as may be desirable.

FISCAL IMPACT:

The total cost for Amendment No. 1 is $634,355 (Attachment A). This includes amending the scope of work to include the Transportation Department facilities through June 30, 2029 ($197,632) and exercising the first 1-year term extension ($336,723), which includes increasing the citywide annual as-needed repair allocations, from $200,000 to $250,000, beginning July 1, 2026 (additional $100,000 over the two fiscal years).

Sufficient appropriations exist within the Transportation Fiscal Year 2025-26 adopted budget in Account No. 600-90-915-6040.60 (Transit, Corporate Shops, Contract Services – Building Maintenance/Repairs). Therefore, a budget amendment is not required. Subsequent fiscal year budgets will be developed to include these costs.

The total cost associated with Amendment No. 1 ($634,355) is as follows:

PROJECT COSTS	AMOUNT
Agreement No. 4327 (June 25, 2025 – June 30, 2028)	**$847,685**
Transportation Department (April 1, 2026 – June 30, 2029)	
Preventative Maintenance Services	**$122,632**
As-Needed Repair Services	**$75,000**
Subtotal	**$197,632**
Citywide 1-year Extension: (July 1, 2028 – June 30, 2029)	
Preventative Maintenance Services	**$86,723**
As-Needed Repair Services	**$250,000**
Subtotal	**$336,723**
Increase Annual As-Needed Repair Allocations (July 1, 2026 – June 30, 2028)	**$100,000**
Amendment No. 1 Total Increase	**$634,355**
Total	**$1,482,040**

BACKGROUND/DISCUSSION:

On June 25, 2025, the City Council awarded Agreement No. 4327 to A.O. Reed for citywide heating, ventilation, and air conditioning (HVAC) preventative maintenance and as-needed repair services in accordance with Request for Proposals (RFP) No. 25-10 (Attachment B). The agreement included preventative maintenance services for city-owned facilities and as-needed repair services for an initial three-year (3-year) term ending June 30, 2028, with the option to extend the agreement up to two additional 1-year terms.

Following Agreement No. 4327 being awarded, staff identified an opportunity to include the Transportation facilities in the existing agreement's scope of work. Recently, A.O. Reed provided Transportation with HVAC preventative maintenance services under Agreement No. 4321 (Attachment C) and submitted a revised 3-year preventative maintenance proposal to include the Transportation facilities in the existing agreement

(Attachment D). The proposal includes preventative maintenance services for HVAC equipment located throughout the Transportation facilities and extends Transportation's service period from April 2026 through June 2029 to align future service periods with the city's fiscal year.

Once Agreement No. 4327 was executed, the Public Works Department identified the need to increase the amount for as-needed repair services across city facilities, from $200,000 to $250,000. Staff recommend that the City Council approve Amendment No. 1 to include the Transportation facilities, extend the agreement for a 1-year term, and increase the as-needed repair services, from $200,000 to $250,000, beginning July 1, 2026. Approving Amendment No. 1 will align the agreement with the proposed Transportation service schedule and maintain a single contract structure for HVAC preventative maintenance and as-needed repair services through June 30, 2029.

At the option of the CITY, the CONSULTANT shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONSULTANT shall procure a bond guaranteeing payment of losses and expenses.

Over 72,000 companies were invited to participate in this year's survey. Energage analyzes employee feedback from A.O. Reed's company-wide survey and compares the results with other industries throughout the nation. Based on our positive employee feedback, we won the national award!

A.O. Reed & Co. was founded in 1914, and incorporated on September 19, 1929. Since then, the company has been a leading mechanical contractor specializing in HVAC, plumbing, and service. A.O. Reed's headquarters includes offices, fabrication shops, and storage structures.

SERVICE CAPABILITIES

A.O. Reed has established a service team in San Diego for decades. We have recently expanded to a Los Angeles office. Together, we have a strong and diversified team that can take on HVAC and plumbing service needs throughout Southern California. We have over 130 service vans that are ready for your service!

We provide that "small business" feel for a large mechanical contracting company. A.O. Reed groups a small, diverse crew of service technicians to achieve this goal in specific work zones. This lets our technicians know the equipment, the property, and the customer. When we arrive, we can move efficiently and respond quickly to our customers' needs.

A.O. Reed's service team provides a personalized experience for our customers. We assign a dedicated project manager to each customer. The project manager will work closely with the customer to understand their assets, property, and ownership goals. We guarantee that each need or request is customized to the customer's expectations.

A.O. Reed integrates a web-based service management platform with a 24-hour hotline for customers' emergency HVAC or plumbing needs. When our service professionals answer the service and emergency calls, they will have full access to all assets under our preventive maintenance programs. Call (877) 247-8437 (Los Angeles area) for emergency service requests.

The HVAC and plumbing systems are the heart and lungs of any facility, so the most critical decision to protect those systems is choosing the most experienced and trusted mechanical contractors. We can leverage specific requirements and project goals by collaborating at the onset. From there, A.O. Reed can design the most responsive, optimized maintenance program at minimum cost. Our professional service technicians provide the most positive results, whether plumbing, backflow, HVAC, or digital controls.

a. If the CONTRACTOR is a California Public Employees' Retirement System ("CalPERS") annuitant, the CONTRACTOR must provide the City with written notification of such fact a minimum of 14 calendar days prior to commencement of services under this Agreement. Failure to provide such notification may result in termination of the Agreement, and any penalties or other costs relating thereto shall be borne by the CONTRACTOR. If this Agreement remains in place, the CONTRACTOR shall execute any amendment(s) to this Agreement requested by the City in order to comply with all laws and regulations applicable to CalPERS annuitants.

SECTION 15. INSURANCE COVERAGE.

a. During the term of this Agreement, the CONTRACTOR shall carry, maintain, and keep in full force and effect insurance against claims for death or injuries to persons or damages to property that may arise from or in connection with CONTRACTOR's performance of this Agreement. Such insurance shall be of the types and in the amounts as set forth below:

- **Commercial General Liability (CGL)**: Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis for bodily injury and property damage, including products-completed operations, personal injury, and advertising injury, with limits no less than $2,000,000 per occurrence. If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

- **Automobile Liability Insurance:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONTRACTOR has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

- **Professional Liability** insurance appropriate to the CONTRACTOR'S profession, with limit no less than $2,000,000 per occurrence or claim, $2,000,000 aggregate.

b. If the CONTRACTOR maintains higher limits than the minimums shown above, the CITY requires and shall be entitled to coverage for the higher limits maintained by the CONTRACTOR.

c. The CONTACTOR shall require each of its sub-contractor's, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONTRACTOR agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary

insurance and pay, at the CONTRACTOR's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Principal Risk Officer
1600 West Beverly Boulevard
Montebello, CA 90640
Email: KAghili@montebelloca.gov

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONTRACTOR shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONTRACTOR shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONTRACTOR shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONTRACTOR agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONTRACTOR shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONTRACTOR's insurance and shall not contribute with it.

k. All insurance coverage provided pursuant to this Agreement shall not prohibit the CONTRACTOR, and CONTRACTOR's employees, agents or sub-contractor's, from waiving the right of subrogation prior to a loss. The

CONTRACTOR hereby waives all rights of subrogation against the CITY.

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONTRACTOR shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONTRACTOR shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONTRACTOR shall not be construed as a limitation of the CONTRACTOR'S liability or as full performance of CONTRACTOR's duties to indemnify, hold harmless and defend under the indemnity covenants of this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONTRACTOR shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-CONTRACTOR, delegee, or assignee, and an explanation of why and how the same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONTRACTOR and shall not bind or purport to bind the CITY and shall not release the CONTRACTOR from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-contractor's. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONTRACTOR under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

SECTION 19. ATTORNEY'S FEES AND COSTS.

A.O. Reed is very proud to have won the Top Workplaces USA award issued by Energage. The Top Workplaces program has been around for sixteen years and has surveyed over 20 million employees. Over 72,000 companies were invited to participate in this year's survey. Energage analyzes employee feedback from A.O. Reed's company-wide survey and compares the results with other industries throughout the nation. Based on our positive employee feedback, we won the national award!

A.O. Reed & Co. was founded in 1914, and incorporated on September 19, 1929. Since then, the company has been a leading mechanical contractor specializing in HVAC, plumbing, and service. A.O. Reed's headquarters includes offices, fabrication shops, and storage structures.

SERVICE CAPABILITIES

A.O. Reed has established a service team in San Diego for decades. We have recently expanded to a Los Angeles office. Together, we have a strong and diversified team that can take on HVAC and plumbing service needs throughout Southern California. We have over 130 service vans that are ready for your service!

We provide that "small business" feel for a large mechanical contracting company. A.O. Reed groups a small, diverse crew of service technicians to achieve this goal in specific work zones. This lets our technicians know the equipment, the property, and the customer. When we arrive, we can move efficiently and respond quickly to our customers' needs.

A.O. Reed's service team provides a personalized experience for our customers. We assign a dedicated project manager to each customer. The project manager will work closely with the customer to understand their asset, property, and ownership goals. We guarantee that each need or request is customized to the customer's expectations.

A.O. Reed integrates a web-based service management platform with a 24-hour hotline for customers' emergency HVAC or plumbing needs. When our service professionals answer the service and emergency calls, they will have full access to all assets under our preventive maintenance programs. Call (877) 247-8437 (Los Angeles area) for emergency service requests.

The HVAC and plumbing systems are the heart and lungs of any facility, so the most critical decision to protect those systems is choosing the most experienced and trusted mechanical contractors. We can leverage specific requirements and project goals by collaborating at the onset. From there, A.O. Reed can design the most responsive, optimized maintenance program at minimum cost. Our professional service technicians provide the most positive results, whether plumbing, backflow, HVAC, or digital controls.

CITY OF MONTEBELLO
CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: Raul Alvarez, City Manager

BY: John Soria, Director of Transportation

SUBJECT: **APPROVE AGREEMENT NO. 4522 WITH ZEROUP ENERGY, INC., FOR PROVISION OF TEMPORARY HYDROGEN REFUELING SOLUTIONS**

DATE: June 24, 2026

RECOMMENDATIONS:

It is recommended that the City Council:

1. Approve Agreement No. 4522 with ZeroUp Energy, Inc., (ZeroUp Energy), for a two-year (2-year) term with the option for renewal of up to one (1) additional one-year (1-year) term, for a total not-to-exceed amount of $1,484,420, to provide a Temporary Hydrogen Refueling Solution; and
2. Authorize the City Manager to execute and finalize Agreement No. 4522 with ZeroUp Energy on behalf of the City of Montebello; and
3. Authorize the City Manager to approve change orders up to an additional ten percent (10%) or $148,442 of the total agreement amount; and
4. Amend the Fiscal Year 2026-27 adopted budget to increase appropriations by $932,420 in Account No. 600-90-915-6070.60 (Transit, Transportation, Corporate Shops, Fuel Hydrogen); and
5. Take such additional, related, action as may be desirable.

FISCAL IMPACT:

The total cost of Agreement No. 4522 is $1,484,420, which includes a 10% contingency. The costs for the temporary hydrogen fueling infrastructure and delivery services will be funded through a Fiscal Year 2023-24 Federal Transit Administration (FTA) grant (Account No. 270-9066-2024-198-6040.95 - Transit Grants, FTA, FY 2023-24, FTA CA 2024-198, Contract Services-Other Professional Services). This funding source, which includes a required 20% non-Federal match provided through FY 2024-25 Transportation Development Credits (TDCs), provides a total allocation of $552,000. The remaining

costs for hydrogen fuel usage and the 10% contingency will be funded through the Transportation Department's Fiscal Year 2026-27 adopted operating budget.

A budget amendment will be required to increase appropriations by $932,420 in Account No. 600-90-915-6070.60 (Transit, Transportation, Corporate Shops, Fuel Hydrogen). This budget amendment includes the estimated cost of purchasing hydrogen fuel and the 10% contingency. The table below details the various amounts and accounts to which they will charged:

Cost Allocation:

Funding Source	**Account Number**	**Amount**
Transit Grants – Mobile Hydrogen Trailer Rental Fees and Delivery Charges	270-9066-2024-198-6040.95	$552,000
Transit Operating Budget – Hydrogen Fuel Usage	600-90-915-6070.60	$783,978
Transit Operating Budget – Contingency (10%)	600-90-915-6070.60	$148,442
Total Estimated Agreement Cost		**$1,484,420**

BACKGROUND/DISCUSSION:

On November 12, 2025, the City awarded Agreement No. 4426 to Air Products and Chemicals Inc. (Air Products) under RFP No. 25-12 (Attachment A), to provide a Temporary Hydrogen Refueling Solution. However, the City and Air Products failed to reach an agreement on legal terms regarding damages and liability. Staff immediately contacted the secondary vendor, BayoTech, Inc. (BayoTech), whom the City evaluated as the second-highest qualified vendor in the RFP process. BayoTech indicated they no longer wished to work with the City to provide a hydrogen refueling solution.

In February 2026, a hydrogen trailer explosion occurred in San Bernardino County, creating a critical hydrogen shortage and causing over sixty percent (60%) of California's hydrogen fueling stations to go offline. To maintain and operate Montebello Bus Lines' (MBL) three (3) hydrogen fuel cell electric buses (FCEBs), staff engaged multiple hydrogen providers, including ZeroUp Energy. The City entered into Agreement No. 4414 with ZeroUp Energy (Attachment B) in accordance with Montebello Municipal Code (MMC), Chapter 3.20.050(H) – Conformance with Bidding Procedures, Professional Services: *Nothing shall be construed to preclude the city from awarding a written contract for professional type services, as defined by case or statutory law, without complying with the provision of this article.* The term "professional services" means services entailing a high degree of specialized technical or mental skill, in a recognized field of expertise, such as hydrogen fueling infrastructure, leak detection standards, and hazardous

material and safety codes.

Staff utilized this section of the municipal code to procure urgent temporary hydrogen fueling services, and engineering and permitting support to rapidly deploy a trailer-based fueling system. Since ZeroUp Energy was identified as a qualified vendor specific to RFP No. 25-12, staff engaged this vendor to provide a longer-term temporary hydrogen refueling solution to sustain MBL's FCEB fleet.

On May 28, 2026, ZeroUp Energy submitted its Best and Final Offer (BAFO) for a Temporary Hydrogen Refueling Solution in accordance with the City's procurement procedures (Attachment C). The new proposal offers specialized services tailored to MBL's FCEB fleet demands, including mobile nozzle-only fueling, fueling with compression-assisted dispensing, and a phased deployment with a future transition strategy. In addition, the proposal allows MBL to maintain operational flexibility and minimizes infrastructure impacts.

The proposal also demonstrates that ZeroUp Energy thoroughly understands MBL's operational needs and goals. Furthermore, ZeroUp Energy highlighted its dedication to meeting all safety and regulatory compliance standards. Specifically, ZeroUp Energy adheres to a variety of requirements including, but not limited to, NFPA 2 and NFPA 55 requirements, SAE fueling and hydrogen purity standards, IFC and IBC temporary equipment placement requirements, and CGA high-pressure gas handling guidance. ZeroUp Energy's multidisciplinary team offers expertise in mobile hydrogen fueling operations and deployment, hydrogen logistics and fuel supply coordination, operator and first-responder training, and hydrogen station development and commissioning.

Although the City did not initially select ZeroUp Energy during the RFP process, the firm possesses the experience and knowledge necessary to fully satisfy MBL's hydrogen-powered fleet needs. Currently, ZeroUp Energy maintains active agreements with public and private agencies throughout California, including Omnitrans, Cummins, Inc, H2B2 Electrolysis Technologies (H2B2), and Stanislaus Regional Transit Authority (StanRTA). This proven track record confirms ZeroUp Energy's ability to provide reliable, high quality hydrogen fueling services. Therefore, staff recommend that the City Council approve Agreement No. 4522 (Attachment D) with ZeroUp Energy for a Temporary Hydrogen Refueling Solution to sustain MBL's operations and ensure optimal transit service.

SUMMARY:

INTRODUCTION

The City of Montebello (City) is soliciting proposals from highly qualified contractors to provide a temporary hydrogen refueling solution (THRS) for Montebello Bus Lines (MBL). This includes provision of equipment, THRS installation services, THRS maintenance, and fuel supply services necessary for the operation of the buses until a permanent station is commissioned. The THRS is expected to be fully commissioned and available to MBL for fueling 3 buses in late 2025. The fleet may grow to up to six buses before a permanent hydrogen fueling station is installed at MBL. After the permanent station is commissioned, the THRS will be decommissioned by the contractor and removed from the property. MBL is expecting a compact, integrated solution that will meet the fueling performance requirements of an FCEB fleet of six buses while minimizing the amount of fixed permanent infrastructure installed at the site. It is essential for the city to have a reliable fuel source as it transitions to zero-emission technology to ensure the city provides dependable and sustainable public services to the residents of Montebello and neighboring communities

The city operates MBL to provide reliable and efficient public transportation services to the residents of Montebello and neighboring communities. As the third-largest municipal bus system in Los Angeles County, MBL proudly serves 1.8 million passengers a year throughout the communities of Alhambra, Bell Gardens, San Gabriel, Boyle Heights, Commerce, Downtown Los Angeles, East Los Angeles, La Mirada, Montebello, Monterey Park, Pico Rivera, Rosemead, South Gate, and Whittier.

As of 2025, MBL operates a fleet of sixty-six buses, inclusive of a contingency reserve fleet of seventeen buses. MBL strives to be at the forefront of efforts to reduce transit fleet emissions and plans for a full transition to zero-emission vehicles by 2040**.**

Delivery of the three FCEBs is scheduled for mid-September 2025. MBL is currently conducting planning efforts for constructing a large-scale hydrogen fueling infrastructure to support 66 FCEBs.

The city seeks to form a partnership with a vendor committed to delivering exceptional results while adhering to safety and environmental standards. The City reserves the right to delete any item from the contract. In addition, the City reserves the right to reject any or all proposals, to waive information or irregularities to the extent permitted by law in any proposal received, and to be the sole judge of the merits of the respective proposals received.

AWARD OF CONTRACT

The contract resulting from this RFP (or the "Agreement") will be awarded to the responsive and responsible proposer whose proposal, conforming to the requirements of the RFP, is determined to be the most advantageous ("Best Value" as described in the Federal Transit Administration Circular 4220.1F) to the City, based on the Evaluation Criteria. No agreement shall exist until the City Council or the City Manager has awarded the Agreement and it has been mutually executed. The City reserves the right to:

(a) Accept all or any part of a proposal;

(b) Reject any or all proposals for any reason;
(c) Waive any informality or minor errors to the extent permitted by law;
(d) Award the Agreement as the interest of the City may require;
(e) Cancel the entire RFP; or
(f) Issue subsequent RFPs.

An Evaluation Committee comprised of MBL staff, in accordance with the proposal Evaluation Criteria set forth in Evaluation Criteria section of this RFP, will evaluate all the proposals. During the evaluation period, the City may interview some or all the proposing firms. Proposers should be aware; however, that award may be made without interviews or further discussions.

The City may negotiate contract terms with the selected proposer prior to award, and expressly reserves the right to negotiate with several Proposers simultaneously and, thereafter, to award a contract to the Proposer offering the most favorable terms to the City. However, negotiations may or may not be conducted with Proposers; therefore, the proposal submitted should contain the most favorable terms and conditions, since the selection and award may be made without discussion with any proposer.

No agreement shall exist until the City Council or City Manager has awarded the Agreement and it has been mutually executed. The City reserves the right to reject any and all proposals for any reason, to waive any informality or minor errors as determined by the City in any proposal and to award the Agreement as the best interests of the City may require. The award, if any, may be made by the City within ninety (90) calendar days after the opening of the proposals.

POINT OF CONTACT

This RFP is issued by the City, and the Administration Manager will be the sole point of contact ("Point of Contact") during the RFP submission and procurement process. Communications initiated by respondents to this RFP with members of the City Council, or officers, personnel or employees of the City, other than as coordinated by the Point of Contact, may be grounds for disqualification. Any inquiries or requests during this submission or procurement process shall be submitted in writing to the following Point of Contact:

City of Montebello Transportation Department
Attention: Mark Jimenez
Title: Administration Manager
400 South Taylor Ave.
Montebello, CA 90640
(323) 558-1625 ext. 1105
Email: Mjimenez@montebelloca.gov

If the Point of Contact determines a response to any such inquiry is warranted, said response will be issued to all prospective Proposers via PlanetBids.com

EVALUATION OF PROPOSALS

MBL uses a selection process in which proposals contain both price and qualitative components, and award is based upon a combination of price and qualitative considerations. Qualitative considerations may include experience and qualifications, technical approach, quality of proposed personnel, and/or management plan. The award selection is based upon consideration of a combination of technical and price factors to determine the offer deemed most advantageous to MBL.

An evaluation committee will be appointed to review all proposals. The committee will be comprised of MBL staff. Committee members will initially evaluate each proposal using the pass or fail criteria identified herein. Proposers who pass this first stage of testing will progress to the next step in the evaluation.

MBL will evaluate the offers based on the following criteria: Pass/Fail Criteria

- Proposer has demonstrated the ability to meet the insurance requirements described in the Agreement. Proof of ability, for example a sample certificate with another agency, or a statement that the proposer can meet the insurance requirements in the RFP should be attached to proposal.
- Proposer has demonstrated evidence of good standing. If the proposer is a corporation or limited liability company, provide evidence that it is in good standing in the state of its incorporation/organization and qualified to do business in California. If the Proposer is a partnership or joint venture, provide such evidence for all partners or members. The evidence provided must be in the form of (i) an official certificate of good standing issued by the state of incorporation/organization and (ii) qualification to do business issued by the California Secretary of State. If the proposer is operating under a fictitious name or trade name, provide evidence that the proposer has filed for and/or registered the fictitious name with the county where the proposer's business is located.

On the completion of the initial Pass/Fail review, the committee will evaluate proposals using the two-step process. Qualitative considerations will be reviewed and scored first without attention to the price. The committee will then present the cost and price proposals and evaluate and score them accordingly. During the qualitative evaluation, the committee, at its sole discretion, may contact any or all the proposers with specific questions or requests for clarification. After both the qualitative and cost/price proposals have been evaluated and scored, the committee will arrive at a "comprehensive proposal score" for each proposal. A list of top-ranked proposals within a competitive range will be developed based upon the total comprehensive scores provided by committee members. At this time, the committee may decide that the evaluation process is complete and submit a final recommendation to the Director of Transportation.

The committee may ask the proposers to consider the dialog of negotiations and revise their proposals. A deadline will be set for the submission of the revised proposals. If a Proposer is unable to meet the deadline or chooses not to revise its proposal, its existing

proposal will be rescored along with revised proposals in the same manner as the original proposals.

EVALUATION CRITERIA

The award will be made to the Offeror whose proposal offers the best value to the City. Proposals that meet the pass/ fail criteria now will be evaluated in accordance with the following criteria:

QUALITATIVE CONSIDERATIONS

The proposer's Qualitative Proposal will be evaluated based on the following factors, each having the weighted value set forth below (100 potential points in total):

1	**Project Management Plan** The proposal shall contain a detailed explanation of the project and not a reiteration of the RFP itself. The information offered should be a compendium of the proposer's knowledge of the standards outlined in the Scope of Work.	**20 points**
2	**Proposed Project Team** Qualifications and experience of management and staff and other personnel; comprehensiveness of plan and team's familiarity with the provision of hydrogen refueling services.	**10 points**
3	**Qualifications and Experience** Demonstrate experience completing hydrogen refueling services of the same or similar magnitude. Presentation of a catalog of hydrogen refueling services experience and expertise most advantageous to the City.	**25 points**
4	**Technical Approach** Vendor will submit with their proposal a narrative description of the technical approach to fueling the buses. The narrative description shall include how the system is designed to achieve or exceed the minimum performance requirements, maximize uptime for equipment, minimize fuel supply disruptions, and minimize fuel costs. Understanding of the RFP requirements and illustrating the ability to meet performance objectives, compliance with all technical and administrative requirements, financial viability, accounting, and reporting.	**30 points**
	TOTAL	**85 points**

Price Considerations

The Price proposals will be evaluated as follows:

6	**Price** The proposer's price proposal will be compared to the proposal with the Best Value to the City. The best value responsive price will receive the total weighted value for this criterion. This will be inclusive of the equipment, design, installation, fuel, and O&M services.	**15 points**
	TOTAL	**15 points**

SECTION 3 - OTHER REQUIREMENTS

LICENSING AND PERMITS

The Vendor shall be licensed, bonded, and experienced in performing the services described in the Scope of Work and shall provide evidence of current licensing and permits as required by local, State, and Federal regulations in providing such services.

LIQUIDATION DAMAGES

MBL commits to working cooperatively with the Vendor to resolve personnel and Contract performance challenges as they may arise, however, certain proven contractual violations may result in the assessment of liquidated damages at MBL's discretion.

Whenever assessed, the Vendor will provide a credit letter in the amount specified to be applied to a subsequent invoice. Each such credit letter will include information concerning the date, time and nature off the violation(s), the amount assessed for each and the total amount credited. Failure to comply with any aspect of the Scope of Work may result in a credit to MBL of **$500.**

BOND REQUIREMENTS

Bid Guarantee

The Vendors shall furnish a bid guarantee in the form of a bid bond, or certified treasurer's or cashier's check issued by a responsible bank or trust company, made payable to the City. The amount of such guaranty shall be equal to 10% of the bid price.

In submitting this bid, it is understood and agreed by the Vendor that the City reserves the right to reject all proposals, or part of any proposal, and it is agreed that the Bid may not be withdrawn for a period of (90) days subsequent to the opening of the proposals, without the written consent of City.

It is also understood and agreed that if the undersigned bidder should withdraw any part or all of his bid within (90) days after the bid opening without the written consent of the City, or refuse or be unable to enter into an agreement as provided above, or refuse or be unable to furnish adequate and acceptable Performance and Payment Bonds, or refuse or be unable to furnish adequate and acceptable insurance, as provided above, it shall forfeit its bid guarantee to the extent City's damages occasioned by such withdrawal, or refusal, or inability to enter into an agreement, or provide adequate security thereof.

It is further understood and agreed that to the extent the defaulting Vendor's bid guarantee shall prove inadequate to fully recompense the City for the damages occasioned by default, then the undersigned Vendor agrees to indemnify the City and pay over to the City the difference between the bid guarantee and City's total damages so as to make City whole.

The undersigned understands that any material alteration of any of the above or any of the material contained herein, other than that requested will render the bid unresponsive (Exhibit H. Performance Bid Guarantee). A copy of the bid bond can be submitted via the https://pbsystem.planetbids.com/portal/33072/portal-home Portal.

Performance Guarantee

A Performance Guarantee in the amount of 75% of the Agreement value is required by the City to ensure faithful performance of the Agreement. Either a Performance Bond or an Irrevocable Standby Letter of Credit shall be provided by the Vendor and shall remain in full force for the term of the Agreement.

The successful Vendor shall certify that it will provide the requisite Performance Guarantee to the City within ten (10) business days from Agreement execution (Exhibit I. Performance Bond). The City requires all Performance Bonds to be provided by a fully qualified surety company acceptable to the City and listed as a company currently authorized under 31 C.F.R. part 22 as possessing a Certificate of Authority as described hereunder. The City may require additional performance bond protection when the contract price is increased. The increase in protection shall generally equal 100 percent of the increase in the contract price. The City may secure additional protection by directing the Vendor to increase the amount of the existing bond or to obtain an additional bond.

If the Vendor chooses to provide a Letter of Credit as its Performance Guarantee, the City shall furnish with its bid, certification that an Irrevocable Standby Letter of Credit will be furnished should the Bidder become the successful Vendor. The Vendor shall also provide a statement from the banking institution certifying that an Irrevocable Standby Letter of Credit for the action will be provided if the Contract is awarded to the Bidder. The Irrevocable Stand-By Letter of Credit will only be accepted by the City if:

1. A bank in good standing issues it. The City will not accept a Letter of Credit from an entity other than a bank.
2. It is in writing and signed by the issuing bank.
3. It conspicuously states that it is an irrevocable, non-transferable, "standby" Letter of Credit.
4. The City is identified as the Beneficiary.
5. It is in an amount equal to 100% of the Contract first year value. This amount must be in U.S. dollars.
6. The effective date of the Letter of Credit is the same as the effective date of the Contract.
7. The expiration date of the Letter of Credit coincides with the term of this Agreement.

8. It indicates that it is being issued to support the obligation of the Vendor to perform under the Contract. It must specifically reference the Contract between the City and the Vendor the work stipulated herein.

The issuing bank's obligation to pay will arise upon the presentation of the original Letter of Credit and a certificate and draft (similar to the attached forms contained in Exhibit J. Irrevocable Stand-By Letter of Credit Certificate and Exhibit K. Bank Draft) to the issuing bank's representative at a location and time to be determined by the parties. This documentation will indicate that the Vendor is in default under the Contract.

INCORPORATION OF FTA TERMS

The following provisions include, in part, certain Standard Terms and RFP 25-12 Temporary Hydrogen Refueling Solution Service Conditions required by the Federal Transit Administration (FTA), whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by FTA, as set forth in FTA Circular 4220.1 and in accordance with the FTA federal clauses as outlined in the Master Agreement hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this contract. The Vendor shall not perform any act, fail to perform any act, or refuse to comply with any MBL requests which would cause MBL to be in violation of the FTA terms and conditions.

MBL staff will be responsible for the movement of buses and activation of the dispenser. Dispenser faults, partial fills (less than 95% SOC), or any other errors or delays within the scope of Contractor shall be considered a failure of the operational performance test. Time between dispensing events not within Contractor's control shall be considered as additional time for the purpose of the two-hour time period. Any station start-up processes required prior to initiating the first fill will not be counted within the two (2) hour time window.

D. MBL will prepare the three (3) buses starting fuel tank levels to simulate typical operations, requiring Contractor to reach the minimum target SOC level of at least 95% whereby 100% is defined as 24 grams per liter in the onboard fuel storage system when equilibrated at 350 bar pressure and 15 degrees Celsius (15° C).

E. SOC shall be verified by evaluation of FCEB onboard tank temperature and pressure data the day after the fueling events once the tank temperature has equilibrated with ambient temperature. The bus will not be driven after fueling other than to park it. Dispenser-reported SOC will be compared against SOC calculated

with FCEB on-board tank temperature and pressure data. H_2 temperature versus density correlation will be determined using tables from the National Institute of Standards and Technology (NIST).

F. All buses must be successfully filled using IrDA communication if that functionality is provided on the system.

In the event of any such termination for default by VENDOR, CITY may take over the work and prosecute the same to completion by contract or otherwise for the account and at the expense of VENDOR. VENDOR and his sureties shall be liable to CITY for any excess cost occasioned in the event of any such termination. This change shall not be construed to prevent the termination, for other causes authorized by law or other provisions of this contract. In the event of a termination for cause, VENDOR shall only be entitled to Compensation for those Professional Services satisfactory performed on or before the effective date of termination.

B. Termination for Convenience. CITY shall have the option, at its sole discretion and without cause, to terminate this Agreement in whole, or in part, after giving written notice to VENDOR at least five (5) business days before the termination is to be effective. Upon the termination of this Agreement as provided herein, CITY shall provide to VENDOR the part of Compensation which would otherwise be payable to VENDOR for services VENDOR had completed as of the date of termination, less the amount of all previous payment with respect to the Compensation. Further, upon such a termination for convenience by CITY, the Parties agree that VENDOR shall be reimbursed for any "non-refundable" costs that VENDOR has incurred for its services under this Agreement, provided that: (1) such "non- refundable" costs were incurred by VENDOR prior to the date of termination; (2) that VENDOR provides CITY with

adequate proof that VENDOR incurred the costs, and is unable to be seek a refund for such costs; and (3) such costs were within the scope of work or services to be performed under this Agreement. Such "non-refundable" costs may include, but are not limited to, travel reservations incurred by VENDOR for its performance of services under this Agreement. VENDOR agrees to cease all work under this Agreement on or before the effective date of any notice of termination.

SECTION 9. EMPLOYMENT OF CITY EMPLOYEES.

No regular employee of CITY shall be employed by VENDOR during the Term of this Agreement.

SECTION 10. NON-LIABILITY OF CITY OFFICIALS AND EMPLOYEES.

No official or employee of CITY shall be personally liable to VENDOR in the event of any default or breach by CITY, or for any amount which may become due to VENDOR.

SECTION 11. INDEPENDENT CONTRACTOR.

A. VENDOR is and shall, at all times, remain as to CITY a wholly independent vendor. Neither CITY nor any of its elected officials, officers, employees or agents shall have control over the conduct of VENDOR except as expressly set forth in this Agreement. VENDOR shall not at any time or in any manner represent that he is in any manner an elected official, officer, employee or agent of CITY. No employee benefits shall be available to VENDOR in connection with the performance of this Agreement. Except as provided in this Agreement, CITY shall not pay salary, wages, or other compensation to VENDOR for performance hereunder for CITY. CITY shall not be liable for compensation to VENDOR, VENDOR's employees or VENDOR's sub-contractors for injury or sickness arising out of performing services hereunder.

B. The parties further acknowledge and agree that nothing in this Agreement shall create or be construed to create a partnership, joint venture, employment relationship or any other relationship except as set forth in this Agreement.

C. CITY shall not deduct from the Compensation paid to VENDOR any sums required for Social Security, withholding taxes, FICA, state disability insurance or any other federal, state or local tax or charge which may or may not be in effect or hereinafter enacted or required as a charge or withholding on the compensation paid to VENDOR. CITY shall have no responsibility to provide VENDOR, its employees or sub-contractors with workers' compensation insurance or any other insurance.

SECTION 12. PERS ELIGIBILITY INDEMNITY.

A. In the event that VENDOR or any employee, agent, or sub-contractor of VENDOR providing services under this Agreement claims or is determined by a court of competent jurisdiction or the California Public Employees Retirement System (PERS) to be eligible for enrollment in PERS as an employee of CITY, VENDOR shall indemnify, defend, and hold harmless CITY for the payment of any employee and/or employer contributions for PERS benefits on behalf of VENDOR or its employees, agents, or sub-contractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of CITY.

B. Notwithstanding any other agency, state or federal policy, rule, regulation, law or

ordinance to the contrary, VENDOR and any of its employees, agents, and sub-contractors providing service under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any claims to, any compensation, benefit, or any incident of employment by CITY, including but not limited to eligibility to enroll in PERS as an employee of CITY and entitlement to any contribution to be paid by CITY for employer contribution and/or employee contributions for PERS benefits.

SECTION 13. LEGAL RESPONSIBILITIES.

VENDOR shall at all times observe and comply with all applicable laws, ordinances, codes and regulations of the federal, state and local governments including, but not limited to the Montebello Municipal Code. The CITY, and its appointed or elected officers, employees, or agents, shall not be liable at law or in equity occasioned by failure of VENDOR to comply with this section.

SECTION 14. INDEMNIFICATION.

VENDOR agrees to, and shall defend, indemnify, protect and hold harmless, CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers from and against any and all claims, demands, lawsuits, defense costs, civil, penalties, expenses, causes of action, and judgments at law or in equity, or liability of any kind or nature which CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers may sustain or incur or which may be imposed upon them for injuries or deaths of persons, or damage to property arising out of VENDOR'S negligent or wrongful act, or omission under the terms of this Agreement, except only liability arising out of the sole negligence of CITY.

SECTION 15. INSURANCE COVERAGE.

During the Term of this Agreement, VENDOR shall carry, maintain, and keep in full force and effect all following minimum scope of insurance against claims for death or injuries to persons or damages to property that may arise from or in connection with VENDOR's performance of this Agreement. Such insurance shall be of the types and in the amounts as set forth below:

Commercial General Liability (CGL): Broad-form, Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis for bodily injury and property damage, including premise-operations, products-completed operations, broad form property damage, blanket contractual liability, independent contractors, personal injury or bodily injury, and advertising injury, with limits no less than **Two Million Dollars and Zero Cents** ($2,000,000), combined single limits, per occurrence. If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

Business Automobile Liability Insurance: For owned vehicles, hired, and non-owned vehicles, Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if VENDOR has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than **One Million Dollars and Zero Cents** ($1,000,000.00) per accident for bodily injury and property damage.

Worker's Compensation insurance as required by the laws of the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than **One Million Dollars and Zero Cents** ($1,000,000.00) per accident for bodily injury or disease. VENDOR agrees to waive, and to obtain endorsements from its workers' compensation insurer waiving subrogation rights under its workers' compensation insurance policy against CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers for losses arising from work performed by VENDOR for CITY and to

require each of its sub-contractors, if any, to do likewise under their workers' compensation insurance policies.

By executing this Agreement, VENDOR further certifies as follows:

I am aware of, and will comply with, Section 3700 of the Labor Code, requiring every employer to be insured against liability of Workers' Compensation or to undertake self-insurance before commencing any of the work contemplated herein.

Professional Errors and Omissions (E&O) Liability insurance appropriate to the VENDOR's profession, with limit no less than **Two Million Dollars and Zero Cents** ($2,000,000.00) per occurrence or claim, **Two Million Dollars and Zero Cents** ($2,000,000.00) aggregate. Architects' and engineers' coverage shall be endorsed to include contractual liability. If the policy is written as a "claims made" policy, the retroactivity date shall be prior to the start of work set forth herein, VENDOR shall obtain and maintain said E&O liability insurance during the Term of this Agreement and for five (5) years after completion of work hereunder. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the effective date of this Agreement, VENDOR shall purchase "extended reporting" coverage for a minimum of five (5) years after completion of the work.

If VENDOR maintains higher limits than the minimums shown above, CITY requires and shall be entitled to coverage for the higher limits maintained by VENDOR. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to CITY.

VENDOR shall require each of its sub-contractors, if any, to maintain insurance coverage that meets all requirements of this Agreement.

The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California, with a current rating of at least A: VII in the latest edition of Best's Insurance Guide and approved by CITY.

Each insurance policy required herein shall state that coverage shall not be canceled, except after providing CITY thirty (30) days' (or ten [10] calendar days for non-payment) prior written notice. VENDOR agrees that if it does not keep the aforesaid insurance in full force and effect CITY may either: (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at VENDOR'S expense, the premium thereon.

At all times during the Term of this Agreement, VENDOR shall maintain on file with CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming CITY, its officers, agents, employees and volunteers as an additional insured. VENDOR shall, prior to commencement of work under this Agreement, file with CITY's Risk Manager such certificate(s).

VENDOR shall provide proof that policies of insurance required herein expiring during the Term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers as additional insureds. All policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty (30) days' prior written notice to CITY. VENDOR agrees to require its insurer to modify the certificates of insurance to

delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

Except for professional liability and workers' compensation policies, the policies herein are primary and non-contributing with any insurance that may be carried by CITY. Any insurance or self-insurance maintained by CITY, its officers, employees, agents or volunteers, shall be in excess of VENDOR's insurance and shall not contribute with it.

All insurance coverage provided pursuant to this Agreement shall not prohibit VENDOR and VENDOR's employees, agents or sub-contractors, from waiving the right of subrogation prior to a loss. VENDOR hereby waives all rights of subrogation against CITY. VENDOR agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether CITY has received a waiver if subrogation endorsement from the insurer.

Coverage not affected. Any failure to comply with the reporting provisions of the policies contemplated herein, shall not affect coverage provided to CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers.

Coverage applies separately. VENDOR's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

Any deductibles or self-insured retentions must be declared to and approved by CITY. At the option of CITY, VENDOR shall either reduce or eliminate the deductibles or self-insured retentions with respect to CITY, or VENDOR shall procure a bond guaranteeing payment of losses and expenses.

Procurement of insurance by VENDOR shall not be construed as a limitation of VENDOR's liability or as fall performance of VENDOR's duties to indemnify, hold harmless and defend under Section 9 of this Agreement.

CITY, its officers and employees shall not be responsible for any claims in law or in equity occasioned by the failure of VENDOR to comply with this section.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

VENDOR shall not subcontract, delegate or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-contractor, delegee, or assignee, and an explanation of why and how the same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of VENDOR and shall not bind or purport to bind CITY and shall not release VENDOR from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-contractors. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to VENDOR under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not

constitute the waiver of any other term, condition or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Article shall survive the expiration or termination of this Agreement.

SECTION 19. ATTORNEY'S FEES AND COSTS.

If litigation is reasonably required to enforce or interpret the provisions of this Agreement, the prevailing party in such litigation shall be entitled to an award of reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

Each of the parties represents and warrants to one another as follows:

A. It has received independent legal advice from its attorneys with respect to the advisability of entering and executing this Agreement;

B. In executing this Agreement, it has carefully read this Agreement, knows the contents thereof, and has relied solely on the statements expressly set forth herein and has placed no reliance whatsoever on any statement, representation, or promise of any other party, or any other person or entity, not expressly set forth herein, nor upon the failure of any other party or any other person or entity to make any statement, representation or disclosure of *any* matter whatsoever; and

C. It is agreed that each party has the full right and authority to enter into this Agreement, and that the person executing this Agreement on behalf of either party has the full right and authority to fully commit and bind such party to the provisions of this Agreement.

B. Whenever the context hereof shall so require, the singular shall include the plural, the male gender shall include the female gender, and the neuter and vice versa.

C. In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision hereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provisions had never been contained herein.

D. The representations and warranties made by the parties to this Agreement shall survive

the consummation of the transaction herein described.

E. This Agreement may be signed in any one or more counterparts all of which taken together shall be but one and the same Agreement. Any signed copy of this Agreement or of any other document or agreement referred to herein, or copy or counterpart thereof, delivered by facsimile transmission, shall for all purposes be treated as if it were delivered containing an original manual signature of the party whose signature appears in the facsimile and shall be binding upon such party in the same manner as though an originally signed copy had been delivered.

F. Each of the parties acknowledges that it has been represented by independent counsel of its own choosing, or if it has not been so represented, it has been admonished to obtain independent counsel and has freely and voluntarily waived and relinquished the right to counsel. Each party who has not obtained independent counsel acknowledges that the failure to have independent legal counsel will not excuse such party's failure to perform under this Agreement or any agreement referred to in this Agreement.

G. To the extent of a conflict between the terms of this Agreement and those set forth in any exhibits or attachments hereto, the terms of this Agreement shall govern.

SECTION 22. NOTICE.

MASTER AGREEMENT

PREFACE

Statutory Authorities

This is the official Federal Transit Administration (FTA) Master Agreement that applies to each Underlying Agreement (Grant Agreement, Cooperative Agreement, Loan Agreement, Loan Guarantee Agreement, or Line of Credit Agreement) for a specific Award authorized by:

(a) Federal transit laws, 49 U.S.C. chapter 53, as amended, including the following:

(1) The Infrastructure Investment and Jobs Act of 2021 (IIJA), Public Law No. 117-58, November 15, 2021, and other authorizing legislation that may be enacted;

(2) The Fixing America's Surface Transportation (FAST) Act, Public Law No. 114-94, December 4, 2015;

(3) The Moving Ahead for Progress in the 21st Century Act (MAP-21), Public Law No. 112- 141, July 6, 2012, as amended by the Surface Transportation and Veterans Health Care Choice Improvement Act of 2015, Public Law No. 114-41, July 31, 2015; and

(4) The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), Public Law No. 109-59, August 10, 2005, as amended by the SAFETEA-LU Technical Corrections Act of 2008, Public Law No 110-244, June 6, 2008.

(b) Continuing Resolutions or Other Appropriations Resolutions or Acts funding the Department of Transportation during Fiscal Year 2025.

(c) Title 23, United States Code (Highways).

(d) Other federal legislation that FTA administers, as FTA so determines.

Purpose of this Master Agreement

This FTA Master Agreement contains the standard terms and conditions that apply to the Underlying Agreement with the Recipient, which Underlying Agreement may take the form of an:

(a) FTA Grant Agreement, including an FTA Grant Agreement for an award of federal assistance under the Tribal Transit Program;

(b) FTA Cooperative Agreement; or

(c) Transportation Infrastructure Finance Innovation Act (TIFIA) or Railroad Rehabilitation and Improvement Financing (RRIF) Loan, Loan Guarantee, Line of Credit, Master Credit Agreement for a Project overseen by FTA, or State Infrastructure Bank (SIB) Cooperative Agreement.

THEREFORE, in consideration of the mutual covenants, promises, and representations herein, FTA and the Recipient agree as follows:

GENERALLY APPLICABLE PROVISIONS

Section 1. Terms of this Master Agreement and Compliance.

(a) The Recipient must comply with all applicable federal laws, regulations, and requirements, and should follow applicable federal guidance, except as FTA determines otherwise in writing.

(b) To assure compliance with federal laws, regulations, and requirements, the Recipient must take measures to assure that other participants in its Underlying Agreements (e.g., Third Party Participants) comply with applicable federal laws, regulations, and requirements, and follow applicable federal guidance, except as FTA determines otherwise in writing.

(c) FTA may take enforcement action if the Recipient or a Third Party Participant violates an applicable federal law, regulation, or requirement, or does not follow applicable federal guidance.

(d) FTA and the Recipient agree that not every provision of this Master Agreement will apply to every Recipient or Underlying Agreement.

(1) FTA has divided this Master Agreement into the "Preface," "Generally Applicable Provisions," and "Special Provisions for Specific Programs."

(2) This Master Agreement has an Appendix A illustrating the specific provisions of this Master Agreement that apply to the Tribal Transit Programs.

(3) Criteria determining which federal laws, regulations, requirements, and guidance apply include the type of Award, the federal law authorizing federal assistance for the Award, the federal law, regulations, or requirements governing how the Award must be implemented, the federal guidance pertaining to the Award, and the Recipient's legal status as a "state," "state instrumentality," a "local government," a federally recognized Indian Tribe (Indian Tribe), a "private nonprofit entity," a "private for-profit entity," or an individual.

(e) As provided in federal laws, regulations, requirements, and guidance, FTA will enforce only those federal laws, regulations, requirements, and guidance that apply to the specific FTA Recipient, its Third Party Participants, or to any Project and related activities encompassed in the Award, the accompanying Underlying Agreement, and any Amendments thereto.

(f) Each provision of this Master Agreement must be interpreted in context with all other provisions of this Master Agreement and the Underlying Agreement. If a single provision is read apart from the rest of this Master Agreement or the Underlying Agreement, that provision might not convey the extent of the Recipient's responsibility to comply with the requirements of this Master Agreement and the Underlying Agreement.

(g) This Master Agreement does not have an Expiration Date. This Master Agreement continues to apply to the Recipient and its Underlying Agreement, until modified or superseded by a more recently enacted or issued applicable federal law, regulation, requirement, or guidance, or Amendment to this Master Agreement or the Underlying Agreement.

Section 2. Definitions.

(a) *List of Definitions*. In addition to the definitions provided in 49 U.S.C. § 5302, as amended, or in previous legislation if circumstances may require, the Recipient agrees that the following definitions apply:

(1) *Application* means the request for federal assistance submitted that is signed and dated by the Applicant or an official authorized to act on the behalf of the Applicant, and includes all explanatory, supporting, and supplementary documents filed with FTA by or on behalf of the Applicant, and has been reviewed by FTA staff and addresses FTA's comments and concerns. An application for federal assistance in the form of a Grant or Cooperative Agreement must be submitted in FTA's Transit Award Management System (TrAMS).

(2) *Approval*, unless FTA determines otherwise in writing, means a written statement of an authorized federal official transmitted electronically or in typewritten hard copy expressly permitting the Recipient to take or omit an action in connection with its Underlying Agreement, and signed by a federal official authorized to permit the Recipient to take or omit an action that may not be taken or omitted without the Federal Government's permission. Approval does not mean permission to take or omit a similar action other than the specific action for which approval was given and does not include an oral permission or interpretation, which has no legal force, authority, or effect. For purposes of this Master Agreement, the definition of "approval" also applies to "concurrence" and "waiver."

(3) *Associated Transit Improvement* means, with respect to a Project or an area to be served by a Project, an activity that is designed to enhance transit service or use and that is physically or functionally related to transit facilities.

(4) *Award* means the Scope of Work that FTA has approved when FTA agreed to provide federal assistance. The Award also includes the requirements of all documents, terms, and conditions incorporated by reference and made part of the Underlying Agreement, which may be a Grant or Cooperative Agreement.

(5) *Award Budget* [formerly, *Approved Project Budget*] means the budget for all the Projects encompassed by the FTA Award. In contrast, Project Budget means the budget allocated for a single Project contained within an Award that FTA or a pass-through entity approves during the federal award process or in subsequent amendments to the FTA Award. It may include the federal and non-federal share or only the federal share, as determined by FTA or the pass-through entity. For legal and other purposes, FTA reserves the right to consider information other than that displayed electronically or on paper in the "Award Budget" to determine the scope of the Award, eligible Project activities, and other terms used in connection with the Award.

(6) *Common Rules* means any one or more of the following:

(i) U.S. DOT regulations, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," 2 CFR Part 1201, which incorporates by reference U.S. Office of Management and Budget (OMB) regulatory guidance, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," 2 CFR Part 200;

(ii) U.S. DOT regulations, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," former 49 CFR Part 18; and

(iii) U.S. DOT regulations, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-profit Organizations," former 49 CFR Part 19.

(7) *Concurrence* has the same meaning as the definition of Approval in this section of this Master Agreement.

(8) *Cooperative Agreement* means an instrument that the Federal Government uses to award federal assistance to the Recipient to support each specific Project and related activities described in the Underlying Agreement in which, consistent with 31 U.S.C. § 6305, the Federal Government takes an active role and retains substantial control. An FTA Cooperative Agreement consists of three parts:

(i) The FTA Award, consisting of the amount of federal assistance FTA is providing to support each specific Project and related activities, and a description of each Project as set forth in the Application submitted to FTA in TrAMS or on paper if permitted;

(ii) The Terms and Conditions incorporated by reference and made part of the Cooperative Agreement consisting of the following documents, irrespective of whether electronic or in typewritten hard copy, including:

(A) The most recent Federal Transit Administration Master Agreement, which applies to this Cooperative Agreement;

(B) The current Certifications and Assurances applicable to the FTA Award that the Recipient has selected and provided to FTA; and

(C) Any Award notification containing special conditions or requirements if issued; and

(iii) The Execution of the Cooperative Agreement by the Recipient.

(9) *Designated Recipient* means an entity designated, in accordance with the planning process under 49 U.S.C. §§ 5303 and 5304, by the governor of a state, responsible local officials, and publicly owned operators of public transportation, to receive and apportion amounts under 49 U.S.C. § 5336 to urbanized areas of 200,000 or more in population; or a state or regional authority, if the authority is responsible under the laws of a state for a Capital Project and for financing and directly providing public transportation.

(10) *Disability* has the same meaning as in section 3(1) of the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12102.

An FTA Grant Agreement consists of three parts:

(i) The FTA Award, consisting of the amount of federal assistance FTA is providing to support each specific Project and related activities, and a description of each Project as set forth in the Application submitted to FTA in TrAMS or on paper if permitted;

(ii) The Terms and Conditions incorporated by reference and made part of the Grant Agreement consisting of the following documents, irrespective of whether electronic or in typewritten hard copy, including:

(23) *Internal Controls* means a process, implemented by a Recipient or Subrecipient, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (a) effectiveness and efficiency of operations, (b) reliability of reporting for internal and external use, and (c) compliance with applicable laws, regulations, and requirements.

(24) *Local Government Authority* includes (a) a political subdivision of a state; (b) an authority of at least one state or political subdivision of a state; (c) an Indian tribe; and (d) a public corporation, board, or commission established under the laws of a state.

(25) *Low-Income Individual*, for purposes of 49 U.S.C. § 5311(j)(1)(A)(iii), means an individual whose family income is at or below 100 percent of the poverty line, as that term is defined in section 673(2) of the Community Services Block Grant Act, 42 U.S.C. § 9902(2), including any revision required under that section, for a family of the size involved.

(26) *Master Credit Agreement* means a conditional agreement to extend one or more loans to a Recipient under the Transportation Infrastructure Finance and Innovation Act (TIFIA) of 1998, as amended, 23 U.S.C. §§ 601 – 609, or the Railroad Rehabilitation and Improvement Financing (RRIF) program, 45 U.S.C. §§ 821 – 823, and also means the type of Underlying Agreement used for the TIFIA or RRIF loans.

(27) *Non-Federal Funds* or *Non-Federal Share* includes the following sources of funding or in-kind property or services used to match the federal assistance awarded for the Grant or Cooperative Agreement:

(i) Local funds;

(i) Intercity passenger rail transportation provided by Amtrak or a successor thereof as described in 49 U.S.C. chapter 243;

(ii) Intercity bus service;

(iii) Charter service;

(iv) School bus service;

(v) Sightseeing service;

(32) *Scope of Work* means the purpose of the Grant Agreement or Cooperative Agreement and the activities and approaches required to carry out a Project. The scope of work consists of various components, including the Award Budget, beneficiaries, locations, and other aspects identified in the approved application. FTA reserves the right to consider other information in determining the scope of the Project or the "scope of work of a Grant Agreement or Cooperative Agreement" when "scope" is used for other purposes. See the latest edition of the FTA Master Agreement.

(33) *Split Letter* (sometimes referred to as a suballocation letter or government subapportionment letter) means a letter in which a Designated Recipient of Urbanized Area Formula Grant Program funding authorized by 49 U.S.C.

§ 5307, a Designated Recipient of Formula Grants for Enhanced Mobility of Seniors and Individuals with Disabilities authorized by 49 U.S.C. § 5310, a Designated Recipient of the State of Good Repair Formula Grants, 49 U.S.C. § 5337, agrees to a reassignment or reallocation of that federal assistance to one or more direct Recipients.

(34) *Subagreement* or *Subgrant* means an agreement through which the Recipient awards federal assistance to its Subrecipient(s) to support or stimulate any of the Recipient's or Subrecipient's Projects or related activities supported under the Award, the accompanying Underlying Agreement, or Amendments thereto, but does not include a third party contract, third party subcontract, or lease.

(35) *Subrecipient* or *Subgrantee* means any entity or person that receives federal assistance provided by an FTA Recipient instead of FTA directly, but does not include a Third Party Contractor, Third Party Subcontractor, or Lessee.

(36) *Third Party Agreement* includes agreements or arrangements supported in whole or in part with federal assistance awarded to a Recipient by FTA, including a subagreement with a subrecipient, a third party contract, a third party subcontract, a lease, or similar arrangement or agreement as FTA may recognize.

(37) *Third Party Contract* means a legal instrument by which a Recipient or Subrecipient purchases property or services needed to carry out the Grant Agreement or Cooperative Agreement. This does not include an instrument describing a transaction that meets the definition of a federal Award, Grant, Cooperative Agreement, Subaward, or Subagreement.

(38) *Third Party Participant* means each participant in the Recipient's Project, except for FTA and the Recipient, whose work under the Project is supported with FTA funding, eligible non-federal share dedicated to the Project, or is dedicated as an in-kind contribution eligible for non-federal share. A Third Party Participant may be a Subrecipient, Third Party Contractor, Third Party Subcontractor, Lessee, or Similar Participant in the Recipient's Project (for example, a partner in a joint development venture).

(39) *Third Party Subcontract* means a subcontract entered into by the Third Party Contractor with a Third Party Subcontractor, or a Third Party Subcontractor with another Third Party Subcontractor at any tier, and is supported in whole or in part with the federal assistance originally derived from FTA, or non-federal share dedicated to the Recipient's Underlying Agreement.

(40) *Underlying Agreement* means a specific Grant Agreement, Cooperative Agreement, or, with respect to TIFIA or RRIF assistance, a specific Loan Agreement, Line of Credit Agreement, or Loan Guarantee Agreement that incorporates the terms of this Master Agreement, in each case including any amendments thereto, supported with federal assistance appropriated or made available under the authorized program.

(41) *Unique Entity Identifier* has two meanings:

(i) A Recipient's or a Subrecipient's unique entity identifier for purposes of the "System of Award Management" (SAM), which currently is the DUNS Number; but

(ii) For FTA purposes, FTA assigns a separate Recipient/Vendor ID as a "unique entity identifier," which is a four-digit number and is displayed on the Grant Agreement and the Cooperative Agreement following the heading "Recipient ID."

(42) *Waiver* has the same meaning as the definition of Approval in this section of this Master Agreement.

(b) *Application of Definitions*. The Recipient also agrees that the definitions in section 2(a) above apply throughout this Master Agreement.

Section 3. Implementation.

(a) *Effective Date*. The Effective Date of Recipient's Underlying Agreement is the date when the authorized FTA official signs the Underlying Agreement.

(b) *Description of Each Project*. The "Description of Each Project" in the "Executive Summary" of the "FTA Award" section of the Recipient's Underlying Agreement often provides only a brief description of each Project and related activities to be undertaken by the Recipient; therefore, the Recipient agrees to perform the work described in the terms of its Underlying Agreement, including all the documents and information incorporated by reference and made part of that Underlying Agreement.

(c) *Prompt Implementation*. After receiving notice that the FTA official signed the Underlying Agreement, the Recipient agrees to undertake promptly each Project and related activities described in the Underlying Agreement.

(d) *Completion Dates*. The Recipient agrees to complete each Project within the time periods specified in the Underlying Agreement and all activities must be completed by the Award's end date, unless FTA agrees in writing to extend the end date. Unless FTA determines otherwise in writing, interim milestone dates and other completion

dates applicable to the Award are good faith estimates and are not intended to be firm contractual requirements. However, FTA and the Recipient agree that milestone dates and other completion dates for Full Funding Grant Agreements, Small Starts Grant Agreements or other specific agreements in which FTA expressly states that the milestone dates or other completion dates for the Underlying Agreement are firm dates that may be enforced.

(e) *The Recipient's Capacity*. To carry out its Underlying Agreement, the Recipient agrees to maintain:

(1) Sufficient legal, financial, technical, and managerial capacity, and adequate functional capacity to:

(i) Plan, manage, and complete its responsibilities outlined in the Underlying Agreement;

(ii) Use the Project property;

(iii) Carry out the safety and security aspects of the Underlying Agreement;

(iv) Comply with the terms and conditions of the Underlying Agreement, the Recipient's annual Certifications and Assurances to FTA, and applicable federal laws, regulations, and requirements; and

(v) Follow applicable federal guidance, except as the Federal Government determines otherwise in writing.

(2) Strong internal controls to assure that it is managing its Award in compliance with federal laws, regulations, requirements, and the terms and conditions of the Underlying Agreement including, but not limited to:

(i) Amendments or revisions to its Award Budget;

(ii) Salaries and wages of the Recipient's and Subrecipient's personnel;

(iii) Protection of personally identifiable information and other sensitive information; and

(iv) Other matters that must be in compliance with federal laws, regulations, requirements, and the terms and conditions of the Underlying Agreement.

(f) *U.S. DOT Administrative Requirements*. The Recipient agrees to comply with the following U.S. DOT regulations (Common Rules) to the extent applicable:

(1) *Requirements Applicable On or After December 26, 2014*. The following requirements apply to the Award, the accompanying Underlying Agreement, and any Amendments thereto signed by an authorized FTA official on or after December 26, 2014 as follows:

(i) U.S. DOT regulations, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," 2 CFR Part 1201, which incorporates by reference U.S. OMB regulatory guidance, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," 2 CFR Part 200, and which applies to an Award, the accompanying Underlying Agreement, and any Amendments to any Underlying Agreement with a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization; and

(ii) Except as FTA determines otherwise in writing, U.S. DOT regulations, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," 2 CFR Part 1201, and subparts A through E of U.S. OMB regulatory guidance, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," 2 CFR Part 200, apply to a private for-profit entity; notably, the Cost Principles of Part 31 of the Federal Acquisition Regulation, which permits the payment of profits or fees for work under procurement contracts, generally will not apply to private for-profit entities.

(2) *Requirements Applicable Before December 26, 2014*. The following requirements apply to the Award, the accompanying Underlying Agreement, and any Amendments thereto signed by an authorized FTA official before December 26, 2014, as follows:

(i) For a state, local government, or Indian tribal government, U.S. DOT regulations, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," former 49 CFR Part 18;

(ii) For an institution of higher education or a nonprofit organization, U.S. DOT regulations, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education; Hospitals, and Other Non-Profit Organizations," former 49 CFR Part 19; or

(iii) For a private for-profit organization, U.S. DOT regulations, "Uniform Administrative Requirements for Grants and Agreements with

Institutions of Higher Education, Hospitals, and Other Non-profit Organizations," former 49 CFR Part 19.

(g) *Application of Federal, State, and Local Laws, Regulations, Requirements, and Guidance*. The Recipient agrees to comply with all applicable federal requirements and follow applicable federal guidance. All standards or limits are minimum requirements when those standards or limits are included in the Recipient's Underlying Agreement or this Master Agreement. At the time the FTA official awards federal assistance to the Recipient in support of the Underlying Agreement, the federal requirements and guidance that apply then may be modified from time to time, and will apply to the Recipient or the accompanying Underlying Agreement, except as FTA determines otherwise in writing.

(h) *The Recipient's Responsibility to Comply with Federal Requirements*. Irrespective of involvement by any other entity in the Underlying Agreement:

(1) *General*. The Recipient agrees to comply with all federal requirements that apply to itself and the Underlying Agreement.

(2) *Primary Responsibility for Compliance*.

(i) The Recipient, as the Direct Recipient of federal assistance, agrees that it is ultimately responsible for full compliance with federal requirements related to itself, its Award, the accompanying Underlying Agreement, and any Amendments thereto, even though:

(A) A Third Party Participant provides property or services to support a Project or related activities implementing the Award, the accompanying Underlying Agreement, any Amendments thereto; or

(B) Another entity or person is involved with the Award, the accompanying Underlying Agreement, or any Amendments thereto.

(ii) FTA and the Recipient agree that if FTA makes an Award to a Recipient other than the Designated Recipient as defined under 49 U.S.C. § 5302, the Designated Recipient is not a party to the Award or the Underlying Agreement and is not responsible for compliance with federal requirements related to the Underlying Agreement. However, if FTA makes an Award to a Designated Recipient, then that Designated Recipient is responsible for compliance with federal requirements related to its Underlying Agreement. FTA and the Recipient further agree to the terms of the

Designated Recipient's Split Letter, Suballocation Letter, or Government Subapportionment Letter attached in TrAMS, including the amounts allocated by the Designated Recipient to each Direct Recipient, and the commitment to comply with the associated transit improvement requirement as stated in that letter.

(iii) Apart from other oversight and reviews FTA may conduct, the Recipient agrees that FTA is expressly authorized to conduct oversight of the Recipient's and its Subrecipients' compliance with federal requirements for safety and security, procurement (including Buy America requirements), management, and finance.

(i) *The Recipient's Responsibility to Extend Federal Requirements to Third Party Participants*. In certain circumstances, the Recipient's compliance with specific federal requirements depends on compliance by its Third Party Participant(s) with those federal requirements, and therefore:

(1) *General*. The Recipient agrees to ensure that its Third Party Participant(s) will comply with applicable federal requirements, and follow applicable federal guidance.

(2) *The Recipient as a "Pass-Through" Entity*. If the Recipient is providing a subaward to a Subrecipient to carry out all or part of its Award, the Recipient agrees to obtain the agreement of each Subrecipient to comply with U.S. DOT's administrative requirements, as set forth above.

(3) *Performance of the Recipient's Responsibilities*. If a Third Party Participant is expected to fulfill any responsibilities typically performed by the Recipient, the Recipient agrees to ensure that the Third Party Participant will carry out the Recipient's responsibilities in compliance with federal requirements, and provide enough information to each Third Party Participant so that it understands that it will be expected to follow federal guidance.

(4) *Risk*. As provided in 2 CFR Part 1201, which incorporates by reference 2 CFR Part 200, the Recipient agrees to evaluate the risk involved before awarding a subagreement to any entity.

(5) *Third Party Agreements*. To comply with federal requirements, the Recipient agrees to enter into a written Third Party Agreement with each Third Party Participant in its Underlying Agreement and must include all appropriate provisions stating the Third Party Participant's responsibilities to assure the Recipient's capability to comply with applicable federal requirements and

guidance and specifying the responsibilities that the Third Party Participant will fulfill on the Recipient's behalf.

(6) *Notice to Third Party Participants*. The Recipient agrees to include notice in each Third Party Agreement that:

(i) Federal requirements that apply to the Recipient or the Award, the accompanying Underlying Agreement, and any Amendments thereto may change due to changes in federal law, regulation, other requirements, or guidance, or changes in the Recipient's Underlying Agreement including any information incorporated by reference and made part of that Underlying Agreement; and

(ii) Applicable changes to those federal requirements will apply to each Third Party Agreement and parties thereto at any tier.

(j) *Changed Circumstances*. The Recipient agrees that changed circumstances may occur that may impact the Recipient's ability to comply with the terms and conditions of the Underlying Agreement.

(1) *Types of Changes*. Certain circumstances can cause significant changes in performance of a Project or related activities or adversely affect the Recipient's ability to carry out its Underlying Agreement, such as:

(i) A change in federal requirements or guidance;

(ii) A change in state, territorial, local, or tribal requirements;

(iii) A change in the Recipient's circumstances, including:

(A) Its legal, financial, technical, or managerial capacity;

(B) Its continuing control of Project property; or

(C) Another similar situation; and

(iv) Any current or prospective legal matter with potentially serious consequences, including a major dispute, default, breach, or litigation, or knowledge that the Recipient's principal, official, employee, agent, or a Third Party Participant, or other person has submitted a false claim under the False Claims Act, 31 U.S.C. § 3729, et seq., or has committed a criminal or civil violation of law pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving federal assistance; suspension, debarment, or other similar administrative or enforcement action against the Recipient or any

Third Party Participant; or any matter or situation, including any other change or legal action that may adversely affect the Federal Government's interest in a Project or related activities.

(2) *Notice*. In the circumstances described above, the Recipient agrees to provide immediate written notice to the:

(i) FTA Regional Counsel for the Region in which the Recipient operates public transportation or implements the Underlying Agreement;

(ii) FTA Headquarters Manager that administers the Underlying Agreement; or

(iii) FTA Chief Counsel.

(k) *Conflict Between Federal Requirements and State, Territorial, Local, or Tribal Requirements*. FTA and the Recipient understand that a federal requirement may conflict with a state, territorial, local, or tribal requirement, and agree that the Recipient must comply with each applicable federal requirement that pre-empts the conflicting state, territorial, local, or tribal requirement.

(1) *Compliance with State, Territorial, Local or Tribal Requirements*. Unless otherwise pre-empted by a federal requirement, FTA and the Recipient agree that:

(i) FTA expects the Recipient to comply with applicable state, territorial, local, and tribal requirements; and

(ii) FTA does not require the Recipient to take any action involving the Underlying Agreement that would violate a state, territorial, local, or tribal requirement that conflicts with a federal requirement.

(2) *When a Conflict Arises*. When a federal requirement conflicts with a state, territorial, local, or tribal requirement:

(i) The Recipient must notify FTA immediately in writing if compliance with the federal requirement would violate a state, territorial, local, or tribal requirement, or require the Recipient to violate a state, territorial, local, or tribal requirement.

(ii) The Recipient must make appropriate arrangements with FTA to proceed with its responsibilities as set forth in the Underlying Agreement, or terminate the Underlying Agreement expeditiously, if necessary.

(l) *No Federal Government Commitment or Liability to Third Parties*. Except as the Federal Government expressly consents in writing, the Recipient agrees that:

(1) The Federal Government does not and shall not have any commitment or liability related to the Underlying Agreement, to any Third Party Participant at any tier, or to any other person or entity that is not a party (FTA or the Recipient) to the Underlying Agreement; and

(2) Notwithstanding that the Federal Government may have concurred in or approved any Solicitation or Third Party Agreement at any tier that may affect the Underlying Agreement, the Federal Government does not and shall not have any commitment or liability to any Third Party Participant or other entity or person that is not a party (FTA or the Recipient) to the Underlying Agreement.

Section 4. Ethics, Political Activity, Disqualification, and Certain Criminal Activity.

(a) *Standards of Conduct*. At a minimum, the Recipient agrees to, and assures that its Subrecipients will, establish and maintain written Standards of Conduct covering conflicts of interest that:

(1) Apply to the following individuals who have a present or potential financial interest, or other significant interest, such as a present or potential employment interest in the selection, award, or administration of a third party contract or subcontract:

(i) The Recipient or its Subrecipients' officers, employees, board members, or agents engaged in the selection, award, or administration of any third party agreement;

(ii) The immediate family members or partners of those listed above in section 4(a)(1)(i) of this Master Agreement; and

(iii) An entity or organization that employs or is about to employ any person that has a relationship with the Recipient or its Subrecipient listed above in sections 4(a)(1)(i) and (ii) of this Master Agreement;

(2) Prohibit those individuals listed above in section 4(a)(1) from:

(i) Engaging in any activities involving the Recipient's or any of its Subrecipients' present or potential Third Party Participants at any tier, including selection, award, or administration of a third party agreement in which the individual has a present or potential financial or other significant interest; and

(ii) Accepting a gratuity, favor, or anything of monetary value from a present or potential Third Party Participant in the Recipient's Underlying Agreement, unless the gift is unsolicited and has an insubstantial financial or nominal intrinsic value; and

(3) Establish penalties, sanctions, or other disciplinary actions for violations, as permitted by state or local law or regulations, that apply to those individuals listed above in section 4(a)(1) and the Recipient's or Subrecipient's Third Party Participants.

(b) *Bonus or Commission*. The Recipient affirms that it has not paid, and agrees that it will not pay, any bonus or commission to obtain federal assistance for any Project or related activities supported under the Underlying Agreement.

(c) *Lobbying Restrictions*. The Recipient agrees that neither it nor any Third Party Participant will use federal assistance to influence any officer or employee of a federal agency, member of Congress or an employee of a member of Congress, or officer or employee of Congress on matters that involve the Underlying Agreement, including any extension or modification, according to the following:

(1) *Laws, Regulations, Requirements, and Guidance*. This includes:

(i) The Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352, as amended;

(ii) U.S. DOT regulations, "New Restrictions on Lobbying," 49 CFR Part 20, to the extent consistent with 31 U.S.C. § 1352, as amended; and

(iii) Other applicable federal laws, regulations, requirements, and guidance prohibiting the use of federal assistance for any activity concerning legislation or appropriations designed to influence the U.S. Congress or a state legislature; and

(2) *Exception*. If permitted by applicable federal law, regulations, requirements, or guidance, such lobbying activities described above may be undertaken through the Recipient's or Subrecipient's proper official channels.

(d) *Political Activity*. The Recipient agrees to comply with:

(1) The Hatch Act, 5 U.S.C. chapter 15, which limits the political activities of state and local government agencies supported in whole or in part with federal assistance, including the political activities of state and local government officers and employees whose principal governmental

employment activities are supported in whole or in part with federal assistance;

(2) U.S. Office of Personnel Management regulations, "Political Activity of State or Local Officers or Employees," 5 CFR Part 151; and

(3) 49 U.S.C. § 5323(*l*)(2) and 23 U.S.C. § 142(g), which limits the applicability of the Hatch Act, as follows:

(i) The Hatch Act does not apply to nonsupervisory employees of a public transportation system, or any other agency or entity performing related functions, based upon the Award of federal assistance under 49 U.S.C. chapter 53 or 23 U.S.C. § 142(a)(2); but

(ii) Notwithstanding the preceding section 4(e)(3)(ii) of this Master Agreement, the Hatch Act does apply to a nonsupervisory employee if imposed for a reason other than the Award of federal assistance to its employer under 49 U.S.C. chapter 53 or 23 U.S.C. § 142(a)(2).

(e) *False or Fraudulent Statements or Claims*.

(1) *Civil Fraud*. The Recipient acknowledges and agrees that:

(i) Federal laws, regulations, and requirements apply to itself and its Underlying Agreement, including the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801, et seq., and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31.

(ii) By executing the Underlying Agreement, the Recipient certifies and affirms to the Federal Government the truthfulness and accuracy of any claim, statement, submission, certification, assurance, affirmation, or representation that the Recipient provides to the Federal Government.

(iii) The Federal Government may impose the penalties of the Program Fraud Civil Remedies Act of 1986, as amended, and other applicable penalties if the Recipient presents, submits, or makes available any false, fictitious, or fraudulent information.

(2) *Criminal Fraud*. The Recipient acknowledges that 49 U.S.C. § 5323(*l*)(1) authorizes the Federal Government to impose the penalties under 18 U.S.C. § 1001 if the Recipient provides a false, fictitious, or fraudulent claim, statement, submission, certification, assurance, or representation in

connection with a federal public transportation program under 49 U.S.C. chapter 53 or any other applicable federal law.

(f) *Trafficking in Persons*.

(1) *Legal Authorities*. The Recipient agrees to comply and assures the compliance of each Subrecipient, with federal requirements and guidance, including:

(i) Section 106(g) of the Trafficking Victims Protection Act of 2000 (TVPA), as amended, 22 U.S.C. § 7104(g); and

(ii) The terms of this section 4(f), which have been derived from U.S. OMB regulatory guidance, "Award Term for Trafficking in Persons," 2 CFR Part 175, per U.S. OMB's direction.

(2) *Definitions*. The Recipient agrees that for purposes of this section 4(f):

(i) *Employee* means either an individual who is employed by the Recipient or a Subrecipient, and is participating in a Project or related activities as set forth in the Underlying Agreement, or another person who is participating in a Project or related activities as set forth in the Underlying Agreement and is not compensated by the Recipient, including, but not limited to, a volunteer, or an individual whose services are contributed by the Recipient or Third Party Participant as an in-kind contribution toward the cost sharing requirements of the Recipient's Underlying Agreement.

(ii) *Forced labor* means labor obtained by recruitment, harboring, transportation, provision, or other means of obtaining of a person for labor or services through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

(iii) *Private entity* means any entity other than a state, local government, Indian tribe, or foreign public entity, as those terms are defined in 2 CFR § 175.25, and includes a for-profit organization, or a nonprofit organization, including any nonprofit organization of higher education, hospital, or tribal organization other than one included in the definition of Indian Tribe at 2 CFR § 175.25(b).

(iv) *Severe forms of trafficking in persons* has the meaning given at section 103 of the TVPA, as amended, 22 U.S.C. § 7102.

(v) *Commercial sex act* has the meaning given at section 103 of the TVPA, as amended, 22 U.S.C. § 7102.

(vi) *Coercion* has the meaning given at section 103 of the TVPA, as amended, 22 U.S.C. § 7102.

(3) *Provisions Applicable to All Recipients*. The Recipient agrees to, and assures that its Subrecipients will:

(i) *Provide Information*. Inform FTA immediately of any information it receives from any source alleging a violation of the prohibitions listed in section 4(f)(4) of this Master Agreement; and

(ii) Subagreement Provision. Include the following provision in any subagreement it enters into with a private entity as defined above in section 4(f)(2)(iii) of this Master Agreement:

XXX agrees that it and its employees that participate in the Recipient's Award, may not:

Engage in severe forms of trafficking in persons during the period of time that the Recipient's Award is in effect,
Procure a commercial sex act during the period of time that the Recipient's Award is in effect, or
Use forced labor in the performance of the Recipient's Award or subagreements thereunder.

(4) *Provisions Applicable to a Private Entity Recipient*. If the Recipient is a private entity, it agrees that:

(i) *Prohibitions*. It, its employees, its Subrecipients, and its Subrecipients' employees that participate in the Underlying Agreement will not:

(A) Engage in severe forms of trafficking in persons during the period of time that the Recipient's Underlying Agreement is in effect;

(B) Procure a commercial sex act during the period of time that the Recipient's Underlying Agreement is in effect; or

(C) Use forced labor in the performance of the Recipient's Underlying Agreement or subagreements.

(ii) *Termination of Federal Assistance*. Section 106(g) of the TVPA, as amended, 22 U.S.C. § 7104(g), and U.S. OMB regulatory guidance, "Award Term for Trafficking in Persons," 2 CFR Part 175, provide FTA the right to unilaterally terminate the Underlying Agreement for a violation of that Act without penalty to the Federal Government, if FTA determines that the private entity Recipient or its Subrecipient:

(A) Has violated a prohibition described above in section 4(g)(4)(i) of this Master Agreement; or

(B) Has an employee whose conduct is determined to have violated a prohibition described above in section 4(g)(4)(i) of this Master Agreement because that employee's conduct is either:

a. Associated with the performance of the Recipient's Underlying Agreement; or

b. Imputed to the Recipient or Subrecipient using the standards of due process for conduct of an individual to an organization provided in:

i. U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR Part 1200; or

ii. U.S. OMB regulatory guidance, "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180.

(5) *Provisions Applicable to a Recipient That is Not a Private Entity*. A Recipient that is not a private entity agrees that section 106(g) of the TVPA, as amended, 22 U.S.C. § 7104(g), and U.S. OMB regulatory guidance, "Award Term for Trafficking in Persons," 2 CFR Part 175, provides FTA the right to unilaterally terminate the Underlying Agreement, without penalty to the Federal Government, for a violation of that Act if FTA determines that:

(i) A private entity that is the Subrecipient of the Recipient is determined to have engaged in severe forms of trafficking in persons during the period of time that the Recipient's Underlying Agreement is in effect; procured a commercial sex act during the period of time that the Recipient's Underlying Agreement is in effect; or used forced labor in

the performance of the Recipient's Underlying Agreement or subagreements thereunder; or

(ii) An employee of a private entity that is the Subrecipient has engaged in severe forms of trafficking in persons during the period of time that the Recipient's Underlying Agreement is in effect; procured a commercial sex act during the period of time that the Recipient's Underlying Agreement is in effect; or used forced labor in the performance of the Recipient's Underlying Agreement or subagreements thereunder, and whose conduct described above is associated with the performance of the Recipient's Underlying Agreement; or is imputed to the Subrecipient using the standards for due process to impute the conduct of an individual to an organization as provided in U.S. OMB regulatory guidance, "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180, and U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR Part 1200.

(6) *Remedies Other Than Termination of Federal Assistance*. The Recipient agrees that FTA's right to terminate federal assistance as provided in the TVPA and in sections 4(f)(4)(ii) and 4(f)(5) are in addition to all other remedies for noncompliance available to the Federal Government under this Master Agreement.

(g) *Federal Tax Liability and Recent Felony Convictions*.

(1) *Transactions Prohibited*.

(i) The Recipient agrees that, prior to entering into any Third Party Agreement with any private corporation, partnership, trust, joint-stock company, sole proprietorship, or other business association, the Recipient will obtain from the prospective Third Party Participant a certification that the Third Party Participant—

(A) Does not have any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

(B) Was not convicted of the felony criminal violation under any Federal law within the preceding 24 months.

(ii) If the prospective Third Party Participant cannot so certify, the Recipient agrees to refer the matter to FTA and not to enter into any Third Party Agreement with the Third Party Participant without FTA's written approval.

(2) *Flow-Down*. The Recipient agrees to require all Third Party Participants to flow this requirement down to participants at all lower tiers, without regard to the value of any subagreement.

(h) *Debarment and Suspension*. The Recipient agrees to the following:

(1) It will comply with the following requirements of 2 CFR Part 180, subpart C, as adopted and supplemented by U.S. DOT regulations at 2 CFR Part 1200.

(2) It will not enter into any "covered transaction" (as that phrase is defined at 2 CFR §§ 180.220 and 1200.220) with any Third Party Participant that is, or whose principal is, suspended, debarred, or otherwise excluded from participating in covered transactions, except as authorized by—

(i) U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR Part 1200;

(ii) U.S. OMB regulatory guidance, "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180; and

(iii) Other applicable federal laws, regulations, or requirements regarding participation with debarred or suspended Recipients or Third Party Participants.

(3) It will review the U.S. GSA "System for Award Management – Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs," if required by U.S. DOT regulations, 2 CFR Part 1200.

(4) It will ensure that its Third Party Agreements contain provisions necessary to flow down these suspension and debarment provisions to all lower tier covered transactions.

(5) If the Recipient suspends, debars, or takes any similar action against a Third Party Participant or individual, the Recipient will provide immediate written notice to the:

(i) FTA Regional Counsel for the Region in which the Recipient is located or implements the Underlying Agreement;

(ii) FTA Headquarters Manager that administers the Grant or Cooperative Agreement; or

(iii) FTA Chief Counsel.

Section 5. Federal Assistance.

(a) *Total Federal Assistance Awarded and Obligated*. The Recipient agrees that FTA's responsibility to provide federal assistance for its Underlying Agreement is up to the amount shown in the Underlying Agreement, as modified by any Amendments thereto, which is equal to the smallest of: (1) the maximum amount permitted by federal law or regulation, or (2) the "Total FTA Amount Awarded and Obligated," as stated in the Underlying Agreement. FTA's responsibility to provide federal assistance is limited to the amounts listed in the most recent Award Budget identified in the Underlying Agreement and may not exceed the federal share of the actual eligible expenses incurred for participation in the Award.

(b) *Basis of Federal Assistance*. The Recipient agrees that the "Total FTA Amount Awarded and Obligated" stated in the Underlying Agreement and modified by any Amendments thereto is calculated based on the Net Project Cost or on another basis as set forth below:

(1) "*Net Project Cost*." The Recipient agrees that if federal law or regulation requires an Underlying Agreement to be financed based on its "Net Project Cost," as defined in 49 U.S.C. § 5302:

(i) FTA will provide federal assistance for a percentage of the portion of the "Total Award Budget" that the Recipient cannot reasonably finance from its revenues, which is the "Net Project Cost;"

(ii) FTA will use the amount of the "Total Award Budget" stated on the Underlying Agreement to calculate the "Total FTA Amount Awarded and Obligated;" and

(iii) In TrAMS, the amount stated as the "Total Award Budget" on the Underlying Agreement is actually the "Net Project Cost," as defined in 49 U.S.C. § 5302.

(2) *Other Basis for FTA Participation*. The Recipient agrees that if federal law or FTA permits an Underlying Agreement to be financed on a basis other than its "Net Project Cost," as defined in 49 U.S.C. § 5302, or under previous authorizing legislation:

(i) FTA will provide federal assistance for all or part of the cost of the Underlying Agreement that is eligible for federal assistance;

(ii) In some instances, FTA has discretion to determine the amount of federal assistance to provide for each specific Project or related activities; and

(iii) FTA will use the amount stated in the Underlying Agreement as the "Total Award Budget" to calculate the "Total FTA Amount Awarded and Obligated."

(c) *Award Budget*. The Recipient agrees to prepare an Award Budget that, after FTA has provided its approval, will be incorporated by reference and made part of the Underlying Agreement.

(1) *Restrictions*. The Recipient agrees that it will not incur costs eligible for FTA participation under the Award or withdraw federal assistance for eligible costs incurred unless those costs are consistent with the Award Budget.

(2) *Amendments to the Award Budget*. To the extent specified in applicable FTA program management guidance, the Recipient agrees that it must obtain prior FTA approval in writing before amending its Award Budget or transferring federal assistance for the Award if the transfer is not expressly authorized by federal law, regulation, or guidance. An Award of additional federal assistance will require an amended Award Budget.

(3) *Revisions to the Award Budget*. To the extent specified in applicable FTA program management guidance, the Recipient may revise the Award Budget without prior FTA written approval. The Recipient agrees that all other Award Budget revisions will require prior FTA approval in writing.

(4) *Unexpended Federal Assistance*. The Recipient agrees to inform FTA promptly if it believes it will have unexpended federal assistance after the period of performance for the Award ends.

Section 6. Non-Federal Share.

(a) *Amount*. The Recipient agrees to provide the amount of non-federal share specified in the Underlying Agreement. Except to the extent that FTA has provided its written consent permitting the Recipient to defer payment of the non-federal share required by the Underlying Agreement, the Recipient agrees to provide its proportionate amount of the non- federal share no later than the time it draws down the federal share to pay eligible costs.

(b) *Duty to Obtain*. The Recipient agrees to complete all proceedings necessary to provide the non-federal share and to notify FTA of any changed circumstances adversely affecting its ability to pay the non-federal share, including a description of the actions it has taken or will take to ensure adequate resources to provide the non-federal share, and a re-affirmation of its commitment to provide the non-federal share.

(c) *Permissible Sources*. The Recipient agrees that the following are permissible sources of the non-federal share for the Award:

(1) Undistributed cash surpluses;

(2) A replacement or depreciation cash fund or reserve; and

(3) New capital.

(d) *Restricted Sources*. Because sources of non-federal share differ among FTA's public transportation assistance programs, FTA will specify in an FTA circular or otherwise whether the following sources may be used as the non-federal share for a specific Award under that program:

(1) Program income generated by a Project or related activities supported by a prior Grant or Cooperative Agreement, which is a form of undistributed cash surplus;

(2) Advertising revenues;

(3) Concession revenues;

(4) Revenues from a service agreement from a state or local social service agency or a private social service organization;

(5) Third party in-kind contributions;

(6) Proceeds from the issuance of revenue bonds pursuant 49 U.S.C. § 5323(e);

(7) Transportation development credits (formerly toll revenue credits) pursuant to 23 U.S.C. § 120(i);

(8) Revenue from Value Capture pursuant to 49 U.S.C. § 5323(s);

(9) Federal assistance made available for the Federal Lands Highway Program authorized under 23 U.S.C. § 204; or

(10) Federal assistance derived from other federal programs whose enabling laws permit their funds to be used as the non-federal share.

(e) *Prohibited Sources*. Except as permitted by federal laws, regulations, requirements, or guidance, or approved in writing by FTA, the Recipient agrees that it will not provide any non-federal share for the Underlying Agreement derived from:

(1) Farebox revenues from providing public transportation services using facilities and equipment acquired with federal assistance for the Award;

(2) Program income derived from the use of facilities or equipment acquired with federal assistance for the Award, except if expressly permitted by federal laws, regulations, requirements, or FTA guidance; or

(3) Other federal funds not authorized for use as non-federal share by federal law, regulation, requirements, or guidance.

(f) *Reductions or Refunds*.

(1) *Reductions*. The Recipient agrees that if it reduces the non-federal share of eligible costs required for the Award, then at the same time it must reduce the proportionate amount of federal assistance for the Award.

(2) *Refunds*. The Recipient agrees that if it accepts a refund of the non-federal share of eligible costs provided through the Underlying Agreement, then at the same time it must provide the Federal Government an amount of that refund proportionate to the federal contribution.

Section 7. Payments to the Recipient.

(a) *Conditions for Accessing Federal Assistance*. To seek or obtain federal assistance for the costs of implementing the Award, the Recipient agrees that:

(1) It must execute the Underlying Agreement and any Amendments thereto;

(2) It must receive and file a properly signed document seeking payment for the expense, such as a voucher or other appropriate record, and a properly detailed description of the relationship of the expense to the Award;

(3) It must identify all sources of federal assistance from which the payment is derived;

(4) It must provide FTA with all financial and progress reports required to date; and

(5) If the Recipient must provide a non-federal share, unless FTA has stated otherwise in writing that the Recipient may defer the non-federal share:

(i) The Recipient will not request or obtain more federal assistance than justified by the eligible non-federal share it has provided;

(ii) The Recipient will not cause the proportion of federal assistance available for the Award at any time to exceed the percentage of federal assistance authorized and documented in the Underlying Agreement; and

(iii) When combined with federal payments, the Recipient will be able to demonstrate that the non-federal share will be adequate to cover all eligible costs incurred in support of the Award.

(b) *Eligible Costs*. Except as the Federal Government determines otherwise in writing, the Recipient agrees, and will obtain the agreement of each Subrecipient, to seek and obtain federal assistance only for the eligible costs of the Award that are:

(1) Consistent with the Description of Each Project, the Award Budget, this Master Agreement, and the Underlying Agreement and any Amendments thereto;

(2) Necessary to carry out the Award;

(3) Reasonable for the property or services acquired for use in the Project;

(4) The actual net costs, which consist of the price paid minus reductions of the costs incurred, such as any refunds, rebates, or other items of value, but excluding program income;

(5) Incurred for work performed after the Effective Date of the:

(i) Award;

(ii) Pre-award authority that FTA has provided; or

(iii) Letter of No Prejudice;

(6) Satisfactorily documented;

(7) Consistent with federally approved accounting principles and procedures, including requirements for indirect costs, consistent with the applicable U.S. DOT Common Rules; and

(8) Consistent with applicable U.S. DOT Common Rules and other applicable federal law, regulations, requirements, and guidance.

(c) *Ineligible Costs*. The Recipient agrees that, except as the Federal Government determines otherwise in writing, FTA will exclude ineligible costs incurred in connection with the Award or otherwise, such as:

(1) A cost the Recipient has incurred before the Effective Date of the Award as documented in the Underlying Agreement or any Amendments thereto that is not accompanied by FTA's written approval, including, but not limited to, pre-award authority or a Letter of No Prejudice, and permitted by applicable federal law, regulation, guidance, or the Underlying Agreement or any Amendments thereto;

(2) A cost not included in the most recent Award Budget;

(3) A cost for property or services received in connection with any third party agreement lacking any FTA approval or concurrence in writing that is required;

(4) An ordinary governmental or operating cost not applicable to the Award, as prohibited by 49 U.S.C. § 5323(h)(1);

(5) A profit or fee for services provided by the Recipient or any of its Subrecipients in implementing the Award; or

(6) A cost that is ineligible for FTA participation as provided in applicable federal law, regulation, requirement, or guidance.

(d) *Bond Interest and Other Financing Costs – Limited Eligibility*. The Recipient agrees that bond interest and other financing costs are allowable costs to the extent permitted by applicable federal law, regulation, requirement, or guidance. FTA's share of interest and financing costs that implement the Award will be limited to an amount that does not exceed the most favorable financing terms reasonably available at the time of borrowing, except as the Federal Government determines otherwise in writing.

(e) *Payment Procedures Based on the Type of Federal Assistance Awarded*. The Recipient agrees that:

(1) All payments in connection with the Award will be made through electronic methods.

(2) Payment procedures for a Recipient differ based upon the type of federal assistance that is awarded.

(3) FTA determines which electronic system it will use to make payments to the Recipient as follows:

(i) For Grants and other types of federal assistance, FTA will use the Electronic Clearinghouse Operation Web System (ECHO-Web), Automated Clearing House (ACH) payment method, except as provided below in sections 7(e)(3)(ii) and (iii) of this Master Agreement;

(ii) For Cooperative Agreements, FTA will use the DELPHI eInvoicing System or DELPHI Mark View System if the Recipient is granted a waiver (see the following section 7(g) of this Master Agreement for more information about payments for cooperative agreements and section 7(g) of this Master Agreement for information about accessing and using the DELPHI eInvoicing System); and

(iii) For Grants requiring more detailed review of supporting documentation before receiving federal assistance and as determined by the FTA Manager for the Underlying Agreement, FTA will use the DELPHI eInvoicing System (see the following section 7(g) of this Master Agreement for more information about accessing and using the DELPHI eInvoicing System).

(f) *Payment Procedures Using ECHO*. The Recipient agrees that if payment is made through ECHO-Web using an ECHO Control Number, it will comply with the "FTA ECHO-Web User Manual," April 2016, and it will withdraw federal assistance only to pay the eligible costs of implementing the Award.

(1) *Major Withdrawals*. When a single withdrawal will exceed $50,000,000, the Recipient agrees to notify the appropriate FTA Regional or Program Office at least three (3) days before the withdrawal is anticipated.

(2) *Immediate Use*. The Recipient agrees that it will not withdraw federal assistance until needed for immediate payment of those expenses and will use that federal assistance to pay for expenses that implement the Award no later than three (3) days after receipt, except as an authorized official of the Federal Government permits otherwise in writing.

(3) *Limits*. The Recipient agrees that it will not withdraw more than the sum of federal assistance the Federal Government has awarded or the current available balance for its Award, the accompanying Underlying Agreement, and any Amendments thereto, whichever is less.

(4) *Control*. The Recipient agrees to provide for the control and accountability of all federal assistance for its Award, the accompanying Underlying Agreement, and any Amendments thereto.

(5) *Reporting*. Unless an authorized FTA official determines otherwise in writing, the Recipient agrees to report its cash payments and balances promptly.

(6) *Penalties*. If the Recipient fails to comply with this section of this Master Agreement, it agrees that it may incur or be subjected to penalties, including, but not limited to, the following:

(i) *Access to ECHO-Web*. The Federal Government may revoke or suspend the Recipient's ECHO Control Number and access to the ECHO-Web if the Federal Government determines that:

(A) Fraud, waste, mismanagement, or abuse exists in the Recipient's use and application of federal assistance;

(B) The Recipient has failed to use federal assistance it withdrew to pay costs incurred that implement the Underlying Agreement within three (3) days of withdrawing that federal assistance;

(C) The Recipient has failed to return withdrawn but unspent federal assistance to the Federal Government within a reasonable time;

(D) The Recipient has failed to establish procedures to minimize the time between advances of federal assistance and payments of costs incurred that implement the Underlying Agreement;

(E) The Recipient has been awarded Federal assistance through a Cooperative Agreement with FTA and will use the eInvoicing or DELPHI Mark View System as its payment method instead of the ECHO-Web System (see section 7(g)); or

(F) For Grants requiring a more detailed review of supporting documentation before receiving federal assistance, and as determined by the FTA Manager for the Award, the Recipient will use eInvoicing (see section 7(g)).

(ii) *Interest*. The Recipient agrees to pay interest to the Federal Government on any federal assistance withdrawn prematurely,

irrespective of whether the federal assistance has been deposited in an interest-bearing account.

(A) *A State or State Instrumentality*. If the Recipient is a state or state instrumentality, it agrees to pay interest calculated as provided in section 5(b) of the Cash Management Improvement Act of 1990, as amended, 31 U.S.C. § 6503(b), and U.S. Department of Treasury (U.S. Treasury) regulations, "Rules and Procedures for Efficient Federal-State Funds Transfers," 31 CFR Part 205.

(B) *Other than a State or State Instrumentality*. If the Recipient is not a state or state instrumentality, it agrees to pay prejudgment common law interest determined by the Federal Government, as authorized by joint U.S. Treasury and U.S. Department of Justice (joint U.S. Treasury and U.S. DOJ) regulations, "Standards for the Administrative Collection of Claims," 31 C.F.R. § 901.9(i). The Federal Government may determine the amount of interest due, based on the amount of interest the Recipient demonstrates it earned on its premature withdrawals of federal assistance, the amount of interest based on the "Treasury tax and loan account" rate prescribed under 31 U.S.C. § 3717 for debts owed to the United States, or an amount of interest as the Federal Government otherwise determines.

(7) *ECHO System*. If the Recipient is authorized to receive payments provided through ECHO-Web, FTA does not generally review the drawdown when made; however, FTA may review the drawdown at a later time, and subject that drawdown to an audit under a financial oversight review, a triennial review, or another audit.

(g) *Payment Procedures for a Cooperative Agreement*. A Recipient of federal assistance through a Cooperative Agreement must use the DELPHI eInvoicing System to obtain federal payments for costs incurred that implement the Underlying Agreement, unless a waiver is granted.

(1) *Standard Procedures*. To make and receive payments through the DELPHI eInvoicing System, the procedures below must be followed:

(i) *Access to the DELPHI eInvoicing System*. To access the DELPHI eInvoicing System, the Recipient:

(A) Must have internet access to register and submit payment requests through the DELPHI eInvoicing System;

(B) Should contact its FTA Manager for the Underlying Agreement to obtain the required DELPHI User access form and approval;

(C) Must complete the required form that the FAA, Enterprise Service Center's (ESC) Help Desk uses to verify the Recipient's identity, and present it to a Notary Public for verification;

(D) Return that form, completed and notarized, to:
DOT Enterprise Services Center
FAA Accounts Payable, AMZ-100
PO Box 25710
Oklahoma City, OK 73125;
and

(E) Should contact its FTA Manager for the Underlying Agreement with any changes to its system profile information.

(ii) *Payment Requests*. The Recipient must submit each payment request electronically through the DELPHI eInvoicing System, unless a waiver is granted; use of the DELPHI eInvoicing System requires the FTA Manager for the Underlying Agreement to review all supporting documentation before authorizing payment.

(iii) *Additional Information*. The U.S. DOT DELPHI elnvoicing System website at http://www.dot.gov/cfo/delphi-einvoicing-system.html displays additional information, including the access form and training materials a Recipient may need.

(iv) *Federal Responsibilities*. When FTA so requests, the Federal Aviation Administration (FAA) will make payments to FTA Recipients electronically. On behalf of FTA, FAA/ESC must process payment requests to a Recipient of federal assistance documented in its Cooperative Agreement with FTA, and will deposit that federal assistance with the Recipient's financial institution (Note: FTA no longer issues paper checks).

(2) *Waiver Requests*. On a case-by-case basis, U.S. DOT Financial Management officials may waive the requirement for a Recipient to register and use the DELPHI eInvoicing System.

(i) *The Recipient's Responsibilities*. If the Recipient seeks a waiver from the requirement to use the DELPHI eInvoicing System:

(A) It must notify U.S. DOT and FTA by downloading the waiver request form, which can be obtained on the U.S. DOT eInvoicing website at http://www.dot.gov/cfo/delphi-einvoicing-system.html, and notifying its FTA Manager for the Underlying Agreement that it has requested a waiver from using the DELPHI eInvoicing System;

(B) It must send its waiver request to the Director of the Office of Financial Management, U.S. Department of Transportation, Office of the Secretary (OST), Office of Financial Management, B-30, 1200 New Jersey Avenue SE, Washington DC 20590-0001 DOTElectroniclnvoicing@dot.gov; and

(C) If it obtains a waiver from the use of the DELPHI eInvoicing System, then payment will be made using the DELPHI Mark View System, and the Recipient should submit all invoices and any supporting documentation directly to:

a. FTAinvoices@faa.gov (Note: no more than 10 MB of data can be transmitted at one time. For invoices greater than 10MB, split into multiple emails and notate in the subject Email 1 of 4, 2 of 4, etc.); or

b. DOT/FAA (FTA Account)
6500 South MacArthur Blvd.
AMZ-150, HQ Room 272
PO Box 26904
Oklahoma City, OK 73125-69041

(ii) *Federal Responsibilities*. FTA and U.S. DOT have the following responsibilities:

(A) The Director, OST, Office of Financial Management, will confirm or deny the waiver request within approximately 30 days.

(B) If the request is granted, then payments will be made after receipt of the required FTA reporting forms, provided the Recipient has complied with the U.S. DOT Common Rules and this Master Agreement.

(iii) *DELPHI eInvoicing System or DELPHI Mark View System*. If the Recipient receives payments provided through the DELPHI eInvoicing System or DELPHI Mark View System, the Recipient must submit a request for payment with adequate supporting documentation for FTA to determine that:

(A) It has complied and is complying with the Underlying Agreement;

(B) It has made and is making adequate progress toward completion of the Award; and

(C) It has satisfied FTA that the federal assistance requested is needed for the eligible purposes of the Award in that requisition period.

(iv) *Reimbursement*. After it has demonstrated satisfactory compliance with this section, FTA may reimburse the federal share of the Recipient's apparent allowable costs incurred or to be incurred in the requisition period if those apparent allowable costs are consistent with the Award Budget, and those apparent allowable costs do not exceed the maximum amount of federal assistance that may be paid through the federal fiscal year of that requisition.

(h) *Safeguarding Federal Assistance*. The Recipient agrees to deposit all federal assistance it receives in a financial institution and in an insured account whenever possible, and understands that FTA encourages it to use financial institutions owned at least fifty (50) percent by minority group members.

(i) *The Recipient's Duty to Pay Eligible Costs*. When accompanied by appropriate documentation, the Recipient agrees to pay the eligible costs incurred that implement the Award when due, using the available federal assistance provided for the Award and the non- federal share.

(j) *Effect of Federal Payments*. The Recipient agrees that any federal payment made for a cost incurred that is supported by its Underlying Agreement does not constitute the Federal Government's final decision about the eligibility of the cost for payment with federal assistance provided through the Underlying Agreement, or a waiver of any violation of any federal law, regulation, requirement, guidance, the Underlying Agreement or this Master Agreement.

(k) *Revocation of Federal Assistance*. The Federal Government may revoke the unexpended portion of federal assistance for the Award after the Award has been made and executed.

(l) *Final Cost Determination*. The Recipient acknowledges that the Federal Government will not make a final determination about the eligibility of any cost until the audit of the Award and Underlying Agreement has been completed.

(m) *Closeout*. The Recipient agrees that closeout of the Award will not alter:

(1) The Recipient's obligation to return any amounts it owes the Federal Government for later refunds, corrections, or other similar actions; and

(2) The Federal Government's right to disallow costs and recover federal assistance based on a later audit or other review.

(n) *Notification*. If the Federal Government determines that the Recipient is not entitled to any portion of federal assistance paid, the Federal Government will notify the Recipient in writing.

(o) *Recovery of Improper Payments*. Unless prohibited by federal law or regulation, the Federal Government may recover any federal assistance necessary to satisfy any outstanding monetary claims it may have against the Recipient.

(p) *Program Income*. The Recipient agrees that it may use its program income derived from a Project receiving federal assistance through the Underlying Agreement as FTA permits. In determining the total amount of program income a Recipient has earned from its Project, those costs incident to earning program income that have not been charged to the Award may be deducted from the Recipient's gross income.

(1) *During the Period of Performance*. The Recipient may use program income earned during the period of performance of the Underlying Agreement as follows:

(i) The Recipient may retain the income for other capital or operating public transportation expenses. If the Recipient chooses not to use program income for current or future FTA Grants or Cooperative Agreements or for other purposes ineligible for federal participation, then the amount of program income used for purposes ineligible for federal participation will be deducted from the total allowable costs to determine the net allowable costs.

(ii) For each Public Transportation Innovation, Technical Assistance, Workforce Development Project or Enhanced Mobility of Seniors and Individuals with Disabilities project, or related activities, the Recipient may add program income to the Award.

(iii) Depending on federal statutory or regulatory restrictions, the Recipient may use the program income for the non-federal share for a future public transportation Project that will receive federal assistance provided by FTA.

(2) *After the Award Period*. Except as FTA determines otherwise in writing, the Recipient has no obligation to the Federal Government regarding the disposition of program income earned after the end of the period of performance of the Award (i.e., after the ending date of the final Federal Financial Report).

(q) *Profits*. The Recipient and Subrecipient may earn or keep the profits it may derive as a result of an Award, but the Recipient agrees that any such profits must be used in a manner consistent with the provisions of this Master Agreement or applicable federal guidance.

(r) *Excess Payments, Disallowed Costs, Refunds, Claims, Debts, Interest, Penalties, Administrative Charges, and Other Amounts Owed to the Federal Government*.

(1) *The Recipient's Responsibility to Pay*. The Recipient agrees that after receiving notice of specific amounts due, it will pay the amount it owes the Federal Government for:

(i) Excess federal payments for disallowed costs;

(ii) Refunds due and amounts recovered from third parties or other sources;

(iii) Federal claims or debts;

(iv) Interest assessed;

(v) Penalties;

(vi) Administrative charges; or

(vii) Other amounts it owes the Federal Government.

(2) *Amount of Interest Due*. The amount of interest to be assessed depends on the procedures used to pursue payment:

(i) *The Debt Collection Act*. When the Federal Government uses the procedures of the Debt Collection Act of 1982, as amended, 31 U.S.C. § 3701, et seq., to collect claims or debts owed by the Recipient for any reason authorized under that Act (including excess

payments and disallowed costs), the Recipient agrees that the amount of interest it will owe will be determined by the Joint U.S. Treasury and U.S. DOJ regulations, "Standards for the Administrative Collection of Claims," 31 CFR Part 900, specifically 31 C.F.R. § 901.9(a) – (g), or common law interest authorized by 31 C.F.R. § 901.9(i), as the Federal Government determines.

(ii) *Other Collection Processes*. When the Federal Government uses methods or procedures other than those described in 31 U.S.C. § 3701, et seq., to recover money(ies) the Recipient owes the Federal Government, the Recipient agrees that common law interest will be due as authorized by Joint U.S. Treasury and U.S. DOJ regulations, "Standards for the Administrative Collection of Claims," 31 C.F.R. § 901.9(i), but interest for premature withdrawals of federal assistance by states or state instrumentalities will be calculated as required under Section 5(b) of the Cash Management Improvement Act of 1990, as amended, 31 U.S.C. § 6503(b), and U.S. Treasury regulations, "Rules and Procedures for Efficient Federal-State Funds Transfers," 31 CFR Part 205.

(s) *De-obligation of Federal Assistance*. The Recipient agrees that the Federal Government may de-obligate federal assistance the Recipient has not spent both before and after closeout of the Award.

Section 8. Records and Reports Related to the Award and the Underlying Agreement.

(a) *Records*. The Recipient agrees to maintain satisfactory records of each Project and activities related in whole or in part to its Award, the accompanying Underlying Agreement, and any Amendments thereto to the extent FTA requires, including, but not limited to:

(1) *Financial Records*. Accurate financial records in its account for its Award, the accompanying Underlying Agreement, and any Amendments thereto, including, but not limited to, records of:

(i) *Assets Received that Implement the Award*. The amount of all assets it receives to implement its Award, the accompanying Underlying Agreement, and any Amendments thereto including, but not limited to all federal assistance or the value of any property the Federal Government provides that implement its Award, the accompanying Underlying Agreement, and any Amendments thereto, and all other funds and the value of any property or services it has received from sources other than the Federal Government provided for, accruing to,

or otherwise received on account of its Award, the accompanying Underlying Agreement, and any Amendments thereto.

(ii) *Costs Incurred that Implement the Award*. Information about the costs incurred to implement its Award, the accompanying Underlying Agreement, and any Amendments thereto, including all costs incurred for the eligible property or services, detailed descriptions of the type of property or services acquired, including, but not limited, to properly executed payrolls, time records, invoices, contracts, vouchers, and other appropriate records, and detailed justifications for those costs.

(iii) *Program Income*. All program income derived from the use of Project property, except income FTA determines to be exempt from federal program income record requirements.

(2) *Other Records Needed for Reports Related to the Award*. Sufficient records as needed to prepare adequate reports related to the Award that it must submit to the Federal Government.

(3) *Formats*. Formats for records must be satisfactory to FTA and include, but are not limited to, electronic records, including any emails related to the Award, records on paper, and records created in other formats.

(4) *Availability of Records Related to the Award*. Accessibility for review and separation from other records not related to the Award to the extent feasible must be maintained.

(b) *Reports*. The Recipient agrees to provide to FTA, and others if FTA so directs, all reports related in whole or in part required by applicable federal laws, regulations, requirements, the Underlying Agreement, or at FTA's express direction in the number and format as FTA specifies.

(c) *Data on Assaults on Transit Workers and Bus Impact Fatalities*. The Recipient agrees to report when required to the National Transit Database in accordance with FTA regulation 49 CFR Part 630, "National Transit Database," and applicable FTA instructions—

(1) Any data on assaults on transit workers of the Recipient; and

(2) Any data on fatalities that result from an impact with a bus.

(d) *National Transit Database*. For each fiscal year the Recipient receives or provides to any public transportation operator federal assistance appropriated or made available

for 49 U.S.C. § 5307 (including the Passenger Ferry Grant Program) or any provision of 49 U.S.C. § 5311 (including the Tribal Transit Program):

(1) *Reporting Requirements*. The Recipient agrees to, and assures that it will require any person that receives benefits directly from its Award (including the public transportation operators participating in its Award), the accompanying Underlying Agreement, and any Amendments thereto:

(i) To facilitate compliance with 49 U.S.C. § 5335(a), which authorizes the National Transit Database (NTD);

(ii) To conform to the NTD reporting system and the Uniform System of Accounts and Records;

(iii) To comply with FTA regulations, "Uniform System of Accounts and Records and Reporting System," 49 CFR Part 630;

(iv) To report when required to the National Transit Database in accordance with FTA regulation 49 CFR Part 630, "National Transit Database," and applicable FTA instructions—

(A) Any information relating to a transit asset inventory or condition assessment conducted by the Recipient; and

(B) Such other information as FTA may require; and

(v) To comply with any other applicable reporting regulations, and requirements, and

(vi) To follow FTA guidance.

(2) *Voluntary Compliance*. FTA encourages any Recipient that is not required to provide information for the NTD, to provide that information voluntarily.

(e) *U.S. OMB Special Reporting Requirements*.

(1) *Authority*. U.S. OMB has issued regulatory guidance in 2 C.F.R. § 25.220 instructing federal agencies to include special "award terms" as authorized under federal laws, including:

(i) The Federal Funding Accountability and Transparency Act of 2006 (FFATA), Public Law No. 109-282, September 26, 2006;

(ii) Section 6202 of the Department of Defense Appropriations Act for Fiscal Year 2008, Public Law No. 110-252, June 30, 2008, which amended the FFATA; and

(iii) Section 872 of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009, Public Law No. 110-417, October 14, 2008, which further amended the FFATA.

(2) *Universal Identifier and System for Award Management (SAM)*. The Recipient agrees to comply with the award terms in U.S. OMB regulatory guidance, "Universal Identifier and System for Award Management (SAM)," 2 CFR Part 25, appendix A, which FTA has included in this Master Agreement at the direction of U.S. OMB:

(i) *Requirements for the System for Award Management (SAM)*. Unless exempted from SAM as provided in 2 C.F.R. § 25.110, the Recipient agrees to:

(A) Maintain the currency of its information in SAM until the later of the date it submits its final financial report required under this Master Agreement, or the date it receives its final federal payment for the Underlying Agreement; and

(B) Review and update its information in SAM at least annually after the initial registration, and more frequently if required by changes in its information, another provision of an applicable federal or federally assisted agreement, or an applicable federal law or regulation, or U.S. OMB regulatory guidance.

(ii) *Requirement for a Unique Entity Identifier [Currently, the Data Universal Numbering System (DUNS) Number for SAM]*. If the Award includes federal assistance intended to support subawards, the Recipient agrees to notify each potential Subrecipient and other entity participating in the Award that:

(A) The potential Subrecipient or entity must provide its unique entity identifier for SAM [currently, its DUNS number] to the Recipient;

(B) The Recipient may not make any subaward to any potential Subrecipient or entity unless that Subrecipient or entity has provided its unique entity identifier for SAM [currently, its DUNS number] to the Recipient; and

(C) No Subrecipient or entity, as described below in section 8(d)(4) of this Master Agreement, may receive a subaward provided through the Underlying Agreement, unless that entity has provided its unique entity identifier for SAM [currently, its DUNS number] to the Recipient.

(3) *Reporting Subawards and Executive Compensation*. The Recipient agrees to comply with the award terms in U.S. OMB regulatory guidance, "Reporting Subaward and Executive Compensation Information," 2 CFR Part 170, appendix A, which FTA has included in this Master Agreement at the direction of U.S. OMB.

(4) *Reporting of First-Tier Subawards*. The Recipient agrees that when it takes an action that obligates $25,000 or more in federal assistance for a subaward, it must report each such action as provided below, but it need not report an obligation of $25,000 or more in federal assistance, if the Recipient is exempt from U.S. OMB's Special Reporting Requirements as provided below.

(i) *Where and when to report*. The Recipient agrees to report each obligating action described below to http://www.fsrs.gov, and the Recipient agrees to report subaward information no later than the end of the month after the month in which the obligation was made, *(for example, if the obligation was made on October 1, 2015, the obligation must be reported by no later than November 1, 2015)*.

(ii) *What to report*. The Recipient agrees to report the requisite information about each obligating action required by the submission instructions posted at http://www.usaspending.gov.

(iii) *Reporting Total Compensation of the Recipient's Executives*. The Recipient agrees to report the total compensation for each of its five highest compensated executives for the preceding completed fiscal year if:

(A) The total federal assistance authorized to date for the Underlying Agreement is $25,000 or more; and

(B) In its preceding fiscal year, the Recipient:

a. Received 80 percent or more of its annual gross revenues from federal assistance subject to the Transparency Act, as defined in 2 C.F.R. § 170.320 (and subawards) and/or federal procurement contracts (and subcontracts);

b. Received $25,000,000 or more in annual gross revenues from federal assistance subject to the Transparency Act, as defined in 2 C.F.R. § 170.320 (and subawards) and/or federal procurement contracts (and subcontracts); and

c. The public does not have access to information about the compensation of the Recipient's executives through periodic reports filed under Section 13(a) of the Securities Exchange Act of 1934, 15 U.S.C. § 78m(a), Section 15(d) of the Securities Exchange Act of 1934, 15 U.S.C. § 78o(d), or Section 6104 of the Internal Revenue Code of 1986, 26 U.S.C. § 6104 (to determine if the public has access to the compensation information, see the U.S. Securities and Exchange Commission total compensation filings at http://www.sec.gov/answers/execomp.htm).

(C) The Recipient agrees to report executive total compensation described above as part of Recipient's registration profile at http://www.sam.gov, and by the end of the month after the month in which the Underlying Agreement is executed and annually thereafter.

(D) Reporting of Total Compensation of the Subrecipient's Executives. Unless exempt as provided below, the Recipient agrees to report the names and total compensation of each of its first-tier Subrecipient's five highest compensated executives for the Subrecipient's preceding completed fiscal year if:

a. It received 80 percent or more of its annual gross revenues from federal assistance subject to the Transparency Act, as defined in 2 C.F.R. § 170.320 (and subawards) and/or federal procurement contracts (and subcontracts); and

b. It received $25,000,000 or more in annual gross revenues from federal assistance subject to the Transparency Act as defined in 2 C.F.R. § 170.320 (and subawards) and/or federal procurement contracts (and subcontracts);

c. The public does not have access to information about the compensation of the Subrecipient's executives through periodic reports filed under Section 13(a) of the Securities Exchange Act of 1934, 15 U.S.C. § 78m(a), Section 15(d) of the Securities Exchange Act of 1934, 15 U.S.C. § 78o(d), or Section 6104 of the Internal Revenue Code of 1986, 26 U.S.C. § 6104 (to determine if the public has access to the compensation information, see the U.S. Securities and Exchange Commission total compensation filings at http://www.sec.gov/answers/execomp.htm).

(E) The Recipient agrees to report the Subrecipient's executives' total compensation described above to FTA and elsewhere as may be determined by the Federal Government, and by the end of the month following the month during which the Recipient makes the subaward (for example, if a subaward is obligated on any date during the month of October of a given year, i.e., between October 1 and 31, the Recipient must report any required compensation information about the Subrecipient by November 30 of that year).

(F) Any Recipient that had gross income under $300,000 from all sources in the previous tax year is exempt from those federal requirements to report subawards, and the total compensation of the five highest compensated executives of any Subrecipient.

(5) *Recipient Integrity and Performance Matters*. U.S. OMB regulatory guidance, "Recipient Integrity and Performance Matters," 2 CFR Part 200, appendix XII, contains mandatory provisions that may affect the Recipient's reporting requirements.

(f) *Closeout*. The Recipient agrees that closeout of its Award does not alter the record-keeping and reporting requirements of this section of this Master Agreement.

Section 9. Record Retention and Access to Sites of Performance.

(a) *Types of Records*. The Recipient agrees to retain, and will require its Third Party Participants to retain, complete and readily accessible records related in whole or in part to the Underlying Agreement, including, but not limited to, data, documents, reports, statistics, subagreements, leases, third party contracts, arrangements, other third party agreements of any type, and supporting materials related to those records.

(b) *Retention Period*. The Recipient agrees to comply with the record retention requirements in the applicable U.S. DOT Common Rule. Records pertaining to its Award, the accompanying Underlying Agreement, and any Amendments thereto must be retained from the day the Underlying Agreement was signed by the authorized FTA official through the course of the Award, the accompanying Underlying Agreement, and any Amendments thereto until three years after the Recipient has submitted its last or final expenditure report, and other pending matters are closed.

(c) *Access to Recipient and Third Party Participant Records*. The Recipient agrees, and assures that each Subrecipient, if any, will agree to:

(1) Provide, and require its Third Party Participants at each tier to provide, sufficient access to inspect and audit records and information, including such records and information the Recipient or its Third Party Participants may regard as confidential or proprietary, related to its Award, the accompanying Underlying Agreement, and any Amendments thereto to the U.S. Secretary of Transportation or the Secretary's duly authorized representatives, to the Comptroller General of the United States, and the Comptroller General's duly authorized representatives, and to the Recipient and each of its Subrecipients;

(3) Otherwise comply with 49 U.S.C. § 5325(g), and federal access to records requirements as set forth in the applicable U.S. DOT Common Rules.

(d) *Access to the Sites of Performance*. The Recipient agrees to permit, and to require its Third Party Participants to permit, FTA to have access to the sites of performance of its Award, the accompanying Underlying Agreement, and any Amendments thereto, and to make site visits as needed in compliance with the U.S. DOT Common Rules.

(e) *Closeout*. Closeout of the Award does not alter the record retention or access requirements of this section of this Master Agreement.

Section 10. Completion, Audit, Settlement, and Closeout.

(a) *Completion*. Within one hundred twenty (120) calendar days after completion or termination of the Award, the Recipient agrees to submit; and within ninety (90) calendar days after completion or termination of the Award (or an earlier date as

agreed upon by the pass-through entity and subrecipient), the subrecipient agrees to submit to the pass-through entity:

(1) Its final Federal Financial Report, either electronically or on Federal Financial Report Standard Form 425 (SF-425);

(2) A certification of expenses incurred that implement its Award, the accompanying Underlying Agreement, and any Amendments thereto; and

(3) The necessary audit reports of its Award, the accompanying Underlying Agreement, and any Amendments thereto.

(b) *Audit of the Recipient*. Except as the Federal Government determines otherwise in writing, the Recipient agrees that:

(1) *Audits Required*. It must obtain the following audits:

(i) *Annual "Single Audit."* A financial and compliance audit consistent with the requirements of the Single Audit Act Amendments of 1996, 31 U.S.C. § 7501, et seq., and applicable U.S. DOT "Single Audit" requirements of 2 CFR Part 1201, which incorporate by reference 2 CFR Part 200, for each Award, the accompanying Underlying Agreement, and any Amendments to any Underlying Agreement; and

(ii) *Other Audits*. Other audits the Federal Government may require.

(2) *Auditing Standards*. It must comply with the "Audit Requirements" of 2 CFR Part 200, subpart F, and conform to U.S. Government Accountability Office (U.S. GAO) "Government Auditing Standards" in the conduct of audits of its Award, the accompanying Underlying Agreement, and any Amendments thereto.

(3) *Costs of Audits*. The audit costs for the administration and management of the Award, the accompanying Underlying Agreement, and any Amendments to any Underlying Agreement are allowable to the extent authorized by the cost principles of 49 CFR Part 1201, which incorporate by reference 2 CFR Part 200.

The Recipient agrees to return to the Federal Government any excess federal payments it receives for disallowed costs, and the Federal Government's proportionate part of any amounts it recovers from third parties or other sources, including refunds due and amounts recovered from third parties or other sources, interest assessed, penalties, and administrative charges.

(d) *Closeout*. The Recipient agrees that closeout of the Award occurs when FTA notifies the Recipient that the Award is closed, and approves the final federal payment, or acknowledges receipt of the proper refund. Closeout of the Award does not alter the Recipient's audit responsibilities and does not invalidate any continuing requirements of applicable federal law, regulations, or requirements, this Master Agreement or the Underlying Agreement.

Section 11. Right of the Federal Government to Terminate.

(a) *Justification*. After providing written notice to the Recipient, the Recipient agrees that the Federal Government may suspend, suspend then terminate, or terminate all or any part of the federal assistance for the Award if:

(1) The Recipient has failed to make reasonable progress implementing the Award;

(2) The Federal Government determines that continuing to provide federal assistance to support the Award does not adequately serve the purposes of the law authorizing the Award; or

(3) The Recipient has violated the terms of the Underlying Agreement, especially if that violation would endanger substantial performance of the Underlying Agreement.

(b) *Financial Implications*. In general, termination of federal assistance for the Award will not invalidate obligations properly incurred before the termination date to the extent that those obligations cannot be canceled. The Federal Government may recover the federal assistance it has provided for the Award, including the federal assistance for obligations properly incurred before the termination date, if it determines that the Recipient has misused its federal assistance by failing to make adequate progress, failing to make appropriate use of the Project property, or failing to comply with the Underlying Agreement, and require the Recipient to refund the entire amount or a lesser amount, as the Federal Government may determine including obligations properly incurred before the termination date.

(c) *Expiration of the Period of Performance*. Except for a Full Funding Grant Agreement, expiration of any period of performance established for the Award does not, by itself, constitute an expiration or termination of the Award; FTA may extend the period of performance to assure that each Formula Project or related activities and each Project or related activities funded with "no year" funds can receive FTA assistance to the extent FTA deems appropriate.

(d) *Uniform Administrative Requirements.* These termination rights are in addition to and in no way limit the Federal Government's rights to terminate described in 2 CFR § 200.340.

Section 12. Civil Rights.

(a) *Civil Rights Requirements*. The Recipient agrees that it must comply with applicable federal civil rights laws, regulations, and requirements, and follow applicable federal guidance, except as the Federal Government determines otherwise in writing. (Note that the simplified acquisition threshold determines the procurement procedures that must be employed pursuant to 2 C.F.R. §§ 200.317–200.327. The simplified acquisition threshold does not exempt a procurement from other eligibility or processes requirements that may apply. For example, Buy America's eligibility and process requirements apply to any procurement in excess of $150,000. 49 U.S.C. § 5323(j)(13).)

(2) *Termination*. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-federal entity including the manner by which it will be effected and the basis for settlement.

The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of a public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency.

(4) *Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701 – 3708)*. Where applicable, all contracts awarded by the non-federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer based on a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in

surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(5) *Rights to Inventions Made Under a Contract or Agreement*. If the federal award meets the definition of "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(6) *Clean Air Act (42 U.S.C. §§ 7401 – 7671q.) and the Federal Water Pollution Control Act (33 U.S.C. §§ 1251 – 1388), as amended*. Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401 – 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251 – 1388). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(7) *Debarment and Suspension (Executive Orders 12549 and 12689)*. A covered transaction (see 2 C.F.R. §§ 180.220 and 1200.220) must not be entered into with any party listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. 180 that implement Executive Orders 12549 (31 U.S.C. § 6101 note, 51 Fed. Reg. 6370,) and 12689 (31 U.S.C. § 6101 note, 54 Fed. Reg. 34131), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. The Recipient agrees to include, and require each Third Party Participant to include, a similar provision in each lower tier covered transaction, ensuring that each lower tier Third Party Participant:

(1) Complies with federal debarment and suspension requirements; and

(2) Reviews the SAM at https://www.sam.gov, if necessary to comply with U.S. DOT regulations, 2 CFR Part 1200.

(8) *Restrictions on Lobbying (31 U.S.C. § 1352)*. Contractors that apply or bid for an award exceeding $100,000 must file the certification required by 49 CFR Part 20. Each tier certifies to the tier above that it will not and has not used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant or any other award covered by 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-federal award.

(9) *Solid Wastes*. A Recipient that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

(e) *Geographic Restrictions*. The Recipient agrees that it will not use any state or local geographic preference, except as permitted by federal law (for example, Section 25019 of the Infrastructure Investment and Jobs Act of 2021, Pub. L. 117-58), regulation, requirement, or guidance.

(f) *In-State Bus Dealer Restrictions*. The Recipient agrees that any state law requiring buses to be purchased through in-state dealers will not apply to purchases of vehicles supported with federal assistance appropriated or made available for 49 U.S.C. chapter 53, as provided in 49 U.S.C. § 5325(i).

(g) *Organizational Conflict of Interest*. The Recipient agrees that it will not enter into a procurement that involves a real or apparent organizational conflict of interest.

(h) *Project Labor Agreements*. As a condition of a third party contract award, the Recipient may require the Third Party Contractor or Subcontractor to have an

affiliation with a labor organization, such as a Project Labor Agreement, consistent with Executive Order No. 13502, "Use of Project Labor Agreements for Federal Construction Projects," February 6, 2009 (74 Fed. Reg. 6985).

(i) *Force Account*. The Recipient agrees that FTA may determine the extent to which Federal assistance may be used to participate in force account costs.

(j) *FTA Technical Review*. The Recipient agrees that FTA may review and approve the Recipient's technical specifications and requirements to the extent FTA believes necessary to ensure proper administration of the Underlying Agreement.

(k) *Relationship of the Award to Third Party Contract Approval*. The Recipient agrees that the terms of the Underlying Agreement do not, by themselves, constitute approval of any non- competitive third party contract associated with the Award, unless FTA indicates otherwise in writing.

(l) *National Intelligent Transportation Systems Architecture and Standards*. The Recipient agrees to conform to the National Intelligent Transportation Systems (ITS) Architecture requirements of 23 U.S.C. § 517(d), unless it obtains an exemption from those requirements, and to follow FTA Notice, "FTA National ITS Architecture Policy on Transit Projects," 66 Fed. Reg. 1455, January 8, 2001, and all other applicable federal guidance.

(m) *Rolling Stock*. The Recipient agrees that any procurement for rolling stock will comply with 49 U.S.C. § 5325 (Contract Requirements), 49 U.S.C. § 5323(j) (Buy America Requirements), 49 U.S.C. § 5323(m) (Pre-Award and Post Delivery Requirements), and 49 U.S.C. § 5318(e) (Bus Testing Requirements), 49 U.S.C. § 5323(u) (limitation on certain rolling stock procurements), and their implementing regulations.

(n) *Bonding*. The Recipient agrees to comply with the following bonding requirements and restrictions as provided in federal regulations and guidance:

(1) *Construction*. As provided in federal regulations and modified by FTA guidance, for each Project or related activities implementing the Underlying Agreement that involve construction, it will provide bid guarantee bonds, contract performance bonds, and payment bonds.

(2) *Activities Not Involving Construction*. For each Project or related activities implementing the Underlying Agreement not involving construction, the Recipient will not impose excessive bonding and will follow FTA guidance.

(o) *Architectural Engineering and Related Services*. When procuring architectural engineering or related services supported with federal assistance appropriated or

made available for 49 U.S.C. chapter 53 or provided in any other law requiring the Award to be administered under 49 U.S.C. chapter 53, the Recipient agrees to comply and assures that each of its Subrecipients will comply with 49 U.S.C. § 5325(b).

(p) *Design-Build Projects*. As provided in 49 U.S.C. § 5325(d), the Recipient may use a design- build procurement to carry out its Design-Build Project, provided that it complies with applicable federal laws, regulations, and requirements, and follows federal guidance.

(q) *Award to Other than the Lowest Bidder*. As permitted under 49 U.S.C. § 5325(c), the Recipient may award a third party contract to other than the lowest bidder, if that award furthers an objective (for example, improved long-term operating efficiency and lower long- term costs) consistent with the purposes of 49 U.S.C. chapter 53 and any implementing federal regulations, requirements, or guidance that FTA may issue.

(r) *Award to Responsible Third Party Contractors*. The Recipient agrees to award third party contracts only to contractors able to carry out the procurement successfully, as provided in 49 U.S.C. § 5325(j), and before awarding a third party contract, it will consider the proposed contractor's integrity, compliance with public policy, past performance, and financial and technical resources.

(s) *Access to Third Party Contract Records*. The Recipient agrees to require, and assures that each of its Subrecipients will require, its Third Party Contractors at each tier to provide:

(1) The U.S. Secretary of Transportation and the Comptroller General of the United States, the state, or their duly authorized representatives, access to all third party contract records (at any tier) as required under 49 U.S.C. § 5325(g); and

(2) Sufficient access to all third party contract records (at any tier) as needed for compliance with applicable federal laws, regulations, and requirements or to assure proper management of Underlying Agreement as determined by FTA.

(t) *Electronic and Information Technology*. The Recipient agrees that reports or information it provides to or on behalf of the Federal Government will use electronic or information technology that complies with the accessibility requirements of Section 508 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794d, and U.S. ATBCB regulations, "Electronic and Information Technology Accessibility Standards," 36 CFR Part 1194.

(u) *Veterans Preference*. As provided in 49 U.S.C. § 5325(k), to the extent practicable, the Recipient agrees and assures that each of its Subrecipients:

(1) Will give a hiring preference to veterans, as defined in 5 U.S.C. § 2108, who have the skills and abilities required to perform construction work required under a third party contract in connection with a Capital Project supported with federal assistance appropriated or made available for 49 U.S.C. chapter 53; and

(2) Will not require an employer to give a preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or a former employee.

(v) *Acquisition by Lease*. The Recipient agrees that if it intends to acquire Project property through a lease it will comply, as applicable, with 49 U.S.C. chapter 53 and section 3019 of the FAST Act.

(w) *Bid Protests*. The Recipient agrees to provide FTA, as part of the annual or quarterly Milestone Progress Report, with a list of all bid protests and appeals for solicitations or contracts in excess of $500,000. The Recipient also should be mindful of the requirement in Section 39, Disputes, that the Recipient must promptly notify the FTA Chief Counsel, or FTA Regional Counsel for the Region in which the Recipient is located, of significant current or prospective legal matters that may affect the Federal Government.

Section 17. Patent Rights.

(a) *General*. The Recipient agrees that:

(1) Depending on the nature of the Underlying Agreement, the Federal Government may acquire patent rights when the Recipient or Third Party Participant produces a patented or patentable invention, improvement, or discovery;

(2) The Federal Government's rights arise when the patent or patentable information is conceived or reduced to practice with federal assistance provided through the Underlying Agreement; or

(3) When a patent is issued or patented information becomes available as described in the preceding section 17(a)(2) of this Master Agreement, the Recipient will notify FTA immediately and provide a detailed report satisfactory to FTA.

(b) *Federal Rights*. The Recipient agrees that:

(1) Its rights and responsibilities and each Third Party Participant's rights and responsibilities in that federally assisted invention, improvement, or discovery will be determined as provided in applicable federal laws, regulations, requirements, and guidance, including any waiver thereof; and

(2) Unless the Federal Government determines otherwise in writing, irrespective of its status or the status of any Third Party Participant as a large business, small business, state government, state instrumentality, local government, Indian tribe, nonprofit organization, institution of higher education, or individual, the Recipient will transmit the Federal Government's patent rights to FTA, as specified in 35 U.S.C. § 200, et seq., and U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 CFR Part 401.

(c) *License Fees and Royalties*. Consistent with the applicable U.S. DOT Common Rules, the Recipient agrees that license fees and royalties for patents, patent applications, and inventions produced with federal assistance provided through the Underlying Agreement are program income, and must be used in compliance with applicable federal requirements.

Section 18. Rights in Data and Copyrights.

(a) *Definition of "Subject Data."* As used in this section, "subject data" means recorded information, whether or not copyrighted, that is delivered or specified to be delivered as required by the Underlying Agreement. Examples of subject data include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses, or other similar information used for performance or administration of the Underlying Agreement.

(b) *General Federal Restrictions*. The following restrictions apply to all subject data first produced in the performance of the Underlying Agreement:

(1) *Prohibitions*. The Recipient may not publish or reproduce any subject data, in whole, in part, or in any manner or form, or permit others to do so.

(2) *Exceptions*. The prohibitions do not apply to publications or reproductions for the Recipient's own internal use, an institution of higher learning, the portion of subject data that the Federal Government has previously released or approved for release to the public, or the portion of data that has the Federal Government's prior written consent for release.

(c) *Federal Rights in Data and Copyrights*. The Recipient agrees that:

(1) *General*. It must provide a license to its subject data to the Federal Government that is royalty-free, non-exclusive, and irrevocable. The Federal Government's license must permit the Federal Government to reproduce, publish, or otherwise use the subject data or permit other entities or individuals to use the subject data provided those actions are taken for Federal Government purposes; and

(2) *U.S. DOT Public Access Plan – Copyright License*. The Recipient grants to U.S. DOT a worldwide, non-exclusive, non-transferable, paid-up, royalty-free copyright license, including all rights under copyright, to any and all Publications and Digital Data Sets as such terms are defined in the U.S. DOT Public Access plan, resulting from scientific research funded either fully or partially by this funding agreement. The Recipient herein acknowledges that the above copyright license grant is first in time to any and all other grants of a copyright license to such Publications and/or Digital Data Sets, and that U.S. DOT shall have priority over any other claim of exclusive copyright to the same.

(d) *Special Federal Rights in Data for Research, Development, Demonstration, Deployment, Technical Assistance, and Special Studies Programs*. In general, FTA's purpose in providing federal assistance for a research, development, demonstration, deployment, technical assistance, or special studies program is to increase transportation knowledge, rather than limit the benefits of the Award to the Recipient and its Third Party Participants. Therefore, the Recipient agrees that:

(1) *Publicly Available Report*. When an Award providing federal assistance for any of the programs described above is completed, it must provide a report of the Underlying Agreement that FTA may publish or make available for publication on the Internet.

(2) *Other Reports*. It must provide other reports related to the Award that FTA may request.

(3) *Availability of Subject Data*. FTA may make available its copyright license to the subject data, and a copy of the subject data to any FTA Recipient or any Third Party Participant at any tier, except as the Federal Government determines otherwise in writing.

(4) *Identification of Information*. It must identify clearly any specific confidential, privileged, or proprietary information submitted to FTA.

(5) *Incomplete*. If the Award is not completed for any reason whatsoever, all data developed with federal assistance for the Award becomes subject data and must be delivered as the Federal Government may direct.

(6) *Exception*. This section does not apply to an adaptation of any automatic data processing equipment or program that is both for the Recipient's use, and acquired with FTA capital program assistance.

(e) *License Fees and Royalties*. Consistent with the applicable U.S. DOT Common Rules, the Recipient agrees that license fees and royalties for patents, patent applications, and inventions produced with federal assistance provided through the Underlying Agreement are program income, and must be used in compliance with federal applicable requirements.

(f) *Hold Harmless*. Upon request by the Federal Government, the Recipient agrees that if it intentionally violates any proprietary rights, copyrights, or right of privacy, and if its violation under the preceding section occurs from any of the publication, translation, reproduction, delivery, use or disposition of subject data, then it will indemnify, save, and hold harmless the Federal Government against any liability, including costs and expenses of the Federal Government's officers, employees, and agents acting within the scope of their official duties. The Recipient will not be required to indemnify the Federal Government for any liability described in the preceding sentence, if the violation is caused by the wrongful acts of federal officers, employees or agents, or if indemnification is prohibited or limited by applicable state law.

(g) *Restrictions on Access to Patent Rights*. Nothing in this section of this Master Agreement pertaining to rights in data either implies a license to the Federal Government under any patent, or may be construed to affect the scope of any license or other right otherwise granted to the Federal Government under any patent.

(h) *Data Developed Without Federal Assistance or Support*. The Recipient agrees that in certain circumstances it may need to provide to FTA data developed without any federal assistance or support. Nevertheless, this section generally does not apply to data developed without federal assistance, even though that data may have been used in connection with the Award. The Recipient agrees that the Federal Government will not be able to protect data developed without federal assistance from unauthorized disclosure unless that data is clearly marked "Proprietary," or "Confidential."

(i) *Requirements to Release Data*. The Recipient understands and agrees that the Federal Government may be required to release data and information that the Recipient submits to the Federal Government as required under:

(1) The Freedom of Information Act (FOIA), 5 U.S.C. § 552;

(2) The U.S. DOT Common Rules;

(3) The U.S. DOT Public Access Plan, which provides that the Recipient agrees to satisfy the reporting and compliance requirements as set forth in the U.S. DOT Public Access plan, including, but not limited to, the submission and approval of a Data Management Plan, the use of Open Researcher and Contributor ID (ORCID) numbers, the creation and maintenance of a Research Project record in the Transportation Research Board's (TRB) Research in Progress (RiP) database, and the timely and complete submission of all required publications and associated digital data sets as such terms are defined in the DOT Public Access plan. Additional information about how to comply with the requirements can be found at http://ntl.bts.gov/publicaccess/howtocomply.html; or

(4) Other federal laws, regulations, requirements, and guidance concerning access to records pertaining to the Award, the accompanying Underlying Agreement, and any Amendments thereto.

Section 19. Use of Real Property, Equipment, and Supplies.

(a) *Federal Interest*. The Recipient agrees that the Federal Government retains a federal interest in all real property, equipment, and supplies acquired or improved for use in connection with a Project (Project property) until, and to the extent that, the Federal Government removes its federal interest.

(b) *FTA Requirements and Guidance for Use of Project Property*. The Recipient agrees that:

(1) *Satisfactory Continuing Control*. It will maintain continuing control of the use of its Project property as satisfactory to FTA, which is defined as the legal assurance that Project property will remain available to be used for its originally authorized purpose throughout its useful life or until disposition.

(2) *Appropriate Use*. It will use its Project property for appropriate purposes (including joint development purposes as well as uses that provide program income to support public transportation) for the duration of the useful life of its Project property, which may extend beyond the duration of the Award, and consistent with other requirements FTA may impose.

(3) *Delay or Failure to Use Project Property*. The Federal Government may require it to return the entire amount of federal assistance spent on its Project

property if, during the useful life of its Project property, it has unreasonably delayed using its Project property, or failed to use its Project property.

(4) *Notification*. It will notify FTA immediately when it uses any of its Project property in a manner substantially different from the representations in its Application or other documents submitted in support of the Award, or the requirements of the accompanying Underlying Agreement, or it withdraws any of its Project property from appropriate use.

(5) *FTA Guidance*. It will consult FTA guidance through its circulars or other written documents for ways in which FTA property requirements should be implemented. FTA guidance will apply unless FTA determines otherwise in writing.

(c) *General Federal Requirements*. The Recipient agrees to comply with the applicable U.S. DOT property management provisions as provided in the U.S. DOT Common Rules and this Master Agreement. The Recipient also agrees to follow FTA's reimbursement provisions pertaining to premature dispositions of certain equipment, as provided in this Master Agreement and FTA guidance.

(d) *Maintenance*. As provided in federal laws, regulations, requirements, and guidance, the Recipient agrees to maintain its Project property in good operating order, and comply with FTA regulations, "Transit Asset Management" and "National Transit Database," 49 CFR Parts 625 and 630.

(e) *Property Records*. The Recipient agrees to keep satisfactory records of its use of its Project property, and, upon request, it will provide FTA the necessary information required to assure compliance with this Master Agreement.

(f) *Incidental Use*.

(1) The Recipient agrees that any incidental use of Project property will not exceed what is permitted under applicable federal requirements and federal guidance.

(2) As provided in 49 U.S.C. § 5323(p), it may permit nontransit public entities and private entities to have incidental use of its federally assisted alternative fueling facilities and equipment, only if:

(i) The incidental use does not interfere with public transportation operations or violate the provisions of the Underlying Agreement and any Amendments thereto;

(ii) It fully recaptures all the costs related to the incidental use from any nontransit public entity or private entity that uses the alternative fueling facilities or equipment;

(iii) It uses revenues it receives from the incidental use in excess of costs for planning, capital, and operating expenses that are incurred in providing public transportation; and

(iv) Private entities pay all applicable excise taxes on fuel.

(g) *Reasonable Access for Private Intercity or Charter Transportation Operators*. The Recipient agrees to comply with 49 U.S.C. § 5323(r), and may not deny reasonable access for a private intercity or charter transportation operator to federally funded public transportation facilities, including intermodal facilities, park and ride lots, and bus-only highway lanes. In determining reasonable access, capacity requirements of the Recipient and the extent to which access would be detrimental to existing public transportation services must be considered.

(h) *Encumbrance of Project Property*. Absent the express consent of the Federal Government in writing, the Recipient agrees to preserve the federal interest in its Project property, and to maintain satisfactory continuing control of its Project property as follows:

(1) *Written Transactions*. The Recipient agrees that it will not execute any documents that would either adversely affect the federal interest in or impair its continuing control of the use of its Project property including, but not limited to, lease, transfer of title, lien, pledge, mortgage, encumbrance, third party contract, subagreement, grant anticipation note, alienation, innovative finance arrangements, such as a cross-border or leveraged lease, or other types of innovative financing arrangements, or any restriction, constraint, or commitment that may apply to the Project property. Upon request, the Recipient will provide a copy of any document described above to FTA.

(2) *Oral Transactions*. The Recipient agrees it will not obligate itself in any way through an oral statement to any third party with respect to its Project property that would either adversely affect the federal interest in or impair its continuing control of the use of its Project property.

(3) *Other Actions*. The Recipient agrees that it will not take any other action that would either adversely affect the federal interest in or impair its continuing control of the use of its Project property.

(i) *Useful Life of Project Property*. The Recipient agrees that:

(1) *Determining the Useful Life*. FTA may establish the useful life of Project property;

(2) *Required Use*. It will use its Project property continuously and appropriately throughout the useful life of that property;

(3) *Expired Useful Life*. When the useful life of its Project property has expired, it will comply with FTA's disposition requirements; and

(4) *Premature Withdrawal*. The Federal Government retains a federal interest in the fair market value of Project property or remaining useful life in Project property calculated based on straight line depreciation (including Project equipment acquired by a state). Therefore, if the Recipient withdraws that property from public transportation use prematurely, it will notify FTA immediately when any of its Project property is prematurely withdrawn from appropriate use, whether by planned withdrawal, misuse, or casualty loss.

(i) *Amount of Federal Interest*. The federal interest in the Recipient's or any of its Subrecipients' Project property will be determined based on the ratio of the federal assistance provided for that property to the actual cost of that property.

(ii) *Financial Commitments to the Federal Government*. Except as otherwise approved in writing by the Federal Government, the Recipient agrees that if its Project property is prematurely withdrawn from appropriate use:

(A) It will return an amount equal to the remaining federal interest in the withdrawn property to the Federal Government; or

(B) With FTA approval, it will invest an amount equal to the remaining federal interest in the withdrawn property in other transit property eligible for federal assistance provided through the Underlying Agreement.

(j) *Calculating the Value of Prematurely Withdrawn Project Property*. The Recipient agrees that the fair market value of Project property prematurely withdrawn from use in support of the Award (including the fair market value of project equipment acquired or improved by a state) will be calculated as follows:

(1) *Equipment and Supplies*. The fair market value of project equipment or supplies will be calculated by straight-line depreciation, based on the useful life of that equipment or supplies as established or approved by FTA. The fair market value of the Project equipment and supplies withdrawn from

proper use will be based on the value of that property immediately before it was withdrawn from appropriate use irrespective of whether the Project property was withdrawn from use due to fire, casualty, or natural disaster, and irrespective of the extent of insurance coverage.

(2) *Real Property*. The Recipient agrees that the fair market value of Project real property shall be determined by:

(i) Competent appraisal based on an appropriate date as approved by FTA, consistent with U.S. DOT regulations, "Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally-Assisted Programs," 49 CFR Part 24;

(ii) Straight line depreciation of improvements to the Project real property coupled with the value of the land determined by FTA based on appraisal; or

(iii) Other applicable federal laws, regulations, and requirements.

(3) *Exceptional Circumstances*. The Recipient agrees that the Federal Government may require another method of valuation to be used to determine the fair market value of Project real property withdrawn from service. In unusual circumstances, the Recipient may request permission to use another reasonable valuation method including, but not limited to accelerated depreciation, comparable sales, or established market values.

(k) *Insurance Proceeds*. The Recipient agrees to use any insurance proceeds it receives for Project property that has been damaged or destroyed (including insurance proceeds for Project equipment acquired or improved by a state) as follows:

(1) *Replacement*. It may apply those insurance proceeds to the cost of replacing that damaged or destroyed property;

(2) *Another Purpose*. It may use those insurance proceeds for another authorized purpose, provided that it has obtained FTA's consent in writing; or

(3) *Return to the Federal Government*. It may return to the Federal Government an amount equal to the amount of the remaining federal interest in that property that has been damaged or destroyed.

(l) *Misused or Damaged Project Property*. If any damage to Project property results from abuse or misuse occurring with the Recipient's knowledge and consent, the Recipient agrees to restore the Project property that has been damaged to its original condition, or refund the value of the federal interest in its Project property (including

the remaining federal interest in Project equipment acquired by a state), as the Federal Government may require.

(m) *Disposition of Project Property*. The Recipient agrees that disposition of its Project property may be made as provided in FTA's enabling legislation, 49 U.S.C. § 5334(h), U.S. DOT Common Rules, and the most recent edition of FTA Circular 5010.1, to the extent consistent with applicable federal laws, regulations, requirements, and guidance. The Recipient understands and agrees that under certain circumstances, the Recipient must obtain disposition instructions from FTA before disposing of Project property, including real property, equipment including rolling stock, and supplies. Disposition performed under any authority is subject to 49 U.S.C. § 5334(h)(4)(B) ("Reimbursement").

(n) *Responsibilities After Closeout*. The Recipient agrees that closeout of the Award will not change the Recipient's property management responsibilities for its Project property as provided in federal laws, regulations, requirements, and guidance effective now or at a later date, and this section of this Master Agreement.

Section 20. Transit Asset Management.

(a) *Transit Asset Management Plan*. The Recipient agrees to develop a Transit Asset Management Plan that complies with federal transit laws, specifically 49 U.S.C. § 5326, FTA regulations, "Transit Asset Management," 49 CFR Part 625, and "National Transit Database," 49 CFR Part 630, and other applicable federal laws, regulations, and requirements.

(b) *When Compliance is Required*. The Recipient agrees to, and assures that each Third Party Participant will, comply with FTA regulations, "Transit Asset Management; National Transit Database," 49 CFR Parts 625 and 630, and follow applicable federal guidance.

Section 21. Insurance.

(a) *Flood Insurance*. The Recipient agrees and assures that its Third Party Participants will agree to comply with flood insurance laws and guidance as follows:

(1) It will have flood insurance as required by the Flood Disaster Protection Act of 1973, 42 U.S.C. § 4012a(a), for any building located in a special flood hazard area (100-year flood zone), before accessing federal assistance to acquire, construct, reconstruct, repair, or improve that building.

(2) Each such building and its contents will be covered by flood insurance in an amount at least equal to the federal investment (less estimated land cost) or to the maximum limit of coverage made available with respect to the particular

type of property under the National Flood Insurance Act of 1968, 42 U.S.C. § 4001, et seq., whichever is less.

(3) It will follow FTA guidance, except to the extent FTA determines otherwise in writing.

(b) *Other Insurance Requirements*. It will comply with the insurance requirements normally imposed by its state and local laws, regulations, and ordinances.

Section 22. Relocation and Real Property.

(a) *Relocation Protections*. Irrespective of whether federal assistance is used to pay relocation costs required under federal laws, regulations, or requirements, the Recipient agrees to:

(1) Provide fair and equitable treatment to displaced individuals and businesses that must be relocated as a result of any Project for which the FTA has provided federal assistance; and

(2) Comply with federal transit laws, specifically 49 U.S.C. § 5323(b), which requires compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, 42 U.S.C. § 4601, et seq., and U.S. DOT regulations, "Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally Assisted Programs," 49 CFR Part 24.

(b) *Nondiscrimination in Housing*. President Obama's "Memorandum for the Heads of Executive Departments and Agencies on the Freedom of Information Act," dated January 21, 2009, directs federal agencies to adopt a presumption that information should generally be disclosed when requested, and therefore the Recipient agrees that:

(1) Unless a federal law or regulation requires that a document or other information be withheld, FTA does not consent to withhold information, irrespective of its format, merely because it is accompanied by a "routine" confidentiality statement that may appear on:

(i) Information about the Award, the accompanying Underlying Agreement, and any Amendments thereto;

(ii) Information accompanying or supplementing the Award, the accompanying Underlying Agreement, and any Amendments thereto; or

(iii) Any other information FTA may obtain.

(2) As provided in federal laws, regulations, requirements, and guidance, FTA will review the information and documents that are the subject of each FOIA request to determine the extent to which FTA must or should exercise its discretion to withhold that information or those documents.

(3) Any genuinely confidential, privileged, or sensitive security information will be marked clearly and specifically as confidential or privileged, and justified as confidential or privileged under FOIA standards. The Recipient will mark all sensitive security information (SSI), as defined by 49 C.F.R. § 15.5, as set forth in 49 C.F.R. § 1520.13. The Recipient will not mark non-SSI material as SSI. Also refer to Section 36 of this Agreement, regarding the protection of SSI and other sensitive information.

Section 39. Disputes, Breaches, Defaults, and Litigation.

(a) *FTA Interest*. FTA has a vested interest in the settlement of any violation of federal law, regulation, or requirement, or any disagreement involving the Award, the accompanying Underlying Agreement, and any Amendments thereto including, but not limited to, a default, breach, major dispute, or litigation, and FTA reserves the right to concur in any settlement or compromise.

(b) *Notification to FTA; Flow Down Requirement*. If a current or prospective legal matter that may affect the Federal Government emerges, the Recipient must promptly notify the FTA Chief Counsel and FTA Regional Counsel for the Region in which the Recipient is located. The Recipient must include a similar notification requirement in its Third Party Agreements and must require each Third Party Participant to include an equivalent provision in its subagreements at every tier, for any agreement that is a "covered transaction" according to 2 C.F.R. §§ 180.220 and 1200.220.

(1) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

(2) Matters that may affect the Federal Government include, but are not limited to, the Federal Government's interests in the Award, the accompanying Underlying Agreement, and any Amendments thereto, or the Federal Government's administration or enforcement of federal laws, regulations, and requirements.

(3) *Additional Notice to U.S. DOT Inspector General*. The Recipient must promptly notify the U.S. DOT Inspector General in addition to the FTA Chief Counsel or Regional Counsel for the Region in which the Recipient is located, if the Recipient has knowledge of potential fraud, waste, or abuse occurring on a Project receiving assistance from FTA. The notification provision applies if a person has or may have submitted a false claim under the False Claims Act, 31 U.S.C. § 3729, et seq., or has or may have committed a criminal or civil violation of law pertaining to such matters as fraud, conflict of interest, bid rigging, misappropriation or embezzlement, bribery, gratuity, or similar misconduct involving federal assistance. This responsibility occurs whether the Project is subject to this Agreement or another agreement between the Recipient and FTA, or an agreement involving a principal, officer, employee, agent, or Third Party Participant of the Recipient. It also applies to subcontractors at any tier. Knowledge, as used in this paragraph, includes, but is not limited to, knowledge of a

criminal or civil investigation by a Federal, state, or local law enforcement or other investigative agency, a criminal indictment or civil complaint, or probable cause that could support a criminal indictment, or any other credible information in the possession of the Recipient. In this paragraph, "promptly" means to refer information without delay and without change. This notification provision applies to all divisions of the Recipient, including divisions tasked with law enforcement or investigatory functions.

(c) *Federal Interest in Recovery*. The Federal Government retains the right to a proportionate share of any proceeds recovered from any third party, based on the percentage of the federal share for the Underlying Agreement. Notwithstanding the preceding sentence, the Recipient may return all liquidated damages it receives to its Award Budget for its Underlying Agreement rather than return the federal share of those liquidated damages to the Federal Government, provided that the Recipient receives FTA's prior written concurrence.

(d) *Enforcement*. The Recipient must pursue its legal rights and remedies available under any third party agreement or any federal, state, or local law or regulation.

Section 40. Amendments to the Underlying Agreement.

(a) *When Required*. An Amendment to the Underlying Agreement is required under the following circumstances:

(1) A change in the scope of work or an addition of federal assistance to an existing Award (regardless of whether the source of assistance is the same or different);

(2) A change to the scope of work that necessitates a change in the distribution of federal assistance across scope codes or activities; or

(3) The Award includes multiple sources of financial assistance and the action requires the addition of a new Scope to a Project.

(b) *Process*. An amendment to the Underlying Agreement must be submitted and approved in TrAMS, and must meet the same application requirements as would apply to a request for a new Award.

Section 41. FTA's Transit Award Management System (TrAMS).

The Recipient agrees to submit its application for an Award, reports, documents, or other information required by federal law, regulations, or requirements, through FTA's Transit Award Management System (TrAMS). To submit its application, reports, documents, or information required to FTA, any signature submitted for use in TrAMS must comply with the requirements

of the Electronic Signatures in Global and National Commerce Act (E-Sign Act), 15 U.S.C. §§ 7001, et seq.

Section 42. Information Obtained through Internet Links.

Although this Master Agreement may include electronic links to federal laws, regulations, requirements, and guidance, FTA does not guarantee the accuracy of the information that may accessed through such links. Accordingly, the Recipient understands and agrees that any information obtained through any electronic link within this Master Agreement does not represent an official version of a federal law, regulation, or requirement, and might be inaccurate. Therefore, any information that is obtained through such links is neither incorporated by reference nor made part of this Master Agreement. The Federal Register and the Code of Federal Regulations are the official sources for regulatory information pertaining to the Federal Government.

Section 43. Severability.

The Recipient agrees that if any provision of the Underlying Agreement or any Amendment thereto is determined to be invalid, then the remaining provisions thereof that conform to federal laws, regulations, requirements, and guidance will continue in effect.

(c) *Special Disposition Provision*. In addition to other disposition provisions, FTA may vest title in tangible personal property used in the conduct of basic or applied scientific research in a nonprofit institution of higher education or in a nonprofit organization whose primary purpose is conducting scientific research, provided the requirements of 31 U.S.C. § 6306 are met.

(d) *Protection of Human Subjects*. The Recipient agrees to comply with the protections for human subjects involved in a Project or related activities supported with federal assistance through the Underlying Agreement, as required by the National Research

(e) *Procurement of Rolling Stock*. Notwithstanding any other agency, state or federal policy, rule, regulation, law or ordinance to the contrary, the VENDOR and any of its employees, agents, and subVENDORs providing service under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any claims to, any compensation, benefit, or any incident of employment by the CITY, including but not limited to eligibility to enroll in PERS as an employee of the CITY and entitlement to any contribution to be paid by the CITY for employer contribution and/or employee contributions for PERS benefits.

SECTION 13. LEGAL RESPONSIBILITIES.

The VENDOR shall at all times observe and comply with all applicable laws, ordinances, codes, and regulations of the federal, state, and local governments including, but not limited to the Montebello Municipal Code. The CITY, and its appointed or elected officers, employees, or agents, shall not be liable at law or in equity occasioned by failure of the VENDOR to comply with this section.

SECTION 14. INDEMNIFICATION.

The VENDOR agrees to, and shall defend, indemnify, protect and hold harmless, the CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers from and against any and all claims, demands, lawsuits, defense costs, civil, penalties, expenses, causes of action, and judgments at law or in equity, or liability of any kind or nature which the CITY, its elected and appointed boards, officers, officials, employees, agents and volunteers may sustain or incur or which may be imposed upon them for injuries or deaths of persons, or damage to property arising out of the VENDOR's negligent or wrongful act, or omission under the terms of this Agreement, except only liability arising out of the sole negligence of the CITY.

SECTION 15. INSURANCE COVERAGE.

a. During the term of this Agreement, the VENDOR shall carry, maintain, and keep in full force and effect insurance against claims for death or injuries to persons or damages to property that may arise from or in connection with VENDOR's performance of this Agreement. Such insurance shall be of the types and in the

amounts as set forth below:

- **Commercial General Liability (CGL)**: Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis for bodily injury and property damage, including products-completed operations, personal injury, and advertising injury, with limits no less than $2,000,000 per occurrence. If a general aggregate limit applies, the limit shall be twice the required occurrence limit.

- **Automobile Liability Insurance:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if VENDOR has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

- **Worker's Compensation** insurance as required by the laws of the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.

- **Professional Liability** insurance appropriate to the VENDOR'S profession, with limit no less than $1,000,000 per occurrence or claim, $1,000,000 aggregate.

b. If the VENDOR maintains higher limits than the minimums shown above, the CITY requires and shall be entitled to coverage for the higher limits maintained by the VENDOR.

c. The CONTACTOR shall require each of its subVENDORs, if any, to maintain insurance coverage that meets all of the requirements of this Agreement.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The VENDOR agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the VENDOR's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello
Attn: Risk Manager
1600 West Beverly Boulevard

Montebello, CA 90640
Email: TJacobs-Strange@montebelloca.gov

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the VENDOR shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The VENDOR shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The VENDOR shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The VENDOR agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the VENDOR shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of VENDOR's insurance and shall not contribute with it.

1. Executive Summary

ZeroUp Energy is pleased to present a flexible and scalable mobile hydrogen fueling proposal to support Montebello Bus Lines' transition to zero-emission transportation. Building upon our experience supporting hydrogen transit operations throughout California, this proposal is specifically designed to provide Montebello with a rapid-deployment, low-risk, and cost-effective fueling solution for its initial fleet of New Flyer Fuel Cell Electric Buses (FCEBs).

Recognizing the importance of operational flexibility and minimal infrastructure impacts, this proposal includes two mobile fueling options designed to accommodate both near-term fleet deployment and long-term expansion. Both solutions are centered around proven high-pressure hydrogen storage technology and are intended to minimize permitting complexity, reduce installation timelines, and provide reliable hydrogen fueling availability with little to no permanent site modifications.

The proposed solutions are designed to:

- Support immediate deployment of hydrogen bus operations
- Minimize upfront infrastructure and construction requirements
- Provide safe, code-compliant fueling operations
- Allow future scalability as the fleet expands
- Reduce operational disruptions to existing transit activities
- Maintain flexibility while permanent fueling infrastructure is evaluated

Both fueling approaches utilize high-pressure gaseous hydrogen storage and are supported by ZeroUp Energy's operational expertise in hydrogen logistics, mobile fueling operations, and transit fleet support. Each option provides unique advantages while maintaining the same core commitments of safety, reliability, rapid deployment, regulatory compliance, and operational support.

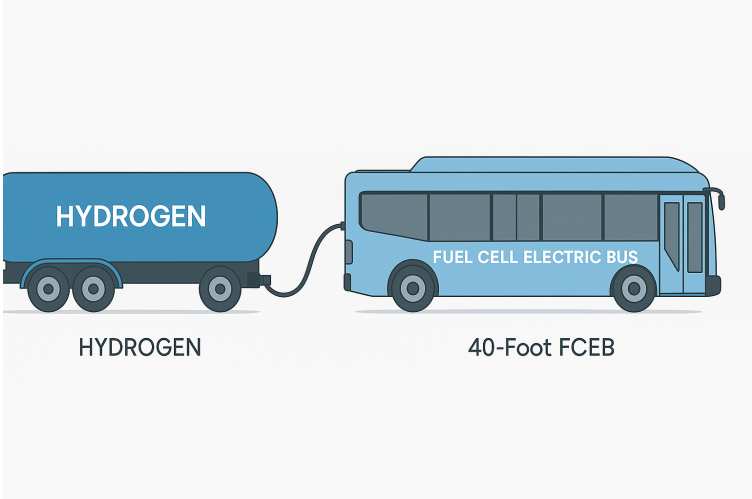
Option 1: Mobile Nozzle-Only Fueling Configuration (Zero Power / Minimal Infrastructure)

Option 1 utilizes a high-pressure hydrogen storage trailer with a simplified nozzle-based fueling configuration requiring no external electrical connection, trenching, or permanent site work.

Hydrogen fueling is performed through direct high-pressure cascade fueling principles, providing a simple and highly deployable fueling solution for smaller transit fleets.

Key advantages include:

- No external power or utility connection required
- No trenching, permanent foundations, or major site modifications
- Rapid deployment with minimal installation requirements
- Lower overall project complexity and cost
- Reduced permitting and construction impacts
- Flexible mobile fueling operations tailored to small fleet deployments



This option represents the simplest and fastest pathway for Montebello Bus Lines to begin hydrogen fueling operations while maintaining flexibility for future infrastructure planning.

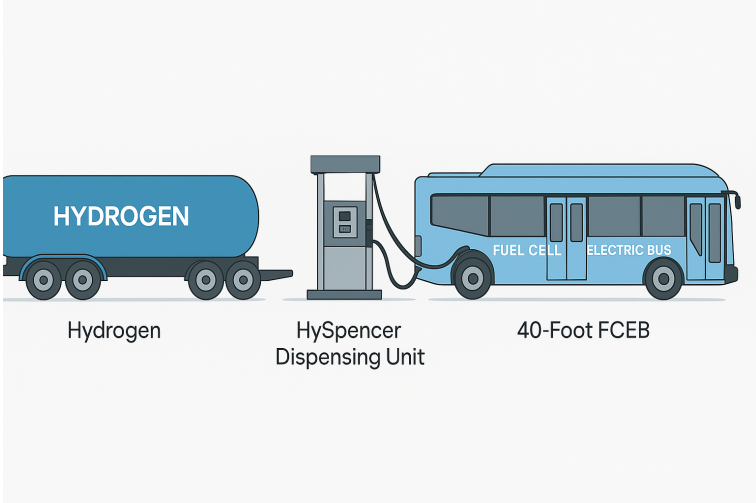
Option 2: Mobile Hydrogen Fueling System with Compression-Assisted Dispensing

Option 2 consists of a high-pressure hydrogen storage trailer integrated with a mobile compression-assisted dispensing system capable of fueling buses at 350 bar utilizing industry-standard fueling protocols and connectors.

This option is intended to provide a fueling experience similar to a permanent hydrogen station while maintaining the flexibility and mobility of a temporary fueling solution.

Key advantages include:

- Enhanced fueling performance and optimized bus fills through compression-assisted dispensing
- Improved fueling consistency across varying trailer pressures
- Minimal permanent infrastructure requirements
- Modular and self-contained fueling architecture
- Scalable design capable of supporting additional buses in the future
- Compliance with applicable SAE fueling standards and transit fueling requirements



This configuration is ideal for agencies seeking a higher-performance fueling solution while still avoiding the cost and schedule impacts associated with permanent station construction.

Phased Deployment and Future Transition Strategy

ZeroUp Energy understands that Montebello Bus Lines is currently evaluating long-term fueling infrastructure associated with the future Truck Way site improvements and fleet expansion plans. As a result, the proposed mobile fueling approach is intentionally designed to support a phased transition strategy.

Under this approach, Montebello may initially deploy Option 1 as an immediate, low-cost, and low-infrastructure fueling solution to support early hydrogen bus operations while minimizing permitting, construction, and utility coordination requirements at the current facility.

Once the future Truck Way site is operational and capable of supporting additional infrastructure, Montebello may seamlessly transition to Option 2 by integrating a compression-assisted mobile dispenser system capable of providing enhanced fueling performance and a station-like fueling experience.

This phased approach provides several strategic advantages:

- Immediate hydrogen fueling capability without waiting for permanent site development
- Reduced upfront infrastructure costs during early fleet deployment
- Flexibility to scale fueling operations alongside fleet growth
- Ability to utilize existing mobile hydrogen assets during future expansion
- Reduced operational disruption during site transition activities
- A clear pathway toward more advanced fueling infrastructure over time

By structuring the project in phases, Montebello Bus Lines can begin zero-emission hydrogen operations immediately while preserving long-term flexibility as the Truck Way facility and future fueling needs evolve.

Shared Benefits of Both Options

Regardless of the fueling configuration selected, ZeroUp Energy provides the following core project benefits:

- Rapid deployment aligned with bus delivery schedules
- Mobile fueling architecture designed to minimize site impacts
- Hydrogen fuel meeting SAE J2719 purity specifications
- Compliance with applicable NFPA, SAE, IFC, CGA, ASME, and related safety standards
- Fuel delivery coordination and operational support services
- Preventative maintenance and technical support
- Safety training and fueling procedures for transit personnel
- Emergency response coordination and operational troubleshooting support
- Flexible fueling schedules coordinated around transit operations

- Scalable infrastructure capable of supporting future fleet growth

As Montebello expands its hydrogen fleet, the proposed mobile fueling platform can be expanded through additional storage trailers, increased delivery frequency, or future integration into permanent station infrastructure without disrupting ongoing operations.

A Flexible and Low-Risk Pathway to Zero-Emission Transit

ZeroUp Energy brings extensive experience in hydrogen fueling operations, mobile fueling deployments, hydrogen logistics, and transit fleet support throughout California and the western United States.

3. Timeline & Scheduling

This section outlines ZeroUp Energy's proposed project schedule for deployment of the mobile hydrogen fueling solution for Montebello Bus Lines. The proposed schedule is specifically structured around Option 1 — the Mobile Nozzle-Only Fueling Configuration — which was intentionally designed to minimize infrastructure requirements, reduce permitting complexity, and accelerate deployment timelines.

Because Option 1 utilizes a mobile, trailer-based fueling configuration requiring no permanent electrical infrastructure, trenching, or major site modifications, the system can typically be reviewed, coordinated, and operational within approximately 4–6 weeks following Notice to Proceed (NTP), depending on final site coordination and agency review requirements.

ZeroUp's equipment platform is modular, commercially available, and deployment-ready, allowing the project team to move quickly through design coordination, operational planning, equipment mobilization, and commissioning activities.

Additionally, this phased approach provides Montebello Bus Lines with a clear transition pathway toward Option 2 — the compression-assisted dispenser configuration — once the future Truck Way site is operational and ready to support additional infrastructure. Based on similar deployments and anticipated permitting requirements, ZeroUp anticipates that Option 2 could be fully permitted, deployed, and operational within approximately 90 days following site readiness and authorization to proceed.

3.1 Overall Project Schedule

Week 0 – Notice to Proceed (NTP)

Project kickoff meeting with Montebello Bus Lines operations, facilities, and project stakeholders. During this phase, ZeroUp will:

- Confirm project schedule and deployment milestones
- Finalize fueling location and operational layout
- Coordinate hydrogen supply logistics
- Confirm vehicle fueling schedules and operational procedures
- Initiate safety planning and site coordination activities

NTP + 1 Week – Site Survey & Operational Review

ZeroUp will complete a detailed site assessment within approximately one week of NTP. The review will include:

- Trailer positioning and operational access
- Vehicle circulation and fueling flow
- NFPA setback verification
- Safety perimeter evaluation
- Grounding locations and fueling access
- Emergency access and operational coordination

Because Option 1 requires minimal permanent infrastructure, the site review process is significantly streamlined compared to traditional hydrogen station development.

NTP + 2 Weeks – Design & Safety Documentation

ZeroUp will prepare and submit all required operational and safety documentation, including:

- Site layout drawings
- Trailer placement plans
- Fueling procedures
- Safety and emergency response plans
- Equipment specifications
- Operational coordination documents

Due to the temporary and mobile nature of Option 1, permitting requirements are anticipated to be minimal relative to permanent fueling infrastructure.

NTP + 4–6 Weeks – Equipment Deployment & Commissioning

Following completion of site coordination and any required approvals, ZeroUp will mobilize the mobile fueling equipment to the project site.

Deployment activities include:

- Trailer delivery and placement
- Safety inspections
- Fueling system setup
- Functional testing
- Operational verification
- Initial hydrogen delivery coordination

Based on the proposed Option 1 configuration, ZeroUp anticipates full operational readiness within approximately 4–6 weeks following NTP.

Staff Training & Operational Readiness

Immediately following commissioning, ZeroUp will provide onsite operational training for Montebello personnel and applicable stakeholders. Training will include:

- Fueling procedures and operations
- Hydrogen safety protocols
- Emergency shutdown procedures
- Site safety requirements
- Trailer operations and handling awareness
- Incident response coordination

Operational support and technical assistance will remain available throughout the deployment period.

3.2 Future Transition to Option 2 (Truck Way Site)

As Montebello Bus Lines advances development of the future Truck Way facility, ZeroUp's phased deployment strategy allows the agency to seamlessly transition from the initial mobile fueling configuration to a more advanced compression-assisted fueling system.

Once the Truck Way site is operational and capable of supporting additional utility and infrastructure requirements, ZeroUp can deploy Option 2, which incorporates:

- Compression-assisted dispensing
- Enhanced fueling performance
- Improved fill consistency
- Expanded fleet fueling capability
- Station-like fueling operations

Based on anticipated site conditions and permitting requirements, ZeroUp estimates that Option 2 can typically be permitted, deployed, and commissioned within approximately 90 days following authorization to proceed and site readiness.

This phased approach allows Montebello to:

- Begin hydrogen bus operations immediately
- Minimize upfront infrastructure costs
- Avoid delays associated with permanent station construction
- Scale fueling capability alongside fleet expansion
- Transition toward long-term fueling infrastructure over time

3.3 Milestone Schedule Table

Milestone	Description	Estimated Completion
Notice to Proceed (NTP)	Contract execution and kickoff meeting	Week 0

3.4 Fuel Delivery & Operational Support

ZeroUp Energy's fuel delivery strategy is designed to ensure reliable, uninterrupted hydrogen availability throughout the duration of the project. Our operational approach incorporates coordinated hydrogen supply scheduling, mobile storage management, and responsive delivery logistics to support Montebello Bus Lines' fueling needs.

The proposed fueling platform is designed to provide:

- High-purity hydrogen meeting SAE J2719 requirements
- Reliable fueling availability aligned with transit operations
- Flexible delivery scheduling based on fleet demand
- Rapid response capability for supplemental fuel deliveries
- Mobile storage capacity sufficient for anticipated fleet operations
- Ongoing operational and technical support

ZeroUp will coordinate all hydrogen deliveries, operational logistics, and fueling support activities directly with Montebello Bus Lines to ensure safe, reliable, and uninterrupted fueling operations as the agency transitions toward long-term zero-emission fleet deployment.

4. Hydrogen Supply Strategy & Fuel Delivery Plan

Reliable Hydrogen Supply Strategy

ZeroUp Energy's hydrogen supply strategy is designed to provide Montebello Bus Lines with a highly reliable, flexible, and operationally resilient fueling solution capable of supporting uninterrupted fuel-cell bus operations throughout the duration of the project.

To minimize operational risk and ensure long-term supply reliability, ZeroUp has established a hydrogen supply model centered around K2 Pure Solutions, one of California's established hydrogen production facilities, supported by coordinated logistics, mobile storage assets, and supplemental backup supply capabilities.

This approach provides Montebello with:

- Reliable access to high-purity hydrogen fuel
- Flexible delivery scheduling aligned with transit operations
- Redundant supply planning for operational continuity
- Rapid-response delivery capability
- Scalable fueling support as fleet operations expand
- Reduced risk associated with market disruptions or supply interruptions

Hydrogen supplied under this program will meet or exceed SAE J2719 fuel-cell grade hydrogen purity standards, ensuring compatibility with fuel-cell bus systems and long-term vehicle performance.

Additionally, hydrogen supplied through the K2 Pure Solutions platform provides significant environmental benefits and supports California's broader decarbonization and clean transportation goals. The hydrogen supply maintains a low carbon intensity (CI) profile of approximately 21 gCO2e/MJ, representing greater than 60% renewable content under California's Low Carbon Fuel Standard (LCFS) methodology.

This lower-carbon hydrogen pathway helps Montebello Bus Lines:

- Reduce lifecycle greenhouse gas emissions associated with fleet operations
- Support state and regional zero-emission transportation objectives
- Enhance the environmental benefits of fuel-cell electric bus deployment
- Improve sustainability reporting and emissions reduction metrics

- Align with California clean fuel and air quality initiatives

By utilizing lower-carbon hydrogen fuel, Montebello Bus Lines is not only transitioning to zero-emission vehicle technology at the tailpipe level, but also supporting a cleaner upstream fuel supply chain that further reduces overall transportation-related emissions.

Primary Hydrogen Supply Source – K2 Pure Solutions

The primary hydrogen source for Montebello Bus Lines will be K2 Pure Solutions, a California-based hydrogen producer with established operational capabilities and experience supporting mobility applications throughout the state.

ZeroUp Energy will coordinate all logistics, scheduling, transportation, delivery sequencing, and operational planning associated with hydrogen deliveries to Montebello Bus Lines.

Responsibilities include:

- Hydrogen delivery scheduling
- Trailer dispatch coordination
- Fuel inventory management
- Route planning and delivery timing
- Supply forecasting and operational planning
- Communication and delivery coordination with Montebello staff
- Supplemental delivery management when required

The K2 supply platform provides several operational advantages, including:

- Reliable production availability
- Consistent fuel quality meeting SAE J2719 standards
- Low carbon intensity hydrogen (~21 gCO2e/MJ)
- Greater than 60% renewable hydrogen content
- Flexible delivery scheduling
- Rapid response capability for additional fueling needs
- Scalable supply support for future fleet growth

This supply structure allows ZeroUp to maintain predictable and dependable fueling operations while minimizing operational disruptions to transit activities.

Backup Supply & Operational Redundancy

To further strengthen operational reliability, ZeroUp Energy maintains access to additional hydrogen supply channels and mobile delivery capabilities that can be utilized in the event of:

- Scheduled production maintenance
- Temporary supply interruptions
- Increased fleet demand
- Emergency fueling requirements
- Regional hydrogen market fluctuations

This layered supply strategy provides Montebello Bus Lines with additional operational assurance and allows ZeroUp to maintain fueling continuity under a wide range of operating conditions.

Through coordinated logistics planning and mobile trailer deployment capabilities, ZeroUp can rapidly adjust delivery schedules, redirect supply routes, or deploy supplemental fuel deliveries as needed to support uninterrupted bus operations.

Fuel Delivery & Operational Scheduling

ZeroUp Energy will work directly with Montebello Bus Lines to establish a fueling and delivery schedule aligned with fleet operations, bus utilization, and anticipated hydrogen consumption.

The fueling schedule will be structured to:

- Maintain sufficient onsite hydrogen inventory
- Prevent fueling interruptions
- Align deliveries with operational windows
- Minimize disruption to transit yard activities
- Provide flexibility for changing operational demands

Deliveries can be coordinated during standard operational windows and adjusted as needed to support transit scheduling requirements.

Key operational commitments include:

- Scheduled fuel deliveries coordinated around transit operations
- Flexible delivery timing based on operational needs
- Supplemental delivery capability when required
- Weekend and holiday operational support availability
- Rapid-response support for operational contingencies

Sample Weekly Fuel Delivery Schedule

Day	Activity	Operational Notes
Monday	Primary hydrogen delivery / trailer top-off	Delivery coordinated around fleet operations
Tuesday	Bus fueling operations	Normal fueling activities
Wednesday	Fuel inventory review	Operational monitoring and usage tracking
Thursday	Normal fueling operations	No scheduled delivery required under normal demand
Friday	Supplemental delivery or trailer swap (if required)	Based on fleet usage and operational conditions
Saturday	Optional supplemental fueling support	Available if operationally required
Sunday	Optional supplemental fueling support	Available if operationally required

Actual delivery frequency may vary depending on:

- Fleet utilization
- Bus mileage
- Seasonal operating conditions
- Fuel consumption patterns
- Future fleet expansion

Estimated Fuel Consumption & Delivery Planning

Based on anticipated fleet operations, ZeroUp Energy will develop a detailed delivery schedule designed to maintain adequate hydrogen inventory levels at all times.

The proposed mobile fueling platform is capable of supporting recurring transit fueling operations while maintaining flexibility for:

- Increased fuel demand
- Fleet expansion
- Supplemental fueling needs
- Operational contingencies
- Future transition to the Truck Way facility

This delivery model provides Montebello Bus Lines with a scalable and operationally practical fueling solution that supports both immediate fleet deployment and long-term zero-emission transportation goals.

Future Scalability & Transition Planning

As Montebello Bus Lines expands hydrogen operations and transitions to the future Truck Way facility, ZeroUp's supply and fueling strategy can scale accordingly through:

- Increased delivery frequency
- Additional mobile storage assets
- Compression-assisted fueling infrastructure
- Expanded onsite fueling capability
- Integration with future permanent station infrastructure

This phased and scalable approach allows Montebello to begin hydrogen bus operations immediately while preserving long-term flexibility for future infrastructure development and fleet growth.

4. Cost Proposal

ZeroUp Energy's proposed pricing structure is designed to provide Montebello Bus Lines with a flexible, scalable, and operationally practical hydrogen fueling solution while minimizing upfront infrastructure costs and allowing for future expansion as fleet operations grow.

The proposed pricing model reflects the phased deployment strategy outlined in this proposal, allowing Montebello to begin operations with a low-infrastructure mobile fueling solution under Option 1, while preserving the ability to transition to a higher-performance compression-assisted fueling configuration under Option 2 at the future Truck Way facility.

All pricing below is preliminary and subject to final project scope, fueling schedules, delivery frequency, hydrogen market conditions, and final operational requirements.

Option 1 – Mobile Nozzle-Only Fueling Configuration

(Zero Power / Minimal Infrastructure)

Option 1 is designed to provide Montebello Bus Lines with the fastest and lowest-complexity pathway to begin hydrogen fueling operations. This configuration utilizes a mobile high-pressure hydrogen storage trailer with direct cascade fueling and requires no permanent electrical infrastructure, trenching, or major site modifications.

Under this configuration, each weekly trailer delivery is expected to provide an estimated usable fueling yield of approximately 380–426 kg of hydrogen, depending on fueling patterns, trailer pressure conditions, ambient temperature, and operational usage.

Option 1 Pricing Structure

Cost Component	Pricing
Mobile Hydrogen Trailer Rental	$19,000 per month
Hydrogen Fuel	$18.00 per kg
Hydrogen Delivery Charge	Estimated $3,000–$4,000 per delivery*
Estimated Delivery Frequency	Approximately 1 delivery per week

*Delivery pricing is variable and may fluctuate based on current hydrogen transportation costs, diesel pricing, delivery routing, and regional market conditions. Delivery costs may decrease if transportation and fuel market conditions improve over time.

Estimated Monthly Operating Cost – Option 1

Item	Estimated Monthly Cost
Trailer Rental	$19,000

Hydrogen Fuel (1,520–1,704 kg/month @ $18/kg)	~$27,360 – $30,672
Delivery Charges (4 deliveries/month)	~$12,000 – $16,000

Option 1 pricing includes:

- Mobile hydrogen storage trailer deployment
- Fuel delivery coordination
- Hydrogen supply management
- Trailer positioning and operational support
- Safety planning and operational procedures
- Standard operational support and coordination
- Fueling training and onboarding assistance

Estimated Operational Profile

Based on current fleet assumptions, the proposed weekly delivery schedule is expected to adequately support anticipated hydrogen bus operations while maintaining operational flexibility for changing service demands.

This option is specifically intended to:

- Minimize upfront infrastructure costs
- Accelerate deployment timelines
- Reduce permitting complexity
- Provide operational flexibility during early fleet deployment
- Support transition planning toward future permanent infrastructure

Option 2 – Compression-Assisted Mobile Dispensing System

(Enhanced Fueling Performance)

Option 2 incorporates a compression-assisted mobile dispensing system designed to provide enhanced fueling performance and a station-like fueling experience once the future Truck Way facility is operational and capable of supporting additional infrastructure requirements.

This configuration improves fueling consistency, enhances bus fill performance, and supports long-term fleet scalability while maintaining the flexibility of a modular mobile fueling platform.

Under this configuration, the compression-assisted fueling system is expected to increase usable hydrogen recovery and fueling efficiency, allowing each trailer delivery to yield approximately 460 kg of usable hydrogen per week.

Option 2 Pricing Structure

Cost Component	Pricing
Compression & Mobile Dispenser System	$11,000 per month
Mobile Hydrogen Trailer Rental	$16,000 per month
Hydrogen Fuel	$17.00 per kg
Hydrogen Delivery Charge	Estimated $3,000–$4,000 per delivery*
Estimated Delivery Frequency	Approximately 1 delivery per week

*Delivery pricing is variable and may fluctuate based on current hydrogen transportation costs, fuel pricing, delivery routing, and regional market conditions. Delivery costs may decrease if transportation and fuel market conditions improve over time.

Estimated Monthly Operating Cost – Option 2

Future Deployment Strategy

Option 2 is intended as a future phased upgrade once the Truck Way facility is completed and capable of supporting:

- Additional utility infrastructure
- Enhanced fueling operations
- Increased fleet fueling demand
- Expanded operational throughput

Based on similar deployments, ZeroUp anticipates that Option 2 can typically be permitted, deployed, and operational within approximately 90 days following site readiness and authorization to proceed.

Pricing Assumptions & Notes

The pricing provided in this proposal is based on the following assumptions:

- Approximately one hydrogen delivery per week
- Mobile fueling operations at the current Montebello facility
- Standard operational access during normal delivery windows
- Fuel-cell grade hydrogen meeting SAE J2719 standards

- Hydrogen supplied through the K2 Pure Solutions platform
- Current transportation and logistics market conditions

Pricing may be adjusted based on:

- Changes in fleet size or hydrogen consumption
- Increased delivery frequency
- Changes in hydrogen commodity pricing
- Transportation fuel cost fluctuations
- Operational schedule modifications

No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the VENDOR under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

SECTION 19. ATTORNEY'S FEES AND COSTS.

If litigation is reasonably required to enforce or interpret the provisions of this Agreement, the prevailing party in such litigation shall be entitled to an award of reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

CITY OF MONTEBELLO
CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: Raul Alvarez, City Manager

BY: Joseph Palombi, Director of Planning & Community Development

SUBJECT: **ADOPTION OF ORDINANCE NO. 2496 GRANTING OIL PIPELINE FRANCHISE TO CRIMSON CALIFORNIA PIPELINE L.P.**

DATE: June 24, 2026

RECOMMENDATIONS:

It is recommended that the City Council:

1. Adopt Ordinance No. 2496 granting an oil pipeline franchise to Crimson California Pipeline L.P.; and
2. Authorize the continuation of pipeline operations within the public right-of-way under the updated terms and conditions set forth in the ordinance; and,
3. Take such additional and/or related action that may be desirable.

FISCAL IMPACT:

The City will continue to receive annual franchise fee revenue based on pipeline length and diameter, consistent with California Public Utilities Code Section 6231.5.

The proposed ordinance maintains annual Consumer Price Index (CPI) adjustments to the franchise fee, ensuring that revenue remains current and keeps pace with inflation over time. The City historically receives approximately $3,500 annually from this franchise.

BACKGROUND/DISCUSSION:

On January 14, 2009, the City Council adopted Ordinance No. 2327, granting Crimson California Pipeline L.P. a ten (10) year franchise to operate and maintain an existing pipeline system within the City's public right-of-way, and establishing the terms and conditions governing compensation, maintenance, and operational requirements. The

subject pipeline system is located within City rights-of-way, including Lincoln Avenue, Montebello Boulevard, and Beverly Boulevard, and has been in existence for many years, transporting crude oil to regional refineries.

Union Oil Company previously held a twenty-five (25) year pipeline franchise in the City, which expired in 1996. Tosco Corporation subsequently acquired the pipeline and was granted a franchise by the City. Crimson Pipeline L.P. ("Crimson") later acquired the pipeline system and continues to operate under the authority of Ordinance No. 2327.

On January 5, 2026, Crimson formally submitted a request to renew its existing franchise. After review by City staff, it was recommended to propose an amendment to Ordinance No. 2327 to continue as is, with CPI adjustments applied over time.

ENVIRONMENTAL:

The proposed action is not considered a “project” under the California Environmental Quality Act (CEQA) pursuant to Section 15378, as it involves the continuation of an existing service and does not result in a direct or reasonably foreseeable physical change in the environment.

Alternatively, the project is exempt under CEQA Guidelines Section 15301 (Existing Facilities), as it consists of the operation, repair, maintenance, or minor alteration of existing public facilities involving negligible or no expansion of use.

ANALYSIS:

The proposed ordinance grants a new franchise for an initial term of ten (10) years, with an option for an additional ten (10) year extension, consistent with prior franchise structures. While Crimson has requested a renewal of its existing franchise, the City retains the authority to establish updated terms and conditions through the adoption of a new ordinance.

The proposed ordinance incorporates the following key provisions:

1. **Consumer Price Index (CPI) Adjustments –** The franchise fee will continue to be adjusted annually based on CPI to ensure that compensation reflects current economic conditions.
2. **CPI Confirmation Prior to Extension –** Any future extension of the franchise will require that CPI adjustments are calculated and agreed upon prior to approval, ensuring that outdated rates are not carried forward.
3. **City Council Approval –** The extension of the franchise is not automatic and requires formal approval by the City Council.
4. **Updated Franchise Terms –** Any extension will be subject to updated franchise terms, including revised compensation, ensuring consistency with current City standards and practices.

These provisions ensure that the City maintains appropriate oversight of the use of public rights-of-way while securing fair and updated compensation.

SUMMARY:

The proposed ordinance allows for the continued operation of an existing pipeline system within the City while incorporating updated provisions to ensure appropriate CPI adjustments over time.

Approval of the ordinance will maintain continuity of service, preserve an ongoing revenue source, and ensure that the franchise remains consistent with current City policies and financial practices.

ORDINANCE NO. 2496

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO, CALIFORNIA, GRANTING CRIMSON CALIFORNIA PIPELINE, L.P., ITS SUCCESSORS AND ASSIGNS, A FRANCHISE TO LAY AND USE PIPES AND APPURTENANCES FOR TRANSMITTING AND DISTRIBUTING OIL OR PRODUCTS THEREOF, FOR ANY AND ALL PURPOSES IN, UNDER, ALONG, ACROSS OR UPON THE PUBLIC STREETS, WAYS, ALLEYS AND PLACES, AS THE SAME NOW OR MAY HEREAFTER EXIST, WITHIN THE CITY OF MONTEBELLO

WHEREAS, the City of Montebello received a request from Crimson California Pipeline, L.P. for a franchise to lay and use pipes and appurtenances for transmitting and distributing oil or products thereof, for any and all purposes in, under, along, across, or upon the public streets, ways, alleys, and places within the City of Montebello.

WHEREAS, the City has previously granted a pipeline franchise to Crimson California Pipeline, L.P. pursuant to Ordinance No. 2327; and

WHEREAS, City staff has completed a review of the existing franchise granted pursuant to Ordinance No. 2327 and has determined that, provided the franchise continues to include annual adjustments based on the Consumer Price Index (CPI), the franchise remains appropriate to continue under substantially similar terms; and

WHEREAS, the City desires to ensure that all applicable CPI adjustments are calculated and agreed upon by the City and Grantee, and incorporated into the franchise fee prior to any renewal or extension of the Franchise; and

WHEREAS, upon completion and agreement of such CPI adjustments, the City Council may consider approval of a franchise term of ten (10) years, with an additional ten (10) year option to extend, subject to City Council approval; and

WHEREAS, the City requires that any renewal or extension of the Franchise reflect updated franchise terms, including revised compensation, for review and approval by the City Council;

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO HEREBY ORDAINS AS FOLLOWS:

I. "Streets" shall mean the public streets, ways, alleys, and places within the City as the same now or may hereafter exist, and in which the City has the authority to grant a franchise.

SECTION 2. GRANTING CLAUSE/RIGHTS TO GRANTEE; TERM OF FRANCHISE

A. The right, privilege, and franchise, subject to all of the terms and conditions contained in this ordinance and pursuant to the provisions of Division 3, Chapter 2 of the California Public Utilities Code, known as the Franchise Act of 1937, is hereby granted to Grantee, to use, or to lay and use pipes and appurtenances for transmitting and distributing oil or products thereof for any and all purposes, under, along, across, or upon the public streets within the City, as described in Exhibit "A" attached hereto.

In addition, the City also hereby grants to Grantee the right to install, operate, maintain, replace, repair, abandon in place and/or remove such scraper traps, manholes, flanges, conduits, culverts, vaults, valves, appliances, cathodic protection systems, attachments and other appurtenances (collectively hereinafter called "appurtenances") as may be necessary or convenient for the proper maintenance and operation of the pipelines under this Franchise; provided, however, that Grantee shall first secure the requisite permits and/or approvals from City for construction or excavation.

This Franchise is granted in lieu of all other franchises for pipelines held by the Grantee, or by any successor of the Grantee, for transmitting and distributing oil or products thereof within the limits of the City, as such limits now or may hereafter exist. The acceptance of this Franchise shall operate as an abandonment of all such franchises within the limits of the City, as such limits now or may hereafter exist, in lieu of which this Franchise is granted, and as an agreement to comply with all terms and conditions hereof.

B. This Franchise shall be for a term of ten (10) years from and after the effective date of this Ordinance (hereinafter referred to as "initial term"), or until such earlier time that:

(1) It is voluntarily surrendered or abandoned by the Grantee; or

(2) The State of California, or some municipal or public corporation thereunto duly authorized by law, shall purchase by voluntary agreement, or shall condemn and take under the power of eminent domain, all property actually used and useful in the exercise of this Franchise, and situated within the territorial limits of the public entity purchasing or condemning such property; or

(3) This Franchise is forfeited for noncompliance by the Grantee with its terms and provisions.

C. Grantee shall have the option to extend this Franchise for one additional ten (10) year period, subject to approval by the City Council.

Prior to consideration of any such extension, the franchise terms shall be updated to reflect all applicable Consumer Price Index (CPI) adjustments, as calculated and agreed upon by the City and Grantee, and any revised terms, subject to review and approval by the City Council.

The parties shall commence good faith negotiations on such extension upon notification from Grantee to the City of its election to renew this Franchise, which notice shall be given no later than twelve (12) months prior to the expiration of the initial term.

SECTION 3. COMPENSATION.

Grantee shall pay to the City of Montebello the following:

A. Base Annual Free

During the term of this Franchise, Grantee shall pay to the City a base annual fee for this Franchise as set forth below, said fee to be in accordance with California Public Utilities Code, Section 6231.5, provided that said fee is subject to increase to the maximum rate established in subsequent amendments of the California Public Utilities Code. The Franchise fee shall be prorated for the remainder of the calendar year based on a 360-day year, with the first payment of the Franchise fee accruing from September 1, 2026. Notwithstanding updated franchise terms, including revised compensation, this ordinance is intended as a continuation and extension of the prior franchise, and franchise fees shall be deemed to have accrued without interruption.

The base annual fee, subject to adjustment in accordance with paragraph B of this Section 3, is determined as follows:

(1) Pipe of eight inches or less in nominal internal diameter: the annual fee shall be twenty-nine cents ($0.29) per linear foot;
(2) Pipe greater than eight inches in nominal diameter: the annual fee shall be twenty-nine cents ($0.29) per linear foot for the first eight inches of nominal internal diameter, plus four cents ($0.04) per nominal internal diameter inch for each inch or fraction thereof over eight inches.

In the event of partial abandonment of pipelines as provided in the Ordinance, or in the event of partial removal of such pipelines by the Grantee, the payments otherwise due the City for occupancy of the streets by such pipelines shall be reduced by the length and diameter of pipeline abandoned or the actual pipeline removed, beginning with the first day of the next succeeding Franchise year, and for each Franchise year thereafter; provided, however, that the base rate shall be modified to reflect the increase (per paragraph B of this Section) applicable to such abandoned or removed pipeline at the beginning of the next succeeding Franchise year following abandonment or removal.

Said base annual fee shall be due and payable annually, during the term of the Franchise, within thirty (30) days after receipt of a written demand from the City and the filing of the report required and outlined in Paragraph C of this Section 3. Any fees charged or expenses charged to Grantee by City pursuant to this Section, or any other provision of this Ordinance, unless disputed in good faith, shall be paid when due, or shall be deemed delinquent. Any undisputed delinquent amounts shall accrue interest commencing thirty (30) days after due date, at the rate of one and one-half percent (1.5%) per month (based upon a 30-day calendar month) or any lesser amount if required by law. Any neglect, omission or refusal by said Grantee to pay any undisputed delinquent fee with any late charges, within thirty (30) days of delinquency, at the times or in the manner herein provided, shall be grounds for a declaration of a forfeiture of this Franchise and of all rights hereunder.

Payments are to be made to the Office of Treasurer, City of Montebello, or at such place as the City shall, from time to time, designate in writing. The base annual fee described herein shall be paid annually during the life of the Franchise, including the year of granting the Franchise.

B. Annual Increase

The amount of each annual payment of the base annual fee shall be subject to an increase after the first-year of the Franchise and each subsequent year during the term of this Franchise, based on the provision of California Public Utilities Code Section 6231.5, as amended.

The increase to said compensation as provided for subsequent years, shall be based on the Consumer Price Index (CPI), All Urban Consumers, for the Los Angeles-Long Beach-Anaheim area (1982-84 = 100), as published by the United States Bureau of Labor Statistics, Department of Labor or Bureau of Labor Statistics for the month of September immediately preceding the month in which payment is due and payable, divided by the Consumer Price Index, All Urban Consumers, for the Los Angeles- Long Beach-Anaheim area, for the month of September 2002, which equals 183.4. If the index is discontinued or revised during the term of this Franchise, such other governmental price index or

computation with which it is replaced, chosen by the City, shall be used in order to obtain substantially the same result as would be obtained if the Index had not been discontinued or revised.

The Engineer shall determine the adjustment in CPI in accordance with this paragraph and provide the Grantee with the correct schedule prior to December 1 preceding the month of January in which payment shall be due and payable. All CPI adjustments shall be calculated and agreed upon by the City and Grantee prior to the implementation of any renewal or extension of this Franchise.

In no event shall the adjusted franchise fee be less than the fee in effect for the immediately preceding year. The Parties acknowledge that the franchise fee is derived from a statutory base rate and that any CPI adjustment modifies, but does not replace, such base rate.

C. Reports Required

The Grantee shall file with the City Clerk and Director of Finance, within three months after the expiration of the calendar year, or fractional calendar year, following the date of the granting of this Franchise and within three months after the expiration of each calendar year thereafter, two copies of a report duly verified by the oath of the Grantee or by the oath of a duly authorized representative of the Grantee, showing for the immediately preceding franchise period:

1. The length of pipelines in lineal feet covered by this Franchise;

2. The nominal internal diameter of such pipelines expressed in inches;

3. The rate per foot per year; and

4. The total amount due the City.

SECTION 4. RIGHTS OF THE CITY.

A. This Franchise granted hereunder shall not in any manner or to any extent impair or affect any right of the City to acquire the property of the Grantee, either by purchase or through the exercise of the right of eminent domain, subject to Grantee's rights, remedies and defenses thereto, and nothing herein contained shall be construed to contract away, or to modify or to abridge, either for a term or in perpetuity, the City's right of eminent domain in respect to the Grantee, nor shall this Franchise be given of any value before any court or other public authority in any proceeding of any character in excess of the necessary publication costs and

any other sums paid by Grantee to the City at the time of the acquisition of this Franchise.

B. In connection with any change in grade, alignment, or width of any public street, way, alley, or place, or the construction of any subway or viaduct, or any other street improvement of any kind by the City, Grantee shall, at the request of the City and at Grantee's sole cost and expense, comply with all of the following provisions, as applicable:

(1) Within ninety (90) days after receipt by Grantee of a notice in writing from the City that work is to be done pursuant to any reserved right and specifying the general nature of the work and the area in which the same is to be performed, the Grantee shall commence to do all things necessary to protect and support its franchise property during the progress of such work. If so ordered by the City, Grantee shall disconnect, remove, or relocate those pipes and appurtenances installed, used, and maintained within the street to such extent, in such manner, and for such period as shall be necessary to permit the performance of such work in an economical manner, and to permit the maintenance, operation, and use of such street improvement.

(2) Grantee shall pay the City the full amount of any increase in cost for the construction, installation or repair of any bridge, or any artificial support in or underlying any street in which any pipes or appurtenances of the Grantee are located, if such increase in cost is required in order to provide for the installation, maintenance or operation of Grantee's pipes or appurtenances in or on the street area which the bridge or other artificial support covers or underlies.

(3) Grantee shall cooperate with the City to take all actions reasonably necessary in order to accomplish the completion of any City street improvement project within a reasonable period of time. After receipt by Grantee of a notice in writing from the City that work is to be done, the Grantee shall diligently prosecute such work to completion.

In the decision process necessary to determine if Grantee's pipelines and/or appurtenances thereto, are required to be relocated, the City shall also consider all known future projects that, if done separately, may cause multiple relocation of the pipelines and/or appurtenances. If such known future projects can be identified, full consideration of concurrent projects shall be given by City. If the City requires the relocation within the public street, way, alley or place more than once within a period of ten (10) years, the City shall pay the cost of the second and all subsequent relocations within such ten (10) year period.

Prior to the commencement of any rearrangement of pipelines which Grantee is required to make hereunder, the Grantee shall be given not less than ninety (90) days written notice, which notice shall specify the time that work is to be accomplished. In the event that the City shall change the planned rearrangement of pipelines, or the notice given to Grantee, the Grantee shall be given an additional period of not less than sixty (60) days to accomplish such work.

Except as provided herein in the paragraphs above, when City requires a rearrangement, and such rearrangement is done for the accommodation of any person, firm, corporation or public agency other than the City, the cost of such rearrangement shall be borne by the accommodated party. Such accommodated party, in advance of such rearrangement, shall (a) deposit with the Grantee either cash or a corporate surety bond in an amount, as in the reasonable discretion of the Grantee, to pay the costs of such rearrangement, and (b) execute an instrument agreeing to indemnify, defend and hold harmless Grantee from any and all damages or claims caused by such rearrangement. This provision shall not be construed to require Grantee to rearrange facilities. Any accommodation for rearrangement of Grantee's facilities shall be made at the sole discretion of Grantee.

Nothing in this Franchise contained herein shall be construed to require the City to move, alter, or relocate any of its pipelines upon said streets at its own expense, for the convenience, accommodation or necessity of any other public utility, person, firm or corporation, now or hereafter owning a public utility system of any type or nature, or to move, alter, or relocate any part of its pipelines upon said streets for the convenience, accommodation or necessity of the Grantee.

SECTION 5. OTHER OBLIGATIONS OF GRANTEE; INDEMNIFICATION; INSURANCE.

The Grantee of this Franchise shall comply with all of the following provisions:

A. Within sixty (60) days after the City Council adopts and passes the ordinance granting this Franchise, Grantee shall file with the Engineer improvement plans relating to all facilities located within the City of Montebello, and a map or maps showing the location, length, and size of all such facilities which have been installed, relocated, removed, or abandoned.

B. Within six (6) months after the installation or any new pipelines under this Franchise, Grantee shall file with the Engineer an “as built” map or maps showing the location, length, and size of all pipelines so installed.

C. Grantee shall construct, install, and maintain all pipes and appurtenances in a good and workmanlike manner, and of good materials, and operate in conformity with all applicable ordinances, rules, and regulations heretofore or hereafter adopted by the legislative body of the city, the governing State, and

Federal agencies having jurisdiction, including but not limited to, the State of California Office of State Fire Marshall (Pipeline Safety Division) and the U.S. Department of Transportation, and all applicable requirements concerning pipeline design, construction, testing, maintenance surveillance and operation of utility gathering, transmission and distributing pipeline systems. In case of public utilities subject to the jurisdiction of the Public Utilities Commission of the State of California, the rules, regulations and orders of the Public Utilities Commission of the State of California, the rules, regulations and orders of the Public Utilities Commission shall govern whenever any conflict may exist between them and the applicable ordinances, codes, rules, and regulations adopted or prescribed by the City. The Grantee shall obtain and maintain a permit from the California Office of the State Fire Marshal (OSFM) to construct, install, use, operate, repair, or modify facilities or pipelines within facilities of flammable or combustible liquids.

D. Grantee shall pay to the City, on demand, the cost of all repairs to public property made necessary by any operations of the Grantee under this Franchise, provided Grantee fails to make such repairs after notice and reasonable opportunity to complete such repairs.

E. Grantee shall indemnify, defend and hold harmless the City, its elected officials, officers, agents and employees, from and against any and all claims, losses, liabilities, damages, demands, actions, judgments, causes of action, assessments, penalties, costs and expenses (including, without limitation, reasonable fees of legal counsel, expert witnesses and accountants) arising out of or resulting from Grantee's operations under this Franchise, and for all damages resulting from the failure of Grantee to faithfully observe and perform each and every provision of this Franchise and of Division 3, Chapter 2 of the California Public Utilities Code. Grantee shall be solely responsible for complying with all laws, regulations, and other orders which are applicable to the installation, repair, relocation, or removal of its facilities, whether federal, state, or local. City's approval of such installation, repair, relocation, or removal shall not be deemed to relieve Grantee of any liability Grantee may have for contaminated soils or other environmental liability attributable to or arising from Grantee's pipes, appurtenances, and other facilities. Grantee acknowledges that the City has no obligation or responsibility for conducting or accomplishing any such installation, repair, relocation or removal, or for compliance with any laws, regulations, or orders applicable thereto, and Grantee agrees that the City shall not be liable or responsible in any manner for any loss, claim, or damage, including environmental damage, attributable to or arising out of Grantee's activities involved in the installation, repair, relocation or removal of Grantee's pipes, appurtenances and other facilities. Any fee paid by Grantee pursuant to this Franchise shall in no way limit Grantee's obligation to

compensate City for any damage, claim, expense, or loss whatsoever, as set forth in this paragraph.

F. Grantee shall, at Grantee's sole cost and expense, keep or cause to be kept in full force and effect, for the mutual benefit of City and Grantee, a comprehensive form of general liability insurance against claims and liability for personal injury, death or property damage arising from the use, construction, maintenance or operation of the Franchise, of at least Two Million Dollars ($2,000,000.00) for any one accident, in ident or occurrence, and at least One Million Dollars ($1,000,000.00) for property damage.

All insurance required by express provisions of this Ordinance and Franchise shall be carried only with responsible insurance companies licensed to do business in the State of California. All such policies shall contain language to the effect that (1) the insurer waives the right of subrogation against City and City's agents and representatives, (2) the policies are primary and non-contributing with any insurance that may be carried by City, and (3) the policies cannot be cancelled or materially changed without thirty (30) days written notice to the City by insurer. Grantee shall furnish City with copies of all such policies promptly upon receipt of them, or endorsements evidencing the insurance. For commencement of the Franchise, Grantee shall furnish City with binders representing all insurance required by this Ordinance. Grantee may effect, for its own account, any insurance not required under this ordinance. All insurance policies for property damage and personal injury required by this Ordinance and Franchise shall be issued to Grantee and shall name the City as additional insured.

Grantee shall deliver to City, in the manner provided for notices, copies, or endorsements of all insurance policies required by this Ordinance, within the following time limits:

(1) For insurance required at the commencement of this Ordinance, within thirty (30) days after this Ordinance becomes effective;

(2) For insurance becoming required at a later date, at least ten (10) days before the requirement becomes effective, or as soon thereafter as the requirement, if new, becomes effective; and

(3) For any renewal or replacement of a policy already in existence, at least twenty (20) days after expiration or other termination of the existing policy.

If Grantee fails or refuses to procure or maintain insurance as required by this Ordinance or fails or refuses to furnish City with required proof that the insurance has been procured

and is in force and paid for, City shall have the right, at City's election with ten (10) days written notice, to declare this Franchise in default.

SECTION 6. **ASSIGNABILITY**.

Grantee may not sell, transfer or assign this Franchise or any interest therein directly or indirectly, or any of the rights or privileges hereby granted, without the written consent of City, said consent to not be unreasonably withheld. Notwithstanding the above statement, Grantee may transfer or assign this Franchise to any parent, subsidiary or affiliate without obtaining the consent of City, provided Grantee provides written notification within thirty (30) days of said transfer or assign and submits written evidence of the same, including a certification executed by a duly authorized officer of the Grantee. Upon compliance with the foregoing, this Franchise shall be binding on the successors and assigns of the parties hereto, and shall insure to the benefit of the successors and assigns of the parties hereto.

SECTION 7. **EXCAVATIONS.**

A. The Grantee shall obtain an excavation permit, and pay the applicable fee therefore, prior to commencing any excavation in any street or public right-of-way, or before disturbing the earth beneath the surface of the street, except in the case of an emergency. The Grantee may obtain an excavation permit by filing a set of excavation plans or drawings with the Engineer, which plans shall be subject to the Engineer's review and approval. The excavation plans shall show the location of the proposed excavation, as well as the location of all existing pipes, sewers, conduits, improvements and other facilities in or under any Street or public property in which the Franchise property is located or proposed to be located. Thereafter, Grantee shall enter an 811 DigAlert ticket and comply with its requirements. To the extent that existing pipes, sewers, conduits, improvements, and other facilities of third parties require a modification to Grantee’s proposed excavation plans, Grantee will submit modified plans to the City. The excavation plans shall also contain an adequate description of the proposed work including an estimate of the duration of interference with any street traffic. Prior to the issuance of any excavation permit for the construction or installation of a pipeline for the transmission of flammable or combustible liquids, gases or hazardous materials, a permit shall be obtained from the California Office of the State Fire Marshal. If the proposed location of the excavation does not, or will not, unreasonably interfere with the use of the Streets by the City, and complies with all applicable laws, the Engineer shall approve the same, and issue permit(s) therefore.

B. Where it is necessary to lay any underground pipes through, under or across any portion of a paved or macadamized street, such work, where practicable and economically feasible, shall be done by a tunnel or bore so as not to disturb the foundation of such paved or macadamized street. If the same cannot be done, or if it is necessary to cut the street in order to access existing pipes and

appurtenances, such work shall be done pursuant to an excavation permit, as provided in paragraph A above, to be issued by the Engineer upon application therefore.

C. All work shall be subject to inspection by the Engineer. All street coverings or openings, valves, vaults and manholes shall at all times be kept flush with the surface of the streets; provided, however, that vents for underground vaults and manholes as well as cathodic protection devices, including pole-mounted rectifiers may, subject to the prior approval of the Engineer, extend above the surface of the streets when such vents and cathodic protection devices, including pole-mounted rectifiers, are located in parkways, between the curb and the property line. The Grantee shall provide adequate traffic safety barriers, signs, devices, and traffic safety warning equipment in accordance with City ordinances, rules, or regulations, and shall comply with such additional safety measures as the Engineer may direct.

D. In emergencies, Grantee may commence excavation of streets without prior permit; provided, however, Grantee acts in a reasonable and diligent manner as soon as practicable after said emergency to obtain a permit authorizing such work.

E. Grantee acknowledges that the City's records may not be able to complete and that pipes and appurtenances previously unknown to the City are frequently discovered. Consequently, by granting this Franchise or by approving any excavation permit requested by Grantee, the City does not warrant the accuracy of information supplied to the Grantee by the City regarding the location or existence of other facilities. Nothing herein shall be deemed to make the City, or any officer, agent or employee of the City, responsible or liable to the Grantee or to any other person by virtue of the City's approval of excavation permit plans, regardless of whether any information is supplied by the City to the Grantee pertaining to the location of existing pipes, facilities or other improvements on, in or under any street or other public property.

SECTION 8. GRANTEE'S EMERGENCY RESPONSE PLAN; PIPELINE ACCIDENTS.

A. The Grantee shall develop and maintain an emergency response plan. In general, an emergency response plan meeting the requirements of Federal and State Law and containing the information contained in this section shall be acceptable. Proof of arrangements capable of providing emergency response services, including but not limited to traffic control, street excavation pipeline repair, supplies, and services as necessary, must meet the requirements of the federal and state governing agencies, including the Pipeline and Hazardous Materials Safety Administration, and the California Department of Fish and Wildlife. Any changes in or revisions to Grantee's emergency response plan shall be submitted to the Engineer on the first working day of the subsequent calendar year.

B. Whenever any pipeline or appurtenance breaks or leaks so as to cause the release of oil or products thereof into the public right-of-way, Grantee, and any other person using or controlling the pipeline or appurtenance, shall notify the California Governor's Office of Emergency Services and the National Response Center of the U.S. Environmental Protection Agency pursuant to state and federal regulatory requirements and shall implement precautionary safety measures including traffic control, system shutdown, and valve closures. In the event of an emergency that threatens life, health, safety, or property, and where it is not possible to obtain an excavation permit prior to commencement of the work, the Grantee may commence such work; provided, however, that within seventy-two (72) hours thereafter the Grantee shall make application to the Engineer for an excavation permit in accordance with the procedures specified herein. The Engineer may impose conditions upon the issuance of the excavation permit, and all work shall be subject to inspection. Adequate traffic safety barriers shall be maintained at all times, and any damaged portion of the street shall be restored to at least the condition that existed immediately prior to the damage.

C. If any portion of the any City street is damaged by reason of defects, breaks or leaks in any of the pipes and appurtenances maintained or constructed by Grantee, or by reason of any other cause attributable to or arising from the operation of any pipes and appurtenances constructed or maintained by Grantee, the Grantee shall, at its sole cost and expense, immediately repair all damage and restore the street to the condition existing before such damage occurred. All such work shall be done under the direction of the Engineer and to the reasonable satisfaction of the City codes. Grantee shall repair such damage and restore the street within a reasonable period of time after written demand therefore by the Engineer.

   If the Grantee, after reasonable notice, fails or refuses to pave, surface, grade, repave, resurface, or regrade any damaged street as required by the provisions of this Franchise, the City may cause the work to be done and shall keep an itemized account of all costs incurred. The Grantee agrees to, and shall, reimburse the City for all such costs, including reasonable administrative overhead expenses, within thirty (30) days after presentation to Grantee of an itemized account of such costs.

SECTION 9. ABANDONMENT.

Should Grantee elect to abandon all or any part of the pipes and appurtenances which encompass this Franchise, such abandonment shall be accomplished by Grantee as required by the State of California Pipeline Safety Act, or other governing State or Federal laws or statutes. Grantee shall not owe the City any compensation for the privilege of said abandonment. The ownership of all franchised property so abandoned in place as defined as a regulatory abandonment and for which Franchisee ceases to maintain all or any part

of the Pipes and appurtenances, disclaims any responsibility for them, or otherwise fails to comply with its continuing obligations with respect to such abandoned facilities, title thereto shall immediately vest in the City.

SECTION 10. **DEFAULT.**

A. Effect of Default

In the event that the Grantee shall default in the performance of any of the terms, covenants and conditions herein, and such default is curable, the City may give written notice to Grantee of such default. In the event that the Grantee does not without good cause commence the work necessary to cure such default within sixty (60) days after such notice is sent or prosecute such work diligently to completion, the City may declare this Franchise forfeited. Upon giving written notice thereof to Grantee, this Franchise shall be void, and the rights of the Grantee hereunder shall terminate, and the Grantee shall execute an instrument of surrender and deliver same to City. In the event of noncompliance by the Grantee with any of the conditions hereof, the City may, in addition to all other remedies provided for herein, bring suit for the forfeiture or termination of this Franchise.

B. Force Majeure

In the event Grantee is unable to perform any of the terms of this Franchise by reason of strikes, riots, acts of God, acts of public enemies, or other such causes beyond its control, it shall not be deemed to be in default or have forfeited its rights hereunder, if it shall commence and prosecute such performance with reasonable promptness, as soon as possible to do so.

C. Cumulative Remedies

No provision herein made for the purpose of securing the enforcement of the terms and conditions of this Franchise shall be deemed an exclusive remedy, or to afford the exclusive procedure, for the enforcement of said terms and conditions, but the remedies and procedures herein provided, in addition to those provided by law, shall be deemed to be cumulative.

SECTION 11. **DISPUTE RESOLUTION.**

If a dispute arises between the parties relating to this Franchise, the parties agree to use the following procedure prior to either party pursuing other available legal remedies. A meeting shall be held promptly between the parties, attended by individuals with decision-making authority regarding the dispute, to attempt in good faith to negotiate a resolution of the dispute. If, within thirty (30) days after such meeting the parties have not succeeded in negotiating a resolution of the dispute, they agree to submit the dispute to mediation.

City and Grantee shall equally advance a proportionate share of the costs of mediation. The parties shall jointly appoint a mutually acceptable mediator within thirty (30) days from the conclusion of the negotiation period. The parties agree to participate in good faith in the mediation and negotiations related thereto, for a period of sixty (60) days. Any decision of the mediator shall be supported by written findings of facts and conclusions of law. If the parties are not successful in resolving the dispute through the mediation, the matter may be submitted to a court of law. If any action at law or in equity is brought, the prevailing party in such litigation shall be entitled to an award of reasonable attorneys' fees in addition to any other relief to which it may be entitled.

SECTION 12. **NOTICE.**

Any notice required to be given under the terms of this Franchise, the manner of service of which is not specifically provided for here, may be served to the following identified addresses, or to such other address as may from time to time be furnished in writing by one party to the other, and by depositing said notice in the United States mail, postage prepaid. When the services of any such notice is made by mail, the time such notice shall begin with and run from, is the date of deposit of the same in the United States mail.

Notwithstanding anything to the contrary, Grantee may provide a program of self-insurance, provided it can demonstrate that it has a new worth of Ten Million Dollars ($10,000,000.00) within the preceding year. The City, at its sole discretion, may allow Grantee to self-insure, provided the self-insurance program complies with the provisions and specified limits contained herein, and is approved by the City Administrator and City Attorney.

If said bone is not filed, or if it does not receive the approval of the City Attorney, the Franchise may be revoked or forfeited, and any money paid to the City in connection therewith shall be retained by the City.

SECTION 14. REIMBURSEMENT FOR CITY'S POSTING AND PUBLICATION EXPENSES.

The Grantee shall pay to the City a sum of money sufficient to reimburse the City for all posting and publication expenses incurred in connection with the granting of this Franchise. Such payment shall be made by Grantee within thirty (30) days after the City provides to the Grantee a written statement of such expenses.

SECTION 15. MISCELLANEOUS PROVISIONS.

A. Captions. The Captions here are for convenience and reference only, and are not part of this Franchise, and do not in any way limit, define, or amplify the terms and provisions hereof.

ORDINANCE NO. 2327

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MONTEBELLO GRANTING TO CRIMSON CALIFORNIA PIPELINE L.P., ITS SUCCESSORS AND ASSIGNS, A FRANCHISE TO LAY AND USE PIPES AND APPURTENANCES FOR TRANSMITTING AND DISTRIBUTING OIL OR PRODUCTS THEREOF, FOR ANY AND ALL PURPOSES IN, UNDER, ALONG, ACROSS OR UPON THE PUBLIC STREETS, WAYS, ALLEYS AND PLACES, AS THE SAME NOW OR MAY HEREAFTER EXIST, WITHIN THE CITY OF MONTEBELLO.

WHEREAS, the City of Montebello received a request from Crimson California Pipeline L.P. for a franchise to lay and use pipes and appurtenances for transmitting and distributing oil or products thereof, for any and all purposes in, under, along, across or upon the public streets, ways, alleys and places within the City of Montebello.

WHEREAS, Union Oil Company had a twenty-five year pipeline franchise in the City of Montebello that expired in 1996. Tosco Corporation purchased Union Oil Company and was granted a franchise by the City of Montebello. Recently, Crimson California Pipeline L.P. acquired said pipelines from Tosco Corporation, and seeks to be granted by the City, a franchise for ten (10) years, for the same pipelines.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MONTEBELLO DOES HEREBY ORDAIN AS FOLLOW:

SECTION 1. Definitions

Whenever in this ordinance the words or phrases defined in this section are used, they shall have the meanings assigned to them in the following definitions:

A. "City" shall mean the City of Montebello, a municipal corporation of the State of California, in its present incorporated form or in any later reorganized, consolidated, enlarged or reincorporated form.

B. "Administrator" shall mean the City Administrator of the City.

C. "Engineer" shall mean the City Engineer of the City, or the Engineer's written designee.

D. "Franchise" shall mean and include the authorization by the City to transmit and distribute oil or products thereof for any and all purposes under, along, across or upon the public streets, ways, alleys and places in the City by means of pipes and appurtenances.

E. "Grantee" shall mean Crimson California Pipeline L.P., a corporation organized and existing under, and by virtue of the laws of the State of California, and its lawful successors or assigns.

F. "Lay and use" shall mean to lay, construct, erect, install, operate, maintain, use, repair, replace, or remove.

G. "Oil or products thereof" shall mean oil, gas, gasoline, petroleum, wet gas, hydrocarbon substances, water, waste water, mud, steam and other liquid substances not more hazardous than the aforesaid substances.

H. "Pipes and appurtenances" shall mean pipes, pipelines, manholes, values, appurtenances and service connections necessary or convenient for the operation of said pipes or pipelines, including conduits, cathodic protection devices, wires, cables, other appurtenances and fiber optic communications systems necessary or convenient for the exercise of the Grantee's business in, upon, along, across, under or over those streets of the City which are described in Exhibit "A" Attached hereto.

I. "Streets" shall mean the public streets, ways, alleys and places within the City as the same now or may hereafter exist, and in which the City has the authority to grant a franchise.

SECTION 2. Granting Clause/Rights to Grantee; Term of Franchise

A. The right, privilege and franchise, subject to all of the terms and conditions contained in this ordinance and pursuant to the provisions of Division 3, Chapter 2 of the California Public Utilities Code, known as the Franchise Act of 1937, is hereby granted to Grantee, to use, or to lay and use pipes and appurtenances for transmitting and

distributing oil or products thereof for any and all purposes, under, along, across or upon the public streets within the City, as described in Exhibit "A" attached hereto.

In addition, the City also hereby grants to Grantee the right to install, operate, maintain, replace, repair, abandon in place and/or remove such scraper traps, manholes, flanges, conduits, culverts, vaults, valves, appliances, cathodic protection systems, attachments and other appurtenances (collectively hereinafter called "appurtenances") as may be necessary or convenient for the proper maintenance and operation of the pipelines under this Franchise; provided, however, that Grantee shall first secure the requisite permits and/or approvals from City for construction or excavation.

This Franchise is granted in lieu of all other franchises for pipelines held by the Grantee, or by any successor of the Grantee, for transmitting and distributing oil or products thereof within the limits of the City, as such limits now or may hereafter exist. The acceptance of this franchise shall operate as an abandonment of all such franchises within the limits of the City, as such limits now or may hereafter exist, in lieu of which this franchise is granted, and as an agreement to comply with all terms and conditions hereof.

B. This Franchise shall be for a term of ten (10) years from and after the effective date of this Ordinance (hereinafter referred to as "initial term"), or until such earlier time that:

(1) It is voluntarily surrendered or abandoned by the Grantee; or

(2) The State of California, or some municipal or public corporation thereunto duly authorized by law, shall purchase by voluntary agreement, or shall condemn and take under the power of eminent domain, all property actually used and useful in the exercise of this franchise, and situated within the territorial limits of the public entity purchasing or condemning such property; or

(3) This franchise is forfeited for noncompliance by the Grantee with its terms and provisions.

C. Grantee shall further have an option to extend this Franchise for an additional ten (10) year period of time, prior to the end of the initial term of this Franchise, upon written approval by the City. The parties shall commence good faith negotiations on such extension upon notification from Grantee to the City of its election to renew this Franchise, which notice shall be given no later than twelve (12) months prior to the expiration of the initial term.

SECTION 3. Compensation

Grantee shall pay to the City of Montebello the following:

A. Base Annual Fee

During the term of this Franchise, Grantee shall pay to the City a base annual fee for this Franchise as set forth below, said fee to be in accordance with California Public Utilities Code, Section 6231.5, provided that said fee is subject to increase to the maximum rate established in subsequent amendments of the California Public Utilities Code. The Franchise fee shall be prorated for the remainder of the calendar year based on a 360-day year, with the first payment of the Franchise fee accruing from September 1, 2008.

The base annual fee, subject to adjustment in accordance with paragraph B of this Section 3, is determined as follows:

(1) Pipe of eight inches or less in nominal internal diameter: the annual fee shall be twenty-nine cents ($0.29) per linear foot;

(2) Pipe greater than eight inches in nominal diameter: the annual fee shall be twenty-nine cents ($0.29) per linear foot for the first eight inches of nominal internal diameter, plus four cents ($0.04) per nominal internal diameter inch for each inch or fraction thereof over eight inches.

In the event of partial abandonment of pipelines as provided in the Ordinance, or in the event of partial removal of such pipelines by the Grantee, the payments otherwise due the City for occupancy of the streets by such pipelines shall be reduced by the length and diameter of pipeline abandoned or the actual pipeline removed, beginning with the first day of the next succeeding Franchise year, and for each franchise year thereafter; provided, however, that the base rate shall be modified to reflect the increase (per paragraph B of this Section) applicable to

such abandoned or removed pipeline at the beginning of the next succeeding Franchise year following abandonment or removal.

Said base annual fee shall be due and payable annually, during the term of the franchise, within thirty (30) days after receipt of written demand from the City and the filing of the report required and outlined in Paragraph C of this Section 3. Any fees charged or expenses charged to Grantee by City pursuant to this Section, or any other provision of this Ordinance, unless disputed in good faith, shall be paid when due, or shall be deemed delinquent. Any undisputed delinquent amounts shall accrue interest commencing thirty (30) days after the due date, at the rate of one and one-half percent (1.5%) per month (based upon a 30-day calendar month) or any lesser amount if required by law. Any neglect, omission or refusal by said Grantee to pay any undisputed delinquent fee with any late charges, within thirty (30) days of delinquency, at the times or in the manner herein provided, shall be grounds for a declaration of a forfeiture of this Franchise and of all rights hereunder.

Payments are to be made to the Office of Treasurer, City of Montebello, or at such place as the City shall, from time to time, designate in writing. The base annual fee described herein shall be paid annually during the life of the franchise, including the year of granting the franchise.

B. Annual Increase

The amount of each annual payment of the base annual fee shall be subject to an increase after the first year of the Franchise and each subsequent year during the term of this Franchise, based on the provision of California Public Utilities Code Section 6231.5, as amended.

The increase to said compensation as provided for subsequent years, shall be based on the Consumer Price Index (CPI), All Urban Consumers, for the Los Angeles-Anaheim-Riverside area (1982-84 = 100), as published by the United States Bureau of Labor Statistics, Department of Labor, for the month of September immediately preceding the month in which payment is due and payable, divided by the Consumer Price Index, All Urban Consumers, for the Los Angeles-Anaheim-Riverside area, for the month of September 2002, which equals 183.4. If the index is discontinued or revised during the term of this Franchise, such other governmental price index or computation with which it is replaced chosen by the City shall be used in order to obtain substantially the same result as would be obtained if the Index had not been discontinued or revised.

The Engineer shall determine the adjustment in CPI in accordance with this paragraph and provide the Grantee with the correct schedule prior to December 1 preceding the month of January in which payment shall be due and payable.

C. Reports Required

The Grantee shall file with the City Clerk and Director of Finance, within three months after the expiration of the calendar year, or fractional calendar year, following the date of the granting of this Franchise and within three months after the expiration of each calendar year thereafter, two copies of a report duly verified by the oath of the Grantee or by the oath of a duly authorized representative of the Grantee, showing for the immediately preceding franchise period:

1. The length of pipelines in lineal feet covered by this Franchise;

2. The nominal internal diameter of such pipelines expressed in inches;

3. The rate per foot per year; and

4. The total amount due the City.

SECTION 4. Rights of the City

A. This Franchise granted hereunder shall not in any manner or to any extent impair or affect any right of the City to acquire the property of the Grantee, either by purchase or through the exercise of the right of eminent domain, subject to Grantee's rights, remedies and defenses thereto, and nothing herein contained shall be construed to contract away, or to modify or to abridge, either for a term or in perpetuity, the City's right of eminent domain in respect to the Grantee, nor shall this franchise be given any value before any court or other public authority in any proceeding of any character in excess of the necessary publication costs and any other sums paid by Grantee to the City at the time of the acquisition of this franchise.

B. In connection with any change in grade, alignment or width of any public street, way, alley or place, or the construction of any subway or viaduct, or any other street improvement of any kind by the City, Grantee shall, at the request of the City and at

Grantee's sole cost and expense, comply with all of the following provisions, as applicable:

(1) Within ninety (90) days after receipt by Grantee of a notice in writing from the City that work is to be done pursuant to any reserved right and specifying the general nature of the work and the area in which the same is to be performed, the Grantee shall commence to do all things necessary to protect and support its franchise property during the progress of such work. If so ordered by the City, Grantee shall disconnect, remove or relocate those pipes and appurtenances installed, used and maintained within the street to such extent, in such manner, and for such period as shall be necessary to permit the performance of such work in an economical manner, and to permit the maintenance, operation and use of such street improvement.

(2) Grantee shall pay the City the full amount of any increase in cost for the construction, installation or repair of any bridge, or any artificial support in or underlying any street in which any pipes or appurtenances of the Grantee are located, if such increase in cost is required in order to provide for the installation, maintenance or operation of Grantee's pipes or appurtenances in or on the street area which the bridge or other artificial support covers or underlies.

(3) Grantee shall cooperate with the City to take all actions reasonably necessary in order to accomplish the completion of any City street improvement project within a reasonable period of time. After receipt by Grantee of a notice in writing from the City that work is to be done, the Grantee shall diligently prosecute such work to completion.

In the decision process necessary to determine if Grantee's pipelines and/or appurtenances thereto, are required to be relocated, the City shall also consider all known future projects that, if done separately, may cause multiple relocation of the pipelines and/or appurtenances. If such known future projects can be identified, full consideration of concurrent projects shall be given by City. If the City requires the relocation within the public street, way, alley or place more than once within a period of ten (10) years, the City shall pay the cost of the second and all subsequent relocations within such ten (10) year period.

Prior to the commencement of any rearrangement of pipelines which Grantee is required to make hereunder, the Grantee shall be given not less than ninety (90) days written notice, which notice shall specify the time that work is to be accomplished. In the event that the City shall change the planned rearrangement of pipelines, or the notice given to Grantee, the Grantee shall be given an additional period of not less than sixty (60) days to accomplish such work.

Except as provided herein in the paragraphs above, when City requires a rearrangement, and such rearrangement is done for the accommodation of any person, firm, corporation or public agency other than the City, the cost of such rearrangement shall be borne by the accommodated party. Such accommodated party, in advance of such rearrangement, shall (a) deposit with the Grantee either cash or a corporate surety bond in an amount, as in the reasonable discretion of the Grantee, to pay the costs of such rearrangement, and (b) execute an instrument agreeing to indemnify, defend and hold harmless Grantee from any and all damages or claims caused by such rearrangement. This provision shall not be construed to require Grantee to rearrange facilities. Any accommodation for rearrangement of Grantee's facilities shall be made at the sole discretion of Grantee.

Nothing in this Franchise contained herein shall be construed to require the City to move, alter, or relocate any of its pipelines upon said streets at its own expense, for the convenience, accommodation or necessity of any other public utility, person, firm or corporation, now or hereafter owning a public utility system of any type or nature, or to move, alter, or relocate any part of its pipelines upon said streets for the convenience, accommodation or necessity of the Grantee.

SECTION 5. Other obligations of Grantee; Indemnification; Insurance

The Grantee of this franchise shall comply with all of the following provisions:

A. Within sixty (60) days after the City Council adopts and passes the ordinance granting this franchise, Grantee shall file with the Engineer improvement plans relating to all facilities located within the City of Montebello, and a map or maps showing the location, length and size of all such facilities which have been installed, relocated, removed or abandoned.

B. Within six (6) months after the installation or any new pipelines under this franchise, Grantee shall file with the Engineer an "as built" map or maps showing the location, length and size of all pipelines so installed.

C. Grantee shall construct, install and maintain all pipes and appurtenances in a good and workmanlike manner, and of good materials, and operate in conformity with all applicable ordinances, rules and regulations heretofore or hereafter adopted by the legislative body of the city, the governing State and Federal agencies having jurisdiction, including but not limited to, the State of California Office of State Fire Marshall (Pipeline Safety Division) and the U.S. Department of Transportation, and all applicable requirements concerning pipeline design, construction, testing, maintenance, surveillance and operation of utility gathering, transmission and distributing pipeline systems. In case of public utilities subject to the jurisdiction of the Public Utilities Commission of the State of California, the rules, regulations and orders of the Public Utilities Commission shall govern whenever any conflict may exist between them and the applicable ordinances, codes, rules and regulations adopted or prescribed by the City. The Grantee shall obtain and maintain a permit from the Los Angeles County Fire Department to construct, install, use, operate, repair or modify a pipeline for the transportation of flammable or combustible liquids.

D. Grantee shall pay to the City, on demand, the cost of all repairs to public property made necessary by any operations of the Grantee under this Franchise, provided Grantee fails to make such repairs after notice and reasonable opportunity to complete such repairs.

E. Grantee shall indemnify, defend and hold harmless the City, its elected officials, officers, agents and employees, from and against any and all claims, losses, liabilities, damages, demands, actions, judgments, causes of action, assessments, penalties, costs and expenses (including, without limitation, reasonable fees of legal counsel, expert witnesses and accountants) arising out of or resulting from Grantee's operations under this franchise, and for all damages resulting from the failure of Grantee to faithfully observe and perform each and every provision of this franchise and of Division 3, Chapter 2 of the California Public Utilities Code. Grantee shall be solely responsible for complying with all laws, regulations, and other orders which are applicable to the installation, repair, relocation or removal of its facilities, whether federal, state or local. City's approval of such installation, repair, relocation or removal shall not be deemed to relieve Grantee of any liability Grantee may have for contaminated soils or other environmental liability attributable to or arising from Grantee's pipes, appurtenances and other facilities. Grantee acknowledges that the City has no obligation or responsibility for conducting or accomplishing any such installation, repair, relocation or removal, or for compliance with any laws, regulations, or orders applicable thereto, and Grantee agrees that the City shall not be liable or responsible in any manner for any loss, claim, or damage, including environmental damage, attributable to or arising out of Grantee's activities involved in the installation, repair, relocation or removal of Grantee's pipes, appurtenances and other facilities. Any fee paid by Grantee pursuant to this Franchise shall in no way limit Grantee's obligation to compensate City for any damage, claim, expense or loss whatsoever, as set forth in this paragraph.

F. Grantee shall, at Grantee's sole cost and expense, keep or cause to be kept in full force and effect, for the mutual benefit of City and Grantee, a comprehensive form of general liability insurance against claims and liability for personal injury, death or property damage arising from the use, construction, maintenance or operation of this Franchise, of at least Two Million Dollars ($2,000,000.00) for any one accident, incident or occurrence, and at least One Million Dollars ($1,000,000.00) for property damage.

All insurance required by express provisions of this Ordinance and Franchise shall be carried only with responsible insurance companies licensed to do business in the State of California. All such policies shall contain language to the effect that (1) the insurer waives the right of subrogation against City and City's agents and representatives, (2) the policies are primary and non-contributing with any insurance that may be carried by City, and (3) the policies cannot be cancelled or materially changed without thirty (30) days written notice to the City by insurer. Grantee shall furnish City with copies of all such policies promptly upon receipt of them, or endorsements evidencing the insurance. For commencement of the Franchise, Grantee shall furnish City with binders representing all insurance required by this Ordinance. Grantee may effect, for its own account, any insurance not required under this ordinance. All insurance policies for property damage and

personal injury required by this Ordinance and Franchise, shall be issued to Grantee, and shall name the City as additional insured.

Grantee shall deliver to City, in the manner provided for notices, copies or endorsements of all insurance policies required by this Ordinance, within the following time limits:

(1) For insurance required at commencement of this Ordinance, within thirty (30) days after this Ordinance becomes effective;

(2) For insurance becoming required at a later date, at least ten (10) days before the requirement becomes effective, or as soon thereafter the requirement, if new, becomes effective; and

(3) For any renewal or replacement of a policy already in existence, at least twenty (20) days after expiration or other termination of the existing policy.

If Grantee fails or refuses to procure or maintain insurance as required by this Ordinance or fails or refuses to furnish City with required proof that the insurance has been procured and is in force and paid for, City shall have the right, at City's election with ten (10) days written notice, to declare this franchise in default.

SECTION 6. Assignability

Grantee may not sell, transfer or assign this Franchise or any interest therein directly or indirectly, or any of the rights or privileges hereby granted, without the written consent of City, said consent to not be unreasonably withheld. Notwithstanding the above statement, Grantee may transfer or assign this Franchise to any parent, subsidiary or affiliate without obtaining the consent of City, provided Grantee provides written notification within thirty (30) days of said transfer or assign and submits written evidence of the same, including a certification executed by a duly authorized officer of the Grantee. Upon compliance with the foregoing, this Franchise shall be binding on the successors and assigns of the parties hereto, and shall insure to the benefit of the successors and assigns of the parties hereto.

SECTION 7. Excavations

A. The Grantee shall obtain an excavation permit, and pay the applicable fee therefore, prior to commencing any excavation in any street or public right-of-way, or before disturbing the earth beneath the surface of the street, except in the case of an emergency. The Grantee may obtain an excavation permit by filing a set of excavation plans or drawings with the Engineer, which plans shall be subject to the Engineer's review and approval. The excavation plans shall show the location of the proposed excavation, as well as the location of all existing pipes, sewers, conduits, improvements and other facilities in or under any Street or public property in which the franchise property is located or proposed to be located. The excavation plans shall also contain an adequate description of the proposed work including an estimate of the duration of interference with any street traffic. Prior to the issuance of any excavation permit for the construction or installation of a pipeline for the transmission of flammable or combustible liquids, gases or hazardous materials, a permit shall be obtained from the Los Angeles County Fire Department. If the proposed location of the excavation does not, or will not, unreasonably interfere with the use of the Streets by the City, and complies with all applicable laws, the Engineer shall approve the same, and issue permit(s) therefore.

B. Where it is necessary to lay any underground pipes through, under or across any portion of a paved or macadamized street, such work, where practicable and economically feasible, shall be done by a tunnel or bore so as not to disturb the foundation of such paved or macadamized street. If the same cannot be done, or if it is necessary to cut the street in order to access existing pipes and appurtenances, such work shall be done pursuant to an excavation permit, as provided in paragraph A above, to be issued by the Engineer upon application therefore.

C. All work shall be subject to inspection by the Engineer. All street coverings or openings, valves, vaults and manholes shall at all times be kept flush with the surface of the streets; provided, however, that vents for underground vaults and manholes as well as cathodic protection devices, including pole-mounted rectifiers may, subject to the prior approval of the Engineer, extend above the surface of the streets when such vents and cathodic protection devices, including pole-mounted

rectifiers, are located in parkways, between the curb and the property line. The Grantee shall provide adequate traffic safety barriers, signs, devices and traffic safety warning equipment in accordance with City ordinances, rules or regulations, and shall comply with such additional safety measures as the Engineer may direct.

D. In emergencies, Grantee may commence excavation of streets without prior permit; provided, however, Grantee acts in a reasonable and diligent manner as soon as practicable after said emergency to obtain a permit authorizing such work.

E. Grantee acknowledges that the City's records may not be complete and that pipes and appurtenances previously unknown to City are frequently discovered. Consequently, by granting this franchise or by approving any excavation permit requested by Grantee, the City does not warrant the accuracy of information supplied to the Grantee by the City regarding the location or existence of other facilities. Nothing herein shall be deemed to make the City, or any officer, agent or employee of the City, responsible or liable to the Grantee or to any other person by virtue of the City's approval of excavation permit plans, regardless of whether any information is supplied by the City to the Grantee pertaining to the location of existing pipes, facilities or other improvements on, in or under any street or other public property.

SECTION 8. Grantee's Emergency Response Plan; Pipeline Accidents

A. The Grantee shall develop and maintain an emergency response plan, satisfactory to the Engineer, which covers all franchise operations within the City. In general, an emergency response plan meeting the requirements of Federal and State law and containing the information contained in this section shall be acceptable. The emergency response plan shall include a 24-hour notification program and proof of arrangements capable of providing emergency response services, including but not limited to traffic control, street excavation pipeline repair, supplies and services as necessary, within two (2) hours of notification of any problem, and such other information as the Engineer shall reasonably require. Repairs to a public street, alley or parkway shall be completed within seventy-two (72) hours if reasonably possible unless otherwise authorized by the Engineer. The Engineer shall be notified ten (10) days in advance of any proposed change in such arrangements. Any changes in or revisions to Grantee's emergency response plan shall be submitted to the Engineer on the first working day of the subsequent calendar year.

B. Whenever any pipeline or appurtenance breaks or leaks so as to cause the release of oil or products thereof into the public right-of-way, Grantee, and any other person using or controlling the pipeline or appurtenance, shall immediately notify the City's Police Department and Engineering Division and shall implement precautionary safety measures including traffic control, system shutdown, valve closures, and public notification. In the event of an emergency which threatens life, health, safety, or property, and where it is not possible to obtain an excavation permit prior to commencement of the work, the Grantee may commence such work; provided, however, that within seventy-two (72) hours thereafter the Grantee shall make application to the Engineer for an excavation permit in accordance with the procedures specified herein. The Engineer may impose conditions upon the issuance of the excavation permit, and all work shall be subject to inspection. Adequate traffic safety barriers shall be maintained at all times, and any damaged portion of the street shall be restored to at least the condition that existed immediately prior to the damage.

C. If any portion of any City street is damaged by reason of defects, breaks or leaks in any of the pipes and appurtenances maintained or constructed by Grantee, or by reason of any other cause attributable to or arising from the operation of any pipes and appurtenances constructed or maintained by Grantee, the Grantee shall, at its sole cost and expense, immediately repair all damage and restore the street to the condition existing before such damage occurred. All such work shall be done under the direction of the Engineer and to the reasonable satisfaction of the Engineer. Grantee shall repair such damage and restore the street within three (3) working days after written demand therefore by the Engineer, or such other period as the Engineer may authorize when required for the protection of the public health and safety.

If the Grantee, after reasonable notice, fails or refuses to pave, surface, grade, repave, resurface or regrade any damaged street as required by the provisions of this franchise, the City may cause the work to be done and shall keep an itemized account of all costs incurred. The Grantee agrees to, and shall, reimburse the City

for all such costs, including reasonable administrative overhead expenses, within thirty (30) days after presentation to Grantee of an itemized account of such costs.

SECTION 9. Abandonment

Should Grantee elect to abandon all or any part of the pipes and appurtenances which encompass this Franchise, such abandonment shall be accomplished by Grantee as required by the State of California Pipeline Safety Act, or other governing State or Federal laws or statutes. Grantee shall not owe the City any compensation for the privilege of said abandonment. The ownership of all franchised property so abandoned in place, shall immediately vest in the City.

SECTION 10. Default

A. Effect of Default

In the event that the Grantee shall default in the performance of any of the terms, covenants and conditions herein, and such default is curable, the City may give written notice to Grantee of such default. In the event that the Grantee does not commence the work necessary to cure such default within sixty (60) days after such notice is sent, or prosecute such work diligently to completion, the City may declare this Franchise forfeited. Upon giving written notice thereof to Grantee, this Franchise shall be void, and the rights of the Grantee hereunder shall terminate, and the Grantee shall execute an instrument of surrender and deliver same to City. In the event of noncompliance by the Grantee with any of the conditions hereof, the City may, in addition to all other remedies provided for herein, bring suit for the forfeiture or termination of this Franchise.

B. Force Majeure

In the event Grantee is unable to perform any of the terms of this Franchise by reason of strikes, riots, acts of God, acts of public enemies, or other such causes beyond its control, it shall not be deemed to be in default or have forfeited its rights hereunder, if it shall commence and prosecute such performance with reasonable promptness, as soon as possible to do so.

C. Cumulative Remedies

No provision herein made for the purpose of securing the enforcement of the terms and conditions of this Franchise shall be deemed an exclusive remedy, or to afford the exclusive procedure, for the enforcement of said terms and conditions, but the remedies and procedures herein provided, in addition to those provided by law, shall be deemed to be cumulative.

SECTION 11. Dispute Resolution

If a dispute arises between the parties relating to this Franchise, the parties agree to use the following procedure prior to either party pursuing other available legal remedies. A meeting shall be held promptly between the parties, attended by individuals with decision-making authority regarding the dispute, to attempt in good faith to negotiate a resolution of the dispute. If, within thirty (30) days after such meeting the parties have not succeeded in negotiating a resolution of the dispute, they agree to submit the dispute to mediation. City and Grantee shall equally advance a proportionate share of the costs of mediation. The parties shall jointly appoint a mutually acceptable mediator within thirty (30) days from the conclusion of the negotiation period. The parties agree to participate in good faith in the mediation and negotiations related thereto, for a period of sixty (60) days. Any decision of the mediator shall be supported by written findings of facts and conclusions of law. If the parties are not successful in resolving the dispute through the mediation, the matter may be submitted to a court of law. If any action at law or in equity is brought, the prevailing party in such litigation shall be entitled to an award of reasonable attorneys' fees in addition to any other relief to which it may be entitled.

SECTION 12. Notice

Any notice required to be given under the terms of this Franchise, the manner of service of which is not specifically provided for here, may be served to the following identified addresses, or to such other address as may from time to time be furnished in writing by one party to the other, and by depositing said notice in the United States mail, postage prepaid. When the services of any such notice is made by mail, the time such notice shall begin with and run from, is the date of deposit of the same in the United States mail.

B. File with City Clerk certified copies of the policies of liability insurance and workers' compensation insurance, or, in lieu thereof, certificates evidencing such insurance, which policies shall be in accordance with the terms and conditions of this ordinance. Notwithstanding anything to the contrary, Grantee may provide a program of self-insurance provided it can demonstrate that it had a net worth of Ten Million Dollars ($10,000,000.00) within the preceding year. The City, at its sole discretion, may allow Grantee to self-insure provided the self-insurance program complies with the provision and specified limits contained herein, and is approved by the City Administrator and City Attorney.

C. File with the City Clerk, within ten (10) business days after the City Council adopts and passes the ordinance granting this franchise, and thereafter at all times during the life of the franchise, keep on file with the City Clerk a bond issued by an admitted surety insurer, and in a form approved by the City Attorney, in the penal sum of One Hundred Thousand Dollars ($100,000.00), conditioned upon that the Grantee shall well and truly observe, fulfill, and perform each condition of the franchise and that, in case of any breach of condition of the bond, the whole amount of the penal sum therein specified shall be recoverable from the principal and surety upon said bond. If said bond is not filed, or if it does not receive the approval of the City Attorney, the franchise may be revoked or forfeited and any money paid to the City in connection therewith shall be retained by the City.

SECTION 14. Reimbursement for City's posting and publication expenses

The Grantee shall pay to the City a sum of money sufficient to reimburse the City for all posting and publication expenses incurred in connection with the granting of this franchise. Such payment shall be made by Grantee within thirty (30) days after the City provides to the Grantee a written statement of such expenses.

SECTION 15. Miscellaneous Provisions

A. Captions. The captions here are for convenience and reference only, and are not part of this Franchise, and do not in any way limit, define or amplify the terms and provisions hereof.

B. Severability. If any section, subsection, sentence, clause, phrase or portion of this Franchise is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Franchise.

C. Governing Law. This Franchise has been made and shall be construed and interpreted in accordance with the laws of the State of California.

D. Integration. This ordinance integrates all terms and conditions in connection with the Franchise, and supersedes all negotiations and prior understandings, either oral or in writing. This Franchise shall not be modified unless in writing and duly approved by each of the parties.

E. Execution. The Mayor of this City shall approve and sign and the City Clerk shall attest to the passage of this ordinance. This Ordinance shall take effect thirty (30) days from the date of its adoption, and prior to the expiration of fifteen (15) days from the adoption hereof, the City Clerk, pursuant to Government Code Section 36933(c)(1), shall cause a summary of this Ordinance to be published in a local newspaper, along with the record of the vote for approval and adoption, and shall post a certified copy of the full text of this Ordinance, along with the record of the vote thereon. Once this Franchise becomes effective, it shall be deemed to be applicable as of September 1, 2008.

SECTION 16. The City Clerk shall attest and certify to the passage and adoption of this ordinance, which shall take effect thirty (30) days after the date of its adoption, and shall cause the same to be published as required by law.

CITY OF MONTEBELLO
CITY COUNCIL AGENDA STAFF REPORT

TO: Honorable Mayor and City Council Members

FROM: Raul Alvarez, City Manager

BY: David Sosnowski, Director of Recreation and Community Services

SUBJECT: **APPROVE PROFESSIONAL SERVICES AGREEMENT NO. 4546 WITH STAFFORD LIGHTS FOR CITY HALL LIGHTING INSTALLATION**

DATE: June 24, 2026

RECOMMENDATIONS:

It is recommended that the City Council:

1. Approve Professional Services Agreement No. 4546 with Stafford Lights for City Hall lighting installation in an amount not-to-exceed $59,999; and
2. Authorize the City Manager to take actions necessary to execute and finalize an agreement on behalf of the City of Montebello; and
3. Take such additional, related action that may be desirable.

FISCAL IMPACT:

The total not-to-exceed cost for City Hall light installation from Stafford Lights under the proposed agreement (Attachment A) is $59,999.

This project is considered a public works project as it requires permanent installation to City facilities and will comply with all prevailing wage requirements. Accordingly, the project falls under Montebello Municipal Code Section 3.20.140, which provides that, in accordance with the Uniform Public Construction Cost Accounting Act, public projects with a value of $75,000 or less may be procured through a negotiated contract or purchase order and do not require formal competitive bidding.

Although formal quotes were not required, staff researched several commercial lighting options and obtained quotations from two additional vendors offering comparable systems. After evaluating the available options, staff selected Stafford Lights because it is the locally authorized distributor and installer of the BlueHopper lighting system and provided the best overall value for the City.

The project will be funded utilizing the Arts in Public Places fund (Account No. 252-30-

510-7115, Arts in Public Places, Public Works, Facilities, Building Improvements). The Fiscal Year 2026-27 adopted budget includes appropriations for the anticipated use of this funding for various permissible projects. Therefore, no budget amendment is needed as part of the recommended action as sufficient appropriations exist in Fund 252.

BACKGROUND/DISCUSSION:

At the April 8, 2026 City Council meeting, the City Council directed staff to explore the feasibility of adding uplighting to City Hall in order to enhance visibility and civic pride. Staff researched available lighting options and obtained quotes from multiple vendors. Based on this evaluation, staff recommends Stafford Lights. Stafford Lights offers competitive pricing and is the authorized local distributor and installer of BlueHopper lighting systems.

BlueHopper devices are powered by MeshTek, a patented, bi-directional, long-range Bluetooth mesh technology recognized as a leader in the smart device control industry. Staff has determined that BlueHopper lights are a durable and reliable solution that provides the quality, functionality, and flexibility needed by the City. Key features include vibrant color displays, low-profile installation, year-round scheduling capabilities, and seamless automated integration.

The Stafford Lights quote includes the installation of City Hall roofline lighting, tree lighting, column lighting, lights along the signage wall, and flood lights along the walls of the front of City Hall. The lighting installation would allow staff to program the lighting for events, celebrations, national and local causes, holidays and more.

d. The policy or policies required by this Agreement shall be issued by an insurer admitted in the State of California and with a current rating of at least A:VII in the latest edition of Best's Insurance Guide.

e. Each insurance policy required above shall state that coverage shall not be canceled, except after thirty (30) days' prior written notice (ten [10] days for non-payment) has been given to the CITY. The CONSULTANT agrees that if it does not keep the aforesaid insurance in full force and effect the CITY may either (i) immediately terminate this Agreement for Cause; or (ii) take out the necessary insurance and pay, at the CONSULTANT's expense, the premium thereon.

f. **Evidence of Insurance prior to commencement**. The Contractor shall provide to the CITY Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Unreasonable failure to provide such evidence may be cause for termination of the Agreement as provided herein or delay the services' commencement date. The evidence of insurance shall be U.S. mail or email to:

City of Montebello

Attn: Risk Manager
1600 West Beverly Boulevard
Montebello, CA 90640
Email: COI@montebelloca.gov

Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to the CITY by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

g. **Evidence of Insurance during the entire term of the Agreement**. At all times during the term of this Agreement, the CONSULTANT shall maintain on file with the CITY's Risk Manager a certificate or certificates of insurance showing that the aforesaid policies are in effect in the required amounts and naming the CITY as an additional insured. The CONSULTANT shall, prior to commencement of work under this Agreement, file with the CITY's Risk Manager such certificate(s).

h. The CONSULTANT shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two (2) weeks prior to the expiration of the coverages.

i. The general liability and automobile policies of insurance required by this Agreement shall contain an endorsement naming the CITY, its officers, employees, agents and volunteers as additional insureds. All of the policies required under this Agreement shall contain an endorsement providing that the policies cannot be canceled or reduced except on thirty days' prior written notice to the CITY. The CONSULTANT agrees to require its insurer to modify the certificates of insurance to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions.

j. The insurance provided by the CONSULTANT shall be primary to any coverage available to the CITY. Any insurance or self-insurance maintained by the CITY, its officers, employees, agents, or volunteers, shall be in excess of CONSULTANT's insurance and shall not contribute with it.

k. All insurance coverage provided pursuant to this Agreement shall not prohibit the CONSULTANT, and CONSULTANT's employees, agents or subconsultants, from waiving the right of subrogation prior to a loss. The CONSULTANT hereby waives all rights of subrogation against the CITY.

l. Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the option of the CITY, the CONSULTANT shall either reduce or eliminate the deductibles or self-insured retentions with respect to the CITY, or the CONSULTANT shall procure a bond guaranteeing payment of losses and expenses.

m. Procurement of insurance by the CONSULTANT shall not be construed as a limitation of the CONSULTANT'S liability or as full performance of CONSULTANT's duties to indemnify, hold harmless and defend under the indemnity covenants of

this Agreement.

SECTION 16. SUBCONTRACT, ASSIGNMENT OR DELEGATION.

The CONSULTANT shall not subcontract, delegate, or assign its duties or rights hereunder, either in whole or in part, without the prior written consent of the CITY. Any proposed subcontract, delegation, or assignment shall provide a description of the services to be covered, identification of the proposed sub-consultant, delegee, or assignee, and an explanation of why and how the same was selected, including the degree of competition involved.

Any subcontract, delegation or assignment shall be made in the name of the CONSULTANT and shall not bind or purport to bind the CITY and shall not release the CONSULTANT from any obligations under this Agreement including, but not limited to, the duty to properly supervise and coordinate the work of employees, assignees, delegees or sub-consultants. No such subcontract, delegation or assignment shall result in any increase in the amount of total compensation payable to the CONSULTANT under the Agreement.

SECTION 17. NO WAIVER.

Waiver by any party hereto of any term, condition or covenant of this Agreement shall not constitute the waiver of any other term, condition, or covenant hereof.

SECTION 18. DISPUTE RESOLUTION; GOVERNING LAW.

Disputes regarding the interpretation or application of any provision(s) of this Agreement shall, to the extent reasonably feasible, be resolved through good faith negotiations between the Parties. If any action at law or in equity is brought to enforce this Agreement or because of alleged dispute, breach, default or misrepresentation in connection with the provisions of this Agreement, the prevailing party in such action shall be entitled to reasonable attorney's fees, expert fees, costs and necessary disbursements incurred in that action or proceeding, in addition to such other relief as may be sought and awarded. The venue for any litigation shall be County of Los Angeles, California. The Parties agree that the covenants contained in this Section shall survive the expiration or termination of this Agreement.

SECTION 19. ATTORNEY'S FEES AND COSTS.

If litigation is reasonably required to enforce or interpret the provisions of this Agreement, the prevailing party in such litigation shall be entitled to an award of reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

SECTION 20. WARRANTIES.

Each of the parties represents and warrants to one another as follows:

a. It has received independent legal advice from its attorneys with respect to the advisability of entering into and executing this Agreement;

b. In executing this Agreement, it has carefully read this Agreement, knows the

contents thereof, and has relied solely on the statements expressly set forth herein and has placed no reliance whatsoever on any statement, representation, or promise of any other party, or any other person or entity, not expressly set forth herein, nor upon the failure of any other party or any other person or entity to make any statement, representation or disclosure of any matter whatsoever; and

c. It is agreed that each party has the full right and authority to enter into this Agreement, and that the person executing this Agreement on behalf of either party has the full right and authority to fully commit and bind such party to the provisions of this Agreement.
